

# THE NORTHVILLE RECORD

NORTHVILLE, MICH., FRIDAY, MARCH 25, 1927

VOL. LVII, No. 37

\$1.50 PER YEAR, IN ADVANCE

## NEW HOTEL WILL OPEN SATURDAY WITH RECEPTION

Everyone Invited to Visit the Place and See What Has Been Done

Saturday morning Northville's hotel will swing its doors open to the public, a reception to the whole community marking the opening of the place. The new owners have extended a cordial invitation to every one to come and see how they have improved the place and what they have done for Northville.

In a little over two months time, the hotel has been revamped in a way that is most remarkable. The entire interior has been rebuilt, and is now a attractive and clean place as can be found in the state. Those who have had the opportunity to go through the hotel in the last two or three days have been greatly surprised by what has been done.

In order to give everyone a chance to see the improvements, the public reception extending throughout the day and evening of Saturday has been arranged. There will be flowers for the ladies and cigars for the men.

The place will be known as the Northville hotel and cafe. A new and elaborate soda fountain, lunch counter, new dining room fixtures, new kitchen equipment, new furniture for all the rooms, new decorations, in fact there isn't a lung above the place that isn't new, except the outside walls. And these have been given a good coat of paint.

A special string band has been fixed up for the pleasure of those who speakers can talk without note paper. The room will seat about 100 people and is attractively decorated. The old dining room has been converted into a dance hall.

The new owners, Kastner, Brother and Peter Marz, have had full experience in hotel and cafe work, just previous to opening the Northville they owned and operated a cafe in Los Angeles. At one time they had a place in Venice, Calif. Los Angeles Mr. Marz is now engaged in a business in a family of 11 years ago he was employed at the Red Arrow cafe.

They have a large sum in the hotel and cafe and there is no doubt but what they will do a good business in this place.

## NEW CHURCH WILL BE DEDICATED AT WEST POINT PARK

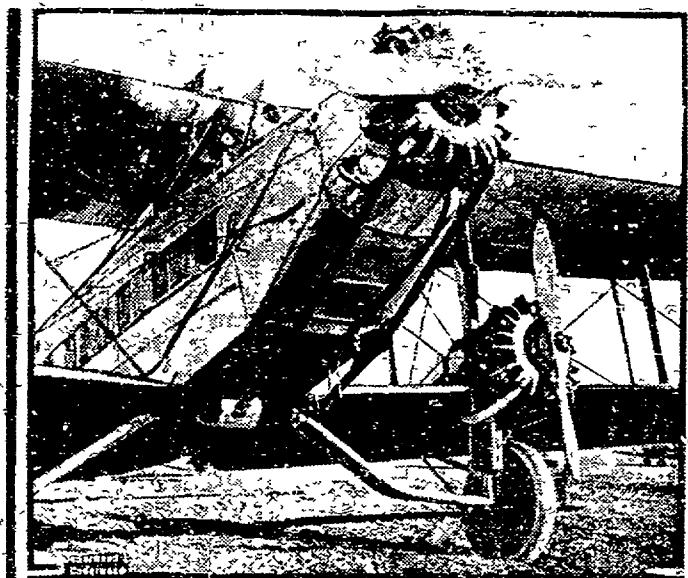

Community to the East Plans for All Day Services Next Sunday

Last April at a mass meeting held in the old Pierson school house the community at the junction of the Seven Mile and Farmington roads was given the name "West Point Park". If the pioneers of 1860-1 could return to the corners all they would recognize would be the big elms in front of the old Pierson homestead where Mrs. C. Wolfe has lived for a quarter of a century.

West Point Park is a sterling illustration of the new idea in neighborhood. West Point Park decided the must have a church and a Sunday school for the children's sake primarily. It was the unanimous opinion that it must be inter-denominational, and accordingly trustees were selected at a public mass meeting held last May. The church was organized and named the "West Point Park Independent church". Proper officers were appointed, a charter was secured from Lansing bearing the seal of the state of Michigan incorporating the church giving its trustees full power to select and ordain suitable young men as pastors for West Point Park and any other communities desiring a similar organization. Without solicitation five communities have asked West Point Park independent church to act as a parent church to ordain and supervise a pastor for their work and organization.

Dedication services of the new community building at West Point Park will take place Sunday. Three big services have been arranged for the day: 10:30 a.m., 2:00 p.m. and 7:30 p.m. Dr. John Bystant, for twelve years district superintendent of the Saginaw Valley conference, will be the speaker. Special singing has been arranged for all the meetings. Buffet lunch will be served to those coming to the morning services who wish to remain over for the other meetings. Mrs. Charlotte Wolfe will present the keys of the church to Earl Wolfe, chairman of the build-

## Open Egypt-to-India Airway

One of the giant De Havilland bi-Hercules twin-engine aircraft fitted with Bristol Jupiter 550-horse-power engines which has been ordered by Imperial Airways to fly on the new route which has just been opened between England and India via Egypt, Palestine, Mesopotamia and Persia.

## CIVIC PLAN WILL BE DISCUSSED AT A MASS MEETING

Greater Northville Move Has Been Launched by Local Clubs

EDDIE STINSON

First steps toward the launching of a Northville improvement program were taken Saturday night when two speakers can talk without note paper. The room will seat about 100 people and is attractively decorated. The old dining room has been converted into a dance hall.

The new owners, Kastner, Brother and Peter Marz, have had full experience in hotel and cafe work, just previous to opening the Northville they owned and operated a cafe in Los Angeles. At one time they had a place in Venice, Calif. Los Angeles Mr. Marz is now engaged in a business in a family of 11 years ago he was employed at the Red Arrow cafe.

They have a large sum in the hotel and cafe and there is no doubt but what they will do a good business in this place.

