\$1.50 PER YEAR, IN ADVANCE.

DID anybody try to COUNT the automobiles THAT were in town last SATURDAY night? It WOULD have been quite a JOB and there didn't seem TO BE half-dozen horses ON THE streets—quite DIFFERENT from the way IT WAS twenty years AGO, and we often think WHAT an awful calamity IT would be if all OUR automobiles were SUDDENLY taken away from US AND we had to go BACK to old Dobbin AND the shay again, and BUMP along in an open BUGGY at the rate of ABOUT six miles per HOUR—wouldn't we think WE were having a PIERCE time of it? WELL say we would

### TO HONOR A WORTHY CITIZEN.

Northville Will Have a Gala Day—  
Saturday, August 1st—Races,  
Ball Games.

Some men may be without honor save in their own country, but not so with Northville's pioneer and premier ball player—Harry S. German, who is soon to celebrate his fiftieth birthday. There is nothing unusual in connection with the fiftieth birthday anniversary of the average man, but in the case of Mr. German conditions are just a little different. For the past 35 years he has played base ball, and the remarkable thing about him is that he is able to pitch just as good a game today as he has ever been able to do. He began playing ball while attending the Northville schools and he has continued to enjoy the sport during all the intervening years. He has not only enjoyed the game, but he has been active in encouraging the sport for the entertainment of others—playing the game for the sake of playing—always the same genial sportsman, whether his team won or lost.

To pay our worthy citizen a deserved compliment and to afford the people of this section a half-day of real enjoyment, the management of the Northville Fair has decided to hold a base ball tournament and race matinee at the fair grounds in this village on Saturday afternoon of next week, August 1st. There will be two games of ball. The first will be between two visiting teams and the second will be between the winners of the first contest and Northville. There will also be a good race program, consisting of three events and a good field of horses is assured. Horses that have been on the track this season are now in the pink of condition and within a few weeks they will be out on the fair circuits of the state. The Northville band will be on hand and render one of its entertaining programs. The public is cordially invited to enjoy the afternoon and evening with the citizens of Northville.

In the evening there will be the usual Saturday night band concert and as an added attraction and one that all will enjoy, a free dance will be given on the pavilion.

It is the plan of the committee having the affair in charge to make it a real gala day with good clean sports and a good time for all. It will be the biggest birthday party ever staged in Michigan and the people are cordially invited to participate in the merry making.

### NORTHVILLE DEFEATS THE MONROE STARS ON SUNDAY.

The Northville team motored to Monroe Sunday for a game of ball with the Monroe Stars and came home with the honors of the day. H. S. German, who was in the pitcher's box, was a resident of Monroe county for a number of years and has many friends among the fans in that section, and it must have been a source of great joy to him to be able to win the honors of the contest so easily. The score was 15 to 5, German allowing only nine scattering hits during the game. Monroe scored three runs in the third inning, but Northville's lead of eight in the first placed them safely out of reach.

### FLYERS PASSED OVER NORTHVILLE MONDAY MORNING.

The six army pursuit planes which left Mt. Clemens Monday morning at 6:00 a. m. for a test flight to the Pacific coast passed over Northville enroute to Chicago, at which city they arrived at 8:30. The flyers will proceed to San Francisco Cal. and return home again by the last of the month. On the return trip the flyers expect to fly from Cheyenne to Chicago, a distance of 1,000 miles, in a night.

The flight will be watched with great interest, both as an army venture and as a commercial undertaking.

### CELEBRATED 79TH BIRTHDAY ANNIVERSARY.

A birthday dinner was given at the home of Mr. and Mrs. H. Ryndress of Northville, on Sunday, July 19th, in honor of E. W. Pastorius who celebrated his 79th birthday.

Those present were his two daughters from Detroit and their families, also a few intimate friends.

He was presented with a number of gifts including a sum of money, a car and an ear trumpet.

Mr. Pastorius formerly resided in Windsor for a number of years.

Mrs. Margaret Crawford of Milford spent Sunday with Mr. and Mrs. Montgomery.

### INCREASE IN POSTOFFICE RECEIPTS SHOW GOOD CONDITION HERE.

The receipts of the local postoffice are regarded as a pretty good barometer of the town's prosperity and advancement. Measured by this standard every resident of Northville has reason to feel proud of the advancement that has taken place here during the past year. For the fiscal year ending June 30th, the receipts of the Northville postoffice showed the largest volume of business in the history of the office. The total receipts were \$12,693.59 as against \$11,181.50 a year ago. There were 2,114 letters and parcels registered and sent out from the local office, an increase of 400 more than last year. The total number of parcels insured was 4,026 as against 2,751 the year previous. There were 12,541 money orders issued which was a thousand more than were issued last year.

Three years ago the receipts for the same period were \$8,525.12. Two years ago they amounted to \$9,324.78 and one year ago the total amount received for the twelve months was \$11,181.50, as stated above. This increase in the business of the postoffice indicates a steady growth in the business and industrial line of the community as well as a general increase in the resident population.

Postmaster Neal has a very efficient force and Northville people have a right to be proud of the manner in which the local postoffice is being conducted.

### INTERURBAN CAR KILLS HORSE, DRIVER ESCAPES.

Last Friday afternoon the interurban car which arrived in Northville from Wayne at 12:45 collided with a horse being driven by James Tinker who resides on the Plymouth road. The horse was killed, but the driver escaped with but a few bruises, a most fortunate accident. Mr. Tinker was driving out of the yard and did not notice the approaching car and as the banks on either side of the driveway are high the motorman did not discover the horse until the animal was on the track. The injured man was rushed to a physician and his bruises were dressed, but he escaped with but a few slight bruises.

### NORTHVILLE TO HAVE CLASSY DRUG STORE.

The new fixtures for C. R. Horton's drug store have arrived and were placed in position last week and the stock is being placed on the shelves. The new equipment and fixtures are the very last word in drug store furnishings and are most attractive. The cases are all placed against the walls, doing away with the old style counters which have been in use since drug stores were first established. The new fixtures correspond in finish to the handsome new fountain placed in the store last season and when everything has been arranged Northville will have as classy a drug store and sweet shop as can be found anywhere.

### MILFORD MUST HAVE BEEN FRIGHTENED.

The Milford ball team came to Northville Sunday for a game with the local DeMott boys and judging from the manner in which the visitors looked up their team for the occasion they must have been badly frightened. The local DeMott team is composed of boys and young men and not old veterans and the management of the Milford team displayed very poor sportsmanship when they bought a Detroit battery with him. Northville was defeated, of course, the near-professionals on the visiting team were too heavy an aggregation for our boys.

### W. R. C. PRESENTED FLAG TO PRESBYTERIAN CHURCH.

At the regular morning services at the Presbyterian church last Sunday the W. R. C. presented a handsome flag to the church and society, the presentation being made by Mrs. J. B. Watts, who made some very fitting and appropriate remarks in which she stated the flag symbolized all the splendid uplifting things for which the church stands. C. L. Dubuair responded on behalf of the church and at the conclusion of his remarks Miss Stewart sang "Your Flag and My Flag."

Harold Sonnenberg and Mable Lemon were united in marriage at the M. E. parsonage on Tuesday afternoon by Rev. Wm. Richards, the usual ring ceremony being used. They were accompanied by Nellie Grass and Neil Sonnenberg. The young people will reside in Northville.

