

# THE NORTHVILLE RECORD

VOL. LVII, No. 48

NORTHVILLE, MICH., FRIDAY, MAY 6, 1927

\$1.50 PER YEAR IN ADVANCE

## WEST MAIN ST. IMPROVEMENTS RAPIDLY PUSHED

### Possibly That Street May be Extended West to the Beck Road

Work has been started by Joe Montgomery, road commissioner of Northville township, to improve West Main street beyond the Northville village limits. This is a much needed improvement, and will be welcomed by residents in Orchard Heights, and those living beyond the village as well.

West Main street is one of the logical directions for Northville's immediate residential growth, and the township officials apparently recognize this fact. It is stated that the improvement of West Main street will be pushed forward toward completion as rapidly as possible, as this will facilitate building developments throughout this section, and be of material benefit to the village of Northville, as well as to the township.

Development of this area, along residential lines, will bring increased revenue to the tax rolls, and aid materially in easing up present township tax burdens.

There is approximately 600 feet of road work on West Main street, of which one-half belongs to the village of Northville, and one-half to the township, which has been very badly in need of improvement for some time.

## TELLS EXCHANGE HOW TO PROTECT YOUR PROPERTY

Lewis C. Willis, attorney and estate engineer, gave an address sponsored by the Exchange Club meeting Wednesday night. The purpose of his talk was to introduce to the business men of Northville the development of a new approach to the estate problem through specialization in the various fields affected, the law, guardianship, probate, insurance, investments, economics and kindred fields.

## YOUNG MOTHER TAKEN BY DEATH

After a long and painful illness, Mrs. Alexander Strachan, passed away at her home on North Center street, Wednesday, April 27th at the early age of 28 years, leaving two children and her husband to mourn their loss.

## NEW ENVOY'S WIFE

## Off on a Mission of Mercy

Sight of a wrecked vessel sends the ever-watchful coast guardmen into instant action. This picture shows the crew at Puga island, at the mouth of the Merrimack river, New Hampshire, starting away on a trip to remove the crew from a schooner stranded off the storm-swept station.

## MANY PRESENT AS OFFICERS TAKE OVER LODGE WORK

### Eastern Star Conducts a Public Installation Last Friday Evening

More than 200 members and guests attended the installation of officers of Order Chapter No. 77, O. E. S., last Friday evening at Masonic temple. Mrs. MacNabb, retiring worthy matron, presided over the ceremonies of the evening, and much credit is due her for the manner in which the work was exemplified.

Six little girls, Lucie Simmons, Wendoline Jones, Louise Alexander, Kathleen Berry, Jean Atchison and Jean Brooks, dressed in red, white and blue, presented the flag.

Mrs. Ceivedik, acted as installing officer, with Mrs. Dawn Holcomb as marshal. Mrs. Dolie Bucking was Past Worthy Grand Matron, installed Mrs. Lyndella Ely as worthy matron, she having acted in a similar capacity when Mrs. Myrtle was installed as associate conductress. Mrs. Grace Dolph acted as organist and Mrs. Mattie Griswold as chaplain.

Following is the list of officers who will have charge of the work of the chapter during the ensuing year:

- W. M. Mrs. Lydia Ely
- W. P. W. G. Edwards
- A. M. Mrs. Blanche Frankish
- Secretary—Mrs. Matrona Hay
- Treasurer—Mrs. Della Brooks
- Conductress—Mrs. Hazel Boyden
- Ass. Con.—Mrs. Mary Cassie
- Adm. Miss Geraldine Young
- Ruth—Mrs. Vance Masters
- Esther—Mrs. Mary Kenney
- Matthia—Mrs. Helen-Sweet
- Electa—Mrs. Edna Edwards
- Chaplain—Mrs. Mattie Griswold
- Marshal—Mrs. Lida Murphy
- Organist—Mrs. Bertha Peters
- Yarder—Mrs. Ina Rauman
- Sentinel—D. F. Griswold

In the floral work, two tiny girls, Marjory Parmenter and Evelyn Jean Jones, who were dressed in pink, and drawing a small wagon, presented porphy plants to the officers who represent the five points of the star. These little girls also presented the installing officers with gifts of appreciation from the chapter. Many gifts were also bestowed upon the officers by their friends.

After the work of the evening, a very nice lunch was served.

## MISSION SOCIETY BREAKS RECORD

The Woman's Home Missionary society of the Methodist church has just reached the highest point of endeavor since its organization. The local society reached its peak at the home of Mrs. Erin Coby last Tuesday, April 26th, when after a dinner the ladies opened their mite boxes to swell the local treasury for the supply in their work of mercy.

All the apportionments have been reached and the ladies of the local church face the future with greater encouragement. Over seventy were present and a pleasing time enjoyed by all.

## SPECIAL MEETING OF KING'S DAUGHTERS

A special meeting will be called, Tuesday evening, May 10th, at Mrs. Ray Cassin's for the purpose of raising a sum of money to be sent to the flood sufferers in England.

## STUDENTS PLAN FOR END OF WORK EARLY IN JUNE

### Faculty Pleased with the Work Being Done by Pupils

School officials, faculty members and students have started planning for the ending of the school year and the commencement exercises that will take place early in June.

There are 21 members of the Senior class. The Juniors considerably outnumber the Senior class and next year, if all of them remain to complete their high school work, the class will become one of the largest in some time.

Members of the High school classes who are in line for promotion and graduation follow, and according to what officials prospect as to all of them will be advanced as the work being done by the students is exceptionally good.

### Grade Nine.

- Gray—Arlene Bether, Alice, Margaret, Hartum, Ford, Braithwaite, Viola, Ruth, Edna, Ruth, Knowles, Bina, James Boyd, Florence Buda, Mattie, Campbell, Marie Clark, Grace Taylor, Lucie Frydell, Vera Dickerson, Florence Dickerson, Ina P., Olga Beckman, Mabel Fietzman, Doris B. Vason, Marjole Hamilton, James Huff, Mary Jordan, Cora Koller, Esther Lever, Arthur Lyne, Charis Leterra, Arthur, Lower, Ruth Mclow, Grah Margham, Claud Morgan, Leona Moffit, Merril Rothacker, Glenn Rankin, Anne Richards, Arthur Sessions, Paul Steffen, Mildred Stanley, Marjorie Schultz, Robert Sedon, Alfred Sibley, Richard Sonnenburg, Louis Tiffin, Foster Vanatta, Ernestine Wolfe, Hazel Winiple, Sheldon Westphall, Kenneth Wilcox, Ruth Roberts, Joseph Weeks, Edna Walters, David Weininger, Elyse Turner, Arthur Weller.

### Grade Ten.

- Marjorie Adams, Jessie Austin, Norman Atchison, Frank Bowers, Allen Beard, Irene Bennett, Lois Brockman, Marion Cousins, Madeline Cole, George Calkins, Marvin Gunz, Miller, Harvey Gutzwiller, Joan Harlan, Helen Hocking, Hazel Hocking, Marjorie Johnson, Richard Kerr, Franklin Knight, Corothy Kniken, John Leavenworth, Gladys Ludwig, Catherine Larsenberger, Robert, McCordie, Jessie Nelson, Rowena Root, Alfred Smith, Ethel Sterner, Raymon Strin, Chester Tomaszewski, Jeannette Vradenburg, Dorothy Vogt, Ted Watts, Robert Stracken, Harley Wolfson, Betty, Chargo Donald Herrick, Cornelius Potter.

### Grade Eleven.

- Russell Atchison, Delois Bennett, Grace Biery, Frieda Bolton, Duane Dunbar, Howard Dixon, James Ely, Charles Ely, William Foreman, Howard Goodale, Geraldine Huff, Albert Killet, Esther Lockman, Violet Ludwig, Donald Munro, Clausen Murdoch, Earl Roberts, Marie Schoof, Helen Schultz, Ellen Sutton, Ruth Sessions, Margeret Safford, Sam Stalter, Terry Thompson, Roy Vanatta, Donald Ware, Alvin Hotaling, Harry Sedon, Lynn Partridge, Edward Wood, Leon Ogilvie, George Ogilvie.

### Grade Twelve.

- Orson Atchison, Vera Austin, Warren Banfield, Arthur Carlson, Norman Copland, Ruth Foreman, Irene Gotts, Edward Horton, Yon Halvorsen, Lawrence Devere, Carlisle Lovell, Alexander Keith, Marion, Mildred Phipps, Richard Smith, Edna Stible, Vivian Taylor, Margaret Warner, Tom Wood, Vera Warner, Edna, George Ogilvie.

## STINSON PLANES ONE OF BIG HITS AT WASHINGTON

### Conrad Langfield Flies to Show With Officials of Company

Four hours and forty minutes from Northville to Washington, D. C., and that without pushing the plane for a speed record or making any unusual effort to cover the distance in more than ordinary flying time, was the accomplishment of Eddie Stinson, accompanied by William Mara, secretary and manager of the Stinson Aircraft corporation, Conrad Langfield, Ray Cooper of the Detroit Board of Commerce and Frank Bogard a Detroit writer, Sunday.

The telegram sent by Conrad Langfield to his father, Monday, he said: "Breakfast in Northville, Sunday, June 5, in Pittsburgh."

Dinner in Washington, D. C., Sunday, wonderful experience of the trip. Flew over Alleghany mountains at a mile altitude. Distance from Northville by air 500 miles, the time only four hours and forty minutes. Load carried, 1,600 pounds. There are forty exhibits of machines, two being Stinson-Detroits made in Northville.

Eddie Stinson, president of the Stinson Aircraft corporation, and without dispute the greatest flyer of the generation, drove the plane on the trip to Washington.

According to information received from the National airship, the two Stinson crafts that have been on display there this week have been nothing less than sensation. Flyers from all parts of the world have been there to look over the various machines and not one of them has attracted the attention that the Stinson planes have.

That is because the flying crafts made here have the reputation of being the safest and most stable made. No Stinson plane has ever, in a forced landing for other causes than weather conditions. And no Stinson plane has ever been struck head on by a tail-hunt. Traveling in a Stinson is as safe as traveling in an automobile. Stinson was the first aircraft producer to apply a self-starter to the engine and to put brakes on the landing wheels. The stability of a Stinson craft is one of the wonders of this new industry. It is the only plane that will fly through the air without the driver being at the wheel.

Business at the plant is growing by leaps and bounds. Up to a few days ago there had been only one "production line" and now the business is growing so rapidly that officials are contemplating the starting of another production line.

