The Extra Large Tub
Is What Makes It
Speedy

The EASY Washer does not depend upon violent agitation of the water for its speedy action in washing the clothes. Violent agitation is not consistent with the long life of clothes.

The ability of the EASY to get the washing done in a remarkably short time is due to its extra large tub. Instead of washing only a few pounds of clothes to a tubful, as small washers do, it washes 14 pounds to a tubful—60 pounds of clothes per hour.

Arrange today for a demonstration of the EASY in your home. Sending for this washer on approval places you under no more obligation than if you came to our store to look at it.

VILLAGE BUILDING AND LOT SOLD AT AUCTION.

There was a good sized crowd present at the auction sale of the old village building Monday afternoon. President Elmer Emich stated the terms and conditions of sale and George Rattenbury of Walled Lake conducted the sale. The first bid received was \$200 a foot and the bidding continued until \$350 was bid by E. C. Langfield and he was the purchaser of the property.

The lot is 20x117 feet with an alley on either side. Messrs. Langfield purchased the property as an investment, but it would not be surprising if all of them would erect a modern building there next season to be occupied by their own prosperous and expanding business.

The property on Main street east, which the village council purchased from William Scott a year ago, was sold for \$105 a front foot to two Detroit gentlemen, Harry Stamler and Irwin I. Cobb. The lot is 95x163 in size and they made this purchase, as they stated to a representative of The Record, purely as an investment. They have no definite plans regarding the development of the property.

These prices establish new values for Northville business frontage.

MILFORD RESIDENT DIES

After several weeks' illness and a long period of ill health Mrs. Margaret Crawford, passed away early Monday evening, July 12, at her home in this village. Mrs. William Scamugli conducted the funeral service at the home Wednesday afternoon and the burial was at Commerce cemetery. She had reached the age of 59 years.

Margaret Mowcome Crawford was born in Commerce township, where she lived the greater part of her life, and where she was married to Robert Crawford.

The family lived for a few years in Chicago and after her husband's death she came to Milford to make her home. Of their six children three outlive her—Misses Issah and Ruth Crawford of Milford and Paul Crawford of Detroit and she had one grandchild, Harry White, Jr. of Chicago—Milford Times. The deceased was a sister of Stewart Joseph and William Montgomery of this village.

WAYNE ROTARIANS VISIT NORTHVILLE CLUB

Upwards of twenty-five members of the Wayne Rotary Club visited the Northville club on Monday and they were truly "the life of the party." After the fine luncheon had been partaken of the meeting was turned over to President Byrd of the Wayne club and he announced that it had been decided to have a debate and that the question to be argued was: Resolved that the Northville Rotary Club is functioning properly. "The members were assigned to the task of presenting the affirmative side and an equal number to the negative and the battle was on to the great delight of all present. The five judges after listening to the weighty arguments advanced by the opposite side decided that the affirmative side had well maintained its position and that the Northville club was functioning in a very satisfactory and praiseworthy manner.

The debate created a lot of fun and the meeting was a most enjoyable one.

SALEM PEOPLE HAVE A COMMUNITY CAMP.

The people of Salem and surrounding country are enjoying a novel entertainment feature this week at a point located between Island and Fonda lakes, and the affair will continue until next Wednesday night. The following is the program arranged for the camp:

Wednesday, July 21st—Get-together Night.
Thursday, July 22nd—Morning Picture.
Friday, July 23rd—Sing Night.
Saturday, July 24th—War Picture, "Abraham Lincoln."
Sunday, July 25th—Morning Worship at 11:00. Afternoon Meeting at 2:00. Special addresses. Evening, Semi-faceted picture.
Monday, July 26th—Stunt Night.
Tuesday, July 27th—Moving picture, "Class Mates."
Wednesday, July 28th—Moving picture, "The Love Master."—A Strong heart picture.
All Salem's friends are invited.

The Ford Motor Company is making some very noticeable improvements about the grounds surrounding the Waterford plant and the banks along which the water course runs. In all their improvements Messrs. Ford are very careful of trees and natural shrubbery and in all cases where it is possible to preserve them no expenses or trouble is too great to do so.

A. J. HELFRICH TENDERS HIS RESIGNATION.

A. J. Helfrich, who has been superintendent of the Northville school for the past few years, and who had been engaged for next year, tendered his resignation to the present school board Monday. He has been tendered a position as superintendent of sales by one of the largest real estate firms in the city and the urge was so strong that he thought it best to give up his position with the local schools.

Mr. Helfrich came to Northville from Belleville and he has accomplished a great deal for the schools of Northville during the time he has been here. He will retire from our school with the best wishes of our citizens generally. He has been aggressive and his one thought was to place the Northville schools on a par with those of any of our neighboring towns, and the fact that during the past year the local schools were placed on the North Central approved list of high schools speaks well for the success of his efforts.

Mr. and Mrs. Helfrich contemplate building a new residence in Ypsilanti this summer and they will doubtless make that city their future home.

