VOL. LVI. NO. 5.

NORTHVILLE, MICH. FRIDAY, AUGUST 14, 1925.

\$1.50 PER YEAR, IN ADVANCE.

THIS morning we had AN opportunity to hire OUT on a farm and our FARMER friend said he WOULDN'T ask us to WORK more than about SIXTEEN hours a day AND the rest of the TIME we could have ALL to ourself, and HE promised to pay us WHAT we were worth AND right there the NEGOTIATIONS ended BECAUSE we won't work FOR that, and besides WHEN we work on a FARM we always break A LOT of fork handles, NOT to mention the AWFUL damage we do to THE ham and eggs and THE cherry pie, so, ALL in all, we guess WE'D better stick RIGHT here to the DRUG business.

Sound Advice
About Buying
An Electric Washer

In buying an Electric Washer, make sure to select the one that will save the most work—for, of course, the saving of work is the only reason why you want an electric washer at all. Investigate carefully the size of the washer, because size has an important bearing upon the time it will take for you to do your washing. See to it also that the washer you buy has a gas heater, because this feature eliminates the work of boiling the white clothes in the washbowl. And do not overlook the fact that, if a washer is to be easily kept clean, it must be simple in its construction, free from corners and corrugated requiring painstaking cleaning. In all of these respects you will find that the EASY possesses marked advantages. See it before you make your final choice of a washer.

CROMAN FAMILY REUNION.

The annual reunion of the Croman family was held in the grove at the home of Mr. and Mrs. E. J. Parker in Lima on Wednesday, August 5th, with an attendance of about 60. Relatives were present from Jackson, Munith, Waterloo, Northville, South Lyon, Plainwell, Leoni, Mt. Clemens, Ann Arbor and California. A picnic dinner was served at noon.

A short business meeting was held after dinner. Owing to the recent death of the president, E. A. Croman, of Grass Lake, the vice-president, A. C. Balden of Northville, presided. The following officers were elected for the ensuing years: President, A. C. Balden of Northville; vice-president, T. S. Lincoln of Jackson; secretary-treasurer, Mrs. F. A. Showerman of Ann Arbor; chairman, refreshment committee, Mrs. Elert Mushbach of Munith.

A report was given by the committee appointed to write the history of the Croman family, the same committee to continue its work for another year. Ann Arbor Times.

DEATH OF VERN E. BOWERS.

Vern E. Bowers, a World War soldier, died Monday afternoon at East lawn sanatorium, after four years' illness from tuberculosis. The funeral service was held Thursday afternoon at the home of his brother in Pontiac and the burial took place in the Wisconsin cemetery.

Mr. Bowers was one of the sons of the late Charles Bowers and was born on the Bowers farm west of Wixom, April 25th, 1885. He enlisted in the U. S. army December 10th, 1917 and served as a mechanic in the aerial service. He went over seas and was gassed in the battle of Verdun and the Argonne. After the war he served in the army of occupation until his discharge in July, 1919. He is survived by his mother and six brothers and six sisters.

The deceased was a member of Lloyd H. Green Post, American Legion, of this place and members of the post attended the burial services at Wixom.

BETTER COME OUT, BROTHER AND LOOK AROUND.

The fellow who wrote the historical sketch which appeared in the Free Press of Sunday telling of the early history of Amherstburg, Ont. and its old fort, had better come out to Northville some Saturday afternoon and remain until midnight. If he will he will change his mind about Northville being as quiet and sleepy as Amherstburg. The author of the historical sketch probably does not know where Northville is located, to say nothing of being familiar with business conditions here.

Come out brother, and try and find a parking place for your car any time after eight o'clock any Saturday night. Should you get lost this far away from home some one here will show you the way back to the city.

BURIAL AT WALTZ FRIDAY AFTERNOON.

The funeral services for the late John Schwab who died in this village last week Wednesday were held at Schrader Brothers' funeral parlors on Friday afternoon and were conducted by Rev. A. K. MacRae of the Baptist church. There was a large number of relatives to pay their respect to the memory of the deceased. Besides his wife he is survived by two children, three brothers and two sisters.

Burial took place at Waltz and the procession barely escaped the cyclone which passed over a strip of country a few miles from Wayne. From a distance those in the procession witnessed the wrecking of a barn and the uprooting of some trees by the wind.

NORTHVILLE PLAYS AT WAYNE TO-DAY.

The Northville ball club will play at Wayne's big homecoming this afternoon (Friday) against the Romulus team. The winner of the contest will again play on Saturday at Wayne, contesting the Wayne County Good Roads team. Good purses are offered each day for the winners and Manager George Hicks is scouting for a goodly bunch of "rooters" to accompany the local players to Wayne. The base ball grounds there are new, very much up to date and are appreciated by both players and base ball followers.

WORK STARTED WEDNESDAY.

Work on Northville's new play house was started Wednesday morning when a force of men was set to the task of excavating for the basement and the trenches. The work of construction will be pushed with great vigor by Contractor Patterson of Plymouth.

AT HOLLY—NORTHVILLE 6; HOLLY 7.

