The Extra Large Tub

Is What Makes It

Speedy

The EASY Washer does not depend upon violent agitation of the water for its speedy action in washing the clothes. Violent agitation is not consistent with the long life of clothes.

The ability of the EASY to get the washing done in a remarkably short time is due to its extra large tub. Instead of washing only a few pounds of clothes to a tubful, as small washers do, it washes 14 pounds to a tubful—60 pounds of clothes per hour.

Arrange today for a demonstration of the EASY in your home. Sending for this washer on approval places you under no more obligation than if you came to our store to look at it.

GREAT CROWDS CELEBRATE HERE

People Came From Far And Near To Enjoy Northville's Celebration—Good Ball Games, Good Races, Enjoyable Dance.

Where did all these people come from? was a remark often heard during the afternoon and evening as the great crowds gathered to enjoy Northville's celebration. Judging from the size of the crowd they came from far and near because the attendance at the ball games and races in the afternoon was larger than any previous celebration held here. And the people who came—intent upon having a good time—were not disappointed because the day's program provided entertainment for all. The street sports in the forenoon attracted a great deal of interest and there were many entries in each event and cash prizes were paid to all winners. The municipal band has on hand in good season and discoursed good music during the day and at the tree street dance in the evening, which was greatly enjoyed.

Before one o'clock the crowd began to gather at the fair grounds and autos just poured in at both gates, bearing their happy passengers who were bent on having a good time. The ball game between Belleville and Milford was the first attraction of the afternoon's program and the contest was an easy victory for the Belleville team, the score being 19 to 4. The contest between Belleville and Northville proved one of the most exciting games of the season and Northville lost one run before pitcher Hogge who was in the pitcher's box for Belleville pitched a six game end game which was a victory for Northville.

The afternoon's program was a success and the fair grounds were crowded with people. The races were also a success and the crowd was large. The tree street dance was a success and the crowd was large. The day's program was a success and the fair grounds were crowded with people.

THOMAS L. COUSINS DIES AFTER BRIEF ILLNESS.

The people of this community were shocked to learn that Thomas I. Cousins of this place had died at a Detroit hospital on Sunday of lock-jaw, because very few knew of his illness, which was of brief duration. He met with a slight accident while working in his garden a few days before, but he gave the matter little consideration and went about his daily tasks as usual. When his condition became alarming he was taken to the hospital, but all efforts to save his life were futile.

Funeral services were held at the home of his brother-in-law, W. L. Huard, in Detroit, Tuesday afternoon and interment took place in Roseland cemetery. Rev. S. T. White of the Christian church had charge of the services and he was assisted by Rev. William Richards and A. K. MacRae of this place. Mr. Cousins was a member of Detroit Lodge, F. & M., and the officers of the lodge conducted the Masonic funeral service at the grave being assisted by Worshipful Master Ralph L. Hay and Chaplain William Richards of Northville Lodge. Mr. Cousins had been a resident of Northville for a number of years and he was held in high esteem by all who knew him. He was born in Erie County, Pennsylvania, in April 1858. When a young man he came to Detroit and on September 12, 1881, he was united in marriage to Miss Jennie Huard and to the happy union six children were born, all of whom are living besides his wife and children he is survived by his mother and three brothers and two sisters.

He was a lawyer by profession, but for some years past he had given his attention to abstract work and he was regarded as an expert in that line and at the time of his death he was surety of the insurance company of the hotel, a member of the board of directors of the Michigan State Bank and a member of the Michigan State Bar Association.

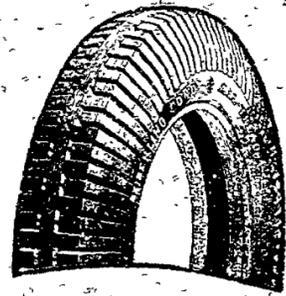

His wife was the daughter of Mr. and Mrs. L. F. Stanley of the city. She was a devoted mother and a successful business woman. She was a member of the Detroit Y. W. C. A. and the Detroit Branch of the Y. W. C. A. She was a member of the Detroit Branch of the Y. W. C. A. and the Detroit Branch of the Y. W. C. A.

His funeral was held at the home of his brother-in-law, W. L. Huard, in Detroit, Tuesday afternoon and interment took place in Roseland cemetery. Rev. S. T. White of the Christian church had charge of the services and he was assisted by Rev. William Richards and A. K. MacRae of this place.

The day's program was a success and the fair grounds were crowded with people. The races were also a success and the crowd was large. The tree street dance was a success and the crowd was large.

FAIR GROUNDS ARE MOST ACCESSIBLE MICHIGAN POINT

World Famous Highway System Forces There—1926. Visitors Can Dodge All Dense Traffic.

With the recent construction of new roads near Detroit and the widening of others, the State Fair Grounds in Detroit has now become admirably the most easily accessible point within the borders of Michigan for the hundreds of thousands who will visit it September 5 to September 11.

When the site of the State Fair Grounds was selected years ago, members of the State Fair Board realized that it would sometime become the focal point of motorists from all over Michigan. They selected that location on Woodward avenue because a large tract of land could be secured within easy access of Detroiters at a nominal price. The city has now grown to the State Fair Grounds and around it and what were formerly only lanes and country roads near the grounds have become important, motorway thoroughfares.

During the past year the Seven Mile Road, which runs east and west at right angles to Woodward avenue, has been widened on both sides, so that motorists coming from the western part of the state or from the direction of Lansing or Grand Rapids, find a quick way of reaching the State Fair. The Seven Mile Road intersects both Grand River, avenue, which runs northwest from Detroit to Lansing and Grand Rapids, and also intersects Grand avenue, the main thoroughfare to Mt. Clemens, Port Huron and other cities along the St. Clair River. All residents of the state, coming from the direction of Jackson, Kalamazoo, Battle Creek and Beaman Harbor find it now possible to cut north from Michigan avenue to the Seven Mile Road by any of a number of routes. The road was built and taken over by the state in 1925.

For the first time north of Michigan, the new road, which is now being built, will take motorists from the city of Detroit to the State Fair Grounds in a direct line. The new road will be built from the city of Detroit to the State Fair Grounds in a direct line. The new road will be built from the city of Detroit to the State Fair Grounds in a direct line.

Utility Fowl Gets Recognition In State Fair List

A plan is being made in the class division of the poultry exhibit at the next annual Michigan State Fair, which will be held at the State Fair Grounds in Detroit from September 5 to September 11.

Members of the State Fair Board have decided this year to recognize the value of the utility and the production of eggs, and are offering substantial premiums in these classes.

