SUBURBAN FIELD MEET AT PLYMOUTH TODAY.

The seventh annual Suburban League Track and Field meet will be held at the High school athletic park, Plymouth, Friday, June 12th, commencing at 10:00 o'clock. The Suburban League is composed of Farmington, Wayne, Dearborn, Redford, Northville and Plymouth High schools. It is an event that is looked forward to with a great deal of interest and anticipation by the athletes and pupils of the several High schools comprising the league. The event this year will bring a large contingent from the several towns to boost the contestants who represent their respective schools. Bronze medals will be given as first prizes; blue ribbons for second; red ribbons for third; white ribbons for fourth.

Working Bros. Jewelers of Detroit will give cups to the boy and girl high point winners, and Moe's Sport Shop of Ann Arbor will give a blanket to high point winners at the meet. The admission has been placed at 25c, and it is to be hoped that there will be a large attendance of citizens. The following program of events will be given:

NEW GROCERY STORE TO OPEN SATURDAY.

On Saturday B. A. Stephens will have a formal opening of his new and modern grocery store in the new Filkins block, and during the day he will offer many specials to the people of this section. In an announcement in today's Record Mr. Stephens cordially invites the public to attend the opening and to inspect his new store which will be very attractive. His store will close at noon today to enable him to move to the new location.

Mr. Stephens is to be congratulated upon his success since coming to Northville. When he opened the little grocery in the Brock residence on the Northside many were skeptical and doubted his ability to make good with the opposition he had to meet. But he went to work and worked hard and when he sold a bill of groceries he delivered more than he sold—he gave service, and with the combination of good goods and service he has built his splendid business of today.

TWILIGHT LEAGUE MADE A GOOD START.

The opening games of the twilight league attracted a good sized crowd Tuesday evening. Five diamonds were in readiness for the opening game, but only four were needed because of the absence of two teams. The following is the result of the first game:

Lutheran 42
Exchange Club 11
Forus 14
Presbyterian 11
Baptist 17
Methodist 14

There will be another game next Tuesday night, and a good attendance is desired.

Dr. and Mrs. A. B. Wickham of this village and Rev. and Mrs. E. J. Forsythe of Detroit will leave soon for a tour of England. Dr. Wickham will visit a number of hospitals and Dr. Forsythe will give a series of lectures during the summer. Mr. and Mrs. Wickham will be absent about six weeks, the Forsythes remaining for a longer period.

PROPOSITION TO BOND FOR SCHOOL SITES LOST.

At the special election of school district No. 2, fractional, held at the High school auditorium on Monday evening, there were more than 80 persons present. The meeting was called to order by President D. P. Yerkes of the board of education who explained the purpose of the meeting and gave the result of the investigation made by the board. Numerous questions were asked by various taxpayers and when the discussion had subsided the election was ordered. There were a total of 80 votes cast for the following proposition:

"Shall School District No. 2, fractional, Northville and Novi townships, Wayne and Oakland counties respectively, state or Michigan, borrow the sum not to exceed twenty-five thousand dollars (\$25,000) and issue its bonds therefor for the purpose of securing additional sites in said district, said bonds to bear interest at a rate not to exceed five per cent (5%) per annum, payable as follows: \$1,000 on March first of each year from 1926 to 1930 inclusive; \$2,000 on March first of each year from 1931 to 1940 inclusive?"

When the result of the vote was announced it was as follows: Yes, 57; No, 48. The proposition having been defeated by a margin of but six votes. The bond proposition having been defeated it was not necessary to vote upon the proposition of purchasing new school sites.

There was strong opposition to the plan of the board to purchase a site for school purposes over in Oakland county, and that was the principal reason why the proposition was defeated. Judging from the conversation of many who attended the meeting had the board asked for an appropriation to enlarge the present school grounds by securing property lying directly west of the High school there would have been but little opposition. Nearly all the voters present favored that plan but they could not endorse the proposition for a ward school so far removed from the center of the district.

NORTHVILLE BALL TEAM WINS TWO GAMES.

Northville's base ball team, with its winning streak started a few weeks ago and won more Detroit Piston Ring Co. news last Saturday. The game did not open until one o'clock and that was the hour that thermometers registered highest during the hot weather of the entire week. The local boys helped themselves to six runs in the blazing sun while the Detroit team kept more in the shade and only took two tallies.

The Northville players went to Plymouth Sunday and did their part in helping to open the new park with the Plymouth neighborhood players. The ball diamond is situated off the Plymouth cement road just outside the village limits. The grounds after a few rains will be a nice place and it was all that could be expected the first day. The grabbing of four scores in the second inning by our boys placed the winning team so far in front that Plymouth could not get up the grade. The final score being 8 to 2 in Northville's favor.

Northville will tackle the strong Rough and Ready team at Northville next Sunday. They are the players who always keep their opponents guessing and they had rather beat our team than any other. So look for a real live contest.

SETTLED FOR ALL TIME

The best feature of the unanimous decision of the United States Supreme Court on Monday to the effect the individual states have no right to abolish private of parochial school lies in the fact that the decision removes this troublesome question from the turmoil of public debate. Michigan has felt the disturbance of this issue two or three times and it is gratifying that the matter has been permanently disposed of by the highest court in the land.—Charlotte Republican.

FORD MOTOR COMPANY TO BUILD PLANT AT YPSILANTI

After negotiations for two years to secure necessary land along the Huron river near Ypsilanti, Henry Ford's plan for water power development has been approved by the Michigan Public Utilities Commission and a dam will be built near Ransomville. Ford has bought more than 1,900 acres at approximate cost of \$500,000 and when completed the flooded area will cover about 1,000 acres. The proposed dam will have a 33-foot head and will develop 4,000 horse power.—Michigan Investor.

WOULD MAKE EFFICIENT CONGRESSMAN

The electors of the Third congressional district will soon be asked to name a candidate for representative to fill the vacancy caused by the death of Congressman Arthur Williams of Battle Creek, who died a few weeks ago after a brief illness. There have been a number of prominent men of the district mentioned for the place, but The Record is of the opinion that the one man best fitted for the place by experience and training is Muriel H. DeKoe, editor of the Charlotte Republican and now postmaster of his home city. Mr. DeKoe is young, active and aggressive and he has had splendid political training. He is clean morally and stands four-square upon all the issues of the day. As senator from his district he made an enviable record some years ago at Lansing and he will make a similar record at Washington if the people of his district are wise enough to call him to the task.

EDISON PLANS BIG EXPANSION

As a part of its projected development in Detroit on which nearly \$10,000,000 additional will be spent from May 1st to October 31st, this year the Detroit Edison company on Tuesday asked the Michigan public utilities commission for authority to issue \$8,000,000 bonds.