The meeting, which lasted several hours, was the direct result of action taken by the citizens of Northville in their decision to get back of a movement which means for N. P. a wider consideration of the problems of the community. The leading pillars of the community have agreed to work together to take steps to protect the rapidly growing community. I am going to call this meeting the "Save our sudden success". It has been a perfect success.

So far the entire community has taken part in the consideration of the question there was passed a resolution which provided that this joint committee should work out a plan for community betterment and protection, inviting representatives from Novi to take part in meeting and then present it at a general mass meeting of the citizens of Northville and Novi. The purpose of having Novi into the meeting was made official by the statement that the development to the north inolved the interests of both Northville and Novi and it was thought best to ask representatives of that community to take part in the proceedings.

## NORTHVILLE CAN'T KEEP FROM GROWING DECLARES SPEAKER

C. R. Livergood Talks Most Interestingly to the Rotary Club

"There is nothing that can stop the growth of Northville. It is coming whether you want it or not. Anyone who will take time to look around and study conditions can't help but see that all communities in the west end of Wayne county are in the direction of industrial and residential growth of Detroit," declared C. R. Livergood of Plymouth in an excellent talk to members of the Rotary club Monday noon.

The meeting was in charge of Frank Hills, Northville real estate dealer. In presenting Mr. Hills as chairman of the day, President E. C. Langfield of the club, said it wasn't with an idea of selling the members of the Rotary club on the value of Northville real estate but to let them get the idea of some outsiders about local conditions.

Mr. Livergood required but a few minutes to show that he knew what he was talking about and that, also, though comparatively a newcomer to this part of the world, his study of conditions enabled him to point out in a forcible way the necessity of this section of Wayne county to have a

## BUSINESS BLOCK ON MAIN ST. SOLD TO WALTER WARE

Buys Place With Thomas McCordle for Future Home of Business

Something like ten years ago Walter Ware was a farm hand. His work to some extent had brought him in contact with hardware stores.

"I'm going to learn the hardware business if I can get a job in a store," he told the fellow he was working for. He got the job here in Northville and for nearly eight years he worked night and day learning the business.

Then he bought the stock in the store where he was working. That was over two years ago.

Advertisement has just now made the purchase of the two-story brick business block on East Main street, known as the old "Stamer" property, and has recently been owned by E. E. Evans by Mr. Ware and Thomas McCordle.

The structure with a frontage on Main street of 33 feet and extending back 50 feet, will at the expiration of the lease held by Mr. Ware on his present building become the future home of the Ware hardware store. That is about two years away, states Mr. Ware.

In brief that tells the story of a living fellow who determined to make good. He worked and he saved and he expanded to business.

Mr. Ware no doubt possesses a good business, but he is now the owner of a great business problem:

It is the intention of the new owners to subdivide the place for business lots and then either renovate the building or enlarge it. The lot is a plot of 42x101 feet.

Ware's zone is likely to add a large addition if the plan of a building is to be carried into effect.

Real estate men say a very large office is indispensable for the proposed new business.

He is trying to work out

ways to do this. They have the right equipment to do it, but it will be difficult to do it profitably.

People who have learned to live in Northville have more interest in the place than those who have moved away. The majority of the residents are members of the community.

When I came here we didn't know what kind of town it was. I thought it was one of the most beautiful places in America. The riding hills, the paved highways, the many streams and water all go to make up a picture that is perfect of the country.

Northville is a place that has had a long history of its own.

It is the desire of the community to make the place a place of beauty and interest.

But you have everything that a rapidly developed community can possess.

These girls are all subject to the question about development of Detroit.

Over in Pontiac a former

residence that put

down the enthusiasm that put

### N. H. S. STUDENT NEWS

Last Friday afternoon a "citizenship" program was given under the direction of the Student Council. The program consisted of singing led by Carlyle Lovewell and a talk by Russell Atchison on "Citizenship." A number of one minute talks were made by Thomas Woodbury, Louis Tiffin, Geraldine Her, and Ted Watts. A talk was given to the students by Superintendent Smith of the Plymouth schools.

The spelling bee, which is sponsored by the Desoto News, is now in progress, and Northville is one of the many schools contesting. Therefore this week the first elimination took place in choosing a champion from among the grades, contesting which are the fifth to the eighth inclusive. The winner of each class and the last name to be spelled down are as follows:

Fifth Grade: Veja Horst, champion of grade Alice Boelen, Evelyn Kummel, Mary Jane Deine, Eleanor Grossenow, Ruth Angell, Alfred Pausenbier, Peggy Blake, Eleanor Schader, Catherine Duguid.

Sixth Grade: Wilma Rattenbury, champion of grade Clarence Bolton, Frances Williams, Richard Shipley, John Steecklin, Bruce Gordon, Ruby Copland, George Ulrich, Herbert Ware, Gertrude Sedan.

Seventh Grade: Geraldine Ferguson, champion of grade Shirley Preston, Irene Evert, Violet Copland, Thelma Nordin, Violet Sheppard, Isadore Keens, Ella Tibble, George Harper.

Eighth Grade: Esther Fischer, champion of grade Maple Bryan, Howard Christensen, Francis Springer, Harry Sommers, Uncie Cousins, Young Phillips, Merlin Richards, Florence Kelly.

Last Thursday, the H. P. school boys went to Ypsilanti to play in the second tournament. They were successful in defeating East Lansing in the first game by a score of 3-1. Northville will try to follow in the same line in a game to be played in a few days.

Visitation of the school is at the door of our shop's gift shop and the visitors, particularly the girls, are finding a great deal of interest in the various items of clothing, hats, etc., that are offered.

