MRS. B. J. HOLCOMB DIES FROM BURNS.

Mrs. B. J. Holcomb of Plymouth, who was a teacher in the Northville schools for more than three years, died at Harper's hospital in Detroit last Saturday night from the effects of burns which she suffered at her home about noon. It seems Mrs. Holcomb was heating a solution of turpentine and laid on the gas stove into which she attempted to pour some camphor from a bottle. The fluid became ignited and the bottle exploded in her hand, scattering its contents over her head and body. She ran out of doors and her screams attracted attention of a teacher at the school building who gave the alarm and summoned assistance, but before the flames which had developed her could be smothered she was terribly burned. She was rushed to the hospital but all efforts to save her life proved futile and she passed away Saturday night. She was conscious for a long time after the accident and explained to her husband and those about her plans she had made for the conduct of Plymouth Chapter, O. E. S., of which she was worthy matron.

The report of her death reached Northville Sunday morning and the whole community was shocked at the terrible news. She was held in high esteem by both pupils and patrons of the school and by all who enjoyed her acquaintance. Besides her husband she is survived by a six-months' old baby, for whom she was preparing the solution, when the accident occurred. Funeral services were held Tuesday afternoon and were attended by a good many Northville people. The pupils of the local schools contributed a beautiful floral piece as an expression of their esteem.

LOCAL RED CROSS CHAPTER CONTRIBUTED TO CYCLOPE SUFFERERS.

Responding to the appeals that have been made by the American Red Cross for funds to relieve suffering throughout the cyclone area of Indiana, Illinois and Missouri the local chapter of the Red Cross sent \$100. Should any of our citizens feel that they would like to contribute something to the fund their contributions may be given to either of the local banks to be turned over to the proper persons. The local chapter has had many appeals for aid during the past few months and an effort has been made to assist all worthy and needy cases. In a great calamity like the one which wrecked so many homes last week and took such a toll in human lives the American Red Cross stands as an organization alert and ready for action at any moment. Red Cross supplies and workers were on the ground last week within a very short time after the news of that terrible loss became known. No other organization can do the work in such cases as wisely or as efficiently as the Red Cross and it is well to keep this fact in mind when you are asked to renew your membership year after year.

OBITUARY—LYDIA S. WHITE.

Lydia S. White was born at Livonia, July 18th, 1842, and died on Wednesday, March 18th, 1925. She was the only daughter of Harvey and Harriet White and a sister of the late Henry M. White.

About 1852 the family moved to a farm south of Northville where they resided until the death of the father on January 6th, 1863. The mother then purchased the present home in 1875 which has been the family home ever since.

On November 25th, 1880, Lydia S. White was married to Myron D. White, who less than a year ago preceded her to the other side. To this union were born two children, Lottie and Harvey, who with four grandchildren and one niece, Mrs. Nettie Griswold, survive.

Mrs. White was for many years a member of the Presbyterian church and was in regular attendance until her health compelled her to remain at home.

Dr. R. G. Dean, who practiced in South Lyon and New Hudson twenty years ago, died March 5th from pneumonia, at Ithaca. He was nearly 70 years of age and removed from South Lyon to Ithaca in 1911. Milford Times.

Beginning April 1st, Milford merchants close their places of business Tuesday and Thursday nights of each week at 6:00 o'clock, and will continue throughout the summer.

Jewell, Blatch & McCordle have the contract for the plumbing work for two modern comfort stations to be erected by Wayne county at Belleville and at the intersection of the Ford and Telegraph road—Plymouth Mail.

APRIL 4 TO 11TH NORTHVILLE'S DATES FOR SAFETY DRIVE.

Yesterday afternoon at 2:30, Wayne county's second annual safety campaign was formally opened at Highland Park, when the city inaugurated the use of the new pedestrian tunnel recently constructed there for the protection of school children and others who are compelled to cross the street at the intersection of Second and Cortland avenues.

In speaking of the approaching campaign the Detroit News of last Sunday stated "The Wayne county campaign this year is to be bigger and better than the 1924 drive because the city of Detroit has decided to abandon its annual safety week and instead take active part in the work being done in different sections of the county."

Under the program to be carried out this year, members of the safety and traffic committee of the Detroit Automobile Club, the traffic division of the Detroit police department, and other organizations, will take part in the county campaigning and will send speakers and motion picture films to the several towns in each section while the work is being centered there.

Detroit will take spot light at the end of the month's drive. The campaign will end on Sunday, April 26, and on the afternoon of that day the annual safety parade will be held. Prizes will be offered for the best floats. A mass meeting will be held in Cadillac Square.

The four sections established for the safety celebration include the following communities:

Section 1—Flat Rock, New Boston, Romulus, Belleville and Wayne. Active campaign from March 26 to April 4.

Section 2—Plymouth, Northville and Newburg. Active campaign from April 4 to April 11.

Section 3—Springwells, Dearborn, Grosse Pointe and Hamtramck. Active campaign from April 11 to April 18.

Section 4—River Rouge, Ecorse, Lincoln Park, Wyandotte and Trenton. Active campaign from April 18 to April 26.

Public mass meetings will be held in all of these communities and programs are now being prepared by Supervisor of Safety William Safford and James Maynard, of the sheriff's office, and L. J. Van Schoyck, director of the safety and traffic division of the Detroit Automobile Club.

On Wednesday evening, April 8th a mass meeting will be held at the Alseium Theatre in this village and a fine program of musical numbers and pictures will be given, together with an address by Capt. W. S. Gilbreath, manager of the Detroit Automobile Club. Mr. Safford is working hard to make the local meeting one of the big events of the campaign and he asks the hearty co-operation of all the citizens of this section, especially of all auto owners and drivers.

FORESTERS TO HOLD ANNUAL BANQUET TO-NIGHT.