The program planned for those five months strongly indicative of the growth of metropolitan Detroit, contemplates the expenditure of \$1,445,600 on new business, improving its present facilities to care for the new business.

Has Spent Over \$15,000,000

The constructions are planned in spite of the fact that the company spent \$10,000,000 in extending its system in the last six months in 1924 and that it has spent \$4,424 from January 1st to April 1st of this year.

Issue of the bonds is based on the open-end mortgage authorized by the commission last year. This mortgage held by the Detroit Trust company of New York permits the company to issue bonds for unlimited amounts, provided that the company had made the additional payment in its properties to guarantee additional bonds. The issue proposed would be known as general and refunding mortgage bonds, series B, bearing interest at 5%.

Series A was the \$17,500,000 issued last year soon after the open-end mortgage was approved.

The new bond issue, with some funds which the company still has available, will be applied chiefly on construction in Detroit. In addition, holdings of the company in the following counties will benefit: Wayne, Oakland, Lapeer, St. Clair, Ingham and Monroe.

Important to Detroit is the announcement that \$1,835,600 is to be spent in underground lines and that \$1,877,500 will be expended on substations. Most of this money will be spent in Detroit.—Detroit Free Press.

EMERGENCY HAY CROPS MUST MEET SHORTAGE

With a greatly reduced red clover and timothy hay crop staring them in the face as a result of the dry spring season, Michigan farmers will in many cases be forced to resort to emergency short-season hay crops, according to crops men at the Michigan State College.

Alfalfa and sweet clover are said to be coming through nicely, and those who have fields of these crops to cut for hay are congratulating themselves. Many others, however, will not even bother to cut their clover and timothy fields unless relief comes soon in the way of general rains. For these, the emergency "short-season" crops are important.

"The present emergency can be met, some shorter seasoned crop, to tide partially by getting busy and seeding some shorter seasoned crop, to tide over the shortage," says L. D. Kuriz,

extension specialist in farm crops at the college. "These emergency crops produce excellent yields within a single season."

"Soy beans, sudan grass, the millets and fodder corn are among the short season crops which can be recommended. These crops should be seeded as soon as possible—the earlier the better. Well prepared seed beds are important."

More detailed information on handling these short-season crops can be obtained from local county agricultural agents, or directly from the farm crops department at the Michigan State College.

WHY NOT TRY A 25c LINER IN THE RECORD?

WHY THE FARMER GETS DISCOURAGED.

Ten years ago a severe frost damaged crops in large sections of Michigan. Immediately following it came a week of torrid weather, with continued drought, and the crops that escaped the frost were giving way to the spell of aridity.

Present indications are that nearly all crops will be light this year. Hay is badly in need of rain; wheat, oats and rye do not look promising, while the latter sown crops are in most cases lying in the ground waiting for enough moisture to cause germination.

Yet there are plenty of persons who wonder why the farmer gets discouraged. If he has a bumper crop, the markets are glutted and prices are low. If the season is bad and prices are high he hasn't a great deal to sell.

When the housewife goes to the market and buys vegetables for dinner, she marvels that all farmers are not millionaires. With a pencil and paper she can figure out just how much land should produce and how swiftly he should get rich at prevailing prices.

The farmer can do the same thing with pencil and paper. But he can't make it rain that way and he can't fend off frosts that way. He can't either control the market if frost stays away and rain comes.

Making a living on the land looks easy to the city dweller, especially in a district such as this, thickly populated and presenting a good market. But the best perspective upon farming is gained on the farm—Pontiac Press.

NORTHVILLE FARM GETS PRIZE DAIRY STOCK.

A Grand Rapids dispatch to the Detroit News of Friday stated that "A

half dozen" city farmers of Detroit purchased 22 aristocrats of the dairy world for a total of \$19,125 at the annual auction sale of the Holstein-Friesian association of America at the West Michigan State Fair grounds last Thursday.

The purchasers were: F. B. Ainger, Jr., J. E. Berkheimer, E. M. Payne, R. P. Ullman, Donald Melville and J. E. McWilliams. To Mr. Ainger went the highest priced animal of the sale, a six months' old bull calf, King Rose Ormsby, for which he paid, Hargrove & Arnold of Norwalk, Ia., \$3,700.

The cattle had been shipped there from 10 states, several of them from California, and represented the best blood of the great "black and white" breed. Each year the sale is the high point of interest at the association's meeting, with leading breeders of the United States listed among the buyers and sellers. The presence of the Detroit men made the bidding unusually spirited and forced prices to a higher level than for several years.

Other Michigan men purchased 14 additional animals for a total of \$10,350.

Joseph H. Brewer, a Grand Rapids business man, paid \$6,875 for seven head. Mr. Ainger was second in this respect, paying \$5,850 for four head. Mr. Payne paid \$3,700 for three head; Mr. Melville, \$3,600 for seven; Mr. Berkheimer, \$3,200 for four; Mr. McWilliams, \$3,150 for two; and Mr. Ullman, \$225 for two.

It was reported that Mr. Melville was representing Senator James Couzens, who owns a farm in Oakland county, but he vouchsafed no information on this point. Sixty head of the Couzens herd are said to have been sold recently to Henry Ford, and the others were disposed of at public auction.

Mr. Ainger's farm is at Northville, Mr. Payne's is at Romeo. Mr. Berkheimer's is at Homer and Mr. Ullman's at Manchester. Mr. McWilliams is manager of the Detroit Creamery farms at Mt. Clemens.

Mr. Ainger is gathering one of the finest dairy herds in the state at his farm west of Northville and these additions will bring to this section some wonderful cattle.

HORSE SHOW TO BE STAGED AT BRIGHTMOOR.

Arrangements are rapidly being completed for the first horse show to be held in this township. The show will be staged in Brightmoor, Saturday, June 13th.

Ten entries have already been received from the 106th Cavalry U. S. A., Detroit and entries are being made daily by many of the horse fanciers of this part of Michigan. Indications point to very active competition in the jumping contests. Events for ponies will be held in the morning but the principal events of the day are arranged for the afternoon.

If there be clear skies on the 13th, the managers expect the largest crowd which has ever gathered in Brightmoor. Plenty of parking space has been provided and all kinds of refreshments may be secured on the grounds. No admission charge is to be made. Record Record.

SOME DAY THE "WORM" MAY TURN.

