LAPHAM STATE BANK OBSERVES 20TH BIRTHDAY

Officers, Stockholders and Guests Celebrate at Country Club

In commemoration of the twentieth anniversary of the creation of the Lapham State Savings bank, officers and stockholders with their guests, last Friday evening, celebrated in a most fitting way at the Meadowbrook Country Club, twenty years of progress, expansion and community service.

And they had every reason to do so. From a beginning as lonely as any bank ever had, this financial institution of the community has developed into one of the important banking houses of the state, doing a business that many big city banks would be delighted to have.

One of the unusual features in connection with the celebration of the remarkable success attained by this institution during the score of years of its career is the fact that its president, its cashier and three of its directors elected at the time of its creation still retain the positions originally elected to.

"To show you the remarkable spirit of harmony that has existed during all of these years, the spirit that has enabled us with the assistance and cooperation of the community to build up such a strong bank as we have today, there has been but one time during all of these twenty years that I have been called upon to break a tie vote at a meeting of the board of directors," stated Frank S. Harmon, president of the bank.

And there was another thing in evidence, which indicated why any business in Northville is highly conducted generally makes a success. Just a little there, but it reflected the spirit of one of Michigan's most prominent citizens, asumpitio

Dialect book of the speakers. There was a hearty bit of humor from the Northville State Savings bank, with a card respecting our country bank upon the completion of twenty years of existence by state banks in Michigan. It simply reflected the harmony of the community that each which had always characterized Northville.

Following the service, there was a more elaborate dinner in the main dining room of the country club, which was most sumptuously decorated with flowers. President Harmon opened the program by calling those present a great historic in the founding of the bank.

"Of the original directors, there are three still living and all of them are active in the interests of the bank. They are Frank S. Neal, Ed Lapham and myself. The only vacancies we have ever had on the board were created by death. This, too, is an indication of the great harmony that has always existed in our organization," said Mr. Harmon.

"I am going to present to you the man who probably has had more to do with the success of the bank than any one other individual. He has always been found alert to every need of the bank and willing to serve us every time. We turned the bank over to him to run. He did a good job of it, and now I am going to turn the program over to him."

It was E. H. Lapham, treasurer of the evening, cashier of the bank bearing his name, who twenty years ago, while clerking in a big banking house at Detroit, saw an opening in Northville for a new banking house. He came out here and talked with his old friends.

One guest of the evening out at the country club said he remembered well one day sitting in the stairway of one of the older buildings on North Center street with Ed Lapham and discussing the possibilities of another bank in Northville.

"He was not much more than a youngster then, but he told me he thought sure there was a good opening out here. He agreed with him, he started out, and it wasn't long before he had started the bank that he had made such a success," he said.

All of the speakers were especially laudatory of the service to the banking organization of F. H. Lapham, too, who really started the bank and has carried it through to such remarkable success.

Mr. Lapham told the visitors something of the development of the bank and how it had grown from a small country banking house with a capital stock of \$25,000, to a bank with resources of over \$1,350,000.

He then introduced Charles Norman, the First National company of Detroit, as the speaker of the evening.

OFFICERS NAMED BY EASTERN STAR FOR ENSUING YEAR

Annual Meeting last Friday Evening One of Largest Ever Held.

At one of the largest attended annual meeting of Orient Chapter, O. E. S., held in recent years, officers were selected last Friday evening for the ensuing year and other business of the chapter transacted. It was decided that the installation of officers will take place on Friday evening, April 29th, to which each member is privileged to invite one guest. The event promises to be one of the important ones of the present year in Star Lodge affairs.

Members were greatly pleased to know of the excellent condition of the Lodge affairs and the situation of the officers to whom they do also create favorable comment.

The following officers will direct the affairs of the chapter during the ensuing year:

W. M. Mrs. Lydia Ely
P. W. G. Edwards
A. Mrs. Blanche Franklin
Secretary—Mrs. Marcella Hay
Treasurer—Mrs. Bella Brooks
Conductress—Mrs. Hazel Boyden
Ass't Con—Mrs. Mary Cassie

the bank officials and community, as well, for the success attained by the bank during its twenty years of existence.

