

THE NORTHLVILLE RECORD

VOL. LVI, No. 11

NORTHLVILLE, MICH., FRIDAY, SEPTEMBER 30, 1921

\$1.50 PER YEAR, IN ADVANCE

SOLVITE COMPANY WINS IMPORTANT PATENT VICTORY

Conrad Langfield Notified by Government of its Decision

Conrad E. Langfield, owner of the Solvite company, has just been advised by the chief examiner of interferences of the United States patent office in Washington, that his company has just won a complete victory over the use of the name "Solvite," and that a legal battle extending over a period of nearly two years has been terminated with the decision.

The proceedings have involved an endless amount of detailed work with numerous hearings before federal officials in several places throughout the country and in Washington. Appearing for the local company was one of the best known firm of patent attorneys in the country, Rogers, Reed, Woodsen & Brown of Chicago.

The action was brought by the Northville company against the Buckeye Soap products company, after an effort had been made by that company to use the name "Solvite." The trade clause of a federal statute prohibits the use of a similar name by anyone by the Northville company that this regulation had been violated.

"Solvite," a cleaner manufactured in Northville, after it was placed on the market, became one of the most popular sellers in the country. The demand rapidly expanded all over the state.

Then it developed that another product under a similar name was on the market, and the local company found out that considerable confusion existed pertaining to the manufacture of the cleaner. An investigation was immediately started and proceedings were shortly filed with the government at Washington.

There has been an endless amount of detail in connection with the proceedings. Conrad Langfield has appeared in numerous places to give testimony, with the result that a complete victory has been won by the Northville manufacturer.

The decision is of untold value to the company, as it gives to Mr. Langfield exclusive use of the name of "Solvite." While it is understood that thousands of dollars have been spent in advertising this product throughout the country, it can readily be understood how important each decision is to the Solvite company.

DOCTORS HOPE TO AID INJURED MAN BY HOSPITAL CARE

Paul Gaffield Hurt Last Spring, Taken to Detroit Family Here

Wonderful Northville fair, everybody is having a good time but Over at the corner of Rogers and Dubuque, a mother and four little children are wondering how "Daddy" is going to get along—wondering if he will ever be able to walk again—and they are wondering too what the future holds for them.

They have taken Paul Gaffield down to a hospital in Detroit where doctors are going to make a determined effort to restore him to health again. Last spring, while working on a new theater building in Redford, a scaffolding broke and he fell, injuring his back. He had always been a carpenter and was a good workman. At the time of his injury it was thought he would be back again to work soon. But weeks have rolled along, spring turned to summer and now summer is over and fall winds are blowing. And the father of these four little children is not able to work. In fact, he isn't much better than he was three months ago.

Doctors have every hope of benefiting him. It is going to be a long fight, maybe nearly a year before he will be able to go back to work.

But there is a little more tragedy along with it. The 14-year-old daughter is crippled.

The mother, like all mothers, looks to the future with every hope and confidence.

STEAL MAN'S AUTO WHILE HE STANDS BY WATCHING THEM

While Gage Alexander stood in front of the Northville Hotel and Cafe. Sunday night about 2:00 o'clock in the morning, he saw two young fellows jump into his car that was parked on Wing street just off Main, start it and run out of town in the machine.

There was no one about, and by the time aid could be called, the car was out of sight.

It was a Ford coupe and had been left standing there while he went over to the hotel to get a lunch.

Chief Safford was called and got in touch immediately with Detroit officers, but no tract could be secured to the car. A good description could not be secured of the two because of the distance from the place from where they were observed taking the machine. It is the first auto that has been stolen in Northville in over a year.

Affairs in Picture Form Down at the Fair Grounds

THE KIND OF LETTERS THE EDITOR LIKES TO GET FROM READERS OF THE RECORD

Phoenix, Ariz.—You will find enclosed subscription for another year. The paper has greatly improved and we are always anxious to receive it each week.

MRS. C. MUNDY.

HERE IS CHANCE TO WIN PRIZE OF GOLD OR SILVER

Just Name New House Being Built up in Hillcrest Manor

Here's some real news for you!

The fair brings lots of good news to Northville folks.

But who suspected that \$600 would be given away?

Here is the story in brief:

Name the model house that is now being built at Hillcrest Manor, and win one of these prizes:

1st prize—\$50 in gold

2nd prize—\$25 in silver

3rd Prize—\$50 to apply on Hillcrest homesite

4th prize—\$50 to apply on Hillcrest homesite

5th prize—\$50 to apply on Hillcrest homesite

6th prize—\$50 to apply on Hillcrest homesite

7th prize—\$50 to apply on Hillcrest homesite

8th prize—\$50 to apply on Hillcrest homesite

9th prize—\$50 to apply on Hillcrest homesite

10th prize—\$50 to apply on Hillcrest homesite

11th prize—\$50 to apply on Hillcrest homesite

12th prize—\$50 to apply on Hillcrest homesite

13th prize—\$50 in cash

14th prize—\$50 in cash

15th prize—\$50 in cash

16th prize—\$50 in cash

17th prize—\$50 in cash

All you have got to do is to see the picture of this home at the Rex Dye, Hillcrest Manor booth at the fair, then see the home actually under construction on lot 45 up on Hillcrest Avenue. Then think it's going many for the home to be used in advertising it.

Submit your suggestions at the booth at the fair. Be at Hillcrest Sunday, at 4:00 p.m., when awards will be made.

Write your suggestion for a home right here.

Your Name _____

Address _____

Bring this to the Hillcrest Manor booth before 9:00 p.m. Saturday night, says Rex Dye, and then be at Hillcrest, where the new house is being built, Sunday afternoon at 4:00 o'clock.

See what a good name you can give it, and win a prize of gold.

MONDAY'S ROTARY MEETING ONE OF MUCH INTEREST

Rotarians Discuss What the Club Should Do—Talk Education

Monday's meeting of the Rotary club, members of the organization, was one of the most interesting held in some time. It was Rotary education day, the program being in charge of Charles Thornton. When President Don Verkes turned the meeting over to him, the Chairman of the day stated what he believed Rotary education should consist of. He briefly outlined his views and then called upon a number of members to give expression of their ideas.

Robert Brooks related his impressions of various meetings he had attended around the state. He stated that much had been learned from his attendance at these sessions, and that there were ways that the Northville club could profit by following some of the practices of other organizations.

Edward Millis believed that Rotary should be doing something all the time, that the club should be active and take a part in all community affairs. Dr. Burkhardt expressed a similar view and Dr. Sibley recommended greater activity on the part of Rotary and the conduct of a rotary education school.

Wellington Roberts reported on the case of a crippled child that the club is caring for and it was voted to continue medical aid as there is much benefit being derived from it. There was a number of visitors present at the session.

The many friends of Lester Stage will be glad to know that he has returned to business in the future. Mr. Stage shortly following the fire in the General Garage last winter, retired from business, and during the summer months has not been actively engaged in business. He plans to re-enter the stock and service business.

MOTHER AND SEVERAL SMALL CHILDREN MOURN DEATH OF YOUNG NORTHLVILLE FATHER

After suffering for months from Bright's disease, Herbert Dusak, of North Center street, passed away at the University Hospital, Ann Arbor, September 21st. He was born in Owosso, Michigan, November 22, 1888, passing at the early age of 39 years. He was married to Violet Carney, October 6, 1911. Nine children were born to them, two dying in infancy. He leaves to mourn their loss, besides his widow, seven of the children.

The funeral services were held at the First Presbyterian Church, and the services were conducted by Rev. Dr. Boyd's plans announced.

Marvin Sloan and John Tinham wonder if this is the rare horse Milo Johnson has been foaling about for the past thirty years. The horse in question happened to be one of Harry Clark's pet entries. Charlie Newkirk has been conditioning the steed.

It didn't pay for the judges to decide that this prize winner in the Greenman herd brought down by Harold Clark wasn't in the running. Bessie decided that she had been discriminated against and chased George R. Ogle off the field.

