NORTHVILLE, MICH., FRIDAY, SEPTEMBER 9, 1927

\$1.50 PER YEAR IN ADVANCE

## NORTHVILLE FAIR NEXT BIG EVENT FOR COMMUNITY

Officials Now Working to Make it Biggest and Best Ever Held

Now for the Fair! That's the next big event in Northville. Climaxing a summer of more than ordinary activity, the fair this fall promises to be the biggest and best Northville has ever had.

Many local visitors to the state fair say the local event will be far superior to the one that was staged this week by the great state of Michigan at Detroit in many respects.

In fact, the Northville midway County fair has for years had a reputation of being the equal in many respects of the one held in Detroit, even though it might not be on such an elaborate scale.

President N. C. Schrader and Secretary Floyd Thompson, as well as all the other officers of the association, have started their activities and there will be no let up now until after the gates have been opened.

The fair will start on Tuesday, September 27th and will run during the entire week until Saturday night, October 1st. It comes one week later this year than it has been the usual custom, the change being made in the hopes of finding better weather conditions than prevailed last year.

From information that has been secured by Secretary Northville the exhibits will be much larger and many more of them than ever before. He is finding a keen interest, if such a thing is possible and everything indicates that there will be a record attendance.

Northville has a habit of putting things over in a big way, and the fair is surely going to be an event that will bring thousands of people to Northville.

The two attractions that have been picked are the best that could be arranged. The Vicksburg Vandals and the school organization in Waukegan, the two some of the high school girls that could be counted. All in all prospects are the greatest and best for the first kept at Waukegan.

## THEATRE PACKED OPENING NIGHT— OUTLOOK IS BRIGHT

Coming Season Expected to Be Best the Theatre Ever Had

The Penniman-Alen theatre opened its doors last Saturday night for the present season to a capacity house. In fact, long before the hour fixed for opening the show, a line extending into the street had been formed; and when the second show started the lobby was jammed with those waiting admittance.

Every show night since the opening date has seen a packed house, with an offering that has been amazingly good.

Patrons have commented upon the attractive appearance of the theatre. The new decorations are most beautiful. The ceiling has been colored a dark walnut, and a deep rich mortized ivory pietra on the walls. The scheme of the decoration is Byzantine, of the fifteenth century style, and with the lights reflecting on the attractively decorated panels, a most pleasing effect is produced.

From all indications the theatre has started upon its most successful season. The pictures that have so far been booked are excellent, and it is understood that the programs of the future are of the better class of pictures.

## AUTO HITS TRAIN BUT DRIVER ESCAPES INJURY

Someone driving a Hudson sedan had a narrow escape from death at the Novi crossing of the Pere Marquette railroad just this side of Novi last Thursday afternoon. The hill coming of a train. The driver saw it just in time to stop his car as he bumper hit the locomotive. The Hudson was thrown completely around but turned over. Only slight damage was done to the front of the car, and his owner was able to continue his trip in the machine. So rigid were the cranes of the auto set that the four wheels of the car went deep into the hard packed gravel road. Owing to the fact that he was able to drive away, his name was not learned.

Mr. and Mrs. Robert McCullum and daughter, H. Aline, and Mrs. Agnes Elkins spent Sunday and Monday with Mr. and Mrs. J. L. Calkins and Mrs. Schulte, who have gone the way of all flesh.

## STINSON PLANE WORKS PERFECTLY ON WORLD FLIGHT

Brock and Schlee are Making Record Time in the Orient

Consistent to Aleppo, on to Baghdad in Iraq, then over the burning deserts of Persia to Bender Abbas, following the coast line of the seas to Karachi, Allahabad and Calcutta, India, William S. Brock and Edward F. Schlee in their Stinson aircraft are making the half way mark in their flight around the globe in record time.

Without mishap of any kind, except a slight leak in one of the gas tanks, the fliers have made remarkable time. Their Northville made plane has performed to perfection, and at every stop made the aviators have gone word to the Northville factory of the splendid performance of their plane.

Already one record has been made. No individual plane has ever flown so many continuous miles without an adjustment or change of any kind as this Stinson-Detroit.

Over 10,000 miles of the trip have been completed. The proposed flight is a little over 22,000 miles.

They are now on the far eastern coast of the Pacific, and a determined effort is being made to induce them to abandon that part of their proposed trip over the Pacific because of the seemingly impossible thing they have in mind.

From Japan they propose to jump to the Midway Islands, a distance of 2430 miles. While they probably would make that distance, the largest island in the group is barely a mile long and not that wide and is said there is not the slightest possibility of a landing place, except along the coast at low tide, but that is not the chief danger. If the tide rises more than the slightest degree, or in case of a storm, there is the possibility of drowning the men in the water.

There is no point in carrying along a lot of dead wood. If there exists in Northville any of these dangerous attitudes toward the town's prosperity, there should be eliminated at once. Those who possess these ideas should turn about and march with the progressive ones. Neither the town nor the state will help to bring up the tide in that respect.

It is also known in the same place that the day of the last big rainfall was the day that one of the big automobile accidents that occurred in Northville. There is no question in the minds of the citizens of Northville that the accident was caused by the rain.

## FRANK E. HILLS IN ROTARY TALK SAYS UNISON IS NEEDED

Progress Cannot be Made Without Co-operation on Part of All

Friends of co-operation and the spreading of good will were features emphasized at Monday's meeting of the Rotary club by Frank Hills who was chairman of the program. In a well prepared talk to the club members he brought out the requirements of success—not only in business but in community affairs as well.

"We can only hope to go ahead by all working together. No one can make much progress without the assistance of his associates in business. In the transactions we have between each other, in the associations of every day, there is much to be mutually gained," he said.

E. H. Lapham stated that the sentiment expressed by the speaker was excellent and that, as far as business knew it to be correct. He stated that co-operation was vital to the progress of any place.

"If we want to go ahead we have got to do so by working together. There cannot much be gained unless we all do our part," stated Mr. Lapham.

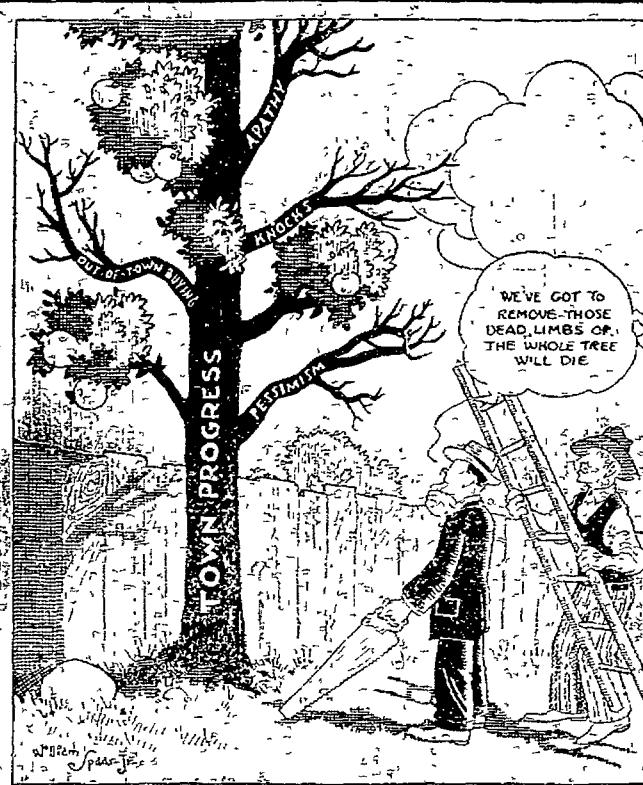

There has been organized within the Rotary club a new quartette composed of James VanDyne, Don Terpke, Sr., Fred W. Cochran and Ray VanValkenburg. They made their first appearance at Monday's meeting, and presented one selection that pleased those present. In the future Ray VanValkenburg is to have charge of the singing of the club.

