C. R. HORTON BUYS ALSEUM THEATRE SITE.

C. R. Horton negotiated for the purchase of the site of the Alseum theatre which was destroyed in Northville's recent fire. W. J. Thompson, owner of the theatre, having decided that it would be impossible for him to rebuild. Mr. Horton has not definitely decided just what he will do, but a new building will be erected on the site this season. Whether the new structure will contain a theatre remains to be determined, but a new building is assured anyway. Northville people will regret to learn that Mr. Thompson feels that he cannot go on with the plans he announced on the morning of the fire to rebuild at once. He has developed the picture business in Northville from its very beginning and by hard work and the practice of strictest economy he has seen his business grow from the little room he rented in the old opera house block to the handsome theatre which was so quickly destroyed by fire. He has labored in season and out and men with less determination would have given up the fight long ago, but Mr. Thompson has had but one purpose and ambition, and that was to give Northville a picture theatre in which all might take just pride.

Mr. Thompson has associated himself with his sister in the Wayne theatre and he will take up his residence in that village and become manager. He contemplates building an addition to the present building an improvement that has long been planned and for which there is now a demand. The best wishes of many friends in this section will accompany Mr. and Mrs. Thompson to their new home.

OBITUARY.

John W. Lay.

Funeral services for John W. Lay, mention of whose death was made last week, were held at his late home on Novi avenue in this village last Thursday afternoon. Rev. William Richards officiating. Interment took place at Rural Hill cemetery.

The deceased was born in York, Pa., June 12th, 1883, being 42 years of age when death removed him from life's duties and activities. He had resided in Northville for seven years and was employed by the Lincoln Motor company of Detroit. Besides his wife he leaves two daughters, Betty Jane and Helen, his mother, one sister and five brothers.

Mr. Lay possessed a personality that drew acquaintances to him and during his residence in this community he had won a large circle of friends. He took an active part in the social affairs of the Foresters and was enthusiastic in behalf of any plan to which he gave his attention.

The floral tributes were many and beautiful, expressive of the esteem in which he was held.

PLYMOUTH PARTIES TO ERECT THEATRE HERE.

Last Friday Mrs. Amelia Ford sold her property on Main street to Kate E. Allen, Harry R. Lusk and Julius E. Kaiser of Plymouth, and on the site will be erected a new theatre as soon as architect's plans and sketches have been approved. The work of clearing away the debris will be started immediately, and it is the present plans of the new owners of this property to erect a play house that will meet the approval of the people of this section. It will be the policy of the management of the new theatre to show only the best pictures at all times and to give Northville a play house in which all may take just pride.

The purchasers of the Ford property are now the owners and managers of the Penniman-Allyn theatre of Plymouth, and they are conducting a high-class play house. They have desired to secure a location in Northville for some time and the fire made it possible for them to secure the site purchased.

PRESBYTERIAN SUNDAY SCHOOL ELECTS OFFICERS.

The following officers were recently elected by the Presbyterian Sunday school for the ensuing year: Superintendent, A. J. Helfrich; assistants, E. S. Beard and Mrs. C. H. Bryan; secretary, Avis Brown; assistant, Lyle Lovewell; treasurer, George Milne; chorister, B. D. Stewart; pianist, Mrs. E. H. Lapham; assistant, Mrs. C. L. Blackburn; superintendent of cradle roll, Mrs. Paul Alexander. The school is in a very flourishing condition.

Miss Lulu Becker of Pontiac was the guest of Mr. and Mrs. Clyde Putnam a part of last week.

FORESTERS TO HAVE COMMODIOUS NEW HALL.

The officers and members of Court Northville, Foresters of America, are not the least bit discouraged or disheartened because of the loss they recently sustained by fire when Foresters' hall was destroyed. On the contrary they began looking about for new quarters before the fire had been quenched and after some searching and investigations they finally decided upon the rooms on the third floor of the block recently purchased by W. H. Elliott & Son on Main street. The new quarters will be remodeled and made into very attractive and commodious rooms, with every modern convenience. There will be a lodge room 24x70 feet in size, a dining room 15x35, locker and ante room, kitchen and toilets. A new heating plant will be installed and special lighting effects will be placed in the hall.

Everything about the outfit will have to be new and those in charge of the arrangements are determined to have the new quarters just as attractive and cozy as possible. It is expected that the other societies of the village that formerly occupied the old Foresters' hall will find quarters in the new rooms and thus from the ashes of the old structure there will be built a more commodious and convenient place of meeting. This is the spirit that makes for progress and the Foresters are to be commended for their enterprise and thrift.

W. H. ELLIOTT & SON BUY REDFORD STORE.

A deal was closed the first of the week whereby W. H. Elliott & Son of this village who recently suffered the loss of their store by fire, purchased the Wright & Parker store at Redford and they plan to continue the business. This does not mean that they are to leave Northville for they have no such intention. They will run the Redford store and just as soon as a suitable building can be secured here they will again engage in business in Northville. They will continue to operate their bakery here and will supply their Redford store with "Elliott's Better Baked Goods," besides caring for their home trade.

The Redford store is located on Grand River avenue and is a very attractive business place. The store was established but a few years ago and the fixtures and equipment are first-class. Messrs. Elliott will clean and restock the store and the people of Redford may be assured of a first-class grocery and bakery. They may decide to continue the meat department of the store because they have all the necessary equipment to do so. Plans are now under way by which they expect to secure a new store room in Northville within a few months.

PRESBYTERIAN CHURCH HELD ANNUAL MEETING.

The Presbyterian church and society held its annual meeting at the church parlors on Thursday evening of last week and there was a good attendance. A beautiful dinner preceded the meeting and thus all were in good humor when the gathering was called to order by the pastor, Rev. F. P. Knowles, to transact the business of the meeting. The reports submitted by the various societies of the church indicated that the organization is in a very prosperous condition and that the past year had been one of unusual progress. The membership of the church had increased by the addition of several new members and there exists a fine spirit of co-operation between pastor and people. The women's organization of the church had raised during the year a total of \$1,720, and the ladies were given a rising vote of thanks for their devotion and loyalty.

C. R. Van Valkenburgh and W. G. Taft were elected trustees and C. L. Dubuque and E. H. Lapham were re-elected elders.

PLYMOUTH WOMAN KILLED IN AUTO CRASH.

