NORTHVILLE, MICH., FRIDAY, MARCH 18, 1927.

\$1.50 PER YEAR, IN ADVANCE

STINSON PLANT IS PERMANENT FOR NORTHVILLE

Local Committee Meets with the Directors—Pleased Over Flying Field

The Stinson Aircraft Corporation is a permanent Northville industry. The officials of the company are highly appreciative of the efforts of the citizens of Northville to create a permanent municipal landing field which can be used freely by the Stinson corporation in the testing of its planes.

They are perfectly willing to assure the Exchange Club or any other interested organization that it is their intention to remain here permanently in fact they have never had any desire or intent to move to some other locality.

A flying field is an imperative need and that is what is to be provided.

These facts developed Monday when the members of the Exchange Club committee which is making arrangements for the flying field, were invited to meet with the directors of the Stinson corporation at the regular monthly meeting in Detroit.

Furthermore they are anxious to cooperate with the community in every way possible in any of its efforts to make this a flying center.

Present at the meeting were a majority of the board members, including Frank W. Blair, chairman of the board; Eddie Stinson and William Jara.

There is no question but that the Stinson corporation is going to be one of the big men in aircraft circles. Its business has been growing at a rapid rate, and there are always signs of fire planes under construction on the floor.

The stability of the Stinson plant, one of the big hits of the craft, has never been a forced landing of any Stinson plane due to water or mechanical trouble. The few incidents that have been noted were unexpected chiefly by the controllers.

A meeting of all those who subscribed to the fund to purchase the Ponteford property has been called for Monday afternoon at 4:30 p.m. in the offices of the Dodge-Smith-Bigley Company for the purpose of electing a trustee to handle the funds raised for the field.

ELECTION OVER NO EXCITEMENT OVER STICKERS

Regular Tickets Wins Out—Many Insist on Writing Names on Balloons

Northville's municipal election is over.

There wasn't any excitement of any kind.

Even the stickers didn't cause the uprising many had thought, they would.

Elmer Smith, running for the election as village president without opposition, gathered in 359 votes.

A number of friends of C. A. Dolph insisted on voting for him, despite his protests that he was not a candidate and would not take the place.

"Some 50 odd wrote his name on the ballot anyway." Previous to the election and on election day, Mr. Dolph told his friends that he didn't want to enter the campaign, but that didn't seem to make much difference with those who wanted to show him they were "Dolph men."

Charles A. Sessions, veteran village assessor, had 396; Harry S. German, Sr. 402, and John Schoutz 393. Thomas E. Murdock received 401 votes for village clerk, and Marion A. Johnston secured 371 votes for village treasurer. There were but a few scattering votes.

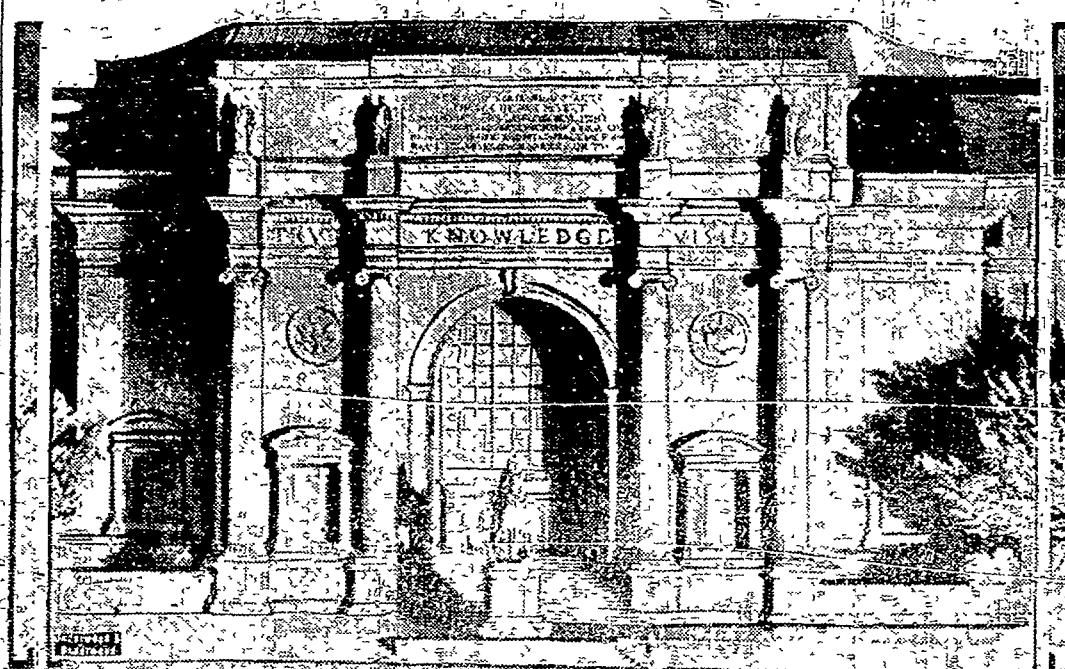

The votes for village trustees resulted as follows:

Charles S. Fulkens 396; Harry S. German, Sr. 402, and John Schoutz 393. Thomas E. Murdock received 401 votes for village clerk, and Marion A. Johnston secured 371 votes for village treasurer. There were but a few scattering votes.

Northville folks apparently are pretty well satisfied with the present administration of civic affairs, if the voting is any indication of local sentiment.

Mr. and Mrs. Will White were in Webberville over the weekend, as guests of Mr. and Mrs. Fred Monroe. Mr. Schuler has started work on his new building on North Center street. Workmen started the foundation Wed-

New York State Memorial to Theodore Roosevelt

Model of the iron facade of the New York State memorial to former President Theodore Roosevelt, shown for the first time at the Architectural and Allied Arts exposition in the Grand Central Palace in New York. John Russell Pope is the architect. The memorial will stand in the American Museum of Natural History, Central Park West and Seventy-seventh street, New York city.

FIRE PROTECTION SYSTEM CHANGED TO STANDARD SIZE

All Fire Plugs and Connections now Uniform—Big Benefit

There has been much said about and there hasn't been anything or nothing to note but the result in itself of all the new plugs and fire hose connection is to a marked extent and size.

That means simply that fire fighting equipment from Detroit, Mich., with Ann Arbor Bedford or in the other nearby companies can be connected up with ease, of the fire plug in this town giving to Northville the benefit of all the fire equipment in state of Michigan.

A number of things about and discovered that there were many fire plugs about town of an uneven size and unequal hose connections to them. In case of a big fire it would be impossible for the plugs to be used unless by chance some of the nearby departments had similar connections, and practically none of them.

This change has been brought about through the efforts of Con Langford,

a member of the fire committee. Soon after he took the place he now holds with the municipality, he made a thorough inquiry into the system that prevailed here. He visited many other communities of about the same size and secured an unlimited amount of data.

Then in cooperation with other members of the city council, a plan was started to bring the Northville fire protection system up to as near standard as possible. In recent weeks the work has been completed, and with two good fire trucks, the community's fire protection system is in excellent condition, probably better than any place of its size in this section of the state.

DISCUSS PLAN TO STRAIGHTEN OUT EAST MAIN STREET

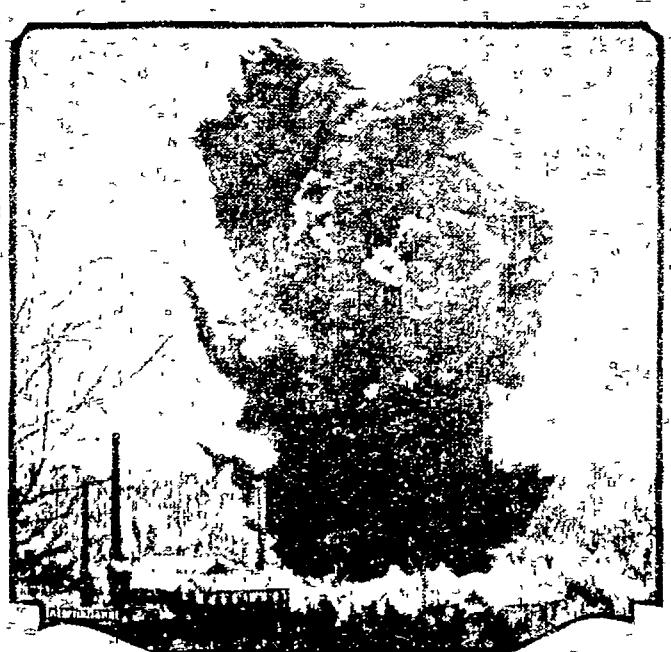

May Ask Commission for Right to Use Grade Separation

Possibility of a delegation calling on the Wayne county road commission for the purpose of inducing that body to straighten out the end of East Main street has been considered during the past few days. The proposal as being considered at present provides for the re-location of the street from the corner of Ellington & Casterline's gas station so that it will run to the grade separation under the Pere Marquette tracks just east of the Globe factory.

The move would necessitate the widening of the grade separation and the construction of a new bridge, but it is pointed out that it would do away with a bad grade crossing and take three turns out of the street.

Miss Dorothy Dempsey of Detroit spent the latter part of last week with her aunt, Mrs. Minnie Delaire, of Adrian. Her parents, Mr. and Mrs. Edward Johnson Drury have returned from a trip to California where they have been for several months.

Camera Man Was Ready for This

When the automobile sales at Indianapolis were destroyed by an explosion the camera man was right on the job. The last we expected to come along and the others were invited, so there was no loss of time.

STOPS TO REPAIR TIRE ON PAVING, FATALLY INJURED

Ann Arbor Resident Dies in a Local Hospital Soon After Accident

Carl Barton, a resident of Ann Arbor, died in Sessions hospital Sunday evening from injuries he received when struck by an automobile just west of New Hudson on the Grand River road. Barton, accompanied by his wife and mother, was on the way to Flint. His mother had been visiting at the home of her son in Ann Arbor, and they were taking her home.

Just west of New Hudson, Barton stopped to repair a tire. Because of the muddy condition of the shoulder to the paving, he stopped his car on the pavement.

Another machine traveling at high speed, hit him with such terrific force that he died from his injuries within two hours after being brought to the hospital in this place. Internal injuries were the cause of death. The body was removed to Ann Arbor for burial.

