NORTHVILLE, MICH., FRIDAY, APRIL 29, 1927.

\$1.50 PER YEAR, IN ADVANCE

## VILLAGE TO JOIN IN CAMPAIGN FOR CLEAN-UP WEEK

**Village President Elmer Smith Issues Proclamation Fixing Time**

"In conformity with the proclamation issued by the Governor of the state setting aside the week of May 16 to 21 as Clean-Up Week, I am pleased to comply with the request of the executive, and strongly urge that the residents of Northville comply as fully as possible with the order from the state."

The Governor has requested local authorities to give special attention to the removal of fire hazards. The removal of all rubbish from basements and inflammable material from dangerous proximity to buildings will abolish some of the causes of fire.

Clean-Up-Week should not be confined strictly to the removal of fire hazards, but we can add materially to the attractiveness of our community by clearing up vacant lots, removing all unsightly objects, covering up rubbish heaps and turning ground not utilized for lawns and flower beds into attractive vegetable gardens.

"I earnestly urge that all the residents of Northville join in this effort. It is of benefit to the community. It is of benefit to the individual."

ELMER SMITH,  
Village President

The action of the Mayor in complying with the Governor's proclamation means that there will be put forth in Northville a special effort to "polish" this town all up for the summer months. While the village is most attractive, the cleaning up of many spots about town will help materially.

Some who are interested in the move have suggested that a special effort be made to dispose of the rubbishy heaps that exist on certain streets and highways leading into Northville. One business man suggested that residents of this place form a big "boss" and do it, most of one day, to cleaning up all the unattractive places about here. He charged that there were one or two places where hideous debris and cans that may find their ultimate resting place in the approaches of the village could be fully and entirely hidden from view.

The Governor's proclamation follows:

"Each year there is set aside a week which is designated by the Governor as Clean-Up-Week."

Statistics from the records of the State Fire Marshal show that seventy-five per cent of the fires are due to carelessness. Last year there was a property loss of \$17,538,503.25 accounting for 13,303 fires. There were 73 schools, 79 churches, 23 hospitals, 23 theaters, 137 hotels and two children's homes damaged by fire, and in addition there were 339 fatalities.

"I hope our people will observe Clean-Up-Week by removing all rubbish and inflammable material from dangerous proximity to all buildings. Local authorities are urged to give special attention to fire regulations and, where necessary, install additional fire fighting apparatus; cause fire-drills to be conducted in all public and private institutions, factories and schools, and ask teachers to instruct their pupils in the work of fire prevention."

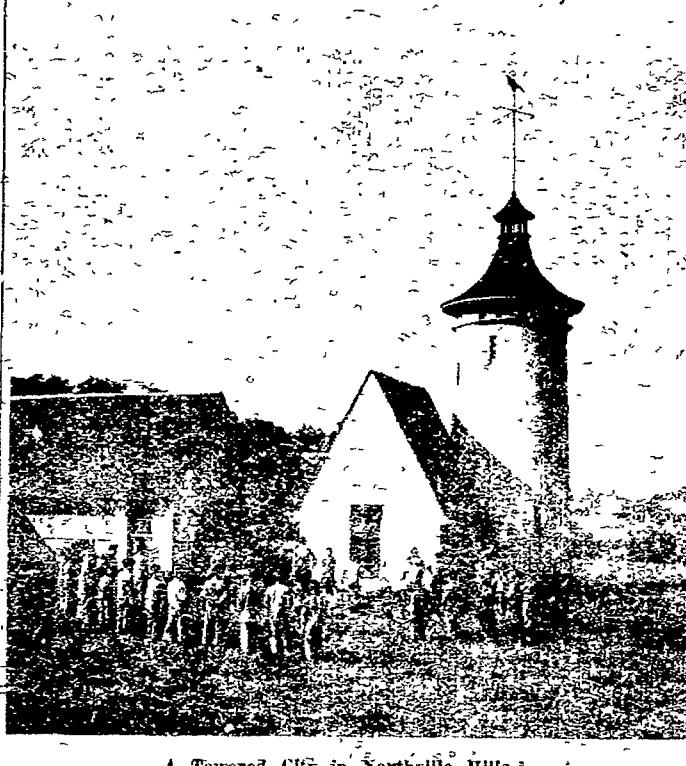

The people of Michigan have to pay this tremendous fire loss of \$17,538,503.25. By their earnest cooperation the citizens of this State can obtain far-reaching results along fire prevention lines.

"I urge most earnestly that everything possible be done to minimize the danger of fire, lessen fire hazards of every kind and reduce the loss of life and property throughout this State. I recommend the installation of sprinkler systems wherever possible."

"I hereby proclaim May 16 to 21, 1927 as Clean-Up-Week."

About forty friends of E. W. Lockwood surprised him at his home last Sunday, April 24th, each shaking his hand and wishing him many happy returns of the day, it being his seventeenth natal day. Among the guests from out of town were: Mr. and Mrs. F. C. Burt and son, Junior, of Highland Park; Burt, Fenstermacher and wife, Mr. and Mrs. W. Hyatt and son, Billy. Mr. and Mrs. C. Hubbard and son, Donald. T. Culverwell, all of Detroit; Mr. and Mrs. H. Stark of Oxford; Mr. and Mrs. Fred Foreman and son, Willie, Rev. and Mrs. A. K. MacLean and son, Robert. A buffet luncheon was served. Mr. Lockwood received many nice gifts.

Gingerbread Camp

## SCHOOL STUDENTS TO BE MEMBERS OF NEW BAND

Details have been completed by members of the school board and village council for the organization of a Community Band, to be composed of Northville school students, and in the early part of next month this musical organization will be perfected.

Under the arrangement made the village will purchase the instruments for the band, and a committee has been appointed by Mayor Smith, composed of Carl Bryan, Harry German and Conrad Langfield to select the instruments.

The school board's part of the arrangement has also been carried out, and Edward Head, a well known band leader of Redford, has been engaged as musical director. He has already tested out many of the students and has found that there is plenty of ability in the schools for a band such as will be organized.

It is proposed to have an organization of 15 to 20 members to start, and students from the seventh to tenth grades will be selected, although boys in the higher grades with musical ability will be welcome to join the band.

The organization of this community band has been one of the hobbies of E. C. Langfield, who after his return from the Rotary convention in Denver a year or so ago, started agitation for the establishment of a band composed of the boys of the community. There were a large number of high school bands at this convention, and he thought it would be a splendid thing for Northville to have a musical organization of a similar nature.

He brought the matter before the Rotary club and other local organizations, and has kept steadily at it until the organization has been perfected. It is hoped that the boys will be able to give a few concerts this summer.

Doorways to Health and Happiness

### PLACE REGARDED AS ONE OF BEST OF KIND IN AMERICA

The Gingerbread House is the name of a children's summer camp at Northville, operated by the city of Detroit. It is a realm of enchantment in which trails, scrappy arches of the street are magically transformed into strong healthy children. Fifty boys and girls are in turn wafted from the heat of the city into this summer paradise. More than half of them come from homes that have harbored tuberculosis, and though they are not sick, neither are they well and strong. A chance to live at the Gingerbread House prevents possible illness. Within the circle of connected halls and dormitories, fresh air, good food, and lively play afford city-worn inmates a new lease on life.

The place is one of the beauty spots in this part of Wayne county and present plans are to open it soon after the regular term of school is closed for the summer vacation period.

A careful weight chart is kept for each child, and proper correlation of weight, height and age is sought. With an average stay in camp of one month each child gains approximately from three to three and a quarter pounds. Narrow doorways, low double windows, chairs and beds of miniature dimensions, plaster characters from folk books, all nourish and develop imagination and stimulate our creative little minds. Games, contests and excursions bring much joy and health.

Although the two months of health-building recreation enjoyed by each individual may like a dream, they leave behind them happy memories, fast friends, and a new vim and vitality with which to approach the winter.

The Gingerbread House Camp has been in operation for six years, it has adopted as hard and fast methods no fixed notions of what should or should not be done. It is a modern, up-to-date institution, learning from experiment and experience, and ever improving the health of Detroit's children. It is regarded as one of the best institutions of its kind in America, and probably, one of the most beneficial.

