To Those Who Serve.

Flags are out, and bunting fresh and sweet.
Deck every store and house upon the street.
It's very brave, the red, the white, and blue,
To plant the breeze their message, ever true,
That men have given all, in peace or strife,
With but one thought, to save the Nation's life.
These flags and flowers bespeak the real regard
In which a nation holds, as winning card,
Her patriots. They are the vital spurs,
The clarion call, to which the worthy hark
And so, today, as spring brings forth her flowers
And winter's wastes become emerald bowers,
Those men who love their country most outpour
Their tribute, all unmeasured, at the door.
Of those who gave their best—their very all
In a quick answer to their Country's call.

There are some soldiers who have never worn
An epaulet, or who have never borne
A sword of service, yet whose simple worth
Has been strong savor to a sworded earth.
Great souls who, with an effort, have made gay
The simple things in their humble way.
And, who, perhaps, all unbeknown, have trod
With blundering feet, in service close to God.
Let flowers and flags, and bunting in the breeze,
Mingle their tribute to such souls as these.
The noblest spirits of our soldier dead
Would crown with laurels such civilians' head.
And all would in their most befitting way
Render due tribute on Memorial day.

Selected

Painting means preservation. A coat of paint, not only makes the house look like new, but it puts new value into it, insures it lasting longer and being more satisfactory. Come in and get a color card—let us figure with you on your paint job.

No, sah, Ah doan' neber ride on dem things," said an old colored lady looking in on the merry-go-round. "Why, de day I seen Rastus Johnson git on an ride as much as a dollar's worth an' get off at the same place he got on at." I sez to him, "Rastus, I sez, you spent you money but whar you been?" but if he had invested the dollar in a good hammer or other tool, he would have something to show for his money and after several years of useful service he could look back with satisfaction to the time he made a splendid investment of a dollar. When you shop here you get big value for your money—and you get complete satisfaction in using the article—Always something to show for the money you spend at this store. Think of us when you want good hardware.

SPECIAL SCHOOL MEETING NEXT

Monday Night, June 1st.

A special meeting of the taxpayers of school district No. 2, fractional Northville and Nové townships, has been called for the High School Auditorium for Monday evening, June 1st, at which time an opportunity will be given to vote on the proposition of bonding the district in the sum of \$25,000 for the purchase of additional ground for school purposes.

The members of the school board favor the purchase of the property on Cady street, running west as far as First avenue. They also greatly desire to have the property facing Main street and running an equal distance to the west, but this is a matter that will be decided by the taxpayer of the district.

Every taxpayer is urged to attend this meeting and to express his or her views regarding this very important matter.

MYSTIC LODGE, KNIGHTS OF PYTHIAS, TO RE-ORGANIZE.

Northville people and especially all members of the order will be glad to learn that Mystic Lodge, Knights of Pythias, of this village has been re-organized and will again take its place in the fraternal circles of the community. For many years Mystic Lodge, No. 100, was one of the most active and aggressive lodge in the domain of Michigan and its members enjoyed a great many very enjoyable events. Rooms have been secured over Kilgour's clothing store for lodge purposes and they are being properly fitted up for a meeting place. Last evening at the High School Auditorium the "Lesson of Friendship" being the story of Damon and Pythias, was presented by officers of the Grand Lodge of Michigan.

TAX ROLL STEADILY INCREASING

According to figures presented by Chas. A. Sessions, who is now serving his twenty-third consecutive year as village assessor, the assessment of the village of Northville is steadily increasing the total increase for the past year being \$247,690. The total valuation of the village, both personal and real estate, now amount to \$2,300,570.00. The tax rate for 1925 will be \$21.80 per thousand dollars assessed a decrease of 20 cents a thousand.

During the past year a great many transfers of property have been made in the village and these all make additional work for the assessor. Mr. Sessions is now busy completing his tax roll and he will soon turn it over to the village council for acceptance.

AN ATTRACTIVE EXHIBIT.

There is on exhibition at the Park Hotel an exhibit of some of the work done in the commercial and art departments of the Northville schools which is very attractive and interesting. The public is cordially invited to view the exhibit which will be on display until the first of next week.

BALL GAMES ON HOME GROUNDS.

Saturday afternoon at 4:00 the Northville Foresters' ball team will meet the Plymouth Merchants and on Sunday afternoon at 3:00 they will play the Oak Ridge Merchants. Both these visiting teams are said to be fast and the home team will try and defeat them. They will appreciate your support and attendance.

Buy poppies this week.

MEMORIAL SERVICE—LARGELY

ATTENDED—SUNDAY NIGHT.

An audience that filled the Baptist church attended the union memorial services on Sunday evening. Spring flowers and potted plants were used with pleasing effect in the decorations and the service throughout was most fitting and appropriate. The congregation arose as the members of the Post and Corps American Legion and Legion Auxiliary entered the church and took their seats.

"America" by the choir and congregation opened the service and the grand old song was rendered in an inspiring manner. Rev. P. Knowles read the scripture lesson and Rev. William Richards offered prayer. A trio consisting of Fred McKelvey, Mrs. J. B. Cook and W. H. Corbin rendered a selection. Mr. McKelvey singing the solo in a pleasing manner, and Mrs. C. W. Taylor contributed a vocal solo to the musical program.

Rev. A. K. MacRae selected for the theme of his very inspiring address "The Flag" and he paid Old Glory many worthy compliments. During his remarks he frequently admonished his hearers that they had a duty to perform if the flag was to continue to represent all that was highest and best in our civilization.

He made bold to declare that the man or woman who violated the laws of the state and nation were disgracing the flag which was a symbol of authority and whose spreading folds gave freedom, liberty, opportunity to all who are oppressed or down trodden without regard to race or color. He urged all to exercise their right of suffrage and to take an interest in politics to the extent at least of going to polls and casting their ballots. The speaker declared that all the enemies of the flag all those who would drag it in the dirt and bring disgrace and shame upon the laws and institutions it represents, took time to go to the polls at election time and that unless the law-abiding citizens did the same they would some day regret their indifference.

He closed his patriotic appeal in behalf of the flag with an appropriate poem while the outline of the flag in all its radiant colors was thrown upon the screen. The congregation arose and sang "The Star Spangled Banner" and was dismissed with the benediction by Pastor MacRae.

SOME QUEER WEATHER FRANKS.

Saturday was a real summer day and people were seeking the shady places during the afternoon. About six o'clock a sudden change took place and the temperature began to descend. Sunday morning it had reached nearly to the freezing point where it remained until late in the afternoon. Fortunately it did not freeze during the night.

Coal fires were re-kindled Sunday morning and "the home fires" were kept burning all day Monday.

NIXIE! NIXIE! WHAT IS A NIXIE?

It is a piece of mail so incorrectly or incompletely addressed or so improperly prepared that it cannot be delivered or returned without special treatment and it goes to the post office hospital for a postal operation. It differs from a dead letter in that a dead letter, parcel, or circular can neither be delivered nor returned, and goes to the post office morgue for burial.

Display your flags tomorrow.

GRAND COMMANDERY, KNIGHTS TEMPLAR TO MEET NEXT WEEK

The sixty-ninth annual convocation of the Grand Commandery, Knights Templar, of Michigan, will be held at Grand Rapids, June 3rd and 4th, and will be preceded on June 3rd by exhibition drills, and a street parade. It is expected that the attendance will approach the highest in the history of the order in the state. Commanderies throughout the jurisdiction are reporting an unusual amount of interest and special trains on all railroads are being chartered for the event.

Of particular significance will be the large number of visiting guests who will come from all parts of the country. A large contingent is expected from the Grand Encampment, the governing organization of the order, including the Grand Master of the order Leonidas P. Newby of Knightstown, Indiana.

According to the report of the Grand Commander, H. Bruce Moore of Grand Rapids, the year has been one of the most active and fruitful in recent years. Educational and relief work has occupied the time and attention of all the Commanderies and an unusual amount of study has been given to social and economic conditions. The work of the Grand Encampment's Hospitalers' committee, under whose direction the constituent commanderies are working out a comprehensive plan for organized relief work, will be given a great deal of consideration during the ensuing convocation.

According to established tradition and in line with the theory that conscientious service brings its own reward, the grand officers will go forward one step. This will make Albert L. Smith, Howell, Mich., Grand Commander for the ensuing year. The post he now occupies is that of Deputy Grand Commander. Succeeding him in his present position will be William E. Davidson, Sault Ste. Marie, who is now Grand Generalissimo.

Northville Commandery will be well represented by a number of Sir Knights and their ladies. They will take the "Pere Marquette" train at Plymouth and will journey to Grand Rapids with Damascus Commandery of Detroit.

PRIZE WINNERS.

The following is a list of the winners in the recent bowling league held at the German alleys.

Most Games.

Hawks—Chas. Sessions, capt.	\$5.00
Crows—Al Heatley, capt.	\$4.00

Blue Birds	1594
Orioles	1581

FORESTERS' NEW HALL NEARLY COMPLETED.

The Royal Neighbors have the distinction of holding the first lodge meeting in the new Foresters' hall in the Elhott block. They held a regular meeting on Monday night and while all the improvements are not complete the new quarters are very attractive. The W. R. C. met in the new hall on Wednesday night.

All the societies who shared the old Forester hall may now be accommodated in the new quarters.

NEW STOMACH RELIEF.

Planet Stomach Tablets are a new discovery; they give instant relief from all discomfort from dyspepsia, indigestion, gastritis and stomach distress in general, especially after eating. Fifty cents, at Horton's Drug Store and Northville Drug Co.

ANOTHER SHIPMENT OF REFRIGERATORS

The very attractive prices at which we offered our carload of Refrigerators soon exhausted our supply and we were compelled to make another order. They have arrived and are now on display. The same low prices prevail upon these late arrivals and if you need a Refrigerator you will find it to your advantage to make your selection now. Do not be deceived, because there is a vast difference in the construction of Refrigerators—some are made cheap, while the ones

we are offering you at these low prices are the best Refrigerators to be procured. Our low prices do not in any way reflect the quality of the Refrigerators we are offering. We are selling them cheap because we made a fortunate purchase.

We have them in a variety of sizes and shapes.

Do Not Be Deceived

It is so easy to be deceived if you make your selections of Rugs or Furniture from a catalogue or from pictures. They cannot show the quality of the goods or the workmanship, and those are the qualities that count. A cheap dining room suite or a cheap rug look well in a photograph, and very often people are greatly deceived in making their selections from catalogues. We don't practice deception in the display or sale of our goods. We invite you to call and make a personal inspection of anything you desire in the line of Home Furnishings and then we back it up with our personal guarantee. Goods we sell must give good service. We are here to make good on the merchandise that goes out of this store.

MEMOROS OF CIVIL WAR DAYS.

Mrs. W. H. McKeehan of Waterford has an interesting memento of Civil War times in two letters written by her brother, Edward Eldred, from Camp Monroe during February, 1862, and a copy of the last issue of the Vicksburg Citizen, printed on wall paper, and set during the siege of Vicksburg by Grant's troops.

