HOLLY TEAM CALLS OFF DEBATE—LOCAL TEAM AGAIN WINS

Through Default of Contest Northville Not to Have Contest

Northville's high school debating team has won another contest by default of the contesting team. This time the Holly high school contestants who were to appear here tonight, phoned to Sup't. Gordon yesterday that they found it necessary to cancel tonight's program.

This, while a disappointment to the local debaters gives to the Northville students a third victory and places them in the semi-finals, a position they had hoped to attain by actual contact with other teams.

Superintendent Gordon has worked diligently with the local debaters and they are in first class condition and it is almost a safe prediction that they will make a good showing in the debates yet to be held.

As the debate being held tonight over at Fordson Superintendent Gordon is one of the judges.

EARNIE LYKE IS NAMED DEPUTY FOR NORTHVILLE

Former Marshall of Village To Be Officer for the County

Earlie Lyke, who has served Northville for a number of years as its marshal, was named deputy sheriff by Sheriff Soren and will immediately assume his duties. The new deputy will have the benefit of his experience as a Marshal and the work he is taking up will not be an easy one. The announcement of his appointment was made yesterday. Early Lyke is a well known friend of many of the village who have been anxious to see him get into the office. He will be the place of W. J. Salford who resigned when Sheriff George W. Lyke took office.

THIEVES ENTER TWO HOMES WHILE OWNERS ARE AWAY

Local Two Watches in one place—Believed to have Taken Clothing

Burglars entered the home of Mr. and Mrs. Stewart Montgomery, who are spending the winter in Florida, no time last week and are believed to have stolen a number of articles. It is known that some clothing was taken, but just how much has not been ascertained.

The house has been closed up since the family left for Florida some time ago. Mrs. H. H. Johnson, who lives at the door a few mornings ago, heard the back door of the residence open. Proper officials were notified and an investigation showed that the residence had been ransacked from top to bottom.

It is apparent that whoever robbed the place spent there over night. An outfit left behind is the only piece of evidence the officers have to work on.

Apparently about the same time this residence was broken into, the home of Mr. and Mrs. Harold Sonnenberg of West street was entered and two watches stolen. At this place the thieves took some good shoes and left their place an old pair.

WHO ELLIOTT IS WINNER OF MUSICAL CONTEST OFFER

Who Elliott knows more about us than any other member of the Ry Club. That's a pretty broad statement but it is borne out by the results of a contest.

Monday noon at the regular meeting of the club President Langfield called upon Ed Keener, Dr. Dick H. S. and Dr. Zambarano to conduct a session of the program. Dr. Salford proposed that twenty different pieces should be played on the piano by Zambarano, and he gave to each a present a slip of paper, with the request that each write the name of the piece as it was played.

It was said by Dr. Zambarano the fairly made the piano talk—each number was played with exceptional clearness.

Out of the twenty played, W. Elliott had the greatest number of titles correct, winning the contest by Dr. Salford for the contest.

And Mrs. C. L. Blackburn presented the Quality 500 Club, last

PLYMOUTH CLUB WILL BE ROTARY VISITORS MONDAY

Local Organization to Entertain About 35 Neighbors on Program

Announcement was made at the meeting of the Rotary Club Monday, by President E. C. Langfield of that organization, that the members of the Plymouth Rotary Club will be guests of the local organization next Monday noon at the regular meeting in this place.

President Langfield announced that there would be about thirty-five visitors and the local Rotarians are planning on giving the visitors a most cordial welcome.

The Plymouth Club will provide the program for this inter-city meeting, and it is expected that it will be an exceptionally interesting one.

EXCHANGE CLUB IS HOST TO LADIES AT VENISON DINNER

Members and Guests Have a Most Delightful Time at Last Meeting

Through the generosity of Exchange Club members N. C. Schrader, E. B. Cavell, S. A. Lovell and A. A. Holcomb, who were fortunate enough to each bring home a deer upon their return from a hunting expedition to northern Michigan the members of the Northville Exchange Club and their ladies enjoyed a real venison feast at the Northville Exchange Club last Thursday night. The dinner was prepared by Mrs. Cole and it was all the more enjoyable because it was prepared in the most hearty and hospitable manner by the club members.

All of the deer served the night before was cut to order by President D. H. Yorkes, who had Charles A. Pender in charge of the program. Fred I. Langlet was introduced as the speaker of the evening and he gave a delightful entertainment. Impromptu remarks were made by other members of the company and it was nearly two hours before any one realized the lateness of the hour, so delightfully had the three hours been spent. The company returned to the village and attended the Penniman-Allyn Theatre. The gathering was greatly enjoyed and all present were very grateful to the gentlemen who supplied the venison for the feast.

LOCAL MERCHANTS ARE INTERESTED IN PLANS FOR DETROIT CONFERENCE

Many Northville merchants will be interested in the announcement just made of the better merchandising conference and exposition, which is being sponsored by the Wholesale Merchants' Bureau of Detroit. The event will take place in Detroit at the Masonic Temple on March 8, 9 and 10.

Among the speakers on the subject of store management and promotion will be Fred P. Mann, Sr. of Deerp Lake, N. D. who will tell "How Advertising Helped Me Build a Million Dollar Business in a Town of Twelve Hundred People." John B. Garver of Strasburg, Ohio, who will discuss "The Future of the Small Store." Bob Moorer of Temple, Okla. who has built up a big business in a small town, and E. S. Charles of Napoleon, Ohio, who by careful use of advertising increased the business of his store 42 per cent in six months.

In addition to these addresses by storekeepers, will be one on the subject of Turnover and Stock Control by Alf W. Paulsen, druggist, of St. Louis.

From the nature of the program it will be readily seen that it is of so much interest to merchants in a community of this size it is probable that a number from here will attend every session of the conference.

NORTHVILLE LEGION TO DONATE SPLENDID PICTURE NEXT TUESDAY

Next Tuesday evening the Northville American Legion is donating to the Penniman-Allyn theater and the public a splendid motion picture, which will be shown in connection with the regular show, displaying work of the Legion throughout the country. It will also show scenes at the American Legion convention recently held in Philadelphia. The local Legion is paying the costs of bringing the picture to Northville, and it will be added to the splendid program that has already been advertised by the theater for next Tuesday evening.