The Northville ball team went to Holly last Sunday for their first game in a three game series with their old rivals in base ball. From the beginning it was a real game and so it ended. It was either tie or see-saw throughout the entire contest. Our local players outthit and outfielded the Holly club but from all reports the Holly umpire outtimpired the Northville boys. This is the first report coming from our local players and local fans that a contest was actually lost through decisions of an arbitrator of the game in a long time. In fact, players of mild dispositions, dignified and usually able to swallow bad pills in base ball were very outspoken and protested with emphasis, many decisions made at critical points where it meant disaster to the Northville team. But our local fellows have swallowed the pill, admitted the defeat by the score of 7 to 6, and still believe in the contests to follow that they will be able to prove their assertions of protest. Not one argument between opposing players of Northville and Holly, entered into the game. There is no ill feeling among the players and both teams have always had a very friendly feeling toward each other but it must be admitted that the chagging of the umpire last Sunday was a bad mistake. No blame is placed on the players.

The Daniels Sales club of Detroit will play here next Sunday and by the time that is over the past Holly game will be forgotten. The coming club is one of the best ones in the big city and are well known here, having played in the fair tournament last fall and defeated later in a red hot game 7 to 5.

MANY GOOD TEAMS BOOKED.

The Northville ball club has some excellent talent coming for strong opposition soon. The strong Daniels Sales team will be here next Sunday, Holly will come a week from Sunday and the Windsor Colored of Birmingham will follow. On Saturday, August 22nd, the local club will go to Milan for a game and on the 27th will find them at the Brighton homecoming. A trifle later the Detroit Firemen, who are playing the New York Firemen this week will come to Northville for a game. By this schedule you will see that the local management are playing the best semi-pro clubs of the country and the team that now represents our village is capable of meeting those teams for good contests.

MRS. DANIEL SHAFER DIED IN ANN ARBOR.

Mrs. Daniel Shafer a resident of this village for many years died at Ann Arbor last Friday night after a long illness. She had the misfortune to fall some months ago and to sustain the fracture of her hip and this misfortune was followed by other serious complications and the end came as a sweet relief. The remains were brought to this village by S. H. Adair Brothers and prepared for burial. Funeral services were held at the Baptist church Monday being conducted by Rev. A. K. MacRae. Burial took place in Rural Hill cemetery. She is survived by one son, George Shafer of this place.

JOHN NEAL DEAD AT ORION.

John A. Neal brother of F. S. Neal and Mrs. George Baker of this village died at his home in Orion Monday afternoon of this week. He had been publisher of the Orion Review for upwards of forty years and was well known in Oakland county. He leaves besides his wife, one son George who has had general charge of the business for a year or more past. The funeral was held from the home on Thursday of this week. Mr. Neal had been ailing for a year past but had not been thought to have been in a dangerous condition until lately. He was but little past sixty years of age.

STATE NEWS
IN BRIEF

Flint—Although she drank a pint of gasoline 20-month-old Helen Partira will recover, it was predicted. A stomach pump was used to save her life.

Grand Rapids—Dr. P. M. Olin, state health commissioner, has notified city officials he will object to any delay in completion of the municipal sewage disposal project now under way.

Cadillac—A woman's auxiliary to the Michigan Rural Carriers' Association, with Mrs. Fannie Cooks, of Lowell, as president, was formed here during the carriers' annual convention.

Houghton—The village of Hubbell, with its principal street almost on the banks of Portage Lake, has an acute water shortage. The village gets its drinking water from wells which were discovered to be almost dry.

Kalamazoo—It took nearly five years for the Postoffice Department to deliver to William Tisdale, now county clerk of Allegan county, a letter that was mailed from this city to his home in Saugatuck, Dec. 21, 1921.

Jackson—Aug. 13, 14 and 15 will mark the passing of the teachers' examinations in Michigan, as the last examinations will be held on these dates, under a law passed some time ago, which does away with such examinations Sept. 1 of this year and requires a year of professional training instead.

Port Huron—J. A. MacLaggart and Newton company, accountants and auditors, who just have completed the audit of the city accounts, report that there would have been a deficit in the city's general fund at the close of the fiscal year if current bills and temporary loans amounting to more than \$60,000 had been paid.

Grand Rapids—Reports of 21 automobile accidents in Grand Rapids in one day, together with the fact that there have been 18 fatalities in automobile accidents since Jan. 1, and more than 3,000 accidents recorded during that time, caused City Manager Fred H. Locke, to issue orders to Superintendent of Police A. A. Carroll to strictly enforce the speed laws in the city district.

Jackson—Police have arrested 18 boys ranging in age from 11 to 15 years, alleging that in the last several months the boys have caused damage amounting to hundreds of dollars to the property of the New York Central Railway and the Cincinnati Northern. It is alleged that the boys have been shooting insulators from telegraph and telephone poles, breaking lights, and attempting to wreck trains by placing ties, chains and iron bars on the tracks.

Jackson—J. N. Hemphill, of Kansas City, Mo., who had been driving continuously for 60 hours on his way to attend a convention in Detroit, accompanied by his wife and baby, went to sleep at the wheel of his car on M-17, east of Jackson, and the car plunged through a guard rail and into a six-foot ditch. Mrs. Hemphill and the baby were hurled through the windshield and were cut and bruised, but were not seriously injured and he driver escaped injury entirely.