Ray Richardson and Floyd Northrop fed this old cow grain, then found out when they took it down to the fair grounds this week. They had an idea the judges might be fooled. But even two high up fair officials couldn't put anything over.

Ernie Miller, a few years hence, wondering how it is that Ray Richardson hasn't rented this pen some forty miles away from the fair grounds. It seems that Ray has a habit of renting any old corner he can find to concession fellows, even though the ground may not be within fair grounds.

(Note—His premature aging is due to worry over the weather.)

Orrville M. Lewis took his cow down to have the judges look her over. She was rather bashful, but posed nicely when Ed. Mills, Barker Wilber and William Richards passed along the reception line.

NORTHLVILLE'S BEST FAIR IS UNDER WAY—LARGEST NUMBER ENTRIES SINCE FAIR STARTED

THE CROWDS COME WHILE WEATHER IS THREATENING

Officials Believe All Other Records Will Be Exceeded

Northville's greatest fair is underway with more entries and a greater display of fruit vegetables poultry and stock than ever before officials of the association expect also the greatest attendance since the Northville fair started.

While weather on the opening day was not at all promising, so much of all the fair attractions are under cover that even the threatening condition did not hold back the early attendance.

Coupled with the determined effort to have Center street made into a park like road, the purchase of North Center street of a vacant piece of property by the Edison Company for a building to be erected early in the spring and the declaration of Dr. Randall Schuyler that he is contemplating the erection of another business block just North of the one he erected last spring, predicted declarations that Center street will continue to be the scene of Northville's great building activity seem to be true.

During the past year most of the building operations in the business center of Northville have been along Center street. These new blocks were erected during the present year on the streets and it is now pretty safe that two will be started early in the spring and there has been a persistent rumor that the Methodist church, which starts its proposed expansion program way to the street line. There has been some talk of the removal of the parsonage to some other place, but this is only internally discussed.

It is pointed out that the location is really becoming too valuable for anything, all materials in the immediate future relative to the Methodist building, bring no cost to be determined. It is known that the church has approximately six \$2,000 in cash raised, which they propose to donate to the building and whenever it is started.

Just how soon Jerry Jr. will bring to South Center street a family estate Alfred Mr. Anger has constructed a very modern bungalow and there has been quite a talk of additional block along South Center, but no definite announcement has been made of any of the work to be started.

Just how soon Jerry Jr. will bring to South Center street a family estate Alfred Mr. Anger has constructed a very modern bungalow and there has been quite a talk of additional block along South Center, but no definite announcement has been made of any of the work to be started.

All the school kids in the world are expected to be in Northville Friday, schools are closing in Northville and elsewhere for that day. If the day that school kids no longer have to pay to get in. And so everybody wished they were young again.

The Baby show will even though the clouds hung low and it rained Wednesday—it did keep the mothers from bringing down to the fair grounds their attractive little tots. Every one seemed like a prize winner.

No fair is ever complete without horse races and the committee in charge has been indeed fortunate in getting some mighty good entries.

Baseball fans from all over southeastern Michigan are swarming to Northville to witness the series that is being staged at the fair grounds. Some of the best players that Harry German could find anywhere have been brought to Northville to take part in the series and local fans are being treated to one of the finest series of contests ever staged in this locality.

THREEVE DIGS POTATOES IN FIELD AT SANATORIUM—GET 30 DAYS OUT AT WORK FARM

Jack Kelly of Detroit and William Hurkinson of the same city are serving 30 days out in the Detroit House of Correction for digging potatoes on the farm of William H. Maybury Sanatorium. The two drove out to the place a few days ago and had pulled up enough potato hills to fill over 20 baskets. A number of farmers chased them away with shot guns and they headed for Detroit in their truck when overtaken by Chief of Police William H. Safford. They were returned to Northville, locked up and taken before Judge Perrin, charged with larceny. Both were given 30 days straight. One of the men had been a former employee of the sanatorium. They were stealing the potatoes to take into Detroit to peddle.

STOLEN AUTOS ARE FOUND DOWN BY FORD DAM PARTS TAKEN FROM BOTH MACHINES

Two automobiles that have been stolen in the last few days have been recovered by Chief of Police William Safford. The Ford car taken from the dam with practically every part that could be removed taken from the car. Another machine that was stolen in Detroit had been found here in the same location as the local car, with all parts taken from it. Reports say that an attempt was made to steal another car parked in front of the Presbyterian church a few nights ago. But they were frightened away before being able to

terment took place in Rural Hill cemetery. The L. O. O. F. of Charlevoix, of which he was a member, and past noble Grand, had charge of the graves service.

LOCAL HIGH TRIVS ANCIENT FOE IN SEASON'S OPENER

Football Players Trim Ring Around Plymouth Team Here

A game of brilliant and aggressive playing marked the opening of Northville High School's football season last Friday afternoon. The local boys won by a decisive victory of 31 to 12, scoring from the neighboring town of Plymouth. It was a close game and all are just proud of the local team and the showing it made considering this to be the first contest.

Although a little lagged in some of the finer points of play, wonders have been accomplished by the coaches and with the same advancement in the period before the game the local huskies should have a great team. Plymouth found the lighter Northville line impossible to gain through to any great advantage and the defense of the local backfield kept any doubt from the spectators minds as to a touchdown being made through aerial formation. Thompson the local quarterback directed his team well and in playing their first game they took no chances and played safe throughout the entire period.

McCordie kicking, gained many yards on exchanges and kept the ball far in the opponents' territory.

Northville had a set of backs that will be having equal fast running and hitting and sure tacklers, a combination like this with the powerful line the coaches have developed will have little trouble with the majority of teams on their schedule.

Using only a few simple plays and passing to defend, Plymouth Coach Doessner will give his team more complex formations and plays this week. Long hours of practice and maneuvering will show the local eleven into a more finished squad and make them equal if not better than the rest of the teams on their schedule this season. Watch the speedy Fairbank with Northville's strongest ground runner, one-speed and versatility enabled him to rip off the ball each time the ball was thrown his way. The passes the team used proved a great hit and no doubt will be big factor in scoring goals in coming games. This is a problem to be given special attention as the coaches this week will be developing of a consistent drive on place kicker. With a man who has this ability the winning unit would be complete.

WAGIN YOUNG LADY IS MARRIED TO MR. RYAN YOUTH-NORTH ON TRIP

An autumn wedding ceremony at the home of Mr. and Mrs. Frank Ryan, Tuesday afternoon, began after 20 the court of the youth, both being on Oct. 12. W. Gaud and Miss Isobel Bryant of Wixom.

The ceremony was performed at five o'clock by Rev. Mr. Schell in the presence of a large company of relatives and friends. The ceremony was followed by an elaborate wedding reception.

The bride wore a gown of peach georgette and was attended by Mrs. Ernest Gaud Jr., whose gown was of white georgette. The groom was attended by his brother, Ernest Gaud Jr., of Highland.

Mrs. Gaud graduated from Milford high school with the class of 1923 and the groom has been employed for several years at the Mt. Ford Service.

Out of town guests were Mr. and Mrs. F. H. Lee of Wyandotte, Mr. and Mrs. James Lovlier of Tellico, Mr. and Mrs. Martin Gaud of Tecumseh, and son Glenn of Ann Arbor, Mr. and Mrs. Fred Gaud of Dundee, Mr. and Mrs. John Gaud and daughter of Royal Oak, and Mr. and Mrs. Harland Frey and two sons of Saginaw.

The couple left immediately after the ceremony for a motor trip through northern Michigan. They expect to reside in Milford—Milford Times.

JACKSON RESIDENT HAS PURCHASED HOTEL OVER AT SOUTH LYON-LIKES PLACE

(South Lyon Herald) Our Hotel Lyon has passed into new ownership. Mr. and Mrs. F. W. Finch, the new landlords and locy moved here from Jackson, last Thursday, and are putting forth every effort at getting the hotel in shipshape for business.

Mr. Finch, who has been in the barber business for nearly forty years, ten of which have been in Jackson, comes with all good recommendations. Because of his health it was suggested that he make a change in business.

