### NORTHVILLE HIGH PUTS ANOTHER OPPONENT AWAY

Local Team Wins Wayne League Championship is in Sight

Defeat of Wayne High school by the Northville football team brings the local colors to the front as strong contenders for the Suburban League Cup. Superior head work and field play as shown in the Wayne game puts the Northville Huskies far out the way of the championship.

Wayne targeted only once, at the beginning of the fourth quarter, when a series of passes brought the ball to Northville's five yard line. At this stage the Northville defense stiffened and taking the ball up down on their own seven yard line McCordale kicked out of danger.

Northville showed a steady running attack, the line opening wide holes through which Thompson, Watts and McCordale made gains, and the end zone in their opponents sufficiently to allow the fast backs to gain many yards.

Coach Ducekson's work during the past week showed in excellent blocking by both backs and line. However, pass offense and defense must be stressed of Northville is to win the remaining games.

Captain Thompson won the toss and McCordale kicked off to the ten yard line. Wayne returning fifteen yards to their 25 yard line. On the second play Janner fumbled and Wollrom recovered for Northville on the enemy 40 yard line. Watts gained three yards through right guard, Thompson making two yards through left guard on the next play, but a five yard penalty for offside forced Northville to punt and McCordale's kick went outside on the 20 yard line.

Wayne lost four yards on three plays and kicked to Northville's 40 yard line.

On the second play Thompson skirted his left end for 28 yards, making the first touchdown of the game. Watts hit left tackle for three yards, Tyler Wayne's big fullback being hurt on this play.

On the next formation Tiffin hit the same place for 15 yards and a first down on the 12 yard line.

Thompson went around his own left end for five yards, Tiffin hit right guard for no gain, and on the next play Thompson's forward pass over the goal line was incomplete, the ball going for a touchown. Wayne places it in play on their own 20 yard line.

In three plays Wayne gained eight yards and punted a fourth down to the Northville 23 yard line. Thompson returning fifteen yards to his own 38 yard line.

Tiffin carried the ball outside on the next play - Watts and Thompson made eight yards in two plays. Tyler of Wayne being hurt again and was replaced by Criss. On fourth down, McCordale ended and the Wayne safety man was downed in his tackle on his own 18 yard line. Two plays gained Wayne two yards as the quarter ended.

On the next play Wayne punted, but Ware was offside and the ball was called back and Northville gained five yards.

Watts ran right end for no gain and Thompson skirted left end for ten yards and first down. Watts hit right tackle for five yards, but hurt his hip on this play, aggravating an old injury. He gamely continued in the game after receiving first aid treatment from Dr. Snow. Thompson's forward pass was knocked down and after Tiffin lost three yards at right tackle, Thompson hit right guard for eight yards and first down on Wayne's 30 yard line.

Three more plays concluding with a nine yard gain by Tiffin netted another first down. Watts and Tiffin hit the line for no gain and on fourth down, Thompson went around his own right end for 19 yards, the ball being downed at the corner of the field on the two yard mark.

Tiffin struck a stone wall at left guard but on the next play Thompson crashed through left tackle for a touchdown. McCordale failed to kick for the extra point. Northville had kicked off to the 30 yard line just as the half ended.

McCordale replaced Criss and Tiffin struck a stone wall at left guard but on the next play Thompson crashed through left tackle for a touchdown. McCordale failed to kick for the extra point. Northville had kicked off to the 30 yard line just as the half ended.

### EXCHANGE CLUB SPEAKER LAUDS PAVING PROGRAM

Chester Livengood says this Place is Setting a Good Example

"You are setting a good example for Plymouth." You are doing the thing we should do and will have to do. Your paving program shows progress and you are up to the standard for what you are doing," stated Chester Livengood of Plymouth in a talk before members of the Exchange Club Wednesday noon.

He highly lauded the public spirit of this community and he declared that the paving of its streets was due to high standards.

"We in Plymouth will have to come to you for help in getting the job done. But we are doing the thing we are proud of, and that is a great opening for our new hotel on the 27th of October and you are invited to come over to the opening."

There is another thing you are boasting hard over here and we are with you in the breast. That is the paving of Center Street. It has a great deal to do with business.

In fact I sometimes wonder if we realize the importance of it.

Wednesday's meeting of the Exchange club was an exceedingly interesting one. Mr. Livengood, one of the best boosters that ever hit the soil of Wayne county, always an entertaining speaker and last President Dayton, arranged to have M. J. Murphy preside as chairman and that always means plenty of fun.

Harold Clark of the Grennan firm sang a number of vocal selections.

