Dainty As a June Garden

That fine-spun web of pure silk in Humming Bird Hose which looks delicate and fragile as a flower petal, has a power of endurance you'd little suspect.

Humming Bird silk is of the highest obtainable quality, imported "raw" from Japan and spun into thread in our own mills. No metallic "loading" is added. The silk is pure dyed. Reinforced to stand the stresses of your many outdoor activities.

Humming Birds may be had in all the dreamy tints that blend with the filmy frocks of summer. A fresh shipment of the newest shades just received. Come in and treat yourself to several pairs.

PURE SILK HOSIERY
WEARS LONGER

While at Grand Rapids week before last some of the members of Northville Commandery, Knights Templar, had the pleasure of seeing Sir Knight Carruthers a former member of the local commandery and a past commander, who is now commander of the new commandery recently formed at Hastings. He is a dentist in his home city and wished to be remembered to his old friends here.

F. J. Schmidt, president of Plymouth's newest and most promising industry, the General Machine & Iron Works, was a caller at this office Saturday afternoon. The new plant is being erected east of Plymouth along the Pere Marquette right of way and when completed will be one of the most modern and up-to-the-minute of its kind. The new plant will be in operation very soon.

NORTHVILLE SCHOOLS GRADUATE LARGE CLASS.

The annual commencement exercises of the Northville High School took place at the auditorium last Wednesday night. When twenty-five of our young people received their diplomas and received the congratulations of their friends. It was a fine group of young people who gathered upon the platform while Miss Irene Olson rendered the precessional. Rev. A. K. MacRae offered the invocation and the girls' and boys' glee club followed with two selections. "Laughter of May" and "Carry Me Back to Old Virginia." Miss Catherine Harlan gave the salutatory and she was followed by Miss Ida Rose Cavell, who contributed a vocal solo. Miss Barbara Blackburn was assigned the guffatory and the acceptance was made by Trustee T. Cousins of the board of education. "The Shoozy Shoo" and the "Nightingale" were sung by the girls' glee club.

Prof. R. Clyde Ford of the State Normal College of Ypsilanti gave the address of the evening and brought an inspiring message, one that all might profit by if they would apply the admonition given. Miss Dorothy Alban of Belleville followed with a violin solo. Dr. Wickham, secretary of the board of education, presented the diplomas, expressing the pleasure and satisfaction of the district for having the honor of graduating such a large and splendid class. The valedictory was given by James Wood. The class song, "Farewell," composed by Virginia Smith and Edward Riley, was rendered by members of the class and Father Schuler offered the benediction.

The class colors were green and gray and the motto chosen was "Fluimus Oportet"—we finish to begin. The following are the members of the class:

Ida Rose Cavell, president; Edward Riley, vice-president; Helen Alger, secretary and treasurer; Barbara Blackburn, Kenneth Edwards, Florence Foreman, Harry German, Catherine Harlan, Clara Hollis, Averell B. Henry, Donald Kerr, Clifford LeFever, Joe Litsenberger, Hazel Lanning, Valma McKahn, Fedora Stammann, Geneva Stevens, Reva J. Schrader, Virginia Smith, Laura Trufant, Rose Vignack, James Wood, Leo Wood, Lucile Wickham, Ralph White.

FORESTERS HAVE FINE NEW HALL.

Work of remodeling the new Foresters' hall in this village is practically completed, though there are a few things about the place yet to be finished. The new hall is convenient and commodious and the equipment will include beside the spacious lodge room, a dining room, kitchen, ante room and cloak room, ladies' and gents' toilets. Nearly all the work on the new quarters has been donated and a great deal of it has been done after the members have worked at their regular avocations during the day. The members have shown a fine spirit of co-operation and helpfulness and they are to be commended upon the success of their efforts.

Among the fine gifts donated to the new lodge hall were four pedestals and an altar made and finished by A. H. Johnson carpenter and contractor, who is a member of the Foresters. Officers and members of Court Northville are very grateful to Mr. Johnson for his kindness and generosity.

STANDARD OIL STATION BUR- GLARIZED.

The Standard Oil station in this village was visited by burglars early Tuesday morning. The safe was opened and about one hundred dollars and some books worth a considerable sum were taken. Local officers were notified while the fellows were in the building but before they could reach the scene of the burglary the thieves had made their escape and left no clue.

Sometime during Monday night thieves also forced an entrance to the office of the Bell Foundry & Manufacturing Co., where they forced open the safe, but secured nothing of real value.

Monday night burglars visited Plymouth and stole from the Plymouth Buick Motor Sales a new Buick sedan.

Miss Mildred Ely, daughter of Mr. and Mrs. W. A. Ely of this place, is a member of the class to graduate from the State Normal College at Ypsilanti this year. She has accepted a position as teacher in the schools at Springwells, one of the fast growing communities near Detroit. The graduating exercises will take place next Monday.

GRAND COURT, F. OF A., HELD CONVENTION HERE

NORTHVILLE ROYALLY ENTER- TAINS ITS GUESTS—WEATHER CONDITIONS BAD FOR GALA DAY

Northville put on its holiday attire on Monday for two very good reasons—to pay proper homage to Flag Day and to express its cordial welcome to the officers and representatives of the Grand Court of Michigan, Foresters of America, who had arrived during Sunday to attend the state convention of the order. Flags graced the street in front of every business place and by Tuesday morning Old Glory was flying to the breeze from many places of advantage throughout the village. "Welcome" signs were stretched across the streets and all who came were at once made to feel that Northville's welcome was sincere and genuine. Monday was given over to the receiving of delegates and assignment to places about the village. Old friendships were renewed and many new ones formed.

Monday night a get-together for members of the order only was held in the new Foresters' hall and the affair proved one of great enjoyment. Refreshments were served throughout the evening and the visiting officers and delegates were made to feel at home. Tuesday morning the nineteenth session of the Grand Court was opened with appropriate ceremonies. Village President Charles A. Dolph extended a very cordial welcome on behalf of the citizens of Northville and expressed his pleasure at being able to welcome to this community such a fine body of men who represented the high purposes and aims of the Order of Foresters.

