CLASS OF 1926 RECEIVE DIPLOMAS

Interesting Exercises Mark Commencement Week for the Northville School's Large Class Graduated.

The largest class in the history of the Northville High school graduated on Wednesday night and received their diplomas. The class was composed of thirty-one—eighteen young women and thirteen young men—who had completed their high school course. The members of the class were:

Ruth L. Biery, Opal A. Brooks, Aye M. Brown, Clyde L. Castellan, Delbert F. Campbell, Mary A. Chargo, Ber P. Chargo, Naomia Colburn, Edessa T. Daggett, Dorothea M. DeBard, Raymond E. Elliot, Ruth B. Elden, Leslie C. Fraser, Lynn W. Fraser, Cecil K. Fry, Kaimon Hagan, Marjorie M. Horan, Alberta Konec, Diana B. Kreeger, Virginia L. Lippinger, Madeline B. Laura, Eleanor L. Lewis, May B. Ponsford, Bessie M. Ponsford, Stella M. Ponsford, Arthur H. Schantz, Albert G. Stage, Wilbur J. Stenrohn, Mildred A. Stenrohn, Harry D. Wain, Kathleen E. Wilcox.

Baccalaureate Service

An audience that filled the Methodist church gathered to attend the baccalaureate services on Sunday evening. The church had been attractively decorated with plants and flowers and the members of the graduating class with the teachers of the school were seated in honor. A large choir led the congregation in singing some old familiar hymns and rendered a new one, "All Through the Night" sung "Over the Sea." Rev. F. P. Knowles officiated in cooperation with the session led by Rev. A. H. MacRae. He offered prayer and gave the benediction. Rev. A. H. MacRae gave the sermon and his words of counsel were a bright light to all. He pointed to the young people to whom he was speaking especially, but to all who were present. He urged his hearers not to be lulled by the temptations of the world, but to press forward to greater heights and into greater fields of usefulness.

Class Day Exercises

The class day exercises were held at the High school gym on Tuesday evening and a large and appreciative audience was present to give the members of the graduating class a cordial and hearty welcome as they stepped over the threshold of their life into life's great school. The platform had been tastefully decorated by members of the Junior class and the floral decorations and plants in baskets were arranged in a very pleasing manner giving an attractive setting to the stage. Members of the class took their places on the platform to the strains of a professional played by Mrs. Irene Pollock and as they appeared they were greeted with hearty applause. The young people presented a handsome picture and caused every one present to renew their loyalty to our splendid school. To see such a group of young people was an inspiration, both to the older people and to young people, and to the boys and girls of the village. It demonstrated clearly what can be accomplished by diligence and perseverance because the honors of graduation do not come without effort. Leslie Fraser, president of the class, extended a cordial greeting in which he expressed the appreciation of his classmates, to the teachers and the patrons of the school for their kindly interest and assistance.

Wavie VanDyne sang "The Spirit Flower" and of course he was compelled to respond to the generous encore given. Miss Vera Schrader accompanied him on the piano. Cecil Fry sang the class history in which he likened the class of 1926 to a staunch and beautiful ship and the years spent in high school as "sailing seasons" and the teachers as the crew. The voyage proved a happy one and the boat with its fair passengers finally reached the home port—graduation days. Marjorie Horan gave the class history in verse and according to her vision as she looked down the years Northville is to have a "sky scraper" located on the site of the present Park Horse and the members of her class are all to become useful influential citizens of the old home town—really a delightful dream if it can only become true.

The Second grade glee club sang two songs, "The Wee Nest" and "Swing Song" with Mrs. Pollock at the piano. The children did exceptionally well and their sweet

voices delighted all. Naomia Colburn gave an oration in which she declared that honesty, brightness and perseverance were necessary if one is to make a success in life. Delbert Campbell was assigned the guffatory and he presented his guffatory useful and appropriate, girls making the presentation in a manner that caused great merriment. No one was forgotten by Delbert in his great generosity. The class will be given by Ruth Biery and she bequeathed many of the cherished ideals of the class to the Juniors and to other pupils of the school who are soon to follow the class of 1926. The exercises closed with two numbers by the High school glee club, "Wake Mass Lind" and "Rose of My Heart."