### NOV. WILL VOTE OCTOBER 21 FOR NEW SCHOOL SITE

Two Offers may make necessary Another Election on Same Question

Friday, October 1st is the date which has been fixed by Novi School district number 3 for the special election to be held for the purpose of considering a site for the new school that is to be erected in that rapidly growing community. The first site that will be placed before the voters for consideration is owned by Robert Burd and is located about a block north of the center of the village. It is on Main road and is purchased at a cost of \$8,000 in addition to the grading that will have to be done. The grade will be something like \$1,000 or \$1,200.

If this site should be rejected by the voters at the October 1st election the school board will immediately call another election for the purpose of considering an offer that has been made by Frank Clark.

Mr. Clark has offered to sell to the school a site of five acres, the same size as the Hunt property, for \$5,000.

On this location no grading will be necessary. It is along the proposed Center street extension from Northville and as soon as the new road is built, which may possibly be next year, the school, if law, could be selected will be on one of the main thoroughfares rates the community.

It is not known just what the condition of the voters is on the question. When the grade preparation will be completed over the Pere Marquette track fortunately a surveyor leading the tracks on the south side of the bridge was also concerned so there is both a speed obstacle and an overhead of crossing over the P. M. track.

The buildings center of Novi rapidly spreading out and this fact may have some bearing on the question.

Those most interested in the future development of the community are anxious to have elected a school that will take care of the needs of Novi for years to come. While it is not the purpose to erect a structure as massive as will be needed, it will be constructed so that an addition easily be put up when the time arrives for more room.

Thurmond, superintendent.

N.Y.P.U. meeting at 6:30. Topic "Young People and the Denomination."

Evening service at 7:30. Scranton "Counting the Cost."

The annual meeting of the Michigan Baptist State convention will be held at the First Baptist church of Detroit, corner of Woodward avenue and Pingree street, beginning Monday night, October 17th, and closing Thursday afternoon, October 20th.

The Ebenezer school at 12 noon with the two Floydys as superintendents.

### MISS ELDER CROSSES ATLANTIC

Miss Ruth Elder, flying a Northville image, successfully made her flight over the Atlantic according to advice received Tuesday afternoon at the Stinson factory. She was forced to make a landing near a boat just a short distance off the French coast, due to a broken oil line. But at the time of her landing she was within a few miles of her destination. The landing was in the English channel and she was picked up by a boat without injury.

The Misses Burn and Dorothy Freeman of Detroit were week-end guests of their parents.

Mr and Mrs E. Gelashvili and family were Sunday callers at the Don Packard home.

Mr and Mrs F. Whitaker spent Monday with their son, Clyde and wife, of Plymouth.

Mr. and Mrs. Martin Potts of Northville were Sunday dinner guests of Mr and Mrs James Boyle.

Mr and Mrs. Glenn Lyke and family visited her parents, Mr and Mrs F. Murray of Plymouth, Sunday evening.

Mrs Frances Anderson was a Sunday dinner guest of Mr and Mrs C. Mankin and partook of a fine chicken dinner.

Mrs Sarah Stanbro returned home Saturday after spending a few weeks at the Norman Miller home near Plymouth.

Mr and Mrs L. J. Haab and their father, Mr Austin, were Sunday visitors of Mr and Mrs R. B. McKnight at Walled Lake.

John Herrick, wife and family were Sunday evening guests of his mother, Mrs Carrie Herrick and Mr and Mrs Frank Power.

Mrs Anderson, in her photo, enjoyed a nature study trip to the woods Tuesday afternoon, and evenings.

A weenie roast with other refreshments were served. All enjoyed a wonderful trap.

Visitors at the Salem school last week were: Mrs Ada Phillips and Miss Calkins, of South Lyon, and Miss Crimshank of this place. Both teachers, with to announce that they will be pleased to have all parents visit their school and others, who so desire.

We are glad to mention that our teachers of the Salem school, both Miss Anderson and Mr Phillips, deserve much praise for the interest they are taking in their pupils, (not only with their school work), but planning good times, and also caring for them outside of school. The took twenty children to the Northville fair on Friday. On Saturday, Mr Phillips planned for a large number of his pupils to attend the Ohio Western and Mimbres foot ball game at Ann Arbor. Then last Saturday they took about twenty pupils to the Autumn Festival at Vinton. So through the cooperation of the parents and teachers the children are enjoying some real good times.

The monthly church night will be commenced during the month of October and will be held regularly each month. Date will be announced later.

A course of illustrated Biblical and tropical lectures will be given by the minister each week during the winter months.

A meeting specially called for prayer will be held on Wednesday evening, at 7:30. Come.