The newspaper contain many articles of interest, such as a protest against certain parties in Vicksburg who had hoarded supplies and were selling them at exorbitant prices. Flour, the article declares, is bringing \$5 a pound, molasses \$10 a gallon, and corn \$10 a bushel. There is also an interesting account of General Lee's victories, which ends with the statement, "Today, Maryland is ours, tomorrow, Pennsylvania will be, and the next day, Ohio—now midway, like Mohammed's coffin, will fall." The paper also contains the notice of the capture of Union forces of the Confederate ironclad steamer, *Pingal*, on June 22, 1863, and of the burning of Darien, Georgia, by the Federals on June 20. There is also a reference in the paper to the effect that General Grant had expressed his intention on dining in Vicksburg on Sunday, July 5, and that he would celebrate the Fourth of July there. It ends with the admonition that Grant must catch the rabbit before he cooks it. In the last column of the paper appears a note dated July 4, 1863, which says that two days bring about great changes, and that the banner of the Union now floats over Vicksburg. Grant has "caught the rabbit," it says, and has dined in Vicksburg. It ends by saying that it is the last edition of the "Citizen" on wall paper, and it, excepting the note, printed from types as found by the Union forces.

The two letters, both written from Camp Monroe in February, 1862, contain interesting anecdotes of camp life, and also requests which give some idea of the things the boys most needed. Paper, stamps and ink were scarce, it would seem, because in the first letter, paper and stamps were asked for and the letter closed with the remark that the ink belonged to "O'Brien," and that the writer would have to close because the owner wanted his ink. The second letter also mentions the scarcity of stamps and the difficulty of getting paper and envelopes. Drift hours, according to the letter, were from 9 o'clock to 12 o'clock in the morning, and from 2 o'clock to 4 o'clock in the afternoon. The letter tells of a coffer, and of some of the jokes which were told there, and closes with the remark that when Fort Don was taken, the cannon was taken into the town from Camp Monroe and fired 35 times, but that none of the soldiers were allowed to go to town for the occasion.

Edward Eldred, the writer of the letters, died in camp at St. Louis, Missouri, during the war, and was buried at Detroit, where his parents reside.

WATERFORD NOTES.

Mr. Marrell went to Detroit Saturday.

Mr. McIntyre spent Sunday in Detroit.

Ernest Layaz spent the weekend in Detroit.

P. H. Grennan has purchased the Frank Johnson farm.

Mrs. Elmer Perkins is decorating the interior of her home.

Mrs. Ed Watson's school on Waterford road closed Monday, May 25th.

Miss Francis Proctor visited Louise Steinkel a couple of days last week.

Mr. Mark Willis has sold his farm on Waterford road to Detroit parties.

Miss Louise Steinkel spent Saturday at Mrs. Fred Procter's in Newburg.

The clothing project class that was to have met with Mrs. Arthur Gotts Wednesday, was postponed till June 3rd.

Mr. and Mrs. Arthur Gotts attended the funeral of the former's cousin Mrs. Wayne Elliott at Wil's last week Wednesday.

Mr. and Mrs. B. H. Rea of Kenton, Ohio, visited Mr. and Mrs. Chas. Waterman and mother, Mrs. Ida Hughes a couple of days this week.

WJR NEW PONTIAC BROADCASTING STATION.

The new Jewett Radio Phonograph broadcasting station at Pontiac will be in operation on the first day of July, broadcasting under the initials WJR.

WJR has a 5000 watt station, one of the most powerful in the world and its concerts will be picked up in all parts of the United States and in foreign countries, and daily will advertise Pontiac to the world as well as the Jewett Company.—Orion Review.

Chinese Superstition

According to the superstitious belief of Chinese junkmen long lines of evil spirits follow close in the wake of the junks. If a junkman can cut across close under the bow of a large river boat he can by this means cut away, at least for a time, the pursuing line of evil spirits.

ELECTRONS HEARD BY
NEW RADIO DEVICEOne Hundred Thousandfold
Amplification Used.

Ann Arbor, Mich.—Experiments by which scientists have been able to listen to the movement of electrons, the smallest particles of matter, were described here by Dr. A. W. Hull of the research laboratory of the General Electric company, at the annual meeting of the American Physical society.

The vacuum tube amplifier in which the amplification is carried to a hundred thousandfold, and with which a millionfold can be reached, makes this possible, Doctor Hull stated. The sound produced by the electrons is caused by bombardment of the plate by electrons, released from the hot filament. It is these electrons which carry the current and which make the operation of the tube possible. The noise is therefore a fundamental property of electron emission, a characteristic of the electron, according to Doctor Hull. The experiments have been conducted jointly by Doctor Hull and Dr. H. H. Williams of the University of Michigan at the university.

Called Schrot Effect.

The noise due to the electrical oscillation which is set up by the impacts of the individual electrons on the plate, is known as the Schrot effect. The energy of each blow is extremely minute, but, like rain drops, the effect of the many individual impacts add, and their sum becomes very large. With sufficient amplification, Doctor Hull stated, the blows may produce a roar like that of Niagara.

The electron is the unit charge of electricity and the determination of its value is of the utmost importance. The oil drop method, devised by Professor Milliken in the physics laboratory of the University of Chicago, gave science its first accurate measurements of the charge of the electron. Accurate as the experiments are, however, it is desirable that they be checked by some independent method. Milliken's method of measuring the charge of an electron is based on the influence of gravity and of electric charges on a minute oil droplet. These droplets are so small that the effect of gravity causes them to fall only a quarter of an inch in ten seconds.

In the formation of these small drops with an atomizer, occasionally one becomes charged through friction, for example, it may carry an additional electron. If, then, the droplet is between two electrically charged plates, it will behave differently from the uncharged particles, Doctor Hull stated. Those which are not charged will fall. The charged particles will be attracted to the positive plate. By the use of the proper voltage between the plates, these charged particles can be made to fall more slowly, held stationary, or caused to move upward. If two electrons, instead of one, are held by the droplet, the effect is doubled. Measurements made by this method give the value of the electronic charge very exactly. In recognition of the importance of this work, the Nobel prize in science for last year was awarded to Professor Milliken.

Opens Up New Field.

Doctors Hull and Williams have measured the charge of the electron in a different way, by means of the Schrot effect, and have opened a field for research which promises to add to the knowledge regarding the electron and its properties.

It was not such a long time ago that the electron was unknown, the speaker declared. First scientists had the molecule; itself so small that man's ability ever to see even one of the largest may seriously be doubted. Then came the atom, the minute integral part of the molecule. For a long time the atom was considered as the ultimate particle of matter. But each element presents a different atom. Science was not content to rest. It sought to connect all phenomena, and the electron was the result.

It was discovered that all matter is composed of electrons, the different substances resulting from the different properties possessed by the atoms according to the number and arrangement of the electrons they contain.

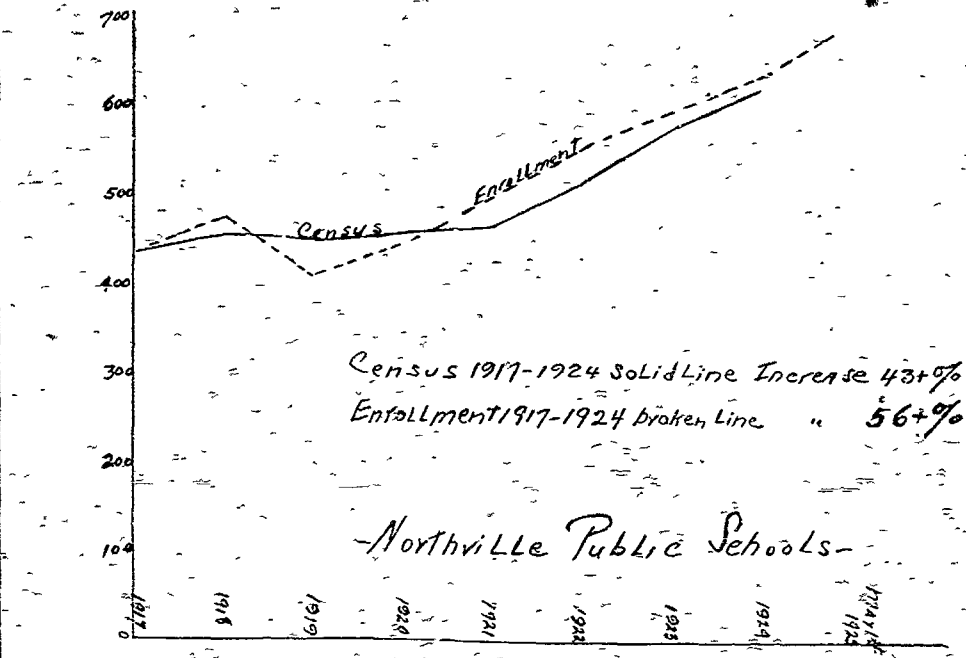

Saskatchewan Town Debt
Threatens It With Ruin

Regina, Saskatchewan.—The little town of Battleford, whose residents are threatened with a possible levy of 5 per cent of their total assessments to satisfy town debts has appealed to the Saskatchewan government to save it from financial ruin. The town owes about \$700,000 to bondholders, of which approximately \$300,000 is overdue. A judgment has been secured against the community by some of the creditors and as a result residents are confronted with a possible levy of 640 mills, or about three-fourths of the total assessment.

Army Mule Humiliated
by Dappled Percheron

Kansas City, Mo.—The twenty-sixth annual American Royal Live Stock show saw the redoubtable army mule suffer a setback. A team of dapple gray Percherons won the pulling contest for teams under 3,000 pounds, hauling a load of 27,000 pounds 27½ feet and developing a pulling strength of 25 horsepower. They weighed 2,720 pounds.

The mules, entered by the Quartermaster corps, Fort Leavenworth, and weighing 2,880 pounds, were unable to pull the load the required 27 feet.

TO THE QUALIFIED VOTERS OF
NORTHVILLE DISTRICT NO. 2.
FRACTIONAL.

(Published by authority of the Board of Education.)

A special meeting of the Board of Education which was held Monday, May 25th, was decided to call a special election of the qualified voters of District No. 2-Fri. for the purpose of bonding the district not to exceed Twenty-Five Thousand Dollars to secure an enlargement of the present school site and a second site on North side, in Oakwood Subdivision. This election will be held Monday evening, June 1st, between the hours of seven and nine o'clock.

The present plan will give us an additional frontage of four hundred twelve and one-half feet on Cady street with a depth of 168 feet. This will increase the present site sixty nine thousand three hundred square feet, or one and fifty-five one hundredths of an acre. In accordance with the recommendations of the National Educational association and the State Department of 272 square feet per child we should have at least 96,288 square feet for the three hundred and fifty-four pupils of the elementary grades. This computation is based only upon the number of present pupils enrolled. If we included the twenty-nine foreign pupils

enrolled in these grades 104,276 square feet would be required. The above addition however will give us a total of 99,360 square feet for school purposes which will take care of the present situation. It will require approximately sixteen thousand dollars to acquire the above property.

The site on the Northside in Oakwood Subdivision contains 14 lots six by 80x132 or approximately 339 acres. This property can be acquired for a school site at the present time for thirty-five hundred dollars. In comparison to land values on Cady street one can readily see the advantage of securing this property at this extremely low figure. The Board are of the opinion that this is a golden opportunity of saving the district thousands of dollars and that never again will Northville have the opportunity of securing a desirable site at this price.

The spot map of Northville showing the location of pupils which was published last week is ample proof of the need for a school on the Northside. There are 130 pupils of the elementary grades living in the North side indicated on the map. Of course some of these will continue to attend the present school depending upon location. We maintain for the various reasons that have been pointed out that conditions warrant a building on the Northside. It will perhaps be a year or more before a building program is undertaken as we intend to use our present facilities to

the limit compatible with safety and efficiency.

