### SPECIAL SCHOOL MEETING: FORMER NORTHLVILLE RESIDENT DIES IN NEW YORK.

A special meeting of the taxpayers of the school district No. 2, fractional Northville and Novi, has been called at the High school auditorium, for Tuesday evening, December 8th, from seven until nine o'clock for the purpose of giving the people an opportunity of voting on the proposition of bonding the district for the sum of not to exceed \$40,000 for the purpose of enlarging the present school site by purchasing certain property adjoining the school grounds on the west. The property is proposed to purchase is the Smith and Seeler property on Main street and the vacant lots on Cady street.

The members of the board of education will seek to purchase this property just as reasonable as possible, but it is impossible to tell definitely just what the price will be because some of the property will have to be secured through condemnation proceedings and a jury will determine the price to be paid. One thing is certain, land sufficient to meet the needs of the district will never be cheaper than it is today.

The taxpayers of the district are urged to attend the meeting and to express by their ballots their approval or disapproval of the proposition.

### UNION THANKSGIVING SERVICES WELL ATTENDED.

The Union Thanksgiving services held at the Baptist church last week Thursday night were well attended and all who were present were well repaid for their presence. Owing to the illness of Rev. A. K. MacRae, pastor of the Baptist church, Revs. William Richards and F. P. Knapp had charge of the services and the Baptist choir lead the congregation in singing. Pastor Richards read the scripture lesson, the 14th Psalm, and offered the prayer, the congregation joining in the response, and Pastor Knapp gave the sermon, taking his text from the Psalm that had been read as the lesson, the subject of his very interesting discourse being "Making of Manhood the Mission of the Nation." The speaker declared that while America had great reason to be thankful for all the blessings which had been bestowed on the nation, she should not seek altogether the material things of life, but she should go to develop a sturdy manhood and womanhood, such as would be able to carry on and to maintain the great institutions for which America had been set apart.

The collection was turned over to The King's Daughters.

### WILLIE MILLER.

A very pretty wedding was recently held at the home of Mr. and Mrs. George W. Miller, Plymouth Village, when their son, Hugh A. Miller, was united in matrimony to Dorothy W. Wadsworth of Detroit on Wednesday, November 24th by Rev. H. Schrader. Big Jim Moore and Dr. F. R. Brown and L. S. Jackson, members of the congregation, attended the ceremony.

They were attended by Kathleen Wilke of Plymouth and Irene slabon of Farmington.

The bride was gowned in flowing roses and wore a corsage of roses to Mr. Schrader.

A sumptuous wedding dinner was served at 6:30.

Only the immediate relatives of the bride and groom were present.

The bride is graduate of the class of 1920 of Northville High School and the groom is well and favorably known in Northville and vicinity.

The happy young couple will be at home to their friends at 2346 Rockwood avenue, Detroit, after December 10th.

Everyone joins in wishing them a long and happy future.

### AUTO CLUB TO HOLD ANNUAL MEETING.

The Northville Automobile club will hold its annual meeting on Wednesday evening next at the office of the Lovewell Farms Co. at 7:30. It is hoped that every autoist in this section will take an interest in this meeting and plan to be present. The club has accomplished a great deal for this community and every owner of an automobile ought to be a member.

### DEMOLAY TO GIVE BALL AT PLAINMOUTH.

Fellowship Chapter, Order Demolay, of this place will give a ball at Pennington-Allen Auditorium at Plymouth tonight to which the public is cordially invited. Patterson's orchestra of Plymouth will furnish music.

Mr. and Mrs. M. A. Bourne spent Thanksgiving with relatives in Detroit.

**PRESIDENT OUTLINES  
PROGRAM AT GOTHAM**

*Calls on Nation to Join World Court—Pledges Aid to Business*

New York.—President Coolidge charted the course he would have our nation pursue at home and abroad while he sat at the helm.

He extolled America's part in the rehabilitation of Europe as the greatest world service of the last five years and bade us go on with that great work.

He called on the United States to join the World Court in order to promote the enlightening processes of civilization.

And he proclaimed a new national program of economic development, emphasizing a radical departure from past policies of government interference with the great corporations.

The President was addressing 1,200 of the foremost business men of the East and their guests at the one hundred fifty-seventh annual dinner of the New York State Chamber of Commerce, an ancient organization that had attained its twenty-first year when our federal government was born.

These distinguished captains of industry and commerce did not conceal their approval of the utterances of the Executive which they interpreted as an assurance that they were not to be persecuted under the Coolidge regime. For they heard the President declare a new deal.

The trusts have been busted and big business chastened in the view of Mr. Coolidge. We now turn our backs on the destructive processes attending the extirpation of special privilege and enter a period of constructive economic development which the President doubts but will greatly increase even the unprecedented prosperity which he finds the country enjoying.

In his address the President said:

"In 1920 wages were 100 per cent above the prevail rates and commodities were 12% per cent above. Last year commodities were only 5% per cent above the open rate, while wages were 20 per cent above. The wage-earner receives more, while his dollar will buy more. This is solid progress."

The President's program of industrial development does not mean:

1. Development of inland-waterways  
2. Consolidation of the railroads into a few great systems  
3. Improved railway terminal distribution of roughhides

4. Reorganization of the government departments in the interest of economy and efficiency

5. Further extension of electrification

6. Elimination of waste in industry and commerce

7. In the direction indicated by this national program "lies not only increased economic progress," Mr. Coolidge said, "but the added spirit of that progress against foreign competition. There is still plenty of work for business to do."

**Dowager Queen Alexandra****Has Severe Heart Attack**

London.—Dowager Queen Alexandra of England, mother of King George and widow of King Edward VII, is seriously ill. She is eighty years old. The doctors report that the queen mother suffered a severe heart attack and that there is little change in her condition.

King George and Queen Mary are with the queen mother, having taken up residence at York Palace, Sandringham. The Prince of Wales, who is a great favorite of his grandmother, has been an active inquirer regarding Queen Alexandra's health.

Queen Alexandra was born in 1844, a daughter of the late King Christian IX of Denmark. Her sister is Dowager Empress of Russia and her brother the late King George I of Greece. She married King Edward, then the prince of Wales, in 1863, and was left a widow when he died in 1910. The queen is immensely popular in England for her beauty and amiability, but she has lived in retirement since her husband's death.

**Col. Coolidge Listens to Son's Speech Over Radio**

Plymouth, Vt.—The condition of Col. John C. Coolidge, father of the President, had so far improved that his physician issued the most encouraging statement since his present illness.