Mrs. Walter H. Brown, who has been spending the last four months in Mississippi, Louisiana and California, has returned to home on Plymouth avenue. Mrs. Brown reports a very enjoyable trip, both to the south and west, but states that the Mississippi Gulf coast is much ahead of California, both as to climate and natural beauty.

Wednesday, March 23rd, the Woman's Relief Corps are celebrating the thirty-sixth anniversary of their order. A "pot-luck" dinner will be served at 7:30 p.m. Regular meeting at 8:30, followed by a program.

Members, please furnish sandwiches and one other article for dinner. Also remember the "fish pond" calls for your donation of at least one article. A "frothy" party call is also to be present.

ADVISABILITY OF NEW CHAMBER OF COMMERCE TALKED

Possibility of One Being Formed Indicated by Discussion

Considerable agitation has been heard during the past few days relative to the organization of a Chamber of Commerce for Northville. The talk is the outgrowth of the meeting attended at Plymouth a few nights ago when the development of the western end of Wayne county was discussed.

A number of business men have ex-

pressed themselves as highly in favor

of the project, and they say that such

an organization will be of vast benefit

to the community.

There are many projects that are

not directly or indirectly handled by

the two luncheon clubs, they point

out that rightly should be carried

forward by a Chamber of Commerce

organization. While the Ilionneon

clubs have taken it upon themselves

to sponsor these club projects, they

are matters that can be more easily

handled by a Chamber of Commerce.

From what is said the prospects

are that before many weeks pass there

will be a Northville Chamber of Com-

merce.

Mrs. Ida Clark, who underwent an

operation in Harper hospital last Sat-

urday, is getting along as well as can

be expected.

The W. C. T. U. will meet with Mrs. Frances Horton at her home on East Main street, Thursday, March 24th, at 2:00 o'clock.

C. A. Dolph was in Mason Wednes-

day where he closed a contract with

the Masonic Lodge of that place for re-

furnishing the lodge room.

Edward Mills, district superintendent of the Detroit Edison Company

attended the Rotarian meeting in An-

Arbor Wednesday noon.

RECREATION IS AGAIN OPEN FOR GENERAL PUBLIC Remarkable Speed Made in Rebuilding of German's Structure

Something like two months ago fire partially destroyed the German's garage and recreation parlors adjoining. Today the garage has been rebuilt and open for business on a larger scale than ever before. Tonight the recreation parlors under the management of Frank Bradshaw will be thrown open to the public.

The remarkable speed with which this was done is simply a demonstration of the way Mr. Harry German & Sons do business.

Hardly had the fire stopped smoldering in the worst known fire in the building when the proprietor, Mr. Bradshaw, had the building cleaned up and ready for the public again.

The building aliens are Mr. George S. and Mrs. V. M. Bradshaw, who have been engaged since the fire.

It Was a Criminal Success

BY H. IRVING KING

(Copyright)

MARIAN was sorry she had written that letter—but she was not sorry soon enough. Her regret came after she had mailed it. It was a trifling thing they had fallen out over, any way. Marian of course and Harold Graves. Marian's letter to Harold was somewhat lengthy. But its meaning was clear—she gave Harold a promptial divorce on the ground of incompatibility of temper, his fatal heresy with regard to bobbed hair and his execrable taste in neckties. All was over between them. There were a few side remarks about obstinacy, self-sufficiency and ill nature.

Harold, had been rather irritable and didactic, it is true. He had been annoyed by tangled business matters that day—the tangle caused by carelessness or stupid clerks and the ones thrown up him. Under such circumstances, you could not expect a young man to be in an absolutely amiable mood, even if he was in love and the best girl was with him. All things considered, Harold had behaved very well. And Marian, who knew of his troubles, began to realize it when she came to think things over after she had mailed the letter.

When Harold got the letter he read it over and over again. At first he thought of writing an answer, in the argumentative vein. No, that would not do; it would only be constituting the quarrel. Then he considered writing one in a humble and apologetic strain, pleading for forgiveness and begging to be taken again into favor. But he wasn't humble and he told himself that Marian had as much to apologize for as he had. A humble, cringing letter would be insincere—and besides, Marian did not like cringing and cringing men, too well. So, he wrote Marian with all his heart—but with no desire floating with it, like a dove floating with

the wind. Harold's first letter was typed on his typewriter. Marian always used a typewriter and so did Harold, and then, as a matter of course, Harold wrote out two proof-sentences. Then he took his production from the typewriter and had it on his writing desk. And Marian's letter was typed on a piece of the typewriter and then typed on the next piece of the typewriter. And that is how it was typed. The former gospel on his typewriter.

When he finished this letter he had thus completed, placed it in an envelope, left sealed it and directed it to himself. From a little while ago he realized that after he signed off a registered postage stamp and having glued it across it with sealing-wax to the envelope into which he had placed his forgery. After this being accomplished he ordered his car brought up from the public garage where he kept it and drove over to see Marian.

When Harold came bursting into her presence, all smiles and with a cheery-greeting, she gave a little glad start and cried: "Oh, Harold!" Then recollecting herself, she drew away from him as he tried to catch her in his arms and said haughtily, "Mr. Graves! What does this mean? Keep away from me, sir! Explain yourself! This is an outrage. Did you not get my letter?"

"Same thing," replied Harold after surprise. "That's why I hurried over. Marian, you are the real thing and I always knew you were. Just a little tired last night, eh? And I didn't make allowances. The fault is all mine, my dear. I guess I'm a little peevish, too. There is nothing to patch up. We are just two old sibes, that's all. But it was so god-awful to write as you did and to take all the blame yourself! Come, give us a kiss." And he took one in spite of her struggles and smothered protests.

"Now, said Marian, as she had finally broken away and sunk into a chair—now, perhaps, you will tell me what you have been talking about. What do you mean by my letter taking all the blame to myself? Are you crazy? Or isn't you read?"

"No, I mean what I say," replied Harold. "What are you driving at? Here is your letter. He had torn off one end of the sealed envelope so that the letter had every appearance of having gone through the mail and been opened by its recipient. Without glancing at the address—which might have given suspicion from its lack of similarity to her own writing—Marian drew out the letter and read it.

"Why, why?" she gasped. "What does this mean? I never wrote this letter."

"Isn't that your signature?" asked Harold sternly.

"Yes, it appears to be," said the puzzled Marian. "The letter read: 'Dear Harold—I guess I was a little irritable last night and didn't mean half I said. Come around tonight and we will patch up our little lovers' quarrel. With love, Marian.'"

"I never wrote it. I can't understand it," said the perplexed girl, "but it goes." A week later, when Harold told her of his forgery they came near having another fit.

PLUMBING HEATING AND TINNING

Call and give us a trial. Estimates cheerfully furnished.

Let us figure on your heating and plumbing jobs. Now is a good time to have your roof repaired.

America Leads Nations In Use Of Ice Cream

If any one food may be considered as America's national dish, it is ice cream.

Ice cream is a food particularly adapted to the needs of individuals of all ages, giving as it does the best type of nutrients for the repair of bones, teeth, blood and muscles and for energy.

Today, thousands of housewives make their own ice cream. As a consequence, the making of this highly nutritious food at a reduced cost, yet without in any way impairing the product, is of importance.

Home economists have found a means to this end in the use of evaporated milk. There are three important reasons why evaporated milk

makes the best ice cream at this point out. Because 60 per cent of the natural water in evaporated milk has been removed by evaporation there is over twice the percentage of solids present in this type of milk than there is in ordinary market milk, and, since it is the solids that give ice cream its pleasing flavor this fact is of moment.

Then, the composition of evaporated milk is constant, for the reason that it has been put through an homogenizing process which breaks up the fat globules into tiny particles and distributes them evenly throughout the milk. This attribute makes for an ice cream mix of uniform quality and the texture.

Finally, experts agree that the use of evaporated milk in ice cream contributes to its hygienic qualities. The result of evaporated milk is entirely sterile. Health authorities conclude that milk should be treated in a heat of 14 degrees F. for 15 minutes to get rid of bacteria. Evaporated milk is treated for 10 degrees F. for 10 minutes to get rid of bacteria. Evaporated milk is treated for 10 degrees F. for 10 minutes to get rid of bacteria.

Effective But Simple Dishes Now In Vogue

Something simple yet effective in the housewife's diet for week end cooking.

During the warm summer weather, women should not be compelled to spend hours in the preparation of meals, when minutes would accomplish the same purpose. Planning week end menus should be a congenial task, not a bore. At this time of the year there are a variety of nutritious vegetables and fruits to choose from in preparing meals and the modern home manager takes advantage of them. The housewife plans her winter menus so that they will suggest coziness, while at the same time taking into consideration their dietary value.

A delicious cream soup made from fresh vegetables, or an omelet, a fresh fruit dessert, or a custard, a dash of ice cream, or a pudding are nourishing items that should find favor in the week-end menu.

The home manager enjoys her week ends 100 per cent more when she has a few moments of leisure. And in this connection the following recipes may prove an aid.

Creamy Salad Dressing.

1 cup boiled or milk 1 cup cream mayonnaise 1 cup dressing 1 cup sugar 1 cup evaporated 1 cup fruit juice.

Combine evaporated milk and cream, chill and whip. Add sugar and juice, then fold into salad dressing. Especially nice for fruit salads.

Chocolate Velvet Cream.

1/2 cup gelatin 1/2 cup cold water 1/2 cup salt 2 eggs, beaten 1/2 cup flavoring separates 1/2 cup evaporated milk combined with chocolate.

2 squares (oz.) 1/2 cup whipping cream, chilled and whipped 1/2 cup evaporated cream, chilled and whipped 1/2 cup water.

Soak gelatin in water five minutes. Mix beaten egg yolks and sugar, pour beaten milk over slowly, put in double boiler with gelatin, butter and salt. Cook until the mixture thickens. This takes about 15 minutes. Strain, beat 2 minutes, let cool. Melt the chocolate over hot water, let cool a little, then add the chocolate and vanilla to the mixture after it has cooled. Fold in the stiff egg whites, then the whipped cream. Turn into a mold and chill at least 3 hours. It may be chilled in individual dessert glasses.

Ouija.

CHURCH NEWS

ST. PAUL'S LUTHERAN

The Lutheran church teaches and believes with the Bible that man is saved solely and alone through the atonement of Jesus, that is, that Jesus Christ, the sinless Son of God, took upon Himself our sin and in our place and for us, by the shedding of His blood, made full, complete payment of our sins and thus reconciled us to His Father. Believing this, the sinner is acquitted and saved.