MOON WOULD SHINE IN WAR OF WORLDS

Low Lunar Gravity Would Increase Gun Range.

Washington. - If men from the earth were ever able to reach the moon, by the methods of Jules Verne or H. G. Wells, they would engage in warfare in a way unprecedented on the earth, for the ordinary 75-millimeter field gun would shoot three times as far there as did the German long range gun that bombarded Paris during the war.

Could Fire 3,400 Miles.

With the long-range gun that bombarded Paris from a point about seventy miles away, and had a muzzle velocity of about a mile a second, the lunar gun would fire nearly half way around the moon, 3,400 miles. If the gun were pointed directly toward its shell would reach a height of a thousand miles above the lunar surface at a muzzle velocity of a little less than a mile and a half a second, which is not beyond the realm of possibility, the projectile could be fired completely off the moon, at the earth or some other planet if desired. For a projectile to leave the earth it would have to be fired at a velocity of eighteen miles per second, or at least seven miles a second if the earth had no atmosphere.

Doctor Wright has made these studies of the diminished force of gravity and lack of atmosphere on the moon's surface in connection with the work of a Carnegie Institution committee of astronomers, mathematicians and geologists who are collaborating in an effort to learn about the earth's satellite.

The studies were completed as he is to work in conditions that exist on the moon's surface. The high velocity of the projectile when it strikes the moon's surface would be the force of 25 to 30 times that of the projectile on the earth's surface.

Another point of marked difference is the lack of gravity on the moon. While so many of the earth's surface features are the result of weathering by wind and water, the moon is without atmosphere and clouds and these forces are absent.

Measures Gravity on Earth

Doctor Wright has also been investigating the force of gravity of the earth and is developing a new form of apparatus for measuring its intensity. The standard way of doing it is with a very accurate pendulum, but the method is complicated and a week or more is required to set up the apparatus at any one place and make the readings. The new instrument which measures the twisting of a spiral tungsten spring due to the earth's attraction, gives promise of permitting readings comparable in accuracy with the pendulum to be made in a few hours.

Yakalos, New Stock Breed, May Solve Meat Problem

Wauwatosa, Wis. - When the world hangs out the "Starvation Ribbon" on the problem of meat supply may be solved by a new breed of live stock called yakalos, being developed in the national park at Wauwatosa by crossing the buffaloes with elk.

Yakalos combine the best production qualities of the elk, with the spragging characteristics of the buffalo, according to G. B. Borland, director of the animal husbandry division of the Department of Agriculture. The elk, an animal bred true to type, he said, and have proved more adaptable to the climate of Wisconsin than the buffalo.

The great value of yakalos is said to be that they will live on the same kind of food as the elk. The animals are hardy, and for a few years are capable of withstanding the open and the constant change of the common diseases of domestic cattle.

Navy Officer Sues

Washington. - Rear Admiral Bradley Fiske charges that the navy has infringed his patents for shooting submarine torpedoes from airplanes. He is suing Mr. Wilbur and several officials of the Navy department for a quarter of a million.

Home for Widows

Constantinople. - Constantinople has been designated as the home for the widows of the fallen heroes of the first world war.

LOCAL

Mr. and Mrs. J. B. Tullman went to Dearborn Tuesday evening to furnish the music for one of Henry Ford's dancing parties.

Mr. A. H. Wither has arrived from Chicago to spend the remainder of the winter with his daughter, Mrs. Glenn Richardson.

Mrs. Wm. Rawley Brown of Arrowhead farm left today for Davina Beach, Florida, where she will spend the greater part of the remaining winter season.

Mrs. Nora Bullock of South Lyon formerly of this place, is in St. Mary's hospital, Detroit, where she underwent an operation, and her condition is very serious.

John W. Turner, who had been terminal superintendent of the D. U. R. at Farmington Junction a number of years, died at his home in that place last Friday.

Mrs. Ida Clark has returned to her home in Northville from Harper hospital in Detroit, where she spent a few days for treatment. She is somewhat improved in health.

Charles Swadow of Walled Lake spent a few hours in Northville the first of the week. He is predicting an active real estate market in this section during the coming year.

New automobile licenses are rapidly appearing in this vicinity. Many express the hope that the new secretary of state will have a little different taste for colors next year.

Mrs. Robert Thomas, a friend of a number of her husband's friends Tuesday evening to give him a little surprise party on his birthday. He was presented with a rocking chair by the guests.

Sam Selzer Ed. Horton and Norman Cundick are the only candidates for the position of clerk of the town of Northville. They made a decided fight with the voters.

Reports from the regular winter report on the weather condition in this section are very favorable.

Mr. and Mrs. C. F. Murphy enjoyed their Mr. and Mrs. C. L. Blakeman, Mr. and Mrs. Fred Northon and Mr. and Mrs. Roy Richardson last Wednesday at a check dinner the occasion being in honor of Mr. Murphy's birthday.

On Tuesday next Northville Commandery, K. T., will enter the Temple degree. The past eminent commanders will do the work of conferring the degrees. Dinner at 6:30. George Sterling of Damascus Commandery will officiate as prelate.

Horace Greene's family were called to Maple Rapids this week by the death and burial of a sister, Mrs. Betsy Greene Osborn, who died suddenly of neuritis last Saturday evening. Her age was sixty-eight years. She leaves a husband and one daughter.

Because of ill health, Rev. Herbert Hall of Dearborn, who has many friends in Northville is leaving shortly for New Mexico where he expects to spend some time. His family will accompany him. He is pastor of the First Presbyterian church of that place.

J. W. McChatoek who has conducted a jewelry store for some time past in the Park House has moved to the Leate building and is now open for business in his new location. His store has been nicely furnished with new fixtures and he has a most attractive place.

Edgar Stinson, famed world aviator who operates the Stinson Aircraft Corporation of Northville, was a speaker Thursday noon before the American Business Club in Detroit. The noted pilot told the club members of the advantages of aerial navigation and of the safety in flying.

