SENIOR TRIP TO WASHINGTON.

Three weeks ago Saturday, April 4th, the Senior class of Northville High School boarded the train at Northville station for its long-looked-forward-to trip to America's first city. The general spirit of the party was adventurous. We were not as excited, perhaps, at taking the final and one real leap as were the Seniors of '24. We did not realize what a wonderful adventure we were scheduled for. Now that it is over we cannot show our appreciation enough for that opportunity and for all that we profited by it. Three of our Seniors did not go with the party—Harry German, Leo and James Wood. They were certainly missed by their class-mates and cannot realize what they let slip by when they did not attend.

The first stop-off was at Harper's Ferry, Virginia. Here the train was sidetracked from 7:30 a. m. until 9:30. Our party, hand in hand with Farmington High School Seniors, who accompanied the coach behind Northville, climbed a high hill to the "Hilltop House" where a much-appreciated breakfast was served. The breakfast was worth climbing for, but we found that we had one or two members who were unusually hard to satisfy. Clifford LeFever best exemplifies this spirit of dissatisfaction. He had a hollowness about the region of his belt that seemed to nag him constantly.

After breakfast we walked about the town and saw two particular points of interest. One was the famous arsenal on the Pottawatomie river where John Brown made his raid. We went through the engine house where he and his men were captured and his two sons killed.

We also visited Soper's Negro College there. At noon we arrived in Washington. All were comfortably lodged at the Cairo Hotel. This was Paun Sunday and all of Washington seemed to be attending church. We took our first sight-seeing trip that afternoon. We covered a large part of the city and entered many buildings that day. Sunday evening we went through the beautiful Congressional Library. Monday and Tuesday were spent in the same manner, climbing Washington Monument, visiting Arlington cemetery, the unknown soldier's grave, Lee's mansion, Lincoln's Memorial, the White House, where we were lucky enough to see the president and Mrs. Coolidge, and in going through the capitol. A special trip was taken to Mt. Vernon by rail, and we returned up the Potomac river on a small boat. Many more interesting things were done, but it is impossible to enumerate them here. The Tuesday evening on which we left Washington for New York City we had a party in the Red Room of the Cario, again Farmington and Northville got together. Wednesday morning we arrived in America's largest city. We were carried "bag and baggage" to the Wentworth hotel and then taken on a sight-seeing tour through New York. Some particular points of interest were Brooklyn bridge, Woolworth tower, China town, the slum district, Fifth avenue, where the girls craned for fashion's sake, Broadway Wall street, Grant's tomb and millions are row. By special passport, which our good friend, the guide, Mr. Coleman, obtained for us (being a good friend of our chaperone, Miss Althea Yorkes) we were permitted to go through the world's largest ocean liner, S. S. Leviathan. Another treat was the theatre in the evening. Of course we all wanted to visit the Hippodrome. After the theatre party we took the train back to Washington. We arrived in Washington late Thursday forenoon and remained there for fifteen or twenty minutes only. We had the benefit of seeing the territory in Pennsylvania and Virginia in daylight coming home. While going, we covered this territory during the night. We saw the city of Pittsburgh from the train and appreciated the beautiful ride through the mountains on returning.

One of the most striking pictures viewed on the entire trip was the colored porter, who sat at one end of the pullman, hunched up, arms dangling at his sides, feet sprawled out before him, head back, mouth open and snoring to the cars. Another familiar picture was Mr. Helfrich with his head out through the curtains of his berth (perhaps he felt he would miss something), and in one hand a squirt gun, loaded with ice water, of which we all had a taste. It is rumored that Fedora Staman snored absurdly! Perhaps we all would have if we had had cold wet towels thrown on us as she had on her. Maybe some of the boys were to blame. At any rate, everyone got in on the fun and we all took in enough knowledge to make us feel that our diplomas should be given us.

PLANNING FOR A BIG FAIR.

The directors of the Northville Wayne County Fair Association held a meeting last Thursday night, and the gathering developed into a real "planning event" for the forthcoming annual fair which will be held this year on September 23, 24, 25, 26 and 27th.

About the first order of business and the most important one was the election of Floyd A. Northrup as secretary to succeed E. L. Smith, who has served the association faithfully for the past two years. Mr. Northrup has been a director for a number of years and is familiar with all the details of the management of the fair and he has entered upon his new duties with a spirit of enthusiasm and determination to make the fair for 1925 the best one yet held. He cannot do this alone, no more than the directors can make a successful fair without the hearty cooperation of the people of this section, which has always been given so generously. Mr. Northrup will find Northville people will rally to his aid. The tree attractions have all been secured and plans were discussed to improve conditions about the grounds and in the various departments in many ways. A number of new buildings will, doubtless, be erected, while others will be improved. It is none too early to begin to plan for your fair.