Grand Rapids—Department of Justice investigations in the district of Western Michigan now are being handled entirely out of Chicago. It was disclosed by District Attorney Edward J. Bowman "So far as local government authorities are aware this means the abolition of the bureau of the Department of Justice maintained in this city for years. Under the new arrangements Bowman is obliged to appeal to the Chicago office each time he desires an investigation in connection with a Federal case."

Jackson—Attorneys had to contain damaging evidence against several local city officials were in possession of James Frank, former newspaper publisher, for presentation to the grand jury. Prosecuting Attorney John Simpson demanded the affidavits from Frank. He says he is the proper person to present them but Frank refused to surrender them. Malfeasance and misconduct in office and several other serious charges are to be brought against officials and private individuals, it was reported.

Jackson—The purchase by the Jackson county board of supervisors of five parcels of land as lake sites for parks, adds to the chain of county parks planned, a total area of 311-2 acres with a shore line of more than 2,000 feet. A site at Clark lake, purchased several weeks ago, was the first step made in the plan for a chain of lake parks. A 12-acre tract on Vineyard lake, six acres at Clear lake, eight acres at Pleasant lake, two and one-half acres on Big Wolf lake, and three acres on Gillett's lake will be the new park sites.

Detroit—The purchase of the Stout Metal Airplane company by the Ford Motor company has been officially announced. The action is in harmony with the company's policy of playing a lone hand. The way is now opened for the Fords to push their aeronautical research as they see fit, without being retarded by a variety of opinions on the necessity of explaining their point of view to committees or stockholders. The financial consideration was not made known, but it is estimated that the amount involved will reach \$1,000,000.

Iron Mountain—Deer are so plentiful in this section of the state this year that farmers of the upper peninsula have complained of damage to crops.

L'Anse—The village treasury is richer by \$36,000 following payment of that amount in taxes by the Ford Motor Company. A portion of the amount was for a sewer tax levy. Ford pays two-thirds of the taxes here.

Benton Harbor—Clarence Darrow, Chicago criminal lawyer and counsel for the defense in the recent Scopes evolution case at Dayton, Tenn., was elected president of the Michigan Field Club at a meeting of the directors here. The Michigan Field Club is a golf club organized by Benton Harbor and Chicago men.

The decision of Judge Parkinson followed several weeks of study of allegations contained in numerous affidavits.

Lansing—Arrests in Lansing for the month of July showed a large increase over the same month last year. The monthly report revealed. During the month just closed 567 arrests were made, as against only 332 last year. More than 200 of the arrests were for traffic violations, and of these 159 were made in one night, when a surprise drive was launched.

Muskegon—The Grand Rapids, Grand Haven & Muskegon Railway Co., the one interurban line in Michigan not in the hands of a receiver, is carrying the fight to the business. In an effort to compete with the bus lines, which the company officials say is driving the interurban out of business, rates have been slashed and special inducements made to obtain patrons.

Port Huron—The city of Port Huron has protested officially to the federal sanitary authorities at Chicago against the government dredges at work in the channel near the lighthouse, of dumping earth into the river channel above the intake pipe of the city water works. The practice has ruined the city water and has made it necessary to use an unusual amount of chlorine. It is claimed.

Jackson—Having discovered some of the property of her late husband, as well as \$1,500 which he had deposited in a Pittsburgh, Pa., bank, Mrs. Christian Nelson of this city awaited information from Iowa, where she believes her husband had vast estates. Flint—Immediately after having been informed that a Port Huron relative had bequeathed him a gasoline station as a legacy, Earl Brooks, a Flint traffic policeman, drove his machine to police headquarters and there left a note to Inspector John MacDonald, head of the traffic bureau, informing the latter he had resigned. The ex-officer then hurried from the station to go to Port Huron to take charge of his new business.

No successor has yet been named to succeed Prosser, who is now serving a term in Jackson prison.

RETURNS FROM GAS AND WEIGHT TAX LAWS.

The total net amount of gasoline tax collected by Charles J. DeLand, secretary of state, for the first five months that revenue law has been in effect, is \$3,199,609, or an average of over \$600,000 a month net. If that average is maintained, and it may be increased by future months, this tax will net the state considerably more than \$7,000,000 for this year.

The new weight tax law for levying and collecting the annual license fee for motor vehicles, also became effective February 1st, and up to July 29th showed total receipts of \$12,318,045. This is a little more than the total license receipts for the same period of last year under the old law. The license receipts for the remainder of the year will be light, and particularly so after September 1st, when the license fee is cut in two, for the balance of the year. From these figures it seems likely that the state will receive at least \$20,000,000, and probably more, from the gasoline tax and the weight tax this year. These funds are used to build roads, pay the counties \$6,000,000 for local highway purposes, and pay interest and create a sinking fund to retire highway bonds when they fall due—Michigan Investor.

AND THIS IS TRUE.

Abe Piper recently spent a few days at Walled Lake and while busily engaged angling for members of the funny family a game warden appeared. Piper had just previously landed a good sized bass and had the "animal" tethered to a stake at the water's edge. The warden, in rather a gruff overbearing manner, called to the busy fisherman that it was a closed season on bass. With a display of remarkable diplomacy for which Northville's fisherman is noted, he replied "Oh, I wouldn't think of taking that fish, but while fishing for minnows the son-of-a-gun kept taking my bait, so I just tied him up. I'll let him go when I am through fishing, sir."

