

# THE NORTHLVILLE RECORD

VOL. LVIII, NO. 17

NORTHLVILLE, MICH., FRIDAY, NOVEMBER 4, 1927

\$1.50 PER YEAR, IN ADVANCE

## BUILD CUT-OFF ROAD NEXT YEAR PLEA TO THE STATE

### Road Would Relieve Detroit Congestion on Two New Superhighways

**State Highway Commissioner Frank F. Rogers**, and the administrative board have approved two important road projects in Wayne county to be built by the state early next year, that will add greatly to the transportation facilities of the county, according to an announcement made by William F. Butler, chairman of the board of Wayne county road commissioners.

The first step to be taken in making Grand River a superhighway will be the building of an additional 40 foot width of concrete on that road from the city limits west to the Wayne county line. This project has been authorized and construction work will begin early next spring. The new superhighway width of 261 feet, rights of way for which are being rapidly acquired, will be maintained in accordance with the master plan and although the first unit in the superhighway that is to be built will give appreciated relief to a traffic congested road.

The state highway commission has authorized the securing of a right of way on Michigan avenue from the village of Wayne west to the county line, a distance of approximately eight and one-half miles. Survey and plans are being prepared. This announcement should bring about increased effort on the part of residents in this part of the state to have the highway committee of the administrative board act favorably upon the Center street project.

It is the request of the citizens of Northville, Novi, and Plymouth to have Grand River connected directly through to Michigan avenue by a trunk line road or cut-off generally known as Center street, the two superhighways that will be completed next year would be relieved of much of the congestion that takes place near Detroit.

People travelling towards Toledo and other eastern points from up-state would gladly use the proposed Center street cut-off leading from just west of the grade separation at Novi on Grand River directly south to Michigan avenue instead of driving on nearer to the city of Detroit where traffic congestion is always bad. It would benefit Detroit traffic congestion from the south as well. Travellers from Ohio and that part of the country now travel into or near the city of Plymouth in order to reach Grand River road.

If the state should construct the Center street cut-off leading direct from Michigan avenue, about at the west end of where the new superhighway will be built during the coming year, direct north to Grand River it would be the biggest step taken by Wayne county and the state in reducing heavy travel around the west end of Detroit that has been taken in many years.

In view of the work that has just been ordered by the state, every effort should be put forth immediately to see to it that the Center street cut-off between Grand River and Michigan avenue is built at the time that other work is under way.

### FOOT BALL TEAM HAS NEW JERSEYS TO WEAR IN GAME WITH PLYMOUTH FRIDAY

The Northville high school football team will make its appearance Friday against Plymouth all dressed up in brand new orange and black jerseys. Two local football fans appreciating the fact that the Deacon huskies looked rather ragged to win their last few games, decided to improve their appearance by presenting them with new jerseys.

Hoping that the new jerseys would push the local eleven to a sure suburban league championship Doctor Snow and Raymond Watts made the presentation. The sweaters are a solid orange and have sleeves striped with black. They are lettered from L to Z on the back. The Coach and team are well pleased with the gift as well as the student body and intend to show their appreciation by winning the rest of their games and the championship.

### NOTICE TO WATER USERS

Beginning at 12:30 a. m. Sunday, November 6th the water will be shut off while making repairs on pipe line. Be careful of your fires. By order of Village Council

The water will be shut off shortly after midnight Saturday night, and the officials hope to have it turned on before daylight Sunday.

Chief William Safford has been advised that the time has been extended for the registering of guns. He has been surprised by the large number in Northville who possess revolvers. In his office there presently everyone in town has registered their firearms. He states however, that there are a few who expect to make the legal registration of their weapons.

### FORMER RESIDENT LIKES THE NORTHLVILLE RECORD— RECALLS OLD ADVERTISERS

**Editor Record,**  
Northville, Mich.

Dear Sir:—I wish you would send me a copy of the Centennial edition of the Northville Record. I am very much pleased with the paper and am glad to receive it. However, I miss some of the old names in days gone by. The only firms that are advertising in the Record today, as of thirty years ago when I left Northville, are Stark Bros., the shoe men, and the two banks. But I notice there are a number of other advertisers that were connected with the different businesses and organizations when I was there.

If at any time any of the Northville people are in Los Angeles, I would be glad to have them call upon me.

Very truly yours,  
**RICHMOND P. BENTON,**  
303 Union League Building,  
Los Angeles, Calif.

### NO PUSSY-FOOTING FOR UNIVERSITY SAYS ITS HEAD

#### Ignorant Law Makers Should Be Kept Off Impor-

tant Committees

As long as I am at the head of the University of Michigan and as long as the Regent's of that institution see fit to keep me in that position I occupy there will be no pussy-footing in connection with its affairs. I like a man who will oppose you in the open, but the University or anyone else wants opposition which is not in the open," declared President Clarence Little in an address before members of the Plymouth Kiwanis club Tuesday noon. The meeting was one of the largest held by the Kiwanis club of the neighboring community in many years and it was one of the most interesting.

The fact that a Stinson plane has been picked for the test is proof of the success of the flying craft manufactured in Northville.

No aeroplane company in the country is enjoying a more consistent business than the Stinson factory. The plant is still working night and day, and there is no prospect of a let-up.

Harry Gazzam, chairman of the board of directors, was at the factory all day Monday. He is giving much of his personal time and attention in aiding Mr. Stinson and Mr. Marx with the building of what promises to be one of the greatest industries in this section.