Postmaster Frank S. Neal announced today that commencing February 1st, letters may be sent by air mail to pay part of the United States at the rate of ten cents per half ounce or fraction thereof. By the use of a special delivery stamp, a letter mailed here in the morning would be delivered in Chicago in the afternoon of the same day, or in San Francisco the following afternoon.

Northville's crack high school basketball team will play with the Farmington team here Friday evening. The local players have been putting in some hard practice and the game, his week ought to be an especially good one. The second team game will start at 6:30 a half hour earlier than usual and the main game will start promptly at 8:00. There is considerable interest in the contest.

ASKS TO HAVE ROAD PAVED FROM SOUTH LYON TO POINT AT FARMINGTON.

A petition for the paving of the South Lyon road east of South Lyon to Grand River, one mile west of Farmington has been signed by property owners whose lands border on the highway and no doubt has been presented to the board of supervisors, now in session at Pontiac, according to the South Lyon Herald.

The board in turn, will vote on the petition and if it is accepted will turn the same over to the road commissioners who will set a date for the paving.

It looks as though the petition would meet with the approval of the board, and South Lyon is hoping it will, for it will be probably the biggest thing that ever happened for the benefit of the farm owners between here and Grand River on this road, as well as for South Lyon. The proposed pavement would give that section paved roads the entire way into Detroit, and would be a shorter and less crowded route to the many lakes west of there for twenty miles.

It would also be by far the best route to countless towns in the great wedge of country lying between M-16 on the north and M-17 on the south. As it will give South Lyon a direct paved road to Detroit, it should be the beginning of a new era for that place and serve a large number of farmers residing north of Northville. In fact such a road would be almost as much of a benefit to Northville as to South Lyon.

Read the L. L. Ball Studio ad at the bottom of local page.

Michigan Bell Telephone Company. Suggests the use of Long Distance Telephone Service as the most intimate way of keeping in touch with your boy or girl away at school. Encourage them to call home frequently at the low Evening and Night rates. Evening and Night Rates. Reduced Evening rates are in effect from 7 p. m. to 8:30 p. m. on "Any-one" calls. Night rates, which are still lower, are effective from 8:30 p. m. to 4:30 a. m. There is no further reduction at midnight.

NORTHVILLE—25 YEARS AGO.

The cards on the four sides of the town clock do not agree by several minutes.

Lee Macomber is acting as agent at the United Railway office here during Mr. Horton's illness.

A leaky pipe caused an explosion in the overhead tubing of the gas lighting plant in Purdy's store Wednesday evening and the interior of the building looked as if lightning had struck it. However, the damage was confined to the demolition of the tubing and chandeliers, and breaking of china where the falling pipes and tubing struck.

Fred Comstock has secured a position in the traffic department of a large Chicago shipping house and he and Mrs. Comstock will move to that city next week.

Beets are being raised at the village hall tonight.

County farmers' institute at Plymouth next week Friday and Saturday.

Banker Harry S. Gernar of Carleton visited his parents near here a part of this week.

BUCKS ARE POPULAR WITH THE MOTORING PUBLIC

For the first time in the history of the automobile industry a manufacturer in the quality six cylinder field has marketed a quarter of a million cars in a single year. This became known through the announcement of the Buick Company of its sales record for 1926.

The announcement states that 254,156 Buicks were delivered at retail during the past year. This record is compared with a total of 200,041 deliveries in 1925, the best previous year, and with 165,220 deliveries in 1924. It took twelve years to build the first quarter million Buicks, and only twelve months to build and sell the last quarter million. Production of the new Buick since the company was founded twenty-three years ago has passed the one and one quarter million mark, and is expected to reach two million during the next year.

A witness of the progress, the Buick car enjoys, it is a fact that in the two largest centers of automobile production in the United States, Buick has out-sold every other make of the world in the past several months. The record books of these cities are compiled from newspaper registrations.

ALL-LEAGUE FOOTBALL TEAM

BALE FRANK CHOSTEN

At a meeting of representatives of the coaches of the high schools, representatives of the suburban League held at Wayne on Monday evening an all-league football team was chosen from the players who represented the various teams during the football season last fall. The schools represented in the league were Regent High, Ypsilanti, Dearborn, Wayne, Farmington, Plymouth and Northville, and when the choice of men was made Northville secured two men of the all-league team.

The following are the players chosen, the letters in parentheses indicating the school the player represents:

End—Ed Preston (D), John Alliance (W)

Tackles—Ed Proctor (D), Don Ware (N)

Guard—Roland Smith (W), Carl Arndt (D)

Center—Oven Hartbridge (R)

Backs—Russell Smith (W), full, Orson Archison (N), quarter, Otis (T)

Captain—Leonard Munneke (W)

Superintendent Gordon and Coach Walker of the local High school staff attended the conference.

OBITUARY

Mrs. Harriet B. Cooper

Harriet Braman Coper was born August 21, 1869, in Lincolnshire, England, coming to the United States in 1861. On April 29, 1886, she was united in marriage to Fred G. Cooper. Two children were born to them. She passed away January 4th, after a few days' illness although her health had been poor for several years. There are left to mourn her death, the husband, one son Harrison F., and Mrs. Glen Shudell, a daughter, three grandchildren, also a brother and sister and a number of nieces and nephews.

The funeral services, conducted by Rev. Thompson, were held Friday, January 7, 1927, at two o'clock at Novi Baptist church, after a prayer at the home. Interment was made in Novi cemetery.

Relatives who attended came from Grand Rapids, Lansing, Jackson, Ann Arbor, and other places.