Dr. Albert M. Craig said Colonel Coolidge was considerably cheered and looked forward eagerly to hearing President Coolidge speak by radio.

After listening in on the speech Colonel Coolidge transmitted to the President the following telegram:

"Dear Cal: Just heard you over radio. Congratulations on the address. JOHN C. COOLIDGE."

"That's fine," President Coolidge replied to his father's message.

**Abbott Heads Engineers**

New York.—William L. Abbott, chief operating engineer of the Commonwealth Edison company of Chicago, was elected president of the American Society of Mechanical Engineers after a national mail ballot among more than 17,000 members. It is announced:

**Liberty Bell to Ring on Radio**

Philadelphia.—The country will hear the Liberty bell ring over the radio in greeting to the New Year at midnight December 31.

**DEATH OF MRS. F. J. SCHMIDT**

Funeral services for Mrs. F. J. Schmidt, wife of the president of General Machine & Iron Works of Plymouth, who died at her home, 2230 LaMothe Avenue, Detroit, Thursday November 19th, were held at the residence at 2:00 p.m. Monday. Mrs. Schmidt was 46 years old, and had been in ill health for some time. Her husband, a daughter, Agnes, and a son, Ernest, survive. Burial was made at Grandlawn cemetery. Mr. Schmidt and family have the sympathy of this community in their bereavement. —Plymouth Mail.

Mr. and Mrs. Schmidt were residents of Walled Lake for some time and she had many friends in that

section who were saddened to learn of her death. A number of Walled Lake people attended the funeral.

**ENTERTAINS SUNDAY SCHOOL CLASS**

Clement Huff, Congress St., entertained the Excelsior Sunday School class from Salem Congregational Church Friday evening at his home. Twenty members with their teacher, Miss Wittich, were present. A short business meeting was held and games

were played. Refreshments were served. Mr. Huff was a member of this class when he lived in Salem. —Epsilanti Daily Press.

**Indians Practice Massage**

The Makah Indians of the northwest Pacific coast spend much time massaging their bodies and faces and a native, who neglects this duty, becomes wrinkled in old age is considered a fit subject for ridicule.

*Queen Quality*  
SHOES

\$6 is the new price  
for Smart Shoes

By revolutionary changes in buying and production methods, Queen Quality, the world's largest producer of woman's shoes, is now enabled to present a new line at \$6.

These shoes are of good quality, authentically styled. We don't claim for them the value of shoes that sell at \$14 to \$20. But we do assert that nowhere in America will you find their equal at our prices. The style factor is paramount. Few women today wear out shoes—they are discarded because they are out of style. For the woman who wants the smartest and newest modes—in a shoe that will give her satisfactory service—these \$6 shoes will be an uncontested value.

## FAIR ASSOCIATION HELD ANNUAL MEETING.

FAIR-YEAR PROVES ONE OF THE MOST SUCCESSFUL IN SOCIETY'S HISTORY—FINE CASH BALANCE.

The annual meeting of the stockholders of the Northville Driving Club and the Northville Wayne County Fair association was held on Wednesday evening with a majority of the stock represented. Reports were presented which indicated the society was in a very strong financial position with all bills paid and a cash balance amounting to more than \$6,000. The reports of the treasurer and secretary were unanimously adopted and each officer was given a rising vote of thanks for the manner in which they had conducted their offices and for the very interesting and complete reports presented.

Ten Directors were elected and there were no changes made. The following who have served the association faithfully for a number of years were reelected: James A. Huff, E. M. Starkweather, E. J. Smith, T. E. Murdoch, H. B. Clark, N. C. Schrader, F. S. Neal, M. H. Sloan, A. C. Balter and Stewart Montgomery.

After the stockholders meeting had adjourned the board of directors met and elected the following officers for the ensuing year: President, N. C. Schrader; vice-president, T. E. Murdoch; secretary, F. A. Northrop; C. A. Ponsonby declined the position of treasurer after he had been chosen unanimously and the matter was left open until the January meeting.

The report of the receipts and disbursements which is presented herewith indicates that the association has grown to become a real community asset. The association expended for fair during the past year the sum of \$4,579.50, giving some employment to a number of people. With the exception of the secretaries none of the officers or directors receive any compensation for their services and except members of the board give freely of their time to promote the success of the fair.

During the past year a new horse barn, a woman's room, an addition to the grand stand and poultry building have been erected and for the coming year other buildings will doubtless be added to the group.

## BAPTIST CHURCH NOTES.

All the regular church services are being held in spite of the pastor's illness.

The prayer life of our church has been greatly strengthened by our cottage prayer meetings, as well as by the regular Thursday night meetings.

Dr. Phelps' sermons last Sunday

were very helpful and inspiring.

The gospel band of Ann Arbor will be with us next week-end.

A joint meeting of the Mission Circle and Ladies Aid at the home of Mrs. Frank Brown, this week, was well attended.

Plans for our Christmas exercises

are under way.

Mr. Clankey of Plymouth will speak

at our next Sunday.

Mr. Clark of Plymouth, and has crossed

that country twice on foot. Come and

hear something worth while.

South-side prayer meeting next

Tuesday night at the home of Mrs.

George Bierly on Cass street.

**METHODIST CHURCH NOTES.**

The Twelve Gates of Pearl will be the message next Sunday morning at 10:30. Let the house of God be

our mecca for our religious education.

Don't forget the assembling of ourselves together as the "manner of

ourselves" says the apostle Paul.

The Sunday school is the east gate

of the Kingdom of God for our child-

life. "Woe unto you," says the Ma-

ter, "if you offend one of these little

ones for my sake." Thus, 12:00 noon.

The Epworth League will be led by

Naomi Colburn. The topic "If

Jesus Was My Companion For A Day"

is all come.

At 7:30 in the evening the anniversary

of Tyndale's translation of the

Bible will be celebrated by a wonder-

ful lecture, "The Man with the Won-

derful Book." In song and story, the

bearer of the book—the Bible—has

been enshrined. Now in the same

richness of color and romance his

movements are told in pictures. It

is thrilling to journey along the

word of God with the Bible bear-

er. The lecture is in poetry form, and the

lecture is also beautified by appropriate

music. La la la! And all meet at the par-

sege on Tuesday December 10th at

the usual hour, 2:00. This is the

annual meeting and election of officers.

**T. PAUL'S LUTHERAN CHURCH.**

In spite of the fact that the St. Paul's Luther in church has been suffering the loss of a regular pastor for

a considerable length of time, the con-

gregation nevertheless has in the

past few weeks displayed a most won-

derful spirit in its various activities.

