TO OPEN NEW LUMBER YARD AT STARK.

D. R. Blakeslee, who has been manager of the Northville Lumber & Coal Yard for the past few years, has resigned his position that he may give all his time to the establishment of a new yard at Stark, a section which gives promise of great activity, situated on the Pere Marquette railway four miles east of Plymouth. Mr. Blakeslee will remain with the local company until March 1st, when he will assume active management of the new enterprise. He regrets exceedingly to sever his business connections in Northville but he feels that the new field offers an opportunity for a larger business and besides he will be financially interested in the enterprise. The Judson Lumber company, one of Detroit's leading lumber firms, is back of the enterprise and with such connections the yard is bound to become an important factor in that rapidly growing section. With unlimited financial resources the new company will be able to expand to meet the needs of the community and to sell lumber for building purposes on the monthly payment plan, making it easy for the man with limited means to secure a home of his own.

When the new yard is fully established the company will have on display a very complete assortment of building material of all kinds and Mr. Blakeslee plans to have various displays to enable his customers to select just the material they most desire. These displays will be especially helpful when customers desire to make selections of finishing lumber. The yard will be equipped with the very latest labor-saving devices and everything will be planned with the aim of cutting operating costs thus affecting a saving to the public.

F. V. Goodwin has also resigned his position with the local yard and he will assume his new duties at Stark on February 15th, having been selected as assistant manager.

Mr. Blakeslee desires to express his appreciation to the people of Northville for the many courtesies shown him and he invites all his friends and acquaintances to call upon him at the new yard when everything is in readiness for business. The best wishes of many friends will accompany him to his new task. He is an active, energetic gentleman and he will be greatly missed in Northville. Mr. and Mrs. Blakeslee expect to reside in Redford, for the present at least.

FATHER AND SON BANQUET LAST NIGHT.

The annual father and son banquet for Northville took place at the High school gym last evening and proved a most enjoyable affair. E. L. Smith, president of the Exchange club, officiated as toastmaster and the program presented was entertaining and enjoyable. Howard Helfrich, who is a member of the Normal College orchestra of Ypsilanti, brought over some of the boys and they supplied some musical numbers. The invocation was given by Rev. F. P. Knowles and Rev. Wm. Richards gave the address of welcome. Messrs. C. H. Bryan, Ray VanValkenburgh, J. N. and Wayne VanDyne furnished a quartet number and Wayne VanDyne contributed a solo. The address of the evening was given by Prof. M. S. Pittman of the Ypsilanti Normal College.

"BROKEN LAWS" WILL BE SHOWN HERE.

"Broken Laws" Mrs. Wallace Reid's newest photo play, will be presented at the Alseium theatre on Sunday afternoon and Monday night. In this new picture Mrs. Reid pleads for the life of her boy, who has killed a woman in an auto accident. The tense, dramatic highlights here recall some of the most famous court scenes in dramatic history. The effect of broken laws in the home upon children and young people is set forth in striking manner. This absorbing play is the biggest thing Mrs. Reid has done, both from a standpoint of individual acting and the entire production. It has a marvelous cast.

NEW MANAGER AT LUMBER YARD.

Walter R. Seyfang is the new manager for the Northville Lumber & Coal Yard, succeeding D. R. Blakeslee, who has resigned to engage in a similar business at Stark. Mr. Seyfang is well equipped for the position, having been engaged in the lumber and coal business for a number of years and Mr. Blakeslee commends him to all his old friends and customers and bespeaks for him the same courteous treatment that has been accorded the managers who have served the company here.

The Record welcomes Mr. Seyfang to the business circle of Northville.

DETROIT ENGINEERS LOOK FOR ACTIVITY OUT THIS WAY.

Real estate activity has been going on during the last year in the territory between the Pere Marquette railroad and the Seven-Mile road, ranging west from Brightmoor to Northville and Plymouth, according to P. W. Keating, civil engineer, who has been closely studying this property for several years.

"Property values on farm land have jumped from \$1,500 to \$2,200 an acre within two miles of Plymouth," said Mr. Keating Saturday. "And at the latter figure the prices are certainly not stopping. Along the Five-Mile road, also known as Twelfth street, one of the main streets of Brightmoor, the values for acreage have gone from \$500 to \$1,500 an acre. Much activity is evident in the neighborhood of Beech Road and Telegraph road."

"One reason for this development is that this territory is the nearest property to the so-called Northville Hills. It is in this district that the Wayne county authorities have located three of the county institutions, the county Tuberculosis Sanatorium, the new House of Correction, and the Wayne County Training School. Also, Henry Ford has activities in this district."

"One of the county parks, Phoenix, is located in this territory. A wide network of paved roads is being spread through it, giving direct access to districts north, east and south."

The story told by Mr. Keating was confirmed by B. E. Taylor, of the Detroit Real Estate Board—Detroit News.

TWO HOMES RAIDED AND A LOT OF BOOZE SECURED.

For some time past local officers have been suspicious of two homes in Northville occupied by Italian families and on Wednesday a plan was laid to determine whether liquor was being sold or not. Buys were made at both of these places, one over the Palace Market and the other the house purchased by the Ford interests from Geo. Hotelling. After the evidence had been secured and officers had convinced themselves that liquor was being made in these places and that it was being sold, raids were planned and a large amount of liquor was taken from each of the premises. In the rooms over the Palace Market a barrel, keg, five gallon bottle, gallop bottles, and countless quarts of every conceivable kind were found and they were all filled with home-made wine and beer. At the other place a quantity of beer, Dago wine and other liquors were taken and everything about the premises indicated that they were doing a thriving business because there were numerous barrels and jugs, bottles, etc., in the cellar.

The men of the houses—Vincent Dacinio and John Frisco—were placed under arrest and brought before Justice Ely and they were each fined \$100.

A number of Northville's foreign families have been under suspicion for months past and perhaps this clean-up may have the effect of making some of the others a little less bold. There have been a good many pretty lively parties held in various homes about town and these will, doubtless, cease for a while at least.

FIRE IN GRADE SCHOOL BUILDING THURSDAY NOON.

Thursday afternoon just after the school in the grade building had convened fire was discovered in the roof and an alarm was turned in. The children left the building in good order and in less than a minute all were out of doors. The fire was in the roof on the south side and before the flames were under control about half of the roof was burned off. The High school boys did good work with pails and buckets by going up through the building. The ladder from the fire truck was not long enough to reach the roof, but the men holding the nozzle finally secured a piece in a tree and were able to give the roof a good drenching.

MEN'S CLUB WILL ENJOY A REAL TREAT.

On Thursday evening next the members of the men's club of the Presbyterian church will enjoy a get-together and a good time. Dinner will be served (by the men) at 6:30 and a good program will follow. The committee on speaker has been fortunate enough to secure W. J. Cameron, editor of the Dearborn Independent, and he will bring a message all will enjoy. The male quartet will sing and the first meeting of the new club gives promise of being one of uplift and inspiration.

STATE NEWS IN BRIEF

Detroit—Detroit's construction record for 1924 was \$160,064,794—an increase of \$30,345,063 over the record for 1923.

Pontiac—Announcement of a plan to inaugurate gasoline-car service on the Richmond-Jackson branch of the Grand Trunk airline division has been made here by W. J. Hogan, trainmaster of the road.

