Some new buildings will be erected
this year to accommodate the displays
and fair visitors. Some of them not
having been definitely decided upon.

An addition to the grand stand will be
built extending west from the present
stand to 32 feet which will provide
considerable more room. An addition
will also be built to the poultry house
to provide for pigeons and poultry. A
new barn wall, doubtless, be erected
before the summer is over.

MRS. A. M. ZIMMER DIED LAST FRIDAY AFTERNOON.

Last Friday afternoon Mrs. A. M.
Zimmer passed peacefully away at the
Eastlawn Sanatorium after many
weeks and months of patient suffering.
Everything that a devoted husband
and loving relatives and loyal friends
could do was done in her behalf in
an effort to stay the ravages of the
deadly malady with which she was
afflicted, but all to no avail. For
months she had been gradually failing
and death came as a sweet relief.

The deceased was born at Reese,
Michigan, May 6th, 1897. She at-
tended school at Mayville and later
spent two years at the State Normal
College at Ypsilanti. After com-
pleting her course there she returned
to her home and taught in the schools
of Mayville for two years before com-
ing here where she was a teacher in
our schools for nearly five years. She
was a general favorite among her
companions and co-workers and she
was a very capable and efficient teach-
er, having a personality that made its
special appeal to all her pupils, who
held her in high esteem. On June
8th, 1920, she was united in marriage
to Mr. Zimmer, to whom the tenderest
sympathy of this community is ex-
tended in his great bereavement. Besides
her husband she leaves to
mourn her death her mother, Mrs.
Florence Hopkins, two sisters and two
brothers.

Funeral services were held at her
late home on Monday afternoon and
were conducted by Rev. William Rich-
ards. Interment took place at Rural
Hill cemetery. Members of the
Order of Eastern Star were present at
the funeral to pay their respect to the
memory of their departed sister. The
floral offerings were many and very
beautiful expressive of the esteem in
which the deceased was held by the
people of this section and of the
sympathy extended to the bereaved
husband.

BURGERS MAKE VISIT TO NORTHVILLE THURSDAY MOR- NING.

Some time early Thursday morning,
probably soon after the arrival of the
"owl" train from Detroit on the Pere
Marquette railway, burglars forced an
entrance to the depot and ransacked
several sacks and pouches of mail.
The sacks were cut and torn open and
parcel post packages were opened
but judging from indications the con-
tents of but few of them were taken.
Some letters were opened, especially
those addressed to the local banks,
but it is not believed that much of the
first-class mail was taken. The
contents of some of the packages
were carried away, the visitors being
especially attracted to some auto and
electrical supplies. All the sacks
were opened and nearly all the pa-
ckages were rifled.

Doubtless the same fellows stole S.
L. Crosby's sedan in order to have a
conveyance to make their getaway.
They left no clew and their presence
at the station was not discovered until
A. M. Barber went to the station for
the morning mail.

They blew the depot safe open and
their booty the fellows over-
some cash.

NORTHVILLE YOUNG MAN TAKES FARMINGTON BRIDE.

On Saturday evening, June 27, at
10 o'clock an attractive wedding
ceremony took place at the home of
Mrs. William Ringle on Orchard
avenue when their daughter, Miss
Lillian Ringle, was united in marriage to
Clayton D. Yerkes of Northville.

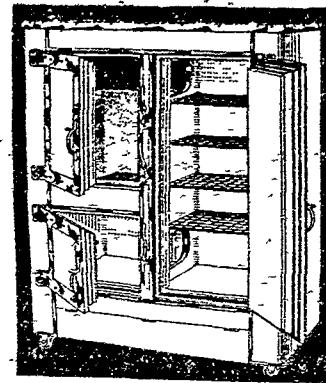

The ceremony was officiated by
Rev. J. Hollens pastor of the First
Lutheran church in the presence
of only the immediate relatives. The
house was decorated profusely with
roses and plants. The happy couple
left immediately for a trip up the
lakes and upon their return will be at
home in Northville.

The bride is well known in Farm-
ington and highly respected—Farm-
ington Enterprise.

Many Northville friends extend
heartily congratulations to Mr. and Mrs.
Yerkes. Mr. Yerkes has been asso-
ciated with the Bell Furnace & Man-
ufacturing company of this village for
the past two years and has many
friends in this community.

Mr. and Mrs. Yerkes are nicely set-
tled in their new home in Orchard
Heights, having recently purchased
the Levi Eaton bungalow.

Now that the Fourth has passed let
us all begin to plan for the Northville
fair. Resolve now that you will
make a display in some of the many
departments and thus contribute
something toward making the ninth
annual fair a greater success than any
previous one has been.

"THE YOUNGEST" AT THE BONSTELLE PLAYHOUSE.

"The Youngest," a comedy of the refreshing and exhilarating sort, from the pen of Philip Barry and originally produced in New York City under the direction of Robert Milton, with Henry Hull, Genevieve Tobin and Katharine Alexander in the cast, will be the next play offered by the Bonstelle company. Theatre-goers are familiar with the work of Philip Barry, who captured the Harvard prize with his "You and I," one of the most delightful plays offered by Miss Bonstelle at the Garrick last summer.