The coming at strength of the congrega-

tion and especially the Sunday

school as was evidenced in last Sun-

day's attendance of 26 children in

attending it including the new mem-

bers of the congregation.

The Lord has indeed blessed the efforts set

forth in this direction, attempting to

build up the church.

The Sunday school, which is the

highlight of the church year, is

open to all those who are welcome

and the faithful children here.

The following is the report of the trea-

surer:

1st 1926 \$61.75

Cash forward, April 1, 1926 \$1,687.02

**EXERCISE CARE IN YOUR CHRISTMAS MAILING.**

Christmas is but three weeks ahead. As all post offices will be closed on that day and no deliveries made it is important that Christmas packages be mailed early in order to insure their reaching parties addressed before Christmas. Special care should be taken in wrapping, packing and addressing.

Use strong paper and heavy twine. Addresses should be complete and return address placed on every parcel mailed.

Articles easily broken or crushed must be crated or securely wrapped. Use plenty of packing

**Neat Analogy**

From "Applesauce"—Happiness is doing nice things for other people. It's just like a kiss—you can't have it yourself without giving it to somebody else.—Boston Transcript.

**The Times That Are**

"The illusion times that were a better than those that are," has pervaded all axes.—Horace Greeley.

**AMONG OUR NEIGHBORS.**

Pupils and teachers of the Fowlerville schools were privileged to partake of a chicken dinner the Wednesday before Thanksgiving due to the efforts of Mrs. Grant and the Parents Teachers association.

"Plymouth" has organized a local basketball league with teams representing the Methodist, Presbyterian and Baptist churches, the Boy Scouts and the Fosters. It is divided into men and boys' leagues and women and girls'. The twenty games will be played at the Methodist Community Hall.

Fire completely destroyed the house on the S. W. McCall farm, a mile and a half north of Milford. House and furnishings were only insured to \$3,800. It is a curious fact that this is the third building to burn on this farm.

Fifty-four pairs of fox aristocrats are to be domiciled on the new Kimball ranch in Highland. The John & Deneil fox ranch which is nearby will also have its pets filled soon.

Two young men who had been passing the evening in Holly, noticed a couple of fellows driving away from where their car was parked and one of them was holding a spare tire. Finding that the spare on their own car was gone, they jumped into it and chased the fellows. One of the pursuers jumped into the other car while both were going and managed to get one of the thieves what was coming to him. After that, he and his companion brought them both back and had heavy fines imposed upon them.

Two thoroughly Holstein cattle belonging to Elmer Jones of South Lyon, were struck by a passing automobile as they were being driven from the barn to pasture. One, a three-year-old cow, had a leg broken in two places and had to be killed but the other will probably recover. The automobile was badly damaged.

A new confectionery store, appropriately entitled "The Palace of Sweets" has been opened in Plymouth. It is equipped with every modern device for efficient and sanitary service and in the basement is installed a candy kitchen.

An effort to raise \$10,000 by operating bingo in Oxford and Pontiac Springs, a mile south of Oxford, with a total loss of \$4,000 to the operator, Joseph Clegg, in no insurance will carry. The car was full of passengers at the time.

Some of the members of the Young Men's Class in the Methodist church at Redford have formed a glee club. Prospects are that they will have about 40 and old men and a child up the tub and four older men have been chosen to train them.

**NOV. NEWS**

(Last week in letter) Mrs. J. W. Wright and Miss L. E. Coates spent last week in Detroit. Mr. and Mrs. Edward Becker of Dearborn were Nov. visitors Sunday.

Several people from here attended the evangelistic conference at Northville last week and also the Southwestern Indiana school conference in Wixom on Friday.

Mr. R. O. Thompson, Mr. T. C. Rice, Mrs. E. M. Root, Miss Ruth Taylor, Miss Dorothy Donelson, Mrs. Florence Warren Rice and Russell Taylor attended the national V. C. T. U. convention in Detroit last week.

Remember the bazaar put on by the Woman's Mission Circle and directed me supper at the Baptist church on December 4th. Supper tickets are \$1.

At the Sunday school conference at Wixom last week the invitation was extended and accepted to meet at Novi sometime in March, 1926. W. D. First was the newly elected president, E. L. Watkins, vice-president, South Lyon. Miss Ruth Bradley, secretary, Walled Lake.

**MANY MICHIGAN FARMERS TO HEAR PRESIDENT COOLIDGE.**

Sunday, December 6th and Monday morning, December 7th, will see from 150 to 175 Michigan Farm Bureau members and their wives—perhaps more than that number—arriving in Chicago for the American Farm Bureau's 17th annual convention at the Hotel Sherman. Forty-six Farm Bureau states are sending similar delegations.

They will be there Monday morning to hear President Coolidge address the Farm Bureau, an event of nationwide importance. Just as the President sounded the administration note on business a few days ago when he addressed the New York Chamber of Commerce, just so he is likely to sound the administration note on agriculture when he speaks before the largest and most representative farm organization to day—one whose cooperative marketing, legislative and other interests reach everywhere.

**What Really Matters**

It does not much matter what our work may be, what I think, does matter is that which we are putting into it. While our brains are busy with ideas and our hands with tools, we may be putting into our work something which is neither of brain nor of hand—Exchange.

## STATE NEWS IN BRIEF

**Allegan**—Elmer Hayes is held in the county jail in default of \$500 bail to appear for examination on a charge of wife desertion. He was arrested at the home of his father, near Bellaire, by Sheriff Ben Lugten.

**Bay City**—Andrew Lapiski, 7 years old, drowned dead while attending mass at St. Stanislaus church here Thanksgiving day. Coroner H. M. Simon said heart disease was the cause of the death. Lapiski leaves his widow and four sons.

**Kalamazoo**—J. M. Bigelow, 69 years old, well known farmer residing near Bangor, was brought to a hospital here suffering from a fractured skull, broken nose and jaw, as a result of being kicked by a horse. It is feared his injuries will prove fatal.

**Rockford**—A proposal to bond \$25,000 for installation of a new water works system here lost by two-thirds of the vote. There were 450 votes cast on a possible 650 or 700 the proposal, and 253 of the 445 but needed 246 to make it necessary two more weeks to carry it.

**Marquette**—For the first time since the State undertook the enlargement of the Marquette Branch Prison, the institution is housing more convicts than it has cells for. A recent count showed a population of 722. More than 30 men are sleeping on two-tiered block corridors.