Acting upon this law, a cat comis-sioner discovered this way of success-fully giving medicine without a struggle. It was never a one-man job. Even after three healthy individuals had successfully given pussy a pill or a dose of medicine, that is, they had conveyed it to her mouth and then closed her jaws upon it, to their dismay if she did not want it she would not swallow it, and at the first chance would spit it out.

But there is a natural law in the affairs of cats. A cat will always look for material that clings to her paws.

### MARSHALL BUYS BACK GRAIN ELEVATOR HE SOLD OVER AT SOUTH LYON

Tuesday plans were completed for a change in ownership of the Cogger elevator.

Walker Marshall, who formerly owned the business and sold it to Charles Cogger, has repurchased it and is now taking inventory.

Both the old and new owners are too well known here to require any introduction. Mr. Cogger has been a general business man and has many friends to regret the new deal.

Mr. Marshall, besides having owned and managed the elevator formerly for many years, is a village president and treasurer of the South Lyon board of education—a progressive business man and citizen.

Both men have earned reputations for honesty and fair dealing and while Mr. Cogger will be missed, it is a pleasure to know that the business will remain in the competent hands of Mr. Marshall—South Lyon Herald.

# O-PER

Perspiration  
Odors are  
Inexcusable

PERSPIRATION and other body odors are so elusive. We detect them instantly in others—but often haven't the slightest idea that we give offense ourselves.

O-Per removes all doubt—gives confidence of perfect freedom from offense at all times and under all conditions.

O-Per instantly destroys the odor, caused by perspiration and gives one a feeling of delightful cleanliness and freshness—even after vigorous exercise.

On Sanitary Napkins—with local application—it absolutely solves one of woman's most annoying problems.

O-Per positively will not irritate the most delicate skin—on the contrary it soothes and relieves irritation and prevents chafing.

Does not stop perspiration entirely or close pores—cannot stain or injure delicate fabrics. A delightful toilet necessity for men, women and children.

Feet Famous for tender, aching, perspiring feet. Orders absolutely controlled. Try it.

**You see *all* the road when you drive a Buick**

The dreaded "blind spot" is gone forever! In Buick for 1928 closed car front posts are narrowed so that *all* the road, ahead of you and at the side, is clear.

And thanks to the efficiency of Fisher craftsmanship, these slim corner posts have even greater strength than the type formerly used.

**FARMINGTON TRYING TO GET DETROIT STREET CAR SERVICE—CLUB BACKS PLAN**

The action of the Farmington Exchange Club toward bringing trolley express service of the Detroit department of Street Railways to Farmington has resulted in an announcement that Det. Al Smith, manager of the Detroit system, will visit Farmington soon and look over the situation. The announcement was made at the Exchange Club meeting Wednesday noon by Howard Warner.

Mr. Warner was appointed last week by President Carl Hoge to investigate the possibilities of obtaining a regular car service from Farmington to Detroit. Mr. Smith is out of the city at present but is expected to return soon and come to Farmington in the near future.

Meanwhile, the state is rushing with all possible speed the Grand River widening program. A large number of men with teams and tractors are at work on the grading. Work is in progress on both sides of the trolley tracks, west of Hemlock stop. The widening is to be carried out 3,000 feet west of this point, and apparently the state plans to utilize land on both sides of the car tracks for the wider road project.

It is expected that the grading will be completed within a short time and that the concrete will be laid in time for use through the winter. No information has been forthcoming as to whether the widening program will be taken up next spring, at the point to which it has been carried thus far.

One strip of the new pavement east of Hemlock stop on the north side of the trolley tracks is laid with concrete, and the remaining 20-foot strip

is ready for paving. Farmington Enterprise

**ACTION OF THE TOWNSHIP BOARD IN SCHOOL MATTER IS REVERSED IN COURT**

At a meeting of the township board of the township of Northville held July 2nd, 1927, it was voted by said board to change the boundary lines of school district No. 3 and attach a portion to school district No. 2 of Northville.

The township board voted at that time to take 930 acres of land and all personal property belonging to the same and attach to school district No. 2 of Northville, leaving only 820 acres to maintain a district school.

The taxpayers of school district No. 3, feeling aggrieved, not only at the way and time that the action was taken, but also the amount of taxable property involved, appealed from the action of the township board to the circuit court commissioner of Wayne County.

The ruling of the commissioner was that the township board was not within its legal rights in the action.

The amount of property taken by the action of the township board was not reversed by the court, in being found that the said township board did not abide by the school laws of the state.

By the ruling of the circuit court commissioner the action of the township board was reversed.

