## STATE NEWS IN BRIEF

**Lansing**—Financial statistics on the state government of Michigan, published recently by the U. S. Department of Commerce, show that collections of property and special taxes increased 145.2 per cent between 1918 and 1924. Between 1924 and 1925 the yield of the same taxes showed a decrease of 1.8 per cent.

**Detroit**—Telephone rates in Royal Oak will be increased in the near future, the Michigan Bell Telephone company having won authority for such action from the state public utilities commission at Lansing. The order was the first to be issued in connection with the company's statewide application for higher schedules.

**Ann Arbor**—More than 39 per cent of the students enrolled in the summer session of the University of Michigan hold degrees from colleges throughout the United States, for from this university, according to a report issued by the dean. The 1495 degrees are held by 1,288 students, some of them holding as many as four degrees.

**East Lansing**—Paul E. Nelson, blind poet at the Michigan State College, was the favorite of the Michigan State College, according to a report announced by Elida A. Nelson, registrar. Miss Nelson took the full course and attained the grade of A in all subjects. Only a few other students made the honor list, and with one exception, all were coeds.

**Saginaw**—The Saginaw Oil Field had another prodigious well added to its number recently when the No. 8 well, owned by the Saginaw Prospecting company, showed oil content when the drillers reached a level of 1,511 feet on the berea sand. The well wells the shallowest in depth, or any drilled in the local field at a depth of a few feet, by or near the well.

**Pontiac**—More than 12,000 automobiles were manufactured according to the figures at this point. The highest of the month will be a record of 1,500 cars a day, it is expected.

**St. Louis**—A new water pump and a new water tower will be built at this point. The new water tower will be an early addition because of the drought and some emergency measures may be adopted to catch water in the event of a shortage.

**Detroit**—There is the possibility of the Detroit Chapter of the National League across the border into the United States for the first time. Mr. [Name] explained that he had expressed hope that Canada would not antagonize the league to help liquor cartons that crossing American shores.

**Pontiac**—Eighty-four residents of the village of South Lyon are plain dirt, in a civil suit against the Detroit Panel and Plymouth Co. in which they seek the return of \$10,000 paid for stock in 1923. Their claim the company promised to move its factory from Detroit to South Lyon but before a factory could be completed the company went into the hands of a receiver and the suit was filed.

**Kalamazoo**—Three separate official investigations of Kalamazoo's fire mystery are under way as a result of the destruction July 7 of the First Presbyterian church with a loss of about \$150,000. The officials plan to cooperate in their effort to learn the identity of the person or persons believed to be responsible for the destruction of three churches and two lodge halls and the damaging of many other buildings in the last seven months with an aggregate loss of more than \$700,000.

**Port Huron**—Miss Elizabeth Carls, teacher of the Washington Junior High school, civic class has received word that Port Huron's entry in the "Better Homes in America" movement won a prize in the 1926 national contest. Miss Carls and her class had charge of the construction of the home. In 1922 Port Huron won first prize in the contest and in 1925 a special prize was awarded Port Huron for its model home entry. The 1926 entry was an English type of cottage.

**Lansing**—Following receipt of reports of the heavy Fourth of July casualty list in Detroit, and other cities in the state, Gov. Alex J. Groesbeck has directed Charles V. Lane, chief of the State Fire Marshal's division of the Department of Public Safety, to confer with the Attorney General's office with a view to preparing an "Iron-clad law prohibiting the sale and use of fireworks to children." The safety of children should be the primary consideration of the state, Lane said.

**Saginaw**—Directors of Frankenthum by a vote of 9-2, approved the sale of the municipal power plant in the village to the Consumers' Power Company. The state rate will be given residents of Frankenthum.

**East Lansing**—Editors from 18 states were at the fourteenth annual convention of the American Association of Agricultural Editors, which met July 9, at the Michigan State College for the first time in its history.

**Mt. Clemens**—Macomb County deputy sheriffs and James Murphy, a Detroit detective, are endeavoring to trace thieves who rifled the safe box of St. Gertrude's church at New Baltimore, Michigan, northeast of here, the night of July 4.

**Petoskey**—Northwestern Michigan Odd Fellows and Rebekahs gathered at Indian River state park July 5th to help celebrate the one hundredth anniversary of American independence. Thousands attended, every family bringing friends.

**Jonah**—An unusually small number of teachers quit the schools at the close of the last school year and all but one place has been filled for next year. A. A. Risher remains as superintendent, and Lloyd T. Smith as principal of the high school.

**Detroit**—Detroit Police of July 14 lives—seven Sunday and Monday while several other Detroiters died at drownings and accidents upstate. Of those killed in Detroit, two were drowned and five were burned.

**Marquette**—Fourth of July celebration at Marquette branch prison was featured by four baseball games among the inmates. Monday was a general holiday at the prison with two special meals, moving pictures, band and orchestra concerts and an athletic program.

**Sault Ste. Marie**—Dwight H. Koster, 16, money boy for gambler, was arrested by police. He was unconscious, breaking two ribs and badly bruising his face. It is believed that the mother will be charged with premeditated murder.

**Grand Rapids**—The Cape Henry wife of a Detroit man, arrested and committed to the Grand Rapids jail for the murder of her husband, the Grand Rapids man, was arrested by police.

**Marquette**—John Krause, 40, of Marquette branch prison, who has his kitchen recently while working in the lumber yard, was caught by a guard who found him walking about a "cave" about four miles from here. He traces his background to Peter Farrar, another truly wild, escaped with driving a prison car. Officials expressed the belief that Farrar fled with a woman in another automobile.

**Menominee**—Arley Emsiek, 23 years old, airplane parachute jumper, was drowned here July 8th when he leaped from a plane above the city and fell into Green Bay. Emsiek and John Spitzer, aviator, had been at the Independence Day exhibition at a park. Emsiek jumped with the parachute and the wind carried him out over the water. Though he succeeded in freeing himself from the parachute he sank.

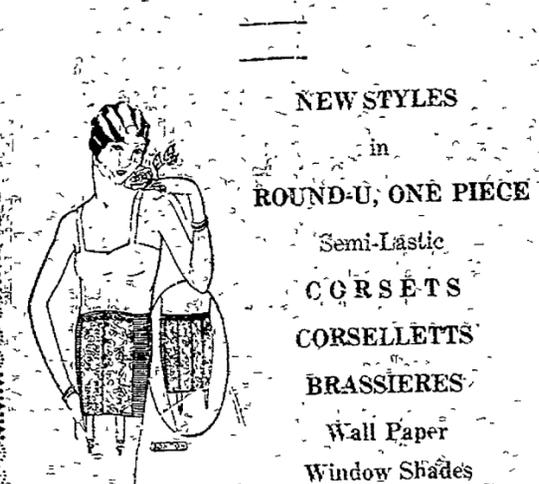

**St. Louis**—A 600 pound mouse is dead here as a result of a rampage through the city which ended only when the animal was drowned in a power canal. The animal crossed the river from Canada, raced across lawns and gardens and bunched on it to the waters of the canal. The current carried the mouse against the guard gates of the Michigan Navigation Power Company, and when it was reached was dead from exhaustion and drowning.

**Marquette**—The controversy which started here over an ordinance banning fireworks resulted in the rescinding of the ban and youngsters shot off fireworks to their hearts' content on the Fourth. A special meeting of the city commission amended the ordinance to allow the use of fireworks in accordance with the state law. The same fourth rule was adopted in 1919 and city officials had not tried to enforce it until this year, when agitation caused its annullment.