Mrs. John Holden, 43 years old, of Plymouth, died early Monday from injuries received when the automobile in which she was riding collided with another car driven by Frank Pesick, of Big Rapids, on Wadsworth road, near Saginaw, Sunday. With Mrs. Holden were her husband, who was driving the car, and a nine-year-old daughter, both of whom were cut and bruised. The five occupants of the Pesick car received minor cuts and bruises. Mrs. Holden suffered a fractured skull and did not regain consciousness after being taken to the hospital.

Born to Mr. and Mrs. Huber Bourne of Detroit, on April 6th, a son, Leigh Huber.

NEW POSTAL RATES TOOK EFFECT WEDNESDAY.

The new postal rates and classifications recently authorized by Congress became operative on Wednesday, the 15th, and there were many surprised people at the stamp window during the day. The new one-half and one and a half cent stamps and envelopes were placed on sale at the Northville postoffice as soon as the window was opened.

The outstanding features of the new postage rates and classifications of mail matter are as follows, according to Postmaster F. S. Neal.

First-class mail, including written matters, etc., no change, 2 cents per ounce or fraction, as at present. Government postal cards, which may be either written or printed upon, 1 cent each as at present. Private mailing cards, (post cards), etc., rate increased to 2 cents each. This 2 cent rate applies whether in writing or in print.

Second-class mail, including newspapers, magazines, periodicals, entered by a publisher at the second-class rate, when remained to the public, complete copies, 2 cents for each two ounces or fraction of two ounces. If less than a two complete copy be mailed it will be rated as printed matter at the rate of 15 cents each two ounces or fraction, on weights in either case not exceeding eight ounces; if the weight is over eight ounces, the pound zone rate, plus 2 cents each piece will apply.

Third-class mail, will include merchandise, printed matter, books, catalogues, etc., not exceeding eight ounces. The rate will be 15 cents each two ounces or fraction, except that the rate on books and catalogues of 24 pages or more, including covers, pages, and seeds, roots, etc., will be 1 cent for each two ounces or fraction.

Fourth-class mail, will include merchandise, printed matter, etc., weighing in excess of eight ounces and will take the present zone rates plus an additional charge of 2 cents on each piece.

Foreign Rates Changed.

The new rates and classifications do not apply on mail addressed for delivery in foreign countries.

Certain minor changes are made in the fees for money orders, C. O. D. and registry services.

A new service is to be provided known as Special Handling, and applies to packages of fourth class, (weight over eight ounces) whereby, by the payment of an additional charge of 25 cents over the ordinary zone rate, and the 2-cent service charge, a parcel will be handled and dispatched the same as first-class letter mail. Such parcel must be marked by these under on the face.

SPECIAL HANDLING—This does not include special delivery at destination. The special delivery charge on all classes of mail is increased where the weight is over two pounds. Two pounds or less, 10 cents as at present, over two pounds, 15 cents, and on articles weighing over ten pounds, 20 cents.

The public is requested to prepare postage in full under the new rate, otherwise delay and confusion will result. Additional information will be furnished at the local postoffice.

EVERY-ESCH.

At 7:00 p. m., April 8th, at the home of Mr. and Mrs. Henry Evert, their daughter, Nellie, was given in marriage to Mr. Reinhold Esch.

The bride had as her maid Miss Margaret Bollens who was attired in a Harding-blue gown wearing a silver corset and carried a bouquet of Aaron Ward roses.

The bride wore a beautiful gown of sat white crepe trimmed with pearls and a headpiece of orange blossoms held her veil in place. White roses and lilies of the valley made up the bridal bouquet. Mr. Esch was attended by Mr. Lester Evert, brother of the bride.

Rev. Bollens performed the ceremony which Miss Lenore Bruder played Lohengrin's wedding march and sang, "O Promise Me."

The house was beautifully decorated in white and blue. After the ceremony a sumptuous dinner was served.—Farmington Enterprise.

AN EASTER WEDDING.

There were united in marriage at the Methodist Episcopal parsonage by the Rev. Wm. Richards Clarence Schwab of Plymouth, and Dolly Weyman of Northville, on Saturday evening at 7:00 o'clock, in the presence of Annabelle Sims and Bella Ironsides, both of Northville. The ring ceremony was used after which the happy pair left for Detroit to spend their honeymoon.

TO DEDICATE NEW PRISON BARN.

Invitations have been issued for a barn dance at the new Detroit House of Correction prison farm barn just recently completed by the F. E. Arms Construction company, which will take place tonight. Dancing will begin at 8:30 and plans are being made for an enjoyable affair. Those who attended the barn dance there last fall when the commodious dairy barn was dedicated will want to attend the ball this evening.

ALLEYS SHOULD BE ESTABLISHED AS A PUBLIC NECESSITY.

At the meeting of the village council Monday evening a resolution was adopted looking toward the establishment of an alley in the rear of the property beginning at the site of the old Forester hall and running east to Hutton avenue. The proposed alley will make the rear of several very deep lots accessible for traffic and will make it possible for our fire apparatus to get in back of some of the buildings in case we should have another big fire—and we are very likely to have some day.

Frontage on Main street is becoming too valuable to have a number of narrow alleys running between the stores to give access to the rear of the lots, and the council is to be commended for having taken this forward looking step.

HELP FOR OLD FOLKS

Old Age Should Be Happy—Not a Time of Sickness and Suffering.

Too many people begin to suffer at middle age with constant backache, urinary ills and rheumatic pains and aches. Weak kidneys are usually the cause and, if neglected, there is danger of hardened arteries, dropsy, gravel of Bright's disease. Help your weakened kidneys with a stimulant diuretic before kidney disease gets a firm hold. Use Doan's Pills. Thousands of old folks recommend Doan's. Here is Northville proof.

George F. Goodell, retired blacksmith, 9 East Cady street, says: "Whenever my back starts to ache or my kidneys don't act regularly, I take Doan's Pills and they soon have me feeling all right. I get Doan's at the Northville Drug Co." (Statement given April 30, 1920).

On January 29, 1925, Mr. Goodell said: "Occasionally I use Doan's Pills and they keep my kidneys in good order."

ANNUAL MEETING WAYNE COUNTY FARM BUREAU.

The annual meeting of the Wayne County Farm Bureau was held at Inkster, March 28th. This was one of the best meetings the Wayne organization has ever held.

