STATE NEWS IN BRIEF

Niles—Mrs. Katherine Malecka, 103, oldest woman in Michigan, is dead. Mrs. Malecka was born in Poland in 1823.

Marine City—Public dedicatory services were held for the new municipal gymnasium which has just been completed at a cost of \$20,000. The gymnasium will seat 800 and is to be used also as a community building.

Lansing—Amendments to new schedules recently fixed for Port Huron, Benton Harbor and St. Joseph providing material reductions from the originally ordered rates and rate increases were announced by the state public utilities commission.

Birmingham—The Birmingham Hunting Club recently has purchased 3,000 acres near Alcona in Alcona County which it proposes to restore in the interest of conservation while it is restocking the place as a game preserve and using it for the pleasure of its members.

Ironwood—Because football practice would be taboo here due to an epidemic of infantile paralysis, the Ironwood high school football squad is in training at Lake Gogebic 15 miles east of here. The school will fish, hunt, study and practice football until the quarantine is removed.

Detroit—Detroit ranks third in the number of automobile fatalities in American cities so far this year, the department of commerce announced. During the first three quarters of the year, 203 persons were killed in Detroit streets. New York and Chicago fatalities number more, the former with 663 and the latter with 435.

Jackson—Pitcher Willard, a 26-year-old laborer in the city water works plant here has come into possession of a \$75,000 estate through a Supreme Court decision. Willard's \$75,000 is his reward for 26 years of devotion to Mr. and Mrs. William Campbell of Jackson, whose employ he entered as a boy of 14 on the death of the Campbells. The probate court had awarded the estate to 17 distant relatives. This decision has now been reversed by the Supreme Court.

Detroit—The latest statistical reports show the population of Detroit is a million and a half, increasing 100 per cent in population every 10 years for the last quarter of a century. Saginaw打破了 1925 的记录，几乎比 1920 年增加 10%。人口为 112,000。居民人数在 1924 年增长了 10,000 人。居民人数正在以每年 10,000 人的速度增长。

Saginaw—Delegates representing sportsmen's organizations throughout the entire state at a recent meeting here recommended the establishment of a \$1.00 resident hunting and fishing license; the proceedings to be used in the purchase of state-owned game and fish refuges. It was also proposed to recommend to the legislature that the cartridge season be closed for the entire state for 1927 and 1928 and members were asked to refrain from shooting any partridges during the present year.

Lansing—Virtually every corporation in the state is in default of the corporate laws according to an interpretation of a Supreme court opinion handed down by the attorney general. The legislature in 1921 enacted act #2, general corporation code, and followed with act #5, the tax law. Both acts required reports, but inasmuch as the tax law required a detailed report it was thought unnecessary for corporations to file twice. The court stipulates a report must be filed under each act.

Ann Arbor—Starting toward the completion of a task of many years, Prof. William J. Hussey of the University of Michigan set sail from New York for South Africa. Accompanying him are Mrs. Hussey and Prof. and Mrs. Richard A. Rossiter. The party expects to spend more than a year at the top of a lonely hill in the Orange Free State where Prof. Hussey will direct the Lamont telescope across and around the southern skies in search of the double stars of that part of the solar hemisphere.

Lansing—The cities of the state bear 72 per cent of the total tax burden and are assessed at 71 per cent of the total state valuation, according to a report completed by the chairman of the State Tax Commission. Total taxes collected in 1925 were \$19,650,000, of which the cities paid \$13,130,295. The total assessed value of the state was \$9,951,262,341, of which \$4,904,537,775 was in the cities. Detroit alone paid \$70,007,041 or more than one-third of the total tax in the state.

Breakfast-Table Beatitudes

Such happiness as the gods allow to mortals each day begins at the breakfast-table—and may end there. The result depends on the breakfast.

The wise housewife understands that the breakfast-table which gives greatest happiness to her family, and which, incidentally, saves her much work and worry, is that on which electricity is used for cooking.

With coffee from the electric percolator, perfectly made and always hot; with toast served hot and crisp from the electric toaster as wanted; with waffles, fresh, hot and delicious coming as desired from the electric waffle-iron, surely guarantee is given that breakfast shall be a pleasant meal and the promise of a happy day.

These table appliances can be bought at any electrical dealer.

What a Rexall One Cent Sale Is

It is a sale where you buy an item at the regular price, then another item of the same kind for one cent. An illustration: The standard price of Klenzo Dental Creme is 50c, you buy a tube at this price and by paying 1 cent more, or 51 cents, you get two tubes. Every article in this sale is a high class standard piece of merchandise just the same as is sold everyday at the regular price.

This sale was developed by the United Drug Co. as an advertising plan. Rather than spend large sums in other ways to convince you of the merit of these goods, they are spending it on this side in permitting us to sell you a full size package of high standard merchandise for 1 cent. It costs money to get new customers, but the sacrifice in profit is justified, knowing the goods will please you.