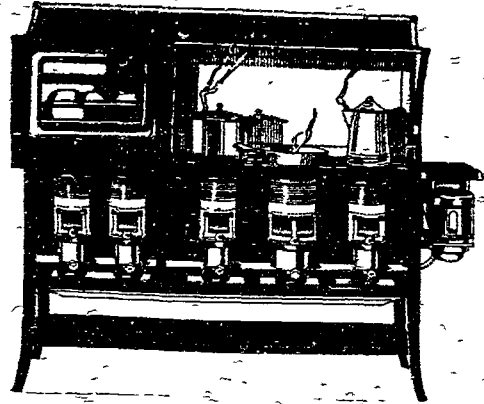

This evening at their hall the members of Quirt Northville, No. 65, Foresters of America, will give the twenty-third banquet of the organization. These annual gatherings have grown in popular favor with each passing year and no other function given in Northville during the year creates more real pleasure or enjoyment than do these "family nights," as they are observed by the Foresters. The affair this year is in the hands of the following committees and the gathering to-night gives promise of being a most enjoyable one. Executive W. H. Safford, F. Woodmansee, Geo. Martz; Invitation, A. Mitchell, J. Robertson, C. Smith; Music, R. Cramer, G. Hicks, A. Williams; Refreshments, G. Dixon, Jay Goodale, T. Higgins, Ed. Masters, A. Johnson, Guy Marun, Charles LeFever; Reception, Mr. and Mrs. J. W. Lay, Mr. and Mrs. G. Hicks, Mr. and Mrs. J. McKeever, Mr. and Mrs. B. E. Warner, T. Lampman, Miss Carrie Summons; Decorations, H. White, J. W. Lay, Jay Goodale, M. Bolens, A. Stulwell, Jim Green; Floor, Robert Pickell, R. Cramer, C. LeFever, Geo. Dixon.

Dancing and a good time will follow the dinner, which will be served from 6:00 to 9:00. Perkins' orchestra will furnish music.

Those who did not receive an invitation are invited to attend.

Dr. E. B. Cavell writes The Record from Daytona Beach, Florida, that the members of the Schrader-Cavell party expect to start for home on April 1st, "if the roads are not too icy." The weather is ideal down there—\$6 in the shade—and all have greatly enjoyed the outing.

Fundamental Transportation

Into the vast and complicated network of Transportation in Michigan have been knit several accessory types of carriers. Yet it is noteworthy that each of these accessory carriers exists only through service by certain of Michigan's 24 Steam Railroads.

Electric railroads get their power from coal. Steam Railroads bring it to them.

Motor cars, trucks and busses use gasoline for fuel. Steam Railroads bring it from far-away refineries—bring, too, the materials for the paved highways on which motor vehicles run.

Not even ships are self-sustaining. Their coal meets them at the railroad.

Steam Railroads are Fundamental Transportation.

On their faithful performance everything else depends.

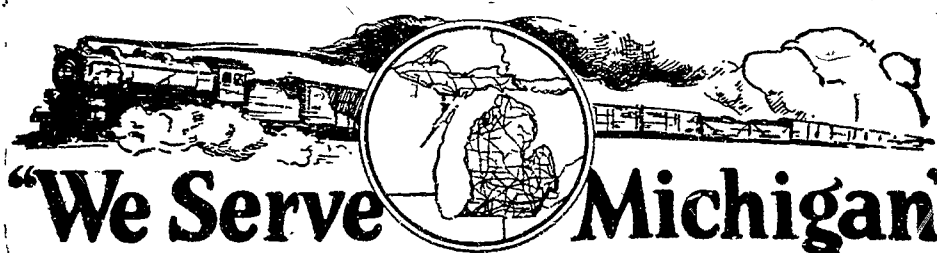

This responsibility is ever before the Steam Railroad men of Michigan. And they feel they are meeting it today better than ever before.

Does your experience confirm this belief?

Do you appreciate the absolute need of protecting this Fundamental Transportation from further restrictions adding to the cost of service?

Write this association frankly and fully.

Earliest Sweet Sounds

The first sweet sounds, the trumpet or horn, and the kithara were used by the Greeks. The Egyptians used the flute, the ancient Hebrews and the harp. The harp, in every instance, had 15 strings.

SENATE CONFIRMS NEW ATTY GENERAL

Washington—Advised by Charles Beecher Warren, of Detroit, that he did not desire, and would decline, a recess appointment as attorney general, President Coolidge, after conferring with Senators Curtis and Robinson, the Republican and Democratic senate leaders, sent the nomination of John G. Sargent, of Vermont, to the senate. The senate in open session confirmed the nomination for attorney general without a record vote. The whole situation canvassed in advance by the president in his conference with Senators Curtis and Robinson, and Mr. Coolidge had told them quite frankly he did not wish to submit a new appointment to such an ordeal as that dealt out by the senate to Mr. Warren.

Pershing Heads Plebiscite

Washington—Gen. John J. Pershing, commander-in-chief of the American forces in the world war, was named by President Coolidge as president of the plebiscitary commission, which will supervise the holding of a plebiscite to decide the sovereignty of the disputed provinces of Tacna and Arica, between Chile and Peru. General Pershing has just returned from a four months' tour of South America as the head of the American mission to the celebration of the anniversary of the battle of Ayacucho at Lima, Peru, and was entertained by high Chilean and Peruvian officials.

Posse Kills Bank Thugs

Steelville, Mo.—Two robbers were killed, two wounded and captured and a fifth escaped when a citizen posse engaged in a battle with the bandits who attempted to rob the Farmers Bank of Steelville. One citizen was wounded.

The driver of the robbers' automobile, who earlier had "tipped" off the cashier of the First National bank of the attempted holdup, was one of the men killed. He had informed the cashier that he desired to "break away" from the gang of robbers.