He presented a floral key to the village to Grand Chief Ranger Fred C. Bertram of Detroit, Supreme Representative T. Calvert Crowe of Detroit responded to the very cordial welcome and expressed the appreciation of all for the very cordial manner in which Northville people had prepared for the convention and for the manner in which they had received the visitors. He paid a fine compliment to the officers and members of Court Northville for the effort put forth to make the meeting a success and assured all that the visitors would carry home with them the kindest wishes and recollections of Northville, its Foresters and its citizens in general. E. E. Brown and S. S. Crohn, past grand chief ranger of Pontiac were called upon for a few impromptu remarks. Mr. Brown expressed his appreciation as a citizen of the presence of the Grand Court and of the fine spirit of co-operation and helpfulness which has characterized the efforts of the members of the local court. Mr. Crohn said he was always glad to come to Northville and he paid a fine compliment to Northville Foresters and stated that if all the courts of the state were as aggressive and wide awake the order would enjoy a wonderful growth. After the preliminary exercises the convention went into secret session for the transaction of business.

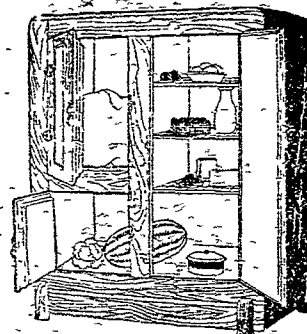

The following Grand Court officers and delegates were present at the convention:

Grand Court Officers:
G. C. R.—F. C. Bertram
G. S. C. R.—Henry L. S.
G. Secy.—A. H. Saunders
G. Treas.—Casper Keils
G. Rec. Secy.—Thomas Berryman

STATE NEWS IN BRIEF

Owasco—The Shiawassee River here is to be cleaned and improved to permit bathing and boating. The Shiawassee County Sportsmen's Association is raising a fund to be used in removing all debris from the river.

Lansing—The State Administrative Board has voted \$8,500 to pay freight on 26 carloads of war relics offered by the United States government and held at eastern ports. The relics will be shipped to various cities of the state.

Grand Rapids—A broken neck did not deter Carl Ballou, 52 years old construction employee, from leaving St. Mary's hospital after a cast had been applied. He was hurt when a portion of a cement step at his home gave away and he fell.

Lansing—The State Administrative Board has adopted a resolution urging 13 counties to pay taxes due the state. It was claimed by Auditor General O. B. Fuller that the counties had collected taxes locally but failed to forward them to the state.

Meridian—The city commission has issued an order that all dogs must be vaccinated, muzzled or tied up. (Cobles) owing to the prevalence of rabies in the city and vicinity. Harry E. Warfield, 30 years old, the dog warden, says the order must be obeyed by all owners of dogs.

Detroit—The directors of the Michigan Bell Telephone company have approved estimates for extensions to the plant in the total amount of \$4,235,000. Of this total, \$1,425,000 is for Detroit; \$250,000 is for Grand Rapids and \$1,297,000 covers an addition to the Kalamazoo building and a new central office switchboard for Kalamazoo. The balance of \$1,460,000 covers other points throughout the state.

Saginaw—Nine houses and five other buildings were destroyed by fire which swept the village of Gage town 41 miles northwest of here. The loss is estimated at more than \$50,000. Caused by a high wind the fire for a time threatened to destroy a much larger section of the village and was checked only by the combined efforts of the fire departments of five other towns that were called in to help.

Sault Ste. Marie—Freight totaling 11,210,000 tons passed through the Soo locks during May, against 9,872,821 tons during the same month last year, according to the report of L. C. Sabia, general superintendent of the canal. Vessel passages for May were 2,845, against 2,611 for May, 1924. The chief gain this year was in iron ore, of which 8,219,331 tons passed here last month, against 6,629,391 tons a year ago.

Romeo—Romeo was deprived of telephone communication with the outside world when a building adjoining the telephone exchange collapsed, and was forced to use temporary toll and messenger service. It was announced by the Michigan Bell Telephone Co. Nine pay stations temporarily installed in a barber shop and a fleet of messengers comprised the service. The building was a three-story structure next to the site of a new bank building.

Lansing—Crop prospects throughout the state are decidedly unsatisfactory, according to a monthly report issued by Verne H. Church, federal agricultural statistician and L. Whitney Watkins, state commissioner of agriculture. The month of May, the report states was characterized by unusual extremes of weather, temperatures ranging from below freezing to above 50 degrees and the rain fall being the highest on record. As a result crop suffered severely.

Pontiac—Sheriff Frank Schram, of Oakland county has given his officers orders to arrest all persons found riding in automobiles on highways here while clad only in bathing suits or abbreviated style. There is a keeping with an ordinance passed by the board of supervisors a year ago, on complaints of several court-side improvement associations. Baiting parties have made a practice of driving long distances to the lake beaches with no other clothing than swimming garb.

Grand Rapids—To provide means for a complete retraining within a few months, reorganization of the Michigan Electric Railway is planned. B. C. Cobb, of New York president of the company, announced a vote in the city as head of a bond holders' committee which is making a tour of the system. The committee is surveying the resources and economic conditions in the parts of Michigan served. The road was forced into the hands of a receiver several months ago.

Detroit—Aerial freight, passenger and mail service between Detroit and Chicago, Cleveland and Dayton, will begin within two weeks, according to George Willens, who announced the organization of Detroit Airways, Inc., and the purchase of five ships to be placed in immediate service. Preliminary plans call for a trip daily between Detroit and each of the cities named, and a bid for transportation of the mail by air, according to the terms of the Kelly bill, enabling the postmaster to let contracts for that work to private companies.

Holland—Twenty-one Hope college girls were awarded sweaters and letters by Coach Schouten. To win a sweater girls must hike 20 miles a week, 10 hours indoor baseball, basketball and tennis, 12 hours setting up exercise and electives in volleyball, hockey, canoeing, rowing, skating and swimming.

Pontiac—Assistance of physicians throughout the county has been enlisted for the campaign the last week of June to raise \$200,000 for financing the new proposed St. Joseph Mercy hospital. The Sisters of Mercy have to spend \$150,000 here, and a site has been donated if the community raises another \$150,000.

Lansing—Lansing needs enlarged postoffice facilities. Representative Grant M. Hudson, of the sixth congressional district, told postoffice department officials. He is undertaking to get approval of plans for an addition costing \$40,000. The office now lacks lobby space, which will be provided if the proposal is accepted.