C. L. Brody, secretary-manager of the State Farm Bureau, talked very encouragingly of the state work and outlined the future plans. He stressed particularly the need of a membership basis for the proper support, both of the organization and its morale.

Mrs. Louise Campbell, state leader of Home demonstration agents, gave an inspiring talk on Home demonstration work as carried on by group leaders in Wayne county and other counties of Michigan. This talk was illustrated by the use of a map.

C. V. Ballard, assistant state leader of county agents, used as his text the story of the old lady who, when she heard a loud speaker for the first time volunteered the information that "she really preferred the old party line." He used this as applied to agriculture and his talk was very instructive.

Miss Sylvia Wixom, assistant state leader of Boys' and Girls' clubs, told of the work of the clubs of Michigan and of the value of co-operation of all members of the family in developing a well rounded program in the home as well as in the community and in the state.

J. G. Hays, dairy specialist, ended the program by a very clever talk on "The Value of Humor" in the dairy business.

RALPH BURNHAM DIED AT SOUTH LYON.

Ralph C. Burnham, 68 years old, died at his home at South Lyon Sunday morning after a short illness.

Left to mourn their loss are the widow and one son, Glenn, of Salem. Mr. Burnham was a life-long resident of South Lyon where he was engaged in the draying business. He was a member of the Methodist church.

Funeral services were held on Wednesday afternoon at 2:00 o'clock at the home. Rev. Lockyear officiating. Burial took place in the South Lyon cemetery.

ARBOR WEEK, APRIL 27 TO MAY 2, IS DESIGNATED.

The governor of the state of Michigan has designated the week of April 27-May 2 as Arbor week. The department of public instruction is co-operating with Governor Groesbeck in the effort to make the week one of worthwhile endeavor, to inaugurate a movement which will conserve and beautify the great outdoors of Michigan.

To this end Superintendent Johnson is asking the children to help by cleaning up the school grounds and in other ways.

The plan as outlined by Superintendent Johnson is as follows: Monday of Arbor week, general cleanup day, school ground and homes, removing the debris of winter; Tuesday, vegetable day, make a home garden; Wednesday, make a flower garden; Thursday is conservation day, a tree may be planted on this day and in order to encourage the children arrangements have been made with a Michigan nursery to supply trees at a nominal cost. Schools are to have special program on this day to teach the children how and why to plant trees; what they mean to the state and how forests should be conserved; Friday and Saturday should also be planting day for trees, both fruit and ornamental shade trees.

EXCHANGE CLUB CELEBRATED FOURTEENTH ANNIVERSARY.

Fourteen years ago last Monday the first Exchange club was organized in the city of Detroit and at their meeting this week the clubs throughout the country are celebrating the anniversary event. The Northville club is keeping with others, observed the occasion at its meeting on Wednesday noon. After the splendid luncheon a program was given consisting of singing "The Star Spangled Banner," invocation by Exchangee Rev. William Richards, and addresses by Exchangees Rev. F. P. Knowles and Chas. A. Dolph, who reviewed briefly the accomplishments of the local club and the aims and purposes of the organization as a

NOTICE OF MORTGAGE SALE.
Whereas Charles F. O. Man, of the city of Detroit, Wayne county, Michigan, made and executed a certain mortgage, bearing date the 27th day of November A. D. 1917, to Robert B. Thompson, of the township of Northville, Wayne county, Michigan, which was recorded in the office of the Register of Deeds of the county of Wayne on the 30th day of November A. D. 1917 at 11:15 o'clock in the forenoon in Book 593 of mortgages, on page 466.

And whereas, the amount claimed to be due upon said mortgage at the date of this notice is the sum of Thirteen Thousand One Hundred Sixty-four and 34/100 (\$13,164.34) Dollars, and no suit or proceeding has been instituted at law to recover the debt now remaining secured thereby or any part thereof.

And, whereas, default has been made in the payment of the money secured by said mortgage, whereby the power of sale contained therein has become operative.

Now, therefore, notice is hereby given that, by virtue of said power of sale, and in pursuance thereof and of the statute in such case made and provided, the said mortgage will be foreclosed by a sale of the mortgaged premises, at public vendue, to the highest bidder, at the Congress street entrance to the Wayne County Building, in the City of Detroit, in said county of Wayne, that being the place of holding the circuit court within said county, on the 2nd day of July, A. D. 1925, at 10 o'clock in the forenoon; the description of which said premises contained in said mortgage is as follows: Lands, premises and property situated in the township of Northville, county of Wayne, and state of Michigan, described as follows, to-wit:

Beginning at the northeast corner of section four, Town-1 south, Range 2 east, running thence south on the east line of said section, fourteen hundred forty-five feet, thence west parallel with the north line of said section, twenty-five hundred twelve and 95/100 feet, thence north parallel with the east line of said section six hundred fifty-three feet, thence east parallel with the north line of said section fourteen hundred seven and 95/100 feet, thence north parallel to the east line of said section, seven hundred ninety-two feet to the north line of said section, thence east along said north line eleven hundred four and 5/10 feet to beginning, containing 57.7714 acres of land.

FRANK FREYDL INJURED IN AUTO CRASH SUNDAY.

Sunday night an automobile being driven by Frank Freydl, who has a battery station at Monroe, and one

driven by W. J. Schuerman of Toledo came together on the Dixie highway about eight miles north of Monroe. The cars were wrecked and Mr. Freydl suffered severe cuts about the face and his legs were badly injured. In the Schuerman car were four persons and only a little baby escaped injury. Mr. Schuerman suffered a fractured skull, his wife an injured nose and Mrs. Clara Schuerman a fractured

ankle. The injured persons were cared for at South Rockwood and Mr. Freydl was brought to the home of his parents, Mr. and Mrs. Bruno Freydl, in this village Monday night. His injuries, while painful, are not considered as being serious. Judging from the conditions of the car it is a wonder any one escaped death.

TWENTY-FIVE YEARS AGO

Items taken from The Record files of 1899, for the week corresponding to this week.

The Presbyterians and Baptists will hold their Easter services Sunday morning.

The market price for eggs this week is 74c, butter, 19c, spring chickens, 74c; hens, 7c.

There was an indication this week that a huge chunk of March has dropped over into April.

Rev. J. J. Phelps has tendered his resignation as pastor of the Baptist church to take effect sometime in May.

