## NORTHVILLE TO HAVE HANDSOME NEW BLOCK

SCHRADER BROTHERS BUY HARMON-NEAL PROPERTY ADJOINING THEIR PRESENT STORE.

For more than two years Schrader Brothers have endeavored to purchase the property owned by Messrs. F. S. Harmon and F. S. Neal on North Center Street, adjoining their furniture store, but the deal could not be consummated until this week, when a contract of sale was negotiated. The property is now occupied by J. R. Walker's pool room and billiard parlors and C. E. Elly's coal office and is most admirably situated for business purposes.

It is the plan of Messrs. Schrader to erect a handsome new building to be 44x90 feet in size with full basement and two stories in height and to have the new structure planned especially for their growing furniture and house furnishing business. Not only will the new store be arranged with special reference to their furniture business, which has shown a substantial increase each year since they came to Northville, but a funeral home, equipped with the very latest and most modern furnishings, will be incorporated in the new building.

The news of the consummation of this deal was received about town with a great deal of enthusiasm for all know that Schrader Brothers will erect a building on the site that will be a credit to Northville as well as being of sufficient dimensions to meet their needs, and as a result of this expansion this community will soon be able to boast of as finely appointed and equipped furniture store as can be found in the state. Schrader Brothers are enterprising and wide awake and they will erect a handsome structure. Messrs. Harmon and Neal are to be commended for being willing to sell this valuable property, which was increasing in value each year, and only the assurance that a new building would be erected there as soon as the present leases expire induced them to sell. If a few other people who are holding valuable building sites would take a similar view they would be rendering a distinct service to Northville.

### NEW GAS COMPANY WILL EXPAND

B. B. Adams, the new manager of the Plymouth & Northville Gas company, was a Northville visitor on Tuesday afternoon and while here he paid The Record a pleasant call. Mr. Adams took active charge of the affairs of the company last week and he is now making a survey of the field to ascertain just what is needed to extend the service of the plant to accommodate the people of the territory which the company seeks to serve. He informed The Record that the company contemplated spending upwards of \$75,000 for extensions and betterments for this section and that it would be the aim and purpose of the new management to extend the lines to meet the needs of the public.

Both Plymouth and Northville have sections that are not served by the company and Mr. Adams stated that these would receive his immediate attention.

### JAMES M. DIXON DIED SUNDAY MORNING.

James M. Dixon, who has been an esteemed citizen of Northville for more than 30 years, passed away at his home on the north side Sunday morning, death coming as a sweet relief after many weeks of patient suffering. Mr. Dixon was born in England on January 31st, 1842, and a little more than 20 years ago came to Northville where he engaged in the greenhouse business, erecting the present Dixon plant, which he conducted successfully until failing eyesight and health compelled him to give up his activities and to turn the management over to other hands. He was honorable in all his business dealings and won the esteem of all with whom he came in contact.

Besides his wife he is survived by one son and one daughter—Ross Dixon of San Souci, and Mrs. Olive Van DeCar, who resides in Arizona. Funeral services were held at his late home on Wednesday and the remains were placed in the mausoleum at Rural Hill cemetery.

Northville won three basket ball games from Farmington last Friday and came very near capturing the fourth one. The Farmington boys defeated the local team by a score of 15 to 13.

### LOCAL POULTRY-WIN HIGH HONORS ON THE COAST.

Edward Fuller, of this place, has received word that the two pairs of his White Plymouth Rocks that he shipped to Pasadena, California, for the great poultry show that was recently held in that city, were the winners of the highest honors in that show. The Pasadena show each year pulls the best birds from the entire territory of the United States, Canada and Mexico. A winning at this show is considered second to none in this country. The best breeders ship their birds to contend for honors at this great show. This year Pasadena staged the largest show in the history of that organization. Upwards of fifteen hundred birds were prepared for the show arena. Mr. Fuller sent a cock bird, a cockerel, a hen and a pullet. Mr. Fuller is and has been considered one of Michigan's leading breeders of White Plymouth Rocks and this winning places him in the front rank in the United States, Canada and countries across the sea.

In the White Plymouth Rock class there were eighty-eight birds. The winners are as follows: First cock, First cockerel, First pullet and Third hen. The cock bird won the grand sweepstakes prize as the best bird in the show room, all breeds competing. This cock bird is perhaps one of the best specimens of all varieties of fowls in the country, being the nearest perfect in the standard of perfection. All specials for the breed went to the Fuller birds. His birds won the \$50 silver cup. Mr. Fuller should be proud of this great honor.

### FAMILY NIGHT AT METHODIST CHURCH.

On Thursday evening of last week a big gathering assembled to hear Roy Crowe, manager of the local Bell Telephone office give a demonstration with his associates. The working of the switchboard as shown in all its details was of marvelous interest to those not knowing the work of the local office and the generalities of the system. This was more interesting when visualized with three films projected on our movie screen from the early scientific process up to the present time. We all left grateful to Mr. Crowe for his interest and profitable time given.

The audience then was served lunch by the pastor's young people's class and over one hundred enjoyed the feast. Next month the men of the congregation will be responsible for our next meeting.

### NORTHVILLE GIRL HONORED.

Sigma Delta Phi, national honorary dramatic and oratorical society, held its initiation on Sunday morning, at the home of Margaret Effinger. At this time, Minna Miller of Ann Arbor, Mary VanBuren of Sturgis, and Beatta Wagner of Monroe, were initiated. After the service, a breakfast was served. Elizabeth VanValkenburgh acted as toastmistress and Charlotte Bladgon welcomed the new members, to which Beatta Wagner responded. Miss Anne McGurk, who was the national president of Sigma Delta Phi last year, gave some interesting facts concerning the last year's convention. Prof. T. C. Trebbloa, the instigator of Sigma Delta Phi, completed the program by giving a history of the Alpha Chapter—Detroit News.

### PLYMOUTH LADIES PLEASANTLY ENTERTAINED.

The ladies of the Plymouth club were entertained at a reception given by the Northville Woman's club at the library last Friday afternoon that time being specially designated as Plymouth day. The readings given by Miss Belle Preston of Detroit were exceptionally entertaining and most highly enjoyed by all also the musical selections of Mrs. H. H. Jackson and Mrs. Chevrolet, also of Detroit, were charmingly rendered and highly pleasing alike to the visitors and members of the local club.

Dainty refreshments were served following a pleasant "get-acquainted" hour.

### SALEM SAYINGS.

The annual business meeting of the Ladies' Aid society was held at the home of Mr. and Mrs. Bert Stanbro and the following officers were elected: Mrs. Jennie Smith, president; Mrs. Harmon Gale, treasurer; Mrs. Coda Savery, secretary. The year has surely been one of prosperity, as the receipts for the year were \$1,397.00. Cash on hand, \$684.06.

The W. C. T. U. will meet with Mrs. William Irwin on Thursday afternoon next, the 29th, at the usual hour.

## Begin Now To Plan

Your Building for the coming Season and profit thereby.

The man who plans his building now will be far ahead of the person who waits until building season has opened in full swing. "Build While the Sun Shines," will be the motto of local builders.

During the season of 1925 it will be necessary for every builder to utilize the time that he will have for building as there will be a great demand for building labor. Unless your plans are well formed in advance, time will be lost. Save the time and expense by dropping in and letting us help you out with your plans at once.

Our material is carefully selected and when your home is finally completed you will realize that our service and our quality means more than a house to live in. We can show you easier than we can tell you.

## MOON'S SHADOW TO RACE ACROSS MICHIGAN TO-MORROW.

The sun that rises Saturday morning, January 24th, will be crescent shaped and much feebler than the usual orb that rises out of the east.

The moon will have taken its first bite of the sun before it breaks the horizon shortly before 8 o'clock. For more than an hour the moon will continue to nibble and at 9:03 a. m. only a thin ring will be left. This section will be in deep shadow.

For less than two minutes the people of this section may observe, if the sky is clear, the nearest thing to a total eclipse of the sun that has been seen in this part of the world since the Indians were the sole inhabitants. Then the moon will begin slowly to disgorge and at 10:15 the last shadow will disappear from the face of the sun. The eclipse will be over.