### AUTOS COLLIDE, GIRL DEAD, AND MOTHER INJURED

#### Accident Ends Life of Grand Rapids Young Lady Mother Here

Jenalice Thompson, daughter of Dr. and Mrs. T. L. Thompson of Grand Rapids, is dead, and the mother is confined to the Atchison hospital, suffering from severe injuries received last Friday, when their automobile collided with another car over on the Grand River road, near Novi.

The girl was brought to the Sessions hospital in Northville, and an operation was performed in an effort to save her life. She was removed Monday evening to the University hospital for another operation, but the efforts of specialists were unavailing, and she died Tuesday from the terrible injuries she received.

It will be a number of weeks before the mother can be removed from the Atchison hospital to her home in Grand Rapids. Doctors state that she will recover from the injuries.

The accident happened when the Thompson car, being driven from Grand Rapids to Detroit, started to turn to go by a truck. A smaller car containing a number of boys coming from the other direction, and the large Lincoln collided. The boys escaped without injury. Mrs. Thompson is a relative of Mrs. Camilla Dubuar of this place.

#### REMEMBER

THAT SUNDAY, MAY 5TH IS MOTHER'S DAY

## COMRADESHIP OF CIVIL WAR DAYS LASTS 'TIL DEATH

**Veteran Shows Loyalty to his Fallen Comrade in Final Hours**

It was a long wait, terribly long for one of such advanced years.

He was tired and sleepy before. But that was in the days when he had youth and vigor and it didn't make so much difference.

Things are different now. He is approaching the century mark, well into the eighties, and to go without sleep for 24 hours takes about all the vitality one of that age has. The old deal was just terribly tedious.

Why did he do it?

You see it was like this. One of my old comrades was dying. We had served together during the Civil war in the old 22nd Michigan Infantry. During all the war we were together. When we came back over we came back to Michigan together and we had always lived near one another.

The other day I got word that my old comrade, Augustus Nacker, was about to die at his home in Oakwood Park, near Detroit, and he wanted me to come. He wanted me to sit up with him. You know it has been a practice with us old veterans to be with one another in times of need. I went over there. It would be pretty hard for me to say "No," even though I am so old.

"It was a long wait, something like 24 hours. I stood it and I stayed by him to the end. We were comrades together, you know—and there aren't many of us left to watch out for one another."

George Goodell came back to his home in Northville thoroughly exhausted from the long period of sitting up with a veteran of the Rebellion of '61, with a veteran who had suffered with him all the hardships, all the horrors and the bitterness that goes with war and whose life "licked out" as he watched.

"I am an old old man but I wanted to stay with Nacker to the end. I know he wanted me to do that for him. I know that he would have done it for me, if my time had come first. The old soldiers are liable to last often when it there will be fine left to be at my bedside when I'm lying there."

## FIRE DEPARTMENT PLANNING BALL TO BE GIVEN MAY 6TH

**First Annual Event Promises to be One of the Big Events of Year**

Northville's fire department will give its first annual ball, Friday evening, May 6th, at the High school gymnasium. The event promises to be one of the most popular of the entire year and tickets which have just gone on sale are meeting with remarkable sale about the community.

The community, fortunately, possesses one of the finest fire departments in any town of its size in the country, and on more than one occasion it has demonstrated its worth to the town. It is for this reason that more than ordinary interest has been aroused in the plans of the department.

The members expect to have an excellent orchestra and will provide a dance program that will suit every one. The funds to be raised from the dance, if there should be a surplus, will go into a benefit fund and it is hoped through years to come that the amount raised will meet the needs of the department that cannot be exceeded from other sources.

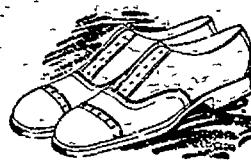

## ULRICH EXPANDS DAIRY BUSINESS

Extensive improvements are being made by Irving J. Ulrich in his dairy plant. While he has always planned to give Northville excellent milk service, the growth of his business has necessitated these improvements. He is installing one of the most modern bottling machines made and he has also placed a milk pasteurizing machine in his plant.

"I am going to give my customers just what they want. If they want raw milk, they can have it. Others prefer pasteurized milk and they can have that if they want it. Northville is growing rapidly and it is my purpose to have my business grow with it. I have also installed a new filter, and every drop of milk that is sold will be filtered by this new process," he states.

The Ulrich dairy is one of the most modern in a small place in the state.

## Built, Produced, Financed

In the interest of good citizenship, home ownership should be encouraged through the proper financial, social and economic system established and maintained. One of the outstanding problems confronting the home buyer is that of financing the acquisition of property. The progressive business owner who uses his judgment in considering the real needs of himself and family unit has already learned to go ahead with full confidence. His name will be mentioned by his associates of other persons who have tried to buy beyond their means. While some risks are involved, the usual result in maintaining anything worth while, the danger of failure is small when weighed against the advantages of an owned home. Let me show you what can be done in the way of efficient and economical building, with resultant valuable places for comfortable homes. We can assure you that the A & HOMES proposition of building and financing will interest you.

## Buick Power is proved on the 24 Hour Hill

Buick knows that the famous Buick Valve-in-Head Engine produces more power for its size than any other automobile engine on earth.

Buick has proved this fact decisively at the great Proving Ground of General Motors, on the "24-Hour Hill"—a mechanical device which faithfully duplicates the pull of any hill for any number of miles.

Test, not guess, is the basis for Buick design. Buick success is founded on this constant search for the new and better thing—on this accurate, beforehand knowledge of results.

## NORTHVILLE MAN LANDED HIS PLACE ON COLLEGE TEAM

A. C. Carton Recalls Days When Local Resident Was Ball Player

To secure some data which might be of use in connection with the publication of the Northville Wayne County Fair premium book, the editor called at the state department of agriculture, last Saturday afternoon, to see A. C. Carton, who over a period of many years has been director of the farm industrial and promotion department.

"I know a resident of Northville very well. When I was attending the Agricultural college, I used to be a pitcher on the college ball team for a while. Then the manager discovered I had a better pitcher in the squad, by the name of Don Yerkes, and I was relegated to the sidelines," stated Mr. Carton.

He had reference to Don Yerkes.

"A few years later Yerkes joined the state league and wanted me to join his pitching staff, but I didn't see my way clear to doing it. Yerkes was one of the best players that ever filled the pitchers' box on that team during the time we were in college together."

Mr. Carton has served longer in an official capacity at Lansing than any other man ever did. He has been associated with the state government over a period of forty years, and is regarded as one of the best posted and efficient men in state circles.

## NORTHVILLE Twenty-Five Years Ago

Items taken from The Record files of 1902, for the week corresponding to this week:

Will Lincoln is now employed at Springwells. George Stanley has taken hold of the Exchange Hotel, and will endeavor to run that hotel in such a model way as will be very pleasing to the general public.

It is perhaps not generally known that there are a number of mineral springs in and around our village, which have been subjected to analysis and found to be rich in the mineral salts. It is not impossible that this fact may be conducive to the future of the place.

H. H. Shirkley was in Lansing this week.

George Clarke & Son sold and shipped a high class road mare, last week, to a party from Indianapolis, for a large price. Marriage and road horses are evidently in great demand, buyers being taken every week looking for that class.

## HIGH SCHOOL LADS IN GOLF CONTEST

Northville high school seniors participating in the regular golf tournament are exceedingly grateful to the management of the Meadowbrook Golf Club for the courtesies that have been extended to the students; in the use of the local links. The Northville lads are making a splendid showing, and they hope to win a place in the regional contest so that they may take part in the state high school golf tournament that is scheduled for late in the spring.

Following are the scores and places of those who tried out for the Northville high school golf team:

First Team—  
First—Norman Copeland 92  
Second—Allan Beard 100  
Third—Alfred Smith 102  
Fourth—Robert McCardie 106

Substitutes—

Fifth—Richard Kerr 110  
Sixth—Lawrence LeFevere 111  
Seventh—Donald Ware 112  
Eighth—Ted Watts 120

Richard Smith would have been in second place, but is ineligible, his score being 97.