Representatives of this paper have had the pleasure of an interview with both Mr. and Mrs. Finch and are delighted at finding them so pleasant and amiable.

We welcome our new hosts to the community. With first-class service and by catering to the general public, both the home folks and transients, as they aim to do we believe Mr. and Mrs. Finch are going to have no regrets whatever in having located in South Lyon.

Good dairy cows while milking should not be overly fat. They can well be fed enough to put on some flesh during the dry period and should be fed so as to keep in good condition while in milk. The general principles for correct feeding are (1) feed a balanced ration, (2) feed according to production—all the good roughage that the cow will consume, and generally one pound of concentrate for each 3 or 3½ pounds of milk produced. If a balanced ration is fed and the cow gets too fat the amount of feed should be reduced somewhat. If she is producing heavily, however, too much roughage may be needed to keep her in condition.

If a balanced ration is fed and the cow gets too fat the amount of feed should be reduced somewhat. If she is producing heavily, however, too much roughage may be needed to keep her in condition.

Good dairy cows while milking should not be overly fat. They can well be fed enough to put on some flesh during the dry period and should be fed so as to keep in good condition while in milk. The general principles for correct feeding are (1) feed a balanced ration, (2) feed according to production—all the good roughage that the cow will consume, and generally one pound of concentrate for each 3 or 3½ pounds of milk produced. If a balanced ration is fed and the cow gets too fat the amount of feed should be reduced somewhat. If she is producing heavily, however, too much roughage may be needed to keep her in condition.

Salem Events

Mrs. W. G. Wheeler and son, Gordon of Holly, and Mrs. A. C. Wheeler of South Lyon, were callers at the Fred Rider home on Thursday afternoon.

The Business Woman's Club of South Lyon had a sumptuous chicken dinner at the Salem hotel, Wednesday evening, in honor of Miss Della Nelson, formerly of Salem, in honor of her coming marriage to John Deen, dinner of River Rouge.

The children of the Salem Union school are enjoying their new work immensely this new semester, especially the newly inaugurated singing school held twice a week in the town hall by their new teacher, Don Phillips.

The Jarns' school ball team played the Union school last Friday afternoon. Score was 4 to 15 in favor of the Union school.

Charles Angell was a dinner guest at the R. W. Kehrl home, Sunday.

Mrs. W. Greer of Brighton spent Wednesday with her sister, Mrs. L. Brown.

Mr. and Mrs. Leland Wooster of Detroit attended the funeral of L. Feilman, Thursday afternoon, in South Lyon, and called on the latter's parents Mr. and Mrs. Fred Rider, in the evening.

Mrs. L. M. Stroh and Miss Wittich called on Mrs. Carlton Lewis and the Philip Widmayer home in Plymouth, Wednesday afternoon, and Thursday on Mrs. F. Bulley and E. Marzelle.

Mr. and Mrs. Bradley of River Rouge called on Miss Florence Pidgen, Saturday evening.

Mrs. and Mrs. Clarence Huck of North Lyon were dinner guests of their son and husband, Chauncey Shobbridge and wife.

Mr. and Mrs. John McLaren of North Star, Mr. and Mrs. Dan McLaren of the Soo, and Mr. and Mrs. Lincoln of Jackson, were weekend guests of Mr. and Mrs. W. H. Lincoln.

Mrs. Fred Rider and daughter, Florence, were in Detroit in business, Tuesday.

Rev. Ludwig of Our College called on Mrs. L. M. Stroh, Thursday evening, October 11th. All the pastors and delegates of every Congregational church in Michigan and many alumni will gather at a large luncheon and meeting, held in Detroit, under the auspices of the Great Endowment Fund association.

Leo Hollis and family of Northville spent Sunday at the B. P. Shorbeld home.

Mrs. Amelia Perkins is visiting relatives in Battle Creek.

Mrs. F. W. Kehrl and daughter, Irene, spent Friday with the O. Dudley's in Redford.

About 45 members of the Second German Baptist Church of Detroit, and their pastor, Rev. Brody, enjoyed a car road, Tuesday evening, at the home of C. H. Fischer, Plymouth, where West played and the happy gathering ended with song and prayer.

Mrs. R. W. Kehrl and daughter, Irene, attended the funeral of the former's aunt, Mrs. Ephrader in Canton, Saturday afternoon.

Mr. Albert Grotz was critically ill last week, but at time of writing was now in improved condition.

Mr. and Mrs. Will Clay visited their grandparents, Mr. and Mrs. Orin Clark, Saturday afternoon.

Carl, the day boy, Miles, member of Plymouth, was dinner guest at the Frank Butter home, Sunday.

Elton Clegg, wife and son of Elton Ray, Clegg, and wife and Lawrence Miller and family of Plymouth spent Sunday at the C. Payne home.

Mr. and Mrs. C. Payne and the latter's mother, Mrs. Martin of Northville, were supper guests at the Lawrence Miller home in Plymouth, Friday evening.

Mrs. R. Penfield and her "Sunday school" class invited the Excelsior class of the Congregational church Sunday evening from 6:00 to 7:00 p.m. at an outdoor vesper service. Marshmallow roast and morsels were served as refreshments, on the beautiful lawn at the R. Penfield home. It was certainly an evening greatly appreciated by all present, and will be long remembered.

Federated Church:

Rev. L. T. Parker, Pastor
Service every Sunday, 10:30 a.m.; Sunday school, 11:30 a.m.

Prayer meeting every Wednesday, 8:00 p.m.

Monday, October 3rd, there will be held a public reception in the church for the new minister and his wife Rev. and Mrs. L. T. Parker, who came from Lansing.

Salem and Worden:

Congregational Churches: From now on, there will be the cottage prayer meetings, Thursday evening, at 7:45; the meeting will commence in the home of Mr. and Mrs. E. W. Kehrl in Salem.

Sunday, October 2nd, the regular quarterly communion service will be held in Salem. Service at 10:00 a.m.; Sunday school, in Salem, 11:15 a.m.; Sunday school, in Worden, 10:30 a.m.; divine worship in Worden, 11:30 a.m.

Sunday, October 9th, the sacrament of the Lord's Supper will be administered in the Worden church.

HUNDREDS ATTEND FUNERAL OF SEVEN-YEAR-OLD GIRL

One of the largest funerals ever held here took place in South Lyon Monday afternoon, at 2 o'clock. Little Mildred Viola Carey, seven-year-old daughter of Frank and Blanche Carey, now residing in Ann Arbor, at 208 West Summit street, died at the home of her grandparents, Mr. and Mrs. Havershaw in South Lyon, last Friday, September 23, at 11 p.m. She had been ill but a few days and had been taken to South Lyon on Friday noon.

Some weeks ago she had her tonsils removed and it is believed that the weakness resulting from the operation and pneumonia setting in caused her early death.

Little Mildred Viola Carey was born in South Lyon, August 1920. In the early years of her childhood she lived in Salem. While there she was baptized and became a member of the Salem Congregational church and Sunday school, where she always took a

very active part in every Sunday service, being especially gifted with a beautiful voice to sing as the Sunday school observances of Easter, Christmas, Children's Day, etc. Her pastor, Rev. Lucia M. Stroh, of the Congregational church conducted the funeral services. Five little girls sang the "Lord's Prayer" and "Purify White Linens for Jesus". The pastor spoke from Cant. 6:2. My Beloved is gone down unto His valley to gather lilies.

Truly the feather out heaven came down and picked His pure white lilies. Four young boys officiated at pallbearers very ably.

This was a very touching service. There was a great wreath of flowers "Interment" was made in the South Lyon cemetery.

ILLNESS OF MANY WEEKS ENDS IN DEATH AT HOSPITAL

Mrs. Jennie Mariah Bolt died at the University Hospital, in Ann Arbor, Sunday, September 18, at 7 o'clock in the morning.

Mrs. Bolt had been confined to her bed since last Memorial Day and the last week of her life she spent at the hospital.

Mrs. Bolt was a very patient sufferer, always cheerful and hopeful through her long illness.