SCHRAEDER BROTHERS BUY THE FILKINS PROPERTY.

Schraeder Brothers recently closed the deal for the purchase of the Filkins property adjoining their store on the north, and which is now occupied by the Secord Bakery. A few months ago they purchased the Harmon-Neal property on the south side of their store occupied by C. R. Ely's coal office and J. R. Walker's pool and billiard parlors, with the idea of erecting a modern business block. Since acquiring the Filkins property they have decided to erect their new building on that site and they are now preparing plans for the new structure. The present room occupied with the funeral chapel will be remodeled to correspond with the show room on the south and the reconstructed block will be an attractive one. The new building will contain a funeral chapel, office, a slumber room, work room, morgue, garage and store room and will be one of the most up-to-date furniture establishments to be found in the country, with every modern convenience for the service of the public. Work will start on the new structure just as soon as possible.

MAUSOLEUM CRYPT HOLDERS FORM ASSOCIATION.

The holders of crypts in the Northville mausoleum have formed an association for the purpose of having someone to look after the building and grounds, and it is proposed to devote some attention this spring to improving the interior of the building and to the beautification of the grounds. The following have been chosen officers and directors to serve until the regular annual meeting which will be held each year on the Monday preceding Memorial Day. President, M. A. Porter; vice-president, C. H. Coldren; secretary, F. S. Harmon; treasurer, John Schoutz; directors, E. J. S. Morris, A. K. Dolph and William Selow.

TO HOLD EXAMINATION FOR OAKLAND TEACHERS.

Oakland county teachers' examinations will be conducted in Central Methodist church Thursday, Friday and Saturday, April 30, May 1 and 2. This is the last year the county examinations are to be held. In September a law goes into effect requiring that teachers have one year of normal training which will entitle them to a certificate if their work there is successful. Now a teacher may obtain a six weeks' summer course and passing the county examination. Examinations for first, second and third grade certificates will be held—Pontiac Press.

TO OBSERVE CHILD HEALTH DAY.

The nation-wide celebration of Child Health Day, conceived in 1924 by the American Child Health Association as a day when America should take stock of its children and their chances for long and happy life, will be observed in Michigan by special children's clinics to be held in each community April 28, 29, and 30, for the examination of children of preschool age.

Prevention is the best cure for all diseases, and proper precautions for the preschool children provide against loss of time, health, and money, after entering school. Emphasis on the preschool child is the most efficient means of assuring to each an opportunity of start life with as equal chances for health and happiness as possible, for they are unequal enough at best.

The movement in Michigan is sponsored by child welfare and patriotic agencies, including the State Federation of Women's Clubs, Michigan Farm Bureau, Michigan Farmers' Clubs, Michigan Federation of Child Conservation League, the American Legion, the American Legion Auxiliary, the Glaners, and other organizations. The program consisting of the three day clinic placing particular emphasis on the preschool child is, in the words of Senator A. H. Gausse, Past Commander of the American Legion, an organization actively backing the movement sure to be a novel and helpful departure in the interests of promoting education and child welfare.

MORE "APPLESAUCE" AT THE GARRICK THEATRE.

As a result of the enormous demand for seats for the first week's engagement of "Applesauce," which opened at the Garrick Theatre Sunday night following a record-breaking or eight capacity months at the La Salle Theatre, Chicago, Richard Herndon, the producer, has decided to extend the engagement; another week which means that the final performance of "Applesauce" in Detroit will occur on Saturday night, May 2. Patrons are urged by the management of the Garrick Theatre to order their seats for the second week of "Applesauce" at their earliest convenience as all indications point to a complete sell-out for this remarkable comedy.

YOU WILL ENJOY "THESE WOMEN."

"These Women," William Johnson's new book, is a teasing commentary on the complicated game of matrimony as it is played by Americans today. It has the amusing aspect of the father who spans his children and then gives them a stick of candy on the side, for it is written by a man whose humanitarian outlook upon all conditions of life makes kindness the dominant note of what he does and what he writes.

Sometimes it is with tongue in cheek that he makes his point, sometimes with the direct punch straight from the shoulder; but there is common sense in all he says and fundamentally a fine structure of counsel.

There is no attempt at flowery metaphor or "breachment" in "These Women." It is straightforward observation expressed in the straightforward, humorous language that has become known as the American tongue. It is as typical of the class that forms the backbone of the country as is the waving of the red, white and blue; and not one of those who read it can fail to recognize, in the incidents related, some that have happened definitely to him.

The first chapter, on salary for wives, however it may strike horror in the hearts of innumerable husbands, will strike a fervent chord of gratitude in the hearts of innumerable wives, who for years have longed for some such relief from a humiliating position of utter dependence.

Mr. Johnson's book should prove the key that will open many a door now closed upon happiness.

PUSHING WORK ON GRAND RIVER HIGHWAY.