Not because we have an organization of high powered salesmen. We haven't.

Not just because of the fact that we have advertised it.

But, because we believe in Garden Grove. Because we are proud of Garden Grove. Because we have spent thousands of dollars in making Garden Grove a Community in which any person would be proud to live, and because every person who purchased a lot in Garden Grove is satisfied.

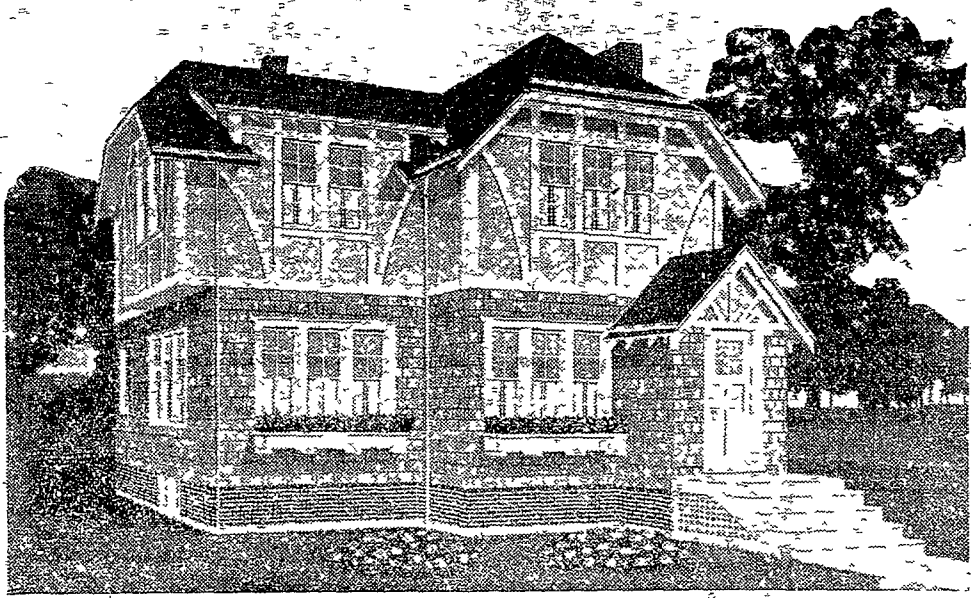

The lots are going fast. When people see the property and see the advantages, they are eager to buy. It doesn't take salesmanship to sell Garden Grove. We don't have to advertise the reason for buying in Garden Grove. Our Property Sells Itself.

There are still Many Choice Lots Left. But don't put it off too long to come over and look them over. You had better lay this paper right down now, get in your car and come right over or they may be gone before you get here.

Just take a run over to our property at the intersection of Farmington and Seven Mile Roads, and you will go away with a purchase contract in your hand and the satisfaction of having made the best purchase you've ever made.

Have you seen the New Homes Going Up in Garden Grove? There are two fine model homes now ready for your inspection, and we invite you to come over and go through them. These two new homes is only the starting of our building program. We are going to build about twenty more of these homes by fall, besides many of the lot owners are now making their plans to build homes for themselves on the lots they have already bought. We are truly living up to our promise to make Garden Grove a well restricted subdivision, and to make it a place where any person would be proud to live.

Come over to our office on the grounds any time, it will be open all day and in the evening. We can show you how we will build a home for you like the one shown in the picture or to suit your plans for the same money as you are now paying for rent.

First patients were moved into the new University of Michigan hospital at Ann Arbor last week Wednesday. Eleven 28 cribbed boys occupied one of the houses to the old hospital for each treatment and the bandages necessary to their cases.

TRY THIS ON YOUR ICE BOX.

An exchange gives the following as a splendid recipe for making home brew. Crase wild bull frogs for twelve miles and gather up the hops. To them add 60 gallons of tan-bark—half a pint of shellac—and one bar of home made soap. Boil for 36 hours, then strain through an I W W sock to keep it from working.

Add one grasshopper to each pint to give it a kick.

Pour a little into the kitchen sink and if it takes the enamel off, it is all ready for bottling! K. I. A. S. Keep it a secret!

Feathered Surgeon

A famous Parisian surgeon states he killed a bird whose broken leg had been supported by a sort of sling made of feathers bound into position by the bird itself.

PLEASE PAY YOUR SUBSCRIPTION ACCOUNTS.

During the past two weeks we have received a very good response to our request to Record readers to pay their subscription accounts promptly. We have been very patient with these accounts and have given everybody an opportunity to pay when convenient, but just now we need all the money we have due on our list and must ask all to pay their accounts.

One account of \$1.50 does not amount to very much and can be readily met by most any one at most any time, but when we have several hundred owing an equal amount the aggregate amounts to a large sum.

MRS. JANE SESSIONS REACHES NINETEENTH BIRTHDAY ANNIVERSARY.

At her pleasant home on High street in this village, Mrs. Jane Sessions, Aunt Jane as she is familiarly called by all who enjoy her acquaintance, passed her 90th birthday anniversary quietly yesterday. Graciously endowed with a keen and alert mind, possessing a memory rich in all its fullness, she goes about her daily tasks as easily as women of half her years and with a system and thoroughness that might well be emulated by many good housewives.

