VOL. LVI. NO. 9.

NORTHVILLE, MICH., FRIDAY, SEPTEMBER 11, 1925.

\$1.50 PER YEAR, IN ADVANCE.

A little girl in this town was sent up-stairs the other morning to wash her face and she hadn't been gone very long when she called down and asked her mother if the neck needed washing too, and her mother said "No" and everything was quiet for another short spell and then the little voice came down the stairway again and it says, "Mamie, do my ears belong to my face or my neck?" and that illustrates what we've often thought of—just lots of grown folks in this world are always afraid that they're going to do more than is absolutely necessary to get by.

## CELEBRATED FIFTIETH WEDDING ANNIVERSARY TUESDAY NIGHT.

Mr. and Mrs. Spencer Clark, two of Northville's most esteemed citizens, celebrated the fiftieth anniversary of their marriage at their home on Main street Tuesday evening when a number of relatives gathered to pay their respects and to extend heartiest good wishes. The happy ceremony which united Mr. and Mrs. Clark was performed in this village and for more than forty years they have resided in their present home on Main street, and during all the intervening years they have held the high esteem of the people of this community. Quiet and unassuming in manner they have gone about their daily tasks doing each day some kindness which has made its impress upon the lives of those who have come within the circle of their acquaintance.

A number of very pretty and valuable gifts were presented the happy couple and a bountiful dinner proved one of the pleasant features of the gathering. Among those who were present to enjoy the happy occasion were Mrs. May Emery and daughter Elizabeth, Mr. and Mrs. Stanley Withers and family, Mr. and Mrs. George Withers, Jr., Mr. and Mrs. George Withers, Sr., Mr. and Mrs. Edwin Petz, Mr. and Mrs. W. C. Nichols, Mr. and Mrs. Arnold Gregory, Mr. and Mrs. Frank Clark and family of Detroit, Mr. and Mrs. N. J. Withers and son of Birmingham, Mr. and Mrs. W. M. Phillips of Highland Park, Miss Ethel Dames of St. Louis, Mo., Mrs. Lloyd Bachman, Mr. and Mrs. Hiram Flowers, Mr. and Mrs. G. R. Van Valkenburg and family and Miss Jessie Clark of this place.

## NORTHVILLE PUT THEIR FIRE OUT SATURDAY.

"Application has been made for delivery of the Northville postoffice and Congressman Grant Hudson of this district has promised to lay the result of his investigations of Northville's needs in this regard before the department at Washington as soon as he returns there the coming week. When the department authorizes the delivery here only those who have sidewalk leading to their house and door from a street corner, can be served. That is the rule of the post-office department. No matter if one lives only ten feet from sidewalk the postman is not allowed to stop over on the ground. At present if city delivery was adopted there would still have to go to the postoffice.

## KNIGHTS' TEMPLE TO HOLD FIELD DAY AT HOWELL.

Howell Commandery, No. 25, Knights Templar are making preparations for the annual district field day, which will be held at Howell on Thursday, October 1st. Commandeers will be present from Flint, Eaton, Pontiac, Northville, Ann Arbor and Ypsilanti and will participate with the Howell Commandery in the parades and drills. The Howell Board of Commerce and business men are co-operating with the Howell Commandery to make this even one of the outstanding events of the year.

Howell is the home of Eminent Grand Commander Albert Smith and it has been his great ambition to have a field day celebration in his home city.

## WALLED LAKE TO HOLD CENTENNIAL CELEBRATION SATURDAY.

The Walled Lake Home-Comers association has set Saturday, September 12th as the date for its annual reunion and is anticipating a large attendance of past and present Walled Lake people for this its twenty-first meeting.

There will be a memorial session at 10 o'clock in the forenoon. Dinner will be served at the Baptist church by the Ladies' Aid society and the afternoon program will begin at two o'clock.

The afternoon program will commemorate the one hundredth anniversary of the settlement of the village of Commerce, Walled Lake and Novi.

## LOCAL GAS COMPANY IN NEW COMPANY.

The Michigan Federated Utilities, successors to the Gas Engineering Service Co., of Battle Creek, has been authorized to capitalize for \$1,000,000 and issue a like amount in first mortgage bonds by the state public utilities commission.

The new corporation acquires control of 11 gas plants, in addition to one in Battle Creek. Those in Michigan include the Owosso Gas & Light Co., the Sault Ste. Marie Gas Co., Plymouth & Northville Gas Co., Marshall Gas & Light Co., Gratiot County Gas Co. and Alpena Gas Co.

## NORTHVILLE PUT THEIR FIRE OUT SATURDAY.

The Detroit Fire Department Base ball club came to Northville last Sunday with their long hose and water proof coats (as it was raining), to meet their opponents, Northville boys, in a game of ball. The sun soon followed the mid-day shower, however, and the Detroit visitors took off their coats, proceeded to the ball diamond and soon commenced operations upon taking the local club into camp. They found the idea about as hard as some of their tough fire-fighting days in the big city. In the eighth inning the home runs of Northville could not be put out until after five runs had been scored which was enough to end the game for the local boys.

After the fire fighters had scored four runs in the first two innings, it appeared a smoky fog, the home team who stayed at the rear until the eighth inning.

Three players were used by the fire department club but to no avail for the Northvilleites had a hitting streak and could not be stopped, until after the game had been pulled out of the fire, and the score left eight to seven. On next Sunday is expected another game of good quality, which the local fans have seen for the past month. This comes about by playing the best amateurs and semi-pro ball clubs of the country. The Detroit Independents will come to Northville Sunday. Okrie forms with the Detroit Tigers and Drankert with St. Louis, will be the Detroit battery.