Mrs. Bolt will be greatly missed as she was a most devoted wife and mother, a true loyal Christian woman who served and loved her Savior to the last.

In early childhood she united with the Methodist church.

Jennie Mariah Warren was born in Saginaw, Mich., April 20th, 1868.

In the same day she was united in marriage to Philip Bolt, September 23, 1888, and there, they spent the greater part of their later moving to Detroit; then out there to Salem, where they lived four years.

Mr. Bolt was the mother of six children, four boys having died in infancy.

She is survived by the husband and five daughters, Mrs. J. H. Bryan of Detroit, and Mrs. C. J. Horton of Saginaw; one sister, Mrs. W. J. Hickey of Saginaw, Mich.; three brothers, Edward Warren of Saginaw, George Warren of Lake Orion, and W. C. Warren of Hamtramck, besides a brother-in-law, and many relatives and friends.

Funeral services were conducted by Rev. Lucia M. Stroh, Congregational minister of Salem, from the late residence, September 21, at 1:30 p.m.

Two beautiful duets were rendered by Mrs. E. M. Munro and Mrs. L. D. Spears. Burial took place at the Plymouth cemetery.

POLETS REDUCE EROSION

Any vegetable cover helps to reduce erosion but forests usually perform this function more effectively and permanently than any other type of vegetation.

This is because of the thick mat of leaf litter and branches which they drop upon the ground. Furthermore, they are continually feeding plants into the soil, thus increasing its nutritive constituents.

Weston's Record Stands

There is an old Greek legend that Eridas, before the Christian era, was sent to bring the sacred fire from Delphi to Athens, and made the journey there and back, 125 miles, in one day. Edna and Payson Weston in 1875 walked 115 miles in a single day.

The Loving Shepherd

A young and nervous curate was announcing that the rector would return on the following Sunday. He did so in the following Sunday but rather confusing words, "I am happy to announce that your shoving leopard will be with you next Sunday and will occupy the pulpit at both services."

The Churchman.

Europe in America

France owns French Guiana and several West Indies islands. Holland owns Dutch Guiana and several islands while the British also have a slice of Guiana, British Honduras, Canada, and numerous West Indian islands. Spain lost its West India islands in 1898 and Denmark sold the Danish West Indies to the United States before the United States entered the World War.

Close Enough

"Don't try to picture what heaven is like, for anybody; but when there's plenty on the table, and more where that came from, that's pretty much what I think it must be like.—Atlanta Constitution."

Fastest Four in America Proves Its Claim to Title

Dodge Averages 67.35 miles per hour in Beating All Other Fours in Atlantic City A. A. A. Race

The Atlantic City (N.J.) Speedway Association, without Dodge Brothers inspiration or knowledge, bought a Dodge Brothers Four and entered it in a Labor Day race for Four cylinder stock cars. Four cars of other makes also competed. All were strictly stock cars as required by the rules of the association.

The race was for 25 miles—to determine which was "The Fastest Four in America."

The Dodge won.

Its average speed for the entire race, from a standing start, was 67.35 miles per hour officially timed by A. A. A.).

"Generous confirmation, to say the least, of the performance."

Even more remarkable than the speed, however, is the fact that the car had been driven only 10 days and yet was able to withstand this difficult test without once stopping.

Thus the race not only offers conclusive proof of the Dodge's superiority in speed, but stands also as a glowing tribute to the rugged materials and excellent workmanship that go to make it—

NORTHVILLE MAN GOES 8,000 MILES IN AUTO HAS BUT TWO MINOR PUNCTURES

After spending the summer in California Mr. and Mrs. W. R. Dickerson and children have returned to Northville, covering over 8,000 miles in their automobile, and being delayed by only two punctures on the entire trip they left for the West early in the spring and after seeing the sights up and down the coast started on the return trip, visiting many friends and relatives along the way.

Most of the time was spent in Long Beach where Mr. Dickerson has a sister. We enjoyed our visit in California, but it was pretty warm. The nights along the coast were always cool, although during the day it was pretty hot in the sun. Business did not seem to be very good. In fact, it was very quiet. Some building, but not a whole lot. I do not know as I would like to live there. I have been in Northville so many years that seems like home to me," stated Mr. Dickerson.

"California is a very beautiful place. The orange groves are most attractive, and the homes are ideal. But everything seems so artificial. We had a very pleasant trip, and we enjoyed it greatly, but we are all glad to be back in our Northville home again."

Now, then; let's have a fight where the loser hasn't any alibi except that he couldn't lick the other fellow.

BIG FISH DIE IN POND AT BRIGHTON—NO ONE SEEKS TO KNOW CAUSE OF TROUBLE

Our mill pond became the center of interest here Monday morning when some of the earlier pedestrians made the discovery that fish were coming to the surface of the water, acting as if asphyxiated. Indeed some could be picked up by those who went out to discover, if possible, the cause of the unusual occurrence. Some thought that the stagnant condition of the water and the intense heat of the past week might be responsible and the gates were opened in order that fresh water might be added.

James Bennett of Island Lake, and Prof. T. H. Langolis of Ann Arbor both conservation men, were here soon after the affair happened. A thorough investigation was conducted but no report has yet been made to the public.

Some of the older residents tell us that this same thing happened a number of years ago, just after a spell of extreme warm weather. Some of the fish affected were large pike weighing ten pounds or more. Brighton Argus.

In serving a vegetable plate include one food that contains some protein, as for example, green peppers or tomatoes stuffed with a meat mixture, cauliflower or potatoes scalloped with cheese, spinach with hard-boiled eggs or sweet corn pudding made with milk and eggs.

Many Uses for Old Phonograph Needles

Old phonograph needles of the metal style will sing songs of other varieties when they have finished their tasks on the photographs. There is no lack made with them, so soft and so practical for use in framing pictures as is the phonograph needle. It has no rough edges or top to injure the back of the picture or mat, and its smooth, sharp point, is easily pushed into the wooden frame to hold the picture in place.

Needles placed in a fancy glass or china bowl take the place of the shot

which holds the quill pen on the desk. Both wooden and metal needles may be used for this purpose.

To clean a milk bottle in which the milk has soured and caked on the sides, a handful of steel phonograph needles, broken up and down in the bottle, will do the work in a few seconds, scraping and cleaning it off. Warm water with a little soap added to the needles, of course, is necessary.

A spark plug held at the top of a test tube in which there is some gasoline and a handful of phonograph needles will be quickly loosened of its stubborn carbon after a few shaking.

**SPORTING EDITOR
OF RECORD CLEARS
UP FIGHT DISPUTE**

Gives Northville Readers The Right Dope About Seventh Round

—William Elkins, sporting editor of Northville's Greatest Sporting Editor.

Chicago, Ill.—(direct to Northville, Michigan, U. S. A.—September 29—Extra Extra)

Haven't I told you right along that Tunney would win that fight? If you have been reading between the lines from the low-down on that fight guess you will find that I said three weeks ago Tunney would win.

I'm going to tell now I know this in advance. You would have known just as much about it as I did if you had followed the same line of reckoning. Here's why I figured Tunney would win:

First—Because Frank McDonnell of the Detroit Times said Dempsey was a sure winner. I have never in all my life known the Times sporting editor to ever make a good guess. So when he said Dempsey would win, I knew he wouldn't.

Next—Charlie Conklin bet on

Dempsey. He bet a lot, or folks Dempsey would win. Well, he's just like the Detroit Times sporting editor.

He's never right when it comes to guessing on a big fight. Of course that doesn't mean that he is always wrong on everything. I remember a purely local engagement that he witnessed not so many months ago. And he was strictly right on that. But of course, with Dempsey it's different. He reads Mac Donall's stuff too much.

Next after that one—Chief Oxford of Northville was in the right corner. I heard he had some money up on Tunney, and when the law is with a fellow, you can bet there is nothing to it. He's sure to win, or the law would be with him.

Now for the last, and other reason,

I saw Foster VanZandt sitting over there at Elgin, Illinois, looking at the fight. I knew the minute I saw him that the fight would go wrong. Did you ever notice how some things always go wrong when you see some fellows? Just the minute I saw him, I wired everybody back home to put their money on Tunney. That's why there is so much in Northville today.