"Decoration Day, from the labor standpoint," states Worm-Gromley, is the toughest day in the year. Mrs. Gromley's four former husbands are buried in remote sections of the county and it falls upon Worm once a year, in company with Mrs. Worm, to visit and place flowers upon all the graves. This year the couple started at daylight in their flyer but four blowouts, one following the visit to each grave yard, delayed them until long after midnight. In fact, the two last graves were decorated by the light of the moon. Worm expects to have the Fourth as a day of rest—Charlotte Republican.

OAKLAND COUNTY TO HAVE NEW HOSPITAL.

A county-wide campaign is to start June 22nd to raise \$200,000 in Oakland county by subscription for the purpose of erecting St. Joseph's Mercy hospital in Pontiac. A site has been donated by a Pontiac man and the building and equipment is expected to cost \$100,000. The Sisters of Mercy of Dubuque, Iowa, a Catholic order, is to furnish the other \$200,000 and will own control and maintain the institution. The nurses will be from the Sisters of Mercy community. The doctors of the county are said to be favorable to the plan—Milford Times.

But They Never Do.
A literary critic may frequently spend considerable time writing on a new book when he might better say, "It won't be worth while to read this"—Exchange.

Rev. William S. Jermole will preach the baccalaureate sermon before the High school graduating class on Sunday evening, June 17th.

The Northville State Savings Bank declared a 4% semi-annual dividend this week. That's a big showing and reflects credit on the management. In January the bank paid a 7% dividend.

Jess West caught one of his fingers in a friction wheel at the Dubuque factory Monday and thought the end of the finger was badly smashed, the doctor hopes to save it in fairly good shape.

The Curry and Hest social at the Methodist parsonage Monday evening netted \$4.50 for the India famine sufferers.

Yerkes Bros have adopted a new brand of flour, "Crystal", and it is said to be just a little ahead of the "Gold Lace" product.

BIG GALA DAY NEXT WEDNESDAY.

Northville will have a gala day next Wednesday when a celebration will be held complimentary to the officers and representatives of the Grand Court of Michigan. Foresters of America and from ten o'clock until late at night there will be a merry time here.

During the forenoon hours there will be a band concert by our municipal band and a program of street sports. For which liberal prizes will be given. At one o'clock there will be a civic parade and in which a large number of the firms of the village and some of the societies will enter floats.

Prizes will be offered for the most attractive display as follows: First prize, \$25; second prize, \$15; third prize, \$10. The parade will start at the fair grounds where the committee will announce the awards of prizes.

For the afternoon there will be a program of racing events and a ball game which will be given under the auspices of the Northville Wayne County Fair association and the Plymouth Boosters' club. There will be racing and trotting races, best two in three heats and a good sized field of starters has been assured for each event. Then there will be running races and hurdle races which will attract the public somewhat different in the way of entertainment than has been offered here before. These events will consist of the following: Quarter mile best 2 in 3 heats for polo ponies only. Free for all about 100 yards. Free for all quarter mile dash best 2 in 3 heats. Hurdle race about 1 1/2 furlongs over four 1/2 foot brush fence jumps.

At 12:30 there will be a ball game between teams selected from the Plymouth Oddfellows and Northville Foresters—all players must be members of the two orders—and if you enjoy real scientific ball playing here will be your chance. During the afternoon there will be a ball game between the Northville Foresters and the Windsor Athletics and after supper a free dance will be given on the pavement. Thus the day and night will be crowded full to overflowing.

BETTER BUILD A GUARD RAIL.

For some reason automobiles have a habit of backing themselves into the Seeley residence on Main street, opposite the driveway at Dr. L. W. Snow's. A few days ago Dr. Bramick's car backed across the street and crashed into the side of the house. He very promptly notified Mr. Seeley to repair the damage and present his bill. While Mr. Seeley was making the collection he left his auto standing and catching the spirit of the occasion the thing of steel and spark-plugs decided to take a trip across the street to get a better view. The car backed into the porch and Mr. Seeley had to repair the damage done by his own car. On Tuesday Dr. Snow left his car for a few moments without set brakes and becoming impatient it also backed across the street and bumped into the house, doing considerable damage.

It will be cheaper to build a guard rail than to repair the house every few days. Why not use a tie rope?

METHODIST CHURCH NOTES.

Next Sunday is Children's Day when a program will be given at 10:30. Turn to the church advertisement for details.

There will be no Sabbath school. At 6:30 the Epworth League will be held by Lela Roberts and Marjorie Johnson. A special business meeting at the close.

In the evening the baccalaureate service of the High school in the Presbyterian church at 7:30.

No mid-week service next week.

ST. PAUL'S LUTHERAN CHURCH.

Next Sunday service in English, at 10:30 a. m. Theme of sermon, "A Twofold Message from Yonder Life."

Tonight the Young People's society will hold its monthly meeting. All members of the church are requested to attend. Four new candlesticks adorn the altar of the church, donated by the Lutheran Bureau of Supply.

Don't forget that the church bells next Sunday are calling you, whoever you are. It will do you good to answer this call.

PRESBYTERIAN CHURCH NOTES.

Jesus said, "Suffer Little Children to come unto Me and forbid them not for of such is the Kingdom of Heaven."

Children's Day program Sunday morning at 10:30. Baptism of children. Special offering for Sabbath School Missionary work.

Baccalaureate sermon and special music at 7:30 p. m. Theme, "The Lord of Difficulty." This is a unique service.

Mid-week service Thursday at 7:30 p. m.

Sunday school excursion and picnic to Bob-Lo Wednesday, June 24th. The full plan will be given Sunday at the Children's Day service.

BAPTIST CHURCH NOTES.

Glad to report an increase at all services last Sunday.

The attendance at prayer meeting was about fifty. The analytical study of the book of Revelation is creating considerable interest at our prayer meetings.

The pastor's subject for Sunday morning is "The Master of Men." Baccalaureate service at the Presbyterian church Sunday evening. Everyone who is interested in our High school will be present if possible. B. Y. P. U. at 6:15 Subject "Recreation for All." Pianist Miss Hemphel; song service led by Margaret Warner; devotionals led by Mrs. A. K. MacRae. Discussion opened by Grace Myers.

Baptist men who are members of the church or congregation who would like to play on the ball team, will please see the manager, Chas. Smith, at home.

LIBRARY RECEPTION HELD AT SPRING HILLS (DETROIT) MUNICIPAL TUBERCULOSIS SANATORIUM.

The library of the Spring Hills Sanatorium was the scene of a large gathering Wednesday, June 10th, in celebration of the annual library day.

Miss Feunig, library director, acted as hostess to over 100 invited guests. The short program was opened by Mrs. B. W. H. Douglas, hospital superintendent who read two excellent letters from ex-patients on what the library had done for them. One of the features of the program was an essay contest for the patients on library service. Mr. Webb, chief of Detroit branch libraries read the prize-winning essays. Miss Georgia A. Johnson and Arthur Zull, students of Spring Hills were the successful contestants while Philip B. Kremer and Clarence Weber earned off the prizes for the children's unit. Immediately following a very refreshments were served.

