ALL WERE WELL PLEASSED WITH GRAND COURT MEETING.

The closing session of the Grand Court of Michigan, Foresters of America, was held last Thursday afternoon and late in the afternoon the officers and delegates who had been Northville's guests for a few days left for their respective homes. The meeting here proved an interesting and profitable one and all who attended were generous in their praise of Northville and its citizens for the very cordial greeting extended and for the manner in which they were entertained while here.

Our fellow-townsmen, Lester D. Stage, Sr., was advanced to the office of grand sub-chief ranger and if nothing happens he will be elevated to the office of grand chief ranger at the next meeting of the Grand Court, which will be held in two years. He has been in line of advancement for a number of years and at each meeting has been "pushed" up the line a step at a time. He has served on important committees all these years and is held in high esteem by other members of the Grand Court body.

NORTHVILLE AUTO CLUB TAKING ON NEW LIFE.

At a recent meeting of the directors of the Northville Automobile Club, L. L. Smith tendered his resignation as secretary and William Richards was chosen his successor. The directors made a wise choice and Mr. Richards immediately entered upon the duties of his office with the result that new names are being added to the membership roll of the club and old members are renewing their membership. The Northville Auto club has been of real vital service to this community and every motorist in this entire section ought to be a member. The benefits derived from association with the club and its affiliated organizations are of great benefit to all who contemplate taking auto trips at any time, to say nothing of the benefits to be derived locally and the good that may be accomplished if we can have a strong active and vigorous club.

Secretary Richards will be pleased to receive your membership—old or new—at any time.

EXCHANGE CLUB ELECTS OFFICERS.

At the meeting of the Northville Exchange Club on Wednesday officers were elected for the ensuing six months as follows:

President—N. C. Schrader
Vice-presidents—E. R. Alexander and C. E. Langfield

Secretary—William Richards

Treasurer—J. A. Babbitt

Members Board of Control—R. R. Brown and F. E. Vanatta

J. R. Hendry of the Detroit Rapid Transit Commission was present as a guest of the club and gave a very interesting talk on the subject of rapid transit, using maps showing the plans now decided upon by the city. The plans contemplate wonderful development in the outlying districts surrounding Detroit and are sufficiently elastic to meet the future needs of the city.

NEW TRAINING SCHOOL TO RECEIVE MAIL FROM NORTHVILLE.

Through the efforts of Postmaster F. S. Neal and with the co-operation of Congressman Grant M. Hudson, the new Wayne County Training School will receive its mail through the Northville postoffice, being served by the rural carrier of route No. 2. Orders to this effect have been issued by the postoffice department at Washington and the extension will become effective on September 1st.

Mr. Neal has some other changes under consideration all looking to the improvement of the service of the office.

ALUMNI BANQUET TONIGHT.

The eleventh annual re-union of the Northville High School Alumni association will be held at the High School auditorium this afternoon to be followed by the annual banquet which will be served in the gym. An interesting and unique program has been arranged for the affair and the gathering gives promise of being one of unusual interest. Hiram M. Jackson will be toastmaster and Aletha Yerkes, Hoyt Woodman, Ida Rose Cavell, Lidia Coldren, Evengelme Bradley, Joseph G. Kendrick and Rev. J. E. Webber will take part in the program.

Mrs. E. J. Tremper celebrated her 85th birthday quietly at her home in this village last Saturday. She was kindly remembered with messages of congratulation and good will by a number of her friends.

MISS JUNE FILKINS GRADUATED FROM NORMAL COLLEGE MONDAY.

Miss June Filkins was one to receive a diploma from the State Normal College at Ypsilanti, Monday. Miss Filkins completed the public school music course with high marks to her credit. Her work won the special notice of Miss Foster, the supervisor of music, and Prof. Alexander, the head of the Conservatory of Music.

Miss Filkins will handle the music work in the various schools to which she is assigned in the same capable manner that has characterized all of her work in Northville.

Miss Filkins is a member of the Alpha Mu Sigma sorority and was its secretary and treasurer this year. This is the leading fraternity for Normal girls.

Unaided except by the recommendation of the faculty Miss Filkins obtained a position in the Detroit City Schools beginning next September. This is an exceptional honor to graduate students.

FARMINGTON FAMILY ON TRIP TO GERMANY.