Intemperance Increases

New York—Gain in drinking is shown in the report of the Charity Organization Society on families aided during the last year. Despite the prohibition laws, the society found intemperance the problem to be overcome in 12 per cent of the families. This was a rise from 10 per cent last year and 7 per cent the year before. In 1921, intemperance provided 8 per cent of the total cases, and in 1920 it was 9 per cent.

Labor Wants Radio Plant

New York—Labor wants a broadcasting station all its own. It wants to use radio in order to keep step with the times and link labor forces and the general public, according to James M. Lynch, head of the International Typographical union. "A broadcasting station should be established either by the American Federation of Labor or by a cooperating group of large unions," he said.

Soviet Leader Killed

Pairs—M. Nankoff, of the Soviet war council and four other persons were killed when their airplane fell in flames near Soukoun, according to a dispatch from Moscow. The other victims were M. Nogilevski, president of the Trans-Caucasian commission, M. Atarkhoff, representative of the commission, and the two pilots of the plane.

Schurman Envoy To Germany

Washington—Dr. Jacob Gould Schurman, present minister to China, was nominated by President Coolidge to be United States ambassador to Germany. Schurman will succeed Allanson-Broughton who was transferred from Berlin to London, following appointment of Ambassador Kellogg as secretary of state.

Lord Curzon Is Dead

London—Marquis Curzon, of Kedleston, lord president of the council, died here following an operation early this month. Since that time he had gradually failed. He was 66 years of age. Lord Curzon had been prominent in the public affairs of Britain for the past quarter of a century.

Storm Tears Boats Adrift

Buffalo, N. Y.—Eight lake cargo boats were torn loose from their winter moorings in Buffalo harbor, a school building in the town of Wheatfield was unroofed and two uncompleted buildings in this city were flattened today by a gale which whipped across the eastern shore of Lake Erie.

King George Takes Cruise

London—King George, accompanied by Queen Mary, have left London for their Mediterranean cruise. A special train took them to Genoa, where the royal yacht, Victor and Albert, had been prepared. King George looked well. A small crowd cheered the royal couple.

13 Killed in Train Crash

New Orleans—Two fast Southern Pacific railroad mail trains collided in a dense fog at Ricohoc, La., killing 13 persons and injuring five others.

P. M. RAILWAY SYSTEM IN BIG MERGER.

Stockholders of the Pere Marquette Railway Co., meeting Saturday in the company's offices at the Union Station ratified leasing of the road to the Nickel Plate Railroad. This is the final step necessary, aside from permission from the Interstate Commerce Commission, to place the Pere Marquette in the giant railroad merger being undertaken by O. P. and M. J. Van Sweringen, of Cleveland.

PRESBYTERIAN CHURCH NOTES.

Paul says, "If one member is suffering, all the members suffer with it." A special offering will be taken on Sunday to assist the Buchanan Presbyterians in rebuilding their church, which was destroyed by fire.

Sunday morning worship at 10:30, with sermon subject, "The Name Above Every Name."

Unusual interest was manifested last week in the Y. P. S. C. E. All our young people are urged to be on hand next Sunday at 6:30 p. m.

Sunday evening the pastor will discuss the question of "A Young Man's Choice."

Thursday evening study "Forbidden Him Not" Mark 9:38, 41, Luke 9:49-50.

The Men's club will meet Sunday afternoon at 3:30, to discuss plans looking forward to the Easter services. Let every man be on hand and on time.

ST. PAUL'S LUTHERAN CHURCH.

Services next Sunday in English, at 10:30 a. m. Theme of sermon, "Jesus Christ, our Merciful High Priest."

Next Wednesday at 8:00 p. m. Lent service. Theme of meditation, "Jesus' Conversation with His Captors." This will be the last of Wednesday Lent services. The Lent season will close with service on Good Friday. Let us all again meet under the cross of our Savior.

Tonight the young people will meet at the school hall to practice for the coming entertainment.

Mrs. Charles Meisner underwent a serious operation at the Sessions hospital last Sunday, but is now on the way to recovery.

Rev. Turk, the Lutheran institution missionary of Detroit, called at the parsonage last Monday and was driven to the prison farm by Paston, Eisfeldt.

BAPTIST CHURCH NOTES.

Over fifty out to prayer meeting last Thursday but this is not one hundred.

Let's keep busy and make it a hundred.

Subject for next Sunday morning is "Making Our Religion Serviceable."

A religion that is not serviceable is not satisfactory. How about yours?

"Who's Your Master" is the subject of the evening sermon. The pastor believes that all of us have a master. Come out and see if you agree with him.

Northville is being well represented at the revival meetings being held in Plymouth by Rev. Joe J. Payne, at the Baptist church of that place.

There was a drop in Sunday school attendance last Sunday but we are still well above the one hundred mark.

With a revival meeting at the Baptist church in Pontiac and another in Plymouth, we are between two fires but they are good fires to be between. Our church will be benefitted and we are glad to note that our people are not neglecting their own services.

METHODIST CHURCH NOTES.

These pre-Easter days are days for self-examination and wholesome thoughts. The place to develop our Christian experience is the family altar and the church. Let us find our way to the house of God. An evangelistic sermon will be given for our help, and the music will be inspiring. Let us worship at 10:30.

The Bible school is for all at 12:00 noon. The Epworth League with Dorothy Dunbar as leader at 6:30.

In the evening the male quartet will sing, with an anthem by our vested choir. The pastor will preach to souls needing help into the Kingdom of God. Time, 7:30.

Bring your favorite text for next Thursday at 7:30 p. m.

Spiritual Viewpoint.

Selfishness and ingratitude are twin sisters.

Pride will rend the robe of righteousness into tatters.

You cannot hate your brother and love God at the same time.

An impure thought is a key that locks the door of the heart against the coming of Christ.

FAIRBANKS DOES THE IMPOSSIBLE.

