### PASTOR AND FAMILY GIVEN A CORDIAL WELCOME.

The Methodist church in this village was the scene of a very enjoyable gathering last Thursday night when the members of the church and congregation and a few friends gathered to extend a welcome to Rev. and Mrs. William Richards and children, Mr. Richards having been returned to Northville at the recent meeting for the Detroit conference. For the past three years he had served the local church with great zeal and loyalty and the members of the Ladies Aid and the pastor's Sunday school class planned the affair for the purpose of giving expression to the appreciation all felt because of the good work both the genial pastor and his devoted wife have performed since coming here. Tables were spread and after the guests had found their places, the pastor and his family were ushered into the presence of the assembled company. As they entered, the church and were shown to places at the table they were heartily cheered, and certainly no pastor has ever been more cordially received by those with whom he has labored. The pastor offered the invocation.

The dinner was all that could have been desired and after all had been served the company was called to order by F. S. Neal, who had been chosen as toastmaster of the evening, and an interesting and enjoyable program followed. The choir rendered an anthem and Alfred Copperwaite contributed two vocal numbers. With fitting and pithy remarks the toastmaster called upon representatives of the various organizations of the church. Charles A. Dolph responded for the church; Roy Clark for the choir; Floyd Salow for the Sunday school; Mrs. Neal for the Ladies Aid; Mrs. Chas. Snook for the Home Mission society; Warner Neal for Mrs. Richards' Sunday school class; Margie Johnson for the Epworth League; Floyd Lanning for the pastor's class; and E. E. Brown was called upon to extend a welcome in behalf of the business men and the friends on the outside. As the greetings were exchanged Mr. and Mrs. Richards were presented with handsome bouquets of chrysanthemums. Both Mr. and Mrs. Richards responded to the words of greeting and good wishes extended and pledged themselves anew to the work of the church and for the advancement of the work of the kingdom in this village of the Lord.

Mr. Richards has many friends outside of the circles of his church who rejoice that he is to continue to be a resident of this community. He is remembered and appreciated by the many friends who are proud to call him a Northville man and his willingness to be of real service to his fellow men every case that will advance the best interest of Northville has won for him a great circle of acquaintances and admirers. His labors here on behalf of the church he has chosen to leave have been most faithful and to all of us and all its branches is a very prosperous condition. New members have been added and others have been inspired to devotion and service. The Record is glad to add its word of welcome to this estimable family.

### PRETTY ROBE WEDDING SATURDAY NIGHT.

The home of Mrs. Geo. A. Rackham on the Base Line road was the scene of a pretty home wedding on Saturday night at 8:00, when Miss Heida Isabelle Rackham was united in marriage to Charles E. Clark of Kalamazoo. Rev. F. P. Knowles performed the ceremony in the presence of the members of the families and a few friends of the bride and groom. A dainty collation followed the ceremony and after being showered with heartiest good wishes by the assembled guests the happy young couple took their departure for a brief wedding trip.

The bride is one of Northville's most popular and highly esteemed young ladies and she has many friends in this section who will wish her unbounded happiness. The groom is engaged in business in Kalamazoo in which city Mr. and Mrs. Clark will make their home. He is to be congratulated upon the prize he has won.

### METHODISTS TO BUILD CHURCH HOUSE.

The Methodist church society of this place have plans in preparation for the erection of a church house and community hall on their property in the rear of the church building, extending east and west. The old sheds will be torn down and the new building will be an imposing structure—something this community needs badly.

### ENGLIARS VISITED NORTHVILLE SUNDAY NIGHT.

Burglars visited Northville some time during Sunday night, and paid a call to at least two places where they were able to get away with some plunder. They forced an entrance to R. G. Lang's garage and work shop and stole practically all his plumbing tools and some supplies and then entered E. L. Horan's garage and stole five good new balloon tires that they removed from his new Ford coupe. They left the jacks under the car after removing the wheels and rims. They worked so quietly that no one heard them at either of the places visited and made their get-away without leaving any clue.

who ought to be provided with a

Stanton—A severe epidemic of ty-  
phoid fever is raging in Stanton. The  
city health officer believes the condi-

ber of private wells.

ing.

cern, which went into the hands of a

ported to the federal court by public  
accountants Ernest & Ernest. The ac-  
countants state that "there was an ap-  
parent deliberate removal of certain  
important records, and that certain  
transactions did not appear regular."

Port Huron—That the proposal to  
exempt from federal income tax all  
personal incomes below \$5,000 per an-  
num, is designed as a bribe to the gen-  
eral public in an effort to head off the  
movement aiming at doing away with  
the issuance of tax exempt securities

# Builder's Park!

"A Subdivision Worthy of Its Name"

There is an old saying "That Half the World  
does not know What the Other Half Does."

