MAIL SCHEDULE "SHOT" AGAIN

At the time the Pere Marquette railway management made such radical changes in the schedule of trains that stopped at Northville, the plan to provide better mail service for this place was taken up with the railway mail service and arrangements were made by which a closed pouch was dispatched out of Detroit over the D. U. R. arriving here about ten. Later the time was changed to about noon and now this week the plan has been "all shot" to pieces again. The change took place on Tuesday with no previous notice. Nineteen sacks of mail for Farmington were brought to Northville Tuesday morning on the owl and they were transferred to the D. U. R. car and sent to their destination. The cause for this radical change is because the D. U. R. cars which have heretofore brought mail to Farmington and Northville do not go farther than Redford service from Redford now being supplied by the Detroit city lines.

Superintendent John C. Clark of the D. U. R. lines was a Northville visitor Tuesday afternoon and he stated in The Record that, owing to the fact that the city lines are now serving Redford that only three cars from Northville would run through to the city at 8:05 and 10:05 a. m. and that but three cars would run through to Northville from there at 8:05 a. m. and 3:25 and 4:50 p. m. Cars leaving Northville at 6:55 and every two hours thereafter will run to Redford and cars will leave Redford at 8:05 a. m. for Northville and will continue every two hours Northville people desiring to go to the city will do well to take the 6:55, 8:05 or 10:05 a. m. plan to leave the city at 3:25 or 4:50 in the afternoon. We still have the afternoon P. M. train for the Detroit of mail but an effort will be made to have mail sent to Redford and then forwarded to Farmington and Northville.

MISS JACOB PROVEN DEADLY

One of the old members of the Northville Baptist church died Thursday afternoon at her home in this village. She had a very severe attack some months ago and she had been gradually recovering. She died at her home of a devoted wife and mother and a true Christian woman.

Myrtle Agatha Smith was born in Pennsylvania, December 23rd, 1849, making her past 76 years of age at the time of her death. She was united in marriage to Mr. C. H. Smith in 1871, and after some years spent at Plymouth they moved to Escalona county. Twenty-nine years ago they became residents of Northville and this village has been their home since that time.

Besides her husband she is survived by three children—John, owner of Florida, Mrs. R. H. Fickman of Detroit and Mrs. William D. Dornell of this place; one sister and seven grandchildren. During her long illness she was kindly cared for and every effort was made to delay her suffering and to restore her to health and strength.

Funeral services were held at her home on Sunday afternoon and were conducted by Rev. A. K. McRae. The deceased being a devoted member of the Baptist church for many years. The remains were placed in the vault and spring, when burial will take place at Rural Hill cemetery.

MR. AND MRS. HENRY FORD ENTERTAIN NORTHVILLE PEOPLE

Last Friday night a number of the members of the "old timers" dancing club of this place motored over to Dearborn where they were delightfully entertained by Mr. and Mrs. Henry Ford at one of the old time dances for which Dearborn is becoming noted. The dance took place in a portion of the administration building of the Ford Motor company which has been set aside for this purpose and where a dance is held about every Friday night. The guests were very cordially received by Mr. and Mrs. Ford who were most generous and gracious, and who seemed to enjoy the dance greatly, not missing a number during the evening.

Mr. and Mrs. John Tynham assisted with the music and furnished a program that was thoroughly enjoyed.

As a compliment to the Northville people a dainty two course lunch was served about eleven o'clock and dancing was resumed after all had been served.

FORESTERS TO DEDICATE NEW HALL

Court, Northville, Foresters of America, will dedicate their new hall in the Elliott block on Thursday evening, February 4th, with a dinner at 7:30 and a pleasant and appropriate program afterwards. Tickets for the dinner and admission will be 75 cents each.

MARK BROCK DIED SUNDAY NIGHT

In spite of all that a loving wife devoted to him and the best of medical skill could do, Mark Brock passed away at his home on Main street Sunday night at 11:30, after an illness of eight weeks. He had not been a robust health for a number of years but his great ambition and his determination to be busy would not permit him to be idle and up to the day before he was compelled to take to his bed he was about doing his daily tasks. He had a cheery word for every one and for more than twenty years he was a familiar figure in the business life of the community. He possessed a sympathetic nature and he was always ready and willing to help the unfortunate to the extent of his ability. He was honorable and straight-forward in all his business dealings and by his death Northville has lost a good citizen.