"My God, my God, why hast Thou forsaken Me?" —that terrible cry of anguish which came from the lips of St. Saviour as he suffered the pains of hell on the cross, will be the text of the pastor's sermon in the next Lenten service, which will be held

Wednesday evening at 8:00 o'clock. You are kindly invited to worship with us.

English service next Sunday at 10:30, services in the German language at 11:30, and Sunday school at 10:45 o'clock. You are warmly welcome at St. Paul's.

In our advertisement of today appears the first announcement of the special Good Friday service, which will be held in the Penniman Allen theatre, April 13th, at 1:00 o'clock. There will be no admission charges. There is an invitation for everybody. And there will be a message from the lips of the dying Saviour, which you and your friends must hear. We make this announcement at an early date to give you an opportunity to prepare to come and to invite many others to come with you.

PEPSYTERIAN

Morning worship with sermon by the pastor, at 10:30. Theme, "The Sanctification of Christ."

Sunday school at noon. Lesser

"The Christian Home."

the pastor, in the evenings in the

church hall, or in the church parlor.

In the evening at 7:30 Rev. F. F.

knowles will preach. Don't forget

the importance of the evening service.

Prayer meetings, Wednesdays and further notice. Don't overlook the Lenten times.

WIXOM

A quiet wedding took place Saturday evening, March 11th at the home of Mr. and Mrs. Bert Parker, when their daughter, Eular, was united in marriage to Everett Pearsall, son of Mr. and Mrs. Fred Pearsall of this place. The ceremony was performed by Rev. Rawlins of the Baptist church.

Edward, son of Mr. and Mrs. C. Allen, underwent a minor operation Tuesday morning, at his home here, and is doing nicely. Dr. Martindale performed the operation assisted by Nurse Carr.

Helen, daughter of Mr. and Mrs. William Hegley, was united in marriage March 8th, to John C. Hoskins, son of John C. Hoskins of Franklin boulevard, Pontiac, at the home of Rev. Jerome of Dwight street. Helen was a graduate of the Milford high school and of the Business Institute of Pontiac. Mr. and Mrs. Hoskins will make their home on Woodbine Drive, Sylvan Shore.

On account of the bad road conditions, the road north from Grand River to Milford is closed to traffic.

Born, to Mr. and Mrs. Howard Johnson, March 14th, a boy. Mother and son are doing fine.

Elizabeth Oldenburg, who has been quite sick with tonsillitis, is on the gain, and will submit to an operation for removal of her tonsils in the near future.

Russell Oldenburg, who has been sick has returned to his studies at New Hudson, this week.

A meeting was called Friday night, March 11th, to organize a progressive league. Another meeting will be called Friday, March 18th. Refreshments will be served.

Carl and Fred Algrim were in Owosso on business last week.

Charity and the Poor

Charity in various guises is an in-

terior, the poor seen often; but cour-

tesy and delicacy are visitants with

which they are seldom honored.

CHARLES HILLS

TAKES OVER REO AGENCY THIS WEEK

Well Known Auto Dealer to Sell What is Declared the Fastest Car Made

Chas. Hills, well known Northville resident, has been appointed agent for the Reo line of cars and has already assumed the work of running up business in this section.

Among the cars he will sell is the Flying Cloud, one of the sensations of the motor world during the present year. Declared to be the speediest stock car built, it has the appearance of being about the finest there is in the motor line.

In talking of his new line of cars, Mr. Hills declares

You don't have to be an architect or a contractor to buy your home—neither do you have to be an automotive engineer, or a garage mechanic to buy a car. Buy your car as carefully as you would buy your home, and you can't go wrong. Think of the many ways in which your car removes your home. Your car shelter, your wife, your children, your home, which you live in, look for the appearance in the car you buy.

Then there is the matter of comfort. When you buy a home, you make sure that it will be comfortable. Why not do the same in buying your car? You value appearance, too, in the house you live in, look for the appearance in the car you buy.

Buying a car is a serious business, concluded Mr. Hills, but if the buyer will just use the same care as he would use in buying a home, he need not be afraid of making a bad bargain.

NORTHVILLE, MICHIGAN, FRIDAY, MARCH 18, 1927

A FRIEND OF HACK DRIVERS.

Over in a neighboring county is located a state sanatorium for the treatment of tuberculosis. It is situated some four or five miles out from the nearest village and away from all traffic connection. Those who have visited the place say it's on top of a big sand dune, where all attempts to make grass grow have failed. The building, when originally constructed, according to legislative information were now put up in the way they should have been and have failed to stand the rigors of the elements. They are now in a bad state of repair.

Two years ago, Dr. James T. Upjohn, representative in the state legislature, was appointed on a commission for the purpose of deciding whether the sanatorium should be retained on the present site or moved to some other location.

Dr. Upjohn, it might be said, is without question one of the leading physicians of the state. For a number of years he has not been active in the practice of medicine although he has kept abreast of the times and is generally regarded in the western part of the state as an authority on all medical questions.

He was nominated and elected to the state legislature while on a trip to Europe, and knew nothing of the spiritual activity at his birthplace on his return from across the sea. It is this lack of knowledge among those he was unable to keep the office he had been elected to while in foreign parts. He can therefore be given credit for his success in no matter of a political nature.

He is now in the state legislature again, and it is to be hoped that he will continue to do his best for his constituents.

The patients in the hospital are not to be blamed for the condition of the building. They are the ones who are responsible for the condition of the building.

Michigan, and especially its tubercular sufferers.

Well as a matter of fact, that in a general way is about the situation now existing in the legislature at Lansing. The proposal is not up because it will be to the political advantage of one representative to kill it. Hack drivers can vote. The T.B. patients can't.

FRENCH PROVERBS.

Like life, like death.

The wolf will die in his hide.

Shoemakers are the worst shod.

Marriages are written in heaven.

We must praise him whose bread we eat.

Fools make feasts while wise men eat them.

Where the goat is tied, there must it browse.

At a table well served there are many friends.

Keep a pear for the time when you may be thirsty.

One abstemiously, rep moderately, sleep tolerably, and you will live long.

Show a rascal a finger and he will take the whole arm.

They are rich eat when you wish it poor when you can.

I sold will start something that may never quiet settle.

Proper charity, mixed with modesty, the skin is peacock then the skin.

One is the mother for her ever since a man thought that the hand is dead he lost left in his hole.

ARKANSAW MEWSINGS.

Looking back over the pasting seems to be a good sign of things to come.

Last year I paid off this week's pay next. The bus fare was fifty, but the sandwiches were ten.

The thing is fast approaching when a hundred of us taken from what you have taken little if any.

Speaking of automobile collisions, which no one in Cleveland Smith fended off the head for the other day.

Hooray! Swift Hunt of Opportunity, Mont., is going to act as our guide when we go shooting up in that country.

Hard luck! Every man is said to have his price, but the average woman sells him up and that's he is eligible for a place on the bargain counter.

My My! How time is changin'. The kind of mother who used to say her twelve-year-old daughter was six, so she could travel on half fare, now says she's sixteen so she can drive the car. —Archie saw Thomas Cat.

HAPPY THOUGHTS.

The Christian life is not only knowing and hearing, but doing.—F. W. Robertson.

When will talkers refrain from evil-speaking? When listeners refrain from evil-hearing.—Hare.

The highest ambition of love is to serve the one loved. It is the nature of love not to be waited on, but to wait on.

We should cross no man's path without halting him, and if he needs, giving him supplies.—Henry Ward Beecher.

It is stated that there will be little change in women's clothes this year. Let's hope this means there will be more in menu.

The way to pay compliments to a woman is to say the thing in such a way that no matter if she knows it isn't so she will think that you really think it is.

SHORT SERMONS.

You could run a newspaper better than we could, perhaps, but you would soon get over it.

If the White House makes its own ice, it is just doing what a lot of others would if they could raise the money.

There are saints, so-called, who have never been anything else because they manage to escape before death.

LINER COLUMN.

Wanted. For Sale, For Rent, Lost and Found, etc. Rates, 25c per insertion. Cash.

In the Small Hours

Young man, I don't know whether you can support my daughter, but you can certainly keep her up.—Kansas City Star.

Employment for Dwarfs.

In

Som's fellow was putting up an argument the other day with a local battery dealer about being able to buy a battery cheaper in Detroit than he could in Northville. He was right on one thing, you can buy cheaper batteries somewhere else. But you can't buy as good a battery or the same kind of a battery in Detroit, unless it has been "doctor" up to foot you as cheap as you can in Northville. A fellow must be "goofy" to think that a Detroit dealer, who is forced to pay \$300 or \$400 per month for a hole in the wall, can sell goods cheaper than a man paying \$60 or \$80 a month for store rent. But it takes all kinds of people to make up the world, you know.

She Had Freckles on Her Nose

By JANE OSBORN

(Copyright)

JOHN CROSBY looked at the pretty young girl, standing with him there by the rail, and wondered whether lips like that left a tell-tale streak of red when they kissed. Some men might be deceived by their color, but John Crosby was a doctor and knew that normal lips were never of so deep a vermilion.

"It must be wonderful being a ship doctor," the pretty girl was saying with a little giggle. John Crosby looked at her with amusement. Fuddy why it was that he had no desire to kiss those lips and see how much of the red came off. There was no one anywhere about on that side of the deck, and the girl was standing very close beside him. Why was it that he could stand there with such an undeniably pretty girl and still feel rather bored?

"It must be really wonderful to be a doctor at sea," she repeated. "Why, why yes," was John's belated reply. "That is, it isn't really very wonderful. It's rather dull looking at the masts and the sea."

"I should think there might be a good deal more to look at," said the girl with a little pout. "Some people would think so. Besides, it's so romantic being on the ocean—so far from home, smoky cities."

"I don't like cities, either," John Crosby assured her. "I wasn't thinking of that." But right now do you know where I'd like to be? I'd like to be sitting under an apple tree, somewhere in the country, drinking a glass of nice fresh milk.

"What a dreadful baby," taunted the girl. "Really? I think you are very childish." She drew away from him a very little, then looked up at him with a funny little, shy, devious expression, and then left him. "You really quite disappointed," she said back.