Commencement Exercises

A happy and expectant audience filled the auditorium to overflowing on Wednesday night when the annual commencement exercises took place and the young people composing the class received their coveted diplomas about eight o'clock. Mrs. Pollock took the place at the piano and as she rendered a professional the happy group of young men and women marched to the platform where they were joined by others who had had a part in the evening's program. Rev. F. P. Knowles offered the invocation in which he asked God's richest blessings upon our beloved country and its institutions and the guidance and inspiration of the young people in whose honor the large company of citizens had gathered.

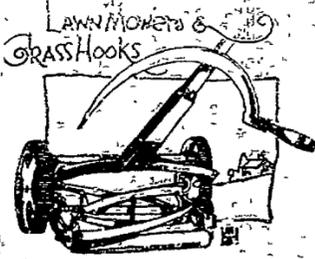

The Sixth grade glee club sang four numbers in a very creditable manner under the direction of Miss Dorothy Taylor. "Spring's Awakening" and "A Home-Coming Romance" Leslie Fraser gave the salutatory in a fine voice and in an impressive manner and his words of welcome and appreciation were warmly received. Mrs. Harry Black gave the address which was a most interesting and well received. The auditorium was filled with Miss Avis Brown and she spoke in a clear, distinct, and pleasing voice and was an inspiration to all. With a few minutes left before the close of the evening she sang "The Song of the Soul" and the music of the class to sing "Onward and upward" toward their goal.

Mr. Miller, superintendent of the Detroit schools, was in the audience and while he did not announce any graduate there, his remarks were timely and he at appropriate and complimentary remarks of good advice and encouragement. He urged the young people to press forward, not to be content with the small measure of success they had already achieved, but to grasp every opportunity and to grow into a fine and useful citizen of the Northville Rotary Club presented the loving cups to the honor students of the class—Avis Brown and Leslie Fraser, and in his remarks he told of his school experiences and urged the recipients of the cups to endeavor to be a real service in the world to strive for the better and larger things of life, and thus strive to be a real service to the world. He also expressed his appreciation of the teaching staff and the members of the board of education for their interest in our school.

The great moment had finally arrived when the members of the class were to receive their diplomas and these were presented by L. A. Babbitt, who has served as a member of the board of education for many years. He urged his young friends not to listen to the voice of the demagogues who are trying to convince themselves that this country was on the verge of tottering to its fall, but to press forward with a determination to do their part in the great drama of life. There never were so many opportunities open to qualified young men and women as there are today and the avenues for advancement never gave more helpful encouragement.

The High school glee club under the direction of Mrs. Pollock, with Miss Avis Brown at the piano sang "A Summer Shower" and "Land of Long Ago" and each number was applauded heartily. Rev. A. K. MacRae pronounced the benediction and the commencement exercises for 1926 were closed.

(Continued on page 7).
Mr. and Mrs. William Ballentine of Detroit were guests of the former's sisters, Mrs. McBride and Miss Ballentine Wednesday evening and attended the commencement exercises. Their niece, Miss Bern Ponsford, being a member of the graduating class.

PRETTY CHURCH WEDDING CELEBRATED SATURDAY NOON

Simple but very beautiful marked the wedding of Miss Elizabeth Scott, daughter of Mr. and Mrs. William Reagle, of Arrow Head Farm, to Mr. Earl Nelson, son of Mr. and Mrs. George W. Nelson of Detroit, on Saturday. Exactly at half past twelve the beautiful strains of the wedding march from Lohengrin the bridal party entered the church.

Following the maid of honor came the bridesmaids, Miss Helen Barthel, cousin of the bride, and Miss Patricia Degen, both of Detroit, attired in pastel shades of pink and green and yellow, thin dresses, like the maid of honor, and wearing drooping leg-horn hats, trimmed with velvet ribbon and roses to match their gowns. Their bouquets were also colonial and tied with tulle ribbon.