Michigan will have 177 miles of continuous paved road between Detroit and Grand Haven when the 21 miles of trunk line M-16 west of Portland, authorized by the State Administrative Board are completed.

The road will follow a new route which misses Ionia, Lowell and other towns and shortens the distance between Lansing and Grand Rapids by about 10 miles. Of the 65 miles between the two latter cities, the 24 miles from Lansing to Portland and the 20 miles from the Kent-Ionia county line to Grand Rapids, have already been paved. The route strikes M-39 at a point in Kent county several miles west of the line.

The board's decision put a final quietus on the hopes of Ionia citizens that the road might go through their town. When the route was first proposed last year, delegations visited the office of Gov. Alex. J. Groesbeck at the capitol to protest. The chief executive pointed out to them that the interest of the entire state rather than one town had to be considered in a matter of this kind.

The federal government will pay 50% of the cost of the road up to \$30,000 a mile, the state and the county to share equally the remaining cost.

ARBOR DAY MAY 1ST.

In his proclamation setting aside May 1st as Arbor Day, Governor Alex J. Groesbeck says:

"In view of the especial effort of Michigan's conservation department and other agencies to create new forests where they once flourished, additional emphasis is this year given to Arbor Day. The one purpose of the observance is to create as much interest as possible in the extreme necessity of tree planting."

"Human existence to a very great extent depends upon our wood-covered land. We should never overlook an opportunity to plant trees of all kinds and restore as far as possible the forests of a generation ago."

PAINLEVE AGAIN PREMIER, ORGANIZES NEW CABINET

PAUL PAINLEVE

Paris—After much urging President Doumergue obtained the consent of Paul Painlevé to head a new ministry to succeed that of Edouard Herriot. This is the second time that M. Painlevé has held that stormy office.

Negotiations have proceeded rapidly for the formation of the new cabinet and its completion has just been announced. Only one member of M. Herriot's cabinet remains. He is André de Manzie, former finance minister.

M. Painlevé himself takes the post of minister of war, as well as president of the council, while M. Brand assumed the portfolio of foreign affairs, and Joseph Caillaux, whose political career was thought to have ended when in 1920 he was sentenced to imprisonment and ordered expelled, will have the guiding hand over France's finances.

Taxi-Plane Service Planned

San Francisco—Distances between San Francisco and other California cities are to be reduced to a minimum, insofar as time is concerned, by the establishment of the first airplane taxi service in the United States. This service has been provided for through a consolidation of the Checker Taxicab Co. of San Francisco and the airplane interests of Walter T. Varney.

Each plane will carry two passengers, a pilot and hand baggage. With two passengers flying for the same destination, the rate will be 25 cents, as against the 25c rate for long distance taxi service.

Bulgarian King Attacked

Sofia—Bulgarian troops were in pursuit of the bandit band, believed made up of communists, who attacked King Boris's automobile and killed two of his party as the Bulgarian ruler was returning from Orhanie to Sofia, recently.

The attack came almost at the same time that General Kymon Gheorgiev, leading government party member, was slain by two young men as he left a church in Sofia. The assailants, believed also to be communists, escaped through the crowd.

Coolidge Prunes Payroll

Washington—President Coolidge's governmental economy program, which includes weeding out unnecessary clerks in the executive department, is going forward rapidly. More than 2,300 clerks in Washington have been dropped from the payroll. This breaks all records for discharges in a single month, with the exception of wholesale discharges immediately after the war.

Guests Routed By Flames

Washington—More than 300 guests fled to the street when fire broke out in the St. James hotel, Sixth street and Pennsylvania avenue. Among them was a party of New York school girls visiting the capitol on an Easter holiday trip. The blaze did little damage, but produced a heavy smoke which gave it the aspect of a serious fire.

Zbyszko Regains Title

Philadelphia—Stanislaus Zbyszko, 55 years old, won the world's heavyweight wrestling championship here when he pinned Wayne (Big) Munn, former Nebraska football star, to the mat in two straight falls. The two falls were obtained in a little over 13 minutes. This is the second time that Zbyszko has held the title.

Will Study Tax Relief

Washington—Suggestions which may be of service in removing complexities in procedure under the present income tax law will be sought by Representative Green, Republican, Iowa, chairman of the house ways and means committee, during a European tour, he announced before leaving for New York to sail for Paris.

Ship Sale is Protested

Washington—Manuel Quezon, president of the Philippine senate, has protested to the war department against the sale by the United Shipping board of the five ships of the trans-Pacific fleet to the Dollar steamship company.

Filipino Staff To Be Cut

Manila—In pursuance with a drastic policy of economy, Gov. General Leonard Wood intends weeding out all unnecessary government employees.