"For a second or two John Crosby debated whether or not he ought to invite the girl. Obviously she wanted to flirt with him. But after all, concluded John Crosby, he didn't feel the slightest interest in her and to flirt with her is really more sort of girl to him. John's re-argument didn't last long. He stood, looking out at the time, where seat and stay out, as she walked down the deck, and twisted his body that amount of the passengers would hear his professional services. It was just during such a hole and hearty lot of passengers. And at long Thompson walked down the deck steps was twisting deviously that she might slip and strain her wrist and update, so that, that very unfeeling young doctor who looked so charming in his uniform would have to show a little interest in her. Jane felt surprised at her own boldness. Nice eighteen year old girl, she wasn't sure, oughtn't to feel so bold in that.

Now as she walked into the saloon of the cabin liner she was determined never to speak to the young doctor again. She had talked to him and given him every opportunity to talk to her, because she considered him by all means the most attractive and interesting man on the ship. Never in her life had she been treated with such complete indifference.

After landing in the States Doctor Crosby had a week's shore leave, and he turned with considerable eagerness from the sea and all that snacked off it. One of his sisters urged him to spend the time with her at her sea-side cottage, promising him plenty of dancing and pretty girls, sea bathing, boating.

But John refused. "All I want to do now," John wrote, "is to go somewhere miles away from the sea and sit under an apple tree. I can get pretty girls enough on the boat. I'm not susceptible."

A day later Doctor Crosby was registered at a small country hotel two hundred miles inland. He could smell the freshness of clover from his window and note the moving of the cows and the crowing of the roosters, instead of the endless roar and wail of the sea. He planned that day to walk through the long until he could find an apple orchard. There he would sit himself down under an apple tree and feel content. Perhaps on his way there he would be able to get some fresh milk and a doughnut from a farmer's wife.

And there, it chanced, in the apple orchard he saw a little figure sitting beneath a tree. It was Alice Gray, a girl he had known in childhood—a plain enough sort of girl. He noticed as he stooped to speak to her that she really did have a nice sort of mouth. Freckles on her nose—but freckles are not real blemishes. John sat down beneath the apple tree with his old friend. For a half hour they sat while each told the other of what interested them most. Then as John turned to his old friend it seemed to him that she was the most charming little woman he had ever seen. Her lips parting in a smile over pearl-white teeth were made for kisses. John drew very close to the girl and then passed his darling arm around her. He told her he loved her—which was true enough though the idea had never entered his head until within the last fifteen minutes.

"But I'm not pretty," it never occurred to me that you would think of me when you see so many charming girls on every coast. And life must be romantic and very gay on a great liner."

"I don't think you're ugly," said John. "I think you're very pretty."

NOVI

G. P. Gaffney is on the sick list this week.

Tom Lovell with his family have moved to Ann Arbor.

The Griswold school gave a sugar social on Thursday.

Mr. and Mrs. Charles Holmes were recent visitors in Kalamazoo.

Donald Munro entertained his cousin, Jack Evans of Ypsilanti, over the week-end.

Mrs. Murphy went to Detroit Saturday to attend the funeral of her aunt, Mrs. McCandless.

John Larthrop was the dinner guest of Mr. and Mrs. Charles Holmes, last week Thursday.

Edward Granzow of Royal Oak is a visitor this week at the home of his son, L. L. Granzow.

Mrs. Anna Hyde lately of Northville took dinner with Novi friends Tuesday before leaving for her home in Brighton.

Miss O'Connor, the helping teacher, visited Novi school Monday. She expressed herself as being well pleased with the progress the children are making.

The Home Economics Club met Tuesday of this week with Mrs. William Mann, when Mrs. Perry of Farmington conducted a lesson on Line and Design.

The "Hard Time" party given by the Rebekahs last Friday in the local O. O. F. hall was by far the biggest dance of the season. If being so successful, they will give a St. Patrick's dance this Friday evening, by request of many who attended.

The pupils in the third and fourth grades are learning the poem "Robins of Luncini" in correlation with their bird study, and the seventh and eighth grades are industriously working in preparation for the county examinations in May. Both rooms were given their report cards this week.

The Home Economics club with a representation of fourteen ladies went to Penique Friday where they met forty-eight other girls from various schools for a demonstration in coloring and crocheting. Our ladies during their hour availed themselves of an art lesson held by the McLochys.

The Rebekahs had it at capacity Saturday afternoon and turned up their best as follows: Supervisor

J. D. W. Butler, Clark, East Banks, Ferguson, Charles, Franklin, High Justice of the Peacock, Penique, Vice President of Review, Frank Erwin, Constable, Charles Hamilton and Walter Tracy.

On Monday, March 19th the Democrats held their caucus and the following list of officers were selected for the term of April: Supervisor John Christensen; Clerk, Orton S. Hale; Trustee, Fred S. Brooks; Highway Commissioner, Burden H. Leaverton; Justice of the Peace, Eugene Verplanck; Board of Review, Fred S. Brooks, Constables, Stephen R. Hicks, Albert Wedow, and Albert Hicks; Auditor, Walter Tracy.

The Sunday school appointed a committee, consisting of Mrs. Thompson, Mr. Rice and Mrs. Root, to take charge of the program for Easter Sunday in the morning. The able members are already planning features that will make the program one of exceptional merit. Music and songs, as usual, will take a leading part in the ever beautiful remembrance of our Lord's Resurrection.

The many bright-sunny days in February and March have been taken advantage of by the many fruitmen of this vicinity. Orchards are being trimmed, brush burned, and the larger limbs sawed into convenient lengths for the hungry cook stove. Nowhere in Oakland county are the trees in better shape and nowhere in the state is better fruit grown than apples, plums, pears or cherries. Of course, we don't produce "Peaches" like they do in New York state, but then we haven't any "Brownlins" either.

On Saturday, March 26th, the Zone meeting of Zone 1-C will meet at Novi under the direction of Miss O'Connor, our supervising teacher. The forenoon will be devoted to helpful work for the teachers with spelling as the keynote. The afternoon will be open to parents and other visitors, when there will be talks and an address of interest to all. Dinner will be served at noon in the basement parlors of the Baptist church, at a nominal price of forty cents. All are urged to come and participate in this meal with good fellowship as the watchword.

The Mission Band, those cheerful workers, are anticipating the serving of a hundred guests so come and help fill the quota. The afternoon session is to be held in the church auditorium and there will be present teachers, pupils and parents from all corners of the township.

The annual business meeting of the

Mission Band was held at the pleasant home of Mrs. Jay Hazen on West Grand River, Thursday, March 20th.

An excellent pot-luck dinner was enjoyed at noon by a large gathering of ladies who proceeded to the business of the afternoon with a spirit brought about by an appetizing meal.

The regulars of the year worked hard and many contributions were taken

given and very satisfying in character.

New officers were then elected as follows:

President, Mrs. Loren Flint;

Vice-president, Mrs. B. Cummins;

Secretary, Mrs. Jessie Clark;

Treasurer, Mrs. Esther Munro.

The band voted to redecorate the rooms

in the basement of the church, and

to refurbish with new paper, three

rooms in the parsonage. Also new

curtains are to be hung this week in

the dining hall of the church.

The people's use of electric power

and telephones is the measure of its

prosperity, and enterprise, if not

actually measure of civilization."

—Arthur Brisbane

Your Cooperation Is Appreciated

Northville Approves Hillcrest

We thank our many Northville friends for the co-operation which has made the opening of Hillcrest Manor so successful.

Your friendly and active interest has made present accomplishment possible.

We wish to thank you for bringing so many out of town friends to our attention. Many of these out of town folks are already interested in locating here.

The identity of Hillcrest Manor is established. Coming months will see wonderful progress, bringing out clearly the beauty of the property.

Unique entrances, wide winding roads, homes of distinctive character, artistically landscaped grounds; a desirable environment made even more desirable; steadily increasing values; these are in store for Hillcrest Manor.

You who have already reserved one of these choice homesites will find your foresight well rewarded. You who are about to make your reservations will be equally fortunate in the possession of so fine a property.

To you who have not yet selected your homesites in Hillcrest Manor, Northville's finest residential section, we shall be glad to be of service. Selection is difficult where every lot is so fine and large, yet reasonably prompt action is advisable to avoid disappointment.

VISIT HILLCREST SUNDAY

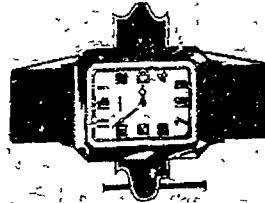

"Be sure to come up to Hillcrest Saturday afternoon and Sunday. The view over the village is remarkable. Visit us home here."

FIREMEN CHECK A BAD BLAZE IN ELY STRUCTURE

Flames Threatened North Center Street Building for a time

What promised to be a disastrous fire was checked in its early stages last Saturday morning, when flames were discovered in the basement of the two-story brick structure on North Center street owned by Carl Ely, and used for his coal and ice offices. The ice plant also occupies a part of the structure.

Shortly before seven o'clock Mrs. John Jordan, who lives on the second floor, thought she smelled smoke. She looked around, and was unable to detect any fire or find where the smoke was coming from. The smoke continued to grow more dense, and she determined to call the fire department.

When the department arrived, firemen discovered that the entire basement of the structure was so filled with smoke that it was impossible to enter it. Some of the men worked their way into the building and found that the blaze was near the center and around the furnace. Once locating the flames, they were extinguished almost immediately.

The pipe leading from the top of the furnace to the floor had become so hot that it burned through to the frame work of the floor surrounding it and had started the blaze.

The furnace was opened about five o'clock by James Savage who takes care of it, and some two hours later the fire was discovered.

The loss will probably not exceed \$300. The ice plant had just been put into operation two or three days previous, and the owner had not been backed as quickly as they were this loss would have been had that done so.

The fire department made almost immediate response to the call and the good work of the firemen was soon rewarded by putting out the fire.

DISCUSS PLANS TO BOOST THIS PART OF WAYNE COUNTY

Many from Northville Attend Meeting held over at Plymouth

Local business men from Northville and surrounding areas met recently at a meeting called by civic leaders of Plymouth and vicinity, for the purpose of considering steps to be taken for the advancement of this section of Wayne County. While to Plymouth the meeting was primarily for the purpose of creating a Greater Plymouth section it is the desire of those back of the move to make it a sort of Plymouth Northville project, and it was for that reason that a number from this place were invited to attend.

Among those who went over to the meeting were E. H. Lapham, Frank Hills, N. C. Schrader, George Hilde, W. Johnson, Carl Ely, Con. Langfield, Roy Parkins, Clarence Eller, and C. A. Ponsford.