Mr. and Mrs. Fred Goers their three daughters, Ora Avis and Mrs. Minnie Brydon, and the latter's daughter, Lucille, will leave Monday on an European trip. They will sail next week Saturday from New York on the steamer New Amsterdam, going direct to Holland where they will spend a few days and then go to Germany where they will visit relatives in Hamburg, Berlin and other places.

Mr. Goers came to America from Germany 63 years ago when but a small child. He has never visited his native country. Mrs. Goers came to this country 35 years ago and this will be her first visit to the old country. Both have near relatives living there. They will sail for home September 2nd.—Farmington Enterprise

OAKLAND COUNTY HAS A "COOLER" AT WALLED LAKE.

The Oakland County Jail now has a Walled Lake annex. A building formerly used as an ice-house has been pressed into service as a place in which to keep the persons arrested by deputies in their drives against disorderly persons at the resort.

As a result of the last weekend's activities of the deputies incarcerated five persons in their new jail house and later brought them to Pontiac where they were held until Monday morning at the County Jail.

All five pleaded guilty in Municipal Court when they were arraigned on disorderly charges. Justice Henry W. Harpster pronounced stiff sentences on all five, all of whom were from Detroit.—Pontiac Press

TWO INJURED IN AUTO WRECK.

A bad auto wreck occurred on the Seven Mile road about three miles from Northville late Wednesday afternoon. The car, a Buick sedan was being driven by Lawrence Henry and his companions were Averell Henry, Gerry Deal, Sr., and a fellow named Stephenson. Just how the accident occurred will doubtless never be known because conflicting stories were told regarding the cause. Deal sustained a bad scalp wound and Averell Henry was badly cut about the face and neck, while other occupants of the car escaped injury. The car turned completely over and was lying on the top with the wheels in the air and was badly wrecked. Averell Henry was brought to the St. Joseph's hospital.

MAKING EXTENSIVE REPAIRS AND ALTERATIONS IN GARAGE.

H. S. German & Sons are making extensive repairs and alterations in their garage on Main street. The ceiling is to be raised all along the front, the store room and garage enlarged, the front will be replaced with a new and modern one, and two stores will be provided on the east side of the building. There is a possibility that a large room may be provided as a recreation center before the plans have all been completed.

Lester D. Stage Sr. will remain in the building, having a space on the west side, where he will continue to serve the public.

Misses Garnetta M. Baughman, Della D. Brooks and Marjorie F. Murdock were among those who received life certificates at the annual commencement exercises of the State Normal College at Ypsilanti on Monday. These young ladies graduated from our High school and have acquitted themselves well while at the Normal College.

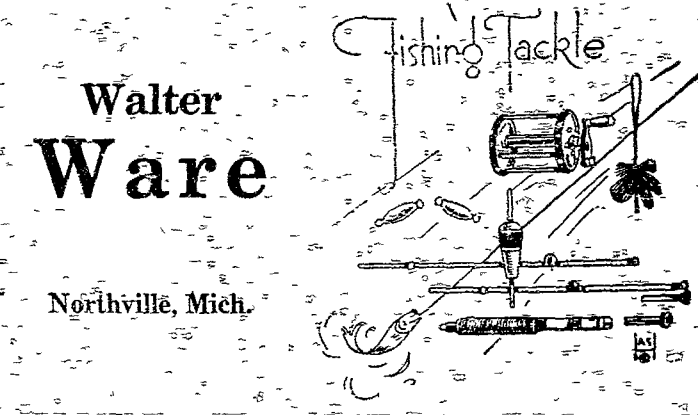

"Never Saw A Bug"

"The potatoes that I sprayed with Pyrox kept green until the frost killed them, without a sign of blight. I never saw a bug on them after using Pyrox. It is easier to apply than any mixture I have ever used, and will not wash off in the heaviest showers."—L. A. LITTLEFIELD, winner of the first prize of \$200 in a Maine potato growing contest.

Pyrox "The Spray that Adds to Your Profit"

Kills the bugs as fast as they appear, and prevents blight and rot. Use it on the young plants before bugs or blights get their start. Get this Pyrox Crop Book. It tells how to protect your crops against bugs, worms and disease. Ask for a copy.

BRIEF NEWS OF WORLD EVENTS

Amundsen Fails to Reach Pole But Returns Safely to Civilization

Oslo—Roald Amundsen has come safely out of the merciless grip of the Arctic where he went with five companions in the endeavor to reach the North Pole by airplane.