Douglas Fairbanks' amazing picturization of the Arabian Nights, "The Thief of Bagdad," which will be presented at the Alseum theatre next Wednesday and Thursday nights, is generally considered as being, beyond question, the most extraordinary example of screen art known up to the present time. According to all accounts, it marks a distinct and radical advance in this popular form of all entertainments, and places it on a higher plane than it has yet attained. In "The Thief of Bagdad" Douglas Fairbanks will be seen at his best as the agile happy-go-lucky rascal of old Bagdad. The story is based upon the services of thousands of people. Fairbanks' role is that of a Thief who reforms and becomes a veritable Prince—conquering unbelievable difficulties and finally winning the hand of the beautiful Princess. To depict such happenings as are revealed in "The Thief of Bagdad" has never before been considered within the bounds of possibility. You will greatly enjoy this picture.

CURRENT NEWS TERSELY TOLD

Thousands Killed Or Injured As Tornado Tears Through Central West

Chicago—A tornado of unusual proportions, tore through Southern Illinois after lashing Eastern Missouri and then caused considerable damage in Indiana, Kentucky and Tennessee after collecting a reported toll of nearly 1,000 dead and 300 persons injured, on the basis of estimates available from the storm swept regions, where communications was largely destroyed.

The destruction of property was enormous, several towns being almost entirely wiped out, and such populous places as West Frankfort and Murphysboro having lost whole blocks of buildings. In the town of Parrish only three persons were said to have escaped death out of a population of 500.

In some places, where the twisting wind struck hardest, whole buildings were moved from their foundations, a grain elevator at Desoto having been carried intact some 40 feet to the middle of a road. Churches and schools seemed to have suffered most outside of dwellings and less substantial farm buildings. A school house at De Soto was razed and only 3 of the 250 occupants escaped unhurt.

The storm was not so severe in Missouri where it seemed to emerge from the Ozark mountains but it laid waste a number of towns and many farms before it jumped the Mississippi river into Illinois. There the tornado was at the height of its fury for several miles while it careened from Murphysboro to Parrish.

Relief was almost as quick in its action as were the elements. Relief trains bearing doctors, nurses, wreckers, and goodly supplies of medicines and food were dispatched from Chicago and St. Louis as well as other points within a few hours after the disaster became known.

Quebec Shaken Again

Quebec—An earthquake of such intensity as to set buildings trembling and frighten the populace, again visited the region where the more severe quake of three weeks ago is believed to have had origin.

It was most noticeable in the St. Lawrence and Saguenay valleys, in the parishes of Baie St. Paul, Murray, St. Siméon, Limoulin, St. Roch, Lorteville, Charlebois and St. Sauveur. Although telephone service was disrupted there were no persons injured, and the property damage was small.

Cable To Italy Opened

New York—On March 16 Baron Giacombo de Martino, Italian ambassador to the United States, pressed a switch in the offices of the Western Union Cable company which opened the first direct cable linking the United States and Italy.

Immediately following the first message flashed to Rome was one from President Calvin Coolidge to H. M. Victor Emmanuel III, king of Italy, in which President Coolidge sent his greetings in the name of the United States.

Extra Session Planned

Washington—President Coolidge plans to call a special session of congress in September to consider further tax reduction, members of the senate were informed as they prepared to close their offices here and leave for home for the summer. Chairman Smoot, of the senate finance committee, and Chairman Green, of the house ways and means committee, have told members of their committees to be ready for a call the latter part of July or the early part of August.

Guard Appropriation Held Up

Washington—President Coolidge has ordered all expenditures of the \$1,322,000 appropriated by Congress to pay for national guard armory drill-work held up, pending an investigation to determine advisability of making such payment.

The appropriation was carried in the deficiency appropriation bill passed by Congress before adjournment, and the president now wishes to ascertain how the money is to be distributed, and what the necessity was for its appropriation.

Ex-Senator Culbertson Dies

Washington—Former Senator Charles A. Culbertson, of Texas, died at his home here at the age of 70 years. Mr. Culbertson had been an invalid for years and before his retirement from the senate in 1922 it was necessary for him to use a wheel chair about the capitol. Mr. Culbertson was a member of the senate for 23 years and one of that state's political leaders for three generations.

Boy Lies To Save Mother

Los Angeles—"Sonny" Willis, the 15-year-old boy, who declared, some days ago, that he and not his mother had killed Dr. Benjamin B. Baldwin, has admitted that he had lied in an endeavor to save his mother, Mrs. Margaret Willis, from going to the penitentiary. The confession came after Harold had been closeted several hours with members of the district attorney's staff.

Wixom Whisperings.

F. W. Wagnitz is working in Detroit this week.

Mr. and Mrs. Thomas Gillick have moved to Northville.

Born, March 18, to Mr. and Mrs. Joseph Sparks, a son.

Miss Eula Parker is clerking at the Sugden confectionery store.

Miss Rose Hubbell of Grand Rapids has been visiting her brother and family.

Mrs. R. D. Stephens was at Pontiac last week for a few days visiting friends.

Herbert Sparks has rented the Stevens house, and expects to move there soon.

The home talent play which was given at Franklin last Friday evening, was a success. The door receipts were \$43.00.

The Beacon Light Sunday school class spent last Thursday evening at the home of Mr. and Mrs. Bert Parker. It was in honor of three of their members—Bert Parker, B. L. Clark and Marvin Bogart, their birthdays all falling on St. Patrick's Day. A pleasant time was reported.

Mark H. Baughn, a pioneer resident of Oakland county, died at his farm home in Milford township on Friday 13th, 1925. He was born on this farm November 13th, 1839. His wife died about two years ago. He leaves three daughters, Mrs. Isaac Ryall of Royal Oak, Mrs. Walter Bourns of Keego Harbor and Mrs. Alton Worden of Milford.