The W. R. C. gave a reception to the Post Monday night and about 60 sat down to the elegant repast prepared.

Married at the home of the bride's parents in Northville, April 7th, by Rev. J. J. Phelps, Mr. Henry George and Bell Hinchman, of this place.

James D. McFarlin, for many years U. S. mail clerk, has purchased half interest in the Northville Hotel.

Works of A. W. Ely and will shortly resign his position with Uncle Sam.

Next Sunday will be Jubilee Sunday at the M. E. church when the church debt notes are all to be paid and burned.

Bishop Nide will preach at 10:30. Saturday evening there will be public reception for the bishop in the church.

There will be an Easter party in Botsford's hall, Clarenceville, next week, Monday evening. Tinkham's orchestra from this place furnishes the music and the D. & N. W. electric gives all night service between Farmington and Detroit.

KNIGHTS TEMPLAR INSTALL NEW OFFICERS.

The newly elected officers of Northville Commandery, Knights Templar, were publicly installed on Tuesday evening in the presence of a number of St. Knights and their ladies and a few invited guests. A good substantial Masonic dinner was served at seven o'clock by Fred Hedge and his assistants, Henry Schutte's orchestra rendering a very enjoyable program during the serving of the banquet. The dinner over some time was spent in conversation before the work of installing the new officers was taken up. The Commandery was honored by the presence of Deputy Grand Commander, Albert L. Smith of Howell, and Grand Warden Charles A. H. Thom of Detroit as representatives of the Grand Commandery of Michigan, who conducted the ceremony of installation. There were some twenty-five St. Knights present besides the officers elected, and all were in full uniform and as they marched into the hall presented an inspiring sight. The impressive installation service of installation was carried on in a most impressive manner. Eminent Sir Smith having the work well committed and gave several charges in a good clear voice and in a manner that made a deep impression upon all who were privileged to be present. When all the new officers had been inducted to their respective stations Eminent Sir Thom gave the proclamation to the east, the west, the north, the south and then followed a very enjoyable program. The musical numbers were contributed by the ladies quarter of Plymouth, Mrs. W. G. Taft, C. H. Bryan, Wayne Vandyne and Virginia Otis and Ruth Schroeder, and all were given generous encores.

Impromptu remarks were made by a number of the past commanders and Eminent Commander Harry Otis of Detroit Commandery, No. 1, a brother of Amos Otis, who was installed as eminent commander, brought greetings from the Knights Templar of Detroit.

All who were called upon pledged their assistance and co-operation in making this templar year the best and most successful of the order in this community. The local commandery is nearing the 200 mark in its membership, having made a gain of nearly 100 members during the past seven years, and there is a fine spirit of fellowship and loyalty manifested among its members. It is expected that the unique and rather unusual ceremony of initiating the two hundredth member will take place within a few months and the affair is being looked forward to with a great deal of interest.

A social hour followed and finally good night was said and the guests took their departure, all expressing their pleasure in having been permitted to witness the impressive ceremonies of the evening.

S. D. Moase is building a two-family flat on his property on Randolph street adjoining his residence.

PRESBYTERIAN CHURCH NOTES.

At the Sunday morning worship every Presbyterian ought to be on hand to take part in the installation of the ruling elders elected at the annual meeting.

A treat is in store for the Sabbath school on Sunday, when one of the senior class of the high school will tell of their trip east.

The young peoples' topic should be of special interest this week—"My Denomination; Its History and Principles."

The sermon subject for the evening service will be, "And Kept Back Part of the Price."

Thursday evening's study Matt. 19-21, Mark 10-12, Luke 13-15, 27. "The Doctrine of Self-Sacrifice."

METHODIST CHURCH NOTES.

Next Sunday morning the American Legion will worship with us, including the Ladies' Auxiliary and the Woman's Relief Corps at 10:30. This is an American Legion Sunday, not nationalized, but suggested by the U. S. Army Chaplains, being the nearest Sunday to the entrance into the world war.

The pastor knows the value of this to the soldier, being an ex-chaplain and the public not worshipping in other churches are invited to attend.

The Sabbath school will convene at 12:00, with a welcome to all. The Epworth League will be at 6:30 with Naomi Colburn and Marjorie Johnson as leaders.

In the evening at 7:30 the pastor will bring an evangelistic message to the hearts of all. Let us be interested in this service and adorn it with our presence. The choir will render special music throughout the day.

The Missionary Society will meet with Mrs. Wm. Richards next Tuesday afternoon at 2:30 for a thimble party. All note boxes are to be brought at this time. Refreshments will be served.

BAPTIST CHURCH NOTES.

Keep the date in mind. It is May 4th to 15th. At that time Miss Perkins will deliver her series of lectures on Revelations. You cannot afford to miss it.

Next Sunday morning the pastor's subject will be "Characteristics of the Surrendered Life." This is a sermon that will be of special interest to every Christian.

The evening sermon subject will be "Joseph." This is a character sketch of this very interesting Bible character.

Last Sunday evening ten people were baptized—eight of them boys and men.

A letter from Petoskey says Joe J. Payne's meeting with success, in the meetings he is conducting there. Of course we expect that.

There was a drop in prayer meeting attendance last Thursday but not serious. However do not neglect the prayer meeting. Prayer meeting, Christians are the depreciable kind.

Have you read Revelations? It is the last book in the Bible and a book of mystery to many. Miss Perkins will make it a most interesting book to all of us. Do not forget to dates.

Read out and Elliott's Barometer Series is a special announcement to the Record regarding Parachutes a new point.

LIVING TOGETHER IN HARMONY NOT THE EASIEST JOB

Two people often find that there is no harmony in their relations. So it is with families, neighborhoods and communities.

To be together in a community like this calls for good judgment—good taste—and kindly action—if each is to do the best that is in them.

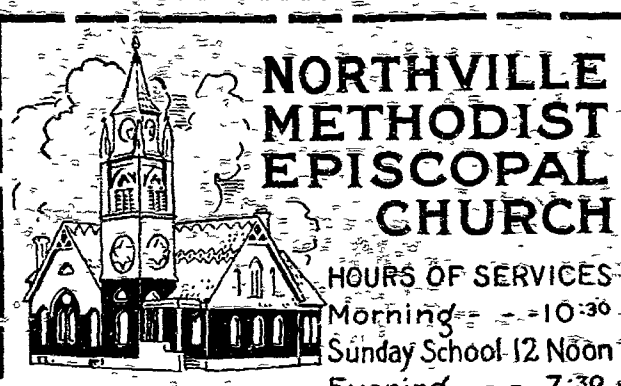

The Company of people who formed the followers of Christ in Jerusalem numbered 5,000 and they were intensely interested in each other and in the progress of their new faith.