At 9:03 a. m. the sun will be 93% obscured from the view in Northville. Further north in Michigan, along a belt 100 miles wide, the eclipse will be total. The nearest point for totality is a little north and slightly east of Port Huron-on-Lake Huron Sandusky, Mich., is just on the south edge of the shadow. Manistique is close to the northern edge. Menominee, Frankfort and Osceola Lake will see the full spectacle.

If the eclipse were coming 24 minutes later Northville would be in the totality belt. As it is, with so much of the sun obscured, daylight will be greatly delayed Saturday. However, even two per cent of the sun can throw quite a bit of light so the full grandeur of the spectacle will be missed. But it will be another couple of centuries before anything like 98% of total eclipse will be observed here.

Prof. William J. Hussey, director of the University of Michigan observatory says that the corona, or magic glow that surrounds the sun, may be seen here although the eclipse is not quite total.

The simple, time-honored expedient of the colored glass is recommended by Prof. Hussey for watching the eclipse phases.

An ordinary piece of glass, smoked over a burner until it has a uniformly dense coating of carbon on its surface, can be used. It may be used alone or with an ordinary opera glass, the latter affording a certain amount of magnification. Dark spectacles may be used, and another good peering medium is a piece of photographic film or a photographic plate that has been exposed and developed.

In no case, says Dr. Hussey, should a person gaze at the sun without some protection for the eyes.

After the eclipse has passed there will really be but little use to save your smoked glass for the next one because while there may be many solar eclipses within the next few centuries, it will be October 26, 2144, before the path of totality of any of these eclipses will come so near to this section. By that time most of us will not need smoked glasses.

## THE PACE OF THE ECLIPSE.

The shadow of the moon that sweeps across the earth during the eclipse of the sun moves with terrific speed.

The fastest express train, the speediest flying machine would seem merely to crawl in comparison with it. It will cross the Pacific ocean in two hours and a quarter. It would flash from coast to coast of the United States in 47 minutes. From Ann Arbor to Detroit takes less than a minute.

The speed is close to 2,000 miles an hour.

## MRS. GEORGE WHIPPLE DIED SUDDENLY.

The sudden death of Mrs. George Whipple came as a great shock to everyone in Salem and Northville. Mrs. Whipple had been suffering from a slight cold when heart trouble set in and the Lord summoned her from this life on Thursday, January 15th, at 1:30 in the afternoon.

Florence Eva Slaght was born in Novi township, August 5th, 1857. On April 18th, 1877, she was united in marriage to George Wilbur Whipple and to this union six children were born. Mrs. Whipple had spent her entire life in this vicinity, where she gained the respect and admiration of all who knew her. Not only was she dearly beloved by her family but by all the friends in the neighborhood and the church. Mrs. Whipple took a vital interest in all matters of the church and the upbuilding of the Lord's work, and for years had been a faithful attendant and worker of the Salem Congregational church and a member of the Ladies' Auxiliary. What we have lost heaven has gained by the home-going of this dear wife, mother and friend. Mrs. Whipple leaves to mourn her death, the husband, three daughters and two sons—Mrs. Nellie Corwin of Grawling, Mrs. Mae Jacobs of Pontiac, Mrs. Jessie Nollar of Ypsilanti, Clarence and Howard of this place. One daughter, Hazel Ella, having died at the age of two years, ten grandchildren and one brother, George, of Battle Creek, with many other relatives.

Funeral services were held in the home Sunday afternoon at 2:30. Rev.

Lucia M. Stroh of the Salem Congregational church officiated and spoke from the words of the 90th Psalm and 9th verse. "We spend our years as a tale that is told" and Hosea: 9:5, "What will ye do in the solemn day?" Mrs. Herald Munn beautifully rendered two touching hymns. Many beautiful floral pieces evinced the love the family and friends had for our sister. Interment was made in the Thayer cemetery. "Thou shalt be missed because thy seat will be empty." 1 Sam. 20:18. —A Friend.

## NORTHVILLE SCHOOL NOTES.

There are three factors concerned in the success of the pupil in his school life. The home, the school, and the child. In order that a pupil may succeed it is necessary for the proper co-ordination of the above mentioned factors. An up-to-date school system with the very best of teachers cannot overcome the handicap of a disinterested parent. If your boy or girl is failing in school kindly answer the above questions and check results. This same set of questions was recently sent out to the parents of children who attend the Central High school in Detroit.

Do you know when your child leaves school each day?

Do you know how many times your child has been absent and tardy this year?

Do you know the marks on your child's report card?

If his work is poor do you know why?

Have you realized that he should study at home at least two hours every school evening?

Do you see to it that he has a quiet place and sufficient time in which to prepare his home work?

Do you see to it that he has the required amount of sleep each night?

The following statistics show the relation between absence and failures: 0 to 5 days absence means 88% of academic subjects passed. 6 to 10 days only 72%. 11 to 15 days, only 45%. 15 to 20 days, only 31%. 21 days or more total failure.

The superintendent, principal and teachers will be glad to have parents consult them regarding the work of their children at any time.

## CHIMES WILL RING AT UNIVERS-

ITY.

The University of Michigan, without its famous chimes for the past two years, is today awaiting the peal of the bells again. "Cambridge Quarters" will be sounded once more as soon as the gears controlling the bells can be put in shape.

The bells will be tolled every day at 5:53 in the morning and again at 5:58 in the afternoon to mark the opening and closing of the college day. "Cambridge Quarters," said to be adopted from an air by Handel, was introduced in St. Mary's Cambridge, England, more than a century ago.

The University of Michigan, first used bells in 1841 to call its students to 6 o'clock prayers. At that time a hand bell was sufficient to arouse the seven freshmen and one sophomore, who comprised the entire undergraduate body.

Four years later a larger bell was needed and secured from one of the Michigan Central railroad engines. The chimes which will be restored this year pealed for the first time in 1883. Installed in the library, they became a traditional part of the school, often

referred to in university songs in 1917, when the library was torn down to make way for a more modern building, the chimes were removed to the engineering building, where they are located at present.—Ypsilanti Record.

## WAR IS DECLARED ON SLOT MACHINES.

Slot machines in Oakland county will not be tolerated according to a statement made Monday by Sheriff Frank Schram. Two men, Clifford Waterbury and Gordon Beach, of Springfield township, were arraigned in court Monday and fined \$10 each on charges of operating gambling devices.

Several machines have been picked up throughout the county. Some of these machines are mint vending devices and offer a purchase for money involved. Others do not pretend to give any merchandise for the money which is put in them and these according to Sheriff Schram are strictly gambling devices. County officers will continue their work, he said, until all machines have been removed from the county and their owners taken into court.—Pontiac Daily Press.

## GET SPECIAL FARES FOR FARMERS' WEEK.

Visitors at the annual Farmers' Week at the Michigan Agricultural college February 2 to 6, will have the benefit of reduced fares on all railroads in the state while traveling to and from East Lansing, according to announcement made there this week. The special rates are expected to result in considerably increased attendance at the gathering, especially if road conditions make driving difficult. Visitors from distant points in the state depend on the railroads for transportation to the winter conference in almost all cases, and it is to them that the lowered ticket cost will mean the most.

Round-trip tickets may be purchased from any point in the state (to Lansing and return) for one and one-half times the regular one-way fare. Tickets should be purchased from the local ticket agents in advance.

## Watches Must Be Exact

Railroads insist that employees' watches do not vary more than 30 seconds a week.

## NEWS FROM THE STATE CAPITAL

## Committee Appointments Are Made By Wells For Present Session.

Lansing—Speaker Fred B. Wells has announced his committee appointments for the 1925 session of the House and in so doing has made it plain that although he "wants" the members of the two factions which supported him to be in a position to control legislation of every sort, he also intends that the groups that did not vote for him, the Wayne County delegation especially, to have a voice on every subject.

For the most part, the important chairmanships went to the men who held them in 1923. Rep. Charles Evans, of Tipton, retained his chairmanship of the taxation committee. Rep. Nelson G. Farrier, of Hillman, retained his chairmanship of the ways and means committee, and Rep. Charles H. Coker, of Detroit, retained his chairmanship of the rules committee.

Rep. Miles S. Curtiss, of Battle Creek, former chairman of the committee on city corporations, was given direction of the important committee on state affairs, and Rep. Ate Dykstra, of Grand Rapids, was elevated to the vacant chairmanship of the city corporations committee.