## CHAMPIONATES IN ENGLAND MEET HERE AFTER 40 YEARS

Alfred Creagh, Esq., was a visitor at the Methodist parsonage last Friday after uncovering Rev. William Richards was in Northville. In the year 1887 they were together in school in England. The families separated that year. The forty years have passed, and the discovery was only made of each other this year. Mr. Creagh lives at Romeo, Michigan. School days were fresh again with the environment, with a tender touch to the superintendent and his staff, who have gone the way of all flesh.

Mrs. J. L. Calkins and Mrs. Schulte spent part of last week in

## PRUNING TIME

## "HAUNTED HOUSE" IS BURNED—START OF FIRE MYSTERY

Flames Quickly Destroy Old Structure at Back of Hatchery

Northville's "haunted house" is no more. Spooks set it on fire sometime Monday night, and within an hour the whole structure lay in ruins on the ground.

The old residence, which was built originally for the superintendent of the Federal fish hatchery, and was moved some years ago to the back of the government property off the Fishery road, caught fire shortly before midnight Monday night and was completely destroyed.

The house, a two-story frame structure, has not been occupied for many years, and the kids of the town have for years failed in the haunted house.

Just who the spook was that set the fire no one knows. There is no question but what the structure was burned either by intention or through the carelessness of someone within the place after dark. There was nothing about the place to set it on fire. No one living in the neighborhood saw anyone around there during the evening.

So far, police officers have not put forth much of an effort to find out who set it on fire. In fact, the fire department after it had been called found it impossible to do anything to check the blaze. The whole building was completely enveloped in flames when the department was called, and being several blocks from a fire plug, the firemen could do nothing to stop the destruction of the building.

The house was originally moved to make room for the big modern structures which now stands on the highway.

We bid Mr. Frank W. Thompson and wife, Wm. and Mrs. Frank W. Thompson, of Northville, welcome to the Northville neighborhood.

Last year the total enrollment of the first week was slightly over 500.

For the past few weeks the enrollment has been increasing.

It is estimated that the enrollment in Northville will be about 600 this year.

Progress cannot be made without co-operation.

## AUTO CLUB BACKS CENTER STREET PAVING PROJECT

Will Assist in Having Road Made Trunk Line Way to Novi

At a meeting of the Northville automobile club directors, held Wednesday evening, it was voted unanimous to assist in the movement to have Center street made a trunk line road through to Grand River where it will join with that main highway just west of the grade separation.

The matter was brought to the attention of the directors by Secretary William Richards who stated that he found sentiment very strong in favor of the project and that he believed by proper effort, the road could be paved within the next year or so.

Acting President T. C. Richardson, who presided at the meeting in the absence of President N. C. Schrader, upon motion, appointed a delegation headed by Thomas F. Frank, Neal to work with various local organizations in an effort to have the road made a trunk line highway. It is probable that a delegation will appear before the administrative board of Lansing Monday afternoon.

Secretary Richards reported 16 new members since the last meeting. He stated that a gain of better than 20 per cent had been made since last year in the membership of the club. An effort is going to be made to have roads leading to this place better marked by signs.

WEST MICHIGAN  
EDITOR IS VISITOR  
AT RECORD OFFICE  
Len B. Feighner of Nash-  
ville, Field Secretary of  
State Association

Len B. Feighner, publisher of the Nashville News and field secretary of the Michigan Press Association, was a most welcome caller at the Record office a few days ago. Mr. Feighner was over in this part of the state on business, and it was a pleasure to have him take the time to spend a few hours in the Record office. His newspaper is one of the best in western Michigan, notwithstanding the fact that he has considerable time to give to the work of the Michigan Press Association.

In fact the rapid growth and progress of this newspaper organization during the past three or four years has been largely due to the everlasting driving ability of its popular field secretary. He is on the job early and late, never takes a vacation but what he comes to work without, and has a way of getting "around" some of these stubborn editors that would make the best confidence man in the world blush.

At a recent meeting held in Detroit the field secretaries of the various organizations, Mr. Feighner was re-elected president of the national organization. During his long and successful newspaper career, he has done much to help the people of Michigan, buy their states as well

A PETITION TO THE  
COUNCIL ABOUT PAVING

The undersigned who live on and  
do property on Dupont street in the  
Village of Northville hereby protest  
against the construction of a paved  
street on said street, as it is too expen-  
sive. We therefore demand your  
opinion.

## FORMER RECORD WORKER CALLS ON HIS OLD FRIENDS

Brother of Founder of this Paper is Visitor Here at Celebration

Andrew J. Little, brother of Samuel Little, founder of the Northville Record, was one of the present and interesting callers at the Record office during the recent centennial celebration. Mr. Little, who is now vice president and general manager of the Better Health Laboratories, 5202 Third avenue, Detroit, renewed acquaintances with scores of old friends.

He spent considerable time in the Record office, as he was here that he first went to work. He started in as a printer's devil with his brother when the Record first appeared in July, 1869, and remained with him for a number of years.

"We used to set the type here and have them printed in the Free Press office. Then the papers were brought out here and put in the postoffice. I remember one time we were bringing the forms home on a load of lumber. We had gotten down near where the Yerkes mill is now located, and the lumber began to slip off the wagon. Well, the story is simply this: We spent the next two weeks picking the type out of the mud."

For a great many years, Mr. Little was in business in Battle Creek, where he was prominent in business circles. He removed to Detroit about 15 years ago, and is just as active as he was the days he worked around the Record office.

His brother, Samuel, who started the Record when he was 16, died a number of years ago.

Mr. Little stated that he & his brother started the Record when he was 16, being in one of the states in '69. He used to run the old opera house, and saw a need of advertising the show business as well as the business of the merchants. Through the fact that some of the other communities had papers, Northville was not getting its share of the business. Mr. Little thought, so with a few cans of type, he started what has always been a very good community news paper. Mr. Frank Baldwin of Northville is a niece of Mr. Little.

## AROUND THE CITY

Speak well of the devil. They can't hear you anyway!

The trees of civilization are suddenly struck by those who have come to Northville.

Some follow along, some stand by while others run to tell the tale of the day.

In this age of competition every man pheats his to be pretty sharp to a keeke's mark.

You never can tell. Many a man carries his head high because he has a holl on his neck.

Any man is apt to develop into a smooth proposition simply by rubbing up against the world.

Bobbins—"A girl has no respect for a fellow who tries to kiss her." Bobbins—"Especially if he fails in the attempt."

