SHAFER ELECTRIC SHOP
Northville, Mich.

IT WAS A MERRY CHRISTMAS IN NORTHVILLE.

Christmas was indeed a merry time in Northville. Trade had been good for the week preceding the happy festival, and in spite of the lack of snow, the day was ideal. Many family reunions were held in the village, and in the country surrounding the town with bountiful feasts and trees heavily laden with gifts.

At Eastlawn Sanatorium the day was pleasantly passed, and a fine dinner added to the enjoyment of the festival. Out at Spring Hill there were exercises in keeping with the season and the patients and employees were kindly remembered. The children over at the Wayne County Training School made merry during the week preceding Christmas, and on Christmas morning there was a handsomely decorated tree at each cottage, from which gifts were distributed. A bountiful dinner at noon added to the pleasure of the day. On Sunday morning services were held in the auditorium. This Friday night there will be a special program at the auditorium also, with community singing and a social hour. On New Year's day there will be a special dinner at noon, and on Sunday at 10:30, New Year's services will be held.

At the Detroit House of Correction Farm Christmas is always happily celebrated, and this year the festival was observed in a very enjoyable manner. Gifts were distributed and a wonderful dinner was enjoyed at noon. In Northville the sick and "shut-ins" were kindly remembered with gifts, and not a single family was overlooked. Christmas bounty being extended in a number of homes.

RUSSELL WILLIAMS SENTENCED TO JACKSON PRISON.

Russell Williams, who was arrested some weeks ago charged with breaking and entering in connection with the robbery of the White Star station in this village, last night was tried and convicted of the crime in the circuit court at Detroit, just prior to Christmas. He was sentenced to Jackson prison for two and a half years to serve veins. After sentence had been pronounced, Williams took up his mail to extinguish the fire and the mail and he was brought before the judge again and the sentence was changed to twelve years at Jackson.

It is really worth that a young man should thus throw his life away for the sake of making a little extra money. He did not receive anything at the oil station, but his past record has shown him with the result that he was convicted and for the next few years will be confined in prison when he might have been at liberty and a useful and upright citizen.

TO ISSUE HISTORICAL EDITION OF THE RECORD.

Plans are being made to issue a historical and illustrated edition of the Record early in the summer of 1927, to commemorate the 100th anniversary of the establishment of Northville and the city eighth anniversary of this newspaper. To make this enterprise a success it will be necessary to have the hearty co-operation of all our citizens and of every interest and enterprise here.

As a special favor we ask all who may have anything upon which we may secure historical data, to please bring or send it to this office. It will be carefully indexed and catalogued so far as can be returned after we have secured all the facts we desire.

We are mentioning this early so all may assist us in this very worthy enterprise. It will be the best edition, as well as the largest, ever issued from this office.

LOCAL BANK THIRTY-FOUR YEARS OLD FRIDAY.

The Northville State Savings Bank was thirty-four years old last Friday. There was no effort made to observe the occasion but snug in their new and handsome banking quarters the directors and officers were naturally proud of the record the institution has made during the years of its existence. The bank enters upon its thirty-fifth year stronger than at any time in its history, and with an equipment that is second to none.

WOMAN'S CLUB NOTES

At the meeting on Friday, January 11, the Northville Woman's Club will have as speaker Egbert Hayes of Shanghai, China. His subject will be "Some Causes for Unrest in China." Opportunity for questions will follow.

Mr. Hayes is an American, born in China, and has spent most of his life there. At present he is inter-provincial secretary for education, under the International Y. M. C. A. in China. Guests are invited.

Mr. and Mrs. C. B. Turnbull and children are spending the week with their parents in Canada.

HOME DESTROYED BY EARLY MORNING FIRE.

Mr. and Mrs. Myron Robbins are homeless because fire destroyed their residence on Carpenter Avenue, just off the Base Line Road, early Thursday morning. The alarm was sounded at 7:00, and the big new engine was at the scene of the fire in a very

short time, but a frozen hydrant at the corner, but a few feet from the burning house, failed to respond when water was needed. The engine was then moved one block east, and then it was discovered that some certain coupling had been removed from the outfit. To go to the fire house for the needed part caused a delay, and in the meantime the fire was fast eating its way into the modest home. Willing helpers soon removed the contents from the house, but they were unable to control the fire.

Just why anything or any needed part should be missing from our fire fighting equipment, when it is needed, is just as much a mystery now as it was when the village possessed a horse cart, which had to be hauled to the fire by hand. Unless our fine new outfit is constantly kept in condition for instant use, it will avail nothing.

ANNUAL CHRISTMAS TREE ATTRACTED MANY CHILDREN.

Northville's annual community Christmas tree, which was sponsored jointly this year by the Exchange and Rotary Clubs, attracted a great crowd of children to the business section Friday night. Little tots and bigger tots were on hand early, and all were delighted with the beauty of the brilliantly lighted tree. About six o'clock President Elmer J. Smith called the assembly to order, and Rev. William Richards, who made a few remarks in keeping with the occasion. Small bags containing oranges, candies, and nuts and a large bag of popcorn were presented to those of the children, and 100 of them, who came to the children at the Spring Hill luncheon room.

No. C. - reader of a man of the community in charge of the affair, and his spouse and the wife of the man who was odd to the picture on the platform. The refreshments were filled throughout the afternoon many willing volunteers entering their services.

KING'S DAUGHTERS DISTRIBUTE CHRISTMAS BASKETS.

Twenty-one Christmas baskets were distributed by the King's Daughters the day before Christmas. The distribution of the many things put in the baskets taking place in the Perle Block. Each basket contained a chicken and a bountiful supply of groceries, vegetables, tea, coffee, sugar, flour in fact to make a fine dinner for a family. In some of the baskets toys were placed for the little folk. Everybody seemed willing and eager to contribute something toward the baskets this year, either in money or in foodstuffs, and for the generous responses the King's Daughters are very grateful. There will be calls later in the winter for assistance, and Northville people are to be congratulated there exists here an organization such as the King's Daughters who are inspired by a laudable love to serve the needy and the unfortunate, in this name.

FORMER RESIDENT DIES AT NILES.