She was born in Steuben county, New York, from which county many of Michigan's rugged pioneers came and when she was one year of age her parents came to Michigan in a covered wagon drawn by an ox team. The journey was a slow and tiresome one, but finally the family reached the section now known as Canton township where they established a home. When but a few years of age a great sorrow came into the life of this little girl when her father lost his life while driving from his farm home to Ypsilanti with a load of hay, being thrown from the wagon. She grew to womanhood in Canton and Plymouth townships and came to Northville as a bride with James Session, 74 years of age, and has continued to reside here all these years.

During her residence here she has witnessed many changes in Northville and the country surrounding. Many old friends of yesterday have passed to the great beyond, but Aunt Jane has had the happy faculty of making new friends easily and her life has thus been enriched and blessed and by her christian attributes and influence she has enriched the lives of all who have come within the circle of her acquaintance. Strong in her faith she lives each day close to her Lord, whose grace sustains and comforts. And in that faith she calmly waits the sunset.

NORTHVILLE WINS ONE AND LOSES ONE.

The Northville baseball club won the game here on July Fourth from the Wayne County Good Roads team. Five hundred or more ball fans were highly entertained and Northville's supporters of the local team were thrilled with joy when our boys in the eighth inning rounded out ten tallies from the visitors. This clinched the contest, the final score being 12 to 5. Three added players are a great strength to the Northville team and all gaps are filled to make up a strong club. The next day our team took the field at Wayne against the Good Roads club and were beaten 3 to 4. It was a very good game from start to finish but little slips in two innings caused plenty of disaster for the Northville nine. Wayne scored only in these two innings.

The Highland Park ball team will be at Northville for a game Sunday and the fans who have not seen the good line-up of players that now constitute the Northville club will have an opportunity. The local players go to Monroe a week from Sunday to contest the Monroe Stars.

METHODIST CHURCH NOTES.

Let the morning service bring us together and our meditation will be "Life's Value." We are pleased to have with us for the summer months Alfred Copperthwaite, the notable bass, late of the Hudson male quartet, as an addition to our choir. Service at 10:30.

Our Bible school will meet at 12:00 noon. Let us get together.

Our evening service will be held during July and August so let the morning service be special in attendance and worship.

Remember the Sabbath day to keep it holy. Ex. 22

PRESBYTERIAN CHURCH NOTES.

George Beard, Vor Halverson, Carlisle Lovell and Edmond Yerkes left Monday morning for Camp Gray, Sautuck, Michigan, where they will represent our Y. P. S. C. E. at the Presbyterian summer conference July 6th to 12th.

Sunday morning, by request, the organist will play beginning at 10:20.

Communion of the Lord's supper and reception of members at 10:30.

Sunday school at noon.

Evening services at 7:30. Subject: "The Great Refusal."

Mid-week service Thursday evening, at 7:30 o'clock.

ST. PAUL'S LUTHERAN CHURCH.

Next Sunday the confirmation of this year's catechumens will take place in the morning service. All members and friends are cordially invited to attend this impressive service. The members of the confirmation class were examined last Sunday in the Christian doctrines and proved that they "knew in whom they believe."

After the service last Sunday the quarterly business meeting was held. In regard to the building of a parsonage, a building committee was appointed, consisting of Emil Teske, Wm. Miller, and Charles Meisner. As soon as the necessary funds are on hand the contract will be let.

BAPTIST CHURCH NOTES.

The subject of the Sunday morning sermon will be "Jesus the Teacher and Preacher."

Sunday evening Mrs. L. M. Eaton will read a lecture entitled "Fifty Years of Fruitful Yesterdays." This address will be illustrated with stereopticon views and will be of interest to all who love real progress.

At the regular monthly business meeting held last Thursday after the prayer meeting, it was voted to hold our annual revival next November. If we can get Joe Payne at that time at this meeting the pastor was granted a month's vacation.

The ladies' class defeated the men in attendance this past quarter and the men have a treat to give. The ladies are requested to meet at the church next Thursday evening at 6:15 where the men will have cars to take them to the place where the feed is to be prepared.

The prayer meeting was the smallest in attendance last Thursday it has been this year. Only twenty-seven out. Let us make it up next Thursday.

MRS. F. L. NEWTON DIED WEDNESDAY MORNING.

Mrs. F. L. Newton died at the Sessions' hospital in this village early Wednesday morning after a few days' illness, pneumonia being the cause of her death. She was taken ill last week Wednesday and was removed to the hospital on Friday and gradually failed until the end came. She had not been well for some months past and it had been arranged that she should go to the home of her sister in New York state, her old home, until she recovered. Mr. and Mrs. Newton had sold their household effects preparatory to making the change and upon the day they had planned to leave, Northville she was taken ill.

Mrs. Newton was born at Niagara Falls, N. Y., June 6th 1879. Her remains were taken to Buffalo on Wednesday night and funeral services will be held there.

THE REPAIRMEN OF HUMANITY

Every morning you see the repair men of the Edison Co. and Bell systems on their way to their tasks.

Some lines must be repaired—some renewed—some replaced. Equipment is damaged by storm—is worn out or has become out of date.