**Aspen**—A reward of \$1000 is being offered here for the return of the five armed bandits who escaped last week after unsuccessfully trying to crack the safe in First National bank here. Of that amount \$500 is offered by the bank and the remainder by Sheriff Earl Sill of Cass county.

**Vassar**—Mr. and Mrs. Chap S. Correll, Tuscola township, celebrated their golden wedding recently at the home of their oldest daughter, Mrs. Norman Blawlock, of Tuscola township. They were married 50 years ago. Mr. and Mrs. Correll have lived on the same farm 42 years.

**Alpena**—Sister Compton, 17, and Davis, 19, who is also a corporal in the corrections and charity corps, will give a talk on Juvenile Delinquency before the Alpena Boys and Girls Club. Harry D. Morris will be the chairman. The program will be arranged by Supervisor of Schools John Harrington.

**Grand Rapids**—James M. Tracy, 50 years old, one of the four surivors of a passenger plane and a pilot navigating at Birmingham, Mich., to Detroit, in a blizzard of Grand Rapids, of 75 mph. At a bar, Tracy frequently saw Karpis as a guest in the home of his father, John W. Tracy, in Paris, Ill., and he did not know anecdotes of the gangster.

**Monroe**—It is expected that the funeral over Joe Price, March 15, 60 years worth of his age, in the room with road death, will be held Saturday evening at 7 p.m. at the First Presbyterian Church, 100 N. Monroe street. The service will be conducted by Rev. Dr. C. E. Johnson, pastor.

**Grand Rapids**—L. H. Smith, 21, died for the rest of the year. His body was sent to his home town of Akron, Ohio, where he had been a boy. He was being treated at the University Hospital in Akron, Ohio, and died Saturday morning at 11 a.m. at the hospital.

**Ironwood**—A scorching party is coming up the woods of the vicinity of Lake Superior in search of Bert and William Jacobsen, or Ironwood, brothers, who have been lost since Sunday. They were hunting deer in the vicinity of the lake. The temperature dropped to almost zero last night and it is feared they suffered from exposure to frosty cold. Neither of the boys is an experienced hunter. They are 18 and 20 years old.

**Muskegon**—The two masked schoolboy, Son Capo, Nelson commanding, has arrived here after a battle with a storm on Lake Michigan, while two other ships bringing pulp wood for the Central Paper Co. of Muskegon are still battling their way down the lake. The two ships still out are the Mather and Zillah, both steamers. They are enroute from Duluth. The arrival of the ships here will close navigation between the northern points and Muskegon.

**Menominee**—The mystery of the disappearance of Eleanor Anderson of Gwinn, Mich., and Linda Moleski of White Pine, Mich., was solved when the girls reported that they had been involuntary passengers on an Ann Arbor car ferry over the week end. The girls boarded the car ferry here to sell magazine subscriptions and failed to go ashore before the boat left. They made the trip across the lake to Frankfort and back while Menominee police searched for them.

**Grand Rapids**—Miss Betty Quinlan, 36, years old, daughter of Senator James C. Quinlan, was injured severely and two other young persons were hurt when an automobile in which they were riding slid from the road near Ada and rolled over. Miss Quinlan was taken to Blodgett Memorial hospital and recovered consciousness two hours later. Charles McDermott, 17 years old, junior college football player, driver of the car, suffered a fracture of the leg and Miss Dorothy Brechting, 16 years old, suffered from the shock.

**Lansing**—The school board has decided to put to the voters on Dec. 7, the question of whether \$450,000 in bonds shall be issued for a new junior high school building here.

**Elmer Hayes** is held in the county jail in default of \$500 bail to appear for examination on a charge of wife desertion. He was arrested at the home of his father, near Bellaire, by Sheriff Ben Lugten.

**Port Huron**—Charles L. Stecher, 48 years old, a veteran Grand Trunk car inspector, died in an I. O. O. F. lodge meeting last week. Heart trouble brought on by climbing two flights of stairs was responsible.

**Jackson**—Value of farm lands and buildings in Jackson county shows a decline of more than \$6,000,000 during the five year period between 1920 and 1925, according to a report of the department of commerce of the government, following the census of the farms of the county.

**Alv. Clemens**—It is announced by members of the Halfway Commission that Detroit water mains will be laid into the village by December. With extension of Mt. Clemens gas mains to the village, it is said Halfway will have the same modern conveniences as the other parts of the metropolitan area.

**Ionia**—Thanksgiving will be a day of rest and recreation for the inmates of the Michigan reformatory, who number more than 1,600. A special dinner will be provided and a movie program will be given in the auditorium during the day. Rev. A. C. Green, pastor of the Ionia Presbyterian church, will deliver the Thanksgiving sermon.

**Grand Rapids**—Responding to widespread protest against continuance of Eastern standard time in Grand Rapids throughout the winter months, the city commission this week probably will reconsider its former action and vote on a resolution which would return the municipality to Central standard time next Saturday night at midnight.

**Saginaw**—Patrick Kain, 74 years old, chief of police here for many years prior to his retirement in 1919 and one of the veteran officers of the mounted police, is dead after an illness of more than a year. Chief Kain started his career off the lumberjacks when the patrol wagon was wheeled through the street in that manner.

**Lansing**—Fears that Lansing will fail in its efforts to obtain accommodations for the 2,400 delegates to the Boy Scouts' conference here, the last part of the work was expressed by the committee in charge. About 100 boys are yet to be accommodated. A home to house 2,000 is to be started if sufficient rooms have been promised before that time.

**Jackson**—Patients of most interest in Jackson will have this opportunity of meeting Cecilia Hansen the Russian stilt-walker, who comes here under the auspices of the Jackson Fair's Mudie association, the meeting of December 13. Miss Hansen has been skating in the United States for the past two seasons and has won awards in New York, Chicago, Syracuse and many other middle centers.

**Lansing**—Sale of the W. M. C. A. property at 210 South Capitol avenue, the First Presbyterian church, is being considered by the local people as the result of an estimated value of \$100,000. It is estimated by a church committee to help the church about \$60,000 for the property. The church made the offer after a meeting of its congregation, the offering would be used to locate the Sunday school, Roy G. Davis and other organizations.

**Ironwood**—A scorching party is

coming up the woods of the vicinity of Lake Superior in search of Bert and William Jacobsen, or Ironwood, brothers, who have been lost since Sunday.

They were hunting deer in the vicinity of the lake. The temperature dropped to almost zero last night and it is feared they suffered from exposure to frosty cold. Neither of the boys is an experienced hunter. They are 18 and 20 years old.

The girls boarded the car ferry here to sell magazine subscriptions and failed to go ashore before the boat left. They made the trip across the lake to Frankfort and back while Menominee police searched for them.