**Iron Mountain**—A search for the instigators of a riot to shoot and dynamite a path to freedom from the Marquette branch prison here, is under way with Altra Hanson, former Detroit policeman, one of the principal suspects. Hanson and girls were found in Hanson's cell. Two of the girls were found in the cell of Rev. Daniel F. Tucker, former Methodist minister of lower Michigan, who is serving a 10-year term for criminal assault upon his 19-year-old daughter.

**Clare**—Several forest fires in Clare County, most of them being along the Ann Arbor Railroad track and evidently set by the sparks from the locomotives, recently assumed dangerous proportions. Deputy Warden Lambert and a large force of men are working night and day to keep these fires under control. Several unoccupied buildings north of Lake George have been destroyed and cottages of some of the other lakes have been threatened. The fire has been increased by the dry weather and the high timber and brush.

RECORD WINNERS—THE BEST RESULT GETTERS.

The Northville Record. E. E. BROWN, Publisher. An Independent Newspaper published every Friday morning at Northville, Michigan, and entered at the Northville postoffice as second-class matter. Subscription Price \$1.50 per year. NORTHVILLE, MICH., JULY 16, 1926

FIFTY-SEVEN YEARS OLD TO-DAY The Record has reached its fifty-seventh year of its existence with this issue and judging from all outward appearances is feeling fine and going strong. It has not chafed ailments, its digestion is good, eyesight fine and hearing wonderful. Who would have believed it? Fifty-seven years is a long time, however, even in the life of a village newspaper, and during those years it has had to fight its mission for its own sake. We enter upon the new year with a clean conscience and a bright future. The town has been a village and with deep appreciation for the past we hope to see it become a city.

FORMER NORTHVILLE RESIDENT ACCIDENTALLY SHOT. Claud McFarland, a former resident of this place, where he was employed in Hills & Hobling barber shop, was accidentally shot in a grocery store on the Six and a half mile road in Detroit last week Thursday. While in the hospital receiving treatment for the wound he contracted pneumonia and died Monday.

He was 24 years old and is survived by his wife, and his mother, Mrs. D. McFarland of this village, and a sister, Ellen, and a brother, Clifford, of Detroit. Mrs. Frank Lyon was his grandmother.

GRAND CHANCELLOR VISITS NORTHVILLE Grand Chancellor Wilmot, of Jonesville, paid an official visit to Northville last Tuesday, and witnessed the conferment of the rank of Esquire on some of our boys. During the evening he gave an interesting and inspiring address and conducted a school of instruction for the benefit of all Putnam present. A luncheon and concert were enjoyed and a pleasant social hour followed. The lodge is in a very prosperous condition and when fall comes, there will be a good deal of work.

OBITUARY Roy Walter Dayton, Roy Walter Dayton son of Mr and Mrs Walter C. Dayton, passed away at his home in Detroit at Wednesday of last week, aged 21 years. Funeral services were held at the family home on Saturday afternoon being conducted by Rev. Wm. Richards. Burial took place at Woodlawn cemetery in Detroit. He had been a sufferer from tuberculosis for some time and an attack of pneumonia brought this young life to its close.

The family came to Northville from Detroit some months ago. He leaves to mourn his passing his parents and one brother, Harry, who was manager of the first A. & P. store established in Northville where he received clerical in 1917. The deceased was a nephew of A. B. Ransom, a former resident of this place.

Mrs. Hugh H. School The passing away of Mrs. Hugh H. School on Sunday evening came as a surprise to her many friends in the community because but very few were aware of her illness. She was an untiring worker in the M. E. church, the Missionary society and the Ladies Aid and it can be truly said of her, as the Master said of one of his devoted disciples, "She hath done what she could."

The deceased was born in Carlisle, Ohio, June 26, 1863. She was lent to a life of trials and responsibilities with five small children, her husband having died early in their married life. But like the devoted mother, that she was she managed splendidly and reared a family that was an honor to her womanhood and a reward for her sacrifice. Later she married Mr. School, the marriage taking place May 4, 1904, and they have since lived happily on the Esauery road. Besides her husband she leaves to mourn her death four daughters, Mrs. Lela, Mrs. Elmer, Mrs. Merritt, Mrs. Rose Clark and Mrs. Amy Carpenter. One son made the supreme sacrifice in France during the World War.

Funeral services were held at her late home on Wednesday afternoon and were conducted by her pastor, Rev. Wm. Richards. Miss Katie Norton of Arkansas City, Arkansas, and Mrs. George Wright of Blackwell, Oklahoma, who have been guests at the home of D. P. Yerkes, Sr., and other relatives, during the past week, leave for their respective homes today.

PRESBYTERIAN CHURCH NOTES Mr. V. P. Blaine, world traveler, business man and a forceful speaker, will speak Sunday morning at 10.30. Come and hear what promises to be an interesting portrayal of experiences in the Near East. Sunday school at noon. Lesson: "The Call of Moses." Evening service at 7.30. The pastor will speak on the "Growth of the Kingdom." Mid-week meeting Thursday at 7.30 in Studebaker's parlors. "Jesus and Standards" in Did Jesus give a code of laws to guide human conduct or great moral principles? The No. 1 circle of the Woman's Union will hold a silver tea at the home of Mrs. W. H. Stark at Walled Lake on Wednesday, next. Conveyances will be provided. Phone, 62 or 325.

ST. PAUL'S LUTHERAN CHURCH A good resolution for next Sunday is to give a code of laws to guide human conduct or great moral principles. The pastor's English sermon next Sunday morning at 11.00 o'clock. Whether you are a business man or a man should not miss this message. There is a seat in our church for you. Come hear this sermon and worship God with us. Services in the German language will be conducted at 10.00 a. m. Sunday school at 10.00 o'clock. Lesson subject: "How Israel Worshipped a Golden Calf." You are always welcome at St. Paul's.

BAPTIST CHURCH NOTES God's bookkeeping system will be the subject of the sermon Sunday morning and the subject of the evening sermon will be, "God's Bible Page." The evening service starts at 8.00 and is followed by the radio service. The children's choir, under the leadership of the church organist, Miss Margaret Higgins, is doing splendid work. The singing events Sunday evening at 7.00 o'clock. A special program is being prepared for the month of August. How much about this? It will be efficient.

The Sunday school will be held yesterday. We hope you and if you can, bring your children. We will be glad to have you.

MEPHORISTS BIRCH NOTES The Holy Ghost is our divine mediator. The place where two people worshiped God and the Holy Spirit is the church. The church is a community of people who are united in their worship of God. The church is a community of people who are united in their worship of God. The church is a community of people who are united in their worship of God.

TWO NORTHVILLE HORSES WERE RINGLING BROTHERS' CIRCUS. It will be a great day for us if we can see the Ringling Brothers' Circus in Detroit last week. To learn that two of the performing horses seen in the rings were Northville raised and that they were the products of the "Stark" weather stock farm of this place. These animals were purchased by the Ringling Brothers four years ago and were made broken at that time. There were more than 200 horses in the great show and all were as fat and sleek as good food and good grooming could make them. About one-half of the number were draft horses and the balance were light horses that were shown in the three big rings, chariot races bare back riding etc. The spotted horse shown in the center ring was "Freckles," a former Northville horse. The animal was ridden by Jay Worth champion bare-back rider of the world, and was chosen by Miss Worth as the best performing horse and was taken to Europe last winter by Miss Worth and appeared in England, Germany, Merritt, Mrs. Rose Clark and Mrs. Amy Carpenter, wherever shown. The other horse Lady Worth is the champion cake-walker and high school mare in the great show. Probably but very few who witnessed these animals perform knew that they were raised in Northville, and it is doubtful if any other town in the state can boast of producing two such wonderful horses.