Following is the schedule of the Northville high school golf team:

April 27—Redford at Redford  
May 6—Dearborn at Dearborn  
May 11—Redford at Northville

May 16—Farmington at Northville

May 18—Open

May 22—Northwestern at Detroit at Northwestern

May 25—Open

June 3—Open

June 6—Farmington at Northville

June 10—Dearborn at Northville

Latter part of May—Regional Tournament

First Part of June—State Tournament

A considerable portion of the Maine blueberry crop was saved for the market last season by a process invented in the United States Department of Agriculture. The process, which may be used without payment of royalties to the inventors, effectively removes maggots, debris, and unripe berries. The "mey" method was used with great success by nearly all canners in the infested areas.

## N. H. S. STUDENT NEWS

On Friday, April 29th, at 2:30, the district spelling bee will be held at Plymouth. The representative from Northville will be Geraldine Ferguson, who is the champion of Northville school. She will be accompanied by Miss Marsden, seventh grade teacher and also director of spelling bee activities in Northville grade school.

The baseball season for N. H. S. opened April 19th, with Monroe playing here. Northville was defeated by a score of 9 to 4. Brinhard started in the field, nabbing 3, or 4, steals. The batteries for Northville were Watts, Martin, and Atchison.

Last Friday N. H. S. made up for Tuesday's loss and defeated Plymouth in an exciting game by a score of 13 to 12. The batters for Northville were Watts, Martin, Atchison.

The next home game will be Friday, April 29th, N. H. S. vs. Wayne, and it is hoped the town will turn out to support the team.

During the past week, Mr. Smith has been taking histology class, or field trips for the purpose of practical study and for procuring specimens.

This proved both helpful and beneficial to the biology students.

The field day, which is to be held by the grades will take place June 22nd. Mr. Walker, Miss Oldaker and Mr. Smith will have charge of the field events, and the use of the fair ground has been procured from the fair association.

# Whatever You Do It's For Yourself

Every man who lives in a home knows he can do little things to make it more attractive, livable, comfortable. When he owns a home of his own he can do as he likes and know it is for himself and his loved ones. When he improves another man's property, while he pays rent, he is never sure the landlord will permit the change, and if he does, the rent payer is simply paying out more money to make another man's house more valuable. Build your own home—then do as you like.

## DODGE CARRIES FORTUNE HUNTERS TO GOLD DESERT

"Old 1,500,000" Has no  
Trouble in Reaching  
Latest Fortune  
Field

"Gold—\$50 to the pound of dirt  
now for the lucky—only another  
disappointment to the less favored of  
fortune."

This is Nevada's latest romance of  
treasure. "Weepah," yesterday, only a  
pin point of desert and waste land  
today, a "tented city" about which, for  
miles and miles, stakes mark the  
spots where Hickie Dame Fortune will  
reveal her treasure trove—or bring  
disappointment to those not destined  
to find the pot of gold at the rain-  
bow's end.

Such is the story of Nevada's new  
gold field as told by a representative  
of Dodge Brothers, Inc., who was one  
of the first in the scene after the news  
of the strike was published. Journeying  
from Los Angeles to Weepah, he  
drove in Dodge Brothers' Scout car, "Old  
1,500,000." He drove over four mountain  
ranges and passed hundreds of  
loaded cars and trucks toiling up the  
passes toward the land of treasure.

Life is fast and high in Weepah.  
Men live at the top of their lives. All  
are potential millionaires. Sums of  
the hundreds of thousands slip easily  
from tongue to tongue.

The motor car, rather than Maudie  
the mule, is today the chief transpor-  
tation unit. In the desolate stretches  
of desert and wasteland around Wee-  
pah, more famous than all the rest of  
the west for barrenness and desola-  
tion, water has to be hauled long dis-  
tances by trucks. It sells for \$2 a  
barrel.

Gasoline is 50 cents a gallon.

Ham and eggs are 80 cents.

"Like all mining towns Weepah has  
its gamblers, its grifters and its graft-  
ers. White male is 50 cents drink-

chaserette."

Fabled desert characters are ap-  
pearing in person at Weepah these  
days. A gambling house is running  
full blast and sind, faro and roulette  
are being dealt in true Wild West  
fashion. Many well-known char-  
acters are already on the ground.

Among them are: Malapai John,

Seldog, Sean "Slim," the "Fistened  
Kid" and Hardrock Jack O'Brien.

As the Dodge Brothers party was  
leaving, a battered car, mired front  
up, came creeping along. "Gues-  
tis in my hard-luck day," was the  
plaintive wail of the driver, half mad  
driver. "Never did have no luck,  
nothing."

We're heading for a new town, it's a  
good idea to put in about four bushels

of well-cultured manure for each 100  
square feet of ground. Work it into  
the soil well. Then, before sowing  
the seed, work from two to three

pounds of some feed garden com-  
mercial fertilizer into each 100 square  
feet of soil. If you can't get any  
manure, use about twice as much  
commercial fertilizer. This will  
speed up the growth of the grass and  
furnish plant food for several years.

It's cheaper to be a nobody. The  
shop girls will show you the cheaper  
things you can really afford.

## MCCULLY SOON TO OBSERVE EIGHTH BUSINESS YEAR

Bought Present Store on  
May 28, Eight Years ago  
Is Active Worker

It was just eight years ago the com-  
ing May 25th, that John McCully took  
possession of the shoe store that he  
has operated so successfully during  
that period.

"I wanted to go in business here and  
the store was for sale so I bought it.  
I have seen my business grow just  
like the rest of Northville. From a begin-  
ning so small that one could hardly  
call it a start, I have worked hard

to build up the business. I am now  
operating and I certainly appreciate

the general support that has been  
given me," he said the other day.

The store operated by Mr. McCull-  
y handles shoes exclusively. He spe-  
cializes in the Walk-Overs and Flor-  
shiem lines, but carries a number of  
other makes.

"Mr. McCully has been one of the  
active residents of Northville, interested  
in all of the movements which are  
for the benefit of the town. He is  
an officer of the Pabst Lodge and  
an active member of the Rotary Club.

## LET ME MAKE YOUR HOME MORE BEAUTIFUL

TAKES LONG TRIP  
IN STENSON PLANE

The longest pleasure tour in record  
was recently completed by John  
Dodge, Dodge, and his pilot W. C.  
Brock, in Dodge, Stenson-Detroit  
made in Northville. The two flew  
from Detroit through the south, the  
west coast, back to Chicago visiting  
various wild areas of Mexico, a  
total distance of 7,000 miles. During  
the trip, the Detroit averaged 100  
miles per hour and 16 miles to the  
gallon of gasoline. The trip was accom-  
plished without one forced landing  
or without any repairs on the air-  
plane. Dodge said the trip cost him  
much less than a similar automobile  
trip taken last year.

Grocery Store, S. Center St.

### A New Silk Dress —for only 17¢

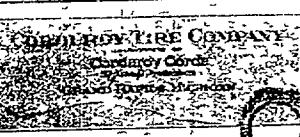

"I quit wearing this dress weeks ago, thinking it could not be cleaned. And the doctor told me about a wonderful dry cleaning soap called Solvite. I tried it on this dress and here it is, brightened new, and the whole thing cost only seventeen cents."

Solvite is an amazing new kind of dry cleaning soap! Dissolve it in a bathtub and you can save many dollars by dry cleaning at home. Costs about a penny a bar. A cent less than that would be real business. So get Solvite now — it's from a drug store — you'll never be thought a cheater!

### SOLVITE

### MICHIGAN BELL TELEPHONE CO.

Long Distance Gets Results  
for the Corduroy Tire Company

December 15, 1926

Michigan Bell Telephone Co.,  
Grand Rapids, Mich.

Gentlemen—Attention Mr. Barton:

With the approach of the new year and the shaking up of the personnel and organization of the Corduroy Tire Company, we wish to thank you for the records which we have obtained thru the cooperation of the Michigan Bell Telephone Company of this city and the great network of telephone stations throughout the United States.

In this, over the many sources from which we have derived information, we find that the telephone has played an important part.

Today, day gone by, has what we are on for definite touch with several of our customers scattered over this great country by the use of the long distance telephone.

We find this method of contact satisfactory.

Very definitely, last year we will be given a larger amount of your long distance service than in the past.