Keeping the lines in good order for service is an art. Note how promptly the work of restoration begins when damage occurs.

Humanity gets out of repair—in body—mind—soul. Damage started at Eden and the storms of life have been beating upon human kind ever since. Sin has eaten away the protecting cover of the heart and folks need repairs.

Where shall humanity go for renewal—for mind and soul health—for the cure of sin infection? Where are the repair men to bring the facilities of the Almighty to your individual need? There are three—yourself—the preacher and God.

LA FOLLETTE'S SON TO COMPETE FOR SENATE

ROBERT M. LA FOLLETTE, JR.

Washington—Robert M. La Follette, Jr., will be a candidate for the United States senate to succeed his father, the late Senator La Follette, in the special election which will be called in Wisconsin this fall. While plans of the Progressives are still tentative, this is the program now decided upon, according to reports.

Teachers Back Scopes

Chicago—More than 10,000 members of the American Federation of Teachers, in convention here unanimously resolved to extend all encouragement to the American Civil Liberties Union and other organizations of individuals who are engaged in defending John T. Scopes, the teacher of Tennessee, in the effort that is now being made to test the constitutionality of the "anti-evolution act."

Lives Periled in Chicago Park

Chicago—Lives of thousands of merry-makers were endangered when a rapidly spreading fire destroyed several buildings in the White City Amusement park. Walked by park employees, the 15,000 or more persons in the park at the time moved out rapidly but with a semblance of order. Firemen, however, narrowly missed death when a live electric wire fell near them.

U. S. May Call Parley

Washington—The United States is prepared to take the leadership in effecting an adjustment of China's troubles with other nations by calling another international conference on Far Eastern affairs, it was announced here.

It was indicated that the American invitation might be issued unofficially to back up the formal proposal of the Chinese Government.

Danish Prince Wins Medal

Paris, French Morocco—Prince Ange of Denmark, fighting as a captain in the French foreign legion, has received the croix de guerre, for heroism in carrying orders under fire of the Italian tribesmen in the defense of Bizane, it was announced. Prince Ange is a nephew of King Haakon and a cousin of King Victor Emmanuel of Italy.

U. S. Begins Fiscal Year

Washington—The United States Government went into the new fiscal year with about \$3,676,000,000 in sight to spend during the next 12 months. Out of that tremendous sum an effort will be made to save from \$300,000,000 to \$400,000,000, according to the economy policy enunciated by President Coolidge.

STATE NEWS IN BRIEF

Jackson—John Szekeres, Michigan State Prison inmate, has escaped from the state road camp at Cambridge Junction.

Cadillac—The Michigan Potato Growers' Exchange will hold its seventh annual meeting at Cadillac Aug. 19 and 20. Directors to succeed O. S. Wood, of Barryton, and S. E. Rogers of East Jordan will be elected.

Port Huron—Plans are under way to organize a statewide association of women's Republican clubs as the result of a conference held here at which Mrs. Alvin T. Hert, of Louisville, Ky., vice chairman of the national Republican committee, presided.

Lansing—A move by which the inter-state commerce commission may put its finger of control to some extent on Michigan's highway traffic was seen in the inauguration of a motor-truck freight service by the Michigan Central railroad between Kalamazoo and Niles.

Detroit—Greater Detroit has passed the 1,400,000 population mark. This is the estimate of the attendance department of the board of education. It is based upon incomplete results of the joint school and general city census which was taken by board of education enumerators.

Cadillac—The Cummertown Lumber Co. has offered the city of Cadillac a large acreage of cut-over land in Colfax township, Westford county, for reforestation under direction of the Isaac Walton League. One other similar tract recently was offered the city by another donor.

Lansing—The State of Michigan will derive \$25,000,000 to \$50,000,000 additional taxes from charitable institutions under the Evans' benevolent society taxation act adopted by the 1925 legislature. The new law becomes effective August 28. Reports on which the tax levy can be based will be required of all benevolent organizations.

Saginaw—Initiatory petitions asking a vote of the people on the question of an increase in street car fares here have been filed with the city council. The petitions are carrying more than 2,000 signatures in excess of the charter requirements. They ask that the ticket fare for the Saginaw Transit Co. be increased from 6 to 8 cents.

Grand Rapids—William B. Leeds, son of the former diplomat king and of Princess Anastasia, of Greece, recently spent a day here as the guest of Dr. Ferris M. Smith. Leeds, who is reputed to be worth \$75,000,000, found more interest in donning surgeons' garb and watching an operation at a local hospital than in being lionized by society.

Lansing—Sleeping sickness, known to the medical profession as lethargic encephalitis, has been the cause of 16 deaths in Michigan within the first four months of the present year, with 37 cases reported. Compared with the figures of 1923 and 1924, when the number of cases reported was 65 and 45 respectively, the present incidence appears rather high.

Port Huron—The flat water rates of the city will be increased about 22 per cent. July 1, and metered water rates will be decreased about 40 per cent. It is proposed to increase the revenue from the waterworks department from \$115,000 to \$165,000 to meet the interest due on a water bond issue of \$338,000 made in 1917 for improvements and extensions.