The Board of Education have spent months in the study of the Northville School situation. A complete survey of the school has been made and the facts and figures obtained have been freely given to the public through the columns of *The Record*. We believe that the majority of the people will O. K. our recommendations if they but consider the facts and look at the situation from an unprejudiced standpoint. No one can deny the growth of Northville when figures are cited to show that the census (which is an index to population) has increased since 1916; over 43% and the average yearly enrollment has increased over 58%. The future of Northville is assured and we have every reason to believe that Northville will continue to enjoy a steady growth.

Northville's fate, however, is up to the taxpayers. It is up to you, Mr. Voter, to say whether our public school system shall keep pace with the progress of this community or whether it shall fall behind. We as a Board have tried to do that which seemed best for the educational interests of this community. We ask you as a taxpayer and as an interested public-spirited citizen to support our proposition. We are confident that you will do so and that Northville can continue to point with pride to our public school system. We earnestly request everyone to attend this meeting.

TWENTY-FIVE YEARS AGO

Items taken from *The Record* files of 1899, for the week corresponding to this week.

W. L. Lewis will shortly move to Detroit.

Will Elliott is home from Alpena for a brief visit.

Hon. A. N. Kimball of Midland was in town yesterday.

Mrs. S. M. Reed of Richmond visited friends in town this week.

Peter Gillespie of Coldwater is in town renewing old acquaintances.

Truman, Stilson left Monday for An Sable, where he will make his home.

Dr. W. H. Yarnall left for Washington Sunday night with the Detroit Shriners.

Mrs. C. J. Ball visited her aged mother near Monroe the fore part of the week.

Rev. W. H. Lloyd will deliver the Memorial day sermon in the Methodist church Sunday evening.

Bert Phillips is whiling away his vacation by acting as conductor on the D. P. & N. electric.

The Modern Woodman celebrated their first anniversary Monday night. There were nearly 100 out-of-town guests present.

Miss Lara Green of Morenci, a student at the State Normal was a guest of Miss Jessie Blackwood Saturday and Sunday.

W. A. Corruthers for some three years the obliging and hustling station agent for the Pere Marquette railroad, is to be transferred to be general relief agent for the Saginaw division.

STATE OF MICHIGAN County of Wayne, ss. At a session of the Probate court for said county of Wayne held at the Probate court room in the city of Detroit, on the twenty-ninth day of May in the year one thousand nine hundred and twenty-five.

Present—Henry S. Hulbert, Judge of Probate.

In the matter of the estate of WILLIAM WESLEY, deceased.

An instrument in writing purporting to be the last will and testament of said deceased having been delivered into this court for probate and Dolly J. Hosmer having filed therewith her petition praying that administration with the will annexed of said estate be granted to Claude N. Ely or some other suitable person.

It is ordered, that the first day of July next, at ten o'clock in the forenoon at said court room be appointed for proving said instrument and hearing said petition.

And it is further ordered, that a copy of this order be published three successive weeks previous to said time of hearing, in the Northville Record, a newspaper printed and circulating in said county of Wayne.

(A true copy.)

HENRY S. HULBERT, Judge of Probate.

EDMUND R. DOWDNEY, Deputy Probate Register.

WEEK SPENT.

"I've hollered my share because taxes are high—
And claimed that it shouldn't be so
I said they could drop 'em if only they'd try—
I felt I was one who should know
And somebody said 'it's because of the schools—
They're too hifalutin' and fine.
We didn't have 'em—were nobody's fools—
I tell you, they're way out of line."

Now may be I'm guilty of similar talk,
When talk to our taxes has turned
But never again am I going to knock—
As far as the schools are concerned,
For I gave 'em a visit and now I can see
Where some of my money it spent,
And what I observed put a change into me,
Till I don't begrudge 'em a cent.

They're teaching 'em things you and I don't get,
In ways better far than were ours,
That they may know better how life should be met,
And train 'em for sunshine or showers
The teachers were pleasant and worked with a smile—
How happy the little folks seemed—
Our taxes are goin' for something worth while—
For more than I ever dreamed!

Of course, I would like it if taxes were low—
But not at the cost of our schools.
There's no better place that our money can go
Than there, where they teach 'em the rules
Of playin' the game in which all of us play—
A battle of hand and of heart,
In training our children to make their own way,
The books play the littlest part.

So see for yourself how your money is spent,
Go visit your schoolroom today—
And for that which you'll see,
You'll be glad that you went,
And willing your taxes to pay.

—Capac Journal.

BUILDING STARTED IN COVENTRY GARDENS.

Coventry Gardens a new residence section located at Five Mile and Farmington Roads, is setting a pace in development and improvement which forecasts an unusually rapid growth for this district.

Although it was only two weeks ago that the subdivision was placed upon the market building operations have already commenced and in another two months, on the basis of the building already planned there will be a goodly number of homes either nearing completion or in various stages of erection.

City improvements are now being provided. Electric is already available to residents while winding drives and sidewalks are being put in. As soon as this work is completed, sewer and water will be installed so that connections may be made by the time the first houses are ready for occupancy.

The promptness with which improvements are being provided is in accord with the dominating idea behind this development project, namely, that of creating a residence community where those of moderate means might enjoy all of the advantages of those living in Detroit's most exclusive residence sections. The streets and sidewalks follow the natural contour of the hills, while the

giant shade trees some over fifty years old lend a touch of picturesqueness not surpassed by any other section of the city.

FORD EMPLOYEES NOTED PILOT.

Detroit took another step forward in aviation with the arrival last week of Major Schroeder, former holder of the world's altitude record as flight superintendent of the Ford Airline and the flying activities of the Scott Metal Airplane company of Dearborn. Major Schroeder is known through the industry and to every pilot.

Mr. Schoeder is known to the public through his world altitude flight when he became unconscious six miles in the air and fell over five miles before regaining consciousness. He was only 1,000 feet from the ground when he again got the plane under control and landed it safely. Major Schoeder's experience dates clear back to 1903 when he built and flew two gliders—Michigan Manufacturer.

Fast Work in Sugar

Only five or six minutes are required to spin off and wash 600 pounds of sugar, says *Nature Magazine*. The products of this process are washed raw sugar and wash strap. It is the latter that is mixed with the raw sugar when it first enters the refinery for the finishing processes.

The Northville Record.

E. E. BROWN, Publisher.

An Independent Newspaper published every Friday morning at Northville, Michigan, and entered at the Northville postoffice as Second-Class matter.

NORTHVILLE, MICH., MAY 29, 1925

AMERICAN LEGION MEMORIAL SERVICE IN HONOR OF THE G. A. R.

The program for the annual Memorial services, as arranged by Lloyd H. Green Post, No. 147, for the year 1925, is as follows:

Sunday, May 24th, the Post and Corps and American Legion and Legion auxiliary will attend union services at the Baptist church at 7:30 p. m.

Saturday, May 30th, services at Presbyterian church at 2:00 p. m. sharp, when the following program will be given:

Star Spangled Banner, Northville Band Prayer, Rev. F. P. Knowles Music, Lincoln's Gettysburg Address, Lincoln's Second Inaugural Address, Comrade Luther Lapham Music, Male Quartet Address, Ex-Chaplain Haliday, 42nd Division, Audience

FORMATION OF PARADE.
Band.
Knights Templars.
G. A. R.
Spanish Veterans.
W. R. C.
American Legion.
World War Veterans.
Fraternal Orders.
Boy Scouts.
School Children.

It is requested by the national commander American Legion, that flags fly half-mast during the forenoon and be raised to top mast at noon.

It is especially desired that the residences and business places of the village be appropriately decorated for the day.

POSTOFFICE CLOSED SATURDAY.
The postoffice will be closed all day Saturday Memorial Day except that the general delivery will be opened from 9:00 to 11:00 a. m. for the delivery of mail. Money order department will be closed all day. Mail will be dispatched as usual.

W. R. C. NOTES.
The W. R. C. will meet at the usual time on Saturday afternoon at 1 p. m. to attend memorial services at the Presbyterian church. After the ceremonies of the afternoon the usual luncheon will be enjoyed at the Masonic temple dining room.

The next meeting of the Corps will be held on June 23rd.

All members are urged to be on hand Saturday afternoon.

BETTER MAILING WEEK JUNE 1-7.
The post office is the center of every day's life. It is the only place where the people of Northville can get their mail. It is the only place where the people of Northville can get their mail. It is the only place where the people of Northville can get their mail.

The man who makes a letter out of a paper address expects the impossible. Uncle Sam can't tell its destination by finger points on the envelope.

Uncle Sam is an unarmaged sir. He has no home. He's known at no address though in every state he's found. He knows not where he's bound. He's a double barreled cursed postal pest.

Uncle Sam has indigestion. His system is clogged with undeliverable mail. A letter worth writing is worthy of care in addressing, and should carry a return address.

Let The Record print your return card on your envelopes. The cost will not be great.

DOG BITES TWO PERSONS.
Wednesday night about ten o'clock while Mrs. A. Bauman was in the garage of R. S. German & Sons her pet dog made an attack upon her, snapping at her clothing. Her screams soon brought others to her assistance and before the animal could be controlled it had bitten Nighthawk Wm. Wain on both hands and had torn the shoes on Lester Stage's feet.

The animal was shot by Marshal Ernie Lyke and on Thursday morning the head was taken to Ann Arbor for examination. The animal seemed to be as normal as usual until it made its attack on Mrs. Bauman.

There has been a lot of rabies about the state and the situation became so serious ever in Oakland county that all dogs were placed under quarantine. It would seem that it was about time a lot of dogs were taken care in Northville. We have a lot of worthless, ownerless curs running our streets every day that should be given attention by the proper authorities. Why wait until some child or an adult is badly bitten and their lives jeopardized.

RECORD LINERS PAY-TRY ONE.

PRESBYTERIAN CHURCH NOTES.

Sunday evening the pastor will again speak on "The Apostles Creed—suffered under Pontus Pilate; was crucified, dead and buried; He descended into hell."

Everybody will want to be in Sabbath school Sunday, not only for the lesson, but also to find out about the picnic.

Y. P. S. C. E. subject will be "The World's Need—the Unfinished Task." Matt. 28:18, 20.

The evening subject at 7:30 will be "Not Disobedient unto the Heavenly Vision."

Mid-week service Thursday evening, third lesson on the doctrine of the cross.

BAPTIST CHURCH NOTES.

Sunday school attendance was over one hundred last Sunday.

Sunday morning congregation was above the average.

B. Y. P. U. meets at 6:30 p. m. Elsworth Cramer, leader. Marguerite Warner will have charge of the devotionals and Mary Jordan will lead the singing.

The rummage sale was a success. The pastor and his wife will be out of town this week-end and a few days next week. A supply will occupy the pulpit next Sunday morning and evening.

Mr. and Mrs. Ralph Burdick are in charge of the "crusaders." These little folks meet Sunday evening in the church gallery at 6:00 o'clock.

The Ladies Aid and Martha and Mary contest closed Wednesday evening. The Martha Circle earned \$365.96 and Mary Circle \$283.90, total \$649.86. This amount was earned in a little over ten weeks.

METHODIST CHURCH NOTES.

"Religion in Common Life" is our morning meditation at 10:30. Let us all worship.

