PONSFORD'S

The "EASY"

Any electric washer, if it is given time enough, will wash clothes thoroughly clean. But only a washer that boils the clothes can remove the grayness as well as the dirt.

You can easily prove this to your own satisfaction by washing and boiling a tubful of white clothes in the EASY after they have been thoroughly washed in another machine. The grayness of the water will be positive proof of what the EASY accomplishes.

MASONS ARE GENTLE HOSTS AT FAMILY NIGHT.

One of the most enjoyable gatherings ever held in the Masonic hall of this place was the family night which was observed Monday evening when members of the order and their families gathered as guests of Northville Lodge No. A. M. The attendance was large and the splendid program arranged by the committee was greatly enjoyed by the guests. Brother William Richards was chairman and announced the program which consisted of musical numbers by the Masonic quartet and solo by Wayne VanDyne and Alfred Copperwaite, impromptu remarks by A. J. Heitrich, who was asked to take the place of P. B. White Casser; an address by Brother F. P. Krowles; a talk by Dr. Mark Gardner of Detroit and an inspiring and uplifting address by Hon. Frank T. Lodge, past grand master of the Grand Lodge of Michigan, and Michigan's Masonic leader.

The program was concluded by all singing "Auld Lang Syne," and the guests were then invited into the dining room where a buffet lunch was served. It is proposed to have a number of these family affairs during the winter and the success of the first one will insure a large attendance at all the others.

SOME BIG FORD PROJECTS PENDING HERE.

Some big Ford projects have been pending in Northville for some months past which now seem to be about to materialize. The project at Waterford has delayed matters here, but now that affairs are becoming pretty well settled there active operations are very likely to start within a short time. The projects pending here are the erection of a new modern building and the construction of a dam at the Ambler pond. During the recent rains a part of the dam gave way and, during the past week men have been employed clearing away the wreck and the cement work with the idea of rebuilding the dam.

The rushing waters caused some damage, but if the property owners who suffered loss will present the matter to the proper village authorities the matter may be satisfactorily adjusted. It will be better to handle the matter locally than to annoy the Ford Motor company. The Rockin has assured that all those factors will be properly adjusted when presented to the proper local authorities.

ANDREW TAYLOR DIED Sudden LY SATURDAY NIGHT.

Saturday night, just a few moments after he had partaken of his evening meal, Andrew Taylor, a well known resident of Plymouth, died suddenly and without warning. He has not been well for some weeks but his condition was not considered serious by his family. Mr. Taylor served as commander of Northville Commandery Knights Templar for one term and he has many friends in this section.

Funeral services were held at the Masonic temple at Plymouth Monday afternoon and were in charge of Plymouth Lodge, F. & A. M. The Knights Templar, forming an escort to the遗嘱. The Masonic chapter of this place sang and Rev. F. P. Krowles made some fitting remarks.

BONDING PROPOSITION FOR SCHOOL SITE DEFATED.

There were 107 ballots cast at the special school meeting on Tuesday night, called for the purpose of giving the electors of the district an opportunity of voting on the proposition to bond the district in a sum not to exceed \$60,000.00 for the purchase of additional land for a school site. Of this number 47 favored the proposition and 53 opposed, two ballots being blank not having been properly marked.

The members of the school board recommended the purchase of the Smith and Seeley properties on Main street with a frontage of 198 feet and the purchase of the vacant property and the Ambler property on Cadz street with a frontage of 412½ feet.

A whole lot of people who have children in our schools were absent

TO GIVE BALL AT NORTHLAND CLUB.

The entertainment committee of Northville Commandery Knights Templar will give a ball at the Northland Country Club on Friday evening, October 29th, for which Lorenzen's orchestra of Detroit will furnish the music. Tickets of admission will be \$2.00 per couple and dancing will start at nine and continue until one o'clock.

It is the plan of the committee to give a number of very enjoyable parties this winter.

WILLIAM G. LAPHAM DIED SUNDAY AFTERNOON.

In the quiet hours of Sunday afternoon William G. Lapham passed away at his home on Main street after an illness of two years, aged 70. During the years of his active business career here Mr. Lapham was probably Northville's best known citizen, his business interests giving him a large acquaintance throughout this section. He was active for many years in the grain business in Detroit and in the banking business here under the firm name of J. S. Lapham & Co., established by his father. These business connections brought him in close contact with a large number of our best citizens and by whom he was held in high esteem. Fair and just in all his business dealings he retired to the quietness of his home, bearing the good will of all with whom he had been associated for many years.

The deceased was born in Northville and was educated in the Northville schools and at Princeton University. After completing his university course he traveled and studied in Germany at Tübingen University. Returning to Northville he became interested in banking, finally succeeding to the business that had been successfully conducted by his father.

Since his retirement a number of years ago, he retained his interest in biological and scientific studies which had engrossed his youth and during the passing years he had numerous correspondents in scientific circles and was regarded as authority upon those subjects to which he found great pleasure in devoting much of his time. Quite and unassuming in manner, dignified and gentle in his bearing, he approached the sunsets of life surrounded in every comfort that a devoted wife and son could provide. His home life was sweet and peaceful and nothing that could have added to his days was withheld. The end came quietly and peacefully, and thus as he had lived he passed to the great beyond.

Funeral services were held at his late home on Wednesday afternoon and were attended by many former business associates and old friends. The floral tributes were beautiful, presenting a report to the memory of the departed and sympathy to those dear ones who had been bereft of a loving husband and father. Rev. F. P. Krowles conducted the services and interment took place at Union Cemetery.

THE HARVEST FESTIVAL AT THE METHODIST CHURCH.

The third annual meeting of the first unit of Methodists was celebrated last Thursday with its usual interest. Mr. John Thimann presided at the organ with his usual skill and the choir acquitted themselves under the able leadership of Alfred Copperwaite, who has taken the place of Mr. Kugon during his illness.

The church was decorated with nature's bounties, everyone responding nobly with the best of their field and gardens. Tossed among the fruit and vegetables were autumn leaves and flowers, which was striking to the eye of the observer. The Rev. A. H. Fellowe of the Urbandale Methodist Episcopal church, Battle Creek, was the speaker. He spoke on "The Thanksgiving Cup of Christ" in a most practical and helpful discourse that will not be easily forgotten. The common things of life he said we fail to regard them as blessings, because they are in our homes so constant and regular.

At the close of the service Lloyd Lovewell of South Lyon, with his usual gaiety, disposed of all the goods things down to the last bouquet of flowers, which netted over a hundred dollars to be disposed of for philanthropic purposes.

Thus closed another successful service spiritual and material, in its blessing for the kingdom of God.

OVERHEATED FURNACE STARTS FIRE AT PARK HOTEL.

Last Friday noon fire was discovered in the roof of the Park Hotel building and an alarm was furnished. The fire department and many willing workers responded quickly and with water buckets the fire was soon subdued, not however, until it had burned a good size hole in the roof and charred the timbers in the attic. It is believed the fire started from the chimney owing to a big fire in the furnace. Sparks doubtless dropped on the roof and the early discovery of the fire was most fortunate.

Mr. and Mrs. T. M. Gillispe and E. A. Shafer are very grateful to all who responded so quickly and who rendered efficient service.

How About Your Heating Plants?

Are They In Shape?

This is the time of the year when we should begin preparing for the long winter that is just around the corner. HOW ABOUT YOUR HEATING PLANTS. ARE THEY IN SHAPE to do the work that you will expect them to do this winter? If in doubt, call us in for a consultation and we will give you our expert advice on the best and cheapest method of putting the same in good working condition. A suggestion to those who don't have a heating system. Let us estimate on putting an Arcola in your home and make a "Fairy Tale" of winter, or maybe you planned on putting a new plumbing fixture in, or changing your old ones for something better.