WALLED-LAKE WOMAN IN AUTO CRASH.

Slight damage was done to two cars when they collided at Pine and west Huron streets Monday afternoon at 3:30 o'clock. The car driven by Mrs. Clyde Hazen of Walled Lake was struck by a machine driven by Charles Gunderman, 29 Adams avenue. Mrs. Hazen was driving west on Huron street and Mr. Gunderman was turning east on Huron from Pine street when the cars came together. The front left wheel of Mrs. Hazen's car was broken and the left rear fender of Mr. Gunderman's machine was dented.—Pontiac Press.

Novi-News.

The Taylor families had a pleasant family gathering at Belle Isle, Sunday.

Nice warm weather in Florida—so says a report from Mrs. Geo. Taylor. Had been 98 for several days.

Mr. and Mrs. Jay Button are rejoicing over the arrival of a little daughter, Barbara Marlene—August 6th.

Mr. and Mrs. Adams of near Flushing, have been spending the past few days with the latter's brother, Rev R O Thompson.

Mrs. R. O. Thompson and daughter, Joy, have returned from Kalamazoo, where they attended the summer assembly and Bible school.

Bert Leavenworth has built a large addition to his garage, making an up-to-date building and a great improvement to that particular spot.

The garage being built on Grand River on the Kenner property is nearing completion and will be a credit to the proprietor and to Novi as well.

Mrs. Philip Taylor and son, Russell, Mrs. Lizzie Coates and Mrs. Ed. VanDyne motored to Ann Arbor last Wednesday to see Warren VanDyne, who is being treated at the University hospital.

We are glad to know that our little village is growing and there would be still more building and improvements of some one who has lots for sale would open up and give a chance to those who would invest.

Our Own Little Town.

There are fancier towns than your own little town.

There are towns that are bigger than this.

And the people who live in a little old town.

Don't know the excitement they miss.

There are things you can see in the weather town.

That you can't in a town that is small.

And set up and down, there is no other town.

Than your own little town, after all.

It may be quite true that the streets aren't long.

Nor as wide and perhaps not so straight.

But the neighbors you know in your own little town.

All welcome a fellow—it's great!

In the glittering streets of a glittering town.

With its palace and pavement and thrall.

In the midst of its throng you will frequently long.

For your own little town after all.

If you live and you work in your own little town.

In spite of the fact that its small.

You'll find it a fact that your own little town.

Is the best little town after all.

If you talk up your town—and you boost your town.

No matter if now it is small.

You can help it to be what you'd like it to be.

A good little town after all.

OAKLAND COUNTY AFTER DOG OWNERS WHO HAVE NOT PAID TAX.

Whole-sale arrests of dog owners who have failed to pay the state license on their canines have started.

Prosecutor Clyde D. Underwood.

The prosecutor says he is prepared to go into townships and serve our complaints against every person who has been reported by the township assessing office as possessing a dog and who has failed to make application for a license.

To start the ball rolling the prosecutor has been supplied with a list of 59 names of Rose township residents who have not paid their dog licenses.

He plans on going to Holt the early part of next week to order the arrests.

A penalty of not to exceed \$100 fine and imprisonment in the county jail for not to exceed three months is included in the law under which the prosecutions will be made.

Dog licenses were due June 15th and since then Fred Dernberger of the county board of auditors has been going about the county stopping in each city, village and township to issue the license.

Notice has been given in advance of his coming. A charge of \$3 is made for male dogs and \$6 for females.

We are going to enforce the state dog license law if we have to arrest everybody in the county who owns a dog and has failed to pay," stated Prosecutor Underwood.

"Mr. Dernberger is going to supply me with lists of every dog owner who has failed to come through with the license and as fast as I can reach them I am going to see that complaints are made and warrants issued. After we have made examples of 50 or 100 persons maybe it will help convince others we mean business."

The dirigible Shenandoah probably will make a special trip from Lakehurst, N. J., to Detroit, the last week in August, to test the mooring tower at the Ford airport.

GARDEN GROVE

"OUR RESTRICTIONS ARE YOUR PROTECTION"

LUCK!

"Good luck will carry a man over a ditch, if he jumps well; and will put a bit of bacon in the pot if he looks after his garden and pigs. Luck taps at least once in a life-time at everybody's door, but of industry does not open it, away it goes, but if industry does not open it, away it goes."—Charles H. Spurgeon.

We see men and women every day who cause us to stop and say to ourselves: "How lucky he is" or "how lucky she is." We look about us and see men and women of old age who are comfortably situated, they have their home, and enough of an income to "take the rest of life easy," and then we say to ourselves how lucky they are.

As a Matter of Fact it is not luck. The thing that most folks call luck is nothing more or less than the result of earnestly, tediously, painfully worked out plans. People who are independent in old age are not those who have been lucky, but those who have been willing to sacrifice, those who have planned their work and then worked their plans, those who have paved systematically, and those who have put twice as much money into articles of permanent value or investments, as into needless indulgence.

In Garden Grove we offer to those who are willing to do with a little less of the "luxuries," a good sound permanent investment at a present saving and an undoubted future profit.