Some bedding took fire in the Park Hotel Wednesday afternoon and an alarm of fire was turned in. The burning sheet and blanket were thrown out the window and all danger was soon over.

LOCAL PASTOR TO ASSIST WITH CORNER STONE LAYING. Rev. William Richards, pastor of the M. E. church will lead the services in connection with the laying of the corner stone of the new church at West Pointe Park on the Seven Mile road on Sunday, July 25th. A very interesting program is being arranged for the affair and a large crowd is expected. The community church that now has a membership of more than 200 and a fine spirit is being manifested by the people of that section. Rev. Geo. E. Gillen, is the pastor of the church. A most happy choice. He has large property interests there, owning a lot of business frontage and also has two new business blocks and will erect more. He contemplates building a residence there also.

LOCAL. Regular meeting of E. S. S. on Friday, evening 8. Mrs. A. B. McCullough, teacher schoolmate, Mrs. B. A. Finney, at Ann Arbor, Thursday. Mr. and Mrs. W. R. Seyleng spent last week with relatives and friends in New York state near Buffalo.

Mr. and Mrs. Norman Hearn, Mrs. A. B. McCullough, and Mr. and Mrs. D. W. McCullough were at Walled Lake July fourth. Mr. and Mrs. Fred Vanatta and Mr. and Mrs. Norman Hearn went to Put-in-Bay Saturday. They reported a pleasant trip, but rather rough among those from out of town who attended the funeral of Mrs. Tait last Sunday were James Bullen of Flint, Mr. and Mrs. John Bullen of Caro.

Bar. Rice, formerly of Now, died in Detroit the first of the week and funeral services were held at his home in that city Wednesday afternoon. Burial took place at York. During the past week Messrs. Simpson and Ma of the Stinson Airplane Company of this village have made a trip from Chicago to Seattle, and returned covering the distance in a very short time. Mr. Simpson is in Washington D. C. this week.

Members of the Meadowbrook Golf Club met an equal number of players from the Washington Club on Wednesday. Last week the two clubs contested the honors on the Washington links and the Ann Arbor players won by a one point.

Miss Norma Balke, daughter of Mr. and Mrs. Louis Balke and Theodore Balke of Plymouth, were united in marriage at the Lutheran parsonage in this village last Friday. Rev. O. G. Le Borgue performed the ceremony. They left immediately after the wedding for New York state where they will visit Mr. Balke's parents for a few days.

Friends here for the funeral of Mr. R. Nelson of Detroit, who died in Ann Arbor, Michigan, Monday, July 12th. The funeral was held at the home of Mrs. George Wright of Blackwell, Oklahoma, and Mrs. Wright's husband of Northville, Mrs. Joseph Balke and Mrs. Rev. William of Ann Arbor. Mrs. Helen Holmes, Mrs. Helen Holm, Mrs. Albert Perry and Gene Holm and Mr. and Mrs. C. H. Cannon of Detroit.

Auto Club Notes. The club members have decided since the present secretary has been in office we should have no less than 500 members. The signs that point out the country roads are the work of the Auto Club. Ask for a membership and pay \$3.00 and become affiliated with 99 clubs throughout the United States as well as the Dominion Club of Canada. Service has been given to members of trouble this last week through this club. Many have been helped in their journey also in all parts of Michigan and unnumbered places in this report. "Some Justice" said, one member as he was surprised at the information this club gave him.

NELSON C. SHRYDER, President. WM. RICHARDS, Manager and Secretary.

CARD OF THANKS - I wish to thank Rev. C. L. Ries for his comforting words at the time of the death of my mother, Mrs. A. J. Mason, Mrs. Roy Eckles.

CARD OF THANKS - We wish to sincerely thank each and everyone, also, The King's Daughters, who assisted us during the illness and death of our wife and mother, Mrs. A. Masell, John Masell and Family.

CARD OF THANKS - We desire to express our thanks to our many friends and neighbors who so kindly assisted us in the loss of our little darling Corinne; her little schoolmates for their part in the services; the Wahjamee, Wenehaha Conchs and Ottawa Tribe, No. 7, Rev. A. B. MacRae for his words of comfort; Mr. Vandyne for his beautiful songs; and for the beautiful floral tributes. Mrs. and Mrs. J. E. Beulhen, Mrs. Sarah Green and Family.

CARD OF THANKS - We desire to express our thanks to the kind friends and neighbors for their assistance and words of sympathy at the time of the death and burial of our beloved wife and mother, especially the Missionary society, the Ladies Aid, the C. A. Dolph Bible class, The King's Daughters, American Legion Auxiliary, the Lady Maccares and Rev. William Richards, and those who contributed the beautiful flowers. - Hugh H. School, Mr. and Mrs. Clifton Lyke, Mr. and Mrs. C. Merritt, Mr. and Mrs. W. Carpenter, Mrs. Rose Clark. P

DON'T BE A SPIRITUAL RUNT Few people would like to be called mental and spiritual dwarfs, but when you size up their outlook on life you have to admit that they are pigmies indeed.

Some higher power must reach down and energize these lives, so that their souls and minds will work to capacity. Moses heeded the voice that spoke to him from the midst of the bush and set out to be the leader of the Hebrew people. Moses used his God given powers for the church—the community—the world—his name stands high in the annals of history.

There is a burning bush for every life—a voice that calls from its midst—and all must step aside to see it near. Woe to that one who is not wise enough to listen.

C. A. DOLPH BIBLE CLASS METRODIST SUNDAY SCHOOL NORTHVILLE METHODIST EPISCOPAL CHURCH HOURS OF SERVICES Morning 10:30 Sunday School 12 Noon Evening 7:30 REV. WM. RICHARDS

First Presbyterian Church NORTHVILLE, MICHIGAN. Peter was a great fisherman and a better one after he took Jesus as a partner—he not only caught more fish, but he became a great fisher of men. There is no greater satisfaction to be had in this world or the next than that of having both the fastness in the hands of God by which men and women are brought loose the way they should go, that they may receive ready welcome at the gates of the eternal city. There is a place for you in the ranks of willing workers for Christ. Come to church and find how you can best serve Him. You laborers will not go unrewarded. 19:00 a. m. - 7:00 p. m. A WELCOME FOR YOU AND YOUR FRIENDS

THE FRIENDLY CHURCH

A GOOD SET OF TOOLS Talents are tools, God has given us. ## Sweeping Changes In State Fair's Army of Exhibits

In order to better display the exhibits at the Michigan State Fair which will be held at the State Fair Grounds at Detroit from September 5 to September 11, a number of changes in the arrangement of the exhibits is to be made.

Those who have been attending the State Fair during recent years have seen practically the same arrangement, year in and year out, with nothing to vary the monotony, and with nothing to indicate that the exhibit was new.

This policy has been changed since the present State Fair Board was appointed and managers of the fair have been instructed to go the limit in arranging the exhibits in the best possible manner.

Sweeping changes have been planned to improve the dairy and poultry exhibits, as well as those of the boys' and girls' clubs.

At the same time the Women's exhibit will be held this year in the new Women's Building, which is one of the most attractive structures on the State Fair Grounds.

## INTEREST IS KEEN IN CATTLE EXHIBITION CLASS AT STATE FAIR

The Michigan State Fair cattle exhibition class promises to be the best filled this year in the history of the fair, according to Walter B. Palmer, Director of Live Stock and Exhibits of the fair.

One new feature at the fair September 5 to September 11 will be the county herd class providing competition between counties in the various breeds. If a single exhibitor does not have enough animals, he can combine with breeders of the same breed and show in the county herd class. If he is an especially strong individual he can also win a percentage of the prize money for the one or two animals that he has on a high point.