The judges were Miss Helen Ward, chief of Gabriel Richard branch library; Miss Carl Fahmrich of Rome, New York and Dr. Bruce H. Douglas, hospital superintendent.

The honored guests were Adam Strohm, head librarian of the Detroit Public Libraries and six librarians from Detroit.

Mr. Strohm is largely responsible for the good literature and excellent library service which forms a large part of the care since it offers recreation and contentment of mind to the patients.

A beautiful bust of Dante sculptured by Professor Bessi and Trafelli of Florence Italy, will be given to the library by Michael Rota, attorney of Detroit as a memorial to his wife, Josephine Rota, who died at Spring Hills.

THE KING'S DAUGHTERS TO HOLD PICNIC.

The annual picnic of The King's Daughters will be held at Phoenix Park next Tuesday, June 16th. All members to meet on Mrs. F. S. Neal's lawn at 3:00 o'clock to go by auto to the grounds. Supper will be served at 5:00 o'clock. Be sure and bring the usual dishes. As this is the last meeting before the summer vacation, let all bills be presented for payment at this time.

W. R. C. NOTES.

Flag day will be fittingly observed by services at the Baptist church on Sunday morning, June 14th, at 10:30. Corps ladies are urged to be present.

FAIR BOOK SPACE—BEING OFFERED.

Advertising space in the premium list to be issued by the Northville Wayne County Fair association is now being offered the public. Those who desire to make announcements in the book may leave copy at this office.

O. E. S. NOTES.

Highland Park Chapter, Highland Park Lodge and Highland Park Commandery held their annual basket picnic at the famous "Merrill" farm on the Huron river near New Boston. Mr. and Mrs. E. A. Kohler of this place attended. This farm is not one of the beauty spots in Wayne county, it is the beauty spot, and all who have been privileged to see it consider themselves fortunate.

Just a reminder to the O. E. S. members families and friends of the outing down on the "Merrill" farm Sunday. Turn second road to right of the river drive, after you leave Belleville road, cement all the way. Some autos leave at 10 o'clock, again at 12 o'clock.

I AM GOD, EVEN THY GOD

This declaration came from the Creator—the Supreme Being—the Maker and Monarch of all—and was made to those early pioneers of the race.

This statement of the Divine throws a flash of light upon every avenue of human activity.

What a struggle men have had from the dawn of history—from the Garden of Eden if you will—to realize that they should honor and obey this Creative God.

The human heart is the battle ground where one must win the fight that assures each that God is a Friend—a Father—the Elder Brother.

Daily and moment by moment the Divine is trying—trying to get the message across to the human spirit. The great leaders of the race have made the discovery and their outstanding lives affirm it.

Peter and James and John and Paul and a long list of worthy men and women have found the God who reveals Himself.

S. O. S. is a code signal only, and not an abbreviation. Officially there is no phrase as "save our ship" or "suspend other service" for which the letters stand. They were adopted as the universal distress signal by the international radio telegraphic convention of 1912. The signal is transmitted as three dots, three dashes and three dots and is chosen because it is easily sent and easily distinguished.

NOTICE OF MORTGAGE SALE.
Whereas, Charles F. O. Mason, of the city of Detroit, Wayne county, Michigan, made and executed a certain mortgage, bearing date the 27th day of November, A. D. 1917, to Robert E. Thompson, of the township of Northville, Wayne county, Michigan, which was recorded in the office of the Register of Deeds of the county of Wayne on the 30th day of November A. D. 1917, at 11:15 o'clock in the forenoon, in Liber 893 of mortgages, on page 468.

And whereas, the amount claimed to be due upon said mortgage at the date of this notice is the sum of Thirteen Thousand One Hundred Sixty-four and 34/100 (\$13,164.34) Dollars, and no suit or proceeding has been instituted at law to recover the debt now remaining secured thereby or any part thereof.

And, whereas, default has been made in the payment of the money secured by said mortgage, whereby the power of sale contained therein has become operative:

Now, therefore, notice is hereby given that, by virtue of said power of sale, and in pursuance thereof, and of the statute in such case made and provided, the said mortgage will be foreclosed by a sale of the mortgaged premises, at public vendue, to the highest bidder, at the Congress street entrance to the Wayne County Building, in the City of Detroit, in said county of Wayne, that being the place of holding the circuit court within said county, on the 2nd day of July, A. D. 1925, at 10 o'clock in the forenoon; the description of which said premises contained in said mortgage is as follows: Lands premises and property situated in the township of Northville, county of Wayne, and state of Michigan, described as follows, to-wit:

Beginning at the northeast corner of section four, Town 1 south, Range 8 east, running thence south on the east line of said section, fourteen hundred forty-five feet, thence west parallel with the north line of said section, twenty-five hundred twelve and 95/100 feet, thence north parallel with the east line of said section six hundred fifty-three feet, thence east parallel with the north line of said section fourteen hundred seven and 95/100 feet, thence north parallel to the east line of said section, seven hundred ninety-two feet to the north line of said section, thence east along said north line eleven hundred four and 5/10 feet to beginning, containing 57.714 acres of land.

Dated April 2nd, 1925.

DEATH CLAIMS FORMER VICE-PRESIDENT OF U. S.

THOMAS RILEY MARSHALL

Washington—Thomas Riley Marshall vice-president of the United States for eight momentous years of its history, has followed his chief, Woodrow Wilson, into death.

Recurrence of a heart attack, which sent him to his bed immediately after a trip from Indiana, brought the end unexpectedly June 1, after reports had come from the sick room throughout the week that, despite his 71 years, he was steadily recovering from nervous exhaustion and a cold.

Brief services, attended by the nation's highest officials, were held in the hotel and then the body was placed aboard a train for Indianapolis, where the funeral was held under the auspices of the Scottish Rite Masons.

Skyscraper Church for N. Y.

New York—New York City was assured of its first skyscraper church tonight when the board of directors of the Broadway Temple brought the campaign for \$2,000,000 to a successful conclusion by agreeing to underwrite whatever amount remained to be subscribed. In its last days, the campaign has assumed the aspect of a race against a quarter of a million dollars in that that amount had been given toward the project by John D. Rockefeller, Jr., contingent on the organization's raising \$1,750,000 from other sources by June 1.

Auto Industry Prospers

Washington—An increase of 91 per cent in the value of products turned out by Michigan automobile factories in 1923, as compared to the record for 1921, is shown in the figures compiled in the biennial census of manufacturers, made public by the department of commerce.