MARION TALLEY AT HILL AUDITORIUM MONDAY NIGHT

Marion Talley, the outstanding American operatic star, made a profound impression at the Metropolitan Opera House on New Year's day, when she appeared for the first time in Mozart's "Magic Flute." She has been granted leave of absence from that organization until February 14th, in order to fill a limited number of important concert engagements at Ann Arbor, January 17th, Toledo, Cleveland, Washington, Philadelphia, Buffalo and Youngstown. These concerts mark her first appearance in all of these cities except Buffalo, where she was heard once before. She will be accompanied on her tour by John Conigliaro, violinist, Emil Polak, pianist, her mother, her sister, Florence, and her manager F. C. Coppicus, who managed the concert tours of the late Enrico Caruso. Since her Metropolitan opera debut last February, this young soprano appeared fifteen times during the season, and during the first part of this season she has already been heard in sixteen major operatic performances, making thirty-one for her first calendar year, in all of which she has won mighty triumphs.

Beginning February 14th, she will continue with the Metropolitan in a heavy schedule until the close of the season.

Hill auditorium will be packed to the doors on the occasion of her Ann Arbor concert, a limited number of seats on the stage and some in the second balcony only being available at this time.

ELKINGTON & CASTERLINE PLAN TO ENLARGE SERVICE STATION

Material is on the ground for the construction of an addition extending 30 feet to the south, on the present service station operated by Elkington & Casterline, known as the Indian gas station. This additional room will afford them an opportunity to serve their increasing trade to better advantage, and they will also be able to install a modern wash rack, to enable them to do a general business in washing and polishing automobiles. This station has been a popular place ever since it was opened, and this addition will make it possible to extend the service to the motoring public.

SATISFACTORY FUEL

is what we all appreciate at this season of the year.

We have Chestnut Hard Coal, Pocahontas Egg, Cannel-Lump, Solvay (egg and nut) Coke, in Soft Coal—Miller's Creek and Corlew.

No better Soft Coal mined in the country than the two kinds above named. When your bin is getting low, call us and try a sample. There's a difference.

A
STATEMENT
By the President of
Dodge Brothers, Inc.

Within a few months, Dodge Brothers, Inc., will introduce a new line of motor cars, in no way conflicting with the market for Dodge Brothers present types, but occupying a considerably higher price field and produced in limited quantities.

Combining Dodge Brothers well known dependability with exceptional performance and striking beauty of appointment and design, these distinguished vehicles, we believe, will instantly set a new and higher standard in fine car practice.

Dodge Brothers will continue to produce their present line in maximum quantities to meet a demand which, during the year just ended, was very much the largest in their history, reaching the record total of 330,000 cars.

CROSSING ON THE BASE LINE MAY BE MADE MORE SAFE

P. M. Representative, Tells Exchangites He will Make Inquiry

Col. Roy C. Vandercok, public relations director of the Michigan Railways Association, was the speaker Wednesday noon before members of the Northville Exchange club.

His appearance in this community was indeed a most fortunate one because it will doubtless mean immediate and better protection for what is known as the Base Line crossing just on the north edge of the community.

Following the talk given by Col. Vandercok, Dr. Alexander asked the speaker if he knew what the intention of the Pere Marquette might be relative to making this crossing more safe for the public. He pointed out the fact that a number of serious and fatal accidents had happened there and that he did not believe the bell warnings which now exists was sufficient.

Col. Vandercok assured the club members that he would be pleased to take the matter up with the officials of the railway at once and see what would not be possible to install light warnings. It is known that Col.

Vandercok's close connection with the high officials of the Pere Marquette will doubtless produce immediate results. He explained that not only the Pere Marquette but all the railways were doing all they could to eliminate crossing dangers and he expressed appreciation over the fact that this matter had been called to his attention on his visit to the community.

In his address before the club he told most interestingly of the development of railway transportation in this country and of the inconveniences and delays it is at present suffering as the result of a thousand and one needless regulations.

"Why, it is said, that even to move a box car the railway stand a chance of violating 795 different regulations. Railways are required to make something like 31,000 different kinds of reports to various branches and agencies of the government," said Col. Vandercok.

He declared that it was co-operation with the public that the railways sought most and that it was the constant aim of railway transportation lines to meet every requirement of the shipping and traveling public.

It was pointed out how officials of transportation lines are constantly working out interlocking shipping questions with automobile and aeroplane developments. He believed that the time has come when legislative regulations should be restricted.

and some now imposed withdrawn. "In recent years railways have been giving fifty percent faster freight service than ever before and every time new regulations are exacted the shipping public is simply forced to pay additional for it," he said and Col. Vandercok was given a most pleasing welcome to Northville by the Exchange club members. When Postmaster Neal was a member of the legislature, Col. Vandercok was a newspaper correspondent in Lansing, and as a result an old friendship was renewed by the speaker's visit here.

MRS. MAE JACOBS DIED IN ANN ARBOR MONDAY NIGHT

Many Northville friends learned of the death of Mrs. Mae Jacobs with deep regret on Tuesday morning, she having passed away during the night at the University Hospital in Ann Arbor. She was taken ill some weeks ago and underwent an operation in a Detroit hospital, but her condition became alarming and she was removed to Ann Arbor where medical skill was unable to relieve her condition, tumor of the brain causing her death.

She was born in Northville township on May 13, 1860, the daughter of Mr. and Mrs. George Whipple. The mother passed away about two years ago, leaving the father and five children—Mrs. Jacobs, Mrs. Nellie Corwin, Mrs. Jessie Nollar and Clarence and Howard Whipple.

Nearly three years ago Mr. Jacobs was killed in an auto accident on the Fishery road, leaving his wife and two children, a daughter and son. The family had resided at Plymouth for sometime past and the remains were brought from Ann Arbor to Schrader Brothers funeral home in this city and prepared for burial.

Funeral services will be held at the home of George Whipple, west of town this afternoon at two o'clock. The remains will be placed in the vault.

If the members of the bereaved family the address of the people of this section is extended, this was a devoted mother and her presence in the home will be missed.

KING DAUGHTERS TO HOLD ANNUAL MEETING

The annual meeting of the King Daughters will be held at the home of Mrs. M. J. ...