NEWS FROM THE STATE CAPITAL

Reapportionment Measure Wins Approval of Senate By Big Majority

Lansing—The Howarth Bill, reapportioning the House of Representatives so as to give Wayne County 21 members, was passed by the Senate, 26 to 5.

Senator Horton's county Lenawee, would lose one of its two representatives under the new bill. Mecosta County forms part of Senator Case's district. It now has a representative of its own. Under the Howarth Bill, it would have to share its representative with Lake County.

The bill, after its passage by the Senate, was received in the House without comment. It was referred by Speaker Fred E. Willis to the Committee on Apportionment. No attempt was made to raise the expected point of order on the right of the House to consider the bill.

The next obstacle the bill must clear is the opposition majority in committee. The majority since the session began has had a margin of only one vote.

No Clemency For Drunk Drivers

The Drunk Motorist Bill which passed the Senate some weeks ago was bolstered up by a House amendment and then passed, 95 to 0. As it now reads the drunken driver will automatically lose his operators license at the moment of conviction and will be unable to drive again until he has been either a passenger or a pedestrian for 90 days.

The members of the House Judiciary Committee stood out for a 30-day suspension period on the grounds that many a drunken driver who now pleads guilty in hope of being placed on probation and sent out to drink and drive again will plead not guilty and call loudly for jury trials and such. The house made it 90 days, regardless.

Rep. John Holland, of Bessemer, announced that he was not greatly impressed by the measure. He could see no logic he said, in recognizing the fact that a man might drive while drunk as long as the existing law prohibits the process of getting drunk.

Condemnation Bill Shunted

The Atwood highway condemnation bill, the last item on the governor's program of highway legislation, was torn off the house calendar and dumped back into the judiciary committee. It is expected to die there. Several representatives attacked it on the grounds that it was too radical in its proposed departure from established condemnation practices. The belief that the bill will not emerge from the committee is based upon the fact that the offensive against it was led by members of that committee.

Big Deficit Looms

This year's legislature does not propose to be common-place. Not as the "do nothing legislature," the self-congratulatory of the last body, will it be known, but as the "budgetary Michigan" legislature, it promises to go down in history. It has proceeded with a spending program that has no precedent. If all of the appropriation measures pending are passed, Michigan will be spending through its various agencies upward of \$50,000,000 in each of the next two years.

Senate For Sanatorium

The Administration Tuberculosis Sanatorium Bill was passed by the Senate by a vote of 23 to 6. The bill provides for an appropriation of \$500,000 to be spent in two years in acquiring a site and building a new sanatorium to replace the state institution now at Howell. The bill was introduced by Senator Barney E. Brower, of Jackson, Administration spokesman. It has gone to the House.

Court Reform Starts

The Senate passed the Darrin Justice Court Bill, providing for the taking of appeals from Justice Court to Circuit Court on transcript of testimony. The bill introduced by Rep. Frank P. Darrin, former River Rouge justice of the peace, has already passed the House and has gone to the Governor for signature.

Felony To Carry Pistols

The senate passed the Condon fire arms bill which makes it a felony to carry pistols black and major weapons used by thugs. Carrying or lesser weapons is a misdemeanor under the bill.

Gambling Bill Passed

The Baborski Anti-Gambling Bill has been passed unanimously by both the House and Senate and will become the law of Michigan as soon as it is signed by the Governor.

Watson Sworn In

The Senate attained its full membership of 32 for the first time since the session opened when Senator Joseph E. Watson, representing the ninth district, was sworn in. The ninth district consists of Calhoun and Branch Counties. Mr. Watson was elected two weeks ago to fill out the unexpired term of Senator James Henry, of Battle Creek, who died after the session opened. Mr. Henry was never well enough to assume his seat.

And whereas, default has been made in the payment of the money secured by said mortgage, whereby the power of sale contained therein has become operative:

Now, therefore, notice is hereby given that, by virtue of said power of sale, and in pursuance thereof and of the statute in such case made and provided, the said mortgage will be foreclosed by a sale of the mortgaged premises, at public vendue, to the highest bidder, at the Courtroom street entrance to the Wayne County Building, in the City of Detroit, in said county of Wayne, at being the place of holding the circuit court with said county, on the 2nd day of July, A. NORTHVILLE'S RAT KILLING CAMPAIGN STARTED MONDAY

Mr. Place, who has been engaged by the village council to direct a campaign for rat extermination, in connection with the annual clean-up week, has announced his plans for making Northville free from rats and mice. Mr. Place states that he is not like the Pied Piper of story, who piped the rodents from Hamelin, but that in this campaign, highly scientific methods of rat riddance will be used.

It is his plan to engage every person in the village in this fight. "I am not so much concerned," states Mr. Place, "over the various methods used in killing rats as I am in the results obtained. So long as that rat is killed, whether it be by trap, poison or animal matters little. For the pest few centuries man has been fighting rats unsystematically and without any great results. There can be no permanent results obtained unless every man, woman and child sets about to destroy these pests."