## IN BRAZIL EMBASSY

The newly appointed secretary of the Brazilian embassy, Mario da Costa Julmaraes, who has arrived in the national capital to assume his post.

Col. Hugh L. Cooper, American authority on power projects, will be named chief consulting engineer to the Soviet authorities in the construction of the \$60,000,000 Dnepro-Hydroelectric project, according to dispatches from Moscow. Colonel Cooper has been chief engineer in the Niagara Falls power development, the Muscle Shoals project and the Keokuk dam.

## NEW PRESIDENT OF NORTHVILLE ROTARY

Don Yerkes, S. C., newly elected president of the Northville Rotary club has assumed charge of the club's affairs and presided at his first meeting last Monday. He is a charter member of the local organization and has been one of its active members.

## TRAINING CAMP IS HIGHLY ENDORSED

Charles H. Stinson, A. D. Sparring, Mrs. Louise Bryan and James Neal, composing the Northville board for the Citizens' Military Training Camp to be conducted during the summer at Camp Custer, are urging everyone who is anxious to spend thirty days in outdoor life, to see some member of the board at once in order to secure full information on the subject.

Postmaster Neal expects soon to speak to the students at the Northville high school on the subject, as it is the desire of the government to have as many young men as possible attend the camp and secure the benefit of the training as well as the knowledge of military affairs at the camp.

Custer is regarded as a big outdoor military training camp during the thirty days the trainees are located there states Mr. Neal and would be a benefit to anyone to spend a little time at the camp, he points out. The idea is generally endorsed.

Anyone of the members of the board can supply such data as may be desired.

## WILL ADVISE PERU

George H. Stevenson, former president of the Baltimore Federal Land bank, and for the last three years with the federal farm loan bureau in Washington, has been chosen to serve as advisor to the President of Peru in the establishment of rural credit banks for that country.

## LOCAL

The funeral of John Harvey Steers, aged 81 years, a well known former resident of Northville, who died recently at St. Petersburg, Florida was held Monday at Woodlawn cemetery chapel in Detroit.

The marriage of Earl Hoan, of Highland Park, and Myrtle Traill of Detroit took place at the Methodist Episcopal parsonage, Saturday afternoon at 3:30, the ceremony being conducted by Rev. William Picards.

The next step contemplated by village officials will be the curtailing of speeders about town. Marshal William Safford says that a number of youngsters are the worst offenders and he states that possibly a few arrests may bring the practice to an end before someone is seriously hurt. He also declares that the habit of some of the boys and girls in riding about town on the fenders of cars can be termed reckless driving under the statute, and that this dangerous practice has been called to his attention several times.

It is better to be slandered by some men than to be praised by others.

## LOCAL CLUB HAS HIGH AVERAGE IN THE STATE

### Exchange Beats all Other Clubs for the Past Three Months

Ninety percent average attendance during the first three months of the present year, the highest of any Exchange club in the state, is the exceptional record of the local organization, according to information given out at the meeting Wednesday by President Don Yerkes, Jr.

The local club has put forth no special effort to keep up a high attendance record, but each member has taken it upon himself to be present at as many meetings as possible, with the result that the club rating is the highest in Michigan.

A special effort is going to be made to have a big session at the state convention in Kalamazoo in June. Both President Yerkes and Secretary Richards are urging the members to attend the state event.

Past President Leon Miller of the state Exchange organization, is a Kalamazoo resident and his states in a communication that the city is planning on giving the visitors one of the best times they have ever had. Local officials are hoping on a 100 percent attendance.

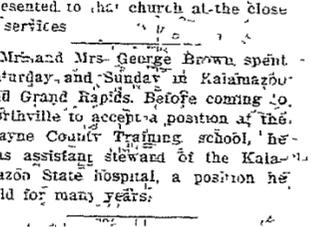

## HILLS TO OPEN NEW AUTO SALES ROOM

Charles Hills has just completed the construction of a display room and work shop at his garage on Church street, just off Main and is preparing for one of the busiest automobile seasons he has ever had.

The new Flying Cloud, the season of the automobile world for 1927, and its companion car, the Wolverine, which is expected to bring the market within the next two or three days has found an exceptional purchaser favor about Northville, according to Mr. Hills and he has found it necessary to prepare for the increased business in experience.

The department of education Thursday at his place when both the new cars will be on exhibit.

## HAS A SOVIET JOB

Col. Hugh L. Cooper, American authority on power projects, will be named chief consulting engineer to the Soviet authorities in the construction of the \$60,000,000 Dnepro-Hydroelectric project, according to dispatches from Moscow.

Colonel Cooper has been chief engineer in the Niagara Falls power development, the Muscle Shoals project and the Keokuk dam.

Take no chances with winter's coal shortage. We can deliver your coal this summer, and it certainly is good coal. Order today by phone or letter.

### WM. S. DICKERSON DIED SATURDAY AT AGE OF 76 YEARS

Well Known Resident of this place Taken by Death—Burial Here.

Wm. S. Dickerson, who, died last Saturday, was born in Gosham, Otsego county, New York, August 13th, 1850. He was 76 years of age. He was married to Emma E. Christler, February 11th, 1872. To this union were born twelve children of whom seven are living. Those surviving to mourn his loss with the mother are, Mrs. Lena Stewart of Lansing, Mrs. May Buckley of Detroit, Mrs. Grace Knight of Northville, Mrs. Lena A. Buckley of Royal Oak, A. W. and John M. Dickerson of Detroit, and James of Northville. There are also ten grandchildren and three great-grandchildren.

The funeral services were held at the home on Horton avenue Monday, May 2nd, Rev. Wm. Richards officiating with burial in Rural Hill cemetery. Mr. Dickerson was a gentleman well respected in the community, and among his fellow workmen at the shoe factory where he was employed for many years, and who bore him to his last resting place.

Heartfelt sympathy is extended to the family in their bereavement.

### NEW GAS MAIN IS NOW CONNECTED UP

Workmen have completed the laying of the new four-inch gas main between Northville and the gas plant located just south of the Wayne County traveling school, and the service was connected with the service main in Northville on Wednesday. This gives to Northville a gas supply sufficient for a place of its size.

It also gives to Northville two main lines from the gas plant so if one should fail the other one will be able to carry the supply needed.

The officials of the Michigan General Utilities are expecting an exceptional growth in this section, and as a result are providing not only for immediate requirements but for future.

### ROTARY BUTTON SET WITH DIAMOND GIVEN OFFICIAL

Club Members Show Their Appreciation of His Work

In appreciation for the untiring efforts given the Rotary club during his term as its president members of the organization Monday presented to W. Langfield a diamond Rotary button.

The presentation speech was made by Frank Harmon, who has been one of the active members of the organization from the first. He highly lauded the spirit Mr. Langfield had shown in the work of the club and stated that every member had appreciated the effort put forth by Mr. Langfield to make the club one worthy of the community in which it existed.

Mr. Langfield expressed his thanks to the club and stated that he would always regard the button as one of his most choice possessions.

## Local News

Mr. and Mrs. M. A. Devison of Findley, Ohio, spent Sunday with Dr. and Mrs. J. H. Todd.

Dr. Zambrano has returned from Providence, R. I., where he has been for the past few days visiting at his old home.

A number of members of the Rotary club made up meetings this week by attending a session of the Birmingham club.

Mrs. George Rackham and son, Harry, are this week week moving from the place they recently sold on Base Line road to Detroit.

The annual Achievement Day for women interested in home economics will be held on Tuesday, May 10th, in Wayne. Keep the date in mind.

Dr. Lavina Kerchem has already moved her offices to the Penniman-Allen theatre building. The new place is very attractive and modern in every way.

May first opened the trout fishing season in Michigan, but there wasn't many from these parts who dusted off their rods to make a try for the speckled beauties.

The new Dr. Schuyler building on North Center street is rapidly nearing the completion stage. The front is nearly completed and the flooring will be laid as soon as the concrete base has thoroughly dried.

Surveys have been made and everything is now in readiness for the paving of the Griswold road from the Base Line road into Northville. It was stated that the work will be started within a month.

Construction of the parking on the Ten Mile road, located just this side of Novi, has been started. The machinery has been placed at the west end of the road, and work will be carried to the east. It is understood that the road will be completed through to Grand River.

Mr. and Mrs. Samuel K. Hilliard have rented the residence of Mrs. Henry on East Dunlap street and will move out here from Detroit in the near future. Mr. Hilliard is director of public relations for the Star Aircraft Corporation. At one time he was on the editorial staff of the Free Press.

It will be a big help to you fully by in it advertisers can get their copy in just a little faster in the week. You get your ad in the ten and in both the week and in the world on round and broader in and to it that the sun rise and when it should every worn job, earlier copy will be appreciated.

# THE NORTHVILLE RECORD

ESTABLISHED 1869

Published every Friday morning and entered at the Northville, Michigan, postoffice as second-class matter.  
**ELTON R. EATON** EDITOR AND PUBLISHER  
**J. W. PERKINS** MANAGER COMMERCIAL PRINTING DEPARTMENT

Circulated in one of the most prosperous sections of Southern Michigan  
 Price, Per Year \$1.50  
 Six Months .75c  
 Three Months .40c  
 Telephone 200.

NORTHVILLE, MICHIGAN FRIDAY, MAY 6, 1927

**ALMOST**  
 The Free Press almost said something the other day, which nearly reflected a little credit on the Groesbeck administration, when it said:  
 "We get some sort of an idea of how much of a hunting state Michigan is from figures which have just come out of Washington. These show that last year the state was called on to issue 290,281 licenses, for which it collected the respectable sum of \$355,400." We are led in this regard by Pennsylvania, New York and Ohio. Perhaps sportsmen there feel an unusual need to tramp on their surplus flesh. Washington reports a general increase everywhere in the number of licenses signed. The increase is likely to go on in Michigan as a result as much of the improvement of roads in the districts where game is most plentiful as because of serious efforts to extend protection to birds and mammals during their breeding season."

**GARDEN TIME**  
 Poets and philosophers tell of the satisfaction obtained from cultivation of flower and vegetable gardens, but their practice is not as general as could be wished. In many places there is much less gardening than there was some years ago. People have too many other things they want to do with their spare time.  
 In many cities and towns, however, the garden movement has been pushed as a community proposition. People have been urged in a systematic way to decorate their gardens with hardy flowers, shrubs and trees, and some of these communities have developed an amazing amount of beauty.