An abandoned seaplane frozen in the ice 100 miles from the Pole remains as his "farthest north" marker, but the great Norwegian explorer and his five unrepentant companions finally freed the one remaining plane and flew back to Spitzbergen.

Amundsen failed to realize his dream of reaching the pole by air, but the failure was magnificent and is almost entirely lost sight of in the great popular wave of relief at the news of his return and admiration at his heroic accomplishment.

Amundsen's two planes, one commanded by himself and the other by his American fellow adventurer and financial backer, Lincoln Ellsworth, disappeared over the northern horizon from King's Bay, Spitzbergen, on May 21.

The planes carried no wireless, and as the days passed without the fliers' return hopes began to fade that even Amundsen, with all his Arctic lore, would survive in the event of an accident to his machines.

As the hopes faded preparations were under way for relief expeditions, although it was realized that looking for a small party of men in the great northern waste of ice and water was an almost hopeless task.

Mexico Resents Insult

Washington—Secretary Frank B. Kellogg's statement concerning conditions in Mexico has drawn an equally plain worded reply from President P. Elias Calles, who regards as an insult the implication that Mexico is on trial before the world in the guise of a defendant. President Calles' answer issued through the Mexican embassy here declared Mr. Kellogg's pronouncement embodied a "threat against the sovereignty of Mexico, and deemed it his duty for my government to rectify said statements as required by truth and justice."

Wheat Speculation Curbed

Washington—Administration officials have come to the conclusion that speculation in grain has attained such proportions that it will be necessary to enact government regulation unless the Chicago board of trade voluntarily establishes restrictions. This became known when it was learned that the government's investigation into grain speculation last spring had disclosed "bear" trading of alarming proportions sufficient to upset for long periods the normal law of supply and demand.

Britain Blames Peking

London—Great Britain's declaration that she will hold the Peking government responsible for injuries to British nationals and damage to British property was the outstanding development in the situation arising from the strenuous anti-foreign campaign in China.

Solemn pronouncement of the British determination was made by Foreign Secretary Austen Chamberlain, who declared the government's stand was necessitated by the outrages that have taken place.

Railway Enters Motor Field

Boston—The New York, New Haven & Hartford Railroad company has definitely entered the field of motor transportation on a large scale by incorporating here a million dollar subsidiary, formed for this purpose. The organization, the New England Transportation company, will transport passengers and goods by motor in Massachusetts, Rhode Island, Connecticut and New York, both in interstate and intrastate commerce.

King Opens Radio Station

Madrid—King Alfonso has opened the Union Radio Broadcasting Station with a speech delivered into the microphone. Praising the new method of communication, the King said that he was glad to be able to speak words of peace and fraternity to an unseen audience, comprising persons from the highest to the humblest ranks of life, for all of whom the radio had established a spiritual bond.

Wife Slain With Gas

Los Angeles, Cal.—An indictment charging murder of his wife, Grace Grogan Young, former widow of Patrick Grogan, millionaire, was returned by the county grand jury here against Dr. Thomas W. Young, dentist, who confessed slaying her with lethal gas. At the same time authorities were investigating Young's reported connection with deaths of two other women.

Mexican State Grants Suffrage

Tuxtla Gutierrez, Chiapas, Mexico—Supported by Provisional Governor Cesar Cordova, a bill has been passed by the state legislature, granting women equal political rights with men in state affairs. Chiapas is the first state of the Mexican federation to grant woman suffrage.

LIVE CHILDREN USED FOR LABORATORY DATA.

Real live children, some of them entirely normal and others not so normal, will be used as laboratory material by a special class in child nutrition during the Michigan State College summer school, which opened on Thursday, June 23rd. Indications are, however, that the children will find the experience an entirely pleasant one—as well as beneficial.

A class of home economics students, under the direction of Dr. Marie Dye, will take care of the group of a dozen children, all between nine and twelve years of age. The children will be studied individually, the correct diet for each case being determined by the most scientific measures. The children themselves will have plenty of play hours, scientific meals, and a lot of free advice.

The home economics students, on the other hand, will live up their text book study by observing and caring for the youngsters and will thus gain a lot of practical experience in their field. The plan looks like a profitable one all the way around.

"AWAKENING" TO OPEN SATURDAY-NIGHT.

The Michigan State Fair grounds has been a hive of activity this week with preparations under way for the production of the Shadokum Grotto's fourth annual awakening, which opens for the fifteen day run on Saturday night June 27th.