The fact that the Stinson plane has withstood every test put to it and that it does not cost as much to operate as some of the other makes has worked greatly to the benefit of the company.

Then, too, it is one of the best types of closed cabin aircrafts made.

### STINSON CRAFT TO BE USED FOR RECORD FLIGHT

#### Eastern Aviator Will Try to Make Longest Sus- tained Flight

An indication of the high estimation that the Stinson Aircraft corporation product is held in came this week, when F. L. Solomon, of New York, purchased a Stinson monoplane, which will be used by his son, Louis G. Solomon, in an effort to recapture the world's record for sustained flight now held by Germany.

The record is now a trifle over 52 hours, having been established about a year ago. The effort of Solomon to break the time will be made at Curtiss Field, on Long Island, and it is probable that the start will be made within the immediate future.

The fact that a Stinson plane has been picked for the test is proof of the success of the flying craft manufactured in Northville.

No aeroplane company in the country is enjoying a more consistent business than the Stinson factory. The plant is still working night and day, and there is no prospect of a let-up.

I like a man who will oppose you in the open, but the University or anyone else wants opposition which is not in the open," declared President Clarence Little in an address before members of the Kiwanis club Tuesday noon.

The University president had direct reference to Henry A. Osborn, representative in the state legislature from Chippewa County, who as chairman of the ways and means committee of the house did everything he could to block appropriations for educational purposes during the last session of the state legislature.

The University president had direct reference to Henry A. Osborn, representative in the state legislature from Chippewa County, who as chairman of the ways and means committee of the house did everything he could to block appropriations for educational purposes during the last session of the state legislature.

Carl Ely is Back  
FROM FLORIDA TRIP:  
BUSINESS BETTER

Says Things are Rapidly  
Picking up—Everyone  
is Boosting

Surprising what an optimistic spirit now prevails in Florida. I have just returned from a three week's trip up and down the eastern coast. Everywhere, newspapers and people were boasting. In fact things look much brighter for Florida than they did a while ago," stated Carl Ely, who just back from a southern visit.

Mr. Ely said he was surprised at how attractive the homes and vacant property looked in the larger cities, the various cities, we requiring that houses be kept painted and everything be up in appearance.

There is much road work going on. While there is not much new building, you never saw so many houses as there are there now. It is amazing to find such a remarkable spirit. It makes a fellow feel good to be among them and hear the boasting. The weather was ideal while I was there," he stated.

**ARMISTICE CELEBRATION**

Northville is going to celebrate Armistice Day with what promises to be one of the biggest dances ever held in the town. The event is under the direction of the American Legion and will take place in the high school gymnasium on Friday evening, November 11th. See some of the Legion and get all details about the affair.

William Elkington of Casterline & Elkington, took an aeroplane trip to Chicago a few days ago. Dick Allen, one of the fliers of the Shaw Publishing Company, owner of a Stinson plane, stopped at the Stinson Northville airport on his way to Chicago, from an eastern trip, and he invited Mr. Elkington to accompany him to Chicago. According to the Northville resident over half the trip was made above a big fog, which totally eclipsed any view of the earth.

Members of the local Exchange Club were entertained Wednesday by John Enright. Mr. Enright, well known in Northville, gave the club a few laughable stories and ended his short talk by reciting a poem he had written years ago.

**HARRY GERMAN, SP., TO TRY FOR NEW WORLD'S RECORD**

HARRY GERMAN, SP., TO TRY FOR NEW WORLD'S RECORD

Great Crowd Expected to  
Watch Him Try and  
Pitch Three Straight  
Games Sunday

Harry German, Sr., already the possessor of one world record, will Sunday in Northville, mean or to create a new world record in baseball. This time his trial will be for endurance and his physical fitness will without doubt enable him to win the honor he is seeking.

His opponent Sunday will be to pitch three straight games of baseball, and if he is able to go through all three games it will be a feat no other baseball player has ever been able to accomplish.

The world's record already held by

German was accomplished in 1902,

when he was pitching for the Toledo

team in a game at Louisville. This

was a speed record, the game being

twisted in one hour and eighteen minutes, a feat that has never since been equalled by another pitcher.

It is doubtful if there is any either

in Northville who possess revolvers. In

his cellar there presently everyone in

town has registered their firearms.

He states however, that there are a

few who expect to make the legal

registration of their weapons.

The chief of police has been advised

that the time has been extended

for the registering of guns. He has

been surprised by the large number

in Northville who possess revolvers.

## NOW IS THE TIME TO PREPARE FOR CHRISTMAS RUSH

Postmaster Offers Suggestions for Co-operation on Part of Public

Postmaster Frank Neal is already beginning to prepare for the Christmas rush of business. Notice from the postmaster general at Washington that this is the time to make ready for the big rush that always comes at Holiday time has found a ready response in the Northville postmaster.

Following is a part of some of the suggestions pertaining to public co-operation relative to Christmas mailing sent to the Northville postmaster from Washington:

"The tank in the air and the wonderful colors of autumn leaves evidence the fact that another year is nearing its close, and that the holiday season with its spirit of good will and cheer will soon be here."

"Christmas is a time of joy and gladness, and the custom of exchanging gifts, greeting cards, and other remembrances which is so generally followed during the holiday season is one of the main factors in promoting this happy condition."

"The observance of the custom of exchanging gifts greatly increases the volume of mail during the month of December and it is therefore necessary to do everything possible to facilitate and expedite its handling."