Such gardens become quiet and lively, wreath of time, and in these flower beds is no doubt paid for in the higher value of real estate that is established in such a way.  
 Home-planting is the mother that has led to the idea of promoting the gardening movement. People will usually do what their neighbors do. If you persuade one or two influential citizens on a street to spend a little more time and money in beautifying their places this season, the majority of their neighbors will do the same thing.  
 As respects vegetables, the advantage of the back yard garden ought to be obvious in these times of high prices. The children of the modern community do not have enough share in the home tasks, and it would do them good to have some regular labor in a garden and they could well do a good deal of it. But the old folks cannot expect them thus to labor unless they also are willing to do some stunts with the spade and hoe.

**OUR POSITION**  
 When the present publisher of the Record assumed control of this publication, a general statement was published as to the policy to be pursued. It was the intent at that time to make it clear that his newspaper would publish anything which might be to the benefit of the community or to some individual. Possibly the statement was not quite as clear as it should have been, and for that reason it has been deemed advisable to again state the general policy to be pursued.  
 First—The Record will publish any news items which will be of general local interest and which will NOT reflect upon any individual or group. The Record will give its columns freely to the advocacy of any movement which will assist in the development and the betterment of this community or any of its institutions.  
 Second—The Record will NOT print anything knowingly which will in any way reflect upon the worthy intentions of any person or group. It will not publish ANYTHING which will in any degree cause the slightest injury to the feelings of some individual or reflect discredit of any nature. It will not print articles which can be construed as a criticism of local institutions, and which might tend to bring them into possibly unmerited disrepute.  
 There are enough pleasant activities in any community, which can be ferried by news events to fill the columns of the paper, all of interesting reading matter. Then, as a matter of fact, the average individual is a leading little things which are all interesting in "always produce a source of news."

The object of this newspaper is to create interest in local affairs by the publication of the best news, and pleasant news, by recording the worth while activities of the community and by putting the little things and generally from a slight point of view to the individual as well as the community, and by so doing to bring to the notice of the community which will be of benefit to all of our citizens.  
 Keep to yourself the things which by publication might reflect upon someone—but bring us all the news you can fit by its publication someone will be pleased and someone benefited.  
 On Monday evening, May 8th, Northville Camp Royal Neighbors of America, will observe the seventh anniversary of Northville Camp. The members and their husbands will enjoy a banquet at 6:30, and the evening will be spent in playing cards and listening to a well prepared program by the committee in charge.

## Putting a Rock Foundation for Simon Peter to Build upon

Peter had denied his Lord and swore about it. He had boasted of his staying powers—he had dared to walk upon the water—he was alert and ready to try anything once—BUT he failed often.  
 Resurrection morn' came and Peter with the other disciples were in the doldrums. Of a sudden Mary came Fanning into the meeting with very strange tidings. Peter and John speeded away to see for themselves. Then came that unforgettable morning on the shore of Galilee when Peter was run over the proving grounds to see if the still was unstable in his beliefs "Feed My Sheep" was the note he never forgot.  
 Will God let you find Him—fellowship with Him—a friend—Are you looking for Him in the place of the dead? Would you go across the street to know Him?

**C. A. DOLPH BIBLE CLASS**  
 METHODIST SUNDAY SCHOOL

## First Presbyterian Church

**Mother's Day**  
 Services this Sunday will be in loving tribute to your best friend—your mother.  
 Mother's day should mean something more than just the wearing of a flower—beautiful as the custom is, yet it is not enough. If we are sincere in our expressions of love for her, who would have died that we might live. Mother's day should mean the doing of the things Mother would have us do—and don't you suppose that she would love to have us do it on church on this day as well as at home?  
 Let us wear a flower for Mother's sake and worship Mother's God.  
 10:30 a. m. 7:30 p. m.  
 Sunday School at 12 noon.  
 It is always interesting to get the other fellows' point of view. That's why we like to have you in the men's class—we want yours.  
 A welcome for the "strangers."

## THE FRIENDLY CHURCH

**HEAR SUNDAY'S SERMON—**

**Can All Washers Wash Blankets and Rugs?**  
 In selecting an electric washer, do not lose sight of the fact that you will want to wash large blankets, comforts and chenille rugs in it as well as the ordinary weekly wash.  
 Not all washers are capable of doing this heavier sort of work, because their tubs are too small.  
 The EASY Washer, however, is built to fill this very need. It has a tub large enough to accommodate the largest pieces that you will have occasion to wash.  
 Buy an EASY and you will have a washer that will do your washing completely.

TO USE STINSON PLANES ON NEW AIRMAIL ROUTE IN NEAR FUTURE

Officials of the Stinson Aircraft corporation have just been advised that another air mail route will probably be flying Stinson planes within a few weeks. Announcement of the plans for this newest line are not ready to be given out, but it is understood that it will be one of the biggest contracts yet landed.

PRINTING GROWTH FORCES ADDITION OF NEW SERVICES

Record Soon Equipped to Provide an Illustration for all Purposes

In order to keep pace with the exceptional growth of that business being experienced by the Record, and to give advertisers and patrons of the commercial printing department the kind of service they appreciate, the Record has ordered the full Western Newspaper Letter Advertising Service

One of the gratifying things in connection with the publication of the Record has been the exceptional increase in the number of letters and calls for the advertising department.

The new cut services that have been ordered can be used in either newspaper or commercial printing. Often it is the desire of a person to use some sort of an illustration on printed matter, and the Record will within a few days be able to offer a complete service in this line.

The mat service will be of especial benefit to the merchant as many of them receive illustrations of the merchandise they desire to advertise in this form, and from now on the Record will be able to make such castings as desired.

Have lots of Saturday or week-end picnics this spring, if you own a car. Take the whole family along. Keep a special box or picnic kit equipped with paper or unbreakable plates, cups, silver paper napkins and waxed paper.

Long Distance Helps Get Out Quick Information on Price Changes

KENTUCKY-WEST VIRGINIA COAL COMPANY  
CINCINNATI, OHIO  
General Manager

Dear Sir:

We are great believers in long distance service, especially so during the winter months when our salesmen are unable to travel the territory on account of snow and ice, and, of course, the winter months are our big months, and without long distance service, we know our business would suffer materially.

During the time prices are changing, we can cover, at least, twenty five customers out of town on the Long Distance phone, whereas if we were to depend upon personal calls, we would not be able to get in touch with even half this amount.

Yours truly,  
*W. H. Lewis*  
General Manager  
KENTUCKY-WEST VIRGINIA COAL CO.

During the time prices are changing, we can cover, at least, twenty-five customers out of town on the long distance phone, whereas if we were to depend upon personal calls, we would not be able to get in touch with even half this amount.

**MANY ROTARIANS GO TO CONFERENCE**

Not very many of the members of Northville's Rotary Club remained home from the district conference held last week at Mt. Clemens. Those who attended were, Don Yerkes, Sr., E. C. Langford, Edd A. Keeney, E. H. Lapham, Ray Richardson, Ernest Muler, Chas. Scholtz, John McCully, Waldo Elliott, Edward Mills, Charles Thornton, Harry Clark, R. A. Brooks, Harry Maiburger, Dr. H. H. Burkart, Dr. Saley, Chris Neilsen, Mark Seeley, Attorney Cochran and Father Schuler. The Mt. Clemens conference was the largest ever held in this district, according to local Rotarians who were present. The Mt. Clemens club did a wonderful job of entertaining and the various dinners were just about all that could be expected. The program was a good one and all of the sessions were largely attended.

**SALEM**

Mrs. Don VanSickle was a Detroit visitor, Monday.

Mrs. Mandel of Wayne, called on Miss Florence Rider, Thursday.

Mr. and Mrs. Ray Pennell were Sunday evening callers at the B. F. Shoebrieger home.

Herman Schoeder and family have been in Blissfield recently, visiting the John Phillips family.

Albatross and wife spent Sunday evening with their son, Joe and family in South Lyon.

Ralph Wusson and family motored Sunday to Whitmore Lake, spending the day at Frank Galpin's.

Grant Currie attended the Michigan Convention of Parents and Teachers held at Flint, from April 27th to 29th.

George Shoebrieger has improved his home by adding a kitchen, and Glenn Lyke has a new garage on his premises.

Mr. and Mrs. Alfred Judd of Battle Creek, Doyle and Kenneth Rowland spent Sunday with Mr. and Mrs. Rowland.

Fred Drews and family and Mrs. A. G. Keuhl of Plymouth, were Wednesday afternoon callers of the R. W. Keuhl family.

Mr. D. E. Smith of Ann Arbor and Mrs. Newton Smith of South Lyon, called at the A. F. Vagstad home, Friday afternoon.

Mr. and Mrs. R. W. Keuhl, Lester and Irma Keuhl were dinner guests Sunday of their daughter and sister Mrs. Drillis Dudley in Bedford.

The Brethren class of the Congregational church had a very enjoyable April meeting in the home of Luella Lindner, last Friday evening.

The baseball game last Friday at Salem Union School between the Walker and Salem girls' ball team resulted in a score of 4 to 3 in favor of the Salem girls.

Mrs. Fred Roseman and children of Crescent Lake, and her mother, Mrs. Ray Lyke of Northville, had Mrs. J. Robinson of Brighton, called at the C. Payne home, Sunday.

The second annual Mother and Daughter banquet, given by Bethany Bible class of the Congregational church takes place Wednesday, May 17th at 7:30 p. m. in the town hall. Tickets, 50c each, for sale at Kahler's store and at persorage.

Sunday dinner guests at the B. F. Shoebrieger home were: Mr. and Mrs. Carlwert, Miss Margaret Shoebrieger, Mr. and Mrs. James Heddie and son, Fred, of Ann Arbor, and Mr. and Mrs. Leo Hollis and son, Junior, of Northville.

Mr. and Mrs. Frank Buers motored to Detroit, Sunday afternoon, where they visited Mr. and Mrs. Frank Louch and all called on Mr. and Mrs. William Davidson and their mother, Mrs. A. S. Knowles, who has been in failing health since a few weeks.

Mr. and Mrs. A. F. VanArta celebrated their sixty-fifth wedding anniversary, Sunday, May 1st. Their many friends wish them joy for this rare occasion, for not many couples can look back over so many years of happy wedlock as they are privileged to do.

Mrs. W. A. Kahler left Friday for Detroit, to visit her niece, Mrs. Clyde Gibson, and Sunday morning accompanied Mrs. Gibson and nephew, Earl Feighner to Jackson, attending the conference of Evangelical churches of this district which had been in session the whole week, returning Sunday night.