Very truly yours,

JOE REVITZER

Marketing & Publicity Manager

We find this method of contact especially satisfactory. Every indication is that next year we will be even a larger user of long distance service.

### MAY FESTIVAL OF UNIVERSITY WILL BE ITS GREATEST

School of Music Has Just  
Given Out Program for  
the Event

World renowned opera stars, concert singers, and instrumental soloists will appear in the forty-fourth Annual May Festival in Hill Auditorium, Ann Arbor, May 18, 19, 20 and 21st, according to announcements just made by officials of the University School of Music. Rosa Ponselle, Schumann, Heifk, Sophie Braslau, Armand Tokatyan, Lawrence Tibbett, Ernest Hitchcock, and Lea Luboshitz will head the list of stars. Other noted musicians to be heard include Benoist, Liane Sheppard, Elsie Baker, Arthur Hackett, William Simmons, Lois Johnston, and James Wolfe.

The artistic accomplishments of this notable group of musicians will be supported by the University Choral Union under the baton of Earl V. Moore, musical director of the festival. The children's festival chorus of 500 voices, under Joseph E. Maday, supervisor of music in the Ann Arbor public schools, and the Chicago Symphony orchestra under Frederick Stock.

As usual the festival will consist of six concertas, four evening programs beginning Wednesday, May 16th, and continuing until Saturday night, with matinees on Friday and Saturday. The Wednesday and Friday evening concerts will be of a miscellaneous nature and will be known as artist concertas, whereas the Thursday and Saturday afternoon programs will be given over to the large choral works. Beethoven's "Mass in D" will be offered Thursday evening in commemoration of the centenary of that distinguished composer. Whereas, Bizet's monumental opera "Carmen," will be given Saturday night. Afternoon programs will provide opportunities for the instrumental programs. Friday afternoon Leo Slezak, noted Russian violinist, will supplement the offering, or, the children's chorus, while Saturday afternoon, Ernest Thelonious, the distinguished American pianist, will be the star.

### SALEM

(See also for last week) The fire department was called out from afternoon on a fire in the E. Wilson house. It was soon extinguished, however, so not much damage was done.

The larger services held at the Methodist church, Sunday morning, were well attended. Those who took part in the exercises deserve much praise, as well as those who half shared in the program.

Mr. and Mrs. J. W. Stanhope were Sunday dinner guests of the former's mother, Mrs. Sarah Stanhope.

Mr. and Mrs. Arthur Blunk was a Monday dinner of Miss Mary Duke.

Miss Alice McElroy of Detroit, spent her Monday evening at the George Belmont home.

Mrs. Rosalie Warner of Royal Oak, spent the weekend at the home of her sister, Mrs. Frank Whittaker.

Mr. and Mrs. Howard Shipley, son of Plymouth were Easter guests of Mr. and Mrs. George Beale.

Mrs. Francis Anderson spent her vacation with her parents at Marlette.

Mrs. Clifford Crockett spent her vacation in Detroit with her grandmother, who is very ill. Mr. Crockett was with relatives at Edmore.

Mrs. Mary Duke, who has been very ill at the home of her daughter, Mrs. G. Foreman, is some improved.

Easter guests at the G. Roberts home were Mr. and Mrs. F. Murray and daughter, Fern, of Henderson. Mr. and Mrs. Arthur Blunk and daughter, Zerepka, of Plymouth; Mr. and Mrs. G. Lyke and family; and Cecil Mumberson.

Mr. and Mrs. James Dickie, Mr. and

REMEMBER—never let your bin get coal-less in the spring because Miss April may give you a spring song of sadness instead of gladness. Spell out any cold spell with our G-O-O-D C-O-A-L. Order today.

**W.A. PARMENTER  
COAL & COKE  
THE HOME OF REDHOT COLES  
NORTHLVILLE, MICH.**

Mrs. Merrell Renwick and baby Meredith of South Lyon, and Miss Dorothy Foreman and E. Weisen of Detroit, were Easter guests at G. C. Foreman's.

The Misses Anna, Ruth and Elizabeth Halliday and James Tait of Detroit, were weekend guests at the Rev. Halliday home.

### BOYD TO HANDLE NEW LINE OF TIRES

Orlack Boyd of the Boyd Tire Shop, has just completed arrangements to take over the complete line of Dunlop tires recently made famous by the world record-breaking achievement of Major Segrave in his Florida dash against time.

At the speed the Segrave travelled his wheels were making 30 revolutions a second. That is, every inch of his tires was taking the hammering of a three-ton weight 30 times a second. As a piece of iron becomes red with constant hammering, the tires generate heat under the strain. Dunlop tires proved strong enough to withstand the strain and light enough to keep from generating too much heat.

Nine miles of Dayton's great beach, the "fastest speedway" in the world, had been cleared for the race agains time. Clockers stood at the fourth and fifth mile posts waiting. The roar of the giant Sunbeam increased and almost turned into thunder as a moment later it crashed past the starting post, a bounding comet with a tail of flying sand and smoke. It took four miles to slow it down when it past the finishing post a few seconds later.

Major Segrave's record mile is the fastest mile that anything ever has travelled on earth. Only bullets and aeroplanes, and the latter only on rare occasions, have exceeded this speed, speed twice faster than that of an arrow in flight, two and one-half miles faster than a golf ball on a long clean drive. Had the car been dropped from a precipice a quarter of a mile high it would not attain such speed until at the end of the fall.

Medicated nest eggs will not stop lice on chickens, says the United States Department of Agriculture. Furthermore, if he stays on them eggs very long they are likely to be poisoned. A good way to rid fowls of lice is to rub a few small pinches of sodium fluoride in the feathers over different parts of the body.

## Coal for the Cold Days Ice for the Warm Days

We can provide  
you with either

It would be a pretty good idea to put your coal in now for next winter. Give us a ring and we will fill your bin.

ADMISSION \$1.00

Splendid Music and a Good Time. Come.

You will have a Good Time.

The term cult potatoes is usually applied to those that are small, misshapen or those that are oversize, and therefore not suitable for the market. If these are from healthy and productive plants, they may be safely used provided that the tubers used for seed be not less than 1½ inches in diameter. When the percentage of the so-called cult potatoes is not known, they should never be used for seed.

## NEWSPAPERS PAY BEST.

Widespread comment has been caused by a recent announcement that future advertising appropriations of the Westinghouse Electrical and Manufacturing company will be expended almost entirely in newspapers. The Westinghouse corporation has long been the leader among advertisers in its line, and has spent more than \$1 million dollars for newspaper space in the last two years. What it will spend this year has not been stated, but it is safe to say that it will be double that of former years.

Other manufacturers of electrical equipment and supplies also are large users of advertising space in newspapers. Last year the Graybar spent \$500,000 and the General Electric spent \$140,000; large increases over former expenditures for newspaper

space.

While all advertising, if properly prepared and judiciously distributed, is productive of results, shrewd ad-

vertisers in all lines are coming more

and more to the conclusion that dollar

newspaper advertising pays

better than any other form of pub-

licity known to modern business.

Tuscola Advertiser.

Use pineapple juice sometimes in

making the dressing for cabbage and

pineapple salad.

DEATH OF A BOY**

A peanut which he swallowed and lodged in the bronchial tube was the direct cause of the death of Roy Drews, two year old son of Mr. and Mrs. Fred Drews of Plymouth, well known in Northville and vicinity. The child swallowed the peanut about ten days ago. Last Friday morning he was taken to Harper hospital at Detroit, where an x-ray examination showed the location of the peanut. Later in the day surgeons attempted to remove the peanut which was then located just at the opening into the lungs. The boy died soon after from pneumonia which had developed.

He was born November 18, 1924, and is survived by his parents and two brothers, Carroll and Donald. Another brother, Clifford, died three years ago.

The funeral services were held Monday afternoon at 4:00 o'clock from the Schrader funeral home in Plymouth. Rev. Lucia M. Stroh, pastor of the Congregational church in Salem, officiated.

**SALEM**

Fred Wheeler of Ann Arbor, was a business visitor here Friday.

E. G. Günther of Ann Arbor, was a dinner guest at the parsonage, Monday.

Miss Irma Kehrl spent Wednesday with her sister, Mrs. O. Dudley, in Redford.