Mrs. Frances A. Ward aged 83 years, died on Tuesday December 25th, at the home of her daughter, Mrs. Roy Cramer, at Niles, Michigan, after several days' illness of pneumonia.

She leaves to mourn her death, two daughters, Mrs. Roy Cramer of Niles, and Mrs. George Pickell of this place, and one son, Ray Hurd of Hastings. She had made her home with her two daughters for the past few years, going to Niles with Mr. and Mrs. Cramer, when they moved to that city. She will be kindly remembered by many Northville friends.

Funeral services will be held at Hastings today at noon, and interment will take place at Carleton Center. Mr. and Mrs. Pickell, Carlos and Frances Hall attended.

THE ANNUAL SENIOR PROM, JANUARY 12TH.

The annual Senior Prom of the Northville High school will be given at the auditorium on Wednesday evening, January 12th, from 8:30 to 11:30. The Sinclair-Talty six-piece orchestra of Detroit, one of the best in the city, has been engaged to furnish the music.

Refreshments will be served, and every effort will be put forth to make the affair an enjoyable one. Tickets, \$1.50 per couple.

Mrs. F. E. Whipple enjoyed a pleasant visit the past two weeks among relatives and friends at Midland and Sanford, returning to her home Saturday. It was 10 and 12 below zero in that section while she was there.

Happy New Year

LOCAL.

The village schools will open again
Monday. Paul Loveland of Kirkville, Mo.
spending the holidays at his home
here.

Dr. E. B. Cavell is enjoying a visit
from his brother, J. B. Cavell this
week.

The Deardorff and Cochran families
spent Christmas day with friends in
Detroit.

The Packham farm on the Sase-
ming road was recently sold to De-
roit parties.

C. R. Ely left the first of the week
for Hot Springs, Arkansas, where he
will spend a few weeks.

Several ladies were entertained at
bridge at the home of Mrs. Ardelle
Brooks, last Tuesday afternoon.

Christmas guests at the G. Lake
home were Mr. and Mrs. F. Murray,
Mr. and Mrs. A. Blunk and daughter
Zerpha, Miss Fern Murray and
R. Henderson of Plymouth; W. Shep-
field of Langesburg, and G. D. Roberts
and daughter, Irah.

with her son, L. W. Stanbro and family
returning home Saturday evening.

Mr. and Mrs. E. Langdon of Hub-
bardstown, were guests of Dr. and
Mrs. Sparling, a couple of days this
week.

Mr. and Mrs. Archie Morris spent
Christmas with relatives at St. Johns
where an old fashioned celebration
took place.

Miss Helen Alger, who has been in
Flint for some weeks, is spending the
holidays with her parents here. She
will return to Flint New Years.

Mrs. J. A. Neal of Ortonia is spend-
ing the holidays with the Bakers and
Neals. Mr. and Mrs. George Neal
also visited here during the week.

Mr. and Mrs. James Spence and
family of Lakeside. A hearty handshaking
followed the meeting. The dinner
was served in the dining room of
the Gowell House.

Mr. and Mrs. W. J. Gould of the
Gowell House had a pleasant
evening over Christmas. Mr. said Mrs. W.
Gould Jr. and two children of Mr.
Morris, Mr. and Mrs. D. L. Uve of Northville,
Mr. and Mrs. Elmer Dye of Farmington,
Mr. and Mrs. James Spence and
family of Lakeside. A hearty handshaking
followed the meeting. The dinner
was served in the dining room of
the Gowell House.

EXCHANGE CLUB MEMBERS TO
ATTEND CHURCH SUNDAY.

At a recent meeting of the Ex-
change Club it was decided that the
men of the community ought to attend
church—not any particular church
but some church in Northville every
Sunday. Following that suggestion
it was voted that the members should
attend church next Sunday morning
or night, as they preferred and attend
the church of their choice. Those
who fail to attend some church service
during the day will have to contribute
\$1.00 to a special fund at the next
meeting of the club.

NOW FOR THE YEAR 1927
Let's make 1927 the best year in
Northville's history. There are many
things that can be done and ought to
be done to improve local conditions
and they can be accomplished if all
will do their part.

We should have better hotel accom-
modations.

We should have better transportation
facilities.

We should have more school room.
Some of our streets should be paved.
We should have a community house.

NOTICE REGARDING WATER BILLS
All water bills are payable at the
office of C. R. Ely on or before Jan-
uary 10th, 1927. Hours 9:00 a.m. to
1:05 p.m., also Saturdays, 6:30 to
7:30 p.m.

Salem Sayings.

Mr. and Mrs. M. A. Briggs of Mil-
ford, and Miss Velma Kahler were
Sunday dinner guests of Mr. and Mrs.
E. Youngs.

Mr. and Mrs. G. Foreman enter-
tained for Christmas dinner Mr. and
Mrs. H. Foreman and little daughter
of Detroit. Mr. and Mrs. James
Dickie and Mr. and Mrs. Merrill Re-
wick and son, Meredith, of South
Lyon, and E. Wiesen and Miss Dor-
othy Foreman of Detroit.

Mrs. Halliday, was taken seriously
ill Saturday afternoon, while on her
way home to Detroit, after spending
Christmas with her son, Rev. Hall-
iday and family, but was soon im-
proved and able to be brought back
to their home, Monday.

bardstown, were guests of Dr. and
Mrs. Sparling, a couple of days this
week.

Mr. and Mrs. E. B. Cavell on Wednes-
day evening.

A very dainty luncheon
luncheon was served, and all were
pleasantly entertained.

F. Ryde and family were Sunday
guests of Mr. and Mrs. Howard Nolar
of Ferndale.

William Sheffield of Langesburg
spent the weekend at the G. Roberts
home.

Miss Mayde Grace of Paxton,
Illinois, is spending her vacation with
Mr. and Mrs. F. Whitaker.

The Christmas program at Salem
Union school was given on December
23rd, as the school house started
promptly at the appointed time, 1:30.

The audience included Mrs. Hallard
and either father or mother of both
from every family in the school, with
the exception of two families, all
enjoyed the delightful program, which
the children had evidently enjoyed
preparing for it. The primary room
entertained the younger children
and the older ones the intermediate
and up to the senior class. The
audience was greatly interested.