Then came the ring bearer, little Miss Virginia Weibull, fairy-like in crisp white organza, over pink silk and band of silver ribbon and pink roses on her head and carrying the ring in the heart of a rose on a white satin pillow. Following were the flower girls, the Misses Geraldine and Jeanette Wheeler, gowned in the ring bearer and wearing bouquets of pink roses and silver ribbon. They carried gold baskets, the long handles tied with bows of duty pink ribbon and scattered flowers in the path of the bride. Then came the lovely bride on the arm of her uncle, Prof. William Marshall of Purdue University, who gave her in marriage. The bridal gown was a beautiful model of white and white with made-to-order, with high, soft, of lace and a long train of satin. The gown and skirt having a full, full skirt. The bride wore a full, full skirt. The bride wore a full, full skirt.

WALLED LAKE SCHOOL PAPER CLOSURE YEAR'S WORK

Members of the staff of the Walled Lake School and Community News students and teachers of Walled Lake school and Superior spent and Mrs. L. H. on the 10th of June (Thursday) evening at the Board of Commerce and enjoyed a treat party.

The paper's published weekly in the society and teachers of the High school. This is the second year of its existence and it has never missed a publication day since its first issue. At the close of the year an annual is issued. The staff just completed this work Thursday in time to come to Pontiac for their celebration.

Twenty teachers and students were present. W. A. Marshall of the staff of the Daily Press spoke to them upon newspaper work - Pontiac Press.

RECORDED TRAFFIC ACCIDENT IN CIRCUIT COURT

Miss Florence Spingate, teacher in the Walled Lake school, charged a young woman, Kerena Peattie, a 12-year-old pupil, was found not guilty Tuesday by a circuit court jury that deliberated 45 minutes.

The jury heard the case on an appeal from justice court, which Miss Spingate was found guilty and fined \$75 and \$25 costs.

The boy, according to testimony had been absent from school and had used profane language to the teacher.

SEVEN MILE ROAD IS NOT A RACE COURSE

Because Detroit motorists are using Seven Mile road as a speedway and because of the alarming number of accidents on this thoroughfare, Theodore Pullman, township police officer, pronounces strict enforcement of the 25 mile an hour limit and severe penalties to all offenders. The township police car has been equipped with a special light so that the speed crazed drivers may be overtaken.

Although I do not wish to create the impression that we are going to make this road a speed trap for the single aim of enriching the township coffers, we are very determined to eliminate the ever increasing number of speed law violators. Pullman stated, "I have been assured by Mr. Oakley, Justice of the Peace, that he will cooperate with us in an effort to stamp out speeding."

First to fall under the speed axe of Pullman was Stanley Heath, 40, Farmington, last Saturday evening. According to the officer, the man was driving without lights on the wrong side of Seven Mile road while under the influence of liquor. Besides these counts against him, the Farmington man is charged with driving without an operator's license.

On the same evening, Paul Brown, 2500 St. Farmington was speeding 40 miles an hour. Both men will be tried before Justice Oakley next week in Redford court.

TACNA-ARICA MIXUP HAS CAUSED CRISIS

Chile 'Resentful Over Ending of Plebiscite'

Washington—An acute situation exists between the United States and Chile as a result of the collapse of the Tacna-Arica plebiscite negotiations.

Charges of resentment were sweeping Chile as a result of General Lassiter's action in ending the plebiscite, according to reports received here. The inference of attacks upon Peruvians in the strife-torn zone were feared. Although the department was without advice of new outbreaks or demonstrations.

When no criticism was attached to General Lassiter's action it was made known in the State Department that he had to act on his own initiative and without consulting his head of the mission.

Chile intended to occupy the territory in the zone of the plebiscite and attack as a result of the decision of the United States.

Britain Droops Tails

Retreat From Russia

London—The British government is expected to retreat from its position in Russia, it is claimed that it could not hold out any longer.

The note was in reply to a British note concerning the transfer of the zone of plebiscite in Russia to Chile. It is claimed that the British government is expected to retreat from its position in Russia.

Favorable Balance in Foreign Trade Shows

Washington—The government of foreign trade shows a favorable balance in the country for a fourth consecutive month. The balance of trade is reported to be in excess of \$100,000,000.