When I left the post-mortem on the fight yesterday I found out when Supervisor William Stigles was over here. You know he's pretty toxy.

He was trying to assess some of that fight—money won by Northville township.

He spotted the roll carried by one fellow from Northville, and I bet his as-

sessment will go up next spring.

Wasn't that fight a great thing for Michigan? Did you see that picture of me, Tom Bigger, Frank Green and Jack Dempsey in one of the Detroit papers? When the great "governor" of the great state of Michigan stood up there next to Jack Dempsey, I busted several buttons off my vest with pride for our Great Wolverine state. I bet our state is the first one in the world to have had its governor's picture taken with a fighter like Jack Dempsey, and a great writer like myself.

You may have hard working making out my picture in there. I'm standing right back of Jack Dempsey.

Recognized several church folks from home wearing derby hats with turned up coat collars. I just mentioned this so in case I have to have financial help, sometime in the future that they will come to the right party.

While we are on this subject you notice that I am not saying anything about the fellow I mentioned last week. That was all fixed nicely for the present.

Right here is one time for me to set the world right on that seventh round. Of course, you know when you read a lot of stuff about this fight that it is more or less a tie.

I mean by that there are a lot of these big over-fed sport writers who are more or less puffed. They are made so through numerous reasons too intricate to explain.

Now, out with it! Seven.

Back in the days when Bill Spencer used to run a "pinto" stable around with his brother tells of a similar stable in Northville. It seems that there was a fellow who tried to hit Bill. Well, to make the story brief, all newspaper writers went there, they carried the other fellow out and he came too the rest of the day. Now that's what I call a legitimate knock-out. But one of the girls there in 1890 or thereabouts, depicted this knock-out. They said he hit to have been out a week. There will always be disputes about a fight, a deadly knock-out, if it isn't accompanied by a drag-out, like it was in Bill's case.

When Dempsey and his crowd made the mistake as not in having Tunney drugged out when he was on the floor. This was the vital mistake.

Everyone sees some of those gamblers that played Dempsey to win, lose their heads right there. Of course, it follows that knew about Tunney being a sure winner knew there was going to be a mistake somewhere. Even though our great "governor" counted Tunney out, I never thought our governor would be so partial. In this respect he is disappointed me.

You see don't you, just how it happened? That mistake I mention was intentional, there is no doubt.

I told the boxing commission where the mistake was made. But they held that Jack didn't go over to that neutral corner. Well I know why he didn't go that corner. That was the corner where Tunney knocked his breath out and he was afraid; Tunney was only playing possum there on the floor.

The reason what MacDonnell of the Times is squawking so much about Tunney being knocked out he made a bum, guess and everybody knows it and he is just trying to have folks still think he knows something about sports news.

His kids used to go down to Miller's old slaughter house once in a while to see a beef dressed. Not since those days have I ever seen quite so much gore as Dempsey let loose when Tunney gave him a black eye. Some even splattered over on our Governor's seat, but I saw Tom Bigger mopped it up, so everything was alright.

Went up to see Mrs. Dempsey but she was feeling so bad about that mistake when Tunney was fooling them that she wouldn't see her friends even. She locked herself in a bathroom and one paper. This fact I couldn't verify so I am not stating it to be the truth.

Saw a mess of electrics from Northville. Harold White worked up a lot of propaganda in the Legion. I see that Tunney was in the army and Dempsey has been accused of staying home and digging coal instead of letting the government cloth and feed him. But this is another disputed question I haven't had time to find out about.

Well, you know one thing, right now unless you see some real comin' from that bloomin' newspaper over in Northville, I am not going to waste much more of my talent telling the folks back home all the fine points about the fight. If a man can write

one column a day, he can do it.

Local News

Mrs. Ida Long of Detroit was a week-end guest of Mrs. Ardella Books.

Miss Rose Abbing of Detroit spent the week-end with Miss Ruth Gillis.

Mr. Ralph Horton is spending the week visiting friends and relatives in Chicago.

Mrs. Eva Johnson has returned home from White Cloud, where she visited her daughter, Mrs. Arash Beach.

Mrs. Ella VanSickle is able to be put after badly spraining an ankle recently in a fall.

O. N. Barnhart of Salem, has gone to make his home with his son and family at Dryden Plains.

The excellent photo of Rev. Richardards in last week's Record was made by the L. L. Ball studio.

Mr. and Mrs. T. J. Lange were Detroit visitors last week. They called on many of their old friends and relatives while there.

The Merry-Go-Round enjoyed one of their delightful luncheons at the home of Mrs. B. G. Filkins, last week.

Thursday, Mrs. Irene Schoonover, Ray Christ, and Ida Rose Cavell provided the entertainment of the children down at the baby show at the fair this week.

The fair association officials are greatly appreciative of the assistance the visitors from the schools offered them.

Attorney W. S. McNair has closed his office in the Bush Building in Detroit and has moved back to Northville, having opened an office in the penniman Allen Theatre building.

He expects to move his family from Ford to Northville in the near future.

Howard Miller, a Northville young man employed by the Globe Furniture Company, was taken to a hospital in Chicago, last week, where he was operated upon for appendicitis.

He was there installing some choir furniture from the Globe when taken ill.

Reports say he is getting along nicely.

Wallace Rose, member of the executive committee as well as chairman of the auditing committee of the Motor City Traffic Club, attended a meeting in Detroit a few evenings ago of the executive committee with a special committee from the Detroit Traffic Club to discuss plans for a general state meeting. These clubs are interested in freight shipping questions.

Mr. and Mrs. Fred K. Hedge and William Scott are making a short tour of Michigan. They have driven up to some northern places and will come down the West Michigan pike from Petoskey to Benton Harbor, before starting back to Northville. They expect to be home to see the last two days of the fair.

Mr. and Mrs. C. W. Platt of Grand Rapids, visited his sister, Mrs. Florence Sackett, a few days last week.

Mr. and Mrs. Pierre M. Sackett and Mr. and Mrs. Royal Sackett of Detroit, spent Sunday with their mother, Mrs. Florence Sackett.

Mr. and Mrs. Roy Ingram of Detroit called on her grandmother, Mrs. Florence Sackett, recently.

The Forester Aid will meet Tuesday evening at 7:30. Three \$1.50 cards and a sandwich lunch.

The King's Daughters will meet at the home of their leader, Mrs. Harry Blake, Tuesday, October 4th, at 10:30 a.m. Adequate attention is directed.

Several matters of importance are to come up for discussion.

The Detroit Biltmores baseball team defeated West Point 4-3 in the first game of the double header played last Sunday at the fair grounds. Sunday after the Polish News were victorious over West Point, 10 to 1. A large crowd saw the two games, and although not many thrills prevailed, yet the two contests provided plenty of enjoyment for the fans.

Harry German pitched Sunday afternoon in a big ball game at Walkerville, Canada, over 1600 watching his contest.

Miss Edna Nevison, who is well known in Northville, and a teacher in Highland Park schools, fell off a step-ladder, Saturday, when picking plums at her home here, and broke a shoulder bone. She was taken to Harper Hospital in Detroit for treatment.

J. W. McClintock during the past week has been displaying in his window, the beautiful cups that will be

awarded at the fair. The assortment was a most attractive one.

Mrs. Julie Goodale, who recently sold her home in Plymouth, has purchased the George Hicks bungalow on Lake street, and now a resident of Northville.

A. H. Withey of Sparta, is a guest of Mr. and Mrs. Glenn Richardson for the fair.

Mr. and Mrs. P. W. Partridge of Bainbridge, New York, are the guests of Mr. and Mrs. H. E. Blowers. They have come to visit the fair and spend sometime at the Blowers' home. Mr. and Mrs. Partridge were visitors here last fall during the fair time and decided to come back again this year.