### THIEVES TAKE TRUNKS FROM WALLED LAKE DEPOT.

Last Friday night thieves forced an entrance to the G. T. depot at Walled Lake and stole two trunks, one belonging to Herbert Long of Walled Lake and the other belonging to Miss Eva Hessell of Boston, Mass., an actress, who is spending the summer with her sister at Walled Lake. Mr. Long's trunk was found Monday near Pontiac on the Elizabeth Lake road and had been ransacked. More than \$700 worth of clothing was taken from Miss Hessell's trunk.

### ANNOUNCE SPEAKERS FOR FARMERS' DAY.

Announcement of speakers for Farmers' Day at Michigan State College on July 31st, includes the names of Samuel R. McKelvin, twice governor of Nebraska and Dr. Keynon L. Butterfield, president of Michigan State College.

Governor McKelvin is today editor and publisher of the Nebraska Farmer, a successful stockman and president of Standard Farming Papers, a group of state and local farm papers having a combined circulation of nearly 2,000,000 farm readers. At the age of thirty-seven he was Nebraska's youngest governor.

Those who have heard the governor speak refer to him as a speaker of power, sincerity and inspiration. He is expected to repeat some of his phases of modern farming in his address.

President Butterfield will make his first appearance before the summer Farmers' Day meeting. As president of his alma mater, he is building up an enviable institution. As president of the American Country Life association, he is one of the nation's outstanding leaders in rural and community building.

Chairman of the general program is Dean Robert S. Shaw, of agriculture. Wayne Dinsmore, secretary of the Horse association of America will assist in putting on the novel horse pulling contest.

With combined features of choir singing, horse pulling contests, special machinery demonstrations and detailed inspection of livestock and farm crops, the 1925 Farmers' Day is being planned as the big summer gathering of Michigan farmers and their families.

### NEW RATES ON INTERURBANS EFFECTIVE AUGUST 12TH.

Contrary to expectations, the Detroit United Railway is not going to exercise in full its authority, granted by the Michigan Public Utilities Commission to charge three cents a mile flat for transporting passengers over its several interurban lines.

On the D. J. & C. railway, the Orchard Lake Division and practically all the other divisions it has placed the maximum charge at two and three-quarter cents a mile but through the use of commutation tickets regular or even semi-regular riders will be carried at a much lesser rate. By making the proper purchase riders may be had at two cents a mile.

The new tariff goes into effect August 12th with the maximum rate at two and three-quarter cents a mile the following discounts will be allowed:

20 ride books good for purchaser, to be used in 20 days at 2 cents a mile.

20 ride books good for family, to be used in 30 days at 2 cents a mile.

12 ride books good for purchaser, to be used in 30 days at 1-5 cents a mile.

Round trip tickets apply between all points except within the city of Detroit where the rate of six cents is being maintained instead of going on a mileage basis.

We have no desire to go to the maximum allowed if it is at all possible for us to avoid doing so," said A. L. Drum, executive manager for the receivers in a statement to the public.

We are going to put forth every effort to build up our traffic by cultivating the habit of regular riding. We think it proper to give regular riders a decided advantage and so we are putting in an exceedingly liberal system of commutation tickets. These tickets are not only liberal as to rates but they are very much so as to the time in which they can be used. It is very clear, of course, that one will not have to ride anything like every day to take advantage of the discount rates.

Mr. Drum also announces that he has directed his traffic department to select appropriate places along the lines where these commutation tickets can be purchased in addition to the waiting rooms. These tickets will not be sold by the conductors. In the meantime the station agents are being supplied with copies of the new tariff that are available for the public use.

The tariff for the Pontiac Division has not yet been prepared so that the receivers are not in a position to mention this line in the list of having commutation tickets, but it is thought it will be in readiness for announcement before August 12th.

### HARRY S. GERMAN

### TO BE HONORED

Harry S. German, the well known ball player of Northville, is to be signally honored by a big celebration given by the business men of this place. The date selected for this event is Saturday, August 1st, and the place will be the Northville fair grounds. The celebration has been designated as a reunion and anniversary celebration because Mr. German is soon to cross the line into fifty years.

The veteran base ball pitcher is twirling his thirty-fifth consecutive year as a successful amateur and professional pitcher. Records show that he began pitching for the Northville High school in 1891 at the age of fifteen years, which figures that today he is in his fiftieth mile stone or the half-century mark. Therefore, this season gave his home town people and business men an opportunity to do him honor and they have made a call to all base ball fans and friends throughout the State of Michigan, and more particularly to the fans of the three counties in which German has lived and played ball all his life—Oakland, Wayne and Monroe.

Many of his best acquaintances are not aware of several features and records that this half-century old ball enthusiast has performed in his thirty-five years of pitching. Several times he has twirled two games in one day and often has performed two days in succession. On July 4th and 5th of this year he opposed the well known Wayne Good Roads team, defeated them the first day and gave them a good scare the next. In 1902 he pitched four games in one week, shutting out Clinton his fourth game and allowing but one man to reach second. He pitched his first

professional game at Toledo, winning against Milwaukee 7 to 1 and up to that time he had never been a professional ball player. The same year he obtained a world's record at Louisville Ky. by pitching the shortest time game on record—one hour and eighteen minutes.

In 1922, even thirty-two years with that throwing arm Grand Rapids of the Michigan-Canadian League was disabled for a pitcher against Muskegon. German was wired for and went. He came home with another victory to his belt and with a score of 11 to 4.

Another feature happened two years ago while doing mound duty. He struck out sixteen men in a game and allowed but two balls on any batter, then was defeated 5 to 4.

The half-century pitcher of Northville has done much for base ball. He accepts umpire decisions as law and it has to be an extremely bad guess of the umpire when he objects. His conduct on the field is such that much rowdism has been eliminated in the communities in which he has usually played. The example set has been good for our popular national pastime.

This base ball son of Northville is still able to quiet most all amateur and semi-pro teams with his work in the box and the last performance of his was demonstrated at Monroe last Sunday. According to Detroit papers, he easily disposed of the Monroe Stars at Monroe by the tune of 15 to 5. He has two sons on his Northville club and both are graduate pitchers of Northville High and capable ball players with their dad on the home team.

The coming anniversary at Northville will be conducted by the business men of the city. Band concerts, horse racing, speeches and two ball games will take up the afternoon.

Mayor John Smith of Detroit, Clinton McGee of Pontiac, Oliver Golden and Thornton Dixon of Monroe will be among the speakers.

Milan and Milford will cross bats for the first game of ball and Northville will play the winner with Harry German in the box for the home club.

### BRYAN DEFENDS FUNDAMENTALISM

WILLIAM J. BRYAN

Dayton, Tenn.—Branding the theory of evolution as without sufficient foundation and as tending to "rob children of their faith in God," W. J. Bryan is leading the forces of the state in its prosecution of John T. Scopes, high school teacher, for violation of the state law prohibiting the teaching of evolution in the public schools.

The case has attracted national attention by reason of the prominent men who have entered the fight on both sides. One of the most brilliant legal battles in the history of the profession is expected.