Another new feature of this year will be a special competition among state institutions. The management of the fair has provided special prizes so that the fair show herds from the state farms at Traverse City, Pontiac, Ionia and other points will have plenty of competition without showing against private owners who may not have as strong herds but whose herds rank high as to breeding and utility.

The Cattle Department of the fair will be supervised this year, the same as last, by Robert Barney, a leading breeder of Traverse City. Prof. G. M. Reed, of the Dairy Husbandry Department of the Michigan State College has given a great deal of attention to the forthcoming cattle exhibit at the State Fair. He has also been named Chairman of the National Dairy Exposition executive committee. This exposition will be held on the State Fair Grounds October 5 to 13th.

Michigan is fast becoming a great dairy state and interest in the Dairy Cattle Classes is growing with leaps and bounds.

## HORSES! HORSES! AT FAIR GROUNDS IN TRAINING GRIND

Between 130 and 150 horses are now at the Michigan State Fair Grounds at Detroit training for the Grand Circuit races and the other light harness races which will be held at county and state fairs throughout the Middle West this summer and fall.

Fresh arrivals at the stables in Detroit were at the grounds by May 1 and within three weeks more than fifty horses were in daily training. Of the 130 horses approximately half are trotters and pacers and the other half are saddle horses in training for the horse show.

A number of horse shows and fairs have already been held in Ohio and Indiana, and many of the animals which were being conditioned at the Michigan State Fair track, have left their stables for short periods in order to compete in these shows and fairs.

Because this past spring has been quite backward, no fast time has been recorded for any of the horses at the track, but by the middle of July real speed will be on tap. By the opening of the State Fair on September 5 the horses which are to enter the various events at the Michigan State Fair will be at their peak form.

## SHOW RING BEING BUILT AT STATE FAIR RACE TRACK

A show ring is being constructed at the State Fair Grounds in Detroit in the centerfield of the mile track for the horse show which will be staged in connection with the annual Michigan State Fair to be held from September 5 to September 11.

The show ring will be 250 feet long by 100 feet wide and is being built directly in front of the grandstand at the fair grounds.

## U. S. RADIO CONTROL GONE, SAYS HOOVER

### Secretary Merely to Suggest Wave Lengths, Result of Federal Ruling.

Washington.—Government regulation of radio has broken down and voluntary self-regulation by the broadcasting industry is the only bulwark between the \$200,000,000 radio industry and chaos, Secretary Hoover has announced.

His pronouncement followed an opinion by Attorney General Sargent which holds that the secretary of commerce is utterly without power to enforce or deny the use of particular wave lengths, or fix the power of individual broadcasting stations.

While the attorney general's opinion leaves the door wide open for the pirating of wave lengths which have been previously denied, officials of the Commerce department expressed the opinion that the industry itself would get to avert undue interference with the regular broadcasting programs.

Present day radio sets can pick up signals between 200 and 600 meters. Between these limits there are about 95 wave bands, now being used by nearly 500 stations. Last fall the department stopped issuing broadcasting licenses because of the crowded condition of the air, and as a result there are more than 600 applications on file.

In view of the fact that the department has no longer any authority to deny licenses, and they will be granted, officials of the department said, however, that in the new licenses issued no wave length will be prescribed unless the applicant announces that he plans to use a certain one. In that case the wave length will be incorporated in the license.

Secretary Hoover said that he will endeavor to maintain the reciprocal relation between this country and Canada in the matter of selecting wave length, and expressed the hope that in the interest of fair play, no American station will interfere with any wave length in use by a Canadian station.

It is believed that the legislation which will be introduced at the present session will be the most important measure in the matter of radio in the past several years. It is believed that the department will be able to meet their needs in the future.

## To Sell Two Government-Owned Steamship Lines

Washington.—The United States government has been taken by the shipping board toward the sale to private interests of the two largest government-owned steamship lines, the United States Lines and the American Merchant Line, both operating out of New York on trans Atlantic routes.

The United States Lines operate among other ships, the giant Leviathan with a gross tonnage of 33,000, as well as two other larger German liners, the George Washington and the Republic. It also has the American-built steamers President Harding and President Roosevelt of about 11,000 tons gross, but the former German liner, now named the America, which was seriously damaged by fire while on a derelict voyage at Newport News. The American Merchant line includes eleven ships of approximately 5,000 tons each, among them the war-time army transports.

## Convicts Lock 391 Men in Mine 730 Feet Down

Lansing, Mich.—Sixteen officers and guards and 375 other convicts were locked in the cell blocks of the Kalamazoo state penitentiary here, 730 feet below the surface, following a mutiny among the convicts.

The miners locked the cage to the shaft, making it impossible to send aid down to the guards. Warden Mickey said.

The convicts tied at the bottom of the shaft and telephone wires in the mine were cut, making communication impossible. Prison officials said they expected the mutineers would come out of the mine when hungry.

## May Lose a Million in Taxicab Failure

Chicago.—More than a million-dollar loss to stockholders—perhaps 200,000 of them, and mostly small investors—was forecast as the probable outcome of the crash of the Premier-Cao company.

The assets are represented by upwards of 700 taxicabs—some of which are reported to have disappeared. After a cursory survey of the assets, Receiver Samuel Howard, former deputy United States marshal, was of the opinion that little could be salvaged for the stockholders—many of them school teachers, small tradesmen and household servants.

## World Drive on Drugs

Philadelphia.—Delegates to the first world conference on narcotic education made plans here for an international campaign to break up the production and sale of habit-forming drugs.

## 'Sheik' Dashed Guilty

Chicago.—Martin Durkin, the Chicago 'Sheik' bandit, was found guilty of murder by the jury that sentenced him to the state prison at Joliet, Ill., for the slaying of a federal agent.

## Fresh Fruits and Vegetables

We have about everything that is on the market these days—peaches, plums, berries, watermelons, cantalopes, oranges, bananas, lemons, beans, beets, new potatoes, cucumbers, carrots, etc.

If you prefer the Canned fruits we have a very choice assortment from which you may make your selections.

Supply your baking needs here and thus save yourself the labor of baking these summer days. We have a good assortment of Baked Goods every day.

## CONVICTS GET LIFT UPWARD

### STATE POLICE ASSIST PAROLED MEN TO GO STRAIGHT ON RELEASE.

A part of the work of the State Police, which very little is known by the public, is that of looking after paroled prisoners after they have served their minimum sentences. In any of the prisons. The intention is to give them such supervision as will lead to reformation, where possible but also to safeguard the community against further lapses into crime. This work of supervision is in the charge of State Police in the industrial communities and, where there are posts of troopers.

It is found that from 11 to 20 per cent of paroled prisoners have to be returned, the remainder going straight at least during the parole period. Under the present system, every paroled man has some money upon release which he has earned while a prisoner. There are only a few who lack sufficient funds to carry them through until they can get something. A special arrangement has been made with the employment manager of one Detroit factory whereby such men are given work in his plant and their room and board paid for until their first pay day.

Chance to Reform

Only the employment manager of the factory knows that the man employed is a paroled convict. This assists in keeping the men at work. The State Police do not go to the factories to check up but visit the men's homes and also get reports from the factory manager. In this way lapses are quickly detected.

In checking up on the paroled men, the officers visit the county jail, attend the "showups" of prisoners at police headquarters, attend court hearings and, also, the domestic relations courts. It is very difficult for a former convict to go wrong again without being detected at once and returned. The State Police also work with county probation officers who are under authority of the courts.