**HARGIS DECLARAS**  
**THE SINGLE PLATE**  
**CLUTCH IS BEST**

Dodge Degler Praises One of the Strong Features of Popular Car

In England and on the continent, as well as in the United States, the single plate type of clutch is the choice of designers who are bringing out new models or are incorporating important improvements to make their cars faster and faster, according to W. W. Hargis, of Thomas J. Doyle, Inc., Pontiac branch.

"I have been interested in examining the specifications of foreign cars as published in the 1927 statistical issue of the American Automobile Engineering Magazine," Mr. Hargis states. "Comparison with an old issue shows that although the cone clutch was the favorite of a majority of British designers several years ago, there has been during the last two or three years a gain in popularity of the single plate clutch. Of 117 different models of 1927 British passenger cars fitted with cone multiple disc and single plate clutches the proportion is Cone 33 multiple disc 14, single plate, 70. Prominent English builders like Daimler, whose cars are recognized as truly fine cars throughout all the British dominions and colonies; Wolseley, one, two four and one six, not to mention both models of the well known British Rolls-Royce—all use single plate clutches. Sunbeam, whose 24 cylinder, 1600 horsepower, special car is now in Florida being tuned up, by Major Seagrave, who expects to cover the measured mile on Daytona Beach at a speed well above 200 miles per hour, builds four six cylinder and two eight cylinder cars all fitted with single plated clutches to give smooth engagement, easy action, easy adjustment and easy gear shifting.

The unusual ability of the new fabrics to resist wear is the result of much research in selection and preparation of raw materials and in development of improved manufacturing processes. The carefully selected long-fibres, after being twisted tightly into strong yarns are woven into curved fabric on special looms designed for the purpose. The snowy white fabric is impregnated with a bonding composition under enormous pressure and baked at high temperature.

Mrs. A. J. Wolinger of Albion is staying at the home of her sister, Mrs. James Duray, for the weekend.

## NOT A KNOCK and that means power

UP and over the steepest hills. On high! Not even 1/2 of 1% of a knock when you're tanked up with Indian.

Indian is a true anti-knock gasoline. No "ping," no generation of carbon and that means POWER. That's why—especially in winter weather—we like to sell Indian Gasoline.

If you own a car you should know this.

THE phrase "high test gasoline" is becoming out-of-date. Until 1923 the best gasoline was high-gravity (or high test) gasoline. But improved refining processes, known as "cracking," produce low-gravity gas of far better all-round qualities. Indian Gas, a "cracked" gasoline blend, is not high-gravity yet it has the same power producing and anti-knock qualities as a 32% benzol mixture.

**CHANCERY NOTICE**

STATE OF MICHIGAN, IN THE CIRCUIT COURT FOR THE COUNTY OF WAYNE, IN CHANCERY

At a session of said court held at the court house in the city of Detroit in said county, on the 22d day of February, 1927.

Present: Hon. Theodore J. Richter, Presiding Circuit Judge

VICTOR F. MITTY, Plaintiff

Defendant

In this cause it appearing by affidavit on file that the said defendant, Victor F. Mitty, is a resident of this state and that a summons to appear and answer has been duly issued in this cause but could not be served upon the said Victor F. Mitty by reason of his continued absence from this state.

On motion of Mackay, Wiley, Streeter, Smith & Tucker, attorneys for plaintiff, IT IS ORDERED, that the appearance of the said defendant, Victor F. Mitty, be entered in this cause within three (3) months from the date of this order, and that in case of his appearance that he shall answer to the bill of complaint, to be filed and a copy thereof served on the attorney for the plaintiff within fifteen (15) days after service upon him or his attorneys of a copy of the said bill, and in default thereof that said bill be taken as confessed by the said defendant, Victor F. Mitty.

And IT IS FURTHER ORDERED, that the said plaintiff cause this order to be published in the Northville Record, a newspaper printed, published and circulating in said county where said cause is pending, and that such publication be commenced within forty (40) days from the date of this order and that said publication be continued therein once in each week for six weeks in succession, or that the said plaintiff cause a copy of this order to be served, either personally or by registered mail, on the said defendant, Victor F. Mitty, at least twenty (20) days before the time above described for his appearance.

THEODORE J. RICHTER, Circuit Judge

Examined, countersigned and endorsed by me:

JOSEPH DONOVAN, Clerk

## LOCAL

Mrs John McCully was in Detroit, Monday visiting her brother, who has been ill for some time. She states that he is much better than he has been.

Mrs John Truran who has been in a hospital in Detroit following a serious operation, has so far recovered that she will be able to be returned to her home the last of this week.

Mrs I. J. Ulrich, who was taken to Detroit about two weeks ago for an operation, is reported as improving nicely, but it will be some weeks before she will be able to return home.

## COUNCIL PROCEEDINGS

A regular meeting of the Village Council was held in the Village hall Thursday, March 17th, 1927.

Present—Elmer L. Smith, President; Trustees—Filkins, Ely, Langfield, VanValkenburgh, Walker.

Quorum present.

Village Clerk read report of annual village election, which was held Monday, March 14th, 1927.

Moved by Ely that those receiving the highest number of votes for their respective offices be declared elected.

Moved by Ely and supported by VanValkenburgh that we allow Dan Yerkes \$1.50 cap on our Sanitary Sewer System, for a flat rate of \$15.00 per year, and he to pay the regular \$14.00 tapping fee. The City of Northville to not be responsible for any steppage of same in the future.