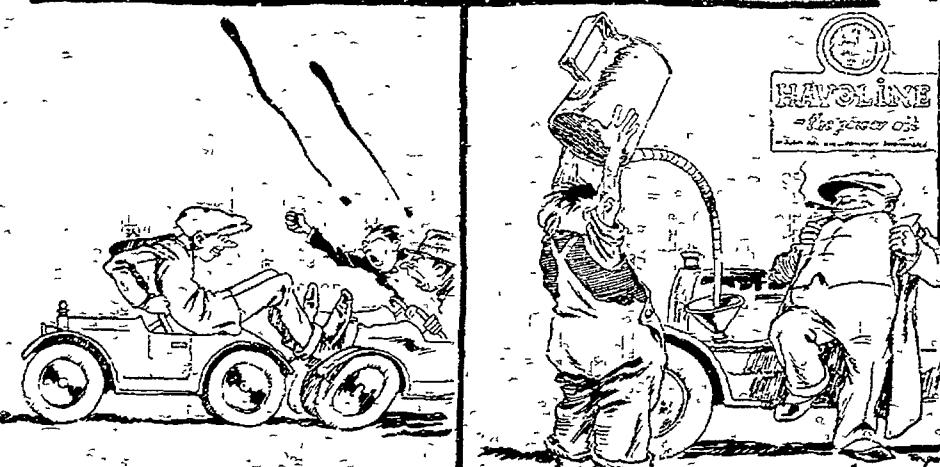

Sillicus—"She looks like a good girl, but I must say she is mighty homely." Cynicus—"My dear fellow, a girl who looks good is never good-looking."

## An Adding Machine You Need At a Price You Can Afford to Pay!

The Burroughs Portable Adding Machine has won world-wide popularity among business men chiefly because it is truly a machine for everybody.

Its low price is within the reach of every purse. Accuracy and convenience in handling figures are therefore no longer to be regarded as an exclusive privilege of the banker or big business. Any merchant, no matter how small, can afford a Burroughs Portable Adding Machine.

Its adaptability makes it specially suitable for any kind of figure work from the problems of a manufacturing establishment to those of a small retail store. Figures are of primary importance in any business, and they must be handled both with the utmost economy and unflinching accuracy.

The Burroughs Portable is light and compact. It can be carried easily from desk to desk, office to counter, business to home. It is equipped with the standard visible keyboard and has an adding capacity of 4,000,000.00. It can be operated with only one hand. Let us give you a free demonstration.

## ACT OF SERVICE WINS PRAISE TO DEPARTMENT HEAD

Edward Stinson Writes Letter of Commendation to Postal Chief

In operation on the part of Postmaster Frank S. Neal, officials of the Stinson Aircraft Corporation won for him a strong letter of commendation to the post master general in Washington. It happened on Sunday when he came to the rescue in an emergency at the Stinson plant.

With characteristic cheer and willingness to serve, he went to the trouble to search through about two dozen sacks of parcel post mail for a certain package badly needed to complete the Stinson Destroyer plane that Miss Ruth Elder is to fly from New York to Paris.

The package contained an important instrument that was absolutely necessary to finish the plane. The telegraph and long distance phone were kept busy all last week in their effort to get that instrument here on time. The Stinson corps shop was certain the package was here in Northville or at least due here.

Mr. Neal, when appealed to, gladly searched the postoffice, so, nevertheless, though the office was closed. Failing to locate it, he then offered to try to find it among the sacks which arrived at the Pere Marquette station Saturday midnight and which ordinarily would not be carried to the post office on a holiday.

On requesting the postoffice messenger, Elmer Perritt, to haul the sacks up to the postoffice, he also did his part and the package was found at last.

This little story of unusual spirit on the part of two of Northville citizens was told to the Record by one of the Stinson people who pointed out the appreciation that corporation felt. Following is a copy of a letter Edward Stinson, president of the corporation has forwarded to Washington:

The Postmaster General,  
Washington, D. C.  
Dear Sir:

May I call your attention to an incident that we consider an indication of an unusual devotion to the service that the Department is endeavoring to render to the public?

Our local postmaster Frank S. Neal informed me that we were awaiting the arrival of Northville's first in flight passengers to the completion of an airplane nearly finished otherwise which equipment was en route from Detroit to the U. S. by Parcel Post, and that in due course it was very likely just about due to arrive at the local postoffice, big Sunday September 10, when the postoffice would normally be closed, closed the postoffice to be opened and himself searched through the parcels post shipment on hand in an effort to locate the package in question.

Failing to find the shipment, Mr. Neal then caused about 15 sacks of recently arrived mail at the local Pere Marquette R. R. Depot to be mailed to the postoffice for further search. Normally these 15 sacks would not be referred to the post office until a later hour.

Fortunately, the package in question was then found and delivered to us in due form.

Our purpose in writing is purely to commend the courteous and interested spirit of co-operation and of usefulness on the part of Mr. Neal. You and the Department are to be congratulated on the possession of members of this stamp and we are willing this letter, which is written without Mr. Neal's knowledge, be read and used by you in any way your judgement may dictate.

Sincerely yours,

Edward A. Stinson, President

## WATER TANK HOLDS 150,000 GALLONS

Work was started a few days ago on the new elevated steel tank which the Wayne County Board of Auditors recently purchased from the Chicago Bridge & Iron Works for the County Training School.

The tank will have a capacity of 150,000 gallons of water and will set on a four panel steel tower 130 feet high. It is known as the ellipsoidal-bottom type of Horton Tank.

Structural steel workers of the Chicago Bridge & Iron Works have charge of the erection of this tank which will be located near the garage at the school.

Mr. Powell & Sons of Plymouth are in charge of the laboring and hauling of the material for the tank. Hoad Decker, Shoefield and Drury of Ann Arbor are the engineers in charge of the installation.

Alex Johnson has completed the construction of a very attractive tea room out on the Seven Mile road for Mrs. Ella Norman and Mrs. Emily Atchison. It was opened Labor Day for the first time. It is located right next to the Grand View garage and service station operated by Leonard

## DETROIT POST OFFICE CREATES A SPEED RECORD

Delivers Special Delivery Package Here in Only Three Days

For one hundred years Northville and Detroit have been going forward. Merchant's methods have improved, communication ways are far superior to what they were back in 1827 when they were, in fact, almost anything you can think of is better than it was back 100 years ago except the sleeping post office department in Detroit.

Of all the backwoods outposts, one agency of our big neighbor has failed to come out of the "nick" class, it is the Detroit post office.

Hennepin Central Annex where they do not even boast of a mail service, has the Detroit outfit beat by a million miles.

Quite a toy good American dollars were spent last week by the Record in buying some cans made at the parade that took place during the centennial celebration. These cans were put in the postoffice in Detroit a week ago Wednesday, August 31.

Special delivery stamps decorated the packages and even the nice postoffice in Detroit marked the package, special delivery.

Remember, they were mailed on Wednesday, August 31st.

Along in the forenoon on Friday, September 2nd, this package showed up in Northville.

Three days to come by special delivery, distance of about 24 miles.

That's some service.

Even the old ox teams that brought out the first settlers to Northville from Detroit beat that record. They thought two days under adverse conditions was quite a while to make the trip, but with steam-trains running out here several times a day, buses coming every hour, it now takes three solid long days to get a special delivery package out from Detroit.

Really there shouldn't be much kicking anyway about it. That's doing fairly well for the Detroit post office. There have been occasions in the past when it took even longer than that.

William Sanford of this place, and L. J. Hall of Plymouth have gone to Lansing as delegates to the grand lodge of Knights of Pythias in session at that city. Mr. Gafford is vice grand master-at-large of the local lodge and holds for seven hours active the principal affairs. Mr. Hall has also been a visitor to the Pythian Lodge night of long以往of time.