We will give you the best prices on repairing, remodeling and new work.

SENATOR RALSTON DIES AFTER LONG ILLNESS

Lawmaker Succumbs on His Farm, "Hoosier Home," Near Indianapolis.

Indianapolis.—Samuel M. Ralston, United States senator from Indiana, died at his country home just north of this city.

Senator Ralston's death was preceded by a long illness caused by a kidney disorder. He returned from Washington last March in poor health.

On September 5 his condition became aggravated and he was ordered to bed. He would have been sixty-eight years old December 1.

Death came to the statesman at the place he loved best, "Hoosier Home" located just outside the city limits of Indianapolis.

"God is good and I am His child," so wrote Senator Ralston to a friend shortly before his death. It is said he refused to accept the presidential nomination at the last Democratic convention because he had a premonition he would not serve out the term at the White House.

Samuel Moller Ralston was born on

SENATOR S. M. Ralston
at his country home, Indianapolis, Ind., where he died on Sept. 5. He was a member of the Senate from 1889 to 1903, who was known as "the Sage of Celery Valley" before his marriage took him active part.

Panama Landlords Cut Rents to Pacify Rioters

Balboa-Panama City landlords, in an agreement with President Alvaro Obregon, granted to reduce the rents 50 per cent for the cheaper dwellings and not to increase the rentals of any type of house. The agreement is to be effective for a year.

This action, taken as a result of the riots by workers against high rents, is expected to put the landlords which resulted in the deaths of several persons and wounding of many others, as well as the killing of an 18-year-old United States drummer from Fort Clayton to restore quiet in the city.

The landlords' offer of a rent reduction, which was rejected when it was demanded, was accepted by many of the tenants.

Meanwhile, Panama is calm under the watchful eyes of the American soldiers, although business has not been completely restored to normal.

Bishop Murray Is Named to Head Episcopalians

New Orleans.—From Methodist and bookkeeper to presiding bishop of the Protestant Episcopal church of the United States is the ecclesiastical romance of the hour in this country. After the election of Rev. John Bardine Murray, Bishop of Maryland, to this office—accomplished Bishop Murray is sixty-eight years old. Upon assuming the office of presiding bishop of the church, Bishop Murray will also take over the duties of president of the national council of the church. In Federal Court Judge Louis H. Burnham took under advisement the injunction suit brought against the house of bishops by the deposed bishop, William Montgomery Brown.

Hard Coal Famine Strikes New York

New York—New York found itself in the midst of a coal famine when all large dealers of anthracite coal refused to accept orders at any price or to issue quotations, declaring they are altogether out of the precious commodity. Sales were suspended just as Maj. Gen. Charles W. Berry, chairman of the newly created state coal commission, announced that \$10 a ton had been fixed as a fair price for hard coal in Manhattan and the Bronx.

Waterway Survey Incomplete

Washington.—The engineering survey of the Great Lakes to the St. Lawrence channel is not completed, members of the deep waterway commission were told when they met with Secretary of Commerce Hoover.

Kill Fifty Robbers

Mexico City, Mexico.—Police in Mexico City and vicinity have shot fifty robbers recently and warnings are issued that firm and quick punishment will be the lot of criminals in future.

Had No Fear of Man

The Buddhist religion forbids taking of life. Members of the Mount Everest expedition found the animals and birds of Tibet so tame that they gathered about the party, especially near the villages.

Where Cocaine Comes From

Cocaine first obtained recognition as a valuable drug 35 years ago, and the supply was derived from leaves of the wild coca plant, native to Peru. Now the shrub is cultivated in Java on an immense scale.

Bringing Gas to the Subdivisions of Livonia Townships Means Greater Growth

Livonia's great opportunity to obtain gas for its people will come on Saturday, Oct. 31, when a special election will be held to vote upon a franchise to the Michigan Federated Utilities for bringing this service to the township from the Plymouth plant. The bringing of this service will mean that Livonia will be in the van of townships that can boast of this utility for its people. The plan is entirely in line with the purpose of the greater growth of this community and will prove one of the main items in insuring a permanent growth.

Officials Endorse Plan

Granting of a gas franchise to the Michigan Federated Utilities has been given the unanimous approval of the Livonia Township Board after careful consideration and the special vote in the township on Saturday, October 31, is for the purpose of sanctioning their action in the endorsement of the franchise.

In addition to the support given the gas question by the official body of the township, the granting of the franchise has the approval of the real estate concerns that are doing so much to develop the community, and is desired by practically everybody who is moving from Detroit to this section.

**Vote "Yes" on the Gas
Franchise, Saturday, Oct. 31st**

STATE NEWS IN BRIEF

Flint—J. Elwood Andrews, former president of the Michigan Real Estate Association, was elected president of the Flint Chamber of Commerce by directors of that organization.

Grand Rapids—Proposed construction of a \$150,000 jail and detention hospital combined will be submitted to the board of supervisors at the present session by the committee on buildings which has received tentative plans and sketches from the architects.

Flint—Further legislation in Federal income taxes by the next congress is likely, Rep. Louis C. Cramton, of the Seventh district of Michigan, told members of the Flint Chamber of Commerce at a luncheon. He also predicted a reduction of the automobile excise tax by the same body.

Owosso—Owosso property owners have failed to pay special assessment taxes to such an extent that it may be necessary to stop all further public improvements until they have been paid up, or to require those seeking further improvements to make substantial payment before the work is started.

East Lansing—The student council of the Michigan State College adopted a resolution placing it on record as opposed to the type of humor that recently appeared in the Green, a campus publication. The publication, criticised, was one in which an editorial advised students to "be collegiate, drink and neck," and containing many alleged off-color jokes.

Battle Creek—Half a million dollars has been donated to Battle Creek College for immediate use. Dr. J. H. Kellogg, chairman of the board, announced at a banquet of the men's class. Dr. Kellogg, when seen later, refused to give any information that would lead to the identity of the benefactor save to say that the man was interested in the principles to which the college subscribed.

Ann Arbor—Sir Robert A. Falconer, president of the University of Toronto, has been invited to deliver the address at the annual Washington's Birthday convocation at the University of Michigan, Feb. 22, 1926. Sir Robert was to have delivered the address at the convocation last year, but the gathering was omitted because of the illness of the late Dr. Marion Leroy Burton, president of the university.

Alma—Eric Steenberg, an employee of the Republic Motor Truck Co., is held in \$2,000 bail here on a charge of forgery. Officials of the company say that Steenberg punched a time clock for employees not working and collected the checks of these men. No estimate of the amount alleged to have been obtained in this way was given.

Lansing—The State Tax Commission virtually has completed preparation to make extensive investigations of the so-called charity property on the state's tax exempt list. George Lord, chairman, announced. Hundreds of thousands of dollars worth of property that has been escaping taxation may be assessed for the first time.

Jackson—Harry L. Hulbert, former warden of Michigan state prison, and at the present time in charge of the new prison north of the city, has been selected by a committee of the Richard F. Smith Post of the American Legion to act as general chairman of the American Legion's \$5,000,000 endowment fund committee for Jackson county.

Bay City—Garland O'Neill, coach and athletic instructor of Central High school, who is to have a hearing on an assault and battery charge as the result of an altercation with George O. Martin, chemistry instructor at Central high school, will be reprimanded with the understanding that repetition of his temper display will not be tolerated.

Lansing—A request that the valuation of the Manistee & Northeastern railroad be reduced from \$400,000 to \$200,000 was submitted to the state administrative board by the general manager. If this reduction in taxes is granted the road can be operated until the property is disposed of and the receivership dissolved, he said. His request was referred to the attorney-general.