Mr. and Mrs. W. H. Tousey have been visiting friends in Detroit, the past week.

Mrs. R. W. Kehrl and daughter, Irma, visited relatives in Plymouth Thursday.

Miss Louise Ringel had her tonsils removed last week in Sessions hospital in Northville.

Walter Anderson and wife of Plymouth were weekend guests of Charles Mankus and family.

Mr. and Mrs. G. S. Hartman of Clinton attended services at the Congregational church Sunday.

Afternoon callers at the R. W. Kehrl home, Sunday, were Mr. and Mrs. G. H. Collins of Detroit.

Mrs. Louis Wittich is at present visiting visiting her daughter, Mrs. L. V. and family in Redford.

Mr. and Mrs. Frank Huff and son, Clement, of Ypsilanti spent Sunday evening with the Frank Buens family.

Mrs. George Carey returned home Sunday from Vietnam, where she had been caring for a negro who is very ill.

Mr. and Mrs. Will Rutherford and George Palmer of Detroit, were Sunday supper guests at the A. G. Booth home.

George Tolson of Ypsilanti and Robert of Redford, were Sunday visitors of the latter's patients, Mr. and Mrs. R. W. Kehrl.

O. Riegel and wife of Wayne, and S. K. Hartman wife and daughter were dinner guests of Mr. and Mrs. Fred Rider, Sunday.

Mrs. Roy Terrell returned from St. Mary's Hospital, Detroit, last week Tuesday. Her condition is slowly improving after her operation.

Mrs. Don VanSickle's sister, Mrs. Green, who was taken to Sessions hospital in Northville, last week, is doing nicely at present.

The Excisor class of the Congregational Church meets Friday evening at 8:00 p. m. at the home of the class president, Ward Clark.

Mrs. Marvin returned to her home in Northville Thursday evening, much improved after her visit with her daughter, Mrs. C. Payne.

The Ladies' Auxiliary of the Congregational church met Wednesday afternoon for supper in the Charles Payne home. All report a good time. Mr. and Mrs. C. Wagenschutz and daughter and Mr. and Mrs. W. Pawlak, all of Plymouth, were Sunday afternoon callers at the Frank Buens home.

Mesdames L. M. Stroh and R. W. Kehrl, Misses Irma Kehrl and E. Wittich attended the Warden Ladies' Aid, held in Warden church, for supper, Thursday.

Mr. Bohm and Miss Raff, Mr. and Mrs. M. Butler and Mr. Clifford, all of Wayne were Sunday afternoon callers at the home of Miss Florence Rider, who is convalescing at home.

B. R. Covell, wife and son of Britton, were weekend guests of her sister, Mrs. C. Payne, and all motored to Plymouth Sunday morning, accompanied by Mrs. E. Burdean, and spent the day with Lawrence Miller and family.

A birthday dinner surprise was given Mrs. S. H. Hartman on Baseline road, Tuesday noon by members of Bethany class of the Congregational church. After a sumptuous dinner, pleasant hours passed swiftly by. Mrs. Hartman was the recipient of pretty and useful gifts.

**ROTARY AND WHAT  
IT STANDS FOR IS  
SUBJECT OF TALKS**

Monday's Meeting Presided  
Over by Old President  
New Official III

Sincerity, honesty and loyalty—these three things declared Father Joseph Schuler, chairman of Monday's meeting of the Rotary Club, impressed him as being the three most valuable things one could get out of Rotary.

"Rotary teaches us many things, and it was unfortunate for me that I could not attend the Rotary school recently held in Detroit, but I know that a number of our members attended, and I am going to ask them to tell us what they got out of the various talks made," he said.

The chairman then called upon a half dozen of the members present, who were in attendance at the Rotary school, and they expressed their ideas of the subject.

Retiring President, E. C. Langfield, who presided in the absence of Don Yerkes, Sr., because of slight illness, declared that Rotary meant service and that the individual got out of Rotary just what he put into it.

"An effort should be made by every member to find out more about Rotary, and try to live in the ideal way that Rotary advocates," he said.

Superintendent of Schools George A. Smith of Plymouth, who was in attendance at the Detroit conference, related a portion of a talk given by Rev. M. N. Rice of Detroit, relating to cleanliness.

"Rotary stands for clean things," he said.

A number of the club members are planning on being present during the present week-end at a conference of Rotary Clubs to be held in Mt. Clemens. A number will also go to Detroit, next Tuesday, to attend a session of the Detroit club, when it will be addressed by the national Rotary officials.

Both he and his mother particularly wish to be remembered to all of their Northville friends and acquaintances.

Yours very truly,

L. G. MACOMBER

The many friends of Roy Cramer, the boy living in Ypsilanti, will rejoice to learn that he recently suffered an accident which may result in loss of the fingers on his right hand. They were badly broken, and the doctors set them, but later infection set in and it is feared they may have to be taken off.

Northville, Michigan

Gentlemen:

I am enclosing herewith my personal check for three dollars (\$3.00) in payment of the subscription of my father, William F. Macomber, of Whitehouse, Ohio, and my own.

I visited my parents in Whitehouse, yesterday, and am mailing this check this morning upon the urgent request of my dad that he does not want to miss one issue of the Record.

As you know my father and mother were both born in Northville, and spent about seventy-two years of their life there, moving to Whitehouse, only a couple of years ago, in order that they might be near me, while I was located in Toledo. Unfortunately for them, conditions over which I had no control brought me to Detroit shortly after they located there.

They are very happy and comfortably situated in Whitehouse, and are always anxious to hear from their Northville friends, which pleasure is of course afforded them each week through the Record.

Unfortunately dad suffered another fracture of his left leg about a year ago, which resulted in putting both of his legs completely out of business, and his only mode of conveyance now is a wheel chair. But he is very comfortable and apparently quite happy, and, contented, deriving his amusement from his pipe, a well trained dog, and a radio set that really works.

Both he and my mother particularly wish to be remembered to all of their Northville friends and acquaintances.

Yours very truly,

L. G. MACOMBER

**LOCAL SCHOOLS ON  
APPROVED LISTS  
FOR ANOTHER YEAR**

Has Approval of University  
as well as the Central  
Association

Two or three weeks ago there was published an article in the Record relative to the action taken by the North Central Association of Colleges and Secondary Schools in continuing the Northville schools on the approved list for the period ending March 23, 1928. It was stated in the article that the action of the association was taken at a meeting held in Chicago in March, this year.

In view of the fact that some question has been raised pertaining to this matter, it is deemed advisable to publish the entire letter received from the association so that any points at issue may be cleared up. The letter follows:

"We take great pleasure in informing you that your school has been placed on the approved list of the North Central Association of Colleges and Secondary Schools for the period ending March 23, 1928. This action was taken at the twenty-second annual meeting of the association held in Chicago, March 15-18, 1927. It may interest you to know that similar recognition was extended to more than two thousand secondary schools in the twenty states in the North Central Association."

"Within a few days you will receive from the chairman of your state committee a certificate of accrediting that will be valid for the period ending March 23, 1928. In explanation of the term of accrediting ending March 23, 1928, we wish to state that it is the policy of the North Central Association to approve secondary schools from year to year. We hope that you will post the certificate in your office in order to inform the pupils, teachers, and patrons concerning the honor accorded your school."

"We are enclosing a folder giving the policies, regulations and standards of the association. You will find that the changes made in the standards and policies at the recent meeting of the association are printed in italics.

The proceeding principal paper decisions of the association, and other important matters will appear in future issues of the North Central Quarterly. The next issue will appear about June 1st.

If you have any questions concerning North Central standards, policies or activities, please write to the chairman of the North Central committee for your state.

Very truly yours,

W. W. BOYD,  
President North Central Assoc.  
of Colleges and Secondary Schools.

J. R. ROBINSON  
Secretary North Central Assoc.  
of Colleges and Secondary Schools.

J. B. EDMONDSON  
Chairman of State Committee." The letter simply advises the board that this school has been continued on the list for another year, if being the practice of the organization, pass upon the standing in each year.

The Northville high school is now on the accredited list of the University of Michigan according to information received the week in the three year period.

This follows upon the report of reported favors that have now been taken from the several lists of Michigan in recent years.

