## SNOWFLAKE HANDKERCHIEFS

You know the trade mark—the Snow-Covered Pine Tree. This is the seventeenth year that we have offered this wonderful Handkerchief line to the Holiday Shopping Customers of this vicinity. Our predecessor showed the same line continually for twelve years—thus twenty-nine years of Snow-Flake Handkerchiefs from this store. Throughout these years Handkerchiefs of distinction has been our hobby. If the Snow-Flake line could be excelled we would know it by this time. We buy them direct from the importers and are told that Northville is the smallest town in Michigan where they have an account. We want your Handkerchief business and we realize that to keep it we must (as in every line we show) consider quality first. Snow-Flake Handkerchiefs are no higher in price than other grades.

These are days when you will want to shop (look as well as buy). We invite you to look here. As in years past we will be pleased to prepare your gifts for mailing. If possible bring them to us during the mornings.

## NORTHVILLE DOING EFFECTIVE WORK FOR CRIPPLED CHILDREN.

The following appeared in the Detroit Free Press of Monday, indicating that the drive here for crippled children is being effectively carried on here.

What the Michigan Society for Crippled Children, which is conducting a membership campaign, can do in this state to search out deformed boys and girls who need care is emphatically indicated by a survey now being made at Northville. Paul H. King, secretary-treasurer of the society, said last night:

"In Northville," King asserted, "there has been a house-to-house canvass. A survey in connection with this canvass, already has revealed nine crippled children ranging in age from nine to fifteen years, whose condition had not been generally known."

"Of these nine, five have had virtually no schooling. One promising boy, fifteen years old, had never been inside a school.

"These cases were literally dug up. The parents had become disengaged, and no one else had taken any interest. It nothing more than the discovery of these cases, I chalked to the credit of the campaign, the thing would be worthless, so far as Wayne county is concerned. Plans provide that other counties shall render similar valuable service in finding helpless youngsters."

### MRS. S. D. MOASE DIES FOLLOWING AN OPERATION.

On Tuesday of last week Mrs. S. D. Moase underwent a very critical operation at the Atchison hospital in this village, and on Tuesday morning at six o'clock she was claimed by death, peritonitis having developed. Her death seems peculiar, said because she leaves two small children, besides her husband. She was born in Ohio on April 18, 1891, being a little past 35 years of age at the time of her death.

Mr. and Mrs. Moase came to Northville from Detroit a few years ago, and during their residence here have made many friends among those who have come with the help of their agency auto. She was a devoted wife and mother and possessed a happy and sunny disposition. She was sadly needed in the home from which she has been so unexpectedly taken.

Funeral services were held on Thursday afternoon at Schrader Brothers' funeral home, being conducted by Rev. A. K. McRae. Interment took place at the city lawn cemetery in Detroit. Many friends will extend to the bereaved husband and the little ones sincere sympathy.

### ESCAPING GAS CYCLOCMES WAYNE MAN.

Albert Hall, well known in Wayne died suddenly at Plymouth Thursday November 11th. The tragic death occurred at the home of A. J. Laramie. Mr. Hall, who had come to spend the winter with them, was overcome by gas, while taking a bath and was found dead in the bathroom.

Mr. Hall was born August 22, 1850, at Romulus, Michigan. Here he spent his early days as a carpenter and contractor. For thirty-four years he was a consistent member of Rankin I. O. O. F. Lodge of Wayne, Mich.

Mr. Hall is survived by five children, Mrs. Lena Dick, Oklahoma City, Oklahoma; Mrs. L. O. Maxwell, Sapulpa, Oklahoma; Howard of Northville; Elbridge and Albert Jr. of Detroit; two brothers, Charles and Frank Olds of Plymouth, Michigan; and numerous nieces and nephews.

The funeral was held at Schrader Bros' Funeral Home last Saturday afternoon at 2 o'clock. Rev. H. E. Savles officiated. The remains were taken to Romulus, where the I. O. O. F. took charge of the services at the grave. Wayne Weekly.

### YOMAN'S CLUB NOTES.

On November 26th the Northville Yomans Club with twenty-nine members present observed Thanksgiving Day. The program was in charge of Mrs. John B. Timham, who read Edgar Guest's article "My Reasons for Being Thankful"—a thoughtful article and good for all to read.

Miss June Filkins, in a sweet manner sang the following song: Shubert's "What's the Matter with Me?" by Shubert, and "He's Such a Little Fellow" by Dickmont. The members considered it a special favor to again hear Miss Filkins sing before the club.