## RESOLUTION

It is moved by Trustees—Ely, VanValkenburgh, seconded by Trustees Charles S. Filkins that the "ORDINANCE OF NORTHVILLE ORDAINS" that Section No. 1 of an Ordinance approved November 17th, 1922, fixing and regulating the use of sewers by private individuals in the Village of Northville and prescribing the manner of construction and of connections and providing for the punishment of violations of this Ordinance, be and the same is hereby amended to read as follows:

THE VILLAGE OF NORTHVILLE ORDAINS:

Section 1. The Sanitary Sewer System and the Storm-Water Sewer System of the Village of Northville consists of main, lateral and outlet systems of main and lateral and outlet with the necessary accessories. The Sanitary Sewer System is designed to carry off all public house waste as facts, carrying the necessary water from pipes, liquid house or full tops. No roof waste, surface water, storm water or soil or drainage from any garage, either private or public or from any storm sewer or drain or outlet in any garage, either private or public shall be connected to the Storm Water Sewer System. The sewer in the streets or alleys passing the various lots are called main lateral sewers. The sewers leading from the main or lateral sewers, shall be called house drains, but all other parts and sections of said ordinance shall be and remain as originally adopted November 17th, 1922.

This ordinance shall take immediate effect insofar as the regulation contained are concerned but insofar as violation thereof shall be imposed for a period of thirty days from its passage and publication. It is adopted to be known as Ordinance No. 78, published in the Northville Record for an insertion and read upon the Ordinance Book at the Village.

Adopted by the following vote:

Yea—Filkins, Ely, VanValkenburgh, Langfield, Walker.

## ORDINANCE

An Ordinance amending Ordinance No. 74, approved November 17th, 1922, of the Village of Northville, being an Ordinance fixing and regulating the use of sewers by private individuals in the Village of Northville and prescribing the manner of construction and of connections and providing for the punishment of violations of this ordinance.

Section 1. The Sanitary Sewer System is designed to carry off all liquid house wastes as facts, carrying the necessary water from pipes, liquid house or full tops. No roof waste, surface water, storm water or soil or drainage from any garage, either private or public or from any storm sewer or drain or outlet in any garage, either private or public shall be connected to the Storm Water Sewer System.

The sewer in the streets or alleys passing the various lots are called main lateral sewers. The sewers leading from the main or lateral sewers, shall be called house drains, but all other parts and sections of said ordinance shall be and remain as originally adopted November 17th, 1922.

This ordinance shall take immediate effect insofar as the regulation contained are concerned but insofar as violation thereof shall be imposed for a period of thirty days from its passage and publication.

It is adopted to be known as Ordinance No. 78, published in the Northville Record for an insertion and read upon the Ordinance Book at the Village.

For 30 years he has sold the Pacific as a ship surgeon on the great liners plying between ports on the eastern side of that ocean. From Seattle to Honolulu on down to the Panama country, then to the ports of western South America and back to Seattle, was the sort of triangular route he followed for so many years.

It was just a year ago when his associates of the sea meeting in New York made him president of the International Association of Ocean Surgeons. The next meeting of the organization will be held in Melbourne, Australia, next January, and Dr Schuyler has already started work on the program for this meeting.

You see our members are located in all parts of the world, and it takes quite a while to get in touch with them, so we start early. It will take me something like a month to get there, so I will leave here early in

### LOCAL

Mr. and Mrs. R. C. Rew spent Sunday in Detroit.

Mrs. E. A. Keeney was a caller on friends in Detroit, Sunday.

Mr. and Mrs. Walter A. Ware were in Detroit, Sunday, visiting with relatives.

Born, Friday, March 18th, to Mr. and Mrs. Judd Green, a son, James Richard.

Mr. and Mrs. Lawrence Hamilton have been called to Gero by the illness of a relative.

Mrs. Geo. Ford entertained a company from the Detroit Sanatorium Sunday, March 20th.

Mrs. Blanché McKinney pleasantly entertained the Clover Leaf 500 Club, last Monday evening.

Several ladies were entertained at bridge at the home of Mrs. Eva Johnson last Tuesday afternoon.

Mr. and Mrs. Howard Douglas of Detroit were Sunday visitors of Mr. and Mrs. Charles F. Murphy.

Northville Commander met Tuesday evening and put on the Terrible degree. There was a large attendance.

Workmen this week started the construction of three new houses on River street. The buildings will be ready for occupancy late in May.

Attorney and Mrs. Cochran have returned from a month's visit in Florida. Mr. Cochran states that the trip to the south just at this time was a most delightful one.

Al-H Voglau has started the construction of a beautiful new home in Orchard Heights. The structure is near the attractive residence of Mr. and Mrs. Fred Lyke.

Mr. and Mrs. G. E. Richardson drove to Sparling a few days ago to take A. H. White back to his home. He spent sometime visiting here while there they also called on a number of friends.

Mrs. Charles A. Clark of Indianapolis will return for a visit at the home of her relatives Mrs. George A. P. Chapman on the Rose Bud street of Northville during the last week in April. She will be glad to meet many old friends.

The Billie Lee Wilson will be wed April 12th. Mr. and Mrs. John G. Wilson have been invited to the wedding. The bride is the daughter of Mr. and Mrs. John G. Wilson.

William Duff, a monthly expert in sports, will be present in the meeting of the American Legion Tuesday night. Dinner will be served at 8:30 and it is expected there will be more than 200 attending. Mr. G. H. Schuyler will entertain.

A lovely dinner was served at the home of Mrs. C. J. Schmidt and Mrs. A. D. Orvis who entertained on the occasion of her birthday. St. Patrick's Day Covers were laid for eighteen 30 relatives and there were present Mr. and Mrs. Ephraim Harger and their son-in-law and family, Mr. and Mrs. E. DeVore, and daughters Betty and Sally of Gross Pointe Park; Mr. and Mrs. F. R. Ranch and Mr. and Mrs. Chantree H. Ranch of Plymouth; Mr. and Mrs. A. G. Newman; Mr. Blanche McKinney; Mrs. Harry Blake; Edward T. Van and Miss Inez Evans.