Menominee—A freight locomotive on the St. Paul Railroad started out without an engine crew recently and travelled 15 miles before it was found stalled near Bagley, Wis., after speeding through part of Menominee and the city of Marinette, Wis., at 30 miles an hour. Trammien declared it stopped as mysteriously as it started.

Grand Rapids—Aparists were summoned by Frank S. Elston, head of a storage and packing concern here, to discover a means of ridding his East Grand Rapids home of a swarm of bees which has taken possession and threaten to oust the Elston family. The village police department, after working for a few hours, gave up the job.

Detroit—The Detroit, Caro. and Sandusky railway has petitioned the interstate commerce commission for permission to acquire a line of road extending 50 miles from Caro, Mich., to Roseburg, Mich., from the receivers of the Detroit, Bay City and Western railroad. The line was recently abandoned by the receivers of the Bay City.

Detroit—Colonel William Mitchell, former assistant chief of the army air service, recently addressed the Detroit Flying Club in the Board of Commerce. He was spending a few days with Detroit friends before proceeding to the Texas station he was assigned to after his demotion from general because of his attacks on a service foe.

Little Lake—After shooting and fatally wounding Frank Forcier, 55 years old, in a soft drink saloon Fred Gardner, 25 years old, barricaded himself in his home near here and held off posse deputies, headed by Sheriff Sam Ford, of Marquette, for more than eight hours, before he ended his life by shooting himself through the head.

Detroit—A municipally owned bridge connecting Windsor and Detroit will cost approximately \$12,000,000, it was announced, following a meeting of the special committee appointed to deal with preliminary plans. According to members of the special committee, the proposal of the American-Canadian Transit company to build the bridge has not been favorably received.

Lansing—Dedication services for the Bethel Methodist church, one mile west of the city, were recently held with the Rev. C. O. Hoag, superintendent of the Lansing district in charge. Other Lansing pastors assisted. Church work in the district was started in a school house four years ago. Later the Methodists incorporated and a result just completed their \$5,000 structure.

Grand Rapids—Mrs. Benjamin St. Clair, ballroomist at Ramona Amusement Park here, owed her life and freedom from injury to her pluck and tenacity, and the agility of a member of her troupe. Unable to make her cries for assistance heard after her parachute had become entangled in the tops of a tall tree, the woman clung to an unsteady limb nearly an hour until discovered and rescued.

Lansing—The Lansing board of education operating under the new anti-fraternity bill will deprive students of their credits in event membership to secret societies is proven. Expulsion from school will be the final recourse taken by the board in the event of defiance by the high school pupils. State Senator Barney E. Brower, of Jackson, is preparing, on behalf of a Jackson high school fraternity, to test the constitutionality of the Turner Anti-Frat law.

Iron Mountain—After eight hours of battling with flames raging in log and chemical plant wood piles one-half mile west of the Ford Motor company's plant here, men directing the fire fighting forces believed that, with the change in the direction of the wind, they had the flames under control. The combined efforts of several hundred men and fire fighting apparatus from this city, Menominee, Escanaba and Crystal Falls and the Ford plant were needed to fight the fire.

Ann Arbor—After a half-day search by state troopers and representatives of the sheriff's office of both Washtenaw and Jackson counties, the armed posse, which had been scouring the two counties in search of Frank Smith, colored, escaped convict and "bad man," renewed their search after a report that a Negro following Smith's description had been seen near Jackson. Smith, who was sentenced to from three to 10 years for assault, escaped from William Gore, a policeman, who was taking him to Jackson prison.

BRIEF NEWS OF WORLD EVENTS

U. S. Gunboat Exchanges Shots With Chinese Troops Without Casualties

Canton—The American gunboat Pampanga of the South China Patrol was fired on near Whampoa while conveying a supply launch to the Canton Christian College. The Pampanga returned the fire. No casualties were reported.

Fighting day and night, armies of rival military leaders continued their battle for possession of Canton with new fury as telling blows were reflected in increased casualties.

A force of Kwangtung troops in the attacking Cantonese army was shot into the river when an attempt was made to make a surprise landing, which was discovered by the defending forces. Heavy casualties resulted, and at dawn many bodies were seen in the river.

Additional foreign gunboats, have arrived, making a total of 10 in port. The foreign warcraft were being used to administer medical assistance to wounded residents of the river front.

United States marines have been landed on Honan Island, in the Pearl River, near Canton, to protect the American Christian College.

United Church Is Formed

Toronto, Ont.—The United Church of Canada, formed after 23 years of steadfast effort by the Central Presbyterian, Methodist and Congregational organizations in the Dominion, has been solemnly established. While Dominion leaders of the three bodies assembled in Toronto for the national celebration of Canada's unique achievement in Christian unity, local celebrations were held from the Pacific to the Atlantic—central services in churches, in halls or armories or in public parks.

Slayer Goes Insane

Joliet, Ill.—Richard Loeb, one of the slayers of Bobby Franks, is insane. His condition was brought about by nine months of confinement in the Joliet penitentiary, superinduced by a severe attack of measles.

This is the official statement given out by Warden John L. Whitman, at the state institution following reports from two physicians and two alienists who have had the youthful killer under observation since he became delirious.

Greek Cabinet Quits

Athens—The Greek cabinet headed by Premier M. Michalakopoulos, has resigned. It was formed Oct. 6, 1924.

Possibility of a coup to overthrow the government was also in evidence.

The government ordered troops transferred to Athens as a precautionary measure. Disappointed inferior officers were said to be in a threatening attitude, and it was deemed best to guard against an outburst on their part.

Perriot Remains Mayor

Paris—Edouard Perriot, president of the chamber of commerce of deputies and former premier, who tendered his resignation as mayor of Lyons, has been prevailed upon by his friends and political supporters to withdraw it. He has held the Lyons mayoralty for 20 years and was re-elected unanimously in the recent elections, which, however, returned a majority of extreme socialists to the municipal council.

Greek Rebels Seize Town

Athens—Martial law has been proclaimed at Samos, and rebels to the number of 600 occupy the port of Vathy, it was officially announced.

The movement at Samos was described by government officials as being of a "brigandage nature."

The rebels stole half a million drachmas from the state bank. Greek troops have begun to disembark from destroyers to blockade the island.