Charged With Forging Passports to America

Palermo, Italy—Twenty-four persons, including a clerk at the United States consulate here, were arrested for selling a total of about \$15,000 forged passports to Italians desiring to go to the United States. The consulate clerk involved is accused of forging an American visa.

Fewer British Women Make Homes in Canada

London—Fewer women and children were sent to Canada under the auspices of the Society for the Oversea Settlement of British Women last year than went in 1924. Last year 1,270 women and children sailed from England for empire ports under the society's auspices.

INTERURBAN STRUCK AUTO—THREE PEOPLE INJURED.

Last Saturday night about 5:15 as the interurban car coming from Wayne to Northville approached the Kirk stop a short distance from Phoenix an automobile containing four people drove on the track directly in front of the car.

There is a steep step grade along there and as the interurban struck the vehicle the occupants were thrown out and three of them were badly injured.

Mr. and Mrs. George Savoy and Cora Staats, while Miss Roberta Robinson, daughter of W. S. Savoy, escaped injury.

Mr. and Mrs. Savoy were brought to the Sessions hospital in an unconscious condition and they are still at the hospital. Mr. Staats was not so badly injured.

The automobile was cut in two and how any of the occupants escaped is a mystery.

The brakes of the car did not work well and as they drove down the incline from the yard to the track they could not stop.

GROWERS WARNED TO THIN PEACH CROP.

With prospects of the largest peach crop since 1922 confronting them, Michigan fruit growers are being warned to thin their crop this year.

Only large well graded, and well packed fruit sells to advantage when the market is well supplied, according to H. D. Hootman, extension specialist at the Michigan State College.

Peaches should be thinned following the 'June Drop' and before the pits harden, says Mr. Hootman. The old rule of thinning peaches, leaving them six inches apart on the individual branches, is a good one.

However, each tree is a problem in itself and the rule of a six inch distance between trees must be adapted to individual cases.

In the light of present prospects, Michigan fruit growers cannot afford to grow small peaches, neither can they afford to weaken their trees by over production.

POULTRY SCHOOL TO TRAIN FARM JUDGES.

Michigan poultry raisers will have opportunity to brush up on the latest developments of their profession during a special Poultry Judging school which is to be held at the Michigan State College during the week of July 5th this year.

It will be the third annual school of this kind at East Lansing. Practical instruction and laboratory practice in various phases of poultry production on the part of view of both the farm and commercial flock, will be given during the school week.

State specialists who will handle the work of the school, in addition to M. S. C. men, will include many national authorities in the poultry world. Among them will be W. R. Graham of the Agricultural College, Prof. H. H. H. University of Wisconsin and G. Grum, Cornell University.

For information about the school which is open to any poultry raiser may be had from the Poultry Department at M. S. C.

MORE FISHERMEN THAN FISH.

The fishing season opened last Wednesday with a fine catch and small number of fish. The catch of fish and the number of fishermen were about equal.

It is estimated that there are 1200 fishermen in the state and that the catch of fish is only about 1000 tons.

The catch of fish is not as good as it was last year. This is due to the fact that the water is not as clear as it was last year.

WHEELER TELLS OF LEAGUE ACTIVITIES

Gives Names of Statesmen Prominent in Prohibition Work.

Washington. — Having laid the groundwork for a broad inquiry into the activities of the Anti-Saloon League, Chairman Reed of the Senate campaign investigating committee recalled Wayne B. Wheeler, general counsel of the organization, for further testimony.

Mr. Wheeler gave the names of eight members of congress as among those who have received expenses and sometimes an honorarium for speaking in behalf of prohibition.

Representative Upshaw (Dem., Ga.) headed the list with 'possibly 50 speeches in eastern states. Representative Barkley (Dem., Ky.) was next with 20 or 30. The others named were Representative Cooper (Rep., Ohio), Senator Jones (Rep., Wash.), Representative Lowrey (Dem., Miss), Senators Willis and Vets. (Rep., Ohio), and Senator Robinson (Rep., Ind.), about whom he was not so certain.

Wheeler said he thought Robinson had made several prohibition speeches in response to requests from his own state.