The total output of Michigan's leading industry, at factory prices, was \$1,551,990,000 for 1923, as compared to \$812,379,000 for 1921. The number of workers employed in this industry increased 75.5 per cent.

Plan Open Air University

Miami, Fla.—A charter has been granted and plans made to have the new University of Miami, an open air institution, ready for the opening of the school season of 1926-27. It is announced. The college is to be built in Coral Gables, a newly incorporated town near here.

The university will be non sectarian and coeducational. The matriculation qualifications will be the same as other recognized American universities. Tuition will be the same as that of Florida State University.

"Roxy" to Build Theatre

New York—S. A. Rothafel, of the Capitol Theatre known to radio fans all over the country as "Roxy," who got his start in the theatrical business 15 years ago when he converted a Pennsylvania miner's bar room into a movie house, has announced that he is to have his own theatre soon, the largest moving picture theatre in the world, to be known as the "Roxy" theatre, and to cost \$6,000,000.

Wage War on Mosquitoes

Chicago—A nation wide campaign for the extermination of mosquitoes has been launched here by the Gorgas Memorial Institute. Every effort is being made to enlist the active support of the householders of the country, for within a few weeks at most, and possibly within a few days, the female mosquitoes will be seeking their blood meal which they must have to mature their eggs.

Bulgaria Discharges Troops

Sofia Bulgaria—The minister of war has issued orders for the immediate discharge of the additional troops which Bulgaria has recruited for protection against the Communists. This is due to the refusal of the ambassadors' council to permit further retention.

Fires Cause Great Loss

New York—Fire destruction amounted to \$548,310,639 in this country in 1924, the largest total ever known, according to estimates announced at the annual meeting of the national board of fire underwriters.

BAMBOO IS WORLD'S BEST TIMBER GRASS

Provides Wood of More Uses Than Any Tree.

Washington, D. C.—Chicago celebrates the two-score anniversary of chop suey, and illustrates how a lunch-eon fad among State street shoppers literally transformed hillside landscapes in Japan and China.

"Chop suey is a stranger to China—it is as American as the ice cream soda or 'hot dog,' but its making requires bamboo sprouts from China and Japan," says a bulletin from the Washington, D. C., headquarters of the National Geographic society. "When the United States began buying the succulent sprouts the effect upon the thrifty farmers of Honshu and Kiangsu was akin to a Nebraska granger finding acres of weeds turned to wheat. 'Edible bamboo' had been scrub bamboo; soon its yield vied with timber bamboo."

Jack-and-the-Bamboo-Stalk

"Of course it did not take an American food fanny to show the Orient that bamboo sprouts were good eating. The Japanese variety of the grass which yields the most luscious sprouts is known as 'Moso'—a designation that goes back to the 24 paragon of Chinese floral piety."

"Once a widowed mother, so the story goes, fell ill in midwinter, and longed for her broth of bamboo shoots. Her devoted son dug down in the snow to find them for her, and the gods rewarded his piety by raising up shoots that grew to an amazing size. Japanese artists, to this day, depict the little Jack-and-the-bamboo-stalk legend by their drawings of the boy Moso."

"The actual facts about the bamboo are fabulous enough. It is a grass, and provides wood of more numerous uses than any tree. One foot may project a hundred straight, polished, jointed stems into the air; these grow as high as 120 feet; and their rate of growth has been marked at more than two feet a day."

"A Chinese or Japanese family eat bamboo, sleep under it, salt the river on it, write with a pen and paper made from it, comb their hair with it, cut their food with it, pipe water with it, and make their bird cages of it. Western people multiplied its uses by their inventions and employ it for airplanes, flutes, hairpins, porch screens and phonograph needles."

Comparable to Coconut and Date.

"Bamboo has been called one of nature's most valuable gifts to man. In parts of Kiangsu province, China, and in large tracts of rural Japan, it would not be amiss to speak of the bamboo age, keeping in mind, however, that the 'bamboo civilization' is much farther advanced than the 'date palm civilization' of the Sahara or the 'coconut palm civilizations' of the South Sea Islands."

"The giant bamboos are true grasses. They send underground stems long distances through the soil, binding it together with hard, flintlike root stalks, or rhizomes. From this network of roots and rhizomes they send upward the most rapid-growing shoots of any plant known. While the shoots are so fresh and tender that they can be snapped off with the hand and cooked to an asparagus-like delicacy, bamboo wood is the strongest known timber for its weight, and its hard, siliceous exterior makes it serve for knives and whetstones."

"Despite its numerous uses the grass is valued also for its beauty. The trees of China and Japan lend a charm to many landscapes. They are waving plumes of delicate green foliage, which, whether seen against the skyline or backed by a darker mass of forest, always give a peculiar softness to the scene."

"Makers of scores of manufactured products would be inconvenienced if they were deprived of bamboo; epicures would be saddened; but the American small boy would be desolated if the millions of bamboo poles shipped here every year were cut off. What would he do for his fishing rods?"

Powerful Antiseptic

Is Harmless to Humans

Baltimore—Hexyl-resorcinol, an antiseptic 20 times as powerful as carbolic acid in germ-destroying qualities and yet absolutely harmless to humans, will be of great help in combating diseases of the kidneys, physicians at Johns Hopkins hospital here announced.

The drug, which is the result of ten years' experimental work in Johns Hopkins laboratories, will be immediately available for hospitals in all parts of the country, it was declared.

The official announcement of the properties of hexyl-resorcinol, which will probably be known later by a simpler name, came after exhaustive tests at the local medical institution. It was learned that fatty acids, added to resorcinol, a substance similar to carbolic acid, eliminated the poisonous effect of the basic antiseptic while at the same time increased its germicidal qualities.

The climax of the discovery came when Dr. Veador Leonard, chairman of the clinical committee of internal antiseptics of the National Research Council, drank a quantity of the new drug to prove its nonpoisonous qualities.

To Gas Mosquitoes

Washington—Gen. Amos A. Fries, head of the Chemical Warfare service, is trying to develop a poison gas that will exterminate mosquitoes.

The Best Is Not Too Good

Sometimes a storekeeper believes that he cause his stock is not the largest—or fixtures the newest—his store not in the best location—his building not imposing—he doesn't need the most improved lighting.

Experience proves the contrary. More that other storekeepers who are better circumstanced, he needs the best lighting to offset disadvantages that he cannot easily control.

No other improvement that he can think of has such power to increase trade as this single item of lighting. Lighting attracts. Lighting makes sales. Lighting pays profits.

We will inspect your lighting equipment and suggest improvements, without charge.