#### Primate of Canada Dies

Quebec—Cardinal Beaudry, 89 years old, primate of the Catholic church in Canada, died after a week's illness. He was stricken with uremia on July 12 after he had laid the cornerstone of a new church in the arch diocese of Quebec. Improvement in his condition was reported by the attending physicians during the week later he became partly paralyzed and gradually sank.

The romantic rise of Louis Nazaire, Cardinal Beaudry, from the unpretentious surroundings of a Levis farmhouse, where he was born, to membership in the Sacred College of the Roman Catholic church is without parallel in the religious history of Canada.

#### Aviators Volunteer Services

Paris—A number of adventurous Americans, including some who saw service in the World war in the Lafayette escadrille, probably will soon be found fighting under the banner of the Sultan of Morocco.

For various reasons, the French war industry has decided not to accept the volunteered services of the Americans for service in the French army, but the ministry is arranging for the Americans to see service under the Sultan of Morocco. It is understood the Americans have agreed to this program.

#### Anti-Evolution Bill for U. S.

Dayton, Tenn.—An anti evolution bill following the spirit, if not the letter of the Tennessee law under which John T. Scopes is being prosecuted, is expected to be introduced in the next congress by Representative J. Will Taylor, of this state, or Representative W. Ushaw, of Georgia.

The leader in the movement for proscription of the doctrine of evolution is Walter White, superintendent of schools in Rhea county, and the chief prosecuting witness against the young high school teacher.

#### Doheny Interests Appeal

Los Angeles—Attorneys for the Pan-American Petroleum company and the Pan-American Petroleum and Transport company, E. L. Doheny concerns, took an appeal to the United States appellate court at San Francisco from his decision in the Elk Hill oil cases.

The court ordered the companies to pay the government approximately \$350,000 as a result of balancing accounts between the government and the Doheny concerns.

#### Four Killed in Gang War

Chicago—Guns blazed again in Chicago, bringing death to four men, three of them outlaws. Two others were seriously wounded, and they lie close to death.

In two of the gun battles, the victims were killed by policemen, who are following recent orders to shoot first and ask questions afterward. One of the men killed was a gangster known as the enemy of the notorious Genna brother.

#### Blast Perils Many

Chicago—Hundreds were panic stricken and a whole north side section of the city was shaken when a gasoline barge of the Texas company on which were 90,000 gallons, exploded with a terrific and terrifying blast and a roar of flames which leaped 400 feet into the air.

The fire was checked, however, without doing much damage to other property.

#### "Lively Ball" Gets O.K.

New York—The National League magnates in executive session agreed to continue the use of the present so-called lively baseball despite the epidemic of home run hitting which has been raging in the major leagues.

### FORD SALES EXCEED THOSE OF 1924.

A new June sales record was established by the Ford Motor company during the month just passed, when approximately 6,000 more Ford cars and trucks were delivered to retail customers in the United States than during the same month a year ago, which held the previous high mark for June.

Reports indicate a continued large

volume of business through the summer months with a higher buying level than is usual during this season of the year. The outlook is for another record breaking month for July. Urgent requests for additional shipments have made necessary increasing the company's July production schedule, which now calls for several thousand more cars and trucks than were produced in June. Sales figures just given out by the

company show that the total sales for June were 195,300 Ford cars and trucks. Or this number, 176,256 represents domestic sales, as compared with 170,547 cars and trucks sold in June a year ago.

#### Ancient Cathedrals

There are no fewer than six cathedrals and one church in Scotland which can in 1926 lay claim to 700 years of authentic existence.

**NORTHVILLE'S NEW SEPTIC TANK IS A MARVEL**

The septic tank into which the village sewerage flows is a most interesting place. This \$40,000 investment should be seen by more of our citizens. They will then appreciate fully what it means to have this outfit at work for them.

To see the tide of filth that comes from the sewer system and then observe the stream of 98% pure water flowing from the outlet of the filtration beds gives one a lesson in nature's miracles.

That the septic tank takes care of 350,000 gallons of sewage every 25 hours is another large factor.

The various chambers of the septic tank separates the solid matters into a settling chamber and the poisonous water goes into another compartment. The settling chamber is emptied once every three weeks into a special bed where it is allowed to cure. When ready it is hauled away for fertilizer. There are about 15 wagon loads each time. The water chamber is emptied about 16 times daily. Automatic traps working in series deliver the water to four separate filter beds of gravel. This gravel is deep and effectively drained and the water finds its way to the outlet and thence into the Rouge.

The gravel beds have to be cultivated very often to keep the soil loose and to aid in keeping the weeds out. Many seeds which come to filtration beds grow quickly and would be very large in a short time.

The tank and grounds require constant care and the need of it can only be known by visiting this modern aid to the health of our town.

State inspectors visit the septic tank at regular intervals and have samples of the outlet water sent for test every few weeks. So far the inspectors say the Northville septic tank is the best kept of any of those now inspected by them. This is a record to be thankful for.

**OAKLAND'S POET GATHERED BY LOCAL OFFICERS.**

B. J. Thompson, Oakland county's poet, stacker and fence builder was gathered in by local officers Saturday night for being drunk. Sunday morning Thompson was willing to tell the officers where he secured his liquor and from the information he furnished local officers in association with officers at Redford made a raid on a private house in that growing city and found 70 quarts of booze secreted under the floor in the bath room. Thompson made an affidavit to the effect that he had purchased liquor there and that he had been supplied with liquor at his home in Oakland county by a man named McGee, a resident of Redford. Acting on the tip Oakland county officers placed the Redford resident under arrest and he was given a sentence of 60 days for transporting liquor. When he is released he will have to face the music for having intoxicating liquor in his possession.

Local officers also placed "Dumy" Preston and Peter Kefauver under arrest, the former for driving an automobile while drunk and the latter for just being plain drunk. Preston drew a sentence of 60 days and a fine of \$50, and Keller was fined \$30.

Saturday seemed to be a busy night with the beverage chasers, because Gilbert Deal of this place was arrested by Plymouth officers for driving a car while intoxicated and fined \$50 and 30 days. It is said that Deal claimed he secured his liquor at Frenchy's place on the Six Mile road.

**AT THE BONSTELLE PLAYHOUSE.**

"Ground for Divorce" the brilliant comedy from the pen of Guy Bolton, translated from the Hungarian of Ernest Vajda, will be the offering of the Bonstelle Company at the Playhouse this week beginning tomorrow night.

This play was offered at the Garrick during the spring of 1924 and proved one of the most enjoyable comedies of the season, presented by a cast including Ina Claire, Bruce McRae and H. Reever Smith.

**PRESBYTERIAN CHURCH NOTES.**

Sunday will be our last church service, until September 6th. Short organ musical at 10:20. Morning worship at 10:30. Sermon theme: "The Law of Revelation." Wayne VanDyne will sing at this service.

Sunday School at noon. Lesson, Acts 15-1, 14. "The Council at Jerusalem."

The evening service at 7:30, when the pastor will speak on the subject, "Who Is This?"

Mid-week service Thursday at 7:30 p. m. Lesson study, "Justification by Faith," John 5:24, 25; 6:32, 37; 10:1.

During August the Sunday school will meet at 10:30 a. m. Instead of the regular lesson there will be an interesting program each Sunday with pictures, illustrating the work of the boards of the church. A special Missionary offering will be taken each Sunday.