Scenic artists, carpenters and contractors and construction men are and electrical effects to be used as the setting for the pyrotechnical pageant "Cleopatra," which will be the headliner of the 1925 Awakenings and which will include a cast of 1,000 three ballets of 100 girls and 40 high-class outdoor acts and attractions. Gates at the State Fair grounds will open each evening at six o'clock and the show proper will start at 8:15, closing in ample time so that out of town visitors may reach home in reasonable time by automobile. Special fireworks programs in addition to the regular pyrotechnic phases have been arranged for the nights of July 3, 4 and 5th.

WATCH FOR THE CORN BORER.

The townships of Avon, Bloomfield, Commerce, Farmington, Highland, Milford, Lyon, Novi, Oakland, Orion, Pontiac, Royal Oak, Waterford, Southfield, Troy, West Bloomfield and White Lake in Oakland county are included in the Michigan territory under quarantine on account of the European corn borer. This means that corn, broom corn, sudan grass, except the grain or seen thereof when properly cleaned, cannot be removed to any unaffected area of the state.

This quarantine is established by L. Whitney Watkins, state commissioner of agriculture, and includes the entire counties of Wayne, Monroe, Macomb and St. Clair and parts of Huron, Sanilac, Washtenaw and Lenawee.—Milford Times.

HE WENT AFTER THE BEES.

Tree climbing seems a trival matter to Alfred Grissom, a man past 82 years, and a veteran of the civil war. One day last week he discovered a swarm of bees in one of the trees on his farm, and he proceeded to climb the distance of 25 feet to hive the swarm. Quite a record for a man of his age. Where is there another who could do it.—South Lyon Herald.

GARDEN GROVE

"OUR RESTRICTIONS ARE YOUR PROTECTION"

"FOR THIS IS CONQUEST AND WORLD SUCCESS—
A HOME WHERE ABIDETH HAPPINESS."
—Edgar A. Guest.

No matter what else a man strives for in this life, whether it be riches, honor, fame, comfort or happiness, the ultimate goal of all Americans is to own a HOME—a place out in the open, a place where he has plenty of room to move about—to have his little garden, to get away from the nerve racking, noisy bustle of the city.

It is said that no one can cheat you out of ultimate success but yourself, because the world stands aside and waits for a determined man.

If YOU are an average American, and you do not own your own home now, you are looking forward to the future when you can own one.

No matter how happy a man may be in a rented home, he never knows what real happiness is until he sleeps under his own roof. The satisfaction of having a home of your own cannot be paralleled.

Never before has the building of a home been brought within the reach of the average man as it is today. Most of us don't

take the trouble to find out if it is possible for us to own a home, when it might be just within our reach.

If you will come to GARDEN GROVE, at the intersection of Seven Mile road and Farmington road, we will show you how easily you can reach your goal and own your own home, for practically the same payments as you are now making for rent.

GARDEN GROVE offers you the advantages of town. There is bus service by your door on the Seven Mile road to Detroit and Northville. There are two nice stores and a garage on the corner. There is now a good school on the property and there will be a good four-room school this year, if the plans go through.

There are a limited number of these fine homesites available and as some are more advantageously located than others, the first purchasers get the advantage. So Investigate today.

If you will take the time to give us a ring, or mail the coupon below for further information, or come out and see us you will be more than doubly paid for your time.

NORTHVILLE TOOK FRANKLIN INTO CAMP EASILY.

The Ann Arbor team that defeated Northville last Wednesday did not seem to have any effect on the North-

ville team that went to Franklin last Sunday. Although the Northville players Sunday consisted of some of the mid-week band, they played high class ball and won from Franklin

easily. Only one error was registered against our boys but it cost a run and saved Franklin from a shut-out. Edgar Freydl hit the ball hard and was credited with a clean three-bagger and home run while Gordon Moffitt hit one also for three sacks. Pucher German secured two safe hits in one inning which is unusual and availed the nine innings after getting fourteen last Wednesday. Dick Moffitt and Johnnie DeFano, the new short stop, played mighty well in their positions. In fact, Manager Hicks' entire outfit of players in their new uniforms performed like real ball players. Two more players will be added to the team and when Northville meets the Windsor colored club here next Sunday, the local team should be under way to win their share of games. The colored team comes well recommended and are part of the reserves of the Detroit All Star colored club who are professional players.

The new uniforms which were secured from the business men by Mrs. George Hicks are very nifty and are in color and design, same as the Chicago National and Bay City clubs.