NEWS DISPATCHES FROM EVERYWHERE

Foreign Residents Arm As The Chinese Strike Riots Spread Terror

Shanghai—Fearing for their lives, the 23,000 foreign residents of Shanghai have armed themselves and appealed to the British colony of Hong Kong for aid. Sporadic outbreaks of the flaming-Chinese anti-foreign spirit—along with the finding of another American victim, Sergeant F. J. Trevillian, of the American Volunteer Corps, locked in a vile prison in the native city—have brought all able-bodied men to arms. Trevillian was released at the demand of the United States consul.

More than 150,000 workers were on a strike, practically paralyzing the city. However, the foreign residents are rallying to the general service. They are working to insure the food supply and are filling in in essential industries such as telephone, light and power. The present rioting had its inception when police fired on a mob of students who had got out of hand during a protest demonstration against the sentencing of 17 Chinese workers convicted of having taken part in the recent strike in Japanese owned cotton spinning mills here.

Sentenced for Illegal Payments

Roanoke, Va.—L. P. Summers, of Abingdon, former United States district attorney, was found guilty by a jury in Federal court here of violation of the penal code and was sentenced to 15 months in Atlanta Federal penitentiary.

Summers, former collector of internal revenue and a Republican candidate for Congress, was accused of violating the code by the payment of salary vouchers to Miss Hattie Perkins, his former clerk, during a period of three months when she was absent from her duties because of illness.

Draft Dodgers Go Free

Washington—All indictments of alleged draft dodgers returned during and after the war, except those which promise a reasonable chance of conviction, will be dropped by the federal government this month, it was learned at the justice department.

The move is designed to alleviate congested conditions in the federal courts and finally clear up the mass of war draft cases which have been pending eight years. The cases retained will be pushed as soon as possible.

Autos Force Trolley Raise

Cedar Rapids, Ia.—Asserting that the practice of motorists in "picking up" prospective passengers was ruining its business, the City Railway Co. here notified the city council that street car fares would be increased from seven to ten cents.

The company presented the results of a two-day survey which showed that approximately 1,000 prospective "strap hangers" were given free rides by passing motorists.

Arrest Confidence Gang

Chicago—Five confidence men whose swindling operations in recent months are said to amount to more than \$1,000,000, are in custody here.

Before the five were landed in jail, detectives fought a fierce battle with a beautiful and well dressed young woman, who sought to prevent capture of one of the men in a North Side hotel.

Chicago's Union Station Opens

Chicago—After 10 years' waiting, the formal opening of the Chicago Union Station has been set for June 15. The station, however, will have been in complete operation about a month by that date. The station cost \$30,000,000, and its completion was delayed by strikes and lockouts, but mainly by the World War.

Church Headquarters for Robbers

Island Pond, Vt.—The local church in this town of 2,500 residents, has been the headquarters for a band of robbers that for a quarter of a century had levied tribute on the countryside, it was learned here. Arrests were expected. The thieves conducted a retail coal business, a state investigation revealed.

U. S. Aid Sought

Geneva—Overtures have been unofficially started by the League of Nations to determine whether the United States will continue to co-operate with the advisory committee on opium, in whose discussions the Americans participated unofficially but effectively during the past three years.

Famous Astronomer Dead

Paris—Camille Flammarion, famous French astronomer and author, died at Juvisy, where he was head of the observatory. He was 83 years old. M. Camille Flammarion, one of the greatest astronomers of the century, was best known for his assertions that the earth is not the center of the universe.

WAYNE ASSOCIATION HOLDS BANQUET AT WALLED LAKE.

The Baptist Young People's Union of the Wayne association held its annual rally and banquet in the High school gymnasium at Walled Lake, on May 15th. The Walled Lake B. Y. P. U. of the Baptist church sponsored the banquet. The dinner was served by the Baptist Ladies' Aid society of the Walled Lake church.

Many men of the state and national organization were present and gave short talks. Music was furnished by the orchestra of the Baptist Sunday school. The songs were led by Harley Bickling of the First Baptist church of Pontiac. Many yells and songs were given by the young people from the Bethany church Pontiac during the dinner. Miss Ruth Campbell, a great worker of the association, made a very good toastmaster. A short talk was given by Ray Howard, the ex-president of the association, followed by a solo by Harley Bickling. The orchestra gave a special number and a talk was given by another one of the state workers. Miss M. Beatrice Miller, accompanied by her sister, Miss Pauline Miller, gave two musical readings. Mr. Sanborn, the president of the B. Y. P. U. of America, gave a talk about the work done by the association. Walled Lake School and Community News.

Odd Present From Lover

Near on entrance of the great cathedral of Seville hangs a patched and painted crocodile which once served as a princely love token that failed for its mission. In 1200 it was sent by the sultan of Egypt to a beautiful princess of Spain, who declined a suitor whose first present could scarcely be said to speak of affection.

Pussy, the Wise One

Apparently we owe the word cat to the Romans. They called the animal "catrus," which meant the "knowing one," and the word passed into the romance languages to "chat" and "gato." Other authorities will have it that the word "cat" is a corruption of an old word borrowed from the French to wit, "acate."

OFFICERS ADD TWO MORE SCALPS.

The House of Correction had no trouble in taking the game from the Lansing Iron Works of Lansing, Saturday, the score being 21 to 7. In this game, W. Jaska's fielding and Arnold Jaska's hitting gave Lansing no chance, A. Jaska getting two home runs and two tripples. Rowland, throwing for the officers, had an easy day.

Sunday the officers again defeated the Windsor Athletics with a score of 6 to 3, giving the officers two of the three game series. Parrot, throwing for Windsor, could not hold the officers and allowed 15 hits, while

Crossman, pitching for the officers, held Windsor to 6 hits. Next Sunday the House of Correction will play the Gotfredson club of Wayne, at the farm grounds.

On Thursday, June 4th, Charles E. Scott of Ann Arbor was united in marriage to Anna Clark of Detroit, by Rev. Wm. Richards, the ring ceremony being used. They were unaccompanied and the ceremony was performed in the presence of Mrs. Forest Boyd and Mrs. E. A. Shafer. Mr. Clark is in business at Ann Arbor, and took his bride direct to his home at 270 Fountain street.

STATE NEWS IN BRIEF

Detroit—Receivers for the D. J. R. the Security Trust company and Joseph W. Simard, have filed in federal court a petition for permission to issue \$1,000,000 of receiver's certificates for needed improvements.

Monroe—At a meeting of the city commission Tuesday, Harold C. Nadeau, tendered his resignation as city attorney, claiming work interferes with his private practice. Nadeau has held the position since the first of the year.