The size of the premiums will be based on the number of entries in each class. It is pointed out that the reclassification in these two classes will not effect the regular exhibition classes which will compete as formerly but prizes which have been very materially increased for 1926.

This announcement is expected to lead to the entrance of many birds that would otherwise not be exhibited by poultry farmers of Michigan.

STATE FAIR ADDS CLASS FOR BEST MICHIGAN FLEECES

A new department will have an exhibit at the Michigan State Fair to be held at the State Fair Grounds in Detroit from September 5 to September 11.

This is the Wool Department which will be housed in the Sheep Building. In previous years, there has been no wool exhibit, and although Michigan ranks among the largest wool producing states in the country, the proper prominence to wool has not been given.

Sheep growers of the state are being asked to save their best fleeces to exhibit at the Fair. Competent judges are being secured who are thoroughly cognizant with all the factors to be taken into consideration in judging wool, and sheep growers of the state may rest assured that, although new, this department will be carried out with the same care which is given to the other departments of the Michigan State Fair.

When a Man Marries. When a man who has not been married before marries a widow, it is only a marriage in law, says Ed Howe. It isn't the real thing. A real marriage is when two inexperienced young people learn to love and collaborate together.

NOVI NEWS

P. U. Taylor was home from Rockwood over Sunday. Mrs. J. O. Muro is quite ill. Mrs. A. Angell, who suffered a relapse Sunday and Monday, is slightly better.

Mrs. R. O. Thompson is visiting Detroit and Sanilac county friends this week. C. J. Woodruff, wife and infant daughter of Kingston, spent the Fourth with the former's parents, Mr. and Mrs. L. Woodruff.

Mrs. John Sabo was a Detroit visitor Tuesday.

Mr. and Mrs. Frank Dear of South Lyon called on Novi friends Tuesday. They are contemplating a trip to California by auto in a few weeks.

Mr. and Mrs. Ed Koehler of Detroit, spent Saturday and Sunday among relatives here. Mrs. Lizzie Coates returned with them, remaining until Tuesday.

Mrs. L. Murphy and little daughter, Betty, visited in Detroit the first of the week.

Mrs. P. B. Conklin of Calhoun, spent a part of last week with her cousin, Mrs. Lizzie Coates.

Clyde Angell of Pontiac spent Tuesday night with his parents, Mr. and Mrs. A. Angell.

Mr. and Mrs. Arfitt, Kent and children attended a birthday party in honor of Miss Marion Bassett, Sunday.

The W. C. T. U. festival in charge of Mrs. Maria Lockwood of Holly, will be held in the Baptist church next Thursday afternoon, July 15th. All are invited and will be made welcome.

Mr. and Mrs. Walter invited in the camp fire girls, 14th number, for a birthday surprise for her daughter, Cecil. All had a delightful time and the surprise was complete. A large birthday cake with twelve candles decorated the table.

Mr. and Mrs. J. D. H. attended the Welch-Peters reunion at Middle Lake last Sunday.

Mr. and Mrs. Charles Sarman and family of Pinconning visited friends in Northville Sunday.

NEW BISHOP IS SON OF STATE. The Right Rev. Joseph Gabriel Pinten, D. D., former Bishop of Superior Wisconsin has been transferred to the Diocese of Western Michigan with headquarters at Grand Rapids. Bishop Pinten succeeds the late Right Rev. Edward D. Kelly, D. D., who died recently at Grand Rapids.

Bishop Pinten was born in Rockland Ontario, Canada, Michigan, Oct. 3, 1867, and moved with his family to Calumet the following year. In 1881 he entered St. Francis' Seminary in Wisconsin and in 1885 was sent to Rome to pursue his theological studies. He was ordained in Rome Nov. 1, 1890. The following year he returned to Michigan and was assigned to a parish at Benoit, in Chippewa County. Later he served in the parishes of Iron Mountain and L'Anse.

Subsequently he was appointed pastor of St. Peter's Cathedral at Verquette and then became chancellor of the Marquette Diocese. In 1912 he was made vicar-general of the diocese and in the same year was made a member of the Pope's household by Pope Pius X. He was appointed Bishop of Superior by the late Pope Benedict XV and was consecrated in Marquette May 3, 1922.

When a Man Marries. When a man who has not been married before marries a widow, it is only a marriage in law, says Ed Howe. It isn't the real thing. A real marriage is when two inexperienced young people learn to love and collaborate together.

JOHN D. MABLEY,

Mabley's Corner DETROIT. Grand River and Griswold

STATE NEWS IN BRIEF

Detroit—Two wooden buildings were badly damaged by fire at the Michigan State Fair grounds June 30, causing a loss estimated at several thousand dollars. The blaze had made such headway that upon arrival of the first fire companies, a second alarm was sounded.

Detroit—Founders' day was observed June 30 in Detroit in connection with the noting of Patriotic week under auspices of the Detroit Jefferson Centennial Committee, that has been named by Mayor John W. Smith to arrange Detroit's part in the national movement to purchase and preserve as a patriotic shrine the home of Thomas Jefferson.

Caro—State firemen will come to Caro July 13, 14 and 15 for convention. Besides exhibitions of modern fire fighting equipment several persons including James Niven of Saginaw, Dr. William T. Shaw, of the state accident board, and R. C. Longhead, of the Michigan inspection bureau, will speak. The convention will be held in the high school auditorium.

Lansing—Acting under a 1925 legislative act authorizing the addition of 500 miles to the State trunkline highway system, the State Administrative Board has accepted 108 miles of road as trunk lines. The designation of the routes as trunk lines means they will be subject to State improvement, although it is not likely such improvements will be made this year.

St. Clair—Now bus service to Mt. Clemens over Jefferson avenue began recently and presaged the possible abandonment of the electric lines now operated on the lake shore by the D. U. R. Six buses will be operated in two divisions of three each over Jefferson to Mack avenue, and the French Claims road to Mack. They will leave Mt. Clemens and Detroit every 25 minutes.

Ludington—A spotted fawn about three weeks old was found in Meade township, five miles east here, by Joseph Lemmer. The creature was nearly starved. Its mother having been chased away by dogs. Game Warden Elms sent it to the state game farm at Mason last week. It probably will be sent to the state forest near Orland when it is old enough to range for itself.

Lansing—Special rates have been provided by the railroads for the Michigan state fair in Detroit in September. L. Whitney Watkins, committee member of horticulture has announced live stock and exhibits will be transported for a low rate; passengers will be given one-half fares for the round trip and on Michigan day special excursions will be run at one-way fare for the round trip.