KNIGHTS TEMPLAR ROYALLY ENTERTAINED AT MONROE.

The Knights Templar held a day at Monroe last Friday was a most enjoyable affair and the exhibition drills given during the afternoon were witnessed by a large crowd. The following participated: Detroit No. 1, Dequatre, Forte, Highland Park, Monroe, Northville and Adrian.

Charles A. H. Thom, Detroit grand standard bearer of the Grand commandery of Michigan, had charge and acted as reviewing officer. Al Smith of Howell, grand past commander of Michigan commandery, occupied a seat on the reviewing stand. O. A. Case, commander of Monroe commandery No. 19, was on the entertaining line for the visitors. C. E. Van Dusen acted as captain general Detroit No. 1 which drilled for half an hour, easily carried off the honors, although the drills were not competitive.

Noticeable were the eschelon and square formation and the passing

cross, the Damascus band playing "Forward Christian Soldiers" with the latter. The commandery numbered 89 men, eight platoons and 14 officers in charge of John Whitehead, eminent commander. Nelson E. Frier was the bugler. The commandery was warmly congratulated by the reviewing officer for its excellent work.

Damascus commandery was likewise complimented on its great showing. Joseph D. Bader is eminent commander of the latter body.

The teams drilled in the following order: Monroe commandery, No. 19; Gen. Ionic No. 55, 23 men; Northville No. 39, 22 men; Damascus No. 57 men; Highland Park No. 52, 14 men; Detroit No. 1, 89 men. James Garret, of Detroit No. 1, was grand marshal.

The final day exercises came to a close with a procession by which all the commanders participated in the Damascus band.

There was a grand parade in the morning previous to the exercises, which included Detroit commandery No. 1, formed the review

of honor and the grand march.

Methodist Church Notes.

Our long Sabbath meeting service will have for its meditation "The Christian Attitude in Life," a study which was held on Oct. 24.

All the new converts and communicants will be invited to the church at 12:30 noon, to give their offerings. The congregation should stay to help the young.

The Harvest Festival at 5:30 will be led by Samuel Stalter.

In the evening at 7:30 the pastor will have a vital message for all and the choir will be in their place to lead the musical part of this vesper service. Plan to come, everybody is welcome.

Mid-week service at 7:30 Thursdays. Don't forget the annual chicken pie supper and bazaar will be Tuesday November the 13th.

The Harvest Festival.

Another event in the annals of the local church history passed away with the fourth annual festival last Thursday evening, October 7th. It represents the "feast of ingathering" of God's people for the blessings of the harvest. Bringing in the "first fruits" was the custom of God's people. Although the harvests were not

as heart wished, yet a thanksgiving for what was, arose from the hearts of the people.

The choir led the congregation in the old time harvest hymns and Dr. John Martin rose to the occasion basing his remarks on God's promise

"While the earth remaineth, seed time and harvest shall not fail," taken from the book of Genesis.

Mrs. Fay Christ delighted the audience with a solo and the choir rendered an appropriate anthem under the direction of Richard Kilgour.

The usual custom of disposing of the beautiful decorations of fruit, vegetables and flowers which charmed the looker as they gazed around the church was undertaken by our good friend, Lloyd Lovewell of South Lyon. He was again equal to the occasion and when summed up the total of \$30.00 was netted for the treasury thus will strengthen our budget and look into the future of making this year another record for our world service.

No one can say we are not a Missionary church. Another record was set in behalf of "others" last conference year, and as this spirit grows it makes everything else grow with it.

Mrs. Charles Dolph superintended the refreshments and the service came on like a veritable benediction.

PRESBYTERIAN CHURCH NOTES.

"Jesus Christ alone can save the world, but Jesus Christ cannot save the world alone." "We are witnesses of those things" said Jesus.

Sunday morning worship at 10:30, when the pastor will speak on "Not ashamed of the Gospel of Christ."

T. F. S. C. E. at 6:30 p.m. Topic: "What Ideas Are Found in the Constitution of the United States?"

Evening service at 7:30. Sermon: "Question of Exemption."

The Westminster Guild will meet on Monday evening with Mrs. Alice Buckley on Randolph street. All members be present.

Mid-week service Thursday at 7:30 p.m. Lesson study: "Jesus and Unbelief."

"Let us not be weary of well-doing, for in due season we shall reap if we faint not."

ST. PAUL'S LUTHERAN CHURCH

You are cordially invited to attend every service during Lutheran Week. You cannot afford to miss even one.

As you drive out Griswold Street, keep your eyes to the right and watch for our beautiful church steeple. The show window of Mr. White's store also has an agreeable surprise in store for you. Watch that space next week.

The Rev. F. A. Hertwig, Vice-President of the Michigan District of the Lutheran Missouri Synod and pastor of a large congregation in Detroit will be the speaker to the first Lutheran Week service Sunday evening at 8:00 o'clock. His topic will be "What Is the Bible?" This sermon is well adapted others which are to be delivered during Lutheran Week will be in the English language. See our large advertisement for further details.