## Armsful of Good Eats

When you come here for groceries, you leave with a happy smile and your arms well filled with very good groceries. It does not cost you much money, either.

PLYMOUTH

A USED CAR IS ONLY AS DEPENDABLE AS THE DEALER WHO SELLS IT.

## They Are Fast, Powerful

We appreciate that speed is of major importance to many motorists. You will find the Paige eight a fast and capable car. Because of its four-speed transmission, you will enjoy a new sense of quiet and restfulness at high speeds.

An entirely new type of manifold, exclusive with Paige, gives exceptional speed, acceleration and power to Paige sixes.

The motors in all Paige cars are smooth, quiet and economical. They are completely water-jacketed, insuring efficient cooling. Filtered oil, under high pressure, lubricates them thoroughly. They have air cleaners, and bronze-backed interchangeable bearings. Timing is by silent chain.

We invite you to experience the power and speed of one of the improved Paige sixes or eights on the open road. Ten of the twenty Paige models are now available at lower prices.

## NEARLY 100 PRESENT AT THIS WEDDING RECEPTION

The wedding of Miss Ruth Schatz and Wilbert L. White of Detroit, took place Saturday at the country home of Henry C. Schatz of Beck road. The Rev. C. T. Schatz of Mt. Clemens, grandfather of the bride, officiated. The bride and groom were attended by Mr. and Mrs. George Dean of Detroit. The Schatz home was beautifully decorated with gladioli and green lilies and pink and white with orchid flowers.

The bride wore white satin and lace with tulle veil and carried pink rose buds with violets. Her attendant, Mrs. Dean, wore blue Crepe and carried pink rosebuds.

The wedding reception was at 6:30, with 90 guests in attendance. After a honeymoon in the east, Mr. and Mrs. Wilbert L. White will be at home to their friends at the Schatz residence on Beck road, after September 20th. Both young people have hosts of friends who wish them happiness.

**RESOLVED.** That the Commission of the Village of Northville determine and hereby determines to make the following public improvement in the Village of Northville, namely:

To pave with two and one-half (2½) inch sheet asphalt on a six (6) inch concrete base, or with an eight (8) inch concrete roadway, or other permanent types of pavements as the Commission may select together with the necessary grading, curbing and drainage, 30 feet wide, CHURCH STREET, within the Village from Main Street to Cadiz Street.

**AND WHEREAS,** The Commission has determined to defray the whole of the cost and expense thereof by special assessment.

**AND WHEREAS,** The Commissioner has caused an estimate to be made of the cost and expense thereof and also maps, plans and diagrams which show the boundaries and divisions of all lots and premises to be assessed for the cost and expense of the same, which estimated is the sum of \$12,200 and which maps, plans and diagrams are now on file in the office of the Village Clerk.

**NOW, THEREFORE, BE IT FURTHER RESOLVED,** That the whole of such cost and expense be paid by special assessment according to frontage of the lots and premises abutting along and upon said street to be improved in proportion to the front footage of each lot or parcel of land so abutting on said improvement.

**RESOLVED FURTHER,** That the Commission meet on the 23d day of September, A. D. 1927, at 8:00 o'clock P. M. Eastern Standard Time, in the Village Hall of the Village of Northville to consider any objection to the said improvement or special assessment and that notice of said meeting be given by publication one each week for two weeks, in the Northville Record, a newspaper of general circulation in the Village of Northville.

**RESOLVED,** That the Commission of the Village of Northville determine and hereby determines to make the following public improvement in the Village of Northville, namely:

To pave with two and one-half (2½) inch sheet asphalt on a six (6) inch concrete base, or with an eight (8) inch concrete roadway, or other permanent types of pavements as the Commission may select together with the necessary grading, curbing and drainage, 28 feet wide, PATON DRIVE, within the Village from Thruway Boulevard to Seven Mile Road.

**AND WHEREAS,** The Commission has determined to defray the whole of the cost and expense thereof by special assessment.

**AND WHEREAS,** The Commission has caused an estimate to be made of the cost and expense thereof and also maps, plans and diagrams which show the boundaries and divisions of all lots and premises to be assessed for the cost and expense of the same, which estimated is the sum of \$10,200 and which maps, plans and diagrams are now on file in the office of the Village Clerk.

**NOW, THEREFORE, BE IT FURTHER RESOLVED,** That the whole of such cost and expense be paid by special assessment according to frontage of the lots and premises abutting along and upon said street to be improved in proportion to the front footage of each lot or parcel of land so abutting on said improvement.

**RESOLVED,** That the Commission of the Village of Northville determine and hereby determines to make the following public improvement in the Village of Northville, namely:

To pave with two and one-half (2½) inch sheet asphalt on a six (6) inch concrete base, or with an eight (8) inch concrete roadway, or other permanent types of pavements as the Commission may select together with the necessary grading, curbing and drainage, 30 feet wide, CHURCH STREET, within the Village from Main Street to Cadiz Street.

**AND WHEREAS,** The Commission has determined to defray the whole of the cost and expense thereof by special assessment.

**AND WHEREAS,** The Commission has caused an estimate to be made of the cost and expense thereof and also maps, plans and diagrams which show the boundaries and divisions of all lots and premises to be assessed for the cost and expense of the same, which estimated is the sum of \$42,000, and which maps, plans and diagrams are now on file in the office of the Village Clerk.

**NOW, THEREFORE, BE IT FURTHER RESOLVED,** That the whole of such cost and expense be paid by special assessment according to frontage of the lots and premises abutting along and upon said street to be improved in proportion to the front footage of each lot or parcel of land so abutting on said improvement.

**RESOLVED FURTHER,** That the Commission meet on the 24th day of September, A. D. 1927, at 8:00 o'clock P. M. Eastern Standard Time, in the Village Hall of the Village of Northville to consider any objection to the said improvement or special assessment and that notice of said meeting be given by publication one each week for two weeks, in the Northville Record, a newspaper of general circulation in the Village of Northville.

**RESOLVED,** That the Commission of the Village of Northville determine and hereby determines to make the following public improvement in the Village of Northville, namely:

To pave with two and one-half (2½) inch sheet asphalt on a six (6) inch concrete base, or with an eight (8) inch concrete roadway, or other permanent types of pavements as the Commission may select together with the necessary grading, curbing and drainage, 30 feet wide, PATON DRIVE, within the Village from Thruway Boulevard to Seven Mile Road.

**AND WHEREAS,** The Commission has determined to defray the whole of the cost and expense thereof by special assessment.

**AND WHEREAS,** The Commission has caused an estimate to be made of the cost and expense thereof and also maps, plans and diagrams which show the boundaries and divisions of all lots and premises to be assessed for the cost and expense of the same, which estimated is the sum of \$42,000, and which maps, plans and diagrams are now on file in the office of the Village Clerk.

**NOW, THEREFORE, BE IT FURTHER RESOLVED,** That the whole of such cost and expense be paid by special assessment according to frontage of the lots and premises abutting along and upon said street to be improved in proportion to the front footage of each lot or parcel of land so abutting on said improvement.

**RESOLVED FURTHER,** That the Commission meet on the 24th day of September, A. D. 1927, at 8:00 o'clock P. M. Eastern Standard Time, in the Village Hall of the Village of Northville to consider any objection to the said improvement or special assessment and that notice of said meeting be given by publication one each week for two weeks, in the Northville Record, a newspaper of general circulation in the Village of Northville.