The committee served "Tea and with it also ice cream."

The meeting on December 3rd is "Know Michigan" Day. Members will please be prepared to respond to call by naming some beauty spots in Michigan.

You may now secure your 1928

## MRS. O. D. PECK PASSES AWAY.

Anna Osborn Peck, wife of Oran D. Peck, passed away at her home, Buena Vista Farms, Friday evening, November 18, 1928. Mrs. Peck was the only child of Mr. and Mrs. Albert Coonan.

She was born near Plymouth, but spent the greater part of her childhood in Toledo, Ohio. Later she returned to Plymouth, where on July 2, 1889, she was married to Oran D. Peck.

Mrs. Peck leaves besides her husband, a mother, two daughters, Mrs. Lawrence Lyons of Detroit; Miss Pauline Peck; and one grandchild, Jane Au Lyons.

Services, which were held at the home Monday afternoon at 3 o'clock, were impressively conducted by Dr. Adams of the First Universalist church of Detroit, and Rev. Walter Nichol of the First Presbyterian church of Plymouth.

The family have the sympathy of the community in their sorrow.

Many Northville people will read with deep regret the above notice, taken from the Plymouth Mail of last week. Mrs. Peck was well and favorably known in this village, the family having lived on the Seven Mile road before moving to Plymouth. Northville friends extend tender sympathy to the bereaved family.

### JOHN LARUE ADDRESSED ROTARY CLUB MONDAY.

John Larue of Ypsilanti, secretary of the Rotary Club of that City, and one of the supervisors with his family, was a guest of Northville friends and relatives over the weekend and he gave a very interesting address before the Rotary Club at its noon luncheon on Monday. He discussed the subject of "Community Service" in a very interesting and enlightening manner and brought to the Northville men some points and ideas that have been in the air here for some years.

He spoke particularly of the great public sentiment existing in this country in favoring a strong public sentiment. He urged the people of Northville to get ready for the growth that was bound to come this was in increasing proportion to the entire nation. He especially advised that the village, some form of government other than the present unsupervised trusted and that also that he sincerely advised a wholly adopted and organized form of government for the town meetings.

### NORTHVILLE MET. DEFEAT AT IPSILANTI.

The Wayne football team proved too heavy for the Northville boys in the game at Ypsilanti, last week Wednesday, played to decide the champion ship of the Suburban League. The grounds were incendiary conditions wet and muddy and Northville's line was too light to catch the heavy weight from Wayne. The score was 26 to 10, but the score does not fully represent the strength of the two teams. On a dry field Northville would have made a much better showing. A large number of Northville people were on the side lines, and the occasion was one of real enjoyment in spite of the defeat.

### PLYMOUTH TO HAVE NEW SCHOOL BUILDING.

A total of 233 votes were cast at the special election held in School district No. 11, fractional, Monday, when the proposition of bonding the district for \$150,000 to build a new school building in north village came before the voters.

The vote was 248 Yes and 51 no.

Work on the new school building will be commenced early in the spring, and it will be completed in time for the opening of school in September 1929.

### MADE A CREDITABLE SHOWING.

The people of this section always respond liberally to every call for financial assistance to a worthy cause and the response made to the appeal for membership for the Michigan Crippled Children Society was generous. More than \$800 will be turned over to the society as a result of the drive conducted by the men of Northville. This is a very creditable showing and no section of the state did better.

### GAVE INTERESTING BOOK REVIEW.

Rev. A. J. McKenzie, pastor of the Brewster Congregational church of Detroit, was a guest of his friend, John Kalbfleisch, on Wednesday, and enjoyed lunch with the Northville Exchange Club. Instead of the usual address he gave a very interesting review of Channing Pollock's recent popular novel, "The Enemy," and the innovation was greatly enjoyed.

Mr. and Mrs. Robert Beckell spent Thanksgiving with Mr. and Mrs. Roy Van Valkenburg at Webster. The Misses Elizabeth and Ethel Van Valkenburg were home for the day. The former is a teacher of public speaking and journalism at the Hamtramck High school and the latter is attending Eastern M. U.

**STATE NEWS  
IN BRIEF**

Detroit—Flight under a bridge of iron metal, Adam Czyzko, 22 years old, a worker in the Ford River Lodge plant, was instantly killed in the midair.