Under questioning, Mr. Wheeler maintained that the league had played only a legitimate role in politics in legislation and in litigation arising under the dry laws.

The league's entire financial chest for 1925, the witness estimated, would not run above \$150,000 to \$200,000. He said he received a salary of \$600 a month from the organization and had no other source of income.

Several of the senators and congressmen named by Wheeler as making prohibition speeches for the league for pay made statements defending their conduct. They took the position that what they had received was little more than expenses and was earned in a good cause, passing rapidly over the question of the propriety of legislators accepting pay from an organization interested in legislation.

STATE NEWS IN BRIEF

Lansing—The state fish hatchery at Sidonaw is to be improved by the addition of new bass ponds. John Baird, Director of Conservation, has announced. The work probably will be started at once.

Poltva—The body of a man found in White Lake, near Orionville, was identified as that of Louis L. Hoke, 32½ years old, a factory worker of Flint. He leaves a widow and two children. Hoke went fishing alone. The rowboat was anchored and overturned and fishermen, finding the boat discovered Hoke's body. It was taken to Flint.

Mt. Clemens—R. J. Hudson, superintendent of the state agricultural lands at Lansing, with 17 members of his working force, were visitors recently to the farm of William P. Rosso, Clinton township, to see their thoroughbred Percheron colts, born there several weeks ago. Hudson said that as far as he knows these colts are the only ones in Michigan.

Detroit—The Michigan Bell Telephone Company will spend \$3,000,000 to improve its service in Detroit during the coming year. \$1,350,000 for improvements throughout the state. It was announced following the quarterly meeting of the board of directors. The telephone company is to spend \$400,000 on the Grand Rapids exchange and \$2,500,000 for the balance of the state.

Crossen—A. B. Cook, state game warden and owner of a large farm north of Owosso, has given to the Big Game of this country a building and a camp site on a 30-acre tract of woods on his farm. The tract is one of the largest in the county. The structure will be modeled into a lodge. A program is now being carried out in the county to greatly increase the number of scout troops.

Grand Rapids—The paving work on the 10th and 11th Streets with asphalt is well advanced. The city engineers are anxious to get the work completed as soon as possible. The city will be glad to show them to you.

Pontiac—Work has been started on the initial job of grading for the new classification yards for the Grand Trunk railway terminal, to be built here as part of an expansion program for this city's rail facilities that is expected to involve an expenditure of approximately \$1,500,000.

Lansing—Under an order entered by the Michigan Supreme Court, the action brought by Atty. Gen. Andrew B. Bonhoffer against the Michigan Bell Telephone Company, to have its charter suspended, has been transferred to the United States Court, Eastern District of Michigan.

Marshall—Walter and Miss Vera North, son and daughter of Judge and Mrs. W. H. North and students in the University of Michigan, are to sail July 1 from Quebec on the steamship Montclair for London, where they are to attend the Erie conference of Christian Endeavor.

Iron Mountain—Six men were overcome by smoke in the Chapin mine while exploring a shaft 1,700 feet below the surface. The men descended to ascertain the position of the first shaft, had broken out, and were apprehended. Prompt measures with lanterns, survived them, however, and all will recover, doctors said.

Marquette—Women who do not use the ballot are reluctant to God and country, said Rev. Frederic Siegenberg of Loyola university, Chicago, in his address to the graduates of Marquette college here. It is accepted principle of social science, said Dr. Siegenberg, that leadership has become one of the principal factors for well-being in human progress.

WIDER ROADS A NECESSITY.
Paved roads used to be our chief concern in a good roads program. It is estimated that this year we will have in excess of 500,000 miles of hard-surfaced roads in the United States. These improved roads have brought an increase in traffic which no one even dreamed of 10 years ago. The problems we now face are not only paved roads, but wider roads. Wider roads are necessary for two reasons: to enable traffic to speed up and to prevent accident. On many of our crowded narrow roads a slow moving truck or other vehicle will block traffic, due to the fact that there is little opportunity to pass such obstructions from the rear.

Many states have already started to remedy this situation and on the Pacific Coast 2-ft. shoulders are being built on each side of the road and a few inches higher than the old surface. These shoulders are made of either asphalt, concrete or cement and the space between them is surfaced with asphaltic concrete.