Battle Creek—Continued search for William E. Porter, wealthy glass manufacturer who disappeared from the Battle Creek sanitarium has failed to prove whether he is dead or alive. During the four days of hunting in rivers, lakes and with the use of three bloodhounds, no trace has been found of the missing man, who was under treatment for a nervous collapse.

Port Huron—J. S. Gray, managing editor of the Adrian Telegram, was re-elected president of the Michigan Associated Press Editorial association in annual convention here. Besides re-electing all other officers, the association named Arthur R. Treanor, of the Saginaw, Mich. News-Courier, to represent Michigan on the advisory board of the central division of the Associated Press.

Lansing—Further investigations into the conduct of Sanilac county officials are to be conducted by the state. It was announced following the removal of John Hyslop, Sandusky justice of the peace. It was understood that the sheriff and prosecuting attorney may be the subjects of the inquiry. In a hearing held prior to the removal of Hyslop some testimony was offered that the sheriff and the justice of the peace "split" fees illegally.

Menominee—Karl Knaus, Menominee County agricultural agent, has been appointed superintendent of the Menominee County Agricultural school, recently taken over by the state under tentative plans to develop it into an Upper Peninsula College, a branch of Michigan State College. Mr. Knaus succeeds R. N. Keller, resigned. J. L. Bumbalek, a graduate of the University of Wisconsin Agricultural college and later agricultural instructor at the Ashland, Wis., experimental station, has been engaged as principal.

Walled Lake Warbles.

The W. C. T. U. held a very enjoyable meeting at the home of Mrs. Vernon Johnson last week Wednesday. After the business meeting a fine lunch was served.

Mr. and Mrs. Ira Carnes returned home last week from a delightful trip through the east. They visited at Washington, D. C., Atlantic City and New York while east attending the national Grotto council.

Fifty-three years ago last week—June 28th, 1875—Mr. and Mrs. Jay Tuttle were married and came to Walled Lake to make their home, settling on the Tuttle farm east of the village on the Pontiac road which is now one of the most attractive farm homes in this section.

Old Pioneer Dies.

After a residence here of more than 35 years Amos Bentley died at his home last Friday night, death coming as a result of a stroke of paralysis which he suffered several weeks ago. Mrs. Bentley died sixteen years ago, leaving her husband and a large family of children. Mr. Bentley is survived by four sons and four daughters—Benjamin, George, Daniel and John, and Mrs. George Nichols of Walled Lake, Mrs. D. J. Smith of South Lyons, Mrs. Roy Donaldson and Mrs. Robert Rhodes of Pontiac.

Funeral services were held at his late home on Monday afternoon and were largely attended by old friends and neighbors by whom the deceased was held in high esteem.

PROMINENT DETROIT MAN DIES SUDDENLY.

William E. Robinson, former superintendent of Detroit public schools and past eminent commander of the Detroit commandery, Knights Templar, died at his office in the Penobscot building in Detroit last week Thursday afternoon. Robinson, despite his 79 years, was apparently in good health and his death, while performing the duties of advisory recorder of the Detroit commandery, Knights Templar, came as a shock to his family and friends.

SALEM SAYINGS.

On Wednesday evening next, the 15th, the Ladies' Aid of the Salem Federated church of this place will give a "furnace benefit supper" in the new church basement and dining room. When it was planned to put a basement under the church it was not realized that a new furnace must be provided, the old one having to be moved, and to meet this added and unlooked for expense it was decided to give the benefit supper. The public is invited to attend. Tickets for supper will be \$1.00.

Andrew Fahrner of Ann Arbor and Miss Edith Brinkham of this place were married at the Congregational parsonage by Rev. Lucia Stroh, Wednesday, June 24th. Mr. and Mrs. Fahrner left at once for a trip to Niagara Falls and Thousand Islands, returning Tuesday. Their future home will be in Ann Arbor, where the groom has recently completed a house.

Havelock the Dane

Havelock the Dane was an early Anglo-Danish hero. The son of the Danish king he was set adrift in a boat, but was saved by Grim a fisherman, who returned him to his father.

NEWS DISPATCHES FROM EVERYWHERE

Earthquake Strikes Santa Barbara Wrecking Buildings But Death Toll Small

Santa Barbara, Cal.—The earthquake which shook the southern portion of the state early on the morning of June 29 seemed to center in this city. In spite of the fact that nearly all buildings were damaged, the loss of life was small. It is believed that not more than 20 persons were killed. Water, mains and reservoirs were broken and the city was partly flooded. Two fires broke out but they were controlled with little damage.

Accompanying the quake were tremendous waves which rushed in from the bay and flooded the lowlands.

Martial law went into effect at once. Soldiers and sailors with bayonets and police from Santa Barbara, Ventura and Los Angeles with revolvers, with deputy sheriffs lent by all surrounding counties, kept everybody out of the quake stricken area.

No exact estimate of the loss has been announced, but it has been described as between \$20,000,000 and \$25,000,000.

Plans for the reconstruction of the city on a better and more substantial scale are already under way as wrecking crews clear away the debris. Financial assistance in the way of a \$20,000,000 loan has been sought by the Santa Barbara banks.