Superintendent Salow will lead the school at 12:00. Everybody ought to be in the classes provided for Bible study.

The Epworth League with Grace Tiffin president, will meet at 6:30. Our leaders next Sunday will be Louis Tiffin and Russel Atchison.

All the members of the League cannot be booked for Albion with other members.

In the evening the pastor will preach on "Judge and Jury" at 7:30. Let us remember we need the evening service as well as the morning.

Mid-week service on Thursday.

Spiritual Viewpoint.

Christianity is not a turnstile. Sanctified turns ugliness into beauty.

A man get in this life what he goes after.

A stultified religion does not appeal to some men.

Business retailers, religion curtails and morality entails.

If God would write our faults upon our faces, we would all hang our heads.

NEW SUBDIVISION TO BE OPENED SATURDAY.

Harry S. Wolfe has announced in today's Record of the formal opening of Garden Grove subdivision at the intersection of Seven Mile and a main road. This property is really situated for desirable homes and a number of new residences will soon be erected there.

Northville people are cordially invited to attend the opening of this very attractive subdivision on Saturday tomorrow, afternoon.

Mixed.

Elvin (the boy of the trap) — I shot at a squirrel and missed him, then I shot again and hit him in the same place.

Began Big Industry.

The first zinc mine in the United States was from the red oxide of New Jersey at the arsenal in Washington in 1818.

"Big Ben" Heard by Radio.

London's famous clock, "Big Ben," has been heard by radio in Borneo, at a distance of 10,000 miles.

The R. N. A. will give a pedro party Tuesday afternoon, June 2nd, at the home of Mrs. Lillian Belford. Each member has the privilege of inviting a lady.

CARD OF THANKS—I wish to thank my neighbors and friends, The King's Daughters, the Phoenix girls and the Baptist Ladies' aid for the flowers, plants, fruit and letters sent me during my recent illness. Mrs. Will VanSickle.

CARD OF THANKS—I wish to thank the different societies, the kind friends and neighbors for the flowers, sent me, and especially do I desire to express my appreciation for the kindness shown me by those in charge of the Sessions hospital during my illness. Irene Kahrl.

CARD OF THANKS—The Juniors and their advisors are very grateful to the people of Northville for their liberal patronage at the play given on Tuesday and Wednesday evening. Especially do they desire to express their appreciation for the assistance given by Mrs. Georgia Timham.

FOUND—Pair of spectacles, gold bowed. Owner may have same by proving ownership and paying for this notice. 46w1c

NORTHVILLE FORESTERS 5, PLYMOUTH MERCHANTS 2.

The opening ball game last Sunday here between the Foresters and Plymouth Merchants resulted in a victory for the home team. It is easy to recall the weather of cold, hail and snow; then later in the afternoon some sunshine. The game went however, and not bad base ball either.

The newly organized team under the leadership of "Chet" Burley was composed of fourteen men in new uniforms donated by the merchants of Plymouth. The name of different business men's firms were conspicuous upon the backs of the uniform shirts. The new team showed plenty of ability in the field but were some puzzled at the batting part of the game.

The Northville Forester team was not exactly in its line-up but were able to win by the close margin of five to two. Both clubs played good ball considering the weather conditions.

Another game will be played at Northville at four o'clock this Saturday afternoon between the two same clubs. Then on Sunday at three o'clock the Oak Ridge team will be here. By that time Manager George Hicks believes that the Forester team will be going at a good clip and able to throw snow balls if necessary.

DRESS MAKING BY THE DAY.

Miss Rose Blundell is located at the home of Mrs. Angelle Simmons and will again be dressmaking by the day. Phone 264-W, Northville. 46w1p

What Good Can I Do In the World?

That is the great question which each human has to answer as they live from day to day.

Every day has its opportunity to help our fellow creatures—by sympathy—by counsel—by material aid—so that life shall be easier for all.

One good standard to measure whether you are of worth to the world is this—do folks come to you for help when they are in trouble?

Jesus Christ lived in Palestine and the record of His life is "He went about doing good." His followers have spread this same gospel of good cheer.

The world—your fellow traveler along the highway—is hungry for kindness—for help to carry the burden of his or her life—for good will and good news.

Peter came to a town one day and helped to restore a man to good health and added years to a woman who was dead. These miracles of healing are worth your study.

REV. WM. RICHARDS

IF

- IF we can lighten another's burden
- IF we can inspire hope for better things in the heart of the discouraged
- IF we can bring sunshine to those whose lives are overshadowed with sorrow
- IF we can hold up Jesus Christ, in such a way, as to make others see in Him the Friend and Saviour of all mankind
- IF we can make others see that the only cure for the world's unrest, can be found in the religion of Jesus (which is the religion of love)
- IF we can accomplish these things, or only one of them, we will feel our work is not in vain.

BAPTIST CHURCH THE LIVE CHURCH

First Presbyterian Church OF NORTHVILLE

When we consider the matchless beauty of the universe it is not difficult to understand why so many avail themselves of every opportunity to enjoy God's great out-of-doors. The wonders there displayed should more often remind us that "God hath lent us the earth for our life," that in six days He made all that was made, that on the seventh day He rested and set it apart that men might adore and thank Him for His marvelous works. We should have no days of recreation at all were it not for the people who go to church. The church is the dividing line between that which lifts men up; and that which holds them down. Go to church and thank nature's God for the things He has provided for your enjoyment.

Preaching at 10:30 a.m. and 7:30 p. m.

You May Be Next

People are being stricken by illness and in accidents every day. Because you have thus far escaped is no guarantee that you will not suffer to-day or to-morrow.

Have you the insurance protection you ought to have in case anything should happen? Who will carry on for you—take your place—supply the family needs?

These are matters that thoughtful men are giving a great deal of attention to these days.

Better come in and let us talk the proposition over.

LUMBER

ANNOUNCEMENT

I have felt for some time that the increased activity in this section would warrant the opening of a Lumber and Building Supply business at Novi, and am pleased to announce that arrangements have been completed between the Crotser Lumber & Fuel Company of Detroit, and myself, whereby we are putting in a stock of Lumber and Building Material suitable to meet the requirements of Novi and the surrounding territory.

By this arrangement we will be able to render you a Lumber and Building Supply Service which we hope will merit your approval and co-operation.

In this new venture, no deviation from our established policy of dependable merchandise at fair prices, courteous treatment, and fair and honorable dealing will be considered.

Our stock will be in shortly, and we respectfully solicit your favorable attention when in the market for anything in our line.

STATE NEWS IN BRIEF

Jackson—The city commission has denied chiropractors the right to practice their vocation at the W. A. Foote Memorial Hospital, which is operated by the city. The opinion was given at the request of C. M. Guysselman a local chiropractor.

Ypsilanti—According to word received here, the state highway department ordered two miles of the Monroe road, east of this city, paved at once, using mason labor for the construction work. Action on the other one and one-half miles to the Wayne County line is expected in a few days.

Lansing—Three new bridge road construction jobs have been authorized by the State Administrative Board. A two-mile stretch on M-23 near Ypsilanti will be built on State account. Contracts were let for gravel at the intersection of M-69 from the south end of Baraga County to Livingston and for 4.1 miles on M-27 near Owosso.

Lansing—Convention junkies for State employees and officials are permanently barred by the State Administrative Board. The board adopted a resolution declaring it would not honor expense accounts submitted for attendance at conventions either inside or outside the state, unless the trip involved specific State business.

Escanaba—The discovery of an other-positive case of rabies here occasioned a renewal of shotgun warfare against unlicensed dogs. The police "shoot on sight" squad has again opened hostilities against the canines. A half dozen persons have been bitten by mad dogs in two months and more than 300 dogs have been killed.

Muskegon—Smoke which filled the clubhouse of the Muskegon Country Club overcame four persons who were removed from the building when passersby saw the flames fire started in a garage, destroyed a truck and passenger automobile stored there and spread to the dining room. Cause of the fire has not been determined. The loss was estimated at \$2,000.

Kalamazoo—Several thousand veterans of the 126th Infantry will hold their annual reunion here July 3, 4 and 5. This unit which was part of the 3rd Division was reorganized in July 1917 from the old 31st and 32nd Infantry regiments of the Michigan National Guard. The colors of the regiment were decorated with the Cross de Guerre and four American battle bands.

Georgetown—The West Michigan Lumber Association, with S. D. Smith as president, has been organized to sponsor a potato exhibit each year. The organization is composed of growers, specialists and members of the Chamber of Commerce. Plans are to hold a show Oct. 29 to 31 when competition in most classes will be on a grand scale throughout the state.

Grand Rapids—Hostilities between two labor unions in the city of Grand Rapids have been going on for some time. The International Brotherhood of Teamsters and the United Brotherhood of Carpenters and Joiners of America are the two unions involved. The situation is expected to continue for some time.

Ann Arbor—A meeting of the University of Michigan Board of Regents will be held to discuss the removal of the International track between here and Saline. The franchise on this line expires in about 12 months, and the State Highway Department desires to pave the six miles of road west of this city until the railway tracks are removed.

Ecorse—George A. Moore, who has been holding the offices of justice of the peace and trustee of Ecorse, resigned from the latter office at the regular meeting of the village council after Attorney-General Andrew B. Doughty advised him that the offices were incompatible and that he could not legally try ordinance cases while a member of the council. The question was first raised by Alfred C. Bouchard, president of the village and political opponent of Moore.

Ypsilanti—Full rate fines for pastors who violate the traffic law is the slogan of the Rev. Henry Lewis, rector of the Episcopal church at Ann Arbor, brought into the municipal court of Judge D. Z. Curtis after he had been arrested on a charge of speeding. Judge Curtis was ready to levy a cut-rate fine because of mitigating circumstances, but Mr. Lewis waived any preference, and insisted on paying just like any other offenders. Thereupon, the judge assessed him \$5.

Detroit—A Mid-Western Conference of the National Woman's Party will be held in Bloomfield Hills and Detroit the first week in June. The conference will open June 4 with an annual meeting of the Michigan Branch of the National Woman's Party. The morning of June 5 will be given over to the National Council, and the afternoon to an organization conference. This will be followed by a banquet in the evening for the members and friends of the organization at one of the delightful clubs in Bloomfield Hills.

Battle Creek—The peach crop in this vicinity has been badly blighted by a frost while strawberries and early corn suffered; it was said by fruit and farmers.

Jackson—Officials of the Michigan State Prison at Jackson are searching for Vito Mangiapane, who made his escape from the State cement plant at Chelsea. The prisoner, serving a life term for homicide, was a trusty at the plant.

Kalamazoo—J. D. Long, Frank King, Edward W. Murray, Ed Summers and John Marshall, the five Milburg bank robbers convicted in circuit court here and sentenced to life terms in Marquette prison, have begun their sentences.

Grand Rapids—Sidney L. Vaughan, former vice president and general manager of the Grand Rapids Grand Haven & Muskegon Railway Company, and several associates have purchased the railway property from the United Light and Power Company.

Lansing—Three hundred and eighteen automobiles were stolen in Michigan in April, according to a report compiled by Charles J. DeLand, secretary of state. In the same period 254 were recovered. A large majority of the thefts and recoveries were in Detroit.

Adrian—The school building of the Michigan Training School for Girls, formerly the Industrial School for Girls, was totally destroyed by fire here. No injuries were reported. It is believed the blaze originated on the roof of the building. The loss is estimated at \$30,000.