MRS. ALBERT MEINHART DIED SUNDAY

Mrs. Albert Meinhardt, formerly Mrs. Ethel Pillsbury of this place, died at her home near Plymouth Sunday following the birth of a little baby on Thursday. She was employed by the Michigan Bell Telephone Co. in this place for upwards of forty years and made her home with Mr. and Mrs. Charles LeFevre, and during her residence here made many friends who will learn of her death with a deep regret.

She is survived by her husband and baby, her father and mother, three sisters and two brothers. Funeral services were held at the family home Wednesday afternoon. Eight young ladies from the phone company acted as honorary pall bearers.

LOYLE GERMAN BITTEN BY A RATTLER

While at a picnic on a lake near South Lyon Monday evening Loyle German of this place, had an unfortunate accident when he was bitten on the arm after his return to land from a fishing trip. The administrator of an immediate and with his automobile made a hurried trip to the office of Dr. A. A. Holcomb, where Dr. Holcomb and Snow treated the wound, which indicated that the snake had bitten its victim twice. "Thanking Mr. German's condition seemed to be all right and it is believed no further trouble will result. It is reported there were a number of rattlers killed at that lake last season.

FORMER RESIDENT DIED AT FLOISE

Alex. Daly, a former well known resident of this section and of Edinboro on Tuesday. He had been at Edinboro about eight years, going there after he had suffered a stroke while at work about his farm duties. He was a brother of Mrs. William Tar of the Pace Line Road. Funeral services were held at Schradt Brothers funeral chapel yesterday afternoon at 2:00, and interment took place at Rural Hill cemetery.

The deceased was a member of the Modern Woodman Camp of this place. He leaves two daughters, Alice and Georgia Daly.

TO LAY CORNER STONE OF NEW CHURCH SUNDAY

The corner stone of the new West Point Park community church will be laid Sunday afternoon at 3:00 with impressive ceremonies. James Schermerhorn of Detroit will give the address and there will be music by a ladies' quartet and a girls' chorus of Detroit and the Boy Scout bugle band. Rev. William Richards of this place will lead in the ritualistic service. The public is cordially invited to attend the services and if the weather is fair there will be a large crowd present.

NEW SCHOOL ORGANIZED

Northville's new school board held its first meeting on Friday evening and the following officers were elected: President—Ernest Miller. Secretary—E. C. Langfield. Treasurer—Harry German. Plans for the opening of school in September were discussed and it is the intention to have everything in good condition about the buildings for the opening date.

All the teachers for the coming year were hired by the old board.

Milford's new fire truck was dedicated Wednesday evening. It is a LaFrance and cost \$3,000.

"TEN COMMANDMENTS" TO SAVE HUMAN LIVES.

School children of 1,500 cities and towns in the United States are to be asked to sign a pledge jointly with their parents and car drivers to obey the "Ten Commandments of Safety," which are part of the intensive campaign to help cut down the tremendous automobile death toll of the nation. These "Commandments" are:

1. Look both ways before crossing streets and highways.
2. Wait until it is safe to cross.
3. Keep to the left facing traffic, when necessary to walk in the roadway.
4. Refrain from playing in the roadway.
5. Let parents caution children frequently as to street and highway dangers.
6. Motorists must watch out for children and pedestrians.
7. Watch speedometer and refrain from speeding.
8. Keep brakes in good order.
9. Obey all traffic and safety rules.
10. Drive carefully always.

Last year approximately 31,000 persons were killed in automobile accidents," says Mr. Dow. "Thousands were children under 16. By intelligent safety education we hope to make the streets of every community safer."

FARM DAY PROGRAM DETAILS ANNOUNCED.

Details of the program for the annual summer Farmers' Day, to be held at M. S. C. on Friday, July 30th have been announced this week at the college.

John A. Doble, former commissioner of the state department of agriculture and at present executive secretary of the Michigan real estate association, will deliver the main address at the afternoon meeting, taking the general subject of "Michigan," for his theme.

Other speakers of this program will include Hon. L. Whitney Watkins, present state commissioner of agriculture. Band concerts, a special horse pulling contest, and a singing contest are other features listed for the afternoon program, which will be held under the campus trees.

Inspection of the college livestock buildings and experimental plots will occupy the visitors during the morning, with the usual basket picnic lunch at noon.

It is again being urged to "bring the family" for Farmers' Day, the picnic feature being one of the most interesting phases of this great state meeting.

NO RAISE IN RATES FOR WESTERN LINES

I. C. C. Also Denies Plea of Farmers for Decrease in Carrier Charges.

Washington.—The application of western railroads for a 5 per cent increase in freight rates was denied in a lengthy opinion handed down by the interstate commerce commission, and in the same opinion the application of farm organizations for lower freight rates on agricultural products was also denied. Both applications were based upon the alleged depression of agriculture throughout the western states.