The Epworth Choristers of Detroit and Prof. Schmitz's orchestra will render special music on Sunday night. Come and bring your friends.

There will be no English service on Sunday morning, but see in the German language at 11:30 o'clock.

Sunday school at 10:30 o'clock.

Remember, you are always welcome at St. Paul's.

AUSTIN N. KIMMIS WRITES INTERESTINGLY TO AN OLD FRIEND.

The following letter from Austin N. Kimmis, while written to M. A. Porter, will be read with a great deal of interest by old friends here.

930 Elizabeth Street,
Pasadena, California
September 11, 1926

Mr. M. A. Porter,

Northville,

Michigan.

Dear Friend:

If there is anything in telepathy you have been thinking about me recently for you have certainly been in my mind much of the time for several days back. Of course I have often thought of you during the years I have been away from Michigan. Quite naturally I have tried much in the past since the time I had to give up active business. As you know my masonic life was always of importance to me and living it over again has given me much of pleasure coupled with much of regret that I was able to accomplish so little. And I can think of no part of my masonic life but that you loom large in the pictures. From the time you first received me at the altar of Masonry to the time you placed on my head the emblem of past commandant you were always there. Never before you wanting for words of encouragement at all times and never denied me words of advice when requested. Of course our friendship was based on things other than masonry but it seemed that in masonry I found opportunity for most earnest expression.

All so while I have thought often of you in all these years, there has been some reason for your being so constantly in my mind recently. I don't know just what it is, but the impulse to write to you is not to be resisted should I try to do so; which I do not.

Of course you know the main facts of my life since I was compelled to give up work at Detroit and seek health elsewhere. You know of my wanderings and how after long time I found myself so fully recovered that I was enabled to get back into the service. I had then come to a dead end. Of course you know that I am permanently crippled. I do not dare to write much of all that would be better left out but that would like to know and how I am getting along now. Know much how I am physically and what I am getting out of life.

I think that it was a pretty hard blow when I discovered after being disabled for months that I would receive only half what as a matter of fact I could make. And again without strength of cause. Of course I knew that I was so shattered that the creation of nothing back to work had ruined the greatest pleasure in life is found in work, but perhaps the only way to make man fully realize that fact is to deprive him of the ability to work. However there are other ways in which man and what they think to be pleasure still as in playing golf or riding a horse or other form of physical exercise which we call play. Well when I realized that not only the joy of work but also the pleasure of playing was to be denied me it took all the mental and moral fortitude I could summon to see much left me worth living for. Thankful I am that was but a temporary delusion if I may call it that. I can now see in neither the joys of work nor the pleasures of play are absolutely necessary to happiness.

So here I am far from the friends of other days and longing to be with them; unable to work, and I would like much to do so; unable to indulge in those forms of physical exercise which I so much enjoyed; oppressed with a realization of how useless I am and yet I am quite happy. How can that be? I will tell you.

Pasadena is a beautiful place to live. From the door of the San Gabriel valley it rises on the north to the foot hills. We are living about half way up. Living here about 1250 feet. This house faces the north. I sit on the porch and can "lift up mine eyes unto the hills from whence cometh my help". We both love the mountains. Flowers in abundance are always with us. Taken all in all the weather here is better than we have found elsewhere. In fact it seems that the things that contribute to physical comfort and well-being are found here in satisfying abundance.

There are splendid men and women here as there are everywhere. We could not have better neighbors. In this block we seem to be one great family. I am a Rotarian and attend the weekly meetings of the Pasadena Club. This has enabled me to form warm friendships with many of the finest men in Pasadena. The Knights Templar have been very kind to me but I do not attend their conclaves because of my physical infirmity. Our social relations are all we could ask. We love our neighbors and their treatment of us seems to prove that they like us.

All these things help to make life interesting and comfortable. Happiness is not measured by money but by the love and concern of your family and friends.

the experience of the years has enabled me to attain. The teachings of Masonry illustrate a pretty sound philosophy of life. To that philosophy I think I may in quite large measure attribute my present mental attitude and to that mental attitude my happiness.

These have been trying years for Mrs. Kimmis. In every way except physical pain she has suffered more than I. No words of mine can tell of her devotion and self-sacrifice. Constantly solicitous to save me the slightest effort that might cause me physical pain always appearing cheerful and hopeful she has inspired to me courage in the hours when I was despondent. I feel sure that without her I should have fallen to such a mental state that life would have been a burden. Surely I may truly say of her in the language of Solomon, "Many daughters have done virtuously, but thou exceedest them all."

All of this about myself I have written because I think you will be glad to know. As you read it I am sure your mind will run back over the past and as you recall our relations with each other I do not think you will find one unkind word. I am sure you will not for there never were any.

Now perhaps you will be moved to tell me about yourself. I shall be very glad if you do. On the table beside me lies my Past Commanders Level. As I look at it somewhat the mist gets in my eyes.