By this method, narrow pavements are satisfactorily widened and thickened at a minimum expense. From now on, road widening will be as important as road paving.

The tendency is to make all the new roads much less crown.

THE "PROFESSION" OF SELLING.
San Francisco is undergoing a carpenter strike. The calling of the strike was immediately followed by the appointment of a bunch of professional organizers, who began the agitation against men who insisted upon working.

It is also this common system of striking men who insist on working just as in this country. Men have no legal and moral right to quit work if they want to but they have a legal

Strikes must depend on public opinion to win, and that opinion is quicker won by talk means than foul. The slugging system, which is not approved by the great majority of union men, has done much to condemn unionism with the public.

THE JUDGE MAY BE RIGHT

Circuit Judge Morphy of Portland, Oregon, recommends the increased use of electricity as a cure for domestic unhappiness that so frequently ends in a divorce. He says that a washing machine, a vacuum cleaner, an electric fan, a toaster and other electrical conveniences and time-savers now so easily procurable, turn domestic drudgery into interest as past pleasure, and so remove the one greater cause for quarrels.

CASS LAKE INN KEEPER IN FOR SIX MONTHS

A. H. Hagen, proprietor of the Cass Lake Inn, a restaurant and recreation ground at Keego Harbor, was seen here for six months in jail when he was arrested for embezzling the inn's funds. He was released after the sheriff and his deputies searched his pockets and found \$100.00 in cash. He was arrested in the city of Detroit and is now in the city of Northville.

HERB'S WHY THE CIRCUS IS BIG

A circus so big that it requires two roads to get to it, the circus is now headed this way. It is the Ringling Brothers and Barnum & Bailey combined show, now on tour under canvas. The show that for weeks entertained New York's millions is now on tour under canvas.

The Ringling Brothers themselves spent months in Europe, mobilizing the biggest circus in history. This same show that for weeks entertained New York's millions is now on tour under canvas.

JOHN F. PONSFORD SHOT AT YELLOWSTONE NATIONAL PARK. Saturday afternoon a message was received by Superintendent W. W. Thayer of the local fish hatchery from the superintendent of the hatchery at Yellowstone National Park bearing the sad news that John F. Ponsford, brother of Charles A. Ponsford, and who is well known here, had been shot. Another message came later requesting Mr. Ponsford to come as quickly as possible. In response to the sad summons Mr. Ponsford motored to Ash Arbor and took the midnight train for the west.

HURRAY FOR DAD! Sunday was an ideal day—just such a day as ought to have been selected for Father's Day, and a whole lot of the loyal fathers of this community were kindly remembered. This little poem for "Dad's Day" expresses the sentiment of all. As skies are blue, so dads are true. To every duty calling, Their faithfulness does much to bless. Though loads are just appalling, On them depend clear to the end. You'll never see them shrink. So let's Hurray! this Father's Day. For every dad who's working, May this year share his everywhere. It's load of yellow treasure, And may he buy his every thing. That gives our kids a pleasure. Our hats we raise their lives to praise. Let every heart keep singing, And all Hurrahs his happy day. For Joe's the days keep bringing.

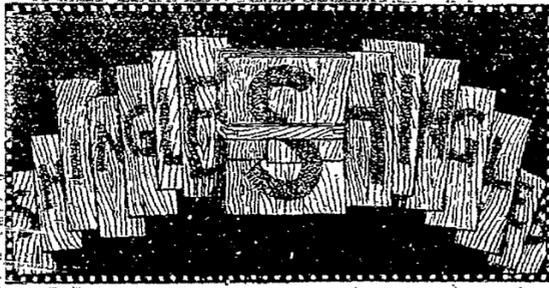

CARS COLLIDE NEAR WALLED LAKE. Eight people were injured, one seriously, when two cars came together in a head-on collision on the Walled Lake road, eight miles outside of Pontiac last Friday afternoon. Mrs. Thomas Hook of Owendale, driver of one of the cars, was said to be improving in Pontiac City hospital where she was taken following the accident. She suffered severe bruises.
