### THE "WORKINGMEN'S" TICKET MADE FLAN SWEEP.

Monday's Election Brought Out Large  
Vote—Great Interest Shown In  
Result.

In spite of the conditions of the  
walks and streets all electors of this  
village went to their respective polling  
places on Monday to cast their ballots  
for village officers, being the largest  
number of votes that have been cast  
here in many years. The people  
were aroused, and that is always a  
good indication in municipal affairs.  
It indicates that the electors of North-  
ville—50% of them at least—are in-  
terested in the growth and develop-  
ment of Northville, and a 50% vote is  
regarded as large these days. In  
precinct No. 1 there were 377 ballots  
cast and of that number there were  
but 212 straight tickets—105 for the  
Workingmen's party and but seven  
for the People's party. In precinct  
No. 2 there were 244 ballots cast with  
but 77 straight Workingmen's and  
nine People's.

Charles A. Sessions decided last  
week to seek the election, the "stick-  
ers" and he made a hard fight, but  
lost by 22 majority. Fred E. Vanara  
leading him by that number of votes.  
This contest accounted for the large  
number of "split" tickets polled.

The following is the result of the  
election, the names of the Work-  
ingmen's candidates appearing first:

For President—	
Elmer L. Smith	425
Ross M. Brooks	374
For Trustees—	
R. VanVa Kenburgh	302
Genard L. Egfield	308
John R. Walker	353
Fel L. Carpenter	162
John Schoultz	262
Loans F. Saley	234
For Clerk—	
Thomas E. Murkin	107
For Treasurer—	
Margie A. Johnston	157
For Assessor—	
Fred E. Vanara	286
Charles A. Sessions	364

The contest though a sad one  
passed off very pleasantly and there  
are no sore spots either with the victors  
or the vanquished. The candi-  
dates and voters in all neighbors and  
friends and all will abide by the re-  
sult of the people's choice.

### NO MORE USELESS HYDRANTS BECAUSE OF FREEZING.

An investigation of the conditions of  
the hydrants about the village on the  
morning after the big ice had water  
reported in many of them, was  
made and the condition of many of  
the hydrants was found to be such  
that they were not receiving water  
in winter. To prevent the village  
from being without water in the future a  
device for thawing out hydrants has  
been purchased and it was given a  
good test last week. Hydrants that  
were frozen were thawed out in a very  
few seconds, the heat being applied  
by means of an acetylene torch. It  
was unfortunate that the village did  
not have one of these outfits earlier  
in the season, but it will be needed  
next winter just as badly as it was last  
year. The council is to be com-  
mended for having provided this de-  
vice.

### BOY SCOUTS TO GIVE EXHIBITION

For the past two years the North-  
ville Exchange Club has sponsored  
the cause of the Boy Scouts in this  
village and on Wednesday evening  
next at 8:00 the members of the local  
troop with their scout masters will  
be the guests of the club at dinner  
after the dinner the Scouts will give  
a demonstration at the High school  
gym to which the public is cordially  
invited.

This is a very worthy cause and the  
local troop is doing very good work  
this year and the members ought to  
be encouraged by all our citizens.  
Come to the school house Wednesday  
night and show the boys you are  
sympathetic with what they are doing.

### THE FRYED STORE HAS ADDED HANDSOME DISPLAY CASES.

During the past week Bruno Freyd  
has added five very handsome display  
cases to the equipment of his ladies'  
furnishing goods store, formerly the  
M. Brock & Company's store. The  
new cases are oak with gray finish  
and are very attractive. New coats  
and dresses are being displayed in  
them and the new equipment adds  
greatly to the appearance of the store.  
Mr. Freyd is adding new lines to his  
stock and he has made a good many  
improvements in the appearance of  
the store by re-arranging the coun-  
ters, removing shelving, etc.

The work of wrecking the old  
Northville State Savings Bank build-  
ing was started Monday and the con-  
struction of the new building will be  
pushed with all speed.

### MRS. A. C. BALDEN DIED AT HOT SPRINGS, ARK.

Mr. and Mrs. A. C. Balden went to  
Hot Springs, Ark., a couple of weeks  
ago with the hope that a change might  
prove beneficial to Mrs. Balden, who  
had been ill for a few weeks. Mes-  
sages received by friends here indicat-  
ed they were having a pleasant time  
and that Mrs. Balden's condition was  
improving. Last Thursday night,  
however, she was stricken with a  
stroke of apoplexy which left her  
helpless and speechless and on Sun-  
day night she passed away. The  
news of her sudden and unexpected  
death was a great shock to her rela-  
tives and friends here and expres-  
sions of sorrow were heard on every  
side. The remains were brought to  
Northville Monday night, a number of  
friends going over to Ann Arbor to  
meet Mr. Balden and to bring the body  
to their home here.