Petoskey—Machinery has been purchased that will double the capacity of the Petoskey Portland Cement Co. plant, in this city, and installation will start Feb. 15, according to John L. A. Gass, secretary-treasurer.

Holland—Dorothy Slag is believed to have set a record here for attendance at Sunday school. The girl has not missed Sunday school at the First Reformed church in 11 years, having attended 872 classes in that time.

Lansing—The Michigan public utilities commission has raised the Detroit-Mt. Clemens and Detroit-Pontiac bus fares from one-and-a-half to two cents a mile and fixed the minimum fare at five cents, reducing it from 10 cents.

Hillsdale—Merger of the Hillsdale Light and Fuel Co., the Coldwater Gas Light & Fuel Co., the Grand Haven Gas Co., and the Monroe Gas Light & Fuel Co., under the name of the Central States Utilities Co. has been announced.

Grand Rapids—Two Grand Rapids boys, Bernard S. Kelly, 14 years old, and Albert Ryan, 15 years old, are held at Mobile, Ala., following their escape from jail at Meridian, Tenn., while being held for local officers on a charge of theft of an automobile.

Detroit—Joseph A. Martin, former acting mayor and commissioner of purchases and supplies of Detroit, has been exonerated from charges of price fixing among contractors on valves and hydrants, during his administration, by federal investigators.

Kalamazoo—Mack Tourtelotte, of Fennville, who has been in the hospital here since November 16, with a broken neck, has returned to his home. His neck was broken when his automobile overturned and he was thrown to the ground, striking on his head.

Grand Rapids—Damage suits aggregating \$125,000 will be filed against the Grand Rapids Gas Light Co. by the Federal Compensation Commission, seeking to recover compensation paid relatives of postal employees killed and those injured in the postoffice explosion here Nov. 12.

Monroe—In the condemnation case of the Detroit & Pontiac Railroad Co., owned by Henry Ford, a Circuit Court jury here awarded the heirs in the Whitkop estate, of Dundee township, \$3,100 for about 7 acres of land. The amount is virtually the same as offered by the representatives of the company.

Lansing—Word has been received here from Washington that N. P. Hull, of Lansing, president of the Michigan Milk Producers' Association and president of the Grange Life Insurance Co., has been appointed a member of the board of directors of the Detroit branch of the Chicago Federal Reserve Bank.

Ann Arbor—James H. Wade, for 25 years secretary of the University of Michigan, is dead from a stroke of paralysis. Mr. Wade was born in Onondaga County, New York, and came to Jonesville, Mich., when a boy. In 1883 he came to Ann Arbor as secretary of the university. He held the post until 1908.

Bad Axe—Plans for the merging of four Thumb District public utilities into the Michigan Electric Power Co. of Bad Axe, have been completed. The companies in the merger are the Central Power Co., Great Lakes Power Co., Consumers Heating Co., and the Lapeer Gas & Electric Co. John Clark, of Bad Axe, is president.

Marshall—Hugh Dillon, of Dowagiac, Mich., who drove his automobile into a Michigan Central train here last spring and killed William Shaw, a passenger in the auto, was sentenced to from six months to five years at the Michigan Reformatory at Ionia by Circuit Judge Walter E. North. A jury convicted Dillon of negligent homicide.

Escanaba—Eugene Willette, 32, of Gladstone, is dead as the result of plunging off the northwestern ore dock to the ice 100 feet below. He is the fourth man to be killed in connection with the work of remodeling the dock. Willette was engaged in hooking a cable to a large timber which was to have been lowered to the bottom of the dock when the timber slid off the side of the icy dock, carrying him with it.

Detroit—Tax figures for 1924 incomes showing several important changes in exemptions and big cuts in the rate on small incomes, have been given out by Fred L. Woodworth, collector of internal revenue. This year all married persons can claim exemption of \$2,500 and single persons \$1,000. The tax last year was 4 per cent on the first \$4,000 and 6 per cent on incomes exceeding \$4,000. This year only 2 per cent will be levied on the first \$4,000, 4 per cent on the second \$4,000, and 6 per cent on all incomes exceeding \$8,000.

STATE NEWS IN BRIEF

Charlotte—The Charlotte city council has adopted an extensive paving program, having voted to pave 16 blocks during the coming summer.

Ann Arbor—Funds totaling close to \$300,000 to maintain five professorships have been announced in the financial report of the University of Michigan just issued.

Cheboygan—The city council has voted unanimously to prohibit the use of wooden shingles in a restricted fire area comprising the more closely populated districts.

Monroe—At a special election the township and town of Ida voted, 164 to 4, to grant the Detroit Edison Co. a 30-year franchise to string wires and furnish power and current.

Owosso—Henry Ford is going into the flour growing industry extensively, according to M. Hannifan, one of his representatives, who was in this vicinity and signed up considerable acreage near Ovid.

Ann Arbor—A petition 32 feet in length and containing more names than any ever presented to the city council has been received by local officials in the interest of the curd market. The petition attacked a recent request that the market be abolished.

Ypsilanti—In accordance with the policy inaugurated last year the city park commission will set out 200 trees this spring to replace dangerous ones which have been cut during the winter, and to furnish shade along the new streets which are being laid out.

Grand Rapids—Following a written opinion, filed in circuit court a few weeks ago by the special tribunal which ordered the disbarment of Attorney Eugene Carpenter, 80 years old, a member of the bar for 54 years, the formal disbarment has been filed.

Lansing—Secretary of State Charles J. DeLand has notified 425 wholesalers of gasoline in Michigan that they must report Feb. 20 amounts of all gasoline sold in state since Jan. 29, when the gasoline tax law became effective, and pay to the state two cents a gallon tax.

Kalamazoo—Kalamazoo's zoning ordinance, recently passed after a 10-year campaign, has gone into effect. The ordinance divides the city into five districts graded from those areas in which factory buildings are permissible to those sections reserved entirely for residential purposes.

Mt. Clemens—Macomb county authorities are of the opinion that the motorist who said that he was the only witness of the accident in which Laura Maher, 20 years old of Roseville, was run down and killed is the actual driver of the car which killed her. Police are now searching for him.

Pontiac—Four townships in Oakland county will hold their centennial celebrations of settlement this year, it was made known with the announcement of February 24 as the date for the annual meeting of the Oakland County Pioneer and Historical society. The four townships are Novi, Commerce, Oakland, and Orion.

Ypsilanti—Six charter amendments will be voted upon by Ypsilanti electors at the spring election in April. The first would increase the bonding limit for the paving fund from 2 to 4 per cent of the assessed valuation of the city. The other five amendments would abolish the ward funds and establish one highway fund for the entire city.

Menominee—Officials of the Ann Arbor Railroad, with motion picture producers from New York, were aboard car ferries No. 4 and No. 5 when in tandem formation they entered the ice at Sherrywood point out on Green Bay to break up the windrow formations which have been a menace to navigation to this port all this winter.

Lansing—An order authorizing discontinuance of regular freight and passenger service on the River branch line of the Manistee & North Eastern Railroad, but demanding that the company run without sufficient trains to move forest, farm and other products in the territory served by the company, has been issued by the State Public Utilities Commission.