Little Rock—Highway robbery is the thing placed against a 12-year-old boy, Elmer J. H. of this city. He is alleged to have attacked Robert Shuman, 10 years old and taken a \$20 bill from him while the latter was on his way to a grocery store to pay a bill for his mother. Heily was under commitment to the Boys' Vocational School at Lansing, Michigan, for having assisted in stealing an automobile here recently.

Lansing—Students of Michigan State college are invited to attend the all-charge dancing parties, but men and women must leave their cigarettes at home, according to an edict that was issued at the first convocation of the summer session. Dr. R. C. Harton, who made the announcement in explaining the social program of the summer session, referred to the first party of the season on June 25 as the one to which some exception was made in the above rule.

Pontiac—Pontiac has adopted an ordinance permitting the sale of water to persons living outside the city limits. The rate is twice that paid by city dwellers and the consumption is limited to a quarter of that supplied inside the limits. Pontiac has been growing so rapidly that it was considered advisable to adopt a policy of selling water outside which is a reversal of the policy the city had had in effect for several years. Pontiac gets its water supply from deep wells.

Ann Arbor—One-fifth of the students attending the summer session of the University of Michigan are Methodists by faith, surpassing the Presbyterians, the nearest rivals, by a considerable percentage, according to the religious census of the Student Christian association. Twelve per cent of the students are not members of any church or have no preference; the census showed Congregationalists, Catholics and Episcopals rank next in order after the two leaders.

Lansing—Plans for raising a \$250,000 fund to fight the dope evil in Michigan were outlined recently at a meeting of the campaign committee of the Narcotic Education Association of Michigan. The campaign committee includes the mayor of every city in the state of more than 10,000 population and two citizens selected by each mayor. It is planned to educate the public to the evils of the narcotic situation in the hope that legislative action will be demanded by the voters to remedy conditions.

Jackson—Of 211 passenger cars examined on M 23, near Cambridge Junction, 17 had faulty brakes and 79 had poor lights, the officers reported. Twenty-three drivers failed to carry proper drivers' licenses.

Flint—An increase in the total valuation of Genesee County property of approximately \$6,000,000, nearly all of Flint, in the last year is shown by the report of the committee on footing of tax rolls and equalization made to the board of supervisors recently.

Sturgis—A program of supervised playground work in this city is to be followed out again this year during the months of July and August. C. A. Light, playground director, has announced five school playgrounds and a municipal playground are being used.

St. Clair—A carrier-pigeon is being held here by Charles S. Massmore, pending inquiries from its owner. The bird was found completely exhausted in Massmore's yard two weeks ago. On one foot was a metal tag bearing the identification number 25 2005. On the other was a band with the inscription 600-S.

Detroit—The immigration border patrol is seeking an airplane which is said to be smuggling aliens from Canada into the United States. In the last three months, the United States immigration Service has received several reports of the alleged smugglers' plane. It is thought that the plane lands its passengers in Ohio.

Tonawanda—Anton Smith, 18 years old, son of Mr. and Mrs. John Smith of Jonesville, was killed recently at the gravel pit of the Jonesville Gravel Co. here. Smith was carried through a chute into a bin and buried under tons of wet gravel, when a bank on which he was standing caved. The body was removed in less than an hour, but life was extinct.

Port Huron—Mrs. Palmer Glover, 18 years old, and her two children, Viola, 4, and Pearl, a year old, are dead at Orion, supposedly from poisoning caused by eating a pickled fish. Mr. and Mrs. Glover and their children lived at the home of F. J. Lessiter, one of the members of the county poeal commission. The husband and a son, 2 years old, did not eat the fish.

Ann Arbor—Proceedings to condemn certain property now held by 25 local persons or estates have been instituted by the Board of Regents of the University of Michigan. The regents have filed a bill against the property owners, in which they declare the ground now held by the defendants is necessary to the proper expansion of the University physical education program.

Grand Rapids—Michigan fur parket will be staged at the regular centennial exposition at Philadelphia as part of an elaborate exhibit of the Michigan Fur Producers, Inc. It was decided at a membership meeting here. The exhibit will include a model fur ranch with all the black foxes, an otter pen and a fur exhibit which will include the various processes of preparing furs.

Georgetown—Michael Pitcock, 14 years old, accidentally cut short his own birthday when he snuff off his head. Pitcock, son of Mr. and Mrs. Pitcock, farmers, living two miles west of here was preparing to show a cat. In some manner or other the hammer of the double-barreled gun which he was using had caught on the shelf when he attempted to take it down, exploding the charge in his face.

Grand Rapids—Several patent cases of importance to the automobile industry were decided on appeal by the United States circuit court of appeals in session here. In the case of the Hayes Wheel company vs. Michelin, appeal from Detroit, the decision of the appellate court reversed a decree and dismissed the action on the grounds there was no infringement on a patent for a demountable rim.

Lansing—Police recently arrested four boys, all of whom are under 12 years old, who are charged with driving away automobiles without the owner's consent. It is charged by the police that the boys would steal a car, take a joy ride to one of the nearby lakes and on their return leave it on one of the streets in the outlying districts. When located, it would be found stripped of tires and many of the other parts.

Lansing—Hearings on the revocation of the licenses of persons found guilty of speeding on Detroit streets are being held before Charles J. De Land, Secretary of State. Under the existing statutes the Secretary can not revoke the licenses of speeders unless he is satisfied that they are mentally or physically incompetent to operate motor cars. Under the new law the state can revoke the licenses of drunk drivers, persons leaving the scene of an accident or reckless drivers, but not speeders.

Saginaw—Declaring at the banquet of the Michigan Federation of Typographical Unions that the International Typographical Union "stands squarely behind" conciliation, mediation and fair arbitration, Seth R. Brown, of Los Angeles, first vice president of the I. T. U., said that with such an attitude between publishers and printers there was little probability of difficulty between the union printer and his employer. Plans are being made to extend the benefits of membership in the fraternal organization to country printers.

MANY YOUNG MEN IN TRAINING AT CAMP CUSTER

Nearly one thousand young men living in the lower peninsula of Michigan reported at Camp Custer yesterday for thirty days' training. These boys have been enrolled in every community in Michigan and nearly every city, town, village and hamlet will be represented by one or more.

The training camp this year is to be the most democratic camp ever held, and the training given to young men who attend is bound to give them a broader view of life and make them better young men, mentally, morally, and physically. A program that will include athletic events, track and field sports has been arranged for the young trainees of the C. M. T. C.