Mr. Brock was born in Highland, Livingston county, and for a period of fifty years resided on the farm where he was born. Mr. and Mrs. Brock were married September 28th, 1886 and soon after their marriage took up their residence in Rochester, where Mrs. Brock was engaged in the mercantile business. After a few years residence there they sold part of their stock and moved the remainder to Northville, locating in the Ambler building on Main street and for more than 21 years the store of M. Brock & Co. was a popular trading place for the people of this section. His serious illness made it necessary to sell the business.

Mr. Brock was a member of the Presbyterian church of this place. He loved his home where Mr. and Mrs. Brock lived happily and he always took a great deal of pride in keeping the premises, the flowers and the garden and everything about the place in an active manner. He was a kind and generous neighbor and always willing to share with a home. Funeral services were held at his late home on Wednesday afternoon, January 21st, at 2 p. m. Rev. A. K. McRae officiated. Mr. Brock was a member of the Army of our and a beautiful lot of flowers. Burial took place in the cemetery of the order in which the deceased was held were contributed by friends. Burial took place in the cemetery of the order on Thursday.

KNIGHTS TEMPLAR AND LODGES ENJOY PLEASANT EVENING

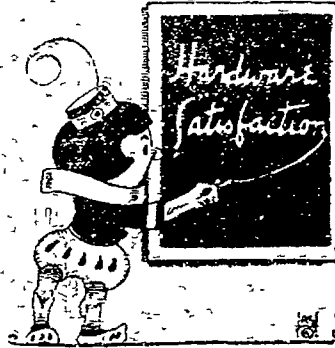

A company composed of members of Northville Commandery, and their ladies, to the number of about one hundred spent a very enjoyable evening at the Masonic temple on Tuesday night, the program affair having been planned by the members of the Hospitalers' committee. A beautiful dinner was served at 7:30 and at the conclusion of the satisfying feast the guests returned to the lodge room where an interesting program was given. The rooms and the lodge room tables were decorated with cut flowers and the Templar colors and all the prizes for the gathering were admirably carried out. Eminent Commander Amos Olin called the assembly to order and introduced C. R. VanValkenburgh, chairman of the meet. Mr. VanValkenburgh explained the purpose of the gathering and the aims and plans of the Hospitalers' society. Music, numbers were contributed to the program by Miss Stewart, Mr. Coppervan, Mr. C. H. Bavan and Wayne VanDyne and Miss Lillian Cassie entertained the company with Scotch songs.

Sir Knights were present from Detroit and Highland Park and they were introduced and told in an interesting way of the work that is being done by the Hospitalers' committee in that city and about the state. Rev. Chester B. Emerson, pastor of the First Congregational church of Detroit, was the speaker of the evening and, as usual, he brought a message that had a strong appeal. The weather condition, doubtless kept many of the Sir Knights away, but they missed a most delightful occasion.

ROTARY CLUB TO RECEIVE CHARTER FEBRUARY 15TH

Northville's new Rotary club will receive its charter at a gathering to be held at the High school gym on the evening of February 15th. The presentation of a charter to a new club is always made the occasion of a happy gathering and representatives from many of the clubs in the surrounding cities will be present. Plans are being made to serve 200 guests at the banquet which will precede the ceremonies of presentation. The banquet will be served by the members of the Senior class, and it will be one of the biggest events of the season. Officers and members of the Northville club are making extensive plans for the affair.

Mrs. Harry Blower, had the misfortune to slip on the icy path near her home on Tuesday and injure herself.

Light That's Lost

Users of electric light frequently fail to get full candlepower from their lamps, due to neglect to keep them clean.

Dust allowed to accumulate on lamps or shades may absorb as much as 50% of the light. A damp cloth applied once a week would save this loss—your eyesight as well.

Another source of light loss is blackening of the lamps on the inside, due to too long use. These should be returned for exchange.

NORTHVILLE Twenty-Five Years Ago

Items taken from The Record files of 1897, for the week corresponding to this week.

Ward Cook is among the sick this week.

Mrs. L. L. Brooks and Mrs. E. M. Thompson spent Monday in Detroit. Prof. Pink, who has just closed a successful term of dancing lessons, has organized another class.

At the poultry show at Pontiac last week, the White Plymouth Rocks belonging to Edward Fuller of this place, captured five first, one second and two third prizes. At the Detroit show, he judged off one first, three second and two third prizes.

In the races Tuesday, the three-horse race was won by George Rattenberry's "Lulu-Nod" and the Free-For-All by his "Bell K". In this race, George Stanley made a great drive with "Belly K", stepping in eighth in 17 1/2 seconds of a 2:29 clip.