Pictures and fingerprints are made and kept by the parole division so that if a man violates the rules and leaves the state, a circular is printed and sent out at once and he is almost certain to be recaptured and sent back to serve out his sentence.

In very few cases have the State Police found that local police officers followed up former convicts and interfered with their getting and keeping employment and going straight. In such cases the parole officer acts as the paroled man's friend.

Recently, in the upper peninsula, State Police have been requested to act as probation officers in circuit court cases in certain instances.

## NEW BARRACKS FOR TROOPERS

Upper peninsula troopers of the Michigan State Police will have better quarters in the future. Ground has been broken for a new barracks at Marquette, near the prison, which will supplant the old barracks at Negaunee in case of trouble in the prison, as has happened before, the troopers will be close at hand. A two-story brick building is being erected with garage. Capt. Arch. N. Dowling will have his headquarters there.

Citizens of Newberry commended the materials for a small post building there and the troopers did most of the work of putting it up. Formerly the men stationed there lived in rented rooms.

A new post has also been established near Iron Mountain.

## Cleghorn Gets Badge

As testimony of their regard for his ability and handling of duties as acting police chief for several weeks, the city council of Hamtramck recently presented Lieut. John C. Cleghorn, commander of the St. Clair detachment of the Michigan State Police, with a gold and platinum badge inscribed "Commissioner of Public Safety." On the back of the badge is an inscription showing the appreciation of the city of Hamtramck for his services from March 9 to April 26.

Lieut. Cleghorn was in complete charge at that time of the police department of the city, having been commissioned by the governor to take charge when local officials were unable to preserve order, following a shooting scrape within the ranks of the city department and apparent complete demoralization of its control.

## ON TARIFF COMMISSION

Sherman J. Lowell of New York, who has been sworn in as a member of the United States tariff commission under a recess appointment of President Coolidge.

## FARM LEADERS WILL PLAN NEW MEASURES

### Meeting to Be Called at Des Moines in a Few Weeks.

Washington—Following the defeat at the recent session of congress of the McNary-Hatgen bill, the Farm-Tucker bill and other measures for the relief of agriculture, it is announced here by farm leaders and leaders of the agricultural group in congress that one or more important conferences will be arranged soon in the Middle West.

The expectation is that the first of a series of conferences will be called to meet at Des Moines within a month or six weeks. That conference will probably be followed by others.

The object of the coming conference or conferences as the main object is to continue the fight for the house and senate for legislation along the lines of the McNary-Hatgen bill. The advocates of such legislation break on the equalization of the vital principle. They regard it as essential that there be a strong farm bill at Washington and that this bill be selected for the far-reaching legislation by the farm or agricultural group.

## \$2,793,563 Was Cost of Pennsylvania Primaries

Washington—Estimates of the three rival tickets in the Pennsylvania Republican primaries totaled \$2,793,563, according to a revised official tabulation made public by the Longmire investigating committee. This total, including \$1,500,000 expended on behalf of the Peffer-Elmer-Smith-Wedgwood ticket, \$800,000 for the Vice President's Lane-Woodward ticket and \$1,500,000 for the Peffer-Schmitt ticket.

## Thousands of Elks in Chicago for Reunion

Chicago—Thousands of members of the Benevolent Protective Order of Elks are in this city for the sixty-second grand lodge reunion and dedication of the Elks' national memorial. William J. Sinek, general convention committee chairman, estimated an attendance during the week of more than 300,000—a record for all Elks' gatherings.

## Coal Shortage Menaces Mills

London—Lanashire cotton mills will have to close within a few days on account of shortage of coal, it is learned here. Many thousands of men and women will be thrown out of employment.

## Presbyterians Boycott Sesqui

Philadelphia—Mayor Kendrick received notification from heads of the Presbyterian church that Presbyterians have withdrawn their support from the fair because of the open Sunday policy.

## Oil Fire Loss Totals \$250,000

Casper, Wyo.—The burning of an 80-gal. 55,000-barrel tank of crude oil at the Midwest Refining company's plant brought the company's fire loss to two days to \$250,000.

## SENTENCED TO JACKSON FOR STEALING CHICKENS

William Ward entered a plea of guilty to the theft of chickens in Novi township and was sentenced by Judge Glenn C. Gillespie, Wednesday, to serve one to five years in Jackson prison.—Pontiac Press.

## EXAMINATIONS TO BE HELD FOR POSTMASTER AT WALLED LAKE

The United States Civil Service Commission has announced that examinations for the position of Postmaster at Walled Lake will be held in Pontiac next month. Receipt of applications will close August 4. Additional information may be obtained from the postmaster at Walled Lake or from the Secretary of the United States civil service board at Washington, D. C.

## PILE BARBUS PLAYERS HERE ALL NEXT WEEK

The Pile Barbus Players open a week's engagement in Northville, the same lot they have used for the past several years.

The company is said to be much larger than heretofore both in personnel and equipment.

The plays presented this season are all new including such well known successes as "Lightnin'", "The Know-It-All", "Chicken Feed", and several others, equally as good. As usual a strong line of vaudeville will be presented between acts of the play with an orchestra of six pieces.

During the few necessary lulls, a band play daily. Concerts on the steps and at the big waterproof tent will be a special advertising feature.

Admission will be admitted free on Monday night when accompanied by a party ticket.

All the show is much larger in every respect this season and prices remain at the same low level, 20c for children and 35c for adults.

DETROIT—The George E. Buchanan trip to Alaska trip participated in by 25 boys left Detroit yesterday (Chicago) St. Paul, Moose Jaw, Calgary, Banff, Lake Louise, Van Couver and Skagway, Alaska, are on their return trip. They will be gone five weeks.

## TICKETS AT HOME IN DETROIT

The Detroit Tickers' list of home in Detroit for the coming season, is follows:

July 27	28	29	30	with Boston
Aug 1	2	3	4	with Phila.
Aug 5	6	7	8	with Washington

CLEANUP SQUAD SETS A RECORD

CAPT. I. H. MARMON

The cleanup squad of the Michigan State Police has been concentrating its efforts principally in the vicinity of Detroit and a very large quantity of smuggled liquor has been seized while a number of breweries have been found and closed. This squad is under command of Captain Ira H. Marmon, who introduced the fingerprint bureau at Lansing and is recognized as one of the outstanding authorities on criminal identification work in the country. Lieut. Alanson Gillette is his assistant and the squad visits roadhouses and has closed a number of disorderly places as well as cutting down the amount of public gambling in the suburbs of Detroit. It is claimed that the Michigan State Police cleanup squad has made more seizures of liquor, in proportion to the number of men engaged, than any other similar body of police officers in the United States.

TOURISTS GIVEN SERVICE ON ROAD

PATROL OF PRINCIPAL HIGHWAYS AID TO THE STATE

Michigan's tourist routes will be better patrolled by State Police in 1938 than ever before. Commissioner Alan G. Straight of the Department of Public Safety has assigned every available man to patrol duty and while the force is far below the strength required to cover all the main highways, every effort will be made to safeguard the public and to make traveling safe.

Courtesy is the watchword of the troopers and the aim is not to make the greatest number of arrests but to warn minor violators and to exercise severity only in the case of drunk and criminally reckless drivers. As assistance will be given, as in the past, to motorists who have accidents.

Tourists appreciate the advantage of the troopers over patrolled highways and many letters of commendation have been received, praising the work of the troopers.

While engaged in patrol duty, the State Police will also give service in crowd and traffic control. They are authorized to investigate all matters of law being coming to their attention while on patrol, as well as to be called to the stations.

Probably the troopers will see to it that the regulations committed by a motorist who go into the motorist's car and carry away fruit, vegetables and other things which they may have regarded as such a matter will be followed up.