The Masonic school of instruction which had been called for next week to be held in Plymouth has been postponed to a future date not yet announced. Secretary Fredk. Hedge will send out notice just as soon as he is advised as to the time fixed for the event.

The rummage sale which had been planned by the Woman's Union of the Presbyterian Church has been postponed to November. However, if you have any articles you desire to turn over to the ladies to be disposed of at this sale when it is held, call either phone 163 or 109.

Mr. and Mrs. Charles Tait have moved to Plymouth where they will make their future home. They are located on a farm a short ways out from the community. Their many Northville friends will be pleased to know that they are nicely located on one of the good farms of Hillsdale county.

Work on the new concrete bridge over the Pere Marquette tracks on Griswold street is progressing very favorably. The construction of the new bridge near the Ford plant will be started in the near future. However, Griswold street will not be paved by the County until in the spring, it is understood.

Chief of Police William Safford will within the next few days have the proper blanks for the registration of all revolvers and small arms in Northville. It will be unnecessary for local residents to send their registrations to Detroit as he will be able to make the proper legal registrations. The new law has made it a felony to possess an unregistered weapon.

The Northville Blue Lodge, F. & A.M. Number 186 is already making plans for its second annual "Blue Lodge Ball," the date for which has definitely been decided on Thanksgiving Eve. The various committees are already at work making the arrangements and it is hoped to make this a great success with the American Legion and Eastern Star dances as one of the big parties of the season.

The Misses Elsie Starnan and Helen Tuck entertained about thirty guests at the latter's home Friday evening, October 6th, the evening being a miscellaneous shower in honor of Miss Ina Wilfert, a bride of the present week. The home was very attractively decorated in pink and white. Games and music furnished most of the entertainment. About 10:30 the bride-to-be was placed in the center of the room and gifts presented in a very clever way by little Elizabeth Mercer. She brought her play wagon loaded full of gifts. Even the wagon was prettily decorated in pink and white colors. Small presents and cards were also given. Refreshments were served by the hostesses.

## FALL FESTIVAL REAPS HARVEST FOR M. E. CHURCH

Auction of Fruits and Vegetables brings in Nice sum for the Church

"And what ain't I offered for this? Only 50 cents? That's giving it away! A dollar? That's better. Who'd say a dollar fifty? Well, say two dollars? SOLD! Sold to that fellow right over there for two dollars."

"And all that the sack contained was a quart of beans. But who wouldn't pay two dollars for it when Frank Hills was auctioneering off the fruits, vegetables, and grains contributed to the annual harvest festival of the Methodist church held last Thursday evening. The buyer was Sherrill Ambler, but like every other buyer who bid in the many good things sold, he was just as pleased over his purchase as the committee in charge was with its end of the transaction.

Lucius Blake had no chickens. He never had one, but that didn't keep him from buying two or three sacks of chicken feed.

"Maybe I can get some of my neighbors' chickens to come over in my back yard if they know I've some chicken feed," stated Mr. Blake.

One Tewksbury didn't like strong beans, but he paid a ransom price for a 15 cent can.

"But didn't the cake go good?" Auctioneer Hills held up a package that looked like a cake and so anxious were the buyers to get some of the cake made by Methodist ladies that some one bought a quart of grain bread for \$2.50.

No Glen Charter didn't buy fine apples, potatoes, tomatoes and hot peppers for some wholesale house, he bought them for himself, the food he auctioned. A morning soon had to take care of his purchases.

And when the ladies set their minds set on a "bid" there was no need to bid against them, for they never quit. Didn't Mrs. Rev. Castner, Mrs. Black, Mrs. F. S. Neal, Mrs. William Richards and the other ladies set everything they bid on? But what matters the price, just so they got what they wanted.

And the audience was pretty poor. He got the ladies bidding as often as he could. It worked well—that is it worked well for the church treasury.

Pounds of bushels of various kinds—fruits of all kinds, canned goods, grain and flowers were contributed to the church. Capt. Dennis of the Detroit House of Correction farm supplied a very liberal contribution of products of the farm.

Everything sold at a good price and everything was sold. There was a good turn out, probably not as large as a year ago, but the affair was nevertheless finanacially sound. Rev. William Richards was pleased with the results.

Proceedings in the auction sale of fruits and vegetables in brief and interesting talk was made by Rev. Mr. Price of Mt. Clemens, who drove up at the request of Rev. Richards.

THINCS COAT OF PAINT MAY HELP PURIFY FIRE WATER SUPPLY OF FARMINGTON

At its regular meeting Monday night, the Farmington City Commission took up the question of the water storage tank, which was the subject of some discussion during the past summer, while the water is under him of the city health officer.