Funeral services were held Monday afternoon at the home, with burial in the Wixom cemetery.

Our community was saddened last Thursday to hear of the death of Mrs. Ora Hopkins, which occurred at her home north of town early Thursday morning, after an illness of about a week. She leaves besides her husband, a small daughter, also her parents, a sister and two brothers. Her home was at Cleveland until her marriage a few years ago. Funeral services were held at the home Saturday afternoon Dr. Brooks officiating, with burial at the Wixom cemetery.

Quite a number of the Wixom people have been at Pontiac to attend the evangelistic meetings which are being held at the First Baptist church.

The zone meeting which represents several different school districts was held Saturday at the Wixom school house. About twenty teachers were present, including Miss O'Connor, the helping teacher. A chicken pie dinner was served at noon to about 150 in the church basement. A program was given in the afternoon at the school house. West Novi school had about twenty-five present from their district. The meeting next month will be held at the Stone school house.

The annual meeting of the Presbyterian Society to Missions of the Presbytery of Detroit will be held in Pontiac, Michigan, Tuesday and Wednesday, April 7th and 8th, 1925. Morning session, Tuesday at 9:30 a. m. Wednesday at 9:00.

Heating Advice Saves Fuel

We believe we can help owners if they will give us a chance to talk with them about the regulation of their boilers. The important thing is the accurate and sensitive control of fire so that it does not "run away" or "smolder out."

Make the coal pile last longer by better firing and fire control. You may need more advice this year because of the necessity of burning less coal and a different kind of coal probably, than you have been accustomed to. Be prepared and have your plant "tuned up."

If you have an OLD house—let us submit an estimate to you for installing a modern labor and fuel saving Ideal American Heating Outfit in it. It is easy to heat old homes because they are usually well built and it is a quick and easy matter to install radiator heating.

Please do not hesitate to call us. Our heating advice is free and you will be under no obligation whatever. We stake our reputation on our work and OUR PRICES ARE REASONABLE.

Walled Lake Warbles.

The funeral of Martha Severance was held Saturday.

Fire destroyed a cottage on the south side of the lake Sunday night. The building was not occupied.

Lemuel Severance of Hastings, a former Walled Lake boy, occupied the pulpit of the Baptist church Sunday night. Rev. Prestidge of Pontiac preached in the morning.

The members of the Junior class of the Walled Lake school gave their annual J-hop at the High school building last Friday and the affair was a very enjoyable one. Upwards of eighty couples enjoyed the dance program. Refreshments were served by members of the class, who did nicely. The meeting held at the High school gym last Saturday night proved to be about the biggest fraternal society event of the season. Forty candidates were introduced into the mysteries of Oddfellowship, being given the first, second and third degrees. Pontiac and Milford Lodges conferred the degrees. Members of the Rebekah Lodge served refreshments.

Mrs. J. A. Deveraux entertained the original "True Blue" class of the Methodist Sunday school Saturday afternoon at her home. This was an organized class of young ladies, some of whom have gone from here to other places. Of those who have moved away were Mrs. Edith Sherwood Barnett and Mrs. Kathryn Kage of Rochester, Miss Flora Bullard of Ferndale and Miss Helena Strong of Ann Arbor. A very enjoyable afternoon was spent and a luncheon was served by the hostess. Fourteen were present.

FRUIT GROWERS STUDYING BLIGHT CONTROL YORK.

Methods of controlling fire blight in Michigan orchards are being demonstrated this week in Washtenaw county, where a special "blight management" training school is being held under the auspices of the horticultural department at M. A. C.

Fifteen professional blight cutters, trained last year by the college, started work on the Huron Farms company orchards, between Ann Arbor and Ypsilanti, on Monday, March 23rd. The work is expected to last until about April 3rd, and fruit growers of the state are invited to inspect the operation first hand.

The college horticultural department is supervising the Washtenaw county work, using it as a training school for those who wish to learn the technique of blight removal.

"The blight is a bacterial disease of the inner bark," says H. A. Cadwell, extension specialist at M. A. C., "and has been successfully handled only by surgical methods. It takes at least three days' practice, under trained supervision, to learn the technique of the work, and so those who attend the Washtenaw county demonstration to learn blight removal should plan to stay for this period."

NEW BILL IS AIMED AT RECKLESS DRIVERS.

A bill to permit enforcing officers to make arrests for a misdemeanor without a warrant and without witnessing the act was introduced in the house lately by Representative John M. Harris, of Charlevoix. Under the present law, the officer can make arrests only when armed with a warrant or when he is a witness. The Harris measure would allow any officer to make an arrest when he had knowledge or belief that a warrant for the alleged guilty persons was out or that the misdemeanor had been committed.

According to Representative Harris the aim of the proposed law is to facilitate the apprehension of reckless and drunken automobile drivers although it would apply in other cases.

FIRST CASE UNDER SERIALIZATION LAW.

Provisions of law passed by the legislature in 1923 providing for the sterilization of feeble minded persons, are about to invoke for the first time in Oakland county. A Pontiac man has petitioned the probate court to arrange for an operation on his wife who is an inmate of the Michigan Home and Training School at Lapeer where she has been nearly a year. Their five children, ranging in age from a year and a half to 10 years are being cared for in a county boarding home. She and her husband have both consented to the arrangement. A hearing on the petition has been fixed for March 30th.—Pontiac Press.

WEST NOVI SCHOOL NOTES.

A shadow social was held Thursday at the home of Mr. and Mrs. Bert Kimball for the benefit of the West Novi school. Games were played, and those winning the prizes were: Mrs. Gleason and Elizabeth Gleason. The shadows all sold at a good price, and highest being \$5.25. The proceeds of the evening were \$50.00. The pupils and teacher, Miss Papineau, wish to extend their thanks to Mr. and Mrs. Kimball for the use of their home, and to John Chamberlain, who acted as auctioneer. The money is to be used to buy pictures, shades, chairs, curtain rods and new instruments for the orchestra.