The upper room entertainment
was pleasantly given by a play called
"A Surprise Christmas." The
intermediate class gave a series of
short plays. All the pupils
of the school participated
after the program by the three
award winners from the first
and second grade.

Mr. and Mrs. W. J. Gould of the
Gowell House had a pleasant
evening over Christmas. Mr. said Mrs. W.
Gould Jr. and two children of Mr.
Morris, Mr. and Mrs. D. L. Uve of Northville,
Mr. and Mrs. Elmer Dye of Farmington,
Mr. and Mrs. James Spence and
family of Lakeside. A hearty handshaking
followed the meeting. The dinner
was served in the dining room of
the Gowell House.

THE GREAT ARCTIC OWL
This region is being visited by the
Arctic snow owl in great numbers
this year. There is an unusually
large flight of birds south. These
birds have come south before, driven
by the severe cold or famine caused
by the rabbit plague in the far
north, but never have they gone down
in such numbers and so far north.

The snowy owl is the most remark-
able of all owls because while
barred with blackish brown,
some owls are more heavily barred than
others, and they vary from pale white
to heavily barred with brown on the
head, back and wings. They are
barred lightly on the breast also.
The female is always very heavily
barred much darker than the male.

This owl feeds on rodents, some
water fowl such birds as grouse,
pigeons and quail. It has been
known to kill and devour the great
northern snow-shoe rabbit, which is
twice its size and weight, and it is
 swift enough in flight to overtake
a grouse on the wing. It is also an
excellent fisherman and eats many fish
which it will eat dead or when it is hungry
washed ashore, when it is hungry and
roosts at sea.

In the far north the long days in
summer make it necessary for the
snow owl to hunt in the day time, as
well as at night.

Many crows have found, to their
sorrow that this owl sees and is as
vile awake in daylight as at night,
for, as is the custom of the crows,
they delight in tormenting an owl
when they can find one in the day
time. And many times, when they
are teasing this owl, thinking he is
the same as all others, one will get
too close and the great white phantom
launches forth on swift silent
wings, his talons strike and the care-
less crow pays the penalty with his
life.

These great birds are now common
in our community. They are of great
benefit to the farmer and humanity,
due to their wholesale destruction of
harmful rodents.

Do not shoot them wantonly and leave
them to rot in the fields, because they are a big,
strange and unprotected bird, because
every time you kill one you give hundreds,
yes thousands, of rats, mice,
gophers and other harmful rodents a
new lease on life.

I am now displaying two of these
great owls in Walter Ware's store
window for the benefit of those who
would like to see them.

Eat Less and Live Longer, Says Lawyer

By W. W. O'BRIEN

(Noted Criminal Lawyer of Chicago.)

Business and professional men working under high nervous pressure do not live as long as men whose pursuits keep them out of doors and active. Drama records of longevity and you will find that on the average the longest-lived men are soldiers, sailors and farmers, all avocations which tend to keep a man at his physical best.

Man, in general, rolls down the hill of life fastest, when his figure is round. "Leanness and longevity" is a good axiom for business men to remember. If office workers would eat a little less, they would add years to their lives.

Overeating is as dangerous to adults as underfeeding is to children. Foods difficult to digest, or which overstimulate, should be avoided by persons whose work does not require any particular amount of physical exercise. Yet thousands of business men eat as much or more than men who do manual labor and inevitable nature rebels and sickness results.

Many of the country's most successful executives eat two meals a day, breakfast half-eaten in the evening. They seek to keep the organs of the body from becoming clogged. Thousands of other business men, content themselves at noon time to custards, puddings, soups and other satisfying dishes made with milk, or evaporated milk, which is milk in its most sterile form, from which 99 per cent of the water has been removed by desiccation. Such diet is light and ready assimilated.

There is no more necessary lesson to be learned by the busy worker than how to keep well and healthy by proper attention to his habits.

We're Noticed It, Too

Often when you sit down to dinner you are warned not to eat, you often are warned you are to eat. Just as well, the saying goes, when you sit down to dinner.

COUNCIL PROBLEMS

A regular meeting of the Village Council was held Monday, October 1, 1926, in the home of Charles L. Smith, 111 West Street, Northville. President Frank W. Vant, of Northville, presided.

Minutes of the meeting of October 1, 1926, were read and approved.

The first item on the agenda was the following bill:

Be it enacted by the Council of the Village of Northville, that the same be enacted:

That the Council of the Village of Northville, do enact as follows:

That the Council of the Village of Northville, do enact as follows:

RAILWAY STATION IS CARRIED OFF

Handsome Structure in Florida Razored by Negroes.

Jacksonville, Fla.—A complete rail way station was carried off at Magnolia Springs near here recently.

The station, a large and handsome building erected as an addition to the Magnolia Springs hotel, which burned down recently, wasrazored when W. G. Spiker, the owner, went to ascertain what needed repairs.

First appearances denoted that the station had been burned down but further investigation showed it had been razed and the material carted on.

Subsequently Francis Richards, negro, was found with ten wagonloads of lumber in his yard. Another negro had a similar amount. They said a man who gave the name of McConnell issued orders for the station to be razed. He told them they might have the lumber for their trouble.

Since McConnell represented himself as an employee of the Atlantic Coast Line and said he had been ordered by officials of the railroad to do the bidding, the negroes proceeded to do the bidding with their destructive work.

The Atlantic Coast Line officials claim they have no such man in their employ, and have assumed detective Agent McConnell.

The missing building was 45 by 27 feet with wings and had many valuable decorative features.

At Last Smokes Cigar

Given Him 63 Years Ago

Greenville, Ohio.—T. E. Burns smoked his first cigar on his seventy-seventh birthday.

And as he smoked, members of his family for him in the first long walk scene in a little crossroads town, Gettysburg, on his fourteenth birthday. The proprietor presented him with a ten-cent cigar.

In those days, a ten-cent cigar was considered quite a treat. Burns decided to smoke it right after a report.

After that he decided to save it until he was older, and here, able to procure it.

And the longer he delayed, the more reluctant to it he became. He visited every烟店 in the neighborhood, but could not find one who would sell him a cigar.