Grand Rapids—Struck down by an other pedestrian who slipped and fell against her, Mrs. Velma Manwaring, 74 years old, suffered a fracture of the hip. The other pedestrian, apparently, was uninjured.

Traverse City—Commissioner Hoffmaster, at Lansing, in charge of state parks under the conservation department, has informed the Chamber of Commerce that Traverse City is to select its own caretaker next year. Many complaints were received last season on the manner in which the local park was operated.

Niles—Hurrying to the home of a neighbor, Mrs. Joseph Miller, who had fallen down a cellar stairway and incurred serious injuries, Mrs. William Boyle, 35, took the dog's lead for the outside kitchen door and rung down the same stairway. Her skull was fractured and she died without regaining consciousness.

An Arbor—Benny Oosterbaan, All-American end and the receiver of the famous "Benny-to-Benny" forward passing combination, was elected captain of the 1927 University of Michigan football eleven. Oosterbaan succeeds his forward-passing partner, Friedman, and has played on Concourse championship teams the past two years.

Port Huron—Michael Snyder, 39 years old, employed by James H. Fahr & Son on a road building job at Marysville, was killed when a logging train came in contact with a gondola car. Snyder was working on the rear end of a heavy load of logs when the train was hit by the tail end of the car.

Michigan—With intent to commit suicide, a man, identified as a \$10,000 bondman, shot a gun at himself in the lobby of the Hotel Michigan, 131 South Main Street, Detroit, on December 5. He was taken to the hospital where he died.

Detroit—The Rapids plant of the Michigan Public Utilities Commission, which is immediately to issue 300 stock certificates at \$100 a share to the public, will finance a \$100,000 system from South Park, near Huron to Detroit. The corporation bought a stock of the Michigan Railroad Company, 300 shares, incorporated in 1883, and will incorporate it under the name of the Michigan Public Utilities Commission.

The corporation bought a stock of the Michigan Railroad Company, 300 shares, incorporated in 1883, and will incorporate it under the name of the Michigan Public Utilities Commission.

Ypsilanti—125 state and county highway officials and representatives of business men of Ypsilanti, Saline, Clinton, Jonesville, Coldwater, Sturgis and other nearby communities met at Everts Lake, 30 miles west of here, for a banquet in celebration of the opening of the new pavement on M-22, to be known as United States Highway No. 112. The new road provides a more direct route from Detroit to Chicago, cutting off nine and one-half miles from the distance as measured on the ground and will use 81 stories above the surface or a total of 873 feet.

Lansing—A ready-made highway program and more than two thousand miles as large as the entire program estimated in 1926 will be initiated by the Michigan state administration in carrying out contracts and incompleting those of existing contracts. The total will be 2379 miles. In 1926 a total of 350 miles of highway construction was completed. Of the 2379 miles laid out about 170 miles is hard surface construction. The cost of laying the projects is estimated at \$4,000,000 or more.

Detroit—An automobile with a dead man at the wheel skidded and bumped through the heavy Cass Avenue traffic and finally it was wrecked against a signal light at Alexandrine street. Four pedestrians and other motorists, who had been endangered by the zig-zag course of the car, reached the wreckage and found the driver at the steering wheel dead. It was first thought that the collision had killed the driver but on closer examination it was discovered that he had no pulse. Physicians said the driver's heart was caused by apoplexy.

Married, at the residence of the bride's father in Northside, Sunday, December 1st, by Rev. O. M. Thrasher, Ernest J. Willis and Charlotte Elliott. Both are well known young people of Northville. They will make their future home in Ann Arbor.

Simone Lower has leased the Northville Condensing Co.'s plant, lately operated by T. G. Richardson and R. M. Warner and will devote the business exclusively to the manufacture of cheese. Mr. Warner will probably establish another plant here at once.

Sault Ste. Marie—Eugene Guzzo, of

Sault Ste. Marie, 30, hunting with a friend during the deer season, saw a deer lying in the snow. Believing it was dead, Guzzo grabbed its horns and bestrode its neck. He was taken for a two-mile dash through the woods before the animal leaping a creek became mired under the double weight. The deer escaped when Guzzo lost his hold.

Marquette—F. W. Green, general manager of the Wisconsin Lumber Co., was arrested at 11 P.M. holding a gun in a room above a bar managed to bring down a live duck with a few shots in his gun, and was captured after a struggle with the police.