Last week Saturday, the Salem Junior of the Baptist church, had a most enjoyable sleigh ride, and the Baptist personnel of this town was very appreciative of it. They brought ample provisions for a tea, good things and fully sustained Salem's reputation in that direction.

Hiram Clark and George VanVleet collided while racing on Duane street Tuesday afternoon, and both were thrown from their rigs. Mr. Cady, who was riding in the lead, is probably the oldest man in Michigan who is in the habit of engaging in that kind of sport. He is 87 years of age.

George Clark's son recently sold to a tenant of Grass Lake three fine draft horses and also purchased a pair of brown horses, weighing 2,850 pounds, direct from Kansas City. When it comes to keeping a team and harness in good shape, Harry is one of the boys that is hard to beat.

The "Free Press" damage suit proved to be one of the most successful money-raising affairs ever undertaken here. Nearly \$700 was realized on Tuesday afternoon and evening as a "stunt" and enough people "took in" the package to cause the disappearance of eight gallons of kerosene and water from all the accommodations there.

Miss Maude Carver, a young lady well known in Northville, who removed from this place to South Lyon last spring, started Saturday on a 6,000 mile journey, at the end of which she is to become Mrs. Warren H. Thompson of Alexandria, Egypt. The prospective bridegroom is an expert mechanical engineer and is obliged to remain abroad for a long period.

THIS IS QUITE ESSENTIAL

A. H. Goodrich, the first of the "Big Four" of the village of Dearborn for the past several years, was presented with a beautiful silver loving cup from his friends and associates as a token of the appreciation they felt for his splendid services, at a banquet held in that village last week in honor of the new village officials and those who were retiring.

It is quite unusual to thus treat faithful public officials who retire from office. The usual procedure is to heap abuse upon their heads, call them grafters and try in every way possible to blacken their good names and ruin their business. It is gratifying to discover evidence of a change in public appreciation of faithful services rendered without compensation.

De E. L. Fournier, who has served as president of the village of Dearborn for the past several years, was presented with a beautiful silver loving cup from his friends and associates as a token of the appreciation they felt for his splendid services, at a banquet held in that village last week in honor of the new village officials and those who were retiring.

FARM CO-OPERATION UP FOR CONFERENCE TALK

A special school of co-operation, during which the fundamentals of farmers' co-operative organizations will be discussed and studied, has been scheduled as an added feature of the Farmer's Week at Michigan State College, February 1-5.

Co-operative effort has been given increasing consideration in recent years as one of the most vital questions to be met in solving general agricultural problems of the country. The school at M. S. C. will aim to develop and express material of value to Michigan's own co-operative organizations of which there are hundreds.

The program for the school will cover everything from the general scope of co-operation, down through different phases to the sales end of the game itself. Walter Petet, nationally known authority in the farm co-operative field, will be one of the leading speakers from outside the state. The economics department at M. S. C. is planning the school.

SUCCEEDS HART

Carl Cheatham, of the appointed quarters of the United States army to succeed the late Maj. Gen. William H. During the war he was the head of a bat regimental command in France.

BILL WOULD MAKE COAL PUBLIC UTILITY

Governor Pinchot's Bill to Make Anthracite a Public Utility

Harrisburg, Pa.,—Repeal of the Pennsylvania law and the introduction of a bill to make anthracite a public utility, was proposed in the introduction of the session of the legislature. Two additional measures, carrying support of the Pinchot administration, were put into the house. One would declare anthracite a public utility and the other placed a part with the public service commission. The bill is being introduced in the other house by a committee. The other calls for a commission to investigate the anthracite using mines. These four bills were the only ones reported on the coal situation which were introduced in the state legislature and in special session at the call of Governor Pinchot. After the usual proceedings at the capitol, the governor in person addressed the house and senate and outlined his program.

Washington.—The President would be authorized to take over and operate the anthracite mines in cases of emergency by order under a bill introduced in the house by Representative Boyland, Democrat of New York. A number of similar proposals have been introduced in the legislature.

McClintock Will Admitted to Shepherd Faces Long Fight

Chicago, Jan. 21.—The will of William McClintock, a wealthy coal operator, was admitted to probate by Circuit Judge Kekahan today.

Shepherd thus has been victorious in two of the three major legal battles following the death of his ward not long after the will was drawn. He was acquitted of the charge of murdering McClintock by administering typhoid germs. Then he lost in an attempt to probate the will before Probate Judge Henry Horner. The latest decision strikes that failure.