Mr. Hagon, county club leader, was in Salem Thursday evening, to form boys' and girls' clubs. A poultry club under the leadership of Grant Currie was started, with the following officers: Lewis Bohling, president; Doris Cole, vice-president; Neil Currie, secretary; Myrtle Fallot, treasurer.

The young people's rally day of Sunday schools of the N. E. District held in the Baptist church in Ypsilanti all day Saturday, with banquet at night in the Congregational church was attended by the following members of Salem Congregational church: Mesdames, R. Pennell, F. Buers, B. Shoebrieger and C. Whipple; Mr. and Mrs. C. Payne; and Misses Irma Keuhl, B. Shoebrieger and E. Wittich; and also Mr. and Mrs. C. W. Lewis of Warden church.

**WIXOM FARMERS CLUB WILL MEET AT ROCKER HOME**

Next Session to be Held on May 11th—Program is Interesting

Reading—Mrs. Thomas Hartland  
Vocal Music—Mrs. R. J. Bandfield  
Talk by the Leader of Boys' Clubs  
Flower Fund Collection  
Question Resolved, That the Great Lake Waterway is an advantageous project to the transportation of our exports. Affirmative—David Gage, negative—Mrs. B. A. Holden

Question Box, conducted by Harold Rocker

MRS. R. D. STEPHENS  
Society Wixom Farmers Club

Bad eggs give other eggs sold with them a bad reputation. That gets egg eaters away from all eggs in the summer time. That cuts down the demand. The decreased demand lowers the price of all the eggs.

Don't work a slow horse and a fast horse together. There will be friction and loss of power, in addition to irritation to both driver and horses.

Each experience a man has makes him better or worse.

**Whatever You Do It's For Yourself**

Every man who lives in a home knows he can do little things to make it more attractive, livable, comfortable. When he owns a home of his own he can do as he likes and know it is for himself and his loved ones. When he improves another man's property, while he pays rent, he is never sure the landlord will permit the change, and if he does, the rent payer is simply paying out more money to make another man's house more valuable. Build your own home—then do as you like.

**"... built to standards of accuracy once thought impossible except in hand-built cars"**

You have frequently heard that the Greater Oakland Six is built to standards of accuracy once thought impossible except in hand-built cars. And perhaps you have doubted the statement, believing that no car so low in price could possibly be manufactured with such scrupulous super-precision... But if you could see the Greater Oakland Six being built, your own eyes would convince you—for Oakland is going to unheard-of lengths to keep the Greater Oakland Six the best-built car of its price in the world; to enhance to an even more marked degree its reputation for stamina, long life and low cost maintenance.

**SEDAN \$1095**

Oakland Six, \$1025 to \$1295. The New and Finer Pontiac Six, \$775 to \$975. All prices at factory. Delivered prices include minimum handling charges. Easy to pay on the General Motors Time Payment Plan.

OPEN EVENINGS

**CREMATING THE CORN BORER**

Making it hot for the European borer. First corner the pest in piles of corn stalks like this, read the recipe of the farmer in the borer-infested area and then roast him alive.

**UGH!**

Birdseye view, greatly enlarged, of a few of the 211 European corn borers found in one hill of corn in a heavily infested area in the United States. Ten borers are enough to ruin one stalk.

**THE LIFE OF A BORER**

Ten months of the year, from July through April, the European corn borer lives as a larva, or caterpillar, in the corn plant. In May it goes to the pupal stage (somewhat like a cocoon), shown at the bottom of this picture. In June it emerges from the corn-stalk as a moth (male and female shown above), flies wherever the wind takes it, always at night, and the female lays from 350 to 500 eggs on the young corn plants. Eggs change to larvae, and the borers are at work again.

**Completely Ruined**

Why they call the European Corn Borer a "borer" is answered by this picture of a completely ruined hill of corn. The borers tunnel through the summer, so weakening it that it often topples over before the ear can mature.

Shade in a chicken yard is a necessity. Trees and low shrubbery provide the best shade. If no natural shade is available, artificial shelters may be made of branches or burlap.

Knowledge of cumulative always pays dividends and often declares a sure ten per cent.

good bands have been organized recently. One famous university band leader recently quoted, "If more boys blew horns, less boys would be blowing safes." Besides, educating our own children with this money, it will always look after the village functions, and school activities, and, in general will be a valuable asset to Northville. It seems a pity this movement was not started last fall, then no doubt, the organizer could be depended on to give a little music this summer, but starting at this time would not be giving the most dynamic organizer much of a chance this summer.

It is a job not to be envied in any sense of the word, it is a very unthankful job, with much uphill work, and needs methodical tactics, patience, teaching ability, and a knowledge of the make-up of boys and girls who are to become members. You are to be congratulated on your move. Although, not a Northvillite, I have never heard anything in the nature of dissent, while visiting your community. Good luck to your enterprise. Yours truly,  
CONRAD GLEASON.

**WILKOM COMMUNITY LEAGUE TO MEET**

The Wilkom Community League will hold their next meeting at the Wilkom School house on Monday evening, May 8th. A good program will be given. Rev. J. J. Halliday, pastor of Salem Federated church, will be the speaker of the evening. There will be exercises by some of the school children. Reading by Mrs. J. M. Clapp and music by the Glee Club. A lunch will be served.  
Signed F. W. McDONALD,  
Secretary

Never undertake any job with the intention of giving it less than your best effort.

It's best to give garden crops a very thorough watering about once a week, and then not apply any more water until they really need it. Most garden crops are injured if they are allowed to wilt to any extent.

Every married man thinks he would be rich rich if he had remained single.

Do you know poke shoots? They grow wild in many localities. The young tender shoots and tips of the more mature stalks are excellent as greens. Because of the slightly bitter taste, the first water is usually thrown away after the poke shoots have boiled a few minutes. Do not over-cook them. Serve in any of the ways asparagus is served.

A man seldom speaks lightly if he stops to weight his words.

### NOTED WRITER IS VISITOR TO SISTER HERE IN HOSPITAL

Ivan Swift Comes to Spend Few Days With Mrs. P. L. Thompson

Ivan Swift, well known American writer of verse, has been spending several days in Northville with his sister, Mrs. P. L. Thompson, who is confined to Archison hospital from injuries received in an automobile accident on Grand River a few days ago. In the same accident Mrs. Thompson's daughter received injuries which resulted in her death.

Mrs. Wade Haggard, of Rockford, Illinois, a niece of Mrs. Thompson, came last Friday to make a short stay with her. Prof. Haggard is principal of the Rockford schools. Mrs. Thompson is recovering slowly, but it will be some time before she can be removed to her home.

Mr. Swift, who spends most of his time at Harbor Springs, is not an entire stranger to Northville. The Rev. Marcus Swift, who was pastor of one of the churches in Northville in 1834 was a great grandfather of Mr. Swift and Mrs. Thompson. Dr. John Swift, well known among the older residents of the community, was also a relative.

His "Fables of Cedar" one of the books containing poems written by Mr. Swift, is the following entitled "The Nurse."

I knew a maid of Devon Town  
Who wore upon her sleeve  
A red, red cross to which a crown  
Were scarce a make-believe.  
White was her cap as early snow,  
Upon her auburn hair,  
And Devon's screaming gardens knew  
The grace their daughters wear.  
Her voice was like a camel-bell  
Across the wastes of Dawn;  
Her liquid eyes a fabled well  
Of all delusion drawn.  
She stepped as lightly as the fern  
That guards a tender brood,  
And such a heart, it seemed to burn  
A torch of angelhood.  
Her brow was like a marble image,  
Her breast, as fair as hair,  
And Martha's hat was wonderous  
No child was mothered there.  
But who can know the mother-lass  
And pangs of birth she bore?  
Who reckons not the red, red cross  
That on her sleeve she wore?  
A thousand blades of broken weal  
Have shared their grief with her,  
A thousand days upon her left  
Their love as hot with her  
And all the love of all the men  
Who died before the sea,  
Will never reach and greet her when  
She homes her heart with me.

### BUICK ENGINEER TELLS CAUSES OF AUTO VIBRATION

Declares There are Two Ways to Prevent It—Made Many Tests

"An automobile engine cannot vibrate if there is no vibration in the engine," is the obvious, truthful statement of J. A. DeWaters, chief engineer of the Buick Motor Company, who has spent a large share of his many years as a member of the Buick engineering staff in study of the important phase of performance.

Mr. DeWaters, in explaining the steps which have been taken by his company to eliminate vibration as the result of this study and research, has used the above axiom as the basis for certain engineering developments which are incorporated in the Buick chassis.

There are two methods used to prevent vibration in an automobile," Mr. DeWaters states. "The most general is to try to confine vibration by various means. The Buick principle is to seek out the causes of vibration and eliminate them. For this purpose we employ a heavy, four-bearing crankshaft, complete with counterweights and torsion balancer.

"A balancing machine developed on an entirely new principle by the General Motors Laboratories is used in our crankshaft division to balance every shaft assembly both statically and dynamically, more perfectly than has ever before been possible. This, of course, reduces to a minimum any vibration resulting from an out-of-balance condition in the shaft. The torsion balancer has no moving or wearing parts, and smoothes any vibration which might occur as rapidly as it develops. Counter-balances are used to help keep the shaft in perfect alignment.

"These methods," each of which serves a definite purpose, are supplemented by engine mountings of resilient rubber, which prevent any traces of engine tremor, which might still remain from reaching the frame, and hence the interior of the car. In this way we eliminate vibration rather than confine it."

Genius has been defined as the ability to see one's activity in true perspective—to life our heads above the rut of routine.

It is a consolation to realize that others have troubles just as perplexing and maddening as our own.

# Why Firestone Dealers

Serve You Better and Save You Money

We know tires—how to select the best—how to help you take care of them, and get the most out of them. We sell Firestone Gum-Dipped Tires and Tubes—also Oldfield Tires and Tubes.

Both Firestone and Oldfield Tires are scientifically designed and manufactured by The Firestone Tire and Rubber Co. Mr. Harvey S. Firestone is President and active head of the Company and under his management many

outstanding developments and improvements for economy, safety and comfort in tires have been made. He is the acknowledged leader in lowering tire costs and fought almost a lone battle to secure lower crude rubber prices from a foreign monopoly. He has saved, and is saving, millions of dollars every year for car owners.

Through the Firestone policy of selling and distributing direct to dealers through 148 Factory Branches and Warehouses, we receive fresh, clean stocks of tires of the highest quality at prices which are the lowest in the history of the industry, and we pass these advantages in quality and low price on to our customers.