Mrs. Balden was the daughter of  
George Orinell and a sister of Mrs.  
George Milne of this place and Mrs.  
Emery O. Harlow of Farmington. She  
was born in Davis township, Mecum  
county, January 10th, 1854, and was  
united in marriage to Mr. Balden on  
January 1st, 1916. She possessed a  
social personality and was kind,  
hearted and generous, being always  
ready and willing to assist in any  
good cause. She was a devoted  
member of the Eastern Star and the  
Kings' Daughters and was always in-  
terested in their activities. The  
tenderest sympathy of the entire com-  
munity is extended to the members  
of the bereaved families.

Funeral services were held at the  
residence of Main street Wednesday  
afternoon and during the hour of  
services the stores and business  
places of the village were closed as  
an expression of sympathy to the  
bereaved family. The funeral ser-  
vices were held at 2:00 p. m. at the  
business part of Northville contribut-  
ing a handsome service.  
Rev. William Richards had charge  
of the funeral services.

### OBITUARY.

John C. Buchner,  
John C. Buchner, aged 82 years, who  
had been a resident of Northville for  
nearly 22 years, passed away recently  
at the home of his daughter, Mrs.  
Katherine Harbut, 310 Dunlap  
street after an illness of nearly a  
year's duration. Mr. Buchner was  
born in Orion township, Oakland  
county, March 10th, 1844. He was  
married to Helen J. Reynolds of Ho-  
pewick, whose demise occurred 21 years  
ago.

Mr. Buchner joined Buchner's ad-  
mission to the village of Northville  
and created the first residence here  
part of the Eastman Settlement.  
He is survived by two daughters,  
Mrs. C. A. Schuchler of New York  
city and Mrs. Katherine Harbut of  
Northville, one son, J. S. Buchner of  
Piquette and three grand children.  
The last rites were observed at the  
Davis funeral home in Pontiac, where  
the interment took place.

### MERCHANTS MUST KEEP THEIR EYES OPEN.

A few days ago during the noon  
hour two colored women, one a large  
portly middle-aged woman and the  
other a tall, slender, well-dressed  
Freyd's dry goods store and asked to  
be shown some dresses. They were  
courteously shown the new spring  
patterns and finally one of the women  
selected a garment. Her purchase  
and made their departure, but soon  
after they had left two party dresses  
were missing and as no one else had  
been in the store in the meantime it  
was surmised the two women "lifted"  
the dresses and made their get away.  
There is so little material in dresses  
nowadays that a whole new garment  
can very easily be concealed in one's  
pocket and these women, doubtless,  
knew all the tricks of the game.  
Northville merchants will do well to  
keep their eyes open to this pair of  
thrift shoppers.

### WALTER BARRETT BOUND OVER TO CIRCUIT COURT.

Walter Barrett, the "famous fellow"  
who was arrested for tampering with  
the switches in the Pere Marquette  
railway yards at Plymouth and North-  
ville, admitted his guilt when ar-  
raigned before Justice Patterson on  
Plymouth and was bound over to the  
circuit court for trial. He was  
unable to furnish bonds in the sum of  
\$2,000 and was taken to the county  
jail and locked up.

### RICH SENT TO PRISON FOR LIFE.

Arthur Rich was found guilty in the  
Ingham county circuit court at  
Mason Wednesday afternoon of crim-  
inal attack upon Miss Louise King,  
Battle Creek college girl on May 25th,  
of last year, and Judge Collingwood  
immediately sentenced him to Jack-  
son prison for life.  
Sheriff Silby took Rich to prison  
Thursday.

As Old As the Nation

and BUILT of WOOD

HEAD of our first President here in 1789 is a truly great monument to his memory. Overlooking the Potomac it still stands for all that is truly American.

Perhaps nothing else in our national life holds such a place in the hearts of Americans as Mount Vernon.

Built of wood, it has stood for years in all its quiet and imposing dignity. Quiet—because it radiates a feeling of hominess and hospitality, a striking example of the desirability of wood as a building material.