Alpena—The Thunder Bay Golf Club Alpena's first public course is now in the process of organization. The new course is for the use of local townpeople and tourists. Work on the new course will begin in a few days. Several thousand dollars in stock subscriptions have been pledged and 255 acres of land less than two miles from the heart of the business district has been optioned.

Fremont—The fifth annual agricultural and horticultural fair will be held in the local community building October 26, 27 and 28. The arrangements are being made by the county agricultural agent, Harold Stinson, with the assistance of the agricultural committee of the chamber of commerce. The dairy department has been added to the fruit, vegetable, poultry and household arts displays. The judges for the fair will come from the Michigan State College.

Lansing—Rights of the State of Michigan to refuse, through the Conservation Commission, to lease lands formerly forming lake bottom at St. Clair flats, is to be attacked in State Supreme court Oct. 27, when action brought by Detroit interests will be heard. The case consists of filing an application by George Neidwijk, Detroit, asking that the court grant a writ of mandamus to force the conservation department to issue a lease to certain lands which have been drained and have been developed as a summer resort section.

Saginaw—Interesting programs have been arranged for the various meetings of the Michigan State Teachers' Association, District No 2, comprising 17 counties, that will hold its annual convention here October 26 and 27. Many notable speakers have been obtained including Lorado Taft, American sculptor; Albert Noyes, British poet laureate; Glenn Frank, president of the University of Wisconsin; Maurice Lewis, president of the George Washington University, and William Arthur Ganfield, president of Carroll college.

HARRY'S Wolfe

REALTY CO.

BUILDER'S PARK

"A SUBDIVISION WORTHY OF ITS NAME"

Builde's Park is a subdivision strictly in accord with the development Farmington has naturally taken upon itself. Farmington is and will always be a purely residential community of the highest type. Builde's Park lying on the south boundary of the Village of Farmington on Division Street and Fendt road is all that the name implies, a builde's park. It is the absence rather than the presence of factories that makes Farmington real estate so desirable. In a few years from now Farmington and the nearby districts will be known throughout this section of the country as one of the highest class residential communities near Detroit; its exclusiveness will make real estate values soar to heights that even people who have lived there all of their lives will wonder at. In ten years from now when you tell your friends (as you will) that you bought a lot in Builde's Park in 1925 for \$600, they will hesitate to believe you.

With all of its improvements, its high restrictions and its desirable location, Builde's Park is even today priced below the average.

Since our announcement last week the sales have already begun to come in, so while there are a large number of lots to choose from, and your chance of getting the lot you want is good, come into our office and pick out your lot. You cannot afford to pass by this opportunity. Remember that story about the early bird.

Drop us a card, call at our office, or call us on the phone, we will be pleased to show you the property, and some day you will thank us for selling you the lot.

(This week we are pleased to announce that we have added to our sales force Mr. William Zwahlen of Farmington. This is more evidence that our business is growing. A company is known by the men it attracts).

SECRETARY OF WAR

Dwight F. Davis, of Missouri has been appointed by President Coolidge to succeed Mr. Weeks as secretary of war. Mr. Davis had been assistant secretary, and before that was chairman of the finance corporation.

SHERIFF GIVEN JAIL SENTENCE AND FINED

Peter M. Hoffman of Chicago
Punished by U. S. Judge.

Chicago.—Sheriff Peter M. Hoffman, Republican leader of Cook county, was sentenced to serve thirty days in the DuPage county jail and fined \$2,500 by Federal Judge James H. Wilkerson for "wilfully and knowingly closing his eyes" to the out-of-jail excursions of the two beer millionaires, Terrence Druggan and Frank Luke.

Capt. Wesley H. Westbrook, a 28 years' law officer and recently appointed warden of the county jail, was sentenced to serve four months in the DuPage county jail for his participation in the "outrageous banting" of the court's order committing Druggan and Luke to the county jail.

Sheriff Hoffman and Westbrook are in two weeks for an appeal to the United States Court of Appeals.

Miners' Head Says U. S. Faces Big Coal Shortage

Athlone, Ont., N. L.—Supported by the American Federation of Labor, the 15,000 striking miners in the anthracite field will increase after President Taft. W. Lewis of the United Mine Workers had addressed the delegates and stirred them to enthusiasm by his recital of conditions in the industry.

Mr. Lewis said the miners would not falter in departing from the policy laid down and big warned the public that it was due to a "rule of thumb" if he believed there was an ample supply of coal on hand.

"Hundreds of thousands of homes will be without fuel and will be unable to secure fuel," he said, "until it can be produced at the mines and distributed."

Will Spend \$100,000,000 to Develop Rubber Lands

New York.—Barney S. Firestone, president of the Firestone Tire and Rubber company, announced that he has leased from the African republic of Liberia 1,000,000 acres suitable for rubber growing for ninety-nine years, and a 2,000-acre rubber plantation matured and bearing. He plans to spend \$10,000,000 in developing the lease to fight British and Dutch domination of the rubber field, now 90 per cent controlled by these two nations.

Employment in Many Industries Shows Gain

Washington.—Employment increased during September in the automobile, railroad and iron and steel industries, and a number of other major industries, according to the monthly employment report of the Department of Commerce, issued here.

Yank Flyers in Morocco Will Quit on November 15

Paris.—Lieut. Col. Charles W. Kerwood, second in command of the American flyers in Morocco, as liaison officer of the squadron with the French war office, announced that he had arranged for a special leave of absence for the entire unit on November 15.

General Sherwood Dies at 99

Toledo, Ohio.—Gen. Isaac R. Sherwood, ninety, retired congressman, editor and Civil War veteran, died here.

Governor Condemns Subsidies

Harrisburg, Pa.—Federal subsidies to states were condemned as unfair and wasteful in an address by Governor Ritchie of Maryland, speaking before the Pennsylvania Chamber of Commerce.

Illiterate to Be Counted

Washington.—The bureau of education in the Department of Commerce will take a census of illiterates next year, as a move in the campaign to wipe out illiteracy.

SPRINGWELLS MAY BECOME THE BOYS WILL BE PUNISHED; FORDSON WHAT ABOUT THE WOMAN?

Governor Alex J. Groesbeck last Friday opened the way for residents of Springwells, a suburb of Detroit to honor Henry Ford and his son, Edsel Ford, when he approved a charter amendment which, if adopted by the voters of that city, will change its name to Fordson.

The Ford industries have been the making of Springwells. Starting as a four corners a few years back, it soon became a village and has now grown into a sizeable city, and is one of the most rapidly developing of the Detroit suburbs.

Under the home rule act, all proposed charter amendments of cities must be submitted to the governor for his approval before they are submitted to the voters.

SOAP AND WATER ECONOMY

You will be switching on your lights earlier and earlier as the fall days steadily shorten. Your lighting bills will tend to increase.

You can check this unpleasant tendency to a considerable extent by the use of soap and water; that is to say, by washing your lamps and keeping them washed.

A dirty lamp may hold back as much as half the light it ought to give you. Why stand for robbery?

WOODMEN TO HONOR NATIONAL CHAIRMAN

Deavor Woodmen will honor E. J. Fullar, national chairman of the board of directors, Model Woodmen at a reception and dinner at the Hotel Stater Saturday.

Luther D. Thomas, head of the Detroit convention bureau, will be the principal speaker at the banquet, and will present opportunities for the newly organized civic committee of the Woodmen to co-operate with the bureau.

Councilman John C. Nagel will preside as toastmaster, and other speakers will be Judge Joseph A. Monihan and former Senator Earl Brown of Lansing.

