

THE NORTHLVILLE RECORD

VOL. LVII, No. 44

NORTHLVILLE, MICH., FRIDAY, MAY 13, 1927.

\$1.50 PER YEAR, IN ADVANCE

TRY TO BUY HERE FIRST—IT IS HELP FOR WHOLE TOWN

You Personally Profit from
It and Likewise all
Are Aided

Try first at home is good advice for all of us, and it applies in many ways. The schooling the youth may get away from home, so far as it applies to the grades taught at home is considered, is no better than can be found right here. Local teachers are as good as those found in other schools and the textbooks are largely the same.

Northville churches offer the same religious advantages as are offered elsewhere.

Social activities meet the needs of our people, as well as, or better than, the social activities of other places. The enchantment of distance is very, very often a false sister.

But, "try first at home" applies especially to the things we buy. We want good stores in this home town of ours. Such stores are an asset to the community, and that means an asset to each individual. The fact that we have good stores means that we have a good town in which to live, a live, up-to-the-minute market place that makes for general prosperity for the people of the community.

For our merchants to keep good stocks of merchandise for our convenience, for them to make fair prices, they must have our confidence and patronage. When we give them this we are but helping ourselves, aiding our own convenience and well-being.

The merchandise our merchants offer is fully as good as that offered elsewhere. Their prices are as equitable as those offered by others who have no interest in our community other than the dollar, they can take out of it, and for which they put nothing back that affects the general good of the community.

Northville merchants help materially in making possible our schools, our churches, our social activities, the churches, our social gatherings. They help to pave and keep our streets a "They maintain a market place for our former neighbors. They add to maintaining our property values. Our merchants are a vital part of our community. When they prosper, we as a community prosper. When we patronize them we patronize ourselves.

Let us each and everyone of us, "try first at home" when we need anything.

BRIDE'S ILLNESS OF YEARS DID NOT PREVENT WEDDING

Bride Propped up in Bed as
Vows are Taken—The
Patients Guests

It was a most unusual wedding, but a wedding that joined the lives of two faithful lovers, that was performed last Saturday afternoon at the William H. Maybury Sanatorium, by Rev. Frank P. Knowles of the Northville Presbyterian Church. The bride, Miss Gretchen C. Zehter, for four years a patient at the sanatorium, sat propped up in bed as she was joined in marriage to Clover F. Friedman, a well-known young Detroit man.

The long illness of the bride had not in the least checked his intense love for her, and the wedding was, say those present, one of the happiest they had ever witnessed.

Standing at the bedside with the groom, were Mr. and Mrs. Harry S. Robinson, long time friends of the young couple from Detroit. And all the doctors, nurses and patients in the ward where the bride has so long been confined were guests at the event, as well as at the wedding dinner which followed.

"Perfect lovers" and, a "perfect wedding" were the exclamations of the nurses and patients, who were fortunate guests at an event that proved a most delightful one to those present and two faithful lovers.

The dirt streets of Northville are in mighty good condition. Howard Cole and Leo Banks have been doing a fine job of grading, and the property owners along the unpaved streets are very grateful to them for the excellent work they have been doing.

Leo Lawrence, who underwent an operation at Sessions hospital, has so far improved that he will be able to return to his home in a day or so.

Mr. and Mrs. Earl Banks of Novi township, have returned from Florida, where they spent a couple of months. Their car was made by automobile

Is "Eyes" for Blind Judge

A Cincinnati jurist, Judge Samuel W. Bell, of the municipal courts depends on the eyes of Mrs. Alice Witt, his secretary, to "see." A woman's intuition, and powers of observation serve him as well as eyes, said Judge Bell.

AIRPORT PLEDGE MAKERS ASKED TO SEE FLOYD LANNING

Trustee of Syndicate Has
Not Heard from All
Who Made Pledges

Floyd Lanning, who has been elected trustee of the Northville Airport syndicate, is especially anxious to have those who made pledges in connection with the purchase of the municipal field to indicate to him as soon as possible what provision they expect to make in handing the pledge that has been made.

So far a number have come in and settled with him, or have made arrangements to take care of the pledge in some way—but he stated yesterday that "that has so far overlooked the nature he sent them relative to the latter or that it had been laid aside."

"This is too important a matter for us to let run much longer. We should take care of it as soon as possible. It means considerably to

Northville and I hope that those who made pledges will do something to get about it, or take care of it in some way to have it taken care of," stated Mr. Lanning yesterday.

"It's a big thing for Northville to be able to have a permanent municipal landing field. The growth of the local industry is a help to everyone, and I hope that those who have forgotten about their pledges will come in and see me as soon as possible."

Fred Vanatta was called to Portage, the first of the week by the death of his father, James Vanatta. Mr. Vanatta was at one time a resident of this vicinity, and had many friends in Northville. He was 80 years of age, and had lived in Portage during the past fifteen years.

Mr. and Mrs. Nelson Schrade, and Dr. and Mrs. E. B. Cavell drove up to northern Michigan during the early part of the week where they enjoyed a few days trout fishing. "Tis said the fish bit good.

MOTHER'S DEATH SOON FOLLOWED BY DEMISE OF A SON

Alexander Strachen Grief
Stricken Over Loss of
Family

Sorrow sometimes strikes exceedingly hard.

In the case of Alexander Strachen, an employee of the Ford Motor company, it seems that he has been called upon to bear more than his share of the grief of this world.

Just a few days ago Mrs. Strachen died after an illness of some months.

She was buried last week in Rural Hill cemetery, while friends from old Scotland and new friends in Northville stood witnessing the final rites.

Last Saturday the younger son of Mr. Strachen, who was sent to the University hospital at Ann Arbor sometime ago by the Rotary club, was placed beside his mother in Rural Hill. The lad had been sent to the hospital to remedy a crippled condition. In some way he contracted diphtheria while being treated and died within three days.

The Rev. William Richards, pastor of the First Methodist church, officiated at the services for the mother and for the boy. The father and an older son survived. Both are grief-stricken over the calamity that has come to them.

Mr. and Mrs. Earl Banks of Novi township, have returned from Florida, where they spent a couple of months. Their car was made by automobile

OFFICIALS PLAN TO MAKE FAIR THE BEST EVER HELD

Directors Meet to Discuss
Details—Will be Held
in September

Officials of the Northville Wayne County Fair have already started work on the fair that will take place this fall, and according to information given out, they hope to make the biggest and best one ever held. President N. C. Schrader of the fair association called a meeting last Friday evening, which was attended by practically every one of the directors.

Secretary Floyd A. Northrop advised the officials of the steps he had already taken. He is having much of the work done early this year so there will be no last minute rush. The directors were greatly pleased with the progress being made in arranging the premiums and securing the attractions and exhibits.

The date fixed for the fair is the last week in September, starting on Monday, September 27th, and running through to Saturday night.

There will be much larger exhibits than ever before, an especial effort being put forth to secure a wide variety of displays.

Many free acts have already been booked. The horse races will have more entries than before, and fireworks will be provided for many of the evenings. Fair week this year will be a gala week for Northville this year.

REV. HALLIDAY TO RESIGN PULPIT OF SALEM CHURCH

Will Go to Ohio to Look
After Property That Has
Been Left Him

Rev. J. H. Halliday, who has been pastor of the Federated Church of Salem since 1924, has decided to resign his pulpit and will leave that town for Del Norte, Ohio, where he will look after his property that has come to him as a result of the recent death of his father.

Members of this congregation, the same will return to him in his decision to give up the work to his son, and his son made such a success of it in Salem.

The pastor has no retirement

from the army at the close of the

World war, but has entered that

and attention to building up a com-

munity church in a strictly rural

section.