Port Huron—The Nicholson Universal Transit Co. of Detroit has bought the steamer Thomas Davidson from the Crosby Transit Co. The Davidson will be taken to the Great Lakes Engineering Works, Detroit, where she will be put into the automobile carrying trade.

Reed City—Reed City definitely has entered the race for the Western normal school. Committees have been appointed, options of desirable locations have been secured and every means will be taken to gain the attention of the authorities to get the location here.

East Lansing—The Michigan State College of Agriculture and Applied Science formerly Michigan Agricultural College, will graduate about 318 next month, an increase of about 15 over 1924. There are 83 prospective engineering graduates and 80 prospective graduates in agriculture.

Lansing—William Turner, 57 years old, a farmer residing a few miles east of Lansing, was instantly killed when the automobile which he was driving was struck by an interurban on the Michigan Electric Railway lines near Okemo. The machine was struck in the center and derailed under the interurban.

Port Huron—The sale of Wood Island, in St. Clair River and nearly opposite Sombra, Ont., to the Detroit Council of the Knights of Columbus was reported here. James Guassan, Detroit, is owner of the land. The sale price is said to be \$20,000. The island, which is a Canadian water will be converted to a summer resort it is said.

Lansing—The Michigan State Department of Labor, which was organized July 1, 1924, has been in session since July 1. The department is now in session and will be in session until the summer resort it is said.

Kalamazoo—Western State Normal University will be dedicated June 19. The new building stands at the eastern edge of the city, just off Oakland (near Knute Rockne, football coach at Notre Dame University, will be the principal speaker. William H. Spaulding for 14 years coach of the institution and now coach of the University of Minnesota, will be the guest of honor.

Ann Arbor—Advocating a separation of any world court from international politics, and scoring the League of Nations on the basis that its foundation is upon force rather than justice, Senator William E. Borah, of Idaho, spoke on "Peace and the Peace Problem" before the student body of the University of Michigan here. He not only attacked the League of Nations and the World Court, but also explained his stand on the recognition of Russia.

Flint—J. Dallas Dort, international known automobile magnate, dropped dead on the golf links of the Flint Country Club during a game. Apparently glowing with health, Mr. Dort was completing a foursome with three friends. He had just driven 220 yards from the eighteenth tee. Walking on the eighteenth fairway, an "undulating green" within sight of the clubhouse, and a host of friends Mr. Dort suddenly sank to the ground. Before a physician could arrive Mr. Dort had died.

Lansing—Henry Ford's power development operations at Ypsilanti will be continued under an order issued by the Michigan Public Utilities Commission. The order classifies the Fordson Power company as a public utility. Under special legislation passed authority to prosecute condemnation proceedings, on authority of the utilities commission, is given to public utilities. Ford is seeking to invoke that authority to frustrate attempts of Westland county land owners to keep him from the Huron river.

AIR MAIL SERVICE READY FOR WINTER

Cross-Continent Flying to Go
on Unhindered.

Omaha—An unprecedented contingency for the United States government, that of operating the transcontinental air mail service throughout the winter months, will be met satisfactorily if the already completed plans of the government are carried out, according to Carl F. Egge, general superintendent of the air mail service.

Mr. Egge, at his headquarters here, has announced that the cross-continent flying service will go on regular schedule, hampered only slightly, if at all, by snowstorms and blizzards. Every air mail flying base and emergency landing station has been equipped with winter flying facilities; "monkey suits" for pilots, stoves to heat water and gasoline, protection of beacon lights, and skis to be attached to the landing gear in case heavy snowfalls prevent the use of wheels. The "monkey suit," Mr. Egge explained, has been adopted after extensive experimenting with various flying garments. The suit, fur-lined, includes everything from helmet to socks. The electrically heated suit, the air mail chief said, transmits heat too rapidly, affording no even heat for the comfort of pilots.

In addition, the cockpit of every plane will be heated by a pipe running from the engine parallel to, and on top of, the exhaust pipe. This new arrangement, the speaker declared, prevented fumes from entering the cockpit, as was the case when the cockpit was heated direct from the exhaust pipe.

All main beacon lights from Hazelhurst field, New York, to San Francisco, Calif., have been equipped with plate glass housing, assuring pilots of adequate guiding lights even in the heaviest of storms.

The wheel landing gear, pilots have found, can be used in case of a 10 or 12-inch snowfall, but in excess of this the ski landing apparatus must be employed. This winter landing apparatus is on hand at every field.

Astronomer Sees Crack in Steeple; Saves Church

London—Sir Frank Dyson, astronomer royal, while testing the big telescope at Greenwich observatory turned it on London. A church steeple caught his eye. He observed a menacing crack at the base of the steeple.

Although the church was ten miles away he measured the crack with the instruments used to determine lunar distances and was convinced it was dangerous.

It was difficult for him to find out where the church was, because the magnification was so great only the steeple showed in the telescope's field, but with the aid of a large scale map and instruments Dyson placed the church. He telephoned the vicar, who when he heard a voice say the astronomer royal wished to warn him his steeple was about to fall thought it was a practical joke.

Sir Frank finally prevailed upon him to examine the steeple, in which was found the crack which, invisible from the ground, was so dangerous the church has been closed.

Ohio Wesleyan University Gets John Wesley's Cane

Delaware, Ohio—Frank S. Monnett, of Columbus, former attorney general of Ohio, has given Ohio Wesleyan university a riding cane carried by Rev. John Wesley.

The cane will be displayed permanently in the Ohio Wesleyan library, along with other valuable relics.

Mr. Monnett, a graduate of Ohio Wesleyan in the class of 1880, recently came into possession of the cane during his trip to England.

The founder of Methodism is said to have left the cane by accident in a London coach operated by Thomas Park, a follower of Wesley's teachings. Park preserved the cane and took the first opportunity to return it. Meanwhile, however, Rev. Mr. Wesley had purchased another, so he presented Park with his original riding cane.

The cane since has been preserved continuously in the Park family. During a trip to England last summer Mr. Monnett was a guest at the home of Sir John Powell, a relative of T. D. Powell of Columbus. Sir John Powell is a descendant of the Powell family which originally owned the land upon which Ohio Wesleyan university stands.

During Mr. Monnett's visit Cecil Wellington, great grandson of Thomas Park and for many years a chauffeur for Sir John Powell, presented the riding cane to him with the understanding that it was to be brought to America and presented to Ohio Wesleyan.

Capt. Eagle and Priv. Hawk Real Birdmen

Washington.—Capt. G. I. Eagle, late of the office of the chief of air service of the War department and now of Bolling field, whose name has been used in many puns upon the air service, has at last found companionship. It appears that there is a Private Hawk in the air service, too.

UNUSUAL HAPPENINGS AND OTHER BRIEF NEWS

Submarine Officers Face Trial

Washington—The officers of the submarine S-13, which went aground fast January at Nauset Beach, Mass., have been ordered court-martialed by Secretary Curtis D. Wilbur.

Allenby Resigns Post

London—Field Marshal Sir Edmund Allenby, high commissioner of Egypt since 1918, has resigned and Sir George Lloyd has accepted the commission as his successor. Foreign Secretary Austen Chamberlain announced in the House of Commons.

State Orders Gasoline Cut

Mitchell, S. D.—F. W. Marmon, state director of gasoline sales, has ordered all state filling stations to cut their price of gasoline to 19.12 cents after a 30 days' test period, during which Mr. Marmon compiled data upon which the state gasoline sales commission may base a fair price to dealers.

Boat Beats 20th Century Time

Albany, N. Y.—The speedboat Teaser, owned by R. F. Hoyt, recently beat the time of the New York Central's crack Twentieth Century Limited between New York and Albany in 20 minutes. The Teaser made the 133 mile trip in two hours and 40 minutes. The Twentieth Century covers the distance in three hours.

Editor Accepts University Post

New York—Glenn Frazier, editor of the Century Magazine, has announced that he would accept the post of president of the university of Wisconsin. Mr. Frazier said he would give up his position as editor of the magazine within a short time. He would not discuss the politics he will pursue in his new work.

Approve Scrapping Ships

Washington—A program of selling 200 government vessels for scrapping has been tentatively agreed upon by the subcommittee on scrapping of the Shipping Board. The committee is in agreement on a policy of scrapping 150 of the least desirable of the 300 idle lakers, and intends to add to this number 50 vessels of another type. It has asked the fleet corporation for a recommendation covering this 50.

Girl Slayer Found Sane

San Francisco—Dorothy Ellingson, 17-year-old San Francisco matricide is sane and must go to trial on a charge of murder. Dr. J. M. Scanlan, medical superintendent of the Naval state hospital, and his staff of several other physicians, has presented a report to District Attorney Matthew Brady, declaring that a close observation of the girl for a period of more than 30 days had determined that she was in full possession of her faculties and mentally responsible.

The Best Is None Too Good

Sometimes a storekeeper believes that because his stock is not the largest, his fixtures not the newest, his store not in the best location, his building not imposing, he doesn't need the most improved lighting.

Experience proves the contrary. More than other storekeepers who are better circumstanced, he needs the best lighting to offset disadvantages that he cannot easily control.

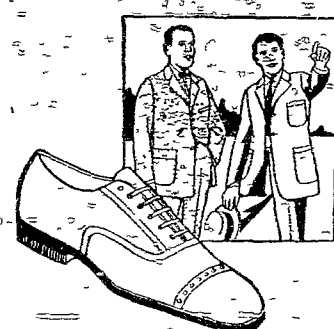

No other improvement that he can think of has such power to increase trade as the single item of lighting. Lighting attracts. Lighting makes sales. Lighting pays profits.

We will inspect your lighting equipment and suggest improvements, without charge.

Coventry Gardens

A New Idea in Suburban Development

Heretofore only those who could afford \$25,000 to \$50,000 homes have been able to enjoy the satisfaction of living in a residence section laid out in generous size building lots, rendered attractive by winding drives, full-grown shade trees and a beautiful vista of rolling hills.

Now, in Coventry Gardens, all these advantages are offered to prospective builders of moderately priced homes.

50 Foot Lots \$750

Lots in Coventry Gardens are of ample size (50 feet to 125 feet in width and 135 feet to 200 feet in depth), to accommodate homes of the wide, rangy type, placed well back from the street, and still leave plenty of space for lawns and gardens.

At prices as low as \$750 for lots 50 feet wide and 135 feet deep, with a down payment of less than 10% in case the purchaser plans on building in the near future, Coventry Garden lots are a "buy" that you will find it difficult to equal in any other home community.

CITY IMPROVEMENTS!

Water — Sewers — Sidewalks —
Electricity — Improved Streets.

Do not overlook the fact that prices of Coventry Garden lots include city improvements—sewers—water, sidewalks, electricity and improved streets! And take into consideration also the strategic location of the property—on two paved highways, Five Mile and Farmington Roads, with a third projected Fordson highway leading direct from the River Rouge Ford Plant.

Compare Coventry Gardens in point of location, improvements and general desirability with any other suburban development and you will realize that here at least is the ideal location for the home of your dreams. Call at office located at Five Mile and Farmington Roads, or at Main Office, 410 Donovan Bldg., Detroit.

The Economy of the Best

The economy of using the best possible materials is made apparent in the upkeep problem. A house or business building may be "thrown together" with cheap material and it may "look all right" but after it has stood the shock of weather the real test comes.