During the evening officers of the Battalion of Foresters will be sworn in by Bullard. This visit will be an early step in preparation for the first state encampment to be held next year. Formerly Michigan has joined with Indiana and Ohio in a zone encampment—Free Press.

Saving the Scraps

Nearly \$200,000 worth of metal was recovered in the United States scrap drives, states Supervisor of Motor Vehicles.

All Were Out?

So Was Mrs. Weeks Who Tells Her Experience

Are you tired all the time, worn out night and day? Does your back ache as it would break? Do you suffer dizziness, headaches, rheumatic twinges, or distressing urinary disorders? You are not alone, then, to be alarmed about your kidneys. Do as many of your townfolk recommend: Use Doan's Pills. A stimulant diuretic to the kidneys. This Northville case is convincing.

Mrs. Glenn Weeks, North Center street, says: "After an attack of influenza my kidneys were in poor condition, and while like pains took me across my back, I didn't rest well at night and mornings. I had a soreness and lameness in my back and I could hardly get around."

Dizzy spells came on, too, and my kidneys acted feebly. Doan's Pills from the Northville Drug Co. ended the trouble."

See at all dealers. Foster-Mifflin Co., Mrs. Buffalo, N.Y.

TWENTY-FIVE YEARS AGO

Items taken from The Record files of 1899 for the week corresponding to this week.

Walter Dingman has a job at Plymouth now.

Grant Withers called on old friends here Friday and Saturday.

Born to Mr. and Mrs. Edwin Armitage, October 12th, a son.

Mrs. J. A. Dubuan gave a tea party to a few friends Wednesday night.

The Uncle Tom troupe gave a good show at the opera house Monday night.

Mrs. D. P. Yerkes is quite ill at the home of Mr. Yerkes' parents, Mr. and Mrs. Robert Yerkes.

G. W. Hins and Miss Enie Fisher of Howell, spent Sunday at the home of the former's mother, Mrs. Chrysler.

Says the Manton Globe: If you ask a man for an ad or a local, he will tell you he doesn't believe in advertising a paper is never read. But let him be caught hugging a girl or struggling with a jugs of "tamarind water" if the printing office is in the garret of a twenty story building, he will climb to the top and ask the editor not to publish it in the paper where everybody will read it. Of course this doesn't apply to Northville where every one believes in advertising.

Under the auspices of the factory employees of the J. A. Dubuan Manufacturing Company, the Republican had a grand old rally here Saturday afternoon and the men sang to the breeze a beautiful McKinley and Roosevelt banner. There were about 400 people present and they were addressed by Judge Vanduzee and Brigadier General of Detroit and C. L. Dubuan, of this place, who acted as chairman.

The Northville brass band and Perrin's martial band furnished the music and the crowd the enthusiasm.

HOME MAKERS TO MEET AT M. S. C. OCTOBER 20TH

Women of Michigan, members of the extension organization, by which the extension workers of the State College here reach the women of the state who want information upon cooking,

household management, clothes making, etc., will meet at Lansing on October 20th, in the first home makers' day of the college.

Announcement of the plans for the meeting was recently made by Mrs. Louise H. Campbell, home demonstration leader of the college. The general thought of the meeting is to plan for the work of the coming year, and to make arrangements that the demonstration agents throughout the state can be used to the best advantage. The meeting will be a "round up" of the workers in the field to get them more thoroughly acquainted with the possibilities of the extension work.

Luncheon will be served in the new State College Union. Governor Grossbeck has been asked to address this luncheon, while Mrs. Dora Stockman, member of the state board of agriculture, and Miss Florence Ward of the U. S. Department of Agriculture also will speak.

ALBION COLLEGE TO OBSERVE HOME COMING

Dr. Clarence C. Little, new president of the University of Michigan, will be the headlining speaker at the two day home coming celebration at Albion College the first week in November.

Just five days after his own inauguration in Hill Auditorium on the Ann Arbor campus Dr. Little will go there to give the home coming address Saturday night, November 7th.

Alma college furnishes the football

opposition to the Purple and Gold

varsity on Alumni field, in the after-

noon, the game being in a unique

series of athletic contests.

Three years ago Albion went up to Alma

and brought back the Michigan Inter-

collegiate Athletic Association grid-

iron championship.

The next year Alma trekked to Albion to win the

championship, and last year Albion

defeated Alma in order to take the

second place in the M. I. A. A.

GREEN RE-ELECTED

HEAD OF A. F. OF L.

Labor Body Opposed to Recognition of Russian Soviet by United States.

Arlington, N.J.—The American Federation of Labor re-elected President William Green and his associate officers by acclamation; those Detroiters next year's convention also declared against formation of an independent labor party and opposed recognition of the Russian Soviet by the United States.

Many other resolutions also were adopted. Mr. Green's reelection was overshadowed. He was elected president in New York last winter by the executive council after the death of Samuel Gompers. Previously he had been secretary-treasurer of the United Mine Workers of America. During the year he was instrumental in settling three vexatious ironworkers' disputes after others had failed, and he acquired a reputation as a peacemaker.

John L. Lewis, president of the United Mine Workers, made the dominating speech. He brought the delegates to their feet cheering when he reported that Mr. Green was the son of a coal miner, "had labored in the mines" and learned "the language of those who toil" and had risen to a position where he was "a great American, great and wise in council" and great in battle.

The resolution proposing support of a movement to bring about a world conference of trade unions was defeated unanimously.

45,000 Baseball Fans See Pittsburgh Win Flag

Pittsburgh, Pa.—Pittsburgh was crowned a new world champion after the midwest's wildest and most pathetic battle in the history of America's pastime.

With 46,900 fans screaming in delirious joy, the roar of partisan rage when the Senators forged ahead, the old and crippled Walter Johnson fell before the youth and speed of the Pirates by a score of 6 to 5.

With two out in that inning, with the game seemingly saved, Johnson's strength at last failed. Before the wildly joyous Pirates could be stopped they had scored three times, and, for the first time in the feverish battle, were leading. Aldridge and Kremer were the winning pitchers.

Final Standing.

Team	W	L	Per.

Youth and Girl Slain;

Jealousy Suspected

Kenosha, Wis.—Jealousy of a rejected suitor was suspected as motive for the slaying of Madeline Falmer, nineteen-year-old "affectionate, strong-willed, and June-bright, twenty-five, Kenosha garage owner, whose body was found in a "Lovers' Lane" road five miles north of Kenosha.

The couple had been shot to death while seated in Sears' automobile parked at the roadside. The bodies lay in a ditch 300 feet from the machine, partly concealed by hastily strewn leaves and branches.

President to Address

Farmers in Chicago Dec. 7

Chicago—President Coolidge will deliver the opening address at the American Farm Bureau federal national convention in Chicago December 7. O. F. Bradford, president of the federation, definitely announced. He will speak in the morning to the farmers at the Hotel Sherman and will be a guest at a luncheon of the convention guests. He will leave immediately afterward for the return trip to Washington, delivering his opening address to congress on the day following.

Col. MacNider Named

Assistant War Head

Washington—Col. Hamford MacNider, former national commander of the American Legion, was appointed assistant secretary of war by President Coolidge. Immediately on the receipt of his news of his appointment Col. MacNider telegraphed his acceptance from his home in Mason City, Iowa.

German Princess Carl Parade

London—German girls are invited from all parades to perform National demonstration by a decree issued by the Reichs court minister.

U. S. Sub Rams Mine Sweeper

San Diego, Cal.—With a roar exceeding eight times, the sea off Point Loma in the process of locating the United States mine sweeper Ortolan, submerged 25 fathoms to the surface, nose up and rammed the Ortolan. Both vessels were damaged but reached port.