Colonel Raymond S. Gordon, camp commander, has received a number of letters from the parents of the cadets. These letters will be distributed toward the end of the training season. In addition to the medals there will be silver caps and gold watches given as prizes to the best athletes. The Detroit College of Technology also offers a year's scholarship to the young man making the best record in this year's camp, and the Detroit Board of Education allows each high school student attending this year's camp the same credits as are allowed a R. O. T. C. student for his year's work in the R. O. T. C.

TIGERS AT HOME IN DETROIT

The Detroit Tigers will play at home in Detroit the coming season, as follows: July 27, 28, 29, 30 with Boston; July 31, Aug. 1, 2, 3 with Philadelphia; August 4, 5, 6 with Washington; August 7, 8, 9, 10 with Washington; August 11 with Chicago; August 12, 13 with Chicago; August 14, 15 with Chicago; August 16 with Chicago; August 17, 18, 19 with St. Louis; August 20, 21 with Cleveland; August 22, 23 with New York; August 24, 25, 26 with Washington; August 27, 28, 29 with Philadelphia.

He Sold Matches by Telephone in The Dull Season

Business was dull the first of July, so the salesman tried the Long Distance sales plan suggested by the Telephone Manager.

He went to the telephone office in Jackson, gave the operator a list of 20 stores in eight nearby towns, and asked that the calls be set up one after another—no queue calls, they are called.

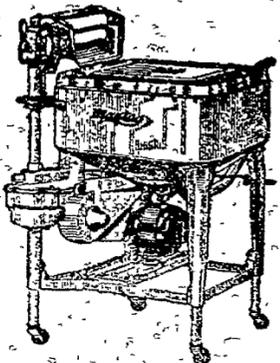

The plan with the consequence of saving a money to the match company and therefore to the dealer, appeared. The sea went over big—and so did the matches. And the salesman covered the eight towns in five hours.

You can sell or buy anything by Long Distance

MANY AUTO BRAKES TESTED DURING DRIVE.

During the state-wide brake test week conducted by the Michigan Department of Public Safety and the Detroit Automobile Club, that ended Saturday morning, it is estimated that more than 120,000 motorists' brakes were tested and 2,100 sets of lights were also investigated.

According to L. J. Van Schoick, safety director of the Detroit Automobile Club, the state troopers and municipal officers in charge of the 52 stations on the main trunk lines found that more than 25 per cent of the brakes tested were defective and 84 per cent of the lighting equipment investigated were out of adjustment.

This is the first time in the history of safety work that a state-wide brake test has been held, according to Mr. Van Schoick, who says that this test convinced Commissioner of Safety Alan G. Straight and himself that drastic means were needed to stop drivers using poor lights and bad brakes.

Many auto accidents occurred during the week, he says. In one case a motorist refused to stop at the officer's signal and a state policeman chased him for two miles and when he had brought the car to a stop it was found that the driver had 24 cases of liquor on board. In many cases the troopers found that the drivers of cars on the highways were operating without a license.

In nearly every case, Mr. Van Schoick says, the motorists were exceedingly glad to have their brakes tested and the check-up program will be repeated at a later date this fall, he is said.

WHO DEFROST YOURS THE OAKLAND LAKES.

Two Detroit boys were drowned while swimming in Oakland county lakes Sunday.

Charles Scott, 11 years old, and Kenneth Scott, 10 years old, were drowned in the water near the dam at Oakland county lakes Sunday.

The bodies were recovered Sunday afternoon and taken to the morgue at the Oakland county hospital.

Both bodies have been recovered.

ALL EX-SERVICE MEN SHOULD JOIN THE LEGION.

There are many ex-service men in the vicinity of Northville who are not members of the American Legion.

The best compensation one can pay to the nation is to honor its debt to our veterans.

TO LAY CORNER STONE FOR NEW CHURCH.

Coffey stone laying of the West Point Pentecostal church, 327 N. 17th and Farmington road at 8:30 on Monday July 26th, 1926.

ST. PAUL'S LUTHERAN CHURCH.

Empty pews in church often mean empty mansions in heaven. Occupy both.

Do not fail to hear next Sunday's sermon on the question, "Are you Prepared to Meet The Son of God?" Meet Him you must. It may be soon. Are you prepared? The services begin at 11:00 o'clock. You are heartily invited to attend.

The quarterly congregational meeting will take place next Sunday evening at 8:00 o'clock. All young members are earnestly requested to be present.

Sunday school in the parish hall at 10:00 o'clock. The lesson will be "God Gives The Law At Mount Sinai." An interesting and important lesson children. Let's all be there.

You, like without God's word is like a plant in a dark basement. Give it the light of the word and it grows. Let's all be there.

BAPTIST CHURCH NOTES.

The sermon subjects for next Sunday are as follows. At the morning service, "The world's ascent and anti-sceptic," and the evening subject will be "Is the church necessary?"

The evening service will start at 8 o'clock and will be followed by the radio service which starts about 9:30.

The radio sounded much different last Sunday evening after Mr. Farnham tuned in and we heard the first Baptist church services from Pontiac as well as it was there.

Sunday school picnic will be held on Thursday the fifteenth.

The warm weather did not prevent our having a well attended and very interesting prayer meeting last Thursday.

Our church has every reason to appreciate the good work Miss Heger is doing at the organ.

Remember we have services morning and evening and that both services are well attended.

Don't let the heat melt your religion.

METHODIST CHURCH NOTES.

Everybody make the beginning of a new year by attending the special services and the day of prayer for the world.

The morning service will be held at 10:00 o'clock and the evening service at 8:00 o'clock.

Our Sunday school is well attended and the teachers are doing a fine job.

The best compensation one can pay to the nation is to honor its debt to our veterans.

PENNIMAN-ALLEN ATTRACTIONS.

The Penniman-Allen Theatre of this village is a delightful place to spend these hot evenings. It is always cool in the theatre and the good music and interesting pictures afford a delightful evening's entertainment.

For next Sunday and Monday "Moanna of the South Seas" will be the attraction and on Thursday and Friday nights of next week there will be real fun when Harold Lloyd will be seen in "For Heaven's Sake." On Saturday night, the 17th, "A Kiss for Cinderella" will be presented. Of course there will be a good comedy each night.

Mid-week service Thursday at 7:30 p. m. Lesson study. Jesus and Standards.

"I was glad when they said unto me let us go into the house of the Lord."