**Lansing**—Details of plans suggested to induce new factories to locate here were discussed at a joint meeting of the directors of the Chamber of Commerce and the Lansing Real Estate board. The real estate board here had been active for some weeks in endeavor to obtain new factories for the city so that Lansing's industries may be diversified. The chamber of commerce also has investigated a number of factory properties, but so far no new plants have been obtained by either organization.

Don't Let Your Fuse Blow!

It's annoying to have a fuse blow out in the midst of your work, but don't forget that it does so for your protection. You have overloaded the circuit and created a fire hazard.

The ordinary light outlet will safely carry a load of 1,000 watts. Don't put more upon it. The electric appliances that you use have their capacity in watts stamped on it, so you can't go astray. If you find that you wish to use more than you should on the outlet, have an additional outlet put in.

To figure how many portable lamps you can safely attach to one outlet in the living room, add together the wattage of the lamp bulbs used.

THE DETROIT EDISON COMPANY

Pays For Itself In Fuel Saved!

Other heating devices must be paid for, but the Arcola costs you nothing. Why? Because it soon saves its cost in the smaller consumption of coal, coke, oil, gas or wood. Moreover, the Arcola distributes its cozy warmth uniformly into and through every room, instead of sending it up the chimney.

The new low-prices and our easy payment plan will soon add a half-million to the 100,000 homes already Arcola equipped. Ask us today for names of neighbor Arcola owners. A postal request brings you the free book.

IT MIGHT CONTROL RECKLESSNESS.

The San Francisco Bulletin brings up the question of irresponsible automobile drivers being allowed to operate on crowded streets and highways. It cites the case of a local accident where a child of two years lost his left arm almost to the shoulder. His mother had a fracture and dislocation of her ankle. The driver of the machine said, "I have not paid for the car, have no insurance and am in debt."

The question then arises, why should such an irresponsible driver be allowed on a public highway with as deadly an instrument as a motor car? If a man cannot afford to get a public liability insurance on his car, he should not be permitted to run it. When it is suggested that such a policy be required by law, agitators for public ownership of industry immediately demand that such a policy be furnished by the state "at cost." This means "at cost to taxpayers," for the state cannot write an insurance policy which will pay expenses of running it, cover losses and taxes which should be collected, for any less than a private company.

Why should a general taxpayer have to run the risk of being assessed even a single penny in order to try to furnish state insurance "at cost" to an irresponsible automobile driver who doesn't own his car, who can't afford to buy insurance, and who is in debt? Why should such a person be driving as expensive a piece of machinery as an automobile? Why should he endanger the lives of the public or why should the taxpayers be involved in furnishing him insurance?

A Northville citizen had a new sedan badly damaged a few weeks ago by a careless driver who had borrowed the car he was driving and who did not own a single "fence," but he could go joy-riding over highways that other taxpayers have paid for and wreck other men's cars and let them pay the costs of repair. Every driver of an automobile ought to be compelled to give a liability bond to the amount of \$5,000 to cover any damage he or she may do to life or property. If they cannot afford to carry such insurance they cannot afford to own or drive a car.

TEACHERS BETTER KEEP OUT OF POLITICS.

Funk inconsistency is contained in the agreement emanating from the Lansing headquarters of the Michigan State Teachers Association and made public during the week. Two proclamations are made. In one it is stated to be the purpose of the teachers to pledge their candidates in the legislature to support of state aid for regular teachers or anyone who candidate for election. The other is in the platform of the association to seek the enactment of the State Bill creating a county board of education which will control all rural school affairs. The latter is effected through the methods of politics and in reality affords them full political power in the creation of the board to itself in place of real power in the hands of the people.

Without attempting to discuss the merits of either proposal, I suggest to teachers that they think for themselves about these bills before formulating their votes on my behalf to elect. When the teacher's referendum is over a pension teacher will receive personal and even less than professional tenure. Far better it would seem is adequate compensation for demanded teaching, remain an honest profession. As for the second proposal when county boards, especially in subdivisions or elected superintendents by the public becomes the ultimate moment will make the ring of last knowledge binds a framework to a big state machine which will become somebody's playground. Better go slow than to be sorry afterwards—Ingham County News.

The present law providing for the election of county commissioners of school was enacted because the old system of permitting the board of supervisors to make the selection had become offensive to the people of the state. Men with political pull were very often chosen who were not in any way qualified for the position. The people of the several counties can be trusted to choose the right kind of men, but boards of supervisors cannot. Michigan teachers will do well to keep out of politics.

HENRY VAN DYKE ADMires "COUSIN JANE."

Dr. Henry Van Dyke had never read a Harry Leon Wilson book until "Cousin Jane" was published. His idea of Wilson was a writer of "form" novels that verge on burlesque, and this serious piece of fiction was a surprise. Here's what he says: "Cousin Jane" is dramatic. It has a new background, the greatest fantastic house built by visionary wealth in a now-deserted California mining town. The character of Jane is vividly and attractively conceived. But I think the best-drawn person in the book is Self, the 'outside man-of-all-work' of the declining house."

**TO USE MILLIONS IN  
CORN CRISIS RELIEF**

**Financing Is Outlined by Bank-  
ers and Business Men  
at Washington.**

Washington—Plans for financing the middle Western corn crop on a big scale, including the orders marketing of the crop, fed grain for farmers and horses and bus passengers who are adversely affected by the low crop in corn prices which was due to a corn shortage of 100,000 bushels per acre in the state. The conservation and water problems there are being considered by the National Corn Crop Association under the leadership of Dr. Henry, who had succeeded in even getting a look at one of the animals before just stepped out and shot two after the packing up for home was commenced.

The present complaint of the farmers is that the price of corn has dropped so heavily that they are unable to get credit from the commercial banks, tenable them to hold their crops until they can get better prices. The drop in corn prices has seriously affected the banking and business situation of some sections of the corn belt.

In Iowa, where corn has been selling at about 10 cents, the farmer has felt the situation severely. If the present plan works out, as expected millions of dollars will be made available for quick loans to corn belt farmers.

**Mrs. Rhinelander Poses  
Before Jury to Show Color**

New York.—The two mysterious letters from Leonard Klein Rhinelander to his negro wife, written before their marriage, were read after an unsworn conflict between attorneys on the two sides. They proved to be very brief showing no signature. This was such that Supreme Court Justice Mansfield was unable to read them from the court room.

When both letters had been read in the court room, the negro wife, known as Anna, left the room.