Long ago we learned that it is false economy to use poor materials and we so advise everyone who buys of us. Our success is due to honesty in materials and prices.

We shall be glad to advise with you regarding any building you contemplate doing this season. We have plans that will help you.

ANYTHING TO SELL? TRY A RECORD LINER.

"ABIE'S IRISH ROSE" STILL IN DETROIT.

"Abie's Irish Rose," now in its fourth week at the Garrick theatre, Detroit, is making theatrical history in Michigan. Every indication now points toward a summer run for the celebrated Anne Nichols comedy. Seats are selling for the fifth week and the management announces that the show, at least, will stay until August.

In New York last week "Abie's Irish Rose" entered the fourth year of the Broadway run, reaching a mark never before touched by any show. "Abie" now holds the long-run record in America, having played longer in New York than "Lightnin'," its nearest competitor.

As for Detroit, no show ever stayed over four weeks and only a few ever topped that long. "Abie" will beat all records there starting next Sunday. The Detroit company is the same that played for 58 weeks in Chicago and the wisecracks are predicting that inasmuch as Detroit is half the size of Chicago the show will linger half as long, a total of 29 weeks.

Long lines of patrons have sought tickets ever since the opening. At the end of this week more than 46,000 persons will have witnessed "Abie" at the Garrick. Never has there been a vacant space since the first performance on May 3rd.

The marriage of the Jewish boy to the Irish girl and the resulting difficulties brought about by two pugna-

ious parents is the story that has the widest appeal of any ever written for the American stage. It is genuinely American with an underlying thought that all creeds and races are striving for the same goal, heaven. The out-of-town visitor is advised to make reservations by mail. The prices are \$2.50, \$2.00 and \$1.50, plus ten per cent tax.

NATIONAL DAIRY MEET TO BE HELD IN STATE.

Prominent dairy men from all parts of the country will gather at Grand Rapids on June 2nd and 3rd for the fortieth annual convention of the Holstein-Friesian association of America, the largest cattle breed association in the world.

The last time the "black and white" cattle gathering was held in Michigan was in 1916. Frank G. Lovden, former governor of Illinois, is president of the national association, a position held for seven years by D. D. Aitken of Flint, prominent state dairy man.

There will be 163 delegates from 44 states and Canadian providences at convention, according to J. G. Hayes, dairy extension man at the Michigan State College and also secretary of the state Holstein-Friesian association. Michigan, the fifth largest Holstein state, will have ten official delegates at the convention table.

Prominent among the speakers on the programs for the meeting are Prof. O. E. Reed, head of the dairy depart-

ment at the Michigan State College, and Dr. John Harvey Kellogg of Battle Creek.

ADVERTISED LETTERS.

Mrs. Sarah Duncan
A. McKinnon, Esq.

Wolves Stick Together

Ernest Thompson Seton in his book on Northern animals says that wolves are the most sociable of beasts of prey. They gather in bands or packs during winter months chiefly for the purpose of rendering to each other assistance.

For Shoes That Wear COME HERE

We have a line of Shoes for men who really want something that will wear well and be comfortable. They are sturdy, well made of good material and will give splendid service.

Do not throw away the old shoes now that warm weather has arrived. Have them repaired and made ready for the Fall when you will need them again. Repairs are much cheaper than new shoes. Bring the old ones here and let us fix them up for you.

LOCAL.

Robert Pickell has recently treated his residence to a coat of new paint. Charles Christensen is building a handsome residence on his farm on the Novi road.

The library will be closed Saturday afternoon, but open during the usual hours in the evenings.

Mr. and Mrs. Bert Rea of Kenton, Ohio, have been visiting Mrs. Maude Bennett for a few days.

Mr. and Mrs. Peter L. Perkins and daughter Maxine, spent Sunday and Monday with Northville relatives.

Mr. and Mrs. George Ford spent Monday visiting at the home of Mr. and Mrs. Ben Shively, in Detroit.

Auto drivers will do well to see that the tail lights if their cars are in good working order, otherwise they are liable to arrest.

Mr. and Mrs. Frank Lyons and Mr. and Mrs. George Ford spent Sunday at the home of Mr. Ford's nephew, Willie Ford, at Detroit.

Saturday will be Memorial Day. A day made sacred by tenderest memories as grateful citizens let us observe the day in an appropriate way.

Three subdivisions between Ypsilanti and Ann Arbor, will be incorporated as a village, if the plans of the 45 owners and residents get their way.

Millard voted last week to bond the school district for \$90,000 to build and equip a new school building. The proposition carried by a majority of five votes.

George Groth was in Grand Rapids a few days this week in attendance at the meeting of the Grand Lodge of Michigan, F. & A. M., as representative from Northville Lodge.

The first to erect R. F. D. boxes in the village are F. A. Davis, Chas. Altman, A. H. Brown and Frank Simons. All are on Plymouth avenue and get a mail delivery every morning about 9:15.

A number of the members of Northville Commandery, Knights Templar, accompanied by their ladies will attend the meeting of the Grand Commandery which will be held in Grand Rapids, next week Tuesday.

Edwin Millard, who sold his farm on the Seven Mile road near Farmington last winter, has moved with his son and daughter into the home on North Fairview avenue, which he purchased recently—Record.

The famous Boston Bloomer Girls baseball team organized over 13 years ago by Irm F. Needham—a former major league—will pay Detroit a visit next Sunday playing Ed Cordehan's Polish Records at Mack Park.

Fredk Hedge's main friends will be pleased to learn that the operation upon his eyes, which was performed at the University Hospital at Ann Arbor last week, was successful and that he will be home within a few days.

As good citizens let us remember that the soldier dead whom we shall honor to-morrow suffered and died for an ideal. "Are we doing our part to maintain those ideals for which they gave their last full measure of devotion?"

Mr. and Mrs. Henry E. Rankin are building a new barn and will soon commence the erection of a new residence on their property on the Novi road. They will have a very attractive home when all the improvements have been made.

Mr. and Mrs. E. L. MacRae were given a pleasant surprise Wednesday evening at their home, it being the first anniversary of their wedding—a number of Northville and Detroit guests made up the party. Mr. and Mrs. MacRae were the recipients of a number of beautiful and useful gifts.

Mr. and Mrs. Fred E. Penn and daughter of Bradenton, Florida, who have been guests of Mr. and Mrs. R. B. Willis, left the first of the week for Chatham, Ontario, where they will visit for a few weeks. They will return to Northville later and spend the summer here. Mr. Penn was Northville's first rural mail carrier.

The officers of many of the American Legion Posts in the state will enjoy a breakfast with National Commander Drain of the American Legion Sunday morning at the Book-Cadillac in Detroit. Later in the day the party will motor to Otter Lake to visit the children's billet established by the American Legion Posts of Michigan.

Three one register furnaces are being placed in the new Filkins block this week by the Bell Furnace & Manufacturing Co. of this place. All loyal Northville citizens should insist upon having their homes heated with the old reliable Bell furnaces. They are made right here at home by Northville workman who spend their money here in the support of local enterprises.

"Case Benton Park" is the name given to Benton woods by the Wayne County Highway Commissioners who have charge of the county parks. The woods have been cleared of all rubbish and underbrush, tables have been distributed about the grounds and the broad acres present an attractive and inviting appearance. The park will afford a delightful place for picnics and other gatherings.

The Junior play was well given on Tuesday and Wednesday evenings and they were liberally patronized.

G. W. Perkins of Louisville, Ky., is visiting Northville friends and looking after his property interests here.

The new Filkins block is nearly completed and it is a great improvement to the business section of the village.

Mrs. Permeila Kohler and daughter, Lena, motored through from Ponce de Leon, Florida, and arrived in Northville Wednesday morning.

A dinner at 6:30 o'clock will precede the special meeting of Orient Chapter, No. 77, O. E. S., when several candidates will receive the degrees of the order.

The next meeting of The King's Daughters will be held at the home of Mrs. H. F. Blake Tuesday afternoon, June 2nd, at 3:00 o'clock. Please come if possible.

Mrs. Wm. Montgomery and daughter Elizabeth, attended the funeral of the former's nephew, Gordon Arnold, of Marine City. He was a patient at the Eastlawn Sanatorium for several weeks.

The Red Arrow Restaurant is being greatly improved this week. Hand some new panels have been placed on the sides of the room, the interior newly decorated and the whole place made most attractive.

Mr. and Mrs. W. H. White, Sr., and Mr. and Mrs. W. H. White, Jr., spent the week-end with relatives and friends at Fowlerville. Mr. White, Sr., now has a new Ford sedan and he is enjoying it greatly.

Wm. E. Matheson attended the meeting of stockholders of the Glass Casket Co. at Ann Arbor on Wednesday for the purpose of selecting a delegate to represent this district at the annual meeting at Muskogee, Oklahoma.

Mr. and Mrs. George M. Henry will leave the first of next week for a visit with relatives and friends in Ohio and Indiana. They will spend several days at their old home, Marion, Ohio.

After their return they expect to spend a few weeks in northern Michigan—where the fishing is good.

Mr. and Mrs. Robert McCulliv had as their guests on Sunday Mr. and Mrs. Cyril Jack and children, Anna and Joyce James Thompson and two sisters, Ella and Mar. of Moonfield, Ontario. Mrs. John McMann and sons, E. D. and F. A. McMann of Detroit. Mr. McCulliv enjoys the distinction of being uncle, great uncle and great great uncle to the guests.

L. O. T. M. NOTES.

Regular meeting of the Ladies of the Macabees next Monday night at 7:30, in Foresters new hall. A good attendance is desired.

FORESTERS' HALL NOTES.

Regular meeting of the Foresters' Hall next Tuesday at 8:00 p. m. at the Foresters' Hall. All members are urged to be present. Cards and refreshments.

JUNIOR MOTION PICTURES NEXT WEEK WEDNESDAY.

The Juniors will present an interesting program of motion pictures at the High School auditorium on Tuesday evening next. The public is invited.

ALL DOG OWNERS TAKE NOTICE.

In another column of this Record appears an official notice regarding the quarantine of dogs in Wayne county. All owners of dogs will do well to heed the warning given otherwise they will be arrested and held responsible for failure to comply with this order.

Everyone come to the school auditorium to see Theodore Roberts and Viola Dana in "Forty Winks" on Tuesday evening at 8:00 o'clock.

DOG QUARANTINE!

(Wayne County)

The fact has been established that a dog affected with an infectious and communicable disease, known as "rabies," has recently been at large in the vicinity of Redford and Nankin townships and is known to have bitten persons and live stock and may have come in contact with dogs as yet unknown.

Notice is hereby given that all dogs owned or kept in the county of Wayne, State of Michigan, unless properly vaccinated against rabies within one year by a qualified veterinarian, shall be kept securely chained or otherwise properly confined on the premises of their owner or keeper, or if allowed to run at large, shall be securely muzzled to prevent the aforesaid dog from biting other animals, or persons. All owners or keepers of dogs are hereby prohibited from removing any dog whatsoever from Wayne county, Michigan, during the period of this quarantine, unless the dog has been properly vaccinated against rabies by a qualified veterinarian within one year of date of removal.