Dry Chief to be Dropped

Washington—Federal Prohibition Commissioner Roy A. Haynes, for four years director of national dry enforcement, is slated to be the major casualty in the new prohibition reorganization it was indicated here. A different type of official, perhaps one of the ex-army officers, for which Assistant Secretary of the Treasury Andrews has announced a partiality, probably will succeed him in the next few months.

Coolidge Celebrates Birthday

Swampscott, Mass.—President Coolidge celebrated his fifty-third birthday at the summer White House here July 4 and listed in one of the old-fashioned "grand and glorious" fourths.

It was his first in several years, for the youth of Washington are tied down sadly by safe and sane legislation. Later he paid his first visit to the summer executive offices in Lynn.

Blame Soviet for China's Riots

Shanghai—Evidence that Soviet Russia is aiding in financing China's widespread anti-foreign agitation was believed uncovered here with the arrest of Zinovii Dossier, Soviet trade agent, and his wife, Irina, as they were returning to Hong Kong, whence both had been deported recently. Documents found on the couple, it was said, purported to show the haul of Moscow back of the Chinese disturbances.

France to Fund Debt

Paris—The French cabinet has decided to fund its debt to America without further delay. Aristide Briand, foreign minister, read the cabinet draft of a French note to America in which the French government officially recognizes its debt and states its intention to pay in full. In the conclusion the note announces the departure of a commission for Washington with full power to fund the debt.

Chicago Delivers Ultimatum

Chicago—The Chicago city council voted to give the State of Illinois two years to bring about a legislative reapportionment and then if the redistricting has not been done, to take steps to secede from the state and form a separate commonwealth. The city council maintains that the state should be reconstituted on the basis of population to give Chicago a larger representation in the general assembly.

French to Evacuate Ruhr

Paris—The French army of the Rhine preliminary preparations for the French evacuation of the Ruhr, which the Poincare government recently announced would be completed by August 15. This is in fulfillment of the promise made by the preceding Herriot government that France would evacuate the Ruhr within a year after the Dawes plan became effective.

Night Air Mail Route Starts

Overnight air mail service between New York and Chicago began July 1. Two planes left simultaneously from Hadley Field, near New Brunswick, N. J., and from Chicago. The trips both ways were made in two stages, with Cleveland as the intermediary stop where relief fliers took the places of the men on the first stage of the journey.

Italian Debt Conference Ends

Washington—Further conferences on the funding of the Italian war debt have been indefinitely postponed. Mario Alberti, a member of the Italian commission, is leaving immediately for Rome to assemble additional data. He will probably not return before the middle of August.

GREATEST SHOW ON EARTH COMING SOON.

Rumor Now Confirmed. Biggest Circus, Ringling Bros. and Barnum & Bailey Headed This Way.

Bringing more than eight hundred of the world's premier men and women stars, three hundred and fifty performing horses and many big, new foreign features, the Ringling Brothers and Barnum & Bailey circus is to give performances at Detroit, July 11 and 14.

Here are a partial list of its wonders: One hundred railroad cars. Five rings in place of three heretofore used. Six arena stages. One hundred and fifty trained horses presented at one time in a magnificent "Equine Ballet." High-wire acts introducing no less than nine of the world's most famous dancing, somersaulting and bounding-wire artists in a single display. Five herds of trained elephants. A troupe of twenty leaping and long distance jumping horses, and many other imposing acts and features.

Among the host of noted performers are the Australian Colleano, the Spanish wizard, Aljares, Maximo, Nardia Miller and Bertha Beeson who head the congress of high-wire artists. May Wirth, the "George Hanneford" troupe, "Phili, the marvel" the Ernestos and the Ruffenach sisters are among the seventy bare-back riding champions. Lillian Letzel Miller, Fills, the Clarkonian-Nelson troupe, the Siegrist-Silbons and the Rooneys lead the acrobatic displays.

Entire families of famous gymnasts are being presented. These include the Colleano family of eleven remarkable athletes, the Nelson family, world's greatest acrobats and tumblers, the Picchialis troupe, who have come from Italy to astonish with their gymnastic feats, the Medinis, who perform upon ladders as high as the tent top, the Junetro troupe, acrobats who wear tall stilts, and a host of others.

The addition of two more circus trunks has been effected by setting circular curbs on two of the elevated stages. This makes it possible for Ringling Brothers to present for the first time in history five separate companies of performing horses at one time.

Gorgeous pageants, a hundred clowns and a menagerie of over one thousand rare animals are a part of what is the biggest and most amazing circus ever on tour in America.

Why Throw It Away?