Senate Hears Welsh  
Reminding members of the senate of their oath to uphold the state constitution to which they subscribed a few days ago, Lieutenant Governor George W. Welsh called upon them to enact constitutional reapportionment.

Welsh's plea came in the course of his sessional message to the senate, and it carried out the policy, which marked Welsh's service as speaker of the house of representatives in 1923. Lieutenant Governor Welsh also drew the attention of the senate to the grave issues involved in the child labor amendment to the federal constitution which comes before this session of the legislature for ratification or rejection. Of this he said:

"Among other questions that will be presented, you will be asked to pass judgment upon an amendment to the federal constitution. In the consideration of this you should keep in mind the fundamental relation of the state to the nation. You should consider well whether or not more power should be granted to the federal government, especially over such matters as we are competent to decide for ourselves."

To Fight For Blue Laws  
Vern A. Fitch, of Ludington, the former prosecutor of Mason County, who leaped into fame back in the summer of 1923 by attempting to enforce the old Sunday blue laws, announced that he would resist any attempt to repeal or weaken those same laws. Questioned regarding his present attitude toward the various amusements and various activities which might be curtailed at the blue laws were enforced, Rep. Fitch stated that he believes that moving picture shows, garages, gasoline stations and hotels should be open on Sunday and that ball games should not be interfered with but that Sunday dances should be stopped.

Bill For Bank Control  
A bill to bring private banks under the control of the state banking commission was introduced in the house by Representative Edward R. Carter, Gladstone, and referred to the banking committee. The bill prohibits banking by other than incorporated companies and gives the private bank one year in which to conform to the law. It requires private banks to incorporate and before a bank charter is given, the capital stock shall not be less than \$20,000. Half of the stock must be paid in before the charter is granted.

To Curb Financing  
Representative Milton Palmer, of Detroit, announced he would immediately introduce in the house three bills calculated to put pep into the state's blue sky law and curb crooked financing institutions. The first bill would increase the securities commission from one to three men, working on full time. The second would place all financing companies, except building and loan associations, under the supervision of the state banking department. The third would deal with penalties.

Names Woman Chairman  
Mrs. Cora Reynolds Anderson, first woman member of the House of Representatives, will have the added distinction of being on a committee in her first term. Speaker Fred B. Wells has decided to name her to head the committee on the Industrial Home for Girls at Adrian. Only a favored few first termers are given chairmanships.

Many Bills To Come  
A list of bills probably will make their appearance in the next few days. The Governor, in his message, pointed out that the control of trunk line highway routes and construction should be centralized in the State Highway Department. A measure providing for this change will undoubtedly be offered. Other suggestions will be taken care of in bills to be submitted. The Governor is expected to go over the highway situation with some members of the Legislature.

WITHOUT A DOUBT THE GREATEST DRAMA YOU'VE EVER SEEN.

You know Lincoln the president—but do you know Lincoln the man?  
You know what history and literature tell of him, but do you know his life behind the scenes?  
You know he is the greatest man America has produced—but do you know all the things that made him great?  
You know his name is Abraham—but do you know why they called him that?

"It touches the heart and fires imagination." Edwin Markham, the Poet.  
"Stupendous! Beyond a doubt the greatest picture I have ever seen."

—R. A. Hearn.

"I was glad you brought the sweet story of Anne Rutledge into the picture. I believe we never would have had the Abraham Lincoln we loved—the tender, gentle, sympathetic Lincoln—if he had not loved wildly and madly, even as you and I."  
—Richard Yates, Congressman.

George Billings as The Man of the Ages. He does not seem to be acting. He is Lincoln.

Abe Lincoln's romance with Anne Rutledge is one of the sweetest love stories ever told.

## Health and Happiness

There are homes where washing, ironing, sweeping and other domestic tasks are still done at the cost of tired hands, of aching backs, of weary muscles; where health is sapped and pleasant leisure forbidden by never-ending demands upon the time and strength of the housewife.

In these households it is apparently not yet realized that the hardest and most trying domestic work is performed quickly, pleasantly, and at trifling cost by electricity. Electric appliances for washing, ironing, and dish-washing; for house cleaning, cooking and a dozen other time and labor demanding tasks can be bought on convenient terms and used with great gain in health and happiness.

Come to our salesroom and let us show you.

**The Northville Record.**

E. E. BROWN, Publisher.

An Independent Newspaper published every Friday morning at Northville, Michigan, and entered at the Northville postoffice as Second-Class matter.

NORTHVILLE, MICH., JAN. 23, 1923.

**TWENTY-FIVE YEARS AGO**

Items taken from The Record files of 1898, for the week corresponding to this week.

Mrs. C. J. Ball visited at Wayne Wednesday.

Attorney C. C. Yerkes was in Howell last week trying a case in the chancery court.

Mrs. Phillips, who has been visiting Mrs. Peter Coldren, returned to her home in Chicago this week.

Miss Root gave a card party last week Saturday afternoon in honor of her guest, Mrs. H. C. Worfield of Toledo.

About 15 neighbors and friends of Mrs. A. W. Carpenter gave her a surprise last Friday night. All had a very pleasant time.

W. E. Ambler has leased the Harmon farm just west of the U. S. fish hatchery and will shortly move there on to farm on a more extensive scale.

The snow of last week and a part of this brought out the cutters.

Mr. and Mrs. Elmer Kator gave a progressive party Tuesday night. There were about thirteen couples present and all had an enjoyable time.

Lorenzo Pierson of Detroit, formerly of Livonia, and Jennie L. White of Farmington, were married by Rev. George Sloan in that village Wednesday forenoon. Both parties are well and favorably known in Northville.

Miss Grace Yerkes will graduate from the Detroit High school next week and is among those receiving the highest honors of her class.

On Wednesday evening Miss Mattie Kirbyson, formerly of Northville, was married to Mr. Almeron Norris of Detroit, at the home of Mr. and Mrs. F. D. Adams in that city. The ceremony was performed by Rev. J. H. Herbener.

The installation of the officers of A. W. Harmon W. R. C. proved to be a very enjoyable affair. About 80 were present and refreshments were served after the close of the service. Mrs. Babbitt of Ypsilanti, past department officer and now president First Michigan district, was present and made appropriate remarks.

**WILLIAM WHITTAKER KILLS HIMSELF WEDNESDAY FORENOON.**

William Whitaker, who lived in a garage-house on the Plymouth road, his only companion being his son, William, a lad of about ten years, shot and killed himself at his home Wednesday forenoon about ten o'clock. The unfortunate man had evidently planned the affair and he had laid his plans well. Just a little while before he was discovered he scurried out into his yard and called to his neighbor, Frank Sutton, asking him to come over because he had something to show him. Sutton took his time in going to the Whitaker home, but when he entered the room he found Whitaker dead on the floor with a shot gun lying by his side. He had shot himself through the heart and judging from the conditions of things had died almost instantly.

That he had planned the affair was evidenced by the fact that he left a number of notes to his son and to old friends. He admonished his son to be a good boy, and wrote "I cannot go to Jackson and I cannot go crazy, and in a note to Superintendent Marburger of the Ford plant he expressed his appreciation of the treatment that had been accorded him, closing his communication with the assurance that "Old 105 is no more," meaning is believed himself for his number at the plant was 105. He left another note to N. C. Schrader in which he had selected his pall bearers and gave directions regarding the burial. He wanted his old friends to act as bearers.

A short time ago he was served with a summons in a damage suit started by Mrs. Frances Mosher, who claimed he had libeled her by making derogatory remarks about her, and it is believed that this was the cause for his having taken his life. He was not in need financially, because he had funds and owned some property. He was a member of the Elks lodge of Ann Arbor.

Local officers were notified and Justice Ely summoned a jury and after viewing the remains the body was brought to Schrader Brothers' funeral parlors and prepared for burial. The jury returned a verdict to the effect that Whitaker came to his death from his own hands.

The tender sympathy of this community goes out to the bereaved son in his great sorrow. Mrs. Whitaker died a few years ago.

Be sure and see the "Ballet Girls" in the "Bunch of Roses" next Wednesday night.

**PRESBYTERIAN CHURCH NOTES.**

Go to church and feed your soul on the bread of life.

Morning worship at 10:30. "The Lamp and the Bushel."

Bible study, at noon, a class for everybody. Y. P. S. C. E. at 6:30.

Subject: "Our Society's Part in our Denominational Program."