Everywhere you go you hear of the wonderful success of Garden Grove. Some say we have been lucky. We don't call it that. The success of Garden Grove has been the result of hard, earnest, persistent work. We have worked hard to make Garden Grove the best of its kind, we have put the price of our property below the average, but we have put Garden Grove in a class by itself. We have been well paid for our efforts, and the people who have invested and those who will invest will be as much paid for theirs. We don't want all of the profits, we are passing an immediate profit on to the purchasers. Ask anybody who has bought here.

In a short time some people are going to say "I'm Glad I Did" and others are going to say "I Wish I Had." Which class will you be in? By investing a few dollars in Garden Grove, you will be helping to put yourself in a position where people will say about you "Isn't he lucky?"

Let us Show You today how easy it is to Buy a Lot and Build a Home Here. Ten Dollars will Start You, and it will be a start you will never regret. Look over the homes we have already built here, then bring us your Plans. We are sure that you will soon have that home which you have been waiting for.

CHEVALIER LEGALLY RELEASED.

Capt. Edward Denniston, superintendent of the Detroit House of Correction, was a caller at this office last Saturday and he informed The Record that he had a legal release for "Frenchy" Chevalier on file in his office and that without such a release no one is given their liberty at that institution.

It is understood that Chevalier made an appeal from the sentence of the justice court and he was released pending the hearing of his case, giving bonds for his appearance.

This case attracted unusual attention and the fact that he was so soon released after receiving his sentence caused local officers and many Northville people to believe that some favoritism had been shown. That was the reason that prompted The Record to begin its investigation. We are convinced, however, that the opinion obtained by a great many people in this section was not the correct one. Everything in connection with the case has been regular and Chevalier had a right to make his appeal from the terms of the sentence, just as any other citizen.

The Record has no desire to deal unfairly with Chevalier or any one else. We have no feelings of animosity against him, but we do not believe in the business of selling liquor and that was the thing we were striving to hit and we shall continue to strike the monster whenever and wherever it raises its head. Our present prohibition law is here to stay, and while it may have its short comings the Eighteenth amendment to the federal constitution will never be repealed. It was adopted by three-fourths of the states and it will take an equal number to change back to the old order of things. The sooner all citizens make up their minds to obey the provisions the better things will be throughout the country.

COX FAMILY LEAVE REUNION AT DEFERMENT.

The Cox family held its fourth annual reunion at Recreation Park, Saturday, nearly 100 being present. Members of the family present came from St. Catharines, Canada, Tecumseh, Clinton, Northville, Waterford, Ann Arbor, Ypsilanti, Willis, Wixom, and vicinity.

At the business meeting held following dinner served at 1:00 o'clock, Daniel Cox, president of the group since its organization was re-elected president for 1926 and Mrs. W. W. Weaver, secretary and treasurer, was re-elected. Earl Cox, Jr., Mrs. Marion Phelps and Mrs. May Cox were elected a committee to have charge of the 1926 reunion to be held the second Saturday in August at Recreation Park. A program committee composed of Dan Elliott, St. Catharines, Ona Kelly, Tecumseh, and Claude Gotts was elected.

It was reported that there had been one death, one birth and one marriage in the family during the past year.

Joshua Cox, Willis, who was 87 last March was the oldest member of the family present and Darwin Earl Cox, 10 months old son of Mr. and Mrs. Earl Cox, Willis, was the youngest.

During the afternoon games were played and prizes awarded. Mrs. Bertha Mahrie, Clinton, Vern Cox and Barlow Smolens being the committee in charge.

Mrs. Earl Cox, Mrs. James Cox, Henry Cox and Alonzo Smith were in charge of this year's reunion—Ypsilanti Press.

COUNCIL GRANTED EXTENSION OF TIME FOR SEWER CONNECTIONS.

The council has granted an extension of time for the installation of sewers.

Many have delayed this important task until the last minute and there are now many orders ahead.

There are a number whose dwellings have no bath or toilet facilities nor any room in which to install this equipment. To such there is expense which they are not able to handle all at one time.

The total number of sewer connections is increasing and the unconnected ones are narrowing each week. If all who are able will get on the job at once the sewage problem will be well in hand by the time snow flies.

When this sewer matter gets to the final stage it will go to the State Board of Health and their help will undoubtedly bring all the property owners to see that it is not only the right thing to do but is a necessity.

C. A. DOLPH,

Mrs. A. D. Gallery of Caro spent the week-end at the home of her father, L. C. Mead.

BAPTIST CHURCH NOTES.

Glad to hear such good reports of Mr. Mason's sermon.

Mr. Mason will preach next Sunday morning and evening, and will also have charge of the prayer meeting on Thursday.

Rev. F. L. Spring of Port Huron, will preach Sunday, August 23rd, both morning and evening.

The pastor and his wife are having a good time at Long Lake. They are occupying Mrs. O'Donnell's cottage.

PRESBYTERIAN CHURCH NOTES.

There is an increasing and widening conviction that Christian education is confronted with a unique opportunity for a world-wide service. It is becoming more apparent every day that secular education is not sufficient to solve the problems that are pressing for a solution. The vital accumulation of knowledge may be employed to destroy criticism. President Coolidge said: "Not what men know but what they are disposed to do with what they know will largely determine the rise and fall of civilization."

