ROBERT R. BROWN PROMOTED TO MT. CLEMENS DISTRICT.

About eight years ago when the Detroit Edison Company desired someone to take charge of their Mt. Clemens district they selected Ralph Horton, who was their district manager for the company at this place. Mr. Horton having decided to engage in business for himself it became necessary for the company to select his successor and again they came to Northville and selected Robert R. Brown, who has been the company's efficient manager here for the past six years. The selection of Mr. Brown for the Mt. Clemens office is a distinction and a well-deserved promotion, and while Northville people will regret his departure all will be pleased to know that he has been offered this advancement.

Mr. Brown is a genial, companionable gentleman and what is Northville's loss will be Mt. Clemens' gain. His labors in behalf of the Edison Company in this district during the past six years have been rewarded by a steady growth and extension of the business of the company and the Mt. Clemens district presents a fruitful field for future growth and development. He will enter upon his new duties February 1st, and the best wishes of many friends in this section will accompany him. Mrs. Brown and the children will not move from Northville until spring.

Mr. Brown will be succeeded by E. L. Mills, a young man who comes from the company's office in Detroit and who has had quite an extensive experience with the Edison Company. He is a gentleman of pleasing personal bearing and The Record extends to him a very cordial welcome to Northville. The Detroit Edison Company has the happy faculty of selecting a fine lot of men as their managers and representatives and we are glad to see Mr. Brown's departure with any of the company's men.

FORESTERS PLANNING FOR A BIG TIME.

On Thursday evening of last week the Foresters of the Northville L. P. O. held their annual business meeting at the Northville Hotel. The meeting was held in the dining room and was attended by a large number of members. The business of the evening was the election of officers for the coming year. The following officers were elected: President, W. H. Richards; Vice President, C. R. Van Valkenburgh; Secretary, Harry Higley; Treasurer, Harry Higley. It will be remembered that the Foresters suffered heavy losses by fire last spring when the old Princess rink was destroyed and a whole lot of hard work and careful planning they are now actively engaged in the Elliott block on the third floor, where very pleasant quarters have been fitted up. The public is invited to attend the dinner and cere on Feb. 1st.

THE GERMAN REPLICATION PARLORS NEARING COMPLETION.

Workmen are this week putting up finishing touches on the new German replication parlors on Main Street. There will be four parlors in the building, each with billiard tables and a lunch counter. Just off the room are two toilets and wash basins and a locker room in which bowlers and base ball players may change their clothes. The new parlors are heated with steam, a large hot steam plant having been installed which heats the whole building and all. In the east corner is a very attractive room which will be occupied by Albert Headley, the barber. The country bowling tournament will take place in the new parlors.

NORTHVILLE TO HAVE BOWLING TOURNAMENT.

The fifth annual country bowling tournament will be held at the new German alleys in this village from February 5th to February 20th, entries for which will close February 1st. Doubles will open to all during the tournament.

The previous tournaments held at the local alleys have attracted a great deal of interest and many bowlers from surrounding towns have participated. Of course, "Hank" of the old school who bowled 301 on a bad alley, will be present, because no bowling tournament would be a success in Northville without him. At least it is through his efforts that the local contests have been held.

FORESTER AID NOTES.

Regular meeting of the Foresters' aid next Tuesday evening. Meeting called to order at 8:00 o'clock sharp, after which there will be a grab bag. All members are requested to furnish something for the grab bag to the value of 10c. Cards and a pot-luck lunch to follow.

METHODIST COMMUNITY CLUB HELD ENJOYABLE MEETING.

About sixty men enjoyed the dinner and program given under the auspices of the Community Club of the Methodist church in the church parlors last Thursday night. The dinner was served by the good ladies of the church and was an appetizing feast. W. H. Sanford was introduced as toastmaster by Rev. William Richards after the genial pastor had made some fitting remarks regarding the aims and purposes of the club. Mr. Sanford announced the program and introduced the speaker of the evening, Sheriff George A. Walters in a very creditable manner and expressed his appreciation for the honor that had been shown him in being invited to officiate in the capacity of chairman of such a representative gathering of men. Alfred Coppervan contributed two vocal solos of the evening's program.