Lansing—Harry H. Jackson, commissioner of the State Department of Public Safety has been appointed by Gov. Alex. J. Groesbeck warden of the Michigan State Prison at Jackson to succeed Harry L. Hulbert, who resigned. The new warden has already taken charge unofficially. Henry Crowl, Jr., of the budget department, becomes confidential agent of the state administrative board in charge of all the prison industries.

St. Joseph—The State of Michigan's second receivership action against the House of David colony at Benton Harbor has been dismissed in Circuit Court here. It was stipulated, however, that the state may file an amended bill of complaint within 15 days. The court's action was based on the assertion that the suit was identical with the first action, dismissed a few weeks ago, outlawed, it was ruled by the statute of limitations. The court's action was taken upon motion of counsel for the defense.

TEACHING RESPONSIBILITY

School savings bank balances increased from \$11,807,000 to \$20,435,000 during the year ending June 30, says an American Bankers' association report. The number of savings bank pupils increased 328,475 or almost 17 per cent. In one group of 400 districts the total number of pupils increased 4 per cent, pupil bank participation 8 per cent, collections 23 per cent and bank balances 44 per cent. With the growing sense of responsibility, school honor rolls have grown from less than 30 per cent to more than 33 per cent.

Many an irresponsible man has been cured by giving him something to do. Many a "bad" boy, many a rebellious girl, can be started on the safe road by the responsibility of a bank account. No child was ever helped by being robbed of the privilege of property; the two dangerous extremes of society are the submerged few who have been so robbed, and the exotic few have so much that things have no intrinsic meaning or value. The school bank account idea beats all the languages, dead or alive, for developing character and social stamina. Let's have more of it; not for the riches themselves—we're rich enough as a nation—but for what it will do in teaching.

WEST NOVI SCHOOL NOTES.

The P. T. A. of the West Novi school met Tuesday evening at the home of Mr. and Mrs. LaRue Bogart.

The meeting was called to order by the president, Mrs. Bogart. C. Sturman was elected secretary and treasurer to fill the vacancy made by the resignation of Mrs. Ledford. Mrs. William Kirchhoff was elected as "membership" chairman. She succeeded in getting a total membership of seventeen.

A patriotic program was given by the pupils. The school orchestra gave two selections and played America for the pupils to sing. Dialogues and readings were also rendered.

Marvin Bogart gave a very interesting talk on "Lincoln".

Mr. and Mrs. Bogart and Mr. and Mrs. Kennedy gave several musical selections.

A pot-luck supper was served to forty-eight. The next meeting will be held at the home of Mr. and Mrs. Bert Kimball on March 3rd.

Zone Meeting.

Zone I B met at the West Novi school on January 24th, with Miss Ester Woodworth and Miss Josephine Papineau as hostesses. The morning was given over to correcting and discussing the language test papers. Miss Esther O'Connor, helping teacher, taught a demonstration lesson in language with Helen and Dorothy VanSickle, Irving Dasset, Laura Bezaire and Edna Clark. At noon the P. T. A. of the West Novi school gave a chicken chop suey dinner at the home of Mr. and Mrs. Bert Kimball. The dining room was decorated in the Chinese colors, red and yellow, and Chinese maidens served the dinner.

The afternoon opened with the business meeting, called to order and conducted by Miss Josephine Papineau. Language and arithmetic were discussed. A lesson showing the use and results of the Courtis arithmetic test was conducted by Josephine Papineau.

An entertaining program was given by the pupils of the Wilson and West Novi schools. The West Novi orchestra was once again on the scene.

Dr. M. G. Pittman of Ypsilanti, gave an interesting address on "The Eternal Frontier." He stressed the point that education of the entire country are watching the zone work being done in Oakland county. He spoke very highly of the school and the zone meeting.

About ninety people attended the meeting, visitors including the Misses Helen Wood and Ella O'Neil of Ypsilanti, Mary Reed of Sylvan Lake, Emily Burns of South Lyon, Helen Tramar of Ferndale and Mrs. Waterbury of Clarkston.

SON SUCCEEDS FATHER.

P. K. Wrigley has been elected president of the Wm. Wrigley, Jr. Co., the \$90,000,000 Chewing Gum corporation. P. K. is just past thirty and one of the youngest presidents of a large manufacturing concern in the United States.

He started his business career by putting "Wrigley's" on the map of Australia and has been vice-president of the American company since 1915, except for two years in the United States Naval Aviation Service during the war.

His father, Wm. Wrigley, Jr., now becomes chairman of the board of directors.

MISS BONSTELLE TO PRESENT "THE OUTSIDER."

Miss Bonstelle, following out her announced policy of giving Detroit as many successes as possible—plays which scored in New York City and elsewhere but which, for various reasons, have never reached Detroit. She scores with her fourth offering at the Bonstelle playhouse, "The Outsider," in which Lionel Atwill and Katherine Cornell won enviable success in New York last spring, and which play was closed at the height of its success through the Actor's Equity quarrel.

NEWS FROM THE STATE CAPITAL

Prison Graft Inquiry Not Likely Unless More Proof Develops

Lansing—There will be no legislative investigation of the State industries at Jackson Prison unless some fragments of proof is found to indicate that there have been irregularities in the management of the industries. This became apparent here when House leaders refused to be stampeded into movement for an investigation. The regular committee on Jackson Prison will make its customary junket to Jackson in the near future, there to go over the books in the usual manner and determine what appropriation should be granted to the prison for the next two years.

Rumors of graft, based on the supposed discrepancy between the four-year-old records of the auditor general's department and the recently compiled statements of the State accounting division, were given no credence by Speaker Fred B. Wells. Rep. Charles Evans chairman of the House Taxation Committee, or the members of the Prison Committee.

Main Highways to Get Cash

Six years ago the Legislature enacted a law authorizing the State Highway Department to make extensions from year to year to the State trunk line system up to a maximum of 500 miles. The maximum was reached in 1924, and so there can be no more extensions of the system until the present session enacts new legislation on the subject.

To provide for future extensions of the trunk line is the next important matter pertaining to highways that Gov. Grosbeck will take up with the Legislature. He is in accord with Eugene J. Kirby, chairman of the House committee on roads and bridges, the committee to which is sent all highway bills, as well as with other leaders for road legislation, who believe that the present method of having the highway department lay out extensions of the trunk lines should be continued.

In the meantime fully a dozen bills have been introduced in both Houses, each designating a specified extension to be made to the trunk lines, the State Highway Department to have nothing to say about it.

Seek to Curb Reckless Driving.

More stringent laws to punish dangerous drivers and prohibit incompetents from operating motor vehicles were recommended by chiefs of police and other local enforcement officers who were here for a safety conference. The police heads of several cities suggested to Charles J. DeLand, secretary of state, that measures be submitted to the legislature, designed to tighten the regulatory power of state and local officers over motorists, in the endeavor to check the increase in the number of automobile accidents.

Submit Women's Rights Bill.

A woman's rights bill, understood to have massed behind it the support of women's clubs and allied organizations was submitted to the Legislature by Rep. George C. Watson, of Capac. The measure proposes to abrogate entirely the section of the common law prohibiting married women from entering contracts or partnerships and transacting other business independent of their husbands.