From A. B. C. to A. B. in Christian education will be shown Sunday morning at 10:30. Special offering for this work.

ST. PAUL'S LUTHERAN CHURCH.
Next Sunday at 10:30 a. m., service in English. Rev. Arthur Eissfeldt from Winnipeg, Manitoba, will deliver the sermon. Theme of sermon, "God's Messengers." A week from next Sunday, August 23rd, the congregation will celebrate its annual mission festival. Service in the morning will be held in German. Rev. H. Voss from Frankenthum, Mich., will occupy the pulpit. The afternoon service beginning at 2:30 will be held in English. The mission sermon to be delivered by Rev. Arthur Eissfeldt, pastor at Winnipeg, Manitoba, and secretary of the Lutheran Immigration Board of Western Canada. The Reverend with his wife are visiting with their parents Rev. and Mrs. Carl Eissfeldt.

Fellow Lutherans from Chassenville, Plymouth and the city attended the congregational picnic last Sunday afternoon. It was a nice social gathering.

METHODIST CHURCH NOTES.

"God's Rainbow Around You" will be our meditation next Sunday morning. We are glad you took the suggestion of last week's notes. The power in any service on our souls depends upon the presence of the congregation, as much as the message given from the pulpit. Follow up this interest and we will find the Sabbath day with the interesting and with the truth of our new Sunday's subject. Time, 10:30.

The Bible school will meet at 12:00 noon, when the pastor will emerge his class with the Dolph Bible class, during the absence of Mr. Dolph for the next two Sundays.

No evening service until September the 6th.

Our Spiritual Viewpoint.

Nobody loves the winner but the winner.

Every sin is a poison to the spiritual system.

Religious coasts always seek and attain a lower level.

The Lord never has been able to gain admittance to an exclusive set.

When a dollar makes a man stuck up, it has struck the wrong man.

When the Lord Jesus has his way, the dull ear becomes keen, and the dumb tongue carols glory.

THE WORM HAS TURNED.

While Ray Casteline was a Northville lodge at his couple of weeks ago fishing was poor and as a result he did not land any of the big ones for which that section has become so famous with Northville people. His failure to catch any of the prize beauties gave N. C. Schrader an opportunity to do a good deal of "roasting," and he declared often that when he went up there he would show him how to land the big ones.

On Tuesday word was received from Mio that Mr. Schrader had not been able to secure any fish and that rations were running pretty low, so in order that there should be no "suffering" on the part of the women and children of the party a committee was appointed by the Exchange club at its meeting on Wednesday to forward to Mio a quantity of fish to replenish the food supply. If no better luck is reported by another week some pork and bacon will be forwarded by parcel post to Northville lodge, Mio, Michigan.

THE BRIGGS SCHOOL REUNION.

The annual reunion of the Briggs school in Livonia township will be held at the school house on Saturday, August 29th. All former pupils and teachers are urged to attend picnic dinner.

Congressman Grant M. Hudson of Lansing was a Northville visitor yesterday. He had been in Oakland and Wayne counties for a few days and he was met here by his daughters, who motored over from Gull Lake, where the Hudsons are spending the summer.

NORTHVILLE IS GROWING.

According to the school census recently completed there are 675 children of school age residing in this district—Fractional No. 2, Northville and Novi. Basing the estimate on the figures usually used in such cases this would give Northville a population of more than 2,700.

STAINING THE EARTH

WITH CRIME

A longer list of crimes is charged to bootleggers and those who support them than any other class of law breakers extant.

They are having their inning now but the powers working for righteousness—the forces that build instead of tearing down—will have theirs and then the cowards of darkness will flee.

All men need to know again that God is not mocked—deceived—hood-winked. His will shall prevail. Evil must go down to defeat.

The folks who have a regard for constitutions—for rules—for laws—for regulations will one day come to reckoning. The road may be long and seem perfectly safe—BUT—it is not.

Victory—complete—continuous will come to the prohibition forces. Those who say no are wasting a lot of verbal dynamite.

MINE PARLEY MAY
BE RESUMED SOONThreatened Coal Strike Ex-
pected to Be Averted—
Coolidge Optimistic.

Atlantic City, N. J.—Negotiations between operators and miners in the anthracite coal fields may be resumed and the suspension of work, now threatened for September 1, averted, according to reports prevalent here.

The optimistic outlook for settlement of the wage differences which have blocked signing of a new contract to supplant the one which expires on August 31 was based on intimations that the miners would adopt a more conciliatory tone. The way for a resumption of the parleys, which were broken off when Samuel D. Warner, chairman of the anthracite operators' committee, denied that the employers' representatives at the conference were "supernumeraries" was opened by Mr. Warner's second letter. Mr. Lewis' attitude reinforced the reports of a resumption of conferences. It was indicated that his answer would be fully as conciliatory as the peace overture of the operators' leader.

Swampscott, Mass.—President Coolidge believes that the anthracite coal negotiations broken off at Atlantic City will be resumed in the near future by the miners and operators, it was officially stated at White Court.

Vice President's Last

Trout Biggest of Them All

Lincoln, Neb.—The last fish was the biggest of all, a beautiful dappled mountain trout, hooked on the final day of the stay at Wagon Wheel Gap, and it made the total catch of the nine days' vacation at the gap an even 100. Not bad for an amateur fisherman, eh?