W. R. C. NOTES.

Wednesday, July 14th, the ladies of the W. R. C. are asked to meet at Forester's hall at 1:30 p. m. to the some quilt. A pot-luck supper will be served at 6 o'clock with regular meeting afterwards. There will also be a 20 cent grab bar. Come and help make the making a success. Press, Co.

LOCAL.

Mr. and Mrs. G. H. Baker have moved to their handsome new home on West street.

Mr. and Mrs. Charles Gross of Highland Park, called on Mrs. Ina Ware, Sunday.

Mr. and Mrs. Wm. Greer, east of town, have purchased the home and two lots of C. R. Ross, on South Main street, Plymouth.

Mr. and Mrs. P. W. Murphy of Cleveland, Ohio, spent a few days during the past week at the home of Mr. and Mrs. M. J. Murphy.

Nine members of the local Boy Scout troop left Wednesday for Camp Brady, over in Oakland county, where they will spend a couple of weeks.

Mr. and Mrs. J. L. Calkins and sons, George and Kenneth and Eva Fitzroy, returned home Monday, after spending a week in South Bend, Ind. with the former's father.

An interurban car on the Wayne-Northville line dolted with a gravel truck Thursday morning, both vehicles out of commission for some time but no one was hurt.

A. H. Johnson has the contract for the erection of Mrs. Stammen's residence in Orchard Heights. It will be one of the best residences in the village, when completed.

Stable Lumber Co., of P., will hold a sale of building material on Tuesday evening at 7:30 o'clock at the corner of the first and second streets.

The funeral of the late J. J. Jones will be held at the residence of Mrs. Jones, 1221 N. Main street, on Thursday, July 15th, at two o'clock. Ladies are invited.

The firm which purchased the property owned by the people of Northville, comprising Village Attorney J. J. Corbett very highly in the manner in which all the details of the auction had been presented making the matter of selling the bonds one of adjustment.

A meeting of the directors of the Northville State Savings Bank, Wednesday, A. C. Balden was elected to succeed the late C. H. Collier.

Mr. Balden has large business interests in this section and his many friends will congratulate him upon being elected to his important position.

BAKE SALT SATURDAY.

The fourth grade of the Presbyterian church will have a bake sale at the Palace-Market on Saturday tomorrow, at one o'clock. 52-11c

Stamps Issued Recently.

The Post Office department says that the following stamps have been issued since 1924: Huguenot-Walloon centenary stamps—12 cent, 14 cent, 17 cent, 20 cent, 23 cent, 27 cent, 30 cent, 33 cent, 37 cent, 40 cent, 43 cent, 47 cent, 50 cent, 53 cent, 57 cent, 60 cent, 63 cent, 67 cent, 70 cent, 73 cent, 77 cent, 80 cent, 83 cent, 87 cent, 90 cent, 93 cent, 97 cent, 100 cent.

Wheat Products for Food.

It has been calculated that wheat flour and crackers pastry and similar products contain 19 per cent of the total food of the average American family furnishing about 27 per cent of the total protein, 3 per cent of the total fat and 46 per cent of the total carbohydrates. They contain a high percentage of starch and may be probably combined with a certain rich in protein, meat, eggs, etc., to form a well balanced diet.

One of Nature's Mysteries.

If you put a little salt in water it dissolves. Pour the water away and the salt reappears. What then becomes of the salt while it is dissolved into water? The water dissolves it into small particles highly charged with the wonderful and mysterious stuff we call electricity. The scientist, Rowson, tells us there is no other substance on earth which does that when dissolved in water. It might be worth a good deal to the world to know why salt has this peculiarity. 52-11c

PERSONALITY, THE MOST VALUABLE THING ON EARTH. The person is important. There must be leadership for any great event. When the critical hours of history arrive—the new era comes—there is a man ready for the great hour. The rare combination of qualities which make a leader are slow in forming. The great opportunity requires a vast soul. The Egyptians feared the growing numbers of the Hebrew people and thought it good politics to enslave them and thus destroy the menace to their future. The cruel hardships by the Egyptians worked out very differently than expected. Besides overshooting their mark they actually trained the man who would become the leader of the slaves. Moses—good parents—good blood—rare training—a divine personality—came to the front at a crucial hour of history and rendered a mighty service. C. A. DOLPH BIBLE CLASS METHODIST SUNDAY SCHOOL

NORTHVILLE METHODIST EPISCOPAL CHURCH. HOURS OF SERVICES: Morning - 10:30, Sunday School 12 Noon, Evening - 7:30. REV. WM. RICHARDS

First Presbyterian Church. NORTHVILLE, MICHIGAN. This Church is a delightful place to spend a couple of hours Sunday morning. The greetings extended here are cordial, the music is good and the sermons are inspiring, and then the auditorium is cool—making a combination all will enjoy these summer days. Attend the services first and motor afterwards. Regular services at 10:30 and 7:30. Sunday School at 12:00. Communion and reception of members at 10:30. Young People's Meeting at 6:30. There is a place and friendly welcome here for you.

Will The Heat Melt Your Religion? We want God to be the same to us both winter and summer. Are we as loyal to Him during the hot weather as we are at other times? Don't neglect your church when it is the popular thing to do so. Our building is comfortable; our services are interesting and helpful. See "Baptist church notes" for Sunday subjects. BAPTIST CHURCH A LIVE CHURCH

ARE YOU PREPARED TO MEET THE SON OF GOD? FRIEND ARE YOU? FOR YOUR SOUL'S SAKE DO NOT NEGLECT TO HEAR NEXT SUNDAY'S SERMON ON THIS QUESTION. ST. PAUL'S LUTHERAN CHURCH "The Church With the Pure Gospel Message." SERVICES AT 11:00 A. M. OSWALD G. L. RIESS, Pastor

Building Up Markets

THE constituent lines of the Michigan Railroad Association will spend nearly \$25,000,000 this year for additions and betterments to their respective properties. These outlays will provide for greater safety, greater human life, more comfort for the traveling public, increased facilities and better freight service.

Michigan Railroads may justly claim more than their modest slogan, "We Serve Michigan." They have contributed to the rebuilding of the industries of the Commonwealth, as perhaps no other group of rail lines in America has done. Two decades of tremendous industrial expansion justified this far-sighted policy of the railroads.

In encouraging industrial up-building, the railroads have also, in a measure, created a Home Market that absorbs the bulk of the products of our farms, orchards, gardens, etc., right at home. So true is this that with increased production, the railroads are annually hauling farm commodities less and less. All of these—except the hay crop—are consumed at home.