Eager to Test Gas Tax Law

Attorney General Andrew B. Dougherty has filed petition with the Supreme Court for an immediate hearing on any demand for a writ of mandamus to restrain the secretary of state or other representatives of the State from collecting the two-cent gasoline tax. The secretary of state's department is eager for the law to be put to test at once, providing it is to be put to test at all.

Motor Bus Restrictions Asked

The future of motor bus transportation in Michigan is vitally affected by provisions of a bill framed by representatives of bus and truck operators, aimed to amend the present Bus and Truck Law. Sections are contained which would permit the Michigan Utilities Commission to create bus monopolies on routes, and to make these permits continuous unless revoked for cause.

New Election Bill Looming

Elimination of party enrollment for the Michigan primary, election of county convention delegates for two years and placing the election of county committees in the hands of the county convention is proposed in a substitute election law codification at present being drawn by the attorney general's department. The bill is to have administration approval, it is said.

Confer On Community Funds

D. D. Altin of Flint, banker and former mayor of that city, was in Lansing recently conferring with M. T. Murray, director of the State Welfare Department, about a situation concerning community funds in municipalities that have budget systems for apportioning money collected from volunteer subscribers once a year, that he contends should be corrected. The money apportioned to hospitals and benevolent and charitable associations is specifically concerned.

TWENTY-FIVE YEARS AGO

Items taken from The Record files of 1899, for the week corresponding to this week.

R. C. Yerkes and W. G. Yerkes have purchased the Dawson flouring mills near Pontiac. W. G. will have active management of the mill, with L. E. McRobert as head miller.

The new electric light plant is nearing completion and is expected to be in operation within a week or two. The plant is said to be one of the best in the state, the largest cities excepted.

The Epworth League will hold a Valentine social in the League rooms next Tuesday evening. A postoffice will be opened for those who wish to send Valentines to friends that evening and all are expected to participate. A fine lunch will be served during the evening. Admission ten cents and a few pennies for mailing the Valentines.

The heaviest snow storm for many a season, occurred Saturday night and Sunday morning. About ten inches in all fell and there was good sleighing for a day or two, but Wednesday's dampness played havoc with it.

At the open meeting of the Northville Woman's club last Friday afternoon excellent papers and talks were given by Mrs. Purdy, Mrs. Mary Ambler, Mrs. Narda Dubuay, Mrs. Robert Yerkes and Miss Ellen Thompson.

W. J. Lanning has the contract for constructing the new D. & N. W. railroad bridge over the F. & P. W. track on Griswold road. The track is laid within a short distance of the railroad track, and the timber is on the ground for the new bridge. It is now said the road will be running into the village by the first of March.

LEGION WOMEN DEDICATE COTTAGE AT OTTER LAKE.

Nearly 100 members of the American Legion and Legion auxiliary attended the dedication exercise of the Legion auxiliary cottage No. 7 at Otter Lake last Saturday.

Mrs. Claude Oliphant, Trenton, N. J., national president American Legion auxiliary, Mrs. H. H. Vargan, Edwardsville, Ill., national vice-president, Mrs. Eva Spaulding Jackson, Mich., state president of the auxiliary, Mrs. Elva V. Pellam, Jackson, national committeewoman from Michigan, Mrs. Stitt, Highland Park, state vice-officer and Miss Anna V. Cross, Jackson, field service officer and many others from various Michigan cities were present.

Mrs. Ray Cannon, Independence, Kan., national chairman of the Child's Welfare work, was on her way to attend the meeting when she met with an automobile accident in Kansas. Her condition was reported as serious.

Among the prominent legionnaires present were Mark T. Eckel, chairman National Welfare committee and chairman of the Michigan state welfare board for the legion, Judge Ernest Lajone, Colonel August Gansser and A. H. Norton.

There are 14 children at the American Legion under now. Children from nearly every state in the country are cared for.

The cottage dedicated Saturday is supported entirely by the American Legion auxiliary and Mrs. Oliphant accepted the cottage on behalf of the auxiliary. No children are eligible, or admission to the bill except orphans of veterans. Plans are being formulated to have a two weeks' outing for veterans' children who would not otherwise have a vacation.

The children of the bill gave an interesting program and many of the visitors made speeches—Pontiac Press.

SALEM SAYINGS.

On Saturday evening of next week, the 21st, an entertainment will be given at the Salem town hall under the auspices of the Federated Aid society. Adeline McKenna, the child prodigy of Grand Rapids, Lillian Cassie and Carl H. Bryan of Northville and George Wilson, the eight-year-old drummer, will present the program. The public is invited to attend.

FORD TO HOLD H. P. PLANT.

Quelling rumors, it is since the company moved its motor assembly department from the Highland Park to the River Rouge plant, officials of the Ford Motor company have definitely stated that there is no thought of its abandonment of the Highland Park plant. New production departments are being installed in the parent factory to supplant those moved to River Rouge.

ST. PAUL'S LUTHERAN CHURCH.

Next Sunday service at 10:30, in German. Theme of sermon, "Laborers in the Vineyard of the Lord." The Young Peoples' society will meet tonight. All members are requested to attend.

Herman Kreeger is confined to his home, having had his tonsils taken out. August Kreeger has been ailing for the last two weeks. Mr. Kreeger is in his 78th year.

PRESBYTERIAN CHURCH NOTES.

"The only assurance of our safety as a Nation is to lay our foundations, as our fathers did, in morality and religion."—Abraham Lincoln.

Every Presbyterian man is expected to be on hand for the big get-together banquet next Thursday evening, February 19th, at 6:30, in the parlors of the church. W. J. Cameron of the Dearborn Independent will be the speaker. Special singing by the men.

Sunday subject. Morning worship at 10:30. The Commander's Conflict and Triumph. Evening service at 7:30. The Supreme Art. Sabbath school and young peoples' society as usual.

BAPTIST CHURCH NOTES.

Forty-eight were present at prayer meeting last week. Attend our prayer meeting next Thursday and see what the attraction is.

Sunday school attendance was one hundred and four last Sunday.

A new feature of our Sunday school is a man's class. Sixteen men were present last Sunday. This class is open to all men. The pastor is the teacher.

Two men and a lady were baptized last Sunday evening.

C. B. Turnbull has worked out a lighting plan for the baptism cemetery that makes that sacrament very beautiful and impressive.

The men's class challenged the women's class to an attendance contest to commence next Sunday. The losers will treat the winners to a week. Interest is running high.

The young peoples' society have worked out a very interesting program for this spring. They held their meetings every Sunday evening at 7:30 in the church parlors.

METHODIST CHURCH NOTES.

Let all the "dads" appear in the Sunday morning worship with their boys. If you have all girls in the family borrow a boy from your next door neighbor and ask him to sit with you for the occasion. The boy will feel proud of it especially if he is fatherless.

The subject will be "A Good Father but Poor Sons." The choir will be in full force to lead the music.

Our Sunday school is at 12 noon, for everybody. Let us have the Dolph Bible class room filled next Sunday.

In the evening at 7:30 we will honor Washington and Lincoln. This being the Sabbath between the birthdays of these national heroes.

(1) The pastor will impersonate Washington, The Father of His Country. The place is New York, then capital. Time 1789 just after the inauguration. He is in converse with Mrs. Washington.