Mrs. Rhinelander is to appear before the jury to corroborate her story and answer questions of the court.

She was engaged in her usual work of drawing up a typewriter when she was asked to come to the court room.

She was one of the most extraordinary ingredients of this extraordinary trial.

**Expert Says High Winds  
Caused Shenandoah Wreck**

Washington—Tremendous rather than pressure or structural weakness caused the destruction of the airship Shenandoah.

This was the testimony of Charles P. Burgess expert on airship construction, before the mixed court of justice, which is investigating the airship's destruction. Mr. Burgess stated that the aircraft could not have withstood a study of the wreckage she was confident that the crew had nothing whatever to do with the ship breaking up.

**Waterway to the Gulf in  
Next Five Years Urged**

St. Louis.—A waterway from Chicago to the Gulf of Mexico within five years was demanded by Mississippi Valley association at its recent seventh annual convention.

The association called on congress to spend \$240,000,000 to open the deep waterway which would connect Chicago, St. Paul, Pittsburgh, Nashville, Minneapolis and Kansas City with New Orleans and the sea and called on all forces in the Mississippi valley to combine to bring about the deep waterway.

**U. S. Men Destroy Wine  
Valued at Over \$80,000**

Bath, N.Y.—Federal and county authorities raided the White Top champagne cellar at Gibson's Landing, ten miles north of Hammondsport, destroyed 18,000 gallons of champagne, brandy and rare wines valued at more than \$80,000, and four 25-gallon stills. Charles Wheeler, owner, was arraigned here later charged with operating the cellar without a license.

**3 Acquitted of Murder  
of Woman at Fox Lake**

Waukegan, Ill.—Mrs. Clara Harcq was acquitted on the charge of killing her mother, Mrs. Lillie Holt. Likewise Mrs. Harcq's husband, Albert, and her stepfather, Arthur Holt, were acquitted.

**NORTHVILLE  
Twenty-Five Years Ago**

Items taken from The Record  
of 1900, for the week cor-  
responding to this week.

Miss Maud Miller spent some days with Novi friends last week and this. T. E. Murdoch, wife and daughter, Lydia, spent Thanksgiving with Mr. and Mrs. C. L. Ypsilanti.

The Dimebar company, whose em-  
ployees in the air ride shops have been  
putting in 12½ hours a day for some  
time, gave the men a treat Saturday  
night in the shape of a can of oysters  
apiece with crackers to match.

The Northville hunters arrived home  
Saturday with a total of 17 deer to the  
credit of the eight members of the  
party. Dr. Henry, who had not suc-  
ceeded in even getting a look at one of  
the animals before, just stepped out  
and shot two after the packing up for  
home was commenced.

The principal of George A.  
Valles of Detroit, and Miss Ethelyn  
Johnson of this village were celebrated  
in an unobtrusive manner at the  
home of the bride's mother, Mrs. Mary  
P. Johnson, Wednesday evening of this  
week. The ceremony was performed  
by Rev. W. S. Jerome of the Presby-  
terian church, only the immediate  
relatives and friends of the families  
were present.

A. W. Olds, of the Fisk & Olds shoe  
factory who are about to begin busi-  
ness here, was in town Wednesday,  
looking up houses for himself and em-  
ployees who are coming to this village.  
About twenty houses will be needed  
immediately and as the supply is not  
equal to the demand at present, the  
situation means that new ones will  
have to be built to accommodate our  
increasing population.

**GET YOUR LICENSE PLATES  
EARLY**

Early application for 1926 automo-  
bile license plates, the distribution of  
which began Tuesday, is urged by  
U. S. Govt. and Secretary of State  
in a detailed explanation of the pro-  
cess for getting the issuing of plates.

The plates will be issued in Detroit  
on Dec. 1 by the Department of State  
since the 1925 plates are not yet  
available, but it is important to get  
them in time.

Henry VanSickle, retired farmer,

says: "I always leave work for

bringing my license plates and my

car back when I go to town."

Mr. VanSickle did not say if he

had any trouble in getting his plates.

He says: "I saw Donor Phil and  
he fixed me up in good shape."

Statement given April 21, 1920.

On January 21, 1925, Mr. VanSickle

Whenever I need a license

moning I see Donor Phil and they

make me feel like a different man."

Mr. VanSickle, Foster-Milburn  
Co., Milw., Buffalo, N.Y.

by Mr. DeLand to obtain their plates  
as early as possible. It is simple,  
he points out, for the owner of a cer-  
tificate of title made out in his own  
name of the car he intends to license,  
to fill out an application blank, and  
after presenting the application and  
certificate, obtain the plates.

This year, for the first time, two  
kinds of license plates will be issued.  
The usual style of plate will be used  
on all passenger vehicles not for hire.  
On all vehicles used for hire, in-  
cluding taxicabs, buses, and trucks of  
all descriptions, the plate will bear  
the word "Commercial." Pleasure  
car plates used on cars for hire will  
be confiscated. Application for com-  
mercial car licenses should be accom-  
panied by a scale weight receipt, giving  
the exact weight of the car as  
equipped, to run on the highways.

**HEALTH FOR MILLIONS**

To teach 10,000,000 people the value  
of health before they lose it is the tremen-  
dous task set for them  
selves by the National, State, and  
Local Tuberculosis Associations.  
For nearly twenty years they have  
been engaged in this gigantic educational  
campaign. The money for this  
work has been supplied through the  
sale of Tuberculosis Christmas seals.  
The sale this year is the eighteenth  
annual sale.

Mr. VanSickle Tells Something of  
Interest to Northville Folks

There's nothing more convincing

than the statement of someone you  
know and have confidence in. That's  
why this talk with Mr. VanSickle of  
Fairbrook street, should be most  
helpful here in Northville.

## FRANCE IS READY TO BALK FASCISTI RULE

Troops Prepared to March Into  
Paris to Prevent  
Coup d'Etat.

Paris.—While the government is holding troops in readiness near the capital to march into the city and stop any attempt at a coup d'etat, Paris newspapers are advising agitators and the people to remain calm and to remember that a revolutionary attempt such as that of the Fascisti and Mussolini in Italy cannot succeed.

Meanwhile Aristide Briand was attempting to form a ministry after that job had been given up by Senator Doumergue and former Premier Herriot. M. Briand accepted the commission from President Doumergue reluctantly. He was asked to organize a government immediately after Poincaré's fall, but after consideration reported he was unable to do so.

Extreme publications in Paris both the far right and the far left talk frankly of the possibility of attempting a fascist coup in France. More moderate newspapers warn against such attempts in more veiled terms.