I have always been greatly interested in the rural church problem and it had been my hope to remain here and see the problem worked out to a conclusion. I think considerable has been accomplished but it is imperative that I give my atten-

tion to matters that have developed since the death of my mother.

It is with keen regret that I am leaving here, as I have enjoyed the work greatly.

The Salem Federated church has

conducted a variety of activities that

have been of especial benefit to the

residents in that rural community,

and the departure of Rev. Halliday

will be greatly regretted.

During the war he served as chap-

lain of the 16th Ohio Infantry, of

the Rainbow Division, and spent 18

months in France. He has been

active in Northville Legion affairs,

and one of his last acts in connec-

tion with this patriotic organization

will be the delivery of the Memorial

Day address in Northville.

MASTERS IS NEW PYTHIAN CHIEF

Members of the Northville Pythian Lodge have elected officers for the ensuing year, and plans were made at the last meeting for many activities during the next few months.

Thorlo J. Masters is the new chancellor commander; Edwin Flaherty has been elected vice chancellor; Glenn Charter keeper of records and seals; E. H. Partridge has been elected to the dual office of master of exchequer and master of finance; Ward Masters is the new master of ceremonies; Rev. William Richards, breviary; William Smith, master of work; Eugene Palmer, outer guard; Orville Lewis, inner guard; William Safford, delegate to grand lodge; A. K. Dolph, alternate delegate to grand lodge; F. E. Vazquez, International correspondent; R. H. Baker, trustee for three years.

The Pythian Lodge of Northville

COLLECT UP YOUR TIN CANS—THE CITY WANTS THEM BADLY

Collect up your tin cans. Get together all the rubbish you can't burn.

Put it in boxes and baskets out on the curbside—put don't do that part of it until after Thursday night.

Mayor Elmer Smith and Health Officer Randall Schuyler have announced that the city will next week collect up all your rubbish providing you will put it out on the curbing.

Start your work early Monday

as collections will start promptly Friday morning. Get every can you can find about your own lot and then if you haven't got enough look over in the lot next door and see if some one hasn't overlooked one—get that one too and put it out where it can be collected up.

They're going to make Northville a tin-can-less town and it's up to the folks to do their part in this clean-up.

Northville is just blooming out for the summer season. Let's clean up every spot that in any way mars the attractiveness of the community.

Rarely a day goes by but what City Attorney Cochran is faced with some problem arising from the present condition of the village charter.

Northville is one of the few communities of its size in the state that has not so far brought its old charter up to date, and because of this condition village officials have found it difficult and at times impossible to work out questions to the advantage of the town.

Conrad Langfield Tells the Rotarians of His Flight to Washington

"The only time I was frightened on the whole trip was when we

were down to earth at McKeesport, Pennsylvania, for lunch. In flying to Washington and back the scariest

flight was when we landed for a short

time. We got into an automobile,

and the wives in making a turn on

the way to the restaurant was forced

out into the street because another driver crowded him. I thought

we were going to get hit and I started

to jump from my seat. When we

were over 1,000 feet above the ground

we had an engine trouble when it was

dark," that's what Conrad Langfield

told members of the Rotary Club

recently.

Langfield said what a pleasure it was to travel through the air.

He said he had a good time.

Everyone thought what a pleasure it was to travel through the air.

But the important thing to Northville is the fact that this community is the

Colonial Club is nearly completely

excavated, and work is being pushed

rapidly forward to give owners of

Colonial homes the most beauti-

ful and complete place of winding

road work ever built in Wayne county.

Mr. Dix, president of Rex Dix, Inc., who have charge of development and sales in this remarkable property, stated, "We are more than pleased with the progress being made and watching the remarkable work of the Dixie Construction Co. with enthusiasm. Sales are steadily increasing. Three more lots were purchased Sunday. Reservations are being made by those who expect to build.

With road work completed, the values here will increase rapidly,

and of course, sales will increase in proportion."

CALL A SPECIAL ELECTION TO FIX UP OLD CHARTER

Select Monday, June 13th, as Time for Selection of Commission

Finding there are many things in the present village charter of Northville which are a detriment to the community's advancement, and that there are many ways it could be improved, village officials have decided that it is necessary to ask for a special election to remedy the defects that exist in the basic laws of the village.

The election has been called for Monday, June 13th, and it simply provides for a vote upon two questions, that is, shall Northville elect a commission of five people to draft a new charter for the village, and shall a general charter revision be adopted?

If this approval is granted, then the newly elected commission will at once start work on the revision of the charter.

Rarely a day goes by but what City Attorney Cochran is faced with some problem arising from the present condition of the village charter.

Northville is one of the few communities of its size in the state that has not so far brought its old charter up to date, and because of this condition village officials have found it difficult and at times impossible to work out questions to the advantage of the town.

STEAM SHOVELS CUTTING STREETS UP ON HILLCREST

Rapid Progress Being Made on Improvement of the Winding Drives

The use of the large steam shovel on road construction work is proving a complete success at Hillcrest Manor, being far more efficient than teamsters, and handling the peculiar conditions existing in this picturesque property perfectly. With a small mountain of dirt just ahead the shovel keeps back and plays a tilt load into the dump truck with just two shovels full. Expert "skimmers" of teamsters hurry away to deposit their loads in the great fills which are being made.

Colonial Club is nearly completely excavated, and work is being pushed rapidly forward to give owners of Colonial homes

Fill That Coal Bin Now--for Next Winter

"FOR THE DISCRIMINATING"

Road Excavation Under Way!

Steam Shovel Now Working

At last the preliminary construction work—the grubbing of stumps,

removal of trees, and building of culverts is completed. And now the actual

work of road construction and excavation is under way. The huge

steam shovel is keeping dump wagons, horses and men mighty busy.

Roads are taking shape with astonishing speed, as the huge, relentless,

mechanical monster tosses tons of dirt, gravel and stone out of its path.

Like some gigantic prehistoric beast this powerful machine is making a

path for itself through great cuts—filling up deep ravines, leveling out

sidehill roads. And following the steam shovel will come other machines

finishing and perfecting the wide, winding drives which you will love.

Each ton of dirt moved brings additional value to Hillcrest Homesites,

makes a beautiful property more beautiful!

At last the preliminary construction work—the grubbing of stumps,

removal of trees, and building of culverts is completed. And now the actual

work of road construction and excavation is under way. The huge

steam shovel is keeping dump wagons, horses and men mighty busy.

Let's Make Northville Clean

Everybody in
With Rake and Hoe and Brush

Next week, from Monday morning until Saturday night, has been designated Clean-Up Week in Northville and it is the desire of the Village Health Department, as it should be of all our citizens, to give the old home town a thorough cleaning during that period.

Rubbish of all kinds—except ashes—will be carted away if placed in boxes or barrels at the street curbs. Gather up all the old cans, bottles and other accumulations of the winter months and have them carted away.

Clean the front yards and the back yards and do not forget the cellars.

Cleanliness insures good health both for yourself and your neighbors.

Let it be said of Northville that we have no old unclean or unsightly places this year.

Remember next week, and do not wait until the last of the week. Start to clean Monday and keep at the job until your premises are cleaned up.

One unsightly spot will detract from all the attractive ones, so let us make this a real community effort—everybody clean their premises, whether they own them or rent them.

Place your Rubbish at the Curb by Friday Morning, when wagons will be provided by the Village to cart it away. We ask your hearty co-operation.

Village Health Department

Dr. R. Schuyler, Health Officer

Whatever You Do It's For Yourself

Every man who lives in a home knows he can do little things to make it more attractive, comfortable. When he owns a home of his own he can do as he likes and know it is for himself and his loved ones. When he improves another man's property, while he pays rent, he is never sure the landlord will permit the change, and if he does, the rent payer is simply paying out more money to make another man's house more valuable. Build your own home—then do as you like.