(2) "The Preser of the Union." Place Washington. Time, February 1863. Lincoln in chronology.

The public is invited to attend the above services.

Mid-week services Thursdays at 7:30. The W. H. M. S. group conference will be held at Plymouth next Wednesday at 10:00 a. m.—to which our society is invited to attend.

The Woman's Home, missionary society of the M. E. church will meet at the home of Mrs. Edith Johnson, next Tuesday afternoon at the usual time.

OUR SPIRITUAL VIEWPOINT.

Fast living means slow dying. If you want to pity someone find the idler.

The man who gives to be seen never blesses the giver. Sorrow is sometimes nothing more than a shadow of God's providence.

Throw a stone at a good man and the spirit will turn it into a gem for his crown.

The devil puts the wicked in office and then takes a rest.

You can't help a man to heaven when you are going the other way yourself.

Many a preacher's life is a dump for the community's rubbish.

SPECIAL PRIMARY ELECTION TO BE HELD.

A special primary will be held in Washtenaw county, March 4, to put in nomination candidates for the office of probate judge, made vacant by the death of Emory E. Leland. The election will be held April 6. There are nearly a dozen candidates in the field. No nominating petitions will be received after February 18th.—Ann Arbor Post.

WALKER WHITESIDE IN "SAKURA" AT THE GARRICK THEATRE.

Walker Whiteside will be seen during one week's engagement at the Garrick theatre, Detroit, beginning Sunday, February 15th, in "Sakura" his new drama of Oriental love, hailed by both public and critics, as a "notable success" since its premier presentation. "Sakura" is from the pen of M. Justin Theron, and depicts in sensational style a thrilling love story which has for its background the romantic setting of a modern Japan. Mr. Whiteside's well remembered successes of the past seasons in character portrayals in Mr. Wu, the Hindoo, and the Typhoon, have won for him an unique place among the great dramatic artists of America. In his new role of Prince Hagane, the illustrious Japanese prince around whom the action of "Sakura" revolves, the start has undoubtedly found the greatest part of his career. A series of dramatic incidents which have to do with the eternal struggle, presented in a novel manner, reach a tremendous climax in the last act. The romance and poetry of an exotic people are felt as an undercurrent throughout the performance of the gripping play, and the settings, which are decidedly atmospheric, are said to lend a great deal to the general effect. Mr. Whiteside's productions have always been considered tremendously artistic, and in "Sakura" he has attained a remarkable effect along these lines, by means of an elaborate system of lighting that is used to bring out the moods of the play. Miss Sydney Shields, the beautiful young woman last seen in Detroit in the Whiteside presentation of "The Hindoo," will enact the role of Onda Sada, a Japanese maiden who has been abducted in America.

WHAT DID JESUS SEEK TO ESCAPE?

Under the olive trees in Gethsemane a terrific mental and spiritual struggle was in progress. Three men were witnesses of the tragic battle.

The shadow of a cruel death was covering that crouching figure in the garden. Was He afraid to die?

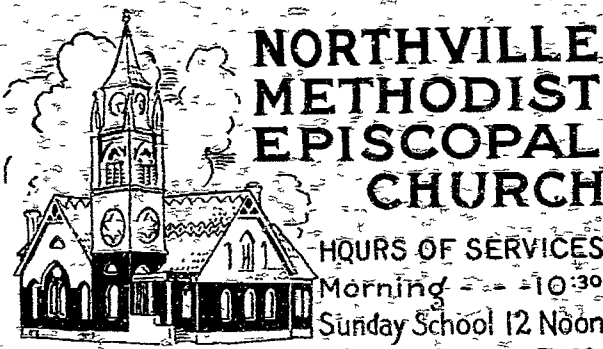

Eleven men were wavering in their loyalty to Jesus in that heart clutching hour. Was He afraid that they might fail entirely and His cause be lost?

Was the base betrayal by one of his own number prompting that hero of eternity to seek some easier way to save the world?

"Let this cup pass" said the prostrate, blood-sweating Christ. "Nevertheless, not my will, but thine be done" and He arose and calmly finished His earthly course and won a place in God's Home for all who desire it.

CURRENT NEWS TERSELY TOLD

Believe Death of Two Was Caused By Poison Given In Medicine

Columbus, O.—A deadly poison mixed with medicines at the free dispensary at Ohio State University, probably caused the death of two students and the serious illness of several others here, according to Dr. E. F. McCampbell, of the School of Medicine.

The two deaths were at first attributed to epidemic cerebro-spinal meningitis, and a score of students who had come in contact with the victims were immediately isolated.

The poison clue appeared when Dr. McCampbell pumped out the stomach of George H. Thompson, of Canton, and found it contained deadly poison. Thompson was near death presumably from meningitis.

Dr. McCampbell said after an all-night investigation he had discovered that Charles Hulls and David Pusken, two other students who died early in the week, were given the same prescription from the university dispensary as had been given Thompson.

Thomas W. Lawson is Dead

Boston—Thomas W. Lawson, eccentric financier, author and sportsman, died in Massachusetts General hospital after an operation for diabetes performed about two weeks ago. He was 68 years old.

An accurate estimate of his fortune was not available and owing to his hectic dealings, friends would not venture a guess.

Lawson was known to the nation for his sensational dealings in copper and his eccentric habit of talking to the public in broadside advertisements published simultaneously in newspapers throughout the country.

Improved Insulin Sought

Pasadena, Calif.—A positive cure of diabetes through elimination of impurities in so-called pure insulin, is being sought at the California Institute of Technology by Dr. John J. Abel, professor of pharmacology and physiological chemistry of Johns Hopkins University. For some time physicians and scientists have been administering insulin believing it to be pure, said Dr. Abel. Recently he found that even the purest contained foreign materials.

France Desires to Settle Debt

Washington—Reiteration of France's desire to reach a debt settlement and of assertions that that country has no thought of repudiating her financial obligations was made by Emile Daeschner, newly appointed ambassador to the United States. The ambassador did not disclose whether he had any instructions as to a concrete proposal of debt settlement to present to the United States.

China Deserts Opium Parley

Geneva—China has followed the lead of the United States and withdrew from the League of Nations opium conference.

When Representative Stephen Porter, head of the American delegation, made his proposals, which were stamped as "too idealistic" by Allied spokesmen, the Chinese delegates supported him vigorously.

Approve Inland Waterway

Washington—Decisions regarding entirely decisions of the courts government engineers reports, and a great volume of expert testimony, the special McCormick committee of the senate has made a favorable report on the McCormick bill to legalize the development of a nine-foot Great-Lakes-to-Gulf inland waterway.

New Railway Line For Michigan

Washington—The interstate commerce commission has issued a certificate authorizing the construction of a new line of railroad in Michigan. The road is a branch of the Northwestern and is to run from Beaton, Gogebic county, northerly into Ontonagon county, for a distance of 78 miles.

Senate to Investigate Trusts

Washington—After four hours' debate the senate adopted the Norris resolution to investigate the alleged power trust and the Ernst resolution providing for an investigation of the alleged tobacco monopoly. The two resolutions were combined and adopted without a record vote.