Union meeting at Baptist church at 7:30.

Woman's Union all day Study, Wednesday in the parlors of the church. The book for the day is "China's Challenge to Christianity." Mrs. E. S. Beard, leader; Mrs. E. E. Brown, hostess.

Mid-week prayer and study Thursday at 7:30 p. m. Lesson: "Cross-bearing the Law of Discipleship."

**ST. PAUL'S LUTHERAN CHURCH.**

Next Sunday service in English, at 10:30 a. m. Theme of sermon: "The Centurion of Capernaum."

Tonight meeting of Young People's society at school hall.

On Friday, January 30th, box social and bunco party will be held at the school hall under the auspices of the Ladies' aid.

All friends are cordially invited. The ladies are kindly requested to bring a lunch box. Help the Ladies' aid pay the cost of the new kitchen.

Wm. Miller has been seriously sick with inflammation of the kidneys, but is on the way to recovery.

At the annual meeting of the congregation the following officers were elected: Chas. Meisner, trustee and treasurer; Emil Teshka, elder and secretary.

**METHODIST CHURCH NOTES.**

Last Sunday reached a high-water mark, and why not continue with this interest. It means much to all concerned.

The pastor will preach on "Be Not Conformed to This World." How many people are slaves to circumstance? Come next Sabbath morning and get help.

The choir will be there to give their special music. Come and worship at 10:30.

The sad thing about the Sabbath school is the older people are not leading the younger. There should be an adult bible class of not less than a hundred. It will do the older folks good to remain with the younger ones in the school. Let us do so next Sabbath at 12:12 noon.

In the evening we will all hear Bro. Joe Payne by lifting the evening service.

Next Thursday we will have Dr. Morrow with us who will give us education on our loyalty to citizenship, by giving us the motion pictures on "Let Us Forget," at 7:30. Special advertising will be sent out for this.

**BAPTIST CHURCH NOTES.**

The cowboy will speak tonight and twice on Sunday.

Mr. Payne contemplates entering an evangelistic party in the near future and this will probably be his last appearance in Northville alone.

The interest in the meetings continues excellent. The largest crowds were present Thursday and Sunday nights when galley and platform were used by the audience.

More than two score have professed Christ as their Saviour. The most of these are men. Don't forget to show your appreciation of the cowboy's work with a liberal thank offering which all goes to him.

The expenses of the meetings were raised before the evangelist appeared before the public.

Once again the Sunday school has gone over the top. The total attendance was about 105. Almost 300% in two years.

Don't forget prayer meeting next Thursday followed by important business meeting.

"From Saddle to Pulpit or the Story of my Life" is the subject of the cowboy's address for Sunday evening. Come early if you want a seat. Doors open at 7 o'clock.

Dr. Osborn and a number of his people from the St. Paul's M. E. church of Detroit were present one evening last week. Mr. Payne conducted a four week revival in that church last March and is engaged to go there again next March.

**W. R. C. NOTES.**

Regular meeting January 23rd. There will be a grab bag and each member is requested to bring one or more articles of not less than ten cents in value. A good attendance is desired.

The installation of officers was held January 14th.

**WILL PRESENT PLAY.**

The January circle of the Presbyterian church will present a one-act comedy, "Bunch of Roses," at the Alseum theatre on Wednesday evening of next week, the 28th, a number well-known Northville people appearing in the cast. Numerous specialties will be introduced and an evening of real pleasure and enjoyment may be expected.

**A TOTAL ECLIPSE OF GOD OR CHRIST IMPOSSIBLE**

Tomorrow the weird and thrilling sight of a total eclipse of the sun will occur. That event has been foretold by scientists for many months—the hour—the duration of it—where it can be seen.

Many an earthly moon has tried in the centuries past to blot out the Son of God. At Calvary the Jews thought they had stopped Him—but the corona of glory shone beyond the darkest area. They failed.

Christ came to the world to show the way to the Father's House—to declare the truth concerning our rich inheritance there—and provide us life for a great future.

As the scientists know about the times and actions of the eclipse so Christ knows the way to those places in the great universe where His chosen may live and work after this earth life is over. He has gone to prepare the place for our future employment.

### FIRST WOMAN GOVERNOR OF TEXAS INAUGURATED

Austin, Texas.—Mrs. Miriam A. Ferguson has taken the oath of office as governor of the Lone Star state. She is the second woman to assume that office in the United States. The inauguration was followed by a ball which was one of the largest and most colorful social functions ever held in the state.

### Flight Water Steal

Cleveland.—Chicago's "bribe" scheme for overruling the supreme court of the United States to perpetuate its notorious lake water "piracy" has met stern and determined international opposition here. More than 250 members of the Great Lakes Harbor association, inspired by a spirit of self-preservation, pledged themselves unqualifiedly to a last ditch fight to forestall congressional action designed to nullify the supreme court edict directing the sanitary district of Chicago to stop its present excessive diversion of Lake Michigan water for sewage disposal facilities in that city.

### Luther Outlines Policies

Berlin.—Chancellor Luther disavowed the reactionary aspect of Germany's new government in his debut before the reichstag. His inaugural address, contrary to all expectation, leaped far away from the parliamentary right in both foreign and domestic policy.

Not only did the new chancellor proclaim his allegiance to the Marx cabinet's policy of loyal acceptance of the Dawes plan and German entry into the League of Nations, but he laid unprecedented stress on the minister's loyalty to the republic.

### Flyer Killed In Crash

Mt. Clemens, Mich.—Lieutenant Duane G. Warner, of the Twenty-Seventh Aero squadron, stationed at Selfridge field, died as a result of injuries sustained when his plane crashed on the frozen waters of Lake St. Clair. Engine trouble was the apparent cause of the forced landing.

Lt. Warner was one of the 12 aviators to dine with Henry Ford when the new flying field was dedicated in Wayne county.

### Trapped In Vault

Boston.—Two men at work in the vault of the Provident Institution for Savings were imprisoned when the vault door swung shut, and for more than an hour bank employees, assisted by safe experts, firemen and police, labored to free them. They were released when they discovered the "trip clock" inside the vault, which released the time lock and opened door.

### Order Ibanez to Prison

Madrid.—A district judge has ordered Vicente Blasco Ibanez committed to prison unconditionally and has demanded 10,000 pesetas as cash bond to guarantee his financial obligations. The case against Ibanez for the publication of his booklet against King Alfonso is being pressed in the absence of the author from the country. He is in Paris.

### Sub Grounds In Storm

Boston.—The United States submarine S-19 went aground about five miles north of Uauset Beach Light, Cape Cod, according to wireless messages, during a storm that raged along the coast.

Her crew of 40 men are safe aboard her, though efforts to float the submarine have so far failed.

### Return of Gold Standard

Washington.—Return of Great Britain to a gold currency basis within a year is anticipated at the treasury department. Secretary Mellon, who early last week conferred with Montague Norman, head of the Bank of England, believes establishment of the gold basis in England will be of benefit to U. S. commerce.

### Mecca Besieged

Bagdad.—King Hussein of the Hedjaz was reported at the gates of Mecca and the Wahabi tribesmen, who have held the sacred city were preparing to flee, according to advices here.

### UNUSUAL HAPPENINGS AND OTHER BRIEF NEWS

#### Britain To Cut Debts

Paris.—Great Britain will ask France and Italy to pay one-fourth of their war debts to her. Winston Churchill, chancellor of the exchequer, so informed Finance Minister Clementel recently. This is conditioned only on the final assent of the British government.

#### Telephone Gives Alarm

New York.—When the telephone operator at the St. James hotel plugged in on a signal from the linen closet, in the basement he heard a roaring noise. Investigation showed a fire in the closet had burned away the legs of a table, on which the telephone stood, causing the instrument to drop and dash its signal. Guests were ordered to the street while firemen extinguished the flames.

#### Navy Orders Aircraft

Washington.—A million dollars worth of seaplanes has been ordered by the bureau of aeronautics of the Navy Department, it is stated, with the granting of a contract to the Glen L. Martin company of Cleveland for 40 machines capable of performing the duties heretofore undertaken by torpedo, bombing and scout planes. Work on the new ships will begin immediately. On their completion the navy will have 75 of this type of craft.