DICKERSON URGES VETERANS TO GET INSURANCE DATA

Legion Commander Says
Post is Willing to Help
Any World Veteran

James R. Dickerson, commander of the Northville American Legion post, is strongly urging veterans of the World war to look into the insurance offer of the government. Whether a man is a member of the Legion or not, Commander Dickerson states that he and the other officers of the organization are willing to help any veteran in getting his insurance straightened out or taking out new insurance.

Former servicemen of Michigan have reinstated or converted \$700,000 worth of Government War Risk Insurance during the month of March, 1927, the U. S. Veterans' Bureau, 313 East Jefferson avenue, Detroit, announces. Former servicemen and women who carried government insurance during the World war may reinstate or convert up to the original amount they carried in service. The final date for such repayment and conversion is July 2, 1927.

The majority of the applications being received are from veterans in and near Detroit. Veterans residing in that section of the state have access to the Detroit office, and as a result veterans residing in other parts of the state are not taking advantage of the government's offer of standard life insurance policy at the extremely low rate being offered by the government. Each Red Cross' secretary and each Post of the American Legion and Veterans of Foreign Wars, however, has full information on this insurance, and is a position to assist ex-servicemen in completing their applications. In many cases these organizations can direct the applicant to a physician who will make the necessary physical examination.

There is now in force in the State of Michigan over one hundred million dollars of government insurance, but there remains, largely, approximately a billion dollars. The government offers a standard life insurance policy to veterans of the World war, at a rate from 15% to 25% cheaper than the same policy offered by private companies. The five-year level premium term policy is particularly attractive. The annual minimum rate for \$1,000 at the age of 30 is \$3.40. Individual as well as group insurance policies can be renewed after July 2, 1927, veterans entitled to take up again. An extension of this cannot be granted, as Congress is not now in session, and will not be until long after the expiration of the bill.

Individuals now living in remote parts of the world are now taking advantage of the government's insurance offer. Recently the First North Dakota, one of the Virginia Battalions, received in payment from its veterans living at Inkermann, Strangford, Norway, while the Detroit office recently received from Holland, Nathan, a veteran, who now resides at Kagoshima, Japan.

Full information regarding the insurance can be secured from the American Red Cross, Veterans of Foreign Wars, American Legion or from the Detroit office of the Bureau.

NORTHVILLE Twenty-Five Years Ago

Items taken from The Record files of 1902, for the week corresponding to this week:

Miss Ada Pickell is recovering from a serious attack of fever.

Mr. and Mrs. B. A. Wheeler celebrate their twenty-fifth wedding anniversary, next week Friday.

Little Kathleen Safford celebrated her fifth birthday, last week, and a dozen or two little girls helped her enjoy the occasion.

J. A. Stewart has moved into the W. E. Ambler house on Cadry street and W. H. Safford now occupies the foreman's cottage at the U. S. fish station.

The ball game at Starkweather park last Friday afternoon between the town team and the shoe factory, resulted in a ratio of about 6 to 1 in favor of the former.

Steve Safford succeeds Ernest Miller as clerk at Ed. Hinckley's cigar store and billiard rooms. Mr. Miller assumes a similar charge at Mr. Punch's place in the opera house building.

J. J. Kimmel is putting down a lot of fine cement walks on Main street these days. Nearly the entire block on the north side as far as Hinckley's store now has a nice stone walk the entire distance, and a new ten-foot walk is now being finished on the south side from Wheeler's store.

Richardson's is inclusive. The improvement is a very welcome one indeed.

COUNCIL PROCEEDINGS

Moved by Filkins and supported by Walker that bills be allowed and ordered paid.

Years—Filkins, Van Valkenburgh, Walker, German, Schoultz, Nass-Nunez, Cariel.

Moved by Filkins and supported by Van Valkenburgh that \$70,000.00 be spread on tax roll for year 1927, as follows:

General Fund 250,000.00

Highway Fund 8,000.00

Electric Light Fund 6,500.00

Water Works Fund 5,000.00

350,000.00

Years—Filkins, Van Valkenburgh, Walker, German, Schoultz, Nass-Nunez, Cariel.

At a regular meeting of the Council of the Village of Northville held at the Council Chambers on the 2nd day of May, 1927—present Elmer L. Smith, President; Trustees, Filkins, Van Valkenburgh, Walker, German and Schoultz, the following resolution was adopted:

RESOLVED, that in order to establish a more perfect Village government and to better provide for protection and maintenance of the welfare interests of all our people, we do hereby resolve that the election of a general election and a charter of said Village, and do further declare for a general election of said charter, and do further resolve that the question of having a general Charter Revision shall be submitted to the voters of said Village for adoption at 1928, if at a special election.

We do further resolve that there be submitted to the electors at such special election also the election of a Charter Commission of said Village, who are proposed to be elected at large in non-partisan ballot, each of whom shall have had a residence of two (2) years within said Village and that the next (3) candidates having the greatest number of votes at such election shall be elected as such Charter Commissioners.

RESOLVED further that said election of members of a Charter Commission shall be held in the Village of Northville on the 13th day of June 1927, at Precinct No. 1 in the Village Council Chambers and Precinct No. 2 in the Burton Block, Basement, in said Village which election shall be from 7:00 o'clock in the forenoon to 5:00 o'clock in the afternoon, Eastern Standard time.

The official ballot of such proposition shall be substantially as follows:

FORM OF BALLOT.

Official Special Municipal Ballot.

Instructions.—To vote in any candidate make an "X" in the square in the appropriate column according to your choice at the right of the name voted for.

Vote for five (5).

If you wrongly mark tear or deface this ballot return it and obtain another.

For Members of Charter Commission.

Names of Candidates _____

OFFICIAL BALLOT.

Shall there be a general charter revision of the charter of Northville?

(YES)

Shall there be a general charter revision of the charter of Northville?

(NO)

Notice of Registration.

Notice is hereby given that the Board of Registration of the Village of Northville will be in session at the Village Council Chambers in said village on the 6th day of June, 1927, from 9 a. m. to 5 p. m. for the purpose of registering the names of all the electors qualified to vote at the special election to be held in said village June 13th, 1927.

The foregoing resolution was moved by Filkins and seconded by Van Valkenburgh.

Years—Filkins, Van Valkenburgh, Walker, German, Schoultz, Nass-Nunez, Cariel.

It was, therefore, declared carried.

THOMAS E. MURDOCK,

44-3c Village Clerk.

Why
we sell
the
DUNLOP
TIRE

FOR 30 YEARS Dunlop has been building the world's supreme tire. Dunlops wear longer because Dunlop knows how to build better at each vital point.

Take the hidden carcass beneath the tread. Dunlop owns its own cotton mills for no other purpose than to spin the best long-fibre cotton into the famous cable-twist cord that goes into this carcass.

The extra strength in these cords means an added factor of safety against constant load and pounding of roads—longer life and greater mileage.

The extra "stretch" enables the carcass to give under severe blows, and to come back into its original position without internal injury.

The Dunlop tread—the toughest rubber development known—wears slowly and smoothly, making sure that you get out of your Dunlops all the extra mileage that added care and longer experience have built into them. We recommend that you put Dunlops on your car.

NORTHLVILLE POST
WINS HIGH PLACE

Northville's American Legion post was third high in the Sixth Congressional district contest for membership, which ended April 30th, according to information forwarded to Harold White, member of the district legion executive committee, by Robert J. Byers, department adjutant of Detroit.

There is a contest on among the delegations in the various congressional districts of the state in an effort to win the highest average gain, as the post that secures this place will lead the parade of the American Legion at the Jackson state convention in August.