Northville School Notes

The assembly program last Friday was novel and entertaining. It was conducted by Mr. Brainard, the manual training teacher. The school radio set was put on the stage in front of the curtain, and Mr. Brainard tuned in and soon a loud volume of music was coming in from station WHOZ, located somewhere in America. Several numbers were played on string instruments, following this the announcer gave weather and market reports, and then introduced the masked piano player, who played several selections. This was followed by more music played on string instruments, and then the station was signed off. Following this, Mr. Walker, the coach and athletic director of the boys, gave out the football letters. Cheers were given for each individual.

Last Friday evening, both the first and second basket ball teams of the school journeyed to Plymouth to play their first regular games. The second team easily won by a one-sided score 24 to 3. The varsity had hard luck as the game was readily lost by fouls on them. The teams were evenly matched, even though a score of 20 to 11 was recorded. Next Friday, January 14th, Northville will play Farmington at Northville. The girls' team did commendable work Friday afternoon by defeating Royal Oak by a score of 33 to 20. Friday, January 14th, at 7:00 p. m. they play Ferris in the gym. We need your support at these home games.

December's honor roll for the eighth grade is: Eunice Cousins, Helen Stracken and Yvonne Phillips. Eunice Cousins' name should have been on the November list, but was overlooked. Wayne Thompson received a large gold star for having an average of A in arithmetic 7, during December.

Opposed All Machines

The Luddites were bands of manual workers in England who in 1811-16, under some sort of organization, went about destroying textile machinery and sometimes wrecking factories. The center of the Luddite movement was in Nottingham, though it extended also to other parts of the country.

Idea Was Englishman's

Although the discovery is comparatively new to the public, the initial step in the transmission of pictures by electricity was made in 1824 by Alexander Bain, an English physicist. His plan was so basically correct that present-day experimentation is following his steps.

THE NORTHVILLE RECORD

Established 1868

Published every Friday morning and entered at the Northville, Michigan, postoffice, as second-class matter.

ELTON R. EATON, Editor and Publisher. J. W. PERKINS, Manager Commercial Printing Department

Circulated in one of the most prosperous sections of Southern Michigan. Subscription Price \$1.50 per year. Six months 75c. Three months 40c. Telephone 200.

NORTHVILLE, MICHIGAN, FRIDAY, JANUARY 14, 1927

THE RECORD.

For over half a century the Northville Record has been published in this place. During this long span of time, the paper has always maintained a high standard and has served the community in every way possible. Fortunately for the paper and more so for the community, the publication has always been under the control of those who sought and worked for the best interests of Northville and the residents of this place and surrounding territory. It is an easy thing for a newspaper to create differences and factions, but the Record's career is clean. As a result of the guidance of those who have controlled the policies of the paper, this section is free from animosities and Northville has the reputation all over the state of being one of the BEST communities in Michigan in which to reside.

The new publisher of the Record has, for a number of years, desired to own a weekly publication. In fact, practically every writer and editor of a large daily paper has the same ambition.

After looking over various sections of the state this place was selected for two reasons: first, because of the high standing of the community and its possibilities for expansion and second, because of the splendid feeling existing here towards the paper that for so many years has so well served Northville.

It is the hope and aim of the new publisher to maintain the same high standard that the previous publisher have followed.

This place is experiencing a rapid growth and it is our hope to be able to keep up with the development.

The Northville Record is published every Friday morning at 10 o'clock. It is published by the Northville Record Co., 211 North Center street, Northville, Michigan.

That suit of the government against a number of former Ford stockholders went amount to much in the opinion of the public, unless Henry Ford should be a witness. His appearance at any time in any place is of more interest to the general public than that of any other living American. Proof of this assertion will be evident if he should be summoned.

The state highway department and officials have decided that Woodward avenue will be 100 feet wide through Birmingham. That will suit the 100 footers, but what will the 150 footers and the 200 footers say? At any rate the general public that uses the highway between Detroit and Pontiac will doubtless be pleased to think that the condition is going to be remedied, even though what is planned may not be much better than what exists at the present time.

PRESBYTERIAN CHURCH

Is the church to you the house of prayer, a place of healing, a haven of rest, the communion of believing and worshipping souls, living a life hidden with God in Jesus Christ and thus by their presence extending the borders of the kingdom of heaven; just as the spring of living waters makes the desert rejoice and blossom as the rose.

Sunday morning worship at 10.30, when the pastor will speak on the question, "What is a Christian Life?" and offering from "Any Other Life."

Sunday school at 10.30. Lesson: "The Christians' Use of the Bible." Text: S. C. E. at 6.30 p.m. "How to Develop Our Devotional Life."

Union evening service at the M. E. church at 7.30. Sermon theme: "The Children of the Day."

The Westminster Guild will meet on Monday evening with Miss Jaggott, at the home of George Baker.

Mid-week service Thursday evening at 7.30. Study: "The Passive Side of the Blessed Life."

ST. PAUL'S LUTHERAN CHURCH

Sunday's sermon will be based on the solemn words of Jesus: "He that is not with Me is against Me, and he that gathereth not with Me scattereth." So many Christians are trying to carry a water on both shoulders. They would like to love God and still not break with the world and the devil. What does Christ say of such half-hearted service? "This on whom will I build my church?"

Sat. at 10.30. The Women of the Church will meet at the home of Mrs. Jaggott.

Sermon on the 4th Sunday in Epiphany.

Prayer meeting every Thursday evening.

ST. PETER'S CHURCH

Prayer meeting every Thursday evening.

LOCAL.

Cecil Fry left Monday for Florida, where he will join his parents, Mr. and Mrs. Fred Fry.

Conrad Langheide made a business trip to Flint on Tuesday of this week, with Rev. William Richards who visited his old friend, E. W. Jones, in Freeman's Baking Company.

The young people of the Wayne county Methodist churches will meet at Plymouth, this week, to talk over their work for the coming days. A good representation of the local church will be present.

C. L. Blackburn, of Northville is among the honorable mention winners in a contest recently concluded in Chicago regarding to word racing for this week. The contest was to name a word and use it in a sentence. The young people of the Wayne county Methodist churches will meet at Plymouth, this week, to talk over their work for the coming days. CARD OF THANKS—Mr. and Mrs. Jerry Palmer wish to thank the King's Daughters and M. E. Ladies Aid for the plant and cards sent Christmas.