NEWS FROM THE STATE CAPITAL

Wayne County Forced To Accept Seven Seats Measure In Senate

Lansing—After two hours of jockeying and debate the senate passed by a 15 to 12 vote the Wood reapportionment bill which would give Wayne county seven senate seats. In the balloting and discussion, the senate expressed itself clearly that it would oppose any bill which would give Wayne any more, and the ultimatum was delivered to the Wayne members that unless they accepted the seven-seat bill they would get nothing. The vote was taken in the face of an opinion by the attorney general's department, the bill likely would be unconstitutional.

Board Given Highway Central

The final act in connection with the adoption of its major highway program was performed by the Legislature when the House accepted a Senate amendment to the Ming Bill, giving the State control over the construction and maintenance of the trunk line system, and sent the measure to the Governor for signature.

The change from the original bill was a short phrase giving the State Administrative Board undisputed supremacy. As introduced, the measure specified that the State Highway Commissioner and "other state officers," should direct expenditures. The Senate made it more specific by substituting "State Administrative Board."

The final adoption of the Ming Bill and the transmission of the Atwood Bill to the Governor, finishes the program. The Ming Act requires the State to pay the entire cost of the trunk line construction, relieving the counties of about \$4,000,000 a year.

Crime Bureau Blocked

The House sent the Haight Bill, proposing the establishment of a bureau of criminal identification, to the State Department of Public Safety, to the Ways and Means Committee. It was slated for consideration on the floor, but Rep. Robert Mac Donald, of Laramie, objected to advancing it without the approval of the Finance Committee. The State Department of Public Safety virtually conducts a criminal identification bureau now, he stated although the Legislature has never been consulted.

Anglers' License Voted

The senate passed the angler's license bill 24 to 7. The opposition was led by Senator Norman B. Horton of Fruit Ridge, who declared that "while the bill's proponents said that they expected to realize \$100,000 a year from it, to use in fish propagation work, he believed that the actual proceeds would be nearer \$750,000. The bill provides a \$1 annual license for male anglers more than 16 years old who want to catch bass or trout, exclusive of lake trout, in Michigan waters."

Regulate Hours of Firemen

The Senate passed, by a vote of 25 to 2, a bill regulating the hours of fire department employees in cities of more than 10,000 inhabitants. It was introduced by Senator Frank L. Young, of Lansing. It is provided that firemen shall not be on duty more than 24 hours, and shall not be off duty less than 24 consecutive hours in any period of 48 hours.

Deer Season Cut In Two

Over the negatives of six Lower Peninsula Senators, the Truettner Bill reducing the deer hunting season from 20 to 10 days passed the Senate. Senator Roy Herald, of Detroit, backed by Senator Norman B. Horton, of Fruit Ridge, objected because the bill would separate the deer and bird hunting seasons by 10 days in the Upper Peninsula.

Bohn Measure Passed

The Bohn primary school fund reapportionment bill, which would take \$300,000 out of Wayne's share of the fund and distribute it among counties in the northern part of the state, was passed by the senate on third reading. Three Wayne senators were the only ones who voted against the bill.

House Passes Pension Bill

Destitute mothers in Michigan are barred from the operation of the mothers' pension bill unless they have been in the state two years and in any single county one year, under the terms of a bill that went to the senate after being passed by the house of representatives.

Crossing Bill Passed

A bill making it a misdemeanor for motorists to cross unprotected railroad crossings without first stopping, was passed by the House, 62 to 12. Violators, it is provided, would be punishable by a fine of from \$10 to \$100 or a jail sentence of not more than 90 days. It provides that the Michigan Public Utilities Commission may, at the expense of the railroad, place large white signs at any crossings otherwise unprotected, the signs to read: "Stop, Railroad Crossing, Michigan Law."

"EXPRESSION WILLIE" AT THE BONSTELLE PLAYHOUSE.

In "Expressing Willie," which the Bonstelle company will offer at the Bonstelle playhouse, next week, beginning Monday night, Rachel Crothers offers one of her breeziest bits of writing and a comedy offering a wide range of characters. There is a painter of expressionistic portraits, a young married couple of the horsey-

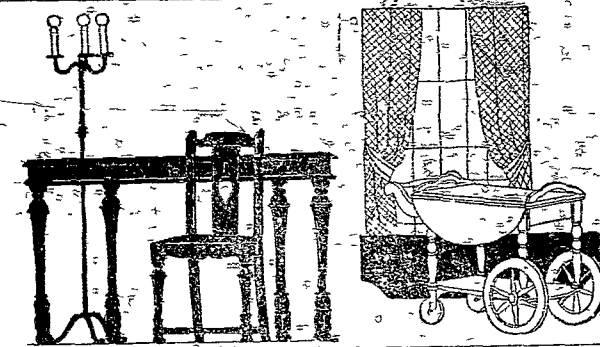

set, a Lorelei of the studios whose life is non-observation of the conventions and one constant play for self-expression, and sundry other characters.

W. H. Elliott purchased the building formerly occupied by Lucius Blake, the jeweler, and has moved it over near his bake shop and will convert it into a garage.

Mr. and Mrs. W. H. White are enjoying an outing in New York state, visiting relatives and old friends at Rochester, Livonia and Avon. They will be absent a couple of weeks.

Owing to the death of Mrs. Holcomb of Plymouth, the chapter meeting announced for this week Wednesday night was postponed for two weeks.

Mr. Holcomb is an officer of Union Chapter R. A. M.

George W. Alton will open his new retail and wholesale meat market in the Park Hotel block tomorrow. He has the room fitted up in a neat and attractive manner.

Northville is well represented on the United States grand jury in Detroit this term, four of its citizens being members—Messrs. Schuyler, G. H. Baker, Hunkley and Richards. Mr. Richards is officiating as secretary.