Consul's Time Extended

Washington—President Coolidge has issued an executive order extending the commission of John G. Foster, consul-general at Ottawa, Canada, for one year. Foster, who is 65 years old, would have been retired on July 1, under the provisions of the foreign service act. Foster has been consul general at Ottawa since 1903. His home is in Derby Line, Vermont.

Berlin Taxi Rates Lowered

Berlin—Small electric taxis with just room enough for two are the reply a German automobile company has made to the cry for cheaper taxi fares.

Already a number of the speedy "bug-me-tights" are shipping around corners and whizzing through traffic tangles which defy the heavier gasoline burners.

Legion to Aid Defense Plan

Washington—James A. Drain, national commander of the American Legion informed Acting Secretary of War Davis that the veterans would co-operate fully with the War Department in the defense mobilization on July 4.

Garden Grove

"Our Restrictions Are Your Protection"

WHAT IS THE REASON FOR THE SUCCESS OF GARDEN GROVE?

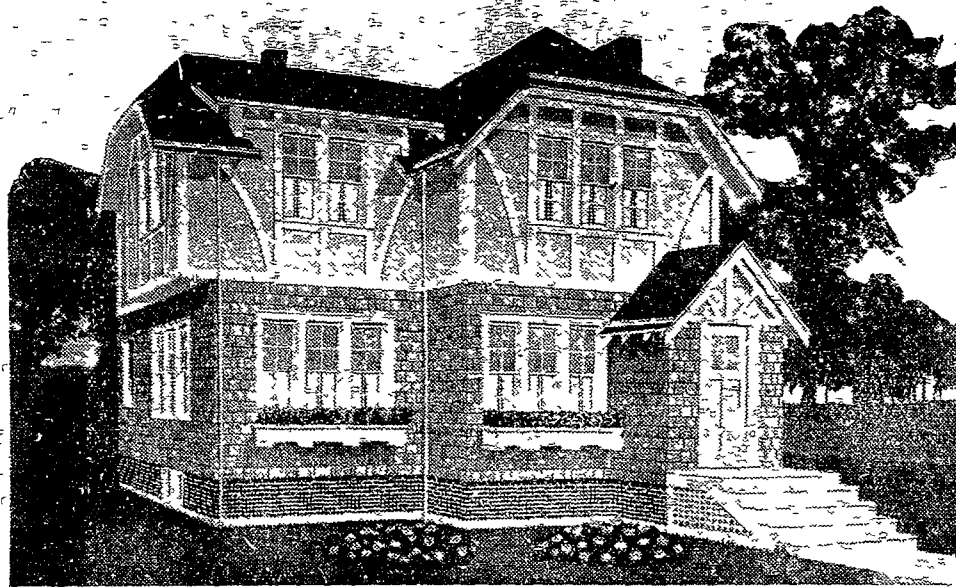

Everywhere you go people are talking about it and asking that question.

THE ANSWER IS:—

Every lot in Garden Grove is a money-making opportunity, either as a home site or as an investment.

WHY? BECAUSE:—

It is at the intersection of two great super-highways (Seven Mile Road and Farmington Road), where access may be had to any part of the state on good concrete roads. It is less than an hour's drive to the city of Detroit. It is a half hour's ride to the factories of the west side of Detroit, and fifteen minutes to Northville. Right on a direct road to Michigan, Grand River or Woodward Avenues. Think what all of this means.

BECAUSE:—

Prices are nowhere near the top. We have business locations that must increase in value; lots for homesites, that cannot stay so low in such a well restricted subdivision.

BECAUSE:—

In selling we do not boast, but deal in facts only. It is hard to buy here and not force a handsome profit. We do not believe in picturing to the purchasers what is going to happen, but what is actually happening and what opportunities exist at such an amazingly low figure.

BECAUSE:—

Every purchaser knows when he come into our office or talks to one of our salesmen that he is going to get a square deal, and a good return for his money.

FOLLOW THE WISE INVESTORS

To our office on the grounds and let us show you the opportunity that is awaiting you; or mail us the coupon below and we will come and see you, and make an appointment to get you and bring you to the property.

LARGE CROWD ATTENDED BACCALAUREATE EXERCISES.

A large and appreciative audience filled the Presbyterian church Sunday night to enjoy the baccalaureate exercises. The church was appropriately decorated for the occasion and at the appointed hour the members of the graduating class were ushered to seats of honor by members of the Junior class. The services throughout were inspiring and impressive and all present caught the inspiration of the hour—the passing out from our school life into the great wide world of fine groups of our young people who had finished their high school course with credit to themselves and the community they represent.

Seated upon the platform with Pastor F. F. Knowles were Rev. Wm. Richards, Rev. A. K. MacRae and Rev. Father Schuler. Rev. MacRae read the responsive service and offered the invocation and Rev. Richards read the scripture lesson and offered prayer in which he asked God's richest blessing upon our beloved country, its schools and all they represented in the life and enlightenment of the young people of the nation.

Rev. Knowles selected for the theme of his very inspiring sermon "The Good of the Difficult," in which he admonished the young people that nothing could defeat them if they had a will and an ambition to do and to succeed. No environment, no hereditary or outside influences could retard their growth and advancement if they were willing to strive for the higher and better things and to permit the Great Teacher to direct and inspire their lives. But one person could write the word failure above their lives—and that person was their individual selves.

Special music was rendered by the choir and the service was an inspiration to both young and old.

ROUGH AND READY DEFEATED NORTHVILLE SUNDAY.

Northville lost its first ball game of the season, to the Rough and Ready team in the ninth inning last Sunday. At the end of the eighth the score stood four to two in favor of the local boys but at the end of the ninth it was a different story. Wild pitching and bad errors by the Forester team in the ninth gave the game away, after it appeared that the visitors had not even a look in. It looked for a while that Jack Krefe had been cut out of the funny paper and slipped into the pitchers box. Just one of those tear off days when you can't lay up a cent. As yet Northville has not had a real balanced team on the diamond. Several players doing their best out of their real position. It will, without doubt, do the local team good to be defeated once in a while and place more of a base ball fighting spirit in the work. From now on a substantial nine will be representing Northville. The team goes to Franklin fourteen miles over in Oakland county for a contest next Sunday. Franklin boys always give Northville a battle royal in more ways than one. The fans which generally number around the one thousand mark are usually very enthusiastic. Those who accompany the team from Northville however, can off-set the "rooting" that takes place in the neighboring village. Many fans will follow the

COMMENCEMENT AT WIXOM.