#### To Motorize Agriculture

Berlin.—Under the slogan "Motorization of Agricultural undertakings is the crying need of the hour," the ministry of agriculture has announced that special credits had been made available to small farmers for the purchase of tractors and other motor equipment. This action, it was stated, was prompted by Germany's necessity to stimulate intensified production without increasing the supply of horses and oxen which need pasture and food.

**DONALD NOLLAR DIES SUDDENLY**

Donald Nollar, aged 20 years, died suddenly at the home of his parents, Mr. and Mrs. John Nollar, January 5. He was born September 14, 1904, in Dearborn and is survived by his parents and brothers: Howard, Fred, George and John, and sisters Pearl, Mildred, Reulah, Irene and Ruth. Funeral services were held from the home at 10 o'clock Thursday morning. Burial at Salem, Michigan.—Dearborn Press.

**WORKING OUT THE ALIMONY**

Last October the board of supervisors adopted a resolution whereby prisoners, committed to the county jail for failure to pay alimony, will be put to work in the county's cement block plant, and a portion of their earnings will be paid to the divorced wives. Such action became necessary because of the increasing number of men who elected to board at county expense, and take life easy, rather than pay the alimony stipulated. The resolution is now in effect and the first offenders to be put to work were Delavan Hawes of Bay City and Hugh McGinnis of Pontiac.—Milford Times.

**FIRST ADJUSTED SERVICE CERTIFICATES RECEIVED HERE**

The first Adjusted Service Certificates of the United States government under the World War Adjusted Compensation act have arrived in Northville. These policies are given to service men who served 110 days or more during the World War and are issued on the basis of \$1 a day for home service, \$1.25 a day for foreign service, less \$60 for bonus, given at date of discharge, balance at 4 per cent interest compounded annually. These certificates are in the form of 20 year endowment policies, with a loan value after two years from date of issue in the sum of 8 per cent on the dollar graduated to 90 per cent on the dollar on the nineteenth year. Interest is not paid after the 20th year.

In borrowing money on these certificates the rate of interest to be collected by bank or certified loan company is set by the government and is shown on the certificate.

In case of death of policy holder the beneficiary will immediately receive the full amount of the value

of the policy less the amount borrowed and interest, if any.

**GRAND RIVER ROAD TO BE LIGHTED**

Supervisor Bond and Clerk Schroeder last week, in behalf of Farmington township, entered into a contract with the Detroit Edison Co. for electrically lighting Grand River road from the Wayne county line to Novi township line, as authorized by the voters at the November election.

It is expected that the 100-candle power lamps will be placed within the next thirty days. The contract calls for lighting Grand River avenue within Farmington village, except where boulevard lights are now used.—Farmington Enterprise.

**The Earnest Man**

The earnest men are so few in the world that their very earnestness becomes at once the badge of their nobility; and as men in a crowd instinctively make room for one who seems eager to force his way through it, so mankind everywhere open their ranks to one who rushes zealously toward some object lying beyond them.—Dwight.

**A LA RUSSIA**

Commenting on the proposed twentieth amendment the Providence, R. I., Journal says:

"A grant of federal power is asked for that no modern government except Russia, has ever thought of employing. 'Nationalization of children'—More, nationalization of all persons up to the age of 18 years. It is a proposal that at least one-quarter and one of the legislatures of the United States, the number necessary to prevent ratification, may be counted on to reject flatly."

**JUDGE J. S. STOCKWELL DIED FRIDAY**

Judge J. S. Stockwell, Sr., 32 years old, died at his home in Pontiac last Friday, from a heart attack. He had lived in Oakland county nearly 75 years, having formerly been in the dry goods business in Highland, Birmingham and Pontiac. He founded what is now that city's largest department store. He held the office of judge of probate eight years. A son, Judge Ross Stockwell, now holds the same position. He leaves three sons—Judge Ross Stockwell, Jr., of Pontiac, Frederick and Dr. Glenn Stockwell of Detroit.

**PARTY RESPONSIBILITY**

The issue of economy in public affairs brought President Coolidge more votes from all parties than all the other issues combined.

Coolidge has courageously vetoed supposedly popular appropriation bills amounting to billions of dollars which were demanded at the hands of powerful organizations, largely within his own party. But in spite of this, his honest and sincere demand for economy won him the immense popular vote.

Will the administration in power for the next four years heed this warning from the people who voted for Coolidge, as well as about 5,000,000 voters who cast their ballots for the Third party, doubting both the old parties?

The need of economy and tax reduction in state and national affairs is uppermost in the minds of the people and unless the two old parties recognize this vital issue, they will have serious trouble in 1928.

Consider a few facts: According to Senator Borah, in Scribner's Magazine for January, in 1913 the state and federal tax bill was \$3,104,000,000 and eight years later this bill was \$7,061,000,000. In 1913, 64 per cent of the national income went for taxes, and in 1922 we were taking 12.1 per cent. In 1894, taxes were \$12.50 per capita and in 1923, they were \$68 per capita.

In the past ten years, state taxes increased from 100 to 350 percent, and the farmer's tax bill, compared to his income amounted to 46 per cent of his entire income. On top of this, the farmer and livestock man saw railroad taxes increase from \$272 per mile in 1902 to \$1,241 per mile in 1922.

**SOUTH LYON MEN IN AUTO ACCIDENT**

Willis L. Walker of the United Lumber & Supply company, and Clifford Bait, auditor, at the present time employed at the lumber office, were most fortunate in not being severely injured or killed when they experienced a bad automobile accident near Northville last Saturday night, while enroute to South Lyon from that village.

A car parked on the highway took to the center of the road just as Messrs. Walker and Bait were about to pass, and in turning out to avoid a collision, the Walker Studebaker five-passenger coupe skidded, struck a cement abutment and turned completely over into the ditch.

Neither of the gentlemen suffered more than minor bruises. The car was a complete wreck, but is fully covered by insurance.

The men managed to extricate themselves from the wrecked car and walked to Northville to summon help. Upon returning to the car they passed whom they thought to be a grown man carrying a suit case, but gave the matter no more thought at that time. It later developed that the suit case, filled with clothing, had been taken from the Walker coupe, and the motor meter had also been taken from the car.

The lad was apprehended, but only after he had taken the clothing from the suit case, hid it upon his person and thrown the grip into the ditch.

As the doors locked themselves when Messrs. Walker and Bait emerged, the lad who gave his name as James Armstrong and his age at 14 years, had broken the rear window and entered there.

It was learned he had ran away from a farm near Pinckney where he had been placed by the Detroit Detention Home. When overtaken he said he was returning to his home in Wyandotte. Authorities placed him in the town jail until Monday when he was taken to Pontiac and from there to the Detention Home in Detroit.—South Lyon Herald.

**CURRENT NEWS  
TERSELY TOLD****Pleasure Loving Girl Kills Mother Who Objected To Wild Parties**

San Francisco—One of the most startling murders on record was enacted here when 16-year-old Dorothy Ellingson shot and killed her mother, Mrs. Anna Ellingson, who had objected to her "running around so much late at night." She told the police after her arrest, that she "had" no deep-seated grievance against her mother, but that she killed her in a moment of anger.

The girl frankly confessed that she was a frequenter of San Francisco's night life cafes and dance halls, and stated that the "jazz-mania" was the cause of her act.

Her father, Joseph Ellingson, and her brother, Earl, who at first declined to have anything to do with Dorothy, have changed their attitudes and announced they will do everything they can for her, including providing her with funds for an attorney.

**Election Confirmed**

Washington—Calvin Coolidge and Charles G. Dawes were elected President and Vice-president, respectively last week.

The electors for whom the American voters directly cast their ballots last November met in the respective states, canvassed the popular vote, and in accordance with the Constitution cast their ballots for President and Vice-president.

This vote of the electors will be certified to the president of the Senate by each of the 48 state meetings, and will be opened at a joint session of the Senate and House Feb. 18.

**Trotsky Is Removed**

Moscow—Leon Trotsky has been relieved of his duties as chairman of the revolutionary war council by the central executive committee of the communist party, the most powerful political body in Russia.

The retiring war minister also, is threatened with expulsion from the communist party, and from membership in all the important political bureaus unless he conforms to party discipline and renounces his attacks upon the principles enunciated by the late Nikolai Lenin.