**METHODIST CHURCH NOTES.**

"Lessons in God's Creation" will be our interesting meditation at 10:30. The Sabbath school will meet at 12:00 noon.

The last quarterly conference of our church will be held on Tuesday evening, July 28th, at 7:30. Dr. H. A. DeLeon will preside. All officers' reports will be taken up. All members kindly remember to bring their financial business up to date as far as possible.

**Our Spiritual Viewpoint.**

Conferences are better than controversies.

No life is hopeless unless Christ is in it.

Not from what we came, but to what we are pressing toward is the real interest.

It is better to add a Sabbath to the week than to subtract one.

The grace of God can heal the wounds of sin but the scars remain always.

The things we do are our loud speakers.

**NORTHVILLE TWILIGHT LEAGUE.**

Our championship games started on Thursday evening, and Tuesday and Thursday evenings of next week. The two teams are the Presbyterian and Catholics, who are to battle for the honors. The two teams played July 7th and the Catholics won by a score of 11 to 9. The Presbyterians say that they are all set for the Catholics and expect to take them into camp in the three game series.

The Fort's team which landed in third place in the league have issued a challenge to the winner of the series to a game of ball. They are a disappointed lot because they are not in the championship series. The Lutheran team also was composed of mighty good players and have expressed a desire to play more ball with the winners.

It has been said that the Methodist team has started on a scouting trip and are seeking new players for next year's team.

**"FRENCHY" IS ENJOYING AN OUTING IN DETROIT.**

Mr. Chevalier, a former resident of Northville, who is familiarly known as "Frenchy," is enjoying a thirty-day vacation with his friends at the Detroit House of Correction. He is not there by choice, but the place for his month's sojourn was selected by Justice Patterson of Plymouth, before whom he was arraigned Tuesday night charged with disorderly conduct. In addition to his sentence of 30 days he was fined \$100.

Acting upon a tip given by Gilbert Deal and Harold Sonnenberger, who made affidavit that they had secured liquor at "Frenchy's" place Saturday night before their arrest at Plymouth, Deputy Sheriff Safford and some Plymouth officers visited "Frenchy's" booze joint and found a very congenial company of friends there. After searching the place officers found a quantity of whiskey and twelve cases of beer. He was placed

under arrest and taken before Justice Patterson who handed him a real wallop.

"Frenchy" was able to escape arrest while a resident of Northville, but the ground about these parts became so very warm for him that he decided to seek other fields for operations. His place is now located on the Six Mile road and it is said he has been doing a wonderful business with a house full of guests every night. For a few days, at least, some one else will have to serve his patrons.

Justice Patterson is a woman and may her number increase. Small fines do not have any effect upon these booze peddlers, but a prison sentence will make them sit up and take notice.

**THE MONKEY BUSINESS IN TENNESSEE**

Evolution and kindred subjects which have had such a share of publicity serves to call attention to very excellent fundamental facts.

We need to be told repeatedly that God is at work everywhere. We need to discern the Spirit of God in all inventive genius—in all scientific research—in all intellectual adventure—in all artistic creation and in every moral achievement of the race.

The Jews of old called themselves the Chosen people. All others were gentiles—outsiders—lacking the special favor of the Almighty.

The Jews were religious specialists and they cast all spiritual experiences into rigid forms that could not be changed.

When Paul and his fellow workers came along and said that God was interested in all humanity—the Gentiles as well as Jews they failed to see any truth in it. They lacked freedom of thought. The form was more than the spirit.

God is not inflexible—arbitrary—distasteful or unsympathetic. He is life. He wants His creatures to have life and have it abundantly.

### WHY NOT KILL ALL UNMUZZLED DOGS?

Friday evening a little girl on Westwood avenue north of the Seven Mile road, was approaching the home of a neighbor, carrying a bunch of sweet peas for the lady of that home, who was ill. The neighbor's dog, broke loose from his mooring and bit the girl in the hip, taking a bunch of her flesh in his teeth. Another kind neighbor rushed the girl to a physician. The dog will be held by the officers for 10 days to learn if it has rabies. This dog has been running at large, it was not muzzled although it was, insecurely tied at the time of the accident. Think of that kiddie. Think of the hundreds of dogs running around this township, then come to the conclusion that the blame for such occurrences as the one mentioned above, lies squarely in front of the door of the township and village police. Of course the owners of dogs have a duty, but the police officers are paid to enforce upon owners of dogs the observance of that duty. It is not fair for one man to muzzle his dog and then see many unmuzzled dogs any time he may look out his window. There are too many dogs hereabouts; there are no kiddies that should be bitten. Let's eliminate the possibility of anyone being bitten. The above was taken from the Redford Record of last week and the same thing might happen to any number of Northville children at a number of Northville homes. Local police officers and deputy sheriffs ought to kill all unmuzzled dogs seen running the streets of this village. If owners of dogs will not obey the laws for the protection of human lives, then it is up to the local officers who are paid for their services to protect the children and the adults of this community.

### FORMER NORTHVILLE RESIDENTS FIGURE IN REDFORD RAIDS.

Five Redford township blind piggers were brought to justice Oatley's court during the week. All of their places had been raided by officers from the sheriff's office, and in each big various quantities of beer were found. Each blind pigger pleaded guilty to a disorderly charge and each paid a fine of \$50 and costs of \$25. The blind piggers who were in court are Edward Hayes, bartender for Mrs. Elizabeth Martin's pig on Seven Mile road, near McKinney road; Wm. Lampman; Kenmore sub; Jack Hoffman, bartender for Joe Martin, Grand River avenue, west of Redford village; Harry Soyars, Plymouth road, who was raided five times in five days; and John Pfeifer, bartender for Al Wilson Seven Mile road, near Evergreen road. There are still 20 other blind pigs in the township which need the attention of the officers—Redford Record.

### DETROIT POLO PLAYERS JOIN IN WELCOME TO ARMY FOUR.

L. A. Young, president of the Detroit Polo club, and Marvin Harrison, captain of the Gold Hats, returned to Detroit Monday from New York, where they attended a banquet given by the United Polo association in honor of the victorious United States Army polo team.

The banquet was occasioned by the return of the Army players from Europe, where they played and won the international army polo tournament.

Three members of the team, Major Wilson Pete Rhodes and Charles Winter, were associated with Young, the Detroit club president on the Gold Hat team at Miami last winter. The team won the King Cole cup—Detroit Free Press.

We have brought 2,000 automobiles here from every part of the United States and Canada without a serious accident to an officially enrolled car. We shall show the world that a great body of fraternalists like this can go on a holiday and have all the fun in the world without making a joke of the law."

### DRAYTON PLAINS HATCHERY IS A BUSY PLACE NOW.

This is the harvest season at the Drayton Plains fish hatchery. This nursery for Oakland county lakes is turning out bass fingerlings by the thousands and since the announcement was made in the Daily Press about three weeks ago that they were ready to be taken out and planted there has been a steady demand for them. There is no surplus of bass on hand now and the little fellows are being taken out as fast as they come on.

A. T. Stewart, superintendent of the hatcheries, says this has been a good summer for bass. The weather has been warm, as it should be for hatching. Already 350,000 fingerlings have been taken out and planted in Oakland county lakes and others will be coming on until about the middle of August.