Canton River Mined

Canton—As a precaution against any attack from two hostile northern Chinese warships now in the river, the Canton river has been mined.

IS IT FAIR TO THE PRINTERS?

The whole principle involved in the subject of government ownership of the printing and selling of stamped envelopes with a printed return address, is that the government is wrapped up in the government printing and selling of stamped envelopes, the only absolutely socialistic movement that the government has gone into.

To the everlasting glory of the American press and particularly the Rural press, it has stood solidly as a matter of principle and without price against all encroachments of government which would lead to a break-down of destroy American ideals of freedom and the right of exercising individual initiative and enterprise. It has done this is the face of government competition and government ownership in the printing industry and in spite of the fact that a large percentage of stores, banks, doctors, lawyers and manufacturing institutions which would fight such competition in their own line of business, consistently fail to patronize the printing offices of the

publishers from whom they expect protection where necessary arises.

On orders under \$100 it is impossible for printers to furnish envelopes with a printed return address, at a price to compete with the government. For amounts over \$100, larger printers can produce printed envelopes for below government figures.

It is the small publisher and printer who is hurt worst by the government competition.

This is the general rule in all lines of activity when government ownership is established. The more the government gets into the field of business, the more impossible it will become to eliminate the government printing of envelopes.

This problem affects not only the printers of this nation, but every individual who ever hopes to do anything besides draw pay in an official position.

Try Northville first.

RECORD LINERS PAY TRY ONE. RECORD LINERS PAY TRY ONE.

TOURISTS PAYING GAS TAX ARE GREAT HELP.

All states in the Union save four—Louisiana, Massachusetts, New Jersey and New York—have turned to gasoline taxes as the easiest means for raising their improved highway construction and maintenance costs. Thus, those who use the roads, are giving their fair share in highway competition. The usual tax is two cents per gallon. Farmers in the four states mentioned above are fighting for gasoline taxes. Chicago blocked in Illinois the last session of the Illinois legislature. The first six months of 1925, the gas tax raised \$58,000,000 for highway building in 14 states. In Michigan it was \$8,333,000 to June 30 and when the tourist season opened it jumped to around \$900,000 a month.

LOCAL

C. R. Horton's one-cent sale is in full swing.

Mrs. Charles Ovenshire of Warden spent a few days last week with her niece, Mrs. Charles Freyel.

Elbridge G. Lapham of Elkhart, Indiana, attended the funeral of William G. Lapham, on Wednesday.

Mr. and Mrs. W. H. Phillips of Highland Park attended the Masonic family night entertainment Monday evening.

Mr. and Mrs. Charles Murphy of Northville came to Monday afternoon to attend the Masonic family night and

Mr. and Mrs. Joseph Nesson of Macomb, Ohio, spent a few days during the past week at the home of Rev. and Mrs. F. P. Knowles.

Deputy Sheriff W. H. Safford is holding safety meetings about the country, being chosen for that particular work by Sheriff Geo. A. Walter.

Miss Elizabeth VanValkenburg, who is a senior at the University of Michigan, was recently chosen vice-president of the class for 1926.

Mrs. Bert Tapp returned Wednesday from a few days' visit in Marion, Ohio. She was accompanied by Mrs. Bennett of California and Mrs. Charevo of Detroit.

Hunting parties are being formed among the nimrods of this section and they will soon go forth to the northern part of the state in search of big game.

Married at the Collingswood Presbyterian church at Columbus, Ohio, by the Rev. Lawrence Long, October 19th, Miss Inez Lee of Northville and H. B. Rowley of Columbus.

Mr. and Mrs. D. P. Verkes, sr., left Thursday for Traverse City, where they will visit Mr. and Mrs. W. L. Weaver. Mr. Verkes will enjoy some bird shooting while absent.

Irving J. Ulrich, who underwent an operation for appendicitis at the Eastlawn Sanatorium, was taken to his home Sunday in Schreder Bros. ambulance. He is getting along nicely.

The public is invited to attend the open meeting of the Northville Woman's Club this afternoon when an illustrated lecture will be given by Prof. A. H. Keaton of the U. of M. on "Romantic Spain."

F. P. Simonds & Sons have their cider mill at their farm in operation and are turning out large quantities of pure sweet cider every day. People come from a long distance to get a jug or keg of cider at this new modern mill.

Herbert Stewart, a member of the local Edison force, was married in marriage to Miss Dorothy Diamond at the home of the bride's parents in Detroit Monday evening. A number of the Edison Company employees of Northville attended the ceremony.

About thirty members of the Northville Exchange Club, accompanied by their ladies, enjoyed a dinner at the Hotel Statler on Wednesday night and attended the Shubert Detroit theater later. The dinner was served in the main dining room and was a most appetizing feast.

Upwards of fifty members of the Little Commandery Knights Templar attended services at the M. E. church in South Lyon on Sunday last in observance of Hospitaler's Sunday. The services throughout were very fitting and the pastor gave an inspiring message.

In spite of the rain a good sized crowd attended the safety meeting at the school house last Friday night. Rev. William Richards, secretary of the Northville Automobile Club, gave the address and it was interesting and convincing. Pictures were shown and all present enjoyed the program presented.

Mr. and Mrs. Fred Avery, Harley Boillat and Aronzo Sessions left Wednesday for Florida, where they will spend the winter. The Messrs. Fry and Boillat will build some houses during the winter and return in the spring to Northville to resume their contracting business in this section.

Mr. and Mrs. C. A. Downer of Dearborn visited over to Northville Monday and attended the Masonic entertainment in the evening, where they had the pleasure of meeting many old friends. They left Northville about 26 years ago, but have never lost interest in the old home town and the old friends here.

On Tuesday of last week a Kiwanis Club was organized at Plymouth. A dinner was enjoyed at the Cass Benton Riding and Hunt Club and at the conclusion of the splendid feast officers were chosen. J. L. Johnson well known to many Northville people was chosen president of the new club which has a membership of forty-two.

At the conclusion of the regular meeting of Orient Chapter, O. E. S. last Friday night members of the order and their families gathered and enjoyed a Halloween party under the direction of Miss Mary Fuller. Decorations in keeping with the occasion were used and doughnuts and cider were served as refreshments. Numerous games were played in which all entered into the merriment of the evening.

There was a fall of snow Tuesday night.

Rev. and Mrs. A. K. MacRae are at Lansing this week attending the Baptist state convention.

Sunday night it rained and Monday it snowed. Winter must be hiding just around the corner.

Mr. and Mrs. E. A. Kohler and Mr. and Mrs. Don Blakeslee of Redford enjoyed a motor trip to Houghton Lake and other northern points last week-end.

Eugene J. Fischer of Ann Arbor, leader of "Ike" Fischer's orchestra, died at Miami, Florida, last Saturday, where he has spent the last three weeks.

Mrs. Catherine Knowles left Tuesday for Syracuse, N. Y., where she performed as one of the performers at a wedding or one of her college friends.

Deputy Sheriff W. H. Safford is holding safety meetings about the country, being chosen for that particular work by Sheriff Geo. A. Walter.

Miss Elizabeth VanValkenburg, who is a senior at the University of Michigan, was recently chosen vice-president of the class for 1926.

On Tuesday afternoon next the 27th there will be a baby clinic at the school house. The new school nurse will be in attendance and all Northville mothers are urged to be present.

R. A. Scord has moved his bakery to the Nixon residence on Main street, where he will offer his product for sale. He will fit up a bake shop in the Scott building on South Center street.

Associate matrons of Wayne county will exemplify the O. E. S. work at Orient Chapter Friday evening, Nov. 6th. The regular officers will fill the chairs for the afternoon work. Dinner at six o'clock.