"A sentimental value is attached to Christmas mail, and, in order to be in keeping with the purpose for which it is sent, it should reach the addressee in time to give him full measure of happiness and cheer on Christmas Day."

"Postmen should be pleased to assist in the promotion of this benevolent spirit."

"At the same time they should earnestly seek and develop the cooperation of mailers in the preparation of their Christmas mail, since such co-operation is an important and necessary factor in effecting its satisfactory movement."

"Persons should be particularly urged to comply with the conditions set forth below, the observance of which will accomplish the end desired, and thus promote the pleasure and satisfaction of all concerned."

"Postage—Pay postage fully on all mail matter."

"Addresses—Address all matter plainly and completely in ink, giving street address or box or rural route number whenever possible. Place sender's return card in upper left hand corner of address side. Tags should not be used unless necessary, in which case a copy of the address and return card should be placed inside the parcel for identification if tag is lost."

"Packaging and Wrapping—Pack articles carefully in strong, durable containers. Wrap parcels securely, but do not tie them except when bearing a printed label or endorsement reading 'Contents: Merchandise'."

"Labels—Weight and Size—Parcels may not exceed 34 inches long and girth combined, not weight more than 10 pounds if for delivery within the first second of traffic zones or 10 pounds in any other zone."

"Permissible Additions and Inclosures—Parcels may be marked 'Do not open until Christmas' if being permitted to open for delivery early mailing. Winter greetings such as, 'Merry Christmas,' 'Happy New Year,' 'With Best Wishes,' and names, numbers or symbols for the purpose of description may be used, with third or fourth class parcel postage. Books may bear dedicatory inscriptions not of a personal nature. Other written additions subject parcels to letter postage. Do not inclose letters in parcels as doing so would subject entire parcel to letter postage. Communications prepaid at the first class rate may be sent with parcels prepaid at the third or fourth class rate by securing attaching the envelopes containing the letters or other written matter to the outside of parcels."

"Seals—Christmas seals or stickers should not be placed on the address side of mail."

"Insurance—Valuable parcels should be insured."

"Attention is renewed to previous campaigns to discourage the use of small or odd-sized greeting cards and envelopes, which is a practice costly to the postal service. The cooperation of manufacturers, dealers, and the public generally in the elimination of small sized cards and envelopes to the end that postal service may be relieved of the burden of handling them is desired and should be sought and cultivated. It should be suggested that in no case should cards and envelopes be smaller than 24 by 4 inches, a size somewhat larger being preferable."

**GRAND RIVER ROAD PAVING  
TO BE FINISHED IN THE NEXT  
FEW DAYS—LITTLE WORK LEFT**

As soon as the concrete curbing is poured, the Grand River paving west of Seven Mile road and on the north side of the street will be completed.

The concrete pavement has all been laid, and as now in the process of curing which lasts from 21 to 28 days,

work is continuing at a rapid pace,

and it will be only a short time before the new 40-foot stretch of paved road will be thrown open to the public.

This extends about one mile west of Seven Mile road.

Grading has been completed on the south side of Grand River avenue from the point where the car tracks cross over to Seminole Woods subdivision.

Paving will be done on this stretch next spring. This is part of the Grand River superhighway plan.

Redford Record.

"Sir Henry Wyat gave as a reason for always having a cat painted beside him in his pictures that while imprisoned by Richard III, a cat brought him a pigeon daily for food and kept him from dying of cold by permitting him to caress her."

## FRANK CODY WILL ADDRESS MEN OF M. E. CHURCH

Noted School Official Secured for First Meeting of Present Year

An announcement has just been made that Frank D. Cody, superintendent of schools of Detroit, and regarded as one of the leading school executives of America, will be the speaker at the first of the men's meeting of the First Methodist church.

He will be in Northville on Thursday evening December 1st. Complete plans for the event will be announced at a later date, but the committee in charge is greatly pleased to announce at this time that Mr. Cody will be the speaker of the evening.

Mr. Cody has for a great many years been in charge of the public school system of Detroit, one of the largest in the United States. He is also a member of the state board of education, and has had much to do with bringing educational standards of Michigan up to the high standards that prevail. He is an interesting speaker, and there is no doubt but what a big crowd will be out to hear him.

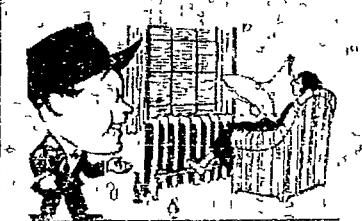

### D. U. R. TO RUN CARS OUT TO FIVE POINTS IN NEXT FEW WEEKS, SAYS REDFORD PAPER

A level of loop track will be installed at Five Points by the Detroit Street Railway within the next thirty days according to the present plans of Dr. A. Smith, general manager of the department of street railways.

Negotiations with the Wayne County Road Commissioners for suitable parking facilities at this point have not yet been completed. Mr. Smith stated Wednesday, but it is expected these will be concluded very shortly.

Redford Record.

### PHONE OPERATOR AT FARMINGTON IS HEROINE OF BLAZE

Prevents Destructive Fire  
by Daring Damage is  
but Slight

Fire in the hallway of the building occupied by the Telephone office at Farmington presented a critical situation for Miss Barbara Emston, night operator Sunday morning, October 20. Miss Emston heard someone come up the stairs about midnight. The usual pay station call was not received and some concern was felt as to what the visitor was up to. A considerable period of time, and during which she did not hear the party leave the building followed, and she finally decided to investigate. On stepping into the hall she found the stairway leading to the street on fire. When she endeavored to return to the operating room, she found that the spring lock had cut off retreat and a possibility of turning in a fire alarm. In this trying situation Miss Emston had to find a way out.