Mr. Place comes here armed with various bulletins on the destruction of rats which will be distributed throughout the city. In addition to that Mr. Place has made arrangements through the council whereby barium carbonate, the only poison recommended for rat riddance by the government, may be given free of cost to the citizen, of the city.

In this campaign the down town business section will be cleaned out first. From these Mr. Place will go into homes, driving the rats to the outer boundaries of the city.

Persons who wish special aid or information from Mr. Place are requested to call between 3:00 and 6:00 p. m., or write a card to him at the Village Council office building. Headquarters for campaign will be at the Council Room.

As an inducement to boys and girls in killing rats Mr. Place offers five dollars in gold to the boy or girl who will kill the largest number of rats and mice. All that is necessary to do is to bring in the tails of the rodents to the village office building on Saturday, April 25th.

To the High School student who will write the best composition on "Rats, As a Nuisance to Public Health," he will also offer a worthy cash prize to be announced before the school later. Composition must be of 300 words in length and not over 500.

As a warning to persons owning cats and dogs which foam the streets unchecked, Mr. Place requests that these animals be kept on their own premises, as no doubt poisoned bait may be placed in the open by persons not familiar with its use.

It is needless to say that rats cause millions of dollars of damage annually and no doubt a small portion of that loss is sustained here in Northville. It seems that such a campaign as we are about to have, deserves our unlimited support and that every one should enter into it with determined enthusiasm that we may make our homes and places of business free from one of man's worst enemies. Let's go. Kill the rat.

LET'S MAKE THIS A REAL CLEAN-UP!

Next Week Will Be "Clean-Up Week"

PRESBYTERIAN CHURCH NOTES.

Some men say, "The creeds are out of date, archaic in thought; meaningless to the modern mind in expression; today no intelligent man really believes them. And anyway, it does not matter what a man believes." The pastor will speak Sunday morning on "Does it matter what a man believes?" and the evening subject will be, "The Voice in the Flame."

Sabbath school and Y P S C E. at the usual hour.

The Westminster Guild will meet on Monday evening with Mrs. Hugh Babbitt.

Mid-week service on Thursday evening.

On Thursday, April 30th, there will be held in the Presbyterian Church an indoor picnic for the members and friends of the Sunday school. There will be a pot-luck supper and each person is to bring sandwiches and one other thing. The principal feature of the evening will be a program by J. Frank Pouché, a very talented and famous dramatic reader, humorist, and impersonator. Everyone is cordially invited to attend. Remember the date, and be there promptly at six o'clock for the picnic supper.

METHODIST CHURCH NOTES.

Our message next Sabbath will be "Denominational Humbug," taken from the words of Paul the Apostle to the Galatians, and compared with many great men to-day who are classed by rivalists as heretics. Time 10:30.

Sabbath school at 12 noon.

The Epworth League will be conducted by Miss Avery on the "Institutions at Albion" which every young person will be interested in this coming summer. Hazel Hacking will conduct the devotions.

In the evening the pastor will give a stereoscopic lecture on "Where the United States Meets Mexico." Fifty wonderful scenes will be put on the screen with a beautiful illustrated hymn composed lately by Bishop Fisher. Everyone come at 7:30.

Mid-week service at 7:30 on Thursday. Bring your favorite texts.

On Monday, May the 11th, will be the Northern district meeting of Ann Arbor in our church, commencing in the morning. Seventeen ministers will be present with their delegates, and a great public gathering in the evening to interest all. Later announcement will be made. The ladies of the church will serve luncheon.

BAPTIST CHURCH NOTES.

The subject of the Sunday morning sermon will be "Keeping Fit." We are all anxious to keep fit but not many of us are willing to pay the price. This is a matter of vital importance. Let's consider it.

The subject of the evening sermon will be "Dead Fies." One of the great men of the Bible used dead flies to illustrate a very important lesson. Look it up. You will find it in Ecclesiastes 10:1. Are they any flies on you?

Prayer meeting is up to average in attendance again. Let us keep it up.

We are glad to have some Commerce and Walied Lake people with us at prayer meeting last Thursday. Come again friends, but do not run away from your own prayer meeting to do so.

All Sunday attendance was about average but the Sunday school. Considering the weather this was fine.

You will miss a treat if you fail to hear Miss Perkins give her lectures on the Book of Revelation. There will be eleven of these lectures. The first to be given Monday evenings, May 4th. Last of subjects will be given in this paper and elsewhere next week. Read this book of twenty-two chapters and then come and hear Miss Perkins explain it. You will not be asked to answer any questions.

The last prayer meeting before Miss Perkins comes, will be held next Thursday. Let us have a big turnout and make the Bible study a special subject of prayer.