The commission supported the view that the depression has existed and exists at present but held that the effects of the depression had not been reflected in the earnings of the roads to an extent to justify an increase in rates, and also that if the reduction asked for by the farming interests were granted the solvency of the roads would be threatened unless other commodities could be found to be carried at a higher rate.

Conclusions reached by the commission for its decision are:

1. No such financial emergency exists in the western district as to demand an increase in rates.

2. The earnings of carriers as a whole in the western district have not been such as to warrant a general revision of rates downward on products of agriculture or industries subject to depression. However, the decision with respect to the farmers' application for reduction disclosed that further investigation would be conducted under the authority of the Rock-Smith resolution passed by congress in January of last year, directing the commission to make a thorough study of the freight rate structure with a view to determining what rates, if any, are unjustly unreasonable, discriminatory or unduly preferential.

In the petition filed by the western carriers it was said that the western carriers have not earned charges not now earning a fair return upon the aggregate value of their property, despite the fact that they have been operating honestly, efficiently and economically and that their earnings were not sufficient to make it possible for them to maintain the adequate transportation system contemplated by congress nor procure necessary capital, and that by reason of the compulsory rate of return under which they have been operating their condition had become precarious and that they were in need of increased revenue.

Answering the proposition for the railroads that costs of operation have increased, the commission in its decision found that such greater economies can be effected with less in operation can be further decreased.

Discussing the situation in agriculture, the commission found that there has been a decided downward trend in prices received for agricultural products, but expressed the opinion that conditions are improving.

The carriers answered the farmers' plea of depression by pointing to the large increase in the number of automobiles in use among the farmers.

Elks Close Grand Lodge Session With Big Parade

Chicago.—Dedication of the grand lodge at \$1,000,000 memorial building, the details and general features of the 77,000 Elks who served in the world war, the installation of Charles B. Graklow as grand exalted ruler along with the newly elected officers, a closing business session, followed by a winter parade in which 30,000 participated including 50 bands, brought the sixty-second annual grand lodge reunion of the Benevolent Protective Order of Elks to a close.

Chicago will entertain the next lodge session.

Landing at Jennings Fla., approximately 825 miles by air from Chicago, the balloon Detroit, one of the four entries in the Elks' national air race, was unconditionally held to be the winner. Indiana was awarded the trophy for the finest float; Cleveland, Mich., second; Philadelphia, third; Oakland, Calif., fourth; and Ohio state, fifth.

Philadelphia was adjudged the best appearing lodge in the parade. Oakland and Detroit placed second and third, respectively, and Oakland won a third point in competition for having brought a full platoon, the greatest distance.

Bakersfield, Calif., won the drill team competition by three one-hundredths of a point from Buffalo, N. Y. Jackson, Mich., was fourth, Oakland, Calif., fifth. The winning team scored 95.5 per cent perfect.

RELIGIOUS CENSUS OF NORTHVILLE TO BE TAKEN.

A movement which cannot but have a healthy influence on the religious life of Northville is being undertaken by volunteer members of the Willing Workers, a young and active society of St. Paul's Lutheran Church.

Realizing the great truth which our beloved President Coolidge expressed when he said: "The government of a country never gets ahead of the religion of a country," a truth which is also corroborated by the history of every country, let us support this worthy undertaking, and gladly furnish these canvassers with the necessary information.

The names of the Willing Workers who will take an active part in undertaking this canvass are: Ella Bernhardt, Henry Bernhardt, Fred Bernhardt, Arthur Blum, Mrs. Arthur Blum, Marion Hamilton, Edna Krueger, Herman Krueger, Mrs. Herman Krueger, Arthur Schmitt, Alvin Schmitt, Milton Schmitt, and Mr. Schmitt. These members of the society also intend to take a religious census of the surrounding country districts in the near future.

WARREN VANDYNE DIED AT ANN ARBOR.

Warren Vandyne, a former resident of this village, died at the U. of M. hospital in Ann Arbor last week Thursday, to which institution he was taken a few days before. His remains were brought to Schrader Brothers' funeral chapel in Plymouth where funeral services were held Saturday afternoon, being conducted by Rev. William Richards.

He was born near Grayling July 9, 1883, where he resided with his parents, Mr. and Mrs. Ed. Vandyne, until 20 years of age. July 11, 1910, he was united in marriage to Katherine King of Plymouth, and after thirteen years they resided in this village, moving to Plymouth two years ago where he was employed at the plant of the Daisy Air-Rifle Co. as a tie-maker. A year ago this month he was taken ill and although much now as taken ill and although everything was done for him that could be done, death claimed him and he passed to the great beyond. He was a member of the Masonic Lodge of Plymouth and of the M. E. church of this place and was held in high esteem. He had a smile and a pleasant word for everyone. He was a kind and loving husband and father. Besides his wife he is survived by his daughter, Gladys, a son, Warren, Jr. having died nine years ago, a brother James Vandyne, of this place and his parents who reside in Novi township.

Interment took place in Riverside cemetery, members of the Plymouth Masonic Lodge having charge of the services at the grave.