With warmest fraternal regards,

am your sincere,

AUSTIN N. KIMMIS

PONTIAC—Judge Frank L. Covert of Pontiac was elected president of the Michigan State Conference on Social Work at that organization's meetings in Ann Arbor. Election of Judge Covert to the highest state office in this organization came as a result of the leading part he has taken in lining up local and social work in Oakland County.

When a Child Turns on its Parent

HOW TO PREVENT FIRES

Matches — Be sure your match is out. Break it in two before you throw it away.

2. Tobacco — Be sure that pipe ashes and cigar or cigarette ends are dead before you throw them away. Never carry them in a brush, leaves or needles.

Making Camp — Before building a fire, remove all inflammable material from a spot near the chimney and fireplace. Don't build your camp fire too close to trees or logs or near brush.

4. Breaking Camp — Never break camp until your fire is completely out.

Brush Burning — Never burn brush or brush in windy weather or where there is the slightest danger that the fire will get away.

One tree will make a million matches, and one of the million matches can turn on its parent and destroy it, and a million more giants of the forest with it.

A three-fold loss results:

(1) Property loss.
(2) State expense for fighting fires, \$369,193.33.

(3) An ideal vacation land denuded of its attractions; for timber fires take the beauty from the woodlands, and cause partial drying up of lakes and streams.

Care — vigilance on the part of every tourist and camper, both from Michigan and from without our state, will stop this loss. Remember that northern forests burn easily. The pine needle floor picks up a spark like tinder. Practice the Prevention Rules shown here, which all trained woodsmen use. Additional copies will be sent free on request to this office. Your friends and travelers, will be glad to have them.

To the Qualified Voters of the Township of Northville, County of Wayne, State of Michigan:

Notice is hereby given that in conformity with Act 126, Public Acts of 1917, as amended, I, the undersigned Township Clerk, will upon any day except Sunday or a legal holiday or the day of any regular or special election, receive for registration the names of any voter in said township not already registered who may apply to me personally for such registration, or who may make application for registration by mail or messenger, as provided by Act 7, Public Act of 1913, as amended, except that I can receive no names for registration during the fifteen days intervening between the second Saturday before any general or special election or official primary election.

October 23, 1926 — LAST DAY
for General Registration by Personal Application

For Registration in absentia. See below. Notice is further hereby given that I shall be at the Lapham State Savings Bank on

October 16 and October 23, 1926, from 9 o'clock a.m. until 4 o'clock p.m. on each of said days for the purpose of receiving the registration and registration of such of the qualified electors in said township as shall properly appear thereto.

The name of no person but an actual resident of the precinct at the time of registration, and enfranchised under the constitution, if remaining, such resident to vote at the next election shall be entered in the registration books.

Provisions in Case of Removal to Another Precinct.

An unregistered and qualified voter who has removed from one election precinct to another election precinct of the same township shall have the right on any previous election day or application to the Township Clerk, to have his or her name transferred from the registration book of the precinct from which he or she has removed to the registration book of the new precinct in either or soon, besides. Such voter shall have the right to have such transfer made on election day or immediately after the board of election inspectors of election "of the precinct from which he or she has removed a certificate of transfer and presenting the same certificate to the board of election inspectors of the precinct to which he or she has removed."

Women Electors.

The names of all qualified women who are not already appearing on the registration list will be registered in conformity with the following provisions:

WAYNE COUNTY RURAL SCHOOL NOTES.

Michigan Education Association

This year the first general meeting of the Association will be held in the Cass High School auditorium at 8:00 p.m., Thursday, October 28th. The second session will be held at 7:30 p.m., Friday, October 29th, and the final session at 10:00 a.m., Saturday, October 30th.

Division and Section meetings will be held Friday, October 29th.

The Rural division will meet at 9:00 a.m., Friday, October 29th, in Room 117, Cass High School. President Butterfield of Michigan State College and Mrs. Anna Cleson of Northville, Illinois, were the speakers.

Rural Section Meeting — This meeting will be held at the Wolverine Hotel, Friday, October 29th, beginning with a luncheon at 12:30 p.m. followed by the regular section meeting.

Price per plate, \$1.50. Make reservations through your Principals teacher, later than Monday, October 25th. Program — Hulson Quartet, Conservatory in Encinosa by Dr. Ernest Burham, Western State Normal Music Advisor, a Demonstration by Miss Vera Richardson.

Boys and Girls Club.

By the last of October we shall be thinking about the Boys and the Girls Clubs which will be organized for work during the winter months.

The Clothing and Hot Lunch Club will be under the direction of Miss Lois Corbett, Home Demonstration Agents, and the Handicraft Club will be under the direction of Mr. Ralph Clark, County Agricultural Agent.