**TELLS HOW DEAD  
BODIES IN INDIA  
ARE DISPOSED OF**

M. J. Murphy Receives Letter from Friend Located in Calcutta

The Hindu burns his dead," writes George V. Martin, for years an associate and friend of M. J. Murphy of this place, but who is now located in Calcutta, India, where he is assisting in bringing the railroad equipment of the few lines that operate in that country somewhere near 200 to standard.

In part the interesting communication follows:

"I am thoroughly fed up on India. It is one hell of a place to live in. There are over four hundred million natives here, every one of them a dirty swine. Perhaps a million all told, have any education at all, and not more than 100,000 have an education equal to high school or better. The Hindu is an idol worshipper, and being intensely ignorant is intensely superstitious. They worship all animals, especially the cow, which they believe contains the soul of some departed relative. They worship water, but they don't keep clean. The great majority are intensely poor. Millions of them have no home. They live around any place and live and breed, regardless of dirt. Only the better classes wear clothes, and those few wear shoddy. Some of the women

and certain castes won't wear anything made of leather, because it came from a cow. When they wear anything on their feet it is wooden sandals. There are many castes, from the highest of Priest cast, to the lowest, which is the Sweeper caste, then there are the Out-Castes, or Untouchables, these are just what the name implies they originate from the Wild or hunter Gasses, therefore are killers of animals and eaters of meat hence are termed Untouchables and if a Hindu of any caste were to touch or be touched by one of these he would at once lose his caste, and account of their fanaticism the don't cheat, caste can be restored by the Brahmin, or Priest, but it takes a lot of money (always) and a lot of religious ceremonies.

The Hindu burns his dead, he also believes that if a dead body is thrown into the water the soul will float to heaven, the place where they burn the dead is called a burning Ghats, there is a very large one at Benares and is out in the open on the banks of the Ganges River, one can see from 10 to 20 bodies burning there all the time. Mrs. Martin and I have watched it several times. There is some reason for not burning bodies of children under a certain age, so these are thrown into the water, where the crocodiles, alligators, and turtles eat them up.

There is one sect in India, called Parsis, who neither burn nor bury their dead in the ground or in water, they expose the corpse on towers, where the vultures eat them up. These chaps are descendants of the ancient Fire Worshipping Jews of Persia, who were driven out of Persia in the 13th Century account of their religion, Fire Worship. They believe in the purity of all the elements, hence it would pollute fire, if a dead body were to be burnt as it would water or soil if the dead body were deposited in either, hence the filthy habit of exposing it to the birds of the air."

**CHEVROLET USED  
BY PROSPECTORS**

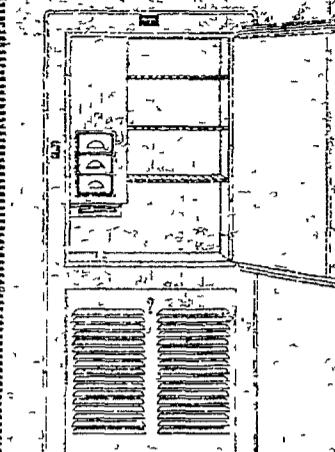

Recalling the thrilling news of Virginia City Goldfield and other famous Nevada mining camps in the region that succeeded the rush of the Forty-niners in California, the new gold excitement at Wadsworth Nevada promises to provide an opportunity for the present day miners, and the early day miners, to get in touch with the men of the past.

A new office is being put up by Parker & Son lumber and coal dealers. All of the room in the mill is needed for the office. The new office will be loaned at first cost of the present on mill.

The Detroit Edison Company has secured the franchise for lighting the dogs of Birchland, located in a north of Birchwood Park, will be on the program with the next few weeks, and expect to have service in all within a month.

Mr. and Mrs. Beattie Clark, on vacation in Florida in October, Saturday, Oct. 1, 1926, got their young which had planned to have the child removed from her recent nervous condition, stay in Spain able to be about or not. With the attitude of a good husband engaged at home the new day.

# Electric Refrigeration For The Home

With the COPELAND comes to the housewife many conveniences and economies that have been impossible with the old-fashioned ways of cooling food.

Whether you select one of the complete COPELANDS shown in this ad or have a COPELAND free-standing installed in the ice box you now have, is but little consequence. In either case all of the economy and convenience of perfect refrigeration are available for preserving your family's food and health.

COPELAND keeps your food from 10 to 14 degrees colder than it can be kept by the old-fashioned ice-cooled box. You can buy your food for several days, or even a week ahead, making daily trips to market unnecessary.

Select the COPELAND best suited to your needs with the full assurance that its economical and health guarding features will overshadow its almost unbelievable convenience.

COPELAND Electric Refrigeration is built in Detroit—the city famed throughout the entire world for the superiority of its mechanical achievements. In the COPELAND factory are grouped facilities for the manufacture, testing, and inspection of COPELAND Electric Refrigeration which are constantly a source of wonder to the entire industry.

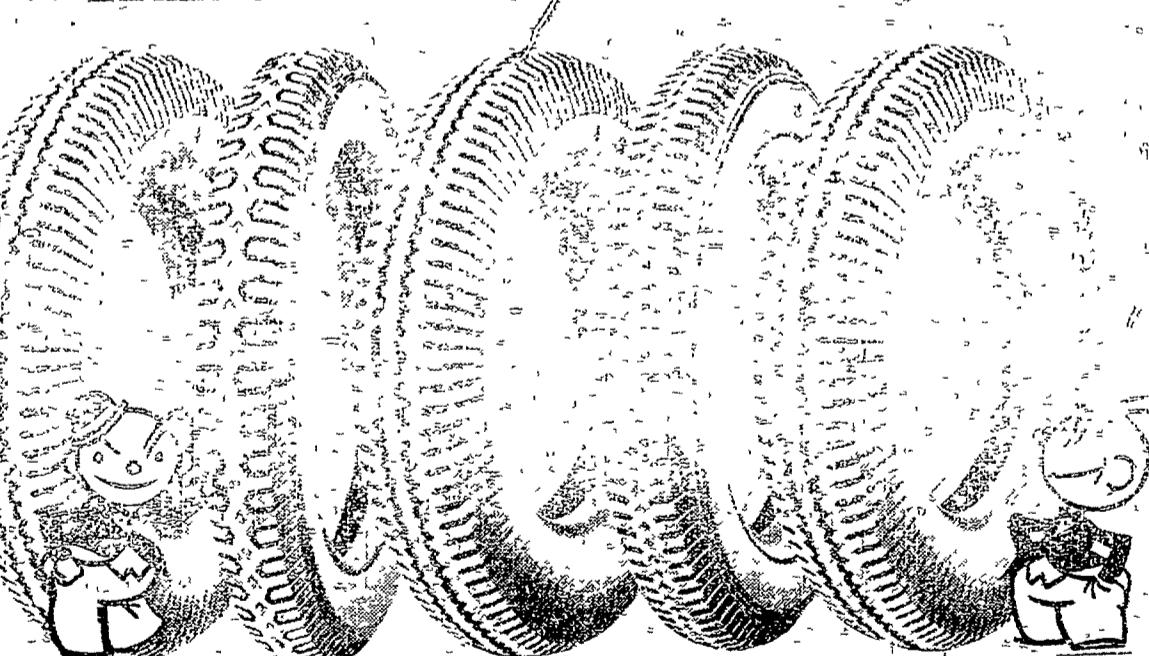

Here also are brought together some of the ablest men in the various fields of finance, sales, engineering, and production who give the distinction of COPELAND to its products.

With its strong financial structure, its remarkable group of executives, its ample holdings and ground, COPELAND has increased with a rapid and constant increase.

## MANAGER CROWE HIGHLY LAUDED IN TELEPHONE PAPER

Official Publication of Bell  
Company Recognizes  
His Services

In the last issue of The Mouthpiece official publication of the Michigan Bell Telephone company, Roy E. Crowe, manager of the Northville and Plymouth districts of that company, is given especially favorable mention. The write-up is in connection with his fifteen years of service with that corporation.

Because of the fact that practically everyone in this section of Wayne county knows Mr. Crowe, and because the article is such a good one, the Record is pleased to publish it in full. It follows:

"Roy E. Crowe, our Plymouth area manager, who completed 15 years of service March 18th has seen a great many changes and betterments in our business. He has also seen many old methods developed anew, improved and returned to practice.