Miss Pauline Sutton of Marion, Ind., and Arthur Cheneveth of this place were united in marriage at the Baptist parsonage by Rev. A. K. MacRae last Saturday night. They will reside in Northville.

All the safety meetings that can be held will not prevent people from being killed at railway crossings unless the extreme some degree of care.

Ten persons were killed at railway crossings in Michigan last Sunday.

Mr. and Mrs. F. W. Patterson and children and Mr. and Mrs. Dawson Patterson, of Elkhorn, Detroi, were guests of Mr. and Mrs. A. J. Hallrich Saturday. The Patterson family remained until Sunday evening.

The annual meeting of the Ann Arbor district will be held at Ann Arbor Friday evening. New district superintendent of the John Martin presiding. Rev. William Richards, and Chas. A. Dalton attended the meeting.

McLeod and Mrs. W. H. Corrin and Mrs. John Crommer Mr. and Mrs. Roy Colby and Mr. and Mrs. Phillip Schmidt left Monday morning en route for Palm Beach, Florida. They will spend the winter at Glenwyne. They are camping along the rail road.

The indoor menu attracted a good crowd in the parlor of the Presbyterian church last Friday night in spite of the rain. A meal supper was served under the direction of the J. T. girls and the evening was spent with games and merry making.

The howling allies have opened for the winter and the young fellows like Charles Sessions and others are getting into condition for the winter leagues. A house league is under consideration, where eight five-inch teams will enter, comprised of all local men.

Stewart Montgomery and son, Son Montgomery, left Wednesday by automobile for Daytona Beach, Florida, where they will spend the winter. Mrs. Montgomery will follow by train within a few weeks. Scott Montgomery will play in the celebrated band and orchestra again this season.

An audience that filled the Baptist church attended the union services there on Sunday night when Mrs. Cox of the Salvation Army delivered an interesting sermon in which she told the secret of the success of the church.

Presbyterian male quartet sang and the services throughout were interesting and helpful.

OAKLAND TO JOIN IN SCRAP a comprehensive highway plan for the HIGHWAY PLAN.
Oakland county board of supervisors Friday approved the creation of a super-highway commission to work jointly with Wayne county and agreed to finance the work at the rate of \$3,045 a year for five years, ergo \$15,225 a year for Wayne. The new commission will start to work on November 1st.

The proposed commission will have no power to contract or build highways, but will be empowered to make tie-ups to Farmington.

Shoes of Fish-Skin
Shoes well as cases are now being made of fish-skin leather. Of course the various kinds of snakes, as well as lizards from Mexico and Central America furnish skins that are serviceable and attractive in appearance.

Wasted Energy

The new subject, how much more fuel can be saved by smart use of energy from the end of the present road to the West Bloomfield line. This will complete a pavement from Peninsular roads — F. W. Robert

Waterford News.

Mrs. Robert Taylor called in friends here last week.

Ernest Layaz spent Sunday afternoon and evening in Detroit.

Miss Margaret Dennis will give a Haloween party for her friends.

Mrs. Jack Griffith is now employed as cook on the P. H. Grennan farm.

Mrs. Charles Steinhebel spent Friday with her sister, Mrs. Nairas at Plymouth.

Claude Finney and family have moved from Northville into the Barbours house.

Mrs. Sanley McLean of Highland Park spent Sunday with her sister, Mrs. D. L. Dennis.

Mrs. Robert Bechtel and Miss Peck from Hastings, are visiting the former's daughter, Mrs. Arthur Gotts.

Waeta Long has returned to her position with the telephone company after recovering from an operation.

Mr. and Mrs. Edmond Watson and Miss Iva Jackson spent the weekend with the Charles Peck family at Ortonville.

The Waterford Community club will meet with Mrs. Ida Stevenson on Thursday evening, October 29th, for a Haloween party.

The Ford factory is now working day shifts, and as soon as the rest of the machinery is installed two shifts will be in operation.

Mr. and Mrs. Howard Brown and Mrs. Lettie Gray of Clare spent a few days last week with the former's sister, Mrs. D. L. Dennis.

Wixom Whispers.

J. G. Madison of Detroit is visiting his daughter Mrs. Henry Perry.

John Shannon was at Pontiac and Detroit last Friday and Saturday.

Mr. and Mrs. Bert Parker and daughter Eula spent Sunday at Millington with Rev. and Mrs. Tibbant.

The first number of the Wixom Lecture course will be given by the Gladue Concert Co. on Saturday evening.

Mr. and Mrs. Delos Lehman and son of Saginaw were visitors Friday and Saturday at the Gillett home.

Mrs. Adeline VanLeuven and daughter of Milford were visitors there Sunday.

The E. Y. P. U. have elected the following officers: President, Mrs. Ernest Petty; Vice president, Lucile Bogart; secretary, Mildred Price; treasurer, Everett Pearsall; pianist, Vivian Carg; choirmaster, Budd Carr; chairman, devotional committee, Miss Mildred Harford; chairman, social committee, Gladys Harmon; chairman, Lookout Committee, Lucille Bogart.

A pleasant time was reported at the Wixom Farmers' Club held last Wednesday with Mr. and Mrs. Charles Sturman. There was a large attendance although it was a busy session with the farmers. We regret very much to have Mr. and Mrs. Sturman and family leave this community, but in about a month they will move to their new home near Saginaw.

Mr. and Mrs. Bernhard Shott and daughter Mary Esther and Mr. and Mrs. Norman Ball, Jr., of Birmingham, were callers Sunday afternoon at Mrs. Sarah Patahan's.

Novi News.

Miss Mabel Chamberlain spent the weekend at her home in Jackson.

Several from here attended the Bible Conference at Walled Lake last week. Mrs. L. Shin and children visited her sister and family in Detroit, last Sunday.

Archie Kent had the misfortune to sprain his wrist a few days ago when cracking a cigar.

Mr. and Mrs. Frank Birch of Milford visited their cousin, Mrs. Dora Donelon recently.

Mrs. Lester Woodruff spent a part of last week at the home of her son, Clark and wife, in Detroit.

Mrs. Ed. Grace entertained her sister, Miss Graham from east of Walled Lake, a part of last week.

Several relatives of Mrs. R. O. Thompson drove out from Detroit last Friday to help her celebrate her birthday. It is needless to say all had a pleasant time.

Now listen to this! Something new! A progressive Haloween party at the Novi town hall Saturday night, October 31st, at 8:00 o'clock. The Novi P.T.A. invites you to come and see.

This week a retrial court No. 1 is in session of Judge Fred Lamb of Cadillac. He is a son of the late Samuel Lamb of West Farmington and was well known in Novi being one of the "boys" about 40 years ago.

The 4th annual convention of Oakland County W. C. T. U. will be held at the Methodist church in Ortonville next Tuesday and Wednesday, October 27th and 28th. It is hoped that quite a number may go from here. Let us make an extra effort to attend if possible. The program gives three sessions on both days. It has been requested that the Novi unit be represented by a good delegation.

The P.T.A. meeting at the town hall last Wednesday night was a very enjoyable affair. The kiddies did their parts well and all were interested in the talk given by Mrs. O'Connor and others. The hall was

well filled regardless of the unpleasantness of the night. The refreshments were enjoyed and taken all together the occasion was voted a success. It was voted that the Novi P.T.A. become affiliated with the state organization thus necessitating the election of two more vice-presidents. Mrs. Bessie Mairs and Clarence Smith were elected to these offices.

GREEN SAYS LABOR WILL FIGHT MOSCOW**Spurs Appeal by Briton for Closer Relationship With Communists.**

Atlantic City, N. J.—An appeal to American labor by Arthur A. Purcell, member of the British parliament to establish closer relations with the organized workers of Russia was spurned by President William Green of the American Federation of Labor at its annual convention.