**Sea Gives Up Treasure**

New York—Capt. Benjamin, Leavitt, of Philadelphia, has broken all records for deep sea salvage in recovering a \$600,000 cargo of copper that had lain since 1869 with the wreck of the British frigate, "Cape Horn" off the coast of Chile, it is reported. Capt. Leavitt and his corps of divers were reported to have worked "as though in daylight" at a depth of 318 feet, using high pressure diving suits of the captain's invention, and pressure resisting deep sea lights.

**Rail Workers Get Raise**

Chicago—Eighty-seven thousand employees of 50 railroads have been granted wage increases of from one to two cents an hour by the United States Railroad Labor Board.

Application for similar increases for 75,000 other workers was denied. Classes of workers affected are clerks, freight handlers, express and station employees, janitors, elevator operators, truckers, stevedores and stokers.

**Houghton To St. James**

Washington—Alanson B. Houghton, of New York, now ambassador to Germany, has been definitely selected by President Coolidge to succeed Ambassador Kellogg at London.

This was formally announced at the White House, after Ambassador Houghton had advised the president he would accept the new appointment and after the British government had informed the state department that Mr. Houghton would be persona grata in London.

**I an Air Line**

Honolulu—Tentative plans for use of the United States dirigible "Los Angeles" for mail, express and passenger service between Hawaii and the mainland have been announced by the Chamber of Commerce of Honolulu. The organization announced the sending of a cable to President Coolidge urging that the airship be sent to Hawaii, and calling attention to the feasibility of air traffic over the Pacific Ocean.

**Puzzles On Dinners**

Philadelphia—The Pennsylvania Railway announces that a crossword puzzle with 303 squares will be printed on its dining car menu. Dining car patrons will be permitted to take the menus to other parts of the train to finish the puzzles. The road has already provided its limited trains with dictionaries and books of synonyms.

**Raw Oysters Banned**

Chicago—And now the raw oyster has been relegated to the same doom as the cup that cheers. It has been declared illegal in Illinois by the state department of health. The order was issued as a precaution against an epidemic of typhoid.

**The Care of The Complexion**

There is hardly any subject more interesting to the average woman than the appearance of her complexion, it being the natural and worthy ambition of every woman to possess a soft, smooth, attractive skin, and nearly all women are willing to follow the advice of people who know.

Your Rexall Store is fortunate in the possession of a fund of accumulated knowledge regarding Toilet Preparations and their uses, and will always appreciate the opportunity to communicate such knowledge to its friends.

There was a time when some women felt that the use of face creams, powders and rouges was not proper, and as ideas regarding this began to change many of them thought it advisable to obtain such Toilet Preparations from some out-of-town source, believing that the use of these things would thereby remain their own secret. However, conditions are constantly changing and today the well-preserved woman is taking advantage of the knowledge that is possessed by her own local druggist and understands that the druggist and his assistants look upon these matters entirely from the customer's point of view, and with the idea of being of as much service as possible to the customer.

During the winter the complexion suffers from cold and exposure. To be sure of comfort during the winter months, be prepared by having your Rexall Store show you the best methods of protection of the complexion against the ravages of winter.

F. E. Hills was in Grand Rapids Tuesday and Wednesday.

Born to Mr. and Mrs. Leslie Alger, on Saturday, a little daughter, Betty Jane.

Mrs. W. H. White, Jr., and children are spending the week with relatives in Detroit.

Mr. and Mrs. M. L. Schrader are spending the week with relatives and friends at Owendale.

Mrs. Jane Sessions is confined to her home by illness this week. She is suffering from a bad cold.

The Northville High School Alumni association will give a ball at the High school gym this evening.

Mr. and Mrs. F. E. Whipple attended a Masonic banquet held at the temple in Detroit Monday night.

Mr. and Mrs. Harry A. Bovee are at Fruitland Park, Lake county, Florida, and they are enjoying life there very much.

John McEnany has been very ill for the past week with erysipelas. A trained nurse from Detroit is caring for him.

Mr. and Mrs. George White of Flint are guests of Mr. and Mrs. W. H. White this week. The Messrs. White are brothers.

George Slaght of Battle Creek attended the funeral of his sister, Mrs. George Whipple Sunday. George was a former Northville citizen.

E. L. Smith has been very ill during the past week, having suffered an attack of the grip and mumps—a combination that is hard to wrestle with.

Messrs. and Mesdames John and George Neal motored over from Orion Saturday and remained over Sunday at the G. H. Baker and F. S. Neal homes.

Fellowship Chapter, Order DeMolay, of this village will give a dance at the new Masonic temple at Plymouth on the evening of February 6th, for which extensive plans are now being made.

J. F. Ponsford of Leadville, Colo., who is connected with the United States fish hatchery at that place, is visiting his brother, C. A. Ponsford and will remain for a couple of weeks.

Mothers will do well to remember, the baby clinic to be held at the school building next Tuesday afternoon at 1:30. These clinics are proving helpful to those who attend.

C. A. Ponsford uses a full page in this section today to tell the people of this section about his annual January clearing sale. He is offering many very attractive bargains all through the store and low prices and Ponsford quality make a happy combination. The sale will continue for one week.

At a recent special election the voters of Redford township gave their endorsement to the proposition to bond the township for \$100,000 for the erection and equipment of a community building. Why can't Northville's great need be met by some such plan? No town or community is in greater need of as suitable community building.

This is Thrift Week, and a splendid way to properly observe the event is for everybody, so far as possible, to pay what they owe, at least pay the little accounts which are bound to accumulate if one is in the habit of running accounts about town. Short credits, make long friends, and if you desire to preserve your credit you must pay promptly.

Barney Roach and Claude Van Valkenburgh were picked up on the Severn Mile road late Saturday night in a drunken condition and were brought to the village by local officers who took them before Justice C. R. Ely. Without any extensive preliminaries he sentenced them to 90 days in the Detroit House of Correction and they were taken to the institution without delay.

Scoutmaster Wilber accompanied a number of the members of the Northville Troop to Ann Arbor Monday night where they were privileged to witness the basket ball game between Michigan and Wisconsin, the boys being passed at the gate at Yost field house through the courtesy of the management of the University Athletic association. The boys greatly appreciate the kindness shown them.

Nine rum runners and bootleggers were arraigned before Justice Outley at Redford last week Saturday and some liberal fines were handed out, while others were sentenced to the House of Correction. Among the places raided was one in Redford which was stocked with the best liquors to be obtained and the operator had a fine list of fashionable customers—regular blue stockings fellows. Deputy Sheriff Safford of this place assisted in rounding up the bunch.

The Detroit automobile show is attracting great crowds this week. This year's show is the twenty-fifth annual exhibition to be held in that city, and during the past quarter of a century the industry has grown by leaps and bounds. Today there is invested in the industry \$1,500,000,000 and more than 2,500,000 people are employed in its various branches. Over 16,000,000 motor vehicles are now registered in the United States, against 3,000,000 in the rest of the world. Everything indicates that 1925 will be the best year in the history of the automobile

The Baptist church at Holly was badly damaged by fire last week Wednesday night.

The Northville Electric Shop has a very attractive electric sign, which was put in place on Tuesday.

Seeley Kaiser of Plymouth accidentally shot himself while hunting, and died from the effects of the wounds inflicted. He was but 18 years of age.

Saturday night the DeMolay basket ball team will meet the fast Moe's Sport Shop team from Ann Arbor at the local gym. It will be a real contest.

G. H. Baker will soon have a full supply of new blanks for applying for automobile licenses and he will be glad to accommodate all auto owners who may desire to procure new licenses.

Mrs. Vernon Spencer of Wixom left Saturday, January tenth, for Eagle Rock City, Calif., where she will spend the remainder of the winter with her parents. She will be accompanied by her sister, Mrs. Warren Frye of Detroit. (Milford Times.)

The City of Detroit has purchased 220 acres of land in the southwest corner of Canton township, on the town line between Plymouth and Canton townships, known as the Bushman farm. It is the intention, we understand, to build a woman's prison there in the near future. (Plymouth Mail.)

B. B. Adams, the new manager of the Plymouth & Northville Gas Co., has arrived in Plymouth from Marshall, Mich., and is now in charge of the local plant. Mr. Adams is an experienced gas man and is a very pleasant gentleman to meet. He expects to move his family here in the near future. (Plymouth Mail.)

