NORTHVILLE'S HANDSOME NEW BANK BUILDING NEARLY COMPLETED.

Workers are putting the finishing touches on Northville's handsome new bank building—the structure being erected by the Northville State Savings Bank—and the formal opening of the new banking quarters will take place on Saturday, November 6th.

The general public is cordially invited to visit the new building on that date and to make a personal inspection of the building and its modern and up-to-date equipment. No city bank can offer greater conveniences, and but few towns the size of Northville can boast of a bank building to equal the new structure, the entire front of which is constructed of Minnesota granite, something very unusual even for city banking institutions.

The officers and directors of the bank extend an invitation to all to inspect the new quarters on the above date, and doubtless the people of this entire community will eagerly accept the invitation. Northville has reason to be proud of the handsome new building.

FORMER RECORD "DEVIL" HAS MADE GOOD AS PUBLISHER.

While an Arbor last week the editor of The Record had the pleasure of meeting a former Northville boy who has gone out into the world and made a good job of himself—Virgil Smith, who is now president of the Michigan League of Publishers, and who resides in New York City. He was in this office when he attended school here and after graduating from the Northville schools entered the employ of a newspaper in New York. He has since been in the employ of several other newspapers, and especially in the employ of the New York Times. He is now president of the Michigan League of Publishers, and is a member of the American Publishers' Association.

Baker of Cheboygan was among the visitors and he was called upon for a speech. At the conclusion of Mr. Baker's remarks, Trustee C. E. Laughfield extended a cordial welcome in behalf of the village. The people demanded that Mr. Green come from the crowd and make some remarks and he kindly responded to the request. Next Sunday being "World's Temperance Day" there will be special music with other numbers including a temperance sermon by the pastor. We had hoped to have with us that day Hon. Grant M. Hudson, but received word it would be impossible for him to be here. However, he plans to be at Walled Lake a brief time during the convention.

The W. C. T. U. held their meeting at the home of Mrs. Lizzie Coates Tuesday afternoon and with a number of the Walled Lake ladies made plans appointed committees, etc. for the county convention to be held in the Methodist church at Walled Lake next week Wednesday and Thursday, November 1st and 2nd. It is hoped this will be the best as a convention in several of the county and state officers have been held and also with a national convention, a law enacted to be held will have only two days to be held before the county convention will be held in the town hall.

"The Mystery Hike" is the one big city-wide outing of the year when the Scouts go in a body onto the open to play their mass games, cook juicy beefsteaks over the open campfire, and gather around a huge campfire in the evening for a "pop" rally.

The second annual Rally Day for women who are interested in home economics extension work will be held at Michigan State College, Saturday, October 30th. Many of the local leaders who were trained last year by specialists of the college home economics department will attend the meeting.

The building and its facilities for the teaching of home economics will be shown to the local leaders. Dinner will be served in the People's church of East Lansing.

Integrity in Art. The more beautiful the art, the more it is essentially the work of people who are striving for the fulfillment of the law and the realization of a liveliness which they have not yet attained, which they feel even farther and farther from attaining the more they strive for it. And yet, in a still deeper sense, it is the work of people who also know that they are

OAKLAND COUNTY ADOPTS LARGE ROAD PROGRAM.

Eighty-two and three-quarters miles of Covert roads, representing the extensive program of road improvement Oakland County Road Commissioners have outlined for the year 1927, were approved by the board of supervisors. Under the state law as it now exists, the supervisors must again approve every Covert road improvement project before the commissioners can proceed.

The program outlined includes 66 1/2 miles of concrete roads and 16 miles of gravel roads. At the present time there are 55 1/2 miles of improved roads in Oakland county, including 187 1/2 concrete and 372 1/2 gravel. The proposed 66 1/2 miles of concrete would make a total of approximately 250 miles of concrete roads.

The following roads proposed for concrete paving are given together with the mileage to be paved:

- 1 N. ac. Mile Road, 7 miles
 - 2 Old White Lake road, 4 miles
 - 3 Halstead road, 3 1/2 miles
 - 4 Commerce road, 7 1/2 miles
 - 5 West Maple avenue road, 5 miles
 - 6 South Milford road, 4 1/2 miles
 - 7 Thirteen Mile road, 9 1/2 miles
 - 8 North Troy road, 2 1/2 miles
 - 9 Lusher road, 5 1/2 miles
 - 10 Northwestern Highway, 10 1/2 miles
- Only four roads proposed for gravel. They are:
- 1 Sherwood road, 1 1/2 miles
 - 2 Oak Hill-Austin Corner rd, 1 1/2 miles
 - 3 McClelland road, 1 1/2 miles
 - 4 Brewer road, 1 1/2 miles

WALLED LAKE SCHOOLS SHOW GREAT INCREASE IN ATTENDANCE.