**HEALTH OFFICER OF NORTHLAKE IS NOTED SEA SURGEON**

But It Was Great Lakes and Not Ocean that Gave Him Real Thrill

Dr. Randall Schuyler is Northville's health officer. He keeps the village decks clean. The crew and passengers of the "boat" are in good health most of the time.

"There isn't a single case of contagious disease on the whole craft," he said the other day.

And why does Dr. Schuyler talk part of the time in the language of the seas?

That's easy, when you know."

For thirty years he sailed the Pacific as a ship surgeon on the great liners plying between ports on the eastern side of that ocean. From Seattle to Honolulu on down to the Panama country, then to the ports of western South America and back to Seattle, was the sort of triangular route he followed for so many years.

It was just a year ago when his associates of the sea meeting in New York made him president of the International Association of Ocean Surgeons. The next meeting of the organization will be held in Melbourne, Australia, next January, and Dr. Schuyler has already started work on the program for this meeting.

You see our members are located in all parts of the world, and it takes quite a while to get in touch with them, so we start early. It will take me something like a month to get there, so I will leave here early in

December," he said, when discussing plans for the meeting.

But it was not the vast Pacific ocean that furnished Dr. Schuyler the greatest "thrill" of his life. Voyages from North to South America via the Hawaiian Islands were more or less tiresome because of the usual placidness of the sea.

Desiring to get back near to his old home grounds, he left the services on the ocean liner, "Yakabam," that he had served so many years in 1908, and qualified for a pilot's license on the Great Lakes.

He secured a place as pilot on the lake steamer, "Neshore," that was pounded to pieces in a storm on Lake Superior early in October in 1908.

An article in the Detroit News of October 8, 1908, which follows, tells of Dr. Schuyler's escape from death after floating over two hours in the icy water on a hatch cover from the sinking steamer.

"After battling with the waves in pitch darkness for two long hours, Dr. Randall Schuyler of this city, pilot of the steamer Neshore which stranded and went to pieces near Crisp Point on the coast of Lake Superior last Sunday, was saved by catching a floating hatch cover and on it driving to shore."

Dr. Schuyler wrote in Ann Arbor of his exciting experience and says he had not been fortunate enough to be a capital swimmer, he most surely would have drowned, and considers it little short of miraculous that he lasted longer than a few minutes after striking the water, for the immense seas made it almost impossible even for a strong swimmer to make much headway.

"The big boat was feeling her way through a dense fog and smoke about 1 o'clock, when a fierce 50-mile-an-hour gale struck her and drove her almost as sharp as she struck the waves, and the sailors were left at the mercy of the waves. Dr. Schuyler will never forgive the hours he spent in the water, when he had a good portion of the time in the water, and he never has been so far from land since.

Mr. Charles A. Clark of Indianapolis will return for a visit at the home of his relatives Mrs. George A. P. Chapman on the Rose Bud street of Northville during the last week in April. She will be glad to meet many old friends.

The Billie Lee Wilson will be wed April 12th. Mr. and Mrs. John G. Wilson have been invited to the wedding.

William Duff, a monthly expert in sports, will be present in the meeting of the American Legion Tuesday night.

Dinner will be served at 8:30 and it is expected there will be more than 200 attending. Mr. G. H. Schuyler will entertain.

**SPRING BUSINESS IS MUCH BETTER SAYS MOTOR CHIEF**

Chevrolet Official States Sales Have Never Been Better

An optimistic note on the spring business outlook in the automobile industry, discounting the "saturation point" bugaboo, and pointing out favorable conditions throughout the country is sounded in a statement just issued by William S. Knudsen, president and general manager of the Chevrolet Motor Company.

"In forecasting a continuance of good business prospects for the spring months, I am perhaps influenced by the aspect of our own sales, which has never been better in the history of the company," said Mr. Knudsen.

As evidencing steady growth in automobile production during this period statistics issued by the United States Department of Commerce for the last three years covering the six months from January 1st to June 1st, are interesting. The figures for these years follow: 1924, 2,054,561; 1925, 2,173,525; 1926, 2,450,780.

With these figures showing business on the upgrade generally, there are only two reasons which could be advanced for a possible decrease in sales: first, reaching the so-called "saturation point"; and second, a general decline in business-producing ready-to-buy.

No one, however, has ever been able to advance any reasonable formula for figuring the "saturation point". The "two and more" car trend is also pronounced that former theorists are being constantly urged. If we knew the total area which would be occupied if all cars produced were running within that area making impossible for any space to accommodate any more cars, some basis would be available for "saturation point". But such a situation is impossible—and we may leave the "saturation point" of the future to determine itself as the human spirit will find a place to open up in the back of the imagination which, until developed,

as for the general trend in the past, country wide reports show the usual spring growth is opening up twenty days ahead of schedule. With the winter early and marked only by severity, in 1925 rapid acceleration of municipal and private construction operations is indicated. Farming should start early due to the good weather and manufacturing operations generally are in excellent condition.

"Rapid turnover at smaller profits is the keynote throughout industry as reflected by our country's business. With this policy can only come a demand for more transportation."

**SALEM**

Mrs Frank Galpin is in Dr. Gates' hospital in Ann Arbor. Her daughter, Mrs. Ralph Wilson, and Mrs. L. M. Strot were with her Wednesday. She is doing nicely after her operation Wednesday morning.