An air shaft running from the basement of the building to the roof provides ventilation for the hallway and an interior room of the exchange quarters. Miss Emston raised a window opening into the air shaft and found that fortunately the window of the exchange quarters was not locked and could be opened from the air shaft. She then crawled through the window ledge to the other, and called the fire department, who soon had the fire under control. The fire department removed Miss Emston from the smoke-filled operating room with a ladder from the street side of the office. The occupants of the second floor, Dr. Weaver and the telephone company suffered some damage from smoke and water. A hole was burned in the ceiling of the barber shop on the first floor of the building. Fortunately the water used by the department did little damage to the electrical equipment of the telephone exchange, and there was no interruption in service.

**TO CELEBRATE NEW  
BRIDGE OPENING**

The 810-foot bridge which spans the Clinton River Valley at Rochester Mich., and separates the grades of the Detroit United line, the Grand Trunk railroad and the Rochester highway is at last completed, and Rochester will properly celebrate the event by declaring a holiday and general celebration for Wednesday, November 8th. There will be a dedication ceremony, parade, games, a continuation free movie show, free eats and a dance in the evening. Music will be furnished by band and orchestra. Business men of Rochester and vicinity have donated more than 100 prizes, which will be given away to lucky ticket holders.

Another miracle in engineering has been wrought. Let a hill, situated and Rochester gets over on the level. Let's go and help them celebrate.

**WOMAN'S RELIEF ROBES NOTES**  
Regular meeting November 8th  
Pot-luck dinner at 6:00 p.m. followed  
by regular work at 7:30 p.m.  
Remember this is the date of inspection  
of our work by the department  
president, Mrs. L. C. C., so let us have  
a large attendance.

Committee will call at your homes  
the first of next week for your canned  
fruit for soldiers' annex. Please have  
it ready.

### NORTHVILLE Twenty-Five Years Ago

(Items taken from The Record  
files of 1902, for the week corresponding  
to this week)

The D. P. & N. has equipped one of  
the cars with an electric heater and it  
works very nicely thus far.

George Pickell is assisting in the  
taking of fish by the U. S. Fish Commission  
at Grassy Island these days.

The fine new stairway "up the bank"  
on the town side of the Pere Marquette  
depot fills a long felt want, and  
is the subject of much favorable comment.

Ray Richardson and Budd Jones,  
members of the physics class, recently  
constructed a very neat wheel and  
axis for use in testing some of the laws  
of machines.

Miss Borridel Parmenter and Mr.  
Erwin Arthur were married Wednesday  
evening at the home of the bride's  
parents by Rev. O. M. Thrasher, in the  
presence of about thirty guests.

The periodically recurring dog poison-  
ing miscreant is again abroad in Northville.

This week's victim have been T. E. Murdoch's little spaniel "Channie" and A. Grey's bird dog.

The Northville hunters left Wednesday night for Oscoda county on their annual hunting trip. The party consists of Messrs. Houston, Morris, Barden, Scheinfeld, Sessions, Milburn, Olde and Kimmel, and will be absent until

about the 20th of the month.

Mrs. Roy T. Smith of Fort Collins Colo., formerly of this place, has gotten

decidedly ahead of her lady friends  
here by going west. A letter received

from R. T. to Frank Moore conveys the  
information that Mrs. Smith cast her

first vote at the recent election. We  
congratulate the lady on her emancipa-

Hoyt L. Woodman of this place and Miss Georgia Callaghan of Lansing were united in marriage at the M. B. parsonage Wednesday afternoon, by Rev. Shank. Mr. Woodman is cashier in the auditor's office at Lansing and the bride is the only daughter of Russell Callaghan, one of Lansing's prominent citizens.

Vera Calkins left this week for New York City, where he has secured a

position with a designing firm, and  
where he will be able to take a course

in art school. Vera is one of  
Northville's most popular young men  
and while abroad he failed to know  
of his success, yet at the same time

### HERE IS WHAT THE NEW BUNK SIX IS SAID TO BE LIKE

Dayton Bunn Receives Data  
from Detroit that is of  
Interest

Some friend of Dayton Bunn over  
Detroit, has sent to the Northville  
representative of Henry Ford's indus-  
tries, the same gentleman being pres-  
ident of the Exchange club, super ex-  
traordinary and Northville promoter  
in general what is said to be a de-  
scription of the new car soon to enter  
the American automobile market.

So good is the description that it is  
published in part as follows:  
"Sheetless Valve" motor improves  
with a noise. The simple coke that  
gathers on the pistons the better it  
goes. All the advantages of an  
Hemi-Head motor. None of the dis-  
advantages of a cold-in-the-head  
motor. George Bang's Rubber  
Fenders. Barney Google's Spark  
Plugs. Loose Nut Steering Gear.  
Loveburns Shock Accelerators.  
Whosis fusilage control and dirigible  
balloon tires enable the driver to lift  
the Bunk Six instantly over all ob-  
stacles. The Bunk Six Aero-Car  
inlet effects such great saving in  
gas that it is necessary to drain the  
gas tank every 500 miles to keep it from  
overfilling. Accelerates from 5 to  
50 miles in a fifth of a second. The  
Bunk Six is so full of unrestrained  
power that it gets away the instant  
you put your foot on the running  
board. Totally unconscious of all  
hills, not a shake or a shudder, never  
loses speed and no control. World's greatest value equip. car.  
Has the greatest all-around value.  
Evident artistry and raw originality  
for pecuniary people. Stable think-  
ing people will buy the Bunk Six.  
Sell your horses; the covered wagon  
is a back number." Prestige deserted  
by the unregenerate of extinguished  
owners. The dynamic Bunk Six out-  
punks even the Bunk Six!"