This spring 3,400,000 wall-eyed pike were produced at the hatchery. Nearly all of them went to Oakland lakes, a few going to lakes in Genesee and Lapeer counties. Earlier in the spring 21,000,000 perch fry were planted. Blue gills will be ready about September 1st.

Although this is a good year in the hatcheries it is a poor one in the lakes. In many of the lakes the water had dropped so low that all the feeding and spawning beds have been destroyed. State geologists say that this section has had only 30% of its normal rainfall this summer and that it will be a year before the lakes get back to normal unless there is a large amount of rainfall soon.

Mr. Stewart is pleased with the way Oakland county fishermen have cooperated in handling the output of the hatchery. Most of the men who make application for the fish have had experience and know how to handle them. Mr. Stewart cautions all who call for fish that the principal thing is to keep the cans out of the sun and get them into the lake as soon as possible. An unnecessary delay of half an hour may kill every fish in the can.—Pontiac Press.

## NEWS DISPATCHES FROM EVERYWHERE

## Governor Grants Reprieve To Scott On Eve Of Execution

Chicago—Governor Len Small has granted Russell Scott, condemned to hang for the murder of Joseph Maurer, a reprieve of one week. The governor was said to have taken the action on the recommendation of Will Colvin, head of the board of pardons and paroles, after a mysterious message was received from Detroit, purporting to come from Robert Scott, brother of Russell, in which it was stated Robert was the guilty man, and that he was ready to give himself up.

The reprieve came at the very eleventh hour when all hope for Scott seemed dead, when he himself and his relatives, his wife, and his father, had given up all hope.

It was understood Governor Small decided, following receipt of the message from Detroit to take no chances of a miscarriage of justice, and he then ordered the delay, pending investigation of the message.

## Urge Traffic Enforcement

Atlantic City, N. J.—The automobile industry of the United States will stand squarely behind drastic enforcement of safety laws, according to William Metzger, of Detroit, a director of the national automobile chamber of commerce and chairman of the committee on enforcement of the national conference of street and highway safety.

He said: "I believe all hit and run drivers should be fired upon by any officers who may be present at the scene of accidents and these officers should shoot to kill."

## Air Row Continues

Washington—The aircraft controversy has broken out again in the army and navy. A bigger fight for congressional appropriation between advocates of sur ships and planes will be made this year than last, according to those on the inside.

Major Gerald C. Brant, of the army general staff, has succeeded to leadership in the struggle for a better air service, left vacant when Billy Mitchell, last year's champion, was demoted from brigadier general to colonel and banished to a post away from headquarters.

## Shepherd Wins Probate Fight

Chicago—The fight to keep from probate the will of William Nelson McClintock, millionaire orphan, leaving his million dollar estate to William Darling Shepherd, his foster father, who was recently acquitted of his murder, is apparently ended.

The termination of the fight as far as probate of the instrument is concerned, came when attorneys for McClintock's nine Iowa cousins, who are contesting the will, refused to question Shepherd within the limits defined by Probate Judge Henry Horner.

## Petain Goes To Morocco

Paris—Marshal Petain has been ordered to Morocco. The country realizes the importance of the decision of the government to send the man who once commanded the whole French army during the great war to confer with the resident general, Marshal Lyautey. The military gains of Abdel-Krim are causing much worry for the French chiefs at the front.

Like Premier Painleve, on his recent visit to the front, General Petain flew from Toulouse to Rabat.

## Gold Rush In Siberia

Stockholm—The rush to the new gold fields in Aldan Yakutsk is so great, according to a miner newly returned from eastern Siberia, that the old Amur fields are practically deserted. The new fields are situated 400 miles north of the Amur railway. A ship's captain, an engineer, a steward and a few others came over from Okhotsk in 1923 and struck rich alluvial soil.

## Planes Frighten Samoans

San Diego, Cal.—The island government of American Samoa is in temporary difficulties with the natives as a result of American aircraft activities during the visit of the battle fleet. The appearance of airplanes inspecting Pago Pago and nearby islands sent the terrified natives into hiding in the bush and many villages were broken up.

## Asks Million Now

Detroit—Mrs. Doris Mercer Kresge, second wife of Sebastian S. Kresge, has reduced the amount of her claim against the five-and-ten cent store cording to word from New York. An amended bill of complaint, embodying the figure has been filed in court by her attorney.

## Tuskegee Gets Donation

New York—A million dollars in securities has been turned over to the Hampton-Tuskegee endowment fund by John D. Rockefeller Jr., in fulfillment of a recent pledge, it was announced. Mr. Rockefeller's contribution swelled the fund to more than \$4,500,000. The goal is \$5,000,000.

## Jennings's Opportunities

By JESSIE ERNST

(© 1925, Western Newspaper Union.)

IF YOU had valeted a miserly millionaire eighty-three years old for fifteen years, and he died, and in his will he really left you the five thousand dollars that he promised he would, would you remember the fifteen years of Horace Blount's preparation for the golden reward?

Thus cogitated Alfred Jennings, the inheritor. Folding his newspaper and carefully putting it into his pocket, he placed his hat on his head at a jaunty angle, gave his cane a practiced swing, then left the Blount mansion from the front door.

Jennings walked around the block and paused in front of the "Get It Good and Quick" cafeteria. He went inside. He seated himself at the counter.

"Is Miss Minerva coming in soon?" he asked timidly of a dark-stout businesslike woman who was mixing sodas.

"She'd better, or she'll pay me overtime," the woman snapped. "What's the order? There's the helpmate now, thank Gawd. That let's me out!"

Jennings immediately arose, held open the small swinging door as Minerva passed through it.

"Did you read the morning paper?" was his first question.

"Got as far as Beauty Hints," she answered.

"If you will cast your eyes over this it may be of interest to you. Particularly the name of Alfred Jennings."

Minerva soaked in the news surprisingly quick.

"Golly, five thousand! That's a whale! You're going to blow in some of it, ain't you?" she asked anxiously.

"I was thinking of spending a couple of hundred for a nice large diamond engagement ring, and let us say a swell fur coat. I was thinking of a conservative honeymoon to Europe, like we run over to Paris to buy Mrs. Jennings some French dresses. Not bad as a starter, eh?"

"Got your eye on the dame who's to get the inducements?"

"I'll be in tomorrow and tell you more about my plans." He pompously adjusted his necktie, lifted his hat and departed.

Two blocks away was a real estate office. On the door was a small pasteboard card. It read: "Typewriting Done Within." Jennings entered.

The head clerk glared at him. "Miss Brown is very busy; do not detain her too long."

Jennings smiled. He tried to act friendly. "Just a short letter."

At the back of the store sat Miss Brown running a comb through her bobbed hair. She saw Jennings and waved him a welcome.

"Haven't seen you for a week or two, doughnuts? Has some one vamped you away from me?"

"Apparently you have not read the newspapers." With which he placed the item containing the news of his fortune in her hands.

"What are you going to do with it buy yourself a country estate?"

"What is your suggestion?" Jennings asked bashfully.

"A classy automobile would mean something in my life."

"I was thinking of a nice honey moon abroad first."

"Nix on the foreign situation. See America first for me." She was about to say quite a bit more on the subject, but the head clerk, inconsiderately interrupted with "A letter for you, Miss Brown—be quick, please."