The team is very fast and in a class with the Daniel Sates, Ringers and other fast Detroit teams.

The Sunday following will find the New Hudson Club here. This is a neighboring tribe that have been trying all summer for a date with Northville and had gone so far as to remark that Northville did not dare to play them "home" the date awarded them. It's admitted that New Hudson is a poor team and carry about five hundred "troops" right along with them to help do the job, so after tackling Detroit Sunday, New Hudson will be welcomed here next.

## FORD WILL CARRY U. S. MAIL SOON.

Detroit will be connected with trans-continental air mail service with in three weeks, through establishment of a line between Detroit and Chicago, plans for which were announced Tuesday night following a conference between Henry Ford postmaster general Harry New and William J. Mayo of the Ford company. The line is expected to speed up mail service between Detroit and the principal cities of the United States, in 20 hours. The government will ask for bids on carrying mail between Detroit and Chicago and the Ford company will, it is announced, one Ford plane now makes a round trip between the two cities carrying company express and mail and the Ford company will add another plane to provide sufficient accommodation for the government mail.

The plane now in operation will continue on its present schedule, leaving Detroit noon and returning late in the afternoon. The other plane will leave about 3 p.m. and stay overnight in Chicago, returning the next morning.

## O. E. S. NOTES.

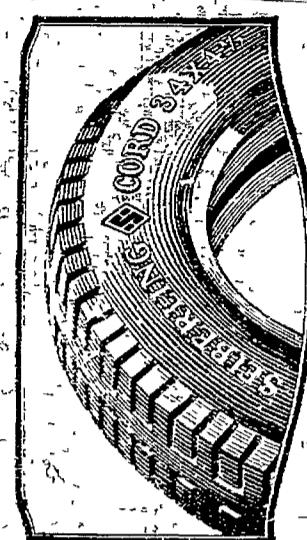

More than a hundred members of Orient Chapter, No. 77, O. E. S. enjoyed a six o'clock dinner last Friday evening, both dining and chapter rooms being beautifully decorated in flowers of the season. Two candidates were given degrees in the afternoon by matrons from Flat Rock Wyandotte Park Corinthian (Detroit) River Rouge Farmington Plymouth Highland Park Wayne South Lyon Belleville Trenton and Dearborn.

Patrons from Park Corinthian (Detroit) Belleville Wyandotte and Flat Rock also assisted.

In the evening past matrons of the local chapter and Past Worthy Grand Matron, Ida M. Joslin of Detroit, conducted the work for four new members.

## POSTAL RECEIPTS GROW.

The postal receipts for the Northville postoffice for July this year were \$963.61 which was more by \$209 than for the same period in 1924. For August the receipts were \$968.60 as against \$749.45 a year ago. This shows a growth of business of something like 20%.

## USE AN AIR GAUGE

For your tires to estimate the amount of air in them. Be on the safe side—use an air gauge and save tire expense. Running tires under-inflated or over-inflated causes many tire troubles and shortens their life. Put one of these air gauges in the door pocket and know at all times just how many pounds of air you have in your tires. It's a small investment that will save you dollars.

HARD COAL STRIKE  
ORDERED BY LEWIS

158,000 Anthracite Workers  
to Quit 828 Mines  
Affected.

A suspension of mining in the hard coal region of Pennsylvania was ordered by John L. Lewis, president of the United Mine Workers of America.

The suspension was called because the miners were unable to obtain from the operators a 10 per cent wage increase, addition of the check-off equalization of wages for day workers and various demands which they made, conditional to renewal of the wage contract expiring August 31.

The order involved a total of 158,000 men, of whom about 10,000 will probably be left in the mines for maintenance work, such as the prevention of flooding and cave-ins.

On the basis of state figures for 1924 the suspension would affect 828 mines operated by 183 companies employing altogether 272 collieries.

Lawson, Publisher, Leaves

\$2,505,000 to Charities

Chicago.—Under the will of late Victor N. Lawson, which was filed for probate Tuesday, the Chicago Daily News principal asset of the Lawson estate passes to the control of the Illinois Merchants' Trust company, which has full power of management, including power to sell the newspaper.

Assets of \$4,775,000 are made under the terms of the will and of this sum \$2,505,000 is apportioned to benevolent purposes. The biggest bequest is left to the Chicago Congregational Mission and Extension society, the Theological Seminary, the Young Men's Christian Association.

These total practically three-quarters of the entire estate. The other one-quarter of the residuary estate is left to Peter N. Lawson, a brother of the testator who also was left \$200,000 and the income from a trust fund of \$300,000. Relatives, friends and employees also share in the bequest.

French Advance After

Fierce Fight With Rifles

Paris.—Sailors of the French fleet of the Atlantic division attacked the attack by the French, sixteenth regiment, on the British Isles north of Trafalgar.

The rebels, strongly backed by small groups of British regulars, equipped an especially well-organized system of trenches and, despite the terrible rifle-and-artillery bombardment they have sustained for the past week, still were determined not to yield.

After being driven through the mud in their dugouts, though, the British, like the French, held out.

After the fighting, the British gained the first day's objectives, advancing three miles over a front 15 miles long.

Dentist Accused of

Slaying Wife, Ends Life

Los Angeles, Calif.—Dr. Thomas W. Young, dentist, forty seven years old, passed out, executed a sentence of death upon his wife, Grace Evelyn Young, with verbal assistance of his son, Frank, and died in his office.

Young had been ill for several days, and he had been advised to go to a San Francisco hospital for treatment.

The \$1,200,000 estate of the late Patrick Grogan, late long, which prosecutors said was the sum for which Young's ex-wife had been trying to get away, goes to Patrick Grogan Jr., son of the dentist.