"You know the banking business isn't the cold proposition some people think it is. The pages of any bank's records are filled with stories of success, the aspirations of the depositors and the triumphs of their efforts," he said.

"I like to go out to the Belle Isle bridge because it reflects the endeavor of the worker. The bank's competing with the great bridge. It helps one to reach their destination."

The young couple just starting out in life, residing in the hotel every night long, are in mortal terror through all bank to gain in a ideal.

The father and mother anxious to give their boy and girl the education so much desired and the bank a way where the education can be provided.

These two, and many others, the young and inexperienced, the ranks and after the time when a man of short will in many cases, in the end, be enabled to lay aside that little extra bit, which will keep away the annoyances that accompany old age."

Mr. Lapham called upon the directors of the bank to pass a few words. The directors are: N. C. Schrader, F. P. Bradley, C. H. Bryan, A. C. Christensen, H. R. Clark, M. N. Johnson, F. S. Neal, C. A. Penstorf, B. M. Terrell and Mr. Lapham and Mr. Harmon.

Rev. William Richards of the Methodist church, offered thanks at the beginning of the program, and two excellent vocal numbers were provided by Carl Bryan. Following the talk by Mr. Lapham, Mr. and Mrs. Tamm, provided music for some of the old time dance numbers, as well as the more modern ones. The evening was just about as enjoyable a one as could be arranged, and the visitors expressed to Mr. and Mrs. Lapham, who carried through all of the arrangements, their commendation for the success of the event.

The officers of the bank are: F. S. Harmon, president; F. S. Neal, vice-president; Frank E. Bradley, vice-president; E. H. Lapham, cashier; Ernest Muller, assistant cashier; F. R. Lautenberger, assistant cashier.

BOY HURT WHEN WAGON HITS AUTO

Two lads coasting on a wagon near the school house Tuesday morning narrowly escaped serious injury when their cart sped into an automobile. As it was one o'clock, David Sutton, suffered a fractured leg. The other boy, Samuel Lawrence, was not injured.

The wagon crashed into an auto driven by Mrs. George Simmons. She was bringing her daughter down to 100' and automobiles parked along the street hit her cart on the sidewalk.

She never saw the boys coasting until they hit her automobile, and the lads after seeing that they might hit the car were unable to stop in time or turn their wagon so as to avoid the crash. The fact that the automobile was being driven at a very low rate of speed accounts for the accident, not being more serious than it was.

Marshal William Safford was called to the Exchange Club, heard an excellent talk, Wednesday noon on the efforts being made in this state to check the use of narcotics. The speaker was Rev. Waite, a native of Northville, a member of the First Presbyterian Church.

DON YERKES, SR. NEW PRESIDENT OF ROTARY CLUB

Other Officers Elected for Year—Langfield to Visit Europe

Don Yerkes, Sr., has been elected and has accepted the presidency of the Rotary Club. Because of the desire of E. C. Langfield to retire as president of the club at once, in view of the fact that he expects to be away during the next three or four months. He has already assumed the duties to which he has been elected.

The Rotary Club at its meeting Monday elected the following other officers for the ensuing year:

Vice President—Dr. Howard Burkhardt

Members' Board of Directors

Claire Schoultz, Dr. Richard Sader, Edward Mills

Secretary J. W. McChinck

Treasurer Frank Harmon

Sergeant-at-Arms—Ed Kline

The retiring president becomes a member of the board of directors for one year.

President Langfield expressed his deep appreciation of the wonderful support that has been given to him by members of the club during his term as president.

"It has been a pleasure to serve the club because I have round every member willing and anxious to serve. I am sure that with the new president the club will prosper and grow as you will give him the same kind support as you have during the past year. The Rotary Club is a splendid organization, and I want you to know that I appreciate the fact that you have elected me as delegate to attend the world Rotary conference to be held in Oregon in the next two months. I am going to go, but while I am across the sea I am sure you will find a meeting to reach their destination."