Attendance in the Walled Lake consolidated school has more than doubled within the last five years. Writes a correspondent to the Pontiac Press. Five years ago, when the school was first organized, 156 pupils were enrolled. Today there are 323 of which 141 are non-residents.

High school grades, 9 to 12, during this period have increased from 25 to 82, so the total of a high school which is accredited by the University are highly appreciated.

From their first year it can be seen that the general enrollment has increased better than 200 per cent. The school enrollment has increased 200 per cent. This is a very fine record for the county and the state.

NORTHVILLE, MICH., OCT. 29, 1928.

CAST YOUR BALLOT. During the recent primary campaign the spectacle was witnessed of the school children of the state being mobilized in a drive to urge their parents to get out and vote. This indifference on the part of electors is not a healthy indication of popular government. It should not be found necessary where so much opportunity is given the citizen to take his or her share in the affairs of government.

DOLLAR DAY WAS A REAL SUCCESS. Northville's second dollar day event was a great success. The day dawned bright and sunny—something quite unusual—and people were astir early, being anxious to "get in" on the first and best offerings of the day.

Many splendid bargains were offered and as one woman was heard to remark, "we are able to save money by spending it." And her remarks were very true, because in many instances merchandise was sold at less than wholesale prices.

The success of the dollar day is a further indication of the people's interest in the surrounding country to make Northville their trading center and for the purpose of becoming better acquainted with the central hub of the Michigan road network.

KING'S DAUGHTERS NOTES. The first meeting of the King's Daughters will be held at the home of Mrs. Ed. Beckman, 211 Main street east, next Tuesday, November 10, at 7:30. Members will please remember to bring their own contribution for the donation to the home for aged people.

EVENTS ARE NEVER FINAL

The giving of the ten commandments on Sinai was not final. Each generation must weave these principles of the relation of man and his maker and to his fellow men into their daily living. The Magna Charter as signed by the English king was not final. The people received the right to go out and make those wonderful ideas real in their acts towards one another. The Declaration of Independence was not final although one of the greatest acts of any group in political history. We are still declaring those ideals in our daily existence.

BEAUTIFUL CHURCH POSTER ERECTED ON GRISWOLD STREET

A poster which is attracting more than ordinary attention, and which well deserves closer study is being displayed on Griswold street this month by St. Paul's Lutheran church. The poster shows Christ pointing to a star and saying, "Come unto Me and I will give you rest, and Righteousness." "Catholicism" is the name of the poster. Sometime ago the Poster Advertising Association of Chicago, composed of more than thirteen hundred members operating poster plants in fourteen thousand cities and towns, held a contest for designs appropriate for a poster in the interest of the church and church-going. The judges included ecclesiastics and artists of national standing. The poster which is displayed on Griswold street, designed by J. Rodney Hallam won the first prize. The poster space and the amount was donated by the Hays Outdoor Advertising Company of Detroit.

DETROIT'S BEST THEATRE OF PERFORMANCES

That musical swagging opera, "The Song of the Flames," which made many friends among the lovers of music and drama at the Shubert theatre last week, will remain for a second week starting the first day of the singer's last Sunday, October 31st. "Song of the Flames," defies comparison with any other entertainment. While Walter Hammerstein has provided the production designed and executed by Josef Urban, which should be a very commendable recommendation for this title.

What is more, Hammerstein must not have any critics of America have produced the greatest musical play of the year. "The Song of the Flames" will be a second for a night of enjoyment at the Mass Theatre. "Don't be gone next Monday night. This is a very special occasion. The musical drama "If I Were King," by T. S. Arthur, is a brilliant one of the year. It is being produced in all the theatres of the city by the John H. Johnson Co. of Detroit. It is a very special occasion. It is a very special occasion. It is a very special occasion.

JOHN S. HAGGERTY A POPULAR CANDIDATE

Mr. Haggerty is a prominent citizen of the Wayne County Road Commission. He has the idea of a concrete road. His comrades on the commission did not agree with him at first, but he finally prevailed upon them and the first sign of concrete road in the world was built on Woodward avenue between the Six-mile and Seven-mile roads. Now there are thousands of miles of concrete road in every county in the world. As the originator of the concrete road Mr. Haggerty is already qualified to act as the chairman of the road building committee of the state administrative board, which job he will have as secretary of state.