Stevensville—A 29-year-old Northville man, the brother of the boy who was killed in the accident in the village of Northville, is the third victim of the fire which started in the basement of the building. The Northville man, a hotel owner and his partner, and Mr. S. J. Head, Washburn and Allotte, partners, were buried by the flames.

The fire was extinguished at 11:30 P.M. including stock in the general store valued at \$8,000.

Detroit—Out of every hundred shop boys who enter Detroit's downtown districts during the day, 24 are transported in motor buses or planes, 16 drive their own automobiles and 16 use the street cars. Of the 16 who supply their own transportation, 16 leave their cars parked on the street while the other 16 patronize parking lots and garages. These averages were struck through the three days of traffic sponsored recently by the Real Estate Association.

Washington—Ghosts of the dead in excess of 10,000 to 12,000 are laid in Washington's transitory caskets as seen in the association of the Grand Rapids Trust Co., receiver, for the Grand Rapids Grand Hotel and Muskegon Royal Co., to obtain a franchise to operate a bus line between Muskegon, Grand Haven and Grand Rapids. The application to the city fathers indicates that the long interurban line will be joined as well as the Grand Rapids line.

Detroit—Masons of Detroit formally dedicated their new Temple on Thanksgiving afternoon, before an audience estimated at approximately 50,000. The new Masonic home is the largest in the world and dignitaries from all parts of the United States and from as far distant as Alberta, Canada, attended the formal exercises. The parade in which 25,000 Master Masons participated was the most colorful the city has witnessed in recent years. The total cost of temple was \$7,000,000.

Cadillac—The Acme Motor Truck company has announced the purchase of the United Motor Products company of Grand Rapids, a concern which for the last four years has manufactured the United line of trucks. The purchase includes the material on hand and the right to use the trade name "United." It is the intention of the Acme company to manufacture the line of United trucks as well as Acme which will necessitate bringing to Cadillac a portion of the present United organization.

Ann Arbor—387,911 spectators saw Michigan perform this season, according to statistics unofficially disclosed here. This exceeds the figure of last year, which was acknowledged as a new world record at that time. The Michigan-Oregon game drew the largest attendance of the season, and the largest in the history of football. The official attendance was 50,411. Had Michigan's new stadium been available, an additional 37,500 persons would have attended, which would have raised the total to 454,411.

## PRESIDENT COOLIDGE ON ADVERTISING.

Advertising creates and changes the foundation of all popular action, public sentiment or public opinion. It is the most potent influence in adopting and changing the habits and modes of life, affecting what we eat, what we wear, and the work and play of the whole Nation. Formerly it was an axiom that competition was the life of trade. Under the methods of the present day it would seem to be that advertising is the life of trade.

## THANKSGIVING PLEASANTLY PASSED HERE.

Thanksgiving was pleasantly passed by Northville people with many happy reunions, dinners, etc. The day being especially delightful for those who had to return to the homes of friends and relatives. The average Northville citizen had many things to be thankful for and they, doubtless, expressed their appreciation in many ways. The following lines were expressive of most of our thoughts:

I'm thankful for the sunshine, and

I'm thankful for the snows,

and thankful for May's flowers.

When I get up each morning I am

happy as can be;

And when I go to bed at night this

world looks good to me.

And on the day that's set apart for

folks to hold Thanksgiving

Celebrate with all my heart, because

I'm glad I'm living!

Union Thanksgiving services held at the W. E. church at 10:30 o'clock Thanksgiving morning were well attended and the sermon by Rev. A. K. MacRae was practical and inspiring. He chose for the theme of his very able discourse the words, "Thank You," and stressed the thought that the habit of saying, "thank you" was one that ought to be cultivated and developed in the home, in the church, in the business world, everywhere people mingle and come in daily contact.

### IS IT ANY WONDER THINGS RULE CHICAGO?

In at least postmarked at St. Augustine, Florida. Thanksgiving morning at 6 o'clock, and which was written at Knoxville, Tennessee, the day before Rev. William Richards writes, entertainingly of the motor trip to Clermont, Florida, being made by Mr. and Mrs. Loye German and himself.

*Editor Record.*

We made Cincinnati, Ohio, Monday evening. Away before us at the close of the evening journey, we saw the hills of old Kentucky, and it was a gorgeous sight to look at the sunset as it went down behind the hills. Tuesday morning we had beautiful scenic drive to Lexington. This was a mountainous country or to Knoxville. Climbing the Pinnacle mountain was a thrill near Middleboro, as well as crossing the Tennessee river on a barge that took ten autos. In the mountains we were held up twice. The first hold-up was by a possum, and when the fellows in the car behind us pulled a revolver and shot him, we thought we had better make the dust fly in case we heard another shot. "Suspicious characters."