**POSTOFFICE TO CLOSE EARLIER.**

Commencing Saturday, January 24, the general delivery, stamp and parcel post window at the local postoffice will close at 6:00 p. m., instead of 7:00 as heretofore. The lobby will remain open until 8:30 as usual and also for a few hours on Sunday. Registered mail must be in before 5:00 p. m.

**OBITUARY.**

The death of Ernest Riegler took place at his residence at Waterford at the early age of 33 years from pneumonia, on Friday, January 15th. Funeral services were held at the home on Monday, conducted by Rev. Wm. Richards, after which the Northville Masons took charge of the grave service.

**THE KING'S DAUGHTERS HELD ANNUAL MEETING.**

The King's Daughters held their annual meeting at the home of Mrs. F. S. Neal on Tuesday evening, with a good attendance. A bountiful potluck supper was enjoyed at 6:30 and the business meeting followed. Reports were submitted telling of the work accomplished during the past year and they indicated that the chapter was in a very flourishing condition and that helpful service had been rendered in many instances.

The election of officers for the ensuing year resulted as follows: Leader, Mrs. W. H. Safford, regent, Mrs. G. E. Richardson, secretary, Miss Inez Bryan, assistant secretary, Mrs. Mable Chapman, treasurer, Miss E. C. Hinkley.

## LINCOLN FILM TO BE SHOWN HERE.

"Abraham Lincoln," the picture which has been the sensation of the movie world, is announced this week as a First National picture, to be shown at the Alseum theatre, Sunday and Monday, January 25 and 26.

"Abraham Lincoln" was more than two years in the making, and at times as many as 2,500 people appear in the cast. It deals with the life of Lincoln from his birth, through his boyhood, the presidency and the strife of the Civil war, depicts the surrender of Lee and shows life in Washington after the war and finally his assassination.

The production has been hailed as an artistic and dramatic sensation by the national press and is generally conceded to be one of the most important pictures ever brought to the screen.

CHAS. C. LIVRANCE

JESSE ZEIGLER, Clerk.

First National's decision to distribute "Abraham Lincoln" is in keeping with its policy to handle productions of only the highest grade, according to Richard Rowland, production manager.

George Billings, considered to be a perfect likeness to the famous national hero, plays the title role, and Ruth Clifford is seen as Anne Rutledge. Nell Craig is Mrs. Lincoln. These are the principal figures in the remarkably fine cast. "Abraham Lincoln" was directed by Phil Rosen. Frances Marion wrote the scenario and supervised the editing.

The picture was produced by Al and Ray Rockett.

## Walled Lake Warbles.

Charlotte Smith Orr was born August 15th, 1842, near Franklin, Mich., and was married to Thomas Orr on December 11th, 1874. The late James Smith of Northville and Frank Smith of Tustin, Mich., were brothers. Mrs. Orr spent practically all her life in or near Walled Lake. She was of a quiet, retiring nature, but always a friend in need. Three years ago failing health compelled her to leave the home where she had spent 35 years, and go to the home of a niece, Mrs. Wm Maxwell, at Mt. Pleasant. She died January 5th and the remains were brought to Walled Lake for burial on January 8th.

Mr. and Mrs. Beacher Mackey of South Lyon motored to Walled Lake Thursday afternoon and took Mr. and Mrs. Chas. Wedow to Pontiac and treated them to a seat in the Oakland theatre, where they all saw the life of Abraham Lincoln displayed from birth to his assassination. After seeing and realizing it, Mr. Wedow said he thought that no president ever suffered such agony, pain or strain of mind as did Abraham Lincoln. Mr. Wedow declared that he or Mrs. Wedow had never attended a theatre and that this was only the fourth time they ever attended a motion picture show. Mr. Wedow asks "Is this a record, or is it a back-in-the-woods life?"

Walled Lake now has a newspaper of its own. The consolidated schools is now publishing a newsie little paper and has already a circulation of 75 subscribers and new ones coming in every day. Watch it, take it, boost it.

## WATERFORD CHAT.

Mr. Roland has purchased a well digger and has just completed drilling a well for Mrs. Mary Loud, and is now engaged in drilling one at the Waterford school house.

Several new pupils have been added to Waterford school.

P. H. Grennan has purchased the Dais farm on the Waterford road.

Ernest Reigler died last Thursday evening of pneumonia. Funeral Monday, afternoon with burial at Plym-

outh.

The Waterford group of the clothing project met at the home of Mrs. Albert Ebersole on January 14th. Eight ladies were present. Mrs. Robert Gibson was elected chairman and Mrs. Albert Ebersole publicity chairman. Miss Lois M. Corbet, Wayne county, home demonstration agent, gave a very interesting lesson on alteration of patterns, also the cutting and making of the one hour dress.

## HALL BROTHERS LAND AMONG THE SWIFTEST.

Henry Hall of Detroit, holder of the world's record for the longest ski jump, won first place in Class A, in the international ski tournament held at Carry, Ill., Sunday by the Norge Ski club. Hall tied the hill record of 166 feet in his first jump and when the meet was over mounted the slide again and set a new mark of 167 feet.

In Class B honors were divided between Christ Berge of Norway, Heinrich Lundh of Grand Rapids, Mich., and Ole Mathisen of the University of Wisconsin.

Clarence Hall, brother of winger, placed among the first 10 in Class A, and a third brother, Carl, missed a chance for a prize by falling on his second jump.

Lars Haugen of St. Paul, Minn., national ski champion, Alf Bakken and Alf Jansen, both of the Norge Club, and Barney Reilly of Coleraine, Minn., placed among the first 10 in Class A. Anders Haugen, member of the American Olympic team last year, jumped 174, but fell on his first try and did not mount the hill again.—Detroit News.

Hall Brothers erected the slide at this place and on February 1st a ski tournament will be held here in which many national "jumpers" will take part.

## STATE NEWS IN BRIEF

Grand Rapids—Grand Rapids' first fatality on record due to hiccoughs occurred here when Lloyd Van Order, 18 years old, died as a result of the malady.

Detroit—Seven members of the police department here, who ignored a recent mandate to avoid "blind pigs" unless on duty have been dismissed by the police trial board.

Ypsilanti—Enrollment at the State Normal College here is slightly lower for the term just opened than it was during the fall term, according to C. P. Steimle, registrar of the college.

Saginaw—Dr. Stephen O'Brien of St. Mary's hospital, Grand Rapids, was elected president of the Michigan Hospital Association at its annual election with which it closed its convention here.

Lansing—Guy Groesbeck has announced the appointment of John W. Read, of Port Huron, as a member of the Mackinac Island Park commission to succeed Gilmore Scranton, of Harbor Beach, deceased.

Monroe—Three young men, handcuffed Mr. and Mrs. Julius Jaworski and ransacked their home on the Creek road, near Newport, eight miles from here, after gaining entrance by a display of pistols and officers' badges.

Mt. Clemens—Sheriff George T. Smith believes he has solved the mystery of the recent holdups in and around Mt. Clemens through the arrest of Max Freedman, 20 years old, for some time a bus driver between Detroit and Mt. Clemens.

Saginaw—The Saginaw County board of supervisors has ordered submission to the voters on April 6 of a proposal to issue \$280,000 in bonds for the construction of an addition to the county court house and the construction of a new county jail.

Lansing—A modern manual training and trades school is to be established in the Ionia reformatory, according to W. S. Porter, a member of the state prison commission. The school will take care of the inmates of Ionia desirous of learning a trade.

Ypsilanti—Henry Baker of this city says he will sue Wayne County authorities for damage that he declared was caused when an officer, said to have been in plain clothes, shot twice at his automobile when he failed to halt when ordered to do so.

Lansing—About 150 officials representing 75 Michigan farms met here for their annual convention. Governor Groesbeck, Whitely L. Watkins, state agricultural commissioner, and Dr. Kehyon L. Butterfield, president of the Michigan Agricultural college, addressed the meeting.

Saginaw—The speed with which the Saginaw fire department responded to an appeal from Merrill, saved the business district of the village, 20 miles west of here, from destruction by fire. The Saginaw firemen had water on the fire 35 minutes after receiving the alarm.

Saginaw—Arthur B. Cornwell, Saginaw World War veteran already holder of the distinguished Service Cross and the French Croix de Guerre, has been made a Chevalier of the Legion of Honor by the president of the French Republic, according to word received here.