Mr. Haggerty has been a life-long Republican. He has served the party in many capacities, and is at present chairman of the Wayne County Republican committee, and treasurer of the republican state central committee. His nomination at the recent republican state convention for secretary of state is evidence that he is well and favorably known in the ranks of the republican party.

Mr. Haggerty has never married, but he has raised and educated more than 100 poor children, there being 19 in his Detroit home at the present time, and others receiving their education at many schools and colleges.

Mr. Haggerty is of a retiring and modest disposition, never talking of his own achievements but there are thousands in Michigan today who owe their success in life to Mr. Haggerty's generosity, his friends say.

The Michigan Federated Utility are putting in a new coal oven and a steel building in which it will be housed at the gas plant in this village. The new hortonosphere is nearly completed and will be ready to go into service in about two weeks.

FRED W. GREEN

A vote for Fred W. Green at Tuesday's election, will be a vote for an active, energetic, business man, a man who has served his home city of Northville sixteen years as mayor to the entire satisfaction of the people who elected him year after year. He promises to give the affairs of the state of Michigan the same careful attention that he has given to the direction of the business of his city. He believes taxes should be reduced, if possible, and he has pledged himself to cut out all needless expenditures and to refuse to private the all needless state employees whose services are not needed. In a recent address Mr. Green said: "I think the people of this state have clearly expressed themselves as to how they want their state affairs conducted. I am satisfied that they believe in the Republican party and proposed to continue in charge of their affairs, and that no circus band wagons, soap boxes or epithets are going to change the public's idea of the issue of this campaign which were clearly thrashed out in the recent primary contest. "I think the people of this state want a human government, one in which they have a voice rather than one which dictates to them."

OAKLAND BOARD VOTES LARGE APPROPRIATIONS.

The Oakland county board of supervisors has voted \$50,000 for equipment for the new county tuberculosis hospital decided to build a superintendent's home at the hospital costing \$12,000 voted to construct a 216,000 home for nurses at the new contagious disease hospital, decided to levy a death of a mill on the county's village, the money to go into the building fund for the construction of a new court house, voted \$2,000 to be paid to the county white tubercular test for delinquent delinquents to bill \$1,000 for change for the storage of food in large quantities for county institutions and made available \$2,000 for the hire of a trained nurse to look after pupils in the public schools of the county.

The board failed by one vote to carry an appropriation of \$21,000 to buy the grounds at Milford owned by the Oakland County Fair Association with the plan that the county would lease the grounds to the fair association for its annual fair. Two votes prevented the board carrying an appropriation of \$10,000 to prepare a nine-hole golf course on the Davis Park at Davisburg presented to the county by the late D. E. Davis.

WASHTENAW COUNTY PLACES QUARANTINE ON CATTLE.

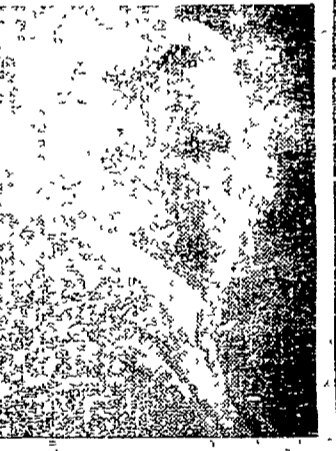

A closed quarantine will be established on all cattle imported into Washtenaw county, according to a resolution taken by the board of supervisors Monday in accepting the recommendations of its agricultural committee which reported on bovine tuberculosis eradication work in this territory. The committee also recommended that in the interests of public health and the livestock industry the work be continued in accordance with a cooperative agreement with the state department of agriculture, the United States department of agriculture and Washtenaw county. The committee's report carries an appropriation of \$1,600 to carry on the work.

Washtenaw was declared a modified accredited area February 8, 1926, at which time there was less than one-half of one per cent infection. Being a modified accredited area, farmers have the advantage of buyers from other states who desire tuberculosis tested cattle.

Another report of the agricultural committee also was adopted by the board. It provided that the board of supervisors co-operate with the Michigan State College and the United States department of agriculture in the employment of a county agricultural agent and a boys' and girls club agent. An appropriation of \$5,200 was asked to carry on this work, the sum being distributed as follows: county agent's salary, \$1,200; club agent's salary, \$1,400; club agent's expenses, \$1,200; stenographer, \$1,000; office expense, \$320.