The second hold-up was a black cat, and as it decided to keep to the right we passed on safely.

Wednesday found us in Chattanooga. My what mountains! All of historic Civil war interest. Leaving the city for Atlanta, we passed through the battlefields with monuments of the various state regiments that fought in that day.

We reached Atlanta that night, and had a good visit with Dr. and Mrs. Lefoy Gaines in their apartments at the Biltmore.

Thursday we were on our way to Jacksonville. The cotton fields and peach orchards of Georgia are most interesting to look at, though to see the land in this state it's a miracle that anything grows.

We reached Florida Palms at 8 o'clock, and another drive of interest through Spanish architecture reaching St. Augustine up to the present.

We're on to Clermont today. Friday T. G.'s car is a wonder, and probably an expert driver. This has been one of the wonders of my life. Hope to be home next Friday.

Saturday, November 27th. The drive on the last day of our journey from St. Augustine was won during the drive to Daytona. I found St. Paul Montgomery was at Daytona; otherwise I would have driven with detour 1400 miles when we got to T. G.'s beautiful home; the grove looked good to us and you can guess the rest we had from the trees.

The same conditions on the way to Orlando. This city is a match for St. Augustine in beauty. With its orange and grape fruit groves. We saw some Northville people, George Miles, with others I am not acquainted with.

On to Clermont is lake district. We arrived at 7:00 p.m. Friday, and have driven with detour 1400 miles when we got to T. G.'s beautiful home; the grove looked good to us and you can guess the rest we had from the trees.

Is it any wonder that a city ruled by taat kind of dictation from any group of citizens is ruled and dominated by thugs and murderers?

What Chicago needs is a good housecleaning from within its official family first, and then these overbearing, unreasonable folks that bring shame and disgrace to their city.

## 1926 Again Chevrolet's Greatest Year

In 1925 Chevrolet astonished the automotive world by attaining an annual production never before reached by any manufacturer of gearshift automobiles.

Yet, so spectacular has been the increase in demand for Chevrolet cars, that a new and even more brilliant record is the climax for 1926.

Thus, for two years in succession, Chevrolet has broken all its previous records and has set a new mark in automotive history.

This splendid achievement re-

sults from a steadfast adherence to the fundamental Chevrolet policy of building a car of the finest possible quality to sell at a low price.

That the vast majority of buyers now demand a car of this type—and that Chevrolet has been successful in building such a car—possessing the highest degree of smooth performance, smart appearance, and economical operation—is proved by Chevrolet's success during the year now drawing to a close. ## SEAL SALE STORIES

A five million dollar concern and the stock of a penny a share. Dividends payable not only annually, but paid and payable daily.

A wild cat oil scheme, you say, or a fake gold mine? Nothing of the kind. A bona-fide company of the highest financial standing, a mutual company, the benefits of which are shared by every stockholder, and stranger than that, the benefits of the company are shared by every other person, big and little, who is not even a stockholder.

For every penny invested, a certificate of stock delivered. Now have you guessed it; yes the certificate is the titleless Christmas seal—the concern, state, national and local; the stockholders, all those who buy the seals, the avivids better health for everybody.

And how does one collect dividends? He collects without ever being aware. One way of collecting is an increased chance of escape from becoming a victim of the "white plague" tuberculosis. Another is in the increased income his family and friends enjoy. Another way is the ever increasing knowledge of how, not only to escape disease, but how to enjoy positive health.

And the standing of the concern? For twenty years it has stood, fighting valiantly for health for all spending each year vastly increased sums until now some five million dollars are spent annually to promote health. Five million dollars that represent far more than that number of stockholders. A big thing, isn't it, and genuine.

## OH, MINN.

Rainier, Ill.—Sidney Smith, creator of "Andy Gump" and "Min," in the Chicago Tribune, was arrested in this town recently, while passing through here on his way to "Paradise Vista" at Bloomington. The cause of his arrest was his failure to turn a regular "city-style" corner—Publishers' Auxiliary.

## Advertisers

"Go to the ant" is good advice for most men, but politicians get more inspiration out of the griddle bug—Baltimore Evening Sun.

## Uncle Eben

"Money," said Uncle Eben, "seems to be what most everybody has got blinds even when day is trying to hard to talk bout swimmin' glas." Washington Star.