President Green, in his answer to Mr. Purcell said:

"I want to be frank and kindly [in] I say, but we in America know something of the teachings of Communism and the control the Communist party exercises over the so-called Russian International.

"We know that influence emanating from Moscow is seeking us; it has always sought to incorporate with us but to capture and control us. They call the officers and representatives of the American labor movement takers, crooks, and scabs. Frankly they say they do not believe in collect bargaining. They do not see in any strike an opportunity to increase wages, to shorten hours, to improve the condition of the employment for workers, but they see in every strike an opportunity for revolution."

The Trade Union Educational League here in America, which is a creature of the Communist party, frankly announces that its policy is to boro within the labor movement to destroy it and substitute for our philosophy the philosophy of Communism.

"We are not ready to accept that, and we wish that our friend who has kindly offered such frank suggestions might take back to the Russian Red International this message. This American labor movement will not affiliate with an organization that preaches that doctrine."

Green, using his fist, and his powerful voice reached all parts of the hall. The delegates rose at one, stamped their feet and yelled their approval.

Air Board Hears Views of Naval and Army Officers.

Washington—Two rear admirals and a very capable took diametrically opposed positions to that of an army general concerning the leading tactical experts of the navy on air defense, as in what ought to be done with the country's air service before the president's special investigating board.

The navy officers maintained that under no circumstances should the air service be separated from navy operations. The army officer, Lieut. Col. Thomas Bevitt Milling, said that chaos would result in battle and the national defense be crippled unless a separate air force was set up.

The navy officers were Rear Admiral Charles H. Hughes, Rear Admiral William A. Moffett, chief of the bureau of aeronautics who took the stand for the second time, and Capt. George W. Steel, commandant of Lakehurst air station.

\$30,000,000 Coal Merger Announced at Nashville.

Nashville, Tenn.—A merger of coal gas and coke companies involving properties worth about \$30,000,000 and backed by large capital interests of Chicago, New York and various eastern cities was announced by the Bon Air Coal and Iron corporation.

By the merger the Bon Air corporation takes over the properties of the Tennessee Consolidated Coal com-

pany and the Chattanooga Gas and Coke company. The sale of the Chattanooga Gas and Coke company is subject to ratification by the stockholders.

INDIAN CEREMONIAL SLAP-O-K'D BY JUDGE**Rules Chiefs Have Right to Peculiar Tribal Customs.**

Santa Fe, N. M.—The Great White Father of Washington smiles when young Indian braves who violate tribal traditions are punished by application of the ceremonial slap-and-Pueblo Indian chieftains have the right to regulate tribal customs, costumes and dances.

This in effect was the ruling of regular Judge Colin Hepler here when he dismissed charges of assault and battery preferred against a group of Taos Pueblo Indian chieftains by two young bucks, punished for appearing at tribal dances in the garb of the white man.

The punishment was administered after the two young men, home from a government Indian school, insisted on wearing their newly adopted clothing.

The "ceremonial slap" consists of lashing—an Indian's blanketed back with a rope or braid.

Early Marriage Blamed**For Domestic Strife**

Baltimore—Early marriage and lack of money are two of the principal causes of domestic woes, according to Miss Anna D. Ward, secretary of the Family Welfare Association, which studies methods of family difficulties each year.

"There is a great many instances do not earn a sufficient amount of money to support their families," Miss Ward declares. "This forces the wife to go out to work in an effort to supplement the family income. And, of course, when the wife is out earning money the home and children are neglected."

The secretary of the association believes that a \$1,200 annual income is the least on which a couple should marry. She says that \$2,000 is the least on which a family of four can decently live.

Miss Ward declared another cause of domestic difficulties is the lack of training of the wife. Many girls, she says, are forced to go to work early and do not have the advantage of taking domestic science courses, where sewing and cooking are taught. They therefore are untrained to become homemakers at the time of marriage.

She says a girl should not marry before she is seventeen and that a boy should be at least twenty. A few years more make happier marriages, she believes. Early marriage predominates in the cases brought to the attention of the association, according to Miss Ward.

Automatic Beacons Take Places of Lighthouses

Washington—Every three seconds both day and night for 14 years an automatic light off the Hawaiian Islands has ousted a warning to mariners.

This was disclosed in a report to Secretary Hoover from Commissioner Fulton of the lighthouses service, which showed that the old-time lights have rapidly disappeared in favor of the automatic lighthouses, which needs only occasional human attention.

During the last fiscal year 74 lighthouses along the American coast were replaced by automatic beacons, with a saving of \$17,755 in annual expenses.

About 114 more lighthouses are scheduled for eventual replacement with automatic signaling devices, but this is thought about the limit to which the change may efficiently go, as a certain number of lighthouses and lightships must always be manned by human personnel.

There are now 17,866 of what the department calls "aid to navigation" being maintained in the way of lights and signals. The automatic lights have gas tanks which are refilled by regular visits of light tenders and can be left for months without attention.

Northville School Notes.

The Student Council met Tuesday for organizations.

The Boy Scouts are still on duty at different periods of the day guarding the school corner and assisting the smaller children across the street.

An initiation will be given the Freshmen Friday night at the gymnasium. There will be contests between the Sophomores and Freshmen. The losers will banquet the winners.

A football game will be played here today between Belleville High School and Northville High School.

The game played Tuesday with Ferndale resulted in a victory for Ferndale. The score was 13 to 6.

The new school nurse assumed her duties Monday morning. A comprehensive health program for the good of the boys and girls of Northville public schools is now under way. Beginning with the first grade, all children to the sixth will be weighed and measured and given a physical examination with particular attention to eyesight, tonsils, adenoids and teeth. Parents of all children will be notified regarding the physical condition of their child.

Stanford achievement tests are being given in the grades.

The fifth and sixth grade room have completed their mineral exhibit which they have in the hall. The specimens were found labeled and arranged by the pupils and the shelf made by Roland Crisler.

The fifth and sixth grades have started their years work in the modern health crusade.

Miss Marsden's room has a new bulletin board for the purpose of exhibiting pictures gathered by the pupils of the room.

An Overwhelming Defeat.

In spite of the rain, both Scriville and Farmington football teams ventured on the field last Friday with high spirits.

Farmington won the toss and received, defended the east goal. They kicked to Quinn, Quinn returning for a short gain. In spite of their best efforts to make the yard, they lost the ball to Northville. Farmington ended with the ball in Northville's possession on Farmington's 45 yard line.

In the second quarter had nicely got under way. Castiglione made a spectacular run around right end for a touchdown and Northville failed to kick goal. Thus the first half ended 5 to 0 in favor of Northville.

Farmington kicked to Northville to start the second half. Northville gave the ball and ran for a large gain. Both teams fought hard. In spite of Farmington's good playing, Cardigan with good interference passed Farmington's road line for the end, and down. Holbrook kicked to Farmington. Farmington got down the ball about 15 yards. When they failed to make their first down they kicked. Northville reached the man and after some hurried play, Farmington got the ball on a bubble, but were forced to kick under the same conditions as before. Northville received the ball and shortly flew over for the third touchdown. Northville kicked to Farmington and tackled the man on the spot where he recovered the ball.

The last quarter started with Farmington had pressed on their goal line. When their pun was blocked, Stagg fell on it for the fourth touchdown. Farmington kicked to Northville. Stagg returned the ball about 40 yards, finally Northville was forced to kick on the fourth down. Elliott snared the man in his tracks, causing a fumble. A Northville man received the fumble and started for a touch-down, but the game ended just before he crossed the goal line. Final score 21 to 0.