Newton D. Baker to Aid

In Campaign on Crime

New York.—Newton D. Baker, former secretary of War, is the first man named on the executive committee of the National Crime Commission. Mark O. Prentiss, organizer of the commission, announced Mr. Baker's acceptance of membership after a long distance telephone call from Cleveland, where Mr. Baker lives.

Five men to be known as the committee to restrict the sale of firearms are to be named soon. Mr. Prentiss said.

Two Men, Two Girls Die

When Train Hits Auto

Rockford, Ill.—Two men and two girls were killed and other two were injured when an interurban train on the Rockford and Interurban railroad struck an automobile near Freeport. The dead are Karlene Cobb, nineteen; Florence Glass, nineteen; Louise Hutton, nineteen, and an unidentified man found in a cornfield near the scene of the accident after ambulances had left.

Screen Actor Breaks Neck

New York.—Charles Beyer, screen actor, supporting Milton Sills, while making pictures at the studio in the Bronx, fell from the stage eight feet to the ground and fractured his neck.

New Uprisings in Syria

Paris.—An attack upon Damascus by Druse tribesmen in Syria is now expected, as a result of the success of the rebels in that district, and new uprisings have taken place in several towns.

COM. ALAN G. STRAIGHT RE-  
ORGANIZES SAFETY DEPART-  
MENT TO MEET BUDGET

LIMIT

Alan G. Straight, recently ap-

pointed commissioner of the Department of Public Safety of Michigan has put

into effect sweeping changes which

amount to a reorganization. This

has been made necessary because of

the action of the legislature in allow-

ing only about one-half of the appro-

priation requested to enable the de-

partmental function at full strength

and performing duties assigned to it.

Since 1923, when other divisions of

the state government were merged

with the State Police, the depart-

ment has been given many new du-

ties but little additional funds.

It is estimated that 100 addi-

tional men would be required were the po-

licing of the state trunk line high-

ways to be carried out fully.

Uniformed men of the State Police

have been divided into five troops

with headquarters at Negaunee, Gay

lord, St. Ignace, Paw Paw, and Flat

Rock. Each of these troops, com-

mmanders has responsibility for a dis-

trict. All supplies and purchases for

each district must be approved by

the commander in that district. All

matters of criminal investigation and

highway patrol in the district are

under supervision of the commanding

officer.

Force Is Divided

Supervision of the unformed forces

will be directed by Captain J. J.

Scavarda, from East Lansing. He is

also in charge of the State Police

school where recruits are trained.

Under a law passed by the 1925 leg-

islature local police officers may also

attend sessions of this police school

in order to better fit them for their

work. Lieutenant J. C. Cleghorn is

assistant to Captain Scavarda.

The Negaunee headquarters, in

command of Captain A. N. Downing

has the Upper Peninsula as its field

of the Gaylor troop under Captain

John Gaylor, operates in the northern

section of the Lower Peninsula, the

St. Clair group, under Lieutenant

Frank Walker, has the Bay City Saginaw Flint Port Huron district, the

First High Troop, under Lieutenant

Joseph Keatney, has the southwestern

corner of the state, and the Paw Paw

troop, under Lieutenant Ora E. De

moray, the southwestern section.

The state detective bureau and the

state identification bureau will work

in conjunction with the unformed

State Police, as well as local offi-

cials. Men displaying a special ar-

mbadge for crime detection have been

assigned to the detective bureau. The

need of such a bureaus lies in the fact

that many counties of the state have

no trained detective force to deal

with serious crimes. This bureau

also conducts investigations for the

governor, attorney general and other

state officials.

Free Lance Squad Formed

Captain J. H. Moran has been

placed at the head of a free lance

squad to deal with problems arising

from gambling places, disorderly

households and the like. A number

of places where the laws were vio-

lated have been cited.

A special squad has been detailed

to deal with prohibition law cases.

The uniformed men are utilized to

conduct raids upon evidence seized

by members of this squad.

The duties of the State Police go

beyond routine police duty. The

force is charged with the destruction

of salaried alcoholics and a num-

ber of men are kept busy at this

disaggregating task practically all

## NEW RIDING AND HUNT CLUB NOW OPEN.

The Cass Benton Park Riding and Hunting Club, located on the Six mile road about one-quarter mile west of the Plymouth-Northville road, was opened to the public Saturday, September 5th. The formal opening of the new club house will take place Saturday, September 12th.

The site of the new club takes in the original Cass Benton farm, and there is also three hundred acres of other property that will be available for the club's activities in fox hunting and riding.

The club house is situated upon a high elevation and it is a most picturesque and sightly location, presenting as it does to the eye a beautiful stretch of country in every direction.

The original house upon the farm has been remodeled and a large addition has been built upon the front and two sides. The front and east side of the building have been given over to the dance hall and dining room. The east end of the building contains dressing rooms, lockers, lavatories and shower baths for both ladies and men.

Ladies' and gentlemen's lounging rooms have been fitted up with comfortable red furniture for the use of the members and guests. The interior decorations of the rooms are done in gray and ivory. The dining room furniture is in blue and gold, and is very attractive.

Back of the dining room are the kitchen, serving room, etc. The kitchen is fitted up with every modern convenience. The managers of the club secured the services of an expert caterer.

A special Sunday dinner will be served at the club each week. The Sunday dinner will be served at the club at the same time as club members.

The club has a membership of one hundred Plymouth Men.

## OBSERVATIONS.

By C. A. Dolph.

Northville compares favorably with any town of similar size anywhere in the east.

It pays to be courteous to all tourists who may enter our town. Any slight will be remembered long.

Eastern towns are very careful to provide conveniences for tourists. They do this collectively and individually.

Well provided houses and nicely kept grounds were in evidence along all highways. They make touring wonderfully pleasant.