Pontiac and Flint were the two places that exceeded the Northville record. Lansing was in fourth place and Brighton was a close contender with Lansing.

Mosquitos in Florida swamps are being fought by poison gas spread by airplanes.

HUPMOBILE EIGHT
INFLUENCE SHOWN

The influence the Hupmobile Eight has exerted on the entire automobile industry is illustrated in the fact that since it was brought out two and a half years ago, twelve new straight eights have been placed on the market.

In that interval more than nine cars have been introduced than any other type car.

This far-reaching influence is ascribed by officials of the Hup Motor Car Corporation to two facts: that the Hupmobile Eight has consistently been the largest selling car of its type in the world, and that it leads the entire industry that an eight-cylinder car, with its admitted greatest smoothness and natural freedom from vibration, can actually be designed and produced as simply and with as great accessibility as the best-designed fours or sixes.

It is pointed out that the super-smoothness everywhere associated with the car is the outgrowth of engineering principles laid down by the Hup organization nearly twenty years ago. These principles, as proved in hundreds of laboratory and thousands of road tests, have brought the power development and performance of the Hupmobile Eight, over an extremely wide range of speeds, exceptionally close to the engineering ideal.

Saving
Food and Health

TO preserve foodstuffs from
spoiling, to have them
always fresh and healthful
for the table, they should be
kept under an even tempera-
ture, a steady cold.

The electric refrigerator maintains
the proper degree of cold, and does
it automatically. You don't have to
raise a finger or give it a thought.
You will know always that your food
is well taken care of and fit to eat.

The convenience, safety,
and real economy of elec-
tric refrigeration commends
it to the housewife. We
should like to tell you more
about it, if you will call
at the office.

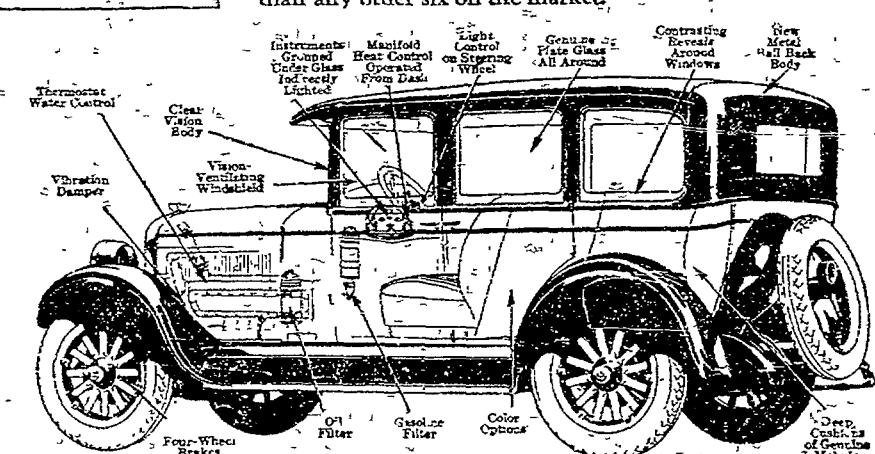

THE DETROIT EDISON COMPANY

Many New Features

Emphasize Extra Quality
In the Latest Series

Hupmobile SIX

Until you see and drive the new series Hupmobile Six sedan, you can have only a faint conception of the new beauty, style, rich equipment and refined mechanical qualities now offered in a \$1385. We have charted below a few of the many modern features—added without increase in cost—that make this Six unquestionably the closest-priced six in America—and easily recognized as offering more quality per dollar of purchase price than any other six on the market.

You may safely use the new and finer Hupmobile Six Sedan as a guide in measuring the up-to-date qualities of any car you plan to buy. Here is truly modern, closed car beauty, comfort and luxury, not merely abreast but actually ahead, in many instances, of current design in moderate-priced six-cylinder cars.

Inspect the Hupmobile Six and you cannot fail to observe the extra quality—in design, finish and color; in rich appointments; in wealth of high grade accessory equipment. Ride in this Six—get behind the wheel and feel the extra quality in the car's amazing smoothness, agility and overflowing test and "go".

REASON ENOUGH

When we sell a man a used car we are naturally hoping that some day he will come back and buy a new car. Honesty aside, that alone seems reason enough for selling him a GOOD Used Car at a fair price.

THOMAS J. DOYLE
32-36 Jason St., Pontiac, Mich.
EARL S. MASTICK

A USED CAR IS ONLY AS DEPENDABLE AS THE DEALER WHO SELLS IT

Salem Events

Mrs. A. G. Phillips of South Lyon spent Tuesday evening at the parsonage.

Thad Peer and wife of South Lyon were Sunday dinner guests at George Carey's.

Ralph Pickard and family of Northville visited in the Frank Buers home Thursday evening.

John Miller and wife of Grosse Pointe, were Wednesday evening callers at Frank Buers'.

Albert Groth and wife visited at Fred Foss' in Northville Sunday, and all motored to Novi.

Mr. and Mrs. O. Bungle of Wayne, spent Sunday with her parents, Mr. and Mrs. Fred Rider.

Mrs. R. W. Kehrl daughter, Irma, and son, Roy, were Plymouth shoppers, Friday afternoon.

Mr. and Mrs. Frank Buers, son, Knowles, and Miss Wittich were Ann Arbor shoppers Saturday.

Mr. and Mrs. H. S. Munn and son, John, were in Lansing Mother's Day, with the former's mother.

Mesdames C. Payne, E. Burdenau and C. W. Lewis wife Ann Arbor shoppers, Thursday afternoon.

Mrs. L. M. Stroll and Mrs. L. Wittenberg Sunday afternoon and evening at L. M. Vicic's in Redford.

Mr. and Mrs. Joe Glass of South Lyon, were dinner guests Tuesday of his parents, Mr. and Mrs. A. Groth.

Mr. and Mrs. Will Lincoln were called to North Stanley last week by the illness of the latter's mother.

Fred Durrow, after spending the winter with his son, Herman, in Detroit, returned to his home last week.

Mr. and Mrs. A. G. Kehrl spent Sunday afternoon and evening with their relatives, the R. W. Kehrl family.

Mr. and Mrs. Frank Huff and son, Clements, of Ypsilanti attended Sunday services in the Congregational church.

Mr. and Mrs. W. H. and Mrs. Fred Wheeler of Ann Arbor were Thursday evening callers at the B. F. Shoobridge home.

Mrs. Theodore Forsyth and daughter, Margaret, of Pugford, spent Thursday afternoon at the Congregational parsonage.

Mr. and Mrs. Fred Dales and sons of Plymouth attended Sunday services in the Congregational church, and spent the day with the R. W. Kehrl family.

Mrs. A. Kehrl and Mrs. J. Meade of Northville meted to Salem and accompanied by Mrs. G. E. Mankin and children were Ann Arbor shoppers Friday afternoon.

The fire department was called out last week Wednesday by a threatening note in Baywood's blacksmith shop. The high wind at the time made it quite difficult to battle the flames.

Mr. and Mrs. C. Payne, Mr. and Mrs. J. Curran of Dearborn and Dell Carter and family of Monroe, spent Mother's Day in Northville with their mother and grandmother, Mrs. James Curran.

Miss Ulla Storer of Northville, who recently purchased the F. L. Huff home, is moving this week to Newland and family, who have occupied the house, rear of the old Collier farm, east of here, last week.

The following pupils on the High Line school were neither absent nor tardy for the school month of April:

Warren, Butler, Darrell, and Lowe Bulman, Edith Clark, Doris Miller, Clara Miller, Jack Miller, Gwendolyn Hatch and Donald S.