## Editorial

"Be Prepared" is the watchword and motto of the Boy Scouts of America, and is excellent advice. Some famous statesmen have said that the only way to avert war is to be prepared for it at all times. While it is not possible to avert an exam by being ready for it at any time, it nevertheless makes it easier to write and of more value to us. Although it is not actually harmful to cram for an examination, it is of little value when cramming one is in a hurry and little inclined to pick out the really important facts, and the general inclination is to attempt to remember a good deal of unimportant material. Then too, knowledge gained through cramming is held in mind for a short time, which is sad to say is what many students desire.

Cramming is the practice of attempting to memorize a whole course in a few hours just before an examination, which is reported to by students who are behind in the course. The exams. He has a great strain on his mind, which is undoubtedly used to such sudden surges of energy or it could not be induced to cram. One can gain real useful knowledge that will last for ever after the completion of the course, one should work at it slowly and not have to cram. When trying to cram, I can say from my own experience

J. A. K. C. C. B.

## TURNS CANIBAL

The ill-fated crew of the "I. A. H. A." celebrated Halloween by

stealing meat from their dinner

but the members of their dinner

neglected to roast the steaks. So a

casual observer was horrified to see

the numberless numbers of the

canibals about the fire with a

chunk of raw beef steak in one hand

and a huge bottle of Worcester sauce

in the other. When questioned as to

their motive, they replied that raw

meat greatly increased their strength

hence the meal.

It has also been noticed that said

canibals were extremely savage this

morning, evidently responding to the

primitive instinct, as seen in every

man, etc.

Groom?

## SILENT SPECTATORS

"MOANS"

"ECHO THROUGH H. S. HALLS"

Hysterically inclined students will

have a chance to "moan" their joys

of the Armstrongs, it is announced that

twice a week we'll have a singing

period. Those students who wish to

see their more sensible classmates

may have a study hall during it.

This suggestion was enthusiastically

received by the majority of the student body. It is for no other reason

than to avoid classes, and when Miss

Duchaine to the front of the room

to lead the High school "moans" everyone

seems in a good humor. And I

must say that we (she) did very well.

The sixth grade had a hallowe'en

party last Monday afternoon. The

students were dressed like clowns,

witches, old maids and in many differ-

ent costumes. In the evening a few

of the teachers and sixth grade stu-

dents went on a "wimpy" roast in

Bloom's woods.

## HALLOWEEN CELEBRATED

**IN GRADE SCHOOL**

Hallowe'en was celebrated in the

grade school Monday afternoon, Octo-

ber 31st, by a party for each grade

for the last week the children have

been making posters, favors and other

decorations for the party.

At noon they came back to school

as usual. School was only to be held

until two o'clock. Each one wore a

costume. At two o'clock books were

laid aside and the party began.

Games were played after which re-

fresments were served. Then to give

the high school a treat they came over

and paraded around the assembly in

their costumes.

## ALUMNI NEWS

Harry S. German, a graduate of the

class of '34, is now a member of the

school board.

Miss Dorothy Dubois of the class

of '17, is teaching in the grade school.

Miss Olene Eden of the class of '22,

is teaching the sixth grade at year.

## FIRE DRILLS HELD LAST

**WEEK IN HIGH SCHOOL**

Several fire drills were held Wednes-

day and Thursday, October 26th and

under the new system worked

well. The chief of police and cer-

tain officers were stationed in the halls to

keep order. The time for clearing the

building was better each time a fire

was held, but is not yet up to

expectations.

## THE ABSENT-MINDED

**BRIDEROOM TO BE STAGED**

**BY THE STUDENTS**

The "Absent-Minded Bridegroom"

a one-act comedy will be staged in

the school auditorium November

22nd according to Miss Hoag.

The play is under the direction of

Miss Hoag, and is supported by

the students selected from the student

body. It will be given to raise money

for the library fund.

## PAVING PROGRAM TO BE FINISHED NEXT FEW WEEKS

### Excellent Progress Being Made on Improvement Work About Town

Northville's extensive paving under-taking is speeding toward completion as a general survey of the work shows that more than half of the new asphalt has been laid. With the final touches Dunlap Street has been completed with the full length, and within the next few days Clark, Hutton, Rogers and Cedar streets will be open to traffic. The base to the new pavement is new being laid on Eaton Drive and Thayer Boulevard.

Unusual speed has been made in the paving program, and the whole of the work is expected to be completed in at least three weeks. The work has more or less inconveniences traffic during the last month, but when the new streets are all open it will relieve the heavy traffic on Main street. In view of the fact that many will use the side streets to avoid the main corner.

The widening of Main street will be a marked improvement over the road as it formerly was. Not only will it make traffic conditions more perfect, but it will add to the attractiveness of the street one thousand fold.