Whichever side loses in the Chancery court hearing is sure to appeal to the appellate court. And from there petitions may be directed to the Supreme court. It will be at least a decade before actual cash from the McClintock estate begins to trickle into the hands of the ultimate victor.

U. S. Keeps Favorable Trade Balance in 1925

Washington.—A trade balance of \$24,517,297 in favor of the United States is shown by final figures for the year on imports and exports, given out by the Department of Commerce. The value of the imports is put at \$1,224,223,982 and of exports at \$1,248,741,279. The December figures were estimated imports being put at \$394,090,000 and exports at \$468,000,000.

WATCH THE RED SIGNALS.

For the purpose of protecting the people of this community who have occasion to walk or to motor on our streets the village council, at considerable expense, installed four automatic street signals upon our main streets. As a general rule people have obeyed these signals and our streets have become much more safe for all our people. There are a few, however, who do not seem to see these signals; when the red flashes, or else they are so careless and indifferent that they do not want to see them. Perhaps they feel that these signals were placed just for ornaments or that the observance of the rules governing them was intended for the other fellow. It is the case they are coming to grief very soon, because

the local officers have concluded that these signals have been in use long enough so that there need be no excuse for not observing the rules. All persons caught driving past any of these signals when the red light is shown will be arrested—no matter who he or she may be or where they come from. These are the instructions that have been issued and here is hoping the officers will obey them to the letter.

Detroit's silver anniversary automobile show will open Saturday, tomorrow, and continue to the 30th. The show will take place in convention hall, Woodward and Cass avenues, near Forest. It is expected there will be 340 automobiles of various makes on display besides trucks and commercial cars.

On Wednesday afternoon, January 20th, A. A. N. Day of Charlotte, Eaton county Michigan, was spent in marriage to Northville of Plymouth, by Rev. William Richards, the ring ceremony being used. Mr. Day is a prosperous farmer near Charlotte, and takes his time to his farm home. The bride is a well known Plymouth lady and the good wishes of her friends follow her to her new home.

SENIOR BENEFIT TO-NIGHT. The members of the Senior class of our High school are now collecting funds for their trip to Washington and of course, most of the money will have their expenses. The Bessie Ross Trio will give an entertainment at the High school auditorium this evening, and the proceeds will be placed in the Washington fund. The program to be presented will be both interesting and instructive and will be varied enough to please all—old and general. The admission has been placed at 35 and 25 cents and by patronizing the entertainment you will be well entertained and at the same time you will be helping the Seniors.

Tell your neighbors and friends about this and ask them to come with you.

NEW THEATRE ORGAN A TRY-OUT. The new organ for Northville's handsome new theatre was given its first try-out Tuesday morning and a representative of The Record happened to be "standing by" when the instrument pealed forth its wonderful tones. The new organ is a Wurlitzer Hope-Jones unit orchestra and when that has been said it signifies that no theatre in the country has a better instrument. Some critics may have a larger organ, but as to the state outside of Detroit can make even make that boast. Every conceivable instrument is represented and the volume and tones are most remarkable.

PLYMOUTH PRESBYTERIANS CALL PASTOR. A congregational meeting of the members of the church and congregation of the First Presbyterian church held on Tuesday evening, the 12th inst., it was voted to extend a call to the Rev. Walter Nichol of Ecorse to become the pastor of the Plymouth church. The Rev. Nichol has been very highly recommended by those who know of him and his work, and it is hoped that he will accept the pastorate of this church—Plymouth Mail.

TO OPEN NEW SWEET SHOP. The Theatre Sweet Shop will be formally opened to the public on Saturday, January 23, and the public is cordially invited to attend. The new shop is located in the new theatre building and is equipped in a very elaborate and attractive manner. The management will specialize in home-made candies and fountain drinks of all kinds.

Each person attending the opening will be presented a souvenir.

JEP BISBEE DECLARED CHAMPION FIDDLER.

Jep Bisbee, Henry Ford's "ace" of old time violin virtuosi, stalked into the all-American fiddlin' jamboree at Arcadia auditorium Tuesday night, and ambled out just as blandly—with Ford's loving cup and the honor of being the state's best old-time fiddler.

tucked under his wing. The fiddle from which dep drew the winning strains he fashioned with his own hands; supple hands too, to withstand the knottiness of 83 years. Freydl's for Hemstitching. Phone 2844. Trade at home.