On October 29th there will be a meeting of all teachers and leaders of the above mentioned clubs in the auditorium of the Dragon Library at 10 a.m. Miss Sylvia Wixson and Mr. Nevins Pearson, of the State Department, will present work as outlined by the state to these leaders at that time. It is hoped that every teacher who anticipated having a club in her school will affiliate herself with the state and attend the meeting in order to get all necessary directions and a uniform start.

TUBERCULOSIS ASSOCIATION

Held INTERESTING MEETING.

An unusually large attendance characterized the annual meeting of the Tuberculosis Association, Tuesday and Wednesday of last week at the Michigan Trudeau Sanatorium and the Detroit and Wayne Medical Society. This meeting is expected to mark an epoch in the tuberculosis work of Michigan, the program of the meeting of three health officials of Michigan — a group of leading physicians, the Pathologist, Dr. Henry G. Ladd, the Entomologist, Dr. F. Jacobson, and the Director, Dr. John W. Nichols, University of Virginia Hospital, in speaking, as he did, for the adoption of the state-wide code of the disease, gave instructions to be rank and file of workers in the state.

At the same time the revision of the Tuberculosis law, that was discussed and that is expected to be made at the next session of the legislature, made progress in the application of advanced knowledge of the disease to methods of dealing with the disease. The work of restoring the arrested case of tuberculosis to normal life and work also received new impetus thru the attitude taken by Percy Argue, director of the Division of Civilian Rehabilitation of the State Department of Public Instruction. That Michigan is recognizing the need of post-sanatorium care for discharged tuberculous patients is further evidenced by the recent establishment near Ypsilanti of an After-Care Colony for patients from the Detroit Tuberculosis Sanatorium. A visit to this institution the first of its kind in Michigan, was one of the attractive features of the meeting. All of Wednesday afternoon was spent by those attending the conference visiting the Sanatoriums of Detroit, and the new After-Care Colony near Ypsilanti.

FARM SHORT COURSE TO OPEN AT M. S. C.

A general short course in agriculture running for 16 weeks in each of two winters, will open at the Michigan State College on October 25, according to announcement made here.

This will be the first of the more than a dozen special short courses in agriculture and home economics which will be offered at M. S. C. during the coming winter, most of the others starting in January.

Four different subjects are offered in the sixteen weeks' general course according to R. H. Tenny, director of the short course work. This course is said to be very practical, taking up nearly all important phases of Michigan agriculture and giving the student a fund of everyday workable knowledge.

"Lifting" and "Carrying".

TRADE CONDITIONS ARE ENCOURAGING

*Survey Assures Continuation
of Business Activity.*

New York.—A continuation of the nation's present commercial activity into the beginning of next year is indicated in a trade survey by the National Association of Manufacturers presented to the association at its convention here.

The survey was made by a questionnaire covering sixteen basic groups of manufacturers. A summary of the answers shows a favorable view of current and winter trade business, a higher level of employment and wage conditions, an increase in production, sales, quantities and values, and a prevailing industrial peace.

The consensus of present trade is 19 per cent excellent, 73 per cent good to fair, and only 8 per cent poor. On winter prospects 16 per cent report excellent, 88 per cent good to fair, and 1 per cent poor. Fifty per cent predict better business than in 1925; 25 per cent unchanged and 25 per cent poorer.

Reported increases in production average 17 per cent and decreases 11 per cent. Reported increases in sales quantities average 10 per cent and decreases the same. Sixty-eight per cent report an increase in employment since last fall and 89 per cent report higher wages.

A suggestion for maintaining and improving the nation's business is by solution of farmer's problems through giving him a market direct to the consumer and by elimination of policies from consideration of agricultural questions.

Other measures proposed are: Economy in state and national administration with a view to a reduction of taxes; maintenance of a proper protective tariff; encouragement in protective conservation activities; establishment of a national commission for stain and vegetation; extension of forest trade; and encouragement of war horses; possible of the building of a government-owned power plant; establishment of the federal road system; investigation of the site available for industrial expansion; and with the Red Cross, a plan to open up the country of every state built or growing in any other country.

Scaredtown Illinois,

Surrounded by Weevils

Pearl River, Ill.—A new pest in Illinois has descended this autumn with loss of 100,000 bushels of corn and 100,000 bushels of oats. Farmers informed and of other insects and rod the weeds from fields to surround the town. The local bank would pay the cost of establishing a line of the federal road system. Investigation of the site available for industrial expansion; and with the Red Cross, a plan to open up the country of every state built or growing in any other country.

Washington.—The American Red Cross has threatened appropriate action against the Board of Education of Pittsburgh if the organization fails to accept a report from William M. Dickey, president of the club, that 13,500 families were in need during the winter.

Pittsburgh, Pa.—The Pennsylvania Game Commission has issued an order prohibiting Sunday football within the city limits, but exceeded the ruling to include all forms of athletic contests on the streets of the city, so far that such games were illegal under the Sunday laws of 1911.