**RESOLVED,** That the Commission of the Village of Northville determine and hereby determines to make the following public improvement in the Village of Northville, namely:

To pave with two and one-half (2½) inch sheet asphalt on a six (6) inch concrete base, or with an eight (8) inch concrete roadway, or other permanent types of pavements as the Commission may select together with the necessary grading, curbing and drainage, 30 feet wide, CADY STREET, within the Village from Rogers street to Plymouth Avenue.

**AND WHEREAS,** The Commission has determined to defray the whole of the cost and expense thereof by special assessment.

**AND WHEREAS,** The Commission has caused an estimate to be made of the cost and expense thereof and also maps, plans and diagrams which show the boundaries and divisions of all lots and premises to be assessed for the cost and expense of the same, which estimated is the sum of \$42,000, and which maps, plans and diagrams are now on file in the office of the Village Clerk.

**NOW, THEREFORE, BE IT FURTHER RESOLVED,** That the whole of such cost and expense be paid by special assessment according to frontage of the lots and premises abutting along and upon said street to be improved in proportion to the front footage of each lot or parcel of land so abutting on said improvement.

## THE NORTHVILLE RECORD

ESTABLISHED 1869

Published every Friday morning and entered at the Northville, Michigan, post office as second-class matter.

ELTON R. EATON

Editor and Publisher

Circulated in one of the most prosperous sections of Southern Michigan.

Price, Per Year \$1.50  
Six Months \$1.25  
Three Months \$1.00  
Telephone 200.

NORTHVILLE, MICHIGAN, FRIDAY, SEPTEMBER 9, 1927

## FREE ADVERTISING

At least Northville something rude, a thousand dollars, to conduct that wonderful two-day centennial celebration. But, dear, thousand dollars bought over \$100,000 worth of free advertising for the town. In fact,

that sum of money wouldn't be sufficient to purchase the space that was given to this community by the newspapers of Michigan and other states.

Detroit publications were most liberal with their space. They used every line sent to them and they even sent out their own photographers to secure pictures, not only that but, pictures of various events staged during the celebration appeared in numerous newspapers outside Michigan.

For two weeks nearly every one in the country has read about Northville and it hasn't been in connection with any scandal or other unfavorable publication. It has been the kind of reading that will do the town some good. The celebration, as a good will builder, and as an advertising proposition if you want to put it in that light, was worth a vast fortune to the community.

## THE SCHOOL YEAR

The public schools finished work Tuesday morning with a record enrollment. The largest number of students ever entered have taken up work for the ensuing year. The classes of the coming school year are yet to be entirely in the hands of the school authorities and instructors.

Parents cooperation is absolutely essential and the parents of Northville work with the schedule as they always have in the past and they will without question this year take a personal interest in what their children do this spring.

Nothing which there is doing either putting one way and another can put directly a positive opportunity to those in which may not agree on many things that doesn't come so much after giving his opinion that the one

try to have a successful school is important we are for the new year and now much additional interest will be shown in what matters.

## OUR APPRECIATION

We desire to express our appreciation to the many individuals who so kindly assisted in compiling the data relative to early Northville or the recent historical edition. There was a large amount of excellent material provided by different writers and as time goes along it will become more valuable than it appears at present.

It is the first time data relative to the early days of Northville has ever been printed in a single edition. At the time of its publication one article dealing with the early history of the Presbyterian church in Northville appeared without the name of its author. Dr. George, however, failed to reveal the writer until after the paper had been printed. Then it was learned that it was written a number of years ago by Rev. W. S. Jerome. It was a very interesting story of the early days of the church, like all the other articles that appeared.

## PHILOSOPHICAL

To be angry is to avenge the faults of others on ourselves.—Pope.

To be proud of learning is the greatest ignorance.—Jeremy Taylor.

Virtue itself offends when coupled with forbidding manners.—Middleton.

Exaggeration is a blood relation to falsehood and nearly as blemishes.—H. Ballou.

Temperance is the lawful gratification of natural and healthy appetite.—Gough.

Delay not till tomorrow to be wise; tomorrow's sun to thee may never rise.—Congreve.

Temptations are a file which rubs off much of the rust of our self-confidence.—Fenelon.

## IN MEMORIAM

In memory of our dear little girl, Jeanine M. Montgomery, who was killed 11 years ago today, September 9, 1916.

Another little lamb has gone to heaven with him who gave her—her little lamb.

God needed one more angel child among His shining band.

M. J. B. COOK AND MFG. CO.

Mrs. Fred Foss entertained her nephew and family from Lansing, last Sunday.

Mrs. Fred Hicks and Mrs. Hugh Schaupeier were Pontiac visitors, Wednesday.

Mrs. Charles Kreger and Mrs. Fred Kreger spent the week-end with Mrs. Ben-Farr in Detroit.

Mr. and Mrs. Fred Chick of Hubbardston, are the guests of Mr. and Mrs. Edward Sessions.

Howard E. Church of Philadelphia, was the guest of Mr. and Mrs. Dean Griswold last week-end.

Dr. and Mrs. Paul Alexander have returned from a vacation trip to the northern part of the state.

A regular meeting of the W. R. C. will be held Wednesday, September 15th, at 7:30 p.m. in their hall.

Mr. and Mrs. Thurlo Masters, Heles Humpson and Al. Zimmer saw the motorcycle races at Milford, Monroe, afternoon.

Louis Lanning, who has been sick for the past two weeks, was taken to the University hospital at Ann Arbor, Wednesday.

Mr. and Mrs. R. C. Yerkes, have returned to their home in Albuquerque, New Mexico, after spending a number of weeks here, visiting with relatives and friends.

Mr. and Mrs. G. S. Barry and daughter, Betty, Mr. and Mrs. B. E. Miller and Mrs. Ida Joslin moved to East Tawas, Sunday, to spend Labor day, returning home Tuesday evening.

George J. Schall and Miss Edeline James of Detroit, have been guests of the Neal family this week. Some years ago Mr. Schall and Mr. Neal were together in the Federal statistical work in Michigan.

Mrs. Grace Wiggs invited Madames Cook, Griswold, Wood and Wagner to accompany her to Ypsilanti Friday evening to visit the W. R. C. There also a meeting at the Post, at which time the above ladies were made honorary members of Carpenter Post, No. 190.

A large number from Northville were guests Monday evening of Capt. Dennis of the Detroit House of Correction at a lawn party given over at the farm. The Detroit police had provided music for the event. Dining took place on the highway having tables set up around the place for the evening. Refreshments were served and a most delightful time enjoyed. The Captain has just returned from a trip to California where he spent a much-needed vacation and he was glad to see his young Northville friends.

Elmer Vandyke has opened his Northville store and will open a hardware store in Nov. He has secured a lease on the Hopkins building—the first building just north of the old hotel property on the Waller Avenue road, and expects to be open for business Saturday, Sept. 17th. Nov. is growing rapidly and sometime the residents there will fill the need creating additional business houses. It is Mr. Vandyke's intention of keeping his residence in Northville. He has a good location and without question will do well there.

### PUNGENT PARAGRAPHS

Gravitation: A force that pulls everything down but taxes.

Dime: The amount of money necessary to buy a nickel cigar.