FARMERS WIN IN TWO GAMES TAKE LEAGUE OPENER

Detroit Steel Car outfit run Ragged—Wyandotte Is Easily Trimmed

The opening of the Inter-County League season for 1927 on the Detroit House of Correction Farm, Sunday, saw De-He-Co triumphant and Wyandotte on the short end of a game of fast baseball, featured by good pitching by Rowland, timely hitting by his support and some snappy fielding on both sides.

Rowland allowed but three hits, after the third inning not a Wyandotte player reached first until the ninth, up to which period only 15 men faced him. He didn't issue a base on balls and fielded his position for four assists.

Rowland easily was the star of a game that gave the spectators their money's worth.

Jaska, Hammond, Martin and Smith helped the De-He-Co's to victory by contributing hits when counts counted, and Jaska, Smith and Martin aided materially by their田野ing, the De-He-Co Captain taking a foul fly off the right field fence after a long run for what perhaps was the feature play of the game.

Detroit Street Railway ran against the slugging ability of De-He-Co in an exhibition game last Saturday, that was as ragged as exhibition as the score 10-8 to 1-1 would indicate.

About as many pitchers appeared in this game as Detroit has street railcar employees. Iron Man, Rowland also was pressed into service in this game, at stage when the street railway crew threatened, and saved the day.

The second game in the Inter-County League series will be played on the Farm grounds Sunday when Detroit Municipal Employees meet the Farmers again, but with a team much stronger than the one that opposed the latter in the opening game of the season. Reserved seats for this game can be arranged for by phone with Arno B. Thompson, secretary of the De-He-Co club, Plymouth 650.

The Northville Record

NORTHLVILLE, MICH., MAY 13, 1927

QUITE AN ADMISSION

The press representative of the Michigan State Farm Bureau sends to every newspaper in the state each week a letter, giving a brief review of the activities of the state legislature. Because of the fact that these letters during the Groesbeck administration were always "anti-administration," and because of the fact that they have been pretty strong pro-administration during recent months, the comment in the last letter issued to the newspapers by his representative is of some interest. He says under a heading, "More Taxes—Higher Salaries": "That the present session of the Legislature is going to go down in history as noted for its activities along the lines of increasing taxes and raising salaries has been prophesied by Senator Peter

B. Lennon of Genesee county. There is every indication that when the Legislature gets through making appropriations the general tax will be \$2,000,000 or \$3,000,000 more than for the previous two years. The Leland gas tax boosts the highway revenues \$6,000,000 more. Salaries for all sorts of officials are being increased."

The extract from the propaganda letter is indeed interesting if not pleasing.

IN MEMORY
In loving memory of my dear mother, Augusta Bernhardt, who died one year ago, May 9, 1926. Sadly missed by her daughter, Augusta Foss.

NOTICE

People dumping rubbish along any of the Novi township highways will be prosecuted under the state law. This means any kind of rubbish or garbage.

Mighty Energy Available for Your Instant Use

We are a bundle of remarkable forces, and we live amid powers that cannot be measured. If we co-operate we win. If we go contrary we lose.

The waters of the Mississippi have been held within bounds, until recently. Now a multitude are homeless and almost ruined because of the changed course of that mighty force.

The lives of Gray and Snyder were kept by the conventions of society, until the energy of sin had overleaped them bounds and now many homes and other lives are devastated by the black disease.

Great areas of water are held by the Edison Co. at Belleville and by the Ford industries at various points.

This energy is held for betterment of homes and lives and is worthwhile.

God's wealth of power is limitless—varied, constant, available ready to serve all His children. Have we the will to open the way for Him?

C. A. DOLPH BIBLE CLASS

METHODIST SUNDAY SCHOOL

First Presbyterian Church

NORTHVILLE, MICHIGAN

What Will You Give?

Judas asked was told and accepted, but the price he received for betraying his Lord was nothing compared to the price he paid by accepting. The few pieces of silver he received cost him his life and an eternity of remorse. First gifts are not always the best rewards. All too often we are fooled by the glitter of what the world offers and before we know it we have been cheated out of heaven.

Our pastor and the pastor of the South Lyon church will exchange pulpits, Sunday morning. Let us all be present to welcome the pastor who is to visit us.

10:20 a.m.; 7:30 p.m., Sunday school at 12:00 noon.

Local News

A new front is being put in the building occupied by the Palace meat market on Main street.

Mr. and Mrs. Lucius Blake spent Sunday at their cottage at Silver Lake, near Brighton.

Mrs. Ben Shiverly and son, Wayne, of Detroit, were Sunday visitors at the home of Mrs. George Ford.

James Vandyne is the newest member of the Rotary Club. He was given his Rotary card, Monday.

Alecia Richardson has gone to Stratfordville, Canada, where he is installing a dry powder condensery.

Harry Baumgariner is recovering nicely from an operation he recently underwent. He is now at his home.

Eisworth Cramer of Niles, a former resident of this place, visited at the home of his aunt, Mrs. George Pickell, last week Thursday and Friday.

The first annual ball given by the Northville firemen took place last Friday evening in the high school gymnasium. There was a very good attendance.

Edward Nadeau, a resident of Farmington, was a business caller in Northville a few days ago. Mr. Nadeau was at one time a newspaper worker in Kalamazoo.

Mr. and Mrs. Albert E. Teshka of Northville motored to Jackson Saturday evening to visit Mrs. Violet Stevens and children. They returned home Sunday evening.

Ray Castropi has considerably improved the appearance of his lawn by grading it and filling in all the low spots. He has also erected a curbing along his driveway.

Willard Cole is constructing a new gas station down on North Center street at the corner of his property. The station is going to be a most attractive one. It is of brick construction.

Cornelius Polter, the new owner of the Benedict greenhouse, has already assumed charge of the business. He states that he is very pleased with the reception that has been given him by the Northville residents.

Miss Evelyn Hart teacher of French and Latin in the Northville high school, spent Saturday and Sunday in Ypsilanti and Munich. At Ypsilanti she was a guest at a sorority breakfast and she visited her mother at Munich.

Perley Deal, office manager of the Michigan Edison Utilities of Plymouth, has been in Northville a considerable portion of his time recently. The growth of the company's business in this section necessitates his additional work in Northville.

Miss C. J. Keyser has gone to Detroit to remain for a number of weeks. Her daughter, Mrs. M. O. Cross, is driving to Phoenix, Arizona, where her husband is temporarily located because of illness. Miss Keyser will remain in Detroit until her daughter returns.

One of the federal government's fish cars was in Northville Monday. It was loaded with 150,000 brook trout from the local U.S. Fish hatchery. They were shipped to the Hillman station in northern Michigan. These trout averaged from two to three inches in length.

Alton Orvis, who recently underwent an operation for appendicitis, is able to be out a portion of each day. Mr. Orvis was taken ill shortly after his return from California where with Mrs. Orvis they spent the greater part of the winter. Mr. Orvis was formerly Mrs. Hargan.

O. I. Gregg, landscape specialist from the Michigan State College, will supervise the planting of shrubs and perennials at the home of S. W. Spicer east of Plymouth, on the old Ann Arbor road, Wednesday afternoon, May 18th, at 9:00. This will be a fine opportunity to get first hand information, and anyone interested is urged to be present.

On May 21st members of the Northville high school golf team will go to Barton Hills course near Ann Arbor, where they will meet the crack high school team of golfers from Ann Arbor high in the series of elimination contests. The local players going over to take part in this game are: Norman Copeland, Allen Beard, Alfred Smith and Robert McCord. Substitutes, Richard Kerr and Lawrence LeFevre. Coach George Walker is going to accompany the boys.