THIS tremendous Home Market is the ideal market. But the expansion policy means more. It has created an outlet for similar products grown in other states. The track market at Detroit, for instance, handles 40 different perishable commodities from the cars direct to the dealers—a single transfer only. To illustrate: Fresh tomatoes are found at the green grocers for seven months in the year, thanks to expedited service and the refrigerator car. Shipments are made from Old Mexico and five southern states before the Michigan crop has matured. This is so for the entire list of fruits and vegetables.

With our present railroad system the average wage earner of today enjoys a far wider range of delicacies on his table the year round than did the Kings and Nobles of Europe of a century or more ago.

THE Michigan Railroad Association, then, takes justifiable pride in announcing its program of improvement and betterments for the current year which will further aid the state's industrial advancement, give even greater importance to the Home Market, and contribute still more towards raising the standard of living of all the people.

MICHIGAN RAILROAD ASSOCIATION

Record Liners Cost Little—Accomplish Much

NORTHVILLE Twenty-Five Years Ago

Items taken from The Record files of 1901, for the week corresponding to this week.

The Yerkes brothers and cousins to the number of twenty had a picnic here Friday afternoon and as a climax to the run Attorney George B. Yerkes and wife of Detroit were buried beneath a large quantity of office supplies located at the Northwestern Electric Car Co. The car was filled with office supplies, including a typewriter, a typewriter, a typewriter, and a typewriter. The car was filled with office supplies, including a typewriter, a typewriter, a typewriter, and a typewriter.

Among the recent successful applicants for second grade teachers certificates, we noted the names of Mrs. Marie Kaur and Miss Lida Colman of Northville.

Mr. and Mrs. J. L. Tamm spent Sunday with Mr. Tamm's mother, Mrs. Charles DeWitt and Whittier, who are working for her new home in Northville.

CHAMPION LEAVES TO PLYMOUTH FOR FOUR DAY

At the annual meeting of the Michigan Railroad Association, held at the Hotel Cadillac in Detroit, July 1st, 1926, the following resolutions were adopted:

SALEM, N. J., July 1st.—The annual meeting of the Salem Chamber of Commerce was held here today.

COMMISSIONER'S NOTICE. In the matter of the estate of SEYMOUR L. BROWN, deceased.

EDWARD BRYAN, Commissioner of the State of Michigan, has received from the Board of Directors of the Michigan Railroad Association the following report:

"CO-OP" BILL AND AMENDMENTS O. K'D

House Concurs in Changes in Administration Marketing Measure.

Washington.—By a vote of 158 to 77 the house concurred in senate amendments to the administration co-operative marketing bill and the measure now goes to the President.

Staggering with the problem in a bitter ten-hour session, the senate voted down the Senate's amendments which have the co-operative marketing bill had the approval of President Coolidge by a majority of 28 votes (54 to 26), a margin nearly five times as great as that by which the McNary equalization fee rider was defeated.

Then in rapid succession one substitute proposal after another was rejected. With only a relatively small part of the Senate membership remaining in the chamber, the co-operative marketing bill was passed without a record vote.

This measure, which would establish a new division in the Agriculture department to handle co-operative marketing problems and authorize an appropriation of \$2,500,000 for its work, already had been passed by the house, but because of senate amendments, including one eliminating naval stores from its provisions, it was planned to send it to conference between the two chambers for adjustment of these differences, but this action was later abandoned.

Practically no opposition to the co-operative marketing bill developed since it was passed by the house some weeks ago. The principal criticism of it by members of congress from agricultural sections being that, in their opinion, it was inadequate to solve the farmers' problems.

In the senate the chief function was to serve as a check on the proposals which provided the issues for the battle over surplus crop legislation. It was the "unfinished business" of the senate for three weeks before it was passed, but received scant attention in the mind of discussion which occupied the chamber during that period.

First Senator W. N. Day (Rep. Ore.) brought forward his equalization proposal as an amendment. Similar to the Huggen bill, which had been rejected in the house, this rider provided that although numerous changes were made in the equalization bill, it was strongly opposed by administration forces and it was voted down by a majority of 161 to 114.

Senator Day (Rep. Ore.) then offered his measure. It provided that the bill be referred to the committee on Agriculture for report. The bill was then passed by the house by a vote of 158 to 77.

Easily Trained Parrot

The biological survey says that the gray parrot of western Africa is best adapted to training as a talker.

'CO-OP' BILL AND AMENDMENTS O. K'D

House Concurs in Changes in Administration Marketing Measure.

Washington.—By a vote of 156 to 77 the house concurred in senate amendments to the administration co-operative marketing bill and the measure goes to the President.

Struggling with the problem in a matter of hours, the senate voted down the President's measure, a plan for the co-operative marketing bill had the favored support of President Coolidge by a majority of 23 yeas (54 to 31), a margin nearly five times as great as that by which the McNary administration measure was defeated.

The bill in rapid succession one substitute measure after another was reported. With only a relatively small number of the senate membership remaining in the chamber the co-operative marketing bill was passed with a second vote.

This measure, which would establish a new division in the agriculture department to handle co-operative marketing problems and authorize an appropriation of \$2,500,000 for its work, had been passed by the house because of senate amendments providing for a committee to study the provisions, it was proposed to hold a conference between the two houses for adjustment of these differences, but this action was later abandoned.

Practically no opposition to the co-operative marketing bill developed in the house some members of the opposition were reported to have been absent from the session, but in their opinion it was imprudent to solve the problem.

In the senate its chief sponsor was a leading voice for the proposals which would be the basis for the co-operative marketing legislation. It was the "unhatched barnyard" of the marketing work before the senate received significant attention. The measure was introduced by Senator Stephen D. Dyer (Rep., Ore.) and was passed by a vote of 54 yeas and 31 nays.

The bill was passed by a vote of 54 yeas and 31 nays. The bill was passed by a vote of 54 yeas and 31 nays.

EUCCHARIST CONGRESS ENDS AT MUNDELEIN

Procession of Blessed Sacrament Feature of Greatest Catholic Session.

Chicago.—The twenty-eighth Eucharistic congress of the Roman Catholic church, came to a close at Mundelein before a throng estimated at from 700,000 to 1,000,000. The final rites of the congress, a pontifical high mass, followed by the procession of the blessed sacrament, borne by John Cardinal Bozano, papal legate, were held on the grounds of St. Mary of the Lake seminary along the shores of Lake St. Mary.

The high mass, the procession, a rainstorm of 15 minutes' duration accompanied by hail broke and sent the hundreds of thousands scurrying for shelter. The clerical procession, however, proceeded on its way, completing the journey as prescribed.