John Rensler of Monroe died at East Lawn Sanatorium Monday forenoon. The remains were brought to Schrader Brothers funeral parlors and prepared for burial. Funeral services were held on Wednesday.

Lucius Blake, the jeweler, moved to the room recently vacated by the gas office on South Center street last week Friday and is now doing business there. When the new building is completed he will move back to the old location in a new room.

Mrs. Edward Millard died very suddenly at her home just off the Seven Mile road Monday night. She was the daughter of the late Asa Roberts and a sister of Mrs. C. R. Ely. The Millards had just sold their farm and were planning to take up their residence near Redford in the near future. Funeral services were held Thursday afternoon.

Beginning April 1st, Dr. A. A. Holcomb will not be in his office on Wednesdays. Our local physicians are finding that it is quite as necessary for the family doctor to have one day of rest each week as it is for anybody else. They cannot work seven days a week and all hours of the night and "keep going."

The burning of a straw stack on the farm of Clyde Putnam of Novi township on Sunday caused an alarm of fire to be turned in. The Northville fire department and the Walled Lake department responded to the call for aid as did also many others and the fire was kept from spreading to the barns and other buildings.

Those who have renewed their membership in the American Red Cross year after year feel proud to be affiliated with an organization that can act so quickly and so intelligently as the Red Cross did in the cyclone area last week. Representatives of the Red Cross were on the ground extending aid within a very short time after the storm passed.

Schrader Brothers received from Lima, Ohio, the first of the week a handsome new ambulance, equipped with all the newest and most approved devices. It is a very attractive outfit and this enterprising firm is to be commended for the manner in which they are adding to their equipment. We hope to be able to present a picture of the new vehicle soon.

Fire in the ceiling of the building occupied by the Northville Electric Shop Wednesday morning caused an alarm of fire to be turned in. The fire was, doubtless, caused from sparks in the chimney used in the rooms occupied by Archie Bradner on the second floor of the building. The blaze was soon under control and fortunately the damage was slight.

The funeral of Margery Williams was held last week Thursday afternoon at the home of her parents, Mr. and Mrs. Andrew Williams, on the Hill farm on the Base Line road. Six of her schoolmates officiated as pall bearers. Burial took place at Farmington. Just the day before Margery was taken ill she had the honor of spelling down her grade at the Northville schools. She was a good student and was a general favorite among her classmates. The tenderest sympathy of the entire community is extended to the bereaved parents.

Hoot Mon! On Wednesday evening about 60 of Harry Cassie's friends from Detroit and Northville gave him a very complete surprise at his home in this village, the occasion being his birthday anniversary. The guests brought well filled baskets and a bountiful pot-luck lunch was enjoyed. The evening was pleasantly spent with dancing and singing and general merry-making. Mr. Cassie was presented with a membership card entitling him to all the privileges and benefits of the Detroit Automobile club.

Walter Hastings, of South Lyon, was the guest of the Exchange Club on Wednesday and gave a very interesting address on the subject of "Conservation," stressing the need of protecting the natural resources of Michigan. He supplemented his very interesting talk with numerous views of birds which he has personally taken. He told his hearers that he found some years ago that it was more real pleasure to "hunt" the wild life with the camera than it was with the gun. Notwithstanding that for many years he hunted the wild life of the Michigan woods and killed for the pleasure of it.

FLOYD C. EVANS MAKES HIT WITH NEW ORCHESTRA

From last Saturday's issue of the Waterbury, Conn. American, we are permitted to take the following notice regarding the accomplishments of Floyd C. Evans, a former Northville boy, which will be read with interest by his many old friends here.

Waterbury's High school orchestra conducted itself well and played admirably at yesterday's session of the Eastern music supervisors' eighth annual convention at New Haven. The local orchestra was the only one to play at the convention, and Floyd C. Evans, the instructor, was well pleased with the reception given the pupils as well as with their own performance.

The convention was opened in Sprague hall of music by President Richard Graug on Tuesday and has been featured by varied vocal and instrumental recitals. The convention came to a formal close with a banquet last night. The orchestra made an excellent impression both in appearance and in musical ability and they were congratulated by teachers and musical celebrities. Among these was T. P. Giddings of Minnesota and to the greatest authority on public school music in the United States, to be the greatest authority on public school music in the United States, to be the greatest authority on public school music in the United States.

The players appeared on the stage in orderly manner. The boys were dressed in a uniform of blue coats and white trousers and the girls wore white skirts and blue waists. The program was divided into three parts and required an hour for the presentation. The program was as follows: (A) Semiramide overture by Rossini; (B) Mozart's G minor symphony in four movements; (1) allegro, (2) andante, (3) minuetto, (4) allegro assai; (C) Carmen suite No. 1 by Bizet.

School Laws Attacked

Washington—The right of a state to enact laws compelling the attendance of children at public schools was argued before the supreme court of the United States in an attack on the Oregon public school laws by sectarian schools in that state.

Fire Sweeps Tokyo Suburb

Tokyo—A total of 1,700 homes were destroyed, causing property damage of \$2,000,000 and 10,000 were made homeless in a fire which swept Nipori, working men's suburb of Tokyo. One hundred persons were injured but no deaths have been reported.

Shepherd Goes To Jail

Chicago—William D. Shepherd, father of William Nelson McClintock, "millionaire orphan," indicted for murder in connection with the death of the youthful millionaire, was placed in the Cook County jail after his lawyers' efforts to free him on bonds had failed.

Jardine Orders Wheat Probe

Washington—Secretary Jardine has directed the grain futures administration to make an immediate investigation of the recent violent fluctuation in the market price of wheat. The action followed receipt of scores of complaints from the grain industry that the recent price declines were unwarranted.