C. S. Livergood of Plymouth presided at the meeting and briefly he told of the objects back of the movement. While some looked upon the matter primarily as a real estate problem, all realized that the real estate workers are really the pioneers when it comes to civic and sectional development and what is of benefit to them is of benefit to everyone.

N. C. Schrader and Clarence Eller of Northville, made brief talks and said they were sure that the people in this part of Wayne county would be interested in any movement which aid for its object the advancement of this vicinity. The affair was sort of home-coming to Mr. Schrader as he saw a large number of his old friends.

Some twenty years ago he left Plymouth to enter business in Northville. There were several pledges of financial assistance offered. In fact the representative of one syndicate stated that he was authorized to say his company would put in \$10,000 to the project for the purposes of advertising this part of Wayne county.

Another mass meeting is to be held in the near future when doubts more from here will attend.

LOCAL PASTOR IS AT CONFERENCE IN SOUTHERN STATE

Rev. Richards to Later Attend Automobile Convention in Washington

Rev. William Richards, pastor of the Methodist church, has left for Charleston, South Carolina, where he will attend the Methodist church conference of South Carolina, being held at that place. While there he will have the pleasure of attending services conducted over by Bishop McDowell, one of the greatest divines of the Methodist church.

ington to attend the annual meeting of the America Automobile Association, and spend some little time in the congressional library. The pastor is secretary of the Northville Automobile Club, and he has been sent as a delegate to the Washington meeting.

He went a little early so as to be able to attend the conference and hear the great speakers to be present.

STEERING EASE OF VITAL IMPORTANCE

An important point truck owners often overlook in making their purchases is the ease with which the truck can be handled," said Earl S. Mastick, local Dodge Brothers dealer.

"It is important because it makes all the difference in the world in the prevention of accidents. A truck which responds to every touch of the wheel and braking mechanism is less likely to figure in accidents than one which is lacking in those qualities. Powerful, easy braking is probably one of the largest factors in truck driving safety. While size and weight make a difference in the handling, still a truck having the ease of steering and braking will have fewer accidents."

Graham Brothers trucks, and commercial cars are designed for easy handling, and as for that reason preferred by truck drivers, who really know their advantages. Any one can observe the ease with which one of these trucks or commercial cars travels through the heaviest traffic. It stops and starts and is handled with the ease of a passenger car."

There isn't a furniture store in Detroit that can compete with Northville's furniture store in goods or prices. You can buy better furniture right in Northville than you can in Detroit and at a price from one-half to a third less than you will pay in the big city.

REGISTRATION NOTICE

Buick Stays in Style

Motor car types come and go, just as motor cars do. But the grace and distinction which characterize Buick always stay in style. They never become commonplace. The reason is, that Buick style is sincere, and expressive of the quality that is in the car. Buick owners never are asked to buy a car of exaggerated design, with lines which might become distasteful to the eye. Buy a Buick! And you will always be proud of your car.

PLYMOUTH, MICH.

CREDIT BUREAU IS OF VAST BENEFIT TO THOSE IN BUSINESS

Practically Everything Is Done on Credit—Records Kept in Detail

For the purpose of enlightenment as to methods of organization and operation of Modern Credit Bureaus, this explanation is offered by the manager of the local bureau.

A credit or service bureau is an organization of the business and professional men and women of a community whose purpose it is to educate the people of that community and trading territory to pay their bills promptly. The bureau embraces every classification.

The credit bureau, through its centralized office, is a clearing house for the exchange of information as to the paying habits of people, whereby a conclusion may be intelligently reached for the extension of credit and protection against credit losses.

Every firm or individual extending credit in any form is eligible for membership in the credit bureau and needs its services.

The system of recording how people pay their bills is, in a word, just. If they are honest and pay their creditors at the time they promise to pay, or explain why the bill has not been paid, their record will recommend them.

If on the other hand, they are slow in paying, or do not tell their reason for non-payment, or do not pay at all, their record will result in their being refused credit.

Today is a credit age, and a merchant cannot afford choking his books with bad accounts unless he avails himself of the use of the credit bureau, giving credit only to those who pay their bills promptly and turning down those who are poor risks. No person with any honesty at all would care to count himself among those who pay their bills promptly and turn down those who are poor risks.

Upon having a permanent record in the credit bureau, a merchant can get credit for his goods or services, which he may not be able to get otherwise. This record is of great value to him in getting credit elsewhere.

Upon having a permanent record in the bank, one can get money in the bank and own their home, but instead of the practice of many good merchants to pay cash, it will be quite fitting to have their collection.

This may be willing to pay his debts fully accepted on his current indebtedness. It is impossible to collect from a member of a credit bureau, if he has a regular interval, showing how his business pays their accounts. This information is placed in the filing cards arranged alphabetically.

With a following regular for credit by calling the bureau, the merchant can tell how he pays his debts, hardware dealer, hardware, insurance agent or any of his other accounts, which have been reported by the last time he has paid off other accounts. Normally, he is a good customer. His record shows that he is slow to pay or has refused to pay other bills, or if an account has been given to a collector, the merchant is better off without a trade unless he pays cash.

The name of a member reporting a rating is never given. All reports are filed under a code number, the merchant uses his code number when calling and his number is known only to the employees of the bureau office.

This eliminates any trouble that might be caused by this information being imparted to the person reported on.

All information given to the credit bureau or to the merchant over the telephone or in the bulletin is confidential.

The bureau, through the affiliated bureaus throughout Michigan and the United States, is able to secure reports on new people locating in the village.

The credit bureau is as much for the benefit of the buyer in good standing, making it easier for him to secure credit anywhere as it is to the member in protecting him from undesirable accounts.

LOCAL

Mrs. James A. Huff was in Detroit visiting with friends this week.

Conklin & Hotaling have leased the Legion basement for barbershop purposes.

Thomas J. Gleason has gone to Buffalo where he has secured employment.

Mrs. F. A. Secord was in Detroit a few days ago where she called upon a sister, who is confined in a hospital.

Mrs. Eleanor Hyde has returned to Brighton after a several days' visit with relatives and friends in Northville.

About twenty-five members of the American Legion are planning to visit Barber post in Detroit next Tuesday evening.

Mr. and Mrs. Harold White were among some of the Northville residents who attended the flower show in Detroit this week.

The Pastime club met Wednesday evening in the High school gymnasium. There will be one more dance before the close of the season.

The American Legion Auxiliary meeting will be held at the home of Mrs. Harry Bolton on Dubuque street the evening of March 22nd.

The many friends of Mrs. William Dingman will be pleased to learn that she has so far recovered from her recent illness, as to be out around again.

Mr. and Mrs. John Douglas, and daughter, Marie, visited Mr. D's mother, Mrs. Wm. Dingman, Monday evening. Another son, Leon, of Grand Rapids is spending a few days with her.

John Porter, one of the best known residents in this section of the state, was a caller in Northville a few days ago from his home in Wisconsin. His many friends will be glad to know that Mr. Porter is enjoying the best of health.

Mrs. Smith of Plymouth, who underwent a major operation at Sessions Hospital has been discharged and taken to her home almost fully recovered. Dr. Sparling performed the operation.

The Globe Furniture Company has just issued its new catalogue of church furniture. The publication will be sent to a large number of church organizations that are considering the advisability of purchasing new church fittings.

George F. Goodell, prominent Civil War veteran, yesterday recalled the fact that it was just 78 years ago the 11th of next month that his father and mother settled on a farm one mile west of Mori corners where they lived until their death. They came from Cheektowaga, Oswego county, New York. Except for a sister living in Ocean Park, California, Mr. Goodell is the survivor of the members of the family.

Upon having a permanent record in the credit bureau, a merchant can get credit for his goods or services, which he may not be able to get otherwise. This record is of great value to him in getting credit elsewhere.

Upon having a permanent record in the bank, one can get money in the bank and own their home, but instead of the practice of many good merchants to pay cash, it will be quite fitting to have their collection.

This may be willing to pay his debts fully accepted on his current

indebtedness. It is impossible to collect from a member of a credit bureau, if he has a regular interval, showing how his business pays their accounts. This information is placed in the filing cards arranged alphabetically.

With a following regular for credit by calling the bureau, the merchant can tell how he pays his debts, hardware dealer, hardware, insurance agent or any of his other accounts, which have been reported by the last time he has paid off other accounts.

Normally, he is a good customer.

His record shows that he is slow to pay or has refused to pay other bills, or if an account has been given to a collector, the merchant is better off without a trade unless he pays cash.

The name of a member reporting a rating is never given. All reports are filed under a code number, the merchant uses his code number when calling and his number is known only to the employees of the bureau office.

This eliminates any trouble that might be caused by this information being imparted to the person reported on.

All information given to the credit bureau or to the merchant over the telephone or in the bulletin is confidential.

The bureau, through the affiliated bureaus throughout Michigan and the United States, is able to secure reports on new people locating in the village.

The credit bureau is as much for the benefit of the buyer in good standing, making it easier for him to secure credit anywhere as it is to the member in protecting him from undesirable accounts.

With its powerful valve-in-head motor now equipped with AC oil filter and AC air cleaner; with a 6-inch channel steel frame, super-rugged rear axle and modern 3-speed transmission, recently improved—it is praised by users everywhere as the greatest commercial car value of all time.

Only the economies of tremendous volume production make possible such super quality at Chevrolet's low prices.

Come in and see the truck that has won

worldwide leadership. Learn why it has

ERNEST MILLER,
Clerk Northville Township.

Mrs. Katherine Hair of Jackson, who was hit by an automobile Saturday evening, when she stepped around in back of one of the buses near the corner of Main and Wing streets, is getting along nicely at Sessions hospital, and will probably be able to be removed to her home within the next few days.

Mrs. Hair had come from Jackson to visit her daughter, who is a teacher in the Northville schools. There were a number of machines on the street at the time, and she did not notice the approaching car. It was traveling at a low rate of speed and stopped almost immediately.

She was hurried to the hospital, and an examination showed that her injuries were of a painful nature, were not of a critical character.

A fellow student ordered a mail order house the other day for \$12.50. The sum he got he said himself was worth about 75 cents.

NO OTHER AMERICAN CAR LASTS AS LONG AS REO—NOT ONE!

**N. H. S.
STUDENT NEWS.**

Plans are being made for a field day, which will take place at the end of the school year; it will consist of the first six grades and will likely be held on the fair grounds.