The people are sympathetic over the government crisis. They observe only that prices are slowly rising a tendency which has been continuous since the war, and they are told by the newspapers that the price is falling, but they observe little personal effect from the fall.

### Girl and Two Men Admit Bombing Stores in Chicago

Chicago.—Origin of all of Chicago's recent bomb outrages was revealed, according to State's Attorney Crowley, when Fred N. Wanquist and his sweet heart broke down under a long grilling and confessed that they perpetrated five of the bombings.

Information was obtained to disclose a "leap trust" that made a business of explosions at \$200 each.

Wanquist and the woman, Mrs. Lena Rice, twenty-three, divorced daughter of three, were caught in police after they had exploded a bomb at 3239 Fullerton Avenue. Wanquist and son of man, Rose A. Moore, were slightly wounded.

Mrs. Rice first gave her name as Mrs. McMillan, then as Len McMillan, then as Lou McMillan. She is the daughter of Elmer Schrock, a physician born in Richwood, Ohio. Her deserted husband is Arthur L. Bond from Huron Harbor, Mich.

### Maj. Gen. Patrick Declares His Plans Were Ignored

Washington.—In his annual report Maj. Gen. William V. McNair, chief of the Army air service declared that not one of his recommendations last year had as yet resulted in tangible action.

The Major should be informed to that recommended by the Congress committee he will what action should be taken to give the service the same status it is in the marine corps has in the navy. His recommendation has been ignored by the War department and the general staff.

It reads in the report he failed to provide for flying equipment for existing units and a separate budget is set to take care of the needs of the air service.

### Chang Forced to Flee; Betrayed by Subordinates

That's it! That's it! Lin, war lord of Manchuria, has fallen at Mukden. His "Red" army, Kuo Sung Lin has been forced into an armistice with the Nationalists. Marshal Chang has been arrested and has chosen to start Xing Yang. He has fled to Tientsin. Through his connections with Kuo Sung Lin he has cut and forged documents so Chang has pulled up rails on a line and refuse to return traffic.

### 39,000 See "Red" Giange Play First Game With Bears

Chicago—Harold ("Red") Grange, the Gallloping Goss of Illinois, did his stuff for the Bears at Cubs' park here. "Red," the unstoppable, played a great game offensively, but all his individual brilliance was not great enough to put over a score for his team and the Bears and the Cardinals batted to a 0 to 0 tie. It was a brilliant, fierce contest of wills and 39,000 fans saw a great football game.

### Wine Permits Revoked by Commissioner Blair

Washington.—A new move to curb the flow of illicit intoxicants by plugging up their sources came when Commissioner of Internal Revenue Blair revoked internal-revenue exemptions under which householders have been permitted to manufacture not to exceed 200 gallons of home-made wine.

Doug and Mary Plan Tour  
Los Angeles, Cal.—Doug and Mary are getting the wanderlust once more. The Pickfords plan to sail from New York to Genoa early in February. St. Maritz, Paris and London later are included in the route sheet, with a possible jaunt to Russia and home via the Pacific.

## Founds Institute of Animal Economics

James E. Larowe

What the Rockefeller Foundation stands for in the welfare and progress of the world at large, the Larowe Institute of Animal Economics is undertaken in behalf of the dairy and poultry farmer, according to a news release received here today.

Funds to carry on the work have been provided by James E. Larowe of Detroit. Emphasizing classification on the average farm and more efficient methods with cows, hens and crops to feed them covers the scope of the newly established institute.

The actual work is now in the hands of a staff of agricultural experts who are intimately familiar with farming conditions in the east and who have themselves been practical farmers.

No phase of dairying and poultry raising will be overlooked which bears upon putting more dollars in the farmer's pockets.

Since the individual farmer cannot determine the market price himself, it is up to him to increase his profit and to lower his costs, and this is what the institute of Animal Economics will work hand-in-hand with him to accomplish.

### FORD MOTOR COMPANY HAS NEW STEEL PLANT AT BEVER BOGUE.

Rolling of steel has begun in the new hot steel mill of the Ford Motor Company at the River Rouge plant.

The first billets drawn from the furnace were sent through the rollers and gauged in cold bars destined to become car axles with a total length of approximately four inches square.

These billets are approximately four inches square and gauged in their length when they emerge from the furnace at around 1900 degrees. Each billet, by the time rolling is completed, they have been gauged into steel rods slightly more than an inch in diameter and approximately 16 feet in length.

Except for a few days when weather prevented and the earth, or several short pieces from the hot mill to be retained as samples, the mill is running at full capacity.

The mill is unique in that it is the first hot steel mill ever built in the country.

Mr. and Mrs. Edward Wilson and Miss Ethel Peck spent Thanksgiving day with their parents Mr. and Mrs. Charles D. Peck and family at Goodrich.

The rolling mill has a capacity of handling 150 tons of steel.

On Friday night the 15th, 20,000 tons of steel will be the first unit of the steel plant to start operations.

It will be March or April next year before the plant begins to function as a whole with open hearth furnaces from which logs will be cast and the conveyor of these into ovens which go to the rolling mill.

In the meantime rolling mill operations will be carried on with rolls purchased from outside sources.

Production will be increased monthly so that when the remainder of the plant begins to function the mill will be ready to care for all of our steel needs.

The steel plant is housed in a building 460x1500 feet with high walls of steel and glass which provide a maximum of daylight and ventilation facilities. Equipment is the latest in steel mill practice.

The rolling mill, occupying one portion of this, is electrically operated and has what is known as six stands of eighteen-inch rollers and four stands of fourteen-inch rollers.

When the new industry gets into operation as a whole, with everything running from open hearth furnaces to rolling mill, it will present in reality a mammoth monument to Ford economy methods.

### U. S. TO BUY LIBERTY BONDS FROM HOLDERS

#### Treasury Tells of New Plan Brokers Eliminated.

Washington—The Treasury department will purchase from investors \$50,000,000 of the so-called "Third Liberty loan bonds at or below 101% and accrued interest. It was announced by A. W. Mellon, secretary of the treasury.

Proposals for the sale of such bonds must be presented to the Federal Reserve Banks by December 10 and payment will be made of December 29 for all bonds delivered in accordance with accepted proposals.

This is a departure in the redemption of Liberty bonds, the treasury heretofore having purchased for the contributive sinking fund on the market or through brokers.

Now it is proposed to test the feasibility of making such purchases in part at least directly from the holders of the bonds, and thus give all holders the opportunity to sell with the understanding that the lowest offer will be accepted. This procedure will save commission charges to the seller and to the treasury.