It is many times true that the people in one  
half of the world don't know what is going on in  
their own half.

There are a great many people who live in  
and near Farmington who are not awake to the  
future development that is going to take place  
there. When they see evidences of the tremen-  
dous activity in this locality in the very near  
future, they are sitting idle and letting outsiders  
come into this district and buy up the property  
that will some day, and even in the near future,  
make them a nice profit.

Every day somebody comes into our office and  
tells us that they had invested their money in a  
certain district. In a few months or years those  
very same people are going to say the same thing  
about this district, they are asleep to the progress  
that is going on about them.

Builder's Park is right in the center of the  
district that will show a tremendous increase in  
property values before a year from today. The  
prices which we have placed on the lots in  
Builder's Park are extremely low. A compar-  
ison of prices will show you this.

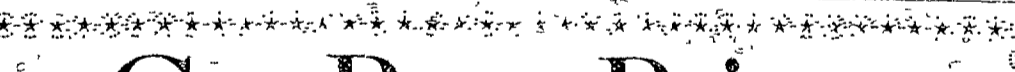

ARE YOU going to let some outsider make the  
profit that you should make. Your answer  
should be "No." So come into our Office and  
select your lot before the choice ones are gone.

WHY NOT PROCEED LARGER POSTOFFICE QUARTERS?

That Northville's postoffice needs larger and more adequate quarters is a fact every patron of the office has realized for a long time. A few years ago the room was enlarged, but at the present time it is badly crowded, both for the members of the efficient force who seek to serve the patrons of the office and for the patrons themselves. In its present quarters no more room can be provided, in fact the growing condition of the Lapham State Savings Bank would indicate that the room is occupied by the postoffice, and soon be required to meet the demands and the needs of this well known financial institution.

Congressman Grant M. Hudson has assured the Record he would be glad to recommend a change of location if a suitable building could be provided. At the present time there is no building available, but if proper efforts were put forth a building could be secured that would provide ample room for years to come. We refer to the location of the Alseum theatre building which was destroyed by fire last spring. C. R. Horton could be induced to rebuild the building if he felt assured the structure could be profitably rented when completed. There is room enough there to provide for a spacious lobby, a good sized work room with plenty of boxes a room for the city carriers when we get them within a year or two, and a room for the rural carriers where they could sort their mail and have a room enough to work to advantage. Then there could be provided a room for work rest which would be a great improvement over the present conditions. Now all that is required is a building which would be a credit to the city and the post office.

The present quarters of the postoffice are a disgrace to the city and the post office. The building is a shanty and the quarters are a disgrace to the city and the post office. The building is a shanty and the quarters are a disgrace to the city and the post office.

ST. PAUL'S LUTHERAN CHURCH.

On Sunday, next, there will be services at 10:30 as usual. Pastor Boeder of Detroit will preach.

METHODIST CHURCH NOTES.
Last Sabbath was a blessed day under the ministry of the University of Michigan deputation. Earl Sawyer with Miss Chime took the morning service. Mr. Sawyer and Miss Schlicher at Woodlawn in the afternoon, and in the evening Mr. Sullivan with Miss Florence Schlicher. Three confessed their desire to follow a Christian life.
Let us follow this up next Sunday. The pastor will give helpful addresses morning and evening—10:30 and 7:30. Let the older people develop an interest in helping the young people in the Bible school by their presence at 12 noon. The C. A. Dolph Bible class helps you.

The members of the church will be held at 6:30 p. m. on Wednesday, November 4th, at the church. The pastor will be in charge.

BAPTIST CHURCH NOTES.
Several times of late we have announced in this column that a number of U. of M. students would visit our church. A definite day has been set and we will have the evoking month with their leader Dr. C. W. C. on with us for December 1st to conduct social and religious service. At a later date full particulars will be given.
The pastor has been under the doctor's care for some time but expects to be in the pulpit Sunday morning and evening. See our advertisement for subjects.
Last Sunday evening over thirty young folks from the E. L. Baptist Church of Pontiac took charge of the young people's service and remained to the regular preaching service. This was something of a surprise to most of us but a very pleasant one. Of course the congregation Sunday night was large.
Our prayer meetings were taken a new interest in a new way. If you believe in the power of prayer you will want to learn something about this new interest. Be present next Thursday.
Seven of our church and Sunday school officers have either moved away or have gone for the winter to see nothing of a number of regulars who were not officers. This cripples us but does not discourage us. Our folks are not wealthy but ambitious. They go south to work.
Regular meeting of the Baptist Missionary Circle will be held at the home of Mrs. Belle O'Donnell on Wednesday, November 4th. Please come prepared to see the winter to see nothing of a number of regulars who were not officers. This cripples us but does not discourage us. Our folks are not wealthy but ambitious. They go south to work.