The Church Will Fail—NEVER

Individuals who compose the church may go wrong and bring disgrace to the name of God. Denominations or sects or cults may serve their purpose and then die out as they have done in the past. Views of what God is, to humanity now and in the great beyond will alter and change as the years come and go. The church that brotherhood of believers which is invisible—WILL NEVER CEASE OR FAIL. This fact is as certain as the foundations of this mighty universe about us. The Hebrew people were the first to organize the thoughts of men about the fact that there was only ONE GOD—a creator and preserver of life. They were to bring this fact to their remembrance at frequent intervals in the Passover feast. It has been a force of political and spiritual importance.

WASHTENAW HAS SIX COUNTY ROADS PROJECTS.

Close to \$100,000 will be expended this year, on six Washtenaw county road projects. The Waterloo road, which leaves M-92 some five miles west of Chelsea, and runs into Jackson county, will be finished. This is a gravel road, the cost being estimated at \$31,000 and will be the only improved road in Lyndon township.

The Dexter south road is also on the program of road building. It is three miles long, running from Dexter ave. into Dexter. The cost is estimated at \$20,000.

The North Territorial road is now

being \$17,000 expended on it. Four miles of this highway running east from Portage Lake is being rebuilt, and will give residents of the northern section of the county an outlet into Detroit without the necessity of going through Ann Arbor.

The road from Whitmore Lake to Hamburg will have \$9,000 worth of improvements on it. In Salem township a road is being constructed to connect Salem and Plymouth, the cost \$15,000 and finishing touches are being put on the road between Jackson and Dexter aves, just west of Ann Arbor.

The road between Saline and Ypsilanti is being concreted with the aid

of prison labor. Between Saline and Clinton another force is building guard rails and shouldering.

The Geddes road between Ann Arbor and Geddes has been given a tar treatment after the method used in Wisconsin. On the Pontiac road several methods are being tried to get rid of the dust nuisance.

Epsom Derby

The Derby is an annual horse race at Epsom in Surrey, England, generally on the Wednesday before Whit Sunday. It is named for the founder, the twelfth earl of Derby (1789). Elsewhere a race, called a derby means a race of first importance.

STATE NEWS IN BRIEF

Alpena—Miss Jessie Repp, of Detroit, dislocated her jaw when she yawned. A physician reduced the dislocation. About five years ago the young woman had a similar experience.

Detroit—Michigan has one of the remaining 25 establishments in the United States where bicycles are manufactured. It was disclosed in a report of the industry to 1925, by the United States Department of Commerce.

Lansing—The Michigan Public Utilities Commission has prepared an order adjusting telephone rates at Birmingham, Redford, Kalamazoo, Pontiac, Bay City and Flint. The order will be made as soon as all the members arrive in Lansing and sign it.

Mt. Clemens—Twenty-five miles will be cut off the trip from Southern Michigan to the Thumb section by a new road on which \$600,000 will be spent by the State in paving operations. The new highway will be from Brockway south through Emmett and Memphis, connecting with the Gratiot turnpike in Macomb County at Muntonville.

Saginaw—The next few days in all probability will write the next history in the prospecting development for oil in Saginaw valley. Announcements made by two drilling units for plants to prospect in remote sections of the county jar removed from the proven field have caused veteran oil men situated here to believe that the scope of the field will be determined to a great extent.

Grand Rapids—The Leonard Refrigerator company of this city, a unit of the Electric Refrigerator corporation, has announced its intention of manufacturing electric plant additions costing \$1,500,000 thus materializing the proposal to build a plant to be located in the city.

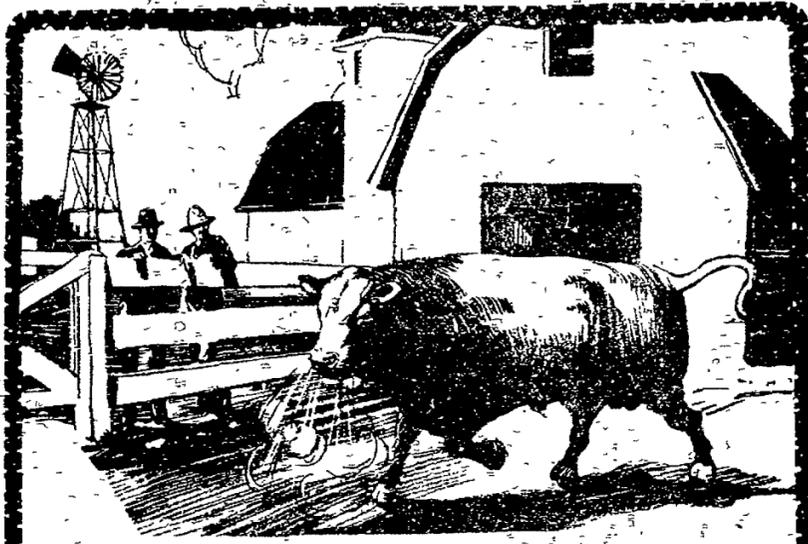

Ann Arbor—Arthur Reynolds, 25 years old, was killed by a carped death on the 17th of July. The result of the accident was the death of a young man who was riding on the street at the Central Park corner about July 13. Reynolds was riding on a bicycle and though he fell the carped struck, and though he fell the carped struck, and though he fell the carped struck.