He waited at last to smoke the cigar which had remained in his mouth, respiratory check, dry skin, etc.

"I was afraid I might up before the smoke did, next time," he said. "But I thought it all the better, the first cigar, the good ones."

Uncle Sam Preserves Indians' Burial Ground

Youngstown, Ohio—A stone in a hand-sculptured ring, a red ground cover were used in England to surround a granite and concrete structure to the Indians' burial ground for the old ones. Formerly, Lewis covered with large "dead leaf" beds of dried ferns on the shelves of which reposed the mummified bodies of the dead men, wrapped in bear and deer robes, were deposited with some of the older remains, and more modern weapons with some of the more recent.

So far the Indians, thousands of Indians, from Western Ontario and Canada, have come to pay their respects to the old remains of the Indians and the remains of the Indians, resting their heads on them.

Child's Health Maintained By Wholesome Diet

Modern educators are leaning more each year to the old Greek idea of rearing the citizens of the future.

They are working on the principle of a sound mind in a sound body.

Good health is built primarily on the foundation of right food. The sort of food the child has determines to a large extent the fitness of the man or woman.

Children have to be taught to like the foods that are good for them much in the same way that they have to be taught arithmetic and history. Boys and girls are not born with any particular desire for cereals or for bread. It is up to their parents to see that they learn the rudiments of a balanced diet and the reason for such a diet. Firmness and patience are often necessary in the teaching, but the job must be done.

Many mothers unconsciously put their children under health handicaps by allowing them to use their own discretion in the matter of eating candy, fruit, nuts and cookies. By so

SAN BLAS INDIANS AT EDGE OF CULTURE

Little Chance to Develop Trends Now Outlined.

Washington.—If the San Blas Indians of Panama could be left alone for the next few centuries, they might develop unique culture, like the famous Maya of Yucatan. But this interesting scientific experiment has little chance of taking place, since alien tribes are steadily encroaching on the land occupied by the San Blas.

The situation among these Indians, who have become widely known in this country through the visit of the "white Indians" of their tribe, is described by Herbert W. Kneager, editor of the United States National Museum, in a new government publication on the people of southeastern Panama.

The San Blas who are a link between the Indians and the Maya, in other characteristics, have not amalgamated with other tribes since very early times.

Coast Guards Trail Strangers.
Watchmen of the tribe guard the coast and repel any strangers who come to a native village, and any attempt to stay overnight is discouraged. But the Indians are trying to force this independence and self-sufficiency to accept their government up to send their children to school, and it is only a matter of time before they will give in and will blend with other tribes.

The only measure which might enable the San Blas to remain isolated would be to establish a reservation and while this might solve the problem to the satisfaction of the San Blas, Mr. Kneager says, as far as one is concerned, it would require too late for the tribe to develop its own culture.

The reason is, they have not perfected a system of writing, a calendar or other devices, means of a high enough order, may be, for they have never settled into a stable community. However, according to Mr. Kneager, the San Blas, who are averse to change, are gradually becoming more and more willing to learn and to adapt to the standard, due to their present wants.

Have Triple Calendar.

This triple calendar system of the San Blas tribe is based on the days of the sun, the moon and the stars, and is based on the calendar which is kept account of the date of hatching of the turtle shell. The turtle shell is a symbol of the sun, the Indian physician being called "the doctor of the turtle shell," and the turtle shell is used in the curing of the sick.

The majority of the San Blas men are illiterate, however, and a large number of them will be unable to learn the calendar, but the Indians who are able to learn, are continuing to mount turtle shells, according to Mr. Kneager.

Bar Chinese Narcissus Infested With Insects

San Francisco.—The Avenue of the Temple of Heaven mourns in its desolate loss of leaf in the narrow streets and dark alleyways of San Francisco's Chinatown, for the swollen plague has placed as root down on the delicate expectancies of the famed Chinese water-lily or narcissus, because dead active insects have been found scattered in the magnificently blooming bulb.

The fragrant plant, some Chinese believe, has powers to prophesy the grower's prospects for the ensuing year. Generally at this time of the year the bulbs are being prepared for planting and to blossom forth their lower message of hope or despair on the first day of the new year.

Some have tried to preserve last year's flowers by drying them and buying them in each, but the outcome of this method is uncertain, and as no substitute has been found, Chinatown faces abandonment of one of its principal New Year's table decorations.

Student-Operated Bank Makes Record

Lynn, Mass.—Students in the Lynn High School run their own savings bank and combine, to practical advantage, study and thrift. The bank is said to hold the records for deposits in such an institution in a single day—\$3,150—received one Monday morning. The school has 1,100 students.

The Lynn system of a student operated school bank has been tested by 12 years' successful service. It has been copied in 14 states and two foreign countries.

Regular banking rooms are maintained. Students, themselves, fill the various positions, receive the deposits and keep the accounts. The school savings plan has spread in one form or another to all the public schools of the city above the third grade. In that time the students have saved more than \$200,000.

ALFRED FARM AT MILFORD SOLD

One of the largest real estate deals in the history of Milford was announced there on Tuesday. The 457½ acre tract on the northwestern edge of the village, owned for many years by Frank H. Alfred, former president of the Pere Marquette railroad, has been sold to Detroit men at a consideration said to be above \$200,000. Jacob B. Albert of Milford handled the transaction, and McAlpin & Katz

may be the purchasers.

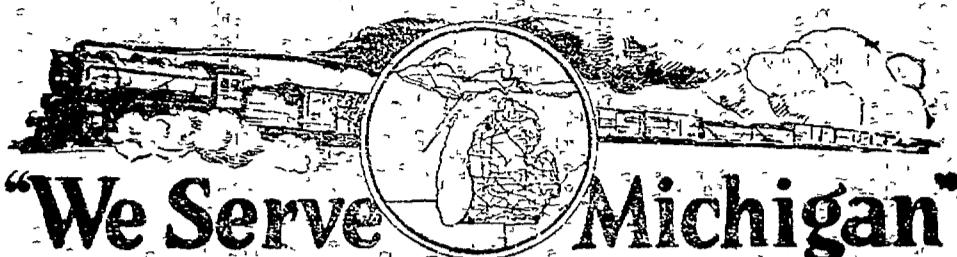

Further development of the property has not been outlined, Mr. Alfred says.