### MOTOR CAR SALES FOR 1928 EXPECTED TO BREAK RECORDS

Dodge Official is Preparing  
for the Greatest Year  
in History

E. G. Wilmer, president of Dodge Brothers, Inc., returned on the Aquitania last week from Europe, convinced that the American automobile industry will continue to dominate the world for many years to come.

"Through the use of electric power, automatic machinery, and mass sales method," said Mr. Wilmer, "American motor car manufacturers have placed their products far ahead of the Europeans both in quality and price. As a result, American workmen receive high wages, while the American manufacturer gives the greatest dollar value to their customers. Our company's export business is steadily increasing and Dodge Brothers' export business this fall has run 30 per cent ahead of last autumn."

"Dodge Brothers securities are selling far below their value which has materially increased in the past two years. The company has an earning surplus of about \$1,000,000 and a strong current asset position. Interest and preferred dividends for the full year were earned by a wide margin in the first three months, and there is no foundation for the current rumors of the paying of the dividends."

Mr. Wilmer believes that 1928 will be a big year for the automobile industry and for general business.

"The largely in the production at the Ford plant in and automobile production for the entire industry in the United States has fallen off more than 600,000 cars for the first nine months of 1927, as compared with the same period last year. This represents a very substantial accumulation of orders. Perhaps 1,000,000 persons, who normally would have purchased new and used cars, have been deterred from purchases. These people will soon be ready to buy. Every automobile dealer in the country should receive a share in the business which has been dammed up for months."

It was intimated by Mr. Wilmer that preparations have been under way at the Dodge plant to meet whatever standards are set up by the automotive industry for the coming year.

"Dodge Brothers, which last year was third in the production of cars and trucks," said Mr. Wilmer, "has, like the Ford company, been undergoing an extensive transition. We have been getting our dealers in position to offer their customers a complete line of fours and sixes in passenger cars and trucks. It has been our endeavor to effect this transition without shutting down the factory, and we soon will be ready to go full speed ahead on production of a wide range

### Do You Know?

- 8—Samuel Pepys
- 9—Confederate States of America
- 10—South Africa

of cars and trucks that are designed and built to maintain the highest modern standards of the automobile industry.

Dodge Brothers will be prepared to enjoy in 1928 the biggest business in its history. For a period of 15 months we have been engaged almost exclusively in the readjustment of manufacturing facilities, which will permit us to give the public the greatest dollar value ever offered in motor cars. During this period of readjustment of facilities, passenger car output and sales have necessarily been curtailed. On the other hand, our commercial and truck business, which comprises about 30 per cent of our volume, is showing a steady increase and I anticipate that Dodge Brothers' passenger car sales in 1928 will be the largest in the history of the company.

### LOCAL LIBRARY IS ONE OF BEST SAYS MINISTER

Rev. Richards Leads One of  
Northville's Public  
Institutions

Northville's public library received high praise, Sunday in one of the sermons delivered by REV. William Richards, pastor of the First Methodist church.

"During the week there were one or two historical facts I wanted to look up. My own library did not contain just the information I desired so I went over to the public library and I was delighted with what I found," said.

"The shelves are filled with richness books that everyone will relish in reading. I really didn't know how splendid the library was until I had occasion to use it," he declared.

Northville is one of the few communities of its size in the state with a complete public library. It possesses more volumes than many of the libraries in much larger cities and the Library board is constantly working to improve it. Just recently a number of volumes of books have been added.

The hand salute of the soldier is thought to have originated in feudal days when queen of love and beauty was chosen at the close of tournaments and jousts. The knight passing in review before the throne of beauty, raised their mailed fists to shade their eyes, intimating that they were dazzled by the beauty of the queen.

While exploring the lofty Ruwenzori mountain range in Africa, Dr. James P. Chapin and D. L. Sage of the American Museum of Natural History found glaciers within fifty miles of the equator.

Did this ever happen to you on a cold morning? It has to a lot of fellows who put off getting their Coal bins filled.

Now is a good time to fill yours up. New supply just in.

NORTHLVILLE, MICHIGAN, FRIDAY, NOVEMBER 4, 1927

**AND IT HAPPENED IN AMERICA** of the time he was supposed to serve. Something like two years ago, the A. liberal parading commission in Washington thought possibly eleven months was sufficient punishment. In a federal grand jury of twenty-three men heard the evidence presented, and they agreed that there was sufficient cause to hold him for trial. Later a jury in federal court, composed of twelve men found him guilty of the charge for which he had been indicted from the decision of the district court, he took an appeal to the United States Circuit Court at Cincinnati. This court, after carefully reviewing all the evidence presented, decided that the mayor had been rightly and justly convicted and that he should serve the sentence imposed by the trial judge.

The trial judge gave the convicted official every opportunity permitted under the statutes of the nation to prove his innocence—and in every attempt he failed.

So there is, and has been no question at any time about the guilt of the mayor of Hainfrank. He violated a federal law, and the violation was a deliberate one and showed total disregard for American rights and American customs.

He went to prison, serving a part

of the time he was supposed to serve.

## AN ANNOUNCEMENT

Our Sunday-school will be reorganized next Sunday.

There will be graded classes for children of all ages.

A Bible Class will be organized for adults.

An interesting feature in this class will be a Question Box conducted by the Pastor.

All classes meet at 10:00 o'clock.

You are cordially invited to attend and to enroll.