Once more in the street Jennings stepped in front of a "movie" theater. The girl sitting in the glass booth was reading a paper.

Jennings approached the booth. The girl did not raise her eyes. She just mechanically asked, "Thirty or fifteen?"

"It's me, Miss Hope," Jennings announced.

He handed her the newspaper with great relish.

"Five thousand!" She melted completely. There was a quick fade-out. She turned on him a soft affectionate gaze, one she had never landed him before.

"It ain't my fault I burst out like I just did. I always liked you or you wouldn't be hanging around me the last two months. Say Toodles, I've got a night off tonight, what do you say to some chop suey and a tango?"

Jennings beamed with pleasure. Here, at least, was an offer of the life he longed for! Chop suey and a tango with a "movie" queen.

Jennings' speed back to the Blount mansion was marked. He used his latchkey to open the door at the servants' entrance. He closed it back of him, when suddenly a heavy hand descended upon his shoulder.

"Are you Alfred Jennings?" a tall, muscular-looking man asked him.

"Yes," Jennings replied.

"Recognize this picture?" Over twenty years dissolved before his eyes in a second. He had been shown the picture of a woman he married in a distant past, and in order to get rid of her had deserted a perfectly good job as steward on a ship.

"Mary Jennings, your wife, got a divorce from you twenty years ago for desertion. At the time she was awarded five dollars a week alimony, which was never paid. You owe her five thousand and two hundred dollars. I've got a warrant for your arrest. You've got to pay it or go to jail."

"For how long?" asked Jennings weakly.

"Ask the judge."

### No Wonder

The new baby had cried almost continuously for three weeks. Even Harold was disturbed. It seemed to the lad every where he went he heard the cries of his baby brother. He had heard a lot about storks carrying babies to happy homes and remarked, rather sarcastically one evening after listening to the baby's wails "Well, it is no wonder that they chucked him out of heaven."

### Historic Rock

Scylla is a famous rock in the Strait of Messina, off the coast of Italy, and opposite to a whirlpool called Charybdis on the Sicilian coast. From the supposed difficulty of navigating this narrow strait in ancient times, with out falling a victim to one or other of these terrors, arose the Latin saying: "He falls into Scylla that wishes to avoid Charybdis."—Kansas City Star.

## Soft Water Is One Of The Greatest Aids To Beauty

In our establishment all water used is 100% soft. All the elements of hard water which are so harmful to a fine smooth skin and the fresh bloom of the complexion—to sicken glossy hair, are entirely removed.

If you could catch rain water from the sky before it became contaminated in any way, it would not be pure and softer, and more delightful than the water we employ.

We will even show you, if you desire, just how we soften the water. Nothing is added—only the hardness is taken away. We use the Wayne Rapid-Soft Water Softener, which we have installed so that our patrons may enjoy the advantage of a natural aid to beauty which takes rank in importance, with fresh air.

Women who have tried it are literally amazed at the improvement our soft water makes in the feel of the scalp and in the appearance of the hair.

## Michigan Happenings

Charles Hackley Lee, 35 years old, heir to the millions of Charles Hackley, pioneer lumberman, and Paul A. Peterson, garage owner, were killed by a runaway speed boat, shortly before the opening of the Theatrical Colony Yacht Club's annual regatta at Muskegon. Lee and Peterson with Carl Westlund and W. S. Bromley, were thrown from Lee's speed boat, Sueakey, while making a short turn. Rescuers kept back by the runaway speed boat which kept running for more than two hours in a small circle.

Interurban lines will not be discontinued in Marshall in the M. E. R. is granted permission to operate busses paralleling its own lines. Instead, interurbans will carry freight and perhaps some passengers, while the busses will handle the burden of passenger travel between Jackson, Marshall, Battle Creek and Kalamazoo, according to a statement by J. J. Mahoney, superintendent of M. E. R.

No charter hereafter will be granted by the State Department to any proposed new building and loan association which does not capitalize for \$1,000,000 or has fewer than 15 members on its board of directors. This was one of the rules announced by Charles J. De Land, Secretary of State, before a meeting of building and loan representatives held in the Senate Chamber at Lansing.

Permission has been given a voting machine company to install three of its machines in city precincts for a test at the next election. It was announced at the city hall of Lansing. One of the machines has been in the city hall for some months to allow citizens an opportunity to inspect it. If the machines prove satisfactory, it is expected they will be installed throughout the city.

The city fire department is not to make any more runs outside of the corporate limits of Monroe unless such trips are sanctioned by the mayor and fire chief, the city commission decided. This action was taken largely because it was feared that the apparatus might be damaged on its runs into the country, and the city would be in danger in case of fire.

Although three new schools have been built in the last three years, Owosso's school tax rate will be lower for 1924-25 than in 1921-22, the budget adopted by the city commission reveals. The rate will be \$15.16 on each \$1,000 of assessed valuation, against \$17.38 in 1921-22. The budget totals \$250,000, or \$25,000 less than that of last year.

Holland's new state armory will be completed and ready for the local company of guardsmen by July 23. The building is two stories and contains a shooting range, basketball court, billiard room, veterans room, two office rooms and two lounge rooms. Henry Geerds, commander of the company, was instrumental in securing the building.

When Edward E. Marshall, 28 years old, of Muskegon, crept through the gate at the prison where he had just completed a six months' sentence for passing a worthless check, he was placed under arrest by Sheriff R. V. Rogers, of Glasgow, Mont., on a charge of grand larceny. The sheriff and his prisoner have departed for Montana.

Puzzled as to how to proceed with the case of Fred Ross, 18 years old, charged with the murder of Joseph La Plante, Thomas Clancey, prosecuting attorney of Marquette county, has telegraphed Attorney General Dougherty, asking for his interpretation of the state law, relating to minors charged with murder.

Investigation of the recent daring escapes from the branch prison at Marquette, in which Eddie Weisman, Isadore Lynde, Vance Hardy and Joe Defforio shot their way over the walls, was coupled with a report in the state capital that Warden James P. Corgan shortly would offer his resignation.

Many citizens thronged the city commission chamber of Muskegon recently to protest against the sale and removal of Pigeon Hill, largest of the Lake Michigan sand dunes. The dune has been purchased by private interests with the intention of removing it for commercial purposes.

An appropriation of \$3,000 for the entertainment of delegates to the state American Legion convention, to be held in Bay City in September, was granted by the State Administrative Board.

Steps which may lead to the removal of all projecting signs, including expensive electrical displays from the streets of Lansing were taken at a recent meeting of the Merchants' bureau. It was voted to name a committee to visit all the merchants in an effort to obtain a "gentleman's agreement" to remove the signs.

The state administrative board released \$50,000 of the \$270,000 appropriation for a horticultural building at the Michigan State college.

Arrangements whereby a debating team from the University of Michigan will be sent to England in May, 1926 to meet colleges of that country are being completed. While no definite statement would be made by members of the public speaking department, it is known that as soon as guarantees are posted by the English schools, the final arrangements will be made. A special team will be selected from among the members of Delta Sigma Rho, National Honor Forensic Fraternity; according to Prof. Thomas C. Trueblood, head of the public speaking department.