Mr. Alfred accumulated the holdings, which front on two lakes, during the period between 1912 and 1915. He spent his summers on the property for many years. Pontiac Press Try Northville first.

Have We Reached The Danger Line in Taxation?

AMERICAN railroad taxes are mounting to new Alpine heights this year, the latest estimate for 1926, being that they will aggregate somewhere between \$400,000,000 and \$420,000,000, which may be expressed in various ways, although meaning the same heavy load:

That they will average from \$1,005,800 to \$1,150,675 a day.

That they will involve a charge per hour between \$45,659 and \$47,945.

That from six cents to six cents and four and a half mills out of every dollar taken in will go towards taxes.

That the railroads in 1926 will have to devote more than the net earnings of one mile out of every four for the payment of taxes.

The national government has cut down the national debt from January 1, 1920, to January 1, 1926, by about \$4,250,000,000—four and a quarter billions.

In the same interval, the debts of state and local governments have increased by about 6 1/4 billions—\$6,750,000,000.

During this period of federal debt reduction, the state and local governments have been incurring obligations 20 times as fast as they paid off the old debt. During this same period, debts of state and local governments combined have been incurred 4 1/2 times as fast as they were before the war.

The total public debt of all forms of government in this country is higher than at the peak of the war debt in 1919.

The national debt is being reduced at the rate of three quarters of a billion dollars a year—\$750,000,000.

State and local debt is being increased at the rate of more than a billion and a quarter dollars a year—\$1,250,000,000.

From January 1st, 1920, to January 1st, 1926, national government expenditures were reduced about two billion dollars—\$2,000,000,000.

During the same period current expenditures by state and local governments increased more than two billion dollars a year—\$2,000,000,000—and they are still increasing.

Rising taxes are one of the initial moving forces of the vicious circle of rising costs. Law asks for higher wages. Producers and distributors pass along the accumulating burden to swell the family budget of the ultimate consumer. This, too, involves higher rents (or home ownership cost), higher food, fuel and clothing costs, etc.

After all, railroads are like any other industry. The farmer does not look forward to his tax bill with more anxiety than does the railroad.

Have we not reached the danger line?

Is it not time to retrench state, county and local expenditures?

Radiator Protection

GLYCERINE

Glycerine and water is undoubtedly the best solution to prevent freezing of automobile radiators in low temperatures, and, while comparatively new to the general public, it has been used with marked success and satisfaction for a number of years.

Some of the Proved Advantages are:

1. Glycerine will not evaporate at maximum radiator temperatures, therefore the solution will remain at full strength throughout the winter.

2. Glycerine is practically odorless and non-volatile, therefore in using this solution there are no disagreeable odors or unpleasant volatile vapors. \$3.00 per Gallon.

WASHTENAW COUNTY OFFICERS ON SALARY BASIS.

Preliminary plans for putting into operation the new salary schedule adopted by the board of supervisors last October, were made Monday at a meeting of the finance committee and the heads of all departments of the county government. The number of clerks in each office and their compensation were determined, and the proposed agreement between the board and officers who now receive less discussed.

Under the proposed change all officials heretofore receiving fees in connection with the duties of their offices will be paid straight salary after the first of the year, and will turn back all extra monies they now retain.

The committee composed of Donald C. May, Supervisor; Al Abot, Gilbert Madison, Dexter, and James Howlett, Lyndon Township, voted one clerk each for the offices of treasurer, county commissioner and county clerk at salaries of \$1,400. The register of deeds office was given two clerks one at a salary of \$1,400 and the other at \$1,200. Two clerks also were allotted the Judge of probate, both paid salaries of \$1,400 a year.

Two clerks at \$1,600 each were given the school commissioners office, one at \$1,080 allowed the county agent, and a part-time one at \$1,200 the deputy clerk. The committee voted to hire an extra employee for the clerk's office for eight months beginning January 1st. The need for continuation of this position to be determined at the end of this period.

The agreement shows on the board and county officers which were discussed Monday provides that all fees whether permitted by law or otherwise shall be turned over to the county or state or other body or fund as specifically provided by law. All officers in this class, the agreement provides must file with the county clerk not later than the fifteenth of each month, a complete account of fees received by them and their dependents. —Washtenaw Post.

"BLOSSOM TIME" COMING TO CASS

The most delightful musical play of years, "Blossom Time," will return to Detroit, opening at the Cass Theatre, Sunday night, January 2nd, for an engagement of two weeks.

"Blossom Time" was first produced at the Ambassador Theatre, New York, six years ago, and since then it has played every city and large town in the United States and Canada. The Messrs Shubert announced that this year will be the final and farewell tour.

Conductor D. L. Garwood and Engineer J. J. Keith of the Ponce de Leon had orders to take the sailing at Rock Mart to permit the Florida Royal Palm to pass officials of the road announced.

Each train was made up of a dozen or more all steel cars. The crash was heard a mile.

W. H. Brewer, baggagemaster of the Ponce de Leon, seriously.

Rock Mart, Ga.—At least thirty persons are believed to have been killed and many seriously injured in the wreck here of the Royal Palm Limited, Chicago to Miami, and the Ponce de Leon, crack southern railway passenger trains.

The wreck occurred in a driving rain with the Ponce de Leon, carrying a large number of passengers homeward bound for the holidays, running late at a reported speed of fifty miles an hour.

All of those killed were on the northbound Ponce de Leon from Miami, Fla., which collided head-on with the southbound train, as the two waited for a switch.

Most of the dead were in the dining car of the Ponce de Leon and a day coach immediately behind. The latter car at a speed of 50 mph top of the switch track, cut off a railing through the roof and dropping into the cut.

Among the dead were a woman and three children who had been dining at a restaurant. Rescue workers used blow torches to free the bodies and the injured. Dickies and rain coats capped the work.

Engineer Keith lost the sight of both eyes and suffered internal injuries.

Complaint lodged no rescuers seemed to generate the wreckage. Mirrored with the screams of the injured were the frantic shouts of rescuers.