Lansing—The welfare committee of the American Legion Department of Michigan is now in session working under the committee which has been organized to carry out the plan of adjustment of the various salaries to the use of power for political purposes. The committee appointed to investigate the matter of approximately \$250,000 in funds furnished over to the Legion by the Michigan Patriotic Committee after the World War.

Detroit—A general shortage of skilled labor throughout Michigan and existence of unemployment only in the unskilled occupations is reported in the monthly bulletin of the Labor Department on industrial employment, issued to the public. Some Michigan cities, notably Lansing, Kalamazoo, Jackson, Bay City and Detroit report the surplus of common labor has not yet been absorbed. Grand Rapids, Flint and Saginaw report a shortage even of unskilled labor. Early help is in demand.

Flint—Stockholders of the Flint Motor company have ratified sale of the company's plant to General Motors corporation for approximately \$4,000,000 immediately following the announcement. Harry H. Bassett, president of the Flint Motor company, announced that the plant would be used by the Fisher Body division of General Motors to manufacture bodies for the Buick company. The Flint Motor company will continue operations at an Elizabeth, N. J. plant of the Durant Motor company.

Detroit—Final plans for carrying out the program of the 1926 Michigan State Fair to be held Sept. 6-11, inclusive, were decided on here recently when members of the Board of Managers of the State Fair met with approximately 40 department superintendents, farm organization executives and county agricultural agents. Michigan this year is going to have the greatest fair it has ever seen, and one of the best the Middle West has ever seen. L. Whitney Watkins, state commissioner of agriculture, declared.

"He Won—at the State Fair"

Last August, he was just a good bull—valuable, of course, but not so different from other good bulls. But last September he won first prize in his class at the Michigan State Fair. His cash value has gone up tremendously. His owner has just ground for honest pride in his bull, his herd, and his whole establishment. And so it goes with every prize winner at this great Fair—farmer, stock raiser, housewife, manufacturer.

REPORT OF ANNUAL MEETING.

Annual meeting held on the 17th day of July, 1926, at the Town Hall, Northville, Mich., at 10:00 o'clock a. m.

Meeting called to order by President Hamilton and organized as prescribed by law as follows: Frank Hamilton, Chairman; Alex Christensen and Grant Putnam, inspectors; O. S. Hulet and Jay Hazen, as clerks; Henry Goers and James Taylor, as gatekeepers.

The Board was sworn by Notary A. N. Wixom, and being duly organized the chairman declared the polls open.

Floyd J. Chapman and Glenn Salow, the candidates whose petitions had been filed according to law, were the only names on the ballot.

At 3:00 o'clock p. m. the business meeting took place. The secretary then read the report in detail.

A motion was made by Christensen and supported by Wm. Mairs that the sum of \$15,000 be raised for the coming year.

At 5:15 p. m. the chairman declared the polls closed and the ballots counted with the following results:

Floyd J. Chapman 15
Glenn Salow 14

There being no other business it was moved by Jay Hazen and supported by Grant Putnam that we adjourn.

ALEX CHRISTENSEN, Secretary.

AN ARTIST'S VIEW.
Editor Challenge, world renowned for his genius, must be credited with pointing as well as musical sense.

In a very address to his fellow countrymen, who are struggling under the yoke of government, he said: "America did not Russia; the American people work for the Government, not the Government work for the people."

These words are not mere philosophy, they are the question of government, says the Wheeling West Virginia Intelligencer. "The Constitution of the United States provides more than personal liberty under the law and the free institution through which the law operates. The Constitution permits the American people to have exactly the kind of government they desire. Even the Constitution itself permits the change to come in accord with new conditions. The electorate alone, in the United States, is the supreme power."

Under such government it is but natural that a people, characterized by industry, energetic and broad visioned, should pattern their economic and social institutions and practices along the same line. That is why we have democracy in industry and democracy in social life to a degree unheard of in any other country.

COUPLER REPRINTED BY COURT DURING JUNE.
Reconciliations brought about by the office of the Friend of the Court in the Wayne Circuit Court numbered 23 during June, according to the monthly report submitted recently by Edward Pokorny, friend of the court. During the month 43 pending divorce cases were investigated, Mr. Pokorny's office reported.

MANY GEORGIA BANKS HAVE CLOSED DOORS

Florida Institutions Also Affected; Some May Be Reopened Soon.

Atlanta, Ga.—Bankruptcy proceedings of the Bankers' Trust Company and subsequent closing of 85 of the chain of 120 banks in Georgia and Florida which is being as agent was climaxed by the suicide by shooting of J. R. Smith, president of the Atlanta Real Estate board and a director and heavy stockholder of the Bankers' Trust company.