## IT'S THE OLD STUFF ABOUT CHRISTMAS MAILING

But it is still important to all holiday Patrons of the Postoffice.

The mailing public is urged to follow the usual instructions in mailing Christmas parcels. The postoffice department has been repeating these instructions until it is weary of the effort, and this year it is doing it again, but with a touch of sentiment. It says:

"Christmas mail is fraught with sentimental value. To give its full measure of happiness and cheer it should be carefully prepared and reach the address in time to be in keeping with the purpose for which it is intended." To this end the cooperation of the mailer is necessary to care for the heavy mail during the approaching holidays.

Postage on all mail should no doubt exceed the bulletin states. Valuable parcels should be insured. Christmas seals should not be placed on the address side of parcels. Parcels may not exceed 48 inches in length and girth nor should they weigh more than 70 pounds; if for delivery within the first, second, or third zone, and 50 pounds in any other zone.

Place sender's address in upper left hand corner; the instructions. Tags should not be used unless necessary. Pack articles carefully and in durable containers. Sealed parcels are subject to postage at letter rate. Parcels may be marked 'Do not open until Christmas.' Written greetings such as "Merry Christmas" or "Happy New Year" may be enclosed with parcel post. Do not inclose letters.

## PLYMOUTH'S NEW HOTEL ASSOCIATION ELECTS OFFICERS

At a meeting of the stockholders of the new Plymouth downtown hotel, held at the High school building last Monday evening, there was a good representation of stockholders present.

E. C. Hough presided over the meeting and John S. Dayton acted as secretary.

The election of nine directors resulted as follows:

Paul J. Wiedman, F. D. Schrader, C. H. Bennett, F. K. Bennett, E. O. Huston,

Carl G. Shepard, Frank J. Sabo, John M. Larkins and Edward Gisde.

A meeting of the new board of di-

rectors will be held in the near future

and from this body the officers will be chosen and the board organized for work.

## M. S. C. PLANS NEW INEXPENSIVE SILO

Need for a place to store surplus fodder has required in the development of the agricultural experiment department at Michigan State College of plans for a silo in the construction of a large radio microphone much taller than the material.

The silo will be built in the fall in Section 10, located in a corn field, where the timber was cut by a pair of deer and provides good protection for the fibres in the stalks.

The silo will be built of sheet iron attached to an octagonal frame of two by fours which are bolted at the corners. These two by fours form the frame and are spaced about three feet apart on the sides. The iron is attached to the inside of the hoops. The silo is built on the ground and raised to position by the use of a tall pole and tackle. This saves the expense of erecting expensive scaffolding materials for a 10x30 foot silo will cost approximately one hundred dollars.

The owner of one of these silos will not be compelled to delay husking corn when the fodder is wet, it is said. The corn can be husked at any time, and the silo will take care of the fodder, so that it will not spoil. Low cost of materials and erection are expected to result in a number of the silos being built. The department of agricultural engineering, M. S. C., East Lansing, will be glad to answer any inquiries on construction or materials.

## ALREADY DOING THEIR BIT.

Discussion of the proposal made in the Northville Rotary Club that members of the Redford Exchange Club undertake a local education for membership in the crippled children campaign now in progress in this state was the principal topic at the Redford club's luncheon Thursday noon. The club decided that it would not join in the campaign inasmuch as the Community Union has four agencies that undertake this work and that as local people had contributed generously to the Community fund it would not ask too much of them to seek contributions for the state campaign.—Redford Record.

### NEWCOMERS' FAMILY AT BREAKFAST, FLORIDA

Daytona Beach, Florida, November 21, 1928.

Mrs. H. B. Brown,  
Dear Sir:

Just a line to let you know we are changing our postoffice address. We had a very nice trip down, came through Dixie and a half day. The roads and weather were fine. Found the same beach and just as much water in the ocean, but not as many people as last year. Last year there were 180 licensed real estate agents in Daytona Beach. This year there are 23. But they didn't sell the chairs, so it is around \$6 through the day, but cool at night.

We are leaving here on the 28th, going to Clemons for a day or two, then to Bradenton, Florida, where Scott will meet his band and where no plays this winter. That is about 200 miles southwest of here. We regret leaving Daytona Beach, as we have been here four winters, and like it very much.

Kindly send the Record to Bradenton, Florida, and oblige.

Yours respectfully,  
The Montgomery Family.