The attention of all owners or keepers of dogs in the above territory is hereby called to the following sections of the Michigan State Laws relating to the Bureau of Animal Industry which provide a penalty for violations of this quarantine order and read as follows:

Sec. 5. Said commissioners shall also have power to declare and enforce a quarantine on dogs in any district of this State in which there is an outbreak of rabies, hog cholera, hoof and mouth disease or any other contagious or infectious disease among the livestock and may order that all dogs in said district shall be securely chained or otherwise confined. Any dog found at large in contravention of the terms of such a quarantine or order may be killed. It shall be the duty of the sheriff of each county in the district affected and of his deputies, constables and other municipal police officers to see to it that such quarantine and orders are enforced. Any officer killing a dog pursuant to the provisions of this act shall not be subject to any liability therefor.

Sec. 23. Any person violating, disregarding or evading any of the provisions of this act, or any of the rules, regulations, orders or directions of the Commissioner of Animal Industry (Commissioner of Agriculture) made pursuant hereto, shall be deemed to be guilty of a misdemeanor and by conviction thereof shall be punished by a fine of not less than ten dollars nor more than five hundred dollars, or shall be imprisoned in the county jail for not more than six months, or both such fine and imprisonment in the discretion of the court. The doing of any act herein declared to be unlawful or herein forbidden, shall be deemed to constitute a violation hereof.

This quarantine order shall be in full force and effect from and during the period between April 3, 1925 and July 3, 1925, inclusive.

Dated, April 3, 1925.
L. WHITNEY WATKINS,
Commissioner of Agriculture.
H. W. NORTON, Jr.,
Director, Bureau Animal Industry.
B. J. KILLHAM,
Chief Veterinarian.
W. H. SAFFORD,

NEWS DISPATCHES FROM EVERYWHERE

Lake Boat 'Kelly Island' Goes Down With Nine Of Crew Aboard

Sandusky, O.—Nine members of a crew of 16, including Captain William J. G. Slackford, were drowned when the sandboat "Kelly Island" listed and went to the bottom of Lake Erie, 35 miles north of here. The seven survivors were rescued by a Canadian fishing smack and taken to the Point Pelee life saving station.

The "Kelly Island" was owned by the Kelly Island Lime and Transportation company of Cleveland. It dug sand from the bottom of Lake Erie between Sandusky and Point Pelee.

The survivors stated that just as the crew finished taking on a load of sand and was pulling in the hose through which the sand is sucked from the bottom, the boat began to take in water on the starboard bow. She listed rapidly and before all the crew could get clear she was on her way to the bottom.

The boat was launched in 1911. She was entirely of steel and the largest of eight in the company's fleet. Captain Slackford, who was 60, had been in command of her for six years. He and all of those drowned with him leave large families.

Sailors' Bonus Urged

Washington—Legislation to provide a monthly payment out of the treasury for American sailors on American ships in the foreign trade will be recommended to Congress by Chairman O'Connor of the shipping board as the main point in a program for building up the merchant marine. Under the plan a maximum of \$20 a month would be paid to sailors, and Mr. O'Connor estimated that the annual cost to the treasury would not exceed \$8,000,000.

Bare Plot to Kill Chamberlain

LONDON—Additional guards have been sent to protect Foreign Secretary Austen Chamberlain from a possible revolution with the discovery of a plot against his life.

The news of additional police protection for the foreign secretary, came from a local quartermaster but there was much reticence about discussing the nature of the supposed plot. It was intimated that some details were discovered outside of London.

Mathewson III Again

Saratoga Lake, N. Y.—Christy Mathewson, president of the Boston National League baseball club, is recovering from a cold at his home here. The former pitching ace of baseball, who won a valiant fight against tuberculosis, here prior to his return to the game as an executive of the Boston club, is in good health generally and his condition can not be considered serious or in any wise alarming, his physician said.

Goodyear Wins Balloon Race

St. Joseph, Mo.—W. T. Van Orman, piloting the Goodyear III, covered the greatest distance in the national combustion balloon race when the last two bags came to earth. Van Orman landed at Reform, Alabama, outstripping the veteran, Captain H. E. Stoney, by about 40 miles. Captain Stoney brought the "St. Joseph" down at Aberdeen, Miss.

King George Receives Houghton

LONDON, Eng.—King George's first official act since returning from his extended Mediterranean cruise was his reception at Buckingham palace of the new American ambassador, Ambassador Houghton and staff. Ambassador Houghton held a long conference with Foreign Secretary Austen Chamberlain after presenting his credentials to King George.

Prohibition Enters Germany

Berlin—The first serious attempt to combat alcohol and realize prohibition in Germany will be made from May 13 to 17. Hygiene and social reform clubs will hold many meetings throughout the country and endeavor to have prohibition preached in the churches to prepare the country for a bid in the Reichstag grant local option on prohibition.

Germany Thanks Allen

Berlin—Count von Kappeler minister for food and agriculture, before the reichstag's budget committee publicly thanked Henry T. Allen, who was chairman of the American committee for relief of German children for his efforts in feeding the children of Germany.

Women Donate Rheims Hospital

Rheims, France—The city of Rheims officially received the new American Memorial Children's Hospital from Ambassador Myron Herrick. The hospital was built by subscriptions from women all over the United States.

Riff Tribesmen Renew War

Paris—The French foreign office has announced the renewal of an offensive by Riff tribesmen on a 100 kilometer front in French Morocco. French reinforcements were reported on the way from Algeria.

HUGE AIR TRANSPORT COMPANY IS LAUNCHED

HOWARD E. COFFIN

Chicago—Howard E. Coffin, vice-president of the Hudson Motor Car Co. of Detroit, was elected head of the new National Air Transport, Inc. at a meeting here. Other prominent Detroiters were named directors and officers of what will be the first large commercial aviation venture in the United States. Temporary offices have been opened in Detroit.

It is understood that among other prominent backers of the new venture are the Marshall Field and Whiteley interests of Chicago. Neither Henry Ford nor Edsel Ford is interested financially in the company. Two millions for the capitalization already subscribed are to be devoted to the establishment immediately of a New York-Chicago overnight plane service. None of the stock of National Air Transport will be offered to the public.

'Baby Farm' Head Indicted

New York—Mrs. Helen Auguste Geisen-Volk, owner of a "baby farm" in East Eighty-sixth street, has been indicted for first degree manslaughter by a grand jury after an investigation which showed that William Winters, six months old, died in the woman's place after his skull had been fractured.

The Winters infant was one of 30 children who died at the "baby farm." Experts said the injuries indicated the infant had been thrown against a wall.

Minnesota Loses Lake

Minneapolis—Minnesota today was minus one of its famous 10,000 lakes as the result of the disappearance of Bass Lake, a body two miles long and one mile wide. The lake, which was situated three miles northwest of Ellensburg, had been gradually lowering for some time. The water has escaped into Low Lake, which adjoined Bass Lake, and thence into international waters. The water made its escape over an old sluice bed cut out years ago by lumber companies, according to the theory advanced by foresters.

Radio Beacons Installed

Washington—With a view to reducing navigation perils along American coasts and on the Great Lakes the Department of Commerce has begun the installation of radio fog beacons in all important lighthouses.

After an extensive test the new radio beacons, whose signals penetrate fogs, were given the official approval of Secretary of Commerce Hoover and their installation ordered.

Standard Takes Up Aviation

Chicago—The Standard Oil Co. of Indiana is negotiating for an all-metal airplane to be used in its business covering 10 states. It was disclosed that the initiative of the Ford Motor Co. in opening airplane transportation between its home plant at Dearborn, Mich., and its Chicago plant and other branches, aroused the interest of the Standard and other mid-west corporations in aerial transportation.

Investigate Ethyl Gas

Washington—Appointment of a commission to investigate the alleged injurious effects of ethyl gas when used as a motor fuel was recommended by Surgeon General Cumming, of the Public Health Service to discuss the subject. The conference also endorsed "as wise" the action of the Ethyl Gas Corporation in disconnecting temporarily the distribution of the ethyl gas fuel.

Poland Acts on Debt

Washington—Funding the debt of the republic of Poland to the United States has been formally completed at the treasury with the delivery to Acting Secretary Winston of Polish bonds amounting to \$178,560,000. Minister Wroblewski, of Poland, turned over the bonds to the treasury and received in exchange the original demand obligations given by his government.

Vanderlip Reported Better

New York—Frank A. Vanderlip, well-known banker, has been able to go out of doors following a long, serious illness at his Scarborough home. He lost 40 pounds during his five-months illness. Mr. Vanderlip was taken ill early last winter with influenza and developed typhoid fever, which afterward led to pneumonia.

Novi News.

Mrs. Clarence Smith has been quite ill with throat trouble.

Mr. and Mrs. Edward Kocher of Detroit called on Novi relatives last Sunday.

Rev. Sayles of Plymouth was a caller at the Baptist Parsonage on Monday.

Mr. and Mrs. Ed. VanDyne are staying at the home of Mr. and Mrs. Phil Taylor for a short time.

Mrs. Edith Groper, of Ann Arbor a former Novi resident, is visiting Mrs. Dandison and other Novi friends.

Mrs. Dan Wilkinson, mother of Mrs. James Taylor is very ill at the home of her son Foster Parmenter at Northville.

The Womens' Mission Circle met last Thursday with Mrs. Fred Durfee with a good attendance and an enjoyable meeting.

The usual services will be held at the Baptist church next Sunday. We have a fine Sunday school to which every one is welcome, both old and young—(of course there are none of the former in our little "burg").

Mrs. O. Richardson of Pittsburgh, Pa. is visiting her sister, Mrs. Francis Dandison, and also her daughter, Mrs. Wm. Morton, who lives in Detroit. She was a former resident of Novi.

Mrs. Lizzie Coates spent last Friday at the home of a cousin Mr. Philip Uigge in Detroit who is in a critical condition. He has been a great sufferer for years with nerve trouble. One eye has been taken out and one arm taken off at the shoulder.

Last week Wednesday Mesdames Dandison, Richardson and Holmes visited their cousin, Mrs. Julia Tidson at Grand Blanc, making the journey in Mrs. Holmes' new Hudson car. The day was very pleasantly passed. Mrs. Tidson is past 80 years of age.

Frank Martin's new house on the lot he purchased of Archie Kent is nearly completed. Next to that on the west his son Irvin will build a new house and Mr. Kent will tear down the old house which has stood for many years and build a new one. Work will begin on both at once and when they are completed will be a credit to Novi. The three houses being close together, and up to date mean much to the improvement along the Spencer road just east of the hotel.

Wanted—Someone who is interested in their home town to build a few houses for rent. A number of men who are coming here to work on the viaduct would bring their families were there houses of rooms for rent. O. yes, Novi is growing and much alive. The McCrumb property is undergoing a decided change. What was an old orchard and a bank or knoll around the late Josina McCrumb home has been excavated and leveled bringing into a prominent view the old underground cellar which has been below ground except for the roof—now has been unearthed and remodeled, and to what a change. The new owner will put on quite a program if reports are true—gas station, barbeque, ice cream etc. We can write more later when the work is completed and ready for business and we know "what is."

FORD SETS NEW TRUCK RECORD.

Use of the one-ton truck in delivery and hauling systems appears to be greater this year than ever before and buying, which reflects a healthy business generally, is likewise increasing. This condition in the commercial car field is indicated by sales of Ford trucks which during the first four months of the present year have established a new record.

Retail sales reports of the Ford Motor company for January, February, March and April this year show that 71,352 Ford trucks were delivered to customers in the United States during these four months as compared with 65,111 for the same period a year ago, an increase of 6.24%.