NORTHVILLE WOMAN'S CLUB HAS MEETING OF EXCEPTIONAL INTEREST

The Northville Woman's Club met at the Library Friday, January 7th, with sixty members and guests present. The afternoon's program was planned for last December 17th, but owing to the inability of the speaker to arrive at that time it was postponed to the above date.

Edward M. Hayes, Shaangha, China, a personal friend of Mr. and Mrs. Cass M. Chase of this place, was a forceful and interesting talker and gave a different idea of the inhabitants of that far distant country. He said Americans are afflicted with a superiority complex. "We look down on the Chinese, but they are not all laundry men nor Chop Suey Restaurant keepers. They have their aristocratic class, which is educated, intelligent and wealthy." He said he told an amusing story of the meeting of an American and a Chinese. The latter said a Chinaman discussed America before Columbus did. He found nothing but Indians here so there was no chance to open a laundry and he went home. There are 3000 Chinese students in American colleges and there would be more if the United States would open her doors wide to admit them. That China loves America and wants to learn of her, he declared.

Everyone voted a splendid program and thus one more Red Letter Day was added to the already long list. Mrs. S. A. Lovewell and Mrs. Ida Hendryx served light refreshments.

W. R. C. INSTALLATION CEREMONIES LAST WEEK

Wednesday evening of this week, the newly elected officers of the Woman's Relief Corps were installed in the presence of a large number of the members of the Corps and members of the American Legion and the Legion Auxiliary who were special guests for the occasion. Mrs. Mattie Yerkowid was installing officer and she conducted the ceremonies in a most impressive and fitting manner. The following are the officers of the W. R. C. for the year 1927-28: President, Pauline C. Chapman, 121 Van Ness; Vice President, Mrs. J. W. Smith; Secretary, Mrs. J. W. Smith; Treasurer, Mrs. J. W. Smith; Chaplain, Mrs. J. W. Smith; and Warden, Mrs. J. W. Smith.

LIGHT--FURTHER LIGHT-- MORE LIGHT

Real men and women are looking for light on the problem of their lives. They must have it.

The banker seeks for light on credits, and every facility at his command is used to secure it.

The merchant wishes further light on the question of customers and service and projects.

The manufacturer must have light on the cost of products, cost of sales, available markets and best methods of getting money into the till.

The church that is a real working force in a community seeks light and sheds light. The process continues from start to finish. The church serves best which gives the best light.

The great light on life's pathway is the Bible. The proper use of that wonderful storehouse of human experiences will give any man the right direction to his life.

ERNEST J. ALLISON TELLS OF REMARKABLE GROWTH OF CHEVROLET COMPANY

Marking the latest spectacular achievement in its history as the world's largest builder of three-speed transmission cars, the Chevrolet Motor Company announces the production of its 2,000,000th car, according to Ernest J. Allison, the Plymouth-Northville Chevrolet dealer. The epoch-making model, which happened to be a coach, was driven on the production line at the Flint plant by W. S. Knudsen, president of the Chevrolet Motor Company. The first passenger was C. F. Barch, vice president in charge of production.

Finished in St. James gray Duco and fashionably striped in pistache green, the milestone car flashed off the production line with scarcely more than a minute's delay. The debut number, 2,000,001, which followed nine seconds later.

Immediately after the final inspection, M. Knudsen stepped on the starter, and the princely 2,000,000th car sped away to give room to the long line of sedans, coaches, roadsters, etc., that were moving up with clock-like precision to the final inspection post.

Equipped with balloon tires, steel disc wheels, one-piece full-crown fenders, bullet-type headlamps, streamline beaded fender body, and other improvements incorporated this year, the coach displayed a distinct advance over its most illustrious predecessor, the 2,000,000th Chevrolet.

The 2,000,000th model was built after fourteen years of production, and the 2,500,000th only fourteen months later, an indication of the rapid growth of the company, which now has production facilities prepared to build 10,000 units a year. Commenting on the achievement, Mr. Knudsen declared that the Chevrolet Motor Company was grateful for the ever increasing public confidence in the company and its product, which make the feat possible.

"We've never before had more cars to be made our greatest year, and still had a great, happy, busy time. I am sure that the motor public will appreciate the fact that we are able to produce so many cars in so short a time."

WKS CORRUPTIONS BY STATE

The Michigan State Board of Education has reported that the state's school system is suffering from a serious shortage of funds. The board has called for a state-wide effort to reduce expenses and increase efficiency. It has also urged the legislature to take prompt action to address the problem. The board's report is based on a survey of school conditions across the state. It found that many schools are operating at a loss, and that the overall state budget is insufficient to meet the needs of the education system. The board has proposed several measures to improve the situation, including the consolidation of schools and the elimination of unnecessary positions. It has also called for a more equitable distribution of state funds to the local school districts.

Yours, very truly,
A. K. MacRAE

FORESTERS NAME NEW OFFICERS FOR YEAR—MANY ARE PRESENT AT MEETING

Foresters of America, in annual meeting last Friday evening, January 7th, elected and installed the following officers for the ensuing year: C. R. A. J. Goodie, S. C. R. Thomas Higgins, Lecturer—Frank Woodmansee, Sr. W. Arthur Stillwell, Jr. W. B. E. Werner, Fin. Sec.—Charles LeFever, R. K. Ambrose Fritz, Treas.—Arthur Mitchell, Sr. B.—William Dingman, Jr. B.—George Pickell. Trustees—George Martz, James Dickerson, Harry VanValkenburgh. There was a very good attendance and considerable interest shown. The next regular meeting will be held on January 21st.

PRESBYTERIANS TO ESTABLISH PLASION FUND

Members of the Detroit Presbytery will attend the first of a series of larger meetings to be held in Detroit this Friday night at 8 o'clock in the auditorium of the Book-Cadillac Hotel. A concert on the program will be given by the Symphonie Orchestra to raise \$25,000 toward the national fund of \$1,000,000 for the purpose of establishing a Service Pension Fund for disabled and aged Presbyterians and their dependents. Through this nationwide effort of the Laymen of the Presbyterian Church or the U. S. A. plans to solve for all time its age-old taxation problem. Alfred G. Wilson of Detroit has accepted the Chairmanship of the Laymen's Committee for the Detroit Presbytery.