The route of the procession, almost three miles long, was packed with humanity, eager for the glimpse of the equal and most colorful of all the Eucharistic congress demonstrations. As the head of the procession, with Cardinal Bozano bearing aloft the host, passed, the vast throng of pilgrims, dropped to their knees.

In the procession were twelve cardinals, fifty-seven archbishops, three hundred bishops, monks, missionaries, acolytes and laymen. An intercession of 1,000 feet along the line of march were choirs.

Comprising the colorful procession were Jesuits from various Roman Catholic national orders and several orders.

At the close of the procession Cardinal Bozano mounted the high altar on the seminary grounds and bestowed the benediction. The sermon was preached by Cardinal Hayes of New York.

Following the ceremonies and the storm, a tremendous rush for souvenirs began. For some time police and railroad officials were taxed to bring order out of chaos. The storm subsided. It was finally accomplished after heroic efforts and was considered remarkable in that no serious injury resulted to any of the vast throng.

As to crowd figures on the crowds which gathered at the North Shore, the police reported that 200 cars had been used in the seminary grounds. The police also reported that 50,000 people were present. It was reported that 75,000 people. Thousands of other people were present.

SWEDEN'S PREMIER

The new premier of Sweden is Carl Gustaf, 48 years, former editor of a country newspaper and the son of a farmer. He favors prohibition as against the present system of restricted sales.

U. S. DEBT IS CUT \$875,000,000 IN-YEAR

Secretary Mellon Cites Country's Prosperity

Washington—Continuation of the high level of prosperity in the United States was responsible for the anticipated increases in government receipts in the last fiscal year, Secretary of the Treasury Mellon declared.

Receipts during the last six months exceeded estimates by \$111,000,000.

The government began the new fiscal year with a total public debt of \$19,483,000,000. Surplus for the fiscal year was officially set at \$377,768,000.

The public debt is \$875,000,000 less than on July 1 a year ago.

In the year just closed the treasury's position with respect to public debt structure has been materially strengthened, Mellon said.

Interest paid during 1923, according to the secretary, was \$31,837,000 and should be \$755,000,000 in 1927.

The average rate of interest on maturing securities refunded during the year was 3.90 per cent as compared with 4.64 per cent on new quarterly issues.

WASHINGTON BRIEFS

The army bill met the almost unanimous approval of the house of representatives, which voted 253 to 12 in favor of the measure, approved by the senate.

Captain German held the 1914 Berles, tanks and other war trophies have been allotted to various American cities until the supply is exhausted.

Establishment of a movie picture division by the Department of Commerce to stimulate the fourth largest industry in the United States has been announced by Secretary of Commerce Hoover.

A bill to advise to Greece that the amount of \$20,000,000 of a war loan contracted in 1917, has been taken up by Representative Woodley. The Greece has refused to fund the bill until she receives the balance and the treasury has turned to congress for advice.

59 Ships Ordered to Carry Grain Overseas

Washington—At the suggestion of President Coolidge, the shipping board has assigned 27 available ships for the grain carrying trade and ordered 32 additional ships put into construction for use in the same trade to assure adequate ocean transportation facilities for grain exports.

Action by the board came after Secretary Jardine of the Department of Agriculture and Secretary Hoover of the Department of Commerce had appeared before the board as emissaries of the President.

Chairman O'Connor said the cabinet members came to the board at the suggestion of the President to call to the shipping board's attention the acute grain situation and the lack of sufficient ships to transport grain to the markets of the world.

Educators Elect Blair

Philadelphia—Francis G. Blair, state superintendent of public instruction of Illinois was elected president of the National Education association in annual convention here.

Two New Admirals Named

Washington.—President Coolidge has nominated Captains Charles E. and John R. B. Blakely of the navy to be rear admirals.

Warner Gets Aviation Post

Washington.—Edward P. Warner, professor of aeronautics at Massachusetts Institute of Technology was nominated by President Coolidge to be assistant secretary of navy in charge of aviation.

Will Have Longer Workday

Rome.—The lengthening by one hour of the laborers' workday is permitted in a new decree by the fascist government, which recently forbade strikes.

U. S. IS GAINING IN WORLD TRADE

Increase Is Shown Since Pre-War Days

Washington—A striking picture of the foreign, commercial and financial transactions of the United States during 1923 is given in the fourth annual international trade balance statement made public by the Department of Commerce.

In a foreword to the statement, which takes into account the huge visible and so-called "invisible" or "invisible" items of trade, Secretary Hoover pointed to the increase in total international transactions from around \$6,000,000,000 in 1921 to nearly \$6,800,000,000 last year, as "showing" very strikingly the "spontaneously increasing importance of our foreign commercial and financial relations."

The figure was a gain of approximately \$1,000,000,000 over the 1921 total and nearly \$5,000,000,000 more than the annual pre-war average.

Increasing economic activity in foreign countries, the secretary said, was reflected by a net import of July, one-fourth of the estimated amount of American currency held abroad and by the fact that the movement of foreign deposits in this country declined for the first time since 1921.

"During the year the United States further strengthened its international investment position. Our total foreign holdings now amount to about \$10,200,000,000, having increased by more than \$1,200,000,000 during the year. Our total returns from foreign investments are now greater than at any time in our history."

In the absence of complete and accurate figures which it was said would show total exports and imports, both visible and invisible to be equal, the statement, allowing for errors and omissions, estimated the final residual balance last year at \$4,000,000,000 against the United States. The same balance in 1924 was \$74,000,000 in this country's favor.

Although the excess of exports to merchandise dropped \$34,000,000 from the 1924 figure and a marked increase of \$125,000,000 in imports of new foreign securities was shown over the year, these were balanced by equivalent credit changes.

BACK TO THE STAGE

Mrs. Hilda H. Wilson, who for the year was one of the best loved of American actresses, now at the age of 62, is back again in Broadway to play in the revival of "The Two Orphans" in New York city. Mrs. Wilson, height a foot in height, 5 ft. 10 in. She thought it was too far for her to travel, but when she had come to town to the White Hall she could not resist.

Flip of Coin Chooses Township Treasurer

Port Huron, Mich.—The minor township office, the treasurership of Burnside township near Bay City has set a precedent for being barely contested.

At the outset there were seven candidates in the field for the office. All were eliminated but John Riley and Dolph McNary. At the April election Riley received 147 and McNary 133 votes. A recount was held and one of McNary's votes was thrown out, leaving the election tied.