NORTHVILLE, MICH., DEC. 31, 1926.

NORTHVILLE HAS ENJOYED A PROSPEROUS YEAR.

The year 1926, which is now fast drawing to a close, will always be kindly remembered by Northville people, because it has been a very prosperous one for the whole section. Labor has been pretty well employed, farm crops have been normal, real estate values have advanced steadily, and many pieces of property have changed ownership. A number of houses some new residences have been erected, and others have been improved. The new building of the Northville State Savings Bank has been completed, and the new Richardson block has taken the place of an old and decrepit house. The village has acquired a valuable piece of property, and has erected a substantial engine house, and an up-to-date motor driven engine has been purchased, which will add to the security of the property in Northville. The handsome Penniman Allen theatre was completed early in the year, and opened in February, and this enterprise has contributed greatly to the general appearance of our Main street, and has also afforded good wholesome entertainment for our people. The Ford Motor Company made some extensive improvements upon its property lying along Main street, removing the old stone garage and laying the grounds out in a spacious and attractive park. A considerable addition has been made to both our sewer and water systems, and a number of new homes are now being serviced in various parts of the village. Schrader Brothers' very attractive and commodious funeral home was completed early in the year, and extensive alterations and improvements and additions were made to the remainder of the building.

The new Stinson Airplane Corporation has become a fixture in Northville, and our other splendid industries, the Ford Motor Company, the Globe Furniture & Manufacturing Company, and the Bell Furnace & Manufacturing Company, have enjoyed a good business throughout the year. The business of the Northville General Company has been greatly expanded, giving employment to more labor.

The Northville-Plymouth highway, a wonderful improvement, has been completed, and Corn Benton Park has been improved and made beautiful and accessible. The great building program over at the Wayne County Training School has been completed, and already three new wings of 100 children there. At least two new buildings will be erected there next year. Residences for the superintendent and assistant superintendent, and residence and office for the treasurer.

Looking at the matter from every angle, we do not believe there is a section anywhere in the state that has been more prosperous than this village and territory surrounding. Many of these improvements have come without any community effort. Some of the improvements that we badly need will require some united effort to put the projects over. The New Year will be a good time to resolve to do some real community boosting.

KING'S DAUGHTERS NOTES

The Mizpah Circle of King's Daughters desire to express their most sincere thanks to all the organizations and people in general, who contributed in any way to the Christmas fund. Their appeal met with a hearty response, and a great deal of good cheer was dispensed to those in need.

An all day meeting of the King's Daughters will be held at the home of Mrs. Florence Alexander, January 4th. All members are requested to bring needles and thimbles to sew on dresses for the Children's hospital. A pot-luck dinner will be served at noon. If unable to walk, just notify Mrs. Harry Clark and come if possible to do so.

BASMENT BARGAINS TODAY
C. A. Ponsford's basement bazaar starts off with a rush yesterday and will continue until tonight Friday. He offered a great array of bargains in many lines.

FORESTERS' AID TO MEET
The Foresters' Aid will meet on Tuesday evening next at the usual time and place. There will be election of officers, a pot-luck supper and cards after the business meeting. A good attendance of members is desired.

NEW RATE ON AIR MAIL
Beginning February 1st, the rate on air mail will be 10 cents per ounce regardless of the distance.

ST. PAUL'S LUTHERAN CHURCH

A happy New Year in Christ! Special services with Holy Communion will be held in New Year's eve at 8:00 o'clock. The pastor will preach on the words: "I do remember my faults this day." After the services, the members and friends of the church will meet in the parish hall till shortly before midnight, when another short service will be held in church.

On New Year's Day, German services will be held at 10:30 o'clock. No English services on this day.

Next Sunday there will be English services at 10:30. You are cordially invited to hear the pastor's message on the theme, "Abide With Me" Sunday school at 10:00 o'clock.

The annual congregational meeting with election of officers will be held Monday, January 3rd, at 8:00 p.m. Every voting member is urged to attend this important meeting.

Remember, you are always welcome at St Paul's.

PRESBYTERIAN CHURCH

A New Year's prayer. Beloved, I wish above all things that thou mayest prosper and be in health, even as thy soul prospers. Beloved, follow not that which is evil, but that which is good. He that doeth good is God; he that doeth evil hath not seen God.

Sunday morning worship at 10:30 with sermon by the pastor, "The Food of the World."

Sunday school at noon. Lessons for the first quarter, "Studies in the Christian Life." Sunday's lesson, "The Christian a Follower of Jesus."

Y. P. S. C. E. at 6:30 p.m. Topic, "Being True to Our Covenant with Christ."

Evening service, beginning of week of prayer at 7:30, at the M. E. church Wednesday evening in our church; Thursday evening at the M. E. church, ending Sunday evening, January 9th, in our church.

Communion of the Lord's Supper and reception of members, January 9th, at 10:30 a.m.

BAPTIST CHURCH

The Christmas was a very enjoyable affair, and all those took part very creditably. This can also be said of those who had the arrangements in charge.

The fish supper was not as well attended as we hoped it would be, but it was by no means a failure.

The annual meeting of the church will be held Monday evening, and all members are urged to be present.

Three new members will receive the right hand of fellowship Saturday morning.

Sacrament of the Lord's Supper will be observed Sunday morning.

Our Lenten service will be given by Rev. Robert, the pastor, & youngest son, preach Sunday evening. He will have a good message to start the year with. The pastor will preach Sunday morning.

The rock of prayer will be received, and different speakers will take charge of the services.

A big watch night service is planned. We want it to be big in finance.

METHODIST CHURCH

Let everybody take notice of this. The second Presbyterian church of Cleveland, Ohio holds a unique record. Chester McDowell, a father, has not missed Sunday school for one Sunday in twenty-three years. Mrs. McDowell has a perfect record of eleven years. Charles, a son, has a perfect record for twelve years. Jean, a daughter, has not missed in eight years. Alvin, brother of Chester, has been there every Sunday for seventeen years. Bessie, a sister of Chester, has not missed in twenty-four years.