Sheriff Walters gave a very interesting talk on the subject of "Crime in its cause" and told of a number of individual cases that come under his personal observation. He attributed a great deal of the crime today among young men and young women to the lack of proper home influences and training and he declared that a great many cases with which he was familiar could be traced to that fact. Other causes were, booze, gambling, and the utter indifference of a whole lot of good people to the proper observance of our laws. Men prominent in business and official life openly violate the prohibition laws and the traffic laws and seem to be proud of the fact that they can get away with it. They fail to realize that they are encouraging others to follow their example, with the result that lawlessness is becoming a menace.

At the conclusion of his address the next order of business was the reading of the minutes and a report on the work of the club during the past year. The minutes were read by Edward John, and the report was given by the club secretary, W. H. Sanford.

UNITARIAN OBSERVED A GLORIOUS NIGHT.

A splendid affair was given at the Northville Unitarian church on Wednesday evening of last week. The occasion was the anniversary of the death of the Rev. George Brown, pastor of the Memorial Unitarian church at Grand Rapids, who selected for the theme of his very interesting discourse "Robert Burns." He told in a most interesting manner of his visit to the land of Burns and the health and related "ball" interesting incidents in the life of the popular and of Scotland, paying to distinguished personality compliments.

MR. AND MRS. F. J. COBB GIVEN A FINE SURPRISE.

When Mr. and Mrs. F. J. Cobb returned home from their recent business trip to Grand Rapids they found a surprise in the shape of a possession of about 100 relatives who had gathered to pass this estimable couple in celebration of their fifth anniversary of their marriage. The guests brought well filled baskets and after the "stock" of surprise and hearty congratulations and best wishes had been extended, tables were spread and the merry couple partook of a beautiful dinner. Mr. and Mrs. Cobb were kindly remembered with numerous gifts and the afternoon was pleasantly spent with visiting and renewing acquaintances. Many Northville friends will join with the relatives in extending their hearty good wishes and congratulations.

LIVONIA FARMER BUYS THE LOVEWELL HOME.

William Liverance, a prominent farmer of Livonia township, who recently sold his farm to Detroit parties, has purchased the handsome and commodious home of S. A. Lovell in Orchard Heights. Having always lived on a farm where they had enjoyed plenty of room the Lovell home with its spacious grounds appealed to them and they were not long in closing the deal after having been shown the property. Mr. Lovell will have possession of the property until next fall, when Mr. and Mrs. Liverance will become residents of Northville.

Catching Customers

To make a sale you must first catch your customer. You, of course, have competitors in your business, people who are as anxious to sell goods as you are. How then, are you going to get buyers to choose your store in preference to some other? This is the answer. By making your show window so bright and inviting that they simply cannot resist its appeal. You know how a brightly-lighted window attracts you. You can have our advice in this matter without charge.

OAKLAND COUNTY GETS \$230,012 FROM LICENSE FEES. There are 35,605 pleasure cars, 4012 commercial autos, 92 motorcycles, 436 licensed trailers and 83 automobile dealers in Oakland county according to the statewide automobile census released by Charles J. DeLand, secretary of state, for 1925. The county contributed a total of \$510,977 into the auto license and weight tax fund of which \$230,012 was returned to the

money due on the basis of a six million dollar apportionment. Total 1925 revenues in Secretary of State DeLand's office amount of \$29,169,998. Ten months of the gas tax returned \$8,619,083. The corporation division earned \$6,529,235. In addition to handling almost 30 millions last year, DeLand's force in December took in over two millions in auto license fees for 1926. Trade at home