Northville keeps her streets as clean and pleasing to look at as most towns. Everyone can help by keeping litter from their own premises.

Eastern folks have made a careful study of properly directing tourists along the highways. You could not get lost if you wanted to.

The east is full of history and nearly every town attempts to preserve a past by gathering historical data at a central place.

The village green and numerous parks are characteristic of New England villages and cities.

Drunken men are a scarce article in spite of all the talk of more whisky used than ever.

Hundreds of women in the east have not bobbed their hair. The lure to look young has not hit them so hard.

The highways of New England abound with old oaken buckets—and yet every town takes care that they have an ample water supply for future growth.

Mrs. George Ford entertained Mrs. Fred Richmond and daughters, Rev. and Arline of Flint, on Saturday of last week.

Yes, the seven cent social is to be held tonight at the home of Miss Edith Meade on Cady street. You are invited to come and bring a friend. 9:15

## STATE NEWS IN BRIEF

Hesperiæ—Rodney Nagake, 72 years old, last of the Ottawa Indian chiefs, is dead at Pentwater lake. He had been camping there for the summer.

Spokane—Low water in Bear River is giving trouble to the City Light & Power Co., cause for alarm.

Added to the serious situation is the fact that much more electricity is being used this season than ordinary.

Albion—The city will build a new foot bridge across the Kalamazoo river at Albion street to supplement the vehicle bridge at that point. Perry Sharp local contractor has been given the contract.

Michigan—Two men stopped Glenn Tompkins, tank wagon driver for an oil company, on road near here and told him they desired to buy some of the gasoline in his tank. Then they held him up and robbed him of \$60.

Jackson—Local and federal officers are without trace of the robbers who demolished the Chicago & Northwestern Railway passenger station at Quincy, Mich., with a charge of dynamite and escaped with \$22,000 in cash and the contents of a mail pouch.

Jackson—With a majority of one vote, Mrs. Maria Lewis was elected to the school board here to succeed Mrs. Lura Lewis, candidate for re-election. The vote stood a tie between the two with 226 votes each following numerous recounts. There were five candidates for the office.

Jackson—Detective Charles E. Phelps is the new chief of the Jackson police department. Capt. Frank Vandebogart, acting head of the force since the death of Chief John Hudson last December, was retired from the force because of disability on half the chief's salary.

Detroit—The Standard Oil Co., the Sinclair Refining Co. and the White Star Refining Co. have announced a further reduction of one cent a gallon in the price of gasoline. The average statutorily price is now 18.8 cents, plus the 2-cent state tax, making the price to the customer 20.8 cents.

Pontiac—Glenn C. Gillispie is investigating the escape from Jackson prison of Louis and Richard Lullow, prohibition law violators after serving less than two months of a sentence of five and one-half years in one cell. Judge Gillispie has been disturbed by information that the

fallowing, were freed August 15. Com

plaints against the two were filed July 2.

Jonesville—A woman of Jonesville will be asked to deliberate at the polls October 14 whether or not a 2-cent millage tax shall be granted the

Automobile Michigan Light and Power

company to cover the cost of

the company's services to purchasing an electrical distributing system now owned by the village and to lease the power house and equipment for 20 years.

Muskegon—Mrs. Charlotte Smith, 80 years old, has died in Grand

Court here against her daughter

Miss Rose Jackson to recover property valued at \$12,000. In her will of

complaint Mrs. Smith says that she

bequeathed the property to her daughter

with the understanding that she

would be given a home, but now is

obliged to live in a rooming house although unable to care for herself.

Lansing—Increased operating costs of the University of Michigan, Michigan State College and the Normal School additions to the soldier's bonus sinking fund, building operations at Jackson prison and a \$500,000 increase in the cost of operating state hospitals are responsible for the \$3,300,000 increase in the state tax levy this year, Gov. Alex J. Goeckeler explained in a formal statement.

Sault Ste. Marie—A tug and diver

from the Great Lakes Towing and

Wrecking Co. has left for Moon Is-

land, 28 miles south of here, to save

the "tripping" boat, "Gy-Gar,"

which is at the bottom of St. Mary's

river. Keel upward, where it capsized

with 25 Detroit Sea Scouts on board.

The 28 scouts and Capt. Dean L. Smith

were saved by the Coast Guard at

Moon Island station after the disas-

ter to their ship.

Lansing—Grade separations are to

be provided at all trunk line highway

crossings with the Detroit, Toledo &

Ironwood railroad on the new location

of the railroad in Lenawee and Mon-

roe counties, it is indicated. High-

way Commissioner Roger submitted

a report stating the railroad had of-

fered to pay fifty per cent of the ex-

pense for two separations in Mon-

roe and one in Lenawee counties. He

was directed to seek federal aid on

the project before authorizing their

construction.

Monroe—The city commission has

adopted a resolution protesting

against the proposed abandonment of

the harbor here by the government.

The city has been given until Sept.

26 to give its reasons why the port

should not be discontinued. The

resolution stated that the canal still

is used by boats, is the only harbor

along Lake Erie in Michigan and ap-

proximately \$200,000 had been ex-

pended. It was stated that if the

canal and River Raisin were proper

if dredged Monroe again would be

one of the big lake ports.

Lansing—The State Administrative Board has authorized the purchase of three and one-half miles of the Grayling Branch of the Manistee and North Eastern Railroad by the State Military Department. The spur runs into the Hansen Military Reservation.

Grand Rapids—More apprentices must be trained at their trade setting trade, the Central District Tile and Mantel Contractors' Association announced at the closing session of its annual convention when it reelected officers for those Indianapolis as the 1926 convention city.