The Italy Day of the N. E. Sunday School district of Washington county, which was held Tuesday in Federated church, with afternoon and evening sessions, was most inspiring and helpful. The first address, "Training necessary for successful teaching of adult classes" by Bernard Coggan of Lansing was handled in a splendid way and very spiritual—in the afternoon session. Also Prof B. A. Horn of Ann Arbor spoke most interestingly and inspiring on, "Training the teacher for successful work in the intermediate department" which was followed by discussion by several teachers. Mr. Moran of Ann Arbor presided at this meeting in place of H. Proctor, superintendent of Federated Sunday school who was unable to come on account of bad road conditions. The special music in the afternoon, a solo by Mrs. Taylor and a duet by Mrs. H. S. Mann and Mrs. J. J. Hajlida, was greatly appreciated. A fine supper was served in the church dining room by both Federated and Congregational Ladies' Aid Societies. At 7:30 o'clock the session was opened by devotional led by Rev. Harper of Dixboro. Mrs. R. W. Kehrl, superintendent of the Congregational Sunday school, presided, and introduced Miss Lela Linder of Ypsilanti, who spoke on, "What preparation should be possessed by a teacher of the young people's department" followed by discussion, led by Mrs. C. M. Penell. Song by Junior choir of Congregational church followed. In the absence of E. O. Loveland of Milan, Prof R. A. Horn spoke on, "The ideal superintendent". Discussion followed, led by C. W. Lewis, superintendent of Sunday school in Warden. Song by pupils of Mrs. J. Melow's class. Mr. Allan of Wills, gave an address on, "Qualifications for and extent of the secretary-treasurer's duties". It was a real treat to hear such able speakers on these important questions, and the hours will

portant questions.

**HARRY KIPKE WILL TALK TO EXCHANGE NEXT WEDNESDAY**

Famous Football Star is Speaker Next Week—Students to Hear Him

Harry Kipke will be the speaker at the Exchange club meeting next Wednesday. At that time there will be guests of the club all the members of the Northville High school basketball squad, and others representing the athletic activities of the school will be present, according to Doug Yerkes, Jr., president of the club. It is expected there will be an attendance of something like 100.

At the meeting held Wednesday, C. R. Livergood of Plymouth, made an excellent talk on community spirit, pointing out how Northville is progressing through the united efforts of all interests of the town.

The club will probably in the next week or so decide whether the anniversary of Exchange will be observed by the local organization.

### SERVICE STATION IS MOST COMPLETE IN WAYNE COUNTY

Addition to the Elkington & Casterline Place is Now Open

With the opening this week of the big addition to the Elkington & Casterline service station at the foot of Main street, Northville now has without question the most complete service station in Wayne County. Not only is it complete in every way, but it is probably one of the largest in this section.

Workmen have rushed to completion the big new wash room, covering a floor space of 2,500 feet, and cars can now be driven into the new section, cleaned and greased in comparatively a few minutes.

The new electric washer not only cleans the car thoroughly, but cuts the grease and dirt out of the springs in such a way that they can be piled to perfection. A high pressure aluminum greasing system has been installed, and it is the intention of the two owners to give the automobile complete service of every kind.

Arrangements have been made so that if anyone should have difficulties with their engines, immediate service can be secured at the station.

"We have got a service station now that is a service station," said one of the owners yesterday. "If a fellow has trouble with his tires, we can fix that. If he has trouble with any part of his car, we can fix that too. All we want to do is keep the cars moving and we are now equipped so we can do that," he said.

The entire place is open for inspection and the owners would be glad to have their host of friends in Northville and vicinity come down and see the station.

A complete line of Firestone tires is carried, and one of the best grades motor oil on the market can be secured in any quantity at the service station—stationary or portable.

### DR. FLEMING COMING HERE TO GIVE TALK

Dr. J. H. Fleming, author of the book "How to Get the Most Out of Your Home," will speak at the First Congregational Church on Sunday evening, March 31, at 8 o'clock. Dr. Fleming has traveled widely and given many lectures extensively and job addresses on "The House and Garden of Crime" will doubtless be most interesting.

He advises the passage of the bill now before the legislature to return and daily use of the Bible in schools in Michigan.

The meeting will be held in the First Congregational Church in Northville on Sunday, March 31st, at 8 p.m.

### NORTHVILLE Twenty-Five Years Ago

Items taken from The Record files of 1902, for the week corresponding to this week.

Born to Mr. and Mrs. James Clark, March 25th, a girl, Madeline Ethel of this place, and Willard B. Holcomb of Detroit were married this week.

Born to Mr. and Mrs. Emil Summers, March 23rd, a girl. Mr. and Mrs. Summers live on the Elkins farm northwest of town.

Born to Mr. and Mrs. Frank Bradlev, at Gil Edge, March 24th, a girl.

Mrs. D. F. Harmon was able to ride out last week, and was outside the yard for the first time in 100 days.

Ray Van has gone to Detroit, where he has a position in one of the organ factories there.

Carl Capell has purchased the Star Laundry of Milt Brown and will hereafter devote his attention to the laundry business. Mr. Brown has not yet decided as to just what business he will now engage in, but is considering several offers.

A court of Foresters will be initiated here Monday night by Grand Secretary Paul of Pontiac. A large number of the craft will come by train from Pontiac to witness the event and members from Wayne and Detroit are also expected to be present.

### SAYS BUSINESS IS SLOW OUT ON COAST

"We had a delightful time in California, and were there during the big rain storm. I have spent a number of winters in California, but never before did I see it rain out there like it did this time. It lasted for nearly three days. Bridges were washed out everywhere," stated Alton D. Orvis, who returned with Mrs. Orvis from the Pacific coast a few days ago.

Outside of the big storm the weather was ideal, and we enjoyed it very much. We went about without our wraps on. There are many beautiful spots about southern California.

From what I could hear business was not any too good out there. There is no much building going on, although during the past few years large sections have been built up. It looks as though the country was built up a little too much, and it will take a few years to absorb the surplus. For sale and for rent signs are everywhere. But at that one can't help but like that country."

### OLD FASHIONED HAT MAKES HIT WITH REW

R.C. Rew wants folks to go back to the old silk hat days. He tried one on the other day in Walter Ware's hardware store. The silk hat is one that Mr. Ware has been keeping for many years. Not only did he try it on, but he traveled the full length of North Center street wearing the silk dome. It was an election bet, but simply taking a dare. "I said the hat was so becoming that Rew wants them to come back in style again."