Coach A. K. Miller, who is promoting the league for the pleasure it will afford all who take part, urges all who are interested to begin now to plan their teams so that the program can be under way soon after the new year.

NAVY OF M. GAME ATTRACTING MUCH ATTENTION.
Ships, tossing seas and the famous Navy blue and gold are beginning to be seen on practically every front porch in Ann Arbor and Saturday when 30,000 people begin pouring into Ann Arbor for the Navy game, the town promises to be a riot of colors. All along the streets are seen hundreds of American and Michigan flags, alternating every 25 feet. Every ticket for what promises to be one of the most colorful games in football history was sold within the first hour they were placed on sale.
The official program for the game contains a complete pictorial history of Michigan men who served in the Navy during the war, as well as hundreds of portraits of Navy men and campus views. It is complete with statistics covering football at Michigan since 1875. It contains 100 pages and is the largest football souvenir to be printed in the history of the popular sport.

CAN FOLKS BE MADE GOOD BY LAW?
Hardly—for law is a rule of action and as common sense applied to matters of daily conduct and must be individual. Law is the expression by the community of its sense of right and justice.
Auto traffic has to be regulated by laws regarding speed, parking, stop streets, and many other items so that the best good comes to the greatest number.
Trade in all its varied forms brings problems that call for laws to govern the action of companies, associations, unions and individuals. They all deal with forms of property to be conserved.
The fact that laws regarding person and property have been in force since the very advent of man has not kept the world from committing crimes of theft and murder and all the long catalog of wrongs does not argue that we should suspend the law.
The organization of human affairs require that the use of intoxicating liquors be stopped and the Eighteenth Amendment was placed in the Constitution as the result of 60-odd years of steady education in temperance matters. It will stay there.

## BULGARS PROTEST AS GREEKS SEIZE TOWNS

### Sofia Appeals to League After Invasion—Athens Halts Advance.

London.—The Bulgarian government has addressed a protest to the secretary of the League of Nations against the Greek army violating Bulgarian territory, says a dispatch from Sofia. It asks that a meeting of the league council be called immediately to consider the matter.

The Greek government has issued strict orders to its forces to cease their advance against the Bulgarians, provided the Bulgars make no further attempts to attack them according to a dispatch from Athens. The troops, however, will hold the positions they now occupy until Bulgaria has replied to the Greek note. The government announces its determination to adhere to the terms of the note.

The latest advices received from Sofia say that the Greeks advanced rapidly and that their main body penetrated ten miles into Bulgarian territory. The advance was prepared for by heavy artillery fire and airplane bombing.

The Bulgarian border town of Petrich is in flames as a result of the heavy bombardment by Greek artillery. It was reported from Sofia Greek troops have occupied the town and surrounding coal mines, according to the report.

Greek troops were rushed to the frontier to invade Bulgaria and occupy Petrich following Greece's demand for ultimatum to Bulgaria demanding a cessation of the "unprovoked attack" on a Greek frontier post near Demirhisar by the Bulgarians on Monday.

Other reports from Sofia told of the capture of three Bulgarian frontier posts by the Greeks, after sharp fighting. Five Bulgarian soldiers were killed before the Bulgarians finally retreated and was announced.

Inhabitants of Sofia are in a frenzy, demanding that Bulgaria go to war with Greece, even though such a step would be suicidal to the nation.

Despite the opening of hostilities, the Sofia government has not yet received a declaration of war from Athens.

London.—The ultimatum sent by the Greek government to Bulgaria demanding an indemnity of \$40,000,000, an apology and punishment of the guilty in the recent frontier fighting near Demirhisar offers a serious challenge to the League of Nations, in the opinion of observers here.

## U. S. WARSHIPS WILL GUARD YANKS IN SYRIA

### American Consul Asks Aid as Revolt Spreads.

Washington.—Two American destroyers have been ordered from Gibraltar to Alexandria, Egypt, to maintain readiness for use in Syrian ports should their presence become necessary for the protection of American lives and property as a result of the revolt by tribesmen in that country.

Instructions were cabled Vice Admiral Roger Wells, commanding the European squadron, after a request for the ships had been received here from Paul Kimbush, American consul in Beirut, Syria.

Advisers concerning the Syrian disturbance report centers in the vicinity of Damascus.

Admiral Wells' flagship, the Pittsburg, was en route from Cebu, Philippine Islands, when the instructions were dispatched. The Navy department left to the judgment of Admiral Wells the ships which should be sent to Alexandria.

It is estimated that about 150 American citizens are in Damascus or the immediate vicinity. The majority of these as well as of the more than 1,000 American nationals in the Lebanese administrative district, which lies in the mountainous region between the coast and the Lebanon of Syria, had been in the United States and returned to their homes in Syria and who have registered with the American consulates, having the names of American citizens.