Iron Mountain—A cave-in of ground caused in a sub-level of the Berk

Albion—The city will build a new foot bridge across the Kalamazoo river at Albion street to supplement the vehicle bridge at that point. Perry Sharp local contractor has been given the contract.

Michigan—Two men stopped Glenn Tompkins, tank wagon driver for an oil company, on road near here and told him they desired to buy some of the gasoline in his tank. Then they held him up and robbed him of \$60.

Port Huron—Judge Arthur J. Tuttle,

of the United States District Court at Detroit, has issued an order requesting

Mayor John E. McIlwain and

members of the city commission to

confer with Detroit United Railway

officials relative to a proposed fare in-

crease to the City Electric Railway

Co. of this city.

Pontiac—Reports of progress on

Wilder Woodward Avenue having made

available indicate that one of the two

auto roads will be ready for use

between Pontiac and Detroit by Oct.

1. Progress on the other 40-foot way

is being held back by failure of the

Grand Trunk Railway to provide new

right-of-way and move its tracks.

Monroe—The recent wind and rain

storm created havoc at Pointe Aux

Paix, a summer resort, eight miles

north of here along Lake Erie. Several

large signs were blown down, a

wagon was turned over, automobiles

were forced into ditches and electric

wires were cut out of commission.

Small trees were uprooted at Brest

six miles north of here.

Port Huron—His attempt to save

the life of a dog cost the life of James

Wiseman of Brandon, and may re-

sult in the loss of his wife Wiseman

and his son riding in an auto

about 12 miles east of Sarnia, Ont.,

when Mr. Wiseman was dressing, saw

a dog run into the road in front of his

car. He stopped the automobile in

an effort to keep from striking the

dog and ran into the ditch.

Grand Rapids—Use of acreage for

older citizens in this district. It

has been found that roadside stands

holding elderly people have been high

profitable and many orchard own-

ers have abandoned the regular

market for the elderly people.

Many of the orchard owners still

keep their orchards in storage while

they are not needed for the press.

Albion—Albert M. and Fred W.

Kinney, Albion Farmers, will give to

the Michigan State College for pu-

pose of germination 50 grams of

heat that are 50 years old. The

kernels were brought by their father,

Leonard Kinney, from the centennial

exposition held in Philadelphia in

1876. The grain was secured at the

Australian building and was part of

an exhibit of unusually large wheat

### HAS DIFFICULT TASK

### STETTINIUS, MORGAN PARTNER, IS DEAD

*His War Purchases for U. S.  
and the Allies Totaled  
Billions.*

New York.—Edward R. Stettinius, a partner in the firm of J. P. Morgan & Co., died at his home in Englewood, N.J., a few weeks ago, but was not believed serious until within the last few days. His death was ascribed to embolism, a blood clot on the brain.

Mr. Stettinius was born in St. Louis in 1865. In 1900 he was elected president of the Diamond Match company. In 1915, while still active head of the Diamond Match company, J. P. Morgan & Co. asked him to assume active charge of the supply department forced to take care of the requirements of the British and French governments for munitions and materials.

His work involved basic organizations of American industries for war purposes, and had an important effect on the war-making capacity of the United States two years later when it entered the World War.

At that time Mr. Stettinius was appointed "superintendent" of supplies for the war department.

Through his activities in purchasing arms in the United States, the French, and British governments, in the

### COOLIDGE FOR FORCED RAILROAD MERGER

#### Consolidation Should Come After Seven-Year Period

Swampscott, Mass.—President Coolidge and Senator Watson of Indiana came to an agreement in a conference on a amendment to the Esch-Cummins bill, forcing railroad consolidation after a period of seven years should be sought in the next session of Congress. Senator Watson is a strong advocate in the upper chamber and chairman of the interstate commerce committee.

Approval of the Esch-Cummins merger, now pending before the interstate commerce commission, would tent the way for other voluntary consolidations, and seven-year limit on voluntary action would have the effect of ensuring the completion of almost all necessary mergers within a reasonable time, the President and Mr. Watson decided.

Watson believes the attempt to abolish the railroad labor board will be defeated.

Preliminary to a reproduction bill to be introduced in March 15, a number of payments in 1929 income are due, who predicted by Senator Watson.

#### Illinoian Is Elected Commander of G. A. R.

Grand Rapids, Mich.—In a turbulent session here, the Grand Army of the Republic completed their work on its ninth annual encampment, elected its commander in chief, and adjourned sine die.

John B. Brown of Springfield, Ill., past department commander of Illinois, was chosen commander-in-chief. The Sons of Veterans, as well as the women are, pledged with the veterans to seek in 1928 pensions for veterans and their widows. It is hoped that an increased pension of \$2 a month for veterans and \$5 a month for all can be obtained.

#### British Methods Are Assailed by Turks

General Discussion of the Mosul question here and in London at the League of Nations, culminated with a walk by the Turks in the British, charging that Paris and its sea-forces have been engaged in demonstrations against Turkey's territory. This session hopes to decide whether Mosul shall go to Turkey or to Britain. The British spokesman, Sir John Hope, rejected in inference any solution, that of isolating the territory. He insisted that the union of Mosul with Iraq must not interfere with the British treaty with Iraq.

#### Rail Workers Laid Off; Striking Miners Warned

Wilkes-Barre, Pa.—Idle anthracite miners workers were warned by Kunaldo Capellini, president of District No. 3, United Mine Workers, not to accept other employment or reduced wages, thus undermining regular outside labor.

Notices were posted at the Ashley shops of the Central Railroad of New Jersey announcing that they would be closed for one week as a result of lack of work due to the mine suspension. Twelve hundred men will be thrown idle.