A large percentage of these sales included cabs and bodies for the company is now supplying both open and closed cabs and a number of body combinations which bring a new high value into the truck market at a low cost.

While the big majority of these trucks naturally went to business concerns a marked increase in sales is reported in the agricultural districts, as the farmer is becoming more and more convinced of the economic advantages of handling his products with motor trucks.—Detroit Free Press.

Venturesome Age

The man who stops to make sure he is right before going ahead nowadays is trampled on by several thousand persons who are willing to take a chance.—Flint Journal.

Largest Model Ship

The world's largest model ship is in the New Bedford Whaling museum. It is a half-size model of the Lagoda, a whaling bark of old New England sailing days.

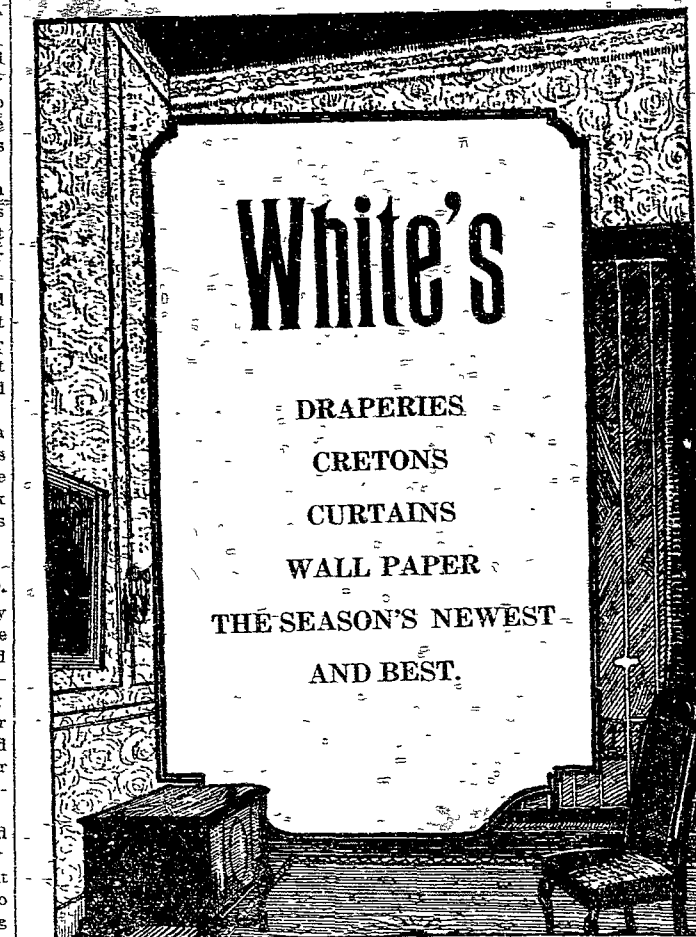

IN MEMORIAM

THE BOYS WHO GAVE THEIR ALL FOR US

Gone but not forgotten are the Heroes of the wars which were waged for and by this great country of ours, that we, as a nation, might survive throughout the ages to come. They gave unstintingly of their all, and it is only just and right that we bow our heads in silent tribute to them on this, our National Day of Memory. If you have no immediate relatives who made the supreme sacrifice, it is your opportunity to show your gratitude to those who did by decorating their last resting place in a fitting manner. Let us all join in a moment of silent tribute to the

WORLD FLYERS ARE BACK IN THE RANKS

Loose Their Bars Through Army Regulations.

Washington.—Although the plaudits which greeted the return of the triumphant army flyers from their spectacular flight around the world have hardly lessened one of the six lieutenants who gained enduring laurels for the United States is a noncommissioned officer in the ranks and another is wearing the garb of a civilian mechanic at a flying field in Dayton Ohio.

Furthermore, it is said that there was nothing that the army could do about it. It was pointed out that it was army regulations issued under the national defense act and only congress can go beyond that. The fate of the two members of the expedition who happened to be reserve officers instead of regular army officers is up to congress.

It's Up to Congress.

Just what congress will do is still a question, but there is no doubt a bill will be introduced in the house of representatives this session to give proper recognition to the world flyers.

The two men affected are Civilian Mechanic Henry Ogden, now assigned to McCook field, Dayton Ohio, and Technical Sergeant John (Happy) Harding of Selfridge field, Mount Clemens, Mich.

When the flyers left the shores of the United States, Harding, who was a second lieutenant in the officers' reserve corps, was called to active service so he could receive sufficient money to bear his increased expenses. Ogden was allowed to fly as a sergeant. However, when the flyers arrived at Shanghai, China, Ogden also was appointed a second lieutenant in the officers' reserve corps and placed on active duty.

Army officers and army regulations as set forth in the national defense act of 1920, forbid the promotion of any man to the grade of a commissioned officer except through regular channels. In other words, these two men, in order to become officers, would have to pass their examinations the same as any other man seeking a commission in the regular army. They are allowed, however, to hold their rank as reserve officers.

Even President Coolidge cannot interfere to make either Sergeant Ogden or Mechanic Harding commissioned officers in the regular army.

Army officers explained that it was largely to provide against possible misuse of power that the system of promotion provided under the national defense act was devised. To relieve the congestion in the grade of captain it was suggested by General Pershing in his final report as chief of staff that the act be amended to permit the promotion out of regular order of captains who showed signal ability.

Weeks' Hands Tied.

Secretary of War Weeks, it is said, would welcome both Ogden and Harding as officers of the regular army, but he is powerless to act.

One officer said all the secretary can do is to write each of the officers a letter of commendation, but Secretary Weeks has gone further. In his report this year to President Coolidge he recommended that the present system of promotion be seriously be modified. In this connection he said:

"It should be possible to provide for special promotion or advance at a time, of some portion of the officers of the army as long as such promotions do not exceed 2 per cent of the promotions by seniority. Such a system would find room for all officers who have particularly distinguished themselves in the service of the United States."

"I therefore recommend the adoption by congress of an amendment to the national defense act, whereby the President might be authorized to promote, not to exceed one grade, any officer below the grade of colonel who by some conspicuous act of service has demonstrated his special fitness for such promotion."

Finds Paralyzed Hand

Cured as He Grabs Weapon

Tiffin, Ohio.—Fright has cured Russell Lewis, Seneca county farmer, of paralysis. Lewis' left hand had been paralyzed for three years. He was alone in his home near Bascom recently when he heard a noise at a rear door.

Fearing some one was trying to break into the house, Lewis caught up an ax handle with his left hand and started for the door.

Suddenly he realized he was using the hand which had been helpless for three years. He stopped and moved his hand, working his fingers back and forth.

With a shout of joy he ran from the house, discovering as he did so that a pet dog, scratching at the door, had been the cause of his alarm.

Dresden Cheers Unhappy With Symphony Concerts

Dresden.—To cheer the downtrodden, a series of free symphony concerts has been given to the unemployed of this city by the League for Musical Culture. The attendance was overwhelming, and the interest of the audience keen, especially when the management provided musical experts as speakers who, previous to each performance, sketched the life of the composer and explained in simple language the underlying musical ideas of the opus.

Novi News.

The Novi cemetery is being cleaned and beautified this week in preparation for Memorial Day. It is a very pretty spot.

Miss Josephine Papineau of Novi left Saturday morning for a ten day trip to Lexington, Kentucky. She is motorizing through with Mrs. and Mrs. John Mushoff. They will spend the time in Kentucky at the home of Mrs. Mushoff's parents.

Mrs. Papineau is spending a week in Detroit visiting her children. Miss Josephine Papineau attended the May Festival at Ann Arbor and reports a very enjoyable time.

WEST NOVI NEWS.

About fifty parents and pupils of the West Novi school were present at the school picnic. The picnic was held at the home of Mr. and Mrs. Bert Kimball, a pot-luck dinner being served. The orchestra played four selections. Many games were played all working hard to carry home a prize. The pupils presented their teacher Miss Papineau with a beautiful silk scarf and a bath towel set. Marie Kirchoff was chosen champion for the Hot Lunch club of Oakland county. This means a trip to Lansing to the state meeting for Marie.

Loretta Kimball received a medal. She being the pupil whose standings were the highest for the entire year. To Laura Bezaire belongs the honor of being the spelling champion for the fourth grade for Oakland county.

Wixom Whisperings.

Rev. H. J. Thibault has tendered his resignation as pastor of the Baptist church here. He closes his work with this church July 1st, when he goes to Millington, Mich., to become pastor of that church.

The many friends of Mr. and Mrs. LaRue Bogart are sorry to hear of their illness, both having been confined to their beds for some time.

Mr. and Mrs. Joe Sparks have moved in the rooms over the Petterys store.

Mrs. Burr Decker has returned to her home after staying with her mother during her illness.

Mr. and Mrs. Deles-Lehman and son and Miss Hazel Gillick of Saginaw, were visitors at the Gillick home of Friday and Saturday.

Mrs. Wm. Groves and Mrs. Brass at-

tended the Baptist Aid society meeting at Walled Lake last Thursday.

Mrs. Earl Pearsall has been numbered among the sick ones for the past week.

Miss Ellen Stevens of Detroit was home for the week-end.

Mr. and Mrs. Edward Dunkel of Ovid have been visiting their daughter Mrs. B. A. Kitson.

J. B. Grow of Royal Oak spent a few days last week with his sister, Mrs. Sarah Patton.

Visible for 80 Miles

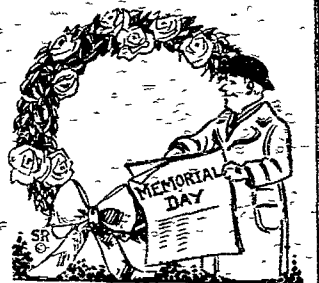

The most powerful electric searchlight in the world with a normal range of more than 70 miles, is in operation on Staten Island, New York. It is part of the equipment of the United States lightship service. On a clear night the beam has been reported as visible in Philadelphia, more than 80 miles away.

Dyes From Insects

Tons of dried flies used in the making of paints, are imported from Cuba and Mexico. They are really cochineal insects and yield scarlet and crimson like dyes.

Record Laners Cost But Little

ARE you going to Remember? Will you prove you will never forget?

GARDEN GROVE SUBDIVISION!

Seven Mile and Farmington ROADS

This is to announce the Opening of GARDEN GROVE, the new Subdivision, located at the intersection of Seven Mile and Farmington Roads—both paved highways, on.

Saturday, May 30, Memorial Day

Where Good
Homes Only will
be Erected

The
Ideal Home Place
on Two Great
Highways

THE IDEAL LOCATION FOR A HOME

FIRST—It is located right in the heart of activity, fronting on two Great Highways—Seven Mile Road, Detroit's Nearest 204 Foot Super-Highway and Farmington Road, no less important.

SECOND—For home or business it would be impossible to find more beautiful sites.

THIRD—It is one of the finest subdivisions of Greater Detroit to be developed by the original owner.

FOURTH—Lots will be sold by the owner—You Save the Difference.

FIFTH—The taxes will be low, which is no small item to consider.

SIXTH—It is restricted to Nice Homes—no temporary dwellings will be permitted.

SEVENTH—The Contract is now let for Several Fine Homes. Every home like this increases the value of Your lot.

EIGHTH—Priced for quick sale, which means profit without waiting.

It is Not Wise to Just Watch It Grow

It is Much Better to Step In and Buy One Lot or Three, Four or Five Lots and Profit by its Growth