Lansing—Charging that Clinton county officers had failed to keep an agreement to close dance halls in their county on Sundays, Sheriff Hugh Sibley announced that he would lift the ban on Sunday dancing in that county.

Owosso—The Ann Arbor railroad has been sold to the Wabash railroad, according to an official announcement made here by J. E. Tussig, of St. Louis, president of the Wabash. The sale, he said, is subject to the approval of the interstate commerce commission.

Butte Creek—A temporary injunction restraining Charles Meade, reported to be a former drain commissioner, and others, under \$10,000 penalty, from tampering with or in any way attempting to lower the level of Gogaw Lake, has been issued by Circuit Judge Walter H. North.

Bards Creek—Urbandise, the suburb founded by the late Senator James Henry, has become so large that the erection of a high school building to supplement a fine grade school is contemplated. By fall over 500 children will have to be cared for and the plan now awaiting official approval is to add a tenth, eleventh and twelfth grades to the suburb's school system.

White Cloud—On the eve of a contemplated visit of the jury, in the trial of Mrs. Alice Dudgeon and her son Lee, to the alleged scene of the murder of Mrs. Dudgeon's son-in-law, Rome Howell, the abandoned housestead burned last week. A mass of ashes was all that was left of the dilapidated building in which western Michigan's most sensational crime is alleged to have been committed.

Monroe—With assurances received that the state intends to straighten out trunk line 65 from the village of Ida, and construct an extension from this road in Monroe county, county road commissioners of Monroe adopted a resolution concurring in the determination of the state highway department, deputy commissioner and chief engineer. A copy of the resolution was forwarded to the state highway department.

Detroit—Ross Schram has been ousted as general manager of the Detroit Street Railways by the Street Railway Commission, which immediately appointed H. U. Wallace of Knoxville, Tenn., as Schram's successor. Wallace, who has been assistant general manager and active head of the Knoxville streetcar and power company since January 1921, has had 30 years' experience in railroad, engineering and construction.

Detroit—Michigan state troopers are to occupy Young's club, on Clinton River Point, Macomb county, as a barracks. The place was padlocked recently for violation of the prohibition law and this was probably the reason why the owners were willing to rent it to the state police for \$30 a month. Alvin Straub, commissioner of public safety, petitioned Judge Charles C. Simons to take off the padlock and allow the department to use the place. The judge consented.

Lansing—As part of the projected development in Detroit, on which nearly \$10,000,000 additional will be spent from May 1 to October 31, this year, the Detroit Edison company has asked the Michigan public utilities commission to authorize it to issue \$3,000,000 of bonds. The program planned for these five months contemplates the expenditure of \$1,750,000 on new business in immediate vicinity and practically all of the remainder in improving its present facilities to care for new business.

Lansing—John Barry, director of the State Department of Conservation, has ordered game warden at Reed City to arrest and collar a wealthy land owner the next time they find Collins fishing the trout stream that traverses his own property. Collins faces arrest under a statute which prohibits fishing in publicly planted streams unless such streams are open to the public. The law was enacted because property owners after receiving trout fry for planting in public waters were constantly posting those waters and so turning the state-hatched fry to their own exclusive use.

Grand Rapids—The first attempt by Betty Billings, 14-year-old daughter of Robert E. Billings, to drive an automobile, ended tragically when William Davies, 15 years old, son of Owen P. Davies, a real estate dealer, one of her instructors, was killed and her three companions and herself were injured. When she lost control of the car, the rear wheel slid from the road near Cascade, eight miles east of Grand Rapids, and before Miss Billings could bring the automobile back to the highway, it rolled over.

Grand Rapids—J. R. Bury of Ann Arbor is the new president of the Michigan State Association of Letter Carriers, which has completed its annual convention here. Winn Powers, Jackson, was named president of the Michigan Federation of Post Office Clerks, whose meeting was held with that of the letter carriers.

Mt. Clemens—Lake St. Clair has yielded up the body of Wilbur Follick, Detroit, who was drowned November 16 last off Huron Point. Louis Stier, also of Detroit, was with Follick at the time. They went out in a duck boat for a day's shooting against the advice of experienced hunters, as the day was stormy with a big sea.

Detroit—The Detroit & Cleveland Navigation Co. will open its tourist and commercial line between Detroit and Chicago, via Mackinac Island and St. Ignace, on June 25. A. A. Schantz, president and general manager announced. The steamers Eastern States and Western States, recently remodelled, have been designated for this run.

Iron Mountain—A beauty queen from every county in the upper peninsula and two counties in northern Wisconsin are to be named at the Dickinson county fair in September. The sum of \$400 has been set aside for the feature. From the group the queen of all the counties will be picked. The reward will be a trip to Atlantic City or Miami, Fla.

Lansing—The number of bus lines operating under the jurisdiction of Michigan railway companies is expected to increase greatly during the coming year. In spite of the fact that the Kärcher bill, which would have permitted steam and electric railway companies to institute interurban bus service without recourse to the Public Utilities Commission, has been vetoed.

Sturgis—An old stage coach barn, built over 30 years ago and the oldest relic of pioneer days to be found in Sturgis, is being dismantled and the lumber will be used in erecting a barn on a farm near this city. Back in the early 80s the barn and a tavern which joined it on the front were overnight stopping places for the stage line that operated over the Chicago road west from Detroit.

Lansing—The work made a better record in Michigan during 1924 than in 1923, figures obtained from Washington show. In 25 states which the government selected to investigate, only 16 showed an increase. In Michigan the birthrate per 1,000 population increased from 23.4 in 1923 to 24.1 in 1924. The infant mortality rate decreased from 50.2 deaths in 1,000 births in '23 to 42.2 in '24.

Detroit—Gov. Alex. J. Groesbeck, Charles Beecher, Warren, former United States ambassador to Japan and Mexico; Frank L. Mulholland, former president of the International Rotary Clubs and scores of other University of Michigan alumni of national and international fame will be among the guests at the three-day convention of the National Association of University of Michigan Clubs, to be opened in Detroit, June 10.

Detroit—Six men in a big touring car crowded Henry Gattner, president of the Michigan Refining Co., driving a smaller car to the curb and took from him a bag containing \$3,000 in cash and the same amount in checks. He was on his way to the bank. With Gattner was Clarence Lehr, an attorney. One of the bandits stepped into the car in which Gattner and Lehr had been, and drove it away after his companions.

Wayland—Clarence Marsh, 18 years old, died in the Allegan hospital after being nearly roasted to death under a pile of hot coal cinders. With a small group of laborers, the youth was engaged in the unloading of cinders of a steel gondola car which had just arrived from the Pennsylvania railroad company's roundhouse at Grand Rapids. When the dumping apparatus failed to function the boy clambered inside to force the cinders through the opening.