Last Friday Junior Balko, the little four-year-old son of Mr. and Mrs. Fred Balko, was locked between the eyes by a pony. It was thought for a time that lock-jaw would set in but he is now improving.

Messrs. John O. Knapp, S. W. Knapp, and D. W. Knapp were called to Ovid last week Wednesday to attend the funeral of their brother, Judson Knapp, who had been a resident of the community for the past forty years.

The annual spring feed of the King's Daughters was held at the home of Mrs. B. C. Stark on Tuesday evening. The afternoon was spent with needles and conversation and at six a bountiful feast was enjoyed. The grab bag proved a very entertaining and enjoyable feature of the meeting.

Bible Thoughts for the Week

Sunday.

He That Loveth Silver shall not be satisfied with silver; nor he that loveth abundance with increase: this is also vanity. When goods increase, they are increased that eat them; and what good is there to the owners thereof, saving the beholding of them with their eyes?—Eccles. 5:10, 11.

Monday.

The Work of Righteousness shall be peace, and the effect of righteousness, quietness and assurance for ever. And my people shall dwell in a peaceable habitation, and in sure dwellings, and in quiet resting places. Isa. 32:17, 18.

Tuesday.

Thy Sun shall no more go down; neither shall thy moon withdraw itself for the Lord shall be thine everlasting light, and the days of thy mourning shall be ended.—Isa. 60:20.

Wednesday.

O Death, where is thy sting? O grave, where is thy victory? But thanks be to God which giveth us the victory through our Lord Jesus Christ.—I Cor. 15:55, 57.

Thursday.

Trust in the Lord with all thine heart; and lean not unto thine own understanding. In all thy ways acknowledge Him, and He shall direct thy paths.—Prov. 3:5, 6.

Friday.

I Have Fought a Good Fight, I have finished my course I have kept the faith. Henceforth there is laid up for me a crown of righteousness.—II Tim. 4:7.

Saturday.

He That Keepeth His Mouth keepeth his life but he that openeth wide his lips shall have destruction.—Prov. 13:3.

ALL WORN OUT

So Was Mrs. Weeks Who Tells Her Experience.

Are you tired all the time; worn out night and day? Does your back ache as if it would break? Do you suffer dizziness, headaches, rheumatic twinges of distressing urinary troubles? You have good cause, then, to be alarmed about your kidneys. Do as many of your townfolk recommend. Use Doan's Pills—a stimulant diuretic to the kidneys. This Northville case is convincing. Mrs. Glenn Weeks, North Center street says: "After an attack of influenza my kidneys were in poor condition and knife-like pains took me across my back. I didn't rest well at night and mornings I had a soreness and lameness in my back and I could hardly get around. I felt tired, nervous and all worn out. Dizzy spells came on, too, and my kidneys acted treacherously. Doan's Pills from the Northville Drug Co. ended the trouble." 60c. at all dealers. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

CRUSHING A MAN'S BODY NEVER KILLED A GREAT CAUSE

Angry Jews rushed upon Stephen and stoned him to death because he stood up for some truths that were very unpleasant to them. That mob helped the church for all eternity.

An assassin sent a cowardly bullet to the heart of the great Lincoln. That shot welded a nation into a unit and engraved the name of Lincoln upon the highest scroll of fame.

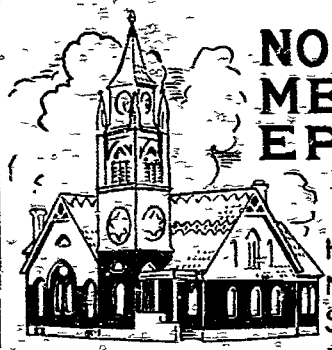

Paul—Savonarola—Huss—Wickliffe—and a great company of others have given up their lives for the cause they loved and they have won undying fame.

The late President Burton of Ann Arbor in one of his annual Baccalaureates urged his audience to "Have a Cause" and then be faithful to it—work for it—die for it if necessary.

The principles of the Christian Church challenges all the power—all the ability—all the courage—all the stamina—all the patience—delicacy—earnestness—goodness—that any man or woman is capable of.

Some men are leaders; others are followers. The most of us are followers. It is a position not to be despised—some one must follow if there are to be leaders and some of the greatest generals have come from the ranks. Jesus called Peter from his fishing and he left all and followed Him and became the outstanding figure at Pentecost. Though oftentimes he stumbled and was bruised and torn by the roughness of the way, yet he kept on following with never a thought of retreat until one day God said "For thy faithfulness I will give thee a crown of life."

Faithful following is all that God requires of any man.

NORTHVILLE'S HIGH SCHOOL BALL TEAM MAKES GOOD START.

Northville High met and defeated Plymouth in her first baseball game of the season last Friday to the tune of 7 to 4. The hitting of the local boys was weak and uncertain. If Plymouth had played a good fielding game they would, undoubtedly, have come out on the long end of the score as all but one of their scores were earned while six of Northville's seven runs were "potted" across the plate.