CONGRESSMAN GRANT M. HUDSON

In one of the most bitter and determined campaigns waged in any section of the country Congressman Grant M. Hudson was nominated to succeed himself at the September primary. He was bitterly attacked by the wrongs of the state, and in honor of the law-abiding people of the Sixth district rallied their forces and when the ballots were counted Mr. Hudson was way in the lead. On Tuesday next he will also be assailed by the same war interests and the officers of the district should not fail to realize that the fight is still on, and that those opposing Mr. Hudson are as determined as ever to re-elect him.

No Congressman in the state has received more mail or efficient service to the people whom they represent than has Mr. Hudson. In population the Sixth district is one of the largest in the United States, but Mr. Hudson has given prompt attention to all requests made to him and has rendered efficient service wherever he has been called upon. Do not forget to vote for Congressman Hudson next Tuesday.

MEN BARRED FROM BASKETBALL GAMES AT BIRMINGHAM.

High school girls' basketball games will be held in the afternoon this year, and only women and girls will be admitted to them, it was decided at the school board meeting Monday evening. These arrangements are in compliance with the State Athletic board's plan to discourage basketball

among girls, Clarence Vliet, superintendent of schools, said.

"The state board, while it does not insist upon these changes, strongly advises them." Mr. Vliet explained, "because it has found that girls who play basketball seriously in school are, in general, nervous wrecks when they are through school."

Detroit schools are following the new plan, and having even their big inter-scholastic games in the afternoon, Mr. Vliet said—Birmingham Eclectic.

PAIGE PRESENTS THIRD NEW LINE; 6-75 MODELS OUT.

With the announcement of an entirely new line of Paiges for the 1925-26 wheelbase classes, the Paige-Detroit Motor Car Company, represented here by Crane Hutchman, completes its presentation of three new series of cars having but recently brought out a new line of Jewett and new models of the intermediate size car, the model 6-5

With the addition of two more new Jewett models, 201 and 202, production of the Paige company will be in the field with a complete line of fifteen open and closed models in three wheelbases, with a price range for five models of five-passenger closed cars from \$1195 to \$1685.

As with the Jewett and 6-65 Paiges already announced, all models of the new 12 1/2-inch 6-75 Paige series are, delivered in finish and appointments, the Paige company having discontinued the production of the plainer models because its sales records proved that its cars of finer appearance, finish and comfort greatly outsold the so-called standard models.

HURRICANE IN CUBA CAUSES 650 DEATHS

Thousands Injured and Homeless; Isle of Pines Towns Are Destroyed.

Havana, Cuba.—The four principal towns on the Isle of Pines, south of Cuba, were wiped out by the recent hurricane, according to H. P. McCarthy, A. B. Kien, and E. Anderson, who reached Havana.

The reports brought to Havana by Eladio N. Villa of Nueva Gerona are that 17 Americans were killed. Total dead was placed at 32, while 200 names were on the list of injured.

The steamer Cuba arrived at Batabano with 22 injured. From all the sections of Cuba affected by the storm, reports came in which added to the steadily mounting list of dead and injured. It is now estimated that more than 600 persons were killed, about 1,000 injured, and more than 5,000 families were made homeless.

It has been estimated that the losses in money total nearly \$100,000,000. Many towns from which messenger news came, appear to have been completely wrecked.

Havana, Cuba.—Advises reaching Havana indicated that more than 650 persons perished at various places in the provinces of Havana, Matanzas, Santa Clara and Pinar del Rio in a hurricane which struck the island of Cuba.

Ten municipalities were wiped out and 6,500 persons were rendered homeless. It is thought the material damage will reach nearly \$100,000,000. The total number hurt on the island will reach into the thousands.

In Havana alone it is estimated that 200 persons were killed and 1,000 injured and that houses of 2,000 families were destroyed.

The two villages comprising the municipality of Batabano on the south coast of the island, reported more than 300 dead and both towns destroyed. They were the first upon which the hurricane fell when it came out of the Caribbean sea, and crossed the Isle of Pines.

RELIEF FOR COTTON GROWERS IN SIGHT

Secretary of Agriculture Jardine Sees Bright Future

Washington, in an interview here Secretary of Agriculture Jardine expressed himself as decidedly optimistic over the future outlook for the cotton crop and the cotton growers.

"Cotton is one of the most important if not the greatest crop in the country," the secretary said. "It is now selling too low, but it will strengthen."

What is needed, he continued, is orderly marketing of the crop. Cotton should be put on the market only as fast as the market demands it.

Mr. Jardine said it is imperative the cotton problem be solved promptly, as it might influence the prosperity of the country.