**ALL CHILDREN AND ADULTS ENROLLING NEXT SUNDAY WILL RECEIVE A SUNDAY-SCHOOL PIN. GOLD PINS WILL BE AWARDED FOR REGULAR ATTENDANCE.**

### WATERFORD

Mrs. Ada Watson attended Teachers' Institute in Detroit, Friday. Mrs. Ida Hughes has sold her home to Robert Bechtel of Hastings. The Ford Motor Co. plant in Waterford is running six days a week with full force. John Bechtel of Dover, Delafield, is visiting his brother, Robert Bechtel, and niece, Mrs. Arthur Goff, 146 M. and Mrs. James Wilson moved Monday from Northville to Waterford into Mrs. Ida Hughes' house. Edith Watson and Lewis Cammon spent the week-end at Charles Peeks' near Ortonville, hunting. Mr. and Mrs. Glyn King and Mrs. Mary Loud motored to Grass Lake last Thursday and spent the day.

Mr. Colvin's Dunbar motored Thursday to Adrian to spend the weekend with his daughter, Mrs. Myrtle McComb.

Mr. and Mrs. Arthur Johnson and children motored Sunday from Ypsilanti and took dinner with their parents, Mr. and Mrs. W. H. McKercherian.

Mrs. Lewis Cammon and family, Mrs. Edmund Watson and Miss Edith Peeks called on Miss Marjorie Peeks Saturday afternoon.

Miss Peeks is attending Ypsilanti Normal School. Sunday morning they motored to the home of the latter's parents, Mr. and Mrs. Charles Peeks.

Naomi Colburn of Waterford school took her pupils on a Halloween Eve roast, Monday afternoon, at Cass Bend Park.

They were glad to have Miss Goff and Mrs. Steinhebel to help in the fun and with the small children.

The children had an enjoyable time playing in the leaves and on the teeter-totters.

The ovation tendered to the returning convict is an affront to decency as well as American ideals. And the pity is in under our present system of government there is no way anything of this kind can be penalized.

Northville Camp Royal Neighbors of America will hold a public card party at Foresters' hall, Monday evening, November 7th. Refreshments.

Mr. and Mrs. John Boyd and Mr. and Mrs. Jesse Boyd spent Sunday in Detroit visiting with relatives.

Several members of the Northville Woman's Club were in Wayne Tuesday to attend a meeting of the Wayne club.

E. W. Lockwood and daughter, Ella, left last Saturday to spend the winter in Florida. They are motoring through.

John Dayton of Plymouth, was in town Monday, to transact some business matters with Attorney Fred Cochran.

Mr. and Mrs. Leo Lawrence entertained a number of their friends at a very pleasant 500 card party, last Friday evening.

Mr. and Mrs. George Neal of Orion were guests over Sunday of Mr. and Mrs. F. S. Neal. Mr. Neal is the publisher of the Orion Review.

Mrs. Clark, better known here as Mrs. Cora Macomber, who has been spending the past few weeks among old friends has returned to her home in Colorado.

Mr. and Mrs. Scott Lovewell attended the football game at East Lansing last Saturday. When the State College team was taken into camp by the Detroit University.

William Smith and John Boyd have left for northern Michigan to make arrangements for their supply of Christmas trees. They expect to be gone about a week.

Mr. and Mrs. C. W. Wilber spent Sunday at their cottage at Orchard Lake. While there Mr. Wilber put away his old fish pole and boat for the winter months.

The Old-Time Dance Club enjoyed a very delightful time Friday evening at the Library. It was their first party of the season, and it was especially well attended.

The members of the Past Time Club gave their first party of the season, Monday evening, at the high school gymnasium. It was one of the most pleasant events of the present fall season.

Rev. William Richards and Glenn Charter left for Florida early Monday morning. They drove down but will return by train. Rev. Richards is taking his vacation in the fall instead of summer. The two will be gone about two weeks.

Members of the Eastern Star will meet this Friday afternoon, at 4:00 o'clock for industry work. Supper will be served at 6:30 o'clock, and at 7:30 initiation will be conducted by Past Matrons and Past Patrons. It is believed there will be an especially good turnout.

On Friday, Nov. 16th, the Rural Club of Detroit Teachers College is giving a semi-formal dance at the Wardell Hotel. Dancing will be from nine to twelve with music furnished by the orchestra. Bids are on sale at Teachers College, 2112 West Grand Boulevard.

Major Elmer Smith has been invited to attend the national airport conference to be held in Chicago December 12th to 16th. However, he finds it impossible to be away at that time. Mayors of many important cities and smaller places where airports have already been created have been especially invited to be at the conference.

Excellent progress is being made on the construction of the two new bridges on Griswold street. The grade separation over the Pere Marquette tracks is nearly finished, and work has been started on the new bridge that will be built over the creek leading back of the Ford factory. Both are of concrete construction. paving of Griswold street will be started early in the spring. This work will be done by the county.

By Watts.

M. J. Murphy has been called to Cleveland by the death of his only brother.

The American Legion Auxiliary will give a card party at Forester's Hall on the evening of November 15.

Mr. and Mrs. J. B. Cook entertained the latter's cousin, Nathan H. Power of Farmington, last Thursday.

Mr. and Mrs. Fred Simmons expect to leave in the near future for Florida, where they will spend the winter.

Mr. and Mrs. Louis Bach and Miss Loreeta Roy of Detroit, were guests of Mrs. Pearl Bach last Sunday.

The Who's Who Club met last Thursday at the home of Mrs. Etta Lewis. The members enjoyed a very pleasant time.

Mr. and Mrs. Liebertau and daughter, Faith, and Mr. and Mrs. Martin Schrader spent Sunday in Walker's Mills with friends.