Six Killed in Elections

Belgrade—The first Yugoslav election has claimed six lives and many injured and has resulted in the government party's return to power. The government won 162 places, of which 141 were radicals, and 21 democrats and independents. The opposition won 152 seats.

Truck and Merchandise Stolen

Detroit—A large motor truck of the American Railway Express Co., valued at \$3,000 and loaded with merchandise said to be worth \$6,000, was stolen while its driver, who had parked the machine was delivering a parcel, the company reported to the police.

TRACTOR TRICKS TO YIELD TO SCIENCE

Tractor tricks which try the patience of Michigan farmers will give way before science in a special four-weeks' truck and tractor course which is to open at the Michigan Agricultural college on February 9, a second course starting on March 9th.

"The time and labor saving ability of the tractor and gas engine is undisputed," says Ralph H. Tenny, director of the college short course, "but everything must be kept working well, and the breakage expenses must be kept down. The special truck and tractor schools are designed to assist owners and operators in keeping down this expense."

Practical work on all common types of gas engines and gasoline powered farm machinery is given during the courses. They are open to anyone in the state over 16 years of age.

MICHIGAN BIRDS WINTERING IN TEXAS, GEORGIA

Notification has been sent from the United States Biological Survey to Walter E. Hastings, naturalist, of South Lyon, to the effect that a robin banded by himself on June 15, last year, was found on January 7th, by W. H. LaPrade, at Texas, Georgia. Mr. Hastings branded the young bird near the Hastings Brasil greenhouses, taking it from a nest that had been occupied by a family of robins for three years.

Another robin taken near the J. B. Comiskey feed mill was banded by Mr. Hastings on May 11. This bird was found dead at LaGrange, Texas, in December 19, having been shot.

"During last summer Hastings banded 83 young robins taking them from the nests before they were old enough to fly, or catching them just after they left the nests. Of this number he is positive of five that were destroyed here during the summer. Now he is anxious to learn how many of the banded birds will return to this locality the coming spring, and would deem it a favor, if anyone seeing a robin with an aluminum band upon its leg would notify him—South Lyon Herald.

FOUR TOWNSHIPS WILL CELEBRATE 100TH BIRTHDAY

With four Oakland townships to celebrate their centennial this year, the annual meeting of the Oakland County Pioneer and Historical society will be held February 24th, at the First Methodist church. The four townships whose celebrations of the one hundredth year of their settlement occurs this year are Novi, Commerce, Oakland and Orion.

Oakland and Orion townships will be in charge of the annual meeting of the historical society while Commerce has planned its centennial celebration for next summer and will probably be joined by its neighbor, Novi, in this observance.

Last year the single township that held its centennial celebration was Farmington and members from this township were in charge of the annual meeting last year. Local arrangements this year are in the hands of Mrs. Nora Lessister while the meeting will be presided over by James H. Lynch, president of the society.

A large attendance from all parts of the county as well as from Pontiac is expected at this year's meeting. The large number of township planning celebrations is expected to increase the number materially and an interesting program is also being planned.—Pontiac Press.

FARMERS DEMAND CLEANER PICTURES AND MAGAZINES

Motion picture censorship and strict regulation to prohibit the sale of questionable literature, were advocated in a resolution adopted Friday by the Michigan State Farm bureau, meeting in connection with Farmers' Week at the Michigan Agricultural college. The farmers asserted the belief that publications unfit for general dissemination are being sold at news stands. They would have screen exhibitions "cleaner morally."

The organization adopted an amended set of by-laws which gives local bureaus closer supervision over the co-operative exchanges and entitles them to greater representation on the governing body.

The following directors were chosen:

M. L. Noon, Jackson; J. H. O'Malley, Hudson; George McCalla, Ypsilanti; M. C. Buskirk, Paw Paw; Fred Smith, Elk Rapids; Earl McCarthy, Bad Axe; V. E. Gormley, Newberry; Mrs. Edith Wagar, Carleton; M. B. McPherson, Lowell; J. J. Boyle, Buchanan; W. W. Billings, Davison.

The directors re-elected the following officers:

M. L. Noon of Jackson, president; M. B. McPherson of Lowell, vice-president, and Clark L. Brody of Lansing, secretary-treasurer.

The little eighteen months' old baby of Mr. and Mrs. Fitz Waters died last Friday morning after a short illness of diphtheria. Brief funeral services were held at the home Friday night and burial took place at Rural Hill cemetery. Mr. and Mrs. Fitz Waters have been residents of Northville but a few months and in their great sorrow the sympathy of the whole community is extended. Rev. William Richards conducted the burial service.

Mrs. Celia E. Thompson Hancock, who was born in Northville in 1841, died at her home in Eaton county, on January 30th, aged 83 years. She was the daughter of Lewis and Elizabeth Hubbard Thompson, who were among the early pioneers of this section.

After a short residence here Mr. Thompson moved his family to Spring Arbor, Jackson county, where he assisted in forming the Michigan Central College, and in which institution he was teacher of mathematics and financial agent. The college was afterwards moved to Hillsdale and soon became known as Hillsdale College. The deceased was enrolled among the first students of that institution.

NORTHVILLE SCHOOL NOTES.

The following people won typewriting honors from the Underwood and Woodstock Typewriter companies in recent tests: Underwood tests, written 30 minutes on new material—Rose Visnack, 42 words per minute; Fedor Stamann, 45 words per minute; Helen Alger, 44 words per minute. Each received the forty-word bronze medal.

Woodstock tests, written 30 minutes on new material—Rose Visnack, 54 words per minute, fifty-word play; Elise Schultz Dorthea Dunbar Florence Foreman each won the 25-word bronze pin. Catherine Hulan wrote 65 words per minute on a 15 minute test given last Friday.

Our commercial department is making excellent progress under the direction of Miss E. Lytle Moore. The awards such as the above have done much to stimulate the activity in this department. Our equipment includes ten standard machines and one mimeograph for producing copy work. Students can get a commercial course in this school that will fit them for good positions in the business world.

We had a very interesting assembly program Tuesday morning when Dr. Wickham gave a lecture on the effects of tobacco. Dr. Wickham made the statement that the nicotine contained in one cigarette would kill a rat in seven minutes if injected into the blood of the animal. His lecture proved very interesting and gave facts that were very convincing to us all. Rev. F. P. Knowles followed with a very fine talk and Charles Dabner responded in his well-known wit with a very impressive talk. D. P. Leakes, president of the school board, Rev. Wm. Richards and Rev. A. K. MacRae were the other visitors present.

One of Northville's most immediate needs at the present time is additional quarters to take care of the excess enrollment. A grade building would solve the emergency and provide for future expansion to some extent.

Bible Thoughts for the Week

Sunday.

MAKING HASTE TO BE RICH—He that by usury and unjust gain increaseth his substance, he shall gather it for him that will pity the poor. A faithful man shall abound in blessings, but he that maketh haste to be rich shall not be innocent.—Proverbs 28:3, 20.

Monday.

WISDOM AND UNDERSTANDING—Whence then cometh wisdom? and where is the place of understanding? Behold the fear of the Lord, that is wisdom; and to depart from evil is understanding.—Job 28:20, 28.

Tuesday.

JESUS' ANSWER—Thou shalt love the Lord thy God with all thy heart, and with all thy soul, and with all thy strength, and with all thy mind; and thy neighbor as thyself. This do and thou shalt live.—Luke 10:25, 27, 28.