After playing the colored team here Sunday, Wayne Good Roads, Northville Foresters, Newburg and Northville Cubs will occupy the diamond

here on the afternoon of July 1st for two games.

FORD SALES FIGURES SHOW INCREASES.

Sales figures of the Ford Motor company for the month of May show a continued good domestic demand for Ford cars and trucks, the last ten days of the month showing a substantial increase over the previous ten days. The figures also disclose record-breaking sales abroad and the high-price car field a growing demand for Lincoln cars. In fact, the Lincoln sales in the United States during May went to a new record with 965 deliveries to customers, exceeding by more than fifty the record established in April.

Ford cars and truck sales for the month reached a total of 201,924 of which number 19,576 were foreign sales. This is a record for foreign deliveries and is more than 1,100 above the April sales.

Bible Thoughts for the Week

Sunday. If I have withheld the poor from their desire, or have caused the eyes of the widow to fail; or have eaten my morsel myself alone, and the fatherless hath not eaten thereof; if I have seen any perish for want of clothing, or any poor without covering; then let mine arm fall from my shoulder blade, and mine arm be broken from the bone.—Job 31: 16, 17, 19, 21.

Monday. Thou shalt love the Lord Thy God with all thy heart, and with all thy soul, and with all thy strength, and with all thy mind; and thy neighbor as thyself. This do and thou shalt live.—Luke 10: 27, 28.

Tuesday. Peace I leave with You, my peace I give unto you: not as the world giveth, give I unto you. Let not your heart be troubled, neither let it be afraid.—John 14: 27.

Wednesday. The Righteous shall inherit the land, and dwell therein forever. The law of his God is in his heart; none of his steps shall slide.—Ps. 37: 29, 31.

Thursday. Oh That Men would praise the Lord for His goodness, and for His wonderful works to the children of man.—Ps. 107: 21.

Friday. Behold at Eveningtide trouble; and before the morning he is not. This is the portion of them that spoil us, and the lot of them that rob us.—Isa. 17: 14.

Saturday. Happy is he that condemneth not himself in that thing which he alloweth.—Rom. 14: 22.

THE CHURCH—WHAT IS IT?

A company of folks who believe there is a God—that He made the universe—that He knows how to run it—that He has a personal interest in the human race and desires ardently that they shall live successfully. This company has as its model the man Christ Jesus who was sent into the world by the Creator and called His Beloved Son. This man lived among men as God Himself would do. This company of believers, called the Church, have their source of supply in the highest heaven. This supply through the years was colored by Jewish formation—by Greek philosophy—by Roman luxury—by the despair of the Orient and other racial and social influences. What is the Church? See it in the multiplied forms of relief work—in the hospitals for the sick and crippled and the aged—the schools where religion and education are stressed equally—in the far-flung medical missionary work—in all the activities which far seeing men and women have worked so hard to secure. Some long for the good old days—shall we return to them? NEVER. Live today's life today. Adapt Christ's principles of conduct to your daily program NOW. Grow and increase and enlarge and reach for the highest and best.

To Be A Christian

Means more than church membership. It means that we must follow Christ, that we must strive to please Him always and everywhere. To do this is not easy because it is not popular and it means sacrifice. But a Christian experience and a Christian hope is worth more than all the sacrifice we can make for it. If you don't enjoy your religion, it is because you have not paid the price. You pay your debts to your fellow men, why not to your God?

ARE YOU SATISFIED?

Are you getting the best out of life? A man past middle life said: "All my life I have lived with a longing in my heart—that would not be satisfied until I began to serve others. I have had more real satisfaction in the past two years serving others than in all the other fifty years of my life."

What Is Your Testimony?

Truest satisfaction is found in service to God. In serving Christ and His church you serve all of humanity. We invite you to take a part in this service. A welcome for all to all the services of this church.

Novi News.

A week or so ago brief mention was made of the W. C. T. U. meeting at the home of Mrs. Effie Root. A short program was given, it being Flower Mission Day, there were fifty-five bouquets made up and through the kindness of Mr. Root, a number of the ladies went to the crippled children's hospital, at Farmington. We were unable to go until evening and were in doubt as to being admitted, but were all made welcome and shown every courtesy by the nurses and shown thru the building which was spotlessly clean. The many children there greeted us with happy faces and when in reply to some questions as to "what did you bring us?" that we had brought flowers for their rooms, the smiles broadened and all seemed delighted to know they were remembered.