Our young people will be off to Albion College next Monday to the Epworth League Institute, which extends to Sunday, the 28th. Fifteen hundred young Methodist people will unite for this great occasion, from all over the lower part of Michigan.

Spiritual Viewpoints.

The path of glory leads beyond the grave.

Good sinners require good men.

It will not hurt a man to live in the world unless the world lives in him.

He who does not honor God with his substance does not honor him with his soul.

There isn't a thing in the life of an evil man which should cause a righteous man to envy.

When a Christian man meets an impassable place in the way of life, he should detour, but not forget to come back to the main road.

LOCAL.

Dr. L. A. Ketchum left Monday for a few weeks' visit to her home in Montana.

C. R. Ely moved his office to his new building on the east side of North Center street on Tuesday and is now nicely settled. The new quarters afford more room and being located near the ice plant will save a great many steps and a lot of time.

Could you believe it? William Spencer of this village has been serving as juror in the Wayne county circuit court during the past week and he was drawn on a will case with eleven women. Who dares to again declare that "a man is without honor save in his own country?"

Mr. and Mrs. E. H. Lapham attended the commencement exercises of the University of Michigan on Monday. Their daughter, Elizabeth, receiving a diploma from the Literary department, was honored by a star preceding her name which signifies "Graduated with Distinction."

VILLAGE TAXES NOW DUE.

Village taxes for 1925 are now due and may be paid at the Northville State Savings Bank any day during banking hours until August 1st.

ALL WOMEN'S ACHIEVEMENT DAY.

Women enrolled in Home Economics extension work in Wayne county are holding an achievement day at the Wayne High school gymnasium, Friday, June 26th. The work this year has been mainly with clothing and some splendid work has been done in various sections of the county. Exhibits and demonstrations will occupy the forenoon session beginning at 10:30 o'clock, followed by a box lunch at noon.

The afternoon program will consist of music, club roll calls, Home demonstration report, Miss Lois Corbett, home demonstration agent, special talks on "What Home Economics Extension Work Means and the Value of Organization," Miss Carrie Williams, state clothing specialist; discussion of the clothing project, Miss Agnes Sorensen, state clothing specialist; "Other Projects Relating to the Home and Community," Mrs. Louis Campbell, state home demonstration leader; open discussion and question box.

A cordial invitation is extended to all women interested in home and community welfare, regardless of whether they are now enrolled in a club. This is to be a day of social and educational enjoyment. Come and bring your friends.

LOIS M. CORBETT, Home Demonstration Agent.

BASE BALL AT PRISON FARM.

The House of Correction defeated the Whitefield M. E. church Saturday, score 12 to 3.

The officers lost to Wayne Sunday, 20 to 7. Lyman and Jaska on the mound for the officers pitched good ball but costly errors behind them let Wayne pile up a large score.

Next Sunday the House of Correction will play the Highland Park Independents at the farm grounds.

The House of Correction will play the Roamer club of Detroit next Saturday at the farm grounds.

PLYMOUTH MASONS RECEIVE FINE GIFT.

Plymouth Rock Lodge, No. 47, F. & A. M., is the recipient of two very fine gifts from C. H. Bennett. The gifts are an olive wood gavel from the forest of Lebanon, and another gavel made from stone obtained from the same quarries that the stone for Solomon's first temple was taken from. Mr. Bennett purchased the two gavels while he and Mrs. Bennett were traveling in the Holy Land, last winter. It is needless to say the lodge prizes these gifts very highly.—Plymouth Mail.

DID YOU EVER GIVE PRAYER A FAIR TRIAL?

Every person prays at some time or other—but do you know very much about this great force and have you ever given it a fair test in home, shop or business?

Answers to prayer wait outside the gate of faith and we are foolish folks if we do not find the values that are waiting for us.

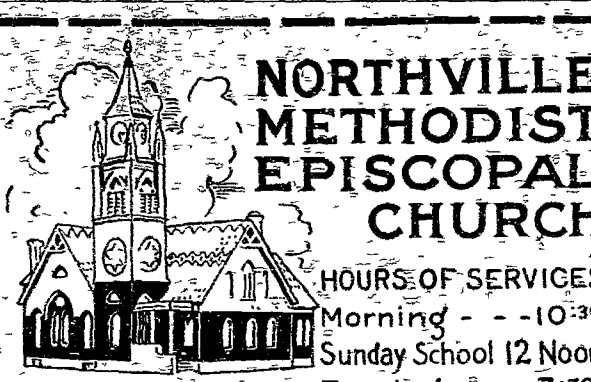

You have been the subject of prayer by others, and your life has been safe from danger and sheltered from destruction.

Before you say there is nothing in it you better study the history of great men, who have been great believers in prayer. They knew just as you may know. The story of Peter's arrest and delivery from jail is a thrilling one. The prayer of other people made this miracle. Like results have been secured for multitudes of people.

What prison doors hold you—what chains fasten you securely to your captors? An ocean of forces are available for your delivery at the prayer gate.

THE FRIENDLY CHURCH

CLEAN, COOL SERVICEABLE SANITARY

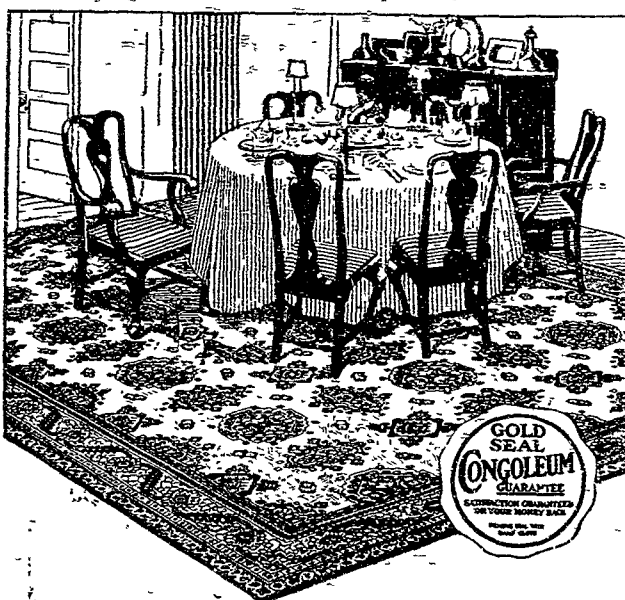

Have you ever tried using Linoleum or Congoleum on your floors during the summer months? If you have not you have missed a great deal of comfort and failed to save yourself a whole lot of hard work. They make your rooms seem so much cooler, they are easily kept clean, they are very serviceable and they are strictly sanitary.