CLARK—GEER.

A pretty autumn wedding occurred Saturday, October 17th, when Myrtle Berneice Geer at the home of Mr. and Mrs. Loren Leavenworth, of Novi. Rev. R. O. Thompson performed the ceremony.

The bride was tastefully gowned in gray silk and carried a bouquet of bride's roses.

Mrs. William Hansor, the groom's sister, and her husband attended the bridal couple.

A luncheon was served after the ceremony, and the happy couple left for their home in Plymouth.

WEST NOVI NEWS.

Mrs. James Hains of Northville called on her old neighbors last week.

Mr. Euleman has bought a home near the old Kimmins farm on Grand River.

Northrea Munro, Burton Munro's infant daughter seems to be on the mend now.

Mrs. Frank Rice and son, Warren, called on Myrtle Rice, near Milford, Sunday afternoon.

Delos Leavenworth's new oil station is quite an addition to West Novi. We need a store to help make business move here.

M. A. Lull of the United States Department of Agriculture, and W. R.

PLYMOUTH BOYS WON TWO CUPS AT OUR FAIR.

The cup was given by the Plymouth United Savings Bank as a trophy for organizations.

The Boy Scouts are still on duty at different periods of the day guarding the school corner and assisting the smaller children across the street.

An initiation will be given the Freshmen Friday night at the gymnasium. There will be contests between the Sophomores and Freshmen. The losers will banquet the winners.

GAS COMPANY TO HAVE NEW MANAGER

A dispatch from Marshall to the Detroit Free Press on Friday stated that Harry E. Wrench was in that city Thursday afternoon enroute to Alpena and while there he filed a mortgage for the Federated Utilities Corporation for \$10,000. The mortgage is given

as a second issue on the gas plants of Marshall, Plymouth, Owosso, Alpena and Alma. Outstanding debt is still being paid off and paid.

The mortgage will run for 20 years and bear 6%. Although the corporation has the largest holding in Alpena, on the date the mortgage of \$5,000 was paid to County Treasur

er Marshall, One-half of the money to the county. Besides the plants in Michigan the corporation has five other plants in Indiana, Georgia and Florida. Mr. Wrench is an honorary member of the Marshall plant and has been at Lawrence and Washington, Indiana, during the summer looking after construction work on plants in those cities. On November 1st, he takes over the management of the plants at Plymouth and Adams, present manager of the latter, after completion of the plant at Alpena.

Northville and Plymouth factions of the company will be glad to learn that Mr. Adams is to be transferred from this field. Since coming to the business he has brought the affairs of the company to a point where the same are prospered and the service of the company has been greatly improved.

LET'S CELEBRATE NORTHVILLE'S ONE HUNDREDTH ANNIVERSARY

From a newspaper clipping, yellow with age which we found in this office the first of the week we take the following which will be read with interest by Northville people:

"The name Northville was given to this place as a memory of the early settlers, which was held in Mead's store some time during the early 'hundreds'. Many names were proposed, but this one seemed most satisfactory to the majority."

The first settlement was made about 1826, but no considerable number came here until 1831, when several families from Seneca County, N. Y., concluded to help open up the acre territory of Michigan.

The company was composed of Robert Purdy, Capt. William Dunlap, Henry Waldron, Samuel Blackwood, Peter Larkins and their families, and William Smith and his two sisters.

The public conveniences at their disposal were stage coaches, canal boats,

steamboats and ox carts. The users

were all in their journey west.

Among the settlers whom they took

on the surrounding farms were Dan

iel L. Cady, Pitts Taft, Joseph Yerkes,

H. S. Bradley, John Welch and Chauncy Reynolds.

If the facts contained in the above

clipping are true Northville will be

one hundred years old next year and

if that is true we ought to celebrate

the event in a fitting manner.

What say you, citizens of Northville?

A Holloween carnival and dance

will be held at Salem hall on Friday

evening, October 23rd, for the benefit

of Epham's Corners school.

A leak in the gas mains in Orchard

Heights caused the crew to work all

night Monday. When found, the

leak was soon repaired, however.

NORTHVILLE DEFEATS RISDONS HIVE GIVEN PERMIT TO HOLD FOUR TO THREE.

It was like winning the world's series in base ball when the Northville team defeated the Risdons of Detroit last Sunday in a close contest. Four to three scores marks a very nice ending for the winning club and Manager George Hicks was just as well satisfied as though he was laying the last shingle on a new barn.

The Risdons had won the championship in class A of Detroit and Andrews, who had been instrumental in pitching the Risdons to many a victory, was on the mound against our village boys.

He had already won eighteen games this season for Northville and the time of season when he is at his best, being a cold weather twirler as well as a hot day pitcher, pitched a wonderful game.

When two runs were made by the local team in the seventh it placed our boys in the lead, one run, and when our kid moundsman struck out two heavy batters, Johnson and Sterling, in the ninth, the Risdon creamery milk was all spilled and the game was over.

The boys representing our village played a very good game, of course as well as the Detroiters, each team making but two errors. Captain Lee was behind the bat to win and he gave his best to outdo the opponents at catching as well as with the stick. Earl Thompson playing first was, in the game's every minute and nothing got by him—he playing as though a big eagle scout was watching him. Carl Thompson at second, took the place of Gallant and the pep and coaching from him gives the team inspiration that is needed to win games.

Johnny Destefani, who covorts around short, played one of his best games of the season. His work with the bat was good and his picking up grounders and retiring batters at first could not have been better by a big leaguer.

Harry German, Jr., at third base found he had a good day also and his stop of a hot grounder and making a double play of same, held the Risdons from being dangerous in the eighth inning. Gordon McMillin in right field and assisted by Edgar Drayton, at bat played without errors but had few chances to show that they were as ready to defend the team of Northville as well as anyone. Harry German, covering center field distinguished himself only late in the game but at the right time, with three outs in the seventh he hit two bases and it was the straw that broke the camel's back for the Risdons. Glen Hammon who has played great ball all summer, having but two errors in the entire season, took center field in the eighth he hit two bases and it was the straw that broke the camel's back for the Risdons.

For the past two months the Northville club has played the best teams around—Southgate, Michigan, and the only defeat met with by the forces of Detroit three in two when others gave them the entire three-inning. The best record for the season is having won twenty-two out of twenty-six games.

George Hicks, like Bill or manager of no leagues, most of course, feel no need of a rest after such strenuous service, and we are told will leave for Florida about November first for a needed rest. Captain German having now completed thirty-five days of throwing with that right arm will give it a rest by bowing the sixteen pound ball all winter as he usually does.

The ball says, "I'll scatter for the winter like the birds that go south, but in the spring it is possible that all the players will be back again on the old diamond and the same old base ball fans will be there to knock, boost, razz root and help to make a good time in the national sport baseball."

Call and give us a trial. Estimates cheerfully furnished.

Let us figure on your heating and plumbing jobs.

Now is a good time to have your roof repaired.

THE FIRST OF THE SERIES

Every woman is born with an instinct of curiosity. As a girl, she pulled on her first dolly's hair to find out where its "voice" came from. As a woman, the same instinct leads her on a shopping tour.

"Ladies' Wear," which is a fascinating game, contains "inside details" which are supremely interesting to most women, and, believing that most women of Northville and vicinity would be interested in the inside details of our business, we have decided to talk about them informally in the Record. This talk will be in a series of letters as written between "Cissy" and "Peggy" who will tell the stories about "

Master of Roman Style

Roman, the great Italian architect, was fifty-five years old when he came to Rome from Milan in 1499. In a short time he became the greatest master of the Roman style evolved from the ancient monuments.