The young couple just starting out in life, residing in the hotel every night long, are in mortal terror through all bank to gain in a ideal.

The father and mother anxious to give their boy and girl the education so much desired and the bank a way where the education can be provided.

THE DETROIT EDISON COMPANY

FORMER RESIDENT DIES IN FLORIDA

Advices have been received here of the death of John H. Steers, founder of the Plymouth Mall and for many years a resident of Northville, at St. Petersburg, Florida, where he had been spending the winter. His daughter, Mrs. Jessie Power, was with him at the time of his death.

For many years Mr. Steers conducted a hardware store in Northville. Following his retirement from business here he went to California to reside. Mrs. Steers died some years ago.

It was his plan to go back to California with his daughter and make their permanent home in that state.

The body will be brought to Detroit in May and burial will take place in that city.

FRED LYKE GETS CONTRACTS FOR NEW BUILDINGS

Will Do Plumbing and Heating Work on Center Street Structures

Fred Lyke has secured the contracts for the plumbing and heating of all three new buildings being erected on North Center street. He has just completed the plumbing and heating work that has been installed at the Meadowbrook Country Club and will just as soon as the building condition permits start the work on the new structures going up on Center street.

Work on other structures are progressing at rapid rate. The foundation for the Shafer building is completed, and the construction of the frame or the Schjade block was under way last Monday morning. The brick work on the Schuyler block has been completed, and the roof will be finished in the next two or three days.

The progress being made on the construction of these three buildings is most remarkable. Unless some unforeseen condition develops they will probably all be ready for occupancy by the middle of June.

WORKED ON RECORD IN 1883—TELLS HOW PAPER WAS PRINTED

William Goodspeed of Lansing Still Active in the Print Business

William Goodspeed, one time Record employee, has for a great many years been the representative of the Robert Smith Printing Company of Lansing, whose duties require that he look after the vast amount of state printing done by the company. The state printing is let by contract, but because of the large amount of it and the special equipment necessary to do a considerable portion of it, there are very few publishing houses in this section of the country equipped to handle it. It is the duty of Mr. Goodspeed to check up each day on the requirements of the various departments and see to it that their printing requirements are filled.

It was in 1883 when Mr. Goodspeed was employed at the Northville Record offices.

A man named Hess owned the paper. He bought it from Sam Little, founder of Little's newspaper. Little built the original house in Northville. We used to make the paper up and take it over to Detroit to be printed. I was working at the Western News paper Union in Detroit. When Hess came down to the office one day and said he needed a man badly out in Northville, I went out there and worked nearly a year in the Record office. And I want to say this for Northville—it is one of the finest towns in Michigan and never, in any place I ever worked did I meet a nicer lot of people than lived there. I have often wondered if the town was such a pleasant place to live now as it was then? and Mr. Goodspeed recently

Mr. Goodspeed for many years was

a member of the state fair board serving under Governors Slocum and Gatesback. He retired from that or-

**Whatever You Do
It's For Yourself**

Every man who lives in a home knows he can do little things to make it more attractive, livable, comfortable. When he owns a home of his own he can do as he likes and know it is for himself and his loved ones. When he improves another man's property, while he says "well, he is a fool," the landlord will permit the change, and if he does, the next year is simply paying out more money to make another man's home more valuable. Build your own home, then do as you like.

This is**THE MOST BEAUTIFUL
CAR IN AMERICA**

Topping the "Sixes" in the wide Paige line of "Sixes" and "Eights" is the magnificent 6-75. This Paige is a big car, extraordinarily well made and beautifully styled. And yet its price is so moderate that it is attracting to Paige ownership many of those who prefer the greater comfort of a large automobile.

Much of the charm of the 6-75 models is due to the skill with which Paige designers have achieved interior roominess without sacrifice of graceful exterior lines. But to appreciate fully the true magnificence of

this motor car you must sink into its luxuriously upholstered cushions, take its wheel and actually drive. For in addition to its great beauty and its exquisite appointments — it performs beautifully, too. When will you go for a drive?