Mrs. Carl Ply is at her home in Northville having almost entirely recovered from the recent serious operation she underwent at Detroit.

## DODGE BROTHERS MOTOR CAR

### Facts

#### that Draw Crowds and Sway Buyers

Little wonder Dodge Brothers Motor Cars today are accorded such widespread and enthusiastic commendation.

Smart new body lines and attractive color combinations.

A new seating arrangement that provides still more roominess and comfort.

A new clutch, simple, sure, silent—

Softer pedal action, easier gear shifting—

Quicker acceleration, still greater steering ease—

More rigid engine support—and smoother performance—

New, silent-type muffler—

Sturdiness and dependability made still more pronounced by vital betterments in body construction and in the propeller shaft, differential and axle shafts.

Add to these the new five-bearing chrome vanadium crankshaft, with its remarkable improvement in engine performance, the excellent new starting and lighting system and many other recent betterments, and you understand why owners proclaim today's car—

"The finest Dodge ever built!"

## NOVI

Patricia Gaffney and her sister, Mrs. Scially, were in Detroit, Friday shopping.

Mrs. Sarah Keith of Farmington is visiting this week at the home of her son, William Main.

The weekly prayer meeting was held Wednesday evening at the home of Mr. and Mrs. Phil Taylor.

Mrs. Peter Francis of Brighton is a visitor at the Frank Hamilton home on the South Lyon road.

Mrs. William McWilliams is spending the week at the home of her daughter, Mrs. R. O. Thompson.

Jay Hazen and F. C. Chapman, both members of the board of directors, were visitors at the Novi school, Monday.

M. D. McGregor, who has been working for J. O. Munro, went to Flint, Sunday, and will engage there in carpentry.

Mr. and Mrs. Jay Leavenworth and children of Royal Oak, were Sunday visitors at the home of the latter's brother Bert Leavenworth.

Lois Bassett, an instructor in the Sandusky High School, spent the weekend at the home of this parents, Mr. and Mrs. George Bassett.

Mr. and Mrs. J. C. McGowen and Son, Sally, of Detroit, spent Sunday with the former's mother at the home of his sister, Mrs. Belle Walters.

Leon and Jessie Heimes, davies from school, will attend classes in Toledo where their parents, Mr. and Mrs. Heimes have taken up residence.

Miss Rose Bassett, who is taking a training course at the Ford hospital, is making commendable advancement in her profession and enjoys her work very much.

Mr. Frank Rice and son, Warren, Mrs. Eugene Rice, Mrs. Thompson and daughter Jo, were among those from Novi in attendance at the Flower Show in Dearborn.

Mr. Clark Bassett has spent the week at the residence of Rev. Mr. Fred Flory, who has been ill with pneumonia. Mr. and Mrs. Fred Bonner have been visiting during his illness.

Mr. and Mrs. George L. Moore, of Farmington, joined the group of Mrs. George Simonson, Saturday. The two Ruth Simonsen girls, Lucile and Dorothy, have been quiet at during the last few weeks.

The Home Economics Club met, with Mrs. Bassett on the Rockwood farm, last Thursday. The ladies planned the color and design of Girls' night dress for the various robes of femininity bound to the hearts of the students.

Mr. William Jones and daughter Ruth, yesterday, began a school track back a long time through the surrounding country in their steady questing after them. They returned laden with great pillows if it speaks highly of their success.

The pupils of the sixth grade have been requested to be in the school house at 4:30 Saturday, as they are to help Mrs. DeConinck, the supervising teacher, in giving a model history lesson for the illustration of the contest, and the visiting teacher.

Those interested in the music for the Easter program for the Baptist church on Tuesday evening, are invited. Besides the pianist there are two violinists and two cornetists, who play regularly at the services and meet each week for practice with the choir.

Sunday noon Clarence Smith was brought home from Detroit, where he has been confined for some weeks in Harper Hospital. He was accompanied by a nurse, who remained for a short time. While far from well, Mr. Smith is fighting hard to regain his health.

William Main, who for many years has farmed the grain for the farmers of this vicinity, was in attendance at the Threshermen's Association, held last week, March 16, 17, 18, at Lansing. The meetings were held in the Kerns' Hotel, where many of the breeders registered.

On the same day which our young friend, Olin Brooks, unfortunately received a dance given by the officers of the House of Correction Farm, is proving to be a great source of entertainment. Olin has been told that the instrument is worth three hundred dollars, and he considers himself lucky.

Many people in this country must possess a "sweet tooth" for there were sixty-two present at the maple sugar social given by the Griswold school at the John Cole farm house.

The proceeds realized amounted to twenty-five dollars, which will be used in beautifying the school room.

Dr. and Mrs. A. T. Holcomb returned Sunday from their trip through the southern and eastern states. After reaching Florida they thought they had struck the ideal climate and spent the remainder of their time enjoying its balmy breezes. Dr. Holcomb looks as if he had enjoyed his sojourn to the fullest measure.

and Mrs. Bloom, of Commerce, who accompanied them on the trip arrived at the same time.

Mrs. Neil and Mrs. Shinn were mothers who visited the school on the day the spelling contest was held.

Mrs. Jennie Haywood and son David, and daughter, Francis, of Lansing, together with Mrs. Phoebe Williams of Brighton, were callers at the Baptist parsonage, Sunday.

Mr. and Mrs. Roy Leonard and children of Detroit, were dinner guests at the home of Mr. and Mrs. Caleb Rix. Other guests present were Mrs. John B. Fuller of Albion, and C. Stanton of Detroit.