Atlanta, Ga.—In consequence of the bankruptcy proceedings taken against the Bankers' Trust Company of Atlanta, sixteen additional state banks in Georgia and several other state banks in Florida have been forced to suspend payments.

Since the epidemic of bank failures began a few days ago, no less than eight-five Georgia institutions have closed their doors.

In financial circles here, the continuance of the bank failures is attributed to two general reasons: The first of these is that nearly all the banks affected were in some way or another connected with the Bankers' Trust company, which conducted financing for one hundred and twenty banks. The second is that public confidence, shaken by the news of the failures, has had the inevitable result of precipitating a general withdrawal of funds.

In cases where withdrawals occur in large volume which cannot be met by the cause of the nonliquid nature of assets, there is no alternative to suspension of payments. This insures, according to officials of the state department, the reopening of a number of the institutions within a few days.

Among the banks in Georgia which closed together with their capitalization, total resources and liabilities as at the close of 1925 are the following: Taylor County bank, Butler, \$15,000 and \$24,379; Bank of Lenoir, \$15,000 and \$28,670; Bank of Ocassee, \$15,000 and \$17,238; Rock Hill bank, \$30,000 and \$42,982; Bank of Smyrna, \$18,800 and \$20,179; Bank of Macon, \$15,000 and \$17,207; Macon County bank, Oglethorpe, \$15,000 and \$14,812; Lakewood bank, Atlanta, \$50,000 and \$18,483; Bank of Rockledge, \$23,000 and \$19,731; Habersham bank, Clarksville, \$25,000 and \$30,411; Cornelia bank, Cornelia, \$40,000 and \$74,420; Bank of Lula, \$15,000 and \$14,273; Bank of Cassville, \$15,000 and \$65,455; Bank of Williamson, \$25,000 and \$17,832 and the Cornelia bank, Demorest, whose financial statement was not available.

Among Florida banks which suspended payment were: The Citizens Bank of Eustis, Bank of Mount Dora, Bank of Tavares and the Bank of Ocala.

The Florida banks, in each case, announced they were closing "for the protection of depositors."

Recently the Bank of Umatilla started suit against the Bankers' Trust company, asking that a receiver for that concern be appointed, and obtained a temporary injunction to prevent company officials from continuing the status of any bank in the chain. The Umatilla bank executives charged that the trust company had borrowed close to half a million dollars from them and had admitted liability to pay.

The Federal court assumed jurisdiction of the action against the Bankers' Trust Company when creditors of the institution in Atlanta took a hand. Creditors in Florida had resisted Federal intervention on the ground that the trust company was not a bank, but merely financed and insured bank transactions and, on the admission of its officials, did not receive deposits subject to withdrawal by check.

Judge Samuel H. Sibley of the North Georgia District Federal court named former Governor Hugh M. Dorsey, and J. K. Otley of the Fourth National Bank, Atlanta, as receivers for the trust company.

WEEDS NOT GOOD ENOUGH, GOATS EAT SHRUBS; BANISHED.

Angora goats it would seem, have little to do with church matters but the fact remains that the Roman Catholic Diocese of Detroit, has an extensive herd of them. The diocese recently acquired a large tract of land for use as a cemetery. To clear off the underbrush which covered this land, someone suggested goats.

Five hundred were immediately purchased and pastured on the property. All went well until T. Glenn Phillips, former city planner, discovered that the goats were not only devouring the underbrush and rubbish but the natural shrubbery as well. And in addition to eating everything on the place they were increasing like the biblical leaves and fishes.

As a result the goats were banished from the proposed cemetery site and will be disposed of shortly.

BIRMINGHAM OFFICERS SPOIL A POKER PARTY IN PRIVATE HOME.

A stag poker party was unpleasantly interrupted and six players removed to the local police station when Birmingham police, received a "hot tip" that sent them to the home of a local resident early Sunday morning. Officers Townsend and Wm. Green made the arrests.

The usual evidence of cards and money precipitated the arrests. Entrance was made by the owner of the house, when he stepped out to get a drink of water, leaving the door open. The officers took the players somewhat by surprise this way, having made no announcement of their arrival prior to the moment of confiscation. The owner of the house returned a short while after, surprised to find the ninety-dollar which he had left at his place missing and the blue-clad ordering station.

The prisoners were released on 10 dollar deposits furnished by themselves and ordered to appear before Judge Bucy Monday morning. Two of them were discharged while three received 30 day fines; a 35 day fine was meted the sixth offender. The owner of the residence received a \$17 fine and a suspended sentence of 90 days with one year's probation.

One of the players thinks the officers for the buggy ride, saying that he was a bus driver and was used to doing the driving and could determine to some extent where he was going, this was a novelty for him in Birmingham, Decent.

WAYNE COUNTY BOYS AND GIRLS ATTEND CLUB WEEK.