Acrobats: One who risks his own life as distinguished from a surgeon, who doesn't.

Dead town: A place where you can park your car anywhere as long as you please.

Piano: An instrument largely employed to help young ladies reveal their ignorance of music.

Nothing: What a lot of people succeed in doing without calling upon their intelligence for help.

Hez Heck says: "Spunk averages twice as many gallons to the mile as bliss"—Bert Moses to the Detroit News.

A cheap tube can cost you 10 times its price . . .

THIRTY-NINE YEARS of tube-building experience has proved to Dunlop that "cheap tubes" do not pay.

That is why Dunlop tubes are made *casing shaped*. It costs a little more than to build them on a straight pole, as cheap tubes are built.

But a *casing-shaped* Dunlop tube is strong everywhere. The outside edge is not weakened by excess stretch. The side next to the rim has no wrinkles to crack with age and blow out. A Dunlop tube protects your casing, because it fits. And your casing is worth ten times the cost of the tube.

We strongly recommend a Dunlop tube for every casing.

### White's Service Station

North Center Street

## MICHIGAN BELL TELEPHONE CO.

### Have You Relatives Living Out of Town?

Or are there friends to whom you would like to talk? More and more, are people turning to the social use of Long Distance telephone service.

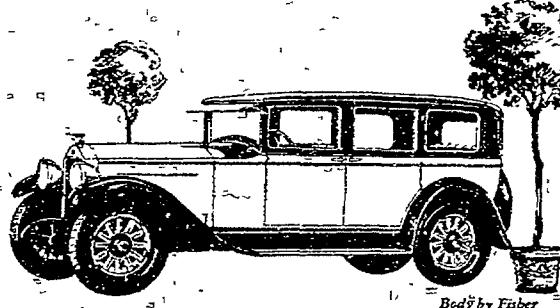

We suggest that you use the lower cost Station-to-Station call whenever it will serve your purpose. A Station-to-Station call is the kind of call to make when you are reasonably certain that the person with whom you wish to talk will answer the telephone or can be called to it quickly.

In placing such a call, give the Long Distance Operator the number you are calling. If you do not know the number, however, say to her, for instance, "I want Mr. John Smith's residence at 350 Sayre Street, Lansing, Michigan." Be sure that you do not specify to the operator that the call is to a particular person. A call placed for a particular person is known as a Person-to-Person call and costs more than a Station-to-Station call.

There are reduced Evening rates on Station-to-Station calls, from 7:00 p.m. to 8:30 p.m., with further reduction during the Night rate period, from 8:30 p.m. to 4:30 a.m.

## BUICK for 1928

**When Buick improves upon Buick—the standard for the year is set.**

Buick for 1928 introduces a higher standard of beauty and luxury than the world has ever known. Buick interiors are as modish as exquisite drawing-rooms—as harmoniously colored—and as comfortable. Buick's new Fisher bodies are low-slung without any loss of head-room or road-clearance.

And so, down to the smallest detail of construction, wherever refinements could be made, Buick has made them. Again Buick has improved upon Buick. Again the standard for the year is set.

**BUICK MOTOR COMPANY, FLINT, MICHIGAN**

### LOCAL MAN GREW FIRST "GOVERNOR PINGREE" POTATO

William E. Matheson Still Raises Spuds He Originated

Growing in his garden spot at 240 Horton avenue, William E. Matheson is this summer raising a potato he propagated back in 1897 when Hazen S. Pingree was governor of Michigan. And the potato bears the name, "Governor Pingree."

At that time Matheson was a resident of the Canadian north east where he had spent many years of his life. Previous to going to that part of the country he lived in Detroit, where he was a friend and great admirer of the shoe manufacturer who planted city lots to potatoes for the poor folks, while he was mayor of that city.

When his first crop had been produced and indications were that the potato was going to be a success, Matheson wrote to Hazen Pingree, who was then governor, informing him that he had named the potato in his honor. The local gardener still drives highly after he received from the Governor the following:

"I would regard it as an honor, indeed, if you should see fit to name your potato 'Governor Pingree.' I am glad that you appreciate the work we did for the workingmen. If ever I had an onion in my life without thought of political consequences, it was the establishment of these city farms, where the poor people were given an opportunity to till the soil and produce some of the necessities of life. This compliment from you is particularly gratifying to me, inasmuch as it comes from our great neighbor to the north."

The potato has been raised every year since it was propagated by Mr.

Matheson. For a time during the few years after it was originated, it proved a very popular potato, but the originator has never pushed the sale of his seed potatoes and as a result it is not generally grown.

The potato is a cross between the American Wonder and the Early Rose, and was first raised in Portage La Prairie, Manitoba. It was tested out at the Michigan State college at the time it was originated, and was given a high rating. It is oval in shape, has shallow eyes and a rather light flesh color. Mr. Matheson states that it has always been a popular potato during all the years he has been raising it.

### COUNCIL HEARS PAVING TALKS

(August 31st Meeting)  
At Tuesday's regular meeting of the village commission called for the purpose of discussing the paving question, members of the commission heard the opinion thoroughly discussed by property holders who were present. Some were favorable to the

Making Use of Old Magazines

A之间, their blankets because there is no better insulation against bitter cold and wind than paper. We can apply the same principle in our houses by using old magazines under a thin pad of matress which alone is not sufficient to keep out the cold.

Thin magazines tied around the milk or cream bottle on winter days will prevent it freezing if it's left on the windowsill or door step.

Large magazines with double pages may be made useful against moth de-

structed by wrapping small articles in the sheets after they have been painted with a warm solution of Paraffin wax.....5 ounces Naphthaline .....4 ounces

Newspapers are excellent protection against moths if painted with this solution.

In our modern houses and apartments we have forgotten the great insulating and warming properties of carpets. Heavy magazine paper is even more effective against cold than newspaper.

paving, others were opposed to it. Just how much of the proposed paving program the council has decided to carry out has not been stated, but it is known that Main street will be paved from curb to curb and that bids will be taken on the remainder of the work.

It lies within the power of the council to reject any and all bids received for the proposed work so that fact that bids are being advertised does not mean that all of the program may be carried out. There has been some agitation over the addition of one or two other streets to the tail of the paving program, one being Edg. St. and the other Eaton Drive, but it is doubtful if these will be added.

Members of the council believe that the community will be greatly bene-

fited by carrying out a paving program.

### EXCHANGE CLUB GIVEN SURPRISE AT ITS MEETING

Postmaster Frank Neal Puts One Over on the "Protesters"

(August 31st Meeting)  
Postmaster Frank Neal provided members of the Exchange club with a surprise tonight that every member appreciated. The song leader of the club started the meeting off with the usual song fest, and after an effort or two caused the members for the listless way they were singing. Of course it was arranged, at all, "ahem," but Nelson Schrader protested seriously to Acting President Scott Lovewell, because of the remarks of the stunt leader. "We're doing the best we can and even that doesn't seem to suit him. If he doesn't like the way we sing, why doesn't he get someone here who can," stated Mr. Schrader.

"Alright, I will," declared Mr. Neal. He opened the door and in walked the members of the Rappford quartette, one of the most popular singing organizations in the country. For hours the singers delighted members of the club with their songs. They leave this week for San Francisco, where they will sing at the national convention of the Exchange clubs.