Mr. and Mrs. P. W. Partridge of Bainbridge, New York, are the guests of Mr. and Mrs. H. E. Blowers. They have come to visit the fair and spend sometime at the Blowers' home. Mr. and Mrs. Partridge were visitors here last fall during the fair time and decided to come back again this year.

Mr. and Mrs. Frank Withey of West Branch, are guests of Mr. and Mrs. Glenn Richardson for a few days.

Mr. and Mrs. James Egan entered

home over the week-end at the O'Donnell cottage at Long Lake, Miss Marion Montgomery, of Northville, Miss Marion Glynn, of Detroit, George Scott of Ypsilanti, Asst. Gladstone of Rochester, Mr. and Mrs. J. K. Sanders of Detroit, and Mr. and Mrs. Ray Gladstone of Detroit.

Rev. J. W. Priest, of the Baptist church was in Holly this week, attending a meeting of the Wayne Association of Baptist pastors.

The Epworth League will have their election of officers on Wednesday evening.

A pot-luck supper. All members and young people kindly invited to be present.

October 5th at 6:30, with

present.

Sermon, "God's Favor to the Righteous."

Sunday school, 11:45 a.m. C. B. Turnbull, superintendent.

"A good rally day, let's Sunday."

B. F. P. U. meeting, 6:30 p.m. Topic,

"Why have an Organized Church Evening service?"

Sermon, "Hidden Treasures."

Church prayer meeting, Wednesday night, 7:30.

All are welcome at these services.

Presbyterian

Sunday morning worship, 10:30 a.m.

The pastor will speak on "God No Keepsakes of Persons."

Sunday school, 11:45 a.m. Lesson,

"Flight on Mount Carmel."

Evening service at 7:30 p.m. Sermon theme, "A Good Confession."

Midweek service—Wednesday, 7:30 p.m. in Study, 1 John 3:1-21.

Communion of the Lord Supper and reception of members, October 10th at 10:30 a.m.

Methodist

The meeting message next Sabbath will be, "Kept from the Evil of the World." Let us speak one to another about being fit for service for this day.

Time, 10:30 a.m.

The Bible school will meet at the close of the service and all need to be present for the election of officers.

Time, 12:30 noon.

The evening service at 7:30 is for all who will come apart and make the evening crown the day like the sunset.

The choir was a credit at all of the services last Sabbath and will be with us in full force next Sabbath. You are welcome.

Don't forget the harvest festival next Thursday evening at 7:30, when the Rev. Sidney Era, of Mt. Clemens will be the speaker.

Will be the speaker, Rev. J. W. Priest and Rev. F. H. Knowles will have part in the program and the choir in full force of eighteen voices will render the anthems, a male quartet and Solos.

All our people are asked to bring their offerings of vegetables, fruit and bread to the church, not later than

Thursday morning. If any are to be fed, call the pastor and he will gladly arrange to get first fruits.

Lloyd Lovell of South Lyon will be present after the program with his usual energy to auction the fruit and the vegetables, the proceeds turned into the proper channels.

Our rally day with baptisms and reception of members will be the following Sunday, October 8th.

CHAMP ORANGE EATER

When Harry Ace Murray, down in Florida, heard that Howard Stirling of Cincinnati ate 65 oranges and was proclaimed the champ, Murray's friends sent him to the Ohio city to compete. Murray won his title by eating 65 in 3 hours, beating his opponent, W. R. Seyfang, of Michigan, by 10 minutes.

Household Blessing

Not by any means the least of the advantages offered by the

Electric Refrigerator

is the peace of mind it brings to the housewife.

At once all anxious thoughts about food spoilage are removed; all effort to keep the refrigerator cold enough laid aside; all need of cleaning up floor and box done away with.

The Electric Refrigerator is automatic; it takes care of itself—and the things you put into it. You don't have to give it a thought or the touch of a finger.

THE DETROIT EDISON COMPANY

FRANK BOYLE IS BACK FROM NORTHERN PART OF STATE—TO GO SOUTH SOON

Frank J. Boyle, who for many years has been one of the best known auctioneers in this part of the state, has just returned from northern Michigan, where he spent the greater part of the summer. Mr. Boyle, who sold out his farm in Salem during the early part of the summer, went north because of his health, but he has returned feeling much better. His many friends are greatly pleased to note his improved appearance.

Mr. Boyle is now living in Ypsilanti, but he expects to go to Florida to spend the winter to get away from the severe cold weather. He will not leave until the last of October.

You know I had a very happy surprise while I was up in Petoskey this summer. I was walking along the street one evening looking into the store windows when I heard someone say, "Hello, Frank!" Never expecting to see anyone up there that knew me, I paid no attention to it. But the second time I looked around and there was Charley Ponsford and his daughter from Northville. You can bet I was glad to see them. They were on a vacation trip through the northern part of the state," stated Mr. Boyle, when in Northville the other day.

Mr. Boyle believes that by spending the winter away from the cold weather his good health will be entirely restored to him and it is for that reason that he is going to Florida.

DEARBORN PRIEST IS GIVEN PROMOTION—GOES TO NEW FARMINGTON CHURCH

(Continued from page 1)

The Right Rev. Michael J. Gallagher, Bishop of Detroit, has appointed Rev. E. J. O'Mahoney in charge of St. Joseph's Retreat and Eloise hospital. For the last six years, as pastor of the new parish organized at Farmington, Mich.

The property for the new parish comprises five acres at the junction of the Shawnee road and Powers road, two blocks from Grand River avenue, a short distance from Orchard Lake road, and only a few feet from Ten Mile road. The property is now called Farmington Woods, but was the old Ely estate. It is now developed by the C. M. Burton company.

The promotion was bestowed on Father O'Mahoney because of his charitable work done among the people of Eloise, with no remuneration from parishes or counties. Also because of the tremendous strength of nerve and mind, the work demands Fey can do it and few care to take care of the seamy side of life all the length of nearly six years.

Father O'Mahoney's many friends in Dearborn lend him a God-speed. They know that he will be appreciated in his new field because his talents are many, too many to be appreciated in a certain period in Dearborn. The people of Dearborn are sorry to lose an ornament to their church and citizenry.

NORTHVILLE Twenty-five Years Ago

(Continued from page 1)

Clarence Hutton of Flint, spent Sunday in town.

Mrs. George Waterman of Detroit visited here over Sunday.

The work of re-building the Presbyterian church has started.

Mrs. C. A. Tintum will have a luncheon opening on October 9, 10, 11.

Sergeant Frank Lewis received his Spanish war medal from the state department, last week.

Born September 26th to Mr. and Mrs. Frank Thompson of Farmington, formerly of this place, a girl.

From a piece of ground eleven feet square, Daniel Shaffer has sold gunns to the amount of over two hundred dollars this year.

Mrs. Bristol and Mrs. George Stanley are delegates to the King's Daughters convention to be held at St. John's Church in October.

A box of large ripe strawberries just picked from the vines by Mrs. Will Lewis of Northside, was left at the Record office this week.

T. J. Perkins & Co. have leased the second floor of the building occupied by Fry Bros., and next spring will put up a stock of wallpaper.

Mr. and Mrs. W. V. Murdock of Ypsilanti, and Mr. and Mrs. Will Bailey of Farmington, were guests at the parental home here Sunday.

Mr. and Mrs. J. B. Cook, who have been on the steamer Merle all the season have returned home. Mr. Cook has been steward of the boat.

Mrs. Turner took several premiums at the state fair, and Mrs. James Sessions was awarded prizes there and also at the Ann Arbor and Redford fairs. Mrs. Sessions has recently sold some of her beautiful lace work for a high price.

Bert Northrop of Farmington, and Fred Smith of Northville, left Tuesday for Salt Lake City, where they expect to stay for several days. From there they will go to Seattle, Washington and will locate in law if the outlook is favorable.