Wednesday.

BOAST NOT—Boast not thyself of tomorrow; for thou knowest not what a day may bring forth.—Prov. 27:1.

Thursday.

AN EVIL EYE—He that hasteeth to be rich hath an evil eye, and considereth that poverty shall come upon him.—Proverbs 28:22.

Friday.

A SAFE FORTRESS—As the mountains are round about Jerusalem, so the Lord is round about His people.—Ps. 125:2.

ALL-METAL AIRSHIP TO BE BUILT AT FORD PLANT

A contract for the first all-metal rigid dirigible airship in the world's history will soon be made by the United States government with the Aircraft Development Corporation of Detroit. It is learned.

The new dirigible is to be constructed in the Henry Ford plant at Dearborn and assembled at Scott field at Belleville, Ill. Commander Ralph D. Weyerbach, of the navy, expert supervising engineer on the construction of the Shenandoah, it is understood, will be loaned by the navy department to assist in the construction of the new ship.

Explorer's Son Kidnapped

St. Augustine, Fla.—Jack Nutting, 12-year-old son of Capt. William Washington Nutting, Arctic explorer, was found by the police in the room of Selwyn Smith, who registered at the Alhambra Hotel here Nov. 13, from Casa-Lake, Minn. The boy had been missing five days, and was last seen riding in a car with four men. Mrs. Nutting indicated that charges would be filed against Smith. The boy's father has been missing since last September, when he, with three companions, penetrated northern seas in a 40-foot sloop, to follow the trail of the Vikings.

Dense Fog Causes Wrecks

New York—Fog that disrupted the transportation systems of the entire Metropolitan area, caused four big wrecks here. Two persons were killed in a crash of three subway trains moving over an elevated structure in the Bronx. An undetermined number of panic-stricken passengers, were injured.

Nine persons were hurt when two elevated trains went together in Brooklyn.

Champ Weds. Movie Star

San Diego, Cal.—Jack Dempsey, world's heavy-weight boxing champion, and Estelle Taylor, widely known queen of the silver screen, were quietly married here in the First Presbyterian church. Only half a dozen of the ring king's nearest relatives and closest friends were present. Miss Helen Taylor, sister of Estelle, stood by the side of the bride.

Labor Board Grants Increase

Chicago—The United States Railroad labor board has granted an increase of wages of 2,523 conductors and trainmen totaling some \$283,183 a year. Seventeen railroads, which were not covered by the agreement negotiated by the train service brotherhoods in their wage movement of 1923-1924, are affected. They are chiefly short lines.

Gutenberg To Get Memorial

New York—More than 120 members have been enrolled in a committee of 200 being organized in New York to cooperate with printers and booklovers from every quarter of the world in the establishment at Mainz, Germany, of a printing museum as a memorial to John Gutenberg, inventor of printing.

Surcharges Held Reasonable

Washington—The present surcharges on Pullman sleeping and parlor cars is not unreasonable, the interstate commerce commission has held. This surcharge, which is in addition to the regular passenger fare for the transportation of passengers in Pullman cars, goes entirely to the railroads.

Dawes Cuts Business Ties

Chicago—General Charles G. Dawes will sever his numerous business connections before he takes office as vice-president of the United States, it has been announced. There is no legal compulsion to do this, his office stated, holding his plan is a matter of "pure ethics."

Battle In Pap Diet

Tokio—Black eyes and bloody noses were much in evidence in a session of the Japanese diet following the free-for-all fight that broke out in the chamber as a climax to one of the bitterest parliamentary controversies to ever rage in the Tokyo national assembly.

Cathedral Gets \$500,000

New York—A gift of \$500,000 from John D. Rockefeller, Jr. for the building fund of the Cathedral of St. John the Divine was announced by Bishop Manning.

Border Smuggling Decreased

Washington—Smuggling of aliens across the Mexican border has decreased more than 50 per cent since the establishment of an armed patrol recently authorized by congress.

Bomb Drops By Accident

Madrid—Accidental dropping of a bomb by a Spanish army airplane while flying over the railroad station at Ceuta, Spanish Morocco, killed one native and wounded 15 others.

Passenger Air Line Launched

Tegucigalpa—A passenger airplane service has been inaugurated by an American company between the Pacific and the Atlantic.

REGISTRATION NOTICE.

To the qualified electors of the Village of Northville, (Precinct No. 1) State of Michigan:

Notice is hereby given that in conformity with Act 126, Public Acts of 1917, if the undersigned Village Clerk, will, upon any date except Sunday and a legal holiday, or the day of any regular or special election or official primary election, receive for registration the name of any legal voter in said Village not already registered who may apply to me personally for such registration, or who may make application for registration by mail or messenger, as provided by Act 7, Public Acts of 1919, except that I can receive no names for registration during the time intervening between the Second Saturday before any general election or special election or official primary election and the day of such election, February 25, 1925—Last Day for General Registration for Election March 9th.

All electors not already registered and intending to vote at said election, should make application to me on or before the 28th day of February, A. D. 1925.

Notice is further hereby given that I will be at the Village Hall, Northville, state of Michigan, on

FEBRUARY 14, and FEBRUARY 21, 1925, from 8:00 o'clock a. m. to 8:00 o'clock p. m. on each of said days for the purpose of reviewing the Registration and Registering such of the qualified electors in said Village as shall appear and apply therefore.

REGISTRATION OF ABSENTEE

BY OATH.

If any person whose name is not registered shall appear and claim the right to vote at any election, and shall, under oath, state that he or she is a resident of said precinct and has resided in the Village of Northville, Michigan, for the period of TWENTY DAYS next preceding such election, designating particularly the place of his or her residence and that he or she possesses the other qualifications of an elector under the constitution, and that, owing to the sickness, or bodily infirmity of himself or herself, or some member of his or her family, or owing to his or her absence from the village on public or business of his or her own business, and without intent to avoid or delay his or her registration; he or she was unable to make application for registration on the last day provided by law for the registering of electors preceding such election, then the name of such person shall be registered and he or she shall then be permitted to vote at such election. If such applicant shall in said manner, willfully make any false statement, he or she shall be deemed guilty of perjury, and upon conviction be subject to the pains and penalties thereof.

Registration by Mail or Messenger

Under Act No. 7, Public Acts of 1919, the privilege of Absent Voting is extended to include registration. Upon compliance with this act registration can be secured by mail without personal appearance. An affidavit similar to the following must be made:

State of Michigan

County of _____

ss. _____ being duly sworn, deposes and says that he is a duly qualified elector of the _____ and State of Michigan, that he is not now registered as an elector therein, and that he makes the affidavit for the purpose of procuring his registration as an elector in accordance with the statute.

Taken, subscribed and sworn to before me this _____ A. D. 1925.

Signed _____ Notary or Justice

The time limit for registration, by mail or messenger is the same as where personal application is made. Therefore the affidavit of an elector desiring to register by mail or messenger must be received by the Village Clerk not later than the SECOND Saturday preceding the Election.

NOTE—A blank form for making application for registration can be had by addressing the Village Clerk and giving name of Village above named.

Provisions in Case of Removal to Another Precinct.