A number from Northville attended the old-fashioned costume ball given under the auspices of the Ladies' Literary Club of Farmington last Friday evening. Timham's orchestra from this place provided the music for the event. Those present declare that the affair was one of the most pleasing of the kind ever given by the club. The series was started three years ago, and become more popular each year. Among those who attended from here were Mr. and Mrs. L. A. Babbitt, Mr. and Mrs. William L. Yerkes and Mr. and Mrs. E. S. Beard.

S. L. Braden was a caller on old friends in Detroit, Tuesday.

Mayor Elmer Smith was in Howell on business, Tuesday afternoon.

Mrs. George Weaver of Kingsley, is visiting her aunt, Mrs. G. B. Starr.

A bridge club of twelve ladies was entertained at luncheon at the home of Mrs. Ceil McCullough, last week Thursday.

The many friends of Herbert Thayer, long active in Northville Masonic affairs, will regret to learn that he is critically ill at his home, near Farmington.

E. S. Beard, Carl Bryan and Rev. and Mrs. F. P. Knowles attended a banquet and conference at the First Presbyterian church in Detroit Tuesday evening.

Mr. and Mrs. Earl Baumhart were called to Bellevue, Ohio, on account of the death of a little girl, Ruth Weidman. Mrs. Weidman is a sister of Mr. Baumhart.

The next regular meeting of The King's Daughters will be held at the home of Mrs. Bert Starg on Tuesday evening, May 17th, at 7:30. Please be on hand promptly.

In Northville, Tuesday afternoon, was something like a deserted village. Practically everyone went down to Detroit to see Ty Cobb play against the team he managed so long.

An automobile belonging to David Booth caught fire while being driven out on the Fishery road, the other night, and was almost destroyed by the flames before being put out.

Mr. and Mrs. Myron Towne of Jackson, were visitors, Sunday, at the home of Mrs. Katherine Hurbut. The latter, who had been spending some time in Jackson, accompanied them here.

The Degree of Honor banquet, held in the Northville hotel last week, was attended by seventy-four, and was a greater success than had been anticipated. Grand Lodge officers from the state were present.

A fire which started around the chimney in the home of James Tiffin on the north side of town last week, caused considerable damage to the roof. Early discovery of the flames prevented a serious loss.

FOUR PAY FINES

FOR DISTURBANCE
ON PLYMOUTH ROAD

Marshal Wm. Safford Keeps Them in Local Jail for One Night

It didn't pay for four young fellows to create a disturbance at the home of Mrs. Cass Bentz of the Plymouth road Monday night. They stopped their car in front of the Bentz home, went to the house and started creating a disturbance. Frank Felt, who is catcher at the park near the home of Mrs. Bentz, heard the noise and went over to the rug mat they were driving along.

Instead of driving away they jumped onto Felt and badly beat him up.

Village Marshal William Safford was called and the four arrested and placed in the Northville jail for over night.

Tuesday morning they were taken before Judge Perrin and one of them Clifford White, who gave his residence as Plymouth, was fined \$200 for driving while intoxicated. George White was fined \$50 for assault and battery, a man who gave the name of Dawn and Battle Creek as his home paid a fine of \$15 including costs and another member of the party named Wheatley of Battle Creek paid a fine of \$11.

All entered pleas of guilty when called before Judge Perrin.

BANQUET PROVES DELIGHTFUL ONE

The mother and daughter banquet which was given by the Nellie Yerkes auxiliary of the Presbyterian church, last Friday evening was a delightful affair. The tables and parlors were beautifully decorated in jonquils, spring flowers and lighted tapers.

Nearly 100 were served.

After the last course Mrs. Gerald Taft, president of the auxiliary, introduced Miss Helen Cunningham, the toastmistress. She in turn introduced Mrs. E. S. Beard, who gave the toast to the daughters and Mrs. Waldo Johnson, who gave the toast to mothers.

Miss Ida Rose Cavell delightfully sang an appropriate number.

Following the banquet a short play was given by talent from the Santa

NOTICE TO TAXPAYERS

The Board of Review for the Village of Northville, will meet at the Village Hall, on Monday and Tuesday, May 13th and 14th, 1927, at 10:00 o'clock a. m., or each of said days for the purpose of reviewing the assessment rolls of said village. Taxpayers deeming themselves aggrieved may be heard at that time.

Dated Northville, Mich., April 23, 1927.

NEXT WEEK TO BE HOUSE CLEANING TIME FOR VILLAGE

Northville to Take Part in the Clean-Up Campaign of the State

Northville officials and citizens are making extensive plans for a regular clean-up next week. The whole week from Monday to Saturday, has been designated as clean-up week by Mayor Elmer Smith, and the village is keeping with the rest of the state is going to see to it that Northville is given a regular old-time clean-up. Much has already been done. A trip up and down the streets of the village shows that most of the residents have removed the accumulations of the winter. It is probable that authorities will next week remove the accumulation of ashes from the back of the school ground. The city has already started cleaning up the property adjoining the city hall.

It is the idea of the municipal authorities to have Northville as slick and span as any town in the country, and next week will be the final round-up for the cleaning up job.

There are some places the mayor points out that have been used for a general dumping ground, and while the village has not the authority, he urges that wherever possible they be covered and made into more sanitary places than they are at present.

The Ford company has given a demonstration of how easy it is to take a piece of ground that is anything but a sightly place and make it more attractive.

The vacant land on East Main street, just east of Horton avenue, has been graded and outlined with a row of stones painted white. Two flower gardens have also been arranged for the place. Even though the grass has not yet come up on the flowers planted, the spot is much more attractive than the place was last year.

The state department of health has issued an instructive little folder relative to the necessity of a general clean up in spring time.

On one page is the following:

CLEAN UP YOUR TOWN.
Let every body help.
Plummet all breeding places for flies.
Away with the winter's accumulation
of ice and snow.
Now is the time to paint.

Put up new windows.
Patch your screens.

You will may need attention
Outbuildings should be cleaned and
made fly proof.
Plummet to make vacant lots attrac-

tive.
Repair your broken eaves-trough.

Take the clean up job with a will.

Organize your community forces.

Why not have a beautiful town?

Now is the time to begin.

An official machine has been invented in England. The apparatus consists of a cigar-shaped balloon filled with hydrogen gas, below which is suspended an aluminum framework resembling a bicycle, with handlebars and pedals that will work a propeller in front of the machine.

**New Silk Neckties for 10¢ a Dozen!**

"Look at these ties you were going to throw away! They are just as good as new now. I cleaned them with Solvite dry cleaning soap and saved the cost of a dozen new ties."

Women said it's easy to save five to ten dollars by doing some things around the home which would be ruined by ordinary dry cleaning. Solvite is an amazing new dry cleaning soap. Dissolved in gasoline, it cleans hats, shirts, dresses, neckties, suits, coats, and many other fabrics and makes them just like new. Nothing fades, shrinks or washes. Get Solvite at any drug store now—Invest a few cents and save many dollars.

OPEN EVENINGS

Novi News

Mrs. Guy Nichols spent Saturday with her parents in Detroit.

Rev. R. O. Thompson was a caller in Pontiac, Saturday morning.

Charles Rush, of Port Huron, visited Sunday at the home of his cousin, Eugene Root.

Mr. and Mrs. L. L. Granzow and Mr. and Mrs. B. H. Leavenworth attended the Ypsilanti-Northville ball game held Saturday at Ypsilanti, on the diamond of the Roosevelt High school.

In sermon and song, Mother's Day was given fitting observance at the Novi Baptist church. The choir rendered a beautiful medley, which included all the old and beautiful songs and hymns so well beloved by mothers through countless years.