We have never carried so large an assortment as we are showing this season and we are especially anxious that all shall see these attractive, sanitary and serviceable squares.

No matter where you want to use them they will meet all requirements. In the kitchen, hall, dining room, living room, bedroom, bath, or for the screen porch you will find them just what you have been waiting for.

We have both the Gold Seal Congoleum Art Squares and the celebrated Armstrong Linoleum and we shall be glad to supply your needs.

Remember there is no guess work or deception when you select your Furniture and Home Furnishings here. You can see for yourself just what you are getting. It is so easy to be deceived if you buy from a catalogue or a photograph.

THE MACCABEES TO MEET IN MUSKOGON NEXT WEEK.

The 1925 state convention of the Maccabees will be held in Muskegon next week Tuesday, Wednesday and Thursday. Delegates from every local tent in the state will attend and elect delegates to the order's national convention to be held in Washington, D. C., in July.

The national convention will be the largest in the society's history with an attendance of 10,000 and will be the first motorized convention on record. Delegates and visiting members will drive to Washington in mammoth automobile caravans, following a regular schedule along routes laid out far in advance. The organization of the Maccabees caravan has been going on for a year and automobile authorities who are co-operating, state that it will be the largest motor pilgrimage in history.

It was planned as a two weeks' "seeing America" trip and will assemble 10,000 delegates and visitors from every state in the Union and province of Canada entirely by automobile. C. A. McCullough and Roy Cramer will represent Northville Tent No. 300, at Muskegon. Mr. McCullough has had the honor of being appointed one of the tellers who will officiate at the annual election.

FORD TO MAKE SNOW MOTORS.

The Ford Motor company after years of experimentation, is about to go into the production of snow motors.

By means of them, installed in tractor or automobile, the danger that has always existed in heavy snow storms and snow blocked roads for the small hamlets will be rubbed off the list of small town perils, it is believed.

This new development was revealed for the first time last week when films showing the unusual exploits of the snow motors installed on tractor and automobile were exhibited before the Detroit Aviation society at the Book-Cadillac.

The film showed the snow motor driving over fields four or five feet in snow with the same ease as the ordinary farm tractor negotiates aumpy terrain, turning in its own length and scaling fences whose top bars just showed above the snow level.

The films showed horses struggling through the snow and sinking helplessly in its depths, followed by the snow motor taking the same trip without effort. The pulling power was demonstrated by a picture of a snow motor dragging after it two log sleds loaded with twenty tons of timber.

The snow motor one gathered from the film, will be detachable. That is, it will be possible to transform the farm tractor of the summer into an effective winter machine by simply removing the regular wheels and axles and substituting the snow motor's rotating cylinders.

OPPORTUNITY.

The following taken from an exchange respectfully recommended to the young people of America who are graduating this week from High school, college and university in every state in the Union:

"No other country in the world represents such wonderful opportunities to the ambitious boy or girl, man or woman, as the United States of America. Pessimistic newspapers and followers of the red, soviet are in the habit of proclaiming that the door of opportunity is forever closed against the poor and the unfortunate. Soap-box orators continually preach class prejudice, that the rich have stolen the birthright of the poor and doomed them to class servitude. No well-thinking man will be misled by any such statements. We have only to look about us to find scores in our own community who have their feet firmly planted upon the highway of success, yet a short while ago their only asset was an ambition to move upward in the industrial and financial world. Today this country is alive with countless golden opportunities for those who will search them out; at no other time in the world's history has there been such a demand for men and women with vision to look into the future and see written there the success that comes from honest efforts. Put doubt, fear and prejudice behind you and go forward to the best of your ability—success is just around the corner."

FORMER WIXOM RESIDENT DIED AT ALMA.

Mrs. Marion Proud, one of Wixom's former residents, died June 4 at her home at Alma, Mich., and the funeral service was held Saturday afternoon at the Wixom Baptist church, of which she had been almost a lifelong member.

Mrs. Proud was born in the town of Novi in 1849 and became the wife of the late Charles W. Proud in 1865. Three children were born to them, Mabel, Webster and Gardner. She is survived by one son, Webster S. Proud of Alma, and six grandchildren Mrs. Norman Clark, Mrs. John Ruggles, Mrs. Geo. Norris, all of Detroit and Kathryn, Marion and Madeline Proud of Alma. She is also survived by three great grandchildren, Charles Norber Clark, Marion Beverly Clark and William Gardner Ruggles. —Milford Times

WILL MARK HISTORIC SITE ON DIXIE.

The Waterford Farm, Bureau, will place on the Dixie Highway at Silver Lake a bronze tablet to mark the site of the first farm on the Saginaw trail. The inscription is to read:

"Major Oliver Williams located here September 1818, the first farm on the Saginaw trail. In the loft of his sheep shed was held in 1821 the first Sunday School in Oakland county. The first school in Waterford township was built here at the Williams settlement in 1822. Chief Sashabaw, a valued friend of the pioneers, was buried due north of the shore of Silver Lake about 1821, as was also his half-brother, Wa-Me-Gan in 1824." —Milford Times.

MILFORD MAN FOUND DEAD IN BED.

Death came with a sudden summons Tuesday morning to Thomas L. Barnes sales manager for the Michigan district of the Goodrich Rubber Company. He was found dead in his bed early Tuesday morning at his summer home at White Lake, spoplexy and heat being given as the causes. He was in Milford late Monday evening and friends whom he met say he seemed to be in his usual health. —Milford Times.

MANY ATTEND OPENING OF NEW GROCERY.

A great many people of this section attended the formal opening of B. A. Stephen's new grocery store in the new Filkins' block on Saturday. From early morning until late at night the store was a busy place and all who called were pleased with the neat and attractive appearance of the place. Mrs. L. Hake was awarded basket No. 1 and B. A. Wheeler was fortunate enough to secure basket No. 2. The holder of No. 81 will receive the third basket by calling at the store.

BEST LOAD OF CATTLE ON DETROIT MARKET.