New Planes Ordered

Washington—The war department awarded \$70,000 to the Curtiss Company and \$60,000 to the Douglas Co. for the experimental observation planes manufactured by each company, and development work involved in production of planes, considered safer and more maneuverable types for general observation use than the war-bull D.H.'s now in use.

Fight Promoter Guilty

Trenton, N. J.—George L. (Tex) Rickard and four of his co-defendants in federal court charged with conspiracy to violate the law to transport prize fight pictures illegally were found guilty by a jury. A sixth defendant, James Dougherty of Philadelphia, was acquitted. Rickard was held guilty on one count of conspiracy and on two charging transportation of films of the Dempsey-Carpenter fight from New York to New York and later to New York.

"THE GREEN HAT" AT THE GAR-

ICK THEATRE.

The world's premiere performance of "The Green Hat," a dramatization by Michael Arlen of his famous novel of the same title, will be given at the Garrick next Sunday night, under the management of A. H. Woods.

Arlen stands forth as an anomaly in the field of literature—not yet thirty he has caught the fancy of the reading public by his unusual style, his deep delving into the abysses of human frailties and strengths, through the medium of fully successful novels.

"The Green Hat" stands forth as the best known success in this country and in England, both of which nations have taken to it with an avidity that taxes the printing press of the public.

Of particular interest is the announcement of the cast that Mr. Woods has selected, which includes Katherine Cornell, Ann Harding, (both well known in Detroit through their embryonic training with Miss Bonstelle)

Leslie Howard, A. P. Kaye, Gordon Ash, Eugene Poppers and about 20 others. The production has been staged by Guthrie McCumie, who was director for Miss Bonstelle one summer.

SEEK SAFETY AT CROSSINGS.

In an effort to cut down the appalling loss of life resulting from traffic accidents at grade crossings, the house after extended debate passed the Richardson bill by a vote of 82 to 12. Under the provisions of this bill the Public Utilities Commission would be empowered to designate "extremely dangerous crossings" and to require the railroads to install safeguard signs to warn automobilists and drivers of other vehicles. Upon approaching a crossing so marked the driver of any vehicle would be required to bring such vehicle to a complete stop and to listen and look in both directions before crossing the railroad track.

In the debate on this bill, figures were submitted to show that hundreds of persons are killed or injured at grade crossings in Michigan each year. It was pointed out that trunk line highways are designated as stop streets and it was much more reasonable and necessary to have such restrictions apply to dangerous railroad crossings than even to trunk line highways.

FORD PRODUCTION GOES TO 7,000 DAILY.

Ford production has been increased to 7,000 cars and trucks a day. It was stated at the offices of the Ford Motor company last Saturday.

The company has been operating on a full week schedule for some time in all its manufacturing plants and the present production schedule represents an increase of 600 units a day over that of a few weeks ago. It was said that company reports, coming in from practically all sections of the country, show rapidly increasing spring buying with dealer requirements mounting and stocks nearly depleted.

Fordson Tractor production has been moved up to 450 a day to care for growing demands, is was also announced.—Detroit Free Press

NORTHVILLE FARED WELL AT THE YPSILANTI TOURNAMENT.

Northville's basketball team fared pretty well at the tournament held at the Normal College gym, at Ypsilanti last week, and while our boys did not land among the winners, they won three out of four games played. They defeated Milan, East Tawas and Homer and were defeated by the fast St. Mary's school team of Jackson. The Jackson boys were older and larger than the boys who represented Northville and while all desired to win, there is no discredit in being defeated by such an aggregation. A good many who witnessed the Jackson boys in action declared they were as good as some of the Class B teams at the meet. The local boys were defeated only by three points.

Saturday night the Jackson boys defeated Farmington, the score being 11 to 9. The following is the result of the scores.

OBITUARY.

At midnight of Wednesday, March

18th, 1925, Jeremiah Sessions of North

Center street where he resided with

his son, Charles, passed peacefully

away in his sleep. He was found

shortly after by his son where he had

been placed to rest.

Funeral services were held by Rev

Wm. Richards on Saturday at 2:00 p.

m. in the Schrader Brothers' funeral

parlors.

He was born at Walled Lake on the

14th of October 1847. Later he re-

sided at South Lyon until coming to

Northville. He was married to Mary

A. Thomas in August, 1875. To this

union three boys and one girl were

born. Surviving him with Mrs.

Sessions (one boy dying in infancy)

are Charles, Albert and Mrs. Frank

Lee.

Interment was made in Rural Hill

What My Neighbor Says

Is of Interest to Northville Folks.

When one has had the misfortune

to suffer from backache, headaches

dizziness, urinary disorders and other

kidney ills—and has found relief from

all the sickness and suffering, that

person's advice is of untold value to

friends and neighbors. The following

case is only one of many thousands

but it is that of a Northville resident.

James W. Kator, retired farmer

Main street, says: "Now and then

I overexerted myself and it usually

brought on trouble with my back.

My back ached constantly and my

kidneys didn't act regularly. I went

to the Northville Drug Co. and got

Doan's Pills. I used them and they

corrected the trouble." (Statement

given April 21, 1920).

On January 29, 1925, Mr. Kator said:

"Once in a while I use Doan's Pills

and always get results. I am pleased

to recommend them again."

YOUR finest rugs and draperies are most quickly and thoroughly cleaned the Royal Way—by air, alone.

Powerful air suction, scientifically applied by Royal Cleaner, removes both surface litter such as thread, lint and embedded dirt.

This embedded dirt is dangerous to health because it is literally alive with disease germs—too small to be swept out by brooms or revolving brushes.

Embedded dirt also shortens the life of the rug—like sharp sand, it cuts and wears the threads at every foot-fall.

The strong air suction of the Royal Cleaner gets this doubly dangerous embedded dirt as well as surface litter—removes it all from your finest rugs without the slightest injury.