Bowlings with two "three baggers" out of three trips to the plate was the outstanding play of both teams. Doubt of Plymouth crashed out the season's first "home run."

Northville 2 0 0 4 0 1 x-7 6 4
Struckout by Taylor 7, by German 10.

Tuesday afternoon the local high school team traveled to Farmington for their second game. Here, however, they came home on the small end of a 4 to 3 game which went into the second extra inning before it was decided. The game was featured by the pitching of both German and Quinn. German had the better of the argument as far as hits allowed is concerned allowing 9 while the locals touched Quinn for 12. However, Quinn retaliated by striking out 15 batters while the most German could gather was 11. The hitting of the local boys was an improvement over what they showed against Plymouth but they seemed unable to cash in at the plate. Mine was directly responsible for all the locals score when he crashed out a triple in the 5th inning with L. LeFevre and Riley on the bases ahead of him and then scored a few minutes later when German hit safe.

There will be plenty of action for the fans over the coming week-end when the baseball team meets Wayne here on Friday and Monroe on Saturday. Also, the track team goes to Plymouth Saturday morning for the first meet of the season.

ANNUAL CLEAN-UP WEEK

April 27 to May 2

LET'S MAKE NORTHVILLE CLEAN

EVERYBODY IN
WITH RAKE AND HOE AND BRUSH.

Next week, from Monday morning until Saturday night, has been designated Clean-Up Week in Northville and it is the desire of the Village Health Department, as it should be of all our citizens, to give the old home town a thorough cleaning during that period.

Rubbish of all kinds—except ashes—will be carted away if placed in boxes or barrels at the street curbs. Gather up all the old cans, bottles and other accumulations of the winter months and have them carted away.

Clean the front yards and the back yards and do not forget the cellars.

Cleanliness insures good health both for yourself and your neighbors.

Let it be said of Northville that we have no old unclean or unsightly places this year.

Remember next week and do not wait until the last of the week. Start to clean Monday and keep at the job until your premises are cleaned up.

One unsightly spot will detract from all the attractive ones, so let us make this a real community effort—everybody clean their premises, whether they own them or rent them.

Place your rubbish at the curb by Friday Morning, when wagons will be provided by the Village to cart it away. We ask your hearty co-operation.

VILLAGE HEALTH DEPARTMENT.

NORTHVILLE YOUNG MAN TAKES BRIDE AT ST. IGNACE.

Many Northville friends will be pleased to read the following taken from the St. Ignace News regarding the marriage of a former Northville young man:

On Monday evening, April 13, at 8-30 o'clock, Miss Charlotte Bashore, daughter of Mr. and Mrs. G. W. Bashore of this city, and Milton John Hall of Northville, Mich., were united in marriage at the Presbyterian parsonage by Rev. S. Benson, Ralph Backe and Miss Margaret McGregor attended them as witnesses.

The bride was attired in a beautiful gown of pink satin, fashioned with a flare of marabou fur. She carried a bouquet of bride's roses and lilies of the valley.

The bridesmaid, Miss Margaret McGregor, was attired in a gown of orchid tulle and aquamarine georgette, respectively.

The bride is one of the city's most charming young ladies, a graduate of LaSalle high school last year, and immediately entered the employ of the City Bakery.

Mr. Hall, who came to our city a little over a year ago, soon made the acquaintance of the younger crowd and was always ready to take active part in all athletic sports and at the present time, through his electrical experience, he is employed by the city which is making vast changes in the street wiring.

The newly-weds are making their home for the present at the residence of Mrs. Walter Therrien on Truckey street.

The best wishes of a host of friends of the young couple in the community goes out to them for a long and happy married life.

Bishop Nindé was present, coming direct from South America. The debt has been hanging over the church for fifteen years and while an occasional pastor has whittled it down to a more or less extent, the honor and labor of its final lifting has fallen upon the shoulders of the present young and hustling pastor, Rev. W. H. Lloyd.

John Sands, the eldest trustee, had the honor of setting fire to the notes.

WAYNE COUNTY HAS A BIG PROGRAM FOR 1925.

One of the most ambitious road improvement programs ever conceived in relation to the development of Wayne county will be started almost immediately, with the ultimate end in view of improving every mile of road within its limits, according to Edward N. Hines, chairman of the board of county road commissioners.

The improvements already under way and contemplated for the ensuing year embrace some 70 miles of paving, 18 bridges, several grade separation projects and an extensive grading program in preparation for the 1926 activities.

A broad definition of what Wayne county hopes to attain in a modern highway transportation system through the huge development of the past few years, and with clear-sighted vision and foresight into the needs of the future, may be summarized as follows:

Make every mile of road an improved and easily accessible means of transportation.