This was the triumphant report made by Vice President Charles G. Dawes on his arrival in Lincoln.

Other members of the party declared the vice president's recital of his fishing exploits was modest.

"Free trading," as N. A. Linderberg, deputy collector of customs here, put it, exists on the boundary between Canada and the United States, despite the import duties.

"With a 42 cent duty on each bushel of wheat," Mr. Linderberg declared, "it proves highly profitable for farmers of the dominion to run their grain over the border for sale in the United States, and cars, trucks and wagons are used in day and night trips."

NO MORE TEACHERS' EXAMINATIONS.

The last teachers' examinations to be held in Michigan are being held this month in the various counties of the state. For Wayne county they were held last week Thursday, Friday and Saturday.

Act 136 of the Public Acts of 1921, sounded the knell of the time honored institution which gave the public schools the men and women to shape the future careers of its boys and girls.

The act provides that from a date five years from its becoming a law, no person might be engaged to teach in the schools of the state who did not possess a diploma or other credential from a normal training school in which actual study work has been pursued. The Detroit Teachers' College was included as a normal training school.

A diploma from a normal training school entitles its holder to a life certificate to teach. Temporary certificates may be granted for completion of part of the course.

The state certificates issued on the basis of the county examinations entitle the holder to teach four years if first grade, three if second grade, and one year if third grade. When these certificates expire they can not be renewed.

FORD PRODUCTS SHOW BIG GAIN.

During the month just ended the Ford Motor company did a record July business in every direction, it was announced Thursday at the Highland Park general offices. Domestic sales of Ford cars and trucks totaled 167,626 in July, exceeding by 6,152 those of a year ago. Sales of Fordson tractors were 3,300 greater than last year and 207 more Lincoln cars were delivered to customers during the month than in July, 1924.

On the basis of branch reports received early in July the company anticipates an increased volume of business. Although it was predicted that summer buying would raise to a higher level the demand for all Ford products during the month exceeded expectations.

The outlook is for increasing business in August.

One of the chief indications of this is in agricultural sections, where farmers are coming into the market in rapidly growing numbers. Evidence of this is found in the remarkable sales of Fordson tractors during July.—Detroit Free Press

FORD COMPANY BUYS AIRPLANE FACTORY TO CARRY ON RESEARCH.

In order to carry on unhindered research in aviation, the Ford Motor company has purchased the Stout Metal Airplane company at a cost of about \$1,000,000,000, it was announced last Thursday evening.

The purchase is in accord with the Ford policy of being entirely unhampered by requirements by stockholders and committees. Credit for the move is given to Edsel Ford.

"What the Ford Motor company means to do is to prove whether commercial flying can be done safely and profitably," states Henry Ford of the transaction.

An Stout will continue to manage the factory, it was announced.

Caesar is now frequently used as a Christian name. As applied to the Roman emperors it was a title. It was the cognomen of the Roman family Julia. In this sense it was used by seven rulers. It died out as a family name with the death of Nero, but was subsequently revived as the title of the reigning emperor.

**CABINET MEMBER ENDORSES
"LEGION ORPHANS' FUND."**

Sponsoring the effort to establish a \$5,000,000 American Legion endowment fund for disabled veterans and orphans, the work of raising Michigan's share, now being under way, Secretary of Agriculture W. M. Jardine has accepted membership on the national honorary committee of the fund.

In a letter to National Commander James A. Drain, the Secretary of Agriculture says:

"I am happy to accept your invitation on the National Honorary Committee of the American Legion Endowment Fund. No one can fail to value highly the sound, practical step which the American Legion has taken in establishing this fund. It should appeal to Americans everywhere as a practical demonstration of patriotic zeal applied to a great educational purpose. Your program is logical, progressive and humane. I feel confident that it will receive the whole-hearted support of the public."

The other members of the president's cabinet have accepted places on the national honorary committee, of which President Coolidge is chairman, and associated with them are the highest officers of the army, navy and marine corps, besides the leading figures in nearly every walk of life.

How It May Work Out

A cynical old bachelor says that "Stop, Look and Listen" may be a safety sign when it refers to trains, but if one stops and looks at a pretty woman there is danger that he may have to listen to her later on.—Boston Transcript.

NORTHVILLE FAIR NOTES.

The foundations are in for the new addition to the grand stand, for the addition to the poultry house and for the new horse barn which will be 56x120 feet in size. Work of constructing these buildings will be rushed.

A. C. Balden has offered a silver cup in the better baby contest and many other special prizes will also be given. Entry blanks will soon be issued and they may be procured from Mrs. Flora Larkins, superintendent, or from the secretary.

The free attractions this year will surpass anything ever offered Northville fair visitors. These will be presented twice daily on the big platform directly in front of the grand stand.

Several bands, besides our own municipal band, will be on hand during fair week for the entertainment of the people.

Fair visitors will remember the exceptional display of corn made last year as a result of the efforts of County Agent Carr's corn club. Well, this year he is organizing potato clubs and it is expected that the display of tubers will be very attractive.

Tuesday and Wednesday the programs will be different than any that have been presented at the Northville fair. There will be a real horse show in which many of the best saddle horses in Michigan will take part.