For Generations of Joy and Comfort, BUILD OF WOOD. Economical, long-lived, attractive, as only nature can make things, it is, without doubt, the best for your home.

We'll be glad to show you how wood can be used in almost any architectural treatment. Come in and let us know what you have in mind. There are ideas and suggestions here, aplenty—all offered freely, and without obligating you in the least.

### NORTHVILLE Twenty-Five Years Ago

Items taken from The Record files of 1900, for the week corresponding to this week

Borneto M. and M. S. Bownal, on March 5th, a daughter.

If W. Sutton has been seriously ill this week with neuritis of the heart. Prof. J. H. Smith, who was quite sick last week, is again able to attend to his duties.

An enjoyable farewell banquet was given at the Park House Friday evening in honor of Royal Starkweather by his young friends as a mark of their friendship and esteem.

A conflagration started in the rooms occupied by H. Allen and family in the Perrin livery building Sunday morning but was put out without the aid of the fire-department.

People up Salem way have received announcements from Alexandria, Egypt, of the marriage in that place on February 14th, of Warren Thompson and Miss Lydia Maude Case.

A quiet wedding occurred at the residence of Mr. Bartlett last Monday evening, when his son, Henry, was united in marriage with Miss Mattie Sleaford, Rev. O. W. Carr, officiating.

Miss Minnie Gray gave a party early last Saturday to her friends. The party was held at the home of Mrs. E. A. Shafer. The refreshments were ice cream and cake and everyone had a jolly time.

Royal Starkweather left Tuesday morning for Portland, Oregon, where he goes as the Pacific coast representative of the F. L. Raymond Organ Company of Cleveland, Ohio. It is a responsible as well as a lucrative position and highly complimentary to the young man's ability.

Village officers were elected at the annual election Monday night. It was one of the quietest in the history of the town. The one elected was as follows: President, Dr. R. M. Johnson; Treasurer, S. W. Knapp; J. J. Lohr; N. Perry; Clerk, J. J. S. Nichols; Assessor, J. A. ...

Among the other candidates of Spring that have been a evidence lately is George J. Clark's term now which has emerged from the winter's reduction and has a station on the premises of Fred W. Cox, 55 Wing street, where it even has a conversation with the usual cheerfulness and humor.

### AMATEUR GARDENERS TO STUDY PROBLEMS.

Michigan amateur gardeners, a class and to include a vast majority of all the home owners in the state, will have an opportunity to study particular problems of their home planting during a special gardening school which is to be given at the Michigan State College from March 22 to 24.

The program for the week's course includes everything from the proper use of the shovel to the most advanced method of growing in unutilized cultural spots of vegetables, flowers, and shrubs. House plants, window boxes and even the control of insect pests will also be taken up in the school.

That many women-folks, as well as the men-folks, will be interested in the gardening school is the opinion of Prof. W. R. Gardner, head of the U. S. C. Horticultural department, which is sponsoring the course. Emphasis on flowers and the small home vegetable garden should appeal to the housewives.

The school will make the first of the season for the amateur gardeners has been started at the college.

### Yeps Plaster Soft

Plaster of paris may be kept soft by the use of commercial retarders which may be purchased from retail dealers in plasters of paris and gypsum. The amount to be used depends upon the material itself. Ordinarily 2 per cent of a retarder such as tannic acid will prevent the plaster of paris from setting for about two hours.

### Nerves Ail Unstrung?

Northville folks should find the Cause and Correct It.

Are you all worn out? Feel tired, nervous, half-dazed? Do you have a constant "backache" sharp twinges of pain, too, with dizzy spells and annoying urinary disorders? Then there's cause for worry and more cause to give, your weakened kidneys prompt help. Use Doan's Pills—a stimulant diuretic to the kidneys.

Northville folks recommend Doan's for just such troubles. Mrs. John Trumbull, 80 Rogers street, Northville, says: "At times sharp pains went across my back especially when I stooped. Lameeness in my back prevented me from sweeping or dusting and I felt worn out and nervous. Attacks of dizziness bothered me and my kidneys were sluggish." Doan's Pills from the Northville Drug Co. drove away the backache and restored my kidneys to normal.

Major C. P. Mills is the new federal prohibition administrator for New York. He is a West Point graduate and a veteran of the World war.

### COOLIDGE'S FIRST YEAR IN OWN RIGHT

President is Now Enjoying Excellent Health.