The installation of officers of Orient chapter, O. E. S., took place last Friday evening. Mrs. Cora Power of Milford, inducted into their various positions the following officers: W. M. Job, Joslin W. P. Dean, Griswold & M. J. Jenkins, Richardson, secretary; Emma Stark, treasurer; Katherine Carothers, conductress; Berthlyn Beck, associate conductress; Dorcas Kast, organist; Louise Chadwick, chairman; Helen Bell, marshal; Nedie Stever, Adah Mildred, Ruth, Ruth Hattie, Carrie Moore, Esther Belle Covert, Martha Minnie Carpenter, Elecia Alice Phillips, warden; Jennie McCullough, Ten or twelve visitors were present from Sand Hill.

The nightjar (formerly) was shot for sport, is really one of the most useful of birds, and an insect catcher of great value. These birds scoop them prey out of the air on the wing. Biological Survey experts have examined stomachs of nightjars and have found more than 100 different kinds of insects, representing more than 50 families, and many of these are injurious to man.

The nightjar was formerly known as the "mimic bird" because it imitates the calls of many other birds.

HUNDREDS of shingles are on the market. What are they made of? How long will they last? Are they really fire-PROOF, not merely "fire-resistant" or "fire-safe"? The blow-torch will tell you. Johns-Manville Rigid Asbestos Shingles withstand the blow-torch flame. They are entirely fire-PROOF, absolutely everlasting, beautiful and inexpensive.

These shingles have solid permanence;

they need no surfacing for protection. So you can lay either side to the weather, exposing the cool, restful gray of one side or the blended autumn colors, or solid red or green that embellish the other. Either way, the distinctive hexagonal shape gives an interesting broken line of beauty to your roof that is a refreshing departure from the stiff lines of ordinary shingles.

Ask us for an estimate.

NORTHLAKE MILLING & LUMBER CO.

NORTHLAKE, MICH.

Johns-Manville Rigid Asbestos Shingles

Many Exceptional New Luxuries and Performance Features —Yet a New Low Price

EXAMINE—DRIVE—COMPARE THIS GREAT
NASH SEDAN—AND IT'S EASY TO SEE WHY
THE COUNTRY HAS GONE NASH!

This new Nash Special Six Four-Door Sedan calls your attention very forcibly to Nash value.

At its new low price you will find that other manufacturers are asking from \$100 to \$150 more for cars not as fine in finish, and not nearly as fine in performance.

Here is one of the smartest-looking, smartest acting cars of the new season—built as only Nash builds motor cars, performing as only a Nash performs.

The body is a full two inches lower in the fashionable vogue. Windshield and door ledges, the instrument board and its crown ledge, are all finished in walnut.

The steering wheel is solid walnut, inlaid and crested. There are shirred door pockets.

Vanity case and smoking set. New type, form-fitting cushions, upholstered in rich mohair and button-tufted, in the custom manner. Luxury wherever you look!

And luxury in every mile and minute you drive it. It is "quick" on the go, always out in front at a traffic start, effortless on hills. There is increased power in its big 7-bearing Valve-in-Head motor. Yet that motor is even more quiet, even smoother.

Integral balance of Nash operating parts has accomplished an astounding improvement, in already fine motor performance.

And it is the easiest steering, easiest managed car you ever handled. It turns a corner at a mere hint from its steering wheel.

Finally, here is an easier riding motor car. New secret-process alloy-steel springs, just introduced by Nash, achieve supreme travel comfort. Drive this car before you buy your new one. Buy this car and save \$100 to \$150 of your good money.

on Nutrition at his hotel, Thursday

at 3:30 p.m. October 3, 1927, to those

who come to join the club and get the

benefit of all the knowledge.

The annual meeting of the Capital

Bankers' association was held Sunday, the

members were invited to have a

luncheon at the hotel.

The Club

Regulation d'art, a division of several new

members. The following officers were

elected for the coming year: Super-

intendent W. D. Frost, assistant super-

intendent Jas. Miller, Secretary and

treasurer, Elmer Munro, pianist, Mrs.

Grace Shurn, treasurer, Mrs. Clara

Clark, recording secretary, Mrs. Esther

Munro.

Miss Edna O'Connor, the county help-

ing teacher made her first monthly vis-

it to our school last week Thursday.

After considerable trouble with her car

she had it returned to Pontiac, and

spent the day visiting in our school

and one other rural school.

She talked to the children of the

lower grades and gave them an in-

centive to work. In the higher grades

she conducted a language test. The

children love Miss O'Connor and an

indication of the loyalty of school and

flag, which she helps to inspire, was

manifest soon after she left the school.

The flag seemed to be doored to hang

on the pole through the night, owing

to a trouble which developed during

the day, making it dangerous to climb

the pole. After the shadows of even-

ing had fallen young Floyd Holmes

attempted to rescue Old Glory and with

the help of his father, who happened

to witness the sight of the boy and the

flag succeeded in bringing it to

a safe shelter for the night.

A meeting of the school district will

be held October 4, at 7 to 9 p.m. at

which time the bond issue will be pre-

sented. A good representation of the

young members of the district is de-

sired to act upon this question of a

new school for Novi.

A Remarkable
new
Electric
Toaster
entirely
automatic
in operation

TOASTMASTER

Here is a toaster you do not have to watch. All you have to do is drop the bread into the oven slot, press down two levers and forget it.

POP!—when the toast is done, up it comes all by itself, and the current is turned off automatically.

The Toast CAN'T Burn

There is no guess work—no more burned toast. Perfect, golden-brown slices every time. Crisp, piping hot all the way thru, and the taste is so decidedly improved, that you wonder how there can be such a difference.

It is a beauty. High class in every way. A Christmas Gift of Distinction.

See the New Toaster Now—At Our Store

And at the Northville Fair.

FARMINGTON MAN COULD NOT GET WORK—KILLS HIS BARE AND ENDS OWN LIFE

Respondent because of his inability to get work and the refusal of his 17-year-old wife to live with him until he was able to support her, William Price, Jr., 22 years old, Friday, shot and killed his 5-months-old son, William Price, III, and then fired a bullet through his own head. The shooting took place across Williams Lake Road and Country Club near Waterford, north of Farmington.

Price and his wife, Carol, lived with Price's father, William, Sr., on the middle Belt road near the Seven Mile road, until about two months ago. Price worked for a time as a barker and a truck driver in Detroit, but was unable to find a steady job. Two months ago Mrs. Price took her baby and went to the home of her grandparents, Mr. and Mrs. Charles Hodges, who live on a subdivision near Williams Lake.

The wife had been despondent and wandering through the woods, according to his father, drove to the Hodges home yesterday. He found his wife and son, his mother-in-law, Mrs. Walter Keith, and Mrs. Hodges there. He asked his wife to return to him, but she refused until he got a job. He suggested they take a walk and accompanied his wife, her mother and baby on a stroll to the Country Club where Mrs. Price had been working.

There was no quarrel, according to the women, but Price renewed his plea to return. Arrived at the club Price remarked he would take the baby and step out. After he had been gone a few minutes, the women heard two shots. They found the baby's body in a driveway and Price lying nearby.

CHICKEN THIEVES ARE ROUNDED UP OVER NEAR MILFORD BY OFFICERS

After an all-night vigil by Deputies Arnold Clegg, Horton and Hubbard three men and a woman were arrested at Holly early Saturday morning charged with the theft of poultry from the Joe Sutton farm, four miles south of Holly. The officers claim to have found 37 fowls in the possession of the men—Ellenwood Barron, Cal Rhinevaunt, and Daniel McCraw. Miss Mai Young was held in custody as a witness, and Mrs. Rhinevaunt was also taken but was later released.

When arraigned in municipal court at Pontiac Monday afternoon the three men waived examination and were bound over to the circuit court for trial—Milford Times.

SOUTH LYON STUDENT IS THE CHAMPION ESSAY WRITER FOR ONE HUNDRED

A Freshman in the South Lyon high school this year, Charles L. Staford, younger son of Mr. and Mrs. Charles L. Staford, holds the distinction of being the national champion essay writer for eighth and ninth grades. His essay on temperance written last spring in the contest sponsored by the W. C. T. U. recently brought him the high honor.

This child was through the South Lyon schools in the district, state and finally the national contest.

Charles is an exceptional student his teachers still but he is not interested in athletics.