They put their faith into action and established the first known Community Chest for the assistance of those who needed special help. Prompt relief to those in need is a great unifier.

Every one in Northville has 2,500 chances to help their fellow townsmen be happy and contented and to promote unity.

RETROSPECTION

Looking back to the services of last Sabbath some things stand out in bold relief. First, the large congregation at the morning services. Second, the simple but solemn and impressive ceremony of baptism and reception of members—men and women pledging their lives to the service of God. Third, the Holy Communion—the sacredness of the hour and the renewing of our covenant with Him whose resurrection we celebrated again at the evening service. The large congregation and the beautiful service given by the young people and others—the re-acting of a part of the greatest drama ever placed upon the world's stage. It was enjoyed by all. You would like to have more of these services? We can and will if you help as much as you did last Sabbath. Your interest and co-operation will make this church a bigger, better and more useful church than ever before.

SECRETARY WEEKS TO RESIGN SOON

JOHN W. WEEKS

Washington—The resignation of John W. Weeks as secretary of war and the appointment of his successor probably Charles D. Hiles, of New York, is expected within a few days, according to reports in administration circles here.

Secretary Weeks has notified President Coolidge that he cannot continue in his post, but his actual resignation is being held up until Mr. Coolidge is ready to announce his successor.

Secretary Weeks' physicians have insisted that he leave Washington for a long rest, preferably in some rural retreat where absolute rest and quiet would be assured.

Ford Plant For Paris

Paris—Henry Ford's dream of turning out cars in France with all French labor and materials became a reality with the purchase of a group of buildings, formerly a liquid air factory, on the banks of the Seine at Asnières, 15 minutes from the heart of Paris. The price was not announced, but it is understood to have been at least 10,000,000 francs.

The new plant will be the largest of Ford's enterprises in Europe, and is expected to become the central distributing factory for the continent. Ford's nearest competitor, the Citroën company, has a production of 500 cars daily.

Roosevelts Sail on Hunt

New York—Kermit and Theodore Roosevelt have sailed on the Leviathan for India, thence to follow the path of Marco Polo, more than four centuries ago, to Fair Cathay.

Cate in the summer their wives will meet them in India. The little party then will pick up Dr. Charles R. Chennie, veteran hunter and explorer, who sailed for Europe a week ago, and make its way with him through the valleys of the Cashmir, into Asia.

Fire Destroys Village

Marquette, Mich.—A forest expedition was sent to the village of Chat ham 35 miles southeast of Marquette, with food and clothing for the 200 residents of that village whom a fire, sweeping the village left homeless. Damage was estimated at \$100,000.

Two boys, playing with matches in hay barn are believed to have started the blaze. No one was hurt.

U. S. To Produce Helium

Washington—The Bureau of Mines, under an act passed late in the last Congress, will take over from the Navy about July 1 the production of helium the gas used in inflating the giant dirigible Los Angeles and Shenandoah. This transfer is not expected by Dr. S. C. Lind, chief chemist of the bureau, to involve any marked change in policy.

Navy Ranks Filled

Washington—The enlisted personnel situation in the navy is so satisfactory that recruiting has been stopped for the present. With the large number of reenlistments, it is not believed recruiting will be resumed for some time. The navy personnel is up to the strength for which congress has made appropriations.

Aircraft Carrier Launched

Camden, N. J.—An experiment, as significant of the ultimate evolution of naval warfare, perhaps, as was the first trial of iron armor plating on battleships, was initiated by the United States navy in the launching of the U. S. S. Saratoga, which will be commissioned the world's largest air plane carrier.

Patrol To Use Captured Craft

Washington—The specially designed speed boats which have become common in the illegal delivery traffic between Rum Row and the coast, are to be pressed into service, whenever captured, in the war to enforce the blockade under regulations now being prepared in the Treasury Department.

Mussolini Also War Minister

Rome—Premier Mussolini, motored to the Quirinal, where he was received by King Victor Emmanuel, before whom he took the oath of office as war minister. The premier thus will take up, temporarily, the duties laid down by General di Giorgio, who resigned.

Walled Lake Warbles.

Miss Ione Young has been selected to represent the Walled Lake schools in the Detroit News oratorical contest in the district finals to be held April 17th.

Ernest Heddin, who married Miss Christine Erwin of this place three years ago and who took his bride to Constantinople, Turkey, where he has since been engaged in Y. M. C. A. work, gave a very interesting address at the High school auditorium last week in which he discussed 'Turkey and the Turks.'

The Thompson Bus line running between Walled Lake and Farmington Junction has been sold to the Peoples Coach Co., of Detroit, controlled by the D. U. R. lines. This will be an improvement that Walled Lake people will appreciate. The new company will operate their commodious busses direct from Walled Lake to Detroit without change.

NORTHVILLE WOMAN VISITS ROBERT COLLEGE.

Word has just been received that Mrs. Robert P. Brodhead, of Northville, who is a tourist on the S. S. "Samara" on its mediterranean cruise, reached Constantinople safely on March 7th. After seeing the interesting sights in the city, she visited Robert College, where a welcome was given her by the faculty and students. She expressed her great interest in the important work of this American institution for an international student body.

Robert College, incorporated under the laws of the state of New York, was opened in 1863. It owes its existence to the courage and perseverance of Dr. Cyrus Hamlin, a Yankee pioneer in educational work in Turkey, and the generosity of Mr. Christopher Rhinelandt Robert, a New York merchant. Nine college buildings now stand on a beautiful site at Rumeli Hissar above the "Narrows of the Bosphorus."

The founders of the college aimed to establish a first-class American college, thoroughly christian but non-sectarian, and open to young men of all nationalities and religions in the Near East, with the English language as the common ground upon which to meet. The college comprises departments of Arts and Sciences and of Commerce and an Engineering school. A teaching staff consists of 80 American and native professors and assistants. Dr. Caleb P. Gates has been president of the college since 1903. The eagerness of the people for the advantages offered by this institution is indicated by the fact that the enrollment for this year is an increase of 25% over that of last year. There are now 65 students from 22 different national or racial groups among these are 214 American students, 140 Greek, 97 Armenian and 12 Georgian. A brother of Ismet Pasha, the prime minister of Turkey, is a student at the college.