The Commission decided that the tank should be cleaned and painted, and City Clerk N. H. Power was authorized to secure bids on the job. The work will probably be done this fall.

The Commission also decided upon an audit of the books of the city treasurer and city clerk. The audit will be made by the concern which previously handled the work.

Commissioner Carl Boileau presided in the absence of Major Wess D. Butterfield—Farmington Enterprise.

**New Way to Dry Clean Clothes at Home**

I save many dollars by dry cleaning our clothes here at home. A few cents buys enough Schieffelin cleaning soap to save five to ten dollars. And it's no trouble at all; never thought looks just like new when it comes out.

Everything around the room that would be harmed by ordinary soap and water can be quickly and easily dry cleaned and made to look like new. Just a little Schieffelin's soap, dissolved in warm water, and you can use it to clean clothes or absorb under Gel-Solvent. It dries sooner and is always and stays clean.

**MUST GET PERMIT FROM FARMER TO HUNT ON HIS LAND****New Law in Effect Makes Big Change in Rights of the Hunters**

With the hunting season just starting Northville hunters will be interested in the law enacted by the last Legislature, prohibiting hunting on any private land without the consent of the owners of interest. The permit to so hunt need be oral only, an attempt to have written consent made necessary having failed.

Conviction of hunting on a man's farm without permission may be punished by a fine of not less than ten dollars nor more than \$50 or not exceeding 90 days in the county jail.

The text of the law follows:

"Sec. 1. No person shall hunt with firearms or dogs or any other manner, in any public park or public game preserve, at any time. No person shall hunt with firearms or dogs or in any other manner, upon any farm lands or farm wood lots, connected therewith or within the enclosed lands of any hunting club or game preserve, without the consent of the owner, or lessee, of such lands or lots.

"Sec. 2. All prosecuting attorneys shall be in the name of the state of Michigan, and shall be brought before a justice of the peace, magistrate, or other court of competent jurisdiction in the county in which the offense was committed and within one year from the time the offense charged was committed.

"Sec. 3. It shall be the duty of all prosecuting attorneys of this state in their respective counties to see that the provisions hereof are enforced and to prosecute all persons charged with violating the provisions herein, but prosecutions before a justice of the peace on the complaint of any such owner, lessee or agent may be made without complaint, prima facie, of consent of the prosecuting attorney.

"Sec. 4. Any person violating any of the provisions of this act shall be deemed guilty of a misdemeanor and upon conviction thereof shall be fined not less than ten dollars, nor more than fifty dollars and may be com-

mited to the county jail until such fine and costs of the proceedings are paid, not exceeding thirty days; and for a second or any subsequent conviction he shall be punished by a fine of not exceeding one hundred dollars and in the county jail for a period of not more than thirty days.

**SOUTH LYON EASTERN STAR CELEBRATES ITS TWENTY-SIXTH BIRTHDAY**

Twenty-six years have passed since the organization of Eastern Star Chapter No. 298, Order of the Eastern Star, and the event was observed with a program and supper at the Masonic Temple Tuesday evening when a special meeting was called for initiation.

The goodly number in attendance did ample justice to the bountiful pot-luck supper served at 7 o'clock.

This was followed by the work of initiation. Rooms of the Temple were decorated with bouquets of autumn flowers in various shades.

The program rendered was a very enjoyable one, and was announced by the Worthy Patron, Forrest Phillips Mrs. Celia Calkins of Orange, Calif., a charter member of the Chapter was present and was the first one called upon for a brief speech and she graciously responded.

Mrs. Tom Felkerth gave a reading "When a Fellow Is Sick," which was heartily received by her audience.

She was obliged to respond to an encore.

Chas. Field was the next to be called on for a talk and Mrs. Alice C. Morgan rendered a beautiful selection on the violin, accompanied at the piano by Mrs. Harold Granger. They were obliged to respond to an encore.

The last number was a vocal selection, "Old Black Joe," by the trio Messrs. A. M. Bentley, H. C. Stevenson and Harold Granger, accompanied at the piano by Mrs. Harold Granger. These folks found it necessary to respond twice to encores. At the close of this number, Mrs. A. M. Bentley, Worthy Patron of the Chapter thanked the committee in charge of the program and the participants for the success of the event. Those privileged to be present deemed it a most enjoyable event. —South Lyon Herald.

## CO-OPERATION

Co-operation is necessary for the successful carrying on of any venture. It can be said that co-operation is the basis of success, for where in history can we point to great success without the aid of co-operation?