One incident was very impressive and is worth mentioning. As we were passing through the corridors and from room to room, we heard childish voices repeating their evening prayer—"Now I Lay Me—". We paused to listen, and with bowed heads heard them follow up this little prayer with the Lord's Prayer together. One of the attendants held one little girl in her arms at the bedside. We were informed that this is the usual way every night and the little ones enjoy their prayer time and show plainly the love they feel for those who care for them.

The best care and attention is given them and it shows that that institution is one that is a credit to Michigan. On pleasant days the children are permitted out in the fresh air—those in beds are wheeled out on the broad roof porches from which the view and the air is ideal. Those of us who were fortunate enough to have had the opportunity to spend a short while there felt well repaid for the effort. To see the happy faces when one pays a little special attention to them, is worth more than gold. It is hard for them when they have to suffer from some ailment or perhaps a deformity, but not one face did we see that seemed unpleasant or looked dissatisfied. They certainly were very interesting and some were bubbling over with good nature.

If you want to spend an hour or two with a full measure of pity-sympathy and love jump into your "fiver" and take a trip down there—you'll be glad you went, we will assure you. L. E. C.

OBITUARY—MRS. EMMA SMITH

Mrs. Emma Coates Smith, mention of whose death was made last week, was born in Farmington township, and for a number of years she was a resident of Novi, where she endeared herself to a large circle of friends. For a number of years past she has made her home with her daughter, Mrs. Frank Hosner, in Flint, where she passed away. She was a nurse and her kindly ministrations will be remembered by many whom she attended during her illness. She was 70 years of age and on January 11th last she suffered a stroke of apoplexy and she gradually failed until death came to her relief.

She leaves to mourn her death, one daughter, Mrs. Hosner, and one son, Earl Coates of Detroit, besides a sister, Flora V. Bloomer of Novi, and nine grandchildren.

Funeral services were held last Saturday in Flint and were conducted by Rev. Glass of the Garland Street Methodist church of that city. Interment took place at Novi, where a number of old friends gathered at the cemetery to pay their tribute of respect to one whom they greatly esteemed.

Floa V. Bloomer, who was called to Flint last February owing to the illness of her sister, Mrs. Emma Smith, returned home last Saturday. The sympathy of many friends is extended her in her sorrow.

OAKLAND COUNTY TO PAY \$800,000 FOR WIDER WOODWARD AVE.

A verbal agreement, whereby Oakland County will pay \$800,000 of the \$2,000,000.00 expense of widening Woodward avenue, was reached last Tuesday in Lansing at a conference between Governor Groesbeck, the state administrative board, and a group of citizens from the county. Half this amount is now due the county from the state in unpaid state rewards on roads that are now constructed but for which the Legislature provided no appropriation. It

was suggested that the remainder of the amount is to be paid in annual amounts of \$100,000, to be deducted from the automobile license money that would be due the county. This provides the Oakland, is the only county in the state doing so, will be assessed for part of the road widening in addition to the state taxes to be paid by all of Michigan. This will bring the burden of more than 25 per cent of the expenses on the county. The Oakland county board of supervisors will determine just how the amount is to be handled.

A FOURTH OF JULY PICNIC.

The members of Our Lady of Good Counsel church will hold a picnic on July 4th, at Shoreham Park, on Five Mile and Farmington roads, at Livonia Center. There will be a program of races, tug-of-war, ball game, dance and many other attractions. A chicken dinner will be one of the features of the picnic. Everybody is cordially invited. The races start at ten o'clock a. m.; dinner at 12 o'clock noon, and ball game at 2:30 p. m.—Plymouth Mail.

AN APPRECIATION

Words are often inadequate to express the appreciation of an individual for favors shown and courtesies extended. If they fail an individual, by what means can an organization give expression of its appreciation for the co-operation and helpfulness rendered by the people of Northville during the time of the meeting of the Grand Court of Michigan, Foresters of America, last week. Two years ago when the Grand Court was invited to hold its next meeting in Northville we had the assurance of the people of this village that they would do all they could to make the gathering a success, and how splendidly did they keep their pledge. No meeting of the Grand Court has ever been so well entertained and no gathering or meeting anywhere were received with a more cordial and genuine welcome. Everybody was willing and anxious to help. The business men contributed liberally of their time and money, the village council was most generous, the citizens opened their homes for the accommodation of our guests, and no one refused to assist in any way and in every way possible.