Washington—President Coolidge has rounded out his first year as occupant of the White House in his own right. In all he has served more than two and one-half years as chief executive, his elevation to that office upon the death of Warren G. Harding preceding by thirteen months his inauguration last March 4 as a President elected by the people.

Reviewing the last year President Coolidge has the satisfaction of realizing that two of his major recommendations for progress—adherence to the world court and tax reduction—had been acted upon.

He was hopeful that a number of other legislative proposals he has sponsored will be enacted into law before the close of the present session.

Coolidge has fought his way to the White House through a series of contests. He was first elected to the Michigan legislature in 1902, then to the U. S. House of Representatives in 1905, and to the U. S. Senate in 1908. He was elected Governor of Massachusetts in 1919 and President of the United States in 1923.

### Omaha Sniper Pleads Insanity; Killed Two

Omaha, Neb.—Insanity, the plea which is so popular among killers in Chicago, is to be the defense of Frank Carter, the sniper who terrorized Omaha with his machine gun equipped with a silencer. He has already pleaded "not guilty."

Carter is under the observation of state attendants who say he is exceptionally cunning. He will be prosecuted for first degree murder and the state will ask the extreme penalty, which is death by the electric chair.

Among Carter's victims were Dr. Austin D. Searles, a wealthy Omaha physician, and William McDevitt, both of whom were shot to death through the brain while peacefully at their business. Walter Pierson, a young man, was shot at and missed so narrowly that the bullet clipped his lip. His subsequent speed in getting out of the vicinity doubtless saved his life.

### Coolidge Sees Prosperity

Washington—President Coolidge sees no menace to the continued prosperity of the country in the drastic slump in the stock market. On the contrary, he believes that the fall in the price of securities had a wholesome and stabilizing influence which will set the market on a more sound foundation.

### Chicago Highwaymen Busy

Chicago—The day's raids by Chicago highwaymen in one day netted \$50,000 in cash and \$35,000 in merchandise. Nine men in flesh-colored masks held 50 employees of the paymaster's office of the International Harvester company helpless and escaped with the pay roll of \$90,000.

### Renew Effort to Lift S-51

Newport, R. I.—The naval torpedo station here is preparing to send the ship, Falcon, for an early resumption of efforts to raise the submarine S-51, which sank off Block Island last September with a loss of 33 officers and men.

### Five Buildings Burn

Springfield, Mo.—Fire destroyed five buildings in the heart of the downtown district here. The loss was estimated at \$200,000.

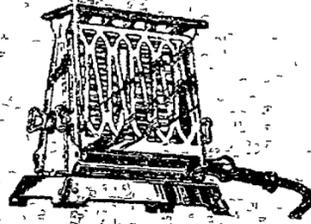

### THE WIXOM FARMERS' CLUB

The March meeting of the Wixom Farmers' Club will be entertained by Marion Bogart in the church basement, at Wixom, on Wednesday, March 17th, which is his 56th birthday. The program follows: Song—by the Club. Prayer—by Rev. O. W. Carr. Secretary's Report. Business. Reading—by Mrs. Webb Wilson. Duet—by Mrs. Tower, Mrs. Bailey. Talk—by Earl Severance. "The Modern Auctioneer." Duet—by Mrs. O. W. Carr, Bud Carr. Poem—by Charles Wedow. Flowers—Fund Collection. St. Patrick's Day—Harry Bogart. Mus.—by Male Quartet. "My Neighbor," David Gage. ### Among Our Neighbors.

Both nominees for the presidency of Holly have announced that they do not want the office, tending to bring about a rather peculiar situation there.

In a recent report made by Mrs. Mosher, the Holly librarian, there were found to be 4,050 books in the Holly Free Township library and 400 papers.

Superintendent Bravender of the Holly schools, has accepted the three-year contract with an increase in salary offered him by the Holly board of education.

The Detroit Edison Company has commenced excavating in Orion for the erection of a new 4,500-volt automatic rectifying substation, estimated to cost about \$40,000.

Brightmoor's new theatre, the Irving Theatre, with a \$20,000 Robert Morton organ, a duplicate of the organ at the Grand River theatre in Detroit, will open about the first of April.

A new industry has begun business in Holly to be known as the Holly Machine Tool Company. They will make tools, dies, jigs, special machinery and do experimental and general machine work.