Plans are being completed by the extension department of Western State Normal school for a field trip through northern Michigan, in charge of Dr. L. A. Kenovar, of the department of biology. It is expected that 25 students will make the trip, credit for which will be given toward the life certificate and the bachelor of arts degree. The party will start from Kalamazoo August 8. Points of interest to be visited and studied include the Intelochen state park, Torch and Elk lakes and biological station at Douglas lake.

Ruth Silvernale, 18 years old, a student at Northwestern University, and a daughter of John L. Silvernale, superintendent of the Menominee schools, and Wallace McCormick, 18 years old, a student at Culver Military academy, and a son of G. W. McCormick, president of the Menominee River Sugar Co., were rescued from drowning when their sail-rigged catboat tipped over a mile from shore. The rescue was effected by members of the crew of the U. S. gunboat Wilmington.

The people of Dryden, farmers from various parts of Lapeer county and business men from Lapeer, Imlay City, Almont, Metamora and other towns in the vicinity joined in a testimonial dinner to Maj. Gen. George O. Squier, U. S. A., retired. It was in appreciation of Gen. Squier's action in establishing 40 acres of land as a country club, the first farmers country club in the United States, that the meeting was held.

Each year traffic counts have shown a steady increase in travel on the state highways in the vicinity of Alpena, and this year will be no exception to the rule, as evidenced by the report of one road patrolman south of Mukago, who counted 726 automobiles passing on M 10 within a period of two hours. The count is used by the state to determine the wear on the roads and amount of maintenance needed.

More than 50 resorters at Spring Lake resort narrowly escaped death when the ferry boat Comet, operated on Spring Lake, between there and Grand Haven, caught fire some distance from shore while making a trip. The flames spread so rapidly that the crew barely had time to bring the boat to the dock here before it was enveloped in fire. All of the passengers jumped ashore, unharmed.

The prosecutor's office is considering what action to take relative to Sunday night dancing in Saginaw county. Two places, Riverside park and Indian town, operated in defiance of the old "blue law" officers took the names of a number of persons who were present. The dances were orderly and well patronized.

At the end of the first ten days of the summer session, Western State Normal has the largest enrollment in the history of the school's summer terms, according to John C. Hoekje, registrar. The total enrollment to date is 1,902, which is 18 more than the record breaking enrollment of the 1924 summer term.

Mayor Harold C. Brooks has announced that he will inaugurate a campaign to make Marshall a more beautiful city. He has engaged John Bell, of Chicago, a graduate landscape architect from Pennsylvania State college, to supervise the work.

Henry Ford has begun a new crusade—a crusade to revive the courtly dances of 1850. Ford made this statement after his first attempt to popularize the old-fashioned polka and quadrille at costume party given at the Harbor Beach Casino.

Out of 17,746 cattle tested in 11 townships in Monroe county, 357 were afflicted with tubercular trouble, according to reports received at Monroe by C. L. Burton, Monroe county agent. The test was authorized by the board of supervisors.

An elaborate road-building show will be held in Grand Rapids, Oct. 28 to 30, it was announced by officials of the Michigan Association of County Road Commissioners and Engineers. The State Highway department will co-operate.

The state prison commission is searching for some more effective way of keeping criminals within the walls of the branch prison there. A plan to place a high voltage wire fence along the top of the present prison wall is being considered, according to Alton T. Roberts, a member of that body. Construction of a sharply barbed overhanging fence also has been suggested. Governor Groesbeck is insisting that something be done and the commission is to act at once.

## OPPORTUNITY

There is an old saying that "Opportunity Knocks But Once." Nothing could be farther from the truth.

Opportunity Knocks Many Times. But most folks don't hear it even once.

Opportunity is everlastingly knocking at your door, but it won't fly in the window at you.

The offering for sale of lots in Garden Grove at the price we have placed on them is an opportunity knocking at the door of every man who knows about it.

## YOU HAVE A CHANCE

To avail yourself of the opportunity to make some real money. The profit that we might have made is being passed on to those who grasp the opportunity. Never before has such an offering been made where such a large profit can be foreseen with such a small investment as in Garden Grove.

The purchasers in Garden Grove are getting the property first hand. The profits in Garden Grove are yet to be made.

DON'T SAY THAT OPPORTUNITY KNOCKS BUT ONCE. IT IS KNOCKING NOW. IT ONLY TAKES TEN DOLLARS TO SECURE A LOT, THE BALANCE WILL COME IN EASY PAYMENTS. AT THE PRICES WE ASK YOU CAN'T AFFORD TO LET THIS OPPORTUNITY SLIP BY WITHOUT TAKING ADVANTAGE OF IT.

LOOK THIS HOUSE OVER

COMPARE YOUR PLANS WITH IT. WE WILL BE GLAD TO HELP YOU IN YOUR PLANNING AND BUILDING.

Come and Look Over the Houses that are now ready for inspection. Two of them are almost ready to move into. And the price is low enough that they are within the means of most people. And they are the type of house that any person would be proud to own.

### RURAL CHURCH CONFERENCE TO BE HELD AT HOWELL.

Places Selected by Home Mission Board at Philadelphia Headquarters, as Central Location.

The conference of Rural church workers to be held on the Livingston county fair grounds at Howell August 6-16, with tents for visitors in Gregory and William woods adjacent, and on the bank of Thompson's lake, is not even an affair of the Flint and Ann Arbor districts of the Methodist Episcopal church, but is a plan which is state-wide in scope. While it is especially under the direction of the District superintendents of these two Methodist districts, its sessions are open to everyone and everyone is invited.

By a change in general plans of operation in the Methodist church each of its great benevolent causes has a Bishop'sarga for special work each year—not especially for raising money—but for demonstration of the real value of that board and its work. The Home Mission board have this area this year, which includes all of Michigan and other territory. They are selecting regional centers and holding conferences there. The conference at Howell was planned by the board at Philadelphia, and the location selected as most easy of access to the region sought to be aided. Then they wrote to know if such a conference was wanted at Howell. Local committees were appointed and details are being worked out. Tents will be rented at nominal prices for all who send reservations to Rev. S. P. Bennett, Howell chairman of the local committee. Boats will be for rent and every arrangement made for board and meals, to make the camp a real pleasure as well as a real school of methods along very practical lines.

Dr. Howard Musser will be in charge for the whole period, in charge of devotional services each morning. Mr. Tetreau, a man of wide experience in meeting special problems in town and country churches, is to make a careful study of the churches in this vicinity and churches places and will hold a conference each day. The Misses Baxter and Marvel are making similar studies along young people and Sunday school lines, and will conduct daily conferences relative to local difficulties they find in going about the surrounding country. It is expected that pastors from all over this section, with their families, will be in the camp. One of them will preach each afternoon at 2:30. Old fashioned camp meeting each evening.

On Sunday, August 9th, Dr. Reedy of Detroit will be the morning preacher. At 2:30 there will be a Law Enforcement rally, with a speaker from Washington, D. C.

On Friday, August 14th, the young people will rally. Basket picnic at noon followed by an address by Rev. E. C. Dewey. A similar program on Saturday, and on Sunday a grand young people's rally with Rev. Sidney D. Ely as the speaker.

Details are being shaped up rapidly. The general committee met last Thursday and by next week the whole program can be announced. Both Dr. Harvey G. Pearce, district superintendent of Flint district, and Dr. H. A. Leeson, superintendent of Ann Arbor district are at work with the committees to make the conference a success.