Every bridge made safe and of adequate width.

Pedestrian paths along all trunk lines.

All railroad grade crossing separated.

The entire system lighted.

All ditches closed.

Public comfort stations to serve the traveling public in a sanitary way.

All roads planted and maintained in slightly condition.

All advertising signs, poles, etc., removed from the highways and all wires placed underground.

Some of the more important projects to be started about April 28 are as follows:

Plymouth road west of, and working toward the village, will be paved for a distance of approximately 12 miles. This project is known as the Plymouth-Ann Arbor improvement, the federal and state highways departments assuming 75% of the cost and the county 25%. Provision is made for a 20-foot concrete middle and the road over all of 40 feet.

The super-highway is to be paved west of Michigan road to the village of Wayne. The improvements include a 24-foot concrete pavement on the north side. This is one of the first roads which to any extent has acquired the super-highway width of 204 feet.

In addition to these improvements, the commissioners have mapped out an extensive maintenance program during the spring and summer, which will be of use to the community as quickly as possible. For the fall an active grading program has been planned in preparation for even greater improvements in 1926.

In addition, the commission plans to complete seven more bridges this year, four big grade separation projects and plant some 8,000 trees throughout the county.

As a comparison with this pretentious program the commission report the following work done or in course of operation in 1924:

Over 901,750 square yards of concrete road of a thickness of nine inches laid, representing a linear length of 53.11 miles of new road and 14.16 miles of old concrete road widened. Slightly more than five and one-half miles of gravel roadway was built in outlying sections of the county of Washtenaw. Some 60 miles of road were in course of grading and numerous drainage structures built, as well as a number of smaller road improvements completed.

TWO BUS LINES SEEK TO SERVE SAME TERRITORY.

Two motor bus lines are just now seeking to establish passenger bus routes from Milford to Detroit. They are the People's Motor Bus Co. and the Detroit, Northville, and Milford line. The former's proposed route is from Milford to Walled Lake, either by way of Commerce or Wixom, and from Walled Lake to Novi and down Grand River to the city.

The Detroit, Northville and Milford line proposes to run from here at Wixom, Walled Lake, Novi and Northville and over the Seven-Mile road to the Ford plant at Highland Park.

Two representatives of this latter line were at the Exchange club meeting Monday evening and their proposition, as stated by them, includes two-hour service and a fare of 90 or 95 cents. They stated that their hearing before the Utilities Commission at Lansing was to be on Friday of this week.

The People's company had a hearing at Lansing on Wednesday. Milford citizens were invited to attend the hearing and ride over in one of the company's busses.

The bus came through Wednesday morning with a good-sized delegation from Walled Lake but only three men went from here, Dan Smith, L. D. Gay and A. W. Harrison. At the hearing the People's company proposed a fare of \$1.25 from Milford and 75 cents from Walled Lake. This difference of 50 cents between Milford and Walled Lake was objected to by the Milford delegation as not equitable.

The Detroit, Northville and Milford company expect to have a hearing at Lansing Friday and are hoping for support from Milford people. This company offers the advantage of lower fare but their route and consequently their running time is longer, which is a disadvantage. —Milford Times.

COUNTY ROAD AID.

The state of Michigan has definitely abandoned its policy of paying state awards on county roads. The senate approved unanimously Rep. Kirby's bill which permanently repeals those sections of the old general highway law which provided for the payment of such awards. Passage of the Kirby bill will not affect in any way the approximately \$6,000,000 of frequent awards now due to the counties and townships.

"THE SKYROCKET" ATTRACTING MUCH ATTENTION.

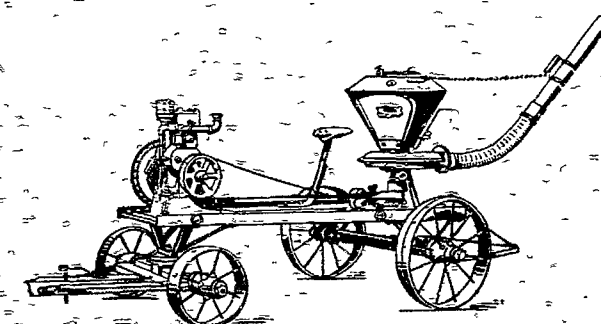

"The Skyrocket" is a new novel which tells the story of a screen star with a fidelity possible only to an author at home with her subject. Mrs. St. Johns has lived long in Hollywood and is said to know more about films, folks than they know themselves. Her account of the meteoric career of Sharon Kimm in "The Skyrocket" is gaining the attention of a wide public for her first novel.

Beggars of Rank

The "blue-gowns" was the name given to Zedemmen, or beggars, who received alms from the Scottish kings, because they wore blue gowns and pewter badges. They were allowed to beg in any part of Scotland.