Michigan Boys and Girls, all county champions in club work spent last week at East Lansing, a series of life Michigan State College. The delegation from Wayne county, formed part of the three hundred from the four corners of the state. Club work is an annual event to which boys and girls, who have been awarded championships by the County Agricultural Extension Department, were invited. The program during their stay consisted of studies in foods and clothing, lawn writing, and music for the girls and field trips in forestry and crops besides work in the shop and with livestock for the boys.

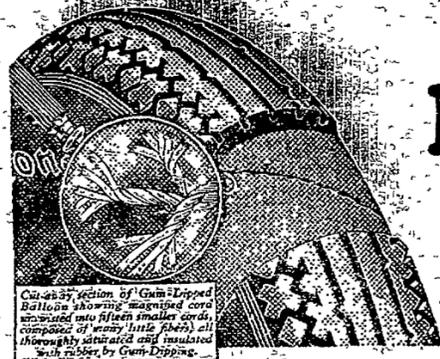

Mixed with the work were the athletic contests, banquets by the Michigan State Board of Agriculture and the Michigan State Farm Bureau, etc. Besides bringing home reports of a wonderful time, the Wayne county delegation brought back second prize for the R. E. Olds group singing contest.

Those making the trip were Clarence Hunt, Knapping Vartanian, Dyon Bock, Roberta McMullen, Evelyn Wright, Keita Shook, Violette Shook, George Hubbard, Ruth Salts, Helen Rebitske, Virginia Shook, George Dunstain, Charles Gull and Sissurine Arens.

Miss Edith Welover, supervising teacher of the middle zone chaperoned the girls and Ralph Carr, County Agricultural agent chaperoned the boys.

Gus Schram who conducted a "buttermilk" joint at Redford did such a rushing business that the state police caused him to move to another location. The buttermilk business was so good in his new location that he was also detected and placed under arrest. Better change the name of your drink next time, Gus. How would "canned lightning" do at \$1.00 a glass.

Robert Carnes was taken suddenly ill at the home of his son, Ira Carnes last Friday.

Helen, the little three-year-old daughter of Mr. and Mrs. Starr Graham, was burned to death at the farm on last Thursday afternoon. The child was left at the home while Mrs. Graham assisted in a field near by and in some way found a match, which she evidently lighted. Mrs. Graham heard her daughter scream and rushed to her aid, but too late to save her life. Funeral services for the little one were held Saturday afternoon and burial took place at North Farmington.

At the last meeting of Walled Lake Rebekah Lodge held at the lodge rooms at Novi the following officers were installed: N. G. Florence Holmes; V. G. Alice Hopkins, recording secretary; Laura Bassett, treasurer; Flosse Eno, conductor; Eva Leavenworth, Warden; Lillian Wines, Chaplain; Agnes Siltfink, R. S. to N. G.; Sadie Hopkins, L. S. to N. G.; Anna Stillwell, R. S. to V. G.; Minerva Martin; L. S. to V. G. Elsie Brooks. At the conclusion of the installation ceremonies the members of the degree team entertained the large crowd by giving a number of well executed drills. Four generations were represented at the gathering. Mrs. A. T. Holcomb, her father, Mr. Harter, born of Poylerville, a man of 82 years of age who had driven 65 miles alone; her daughter, Mrs. Mae Babbitt, and her son, Louis of Northville.

On Thursday night Adolph Menjou will be seen in "A Social Celebrity." The comedy will be "Charlie My Boy."

The attraction for Saturday night, the 31st will be Zane Grey's "Desert Gold" with Neil Hamilton leading the cast.

Remove Dent in Table To remove a dent from a table apply moisture and heat. Wet a cloth with warm water, not hot, and lay it over the dent. Hold near a hot iron, but not near enough to scorch or char the wood. Repeat until the bruise comes up, then lay over the bruised surface a cloth dipped in linseed oil. Finally rub with a mixture of equal parts of turpentine and linseed oil and polish.

Try Northville first.

100 YEARS AND MORE

Weathering the storms of one hundred years and more, what grander monuments have we in this country today to the ingenuity of our forefathers and the enduring strength of good sound lumber, than those old farm houses still standing here and there in many of the states as sound and as good as ever.

There's "shoddy" in lumber, the same as in cloth, and it's a mighty poor investment. Don't put that kind of stuff into your house; let us select the grades for you and you'll have a house you'll be proud of.

RECORD LINERS—THE BEST RESULT GETTERS

WHY NOT TRY A 25c LINER IN THE RECORD?

A PATIENT SUFFERER TO BE LAID TO REST TO-DAY.

After more than a year of intense suffering, rest came at last for Mrs. Ferdinand Siedelberg when she fell asleep in death last Wednesday at the home of her sister, Mrs. Augusta Foss, under whose loving care she has been for the last three months. Funeral services will be conducted at the Foss home this morning at 10:00 o'clock, Rev. O. G. L. Riess officiating, followed by services at 3:00 p. m. at the Jarvis and Easton Funeral Home at Lansing, which will be conducted by her former pastor, Rev. F. M. Kraus of that city.