A very pleasing program was rendered by the faculty of the Redford Conservatory of Music at the Baptist church in Redford. A series of such concerts will be given by them throughout the year.

E. S. Sibley has purchased the Orion movie house formerly at Silver's theatre, from Elmer Nelson. New decorations and other improvements will be made on the building and the new owner plans to show only the best pictures.

The Haas publisher of the Holly Herald had a close call when the Buick which he was driving was struck by a Pere Marquette passenger train and thrown some distance. He escaped with a broken collar bone and a vertebrae and lacerations.

Fire companies were notified in Redford for the fire in the building owned by the Haas.

Edward Canby, telephone operator, was notified for the fire in the building owned by the Haas.

It is believed that the fire in the building owned by the Haas was caused by a short circuit in the wiring.

At his old home in Holly, the late Mrs. M. J. (Mrs. M. J. M.) was found to have lost \$250 in dry goods in the months of her residence in Brighton.

This time, the building was owned and operated by William B. Dwyer and Max Minkley was notified of the loss with a complete loss on the tenor of outfit. The building was partially covered by insurance.

The vessel Thomas Keith had his engine at Island Lake broken up and left in pieces in the water.

James C. Stevens of the state police, with L. J. Smith, was crossing the bridge over the Cedar river in driving through Northville, his car skidded on the ice, striking the front end of the car and throwing the car into the river. The captain finally succeeded in getting his family out of the front end of the car which hung on the bank and took them to the Hotel Sunner where they got warm and dry before returning home.

## MARCH 31 DATE TO OPEN 'WET' HEARING

### Senators and Private Citizens Will Be Allowed to Express Views.

Washington—With Representative E. D. Dwyer as a member of the national chairman, the national prohibition committee for prohibition of the liquor act will hold its open special session on March 31 preliminary to drafting a bill to revise the prohibition law.

The modificationists have instructed Mr. Hill, who has led them in congress for some years, to appoint a "temperance board" of five to consider questions on that subject and to outline a program for the committee. At the hearings all members of congress and private citizens will be given opportunity to express their views regarding modification. The committee hopes then to be able to whip these opinions and suggestions into a bill for presentation in the house.

The subject of prohibition not only was brought up in the house a few days ago but it entered the record of the Supreme court, where John W. Davis and Assistant Attorney General William H. Taft debated a legal question arising from the prohibition of a law under which it is illegal to sell distilled spirits.

Wayne B. Wheeler, general counsel for the Anti-Saloon league, added a suggestion to the discussion, delimiting the suggestion of Senator Edward (New York) for a national referendum on prohibition to be illegal and unenforceable.

The Anti-Saloon league in its own way attacked as a hypothetical question in law, an American right by Representative Burton (Rep. Ill.) who in a statement said he had been assured by Chairman Speller of the liquor committee that any prohibition legislation introduced at this session would include the act of the league.

On the vice floor, Representative Truman (Rep. Mass.) delivered a speech in which he urged the passage of a law which would prohibit the sale of distilled spirits. His speech was not heard by the committee but it is believed that the committee will not take any action on the subject.

### "Jinx" Ship of Dry Navy Is Now Beyond Salvage

New London, Conn., Feb. 11.—The ship of the government's navy, the battleship of the coast guard service, the USS Oregon, which was damaged by the 78th fleet of the 12th division, was wrecked on the rocks of the coast of the state of New York.

The vessel, from which at least five men lost their lives and about 200 were injured, was wrecked on the rocks of the coast of the state of New York. The vessel was damaged by the 78th fleet of the 12th division, which was wrecked on the rocks of the coast of the state of New York.

### Western Roads Plan Wage Increase Fight

Chicago—After a conference here Western railroad executives have selected a committee of twelve to represent the roads in the deliberations regarding wages to be held with conductors and trainmen.

No date has yet been set for these deliberations but the managers have already put themselves on record as opposing the demands for a 7 per cent pay increase.

About eighty railroads with a trackage of approximately 135,000 miles, were represented at the conference. W. M. Jeffers, general manager of the Union Pacific road, was made chairman of the wage committee, and W. F. Thibault, general manager of the Chicago Burlington & Quincy, vice chairman.

### \$106,000 Bull Runs Amuck on Farm; Has to Be Shot

Geneseo, N. Y.—Carpenter King Pontiac, son of the famous bull Carleton King Sylvia, for which the Carleton was famous of Seattle, Wash., paid \$106,000, is no more. King Pontiac, weighing 2,300 pounds, went amuck and forced an attendant at the G. E. Dory farm here. The attendant fled and the bull turned on a local boy, scattering it about the highway. Officer James Moffat of the local police force, a pointed rifle shot, ended the bull's life.