Cadillac—When the fire department was making the run to the home of P. A. Wolfe, recently, an amusing delay occurred. A citizen stood in the porch of his home and waved his arm as the fire trucks neared the location of the box that had been pulled. The firemen supposed the man was directing them to the scene of the blaze and stopped only to have the senescent gentleman blandly inquire "Where's the fire?"

Lansing—May is the month for measles, according to reports from the Michigan Department of Health. Of the 5,345 cases reported up to the present time this year, 2,215 have occurred during the first 28 days of May, of nearly 41 per cent of the total. The spring months appear to be most favorable for outbreaks of measles. The close of school for the summer vacation is significant in the decrease of this disease each year, as well as other communicable diseases.

Ann Arbor—Unexplored regions north and west of Greenland will be the goal of Dr. Walter N. Koelz, of the bureau of fisheries, who has just received word that he has been chosen as ichthyologist on the National Geographic Society's expedition this summer which will be led by Capt. Donald MacMillan, Arctic explorer. Dr. Koelz, who received his PhD from the University in 1917, has been scientific investigator for the United States Bureau of Fisheries at the zoological department since that time.

JAMES PURDY, LIFELONG RESIDENT OF PLYMOUTH-TOWNSHIP, DIED TUESDAY.

James Britton Purdy, son of James and Matilda Purdy, was born in Plymouth Township June 24, 1843 and died Tuesday morning, June 2, 1925, aged eight-one years, eleven months and nine days.

In 1867 he was married to Hannah Phelps, who died in 1916. Two children were born to this union, Harry E. Purdy now deceased, and Mrs. L. Moore of Plymouth. He leaves also to mourn their loss one sister, Mrs. Laura McRobert of Northville, two half sisters, Mrs. James Sessions of Northville, Mrs. Hannah Phelps of Detroit, and a number of more distant relatives and friends.

During the Civil War Mr. Purdy served in the Twenty-fourth Michigan Volunteer Infantry, and for a number of years was flag bearer for the local G. A. R. Post, holding that office at the time of their disbanding a couple of years ago. He was much interested in nature study and was a recognized writer of authority on subjects therewith. He was an honorary member of the National Audubon society, and at one time served as president of the Michigan Ornithological club.

Mr. Purdy was born on the farm where he died, the land having been taken up from the government by his father nearly one hundred years ago.

Funeral services were held from the Schrader Bros. funeral home, Thursday afternoon at two o'clock, conducted by Rev. S. Collier Hathway, pastor of the First Presbyterian church. Interment in Riverside cemetery, Plymouth Mail.

A FORMER NORTHVILLE MAN KILLED IN AUTO ACCIDENT.

Northville people were shocked to read the following dispatch from Albion which appeared in The Detroit Free Press of Tuesday:

"A Crane of Marshall, secretary of the Calhoun County Fair association, and Roland Horton, 22 years old, son of Mr. and Mrs. Carl Horton of Parma, are dead from hurts suffered when Crane's automobile was struck today by an interurban car at the Chapel crossing, two miles east of the village of Parma, on M-11. Marks in the highway showed that Crane had attempted to stop the automobile, but that it had skidded into the ditch and then back on the highway, into the path of the on-coming car."

The side of the auto on which Horton was sitting was crushed badly. Horton was killed instantly, his skull being crushed. Crane was rushed to the Foots Memorial hospital at Jackson, where he died at 3:10 o'clock.

Young Horton was invited by Crane to ride from Albion to Jackson. He was standing in front of the local interurban station when Crane came along and offered him the ride. He just had finished a year's work at the University of Michigan and was on his way to Parma to visit his parents before going on to New York State to spend the summer canvassing. The young man had spent two years at Albion college and had worked here in the Commercial & Savings bank. He leaves his parents and five sisters.

Mr. Crane moved from Northville to Marshall after a few days' residence here and his sudden and untimely death brought great sorrow to many of his friends here. Besides his wife he leaves two sons.

Funeral services were held on Wednesday at his home near Marshall, St. Albans Lodge, F. & A. M., having charge. He was a member of the Battle Creek Elks' Lodge and belonged to many of the farm organizations of Calhoun county, where he had become well and favorably known because of his connection with the county fair.

Progress

Two recent developments have focused public attention on Graham Brothers Trucks as never before.

One was the sweeping price reductions of May 15th, ranging from \$80 to \$160.

The other was Graham Brothers ascendancy to leadership by building more 1½ ton trucks than any other manufacturer in the world, during the first quarter of 1925, and by achieving second position in the 1 ton and 1½ ton fields combined.

Progress such as this deserves public attention—and eliminates all doubt as to the logical truck to buy!

FRED J. GOODWIN DIED SUDDENLY.

Fred J. Goodwin was taken suddenly ill at his home on Cadiz street, Monday night shortly after ten o'clock and his condition grew rapidly worse until death claimed him within a short time after his condition was discovered. He was found lying upon his bed and appeared to be in great agony. Mr. Shafer gave the alarm and assistance was summoned. The unfortunate man was taken to the Sessions hospital in an unconscious condition and death claimed him soon after his arrival.

It will be remembered that Mrs. Goodwin was killed at the Peoria Marquette crossing in this village last fall. For some months past Mr. Goodwin has been associated with the Jackson Lumber company at its yard and he held a responsible position.

He was born in Birmingham, August 12th, 1885, and received his education in the schools of that office. Later he attended Union College where he received a business degree. After a residence in April of some months he was married to Hazel Shafer on August 22nd, 1922, who preceded him in death.

There were some persons present about the village at the time of his death but as a result of the contents of his stomach failed to locate the presence of anything that might have caused his death. It is the opinion that death was caused by a cerebral hemorrhage as having a rather thin blood pressure at some time.

Funeral services were held at his late home Thursday afternoon at one o'clock and burial took place at Holly Rest. William Richman conducted the services. Leo Goodwin of Des Moines, Iowa, and Frank Goodwin of Mason, brothers of the deceased, and a sister from Nashville, Tenn., were among those present at the funeral.

SPEDDY AUTO RACES AT STATE FAIR GROUNDS.

The Michigan State Fair grounds will become the hub of dirt track auto racing in America this year with the announcement by Secretary Geo. W. Dickinson of the Michigan State Fair that auto races will be held at the fair grounds July 4-5, under sanction of the International Motor Contest association.

The races will be featured by a world's champion 150 mile race open to the world to all cars irrespective of piston displacement or motor classification. Offices for the races have

been opened by Bill Breitenstein, manager, at the Forta-Shelby Hotel, Detroit.