JARDINE GIVES HIS PLAN FOR FARM AID Secretary of Agriculture Offers Platform of Eight Planks to Cure Ills. (Jan. 28, Ill.)—Secretary of Agriculture Jardine, speaking before the annual meeting of the Illinois Agricultural Association here, told the delegates what he has in mind for the United States and what should be done to help it. He said the farmer has had a hard time since the war and that the government should do something to help him. He outlined eight planks for a farm bill: 1. A program of property taxes and a program of their administration. 2. A program of the tax law between state and local governments. 3. A program of the selection of all the public lands in the United States. 4. A program of the federal intermediate credit system and the adaptation of it to emergency conditions. 5. A program of the purchase of farm products. 6. A program of the development of highways in keeping with the needs and resources of the various regions of the country. 7. Use of navigable inland waterways as outlets for farm products. 8. Encouragement of co-operative marketing to adjust production to demand, improvement of marketing methods, and improvement of the bargaining power of the producers. 9. The co-operation of public agencies in the working out of a sound, workable program looking to the solution of the troublesome surplus problem. "I am opposed to price fixing. I am opposed to government handling of farm products," the secretary said. "It has seemed to me, however, that something constructive could be done toward building the hands which produce certain phases of agricultural production—the term work which is done here used in its broadest sense. It has seemed to me that the government should do something to help the farmer. I am opposed to price fixing. I am opposed to government handling of farm products."

BUSINESS MEN TO SPONSOR DOG AND PONY SHOW.

Van's dog and pony show will give an exhibition on the streets of Northville, Saturday afternoon at two o'clock, as an amusement feature which the business firms of Northville are sponsoring.

The act comes to Northville highly commended from other nearby towns and will prove pleasing to both old and young. The act has paved the way for the larger variety of acts of the county. There will be no admission charge and all are invited to witness the performance.

J. N. VAN DYNE JOINS REID HARDWARE CO. AT MILFORD.

The Reid Hardware Co. is taking on a new associate in the business at the person of James Van Dyne, who comes from Northville. There he has been connected for some years with the Bell Furnace company. He will have charge of the outside selling for the Reid Hardware and will spend most of his time on the road featuring Maytag washing machines along with circulating beaters, and general hardware. His territory on Maytag will include Northville, South Lyon, Walled Lake, Wixom, New Hudson, Highland, Clyde, Holly, as well as Milford. Mr. Van Dyne has had nearly thirty years at the selling business and will add a thoroughly equipped man to the Reid organization and an acceptable member to the community. - Milford Times

A RECOMMENDATION BY THE PASTORS OF NORTHVILLE.

Whereas the Lenten season has become a special time of ingathering for the christian churches; therefore every christian ought, for the glory of God, their own good, and the salvation of mankind, to be active in their own church.

While no one ever wishes to lose a member, we however recommend that those who, for reasons, they deem sufficient, have membership in one church and regularly attend another should ask for their letters and unite with the church where they will feel more at home and so be able to render the highest service to the Kingdom of God.

Signed, Wm. Richards, Pastor of Baptist Church.

BAPTIST CHURCH NOTES.

The pastor's subject next Sunday morning will be, "The Hidden Life" over to the story of "In His Steps" told in word and picture, by Miss Ruth Sierly. This wonderful story will be illustrated with many beautiful dis-solving stereopticon views.

The monthly covenant and business meeting will be held next Thursday. Some important business is to come before the church and every member should be present.

P. T. meetings will be held next Tuesday at the home of L. Q. Carnon and Wm. Horsfall.

The regular Missionary meeting of the Baptist church will be held at the home of Mrs. Bourne on Wednesday, February 1st, at 2:30.

ST. PAUL'S LUTHERAN CHURCH.

The newly organized Bible class met for its first meeting on last Sunday night. After a short business meeting in which Louis Meisner and Miss Emma Kreeger were elected secretary and treasurer respectively, the regular work was taken up. The leader of the class, Pastor Roediger of Detroit, briefly outlined the plan of study, and then began his lecture on the most important historical facts of the Bible.

The Bible class will meet again on Sunday evening, February 7th, at 8 o'clock. This lecture series opens to the public and all interested in the study of Bible history are invited to attend.

YOUR RESOURCES - AND GOD.