The municipal golf course, the only public links in the city, and the tennis courts at various public parks will be closed on Sunday under the order. Many of the private golf courses, however, are outside the city limits.

*Sunday Sports Barred

*Ohio Felons Are to Be
Granted Speedy Trial*

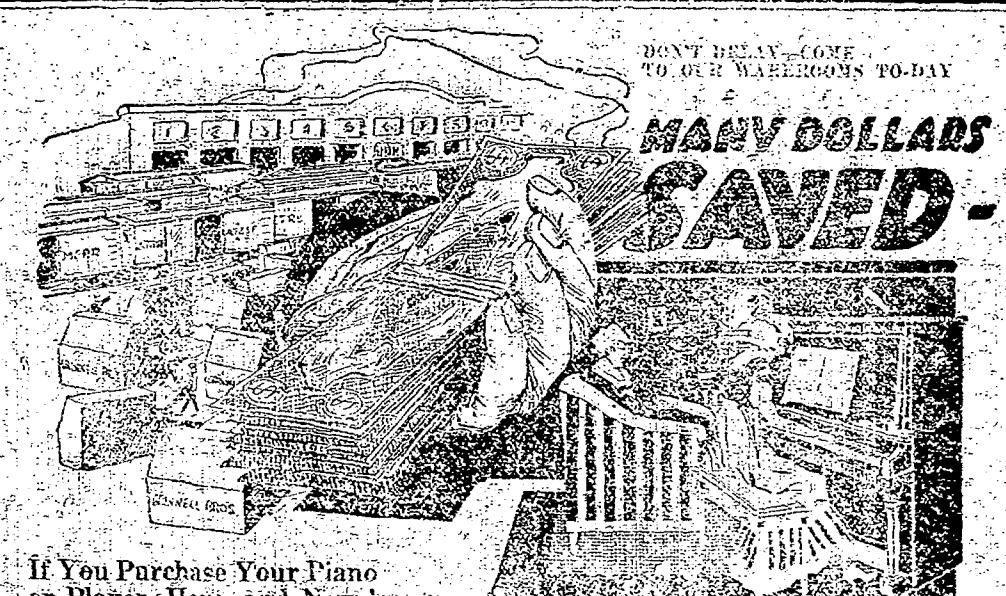

Columbus, Ohio.—Probably the most forward step in Ohio toward arresting crime was taken by Chief Justice Carlington T. Marshall of the Ohio Supreme Court when he issued a proclamation to the judges of the Common Pleas courts directing them to bring to speedy trial all persons accused of felonies. Criminal cases must be given preference over civil cases on the judge's dockets, the chief justice decrees.

GREEN ASSERTS AUTO PLANT RUINS LABOR

A. F. of L. Chief Says Mass Production Sends Men to Human Junk Pile.

Detroit.—Some indication of the stand which organized labor will take in the proposed campaign to unionize the Detroit automotive industry was before American Federation of Labor delegates in the form of a statement condemning working conditions in one of the world's largest plants.

The statement was issued by A. J. Morris, secretary-treasurer of the federal trade department of the federation, following a tour of inspection through the plant in question by President William Green, Secretary Frank Morrison, members of the executive board, and most of the 200 delegates.

The plant's mass production system was criticized as being "harmful to physical welfare of workers," Morris said.

The constant motion which men in the plant are subject to, added to the tremendous pressure under which they labor, means that within a few

years these men become another addition to the human junk heap of Great Places," he said.

"So big as now man can constantly be added, such a plant can run, but not breed. Instead of bringing rewards to those men and making better Americans, this system produces men who cannot help but be good material for the radical and the ideal," said Morris.

President Green said his forces went through the plant a number of times but found no effect of the system.

The statement follows the following resolution of the executive council of the American Federation of Labor:

"That we, the American Federation of Labor, do hereby oppose the

mass production system adopted by

the Ford Motor Company.

States showing the greatest increase are Florida, 70.2 per cent;

Michigan, 21.3 per cent; Mississippi, 21 per cent; Arkansas, 19 per cent, and Oklahoma, 16.7 per cent. Increases between 14 and 16 per cent were reported by Georgia, Idaho, Nevada and North Dakota.

Gross receipts from registration fees, license fees, etc., amounted to \$257,770,440, which is nearly all to be used for road purposes. State highway funds were allocated \$170,314,000 toward road funds \$123,577,700 and \$20,838,000 to be used for payments on state and county roads bonds.

For the ninth consecutive year Buick has won first choice of space at the National Automobile Shows.

This is Leadership! For this honor goes annually to the members of the National Automobile Chamber of Commerce with the year's largest volume of business. For any other car to equal this would mean retaining continuous leadership until 1936—almost another decade.

The industrial history of America records no more brilliant achievement than these nine successive years of Buick dominance.

SAYS U. S. ARMY HAS BEEN CUT TOO LOW

Pershing Asserts There Is No Justification for Alleged Saving.