The 6-75 5-passenger Sedan illustrated above lists at the factory for only \$1,095. A 7-passenger Sedan, a Limousine, a Coupe, a Cabriolet Roadster, and a smart Phaeton are also available on the 6-75 chassis at similarly low prices. The complete Paige line of twelve models offers a wide variety of selection at prices from \$1,095 to \$2,795. All prices f. o. b. factory.

**STINSON BREAKS
RECORD IN SALE
OF FLYING CRAFT**Company Produces Twice as
Many Machines as
Competitors

With its recent sale of Detroiters to the Marion Motor company, the department of Commerce of the United States, and the Pan American Airways and Exploration Company, Ltd., of Canada, the Stinson Aircraft Corporation of Northville has set a new high record in the fine class airplane field. In less than six months the company has sold twenty machines costing \$1,100 each. This is twice the sales of Stinson's closest competitor.

The progress of the Stinson corporation in the little less than a year of operation has been nothing less than amazing. It is generally recognized throughout the world that the Stinson produced craft is absolutely the best flying machine of its kind made and that unless other manufacturers of aeroplanes are able to produce a craft as "stable" and as "speedy" and so easily controlled as the Stinson, the local corporation will soon be the biggest producers of aeroplanes in the world.

A number of additional men have recently been added to the payroll of the company, the force now being the largest since it started business.

WORTHY OF SUPPORT

The Rev. William Richards of the First Methodist church has not yet announced his plans for raising funds for the church house he would build in connection with the church he directs in this community. He will doubtless do so within the next few days.

However, there is this much that can be said about the project, knowing only a part of his contemplated program—that his effort is entitled to the fullest support from the public.

What he has in mind is something that is greatly needed in the community and a project that can be used by the entire town.

If there is any fault to be found in his plan, it lies in the fact that he does not propose to build a church house that will seat more than 400 or 500 people. Possibly he might be right in this, but Northville is growing at a very rapid rate, and its development in the future is bound to be greater than in the past, and the church house is something that must be built for the future as well as the present.

THE PUBLIC IDEA

Government attorneys, that is, attorneys who are drawing pay checks from the government, took their another swing at Henry Ford. They called Mr. Ford a crank and ignoramus, and declared that he had always been a menace to the great industry which he built.

Possibly comment about a person's conduct in court might not be just, the proper time and comment was to be given to the various attorneys involved in the case is already impossible.

In the reflect of the attitude of the general public over the objection is the same as it is in this locality, most people seem upon the surface, according to Mr. Ford as about as cheap a lot of bunk as ever collected together in a legal document.

It's a queer thing why a man who has made the startling suggestion that Henry Ford has should be the constant source of attack.

WORTHY SERVICE

Being the directing official of a club like the Rotary or Exchange gives to the executive sort of semi-public position. Luncheon clubs don't move or less with public affairs most of the time. As a result it forces into public attention the man who is at the head of the organization.

After having served a year as president of the Northville Rotary Club, T. C. Langfield has found it necessary to retire from the position—he has so well filled. During the time that he has been at the head of the Rotary Club, he has used every opportunity that presented itself to direct the activi-

UNABLE TO FIND HOW
NIGHT FIRE STARTED

Fire of unknown origin about 11:00 o'clock Wednesday night, considerably damaged a chicken coop on the Ulrich dairy farm, southwest of the city. The fire department was called but the blaze had been nearly put out by Mr. Ulrich before the arrival of the department. An investigation failed to show how the fire started. No one had been in the coop since late in the afternoon, and there was nothing about the place to cause a fire, stated Chief Hicks today. The loss was not large.

SALEM FEDERATED

CHURCH PLANS EVENT

A deputation team composed of eight young people and under the personal leadership of Miss Neva Lovewell will be guests of the Salem Federated Church over the coming weekend. On Saturday evening in the Salem town hall, they will be in charge of the evening's program for "Fun Night."

On Sunday morning, the young people will have charge of the morning service, furnishing the speaker, music etc.