To the younger members of the Michigan Bell family, the combined line and recording method of making toll calls came as quite a change in our practices. To those who were in the business prior to the functioning of our organization that change was a distinct improvement and returning to practice a method used years ago.

The practice has been refined in many ways, improved by the use of more and better equipment and larger and better groups of toll circuits, but in principle it is much the same as of old.

More and better business on our Books" a subject we are much interested in now, was the only justifiable reason for adding Mr. Crowe to the organization back in 1912. Even then it was thought that the word "business" did not do justice to our efforts, so the title of commercial agent was conferred upon him. In a general way his duties were outlined. These stand out in Mr. Crowe's memory several trips made to a bathhouse in an effort to secure a four-part residence contract. That was in 1911.

It is no secret to public business men that a patient taking treatment in a St. Clairsburg bathhouse of that sort, interrupted by the treatments given in steam-hot rooms six times were required to find the proper, and not at all came the resolution to let bath prospectus alone, regardless of how bad it is in the first instance.

During the summer of 1911, Mr. Crowe, who was manager at a local telephone company, and Mr. Crowe, who settled here in May, 1911, are very interested in John D. Jackson, of Northville, Washington and Ultra. He continued there until late 1915 when he left office he was granted.

Mr. Crowe remained to our organization in May, 1917, as manager of the Northville and on January 1, 1918, was transferred to Charlotte. At the time of the organization change in 1919, he went to Jackson as commercial agent and continued in that capacity until February 1, 1921, when he became manager of the Northville area.

In May, 1922, the area office was moved into our fine new building at Plymouth, and the Northville area became known as the Plymouth area.

Mr. Crowe has the regard of the business people and other carpenters throughout his large territory, evidence that he has been doing a worth-while job. His area includes Plymouth, Northville, Wayne, Romulus and Farmington, all driving and growing small exchanges. Congratulations Roy, on that 15-years service and may you never grow gray.

Many a man's peck of trouble comes in liquid form.

## STATE OFFICIAL SOLD PAPERS TO VERANDA MEMBERS

Hoyle Woodman in Letter to  
The Record Recalls days  
of the Past

In a letter to the Record referring his subscription for another year, Hoyle Woodman, deputy state treasurer at Lansing, states that he was especially interested in the recent article pertaining to the removal of the old building occupied so many years by the Randolph drug store.

It might be interesting for some of the Record readers to know that Mr. Woodman has during the administrations of four different state treasurers served as the deputy for that officer; and that in official state circles he is regarded as one of the most efficient men in the employ of the state.

He takes care of the great mass of detail work of the office, and which has been assigned to him by Treasurer McKay, and handles the work most satisfactorily.

He writes: "As a small boy selling papers on the streets in Northville (the Randolph drug store) was one of my regular stops every night where I usually sold a paper to at least two of the members of the Veranda club."

Mr. Woodman was a resident of Northville until he removed to Lansing a number of years ago.

Upholstered furniture may be given a beating indoors if covered with a cloth, which has been dipped in water and wrung out as dry as possible. Use a flat beater. The damp cloth takes up the dust.

### LOCAL

Mr. and Mrs. Roy Crowe of Plymouth visited friends in this place, Sunday.

Ernest Jenks of Lansing, was a visitor over the week-end with Northville friends.

Mrs. Albert Stevens, of Jackson spent Sunday with Mr. and Mrs. Albert Tatzka.

Mr. and Mrs. Gutow, and family visited Mr. and Mrs. John C. Bauman, over Sunday.

Mr. and Mrs. George Neal of Orion, were visitors at the home of Mr. and Mrs. Frank S. Neal, Sunday.

Mrs. Thomas E. Murdoch, who has been confined to her bed by illness for several days, is somewhat improved.

The Fleur-de-lis Club held their last meeting of the season at the home of Miss Ruth Gillis, last Monday evening.

William Thayer, superintendent of the federal fish hatchery, has returned from a trip to the northern part of the state.

The third degree will be worked Monday evening by the Northville Masonic Lodge. A good attendance is expected.

Miss Ida Rose Cavell and Ed. Riley spent the week-end in Oberlin, Ohio, and attended the Senior Prom of Oberlin College.

Mr. and Mrs. Clark Cramer and family of Lansing, spent the week-end with Mr. Cramer's sister, Mrs. Nettie Martin of Wixom.

Mrs. Katherine Hurbut, who has been visiting friends in Jackson and Paw Paw, is expected to return to her home in a few days.

Mr. and Mrs. Albert Tatzka and son and Mrs. Violet Stevens motored to Clarkson, Sunday afternoon, to call upon Mrs. Stevens' aunt, Mrs. Walters.

Dr. L. A. Karcher will move his office to the Pegman Allen theater building, May 15th. The new offices will be complete and modern in style.

The news of the death of Lucas Miller of Detroit, will be glad to hear that he is to be buried again after spending so much time in the hospital.

Mr. and Mrs. A. J. Newman have sold their home up Young Street to Mr. and Mrs. C. E. and Mrs. Newton, expect to make up his new home in the near future.

A donation for the Detroit Edison Company has started the construction of a new home from Salem to West Seneca, the twenty-nine contractors along the lines twenty-one have already wired their homes to electric power.

The Northville Community is having a fund raiser for the benefit of its members. The baptism is an excellent one and is prepared by Brother Charles Dolan. It is somewhat different than the one issued by the church.

In a special ad Geiman & Sons have again called a return to the earliest business their agency is enjoying at present. Their state that business is picking up rapidly and are looking for one of the best men they have ever had.

Miss Margaret F. Weld, who is teaching in the Flint Junior High School, has only classes in mathematics at present, she writes to Northville friends. She is greatly enjoying her work especially since she is teaching in one subject.

Rev. O. G. L. Foss of St. Paul's Lutheran church has been a speaker at the district conference of the Missouri Synod of Lutheran pastors held in Detroit. He delivered the conference sermon as well as giving a special paper before the conference.

Mr. and Mrs. W. H. Yerkes of this place, and Mr. and Mrs. E. J. Frost of Boston, were visitors Sunday with friends in St. Johns. Mr. and Mrs. Yerkes drove down Sunday afternoon from Caro to spend a couple of days with Mr. and Mrs. Yerkes and Mr. and Mrs. Frost before the return of Mr. and Mrs. Frost to their home in Boston.

The community supper given by the King's Daughters last Tuesday night, was a splendid success in every way, and a neat sum was realized for the charity and flower fund of the organization. The circle is very grateful to those who so generously contributed and helped in every way to make it a success, and especially to the public at large for their splendid patronage.

Mrs. L. C. Fisher of Plymouth died early Saturday morning at the home of her daughter, Mrs. Charles Johnston, in this place. Mrs. Fisher had been here only about two weeks. She suffered a stroke of paralysis about a week before dying. The funeral industrial took place in Plymouth, Michigan. Mrs. Fisher had a wide circle of friends in her home community, who came to learn of her death.

Baseball game today, Northville vs. Wayne High School team.

Fred Bristow, who lives just east of Redford, was a business visitor to Northville, Tuesday.

William Hartshorn, who has not been in the best of health during the winter months, is somewhat improved.

Mrs. Georgia Yerkes has returned to her home from a hospital in Detroit where she has been for some little time.

Mr. and Mrs. R. B. Barrett and two sons, of Novi, were pleasant visitors at the home of Ed. Lockwood and daughter, Ella, Sunday afternoon.

Mr. and Mrs. John C. Bauman will go to Detroit, Friday, to visit their son, Lawrence Bauman. They will return to their home in Northville, the first of next week.

On May 3rd members of the Commandery will visit the Order of the Red Cross. It is expected that there will be an extra good attendance of the members.

A number of members of the Kiwanis club left for Mt. Clemens, Wednesday afternoon, to attend the district conference being held in that place.

Mrs. Isabella Strachan, well known local resident, died at her home Tuesday morning shortly after 4:00 o'clock. She was born in Scotland. Additional notice will be published next week.

Mrs. Ella Peck of Plymouth who has many friends in Northville and vicinity, recently suffered a stroke of paralysis, while at the home of her son in Detroit, and her condition is said to be serious.