#### Soviet Fleet to Visit Naples

Rome.—The Soviet fleet, consisting of two dreadnaughts, accompanied by several destroyers, will visit Naples September 22. It was announced here, it will be the first time that Soviet warships have visited an Italian port.

#### Heads Auxiliary of Veterans

Tulsa, Okla.—Mrs. Effie King, of Tulsa, was reelected president of the Auxiliary of the Veterans of Foreign Wars over Mrs. B. Eustis Gill of Illinois.

**LOCAL**

Regular meeting of E. S. next Friday evening, September 18th.

Mrs. W. H. White, sr., is spending the week with friends at Howell.

Mrs. Bertha Cook, of Wardsboro, Ohio, is visiting at the home of Mr. and Mrs. Lester Cook.

Mr. and Mrs. D. E. Brown have taken one of the Willis apartments at the corner of Wing and Dupont streets for the winter months.

The Rev. Sheppard O. Smith, wife and child, pastor of the Newburg Congregational Church, Newburg, Iowa, were the guests of Rev. and Mrs. William Richards this week.

The annual fall picnic of the Westminster Guild will be held in Cass Benton's Park on Monday, September 14th. All members come and be on hand at 6:00 sharp.

Mrs. J. B. Tishman returned Tuesday from a week's motor trip with Detroit friends to Alpena and other points in Northern Michigan. The party report fine roads and ideal weather.

Labor Day was spent quietly in Northville. Some of the stores remained closed all day while others closed at noon. The rural mail carriers enjoyed a vacation with the rest of our citizens.

Mr. and Mrs. W. H. White, sr. and W. H. White, jr., spent the weekend with Mr. and Mrs. Lloyd Morse at Carson City. Mrs. W. H. White, jr., who had been visiting Mrs. Morse for a week, returned home with them.

Drs. H. Turner, Dr. Paul R. Alexander and family and the Vandeldens returned to Northville last week from Menominee. No big fish stories have been related but they all enjoyed their outing greatly just the same.

Harry, sr., Harry, jr. and Loyd German were in their old town, Carlton, Labor Day helping the ball club of that village defeat a Monroe ball club. The game resulted in a tie in favor of Carlton.

Mr. and Mrs. Roy Johnson and son, Terence, returned to Northville Monday night from a visit with relatives and friends at Cadillac and Leland. Mrs. Charles Johnson of Leroy returned with them and will spend a few days here.

The Wayne County Edicta Society held its annual meeting in Detroit Tuesday afternoon and evening. A number of the members of Orient Chapter of this place were in attendance. Mrs. Georgia Timmons is chairman of the county organization.

Steven Armstrong left his work at the Dodge Garage last week alone enough for he and family to take a trip up Northern Michigan, far up the Straits. He was lucky enough to catch a deer or two, play in an inland lake and also a bear romp through the bushes.

The members of the Northville Exchange Club will attend the national convention of the Exchange Clubs to be held in Detroit next week, beginning Sunday. The local members will go to the city on Tuesday and enjoy a dinner at 6:00 with Senator Edmunds of California as their guest.

There is a surprise awaiting for visitors on Wednesday when 200 children will appear in the "Modern Trip to Health Land". The children taking part will appear in beautiful costumes and this special feature will be one of the best to be offered during the week. More about this next week.

Since the local ball-boys have been playing strong clubs like Holly, Daniel, Sales, Monroe and Detroit Firemen their attendance has been very much increased at the Driving Park. When the Detroit Independents comes Sunday to Northville it means much interest again for the local fans. Okrie and Drinker will be the Detroit battery.

Northville people will be sorry to learn that Miss Ann Lawrence, who has been with us for some time as school nurse, has resigned that position to accept another which will keep her in Detroit. Miss Lawrence's work among the school children and in the baby clinic has been very successful and she has made many friends here.

Alvin Whipple, well known to many Northville people, was united in marriage to Miss Ruth Evelyn Huston at the home of the bride's parents, Mr. and Mrs. E. C. Huston of Plymouth, on Tuesday afternoon of last week. Miss Dorothy Taylor was one of the bride's maids and Wendell S. Miller was best man. Other Northville people attending the wedding were Mr. and Mrs. Ernest Miller and Mrs. Angelina Simmons. Mr. and Mrs. Arthur Whipple and Miss Dorothy Whipple.

Mr. and Mrs. Christ Nielsen C. B. Turnbull and Rev. A. K. MacRae attended the funeral of Mrs. Joe Payne at White Cloud on Monday. Mrs. Payne died on Friday last after a short illness. The funeral services were largely attended, people coming for 300 miles to express their sorrow and sympathy to the bereaved husband. The floral tributes were beautiful. Five clergymen were present and took part in the services and a mixed quartet furnished music. Many Northville friends will extend their sympathy for Mr. Payne.

Mr. and Mrs. A. L. Hill have rented the Crosby residence on Cady street. The brick work on Northville's new theatre building was started Wednesday.

Elmer Perrin is driving a new Ford truck for his mail and express delivery.

C. M. Chase began his duties again as teacher in the Detroit schools on Tuesday.

Paul Lovewell left the first of the week for Kirksville, Mo., to continue his studies.

Howard Helfrich of Ypsilanti has been a guest of Superintendent Mrs. A. J.

Helfrich a part of the week.

Mr. and Mrs. Roy E. Crove have moved to their Johnson residence at the corner of Main and Rogers streets.

E. L. Smith left Wednesday with a party of gentlemen from Howell for a few weeks business visit to Florida.

Mary in Bogart of Wixom was a Northville visitor on Tuesday and made the Record a pleasant call while here.

Messmates J. A. Black and L. L. Lawrence returned home Tuesday from a visit with relatives at Toronto, Canada.