### "GRAND OLD MAN" OF NOVI LEARNS TO DRIVE AUTO AT 85

Oldest Resident of Township Was Given Car by Henry Ford.

A somewhat stereotyped phrase frequently employed as a designation of honor, could not be more appropriately applied than to use it in connection with one of Novi's best known citizens, Marvin Bogart, who is without question one who may truthfully be given the title Novia's "Grand Old Man."

Mr. Bogart not only has the distinction of being the oldest resident of the township, but at the age of 87 he is as erect and active, as vigorous, physically and mentally, as the average man of fifty, more keenly interested in and better informed on all the questions of the day than the average intelligent person in the prime of life.

On the homestead where he still resides he has lived for seventy-nine years, and is yet a far more active and an important and useful figure in his family and community life. This farm was bought in 1848 by Mr. Bogart's father from the man who took it up from the government in 1832 the former coming to Michigan from New York state a few years previously. The family name, Van De Bogart, has for some reason, been deprived of its prefix during the passing years.

A striking proof of Mr. Bogart's wonderful physical vigor lies in the fact that although he suffered a broken hip at the age of 84 (while thinning apples in the orchard), he made a rapid and complete recovery, and now walks without the slightest trace of lameness. Almost as remarkable is another fact that he learned to drive a automobile when 85, one year after the accident. The car was presented to him by Henry Ford, on condition that he learn to drive it himself, which he characteristically proceeded to do. Mr. Ford coming to ride with him, probably to see how capable he would find the condition. Mr. Bogart by the way, is a cousin of Mrs. Ford, a fact which has, very modestly, been kept so strictly in the background by the relatives that but few of the friends of the family were aware of it for many years after Mr. Ford had by other world fame.

In the summer of 1861, at the age of 21 years, Mr. Bogart enlisted in the 22nd Michigan Infantry at a meeting in the little gray tent of the company at Walnut Lake. During his war service he spent eighteen months in Cuba and Andersonville, Georgia. After his return he sought school for some time. He was married a family of four children, two of whom are still living, four of them past 50 years old. The mother of Mrs. T. Richardson of Northville, was one of the daughters of Mr. Bogart's family.

In 1867 the subject of this sketch was married to Sarah Kinnier, the daughter of A. N. Kinnier, a prominent Oakland County farmer who served for some time as sheriff of that county. They were the parents of five children three of whom are now living—Mrs. Alice McGowan of Bay City, Harry M. secretary-treasurer of the Monitor Insurance Co., Pontiac, and Larue, who with his family shares the old homestead.

The mother passed from earth in 1893. Mr. Bogart was one of the original members and always a prominent and active member of the famous West Novi Debating Club, a literary society that existed for nearly half a century, drawing its participants from a wide area and numbering in its membership, men who then and later were outstanding figures in the history of their time and section.

Mr. Bogart is a member of the Baptist congregation at Wixom, and a faithful attendant at its services. He is also an active member of the Wixom Farmers' Club.

Such a wonderfully preserved mentality in such a wonderfully preserved body is certainly to be prized in any great, but when combined with a lifelong record of sterling character like that of Marvin Bogart, it becomes a heritage of pride to his children and their succeeding generations and worthy of all honor that can be accorded.

Out of the practical experience of farmers over a period of 3,000 years or more has finally developed the fundamental principle of modern crop rotation, says the Department of Agriculture. This principle is the growing in the order named of an inter-fertile crop such as corn, a small-grain crop, such as oats, and a grass or leguminous crop.

Keep the surface soil loose and mellow to a depth of about two inches. Go over the garden quite often with a wheel hoe. Do this as soon as the ground is dry enough after a rain, also within a day or two after watering. This keeps the weeds from getting a start, and at the same time, stir the surface soil and admits the air.

### HARRY GERMAN IS GIVEN WRITE-UP IN THE DETROIT NEWS

Local Baseball Player Has Been Playing for Over Forty Years

The Detroit Sunday News had the following pleasing write-up of Harry German, in connection with a local baseball page:

"Back in 1887 a boy of 12 pitched for the West Bloomfield township school in Oakland county. Today this boy, Harry German, of Northville, now 52 years old starts his fortieth year of baseball."

"Throughout the 40 years, German has never changed his position. He always pitched. This year, with former professional players, able to return to the sandlots, German will hunt for Polish News."

"German, ball players say, has a 'break arm'. For years, he has pitched 20 or 30 games a season without his arm going dead. Last year he worked three days in succession winning two games and losing the other two, in 20 innings. On October 17th, the last day of the season for Northville, German pitched two full games."

"The Northville Ironman was with Toledo in the American Association for two years, but because of business connections in and around Northville, has played mostly for independent teams in the state."

"German's control is perfect. He pitched one game, several years ago in which he not only did not issue a pass, but did not have more than two balls on a batter during the entire game. He also holds strikeout records of 19 and 21 for nine-inning games."

The proper management of a herd of dairy cows necessitates keeping records. The system used is elaborate, but should furnish accurate information on milk and butter-fat production of individual animals, quantity of feed consumed, and value of product. It is very desirable also to keep a record of breeding dates and follow a plan of identification and registration of purebred animals.

If the hobbing continues in force, we predict that the men will go back to whippers and challenge the women to follow them.

It's a good thing to avoid people who consider you a good thing.

## PHONE COMPANY RUSHING WORK ON NORTHVILLE LINE

### Work Also Started on Storm Proof Cable Across the State

Excellent progress is being made on the new telephone cable line connecting Northville with Detroit. Workmen have finished the connection within the village of Northville and are now working south of town. This completion of this line will give Northville over twice its present phone facilities to Detroit.

Manager Roy Crowe stated that the demand for telephone service in this part of Wayne county had necessitated an early completion of the work and it is for that reason the company is putting forth an effort to finish the work as soon as possible.

The company is also constructing a storm-proof trans-state telephone cable, carrying 250 pairs of wires, that will reach from the east to the west coast of the states by the summer of 1928 and will cost approximately \$3,500,000. As a part of the project, the company is expanding upwards of three quarters of a million dollars this year on the construction of the section of the cable between Grand Rapids and Kalamazoo and more than \$600,000 to build the section between Ann Arbor and Jackson. The Detroit-Ypsilanti-Ann Arbor section already has been completed, at a cost of \$1,000,000.

The new trans-Michigan cable will give the principal southern Michigan cities storm-proof telephone cable connection with each other and with the New York-Chicago-St. Louis cable, which carries the transcontinental telephone circuits. Announcement of the building of this trans-state cable was made today by A. J. Peckham of Grand Rapids southern division commercial superintendent of the Michigan Bell Telephone Company.

Considering the enormous growth of the industrial centers of northern, central and western Michigan and the resulting increase in the use of long distance service, Michigan Bell is placing its main cable routes in cable for the particular purpose of maintaining a high standard of service as far as possible. At the same time the cable will contain sufficient number of full and long distance lines to provide for the growing requirements of the state from the cities of eastern Michigan to the outside of the state and west and south for many years. Mr. Peckham states:

## LOCAL RESIDENT HAS MODEL KITCHEN

In spite of threatening clouds and rain, last week Thursday, more than sixty women ventured to brave the weather and visit kitchens in various parts of the county. Six kitchens conveniently located with new or improved features were on the list to be visited. The convenient arrangements, correct heights of working surfaces, special cooking equipment, refrigerators, kelvinators, window cupboards, electric stoves, built in conveniences, good lighting and color schemes, all proved so interesting that nineteen cars with their passengers made the entire trip.

The tour started from Wayne at 10 o'clock, visiting first Mrs. Sherman at New Boston, and Mrs. James Carmichael south of Wayne. After the women had their lunch in Wayne, the kitchens visited in order were: Mrs. Perry Campbell's on the Canton Center road; Mrs. F. L. Becker, near Plymouth; Mrs. Bertha Warner in Plymouth; and Mrs. Fred Gott's, Jr. in Northville. The hostesses were very gracious and helped materially by explaining their kitchens to the guests. The crowd disbursed at 4:00 o'clock, expressing a desire for another such event in the future.

It is usually advisable to give calves all the grain they will eat while on pasture with their dams, if they are to be finished by the time they are a year old.

## NORTHVILLE Twenty-Five Years Ago

Henry J. Adams from The Record files of 1902, for the week corresponding to this week.

Mrs. Woodman has sold her place corner Dunlap and Wray streets to J. Henry Smith.

A. J. Stewart of the U. S. Fish Commission left this week with 25,000 steelhead trout from Indian river Mich.

Claude Burgess is seriously sick at St. Mary's Hospital Detroit, as a result of overwork in college and hospital duties.

The Library association has now over 150 subscribers. The reduction of the fee to fifty cents a year has brought many new patrons and their children are enjoying.

Myrtle Starke was made blind a few days ago while attempting to throw a can of kerosene oil at the Dubezzy factory. He was thrown violently several feet and several cuts and bruises about the head and face but by what seemed to the lookers on almost a miracle escaped fatal or dangerous injuries.

"Northville High have it in" for Capt. Dunlap living or dead. He was who introduced the yellow trees around Northville, bringing the twigs from Oneida, N. Y. in 1836. Every school teacher in Northville knows where to find willow trees, and willow twigs find the spot every time, as an executive and corrective influence.

All those who attended the High school field day sports at Plymouth last Saturday were justly proud of the boys who took part. Our boys captured first place in one of the events and second in several other their record standing as follows: Football, Arthur Phillips, 1st; relay race Ray Holcomb, 2nd; 1/4 mile dash Holcomb, 2nd; shot put, Ray Richardson, 2nd; mile run, Floyd Perkins, 2nd; 160-yard dash, Richardson, 3rd; Ed. Perrin, 4th; hammer throw, Richardson, 3rd; pole vault, Perkins, 3rd; half mile run, Roy Terrill, 3rd; running high jump, Ross Ball, 3rd; Lynn Northrop, 4th; 1/2 mile run Phillips, 3rd; Richardson, 4th; running broad jump, Richardson 3rd; Perkins, 4th.

Let's try to get our thrills out of creative accomplishment, instead of seeking them through the popular short-cuts.

## The Blessings of Cold

EVERYONE knows that health, even life, depends upon pure, unspoiled food.

Everyone likewise knows that cold—only cold—keeps our meats, our vegetables, milk, eggs and what-not, from rapidly becoming a grave danger.

Cold we must have. The only question is how we are to best procure it. Electricity, our most efficient ally, provides the logical way.

With an electric refrigerator in the house you are assured of steady, food-preserving cold without the lifting of a finger—it is automatic.