Co-operation is nothing more nor less than discipline, and discipline is two types, enforced or self-assumed.

In the case of army co-operation between the officers and the private is easily achieved through enforced discipline.

It is an evident fact that times are often unsuccessful in their campaigns.

To come nearer home let us take the high school football team. Two weeks ago on Saturday, September 29th, Northville defeated Detroit Eastern.

This victory was accomplished through co-operation or team play. The cooperation that was necessary to win the game was the result of discipline and it was fairly safe to say that it was also performed to a large extent.

There was no one on the field to enforce co-operation among our players and if they accomplished that which they were not conceded a chance by

ourselves to do. They defeated a team from a school several times larger than our own on a field in which none of them, and with only a few, cheered them on to victory in consideration of the number of roosters that were cheering their opponents, and the fact that Eastern was playing on its home field.

Again, Northville defeated Wayne, a team that won from Northville on two occasions last year. It is not evident that co-operation is achieved through Self Discipline in the case of Wayne, for they did not go to school to build a foundation for our future life, therefore it is evident that we should strive to build that foundation those things which are to be of the most use later in life.

Why should we not place co-operation, since it is an attainment of success?

Co-operation with the Student Council and your teachers, be practical, study harder, strive for better order in the assembly room and in classes and you will find that school will run more smoothly and pleasantly than in the past and you will be showing a high school spirit.

## STUDENTS TO PATROL HALLS

**IN ATTEMPT TO STOP THIEVES** — The Student Council has arranged several of the high school students' special duty in the halls during the various periods of the day.

According to several members of the Council, the purpose of this is to put an end to the thefts that have been going on in the halls of the high schools. The "walking of scaring apparel" and filling of desks are several instances that this arrangement is expected to go away with. To give the students, from leaving the assembly room without permission and also to stop students from loitering in the corridors during class periods.

"The Star Spangled Banner" was written 113 years ago, but very long as historical periods are reckoned, and already there are several people who know the first verse. — Detroit News.

Art Lyke in geometry class: "What are my marks so far?"

Mr. Cohn: "All I can see is a lot of little round holes."

"Art" — "You must be looking on the wrong page."

When visiting the city for the first time, Harry Rathbun from Salem suddenly came upon a springing cart in full operation. In great anxiety he ran after it, calling to the stupid driver: "Master! Master! You're losing all your water."

Miss Lister in English Lit class: "What were Specker's disappointments in Ireland?"

Leon Ogilvie: "He got married."

Lewis Shepard: "I seen Miss Parks." "No Lewis, you saw Louis," somebody told me.

Leon Ogilvie in typewriting class: "Say, Janet, your neck reminds me of the typewriter."

Janet: "Why?"

Leon: "Because it's underwood." Found on a Freshman's registration card.

Question: "Give your parents Answer: "Mamma and Papa — Missouri Outlaws."

Miss Draper: "Where were boys educated during the Middle Ages?"

Bob Sedan: "Why in 'Knight school' of course."

"Spell ferment and give its definition," requested the teacher. "Fer-ment-a-tion" "to work" nobly responded Keith.

"Now use it in a sentence so that I may be sure you understand it."

To-mor weather I would rather play tennis out of doors than torment in the school house" — King World.

What A One Cent Sale Is!

It is where you buy an item at the regular price, then another item of the same kind for one cent. As an illustration: The standard price of Klenzo Dental Crème is 50c; you buy a tube at this price and by paying 1 cent more, or 51 cents, you get two tubes. Every article in this sale is a high-class standard piece of merchandise, just the same as is sold every day at the regular price.

This sale was developed by the United Drug Co. as an advertising plan. Rather than spend large sums of money in other ways to convince you of the merit of these goods, they are spending it on this sale in permitting us to sell you a full size package of high standard merchandise for 1 cent. It costs money to get new customers, but the sacrifice in profit is justified, knowing the goods will please you.

## PASSING OF HOTEL OWNER OF YEARS AGO RECALLS PAST

**Ambler Family had Much to do with early development of Northville**

The passing of William E. Ambler, pioneer business man of Northville and one of its active citizens over a long period of years, is of more than ordinary interest to residents of the community, especially to those who were more acquainted with the activities of this place some 15 or 30 years ago.

It was the Ambler family that, say to Northville, its first big hotel, a structure that was regarded in its day of construction something like "Fulton's folly," was to many who watched the building of the first steamship.

Back in 1902, there was held in Northville, a reunion of the Ambler family and at that time a brief historical sketch of the Amblers was prepared and given to members present.