### THE NEUROLOGIST MEN'S COMMUNITY MEETING.

Last Thursday evening, March 4th, brought together the "full quota" of men, to eighty-three who sat down to an excellent banquet provided by the March-Club of the Ladies Aid under the leadership of Mrs. D. H. Partridge, who supervised the affair for Mrs. Harlan Johnson, who was indisposed. Increasing interest was manifested in the attendance, and more could be added, if there were the necessary room. We thought to have had Superintendent Cook, of the Detroit schools, but his work had piled up during his stay in Washington in educational interests, and he regretted his absence and hoped to come when the sun shines and the birds are singing. His place was ably taken by Dr. Douglass of the Spring Hill Sanatorium, who spoke on "How to Prevent Tuberculosis." His pleasing and genial manner endeared his teaching in the minds of the men that the cause and the effect of the disease will be regarded with utter loathing.

It was a pleasure to also have Dr. Haskell of the Wayne County Training School, who has recently come to Northville, who spoke and hoped for the best possible for the community. The entertainment was provided by Alice Bone-waiter who, for the second reading to the Aetna, and applause of the M. C. The Aetna program was arranged by Luc Rossignol, C. A. D. O. J. who ably presented the paper for the evening. The Aetna program for the April meeting, and the chair for that month will provide for about 200 men when Hon. Grant M. Hudson has promised to be present as his duties at Washington will be concluded for a while.

### TWO NORTHVILLE WOMEN KILLED BY AUTO

In a recent issue of the Record, the late reporter appeared to report a accident at the corner of North and Main streets, where Mrs. Ella Lockwood and her young daughter were killed. The car, which was driven by a Mr. Fox of North Carolina and the other in a party, who stopped at the scene of the accident but left before their names could be ascertained. The car struck the lights and the door of the car, which was driven by the driver, who was far out to the side of the road, the car struck the car. Mrs. Lockwood was found under the car, her head being crushed, the driver, who was turned her completely over while beneath the car, one sheet passing over her and into the car. Her body was also crushed and mangled and her clothing torn to pieces.

Mr. Fox, however, is called next door for the ladies, and ordered to service that he could although the driver of the car, who was killed, was not in the scene of the accident as Mrs. Lockwood was removed from the ground.

It is probable that a permanent injury will result to either of the ladies, unless the passage of some years, internal change, and the marvel is that they escaped so lightly from a car crash, which has been a fatal accident.

### THERE WILL BE NO CHANGE.

It is not the senate that will deal with the prohibition law. The senate which lately mistook the mechanical nature of organized propaganda for the voice of the people—but the whole congress which as a more a customary listener to the national thought. By that token it may be predicted that this "Gettysburg year" when it is hoped the prohibition law may be tampered with, will prove a final defeat for the "wets." They have every great newspaper in the land. They have a large reputation among the two national denominations. They have many secret sympathizers among legislators and politicians of all degrees. Government officials in high places are known to "nominate" any one who obeys to the superior force of public opinion. But for all that the United States will remain as it is with respect to the prohibition law. None of this will be changed now or ever at the behest of the "wets." The only point that seems to be unsettled is the mind of the "wets," and that will be settled for all time once they challenge national opinion by attempting to change the law. The only change the country asks with reference to the dry law is a change toward greater effort in its enforcement.—Dearborn Independent.

### ADVERTISED LETTERS.

Mrs. E. J. Clement.  
S. E. Snowburg, Esq.  
Mr. Willard Meagher.  
Senator Delino Cabala.

### THE BOYS VOTED WELL.

When the school boys of New Zealand were asked to vote on the most important men now alive, they began by choosing King George and the Prince of Wales. That was an understandable expression of their British patriotism; but who do you think stood next on their list? Not President

Coolidge nor Premier Baldwin nor Signor Mussolini nor Marshal Foch nor Sr. Briand nor any other great public character. It was Henry Ford. When we consider how the present age values mechanical progress, business organization and commercial success, the choice was not an unnatural one. Of a civilization so much more noble than any earlier one, Mr. Ford is an excellent representative.—Youth's Companion.

Robbins and cardinals have been seen in this section during the past week.