With the completion of the new addition to the poultry building the display of poultry and pet stock will be larger and better than at any previous fair. The display of pigeons will be especially large and interesting while all other lines will be enlarged.

Messrs. E. A. Fuller and G. B. Richardson have charge of this department and they certainly know how to put a good show across.

The boys' and girls' clubs of the county will be given more attention this year than at any previous fair, liberal prizes being offered in a number of departments in which they are especially interested.

There will be the usual base ball tournament with ball games for five days. The contesting teams are now being signed up.

It is expected that the horse show which will take place on Tuesday and Wednesday will attract a large number of Detroit people, those who are especially interested in saddle horses.

The fruit display this year will be in charge of Harry G. Rackham, superintendent and he is already planning this exhibit and urging the co-operation and assistance of all fruit growers in this section. He promises a very attractive show of fruit.

Now is a good time to plan your vegetable exhibit. For the past few years this department has attracted a great deal of attention and it is the desire of County Agent Carr and his assistants that this year's show shall be larger and better than ever.

TWENTY-FIVE YEARS AGO

Items taken from The Record files of 1899, for the week corresponding to this week.

J. H. Steers has leased the corner store and will shortly move his hardware stock therein.

Jess Tarbell, a student of the U. of M. law department, called on W. T. Gurr and family, Tuesday.

Mr. and Mrs. B. Freydl and child returned this week from a visit at the former's home in Mt. Vernon, Ohio.

Wm. Phillips was taken seriously ill Tuesday with an attack, bordering on peritonitis. His many friends will be pleased to know that he is now improving and that the danger point is past.

Mabel Harrington entertained a few of her young lady friends at her home Saturday from one-to-eight o'clock p. m., in honor of her friend, Miss Julia Booth of Chicago.

Prof. J. Henry Smith, Northville's well known musician and musical director, and his wife and child have just finished a two weeks' outing near Webster Mass., a famous summer resort. Mr. and Mrs. Smith will be welcomed home to Northville again in about two weeks.

C. A. Sessions, of this place succeeded in capturing the democratic nomination for the legislature at the Belleville convention last week. The nomination of two men for the same office from the same town is very unusual, but there is still plenty of good timber in Northville and good men for the whole state ticket could be found here.

S. W. Carrington & Co., is a new Northville firm organized for the purpose of manufacturing wood novelties in the way of sanitary supplies. The company is now getting its machinery in shape and expects shortly to begin business. The company will start out in a careful manner and increase the business as fast as the occasion warrants. Mr. Carrington's genius and business ability is sufficient guarantee of the future success of the institution. The work will at present be carried out in the Globe factory.

Clerk Nickols reported that the treasurer has thus far collected \$1,600 in taxes and there was \$1,400 yet to be collected. He also reported a balance of \$4,290.67 in the general fund and electric light fund, \$3,000 of which was borrowed from the bond money. In the highway works there was \$69.93 and in the water works, \$140.12. On October 1st, he said \$388 more would be due on the stone crusher and \$687 semi-annual interest on electric light bonds. The council thought the funds were getting low and a cessation of street work was ordered.

PLYMOUTH HAS NEW BUSINESS FIRM.

A new business firm has succeeded A. H. Dibble & Son at Plymouth the name of the firm being Green & Jolliffe, who are well and favorably known to the people of this section of Wayne county.

For the past sixteen days a great closing out sale has been in progress at this store. Beginning today a reorganization sale is announced by the new firm who will continue the sale for the remainder of the month at least. A new and complete line of shoes, clothing and furnishings has been purchased by the new proprietors which is arriving daily.

The A. H. Dibble & Son store was one of the oldest and best known firms in Plymouth and has enjoyed a most prosperous business for many years. Harry Green the senior member of the new firm, has been with the Dibble store for the past ten years and before coming to Plymouth he was with the H. G. Wells Wholesale Shoe Co. of Chicago, Marshall Field and the Sorosis Shoe Co. of that city. He has a wide experience in every department of the business in which he is engaged.

Harold Jolliffe, the junior member of the firm, has had considerable experience in the mercantile business having been associated with his father, the late H. B. Jolliffe in the general store conducted by him in North Village. Both young men have a host of friends who will wish them an abundance of success in their new business venture.

FARMINGTON CHURCH TO CELEBRATE GOLDEN JUBILEE.

Another milestone in the history of Farmington will be reached when the Evangelical church celebrates its fiftieth anniversary on August 16th. An elaborate program has been arranged for the three services during that day in which several of the former pastors who are available will take part. Rev. Aldinger and Rev. Stange will take part in the morning service, Rev. Deckringer in the afternoon and Rev. Schmidt in the evening.

Dinner will be served after the services as well as supper in the church dining hall.

On Monday evening at 6.30 the celebration will close with a banquet. A special program to mark this day is being worked out.

Many new furnishings and fixtures

will be installed and will truly transform the already cozy church into one of the prettiest to be found in the neighboring country—Farmington Enterprise.

Good Cleansing Process.

Alabaster ornaments can be beautifully cleaned by immersing them in milk of lime for some time, washing them in clear water and dusting them when they are dry with a little French chalk. The milk of lime is made by mixing enough slaked lime in water to give the water a milky appearance. A second and very simple way is to use soap and water with a little washing soda, or ammonia, rinsing them thoroughly afterwards.