Mrs. John Blanchard and daughter, Margaret of Cleveland, are guests at the home of Mr. and Mrs. William Yerken.

Far be it from us to want to interrupt your enjoyment of these glorious days. So we beg pardon, BUT—

**HE STRENUOUSLY OBJECTS TO NAME IN "OBIT" COLUMN****Former Mayor Robinson Still Belongs to Local Masonic Lodge**

You've read many stories, haven't you, of people who went away and everybody thought they were dead, then only to be surprised by finding that they had suddenly returned to life—and really as a matter of fact you never had any reason to think they were dead, except they happened to be away a long time.

Well, that very thing has happened in Northville. One of the local historians—who greatly assisted the Record in compiling data for the recent centennial—had exactly the same notion.

A little star in front of his name placed E. J. Robinson, former mayor of Northville in the deceased list.

Of course, it was in 1887 when he was serving as mayor of the village and a few years later he moved away.

He is the former mayor of Northville now living very much

among the living, very much so.

His many old friends will be interested in the following letter from him:

Dear Sir:—The writer attended the centennial celebration at Northville, last week, and enjoyed it very much indeed in meeting a large number of old friends and acquaintances.

I take great interest in the prosperity of the village and the excellent lot of people living therein, and I hope to be able to spend my last days there in fact. I have remained for over four years in Plymouth affiliated with all of the Northville bodies.

It was suggested to me to write your centennial issue that as one of the mayors of the town (in 1887) I had passed away, but I feel that I am still alive and worthy of taking my rating regularly as a Mayor of Northville, and continue about this.

Yours very truly,

E. J. Robinson

LARGER PARK IS URGED BY ROTARY CHIEF—TALK ROADS

Monday's Meeting is Given Over to Discussion of Public Questions

President Don Veltz told members of the club that the site of a park should be purchased at the south end of Grand River, west of the present city park and adjoining the street running by the school property, be purchased and added to Northville's beautiful Central park.

"We have all realized what an attractive place our present park is and of how much value it is to the village. While some of the taxpayers may think that it isn't necessary, still I believe for the public good the property should be purchased either by the village or school board as soon as possible," he stated.

E. H. Lapham, expressed a similar sentiment and it is possible that in the immediate future steps will be taken towards carrying out the plan proposed.

Frank Harmon, always a booster for good roads, stated that to his mind the most important thing that the Rotary club could accomplish right now would be the improvement of the road situation in this vicinity. He declared there were nothing so important to the welfare of any community as good roads. He especially mentioned the paving of Center street from Grand River direct through to Plymouth, the paving of the North road to Walled Lake and the improvement of the Base Line road.

"Good roads always bring trade to town. People living anywhere around Northville rather come here to trade than go elsewhere. All we have got to do is give them good roads," he said.

Many others agreed with him. Attorney Cochran stated that steps had already been taken for the betterment of the Center street road and that he hoped the entire road program for this section would be carried out.

Wellington Rorer spoke briefly about the paving program, stating that it was the intention of the council to do what it could for the betterment of the community. He stated that Main street would probably be paved first from curb to curb and that there was a possibility of Randolph street being paved from Center street to the village limits this year instead of next. This street would begin in addition to others that have already been mentioned for work this year.

**NORTHVILLE Twenty-Five Years Ago**

Items taken from The Record of 1922, for the week corresponding to this week.

George Schulling spent Sunday with his mother at Salem. D. P. Ferkes and family of Milford, spent Sunday in town.

Mrs. Maria Gardner visited South Lyon relatives last week.

Miss Lupe Peck of Detroit has been a Northville visitor part of this week. Miss Lorena Gilmore, class of '01, enters the Normal college this year.

George Case visited his parents in Saginaw, last Saturday, and Sunday.

Herbert Clarkson of Chicago, is visiting his brother, C. E. Clarkson and family.

Mrs. Rae and Mrs. Carrothers of Plymouth, visited friends in town last Saturday.

Mr. and Mrs. L. W. Wager of Detroit were guests Sunday of Mr. and Mrs. Leo Johnson.

Mrs. A. C. Harmon and Mrs. C. N. Joshua were guests of Mrs. Katherine Miller in North Tuesday.

Frank and Mrs. Charles Burgess returned last week from a delightful trip through the New England states.

Cloud McAllister Wednesday, for Waterloo, Ontario, where he has secured work in the cotton factory.

Mr. Neal has been invited to meet President Roosevelt at the home of General R. A. Alger in Detroit, next Sunday noon.

Harry B. Clark has returned from his trip to New England. Harry had a fine time and feels highly recharged for his trip.

Sadie Hughes, Susie Danison, Zenade Merritt and Will Sletton, all students in high school last year, are teaching this fall in nearby districts.

Among those who are entering college this fall are Jay VanSickle who will go to the Cleary Business college and Roy Terrell, who will enter the Michigan Law college.

The dedication of the new German Lutheran church at Farmington which had been planned to take place September 28th, has been indefinitely postponed, on account of other events demanding the attention of the pastor and people.

We and Mrs. F. L. Larmore have built a large garage, 24x40, in Holton where they have had spread out the camping. At present a garage is open with the government department, and a garage at the front door. When it is very high, the garage part of the house will be partially open to the rear.

Amusements—Mile Long Coaster; Aeroplane Ride; Picnicing—Your Summer Playground.

WIXOM FARMERS  
CLUB WILL MEET  
NEXT WEDNESDAYMrs. A. E. Fuller to Entertain  
Members—Good Program

A most interesting program has been arranged for the next meeting of the Wixom Farmers' Club, which will take place at the home of Mrs. A. E. Fuller, two miles south of Wixom, on Wednesday, September 14th. The meeting will be opened by singing, followed by devotional exercises.

Reports of committees, a reading by Mrs. E. Rott, dues by Mr. and Mrs. Frank Rice, another reading by Mrs. Shinn, a solo by F. Pease, and a reading by Mrs. B. Holden makes up most of the program.

The question, "Are we getting value received for the money expended for education?" will be discussed. The question box will be in charge of Mrs. Rice, and Mrs. B. Holden will lead the discussion of the debatable subject of the day.

Singing by the entire club will bring the program to a close.

## Novi News

By Mrs. R. G. Thompson  
Phone 34-52

Mrs. Jeanne Rice of Detroit, visited relatives here Sunday.

Aldra King of Detroit has returned here to attend school this year.

Mrs. J. M. May is visiting at the home of his daughter, Mrs. Alice Go.

Mrs. Frank Rice entertained the Mission Band Thursday afternoon.

Mr. and Mrs. Phil Taylor attended their family reunion at Cho, Monday.

Miss Ethelene of Cho, a former resident of Novi, visited friends here last week.

Mrs. H. H. Hedges, Mich., is visiting at the home of her daughter, Mrs. Alfred Bonnett.

M. D. McTressor and daughter, Hazel, visited relatives in Oxford and West, Sunday last Monday.

Mrs. F. B. Clark and children, John and Doris, returned to the home Sunday after a week's stay in Frankenmuth.

Mrs. Blanche Triplett, who underwent operation for removal of tonsils, suffered a relapse but is slowly recovering.

Mr. Charles Palmer has been compelled to discontinue his work at the Woods of the Woods in Northville, because of ill health.

Mr. and Mrs. J. H. T. Lee are returning from a vacation in the Adirondacks.