On Saturday evening, March 12th, the debate team Russell Atchison, Margaret Safford, Carlyle Lowell, and substitute debater Sam Salter, were the guests of Miss Margaret Draper, debate coach at a theatre party at the Bonstelle playhouse. The play "Easy Come—Easy Go" was excellently well acted and intensely interesting. The debate team received some entertainment after the splendid work they did this year, which was accomplished through the untiring efforts of Miss Draper.

The district tournament was held in Ypsilanti last Thursday, Friday and Saturday, and our boys took an active part in it. Northville easily defeated Manchester by a score of 20 to 17 in a game that went into overtime. The orange and black certainly showed fine form. In the second game, Northville defeated Belleville by a hard struggle by a score of 19-13. In the final game, Northville met its Waterloo, losing to a team that has twice defeated Roosevelt. The final score was 17 to 12. Next week our boys again go tournamenting. We are sure of a victory, but it's up to the boys. McGoode of Northville, is going to play and that ought to strengthen the team.

The Northville high school girls team beat the Farmington team Thursday, in an effort to break the deadlock existing between the teams. Another game is to be played soon.

A PICTOR GOLD

The eventful day arrived. It is due about a month when the regular spring basketball season begins. This was on the 12th of March. Northville started off with a record of 10 wins and 2 losses. The game against Roosevelt was the one that was the most exciting of the year.

Would you like to be a member of our basketball team? To be happy and eat big and fat one night, all you have to do is meet a height for the boys left to find the best and tallest and most courageous men in the outstanding day of the month April 1st. On that date at 10 o'clock starts one of the most popular that Northville has ever known. The men, while the girls play, will be beautifully decorated. At the conclusion of the game, holding open their shields, opportunity to come to all will be known and well liked opportunity. Then Thanksgiving Day is composed of 10 men and 10 women pieces who are all in a sort of a famous game will be the continuation of the model and of the program.

A promoter will also be on the scene and these girls will race the most solemn person to laugh. He holds by the name of Al Amosch.

All those wishing to sail on this cruise of happiness and joy across the gently flowing water or music and enchantment can purchase their tickets from either any member of the Junior class, Northville Drug Store or Horton's Drug Store.

Hoping to see you on the cruise, I remain,

Samuel Louis,
RUSSELL ATCHISON,
Member of Junior Class

**NORTHVILLE
Twenty-Five Years Ago**

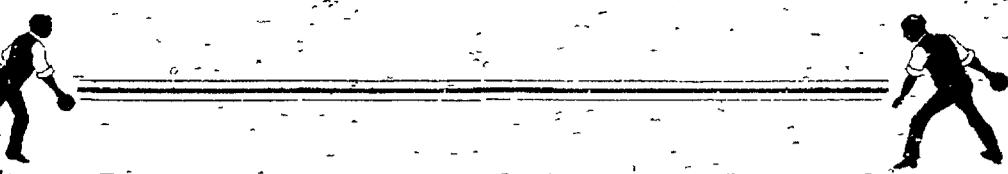

Items taken from The Record of 1902 for the week corresponding to this week.

The voting machines will be used at the township election.

Married, at the bride's home east of this village, March 20th, Mr. Will Elliott of this place, to Miss Alvena Schoof, by the Rev. O. M. Thrasher. B. Cohen of this place, has purchased the Penniman block at Plymouth of W. O. Allen. The purchase was made as an investment only, and Mr. Cohen will remain in Northville. It seems that all the other candidates mentioned for the Republican nomination for treasurer of this township, excepting Marvin Sloan, have withdrawn from the race and that leaves him in the field alone. Marvin is a fine fellow and would make an ideal officer.

Those palm days received a sorry set-back Sunday night and Monday. The thermometer descended to about 12 above zero and the heavy winds that prevailed made the people tremble.

The United Railway cars, green and yellow, are being hauled into the company's paint shop to have as possible and painted over. The colors are the same as those on the Shore and Rapid.

**Open Again!
In Our
Old Quarters**

The German Garage fire helped us by making it possible to have more space for our Recreation Parlors.

**Two More Billiard Tables
Have Been Added**

The Country Bowling Tournament will be resumed Friday Evening and continue during March. The teams that had been played before the fire will have the chance now.

WOMEN VOTERS TO MEET MARCH 22ND

Plans for the annual meeting of the Wayne County League of Women Voters are unusually attractive this year, and will bring women from all over the county to Detroit, on Tuesday, March 22nd. A business session is called for 10:00 a. m. and will be followed by a luncheon meeting at 1:00 p. m. Dr Harry M. Crooks, president of Alma College, will be the luncheon speaker, and Mrs Henry Steenis, Jr. will preside.

The Book-Cadillac hotel will be headquarters of the annual meeting, and the morning session and luncheon will be held there.

An invitation to the luncheon is ex-

tended to any who are interested, and reservations may be made at the young headquarters, 206 Women's City Club, by calling Cadillac 9580.

GRAHAM TRUCK DOES WORK OF 40 CAMELS

The desert section of Egypt, where dry landscape shifts as no winds do, and to pile billions of sand, holds the world in the permanence of its work of man. The pyramids, built more than 3,000 years ago, stand practically unchanged by the ravages of time.

This ideal for long life, originated centuries ago, still endures in Egypt. So, when the Asiatic Petroleum Company, Liverpool, England, sought to build up a transportation system of utmost reliability and permanence for distributing motor fuel, Graham Brothers trucks were selected. The long life and superior ability of these trucks to meet desert conditions has been demonstrated by practical use over a period of many months.

The Graham Brothers trucks, in many instances have taken the place of camels formerly used to carry gasoline. In making the change, remarkable figures on the long life of Graham Brothers trucks as equipped with gasoline come to light:

Carrying gasoline, one truck

load carried Graham Brothers trucks

and gasoline from the

desert to the

oil refinery, a distance of

over 1,000 miles, and

carried 1,000,000 gallons

of gasoline in 100 trips.

Another truck carried

gasoline from the

refinery to the

oil fields, a distance of

over 1,000 miles, and

carried 1,000,000 gallons

of gasoline in 100 trips.

These two trucks have

been in constant use for

over 1,000 miles, and

have not required any

repairs or maintenance.

These two trucks have

treasurer, Mrs. Milo Chapman. The next meeting will be held Thursday evening, April 7th, when many movements for the good of the community will be launched.

The senior room of our school, under the supervision of their teacher, Mrs. Jones, entered an essay contest in February, the Presidents' month, on, "How I Can be More Patriotic." The essays were sent to Pontiac, and were there judged by Miss O'Connor, the county supervising teacher. The essays have been returned, and the winners of each grade are as follows: Fifth Grade, Katie Scott; sixth, John D Franklin; seventh, Jack Smith; eighth, Joy Thompson; Dorthea Neil and Marion Shinn, were tied for the honor. Appropriate prizes were awarded the successful contestants.

No mail order house ever existed that could sell you better goods at a smaller price than your local dealer.

Did you ever stop to think when buying goods in Detroit that the high rents merchants are forced to pay? Here are charged against your purchase? Why pay twice as much for goods in Detroit, when the very same thing can be purchased for much less in Northville?

TOWNSHIP TICKET IS NOMINATED BY THE REPUBLICANS

Large Number Take Part in Caucus—One Contest Develops

Republicans in caucus Saturday afternoon nominated candidates for the various township offices, and again selected a "Supervisor," William H. Yerkes, for the place he has filled so satisfactorily for a number of years.

The meeting was called to order by Dean F. Griswold, chairman of the township committee. Mr. Griswold was elected chairman, and Fred W. Lyke was made clerk of the caucus. W. H. Safford and Carl McCullough were appointed tellers.

The official report kept by Mr. Lyke shows the following action taken on the various nominations:

On motion, ballot was cast for supervisor as follows: W. H. Yerkes, 87; B. G. Folkins, 2; blank 3. Total 102.

The rules were suspended and Ernest E. Miller was nominated for township clerk without opposition. the clerk casting 102 votes for him in compliance with the adoption of a motion to that effect.

Similar action was taken upon the candidacy of Fred H. Hedge, candidate for township treasurer.

A ballot was cast for highway commissioner, Leo Lawter receiving 51 votes and Joe Montgomery 45, a total of 96 votes having been cast for this nomination.

George Pickell was nominated for overseer of highways. Again the rules were suspended, and Dean Griswold was nominated for justice of the peace for the long term, receiving all votes cast.

Similar action was taken on the candidacy of George H. Baker, candidate for re-nomination for justice of peace.

E. A. Wheeler was nominated for member of the board of review without opposition and W. H. Safford, Horace Greene, Frank N. Perrin and George Whipple were nominated for constable with no opposing voter.

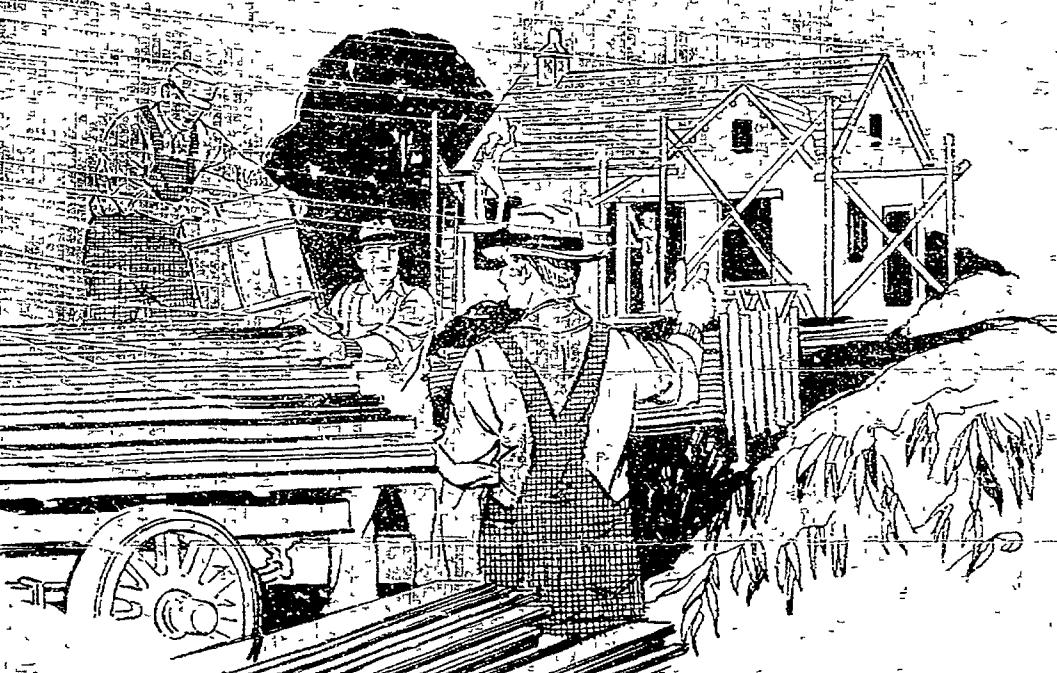

The old Republican formula was followed as follows: Dean F. Griswold, J. V. Perkins, Bertie Neal, Fred Dolph and Mary Stewart.