Ann Arbor—Dr. Arthur G. Hall, registrar of the University of Michigan, died at his home here, following an illness that had kept him confined to his bed since last August. Dr. Hall had held the office of registrar of the University since 1903, and also had been professor of mathematics during the same period.

Detroit—Police Commissioner Frank H. Croul, in the annual budget of the police department filed with the council, has requested an appropriation of \$7,527,153 for the coming year, which is an increase of \$968,292 over the previous year. The increase provides for 422 more policemen and two new police stations.

Bay City—Patrol Boat No. 1, owned by the Michigan Conservation Commission, and used in enforcing the fishing laws, which sunk off Lunwood Beach late last fall, has been raised. The boat went down while en route from Alpena to this city, when ice cut through her bows and an effort to beach her failed.

Battle Creek—One of the largest programs for extension of mains ever carried out in any one year is planned by the Battle Creek Gas company. This program will include four miles of large feeder mains to the north and south ends of the city. Battle Creek already leads the nation in gas main mileage as compared with total length of streets. There are 138 miles of streets in this city. The gas main mileage exceeds the water main mileage and is nearly double the sewer mileage.

Port Huron—Harry W. Hagaman, district state highway engineer, has made the announcement that with Federal aid his department expected to build 23 miles of concrete pavement on M-21, running west from Port Huron to Flint. The stretch of trunk line between the two cities is at present largely gravel. About six miles of concrete extends from Flint to Davison. It is expected that the road will be made concrete as far east as Lapeer in 1925 and extended to Port Huron in 1926. If government aid is forthcoming.

## REDFORD VOTED \$850,000 FOR NEW SCHOOL BUILDINGS.

A bond issue of \$850,000 for six new schools and alterations to two present buildings, was approved by residents of Redford School district No. 1, Saturday. There were 236 votes cast approving the bond issue, and 125 votes against it.

The expenditures authorized Saturday is to be divided as follows: Duane School, Grand River avenue and the Seven Mile road, \$110,000; Hemlock school at Hemlock stop, on Grand River avenue, \$75,000; a school at South Five Points, \$40,000; a school and site in Roseville Park subdivision, \$140,000; the Vetal school and site, on Evergreen road, \$81,000; a school and site at Evergreen and Seven Mile roads, \$60,000; alterations to the Harding school in Brighmore, \$125,000; alterations to the Central High school in Redford, \$80,000, and the purchase of three sites for school buildings in the future at Telegraph and Five Mile roads, and on the Seven Mile road, \$60,000.

The school population in this district has doubled in four years and the new buildings are needed to care for many children now attending half-day schools.

## ASHES OF DR. L. L. DAVIS BURIED AT PORTLAND.

Just as the shades of night were falling Friday, a small metal box, tightly sealed, was deposited in a little grave on the W. B. Crane lot in Portland cemetery. It contained all that was mortal of Dr. L. L. Davis, who practiced dentistry in Portland years ago. Mr. Crane was one of Dr. Davis' closest friends and the latter had often expressed the wish that his body be reduced to ashes and buried near his friend.

Dr. Davis, who was 75 years old, left Portland about 45 years ago, first locating in Eaton Rapids, and then going to Detroit, where for years he enjoyed a lucrative practice, numbering among his patrons many of the city's prominent families.

A few years ago his health began failing and he left the city to locate in the quieter town of Northville. Last March he passed away. Mr. Tony, a son-in-law of Mr. Crane, had the body sent to a crematory and the little box was left at an undertaking establishment in Detroit, pending final disposition.

Dr. Davis had a sister, Mrs. Dilley, who is totally blind and resides at Berkeley, Cal. who was consulted regarding the burial. She approved of the plan to follow out the wishes of her brother and Friday the little box was placed in the automobile and Mr. and Mrs. Tony brought it to Portland. They were at the cemetery when Rev. John H. Stewart made a short prayer. The three were the only persons present.

Dr. Davis never married and the only relatives he had were the sister and her daughter, who reside together in California. He was a frequent visitor in Portland before the death of Mr. Crane and while Mr. and Mrs. Tony were residents of this place—Portland Observer.

## "THE GOOSE HANGS HIGH" AT THE GARRICK THEATRE.

"The Goose Hangs High," a delightful comedy of American home life by Lewis Beach, coming direct from an all-season run at the Bijou theatre New York, and four months in Chicago, will be seen at the Garrick theatre, commencing next Sunday night, with the New York cast and production intact.

This play is the first of a series of productions planned by the Dramatists' theatre, Inc., a group of successful playwrights who have banded together to function in a managerial capacity, and incidentally scored a bull's-eye success with their initial offering.

"The Goose Hangs High" deals with an average American household where jazzmania has laid its hand in the youth of the family. Father and mother alike are content to scrimp and save that their children may enjoy, until finally there comes a crisis that makes their continued sacrifice impossible. It is at this juncture youth steps in and reveals that it is not as bad as it had been painted. The boys are willing to give up their careers, college and whatever is necessary that they may help right themselves, and the little flapper daughter readily volunteers to buckle down to house or office work in order that she may prove her worth. The novel twist given the play at this point, brings it to a joyous ending and comes to the defense of our much maligned youth.

The original Bijou cast including Norma Trevor, Mrs. Thomas Whiffen, William Handley, Lorna Elliott, Jean Spurney, Elizabeth Wells, Guy Standen, Jr., Peggy Whiffen, William Seymour, Fred Neilson, Norman Hofer, Harry Cowley and Roberta Bellinver will be seen in the local presentation. Usual Wednesday and Saturday matinees will be given.

## PLYMOUTH BOWLERS LEADING IN LOCAL TOURNAMENT.

Plymouth bowlers alone are holding off Detroiters in the annual country bowling tourney being held at the German alleys here. The Plymouth five is leading the team bowlers, but the other positions in both the five-men and doubles are held by Detroiters. The leaders:

### Five Men

Plymouth Five	2752
Rovena Recreation	2734
Fairview Recreation	2676
Henry the Hatter	2675
Detroit Imperials	2633

### Doubles

Pfeister and Hain	1250
Taylor and Gallant	1128
Lawrence and Miller	1159
Gerloski and Demaco	1158
Hartman and Smith	1123

The tournament will continue until the 21st. The attendance has been good and much interest has been manifested in the result.

## GOOD NEIGHBORS.

The country town folks may be awfully busy with the mountains of work that they pile up for themselves, but somehow when Uncle Hiram of Neighbor Smith is laid up with that pesky rheumatism, they manage to squeeze out half a day to saw his wood or get in his corn.

Many folks who move off to cities where their next door neighbors don't know their names, miss that old friendliness in the atmosphere into which they have dropped.

Modern progress is a fine thing, but it should never lead our folks in Northville to drop the old neighborly spirit. And let us give a hearty welcome to every stranger who comes here, either to settle or to visit. Put some real grippy stuff into your hands, shake and make him feel he belongs here.

## "RUBBY, DUBB, DUBB, THREE MEN IN A TUB."

"Be sure that your sins will not find out," is just as positive an injunction today as it was when first given utterance. A fellow by the name of Lueder, salesman for a Detroit packing concern, and who calls upon local trade every week, was picked up a week or so ago for driving his car while intoxicated. His car was in the ditch and local officers rescued him from his perilous condition. He was very anxious and willing to tell where he secured the liquor if he was given his liberty. Accepting his word he was permitted to remain to his home with the injunction to return the following morning. He returned as he had promised but on his way to Northville it is said he stopped at a little shack on the Farmington paved road, just outside the village limits, where he had told the officers the day before he had secured his booze, and told the proprietor of the place that officers were after him. Of course when the officers visited the place later in the day they found nothing.

On Tuesday of this week the fellow came to Northville again and while here he claims he was given a drink at the Moose Meat Market, on North Center street. That confession brought Moose into the deal and when he was accused he admitted he had a little grape wine and had given his friend a nip. Moose confessed that he had secured the wine from Paul Fleury, the painter, who lives on northside. Officers then went after Fleury and at first he denied having ever sold any wine, but he finally admitted his guilt and begged for mercy because of his wife and six children.

Things were getting pretty badly mixed—three fellows were in Dutch and all had admitted their guilt. Justice Ely fined Lueder \$50 and costs, Moose \$20 and costs and permitted Fleury to go his way with the assurance that if he was ever caught again he would receive the limit.