The Hills of Galilee saw one of the biggest banquets in history and the smallest available supply for such a crowd.

The crowd was fed and there was twelve baskets full left. A boy supplied the loaves and fishes to start with.

This is a way of crowd and they must be fed like the folks in Galilee. Body-mind and spirit must be supplied.

How did the small supply last so long? It was an impossible job for the boy and the disciples but when you add Christ—the deed is done.

Your abilities and resources, and possessions may be small but God and see what happens.

At a meeting of the Northville Rotary Club on Wednesday evening was agreed to cooperate with the members of the Exchange Club in the annual father and son party which will be held on the first of February. Well-known speakers gave a very interesting talk on their experiences in South America. Four visitors were present from the Warrenton Club.

Steel beams and girders are being placed in the building for this week. The new steel columns have been completed and the plate glass windows were set the first of the week. Northville is going to have a very convenient and comfortable shopping store where all contemplated improvements and alterations have been completed.

Harry Busch and Sidney P. Harris of Plymouth were guests of the Northville Exchange Club on Wednesday. Mr. Harris is the organist at the Penman-Allen Theatre and he will operate the organ in Northville's new theatre until some one else can be engaged. After luncheon members of the club were invited to the new theatre and Mr. Harris rendered a number of selections on the new organ. The new instrument, when fully installed, will cost about \$15,000.

The citizens of Exeter, Tulare county, California, have inaugurated a tree planting campaign for this spring and plan to plant many trees and ornamental shrubs about the streets of that city. The city has been divided into sections and each section will be looked after by some club or other organization. The idea is a good one that would add to the beauty of any town. Northville has a number of streets upon which trees ought to be planted by some one.

Friends of the Rev. Charles Wesley will be glad to learn that he has been appointed to the charge of St. John's Episcopal Mission church at Plymouth, and last Sunday being his first Sunday of that charge, he delivered a very earnest and appreciative address to a good congregation afterwards holding an informal meeting of the members of the congregation and church school. The Rev. Wesley will be remembered as some years ago being lay reader for Northville and Plymouth and made many friends in this district who again welcome him back to this field.

James Savage is able to be out again after an illness of several weeks.

Just mark February 9th on your calendar as the date for the opening of Northville's new theatre.

A little son came to gladden the home of Mr. and Mrs. Shirrell W. Ambler of Detroit, last Thursday. An old-time dance will be given at the High school gym on the evening of February 12th. Watch for further notice.

Mrs. Charles Lefevre had the misfortune to cut her right arm with broken glass last Saturday, nearly severing an artery.

Northville's first, second and third boys' basketball teams defeated an equal number of teams from the Roosevelt High school of Ypsilanti last Saturday night.

Wednesday night's storm was the worst of the season and seemed to be general over this section of the state. The wind blew at a terrific rate and cross roads were drifted.

Mrs. A. P. Scott of Plymouth, who had been an operation for the removal of a growth at Harper hospital is now at the home of her daughter, Mrs. Roy G. Clark, and is gradually regaining her health.

Mrs. Lucy Ambler, who was a resident of this village for many years, died at the home of her daughter in Detroit, the first of the week, and her remains were brought to Northville for burial on Wednesday. A suitable obituary will be published next week.

Mr. and Mrs. C. R. Ely and Mr. and Mrs. Roy Crowe attended the annual meeting of the Affiliated Exchange Clubs of Michigan at Flint Sunday and Monday. W. J. Fitzgerald of Monroe, a former resident of Northville, was advanced to the presidency of this organization.

Jack Mitchell, the short stop of the Brooklyn base ball team, was a Northville visitor Monday, coming out to "swap" rams with H. S. German, Loyel German and Arthur Jaska. Mr. Mitchell had the good fortune to take part in two world series during his base ball career.

It is believed in Washington that L. C. Copley, former congressman from Illinois, will be appointed American minister to Greece. He is very wealthy, controlling extensive gas, oil, electric, light and railroad interests and owning newspapers in Aurora and Elgin, Ill.