"How you talked with the auto drivers who soft win to Detroit a while ago and brought a car for inspection, thinking he was going to get cheap. He got it cheap and he got a rip-off. He bought a used car from a local dealer last year, after he learned that he had learned the lesson about buying cheap goods away from home. You know the posted down town have issued many warnings about this cheap bus business. Too bad a Northville man got stung."

"Have you noticed the big dividends being paid out by some of the big mail order houses? Better than General Motors stock. But do you know that every time you send an order to a mail order house you are enriching these very same stockholders? Buy at home and keep the dividends yourself."

"It's profit to you when you buy in Northville."

Lumber Better Than Specifications

Lumber ordered from us, according to specifications, is always better than the specified quality. If no specifications are given, we deliver the same high standard, satisfying quality Lumber. Yet you will find our prices are no higher.

**NORTHVILLE VERY
PEACEFUL PLACE
JUST AT PRESENT**

No Village Election Contest
and There is Going to be
no Township Contest

Peace and harmony reigneth in
Northville.

Peace and harmony reigneth in
Northville Township.

The village has just had an election.
There was but one ticket in the
field, and but one sucker candidate
appeared.

So peaceful is the com-
munity that the village election barely
caused a ripple in the routine affairs
of the community.

Now comes the announcement that
the Democrats are perfectly satisfied
with the Republican nominations for
township offices, and that they will
not have a ticket in the field. That's
pretty good judgment for Democrats.

There will be no Democratic caucus
this spring, announces Charles Ses-
sions, a Democrat who has just been
elected to a Republican office by Re-
publican voters. Possibly it was
pretty good judgment on the part of
Republicans to keep a Democrat in
office, and it would be good politics
to say they did it for the purpose of
keeping away conflict.

It's all due to the fact that peace
and harmony reigns here, even among
the politicians.

**PROSECUTOR WILL
HAVE ASSISTANT
HERE EACH WEEK**

Has Worked Out Plan
Which Will Benefit the
Out-Lying Section

Prosecuting Attorney Robert E.
Wood has worked out a plan of ser-
vice for the out-lying communities of
West Michigan that will be of great
benefit to them, he has said.

Under the plan, Mr. Wood will
have his office located in Northville
and a court room in the old city hall
there, so that from 2 to 4 o'clock
to 3 o'clock each day he will be at
the Northville Hotel.

Mr. Wood will then go to the
out-lying towns and will be there
until 5 o'clock, giving time for him
to have his meals.

Not only has Mr. Wood planned
to have his office located in
Northville, but he has planned to have
himself easily accessible to the
courts on certain days of the week.

It is the first time that the people of
Wayne County have been able to have
such service which is sure to be ap-
preciated.

**THE SWEET SHOP
IN THEATRE SOLD
TO DETROIT LADY**

Has Assumed Possession of
Place and Will Give
Town a Fine Store

Mrs. Thomas J. Phelps of Detroit
has purchased the Theatre Sweet
Shop on East Main street, in the
Theatre building, and has taken im-
mediate possession of the store.

She plans to give to Northville one of the
finest light-linen candy and soda
places in this section, and she will en-
davor to make customers get the
kind of service desired.

Breakfasts will be served and
toasted sandwiches of all kinds will
be one of the specialties of the place.

Delivery for ice cream sold in bulk
will be provided.

For nearly 25 years Mrs. Phelps
has been in this line of work in De-
troit, and there's no doubt but what
she will make good in this new loca-
tion.

**TELLS OF VALUE
OF BIRDS IN TALK
TO CLUB MEMBERS**

Local Resident Who is Now
a Well Known Naturalist
Speaks to Club

One does not have to turn back so
very many pages in life's memory
book to see a bird roaming the hill-
sides of wooded heights and lowland
valleys surrounding Northville, paying
the closest attention to the life and
habits of one little feathered friend,

From the time of the mating season
up until the little fledglings leave the
nest, migration takes place, has
the simplest detail of their life mis-
sion.

That bird was none other than James
Hogarth, whose research work in this
direction has given him the distinctive
name of "Bird Doctor."

On Friday, March 11th, Mr. Wood
addressed the Northville Women's Club
on the subject of birds.

old dear to the heart of him.

Versatile indeed was he in turning
the attention of his audience from the
many species of owl family to the
diving loons, who carry their young
concealed upon their backs, and also
to the double crested cormorant.

Among the many specimens that he
had mounted, the glorious color of the
Kentucky cardinal shone forth in
striking contrast to the more sombre
hues of the singing meadow lark and the
denure quail.

As the entire collection was viewed, one could fairly
feel their singing wings spirits.

No bird should be persecuted, said
Mr. Wood, protect them for they are of
much use to humanity.

We should more about the little feather
people rather than take a gun and go
out and shoot them.

He strongly emphasized the fact
that cats kill a large number of birds,
and extorted the passing of a law that
cats possessing owners should be
licensed, and if they had no owners
they should be killed.

Mr. Wood's lecture was certainly an
inspiration to everyone present to
study and learn more about birds.

The audience expressed their sincere
appreciation of this excellent treatise

by a rising vote of thanks.

On Friday, March 11th, the club
will be entertained by the Plymouth
Literary Club.

**VANDYNE WILL HAVE
NEW MAYTAG STORE**

J. N. Vandyne, who for some time
past has been the Maytag dealer in
this section, has leased the store just
west of the Freydt store on the south
side of Main street, and will convert
it into a regular Maytag store. The
property he has taken over has been
used for some time past as a real
estate office, but it will provide him
with just about the kind of a place
he needs for his rapidly growing
business. He will carry a complete
line of Maytag washers, with all
parts that any of the users may desire.

He secured a store location
because he believed that better service
could be given to his many customers
out and about town.

LOCAL

Mr. and Mrs. F. E. Whipple are driving a new car, one of the latest models.

Born, Thursday, March 10th, to Mr. and Mrs. Alex Luke, a daughter, Shirley Belle.

Mrs. M. R. Seeley entertained the Fleur-de-lis 300 Club, at her home, Monday evening.

The next party of the Pastime Club will be for members only. It will be the last one of the season.

The many friends of Thomas Thompson are this week congratulating him on his eightieth birthday.

Bridge Club of twelve ladies was pleasantly entertained at the home of Mrs. Bruno Freydl, last Tuesday afternoon.

Mr. and Mrs. C. D. Kilgour of Detroit are the parents of a boy born last Friday evening. Both mother and babe are doing nicely.

Rev. Johnson of Wayne will preach in the Baptist Church Sunday morning and evening. He is a candidate for appointment to the papal.

Northville's well known gas dispensers, Mr. Ellington and Mr. Custer, were spent Monday evening in Detroit attending the banquet of Firestone dealers in the Detroit area.

Dr. John R. Kestell was in town Wednesday from Detroit. The doctor was a close personal friend of Dr. Kennedy, who died recently. They had been intimately acquainted for years.

Mrs. John R. Truett, who was operated upon a week ago last Wednesday in the Diagnostic Hospital in Detroit, is getting along nicely and will probably be home within the next two or three weeks.

D. R. Park, local Ford representative and a number of representatives and a number of representatives spent Thursday at the River Rouge Ford plant where they witnessed the arrival of the first of Ford's new and improved machinery.

Mr. and Mrs. Prince Marsh, who began their honeymoon in Florida have returned to their home in this place. They are permanent residents now in the city and Mr. and Mrs. John Blaks who also purchased land here in Florida.

The Wayne County Association of Maccahees will meet in Detroit on Wednesday, March 21st. A number from Northville are among those to participate. The meeting will take place at the 19th Street and Michigan street.

Mr. R. W. Brown, who has been spending the winter in Key West, Florida, has come home. He will call here by the time of the First Boston, known as the "governor" of Providence, Rhode Island, Dec. 15th and the tenth.

A card from Mr. and Mrs. L. A. Bobbitt, well known Northville residents, who are spending a few weeks at Pass Christian, Miss., says the weather is just like June in that country. Golf and horse-back riding are the pleasures taking most of the time of the banker.

Construction will start in the next few days on a big addition to the ambulance division of the William J. Masbury Sanatorium. The new structure will provide additional capacity for 50 beds and officials of the institution hope to have it ready for use by mid-July.

Mr. and Mrs. William Thayer of this place, and Dr. and Mrs. Sober of Detroit, have returned from a trip to Cuba and the Panama Canal. Mr. Thayer states that the weather at Panama is ideal. The party was gone nearly a month and enjoyed a most pleasant trip.

Mr. Charles Wade and Mrs. George Pickell attended the exemplification of the new ritual for the Maccaheelodge in the new temple on Woodward Avenue last week. This was the first time any lodge work had been carried on in the new temple, which both ladies declared to be one of the most remarkable structures in Detroit.

Scott Montgomery, well known Northville young man, who has been playing in an orchestra at Bradenton, Florida this winter, has just signed a contract for next year to play with the Scots Highland band of St. Petersburg. The band will leave the last of March for a tour of 42 states and is regarded as one of the finest musical organizations in the country.

Northville Lodge members have been invited to attend a cozy meeting of Corinthian Lodge, F. & A. M. in Detroit, Monday evening. Supper will be served at 6:30. Those expecting to go should notify Fred Hedges before Sunday evening. Transportation will be provided, and the party will meet at the Masonic Temple at 7:30, Monday afternoon. The invitation was extended by John Kalbfleisch, the lodge to be visited being his home organization.

RECORD LINERS PAY TRY ONE

COOLIDGE WILL NOT CONFER WITH CALLES

President Rejects Proposed Plan for Personal Talk at the Border.