Consider this electric refrigeration question. It means much to you in convenience, comfort, and health. We shall be happy to talk with you about it.

### THE DETROIT EDISON COMPANY

STATE OF MICHIGAN, County of Wayne, ss.

At a session of the Probate Court for said County of Wayne, held at the Probate Court Room in the City of Detroit, on the sixteenth day of April, in the year one thousand nine hundred and twenty-seven.

Present, Edward Comman, Judge of Probate.

In the matter of the Estate of ELIZABETH W. NEWTON, Deceased. Fred L. Newton, administrator of said estate having rendered to this Court his final account and filed therewith his petition praying that the residue of said estate be assigned to the persons named hereunto.

It is Ordered, That the nineteenth day of May, next at ten o'clock of the forenoon at said Court Room be appointed for the examining and allowing said account and hearing said petition.

And it is further Ordered, That a copy of this order be published three successive weeks previous to said time of hearing in the Northville Record, a newspaper printed and published at said County of Wayne.

EDWARD COMMAN, JUDGE OF PROBATE.

At a conference of the Probate Court, held at the Court Room, Detroit, Michigan, on the 16th day of April, 1927.

**KEENEY GOES TO INSURANCE MEET**

Edd A. Keeney was in Ypsilanti Saturday, in attendance at a meeting of the representatives of the Peoria Life Insurance company, for the state of Michigan. The meeting was one of the largest ever held by the company's representatives in this state and according to reports made the business being experienced is most gratifying.

Some of the representatives declare that never in their experience have they found such ready buying of insurance as this year. It is no longer necessary to "sell" insurance, as the average person is now possessed of a general knowledge of the benefits of insurance. It not only protects but it also provides a way of saving. In fact some people regard life insurance as "the best way there is to set aside something for the future," said Mr. Keeney after his return from the conference.

Officials of the company believe that this will be the greatest year in the history of the insurance business, he stated.

**NITRO MAKERS USE GRAHAM TRUCKS**

If you travel on the by-roads through the great oil fields of Oklahoma, Kansas and Texas, or those in other sections of the country, you are likely to meet trucks on whose sides large white letters spell "nitro-glycerine." If you are prudent, you will pass by cautiously for this truck probably contains 300 to 400 quarts of the most concentrated of all explosives.

Transportation of nitro-glycerine is essential in the oil fields for the "shooting" of wells to start the flow of oil, ranks as one of the most hazardous of occupations. It presents especially difficult problems due to the passage of laws which prohibit vehicles containing the substance from running on main highways or within two miles of any city or town. Other recent laws prohibit its transportation by rail. The entire production there must be hauled by automobile or truck.

The passage of such drastic laws has made these trucks seek the by-road, many of which are almost impassable. Trucks of the most rugged structure and exceptional road ability are required to stand the abuse. In fact, if anything goes wrong, the explosion that usually follows demolishes everything within range.

Three of the largest manufacturers of nitro-glycerine have selected Graham Brothers trucks for this perilous work, thus paying high tribute to the dependability and staunch construction for which these trucks are noted. Their ability to "hold the road," due to correct balance in design, the easy riding qualities and adequate power for the "hardest going" make them especially adaptable to this type of hauling.

The Graham Brothers trucks have been fitted with special bodies with felt-lined compartments to hold from 50 to 100 quart cans of nitro-glycerine. Here again, Graham Brothers has demonstrated extreme ability to suit an owner's needs. Through a special equipment division a perfected transportation ap-

problemed and make recommendations, without charge, as to the best body design for the job, whether it is to carry nitro-glycerine or milk.

**USE DYNAMITE IN BLASTING HILLS FOR NEW STREETS**

**Rapid Progress Being Made in Hillcrest-Maion on West Side.**

The Dunbar Construction Co. who are handling the roadwork on the Hillcrest-Maion property, certainly know what it's all about. A more efficient group of men could not be desired than the crew, who are rapidly removing the "stumpage" from Hillcrest's winding roads. They are already through with the blasting, which has loosened great stumps and root growths, and expect to have actual grading operations underway within a few more days.

Culverts have been already completed, constructed of huge tile crocks set in concrete with wing walls at each outlet. Gradesakes have all been set, showing just how much dirt must be cut away and how much filling must be done.

The Dunbar Co. have set up a construction camp on the property, and are therefore right on the job making every minute count.

The progress of this company in building the unusual series of winding drives, which constitute a veritable parkway on the Hillcrest property is very interesting, and attracts many to the west side each day.

Anyone who has steered a business through the rough seas of the last seven years has done something.

We all like to feel that we are useful, but we can't get that feeling unless we are willing to work.

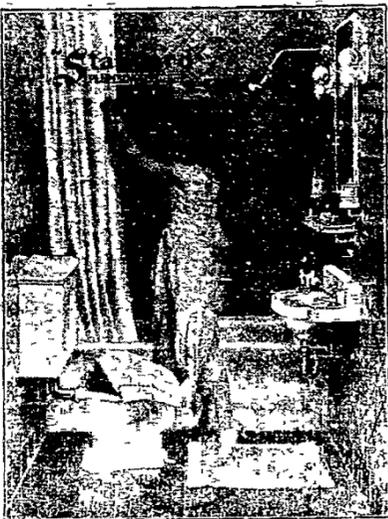

How the children do "disgust" their parents these days.

An easier take from the winner two-thirds of the joy of victory.

**Here's Your Best Auto Buy of the Year**

Will sacrifice \$514.00 equity in Pontiac DeLuxe Landau Coupe for less than half. Notes \$37.69 per month can be transferred to purchaser. This car is truly a beautiful job. **ONLY 75c DOWN**

**Special 30 Day Offer**

Balance \$2.00 per month, payable with your gas bills.

**\$20.75**  
Installed Complete

Less 10% Discount for Cash

Starting tomorrow and continuing for 30 days, we are offering the famous Humphrey Double Coil Tank Water Heater at a lower price than it has ever been sold before.

No—the Humphrey Heater has not been lowered in price, but we have bought a carload of them at one time and this enables us to sell them to our customers on terms that are unusually favorable.

We know that everyone with an eye for an investment and a bargain is going to take immediate advantage of this fine opportunity.

The Humphrey Double Coil Tank Water Heater is built to provide you with many years of real service. By the mere act of striking a match to light its efficient Bunsen burner, you start hot water running immediately through its 25 feet of copper coil to every hot water faucet in your home.

A number of our salesmen will be giving their entire attention to the Humphrey Tank Water Heaters during this sale.

We will be glad to serve you either during a call at our store (where we can demonstrate the heater itself), or, if more convenient, in your own home.

Remember—The Best Heater Made—at the Lowest Price Ever Offered—and the Easiest Terms. Don't Delay—Buy Today.

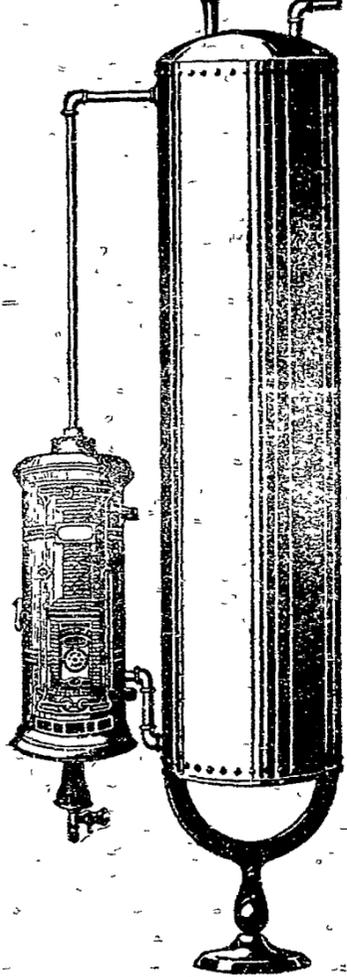

**BUY EARLY**

**This Sale Runs Only From May 7 to June 7**

Although we have a whole carload of these Humphrey Heaters now, let us urge you to buy early and perhaps avoid the disappointment of hearing along toward the end of the sale, that we are "Out of stock."

Sale starts tomorrow at opening time and continues until June 7th, and no Humphrey Tank Heater will be sold at this special sale price and terms thereafter.

Are you proud enough of your home, considerate enough of your family, and thoughtful enough of your own comfort to take quick advantage of this splendid offer?

Local News

Mrs. James Heeney entertained a  
bridge club of eight ladies at her  
home, Tuesday evening.  
Morris Roy of Farmington, who had  
a leg amputated at Sessions hospital,  
is getting along fairly well.  
Leo Lawrence underwent an opera-  
tion for appendicitis at Sessions hos-  
pital, this week.  
Miss Ruth Sessions, youngest daugh-  
ter of Mr. and Mrs. Ed. Sessions, un-  
derwent an operation at the Sessions  
hospital, Wednesday, for appendicitis.  
Mr. and Mrs. John Boyd were in  
South Lyon, Sunday, to see Alfred  
Grisson, who was badly hurt in an  
automobile accident.  
There will be a regular meeting of  
Northville Masonic lodge on Monday  
evening, May 9th. The Chapter will  
meet next Wednesday evening.  
Mrs. Lillian Belford was in South  
Lyon, Monday, and in company with  
her daughter, Mrs. Warby, and Mrs.  
Wallace were in Flint, Tuesday.  
Members of the Commandery will  
meet Tuesday evening to confer the  
Temple degree. Supper will precede  
work. There are six candidates to  
take the degree.  
Mr. and Mrs. P. R. Cudabeck, of  
Flint, and Mr. and Mrs. Phil Taylor  
of Novi, were dinner guests at the  
home of Mrs. Myrtle Ford, last Sun-  
day.  
There is going to be a tree-plant-  
ing party, next Wednesday evening,  
at Dye's place on Grand River, just east  
of Novi. It will take place no matter  
what the weather conditions might be.  
A number of the younger set were  
entertained at the home of Mr. and  
Mrs. Elmore Whipple, last Wednesday  
evening. A pot-luck lunch and cards  
featured the evening.  
Mr. and Mrs. Eugene Baker and the  
latter's uncle of Huntington, Indiana,  
were guests at the G. H. Baker home,  
from Thursday of last week until  
Saturday.  
J. B. Cook, mail carrier on route  
one, who has been greatly missed by  
his many patrons, has been able to  
resume his work. He has been con-  
fined to his home for the past two  
weeks by illness.  
G. W. Perkins, a former resident of  
Northville, but now living in Louis-  
ville, Kentucky, was a visitor here on  
Wednesday. He was on his way home  
from Los Angeles, where he and Mrs.  
Perkins have been spending the win-  
ter.  
Marshall Sanford and Street Commis-  
sioner Cole have done a good job in  
marking the street at the intersection  
of Main and Center. Anybody watch-  
ing traffic will be surprised at how  
it works.  
Mrs. Adelaid Mass, who lives on  
Fairbrook avenue, was the fortunate  
one, holding the key that unlocked the  
city's automobile that Elliott & Son  
offered as a prize. And the prize  
was worth striving for.  
George H. Baker is back from the  
University hospital, feeling consid-  
erably better, his friends say. He is  
at his home, and it will not be a great  
while before he will be able to be  
about again.  
Margaret Belford was in Ann Arbor  
Saturday, and had four x-rays on her  
leg to locate a needle, which was re-  
moved and required six stitches. She  
was able to return to school  
Wednesday.