For all these courtesies the officers and members of Court Northville, Foresters of America, are very grateful and we desire to take this opportunity of giving expression of our thanks. Grand Officers and delegates were generous in their praise of Northville and its citizens and they carried with them to their homes about the state a feeling of the most tender regards for this community.

SENATOR La FOLLETTE LOSES LAST BATTLE

ROBERT MARION La FOLLETTE
Washington.—Senator La Follette one of the greatest political instructors in American history and candidate for president at the last general election, as dead, had just passed his sevenieth birthday. The immediate cause of his death was heart failure superinduced by a general breakdown and an attack of bronchial asthma. Surrounding the warrior of the forum as he fought his last fight and laid down his life, were Mrs. La Follette, their two sons, Philip and Robert, Jr., and their two daughters, Mrs. George Middleton of New York, and Mrs. Ralph Sucher of Washington.

The funeral was held at Madison Wis. the La Follette home and scene of the first challenge the young statesman flung at the reactionaries of the last generation.

La Follette could have amassed a fortune had he desired, but his devotion to public duty overshadowed his personal ambitions, and he died in comparative poverty. During the later years he turned down offers for speaking engagements and business that would have netted him more in a year than he made in a lifetime.

Swimmer Saves Six Lives
Santa Ana, Calif.—Duke Kahana-moku famous Hawaiian swimmer was the hero of a sea tragedy off Newport Beach in which five persons were drowned and 12 others narrowly escaped. Kahana-moku, single-handed, rescued six passengers when the 40 foot fishing yacht, Thelma, capsized, dumping its human cargo into a heavy sea. Life guards rescued the same number but were unable to reach five of the passengers in time.

Time Off for Church

It is stipulated that there can be no deduction from wages because of this time off. Employers who do not comply with the decree will be fined, the money being applied to the workmen's pension fund.

Train Wreck Kills 44
Hackettstown, N. J.—The death toll of the wreck of the special excursion train of the Delaware, Lackawanna & Western railroad at Rockport Sag definitly set at 44 by railroad officials of the railroad.

The wreck was caused when the locomotive left the rails after striking a switch covered with sand and dirt washed down by the violent electrical storm.

Commission Becomes Effective
Washington—Despite the failure of Salvador to satisfy it, the Central American treaty creating international commissions of inquiry to handle disputes has been declared effective as of June 13.

The proclamation was issued by the State Department where the ratifications of Costa Rica, Guatemala, Honduras and Nicaragua have been placed on file.

Robison New Navy Head
Washington—Admiral S. S. Robison commander in chief of the battle fleet, has been selected to succeed Admiral Robert E. Coe, as commander in chief of the United States fleet. Secretary Wilbur announced the selection in making public a list of changes in high fleet commands to take place this fall after completion of the fleet's cruise to Australia.

Employment on Upgrade
Washington—A continued upward trend in employment conditions throughout the country was noted in an announcement of results of a survey made by the employment service of the Labor Department. "It is gratifying to note," the statement said, "that there is no great amount of unemployment apparent in any section of the country."

Weeks Leaves Hospital
Boston—Almost completely recovered from his recent illness, Secretary of War John W. Weeks, has left the Phillips House, Massachusetts General hospital. Secretary Weeks has gone to Gloucester, Massachusetts.

Fire in a shed at the Meadowbrook Golf Club caused an alarm to be turned in Saturday night about eleven o'clock. The building had been used for the storage of gasoline and it is believed the fire was the result of an explosion. People responded quickly and soon a great crowd had gathered. Fortunately the fire was confined to the building in which the fire originated.

REDFORD WON LEAGUE CHAMPIONSHIP.
Monday afternoon Redford won the championship of the Suburban High School League, by beating Dearborn 3 to 2. At the close of the regular season, Redford and Dearborn had each won seven games and lost three. The game Monday was played at Plymouth and was by far the best and most exciting game of the year. This is the second time in as many years that the local boys have won the baseball cup.—Redford Record

D. U. R. ASKS FOR THREE CENTS A MILE.
The Security Trust Company, receivers for the Detroit United Railways and subsidiaries, has asked the Michigan Public Utilities Commission for authority to increase all fares to 3 cents a mile. The petition maintains the company had suffered serious losses and is unable to operate under its present fares, the highest of which is 2 1/2 cents a mile. A statement filed with the petition shows that the D. U. R. failed to meet its expenses, depreciation, maintenance and 7% return in the year ending December 31, 1924, by \$1,707,320, and by \$342,781 in January and February of this year. A 22% decrease in the number of passengers carried on interurbans is held to be responsible. If the railroads are required to operate on present fare schedules through this year, the petition says, the deficit below operating costs, depreciation and return will be \$2,087,150. It is contended also that the three-cent fare, the highest which can be charged under the state law, will not make the company earn its return, but will even then show a shortage of \$905,125.