How Customers Are Lost

When a customer turns an article this way and that to get a better light on it, or even perhaps carries it nearer the light, then the storekeeper should realize that his lighting is not right; that he is making buying hard work and driving customers to a better lighted store. No store should have an illumination of less than 10 foot-candles, in carefully selected, properly spaced fixtures. Very many stores are using 5 foot-candles or even less and wondering why business is not better.

If you wish, we will inspect your equipment, measure your light, and make suitable recommendations—without charge.

SCHOOL PICNIC AND EIGHTH GRADE COMMENCEMENT.

Following the plan of last year, Wayne county rural schools will meet at Elizabeth Park, Trenton, for a big basket picnic, field day and eighth grade commencement, on Saturday, June 6th. This will be an all-day event. Every school in the county is invited. Pupils, teachers and parents are all urged to come. Fill your baskets, and be on hand by ten o'clock for a program of sports and games, which will take place from ten to twelve.

Following the picnic dinner, the eighth grade graduates will receive their diplomas. Teachers are urged to begin to make definite plans to have their school present, with as many parents as will come. The interior of the big community house will be used for display of school work. The display will be by zones, and premiums will be given the winners. Further details will be given later, and a program of field day events will be sent out some time in April so that entries may be made for the various field contests.

COUNTY NORMALS PLAN CONFERENCE AT M. A. C.

More than 350 future Michigan school teachers, representing 25 different county normal schools where they are now students, will gather at the Michigan Agricultural College on May 21 and 22 for a conference which is being sponsored by the state leaders of Boys and Girls club work.

Rural teachers are considered vital units in the system of local leaders for Boys and Girls clubs, and during the course of the conference considerable information on club work and opportunities open to the local leader will be brought into the program.

A series of county normal teachers' training classes, during which members of the state Boys and Girls club staff spent a day and a half with students in 23 different county normal schools, has just been completed under the direction of A. G. Kettunen, head of the work in Michigan. The classes are preliminary training in local leadership for club work in rural communities.

The county normal day is an annual event at M. A. C., social and entertainment features being planned for the conference.

NEWS FROM THE STATE CAPITAL

Legislative Pay Raise Meets Defeat Though Majority Favor It

Lansing—Although the majority of the members of the house voted to raise the legislative pay from \$300 a term to \$1,500, two-thirds of the members did not, and the pay raise resolution was defeated.

Resolutions required a two-thirds vote. William J. Thomas, of Kent county, declared against the resolution because \$1,500 a year is too much money for the kind of work we do. Other opponents of the resolution declared there was no need to go on record for pay increases at the present time, since plans were for a revision of the constitution in 1927.

Transit Bill Passes House

Without a dissenting vote, the house of representatives passed the Callender transit bill which defines the amounts of money that may be raised by Detroit for bond issue, and by direct taxation, for a new transportation system.

It gives the council and the people at elections the opportunity to reject any plans of the transit commission as to routes or major expenditures. The council also will fix the limits of sums that may be raised by special property assessments.

The bill was approved, 97 to 0, and ordered sent to the senate for action there.

University's Needs Stressed

The Senate Committee on Finance and Appropriations journeyed to Ann Arbor to make an inspection of the University of Michigan and returned, visibly impressed with the university's need for an architectural building, a new museum and an administration building. Particularly did the members seem convinced of the inadequacy of the present quarters of the college of architecture, now housed in a wing of the Engineering Building.

House Approves Millions

Just five minutes summed for the house of representatives to pass still bills appropriating \$3,673,316. Although it was only two weeks ago that the governor called house and senate leaders together to discuss the mounting total of appropriations, which threaten to boost the state tax in each of the next two years to more than \$16,000,000, there was no argument or debate over any of the bills considered.

Longer Sheets Required

Rep. Cora Reynolds Anderson, of L'Anse, delivered her first speech in the House of Representatives. She defended her 99-inch sheet bill so ably that it passed by a vote of 63 to 21. All during the session Mrs. Anderson, first woman representative in Michigan, had answered when her name was called at the head of the list, but never had she indulged in flights of oratory.

Senate Passes Police Bill

The State Police Appropriation Bill passed the Senate with the \$150,000 a year originally set aside for the Detroit River patrol merged with the rest of the money, so that it may be used for any purpose the director of public safety sees fit. The total appropriation for two years is \$300,000. Senator Frank L. Young, of Lansing, cast the only vote against the bill.

Police School Defeated

The Department of Public Safety was struck another blow when the Senate failed to pass the department's bill to create a training school for police. The vote was 16 to 15. Senator Howard Baxter, of Grand Rapids, sponsor for the measure, immediately moved that the vote be reconsidered and the bill tabled, that a later vote might be had. His motion passed.

Auto Transfers Amended

The Wells Bill, to amend the regulations governing the transfer of automobiles, the lighting of automobiles, and to permit the secretary of state to pay whatever salaries he might wish to employees in the automobile license department without making an accounting, passed the House.

Road Named After Poet

The Senate passed the Horton Bill to name trunk line highway No. 34 the Carleton road, in honor of Will Carleton, Michigan poet. Carleton's birthplace and the school he attended are both located on the highway, just east of Hudson.

Carrier Amendments Attached

Three more amendments were attached to the Karcher Common Carrier Bill by the Senate in committee of the whole. It has been amended almost daily for the last two weeks.

Limit Sale of Fireworks

The Brower Bill regulating the use of fireworks was passed by the Senate with one amendment, the lowering of the fine from \$300 to \$100. The bill makes it unlawful to sell skyrockets, Roman candles shooting more than 10 balls, tissue paper balloons, blank cartridges, firecrackers more than two inches in length, daygo bombs, or any form of firecracker containing dynamite or picric acid. Firing of fireworks is permitted under the bill only on July 3, 4 and 5.