Riley and McNary then decided to toss a coin for the honor. Riley won the toss. He gave McNary another chance with the coin, but again it fell in favor of Riley. Riley is now Burnside township treasurer.

Powder River Rightly Named; Water Burns

Arvada, Wyo.—Powder river is a fitting name for the stream which passes through the north-eastern section of Wyoming—it burns.

During the winter peculiar formations are caused by the gas seepages. When the river is frozen over, gas accumulates under the ice and as the pressure gathers, it forces thin sprays of water through the weaker spots in the ice and these sprays freeze in curious formations of arches and low pillars.

The gas does not make the water unpalatable for drinking. In Arvada there is a drinking fountain, the water of which can be set on fire at any time.

DRIVE CAREFULLY

The beginning of July practically marks the opening of the vacation period. During this month and August the most of us try to find a little time in which to forget the worries of work and indulge ourselves in a little play-spell.

Nowadays the automobile forms a decided adjunct in nearly every vacation jaunt. With the rubber-shod vehicle of the highways we are able to reach far more distant and formerly inaccessible points than we could in the old days when we had to depend entirely upon the steam horse as a means of transportation. That means that during these months there is a great increase in highway travel, with its dangers multiply until they become a real and often dangerous problem.

We can do our part to lessen these dangers by driving carefully and observing the rules of the road. As a rule there is no occasion to hurry and many a pleasant journey has been turned into tragedy by senseless speeding. Don't make this mistake. Keep close watch for railroad crossings, enter congested districts with caution and by all means drive carefully. It pays big dividends.

LOTS OF DIPHTHERIA IN DETROIT

Fifty Detroit children the average age of whom was five and one-half years, died of diphtheria in June, according to a bulletin issued by Dr. Carl B. Buck, epidemiologist of the department of health. The death rate for this period was 17%, fully 15% above normal.

The diphtheria prevalent among children here for the last five weeks is the most virulent type we have ever had to deal with, Dr. Buck declared. "In a majority of cases the first sign is a mild form of sore throat. There may be no rise in temperature or other symptoms to excite the caregiver's attention. Twenty-four hours later, though, the child is violently ill. It is probable that late for antitoxin and its most careful administration of the doctor prove ineffective."

I advise all parents to call in a physician as soon as the child complains of a sore throat. The first signs of diphtheria are often mistaken for a common cold.

MICHIGAN MEN TO VISIT STATE THIS YEAR

MICHIGAN'S TELEPHONES SHOW TOTAL OVER \$25,000

During 1925 the Michigan Bell Telephone Company installed 128,057 telephones and disconnected 52,551 owing largely to removals for a gain of 75,506. At the end of 1925 the company had 501,253 telephones in service, with 126,037 served by connecting companies, making a total of 627,290 instruments that can be reached over the Bell system lines.

The Bell wire mileage on the same date required to reach these stations amounts to a total of 1,691,682 miles. 314,403 miles were placed in service during 1925.

There was a marked increase in the use of the service during the past year when there was a daily average of 2,465,813 local originating calls, which was an increase of 201,692 calls a day. The total number of Bell toll messages for the year was 13,269,516, which represented another substantial increase.

MILFORD FAIR GETS \$2,000

The matter of the annual appropriation for the Oakland County Fair was up for consideration as a special order of business before the Board of Supervisors for this Thursday forenoon at eleven o'clock. Supervisor Burdick presented the case to the supervisors and President McCall and Secretary Lovajoy of the Fair association were present. The Board voted to make the appropriation this year \$2,000, and there was not a dissenting vote. Last year the appropriation was \$1,500. —Milford Times.

IS SENT TO JAIL FOR THREATENING OFFICER

James Baker, arrested at a dance in Commerce township for threatening an officer with a revolver, was sentenced to four months in jail Monday morning by Judge Glenn C. Gillespie. The youth wore an army uniform and said he is serving an enlistment. He got drunk at a dance and threatened the officer. —Pontiac Press.

MACCABEES MAY JOIN FORCES

The proposed merger of the Maccabees and the Ladies of the Maccabees, was authorized by the State Supreme Court Friday. On the petition of the Ladies' organization writ of mandamus was issued compelling E. T. Hands, state insurance commissioner, to approve the consolidation.

It was held that Hands has no right to review the action of the two organizations in voting for the merger and to refuse them the right to consolidate.

PERE MARQUETTE EARNING SHOW GAIN OVER LAST YEAR

Pere Marquette's gross earnings for May 1926, totalled \$3,648,722, as compared with \$3,767,334 in the same month last year. The net operating income was \$573,830, against \$499,388, and surplus after deduction charges was \$236,188, against \$275,420.

Figures for the first five months of 1926, as compared with the same period in 1925, show increases of \$1,775,490 in gross earnings, \$24,977 in net operating income and \$25,520 in surplus after the deduction of charges.

Temperature for House

One hundred years ago 51 to 55 degrees was considered a good house temperature. Thermostats provided the means for maintaining a constant temperature. When stoves came into use 60 to 70 years ago the temperature rose to about 62 degrees. With the heating use of furnaces, some 30 years ago, that of 72 degrees was required. Today a temperature of 70 degrees is considered a normal.

DETROIT YOUTH ACCUSED IN DEATH OF GIRL IN CRASH

A charge of neglect homicide was placed against Lloyd Schlesinger, 19 year old, of Detroit, in Justice John J. Schuler's court at Farmington, Thursday, following the preliminary examination of the Detroit man held on a charge of reckless driving. Schlesinger was the driver of a machine which on June 17th, collided with a car on the Grand River road west of Farmington in which Miss Mable Terrill, 17 years old, of De-

troit, was a passenger and in which she received injuries which resulted in her death. Miss Terrill was riding with Harry Hewitt of Detroit, at the time of the accident. Schlesinger's bail was fixed at \$1,000 which he furnished and his examination was set for August 3rd.

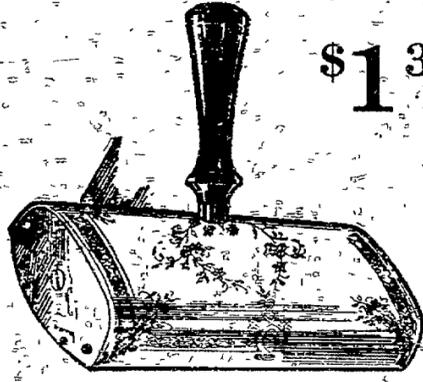

The supervisors of Washtenaw county have fixed the assessed valuation of the county at \$96,567,668, and increase of \$1,000,000 over last year.