When the Novi housewives are resting after a toilsome day of house-cleaning, they can grub dandelions from the greensward on the front lawn. The verse-maker may laud the yellow-haired commoner, but when one ruefully views a million of them wherever grass ought to be, they make no appeal to his esthetic sense.

Why is Novi, in general, and Mr. and Mrs. T. H. Shin in particular, are wearing a broad, deep smile of the variety that won't come off? We are only glad to proclaim to the community, at large, that it is because Marian Shin, declared eighth grade champion in the county reading contest, held Saturday, May 6th, at Pontiac. On April 29th, at Walled Lake, Marian won the Zone championship in the district spelling bee at Glendale. The month of May will prove a very busy one for Miss Shin, for besides the eighth grade county examination's location in the near future, Marian will go to Ypsilanti, next Saturday, May 13th, to compete at the State Normal College for the inter-county championship in the reading contest when four sister counties, Wayne, Oakland, Macomb and Washtenaw proudly send their victors with fond hopes for pinnacle of glorious realization. In addition to this as district champion, Miss Shin will on May 20th, appear in the Detroit metropolitan spelling bee at the state fair coliseum. We, who in our youth, were incredibly vainglorious, never a better record in spelling or two consecutive reading lessons with no word mangled or mispronounced, marvel like the poet of old, "that one small head could carry all she knew."

J. Martin of Redford, was a guest last week at the home of his daughter, Mrs. Alfred Gow.

Mr. and Mrs. DeLois Leavenworth were hosts to Mr. and Mrs. Walter

Evans and family of Ypsilanti, Sunday.

Mrs. Lizzie Coates, after spending many months with relatives in Los Angeles and other cities in California, returned to her home in Novi, Saturday, for the summer months.

Miss Mabel Chamberlain, the primary teacher, spent Saturday in Detroit.

Mr. and Mrs. Milo Chapman were Sunday callers at the home of the latter's sister, Mrs. Charles Truestell, in Wayne.

Mr. and Mrs. Burton Muñoz were called to Bay City, Saturday, by the illness of a relative, John McHenry.

Mr. James Lapham of Northville, entertained the Mission Band of the Novi Baptist church Thursday afternoon.

The local delegates to the district meeting of the Rebekahs, held this week in Beaverton, were Mrs. A. A. Holcomb and Mrs. Jessie Wines.

William Mans, went to Bay City Tuesday on a business mission, and was accompanied by Ernest Taylor of Detroit.

Mr. and Mrs. Murray Book and daughter, Audrey, of Redford, spent Sunday afternoon at the H. W. Franklin home.

L. L. Granzow is grading on a new Chevrolet sedan.

Jack Smith is suffering with a broken finger sustained while playing ball.

The Greater Novi Improvement Association held its regular monthly meeting at the Novi Baptist church, Thursday evening, May 5th. That the people of this vicinity are deeply interested in the growth of Novi was attested by the enthusiastic crowd that gathered on this occasion.

Among the many good things which the program offered was a discourse by A. Cramp of the Detroit Board of Commerce, who spoke on "Industrial Development." Novi is ideally situated for the acquisition of an industrial concern in the near future. Mr. Cramp, most forcibly, stated, "Not only are we located on a broad highway that connects with Flint and Saginaw, thus assuring rapid transcontinental transportation, but the Pere Marquette affords another excellent means of roads, transportation. All that we need," said Mr. Cramp, "is the co-operative backing of the citizens to place a factory in our midst. One industry attracts another, and in due course of time Novi will develop into a thriving industrial center."

The various committees were called up by the president, Mr. Harry Den, and gave excellent reports of the progress made in various directions.

During the evening a group of selections, highly applauded by the listeners, was given by the male quartet of West Point Park.

Community singing was spontaneously indulged in, at frequent intervals. A few well known numbers by the Novi orchestra in its first appearance before the public, was cordially greeted by the townfolk.

After this very inspiring meeting was brought to a close an interval was spent in visiting and comments on the program.

The next meeting to be held June 2nd, the first Thursday of that month.

promises to surpass all others in interest and all are urged to come and bring friends. L. S. Gullen, chairman of the program committee, is to be complimented on the excellent speakers for which he has arranged at each meeting.

ROLLER SKATING BUG HAS SPREAD TO LOCAL SCHOOL**University Students Not the Only Ones Motoring on Skates**

University of Michigan students are not the only students on roller skates.

The roller skating bug has hit Northville High with a bang—and if a student isn't roller skating to and from school—why, there is something wrong, that's all there is to that.

They skate to school; they skate from school, and they skate about town at night.

The skating mania reached here early last week, and it has spread like wild fire since, until all boys and girls from six years up to and above the sixteen mark have put on skates.

Traffic Officer Safford is having as much difficulty in directing the skating traffic across the main intersection of the town as he is in automobile traffic. In fact, after school hours, his work has increased to a considerable extent due to the roller skating bug.

Northville hardware stores have had a big rush for skates. James Huff, Fred Lyke and Walter Ware declare that they have been busy selling roller skates. In fact, they have had to order an additional supply.

But let 'em skate. It's better than tearing around in a wheezy old Lizzie

BACKWARD PUPILS

You are anxious to give your child every advantage at school, but how about his eyes? Perhaps he is going to be handicapped for lack of glasses.

No child can do well in school who cannot see distinctly. A case of that kind occurred very recently.

Teacher said the boy was stupid and dull—he did not do well at his lessons. An Optometric examination of his eyes revealed the fact that he couldn't see the writing on the blackboard. In fact his distant vision was equal to only twenty-eight per cent of normal and near vision required great effort and strain. Properly Prescribed Glasses changed everything, soon he was leading his class.

Most backward children have poor or painful vision. How about your child?

RECORD LINERS—THE BEST RESULT GETTERS

KNIGHTS-TEMPLAR GOING TO LANSING CONCLAVE IN JUNE

Local Organization Drilling Each Week—Plenty of Entertainment

Northville Knights-Templar, under the direction of Eminent Commander Elmer Perrin, are holding drills each week, for the purpose of being well prepared for the big Knights-Templar parade that will take place in Lansing on June 3rd.

The Michigan State College athletic field has been selected for the exhibition drills, which are part of the program of the 1927 conclave. The Grand Commandery committee has permission from the college athletic department to use the big field, which not only gives drill squads plenty of maneuvering room, but ideal seats in the big stadium for spectators.

Lansing is sparing no expense to entertain the conclave and this year there is a complete new deal for the Knight-in-Shine. The officers of the Grand Commandery and visiting officers will obviously share in the program, but the knights will be official guests, and whose participation heretofore has been merely one of show, will this conclave be offered one diversion after another from the time he lands in the capital city until he leaves.

The Lansing Masonic orders have just completed and are now occupying the handsome new million-dollar temple. This fine edifice at last gives Lansing Commandery No. 25, a chance to "spread itself." The big temple will be the scene the night of June 7th of a conclave revelry in which every knight and his lady is welcome.

Two big dance orchestras have been engaged for the grand ball. The ball starts at 10 o'clock in the afternoon. From this time until midnight the two orchestras will play continuously. Knights, their wives and daughters, will find the dance floor one of the finest in the state.

Thirteen parties ride about the city, and other diversions will be offered by the program committee. After the exhibition drills at the Michigan State College athletic grounds, Knights and their families will have a chance to inspect the college and its many new and handsome buildings.

CHEVROLET OUT WITH NEW MODEL

Chevrolet today announces a new model—the Imperial Landau. It is a six-passenger closed car of luxurious appointments and new design, listing at \$750. f. o. b. Flint.