Philadelphia.—John J. Pershing broke the silence he had maintained for over a year to publicly sound warning that the army has been reduced to a point "below which we cannot go without much serious results."

Speaking before the Military Order of the World War, the commander of the American expeditionary force told his one-time soldiers that the world "is not yet free from jealousy and cov-

ADVANCE IS SHOWN IN CHILD WELFARE WORK

The policy of the National Child Welfare division of The National Legion to supplement the aid of caring for the needs of children of veterans in their own homes in the homes of relatives or in foster homes has progressed satisfactorily the last year, according to the report of the committee at the eighth annual national convention of the Legion here September 1; there were 163 children in such homes; one in a hospital; forty-three were present at the Otter Lake, Mich., billet; seven were in the Clarendon, N.J., billet; and four were at the Legionville, Kas., billet.

The total number of children with their own mothers in our homes, and receiving some degree of Legion assistance was 112; in foster homes, 33 with relatives 19.

EGG RACE CLOSE AS HENS ENTER STRETCH

With only 42 eggs separating the four highest pens in the annual International Egg Laying Contest at the Michigan State College, and with less than a month to go before the end of the race, the closest and most thrilling finish in the famous egg marathon being decided by officials in charge.

All records for the Michigan contest are being broken by the birds entered this year, an average of 186 eggs per bird for the 1,100 hens in contest was noted at the end of the 10th week, as compared with last year's record average of 158 eggs at the same period in the contest, which ends on November 1.

The high-ranking pens of ten birds each, on October second were as follows:

Hanson's White Leghorn Farm, Corvallis, Oregon, 2,324 eggs; J. Patter and Son, Hudsonville, Michigan, 2,360; Marshall Farms, Mobile, Alabama, 2,350; George S. Sutton, Aurora, Ind., 2,342; George R. Ferris, Grand Rapids, Michigan, 2,277.

GERMANY WOULD BUY
MALMEDY AND EUPEN

Dickers With Belgium for
Return of Cantons

Washington—Belgium considers
selling to Germany according to cable
reports. Belgian border cantons of
Malmedy and Eupen.

In cable facts in the transaction
are correct, this deal is international
real estate equals and flights of fence
prices in America," says a bulletin of
the National Geographic Society from
its headquarters in Washington.

Belgium has been the owner of
Eupen and Malmedy for six years.
They are both hill towns. The first
has 14,000, and the second 4,000 in-
habitants and the whole 382 square
miles of territory contains not more
than 60,000 people. The wooded
countryside offers no such rich agri-
cultural perspective as the fertile Bel-
gian plain farther west. The hills
contain no minerals of importance. Yet
the tentative price is reported to be
1,000,000,000 gold marks. At current
rates of exchange this is equal to ap-
proximately \$30,000,000, which is a
six-year profit any American reitor
can appreciate.

Two Towns Near Liege.

No one of the present generation
can forget Liege so it is easy to lo-
cate Eupen and Malmedy by finding the
border 25 miles east, and the latter
25 miles southeast of that martyred
Belgian town. Eupen can almost claim
to be suburb of Aix-la-Chapelle, or
Aachen as the Germans call it. From
Eupen the Germans stepped across
the border in August, 1914. Mal-
medy is further south along the Ger-
man-Belgian frontier, which is only
40 miles long. Directly across the line
from Malmedy is Spa, now a spa but
The Spa, whose health springs at-
tracted crowned heads of Europe dur-
ing the first part of the Nineteenth
century.

All Versailles, in 1918, Belgium
waited 14 cantons of the so-called
Eifel district of Germany, adjacent to
the Belgian border. She claimed them
as lost Walloon territory, taken by
Prussia by the Treaty of Vienna in
1815. Below is half Wallonia and
half France. The Wallonian half is the
forested uplands beyond Crevecoeur, which
is the French name for the hill belt
between the two countries. The Belgians
are reported to have recovered all other
territory between the border and
the Eifel cantons, but the Walloon half
of the Eifel still remains.

Five Hundred People Without a
Country.

Neighboring to Malmedy and Eupen
is Moresnet, which is stuck in border
territory. In addition to the Walloons
there are women and children without
a country.

The town sits over a hill nine
which had been worked for hundreds
of years. When it came to being a
border land neither Belgium nor Ger-
many would consent to the overrunning
of Moresnet and its mines. They con-
sidered it a neutral Moresnet.

It is not a state, yet it belongs to no
one. Moresnet is measured in acres
instead of square miles, 1,400 acres,
according to one authority, and 500
acres according to another. One year
it has a German burgomaster, the next
a Belgian burgomaster. Customs reve-
nue is collected by German agents and
divided between the two countries.

Moresnet came near to being over-
crowded shortly before the World War
because its inhabitants, being citizens
of no country, did not have to serve
in the army. Belgians and Germans
wishing to escape military service
flocked to Moresnet until the two god-
parent countries put a stop to that.

A glimpse into Moresnet's economic life
is afforded by its taxation policy.