Jewell Black & McCordle of Plymouth have the plumbing contract for Northville's new theatre and a first-class job is thus assured.

Mr. and Mrs. S. L. Crosby left this week for Melbourne, Florida, where they will spend the winter.

Mr. Crosby purchased some vacant property there a few years ago and now contemplates building a residence or two this season.

Now the autumn is over let everybody settle down to business. This ought to be a good season for Northville merchants. If they will give proper attention to their advertising and the arrangement and display of goods in their store an attractive store always attracts attention and to attract attention is to advertise.

Mr. and Mrs. H. G. White, North Green, J. R. Dickerson, Joe Black, Frank King, and Floyd Cole composed Northville's delegation to the state convention of the American Legion held in Indianapolis, the first of the week.

While in the city Mr. and Mrs. White were guests of Mr. and Mrs. D. E.

Geiger. Mr. Geiger being a member of Legion Hall in this place. The convention next year will be held at Ironwood.

**AMERICAN HOME'S STANDARD OF COMFORT**

It is a fact that the United States has no standard of comfort in literature, in late news, in other things with the old world machine in its own. So I have begun this question but we would like to input and a step to progress toward higher comfort which is distinctive American, namely, the age of electrical conveniences.

What American people want to live in the average open dwelling or farm houses. Even the hotels, except the more expensive ones, have few or none of the conveniences or luxuries which in this country are considered necessities in the smallest home.

While we may not have developed a distinctive national type of architecture in the United States, we have developed a standard of house comfort which will be referred to in history as the "electrical home" period.

**NORTHVILLE AUTO CLUB NOTES**

Many have been helped this year or their tour to Oklahoma, Ohio, New York and northern Michigan.

What the local office has not given away A. A. A. Club will give on the route. Giving the secretary time to map out your route.

Take special notice of this. A new law went into effect last Thursday, September 3rd, which is as follows:

Motorists must take all emblems of clubs or lodges of which they are not members off the radiators of their machines or be subject to arrest.

The secretary puts the above in for information. A new member for every day of last week.

WM. RICHARDS, Secy.

**SEVEN CENT SOCIAL TO-NIGHT**

"Sorry, but I just cannot go motorizing tonight, John, because we must go to the seven cent social, to be held at the home of Miss Edith Meade. They are going to have just keeps-on fun and some delicious refreshments and I know we shall have a good time."

Of course you are wondering what a seven cent social is like. Well, come tonight and see. Everybody is invited and there will be fun and refreshments.

### Walled Lake Warbles.

A large audience gathered at the High school auditorium on Wednesday evening of last week to enjoy a program given by the pupils of Mrs. John E. DeConick and every number presented was greeted with generous applause all who took part doing very creditably. Two readings were given by Mrs. Lelia Evans Derrigian of Pontiac.

Members of the Walled Lake fire department were given a happy surprise a few days ago. The fire whistle was sounded—but when the fire laddies arrived at the engine house they were informed there was no fire, but instead John Lathrop had turned off the alarm so he might express to all the "boys" his appreciation for their efforts in making a run to town of his farms when fire threatened to do some damage. He presented the department with \$50.00 and expressed his personal thanks for the service rendered.

FROM 6:30 TO 12:15.

The board, declares the Gazette's local column Monday evening, announcing the news of the recent session of the school board, met at 6:30 and remained in session until 12:15.

And for what? For money? No! For glory? Scarce; for there is no glory in being a member of the school board. For what? Chiefly for the love of the work and for what it will do for the world. The school board is no different from a dozen different boards in this town, and in every town. The Y. M. C. A. board works long unwarded hours, as does Y. W. C. A. board, the county hospital board, the Women's City Club executive committee, the Masonic board, and the Knights of Columbus, and even the K. K. K. and the city commission—chiefly in the fervid belief that good will come out of it. The best work in the world is done in the joy of the job and without thought of reward. Some of it may be misdirected. Much of it never shows up in the balance sheet of progress, but it is the contribution of consecrated men and women to the betterment of the world. In the end this service one way or another with all its lost motion, does move the world.

Always the best work of the world is the unpaid work from 6:30 to 12:15—William Allen White in the Emporia Gazette.

Right here in Northville we have a lot of public spirited men who are devoting a whole lot of their time for the public good without any thought of receiving compensation for their services. Upwards of thirty men are giving a great part of their time these days in planning for the annual fair and but one of these men receives any pay at all and he does not receive half what he earns. The secretary is the only officer in any organization with our fair who receives any salary and Mr. Northrop will receive but \$600 for his year's work. It is well to think of these, rather than when you feel like criticizing some one because everything is not better and just his bit your fancy.

### NEW MOTOR CAR ON AIRLINE RAILWAY.

The new gas-electric motor car recently purchased by the Great Trunk Railway company was placed in operation on the line between Pontiac and Northville on Monday of this week after having been on a trial run for a few days.

According to the Pontiac Daily Press the new car differs from the interurban trolley car in that it carries its own power plant as a steam train does, has no trolley and is built along regulation railway lines.

In equipment the car is especially complete. It includes the passenger compartment at the rear which has seats for 17 persons besides extra seats on the rear platform and in the baggage compartment which would accommodate 12 more, a total of 29. Forward from the passenger compartment is the baggage room with side doors, as in the case of the regulation railway coach. It weighs 34 tons.

In the engine room is housed the big valve-in-head six cylinder Win-ton engine. It will develop 250 horse power of which 175 horse power is ordinarily used in operating the car. This operates the big 700 volt generator, also the smaller generator connected with a storage battery for lighting and starting.

In the compartment the engineer operates the car windows giving a clear view of the track ahead. Trainmen regularly employed by the roads will operate the new equipment, and with one trailer coach a crew of three men is required.