### OFFICERS WON TWO GAMES.

Before an enthusiastic crowd of fans which filled the stands, following the D. H. of C. term, officers base ball team won both games of a double header against the pick of Brightmoor and Wayne ball stars.

In the first game the officers evened up a struggle against the Gotfredson A. C. or Wayne for the drumming received at their hands earlier in the season. Rowland, hurling for the officers at lowed Gotfredson but eight hits out of which only two runs were allowed to develop. The farm boys, looking for delayed revenge, pounded Gotfredson Wayne's star twirler, for twelve hits making eight good runs out of a deluge.

Ferris, one of the officers' stickmen, contributed a home run which was the longest ever made on the farm field the ball clearing the bank back of the road in left field by at least fifty feet. This was his share toward the Warriors' defeat.

The second game which the officers copped was more hotly contested. The Brightmoor boys holding the farmers for five innings at the small end of a 4 to 1 score. For the five innings Woodgate of Brightmoor, had the officers at his mercy, but in the sixth he weakened and allowed six hits, which the officers, feeling the time had come to end the fans' suspense, turned the hits to good account and romped the circuit seven times.

Roman, starting for the officers, was hit freely by the left handed batters from Brightmoor, who seemed to delight in this kind of delivery. However, after Rowland took his turn in the box for the second time during the afternoon the batters from Brightmoor soon faded away.

### STATE CONVENTION OF RELIGIOUS EDUCATORS TO BE HELD IN DETROIT.

A state-wide three-day conversation of the "State or Commonwealth," in so far as it involves moral and religious education is now announced for Detroit, November 4th, 5th and 6th, under the auspices of the Michigan Sunday School Council of Religious Education. The dominate note running throughout the whole three days' program will be "Week Day Religious Instruction," and pains is being taken to bring to the platform an ample number of men and women who from the various angles of experience will present for discussion their own points of view. The entire field of the Sunday school including its extension features will be covered by special group meetings.

### POTATO GROWERS' FIELD DAY.

Saturday, July 18th, Wayne county potato growers visited six fields of Irish Cobblers. This was the final lesson in the series started last winter. There were 15 to 25 men at each stop and all were much interested. Anyone who is interested in the growing of potatoes and who was not able to make the trip will be welcome at any of the places.

The first stop was at Levi Clemens who has eight acres and has controlled leaf hoppers, flea beetles and potato beetles by the use of liquid spray. B. L. Calpin and William Norman were visited next—both men are using dust instead of liquid. The fields of Landis & McKenney, Gilbert, Weller and Arnold Haener were seen in the afternoon—all are

using liquid spray. All the growers are using certified northern grown seed and generally the fields are looking good.

Mr. J. W. Weston, potato specialist from the State College, made the trip with the growers. Arnold Naener, who has the largest acreage and expects a yield of 3,000 bushels treated the crowd to lemonade and cookies.

County Agricultural Agent.

### WAYNE COUNTY FOLKS TO ATTEND FARMERS' DAY AT STATE COLLEGE FRIDAY, JULY 31ST.

Rather than hold a picnic this year, as has been their custom for some time, Wayne County Farm Bureau members, Grangers and friends will attend the Annual Farmers' Day at the State College at East Lansing, Friday, July 31st.

The program is very attractive and starts with a horse pulling contest at 10:00 a. m. (one entry being a team of oxen). There will be a live stock parade, band concert and an opportunity to tour the farm and study the experimental plots. This annual event is a real opportunity to see what the College is doing and enjoy a good day generally.

Tell your friends and neighbors of the plan; take your basket lunch and be on hand early.

Anyone thinks he knows how to run a newspaper

We're no exception to that rule

But we can't afford a newspaper of our own. We're too busy with the lumber and building material business

So we have arranged for this little paper in the Record and will devote it to the news of our yard

We may not talk about "Lumber and Building Material" all the time

We may decide to write poetry or high-brow editorials but we'll at least try to make it interesting and

hope you will watch for "Knot Holes" each week.

Our editorial policy will be simple

First—Good Lumber and Building Material

Second—A Better Northville

Third—Absolute neutrality in politics (safety first).

Oh, yes! and we almost forgot to mention that we have just received another shipment of W. F. W. 24's and 34's. The price is right.

Crumble & Wood are just finishing their work on the H. Strautz residence

Speaking of critical moments how about the moment when Charles razor reaches your Adam's apple just as you have to swallow?

Tunbull, of the Northville Electric Shop has just landed a contract for the electrical work in the new

homes in Coventry Gardens subdivision

He who follows another is always behind observes Ed. Keeney the insurance man.

Bill Etkington is planning to build a new cottage at Commerce Lake. He wants a place of solace, he says, so he can rest after his arduous labors of running that new oil station. Let's all go fishing and help him rest.

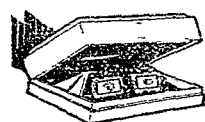

A little rose tells a lawn with a fancy grape arbor—all these little touches add wonderfully to the general appearance of your home. For a very little money you can bring new beauty to your door yard. We can get just what you want, or have it made for you.

RECORD LINERS PAY—TRY ONE.

## U. S. POSTOFFICE ITEMS.

Owners of lock boxes at the post-office cannot use them as call boxes by sending for their mail by others who have not been given the combination. Under the rules, clerks in the office are not permitted to hand out mail from lock boxes unless in case of sickness or other extreme emergency.

Northville is no longer the small village and the Postoffice Department asks that all new comers take particular pains to have their box number on their mail. That also will apply to R. F. D. patrons all the while, as well as those in the general delivery. It is also necessary that married women who receive mail in their given name instead of their husband's have their box number on such letters or papers. Postoffice clerks are not supposed to know everybody's first name. Often letters are delayed for several days in the office because of this very fact. Use your postoffice box number on your mail and ask your correspondents to do so. This is important until such a time as free

delivery is established and that may not be for some little time yet.

## LOCAL.

Dr. H. I. Sparling of Detroit has purchased the business and practice of Dr. W. M. Nelson, who will leave Northville soon to locate at Seattle, Wash. Dr. Sparling comes highly recommended and while Northville people will regret to lose Dr. and Mrs. Nelson they will cordially welcome Dr. and Mrs. Sparling as residents of this community. Dr. and Mrs. Nelson and baby will leave next Monday for a visit with Mrs. Nelson's parents at Cape Cod, Mass., before proceeding to their new home in Seattle. The best wishes of many friends will accompany them.

## NORTHVILLE'S FAME IS SPREADING.

On the 8:45 car from Wayne Monday morning L. D. Hook of Belmore, Ohio, came to Northville to spend a few days to enjoy the good water and invigorating air. He came on the advice of his physician because of an affliction with which he had been suffering for some weeks—throat and bronchial trouble. He spent a few days at Ypsilanti and Wayne while enroute here and while at the latter place was privileged to drink Northville water which his host secures in five gallon jugs for family use. He was feeling much better, and finally decided to come here where he could get all the good water and fresh air he desired.

More and more as the years pass Northville is going to be known as a health resort because of the fact that we have two splendid institutions here—Spring Hill Sanatorium and Eastlawn Sanatorium. These institutions with our good water and invigorating air will advertise this section far and wide.