Question: Don't the McDowells ever have company on Sunday to keep them away from church? Don't they ever go anywhere on Saturday night, and get up tired on Sunday morning? Don't they ever have headaches, colds, nervous spells, tired feelings, poor breakfasts, sudden calls out of the city, business trips, Sunday picnics or any other trouble? Don't they ever read a Sunday paper at the time of religious worship? Don't they have a radio so that they can listen to "some mighty good sermons from out of the city?"

At all day meeting of the King's Daughters will be held at the home of Mrs. Florence Alexander, January 4th. All members are requested to bring needles and thimbles to sew on dresses for the Children's hospital.

A pot-luck dinner will be served at noon. If unable to walk, just notify Mrs. Harry Clark and come if possible to do so.

 take notice and be present.

This has been an excellent club
 year for Northville. Including our
 own membership, with members of
 other clubs passing through our ter-
 ritory, we have assisted nearly one
 hundred in their travel.

In order to obtain the above ser-
 vice, club members must carry and
 show a paid up membership card.

No car will be towed to the home
 or any other garage other than the
 regular service garage of the A.A.A.

AN EXPENSIVE DOG

Three brothers-in-law, from Detroit, came to Oscoda township in this county, recently for a day hunting. In some way they ran across a valuable hunting dog belonging to William Brothers of that township, and took him home with them. Sheriff Teagle was notified and soon had the clues which indicated the party, and the man who had the custody of the dog. A regular dragnet was put on, with watchers at the Detroit home, the mother's home and the homes of the other two men, but it took two or three days of close investigation before the dog was recovered and the man arrested. The master has been sentenced by the Detroit men, paying \$10,350 costs and damages to their dog. Hotel Republican.

OAKLAND CO. POULTRY SCHOOLS

Two-day poultry schools at Holly and New Hudson have been arranged in the county and state extensive service for January 25, 26, 27 and 28. These schools have been set on early dates to help growers get in shape for the early spring hatches, so that they may be able to prevent some of the serious losses which occurred last season.

For the past two years requests have been made for this service, but the state poultry department has been unable to comply until the present time. The present crisis is being made known to those who are interested in the poultry as a profitable commercial enterprise.

The schools are arranged with different subjects for each forenoon and afternoon, so that there will be no idle time. It will be necessary for those attending to be present at each session in order to get the most benefit from the work.

ANN ARBOR'S FIRST WHITE-TIVE DEAD.

Formerly Miss Cat. Doug 26, Mrs. Fannie Camp Gillette, 55 years old mother of Elmer Gillette, president of the Gillette Safety Razor Company, died at the Beaufort Hotel, Christopher.

Mrs. Gillette was the author of the White House cook book, "Home Cookery," which was well known throughout the country and a profitable commercial enterprise.

Mrs. Gillette, who numbered many of the most prominent persons in the United States among her friends, was active until a few months before her death. She took physical exercise night and morning, ate three hearty meals daily, and refused to ride in elevators.

Her husband was George Walcott Gillette, inventor of the Gillette shaving machine and founder of the company of that name. When he died in King C. Gillette, the business was given to the employees of the company.

Kings C. Gillette is the only survivor of a family of four sons and three daughters.

OBITUARY

Amy Jane Bussey, daughter of Thomas and Harriet Bussey, was born in the township of Salem, Washtenaw county, Michigan, August 22, 1840. On October 2, 1861, she was united in marriage to Daniel B. Stark, who had been her teacher in the district school. To this union four children were born—Harriet and Rosamond, who died in July, 1865, Willard D. Stark of Northville, Mich., and Mrs. Amy Martin. The deceased is also survived by four grandsons, three granddaughters, and one great granddaughter. On October, 1861, Mr. and Mrs. Stark settled on the farm on the Base Line in the township of Green Oak, Livingston county, Michigan, and with the exception of two years' residence in Ypsilanti, 1884-86, this had been her home.

Since the death of Mr. Stark, August 21, 1915, Mrs. Stark and her daughter, Mrs. Martin, have made their home together on the farm, and Mrs. Martin and her family have done for the deceased all that kindness and willing hands could do. Funeral services are to be held from the late home at two o'clock, December 23rd, and burial by the side of her late husband in the South Lyon cemetery. Services were conducted by the Rev. T. C. Hackenberg of the South Lyon Presbyterian church, of which the deceased had been a member since 1896. —South Lyon Herald.

Mr. and Mrs. W. D. Stark and Mr. and Mrs. D. J. Stark attended the funeral.

The Oakland motor plant at Pontiac exploded yesterday with an explosion of 1500 pounds of dynamite stored in the mine of the Braden company.

Northville School Notes

(Too late for last week.)

The following were chosen by the chief of police to act as police officers: Louis Tiffen, Allen Baird, Dwayne Dunbar and Emerg Ogubile. Their duty will be to enforce the constitution.

Mr. Walker, physical training director for the boys, has charge of the assembly program. Thursday, which consisted of a very interesting talk by Mr. Smith, who is an graduate of Harvard. He chose as his subject "Football in the East." A one-act comedy followed, which was given by Mr. Edward and himself. Presented by Edward were two short plays, members of the cast being Harold St. James and Herbert Campbell. This year was a record year for the school. We have decided to depart from the old system this year and have the Senior class election, it will take place January 12th. Further details of the "event of events" will be given at a later date.

School closed Thursday afternoon with a Christmas program consisting of an assembly and a Christmas tree. The gifts from the tree will be distributed to the needs of Northville.

Salem Sayings

(Too late for last week.)

Miss Freda Roberts has been on the sick list.

Mrs. Ellen Pennington of Northville visited her parents Sunday.

Mr. and Mrs. E. Geary and family were in Detroit Friday.

J. Herrick and family were visiting relatives in Plymouth, Sunday.

E. Gatchin wife and family were visiting relatives in Ypsilanti, Sunday.

Mr. and Mrs. Wesley Wilson and mother were Sunday guests of Mr. and Mrs. Ralph Wilson.

Mr. and Mrs. Merrill Rennick and baby, McEdith, were Sunday guests of Mr. and Mrs. G. Foreman.

Misses Edward Whipple and Miss James Dickie of South Lyon were Monday visitors at C. Foreman's.