Everyone is cordially invited to share the enjoyment and inspiration which the Federated church will derive from the University young people.

The dates, April 23rd and 24th.

The next church night for the Federated church will be on Wednesday evening, May 25th. This will be the last one for the season. Please set aside this date, as an attractive supper and program is being planned.

We Cannot Stay in Dreamland All The While

Stern reality meets us when we get to earth. There is work to do and loads to lift and life to meet. There are level stretches of pure drudgery.

Peter and James and John had a wonderful experience with Jesus on Mt. Herman, and it was so pleasing and vivid and agreeable that Peter wanted to enjoy it forever.

His idea was good, but it was not practical as he proposed. There was Calvary ahead—long years of gospel work—very disagreeable going—death.

Our high moments are of great value—we should have many of them. Our commonplace joys are more numerous. It is the vision that throws light upon the drudgery.

Buick is in a Value Class

BUICK'S position of leadership is founded on value. Its constant aim is to build each Buick better than the last.

And today, despite that leadership well won and firmly held, Buick is constantly seeking to improve its design—constantly searching for the new and better thing—constantly striving still further to increase the value on which Buick's leadership is based.

**DR SCHUYLER SAYS
SAILORS ARE MOST
SUPERSTITIOUS**

**Declares That They Will
Leave Boat When Rats
Depart**

Superstitions among sailors is, intense declares Dr. Randall Schuyler. The Northville health officer had just read an article in one of the Detroit papers which told something of this superstition. The article follows:

"Navigation on the Great Lakes opened officially at midnight Thursday night, but a freight vessel hove anchor here Saturday. All because of a sea superstition—it's bad luck to sail on a Friday."

"Hundreds of giant lake freighters for weeks have been preparing for the opening of navigation as soon as insurance was effective, which was last Thursday midnight. But all were still in port Friday."

You can bring a ship through all kinds of weather and against seemingly insurmountable obstacles. Sailors will fight to the last man to bring a ship safely to port, but when it comes to sailing on a Friday good seafarers often refuse to man ship. Capt. Dan Henderson, veteran Cleveland harbor master, said in explaining why some so odd ships with steam up and spick and span to the last gunwale were still tugging at hawsers in Cleveland harbor. "Superstition, tradition—call it what you will—is to the sailor the most powerful influence in the world, with the possible exception of self-preservation."

The doctor states that he was on a ship once in Hawaii when all of the sailors deserted the ship while it was in port because the rats started leaving the ship. "It's a funny thing," said the doctor, "but when the rats left the ship all of the sailors quit for fear that something was going to happen to the boat. There was never a case before in history of the rats leaving a ship, the captain and his crew staying on board."

**EVERY GARFIELD
DIES IN DETROIT**

Two days ago of Agnes Clifford, 10, of Hazelwood, Mich., who died in Detroit Valley Hospital on Wednesday, April 22, having just recently recovered from appendicitis. Mrs. Clifford died about two weeks ago of heart trouble. The funeral was held Saturday morning at Our Lady of Victory church, Superior took place of the burial.

MAY 1st—MAY DAY

CHILD HEALTH DAY

May 1st is Child Health Day last year. Nothing could be more appropriate than that of combining the May Day spirit with that of the highest concern regarding the health of our children. The basis of child welfare is child health—and health is enjoyed in sound bodies.

The State has issued a proclamation designating May 1st as Child Health Day in Michigan. Let us pause a moment and analyze thoroughly the condition of health of each child in the home. Every well-brought-up child in Michigan has an obligation to a healthy joyous life.

If isn't really a big town unless reporters interview the local rationnaire about once a month.

General

That would be about the best
service we could give you.

There are thousands of such orders
in the whole country and we have
in stock needed tomorrow to be long distance
phones today. Printers cannot afford to keep their
phones off the paper. This printer, like other
manufacturers, has to pay for the paper, therefore, on time, we will do business and
when the telephone does its duty in keeping down the
printing cost of printed matter.

Again, the long distance phone saves
in many, many cases, several exchanges of correspondence
and the expense is compensated, detail not reduced,
and certain savings eliminated.