Because of the fact that William E. Ambler who just died was a grandson of the builder of the hotel and because of the important part members of the family had in the early development of the community the following brief extract taken from this bit of early Northville history is of more than passing interest to the thousands of newer residents of the community.

William Ambler, the grandfather of William E. Ambler, was born in Rutland, Vermont, July 4, 1799.

He was the son of Dr. William and Mrs. Ambler, who moved to South Bend when he was but a small boy.

When at the age of eighteen, the Grim Reaper carried off his father and left him to care for his mother and keep the home together.

It was just such circumstances as this that strengthen the characters of men, that test their "mental" as it were, and perhaps we can point to this circumstance of his early life as the first of refinement which in later years so distinctly marked William Ambler as a character of strength.

He was married to Ursula Ann Randall January 1st, 1826, at Sodus, N. Y. where they continued their residence until 1837, moving in that year with their family to Detroit.

Just at this point let us recall an instance of his life of which we may all be proud.

He was a most ardent abolitionist and life in Detroit offered him an opportunity to do as well as to think.

There existed at that time a society composed of the leading citizens of that city known as the "Underground Rail Road."

Scarcely any who have read history

have not heard of this body of fearless men and women who so hated the blacks in their fight for freedom.

Some of us readily recall hearing Wm Ambler tell of how his residence was often visited by Slave Catchers

where they were always able to outfit

400 in Detroit he organized the manufacture of fanning mills which was continued a little later at Lyons, but only for a short time, till he lived here for about four years, west of Northville, enjoyed better opportunity.

At Lyons he built a team saw mill with a shop, where he made large quantities of lumber bolts which were sold from wagon making long trips into the surrounding country.

In 1854 he moved to Northville, having sold out his business and his farm.

Here he purchased the property on the southwest corner of Main and Center streets, occupied at that time as a dwelling house, which he turned into a hotel.

He only occupied it for three years, however, when he rented it turning his attention again to manufacturing, for he bought the mill privilege of what has since been known as the "Ambler Pond".

Here he built a mill which he continued to operate till his death, which occurred at Northville November 8th, 1863.

It is interesting history to note that the Ambler House was built and opened for business by Wm Ambler in 1858.

If bore this name for more than twenty years. It was the first balloon frame building of any size

that was erected in this part of the country and it was fully predicted that it would fall the first time it was filled.

On the first of January following the opening a grand ball was given, attended by some two hundred couples

and the building is standing yet.

The Ambler House was headquarters for the stage routes to Detroit.

This was the only means of communication then existing.

When the war broke out, soon after the hotel was finished, the house did a large business.

NEW PASTOR FOR SOUTH LYON AND NEW HUDSON COMES FROM UP NORTH

Reverend Charles F. Wolfe occupied the pulpit in both South Lyon and New Hudson Methodist churches Sunday.

The Presbyterian congregation

united with the Methodists at the Sunday evening service.

Rev. Wolfe is the new pastor assigned

the churches here at the recent

Detroit conference and with Mrs. Wolfe arrived here Saturday from Norway, Michigan the Upper Peninsula, having motored the distance.

Mr. Wolfe was pastor of the church at Norway for two years, coming there

from Montana. He was born in Indiana, the son of a Methodist minister.

He is a graduate of both Butler

College of Indianapolis, and Drew

Theological Seminary Madison, New Jersey.

Mr. and Mrs. Wolfe were married

at Princeton, Indiana, the latter's home.