The many friends of Mrs. Bruno  
Freydl will be pleased to know that  
she has been brought to her home  
from the hospital in Detroit. She is  
recovering very rapidly from the  
serious operation she underwent.

Mr. and Mrs. Stewart Montgomery  
have written friends that they are on  
their way home from Florida. Their  
son, Scott, is driving. It is expected  
they will reach Northville any day,  
after spending a most pleasant winter  
in the south.

Mrs. J. M. Burgess celebrated her  
birthday anniversary, Tuesday by en-  
tertaining a number of her friends at  
dinner. Mrs. Burgess and her sister,  
Mrs. Kiltie Hinman, have been spend-  
ing this week at the Burgess home  
here.

Mr. and Mrs. E. C. Langfield took  
their first trip in an airplane, last  
Saturday. They had a good oppor-  
tunity to look down upon Northville  
from above, and it was a most beau-  
tiful sight, says Mr. Langfield. Edite  
Stinson drove the plane.

Charles Gots was given a pleasant  
surprise, last Sunday evening, by his  
brothers and children, when they called  
at his home to remind him that they  
had not forgotten his birthday. The  
table for the birthday dinner  
that was served, were decorated most  
attractively in pink and white, and  
roses were the flowers used.

Mr. and Mrs. John Crummer arrived  
home Wednesday evening from Flor-  
ida, where they have been spending  
the winter. Mr. and Mrs. W. H. Cor-  
rin arrived Thursday morning from  
the same place. Both families drove  
back from the southland.

Ray Baker was in Pontiac on busi-  
ness, Tuesday afternoon.

Mr. and Mrs. Richard Leadbeater  
of Detroit, were guests Sunday of Mr.  
and Mrs. A. M. Whitehead.

Miss Jean Cunningham of Detroit,  
is spending some time at the home of  
her mother, Mrs. D. F. Griswold.

Mrs. F. S. Neal pleasantly en-  
tertained the officer and directors of the  
Lapham State Savings Bank, at din-  
ner, Monday evening.

A typographical error last week in  
the DeLuxe Music Shop ad said sheet  
music records were not every month  
it should have read every week.

Mr. and Mrs. Mildred Baker and Mr.  
and Mrs. Ray Baker, of this place, and  
Mrs. Addie Neal of Orton, have re-  
turned from a motor trip to Mancelo,  
Shoals.

Monday's meeting of the Rotary  
Club was addressed by a representa-  
tive of the rotary league of Detroit.  
He collected in considerable money  
for his work.

There will be a meeting of the  
Legion Auxiliary at the Library at  
9 o'clock on the evening of May  
10th. Legion members have been  
invited to witness the initiation.

Mrs. Jane's Hathaway and son,  
Leon, with his wife of Ypsilanti, were  
visitors at the home of Mr. and Mrs.  
A. M. Whitehead, the first of the week.  
Mrs. Hathaway is a sister of Mr.  
Whitehead.

A regular meeting of the M. E.  
Ladies Aid society will be held at  
the home of Mrs. F. S. Neal, on Tues-  
day, May 10th, at 2:30. Refresh-  
ments will be served by the May  
committee.

Village officials have marked off the  
streets for parking places. It gives  
the auto driver considerable more  
room for driving about town. Park-  
ing along Main street will be parallel  
with the curbing, which is regarded  
as a wise move.

Fred Seidel has started a number  
of improvements in his bakery on  
North Centre street. He has con-  
siderably enlarged the sales room in  
front and will be able soon to have  
twice as much counter space as  
he has had in the past. He has  
also started to enlarge the bake  
room. The improvements will en-  
able him to double his business.

The Farmington Enterprise has  
been taken over by Herman Levinson  
of Detroit, a newspaper man of ex-  
perience and ability. W. N.  
Miller, who has operated it for a num-  
ber of years. Mr. Miller has not been  
in the best of health for sometime,  
and he thought possibly a rest from  
the continuing tasks of a newspaper  
office would restore him to his usual  
good condition. The Enterprise is  
an excellent paper, and without ques-  
tion under the direction of its new  
publisher will continue to make  
progress. Farmington, like North-  
ville, is experiencing a rapid growth.

When a man lacks nerve he is likely  
to think he is discrete.

We are told that man is made of  
dust, and yet dust always settles.

With shifting scenes many a pre-  
tended friend shows up as an enemy.  
Common sense is almost scarce  
enough to be classed as uncommon.

NOTICE TO TAXPAYERS

The Board of Review for the Village  
of Northville will meet at the  
Village hall on Monday and  
Tuesday, May 9th and 10th, 1927, at  
10:00 o'clock a. m., of each of said  
days for the purpose of reviewing the  
assessment roll of said village. Tax-  
payers deeming themselves aggrieved  
may be heard at that time.

## Leading Public Preference In a Wave of Eight Buying

As predicted months ago, the Hupmobile Eight has not only precipitated a sweeping swing toward eights, but is supplanting both costlier eights and higher-priced sixes. By its constantly refined engineering, by new beauties of line and color and by unusually complete equipment—added to its unsurpassed smoothness and ease—Hupmobile Eight continues today to increase its leadership among the eights. A half-hour's ride in the latest series Hupmobile Eight will reveal new qualities of brilliant performance—will convince you that higher expenditure can bring no greater return in luxury motoring.

Fourteen Distinguished Body Types—priced from \$1945 to \$5795 f. o. b. Detroit, plus revenue tax. Custom Bodies designed and built by Dietrich.

## VICTORY AN EASY ONE FOR SPEEDY TEAM OF FARMERS

De-Ho-Cos Trim Detroit—  
Will Play Wyandotte  
on Next Sunday

While it was impossible for the Detroit Municipal Employees team to do anything in the opening game of the season of the Detroit House of Correction Farm, last Sunday, the De-Ho-Co's as the Farmers are called, were bowling over Detroit Municipal pitchers until they had four of them piled-up and laid away at one side. The De-Ho-Co's smashed out 21 hits, many for extra bases, and two of these were home runs, clouted by Trombley and Hammond in the second inning, at the end of which the score already stood 12 to 1, in favor of the slugging agriculturalists. It was a little bit too "ho-hummy" after that, but a lot of interest centered in just how many runs the winning players would roll up against their opponents. It finished 22 to 7, and by way of obituary, it also finished Gamble, Hart, Jonkovic and Srecher, who appeared in that order in the pitcher's box for the visitors.

Aside from batting, the De-Ho-Co's exhibited a superior infield, and what gives promise of being a lightning fast outfield. The verdict of Farm fans was that a good move was made in shifting Denniston to his new position behind the bat. He gave a satisfactory account of himself in the first game and the team in general looks to be in shape to put up a stout argument in the Inter-County League, of which it will be a member this season.

Splendid music for the opening ceremonies and throughout the game was provided by the Metropolitan Police Band of Detroit which headed a parade of ex-service men before the game and rendered "The Star Spangled Banner" as the colors were raised to the top of the grandstand. Paid admission was more than 1,200.

Wyandotte of the Inter-County League opens the League season at the Farm on Sunday. Reserved seats for the game, which are in great demand can be had by an early call on Secretary A. W. Thompson of the Farm at Plymouth 659.

## N. H. S. STUDENT NEWS.

It is interesting to ascertain the high school of the year for exceptional work in any one subject, a student will be given a certificate of merit in that subject. This includes all subjects for the year.

During the morning of the band period under the direction of Mr. Head and Mr. Mills, of the Detroit Music Shop an enjoyable concert was given. The program consisted of several numbers by Mr. Head and six members of his immediate family. These rendered excellently showed what fine work can be done in these lines. During an intermission, Mr. Miller of the Holmes Co., Detroit, thoroughly and clearly demonstrated the uses of the trombone. Following the music, C. E. Lingerfeld, sponsor of the band movement in Northville, gave a short address on the subject in behalf of the school board.

Tuesday evening the band had its first practice, under the leadership of Mr. Head and next year Northville will not only have a band, but a high class orchestra.

Next year's physical training director for the boys will be Mr. Decker of Alpena. He comes highly recommended, and has played on college teams of baseball, basketball, football and has coached successful teams for two years at Alpena and one at Bad Axe.

The following awards were earned on Woodstock typewriters: Margaret Wagner, 40-word pin; Violet Ludwig and Carlisle Lovewell, 25-word pins.

Northville high's speedy baseball team took into camp the crack Wayne high school team, by a score of 7 to 2, in the contest here, last Friday. Martz, pitching for the locals, did a mighty, fine job of twirling. He held the visitors' to four scattered hits, allowing only one earned run. He struck-out seven men, made no errors or permitted no one to take base on balls. Wood did a sensational job in the field and Brainerd wielded the bat just like a second Babe Ruth. His sacrifice in the third scored Henrich; another in the fourth scored Murdoch; and later in the game he brought in some more talies. The game with Farmington earlier in the week proved disastrous to the locals; inability to hit in times of need resulting in the downfall of the local high team. The Northville lads are playing a fine game of ball, and the games are worthy of community support.

A complete course in agriculture like that offered in Plymouth is being added.

## WORK STARTED ON NEW GREENHOUSE TO BE BUILT HERE

William Jones and G. C. Woodworth to Enter into  
Floral Business

William Jones and G. C. Woodworth, it became known this week, have under construction a modern greenhouse and work shop, located on Ditmar street, just west of Linden, and it is their plan to have the plant in operation within the next few weeks.

The excavation for the new boiler room was completed last week and the material for the construction of the greenhouse ordered some time ago has already started to arrive.

The place will be known as the Northville Greenhouses, and it is the purpose of the new owners to engage an experienced greenhouse man to operate the place for them.