Mrs. Siedelberg, nee Bernhardt, was born in Germany, August 24th, 1876. She came to Salem in 1891 and in 1895 was united in marriage with Mr. Ferdinand Siedelberg of Lansing. She leaves to mourn her death her husband, four children—Ida, Brock, Albert, Ernest, and Harry Siedelberg, all of Lansing, five grandchildren, two sisters—Augusta Foss of Northville and Frieda Wessel of Ann Arbor, and two brothers, Fred Bernhardt of Detroit and Gustav Bernhardt of Northville. By her quiet and unassuming manner and her patience in long years of tribulation Mrs. Siedelberg has made a host of friends in Lansing, Salem and Northville who will extend to the bereaved family sincere sympathy.

ELF-YEAR TWO YEARS A SCHOOL OFFICER.

At the annual school meeting of Pierson School, District 2, situated at West Point Park, very prosperous reports were read.

After some inquiry among officials, Dr. Thomas found that William Harlan, retiring Moderator of the district, holds the state record for service on any school board, a record of fifty-two consecutive years.

Mrs. Anna Addis succeeds Mr. Harlan as Moderator, Harry Wolfe retaining the position of director.

Tree-Trunk Water Pipes

The officers of the past year laid the foundation for a play-ground equipment fund by dropping their checks for their year's salary in the hat. Enough was added by the others present to make a substantial total. Mr. Albert Nacker is custodian of this fund. A resolution of appreciation for the services Dr. Thomas has rendered the district in the building of the new school house was read and incorporated in the minutes of the meeting.

During excavations near Holborn, England, old wooden water pipes have been dug up. They consist of trunks of elm trees hollowed out, and form part of many miles of wooden pipes used more than a hundred years ago for distributing water in the metropol.

Of Little Benefit

The classics are not popular subjects now, as they do not help people get rich without doing any work.—Newark Advocate.

Mrs. Wm. C. Post will speak at a picnic at Northville Park on Saturday afternoon, July 24th.

Foreign Dishes Bring Added Zest to Dinner

By MRS. WM. C. POST

Light of my culinary ambition always has been to make dinner each day a gastronomic pleasure, rounded and perfect like a stately rind. A rosette that pleases eyes, nose and palate alike. A well-timed dinner is like a pretty woman to that it unlocks men's hearts with a magical key. Exotic dishes give a tang of other lands to the dinner-table. Things foreign awaken the romantic sense. Taste of codfish is Benedictine transports one for the minute to the Montmartre in gay Paris. A dash of Pilchard and we are supping in a quaint cafe on the Nevsky Prospect in Leningrad, while the crunch of English-tea cakes may bring visions of the rolling moors of Sussex.

As an aid to the housewife in carrying out this new and fascinating idea in cooking, the following of my recipes may prove of particular interest:

Italian Polenta.
3 cups hot-cooked 1/4 tsp. butter, rice or mush or olive oil
Beat the butter into the mush while hot. Turn onto a hot serving plate and pour over the following cheese sauce:

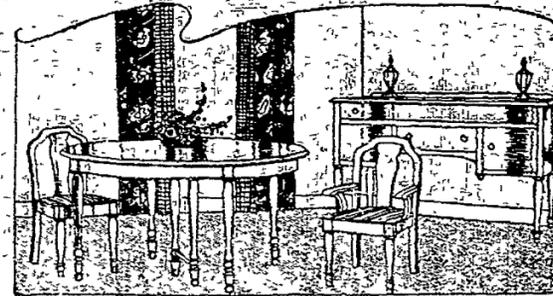

Cheese Sauce.
2 tbsp. fat 1/2 cup evaporated milk diluted with 1/2 cup water
2 tbsp. flour 1/2 cup milk diluted with 1/2 cup water
1/4 tsp. salt 1/2 cup meat stock
Dash pepper 1/2 cup grated cheese

Melt the fat, add the flour, salt and pepper, and stir until the mass is smooth. Add the diluted milk and cook in a double boiler. Stir occasionally to keep smooth. Add grated cheese to the hot sauce and stir until melted or about three minutes.

Butteten Kuchen.
1 1/2 cups sugar 1/2 cup flour
1/2 cup butter 1/2 tsp. baking powder
2 eggs, separated 1/2 cup milk diluted with 1/2 cup water
1/2 cup evaporated milk diluted with 1/2 cup water
1/2 cup almonds
Cream butter and sugar, add yolks of eggs and the lemon rind, stirring constantly. Mix flour and baking powder, add to the butter mixture, alternately with the milk and lastly stir in the stiffly beaten whites of eggs. Place in well-greased shallow coffee cake tins, sprinkle with granulated sugar, cinnamon and a few almonds, sliced fine or chopped. Bake in a moderate oven.

A pinch of curry powder is sometimes liked with luncheon.