## FROM OFFICE BOY TO GENERAL MGR.

### Salary Increase Comes With Promotion

Chicago, Sept. 30.—After a careful survey of the entire labor situation extending from office boy to president, indications are that positions showing increases in salaries require experienced help.

Consulting the president of one of our largest industries, the writer inquired regarding the rapid success of a certain young man who had become general manager and who a few years ago was but office boy. His answer was: "Brown started as office boy, the lowest salaried position in our office, he was ambitious and managed to purchase a typewriter, on small monthly payments, and after three weeks of practice at home he was promoted to bill clerk, which position gave him knowledge of the selling price of all merchandise. His next advance was that of typist, which taught him the numerous forms of letter-writing and enabled him to hold a stenographic position, giving him complete knowledge of letter-writing. He was then made secretary, bringing him into contact with all business details and qualified him for the general manager's office at ten thousand per year."

The same opportunity awaits every young man and woman. Education or age have nothing to do with operating so simple a machine as the typewriter. We are informed that a great piece of benevolent work is being carried on by a large Chicago mill order house in furnishing typewriters to people worthy of credit, by selling on small monthly installments, as low as 25¢ average, about eight cents per day and actually teaching their customers how to use and operate any typewriter in about three weeks' time. You can get other information by writing the International Typewriter Exchange, 184 W. Lake Street, Chicago, Illinois 12-11c

### IMMEDIATE TAX REDUCTION DEMAND.

There seems to be a common consent among the leaders of congress to a program for the rapid advancement of a measure to reduce federal taxes. It has been recommended by the president and the secretary of the treasury and will be welcomed by the taxpayers.

Members of the house ways and means committee have been procuring data for the new bill for some time, and its early passage is necessary at a time when taxes still are too heavy in spite of progress made in national economy and lower tax rates.

### RESULTS THAT LAST!

Proven by Northville People

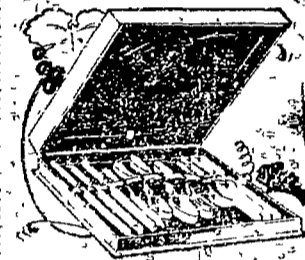

Thousands of kidney sufferers have tried remedy after remedy with only temporary benefit. That's the discouraging part. But one kidney remedy has earned a reputation for lasting results and there's plenty of proof right here in Northville.

Rear the experience of one who used Doan's Pills years ago and now makes her endorsement even stronger. Mrs. S. Litsenberger, East Dunlap street, Northville, says: "I felt run down and miserable and my kidneys showed signs of disorder. My back ached constantly and I could hardly sleep at night. I also had dizzy spells. I used Doan's Pills and two boxes cured me of the trouble." (Statement given April 20, 1924.)

On January 30-1925, Mrs. Litsenberger said: "I no longer need Doan's Pills for the cure they made has lasted. I think a month of them is ever." (Statement given at all dealers. Foster-Milburn Co., M.L.S. Buffalo, N.Y.)

### TO OBSERVE PATRIOTISM DAY.

Tuesday, Nov. 3, 1925, is Patriotism Day as proclaimed by the President of the United States. On this day the flag and other means will be used to inspire patriotism in every school throughout the nation. This movement should receive the encouragement and support of every patriotic citizen throughout the nation and it is our belief that "Patriotism Day" will be the most successful educational feature ever attempted by the combined educational forces of the United States.

### Northville School Notes.

The Juniors have ordered their class rings.

The officers of the Freshmen class are: president, Harvey Gupziller; vice-president, Lois Brookman; secretary and treasurer, Marjorie Johnson. A second team game was played on Wednesday with Wayne.

Friday's game resulted in a victory for Belleville. The score was 11 to 0. Owing to the strenuous game played earlier in the week with Ferris, our eleven was not in condition. The anticipation of the dramatic club was held last Monday evening at the home of Miss Aletha Yerkes.

The Freshmen-Sophomore stunt night, which took place at the High school gymnasium last Friday night, was a decided success. We feel confident that the Freshmen realized the importance of an initiation. The Sophomores won. The points scored were Freshmen, 71; Sophomores, 99. Each of the lower grades had a Halloween party Wednesday afternoon, which was very much enjoyed. The following children from Miss Dubuar's room have not been absent or tardy so far this year: Kenneth

Coe, Robert Zink, Don Keeney, Eileen Drayton, Otis Tewksbury, Catharine Dognud, Harry Tunson, Leila Haystead, Rayner Westphall, Evelyn Kimmel.

Miss Stevens' class gave a play Wednesday afternoon entitled, "Hawatha."

Miss Marsden's geography class made an interesting display of the products of the Middle Atlantic states.