Parabestos

LIQUID ASBESTOS ROOF COATING

Makes Old Roofs Good as New for 1/8 the Cost

Now is the time for you to save your old roofs and save money with a coat of PARABESTOS—that new Liquid Asbestos Roof Coating which with one stroke of the brush lays on a coating 10 times as thick as ordinary paint—stops all the leaks—makes your old roofs both waterproof and fire-resisting and as good as new for just about one-eighth the cost of a new roof.

For all Kinds of Roofs
Put a New Roof Right Over Old One

PARABESTOS Liquid Asbestos Roof Coating is a combination of special elastic and leakproof gums, mineral rubber and preservative oils mixed with the best grade of Canadian Asbestos Fibre. This combination gives a heavy in body (light in weight) coating that is elastic, tough and durable. It never gets hard therefore cannot chip or crack in cold weather, nor melt, run, or blister in hot weather.

Parabestos will stick on any roof whether flat or steep pitch. It will cover any kind of roofing surface, — shingles, slate, cement, gravel, sheet metal, paper or any of the many types of prepared roofing that comes in rolls.

Guaranteed 5 Years
Money Back If Not Satisfied

Parabestos is easy to apply. A roofing brush is the only tool needed. One coat of it fills all the cracks, crevices and seams, covers all nail holes, rust spots and seals them up tight. It contains NO COAL TAR—is guaranteed to give 5 years of service or your money back.

Just to introduce this wonderful new time saving and money saving roof coating to the people of this community we are making a special low priced offer on Parabestos of only \$1.15 per gallon and giving away a roofing brush FREE with every purchase of 10 gallons or more.

Come in and let us show you Parabestos and tell you all about it. Take advantage of this Special Offer before it is too late.

"APPLESAUCE" AT THE GARRICK THEATRE.

Coming to Detroit direct from its triumphs in Chicago, where it played to capacity for eight solid months, "Applesauce," which begins a week's engagement at the Garrick theatre, Sunday night, April 19th, is heralded as the jolliest of all American comedies. Opening at the LaSalle theatre, in Chicago, last September, this play of Barry Conner's speedily established itself as one of the most sensational comedy successes produced in

Chicago critics were unanimous in predicting the success of "Applesauce" purely on its qualities as entertainment and that "Applesauce" has succeeded magnificently as entertainment is altogether evident from its enormous popularity in the Windy City.

Skillfully played by an unusually well-selected cast headed by Allan Dinehart and Claiborne Foster, "Applesauce" is built around the unique character of one "Bill McAllister," a glib and romantic

youth who makes his was through life by flattery and cajoling his friends and names alike. In this was he wins his sweetheart from a rival swain, frustrates her hostile father and comically persuades his rich and hard-boiled uncle to pay his bills. These diverting incidents are woven into a shrewd and occasionally moving comedy of small-town American life.

SUIT TO SET ASIDE LAND CONTRACT IS LOST.

Mrs. Nellie M. Collins of Detroit lost her suit in the Oakland county circuit court against Ray H. Baker and others which was heard recently by Judge Glenn C. Gillispie and decided in an opinion the judge handed down Monday afternoon. Mrs. Collins asked the court to set aside a contract she entered into with the defendants to purchase the Apple Grove subdivision near Walled Lake on which she traced in Detroit property worth \$7500. The subdivision was to have cost \$16,000. She claimed

misrepresentation, declaring that it had been held out to her that there were 66 lots in the subdivision while she found later there were only 21. The court said he was unable to find any fraud in the transaction and was of the opinion that Mrs. Collins was aware of what she was getting. He dismissed her bill and the injunction which prevented the defendants taking steps to rescind her contract for failure to make the payments. Pontiac Press.

FORDS START FIRST AERO FREIGHT LINE.

Monday forenoon, the Ford Motor company inaugurated what is said to be the first commercial air freight line to be established in the United States when the "Maiden Dearborn," an all-metal monoplane, of the "air pulman" type, hopped off from the Ford airport, Dearborn, at 9-24 a. m. with a cargo of company mail and express for the Ford plant at Hessewisch, Ill., near Chicago. The plane piloted by Eddie Ham-

ilton, a former Royal Air Service flier, is one of two duralumin planes to form the nucleus of an air service to link the Ford company here with its plants at Chicago, St. Louis, Mo., St. Paul, Minn., and Iron Mountain, Mich. The second plane will receive its first tests within a few days. The round trip was made with safety, reaching the Ford airport at Dearborn at 5:36. The plane carried 1,000 pounds of mail and freight to Chicago and brought back nearly as much.

EXAMINATION FOR POSTMASTER AT SALEM.

The United States Civil Service Commission has announced an examination to be held at Plymouth, Mich., as a result of which it is expected to make certification to fill a contemplated vacancy in the position of fourth class postmaster at Salem. **Heating Advice Saves Fuel**

We believe we can help owners if they will give us a chance to talk with them about the regulation of their boilers. The important thing is the accurate and sensitive control of fire so that it does not "run away" or "smolder out."

Make the coal pile last longer by better firing and fire control. You may need more advice this year because of the necessity of burning less coal and a different kind of coal probably than you have been accustomed to. Be prepared and have your plant "tuned up."

If you have an OLD house—let us submit an estimate to you for installing a modern labor and fuel saving Ideal American Heating Outfit in it. It is easy to heat old homes because they are usually well built and it is a quick and easy matter to install radiator heating.

Please do not hesitate to call us in. Our heating advice is free and you will be under no obligation whatever. We make our reputation on our work and OUR PRICES ARE REASONABLE.

Keeping Homes Healthy

Remember the old days, how stoves baked you on one side while you froze on the other? Doors were closed so the cold couldn't creep in from the next room.

Modern heat by radiators means every room properly warmed, healthy and comfortable. Saves coal, too.

Let us tell you just how little it would cost you.

BIGELOW CLAY PROD. CO. NEEDS EXPANSION.

The Bigelow Clay Products Co., of Birmingham, Mich., have just announced an expansion program which will mean much to the shareholders of this company in the future. The company is manufacturing approximately 15,000 hollow tile daily, but this production necessitates running the machinery only 4 1/2 hours a day because there is not sufficient dryer and kiln capacity to take care of the production which the machinery is capable of turning out in 10 hours. The big electric shovel in the mine runs only 4 hours daily. At a recent meeting of the shareholders at which over two-thirds of the stock was represented, it was decided to build eight or nine additional kilns, 15 additional dryers, purchase additional dryer cars, rails, track, oil tanks, oil burning equipment, etc., so as to increase the production to around 35,000 hollow tile daily. This would keep the machinery running nine hours daily and would also mean that the profits will be greatly increased as the overhead would be reduced, it is said.