Do not forget the Zone meeting to be held tomorrow, March 26th, at the Baptist church at 1:30. Be sure to attend. Good dinner will be served at noon by the Mission Band. Tickets, forty cents.

A. E. Chapman, son of Mr. and Mrs. F. J. Chapman, has been sent to Pennsylvania in the interests of the William Ford Universal Show Co. We are glad to learn of the well-earned advancement to this promising young Novi man.

A movement is about to interest the school girls between the ages of seven and eleven in a "Biblean Organization," which is an auxiliary of the Campfire Girls formed for the benefit of the younger girls. Patricia Gaffney and Helen Whitehead of the Campfire Girls have been chosen to take charge of the work in organizing.

Rev. George Gullem made a call on Rev. Thompson Sunday, and left a package of invitations to the dedication services of the New Community Church at West Point Park corner of Farmington and Seven Mile roads. Besides the regular morning and evening services there will be a special afternoon session at three o'clock. Everyone is extended a verbal invitation to come and for the convenience of those traveling a great distance, a warm lunch will be served.

On April 1st, Harry Dugan will be holding his ownership of the garage at the same place here Bert Leavenworth held sway for many years. Mr. Dugan just made arrangements to purchase the property six months ago and would like to have it not that he needs them for his own workshop. It is believed that he will go today and get a representative of an auto dealer soon.

While we are sorry to bid farewell to Mr. Dugan we all rejoice against the arrival here of our old friend Bert.

A smiling waits to receive the trophy of each grade in regional competition at the meeting this week. Corinne Neal was the champion of the fifth grade, Olive Hobson of the sixth grade and Leon Henshaw of the seventh grade. Owing to an injury, the winner of the eighth grade might be disqualified at a subsequent test. The school champion will be acclaimed at a contest to be held April 1st. All ready winners who will present with a diploma in the Detroit News, and the champion of the school will receive a beautifully bound atlas.

## TELEPHONE SERVICE IS BEST IN AMERICA

New Zealand Advocate of State Control Admits U. S. Public Utility Preeminence

Private enterprise has given the United States better telephone and other public utility services than New Zealand has obtained under the government ownership says James J. Staples, prominent New Zealand newspaperman. Mr. Staples is assistant advertising manager of two of the Dominion's principal newspapers "The Star" of Christchurch, and "The Lyttelton Times." He visited this country to attend the annual convention of the Associated Advertising Clubs of the World at Philadelphia.

"I came here a skeptic believer in state controlled public utilities," said Mr. Staples, "and I still believe in such control as in New Zealand, but after observing the manner in which the public service business is conducted in America, I am satisfied that the telephone and other services can show a clean pair of heels in the matter of service."

In New Zealand the State operates the telegraph and telephone services, the steam railroads, life and accident insurance and the coal mines. In America you have an excellent system of regulation of public utilities and it appears to be an exceedingly successful solution of your problems."

Master Billy Schoultz, son of Mr. and Mrs. Clyde Schoultz, returned Tuesday evening from Pasadena, California, where he has been spending the winter with his grandparents, Mr. and Mrs. W. E. Andler. He came back to Michigan with Miss Lillian Parkes of Detroit.

## GRAVEL HIGHWAYS IMPASSABLE IN MOST SECTIONS

Many Automobiles Stuck in  
Mud on Novi Road  
During Past Week.

For nearly a week Northville has been cut off from direct traffic to the Grand River road, the gravel highway from this place to Novi having become practically impassable to automobiles. Some two weeks ago warnings were posted that trucks should not use the highway, but the road for about ten days has not been able to even carry light automobiles.

It was reported that late last week there were as high as a dozen automobiles stuck in the mud on the road. The "bottom" seemed to drop right out of it. The Novi road has been in the worst condition of any of the highways in this section. It has been

possible to get through most of the other gravel roads but this particular stretch has been in a bad condition.

The condition of the highway will doubtless need to be Earl, having one stretch of road. There has been some talk of laying out a new highway between North Center street and Grand River. Such a road would do away with three grade crossings between Novi and Northville, but what the Gallard county road commission will do has not been decided.

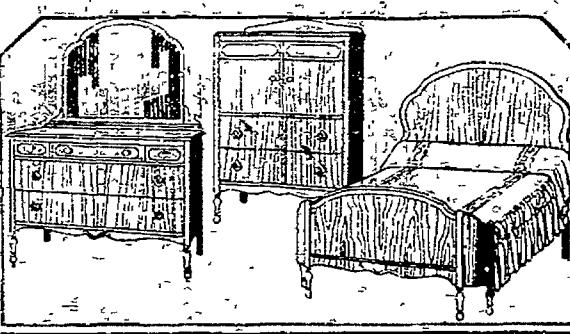

### LOCAL

The many friends of the Ray Bogart family, now residents of Stratmoor, will be glad to learn that their son Roy, who has been in Grace Hospital following an attack of pneumonia, is rapidly getting better.

Miss Estelle arrived in Northville Monday morning from Pontiac, Michigan, to take care of her mother, Mrs. Estelle, who is suffering from a severe case of rheumatism. She is staying at the home of her daughter, Mrs. Estelle, and is going to stay until the weather improves. Miss Estelle is going to help her mother get well again.

Mr. and Mrs. W. C. Johnson

## Whole Carload New Bedroom Furniture

This newest shipment comprises some of the finest pieces of Bedroom Furniture ever brought to this section.

Three-piece Suites from \$68 and up.

This store is known throughout all of this section as the headquarters for the best there is in furniture and at prices that cannot be beaten anywhere.

Did you ever stop to think that a \$20. Dresser looks just as good on a sheet of paper as one costing \$50?

Hugs, hundreds of them. In fact everything you need for House Furnishings.

## SCHRADER BROTHERS

NORTHLVILLE, MICH.

A BIG STORE IN A GOOD TOWN.