The plan is to have displays in both the Woodworth Bazaar and the Jones Electric shop which will soon be located on North-Center street in the new Schrader building. The equipment which has been ordered is said to be the latest thing on the market and when the plant is up there will be nothing lacking for the production of plants under cover.

The first greenhouse will be 100 feet by 222. The two young men state they have been contemplating the move for some time. They also plan to have an attractive show room at the greenhouse.

They do not expect to in any way give up the businesses they are now running and will devote their effort to building up not only the places they are now operating, but the new business as well.

## NOVI

Lester Woodriff, who lost his purse containing a large sum of money was fortunate in recovering his property before he knew of its loss. Mrs. T. H. Shinn, a neighbor, returning from Novi found the purse on the road, and seeing Mr. Woodriff in the Novi laughably acknowledged it was his. Upon investigation he found out his pocketbook was missing, that the one Mrs. Shinn had picked up belonged to him and completely proved by a check contained therein bearing his name.

Hold fast to your illusions and it will keep you young and happy.

Eight young and good working men to quicken the pace of the day.

## A CLEAN-OUT SALE

The biggest thing of the kind ever offered to local buyers.

At the end of the present month we are going to open a gas station on the Fishery road just at the edge of town.

## Selling Out Everything

## The Sale Is Now On. Come In Boyd's Tire Shop

Richardson Building. West Main Street

## "FOR THE DISCRIMINATING"

\$1,375 will buy a Homestead 100-ft. Frontage by 203-ft. Deep. Equal in area to Five 40-ft. lots. \$137.50 Down. \$13.75 Each Month.

If you find a property priced so moderate are scarcely expected. Comparison will show that generously proportioned Hillcrest Homesites can be had at less cost than inferior small lot properties in which basic values are far lower.

Further investigation reveals that your Hillcrest home-investment is PROTECTED from those undesirable factors which often reduce residential values.

Hillcrest restrictions point to increased values. Controlled development, directed along PROVEN—successful and sound lines—provides positive assurance of permanent protection.

The certainty that no undesirable influence can affect your home means everything when so much may be at stake. At Hillcrest you need have no fear—your home can be SURE.

Your own good judgment, basing on these facts will lead to a logical conclusion—Hillcrest is the ideal home investment.

# Hillcrest Manor

IN THE NORTHVILLE HILLS

## PROMISES AND PERFORMANCE

A correct analysis of a known and understood need has given Northville a home property complete in conception, thoroughly planned, and fully protected. We hope you will study Hillcrest, follow its development. The common sense trend towards better living conditions is typified in this exceptional property. Wise homeseekers and shrewd investors have approved Hillcrest—and backed their judgment with money. See Hillcrest FOR YOURSELF—and back YOUR OWN good judgment.

SEND ME DETAILS  
About Hillcrest

Name

Address

**NEW GAS STATION  
TO BE OPENED ON  
THE FISHERY ROAD**

**Forace Boyd to Operate  
Place on West Side of  
the Village**

Arrangements have just been made and contracts signed, whereby Forace Boyd, who has successfully conducted the Boyd's tire shop for the past two years, will, beginning June 1st, operate a big gas and oil station in conjunction with his tire and battery business, on the Fishery road at the turn near the Northville Chemical company's property.

The lot, which is owned by Ed. Parin, is being filled to grade and workmen will immediately start the construction of the station, which Mr. Boyd says will be complete in every way.

He will not only conduct a gas and oil business, but the station will be built so that there will be a dry-in service, and anyone desiring tire repairs or battery work can be given immediate attention.

It is planned on clearing out the stock he is now carrying, and when he moves to his new place, whatever goods he carries will be ordered after the new place has been opened. His friends predict for him the same success in his new location that he has wherever he has been in business.

**BAND PIECES WILL  
BE PROVIDED BY De-  
LUXE MUSIC SHOP**

The student body and teachers of the Northville high school were afforded a very pleasant hour, Tuesday morning, through the courtesy of the Deluxe Music Shops of Plymouth when a band composed entirely of children between the ages of eight and fifteen, under the direction of Edward Head, gave a very enjoyable program. James Miller, of the Hector Band instrument company, also gave an instructive demonstration of the possibilities of wind instruments. Harry Mills of the DeLuxe Music Shop has just completed the life of a complete set of new Hector instruments to be used by the Northville High School band now in process of formation.

**YOUNG RESIDENT  
OF SALEM IS DEAD**

Harry Ward Brinkman of Salem Mich. died Thursday, April 21st. Funeral services were held last Wednesday afternoon at 1:30 p. m. in Ann Arbor and was largely attended. Rev. Lida M. Strub, pastor of the Congregational Church of Salem and Warden officiated. Mrs. H. Munn and Miss Velma Kahler, centered two beautiful hymns.

Mr. Brinkman was born in Salem township, November 19, 1888, being the son of Henry and Fannie Brinkman of Salem. He is survived by his parents, one sister, Miss Andrew Fahrner of Ann Arbor, and one brother, Bert, of Armstrong, Wisconsin, besides other relatives. Interment was made in Leland cemetery.

**EXCHANGITES TO  
HELP THE SOUTH**

Northville Exchange club will send \$50 to the flood stricken district of the Mississippi valley. At the meeting held Wednesday noon the suggestion was brought before the club by Charles A. Ponsford that the matter ought to be given some attention and she stated that the need was urgent.

A motion by Mr. Ponsford, supported by N. C. Schradler, was carried without a dissenting vote. The funds of the club are in such condition that the amount can be taken from the treasury without the necessity of levying an assessment.

**Church Notices**

**ST. PAUL'S LUTHERAN**  
English services next Sunday at 10:30 o'clock. The pastor will preach on the subject, "The Bible the Inspired Word of God."

Sunday school classes meet every Sunday morning at 10:00 o'clock. Remember the words of your Saviour, "Suffer little children to come unto Me."

The "Willing Workers" meet next Wednesday evening at 8:00 o'clock. Lunch will be served.

The Ladies' Aid will meet next Thursday afternoon at the home of Mrs. Fred Balko.

You are always welcome at St. Paul's.

**METHODIST.**

**Mother's Day.** A special service will be devoted to Mothers on the coming Sabbath at 10:30 with a welcome to all in the community.

The Bible school will meet at 12 noon. The young people will meet at 6:30.

In the evening at 7:30 Bro. Knowles will preach. Let us all be interested enough to be out to this service.

**BAPTIST.**

Rev. Shinn of Novl will preach for us Sunday morning.

In the evening the ladies will put on a little playlet and all ladies taking part will meet at the church for practice Saturday afternoon at 3:00.

Rev. W. Abbe preached two fine sermons on Sunday last. He is the present pastor of the Romeo church.

The Missionary Circle met Wednesday afternoon with Mrs. Robert Thompson. A review of the mission book was given by Mrs. Belle Oakley.

A rummage sale will be held the week of the 9th, Thursday, Friday and Saturday. All goods will be collected Tuesday. If you will call Mrs. Bisell, Mrs. Larkin or Mrs. Eaton.

**OUR LADY OF VICTORY**

Rev. J. S. Schuler Pastor  
234 Thayer Blvd Phone 230  
Sung Masses—8:00 and 10:00 a.m.  
Catechism—Saturday, 3:45 p.m.  
Confessions, Saturday, 8 to 9 p.m.  
Holy Name Society—Communion every second Sunday of month.  
Altar Society—Communion every fourth Sunday of the month; meetings, Wednesday before the fourth Sunday.

When you want your strawberry shortcake to look extra-festive, serve in individual portions. Either make rather large rounds of biscuit dough and split them, or cut sponge cake into squares of suitable size for one person. Crush part of the berries and sugar them at least an hour before they are wanted. If the short-cakes must stand before being served, pass the whipped cream separately.

Marriage is sometimes a failure and always an assignment.

You Save 9c

**There is no limit to the quantities you may buy during this sale.**

**WHAT A REXALL ONE-CENT SALE IS**

It is a sale where you buy an item at a regular price, then another item of the same kind for one cent. As an illustration: The standard price of Klenzo Dental Creme is 50c. You buy a tube at this price and by paying 1 cent more, or 51 cents, you get two tubes. Every article in this sale is a high class standard piece of merchandise, just the same as is sold every day at the regular price.

This sale was developed by the United Drug Co. as an advertising plan. Rather than spend large sums of money in other ways to convince you of the merit of these goods, they are spending it on this sale in permitting us to sell a full size package of high standard merchandise for 1 cent. It costs money to get new customers, the sacrifice in profit is justified, knowing the goods will please you.

**\$1.00 Challenge Package**  
  
**ASSORTED CHOCOLATES**  
1 Pound Box  
A full pound of delicious high-grade Assorted Chocolates. A real value for everyone who likes good candy.

### MANY PRESENT AT METHODIST MEET

A good representation of men from the local Methodist church was in evidence at Lansing under the name of the Methodist Men's Council of Methodism in the state of Michigan. The motto "A Million Methodist Men Making the Mind of the Master their Main and Motive Mission" was the slogan of the whole church in the United States. There was the largest attendance at this conference of those previously held, which will give inspiration to those which follow throughout the States in the Union. Michigan Methodism is well recognized in strength. The men present represented 168,986 members, and 3,000 men were expected to be in attendance before the annual meeting. The evening meetings at the Pruden Auditorium filled with additional men from all the churches of Lansing, their pastors given complimentary registration.

The speakers who made up the program were the following: Gen. Ralph Connor, the well known author, United States Senator, Willis, ex-Governor, Pat M. Neff of Texas, Governor W. E. Sweet of Colorado, Colonel Raymond Robbins of Chicago, E. Dow Bancroft, of Ohio. These men are leading laymen of the church.

The ministry was well represented by Dr. Jefferson of New York City, Dr. Shaanon of Chicago. These with other leading lights of all denominations brought the mind of the Master into our own minds.

Tuesday evening of this week, the pastor took several laymen from the local church to Denton, where the following meeting was held of the Wayne county group of the Ann Arbor district.

When one realizes the power of all the churches in the United States, we are at a loss to know why the Kingdom of God does not accomplish more. May the day hasten when men will give their thought to such and make the mind of the Master theirs.

Mrs. Melvina Carpenter, of Cady street, is in the University hospital at Ann Arbor, suffering from a dislocated hip. She fell off a step ladder at her home a few days ago and has attending physician Dr. Randolph Schuyler, had the Schramm ambulance take her immediately to the hospital where she is undergoing treatment.