Mr. and Mrs. Mabel Rorabacher were at home on the birth of a son, Richard N. born December 13th.

Mr. and Mrs. C. Crockett of Wayne Friday of this week to spend Christmas with relatives at Edulor and Mt. Pleasant.

Per Halliday and wife and F. Kader, wife and son, Bob were Wednesday guests of Mr. and Mrs. Fred Nollar of near Ann Arbor.

Mr. and Mrs. Howard Nollar of Royal Oak were Sunday callers of Mrs. Laura Smith, who returned home with them for a few days.

Mr. and Mrs. E. Nollar and family and John Nollar of Altadena, California attended the Federated church, Sunday, and were dinner guests of Mr. and Mrs. P. Atwell.

Everyone has enjoyed the innovation of the ushering in the Federal church, by the following young people: Irene Belfast, Ruth Foreman, Donald Merritt and Donald Heyer.

The "fun-night" of the young people of the Federated church was held at the town hall on Friday evening, December 17th. It was largely attended and greatly enjoyed. The next "fun night" will be held in the town hall on Saturday evening, January 1st. It will be under the direction of a deputation team from Michigan State College, the team being under the personal direction of Miss Neva Novell. These young people will endeavor to make the next "fun night" even more enjoyable than those of the past. The deputation team will have entire charge of the morning service on Sunday, January 1st at the Federated church, furnishing special music and the speakers. A cordial invitation is extended to the community to take advantage of these occasions.

ELECTRICAL EXHIBITION DETROIT

An electrical exhibit and demonstration, which will probably continue indefinitely, opened in the Michigan Theatre building, Detroit, on Wednesday, December 15th. The exhibit includes all types of electrical heating, refrigerating, cooking, cleaning and heating household appliances. From time to time special demonstrations and talks will be given on the uses of various appliances, and the exhibits will be varied in order to bring out interesting and useful points. The demonstration is sponsored by the Detroit Edison Company, the Electrical Extension Bureau and the Electrical Manufacturers, and is purely educational. The public is invited to avail itself of this opportunity to become familiar with the uses of the many electrical devices which have been developed to economically perform what are otherwise burdensome and tiring household tasks—appliances you now own or those you are interested in. Visitors at the exhibition are free to browse about as suits their fancy—there is no obligation—noting to sign—nothing is sold, for there is nothing to sell. The exhibit will be open every day except Sunday, including Saturday afternoons.

\$7,801,313,000 VALUE OF U. S. 1926 CROPS

Total Shows Decline in Value
of \$1,148,000,000 Com-
pared With 1925.

Washington—On the basis of December 1 figures the value of 35 principal crops in the United States for the present year is \$7,801,313,000. It is announced by the Department of Agriculture crop reporting board.

The total shows a decline in value of \$1,148,000,000 compared with the total for 1925 of \$8,949,311,000.

Lower prices and increased production are held responsible for the decline in values according to the report.

Grain crops for the year total 4,602,000 bushels, compared with 5,347,000 bushels last year. In the report estimates for 1925 of loss in production of 322,519,000 bushels or 8.4 per cent.

The report indicates that the 35 showing the greatest decline in value are cotton, first corn, second and third wheat, potatoes, and apples in the order named. The cotton crop alone shows a loss of \$38,000,000 despite of greatly increased production. The value of the cotton crop in 1926 is estimated at \$1,018,348,000.

The corn crop, chiefly due to lower production is worth \$263,381,000 less in 1926 than in 1925 the report states, the estimates being \$1,703,380,000 for the present year and \$1,966,761,000 for 1925.

Wheat, including both the winter and spring crops, decreased in value \$90,882,000, although there was a de-

crease in spring wheat of \$125,889,000, the total estimated value of wheat for 1926 being \$807,580,000. Winter wheat is estimated at \$759,570,000 for 1926 compared with \$894,289,000 for 1925. Spring wheat is valued at \$237,520,000 for 1926, compared with \$363,618,000 in 1925.

The hard red winter wheat crop is worth \$206,721,000, compared with \$247,040 last year.

The aphid crop for 1926 is estimated at \$170,357,000 for 1926 compared with \$216,755,000 in 1925.

In quantities, the report gives the following information:

Corn—New production in field of 19,699,000 bushels compared with 19,223,000 in the yield was 2,916,000 bushels.

The total available supply of wheat for the 1926-27 year, including fall crop and carry over is put at 829,000,000 bushels or 132,000,000 bushels more than last year. Corn supplies are 2,949,000 bushels, or 123,000,000 bushels less than at the same time in 1925.

Spring wheat yields, on the basis of the December 1 statistics, show 205,000,000 bushels harvested, compared with 274,085,000 bushels in 1925, the per acre yields being 10.5 bushels and 13.3 bushels. Winter wheat reported unchanged at 626,28,000 bushels compared.

The oat crop of 1,259,730,000 bushels is 26,000,000 less than the actual for last year, but a much smaller cutting had been expected by the trade. The yield of 25.2 bushels to the acre is five bushels less than for the 1925 harvest, the department states.

The rye crop is placed at 40,000,000 bushels or 2,000,000 bushels less than last year.

Barley crops are figured to aggregate 181,152,000 bushels or 68,000,000 bushels less than last year, with per acre yields of 25.3 and 26.8 bushels.

Potato crops are estimated at 18,780,000 or 3,000,000 bushels less than last year and more than 13,000,000 bushels below the revised returns for 1924.

The figures of the potato yield are 157,000 bushels for 1926 compared with 388,800 bushels in 1925.

POSTOFFICE DID A RUSH CHRISTMAS BUSINESS.

The Northville postoffice did a rush business Christmas week. There were sent out some 50,000 letters and 516 sacks of parcel post. The Sunday mail consisted of a large consignment of 104 sacks of mail and three bundles of letters. In order that there should be no delay and to keep the floors cleared, the post office had to be closed on Sunday afternoon. This was the largest receipt and dispatch of mail in Northville's history as many as seven clerks were required to handle the work.

TO THE EDITOR OF THE POSTOFFICE:

The arrival of the latest improved model of cancelling machine, the air electric motor, has made the handling of letters