The L. L. Ball Studio ad will be found on the bottom of local page.

SMITH TO START FIGHT

Frank L. Smith

Washington—His present plans are carried out the night over the seating of Frank L. Smith as senator from Illinois will get under way in the senate in about ten days.

Announcement that Smith, appointed to serve out the term of the late Senator McKinley, fell that he was entitled to his "day in court" and that he was in duty bound and honor bound to present his credentials at an early date, possibly ten days, was made by C. J. Doyle, Springfield attorney, after a conference with Republican senators here.

U. S. REDUCES DEBT—STILL HAS SURPLUS

\$218,279,937 Excess in Treasury for Last Six Months.

Washington—The United States treasury completed the first half of the fiscal year of 1927 with a surplus of \$218,279,937, Secretary said in an report of the treasury department today. This is a surplus of \$100,000,000 more than the same period of 1926.

The 1927 deficit of \$11,173,504,361, however, compared with \$18,884,572 and compared with the six month period of 1926. This is accounted for, the treasury statement explained, because of the repeal of a number of the taxes in the U. S.

Mr. Winston, Secretary of the Treasury, was questioned in regard to forecasts made some months ago to the effect that the surplus for the current fiscal year would reach \$500,000,000. He explained that judging from the first half figures, the treasury surplus for 1927 would probably be not more than \$382,000,000. Appropriation of \$223,000,000 to the fund for veterans' adjustment certificates, Mr. Winston said, accounted for the reduction in figures.

In the year ended December 31, 1926, the treasury reduced the public debt by \$1,173,504,361, a total of \$19,074,663,337. Of this reduction, \$814,353,000 was accomplished in December.

London and New York Radio Phone Licensed

Washington—Secretary of Commerce Herbert Hoover has granted the American Telegraph and Telephone company permission to operate radio telephone between the United States and England, service of which has been started.

The license, the first of its kind ever issued, is the usual government permit for radio broadcasting and enables the telephone company to carry into effect its plan to furnish radio phone service between London and New York. This service will use a wave length of 5,000 meters.

Seventy calls were handled the first day, 38 from New York and 32 from London.

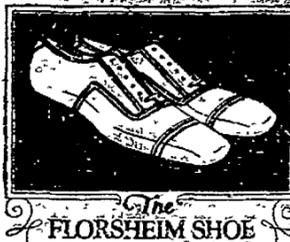

Thousands clamored for a chance to talk to friends or business associates at the rate of \$25 a minute, but it was impossible for more than a limited number to do so.

Kill 600 Deer in 4 Days

Newark, N. J.—During the recent four days' deer hunting season, hunters in New York, New Jersey, Pennsylvania, and Delaware shot 600 bucks according to statistics gathered here. Tals breaks all previous records.

Quake Insurance Loss \$400,000

Calisto, Calif.—Damage from the earth shocks which destroyed buildings here New Year's day is estimated at \$1,000,000. \$400,000 of which is covered by insurance.

ATTACHMENT ORDERS ISSUED BY CALLES

Affect All Foreign Oil Companies That Failed to Obey Land Laws.

Mexico, City.—President Calles has ordered Romeo Ortega, attorney-general, to attach the properties of all foreign oil companies that have not complied with the new petroleum and land laws.

The order, issued to the department of industry, commerce and labor, directed that the names of recalcitrant companies be given to the attorney-general for immediate action.

The order was unexpected and forces the situation to a point where the American oil companies by now had reason to believe the Mexican president would proceed.

President Calles' order reads as follows: In accordance with the provisions of article 27 of the constitution...

FORMER RESIDENT OF NORTHVILLE SELLS CATTLE AND GETS BIG PRICE

The following item, taken from the Aracua County Independent, will be of interest to residents in the vicinity of Northville, who knew Charles J. Struman, now residing at Puncotung August Stanley, living in the Braulley settlement, 1504 1/2 fifteen head of cattle last week to Peter & Fils for \$1,254.52. The cattle are of the Herford breed and were originally purchased from Struman & Sons on the former Bradley farm of Saginaw. Struman & Sons raised the cows. Eight weighed 927 pounds and sold at \$55.56. 11 head of yearlings weighed 971 pounds and sold at \$67.97. This is, perhaps one of the biggest sales of Lee cattle in this community for any certain individual this fall.

COUNCIL PROCEEDINGS

A regular meeting of the Village Council was held in the Village Hall Monday, January 10, 1927. Present: Elmer L. Smith, President; Trustees—Fikins, Langfeld, Van Valkenburgh, Walker. Quorum present. Minutes of meetings of December 13th and 23rd, 1926 were read and approved. The Finance committee audited the following bills: ... (List of bills follows) ...

State News in Brief

North Branch—Mrs. Mary Law, who was 100 years old last May, died at the home of her son, John Law, near here recently. ... Kalamazoo—A carbuncle, to which she paid little attention at first, cost the life of William Gibson 51 years old. His condition did not become serious until recently when blood poisoning set in. ... Detroit—Thomas Burke, two years old, died as the result of scarlet fever when he upset a basin of hot water. The basin of hot water was left on the floor for a few moments and the child fell against it, upsetting it on him. ... Lansing—Michigan will receive \$13,813 from the \$7,500,000 highway fund for national forests which Congress has appropriated as a part of the federal aid road act for the fiscal year ending June 30, 1928. ...