Harry Marrow and family have moved from the Elmhurst residence on Grand River to the Franklin Park house recently vacated by the Hansen family.

Mr. and Mrs. Chester Woodworth of Pontiac, Mr. and Mrs. Ray Woodworth of Detroit, and Mrs. Lizzie Oehse of Lansing, visited Labor Day at the home of their aunt, Mrs. Mabel Smith.

A meeting of the Novi school district was held Tuesday evening to

determine the advisability of sending the eighth grade pupils to the Northville school, in this providing more room for the lower grades.

Those from Novi attending the schools in the nearby towns are Donald Munro (senior), John Leavenworth, Rosena Root and Dorothy Vogt (juniors), Esther Fischer, Marjorie Atkinson, Ophelia Bennett, Mabel Boone, Ruth Hammond, Marian Shinn and Joy Thompson (freshmen), at Northville; George Morris and Jay Holmes (sophomores) at Farmington City; Leavenworth (senior), Kenneth Bassett (freshman) at Waller Lake and Russell Banks at Pontiac.

Mr. and Mrs. E. H. Leavenworth and daughter, Doris, made a trip to Detroit Friday. They were accompanied by Mr. and Mrs. Delos Leavenworth, Mr. Leavenworth going for medical attention. He is slowly convalescing from a serious illness.

Rev. Roy Preston and family of Durand, Mrs. Woodward and daughter, Vera, of Detroit. Mr. and Mrs. Will Gardner and grandson, Richard, of Detroit; Mr. and Mrs. Arthur Shaffer, of Novi, and Mrs. A. A. Griffin of Medina and son, Alfred and daughter, Edora were visitors at the Capistrano parsonage the past week.

The district meeting of the Home Economics Club was held Wednesday, 21st, at Walled Lake. A cook luncheon was served to about thirty interested ladies. The county offices were present and conducted the business meeting.

Eight ladies from Novi were present, and it was decided the training center for the coming year would be in Novi. The Novi ladies met for their first meeting of the year in the room held on Wednesday afternoon, September 14th.

New leaders will be elected, and every member and lady who is interested is urged to be present at this meeting.

The Greater Novi Improvement Association held their regular monthly meeting Thursday evening, September 1st, in the town hall. Sherman was the featured speaker. The orchestra and Dr. H. C. Thomas of West Point Park gave a helpful talk on the school question. A committee was selected to meet representatives of the Electrical Supply Company of Detroit this week, in regard to locating a factory for that company here. The following officers were elected for the coming year: President, V. T. Atchison; Vice President, Captain Von Dusen; Secretary and Treasurer, Frank Clark.

Mrs. H. H. Hedges, Mich., is visiting at the home of her daughter, Mrs. Alfred Bonnett.

M. D. McTressor and daughter, Hazel, visited relatives in Oxford and West, Sunday last Monday.

Mrs. F. B. Clark and children, John and Doris, returned to the home Sunday after a week's stay in Frankenmuth.

Mrs. Blanche Triplett, who underwent operation for removal of tonsils, suffered a relapse but is slowly recovering.

Mr. and Mrs. J. H. Lee are returning from a vacation in the Adirondacks.

Harry Marrow and family have moved from the Elmhurst residence on Grand River to the Franklin Park house recently vacated by the Hansen family.

Mr. and Mrs. Chester Woodworth of Pontiac, Mr. and Mrs. Ray Woodworth of Detroit, and Mrs. Lizzie Oehse of Lansing, visited Labor Day at the home of their aunt, Mrs. Mabel Smith.

A meeting of the Novi school district was held Tuesday evening to

Projects to Paving  
Program

Additional paving projects have been ordered by the council, two more direct petition of the people living along the streets that will be paved. The streets that the council proposes to add to the list to be paved this fall are Thayer avenue, Eaton drive, Cedar street and Church street. Residents along Eaton drive and Thayer street have petitioned the council to pave the streets this fall as soon as the work is started.

Hearings have been set for September 24th and it is probable that bids will be taken after that time.

### TWO FORMER LOCAL BOYS WIN PLACE IN 1926 "WHO'S WHO"

**Richmond P. Benton and  
B. J. Bradner Make  
Good in Los Angeles**

Two former Waterford boys, Richmond P. Benton and B. J. Bradner, this year made the "Who's Who" in Los Angeles, California, where they now reside according to information just received by Milo Johnson, a close friend of the successful Golden State adopted son.

Mr. Johnson acted as chairman of the invitation committee for the recent centennial celebration and among those to whom he sent invitations were these two former residents. A portion of a letter he has received from Mr. Benton follows:

"I know that you had one great celebration, and regret very much that I was not able to be present but hope sometime in the future either when you have a fair or some other celebration that I will be able to attend. I certainly would have rejoiced this very much for I know we would have met a lot of old timers there. I am enclosing herewith a copy of two paragraphs in "Who's Who" in Los Angeles, one of Bert Bradner and the other of myself. It is quite a coincidence that two boys who started their education in the Waterford public school should appear in "Who's Who" this year in Los Angeles. Bert is you probably are already one of the pillars of society here in the city and of course I am too."

"For the last ten years I have been doing the world's work in insurance. In the last five years I have been in charge of 300,000 life insurance policies which has I think improved my health greatly. My insurance policy is now more valuable for one of the reasons I take to it. This insurance is the best buy in the country and which helps provide food, clothes and houses for our millions of people anywhere in the United States, and is also a great way of producing income."

The following is the "Who's Who" write-up of B. J. Bradner:

Corporation Attorney and General Practice of Law, 311-12 Wright-Caledon building, born in Plymouth, Michigan, February 9, 1874, after elementary schooling he entered the banking business and became Assistant Cashier of the Northville (Michigan) State Savings Bank. In 1894 he matriculated at the University of Michigan and graduated from the law and law departments. He was a credit man for Swift & Co. of Chicago, Illinois, up to 1904, when he came to Los Angeles to enter practice which he now confines mainly to law as regards petroleum and similar corporation work. Member of University, Wilshire Country, Deauville Beach, Los Angeles Athletic Clubs; also the Municipal League, Zeta Psi Fraternity and the County, State and National Bar Association. Residence: 237 North Arden Boulevard.

This is what "Who's Who" says about Richmond P. Benton:

"Appraiser. 30 Union League Building, born in Plymouth, Michigan May 4, 1871, son of G. P. and Maggie (Noe) Benton; married to Henrietta C. Hillmer, March 2, 1898; father of Robert R. Virginia, age 16 and George F. Benton when he was twenty-six years old he moved to Seattle, Washington and two years later to Los Angeles, engaging in the oil business, ice business and real estate business and was appraiser for the State Banking Department four years. He served as a member of the California State Legislature two terms, 1915-16 and 1921-22, during the war period he served as a member of the local Exemption Board No. 16 and was recognized as one of the leaders in all war work. Mr. Benton is very active in the Republican party and is a member of the Republican County Central Committee; he is also a member of the California Development Association, California Taxpayers' Association, Los Angeles Chamber of Commerce, Los Angeles B. P. O. E., No. 99, and the Automobile Club of Southern California. His residence

## Your Boy and Girl

Have just begun school! A year of hard work ahead of him. Do your part and see that he has a drink of Pure Milk for each meal. It may mean good work or poor work for him this year.

Remember we sell two grades of milk. For those who do not want our rich Jersey Milk, we offer a Good Grade of Milk at 12c.