The troopers are that 1938 will be the biggest year for tourist travel in Michigan. Not only are the State Police posted with maps and other touring information but the individual troopers are given the latest information on roads and so that they may assist travelers. Every police post is a touring bureau with co-operation of the automobile clubs.

STATE POLICE NOTES

Corporal Guy Barch has been placed in command of the new State Police post near Grand Haven.

The New York Highway Patrol, formerly under the highway department, has been transferred to the New York State Police. Experience showed that the work could best be done under unified command.

A state-wide automobile safety campaign was carried out under the direction of the Michigan State Police during the week of June 26. This was the culmination of weeks of preparation and had as its end the elimination, so far as possible, of faulty brakes and lights. A very large percentage of accidents are due to defects in these parts of the motor car.

Governor Alfred Smith of New York, a presidential possibility on the Democratic ticket in 1924 and one of the leaders of that party, was given the courtesy of a State Police escort when he crossed Michigan by motor car in June. He is a warm advocate of the troopers in his own state and one of his daughters recently married the commander of the New York force.

TWO REDFORD GIRLS MEET TRAGIC DEATH IN COAL SHED

A pitiful tragedy occurred at 14880 Fielding avenue, Thursday afternoon of last week, when Adelaide and Mary Jones, aged 7 and 5, met their death in a coal shed. The two little girls, daughters of Mr. and Mrs. W. R. Jones, pioneer residents of Brightmoor, were seen to enter the coal shed, presumably in a spirit of play. Five minutes later the shed was in flames and later the charred bodies of the children were found sitting on a pile of coal near the window through which they entered the shed, clasped in a last embrace.

Deatrice, sister of the two little girls, instead of neighbors and firemen that her sisters were in the flaming shed, but for pleas were ignored as hysteria. Cries were heard from the children, and for this reason it is believed that their death in mediocrity after entering the shed, snatched from subterranean from a hole of a smoldering fire, or from a gas-generating by accident and gas, entered in a compartment of the shed, and from which it may be the fire originated. It was the second time they have been known to use the coal shed which belonged to neighbors across the alley, as a playhouse.

Both Mr. and Mrs. Jones were employed, but Mr. Jones had spent the day at home, leaving the house a short time before the fire. Mrs. Jones kissed her two youngest children goodbye a short two hours before they met their death.

The ashes of the sisters were placed in one casket and on Friday afternoon funeral exercises were conducted by Rev. Lord in the Community Methodist church. The church was filled with friends and neighbors of the Jones family. Burial in the

THE DE HO CO CLUB DEFEATED NORTHVILLE SUNDAY

The long looked for ball game between the Detroit House of Correction team and the Northville team was played Sunday under ideal conditions. The farmers winning 9 to 3. German's pitching for the home team was good but his support was wobbly at critical times. The Constad's pitching for the farmers was better supported. The fans for the De Ho Co club were given a treat in the seventh inning when the home team made three runs on one hit and one base on balls and a sacrifice fly. This, however, was not sufficient to overcome a lead of four runs gathered by the farmers in the early part of the game. Two were made in the first on one triple, two singles and one base on balls. A run two runs were made in the sixth on one base on balls and triple and a single in the eighth to make it a one side the farmers on one home run, two singles and base on balls and two errors in the ninth field by Stump as they scored five runs.

The holding of Hammond and Hatcher in the outfield was exceptional. The good, Hammond kept the average down to .200 while Hatcher, who had a .300 average in the regular season, dropped to .175 in the playoffs. The pitcher, Stump, pitched a very good game, but the Detroit team had a very good day. The Detroit team had a very good day. The Detroit team had a very good day.

ANN ARBOR PROHIBITS CURBS ON STREETS

Ann Arbor—Curbs along Ann Arbor streets are to be cleared of gas pumps and air size units. This issue was decided finally Thursday evening by action of the board of public works, which body empowered the city clerk to send notices to all owners and operators of such pumps that they shall be removed by midnight, July 19.

Provision also was made that all owners and operators not removing their pumps in accordance with the notices shall be given 24 hours legal notice by the city clerk and if they are not removed by six o'clock on the morning of July 21, the removal will be effected by the city and the expense charged to the owner.

SUPERVISORS APPROVE NEW ADDITIONS TO PLYMOUTH

The Wayne County board of supervisors at their regular session, Tuesday, at the county building, approved the addition of several new areas to the village of Plymouth, subject to a vote on the question of the election to be held next fall.

The new additions include an area one-quarter by one-half miles, on the Plymouth-Northville road, as far north as the Five Mile road. This would include the Phoenix Park and Plymouth Gardens subdivisions. The other area lies south of Mill street to Golden road, and includes Maplecroft, Brook View and Sutherland's Squashme Acres subdivision.—Plymouth Mail.

Go Ahead and Build!

There is a great demand in Northville for modern homes this spring, but where are the people to secure them? Scores of families would come here if they could find a place to live.

Why not go ahead and start building some homes. We can supply you with all kinds of building material for any size or type of house you may desire. Just tell us your needs or bring your plans to us and we will figure out your requirements.

We want to be of real service to you.

A BALANCED EDUCATION.

Eighty-two boys in the graduating class of the Jefferson High School in Portland, earned \$64,282.50 during their high school course, the average for the class of '25 being \$692.50. One boy, Neil Boddy, earned \$2,230. The girls earned an average of \$71.05, with 48 girls collecting \$3,454.60, and Alma Lorenz earned \$500.

BUILDING MORE EFFICIENT HOMES.

Baltimore has constructed an entire community of more than 100 houses where no coal, ash, or garbage man need go. The houses are heated by gas, cooking and heating of water are done by gas, electricity furnishes lighting power for many other domestic purposes; incineration of garbage and rubbish is taken care of by gas. These houses are especially constructed to embody these facilities, and with the view of conserving every hearth unit through the scientific installation of the houses themselves. Twenty-six of the larger cities are going to build 36 such model homes; during the summer.

OAKLAND GIRLS' CAMP TO OPEN AUGUST 9th.

Oakland county girls, who are interested in attending the summer camp may write to the Home Demonstration Agent for applications for camp, which will be held August 9 to 23. Club girls may attend the Girl Scouts camps at Tommys Lake, which will be directed by Miss Ruth Kimball, local director. The applications will be received for two weeks only, and it is important that they be sent in at an early date, as the number who may attend is limited. A very interesting and instructive camp program is being planned.

OAKLAND'S NEW INFIRMARY COST \$305,471.

Oakland County's new infirmary cost \$305,471, according to an itemized report read by Willis M. Brewer to the Board of Supervisors Saturday afternoon in behalf of the special building committee of the board, of which the other members were: Alfred Gale, James E. Lawson, James Cuthbert, Isaac Bond, F. G. Ely and John C. Salmier. The county paid the F. B. Patterson Construction Company \$217,460 for the general contract; James & Brown \$61,275 for the plumbing, ventilating and heating; Lakin-Allea Co. \$10,744 for the electrical contract; and \$16,052 was paid out in miscellaneous contracts.—Fountain Press.

18 BODIES REMOVED FROM HULK OF S-51

Remains of Twelve Identified at Naval Hospital; 24 Are Still Missing.