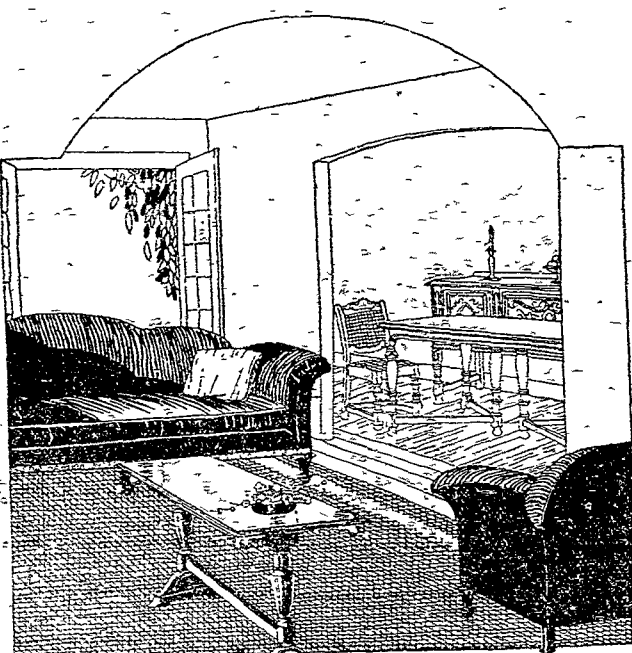

Electric light is cheap—the cheapest thing we buy, of modern life's necessities. And it is the thing we most commonly waste—in home, in store, in factory. We waste it thoughtlessly, lavishly, expensively.

Most homes, many factories, countless stores are ill-lighted, with results that are highly disadvantageous; strained vision; decreased production; loss of business.

Poor lighting is not always caused by shortage of lamps or candlepower. In many cases from 20 to 40% more light could be obtained without increasing the light bill from the present equipment—if only the lamps were kept clean.

Lamps should be dusted every day; wiped with a damp cloth every week; washed with soap and water every month.

TWO DRUNKEN WOMEN GET 20-DAY JAIL TERMS.

Two Walled Lake dance hall offenders were given stiff sentences in Municipal court Wednesday when Justice Henry W. Harpster told the Misses Emma and Frieda Ensley of Wyandotte to remain in the county jail for 20 days each. They had previously pleaded "not guilty" but decided to change their pleas.

The Misses Ensley were arrested at a Walled Lake dance hall by deputies of that village who have been carrying on a drive this summer against the presence of drunk and disorderly persons. These two young women, 27 and 24 years old, respectively, are said to have been drunk and created a disturbance.—Poniac Press

Conditions at the lake have been deplorable all the season and in spite of the efforts of the managers of the two dance pavilions and the officers a rough element continues to come from the city every week.

LIGHTNING DAMAGED EDISON PLANT AT YPSILANTI

Seventy thousand dollars damage was done to the buildings and plant of the Detroit Edison Light plant at Ypsilanti Friday night when a bolt of lightning partly demolished the building and put the machinery out of commission.

Workmen of the company completed lines from other plants that restored lights in Ann Arbor in 40 minutes and in Ypsilanti in two hours. No one was injured, the two men in attendance at the time the bolt struck having stepped outside the building to watch the storm.

YOUR TELEPHONE AND TAXES.

For every telephone connected with its lines in Michigan, the Michigan Bell Telephone company pays \$4.47 in taxes, it was revealed recently when A. J. Peckham, southern Michigan commercial superintendent for the company gave State Treasurer Frank D. McKay a check for \$1,436,559.28 in payment of the 1924 taxes.

In addition, the Michigan Bell this year paid the United States government \$531,449.78 for income and capital stock taxes. Total taxes paid by the company this year amounted to \$1,968,000.06. Taxes, like all other expenses of operation, maintenance and investment, are considered in rate making.

FRUIT GROWERS TO ENJOY TOUR

Fruit growers of the state will visit the Graham Horticultural Experiment station at Grand Rapids and orchards of Albion county on their annual tour August 4-6. It is announced by H. D. Hostman, secretary of the Michigan State Horticultural society.

Grand Rapids will be the starting point for the tour. The first day will be spent in inspecting the various projects at the experiment station and in visiting the J. P. Munson orchard, where a fire blight control school was held last winter and where a large number of trees have been bridge-grafted.

The second day will be spent in the vicinity of Fennville. The forenoon itinerary includes stops at the Fennville Fruit Exchange, the Frank Crane orchard, where a blight control school was held two years ago, and the orchard of Trevor Nichols, where demonstrations of high-pressure spraying have been made and a pruning project is under way.

FALL MEETING HIGH SCHOOL COACHES

The Michigan High School Athletic association is planning on conducting a meeting for coaches from the entire state to discuss the new 1925 football rules and their interpretations. The date set is Saturday, September 12th, and the place is Michigan State College at East Lansing.

Ralph Young, director of athletics at Michigan State will conduct the discussion of the rules and their interpretations. Invitations have been sent to Fielding Yost of the University of Michigan, Major Griffith, commissioner of athletics in the western conference, and Knute Rockne, coach of football of the University of Notre Dame, to meet the men and discuss various phases of football and the general athletics program in schools. It is hoped that at least two of these men will be able to attend.

Last winter for the first time a state-wide meeting to discuss basketball rules was held at Ann Arbor and definite interpretations were agreed upon. State-wide adoption of football interpretations will do much to make the game uniform in all parts of the state and put it on a higher plane than ever before.

WINOM BOY ENGAGED IN COUNTY "Y" WORK.

In pursuance of its policy of developing leadership among boys and young men wherever possible the Oakland County Y M C A organization has engaged Heath Holden of Winom to assist Secretary George H. Kimball in his work this summer.