NOTORIOUS BANDIT TAKEN IN ST. LOUIS
Martin Durkin, Chicago Murderer, Nabbed on Train.

Chicago—Martin J. Durkin, famed as the most notorious of all Chicago bandits and highwaymen, and alleged murderer, was captured on a train as he and his faithful bride were arriving in St. Louis from California. Government agents who, with the aid of the St. Louis police, had captured him, turned him over to the jurisdiction of the state of Illinois, and he and his wife, of seven weeks, the former Mrs. Irma Sullivan of Council Bluffs, were brought here.

Durkin, recently admitted to the state's attorney that he shot a woman, aged 40, the crime which used the help of the government out to pursue in a recent trial. He was also charged with the Chicago murder.

The wife will be held in the penitentiary until she can be freed. They will try to get out in the next few days.

Durkin is said to have shared the world's attention for a period of several months.

Have you ordered your AMALGAM yet? That clean, hot, long-burning, deashed fuel that every one is talking about?

Think of the convenience of AMALGAM. Simply open the furnace door in the morning and toss in a couple of packages of AMALGAM. In its heat, paper packages is stacked neatly in your basement-like, cord-wood. It requires but little space. Its middle flame is convenient.

AMALGAM is clean. The ash can be kept clean as clean as the kitchen. There are no cinders, no particles of clinkers, no piles of ashes. The ash and clinker contents of the coal in AMALGAM has been removed, leaving a combination of the best known heat-producing elements, carbon and oil. AMALGAM contains more heat units than the best grades of coal. It burns freely, steadily, and holds the fire. Burn AMALGAM and forget your heating problems. AMALGAM will save you money on your coal bill.

ROADS WILL FIGHT WORKERS' DEMANDS

*Carrier's Spokesman Declares
Rights of All Must Be
Considered*

Cincinnati, Ohio.—At a meeting of general chairman of the Brotherhood of Railway and Steamship Clerks, Freight Handlers, Express and Station Employees here, it was announced that railroads will be asked to grant wage increases ranging from six to ten cents an hour to 230,000 railway clerks, freight handlers and station employees. It was said that approximately one hundred railroads would be affected.

Peoria, Ill.—The railroads of the United States launched an offensive against any excessive demands for increased wages from their workers.

The alarm was sounded by Samuel A. Dunn, editor of the Railway Age, who declared that demands anticipated from special classes may again make it imperative that the public consider the relative rights of railway employees regarding wages as against patrons and security owners of the roads. He intimated that the carriers will oppose the demands.

This is the first intimation of the railroad attitude on the subject of higher wages. Several of the unions have been considering the matter and although they have not formally presented their request, it has been generally expected that they will ask a re-establishment of the post-war peak level.

Although Mr. Dunn is not directly connected with the railroads, as editor of the Railway Age he has been considered the official mouthpiece for the transportation companies. He spoke here before the Transportation Club of Peoria following the winter meeting of the midwest shippers regional advisory board.

The railway situation in the country generally in spite of the inadequate return because of the western lines, is now the best since the war. The leaders of the railway labor unions are advocating a new wage movement which will make it necessary for the public to consider the relative rights of railway employees. It is a matter of public interest regarding the return of public utility and transportation.

The labor union to some extent has been successful in reducing the wages since 1924. The railway employees have since then prepared relatively simple motions and are preparing to make a new move, than the railway companies. The employees are entitled however, to present their claims and to have them fully and fairly considered. Local changes in wage scales here, and there may well be settled by agreement, but changes in the wages of large groups of employees throughout the country or of all employees, are a wholly different matter and should be determined only by arbitration in which all the facts and arguments will be publicly presented.

FREEDOM AND INDEPENDENCE

It's the substantial farmer, and the thrifty townsman that build and own their own homes. It's that instinct of freedom and independence—the desire and satisfaction of owning a patch of ground and a house to live in that has made Americans the greatest people, and this country the most powerful nation on earth today.

We've always encouraged the home builder, and wherever you feel that you can make the start, we want you to come and talk with us.