The car is designed to be used with a trailer if necessary, and one of the regulation railway coaches may be used for this purpose.

### OAKLAND COUNTY EXTENSION ACTIVITIES.

Miss Carrie C. Williams, clothing specialist, Michigan State College will demonstrate the making of the gummed paper dress form on Wednesday, September 16th, at the office of the Home demonstration agent in

the postoffice at Pontiac.

Any home demonstration group may send a leader to this meeting which is for the purpose of training leaders in new groups primarily. The attendance will be limited to 24 and each leader will have an opportunity to help in the construction of the forms. Leaders may enroll with the Home Demonstration Agent, Muriel Dundas, at Pontiac.

Following the poultry calling meetings which have been held for training Oakland county leaders, local calling demonstrations will be held on Friday, September 18th, at 2:30 p.m. F. A. Hoffman, extension specialist in poultry, Michigan State College, gave the series of lectures which included feeding, housing, and diseases of poultry in addition to instruction and actual practice in calling at each meeting. The meetings have been held thru the county extension services.

Among the leaders who attended the meetings and who will hold demonstrations on September 18th are:

Mr. and Mrs. W. Roy Thompson, Holly.

Mr. and Mrs. Claude Button, Pontiac.

## Coal Prices

May  
GO UP

Judging from past experiences and present indications coal prices are due to sharp advances as the Fall and winter approaches. How is your bin? If you are wise you will let us put some coal in for safety. You will be using fuel in less than a month and why wait longer to place your order for your supply.

We can supply you now—later we may not be able to do so as well.

## These Are Good Building Days

These are wonderful days for building. The heat of the summer is over and the rush of farm work has eased off somewhat. Why not build the Garage, Milk House, Dairy Barn, Corn Crib you have been considering erecting so long? No matter what you desire to build we can supply the material quickly and at reasonable prices. We shall be glad to submit estimates.

Better than stocks and bonds is a tasty Bungalow logically built and conveniently arranged, because it's both a good investment and a good speculation.

There's a lot of satisfaction in owning your home and being free from the landlord and the greed of the big corporations.

That's the investment feature, and it's a good speculation, for if you wish, you can easily rent a good bungalow, or sell it at a profit, because you'll never build one any cheaper than you can now; let's talk it over?

#### FAIR NOTES.

The age limit in the babies' clinic is from six months to three years, and not from nine months as announced in the official bulletin. Parents will please make a note of this fact and others will please spread the news among their acquaintances. There will be lots of good music at the fair again this year. The Northville band will be present five days, the Cass Tech of Detroit will be here Thursday, the boys' band of Bedford, Bedford Day, and the Ford Motor band of Highland Park will be here Saturday. Detroit and home coming day.

The all-breed dog show, a new feature for our fair, will attract a great many dog fanciers from all sections of the state. Everybody loves a dog and at the local show dogs without pedigrees may be shown with the rest. Dr. E. B. Cavell is in charge of this new department and he is working hard for its success. A wonderful lot of prizes are being offered in the better baby contest, as well as in the babies' health clinic. Parents are urged to bring their little ones because without the babies and the children in our department cannot be maintained. The list of prizes offered in the several classes will be found in today's Record.

The horse show to be held on Tuesday and Wednesday afternoons will attract a lot of Detroit people to Northville. There will be sixteen classes in all—three for saddle ponies, three for saddle horses; six for the hunt class; three for the jumpers, and two for the ponies. Liberal prizes and handsome trophies are being offered.

Remember we are to have an antique exhibit again this year. If you possess something real bring it to the fair so your neighbors may enjoy seeing it.

This has been a wonderful season for flowers and it is expected the flower show will eclipse any previous one.

The Modern Trip to Health Land, which will be given in connection with the Better Baby contest, will take place on Wednesday afternoon. A number of the children from the girls' in the village school will take part under the direction of some of the teachers and this added feature gives promise of being one of the interesting exhibits of the fair. The children as well as the grown-ups will enjoy this feature.

#### THEY WERE NOBODY HOME.

One of our local business men who had heard a great deal about Nelson Schrader's fighting ability happened in the little village of Mia, down two hundred miles north of here, where "poor old" the fighter, who hunting grounds of a number of Northville men. "Where here?" sounds better than "where" here? And so this Northville citizen called at the Judge to pay his respects to the usherman and if the same time to try and determine whether or not all the tall stories floating about Northville were true. By himself and others were mentioned as ungrounded with a dash of substance. A call at the judge disclosed the fact that Mr. Schrader had returned to Northville after a month's absence to the town. He left early for the premises. At the station about one radius or two miles away for just a few days, and a one could be found. Not long ago one of a number of old-timers in the place was asked about the premises. The question was fully verified by the fact that when he was called to the station to purchase a car, he was informed that Mr. Spratt had been engaged in having just sold his last few parcels, some of which were from Northville. "He had been enjoying an outing around there for a few weeks," etc.

You will find more fun for seven cents tonight at the home of Miss Edith Meade on Cedar street than you have ever had for that amount of money. Come and see you don't.

#### Petroleum's Origin

The origin of petroleum is a matter of much speculation. It is probably produced in part by the slow decomposition of vegetable and animal matter deeply buried in sedimentary rocks; and in part by the action of organic matter deposited contemporaneously with the rocks in which it is found. Petroleum may also be formed by the action of water on decomposed organic materials.

#### Witch Hazel

The bark of the shrub from which "witch hazel" is made was used by American Indians as a sedative application for external inflammation. Extract of witch hazel is still extensively used for this purpose. The shrub grows from 5 to 15 feet high, and is found in all sections of the United States usually on hills or in stony places and often on banks of streams.