Mrs. Julian Fritz, Mrs. William Dingman and Mr. and Mrs. Bert Crouch visited Mrs. Mary Foster of Farmington, Tuesday evening. Miss Foster is confined to her home as the result of an automobile accident a few days ago.

The next meeting of the King's Daughters will be held at the home of Mrs. McBride next Tuesday afternoon, May 3rd, at 5:00 o'clock. All members be present particularly if it is possible, as there will be a drawing for a prize.

The Diamond Club of the First United Church will hold its Valentine dance with Rev. Robt. Thompson, Wednesday, Feb. 14th, at New American Hall, 11th and Main Streets. Donations will be \$1.00 each.

The annual dinner of the First United Church will be held at the home of Mr. and Mrs. A. J. Newman, Saturday evening, May 12th. All donations will be \$1.00 each.

The annual dinner of the First United Church will be held at the home of Mr. and Mrs. A. J. Newman, Saturday evening, May 12th. All donations will be \$1.00 each.

The regular meeting of the Foresters Aid will be held in the Foresters hall Tuesday evening at 8 o'clock. Cards and refreshments after meeting.

**FORESTERS' AID**

**MAKE TRIP FROM FLORIDA IN AUTO IN JUST FOUR DAYS**

Mr. and Mrs. Fred Simmons Cover Distance in Almost Record Time

From Clermont, Florida, to Northville, a distance of nearly 1500 miles, Mr. and Mrs. Fred P. Simmons drove the entire trip a few days ago in just four days, and, nor once during the time they were on the road were the lights of the car turned on.

The final lap, a stretch of something like 240 miles from a point in Kentucky to Northville, was made on the last day of the trip, reaching their destination shortly after 5 o'clock in the afternoon.

Mrs. Simmons with the exception of one day, drove all the way and is sure that it was not a tiresome drive.

In 1914 it took Mr. and Mrs. Simmons something like 45 days to make the same trip, although at that time one day should be counted out because of an accident to the car. The two have spent a very pleasant winter in Florida but they say that they are pleased to be home among their friends.

**HIGH SCHOOL GOLFERS SCORE ON CHAMPIONS**

Northville's high school golf team played its first game of the season Wednesday with the state championship team of Redford and scored the highest number of points against the champs than were ever scored against them by any other team. Redford holds both the state and city of Detroit championship among high school teams. Abbott of Redford was low score with 81 and Copeland of Northville next with 89, following as the result of the first contest. Copeland was 5 and 1/2 holes ahead of Northville, Smith zero. Redford players McClellan, zero. Abbott, two. Woolsey, one. L. H. Abbott, two. Woolsey, three and Copeland, three.

### LOCAL

Mr. and Mrs. Oliver Mulhaup and  
daughters and Louis LaBombard, all  
of Flint, were Sunday visitors at the  
home of Mr. and Mrs. Loren Goodale  
—little Betty Barry, daughter of  
and Mrs. G. T. Barry, is with her  
grandmother at Brooksville, Penn.,  
and a letter received by the parents  
states that she is thoroughly enjoying  
the visit.

Mrs. Harold White has been elected  
a member of the sixth district executive  
committee of the American Legion  
Auxiliary. The election took place at  
the district meeting held recently  
in Royal Oak.

Rain this week has somewhat de-  
layed the construction work on the  
new Shafer and Schrader blocks on  
North Center street. The outside  
walls, with the exception of the fronts,  
have been nearly completed.

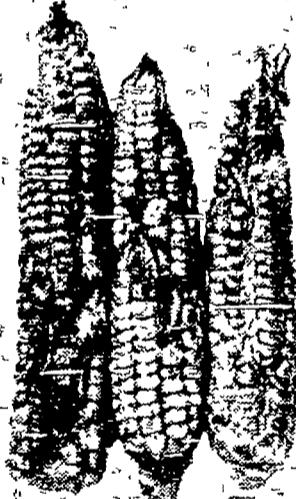

Mr. Bruno Freydl has not yet re-  
turned to her home in Northville  
from the hospital in Detroit where  
she recently underwent an operation.  
However, she is making very satisfac-  
tory progress, and it will not be long  
before she will be able to come home.

Next Tuesday evening the American  
Legion has invited any veteran of the  
war or war who is interested in the  
government insurance to come up to  
the Legion hall as they will be present  
a number who thoroughly understand  
the provisions of the act and  
will be glad to assist the veterans in  
making out their applications.

Northville has a new fraternal  
organization. There has been organized  
here a lodge known as the Degree  
of Honor Protective Association and  
on next Tuesday evening will be given  
a banquet at the Northville Hotel &  
Cafe at 8 o'clock. Installation of  
officers will take place at that time  
and the members have issued a general  
invitation to the public to attend.  
The banquet for those who are not  
members will be at 10 p.m. A dance will  
follow the dinner.

A nine-inch allowance for hemis,  
headings and shrinkage is usually  
made in cutting either glass curtains  
or silk draperies. A valance when  
finished should be about one-fifth the  
length of the side draperies.

### Roasting Ears?

When the Corn Borer comes in

STATE OF MICHIGAN, County of  
Wayne, ss.

At a session of the Probate Court  
for said County of Wayne, held at the  
Probate Court Room in the City of  
Detroit on the sixteenth day of April,  
in the year one thousand nine hundred  
and twenty-seven.

Present, Edward Command, Judge  
of Probate.

In the matter of the Estate of  
ELIZABETH W. NEWTON, Deced.

Fred L. Newton, administrator of

said estate having rendered to this  
Court his final account and filed therewith  
his petition praying that the residue of said estate be assigned to  
the persons entitled thereto.

It is Ordered, That the nineteenth  
day of May, next, at ten o'clock in the  
afternoon at said Court Room be ap-

pointed for examining and allowing said  
account and hearing said peti-

tion.

And it is further Ordered, That a  
copy of this order be published three  
successive weeks previous to said

time of hearing in the Northville

Record, a newspaper printed and circu-

lated in said County of Wayne.

EDWARD COMMAND,

Judge of Probate.

Deputy Probate Register.

## SAW 15 INCHES OF RAIN FALL IN DAY

I thought I had seen it rain, but I was mistaken. Mrs. Babbit and myself were in New Orleans the day it rained 15 inches in one day. The water came down in solid walls. There wasn't any rain about it. It was just a waterfall, that's about all there was to it," stated Mr. Babbit of the Northville State Savings Bank, who has just returned from six weeks spent in Mississippi.

"We had a most delightful time down at Past Christian, where we were. I think the climate there is about the most perfect there is. It averaged about 70 to 75 most of the time, and the weather was very good until we were on our way home. We went to New Orleans and it was there that the rain started. I never saw such a fall of water."

"Leaving New Orleans, we went to Washington. It was warm there, very warm. The day we left Washington it was 90 and reaching home last Friday night we noticed the change. However, we are glad to be back among our friends."

### OBITUARY

Avery C. Garfield was born August 18, 1892, in Northville, and lived here all his life with the exception of the two years and one-half years when he resided in Detroit to reside.

In September, 1923, Mr. Garfield married Margaret Scher of this place, and their married days were such happy ones until June 28, 1925, when he claimed the young wife, leaving to his care an infant daughter.

"Avery as he was commonly called was of a retiring nature doing his best in a quiet unassuming manner, which endeared him to all who knew him. His profession was a painter, and up until the day of his illness, he directed the men's work under his employ."

He passed away at Providence hospital, April 14th, and his remains were brought here to the home of his sister Mrs. M. D. Taylor. Funeral was held from Our Lady of Victory church Monday, April 19th, at 10:30 a.m. and he was laid away. The DeMolay Club he belonged to attended in a body, acting as escort.

Beside the little daughter, Mary Patricia, a father, six sisters and two brothers are left to realize his departure from the family circle, besides a host of friends.

### CHURCH NEWS

#### PRESBYTERIAN

Sunday morning worship at 10:30 when Robert S. Worlton will officiate on the pulpit. The First Presbyterian Church, "We Saw it," Sunday school at noon. Lenten "Peter's Denial and Repentance" Untold young people's meeting at 7 p.m. "What, Vacations? Are Worth while?"