The pastor and his wife were busy

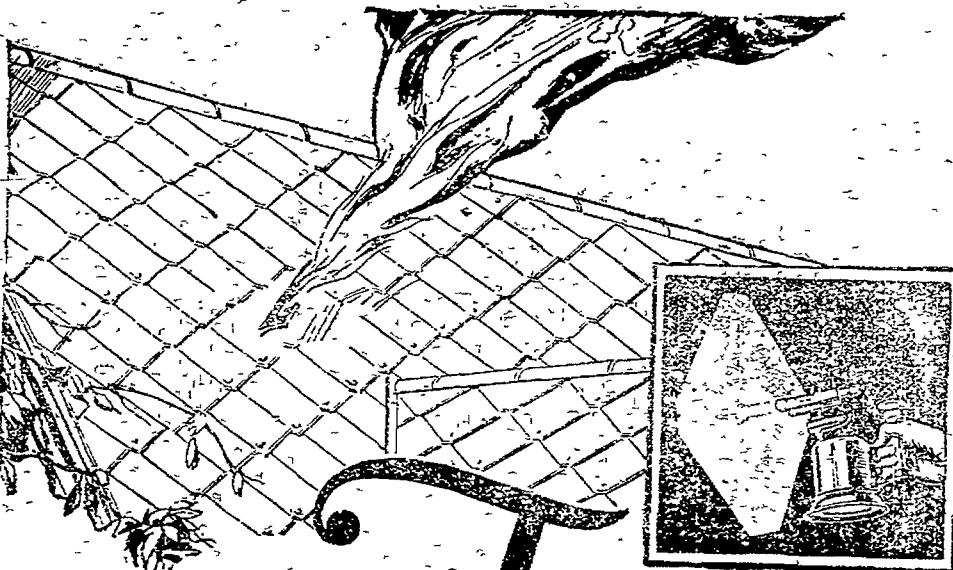

at the task of settling in their new home the first of the week, their goods having arrived by truck Saturday.

We are of the opinion they will find

South Lyon a very pleasant community

in which to make their home.

Welcome them to our town—South Lyon families are indeed fortunate to have such a fine addition to their number.

*Try an' burn it!*

JUST as this shingle defies the white-hot flame of the plumber's blow-torch, it defies the menace of flying sparks and burning brands.

And there is a further economy in a roof of Johns-Manville Rigid-Asbestos Shingles, because no painting or repair cost will ever be necessary.

You roof once and for all with these shingles of indestructible asbestos and Portland cement. The first cost is the last.

You will welcome the interesting,

beauty of these everlasting shingles. Their hexagonal shape gives you a roof of broken line diagonals that is a refreshing change from the stiff, straight lines of ordinary shingles. The shingles may be laid with either side to the weather—one side is a restful gray, the other a blend of soft, warm coloring of solid red or green.

Remember, these shingles will never wear out, curl or change color. They are solid, substantial, permanent.

You ask us for an estimate.

## NORTHVILLE HIGH

(Continued from first page)  
in his tracks. Three plays gained Wayne two yards, and a five yard penalty for offside, after which they lacked to Thompson on his own 20 yard line.

Here occurred what was probably the most brilliant play of the game. Thompson caught the ball near the right side of the field, in which he recovered from the outstretched hands of two Wayne tacklers, and running parallel to the goal line, outdistanced the Wayne ends. This gave him a chance to form the needed interference. He reversed his field, and running behind perfect blocking and interference, threaded his way diagonally across the gridiron, eluding the entire Wayne team, for a touchdown. This thrilling run brought cheers from Northville's faithful rooters and dismal groans from the Wayne cohorts. Murdoch was hurt on this play but remained in the game. Thompson missed the goal.

Wayne again kicked off to Goodale, who returned the ball 10 yards to his 38 yard line. McCordle kicked on first down, but Wayne was penalized for five yards for offside after which Thompson ran right guard for first down. Thompson ran left end for no gain. The next play a trick pass netted 13 yards and George just down from Dick Johnson. McCordle intended to kick after which he threw a perfect pass to Watts who was covered by three Wayne men, on the 28 yard line an outside pass was received by Northville in favor of the gain.

Again he left tackle on the spot, 18 yards out. Thompson crept through the same hole for the two touchdown. Thompson threw a pass to Murdoch for the extra point.

Wayne again elected to kick off this time to McCordle on the 28 yard line. On the first down McCordle kicked outside on the 42 yard line. After three plays lost fifteen yards on successive tackles by Pfeifer and Leavenworth Wayne hunted on the Northville 10 yard line. The descending ball hit McCordle and was recovered by Wayne of Northville's 22 yard line. Two plays gained three yards as the quarter ended.

As the last period started Wayne mounted his first sustained offensive.

McCordle's terror nearly resulted in giving his opponent a touchdown. A pass to Janney took the ball to the 18 yard line and two more passes placed Northville on their own five yard line.

Leavenworth tackled the passed for a 10 yard loss. Murdoch and Wolfson hunted the punter, finally tackling him for a three yard gain. The next pass although completed was not enough and the ball went over to Murdoch on their own six yard line.

McCordle kicked it back 20 yards to the 24 yard line where Northville gave another wild exhibition of bungling the punter taking the ball on down on their own 28 yard line after Thompson gained eight yards and left end and McCordle punts to the Wayne 23 yard line.

Wayne completed a pass to an ineligible lunatic though ball being called back. As the Wayne quarterback failed on the next play, he stumbled but recovered, for no man Murdoch blocked too whooping punk who fell on the ball on the Wayne three yard line.

The second time the ball outside and on the next play Thompson fumbled and Wayne recovered on the five yard line. Wayne kicked on first down to the 45 yard line where Thompson fumbled and Watts recovered just as the gun sounded ending the game.