Please note that selling cost is
less than ever before.

CALIFORNIA HAS GREAT CLIMATE SAYS TEWKSBURY

Local Visitor to the Pacific Coast Returns Home
Pleased with Trip

Mr. and Mrs. Otis Tewksbury and their family, who have been spending the winter in California, have returned to their home in Northville. During the four months spent out on the Pacific coast, they had a most delightful time, and although they were here during what was termed the bad weather period, they state that it was nothing as bad as pictured in some of the eastern papers.

The scenery itself, they say, is never failing; there is such fertile land as you find in the valleys of that state. There is lots of building going on, and the country around Los Angeles seems to be growing very rapidly. We enjoyed our visit greatly, stated Mr. Tewksbury.

We were up and down the coast in both directions, and liked the looks of the country very much.

I ran across Hugh Clawson of Hollywood. He is working for the Southwest Engineering Company and has a very good position as foreman. Mr. Putnam who formerly owned a farm over at Novi, lives in Inglewood, a very pretty suburb of Los Angeles. He is building some houses there, and seems to be enjoying the country greatly.

W. J. Dolph, who used to live in Northville, has, for many years been an instructor in the schools of Los Angeles. He is a great booster for that city and state. I saw Will Nash who used to live here many years ago. He seems to be prospering out in that country, and is enthusiastic about living there. Charles Rugg formerly in business over at Plymouth, is now working for a insurance agent in Van Nuys where he lives with his family. Ray Venith is in his place, living at Sunnyside. He always seems to be a great asset. Like all the rest of the former Plymouth people, I see him often, and the fact that he is still here is a credit to the town.

Henry Ray, the American and European agent for the American and European

Automobiles, is in the city.

He is doing well and is a great success.

NO RAISE IN BUS
FARES SAYS CHIEF

Chief of the Transportation Department, John T. Thompson, said with the fare increase and with the formula now in effect, there is a possibility of getting people to ride the bus so cheaply that it will be a financial loss to the city. The new bus fare is 15 cents, and the old fare was 25 cents. The new fare is to be a trial for a month, and if it is successful, the fare will be increased to 25 cents.

The red color sometimes observed in devil's milk cake is due to the use of more color than is necessary to neutralize the acid in the sour milk and chocolate. This results in adding to the body more soda, or trona than is desirable, as the soda is setting the cream made below with an excess of soda. Too much soda, therefore, is not good.

When buying sheets it is well to make sure that they are from 24 to 26 inches wider and longer than the mattress, so that the ends and sides can be well tucked in to hold the sheet in place. This also allows for a generous turnover on the top sheet to protect blankets or other covers.

NOKOL!

Automatic Oil Heating Equipment

Having completed a very careful investigation of many makes of oil-burning equipment, I have determined that the New Silent Nokol is the most dependable, most economical and most generally satisfactory oil burner for residence and store heating.

The Silent Nokol is manufactured by the American Nokol Co. of Chicago, Ill., originators of automatic oil-burning equipment.

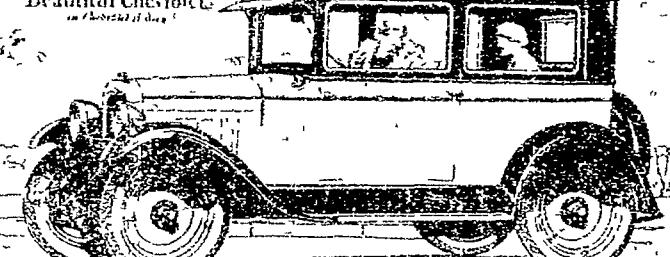

Nokol burns with a perfectly clean, odorless, sootless flame, and its regulation is entirely automatic, being governed by a thermostat located in the living room. Nokol installations are fully guaranteed, both by the American Nokol Co. and the local dealer.