Chicago—Martin J. Whether Durkin, whose pistol activities have been responsible for the deaths of a policeman, a government agent and a citizen, is a truly a suicide or whether the packing of the shotgun on the bank is an elaborate plan to throw the police off the scent and give him an opportunity to escape from the legal net puzzle confronting the authorities.

## LOCAL.

Friends of L. C. Meade will regret to learn that he is ill this week. H. R. Richardson and Earl Montgomery will leave next Monday by auto for Clermont, Florida, where they will spend a few weeks.

Henrietta Johnson and Lyman Jordan were married at the Baptist parsonage last Wednesday afternoon December 2nd, by the Rev. R. O. Thompson of Novi.

Northville hunters were most fortunate this year in their quest after deer. N. C. Schrader, S. A. Lovewell, Dr. Gaylor, D. B. Burn, Dr. Brink, C. E. Howell, and E. L. Smith each brought home a fine buck.

Mr. and Mrs. George Ford of Northville, Mr. and Mrs. Herb Booth, Mrs. Jennie Albright and son, Robert, of Battle Creek, and Mr. and Mrs. P. R. Cudaback of Flint, ate Thanksgiving dinner with Mr. and Mrs. Phil Taylor at Novi.

Mr. and Mrs. T. G. Richardson left Thursday for Clermont, Florida, where they will spend the winter at their pleasant home in that city. Mr. Richardson will build two houses during the winter, because he just can't keep from doing something.

The annual inspection of Northville Commandery, K. T., will take place next Tuesday night. Dinner at 6:30 and "work afterwards." Every member is urged to be present and is welcome to be on hand at two o'clock in the afternoon for practice.

Grand Standard Bearer Thane Benedict of Novi will be the inspecting officer.

Local officers raised a house near Plymouth a few days ago and found a lot of trash and a quantity of boxes. Some local boys had purchased a supply there, and the star made them very ill. The man of the house was not at home and after the officer had waited some time for his return his wife told them he had returned to West Virginia and that she was going in the morning to do likewise.

On Monday evening past the members of the Northville Exchange Club and their ladies will enjoy a venison dinner at the Presbyterian church parlor at 6:00 promptly. This feast is made possible through the generosity of a number of the members of the club, who were successful in locating long since the large buck.

After the dinner the party will go to Plymouth and attend the First Congregational Church.

Local and Northville people were about equal "matched" at the 10th annual dance at the Library building.

ing last Friday night. Mr. and Mrs. John Tisham furnished music and Volney Gunning officiated as master of ceremonies. The dancers enjoyed many interesting and Ruth-provoking changes. For more than 40 years he has "called off" at the dances in this community and he is in good demand this winter because the old time dances are becoming very popular.

The Timmams are a whole orchestra themselves and a good one at that. They were served at small tables and the affair was greatly enjoyed.

Many friends in this section will be pleased to learn that Mrs. T. G. Richardson has sufficiently recovered from her long illness as to be able to make the journey to Florida. Mrs. C. F. Murphy of Detroit accompanied Mr. and Mrs. Richardson and will spend the winter with them. It is a fact that many of our readers do not know, but Mrs. Richardson was an employee of this office some years before her marriage and she was a faithful and efficient one at that. During the time she was employed here death came to the family of the publisher and Mrs. Richardson and one of her co-workers got out the paper, making up the forms and running the Washington and press which was then considered a man's job, but these determined young women were equal to the task and the paper came out on time.

The best wishes of many Northville friends will accompany her to the land of sunshine with the prayer that she may be restored to health.

ANNUAL MEETING OF WIXOM FARMERS' CLUB.

The annual meeting of the Wixom Farmers' Club will be held at the church parlor at Wixom on Wednesday, December 9th.

NORTHVILLE SCHOOL NOTES.

Mrs. Zenaida E. Larkins attended the Michigan High School Principals Association at Lansing Thursday and Friday of this week.

Fred C. Fischer, deputy county school commissioner, was a visitor at the High school Tuesday.

It is expected that the lunch room will be in operation on Monday, December 7th.

Naomi Colburn, Avis Brown, Leslie Fraser and Mr. Heitrich will attend the Union Trust Co.'s scholarship dinner at the Hotel Stader on Saturday December 5th.

The State Superintendent of Public Instruction called a meeting of school boards and superintendents for Thursday December 3rd at 10:00, at Northwestern High school. School law administration work and topics of general school interest were discussed.

Members of Manual Training classes have formed very much to their surprise that some skill is required in planing and sawing of boards to meet a certain dimension.

Tuesday the debating team, accompanied by Miss Aletha Vilek, spent the afternoon at the Detroit Library getting material for the next debate.

There will be a debate at Plymouth December 11th between Northville and Plymouth, Northville, on the affirmative side of the question,

A Hi-Y club is to be organized. Full particulars will be given later.

The Suburban High School League met at Plymouth Monday evening November 30th.

Yogilanti Northville High school was admitted to the league to take the place of Redford which is withdrawn.

At the meeting girls basketball was dropped from the league by a vote of 3 to 2. Northville however, will still participate in girls' basketball with other schools.

An outlined schedule has already been arranged.

The Ninth grade pupils have completed a project in geography.

Those having product books of South African worthy of mention are Richard Shipton, Wilma Rattenbury and Dorothy Shirebridge.

W. R. P. NOTES.

Reenia meeting next week Wednesday, December 9th, at 7:30 p.m.

Given to the election of officers the grand ball will be held over until the last meeting of December.

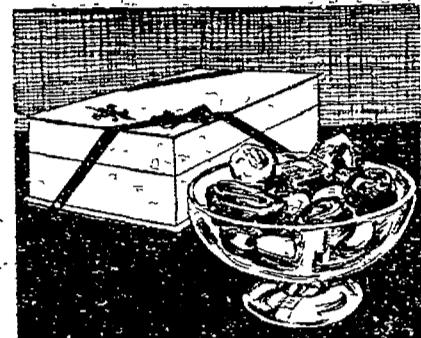

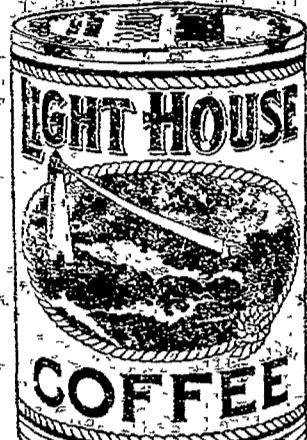

Please be sure to mark the election of officers and every member be present.