Attorney Fitzpatrick explains that the future of the D. U. R. hinges upon establishing a rapid transit intercity system. The day of the local interurban is past, he says, and the new system will provide shorter, quicker and easier routes between the larger cities of the state and Detroit. For the local service, the public is to be left to depend on busses. Already the D. U. R. indirectly has entered the bus business and its Peoples Motor

Coach Company controls a number of the major lines operating out of the city of Detroit. The new plan will be to let the busses make short hauls and the frequent stops, and let the modern interurbans take care of the passengers who desire speedy transportation into Detroit. The plan will probably mean cutting down of the number of trains each way each day, but the improvement will be made in service. The intercity express and freight system also is to be developed.—Michigan Investor.

GARDEN GROVE POPULAR WITH HOME BUILDERS.

Garden Grove subdivision, located at the intersection of the Farmington road and the Seven Mile road, which has been developed by the owner, Harry S. Wolfe, is more than doing its bit in making Farmington the fastest growing town on Grand River avenue, and in making it truly the center of activity.

The property has been on the market only a few weeks and the sales have far exceeded the expectations of Mr. Wolfe or any of the people interested in its development.

Mr. Wolfe first contemplated selling his farm outright, as acreage, to a Detroit real estate firm, but did not like to see it go into the hands of some one who would not make a first class subdivision of it. The reason for its success is that it is first class. This has been Mr. Wolfe's home for over twenty years, which makes him more than doubly interested in making it a place where people will be proud to own a lot or a home. His father and mother owned the place before him and his mother still lives on the place and will continue to live there. Mr. Wolfe has reserved a large piece of the property to put up a beautiful home for himself soon.

The number of people who are trying to get away from the city and away from the high rent into the smaller towns where they can build and own their own home is enormous. Most of the lots that have been sold were sold to people who expect to build in the near future. One house is now being built on the property; the basement is dug for another, and contracts have been let for several more. It is expected that there will be more than twenty new homes by fall if things keep on the way they have the past two weeks.

Mr. Wolfe was asked the reason for the success of Garden Grove and his reply was: "It is the kind of a subdivision people have been looking for—one where the prices are right, where the restrictions will demand a good class of people and where the purchasers will get a good square deal."

In the warm months of the year especially, is the blessing of electric cooking most evident. One cooks in coolness and comfort.

Come in, today, and let us make it clear to you how easy and pleasant and cheap it is to prepare a hot weather meal.

Bernice May Walter, daughter of Mr. and Mrs. Claud Walter, passed away last Saturday afternoon, after an illness of seven months. She had been gaining and was out around until last Monday, when she began to grow worse from the effects of a cold which soon developed into pneumonia. Her condition had been such that she was not strong enough to fight the dreadful pneumonia as well as Bright's disease and she failed rapidly. Saturday afternoon she was thought to be slightly better but about 6:15 o'clock she became restless, though was not seemingly much worse until only a few moments before the end came and she passed quickly and peacefully away. Not a struggle, only fell "asleep in Jesus." Bernice had been a very patient sufferer and everything had been done for her that loving care and medical skill could do but to no avail and she was laid to rest Tuesday afternoon in the Novi cemetery. The funeral was held in the Baptist church and was largely attended. The pall bearers were Helen Vogt, Opal Brooks, Leona Giltrie, Marguerite Foley, Zadah May Putnam, Gertrude Swartz, Margaret Sullwell and Helen Fisher.

Her school mates and Sunday school class formed in a line on either side of the casket as it was carried out of the church then with the Sunday school teachers marched two by two ahead of the casket to the cemetery. This was requested by the family and though the hearts of the little friends were aching they were glad to do this for Bernice. She would have been 14 years old in August. Bernice was of a sunny disposition and had many friends who regret her passing away so young, yet feel that God wanted her—a blossom to bloom "in His upper garden there." The father, mother, sister and other relatives have the sympathy of the entire community. The floral offerings were many and very beautiful—tokens of love and sympathy to the one departed and for the dear ones who grieve.