New York.—The sealed death chambers of the sunken S-51 were burned open, and the bodies of twelve men were removed from the wreckage of the submarine. The bodies were found in the battery room. These men were apparently asleep in their bunks when the prow of the City of Rome cut through the side of the S-51. Six more were found in the forward torpedo compartment. Seven others were in the motor control room. The body of Lieut. Frederick D. Foster, in charge of the watch, was found wedged above the port Diesel engine, one hand reaching for the control valve. The body of Ensign Edward Webster was found in the forward part of the motor room hanging by the knees. Identification at the Brooklyn Navy hospital was speedy. Teeth, tattoo marks and bits of clothing facilitated the work. Those identified thus far are: Lieut. Frederick D. Foster of Nutley, N. J.; Ensign Edward Webster Egbert of Annapolis, First-Class Seaman John Joseph McCarthy, New York City; First-Class Fireman Charles Carroll Thomas of El Paso, Texas; First-Class Torpedo Man Robert Holland Wilis of Norfolk Va.; Cookswain Harry Dick of Columbus, Ohio; Third-Class Fireman Frank Destor of St. Louis, Mo.; Chief Steward Cook George Ken. Martin of Philadelphia; Chief Steward in Charge Nathan Nathan of Newport R. I.; First-Class Gunnerman Allen Clifford Hale of Gloucester, Mass.; Torpedo Man James L. Linn of York, Pa.; First-Class Torpedo Man Stephen Hubby Truitt.

MODERN SCIENCE TO AID FARM GATHERING.

Standing on a platform under the eaves of the Michigan State College campus, speakers at the annual summer Farmers Day at the college will talk to a crowd of thousands. Aid speakers will be heard distinctly hundreds of feet from the platform. They talk in an ordinary tone of voice. The latest developments of science make this possible. Perfectly adapted to the equipment of the college station will carry the words of the speakers' statements through the air. The speakers' words are carried through a series of tubes and are gathered for the party by a microphone in the summer. Without the aid of the microphone, it would have been impossible to hold the big afternoon meeting. No building on the campus could have held the crowd and no speaker could possibly have been heard out in 2000, without the aid of the microphone. Hand operated and other special entertainment devices are to be used with the hour, dramatic talks of the Farmers Day program, which will include lunch and the picnic lunch at noon.

Bible Thoughts for the Week

Sunday. How to Escape from Evil.—Because thou hast made the Lord, which is my refuge, even the Most High, thy habitation; there shall no evil befall thee, neither shall any plague come nigh thy dwelling. For he shall give his angels charge over thee, to keep thee in all thy ways.—Ps. 91:9-11

Monday. God Rules Within.—I will put My Spirit within you, and cause you to walk in My statutes, and ye shall keep My judgments, and do them. And ye shall dwell in the land that I gave to your fathers; and ye shall be My people, and I will be your God.—Ezek. 36:27, 28.

Tuesday. Cursing or Blessing?—Cursed be the man that trusteth in man, and maketh flesh his arm, and whose heart departeth from the Lord. Blessed is the man that trusteth in the Lord, and whose hope in the Lord is.—Jer. 17:5, 7.

Wednesday. God Forgives and Heals.—Bless the Lord, O my soul, and forget not all His benefits, who forgiveth all thine iniquities; who heareth all thy diseases; who redeemeth thy life from destruction.—Ps. 103:2-4.

Thursday. How to Gain All.—Seek ye first the kingdom of God and His righteousness; and all these things shall be added unto you.—Matt. 6:33.

Friday. Righteousness Pays.—Better is a little with righteousness, than great revenues without right.—Prov. 16:3.

Saturday. We cannot serve God and Mammon.—Matt. 6:24.

WASHINGTON BRIEFS

A review of the situation has been given by William L. Fisher of Atlanta by Fred Holt, judge in the new judicial district of Georgia.

State highway systems embraced 145,599 miles of improved roads at the close of 1925, reports to the mid-year of 1926 road show. Wisconsin had in 1925 mileage completed during 1925, 1,315 miles.

The spring pig crop was reported 12 per cent smaller this year than last, according to the Department of Agriculture's semi-annual pig survey. The number of pigs saved was estimated at 54,000,000.

The Japanese trade quarantine has been amended by the federal horticultural board to permit interstate shipment, without inspection or certification, of hay or straw when used for packing articles other than fruit and vegetables.

Brazilian Bank With \$4,000,000 Assets Fails. Rio de Janeiro.—Excitement prevailed in Pernambuco on the suspension of payments by the Bank of Recife. The bank filed a petition in bankruptcy which was granted. The book value of the assets of the bank is said to exceed \$4,000,000. Liabilities are close to \$4,000,000. The general monetary crisis in Brazil is considered here to have been one cause of the bank's failure. Another contributing factor is believed to have been a crisis among sugar growers over the amount of sugar grown in the state of Pernambuco.

New Alimony Bureau Is Opened in Chicago. Chicago.—Cook county's alimony bureau, a unique institution sponsored by Superior Judge Joseph Sabaj, has been organized following action by the county board providing an appropriation for the expenses of collecting and distributing the \$5,000,000 in alimony paid annually by divorced husbands to their former wives.

Peru-Chile War Now Feared. New York.—Some of the members of the American-Tacna-Arica plebiscite commission who recently returned from South America gave the opinion that a war between Peru and Chile over the disputed provinces is now inevitable.

Killed in Plane Crash. Junction City, Kans.—Lieut. Harry Thomas, Ray of Des Moines, was killed near Junction City when his plane crashed near Marysville, Mo.

LEAVE IT TO US IF IT'S PLUMBING

### Mrs. Jane Sessions Aunt Jane

Mrs. Jane Sessions Aunt Jane as she is familiarly known to many Northville people, celebrated her ninety-first birthday quickly at her home on High Street last Friday. She was kindly remembered by numerous friends with flowers and kindly greetings, and for the many expressions of love and good will she is very grateful. She is a most remarkable woman for one of her years and she enjoys exceptionally good health. She does her own work about the house, she has good eyesight, can hear well and has a good appetite, and she feels that she is wonderfully blessed.

Commissioners.

### Why I'm going to the Greater MICHIGAN STATE FAIR

**THE BIGGEST ATHLETIC INVOLVEMENT**  
In the first place, I'm always ready for a little change around about September. And I just happened to see the advertisement for the State Fair, Detroit, Mich., doing it for 17 years and going to do it again this September. Last year I got the thrill of my life. The youngest girl kept looking at me and kept wondering who she was and where I'd seen her before. Finally she said, "Joe, don't you recognize me in this new dress I got down town at noon? Dog-goned if it weren't my wife!"

**PROGRESS OF THE GREATER MICHIGAN STATE FAIR**  
Construction work is progressing rapidly on the new cultural buildings which will be completed in time for this year's fair. Sent up to Hill is the first steel structure of a kind in the country and devoted exclusively to the display of products from an agricultural products.

### PLANNING FOR OUR ANNUAL FAIR

The officers and directors and the several superintendents of the Northville Wayne County Fair are busy making plans for the tenth annual fair to be held at the grounds in this village on September 21, 22, 23, 24 and 25. Watermain for fire protection have been laid into the grounds and a new side walk will be constructed along the west side of the Fourth property and leading east past the east gate into the grounds. A new cement floor will be constructed in the rooms under the grandstand and a commodious and convenient secretary's office will be erected near the east entrance to the grounds. An addition will be added to the main hall for the use of the community exhibits and vegetable display. Representatives of the M. S. C. who visited the fair last fall declared Northville had the best in the state and in order that they be displayed of fruits and vegetables shown on the site and in order that these arrangements may have room for expansion it has been agreed that the buildings should be erected.