L. W. Lovewell shipped a carload of 17 extra fine Hereford cattle to Detroit last week. The animals were home-bred and averaged 14 months old. Their Detroit weight was 920 pounds each and they dressed out 62 per cent cold meat. Men on Detroit market claimed it the best load of cattle received there in a long time. The stock had been fed by Ashton Emery on the Lovewell farm.—South Lyon Herald.

First Mirror Signaling

The first signaling by means of mirrors is said to have been originated by the great Greek military genius, Alexander the Great, about 333 B. C. Heliography has made great progress since the days of Alexander.

BRITAIN TO APPOINT DOMINION SECRETARY

London—Premier Stanley Baldwin has announced in the House of Commons that the government has decided to inaugurate a new secretaryship of state for dominion affairs.

The plan may be regarded as part of the English effort for a closer bond between the self-governing dominions and the London government. Britain already has a colonial ministry, so the new post will serve largely as a liaison between this ministry and the countries like Canada, Australia and New Zealand.

Africa Is New Oil Source

New York—African oil in the near future may rival African diamonds and gold as a source of world wealth. The quest for oil has invaded the African jungles, and oil wells are being drilled among villages of naked blacks, within sound of the roar of lions. The Sinclair Corporation, according to its annual report just issued, has acquired extensive oil rights in Portuguese West Africa, and is doing intensive prospecting and development work in fields that are expected to prove immensely rich.

Film Companies Merge

Los Angeles—An international film amalgamation was announced here by Louis B. Mayer, vice-president of the Metro-Goldwyn-Mayer Co., who said his corporation had concluded an agreement with the Gaumont interest of France. Mayer said that the deal had united the forces of the two concerns in the operation of Gaumont theaters and branch offices in France, Switzerland, Belgium, North Africa, Syria, Egypt and Palestine.

France and Spain to Co-operate

Geneva—France and Spain have reached a full accord on the general idea of co-operation to end finally the long-prevailing warfare in Morocco. It was learned authoritatively here, Aristide Briand, French foreign minister, and Count Quiñones de León, Spanish ambassador to France, who were here for the meeting of the League of Nations Council, have been conferring regarding the Moroccan situation.

Standard Orders Plane

Chicago—The Standard Oil Company of Indiana ordered a large all metal passenger and freight carrying airplane to determine the utility of aerial transportation in its business covering 10 states.

The plane an-aerial coach, will be used by officials in trips between the general offices and the branch plants and refineries, and for transportation of company mail and express matter.

Belgian Wins Balloon Race

Brussels—Belgium has won the first renewal of the Gordon-Bennett cup race for lighter than air craft. This fact became definitely known when news reached Brussels of the landing of M. Veenstra, piloting the Belgian bag Prince Leopold, at Cape Torina, Spain after having traversed more than 300 miles. Torina is on the Atlantic ocean about 50 miles from Coruña.

Bishop Scores "Uplifting"

Utica, N. Y.—"God save us from any more constitutional amendments."

With this solemn invocation, the Rt. Rev. Charles Siske, head of the Protestant Episcopal diocese of Central New York, dismisses as the curse of America the professional uplifting which attempts to crystallize morals by putting laws on the statute books.

Propose 13-Month Year

London—British railway companies have approved a proposal to divide the year in 13 months instead of 12. The scheme is being put forward by the League of Nations.

It would involve a fixed date for Easter and an extra day would have to be inserted in between the 13 months to bring the total of days in the year to 365.

Radio Study Wins Degree

Iowa City, Ia.—Clifford Lindéen, an invalid in his home at Burlington, Ia., has been awarded the first B. A. degree given by the University of Iowa for work taken through radio. Although unable to attend commencement, the university radio station carried Dean Kay's words of praise to the boy in Burlington "listening in."

Belgium Gets Loan

New York—Flotation of a \$50,000,000 loan for the Kingdom of Belgium, the largest foreign bond offering arranged here this year, was announced by J. P. Morgan & Co. Public offering of the issue, which matures in 30 years and carries a 7 per cent interest rate, will be made.

University Gets \$2,000,000

Durham, N. C.—An additional gift of \$2,000,000 by James B. Duke, to bacco magnate, to Duke University has been announced by R. P. Few president of the institution. The gift increases the building fund previously created by Mr. Duke from \$6,000,000 to \$8,000,000.

The Four Major Reasons

To those familiar with the chief reasons for Graham Brothers remarkable growth, these four points loom most conspicuously in explanation of their leadership and lower prices:

1. Price advantage.
2. Exceptional quality.
3. Power and dependability of Dodge Brothers Engine.
4. Character of Dodge Brothers Dealer organization.

Better than a written guarantee of continuous satisfaction, these reasons are too fundamentally important to escape the attention of judicious truck buyers.

During the years Mr. Crane held the position, Mrs. Crane served as his assistant. Mrs. Crane is said to be the first woman elected to the secretaryship of a county fair association in Michigan.

PARADING IN BATHING SUITS TABOONED.

Again the edict goes forth that bathers at the various lakes in the county will not be permitted in auto mobiles and on the streets near lakes clad only in their bathing suits. The sheriff of Oakland county says he is about to enforce the county ordinance which demands that persons clad in bathing suits shall wear a robe until they reach the water's edge, where they are permitted to emerge from their wrappings.

"The practice of driving about the county in automobiles in bathing suits and walking about the streets in that condition must stop," says the sheriff.

TO GRADUATE BIG CLASS AT M. S. C. ON JUNE 22.

Nearly 300 students will be granted degrees from the Michigan State College on Monday, June 22nd, on the occasion of the sixty-seventh annual commencement exercises at the state college.

Frank O. Lowden, former governor of Illinois, will deliver the commencement address to the graduating class, which will be the first to receive degrees under the administration of Dr.

K. L. Butterfield as president of the college.

Divisions represented in the graduating class are agriculture, engineering, home economics, veterinary medicine, liberal arts and applied science.

A DEGREE WORTHILY BESTOWED

At the commencement exercises of the University of Michigan held in the great out of doors at Ferry Field on Monday, numerous honorary degrees were awarded men and women who have had some part in moving the world a notch or two in its progress. Among those thus honored was James Marcus Swift, a cousin of Mrs. E. H. Lapham of this village, who was awarded the degree of Master of Laws. Prof. J. G. Winter bestowed the degree and read the following citation:

"James Marcus Swift, a graduate of the College of Literature, Science and the Arts in the class of 1895 and now a leader of the Boston bar. As district attorney and attorney-general of Massachusetts commissioner for the revision of the statute laws and chairman of the committee for the revision of the criminal laws, he has rendered his state service of eminent worth. In conferring her degree upon him the university rejoices in the career of a loyal son."