Funds to run this village without a
country are obtained through subsidies
from the mining company and a tax
on draught dogs.

Earn \$3,250 Hourly

Boston—Earnings of \$3,250 an hour
were recorded by the crew of the
fishing smack Killaway. Four hours
after she cast off from a local pier the
ship was headed back with 35,000
pounds of mackerel, a new version of
fisherman's luck.

Modify Charleston

New York—Because the Charleston

is too acrobatic it is to be modified by
the American Society of Dancing
Teachers.

Fair Sued for \$24,000

for Slump in Hot Dogs

Camden, N. J.—Leon Ferber, a
former hot-dog vendor at the
South Jersey Exposition grounds

here, sued the exposition com-

pany for \$24,000 damages be-

cause he complained the hot-

dog business at the fair was not

as good as the exposition direc-

tors represented to him and he

was forced to close his conces-

sion stands after suffering se-

vere financial losses.

He asserted that glowing

promises of much trade in the

succulent fritters were made to

him by the exposition manage-

ment but that the crowds did not

arrive and the hot dogs died on

the plate.

JACK DUNN'S SOLDIERS LOSE

In one of the best football games ever witnessed on the Northville grounds, Jack Dunn's football team from Company K, 125th Infantry 32nd Division of the Army lost to the Wolverine Artilerie Club.

Both teams played a very good game and were about evenly matched in all respects except weight. The soldiers had the Wolverine boys decidedly outweighed. The game was played all over the field, for the first three quarters with neither team scoring.

In the fourth quarter due to their manager going out on the field, the Wolverines received a long penalty putting the ball on their twelve yard line in possession of the army team.

The army plunged the twelve yards for a touchdown but their kicker was covered by the fast ends of the Wolverine team before he could recover a fumble when he started to kick goal and lost the point.

The Wolverine boys came back with determination and having only six minutes left to play, the quarterback gave the signal for the old "Wolverine" shift play and they started driving thru the army's defense for continual gains carrying the ball sixty yards in less than two minutes by fast running and alternating punting and passes they crossed the army's goal line for a touchdown and Stevens kicked goal for the Wolverines making the score 7 to 3 in favor of the Wolverine team.

The Army tried a desperate passing game in the remaining minutes but the final throw failed the grid in the Wolverines favor 7 to 6.

The Wolverines play at Wayne Saturday against the Wayne County Road team.

Dollar Day in Northville Wednesday, October 13th. Keep that date in mind.

Will Seek \$100,000,000
for Texas Cotton Fund

Dallas, Texas.—A fund of \$100,000,000 is to be raised immediately by Texas bankers to be lent at \$50 a bale at 6 per cent interest per annum to issue 1,000,000 bales of cotton from the market.

The clearing house associations of Dallas, Houston, Waco, Galveston and other Texas financial centers are to carry out the plan adopted at a special conference called by the Dallas Clearing House association.

The plan includes 25 per cent acreage reduction in cotton for 1927 to be pledged by bankers and landlords. The same campaign is to be carried into other southern states at once until at least 3,000,000 bales have been retired from the market.

Revenue Gain Reflects
Large U. S. Business

Washington.—In the analysis of revenue for the fiscal year ended July 30, 1926, the report of the internal revenue bureau holds that substantial increases in nearly all tax collections reflect the country's prosperous business condition.

During the year internal revenue receipts from all sources were \$2,833,500,892, an increase of \$251,839,624 over those of the fiscal year of 1925.

New York took first place Pennsylvania, second; Michigan third and Illinois fourth among the states in total internal revenue collections. The figures are: New York, \$733,729,733.66; Pennsylvania, \$222,817,535.72; Michigan, \$25,629,148.41; and Illinois, \$216,719,387.42.

Will Not Cut Army and Navy
Washington.—President Coolidge has decided to retain that there is no foundation for the reports that substantial cuts are proposed in army and navy appropriations as part of the administration's economic policy.

MIGHTY BIG DIVIDENDS

No farmer can afford to let his young animals stay out in wet or stormy weather.

Give them comfortable sheds to eat in and sleep in, and you will find the money you put into such buildings will bring mighty big dividends in the improvement of your stock.

You still have time to build that promised shed for your young stock.

We can quote you a price on some lumber for this purpose that will interest you.

At this season of the year when you are putting the home in condition for winter you naturally think of Rugs and Floor Coverings. They not only add to the attractiveness of the rooms, but they also add to your comfort because the floors are warmer.

You will find here a very complete assortment of Rugs in a great variety of patterns and colors. We have them in all the regular sizes from the larger ones to the small ones which are now so popular. You will also find that our prices are very reasonable. Here you can examine the material, look at the color and workmanship and feel sure that you are getting just what you want.

When you buy from a photograph or a catalogue you cannot do this with the result that you are very often disappointed.

We shall be glad to have you visit our Rug Department and let us show you our very complete line.