The following are the superintendents in charge of the several departments:  
Drift House - E. M. Starkweather  
Superintendent, Assistant, Gusolf  
Reop. K. Traesdell  
Saddle House - Charles...  
Superintendent, Assistant, Jack...  
Mr. Bloomer, (West Bloomfield Club)  
Mr. H. Grenard, (Detroit Young Men's Club)  
Mr. Peck, (Nichols, Bloomer and Queen Hunt Club), James Crowley  
Cattle - George Rogers (Herdsmen, Eloise), Superintendent, Assistant, Paul Ross (Herdsmen, House of Correction), Alf. Clark, (Herdsmen, F. H. Cavanaugh farm), K. W. McDonald, (Red Res. Farms)  
Game - Albert Ebersole, Superintendent, Assistant, Glenn Maromb, Webber Brothers  
Shops - Carol Benton, Superintendent, Assistant, Irving Ulrich  
Popcorn and Pea Stand - A. E. Fuller, Superintendent, Assistant, Glenn Richardson  
Dodge - Lr. E. B. Cavell, Superintendent, Assistant, Robert Kinvon  
Race Course - Ralph Carr, Superintendent, Assistant, E. E. Brown  
Horticulture - Harry Ross, Sam Souper, Superintendent, Assistant, Ralph Foreman  
Women's Department - Mrs. Little, Superintendent, Assistant, M. Georgia Yerkes  
But for Department - Miss Lois Corbett, Superintendent

**Novi News.**  
Mrs. Stella Miller sign...  
James Derr...  
Mrs. Barr Rice and son, R. J. Coffey, were in Novi Sunday.  
Mr. and Mrs. Frank Rice and son took a motor trip north last week.  
Mrs. Doris Dohelson entertained her daughter and family and several other friends from Flint a part of last week.  
Sunday was a very enjoyable day at the home of Mr. and Mrs. Archie Kent, the occasion being the fiftieth anniversary of the marriage of Mr. and Mrs. Lester Woodruff. So well was the gathering planned and arrangements made that it was a complete surprise to Mrs. Woodruff, mother of Mrs. Kent. Mr. Woodruff had been informed some time ago. Tables were placed on the lawn and decorated with gold colored crepe paper and musical letters in gilt. A very tempting and appetizing dinner was spread to which all did justice. Guests were present from Detroit, Northville and Kingston, making a happy party of thirty-eight. In all pictures were taken of many different "poses" and a genuine visiting time was enjoyed by all present. Three little Mrs. Helen Kenner, Dorothy and Thelma Kent, carrying streamers of gold paper, were in the foreground of one picture, little three-year-old Thelma carrying a box concealed by the streamers and containing several dollars in gold coins which she presented to Mr. and Mrs. Woodruff with the presentation speech of "this is for gampa and gama."

### MURDER CASES WITH MYSTERY ANGLE SOLVED

#### PATIENT WORK BY TROOPERS RESULTS IN SOLUTION OF CRIMES

Conviction in Two Trials and Third Near Prosecution Stage.  
Service in the solution of three unusual murder cases, each having an element of mystery, was given by the Michigan State Police in three widely separated counties recently. In each case their co-operation was requested by local officials, who realized the value of specially trained men.

From the standpoint of motive, the most remarkable of these cases was that resulting from the explosion of a bomb in the Three Lakes Tavern near Muskegon. August Kurbaech, his daughter Jeannette and her fiance, William R. Francke of Chicago, were the victims. It was thought that the package containing the bomb held a wedding present and the three had gathered to open it.

Ernest Ramsey, chief of the State Police, secret service division, got his first clue through the wrapper of the parcel, which had fallen into a barrel of water and was thus preserved from the explosion. The address stickers were of a type which could be traced and it was found that similar stickers had been sold to Asa H. Barlett, constable of Blue Lake township. The writing was found to be similar to that of a search of a machine shop in which he had worked disclosed other clues. A complete case was made and Barlett, being confronted with the facts, confessed and was sentenced to the imprisonment for the triple murder. It was a case in which the following up of very slight clues led to full revelation of the facts.

The Doring Case  
A somewhat similar situation in many respects developed in the murder of Roy Lee in Sanilac county. This was the outcome of a drinking party in which a number of persons had taken part at a farmhouse. Lee was found dead in an automobile with a bullet wound in his head. Mrs. Pearl Doring committed suicide at the fatal. She was one of those who had taken part in the carouse.

The shooting of Sanilac county struck the cooperation of State Police and they followed many clues. The deciding one was the finding of the rifle with which the crime had been committed. It had been triggered at a point where Pearl Doring got out of an automobile on the return trip. Doring was arrested and after being told of the evidence accumulated against him, made the confession, which he did in the presence of reporters.

Later Doring pleaded guilty to the crime and received the State Police of having traced him. Tide was discovered at the fatal and he was convicted of the murder.

The Wisest Man  
Hats off to the fellow who knows nothing and knows he knows nothing.

### MRS. JAMES TAIT DIED SUDDENLY LAST FRIDAY.

Mrs. James Tait of Perrinsville, Nankin township, who had been a guest at the home of her daughter, Mrs. H. B. Clark, for a few days died at the Clark home on the Base Line road last Friday, death coming without warning. She had been about the house as usual during the morning and the final summons came late in the afternoon, death claiming her before help could be summoned.

Emma Sarah Speck, was the daughter of Mr. and Mrs. James Speck of London, England, and while the family were residing at Barcelona, Spain, where Mr. Speck was doing some governmental work, the little daughter was born to the union on November 27th, 1855. After some time spent there the family returned to England and when she had reached the age of 14 years her parents came to America. She was married to James Tait at Perrinsville in 1873, and since her marriage has always resided in that section, and where she greatly endeared herself to a large circle of friends.

Eight children were born to Mr. and Mrs. Tait, six of whom survive and all of whom were at the funeral except one daughter Mrs. Charles Taylor of Cleveland, who was unable to attend on account of illness in the family. The surviving children are: Albert, Elizabeth, Clark, Arthur, Roy and Alexander. She also leaves six grand-children, and two sisters, Mrs. John Bullen of Canby, and Mrs. William Oliver of Birmingham.

Funeral services were held at the home of Mr. and Mrs. Clark Sunday afternoon at 1:30 p.m. and were conducted by Rev. F. P. Knowles, Mrs. Tait having been a member of the Presbyterian church at East Nankin. Interment took place at Maple Grove cemetery beside her husband who preceded her to the grave some ten years ago.

### VILLAGE TAXES NOW DUE.

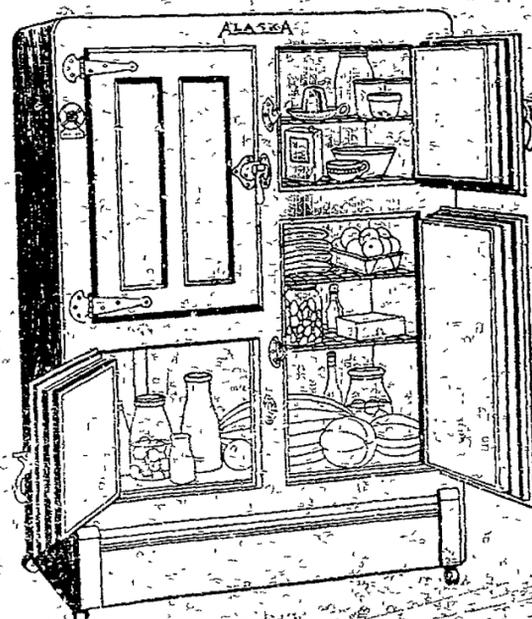

For 1926 the taxes will be at the rate of 44 cents per \$1000.00. The village clerk is Mrs. J. J. Johnson, 111 Main Street, Northville, Mich.

### NOTICE.

Notice is hereby given that the estate of James Tait, deceased, is being administered by the executor, James Tait, Jr., of Northville, Mich.