Mr. Holden, who will enter his second year at the Michigan State College this fall, is a new football player and a member of one of the Y groups organized at Oakland County. He has been active in his school class and a member of the Scout troop and a basketball player.

He is glad to have the opportunity to help the Y organization in its work.

Holden will act as the representative of the Y organization in the summer camp at the Michigan State College. He will supervise the sports and the other projects of the camp.

MUSIC TO PLAY—PART IN FARM DAY PROGRAM.

Music will play a prominent part in the entertainment side of the program for the eighth annual Farmers' Day at the Michigan State College on July 31st, according to tentative plans announced this week by the committee in charge.

In addition to the band concert, which has been an annual feature of the day, a big community church choir singing contest will be staged. The preliminaries of the singing contest will be run off in the morning, with finals at the general meeting in the afternoon.

Business and recreation are to be mixed in even portion at this year's Farmers' Day. The picnic lunch under the beautiful campus trees at noon, the interesting horse pulling contest and the various musical features will all contribute to the entertainment of the day.

Serious side of the program will not be missing however, and farmers who attend the big round-up will find plenty of useful and instructive features. Inspection of the extensive experimental fields in the morning will occupy the time of most of the visitors. Definite routes will be mapped out so that things of chief interest to the individual may be reached easily. In addition, outdoor exhibits based on timely agricultural problems in the various departments of the college work will be displayed on the campus.

Climaxing the whole day will be the general meeting in the afternoon. The whole Farmers' Day crowd will gather around the speakers' stand on the campus to hear state and national farm leaders discuss vital problems, and to hear the musical numbers on the program.

TWENTY-FIVE YEARS AGO

Items taken from The Record files of 1899, for the week corresponding to this week.

Mrs. R. M. Johnson has been quite ill for a week or so.
Will Flint of Novi called on Northville friends Monday.
The Yerkes and Pinkerton families each had reunions on the Fourth.
Orient Chapter, O. E. S., entertained guests from Plymouth last Friday night and a very pleasant evening was reported.
The council proposes to furnish the Ladies' Library with lighting and free water for library purposes. The ladies will be required to put in the water at their own expense, however.
Chas. Booth, manager for the Pneumatic Tool company of Chicago and Ralph Diserens, eastern representative of the same firm, arrived here from New York Wednesday, to visit until Sunday.
The Northville township republicans held a caucus yesterday and elected E. H. Lapham, C. C. Chadwick and H. D. Johnson delegates to the representative convention and W. H. Hutton, W. J. McRobert and M. H. Sloan to the county-congressional convention to be held here tomorrow.
A very enjoyable and largely attended social event of last week was the reception given in honor of Miss Harriet Daniels on Friday evening by the C. E. society of the Presbyterian church. Rev. W. S. Jerome acted as toastmaster, and contributed very largely to the success of the occasion with his fund of appropos stories and witty remarks. Responses were given by Miss Covey, Mrs. Jerome, Thad Knapp and Ward Cook all in a very entertaining style, and lastly by Miss Daniels whose remarks were particularly graceful and appropriate.
The annual picnic of the Northville Women's Club was held last week Friday afternoon at the home of Mrs. Holcomb east of town on the base line and as usual was an unqualified success. The participants took advantage of the convenient trolley line the 3:45 car carrying the most of the ladies their guests the husbands of the club women coming later. A guest of honor was Mrs. Lucy Stout Dowd, the founder of the club who at the urgent request of the members entertained the party with a delightful description of some of the phases of Texan life.

CITIZENS URGED TO CONNECT WITH SEWER.

A number of house owners have not yet put in their sewer connections. Among the number are quite a few who are abundantly able to attend to this matter without delay.
By not heeding the plan of the village sewers as directed by the state they are setting a very bad example to the remainder of the people.
Northville is one of 25 towns who do not pollute the streams that flow thru or near it. The state wants the soil kept from polluting in the same way as its streams. To do this means abandoning all cesspools.
The sewers were put in because the state was pressing them and had been for three years prior to their installation. It may be necessary to appeal to the state if our citizens do not give their attention to this important matter.
CHAS. A. DOLPH,
Village President.

STREET DANCE ATTRACTED GREAT CROWD.

The free street dance given on the pavement in this village Saturday night attracted a great crowd and the merry dancers had a good time. The municipal band furnished the music for dancing and renewed a program that delighted all.
The dance was sponsored for the business men of Northville and was a decided success.

SALEM WOMAN DIES HERE.

Mrs. Verne Kahler of Salem died at the Sessions' hospital in this village last Wednesday aged 40 years. Funeral services were held at the Salem church on Friday afternoon and interment took place in the Walker cemetery. It is reported that Mrs. Kahler witnessed an auto accident near her home and that she was overcome with fright, which was the direct cause of her death.

GRADUATE WITH CLASS OF 1877.

Hiram Jackson, who so ably officiated as toastmaster at the recent annual banquet, graduated with the class of 1877 of the Northville High school. He is well known to many of the older members of the community and is held in high esteem by all who enjoy his acquaintance. He was connected with the Pere Marquette railway for many years and is now holding a very responsible position with the Grand Trunk railway in Detroit.