The shareholders and directors have authorized a special bond issue for the taking care of the financing of the expansion. The bonds are to be redeemed and retired from a subdivision of 295 parcels of land which the company will soon put on the market. The subdivision will include the acreage which the company owns which has no clay on it. The company proposes to build a dam and create a lake in the beautiful ravine, giving all lot purchasers the lake privilege. The lake will be provisioned with fish and the development includes the laying out of a community along modern lines. Fisher Bros. surveyors and engineers have this work in hand and it is possible with the natural facilities at hand to create one of the beauty spots of Oakland county. This lake will be the nearest lake in Oakland county to Detroit and is said to be one of the most beautiful spots in this territory.

A number of the lots have already been spoken for. There will be a limited amount of business frontage as no doubt as time goes on there will be an entirely new town site at this property," said David Levinson, one of the directors of the company.

"The development includes the paving of the land around the Bigelow plant, the cleaning up of the property around the plant, laying out of lawns, planting of shrub, and trees, etc. The company burns oil and naphtha, there is no dust, soot, or unpleasant odors from the plant."

"Since the inception of the company over 2,000,000 hollow tile have been manufactured and sold," continued Mr. Levinson. "The company has passed through its experimental stage and has conclusively proven that the clay makes the very finest product that is used in this territory. Some of the leading building material firms in Detroit are handling the tile. Contractors and bricklayers state that the tile is smooth, straight, easy to handle, and economical to lay up in a wall. Big Pierce Arrow trucks are hauling the product every day into Detroit, delivering it direct to the job and thus saving the builder money, time and delay. With 30,000,000 tile used annually in Detroit the company will not have to seek any additional territory for the increased production."

It has been a very interesting study to watch the development of this company. Organized in November of 1923, the plant was built and ready for production in June, 1924. "All clay is different," states C. F. Tefft, Ceramic Engineer with a national reputation who recently spent a month at the plant. "You have to learn your clay to succeed in this business. This clay is a glacial clay, fatty and difficult to handle and the officers of the company deserve great credit for successful development. I believe they have jumped into successful production quicker than any company that I have been in contact with before. The plant is running smoothly now, the scrap has been reduced to a minimum, and its only a matter of kiln and dryer equipment to reach big production."

A member of the Detroit Building Department recently made the statement that those who build should use the building material near at hand and its only a matter of time when the majority of homes, stores, schools and churches, etc., in Oakland County and Detroit will be using hollow tile.

A recent financial statement shows assets of over half million dollars and the business looks to be in a healthy condition. The directors of the company are C. E. Smith of Pontiac, George A. Sutton, attorney of Pontiac, David Levinson, and E. W. Volmar of Pontiac, who are active at the plant, and St. Clair Couzens of Pontiac.

A ST. PATRICK'S DAY PARTY IN CALIFORNIA.

Some of the Northville people known as the "clan" were delightfully entertained on St. Patrick's Day by Mrs. Hattie Hastings. Meder at her home on Rodney Drive, Hollywood, Corn beef and cabbage, Jigg's favorite dish was served and even old-fashioned tablecloths adorned the tables. A basket filled with potatoes, cabbage and carrots made an effective centerpiece with favors of green for each

member of the party. The following were present: Mrs. Clyde Schoultz as "Jiggs," Mrs. Erle Hastings as "Maggie," and Mrs. Roy Ambler as Maggie's daughter acted the characters and made fun for all. Mrs. Frances Hastings, Wm. Ambler, Eva Clarkson, Flo. Crosher, Kate Selfridge, Ruth Hillard, Bernice Scott, Verne Hastings, Ross Ball, Dave Clarkson, Ella Nash, Ed Merritt, Wm. Nash, Lucille Simmons and daughter, Shirley. Mrs. Charles Filkins, who is visiting

California friends, was also a guest.

A GLAD EASTER AT THE METHODIST CHURCH.

Out of the dark night dawned a beautiful Easter day—last Sabbath morning. Nature was in tune with the event. The halm in the air, the warble of the birds, the green grass and bursting buds harmonized with the worship of the church folk, who gathered to pay homage to their risen Lord.

There was more than our usual expectation awaiting us. We depended on a certain amount to offer their allegiance to the King, but this was multiplied when an invitation was given to others for baptism numbering nineteen, with those to publicly confess their Lord numbering fifty-one. All were taken into the church and may they be kept by the power of God unto salvation. Faith is the exercise and when this is done God becomes responsible for us.

At the sacrament of the Lord's supper eleven more partook in humble confession which means another class later. It was earnestly, be said, "this was a revival indeed." A prevailing hallowing, softening, mellowing influence took hold of us all that cannot be explained.

In the evening the choir acquitted themselves as they brought a sermon in song of "The Resurrection Light." It was rendered perfectly to the delight of a great audience and the gratitude of the Northville Community. Richard Kilsour and Mrs. John Tindall are to be commended with the choir for their untiring interest in this direction.

Sight hundred people without over estimate worshiped last Sunday and the Sabbath school made another record.

The altar was adorned with the choicest flowers, a plant of lilies was wired to us from Brother and Sister C. S. Filkins from California, who remembered the old home church in their absence.

We rejoice that God hath dealt so bountifully with us and with the church militant on earth, gave us a part in building the Kingdom.

For frantic boast and foolish word.

Thy mercy on thy people Lord.
WM. RICHARDS, Pastor.

In Time of Trouble

Children and hands are frequently at a loss in an emergency, and a directory hung over the telephone with the names, addresses and telephone numbers of the family physician and a substitute, the nearest fire box, the police station, the family pastor and the business places of all employed members of the family will sometimes avert a tragedy.

Vast Army of Industry

Factory workers and dealers who gain a livelihood in the building and marketing of one of the leading makes of automobiles constitute an army larger by several thousands than the infantry, cavalry and artillery commanded by the duke of Wellington when he defeated the great Napoleon at Waterloo.

To Preserve Shoes

Beeswax or vasoline may be rubbed around boots and shoes in wet weather to keep out the dampness. To preserve kid shoes rub them at night with a little petroleum jelly and polish them in the morning. The cream applies to patent leather.