The family formerly lived in Detroit, where Charles attended the Board school from 1915 to 1919.

WHEN AND WHERE COACH YOST'S FOOTBALL TEAM WILL PLAY DURING FALL

Below is the schedule of University of Michigan football season for the season of 1927.

October 1—Ohio Wesleyan University at Ann Arbor.

October 8—Michigan State College at Ann Arbor.

October 15—University of Wisconsin at Madison, Wisconsin.

October 22—Ohio State University at Ann Arbor (Formal opening of new stadium).

October 29—University of Illinois at Urbana.

November 5—University of Chicago at Chicago.

November 12—U. S. Naval Academy at Annapolis.

November 19—University of Minnesota at Minneapolis.

In 1926 co-operative livestock shipping associations and other local associations, about 5,000 in number, handled approximately \$400,000,000 worth of livestock for members.

NEARBY FARMER SECURES INJUNCTION TO STOP A REAL ESTATE TRANSACTION

Claiming fraud and misrepresentation in the obtaining of his signature to a paper, John Musolf of Lyon township has commenced proceedings against William W. Chalmers, in which he obtained an injunction in the circuit court at Pontiac to prevent Chalmers from disposing of lands in the east half of the southeast quarter or section 24 of Lyon township.

Musolf says he supposed he was granting an option for the sale of his property for \$21,000 but later learned that the price contained in the option was \$15,600, including a \$3,000 mortgage at only 5 per cent interest. He states he was also induced to sign a deed without knowing the nature of the instrument which he could not read. He asks to have both the contracts and deed set aside as fraudulent. A. L. Moore represents him.

RAIL SERVICE OUT TO SEVEN POINTS PLANNED BY D. S. R. BENEFIT NORTHLVILLE

Important questions, including the extension of Detroit Street Railway service to Five Points, installation of fire alarm boxes, and registration in the twenty-second ward, were discussed Friday night at the regular meeting of the Grand River Redford Federation at the North Roseate Community House. This meeting marked the opening of the Federation's Fall and Winter seasons.

The Detroit Street Railway will be urged to extend the street-car service to the western city limits at Five Points immediately. George W. Burt vice-president of the Federation, entered a plea for this improvement and then turned over to the transportation committee to take up with the Detroit Street Railway management at once. The committee will also urge the establishment of a bus line on the Six Mile road from Redford to Woodward avenue and if possible, through to the east side.

The fire committee was instructed to request the fire commission to expedite, if possible, the installation of fire alarm boxes and to request the immediate installation of boxes at a number of highly important locations.

President Weant pointed out that the election commission had granted the people of the twenty-second ward the privilege of registering at their own polling places on September 22 and 23. He urged the representatives of the Association belonging to the Federation to conduct a brisk campaign to have every eligible person, man or woman, register and vote both at the October primary and the November election.

Another improvement that will be asked for the northeast section is a turning belt at both approaches of the bridge over the River Rouge on Seven Mile road. The possibility of a serious wreck occurring at this bridge due to the fact that the bridge is narrower than the road, was brought up and action will be taken to safeguard against such a happening.

At this meeting members of the Federation also discussed the Woodward Avenue situation after considerable expression on either side the matter was referred to the executive committee with full power to act. The committee will meet Monday.

The Friday night meeting was the first held since June—Redford Record.

QUANTITY VS. QUALITY

Your money might have a "Wee Bit" more purchasing power somewhere else, but your Cents will have more Sense if you spend with Stephens for you will be getting Quality without extravagance, plus our Prompt, Courteous, Dependable and Appreciative Service.

They Last A Long Time

Twelve months' investigation first proved to us the worthiness of Paige sixes and eights. Each day brings us additional evidence of the satisfactory manner in which Paige cars serve their owners over extended periods of time. There are 208,000 Paige-built cars in daily use.

You will find many reasons for this in a careful examination of the improved Paiges now on display. Frames are sturdy, well-braced, carefully balanced, and suspended on long springs.

Bearings in Paige engines are large. Filtered oil under pressure provides thorough lubrication. Engines are fully water-jacketed. Oil sealed universal joints, and ball-bearing saddle-mounted rear axle pinions contribute to trouble-free performance. Unusual accessibility characterizes all engines and chassis.

Ten of the twenty models are now selling at lower prices. There are two new models, including a Paige for \$995, f. o. b. Detroit. Other models, on four chassis, in sixes and eights, range upward to \$2665.

Bible Thoughts for the Week

Sunday.

Remember now thy Creator in the days of thy youth while the evil days come not, nor the years draw nigh, when thou shalt say: I have no pleasure in them. Let us hear the conclusion of the whole matter: Fear God, and keep his commandments: for this is the whole duty of man.—Ecclesiastes 12:1, 13.

Mondays.

He that loveth silver shall not be satisfied with silver; nor he that loveth abundance with increase; this is also vanity. When goods increase, they are increased that eat them; and what profit is there to the owners thereof, saving the beholding of them with their eyes?—Ecclesiastes 5:10, 11.

Tuesday.

Of a truth I perceive that God is no respecter of persons: but in every nation he that feareth him, and worketh righteousness, is accepted with him.—Acts 10:24, 35.

Wednesday.

For the Lord God is a sun and a shield: the Lord will give grace and glory; no good thing will He withhold from them that walk uprightly.—Ps. 84:11.

Thursday.

There is no fear in love; but perfect love casteth out fear; because fear hath torment. He that feareth is not made perfect in love.—I John 4:18.

Friday.

Love, joy, peace, long-suffering, gentleness, goodness, faith, meekness, temperance: against such there is no law.—Gal. 5:22, 23.

Saturday.

Soast not thyself of tomorrow; for thou knowest not what a day may bring forth.—Prov. 27:12.

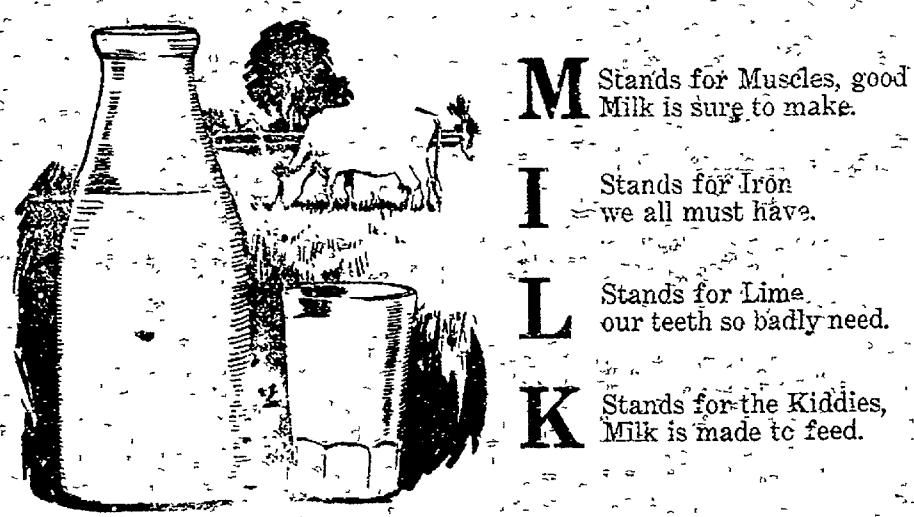

Bermuda-London Milestone
English miles are marked in some of the distant parts of the world, as for instance along a roadside in Bermuda one may read on a sign prominently displayed by the roadway this inscription, "London 3,076 Miles." The milestone was placed there about two score years ago by an active British official detailed there for service.—Ohio State Journal.

Mullet's Legal Standing.

The bureau of fisheries says that the mullet is a fish. The question arose many years ago, when an attempt was made to restrict the catching of certain kinds of fish in North Carolina, the mullet among them. A fisherman was apprehended who had caught a mullet. His defense was that the mullet had a gizzard instead of a stomach—therefore, it was a fowl. The judge agreed with him.

Prepared for Fog.

London policemen have boats along the Thames river are equipped with hooks and life-saving jackets to assist in rescuing persons who find themselves in difficulty on the water.