Washington—President Coolidge rejected the proposal of Senator Robinson of Arkansas, Democrat leader, that he go to the border to meet President Calles of Mexico in an effort to smooth over the present differences. Shipping of American oil and military supplies to Mexico was prohibited in an order issued a customs collector unless the Mexicans have a special export license from the State Department. Previously normal trade was suspended with license.

Mexico City—Roman Catholic clergy, from Archbishop Moro del Rio to the most obscure priest, will remain in Mexico administering to the spiritual needs of the people until they are forcibly expelled.

This emphatic statement was made by the archbishop himself as he commented vigorously upon the report in Mexico City papers alleging that certain clerics are planning to voluntarily leave the republic and take up their residences in the United States and elsewhere.

Mexico City—Federal troops routed rebels in a ninety-minute battle in Zanacal, killing seven, and capturing the rebel leader, Pedro Sandoval, the war department reported. An agreement between Mexico and powerful Anglo-American petroleum interests is said to be the message Finance Minister Pan will carry to the United States. If petroleum interests insist on curtailing operations Mexico will be unable to meet its international payments, may be one of his arguments.

Washington—Charges that the Knights of Columbus have sought to induce the United States in a war with Mexico were renewed in the Senate by Senator Hobart of Alabama.

Washington—With feelings of its victory expressed by some senators, but with concrete measures on the part of Congress to help in concluding a definite arbitration of the controver-

sies with Mexico was adopted by the Senate, 70 to 7, for the resolution to no longer demand a

re-opening this resolution to repre-

sentation to the right of the Mexican government to negotiate the problem.

Washington—An effort to amend the U.S. Constitution of 1917 was defeated.

The Coolidge administration has

been proceeding on the theory that the right of self-government without compensation is not subject to arbitration, al-

though together with the Russian Soviet gov-

ernment on its right to confiscate

private property. The only arbi-

trable question according to the ad-

ministration, however, is the amount

of compensation for expropriated prop-

erty.

Sets New Record for Panama Canal Cargoes

Washington—Vessels bringing the Panama canal during the past year established a new record for quantity of cargoes, according to a report received by the War department from the Panama Canal Zone. During the calendar year 1926, there were 27,860,031 long tons of cargo carried in the vessels which passed through the canal.

This was an increase of 16 per cent over the cargo tonnage of the previous year and the largest of any twelve month period since the opening of the canal.

The previous high record was 26,994,700 tons in 1924. There were 3,420 commercial vessels passing through the canal last year, paying \$2,991,404 in tolls.

During the month of December, 1926, ships transited the canal with an aggregate tonnage of 3,875,370 on which tolls of \$318,032.64 were collected. In point of tonnage, tanker traffic for December showed an increase of approximately 4 per cent over the same traffic for the corresponding month a year ago.

Tank ships comprised 20.3 per cent of the total commercial transits of the canal during the month, making up approximately 21.5 per cent of the total net tonnage. The tankers were the source of 28.3 per cent of the total tolls collected and carried approximately 23.6 per cent of the total cargo in transit through the canal.

Wisconsin Composer Dead

Milwaukee, Wis.—Christopher Bach, orchestra leader and composer, is dead at his home here. He would have been ninety-two years old in March.

Kills Minority Tax Cut Move

Washington—Efforts to force a tax reduction at this session collapsed when Vice-President Dawes voted out of order the 10 per cent flat income tax cut amendment to the deficiency bill pending in the senate proposed by Senator Reed (Dem., No.)

Coolidge Signs Post Office Bill

Washington—The \$34,000,000 treasury and post office bill, including funds for prohibition enforcement, was signed by President Coolidge.

**CRIPPLED TOTS
ARE BENEFITTED
BY ROTARY AID**

Club Members Hear of Good Work Accomplished in This Vicinity

Members of the Northville Rotary Club heard Monday noon first hand information as to just what the organization is doing for the benefit of crippled children in this district. President Langfield had announced that the money would be given over to a consideration of the work being carried on by the club, and Don Yerkes Sr. who is chairman of this special committee, had read before the club a report on each case.

It is interesting to know that the club has under its care at the present time eight crippled children. The report showed that there had been marked improvement in some cases and that a general benefit could be seen in each child being aided by the club.

Wellington Roberts who is especially interested in this branch of Rotary work and Rev. A. R. MacRae made interesting talks.

SALEM

Miss Florence Rider of Wayne was home over the week-end. Albert Groth was in Northville on business Friday afternoon.

Mesdames G. Carey and M. Bradley were Detroit shoppers Friday.

FEDERAL TIRES

Are in greater demand this Spring than ever before, which means that unlike some companies, the Federal Rubber Co. is not content to live on its past reputation but keeps ever on the alert, and retains the confidence of the car owner by maintaining the highest grade of Tires that Tire experts with 20 years of experience can build.

Would the Donovan Stores recognized as the largest dealers in Michigan continue to stake their reputation on these Tires if they were inferior in make, and not giving the public complete satisfaction, and quality and cost considered, the most miles per dollar that is obtainable in the Tire market?

Know Your Cook Book, Girls, Advice of Diva

Margery Maxwell, prima donna with the Chicago Civic and Rayfield opera companies, is a girl who enjoys the distinction of being among the first American girls to be recognized in grand opera circles. She takes particular pride in her culinary skill. Cooking, in her estimation, is a fine art which is rapidly being lost.

"Doubtless one

of the big reasons for this condition is that modern young men don't expect the girls they marry to know much about cooking," said Miss Maxwell.

"In the future, before man pops the question, he's going to find out whether the girl knows what calories are and whether she's wise to the elements of a balanced diet."

"A few questions before the minister asks, 'Do you take this woman' would save a thousand recriminations later."

"There are certain dishes in which Miss Maxwell is partial. As she explains them, they are readily prepared. Miss Maxwell uses four Maryland Chicken:

Two 2½ lb. chickens 1 cup water

12 slices bread

12 bread crumbs

Salt Fat

Pepper 1-3 cup butter

1 cup evaporated milk

1 cup water

2 dash pepper

Dress, clean and cut up chickens

Sprinkle with salt and pepper dip in

crumbs, egg and crumbs. Place in a

well-oiled dripping pan, and bake

twenty minutes in a 400-degree F.

oven, then reduce the temperature to

350 degrees F. and cook until tender

about twenty minutes longer. Baste

every ten minutes during cooking with

1/4 cup melted butter. Sprinkle to plan

and pour over a cream sauce

made of 1/2 cup flour, 1/2 cup milk

1/2 cup salt and pepper

1/2 cup evaporated milk

1/2 cup butter

Prepared while out of the butter

butter, salt, pepper and diluted milk.

Cook the asparagus in boiling salted

water. Drain and add to white sauce.

Pile a few hot eggs in center of toast

Place asparagus around the eggs and

sufficient grated cheese over top of all.

Serve at once. Serves six.

First 24 Hours of Life Baby's Hardest Time

By MARIE K. JOHNSON

Undernourishment is one of the most common causes of infant mortality, according to a survey recently undertaken in Chicago. Statistics show that of 4,522 babies under one year of age that died in 12 months, 598 died in the first 24 hours.

Eight hundred and seventy-six died in the first six days, equivalent to Marie K. Johnson, of the first 24 hours, and 1,788 died from the seventh day to the sixth month. Eight hundred and sixty died in the last six months of the year. The survey indicated that's surprisingly large number of infants are artificially fed, which condition doctors agree has a marked bearing on their undernourished conditions. Naturally, no one food may prove satisfactory in every case, although the survey showed that evaporated milk in many cases had proved an excellent substitute for mother's milk. This may be explained by reason of the fact that evaporated milk is simply pure concentrate of cow's milk from which 99 per cent of the water has been removed. It contains practically every element necessary for good health and is consequently an excellent builder of bone and tissue.

Although authorities generally recommend evaporated milk as a baby food, like other substances for the natural supply, it should not be considered as a food complete in itself. Addition of orange or tomato juice, barley water or little water is important in providing adequate diet for the infant.

For babies milk of dependable purity is essential. Market milk will not keep for any length of time and is also liable to contamination, especially in hot weather, while evaporated milk, hermetically sealed in sterilized containers, remains as fresh and pure as the day it was canned.

Sterilized evaporated milk, authorities agree, is one of the most important points in its favor. In processing, evaporated milk is subjected to 240 degrees heat for a half hour, thereby removing all possibility of bacterial life being present in the milk. Heat is the only preservative for this type of milk and the heat has the further beneficial effect of making the curd of milk more succulent and digestible.

EXCHANGE CLUB HEARS SPEAKER TALK "HUMANISM"

Representative from Union
Trust Company Makes
Good Address

Members of the Exchange Club were highly pleased Wednesday noon with the address delivered by Dr. Arthur G. Walker, special representative of the Union Trust Company of Detroit, on "Financial Humanism." Not only did he give a slight glimpse into the workings of a great trust company, telling of the many manifold benefits to humanity that have been brought about by it but he imparted a number of suggestions relative to community affairs that were timely.

The meeting of the club was given over entirely to the address of the visitor. President Don Yerkes Jr., stating that there were a few business matters that could go over to the week following.

The speaker pointed out the success of great financial institutions in pooling their funds as well as brains of men selected to run them.

"We have learned to pool our business. In the big cities there has become a necessity. Money that goes into the banks is often pooled for public benefit. If these new methods of operations, the old time prejudices have been cast away with the major duties that a trust company performs for the public there is benefit to the individual as well as the public."

"Community interests should be pooled. An organization like the Exchange Club can accomplish more for Northville than some individual. The minds of a lot of thinking men working together cannot help but produce good results."

"I do not happen to know if you have any local problems, but if you have that can best be solved by the thinking men and women of the community working in unison. I propose in this plenary community meeting, so soon as you do, to have some of the problems of others, but it has to be done independently of your own. You have to have an emphasis on your own problems more than on the two that probably needs emphasis."

"Human life is not lost out of the world. It is not cast out of our place and set low the spirit of the open door. It is still in the world in a different department. It would gratify you." Harry Wilkins of the City Council said will be the speaker at next week.

There's the Rub
A working day should not exceed more than eight hours long. But what are you going to do with your time? Inquire the naturally studious person: "When you don't care for dancing or motion pictures?"

Root of All Virtue
He who does not respect confidence will never find happiness in his path. The better a virtue vanishes from his heart, the source of nobler actions becomes extinct in him.—Aufenberg.