THOMAS B. COUCH DIED AT PEORIA, ILL., DECEMBER 23

From the Glasford, Illinois, Gazette, we take the following notice regarding the death of Thomas B. Couch, who will be remembered by many Northville people, having conducted a store in this village for some years, moving from Northville to Hartland. Thomas B. Couch, a former merchant of Glasford, died December 23, 1926 at the Proctor hospital in Peoria, aged 71 years. Funeral services were held at the Wilton Mortuary Chapel, Sunday afternoon at 1:00 o'clock, conducted by Rev. D. E. Williams of the First Presbyterian church. Interment was at Smithville cemetery, where Rev. C. W. Gimbel of the Hanna City M. E. church read the burial service. Thomas B. Couch was the son of Phineas and Cl-rice Brooks Couch and was born in Limestone township, November 16, 1855. On March 21, 1879 he was married to Mary J. Broome of Kingston Mines by Rev. George B. Slack. They lived on a farm near Hartland's Corners a number of years, coming to Glasford in 1896 where Mr. Couch engaged in the general merchandise business in the building now occupied by Frank Clark's restaurant. Fifteen years later they moved to Peoria, Mich. where Mr. Couch operated a hotel and general store. He was also in business in Northville, Mich. and later had a general store at Hartland, Mich. Two weeks ago Mr. Couch's health became so bad he was no longer able to do his work, they came to Peoria to stay with his daughter Mrs. Samuel Barron. He was failing rapidly and died the next day after being taken to the hospital. Mr. Couch is survived by his wife, two daughters Mrs. Samuel Barron, of Peoria, Mrs. Anna Dage, of Hartland, Mich. and two sisters, Mrs. Clara VanPatton of Los Angeles, Cal., and Mrs. Francis Allen of Salem, Ore. On daughter Mrs. Kate (Seward) Barron she was being a Hartland, Mich. and her husband, Mr. Barron, is a member of the Peoria World War Veterans Association. The death of Mr. Couch is a great loss to the family.

Buick Ahead Again in the Yellowstone!

Again in 1926, more Buicks toured through Yellowstone Park than any other car except the one of lowest price.

Buick has held this same honor every year since the Park was opened to automobile travel.

This year there were 4,736 Buicks in a total of 44,472 cars registered. 101 different makes were represented in the registrations. One in every ten was a Buick.

Here is convincing evidence of Buick reliability—striking proof of the faith which Buick owners repose in their car.

They know Buick will take them and bring them back comfortably, safely and splendidly—across the Continent—or around the World.

SKATING TOURNAMENT

AT WALLED LAKE

WELL ATTENDED

The skating tournament at Walled Lake, last Saturday, which was sponsored by the Walled Lake Exchange Club, was well attended and attracted a great deal of interest.

The one-sixth-mile Michigan skating record for men and women was broken.

Lloyd Guenther and Eddie Gloster are joint holders of the men's mark, despite the fact that Gloster defeated Guenther in the one-sixth mile event. Guenther set his time during one of the heats. Their time for the distance was 27 seconds flat, four-fifths of a second faster than the old mark.

Loretta Neutel set the new women's mark, chipping 1 4-5 seconds off the former record. Her time was 32 seconds. Ann MacKaracher was second, followed by Jean Boullat.

Lloyd Guenther captured honors in the 3/4-mile race in 5 minutes, 22 2/3 seconds. Charles Delphier was second, and Lyke Conklin third.

Wetllayter was first in the intermediate one mile contest, racing the distance in 3 minutes 11 1/5 seconds. Herbert Ball was runner-up, and Harry Hanson next.

WALLED LAKE

The Walled Lake Farmers Club held its quarterly meeting at the spacious home of Mr. and Mrs. C. C. Wedow on Wednesday and there was a good attendance for everybody knows they always have a good time at the Wedow home. A beautiful dinner was enjoyed at noon and the program for the day was one of real pleasure and profit.

NOVI

Novi church members this winter are trying out a new plan in connection with the regular weekly prayer meetings. Instead of being held at the church, cottage meetings are being conducted. Last week the meeting was held at the home of Mr. and Mrs. Eugene Root, and this week at the home of Mr. and Mrs. W. Bennett.

SALEM CITIZEN DIED

AT ANN ARBOR HOSPITAL

Charles Colby, 81, of Salem, died last Thursday at an Ann Arbor hospital. He is survived by three nephews, M. C. Franklin of Salem, Milo Coryn of Cherry Hill and Ray Franklin of Fowlerville.

Funeral services were held at 2:00 o'clock Sunday afternoon at Stamm's funeral home on East Huron street. Rev. Parley Bingham officiating. Interment in the Livonia cemetery. Ann Arbor Times-News.

"THE SHELF" AT THE GARRICK, DETROIT

Woman's fear of the shelf, or the state of being passe, provides the plot for the delightfully new comedy success "The Shelf" by Dorraunce Davis, in which the charming Frances Starr is now appearing at the Garrick Theatre.

Miss Starr as the entertaining and sophisticated Mrs. Stella Amaranth, while a guest in the home of her brother-in-law, finds herself the target of local gossip, energetic efforts, after her audacious sale of kisses at the church fair has saved that event from financial disaster.

A United States Senator, played most skillfully by Arthur Byron has influenced a group of people into in-

vesting their savings in lands which the state is to buy for park purposes. The bill providing for the purchase is about to be vetoed by the Governor, and the woman who has been most loyal to Mrs. Stella Amaranth is compelled to depend on her help in the crisis.

WINTER FROLIC, DETROIT TEACHERS' COLLEGE

The Rural Club of Detroit Teachers' College is giving its annual dance, the Winter Frolic, on Friday evening, January 21st, from half after eight until twelve o'clock, in the Hotel Teller ballroom. Smith's Detroiters, the very popular and well recom-

mended orchestra, will furnish the music.

The teachers in Detroit and Wayne county are cordially invited. All teachers in the service and others who are former members of the Rural Club are especially urged to bring their friends and make this party a glad reunion.

The bid sells for two dollars and a half, and may be secured from Sydney Glazier at the Detroit Teachers' College.

Good Name for 'Em

A Kansas City man calls his in-laws "welfare workers" because all they do is come and make expensive visits and teach his own folks how to be discontented.—Kansas City Star.

New Home of Quality Baked Goods

It pleases us to know we have at last found a place to take care of our old customers (also the many new ones we have to win). We will aim to build our business on strictly fresh, high-quality goods at a moderate price, with good service. Our old saying still holds good: The best place to trade after all!