Heretofore it was the practice of low-priced cars, the new model is equipped with a specially designed Fisher body, marking a new creation by Fisher that provides for low-priced fleet with a smart looking landau. Contributing to the distinction of the Imperial Landau is the specially designed new-sprung Fisher body with its many advancements in design from cantilever front and oblong plate glass windows to smoking set. Headlight is of special design throughout, with garnish rails in polished chrome and doors, seats, in brocade maroon drapery—in pleasing contrast with the deep tufted plush upholstery.

Employing the exterior beauty of the car is the lustrous satin black Duco finish with double head stripes of Chasseneur red. Window frames have a crimson trim on the outside and maroon within the car. The top rear quarter and the sun visor are of mouse gray textile leather. The Imperial Landau is fitted with a swing-out type windshield of one-piece design on nickel brackets, while narrow front pillars provide for increased driving vision.

Like other Chevrolet models this year, the Imperial Landau is equipped with standard one-piece, full-crown fenders, balloon tires, bullet-type head lamps, oil filter, air cleaner, co-incident steering wheel and ignition lock, remote control door handles, improved instrument panel, new gasoline gauge, disc wheels, new radiator and running board.

PUSHING WORK ON NEW STRUCTURES

Favorable progress is being made on the three new business blocks being erected on North Center street. The Schuyler block is nearest to completion of the three, but this is due to the fact that no excavation was made for a basement and work was started a few days previous to the removal of the old buildings to the south.

Dr. Schuyler hopes to have his block opened by the first of June. The Walker plan room will occupy the place and it is his purpose to make it as attractive as possible. There will also be a barber shop in the place.

The steel frame work on the "Scarader" block was placed this week. This being the largest building of the three now going up, the progress will necessarily be slower than on the other two. The big steel girders were unloaded last Saturday afternoon, and the removal of them from the trucks attracted considerable attention.

The Shafer building is being pushed right along and will probably be ready for use by the middle of June or towards the end of the month.

The brick-work front of this structure is just about as fine a piece of workmanship as can be found anywhere. When the three buildings are completed, North Center street will be a very attractive thoroughfare.

Alfred Schmitker of Cincinnati, Ohio, is the inventor of an air-cooled engine weighing only 200 pounds and having only 38 major parts. He worked nine years perfecting the motor.

because of

Dependability, Fine Appearance, and Economy—now the world's most Popular Gear-Shift Truck!

In every section of the country Chevrolet Trucks are breaking all previous records—establishing Chevrolet as the world's most popular gear-shift commercial car.

This decisive preference for Chevrolet is based on a marchless combination of dependability, economy and fine appearance—plus the public's confidence in a product of General Motors.

Chevrolet dependability under every condition of usage has long been traditional; yet recent improvements in the powerful Chevrolet, valve-in-head motor—improvements typified by a new AC air cleaner and AC oil fil-

ter—have made Chevrolet Trucks even more dependable, with even longer life, greater operating economy and more satisfactory performance.

With a cab enclosure that matches passenger car design in comfort and beauty—with sweeping crown fenders and bullet-type headlamps—the Chevrolet Truck is one of the handsomest haulage units seen on the highways.

If you use trucks in your business—come in! Learn for yourself why Chevrolet performance has proved so satisfactory for every type of user—from the single truck operator to the largest fleet owner!

AUTO CLUB PLANS FOR ACTIVE YEAR; GROWING RAPIDLY

Secretary Tells of Progress; to Find Out About Plans for Pavements

Director of the Northville Automobile club at a meeting held last Friday evening, outlined three major activities for the present year. They are:

First—Putting up highway signs directing traffic to Northville.

Second—Directed a special committee to push paving program for this section of Wayne county.

Third—to endeavor to secure local office for issuance of automobile license plates next fall.

President N. C. Schrader declared that he thought these matters if given attention could be worked out to the entire satisfaction of the club and community.

The meeting was held at the Northville Hotel and Cafe, and was attended by all of the directors, and Secretary Richards, who takes care of the detailed work of the club.

The directors are: Frank S. Neal, C. A. Ponsford, William Elliott, Harold White, Charles Schoultz, Ados Goss of Farmington, M. J. Murphy, R. C. Stark, L. A. Babbitt, T. G. Richardson, N. C. Schrader, and William Richards.

F. S. Neal, M. J. Murphy and T. G. Richardson compose the committee

that is to look into the paving situation for this section of the county.

It is the desire of the club to have the Base Line road improvement pushed as rapidly as possible, and there was considerable discussion as to the paving of Center street directly south from Grand River through to Plymouth. In this way it would give Northville a direct north and south road and eliminate all railway crossings to the north.

Secretary Richards was instructed by the board to take whatever necessary steps to secure for Northville a branch office of the secretary of state for the issuance of licenses here this fall.

The secretary reported an increase in growth of the club, an increase of nearly 600 per cent of the previous year. The membership now stands at 260.

The club also voted to look into the question who the prisoners on the Isle of Man Island near the York plant had been released with additional warning signs as installed at the Port of Margate had disappeared.

Charles Schrader, executive director of the toboggan park that the club operates at the "Milemark" in Northville, said after the same informed that the toboggan on an other large club date for its members, and the car was destroyed by Plymouth the total organization. The directors were greatly pleased with the progress being made by the organization, and they believe that the coming year will be the most successful in the history of the organization.

Although 450,000,000 horsepower from water is now available in the world, only about 30,000,000 horsepower is being utilized.

GIVE REPORT ON CONFERENCE HELD BY ROTARY CLUBS

Dr. Burkart and Others Tell
of Matters Discussed at
Mt. Clemens

Convening reports are as a usual thing not so very interesting. They are generally made as a matter of routine and because it is necessary that it be done when delegates are sent away to meetings.

But that wasn't the case with Monday's meeting of the Rotary club. President Don Yerkes, Sr., turned the meeting over to Dr. H. H. Burkart, the club's official representative to the Mt. Clemens conference. Out of what ordinarily would have been a more or less routine session, he made a most interesting meeting.

He briefly told of the general conference, of the work being accomplished by Rotary, and of the objects of the organization, and how it was not only working out to the benefit of the members but the communities in which Rotary clubs are.

Other visitors at the Rotary convention was delegated the duty of reporting round-table conferences. Edward C. Langfield talked about Rotary education, and he advised the club members that the local organization had decided during the coming year to conduct a Rotary school.

Edward Mills told of the discussion pertaining to business methods and of the benefit that Rotors had been to the conduct of business institutions.

"Not so long ago it was a hard matter for a traveling man to get by unless he was a good fellow. Now, it is a case of strictly business with him. The new business man permits him to show his goods and whatever business they conduct is along business lines. We have learned to treat the traveling man as he should be treated, and not turn down those who do not happen to be friends of ours without a proper clearing - and it has been said that this is due largely to new business methods introduced through Rotary club ideas," he said.

Dr. Sauer gave a most interesting talk on the work that Rotary is doing for crippled children. He pointed out that the work along this line was not strictly a Rotary work but that all organizations are co-operative in it.

There is another place he said that Rotary is giving to the crippled child movement. It is the education of the child after an physical defect has been remedied. It is that as important to him as to the child to be properly educated, he said, in order to remedy the physical defect.

Ed Richardson told of the promotion of Rotary through its educational work.

He stated that in Jaffog communities there was a great problem, and that even in view of the size of Northville it was well to see to it that there were no complications.

TWAS MIXED UP

A newspaper editor has many or exciting stories that the average person does not possess. When there is a word wrong or something is printed that means something different than intended he can call it a "biographical" error and can ill get away with it. Well the Record is going to resort to this usual excuse. Last week in one of the editorials the word "native" appeared where the word "activity" should have been printed. Mistakes will happen, no matter how hard you try to prevent them. Blame the type or typewriter, which ever you desire—and excuse it this time.