Any registered and qualified voter who has Removed from One Precinct of a Village to another election precinct of the same Village shall have the right, on any day previous to election day, on application to the Village Clerk, to have his or her name transferred from the registration book of the precinct from which he or she then Resides. Such elector shall have the right to have such transfer made on Election Day by obtaining from the board of inspectors of election of the precinct from which he or she has Removed a Certificate of Transfer and presenting the said certificate to the Board of Election Inspectors of the Precinct in which he or she then Resides.

Dated, February 2nd, 1925.

THOMAS E. MURDOCK,

Village Clerk.

ELECTION NOTICE.

Wixom Whisperings.

E. M. Moore, a former Wixom resident, and who now resides on a farm near Lansing, was the guest of Mr. and Mrs. R. D. Stephens, Sunday.

Miss Hulda Furman was called home from Detroit on account of the illness of her mother. We are glad to report that Mrs. Furman is improving.

Mrs. Elmer Parks is at Highland helping care for her father, Mr. Kelley who is very low, with a cancer of the bowels.

Mrs. Emma Furman and Mr. and Mrs. J. B. Calhoun of South Lyon were Wixom callers Sunday.

A large number from here attended the Farmers' club held Wednesday at the home of Mr. and Mrs. Charles Wedow at Walled Lake. A pleasant time was reported by all present.

Mr. and Mrs. Joe Sparks are visiting the former's parents.

Mrs. Ida Fuller has been spending the week at Wixom, visiting among old friends and neighbors.

Mrs. F. W. McDonald visited relatives in Toledo last week.

Mrs. John Shannon has been suffering from heart trouble for a couple of weeks.

WIXOM VALENTINE SOCIAL.

The Philathea class of the Wixom Sunday school will hold a valentine social at the home of Mr. and Mrs. Carl Odenburg, Friday evening, February 13th.

CONTRACT LET FOR OAKLAND'S NEW COUNTY INFIRMARY.

Erection of a fine new county infirmary for Oakland county was assured when the board of supervisors shortly after noon on Saturday authorized its building committee to award three contracts to contractors who were low when bids were opened last Friday. The three contracts will total \$218,834. To this cost must be added architect's fees.

The general contract is to be awarded to E. R. Patterson Construction company of Detroit for \$168,000. Eames & Brown were successful bidders for the heating, ventilating and plumbing at \$37,890. The electrical wiring contract is to go to the Lakim Allen Electric company of Detroit for \$7,944. The contracts are to be signed up as soon as the companies can obtain their bonds. Work will be commenced in the early spring on the site of the present county infirmary—Pontiac Press.

Marriage Solemnity.

The two stages through which marriage has developed are: Marriage by force and marriage by contract. In the latter stage of development there was a solemn surrender of the bride by her guardian in the Anglo-Saxon marriage service. This ceremony is the proudest and the custom of "giving away the bride" is traced to this solemn surrender.

"PEOPLE'S PARTY" CAUCUS.

SEVENTH AND EIGHTH GRADE COUNTY EXAMINATIONS.

The county examinations for the Seventh and Eighth grades this year will be held May 14th and 15th. The places where these examinations will be given will be announced in a later letter, but very likely will be the same as last year.

Seventh grade pupils will be required to write on the subjects of spelling, orthography, penmanship, reading, physiology and geography. Applicants for the Eighth grade diploma will write on the subjects of arithmetic, grammar, U. S. history, civil government and agriculture, and must rewrite on such Seventh grade subjects as were below sixty per cent last year.

Pupils to be eligible to write the Seventh grade examination must have completed the regular Seventh grade as outlined in the State Course of Study. This includes the Seventh grade work in arithmetic and grammar, as well as the six subjects on which they will be required to write. It should be understood, however, that there will be no county examination in Seventh grade arithmetic and grammar. Teachers give their own examinations in these two subjects.

A little later this office will send to each teacher blank promotion certificates to fill out and sign for each Seventh grade pupil who has done satisfactory work. These promotion certificates should then be mailed to the commissioner's office and will be assigned by the County Board of School Examiners, after the applicant has passed the county examination. Teachers are cautioned not to recommend pupils whose work is such that another year in the grade is necessary for their best interest.

Teachers are requested to notify the Commissioner the number of Seventh grade promotion certificates needed. At the same time they should order the number of promotion blanks for the other grades.

The Seventh grade reading will be based upon Longfellow's "Courtship of Miles Standish." It is advisable to have both Seventh and Eighth grades study this class together. It will make the class more interesting.

Where pupils of the Eighth grade did their Seventh grade work last year in a graded district and regularly completed geography, physiology, etc., in the Seventh grade, they

America's Marvels

NATURAL AND OTHERWISE

By T. T. Maxey

THE RIVER THAT FLOWS BACKWARD.

Like all normal and well-behaved rivers, the Chicago river carried its waters from its head toward its mouth, emptying into Lake Michigan. The building of a drainage canal from its head through the ridge that divides the drainage between Lake Michigan and the river farther west to a connection with the river system, reversed this natural and orderly procedure, with the expected, although astonishing result, that the waters of this river now flow from the lake into its mouth and out through its head into the drainage canal.

Flowing from Lake Michigan the Chicago river runs through the city of Chicago, separating as it goes into North and South branches. These branches, in turn, divide the city into three sections, or divisions—North, West and South.

The main channel of this river is about seven miles long, with an average width of 200 feet and an average depth of 26 feet. This channel has been dredged repeatedly until now it is sufficiently deep to accommodate the largest freight boats operating on the Great Lakes. This channel is spanned by about thirty bridges, which carry foot, vehicular, street car and rail traffic over it.

Bisecting, as this river does, the business heart of America's second largest city, naturally its banks are crowded with warehouses, factories, coal and lumber yards and grain elevators of the largest size. The switching tracks of many of the largest transcontinental railroads reach the land side of these industries, so that the rapid and economical interchange of traffic and distribution of the products of our farms and factories are here carried on quickly and in a big way.

The volume of freight tonnage handled by this short, but constantly busy little river, bulks astonishingly large. The records make this immediately apparent. During a recent 12 months 2,540 vessels arrived in this river and 2,547 sailed out of it. Among other things, their cargoes included 15,042 tons of binder twine, 11,374,829 bushels of wheat, 11,607,678 bushels of oats, 38,993,738 bushels of corn and 203,580 tons of miscellaneous freight.

The Chicago river is non-tidal, and probably the most important stream of its length on earth.

On Strike.

"Uxtree! Pipy! Pipy! Uxter!" yelled the lad. "Bandits all go out on a strike! Uxtree!"

"Bandits strike—what for?" asked the gent from Jimpson Junction.

"They don't want the wages of sin reduced. Uxtree! Pipy!"—Kansas City Star.

may be credited in these subjects, provided they file with the School Commissioner a statement from the superintendent of the graded district that these subjects were completed, giving the final standing in each.

Any particular questions relative to the examinations will be gladly answered if you will write the Commissioner.

Last fall when Senator James Couzens was seeking the votes of Michigan electors he promised to support President Coolidge, but he has evidently forgotten his promise. He has opposed the President in everything he has undertaken since the convening of Congress last December and now he is in league with a few republican lame ducks to prevent the confirmation of Charles W. Warren as attorney general.