FARMERS DAY BOOKED AT M. S. C. JULY 31ST.

Summer Farmers' Day at the Michigan State College will be held on Friday, July 31st, this year, according to announcement made this week at the college. It will be the eighth annual gathering of its kind held on the East Lansing campus during the summer months.

Starting in 1913 as a special wheat day conference, the Farm-

ers' Day has grown until a crowd estimated at above seven thousand gathered for the occasion in 1921. Authorities in charge of arrangements are predicting another record breaking attendance on July 31st.

Special features not included in the program for former Farmers' will be staged this year, it is understood. A big church choir singing contest with entries coming from churches in the open country or in towns of 2,000 people or less is attracting a great deal of attention. The contest will be held in the morning of Farmers' Day, with the winning choirs putting on an exhibition at the afternoon general program.

Another feature new at this year's gathering will be the pulling contest for farmers' teams. A special machine to record the pulling power of a team known as the "dynamometer" will be installed on the campus for the contest. With preliminaries out of the way in advance, the finals will be staged before the Farmers' Day crowd in the afternoon.

Prominent speakers, band concerts, and entertainment will mark the general afternoon program while special exhibits, inspection of the college experimental plots and grounds, a picnic lunch at noon, and the rest of the features which have proved successful at Farmers' Days are retained on the program for July 31st.

TO HEAR HER SING

JAMES WHITCOMB RILEY

To hear her sing—to hear her sing—
It is to hear the birds of Spring
In dewy groves on blooming sprays
Pour out their blitheliest roundelays

To hear the robin trill
At morning, or the whippoorwill
At dusk, when stars are blossoming
To hear her sing—to hear her sing!

To hear her sing—it is to hear
The laugh of childhood ringing clear
In woody path or grassy lane
Our feet may never fare again.

O' joy it is to hear her sing,
We fall in love with everything—
The simple things of every day
Grow lovelier than words can say.

To hear the bulbul's voice that shook
The throat that trilled for
Lalla Rookh:
What wonder we in homage bring
Our hearts to her—to hear her sing.

GRAND COURT, F. OF A. HELD CONVENTION HERE

(Continued from page one)

Maybury, who extended every courtesy and explained in detail the aims and purposes of the sanatorium. The visitors also visited the House of Correction farm and the grounds of the Wayne County Training School, and enjoyed the drive over the Northville hills greatly.

At six o'clock a complimentary dinner was tendered the grand court officers and delegates at the Baptist church, the ladies of the church serving a bountiful dinner, which was heartily partaken of. The visitors were generous in their praise of the dinner and the good ladies who served the feast. A rising vote of thanks was extended to the committee having charge of the dinner.

Tuesday evening ceremonies of initiation afforded entertainment to the visitors. Wednesday forenoon was taken up with a business session and the afternoon was given over to the enjoyment of the fine program prepared for gala day, each guest being presented with a free admission ticket to the grounds and grand stand.

In spite of the threatening weather conditions Wednesday morning Northville people were astir early putting the final touches on the plans for the proper celebration of gala day. The band gave a concert at 9:00 and the streets sports followed, but before the forenoon's program could be concluded rain came and things were given a good soaking. About eleven o'clock the rain ceased; the clouds disappeared and the afternoon was all that could have been desired. The parade formed at the appointed hour and headed by the band proceeded to the fair grounds. There were numerous attractive floats and trade displays and one section of the procession was composed of more than thirty Dodge cars, making a fine appearance. The committee on displays awarded the first prize to the entry of the Lapham State Savings Bank, a very attractively decorated sedan on which the color scheme of white and gold had been worked out with pleasing effect, second to the display made by the Northville Lumber & Coal Yard and third to the truck entered by the Indian Oil company. The entries made by the Bell Furnace company and the Globe Furniture company were late in getting into the procession.

Owing to the rain the track was wet, of course, and it required some time in which to work it and to bring it into proper condition for racing. A ball game between the Plymouth Oddfellows and the Northville Foresters helped to fill in the vacant period. Finally word was given to bring out the trotters for the first event and from that time until after seven o'clock here was something doing every moment. A team from Ann Arbor defeated the Foresters at base ball, in fact defeated them twice. The racing events were interesting and in some of them pretty good time was made for a June race meet. The harness horses gave three events and then came the jumpers with five events, the afternoon's program concluding with a step chase with four entries, four brush fences forming the barriers over which the horses jumped. The race was a pretty one and was greatly enjoyed by those who remained to the very last.

The visiting Foresters and their ladies were provided chairs on the free attraction stand and they did not miss a single number on the program, but instead seemed to enjoy every minute of the afternoon. About eight o'clock the balance of the street sports were given and then the pavement was prepared for the dance. Corn meal was strewn upon the cement and when the band opened the program the merry crowd that had been waiting was not slow in getting into the spirit of the occasion. Within a very short time the street was filled with a happy crowd of old and young vying with one another in the pleasure of the evening. Gala day was a great event and a large crowd was here to enjoy the splendid program provided. Nothing occurred throughout the day to mar the pleasure in any way and even the rain was welcomed by the merry throng. Fortunately the Plymouth Boosters' club, representing the Oddfellows of that city, had a thousand dollars rain insurance and the rain fall was sufficient for them to win the money, while the storm did not effect the attendance of the afternoon at all. From first to last the affair was a success and was a fine demonstration of community co-operation.

Thursday forenoon was given over to the election of officers and general business. The following officers were chosen:

G. P. C. R.—T. C. Bertram, Detroit.
G. C. R.—Henry Smith, Hubbell.
G. S. C. R.—L. D. Stage, Northville.

OPPORTUNITY

of a lifetime

Lincoln Park lots near Ford's River Rouge industries—ideally located for home sites and investments. Henry Ford has here the largest industrial plant in the world. Is now building the largest steel mill in the world. He predicts 285,000 men will be employed in this district by 1932. Prices for lots unusually low. One Hundred dollars down—Fifteen Dollars per month. A Wonderful investment.