Beautiful Chevrolet

Compare it for Appearance

Performance

Only in cars much higher in price will you find such smartness of line, such beauty of design and such elegance of appointment as in the new Chevrolet! Compare its appearance with that of any car anywhere near Chevrolet's low prices—and then you will know why it has everywhere been acclaimed as the Most Beautiful in Chevrolet history!

New Fisher Bodies, beautifully beaded and paneled; Finenickled hardware; Smart new Duo Colors; Full-crown, one-piece fenders; Bullet-type headlamps; Eight, 7, more passengers; Cowl lamps; "Fish-tail" rear fenders; on 2-passenger sedan.

Comparison of delivered prices reveals Chevrolet's value supremacy. Delivered prices are low, plus charges for handling, financing, etc. The financing charges of General Motors Acceptance Corporation are the lowest available. Handling charges are in proportion. Thus, Chevrolet delivered prices are even more amazing than the f.o.b. prices.

Can All Washers Wash Blankets and Rugs?

In selecting an electric washer, do not lose sight of the fact that you will want to wash large blankets, comforts and chenille rugs in it as well as the ordinary weekly wash.

Not all washers are capable of doing this heavier sort of work because their tubs are too small.

The EASY Washer, however, is built to fill this very need. It has a tub large enough to accommodate the largest pieces that you will have occasion to wash.

Buy an EASY and you will have a washer that will do your washing completely.

DEMAND FOR GAS FORCES LAYING OF A NEW MAIN

Company Starts Work on
Line to Give This Place
a Bigger Supply.

The first carload of pipe to be used in the construction of the additional gas line from the plant of the Michigan Federated Utilities, located just south of the Wayne County Training Schools, to Northville, is being unloaded and within another week workmen will start laying the line.

This will give to Northville two lines from the gas plant, more than doubling the present supply. The new line will be four-inch pipe, and officials of the company hope to have it turned on by the middle of May.

According to the officials the rapid growth of Northville requires the immediate increase of the gas supply to this place, and the line that is being laid will not only take care of the present requirements, but they expect that it will supply the demand for the next two or three years.

If the community keeps growing as it has for the past few years, the third line will doubtless be required by the end of next year or three years, stated one of the company's representatives in Northville yesterday.

CHURCH NEWS.

PRESBYTERIAN

Sunday morning worship with sermon by the pastor, "Apprehended that I May Apprehend." Sunday school at noon. Lesson, "Peter at the Transfiguration." Union Young People's meeting at M. E. church at 6:30 p.m. Evening service at M. E. church at 7:30. Sermon subject, "What the World Called the Church and What the Church Called Itself." The Auxiliary will meet on Monday evening in the church parlor at 7:30. Mid-week service, Wednesday, 7:30. Study, "God's Primal Law." Mark your date book for May 1st, at 7:30 p.m.—"The Girl Who Fell Through the Earth."

ST. PAUL'S LUTHERAN

There will be no English services and Sunday school classes next Sunday.

GERMAN

German services at 10:30. Conventional services at 10:00 o'clock.

An important meeting of the voting members will be held Sunday night at 8 o'clock.

You are always welcome at St. Paul's.

BAPTIST

Rev. J. W. Priester of Fenton, will preach at both services Sunday. "�aped" membership will be used as Rev. Priester is a candidate for the pulpit.

An all-day meeting of the ladies of the church, next Wednesday with a pot-luck lunch at noon. Housecleaning the kitchen for work, and regular business meeting in the afternoon. All pledges for the month are due at this time.

A fan sized congregation enjoyed the radio sermon from Pontiac last Sunday.

The sunrise service was not so large as attended as we had hoped. Rev. Thompson was here and gave us a little talk which all enjoyed.

Regular government business meeting next Wednesday evening. It should be well attended as the prayer meeting is the prize of the church—no forgetting to remember our brother.

METHODIST

The pastor has arranged the coming Sabbath on "Come Whom Ye Will" to be held in the auditorium beginning and ending with the 11:00 a.m. service. The pastor will be present at the service for all of 12 noon. Young people & old friends who may be here will be invited to help. The service will be conducted in the usual Methodist manner with the organ, piano, etc. The choir will sing the hymns.