There will be a boy social and dance given by the De-Kay school this Friday evening, at Whipple's Hall on Fishery road.

Fred Hedge is confined to his home by illness. His host of friends about town hope to see him out in the next few days.

Mr. and Mrs. Sam McLean and Mr. and Mrs. Don McLean and children of Detroit, visited relatives and friends here Sunday afternoon.

Dr. Kestell was in Detroit Monday to attend the funeral of Mr. T. Verney. He states that it was one of his greatest funerals he ever attended.

Members of the Methodist church have completed plans for the chicken pie supper to take place next Tuesday evening in the church. An invitation is extended to the public to attend.

Glenn Sadaw, Jr. of Novi has returned from a visit in Detroit with his wife and child. Mr. and Mrs. Fred Briggs, while away, enjoyed some hunting along the St. Clair Flats.

Mr. and Mrs. Phil Taylor of Novi entertained Mr. and Mrs. Fred Kellee and daughter of Lansing over the weekend. Other guests were Mrs. Little Coates and Mrs. Woodruff of Novi.

Mr. and Mrs. Henry Perce entertained twenty friends at their home on Osego Avenue, Detroit, last Saturday evening in honor of the seventh wedding anniversary of Mr. and Mrs. Peter Perkins.

Mr. and Mrs. Louis Hillyer of Ovid, were week-end guests of Mr. and Mrs. Frank Neal. From Northville, they drove to Detroit to meet their daughter, who is with the artists models. The Hillyers are cousins of Mr. Neal.

Mr. and Mrs. W. H. Corrin of Northville, left Wednesday morning for Florida. Mr. Corrin is driving through and expects to make the trip in about a week by the way of Cincinnati, Lexington and Knoxville.

They will locate in Put-in-Bay Harbor.

Mrs. J. O. Ponsford, former state president of the King's Daughters, is in Harper Hospital in Detroit, where she is in a serious condition from an auto accident. Mrs. Ponsford was well known in Northville and vicinity. Her many friends hope for a speedy recovery.

The King's Daughters held their first meeting of the fall at the home of Mrs. Fred Simmels. The date of the organization. A very delightful dinner was served. Decorations were of the previous fall season.

Sam Gerachis is recovering in St. Vincent's hospital from injuries received while returning from Detroit in his automobile the first of the week. His car swerved to one side of the road and hit a tree. He was badly cut and bruised and the car was almost completely wrecked.

Adolph Balden, Scott Lowell, Carl Chase Howell, Dr. A. A. Holcomb, Verg Spence and A. C. Schrader are planning on spending a few days in upper Michigan hunting deer as soon as the season opens. They are going to hunt near Kenton.

Judge Perrin, Tuesday afternoon, fined two young fellows \$25, including costs, for turning on a number of fire hydrants. However, he says it is impossible to be away at that time.

Mayors of many important cities and smaller places where airports have already been created have been especially invited to be at the conference.

Excellent progress is being made on the construction of the two new bridges on Griswold street. The grade separation over the Pere Marquette tracks is nearly finished, and work has been started on the new bridge that will be built over the creek leading back of the Ford factory. Both are of concrete construction. paving of Griswold street will be started early in the spring. This work will be done by the county.

Within the immediate future, there will be opened another clothing store in Northville. Spiders and others operate stores in Dearborn and Wayne having decided to open a store in Northville. They have leased the space in the Richardson building on West Main street and expect to have their opening a week from Saturday.

Members of the American Legion will hold their first big feed under the present administration next Tuesday evening. Mrs. Alexander advises every member to get in touch with Commander Barber or Harold White, and find out what is on the program for the evening. He advises members to be present at 6:30 o'clock.

Halloween arrived and departed with the usual slight deprivations that always accompany that date. The kids think they had a good time, some folks got mad, making mere good times for the kids, and lots of windows around town that ought to have been washed many months ago had to be washed the day after.

The first party given by the newly organized Employees Club of the Wayne County Training School took place last Wednesday evening, over 175 being present. The event, which was held in the auditorium and club rooms took on the form of a Halloween party, many appearing in costumes.

Mrs. W. F. Wells, was awarded the prize for what the judges declared to be the most attractive gown. Miss Madeline Laurny, who is chairman of the dance committee had much to do with the success of the event, and was assisted by Mr. King, Miss Steinbach and Mr. and Mrs. William Hooley, who

**Two Cents**

If two cents, or less, will buy the busy home-keeper a good, full, honest hour's work for her washing, her sweeping, or her dish-washing—and it does—where is the economy of using up her strength at drudgery that can be done quickly and cheaply by electricity?

Women should realize that electric household appliances free them from the heavy, strength-taxing labors of the home, and give them leisure for pleasanter things.

Prices of electric home appliances are not large. Besides, they can be bought on easy terms.

THE DETROIT EDISON COMPANY

### VISITOR OF HIGH RANK FROM GREECE LAUDS NORTHLVILLE

Also Says William H. Maybury Sanatorium One of Best in World

Northville had a distinguished visitor last week, when Madame Anna Padoopoulos of Greece came here. Madame Padoopoulos, considered one of the wealthiest women of that country, is in the United States making a tour of the largest hospitals and sanatoriums. While in Northville, she was highly impressed by the attractiveness of the village, and thought the William H. Maybury sanatorium one of the most up-to-date and beautiful of its kind she had ever seen in any part of the world.

During the World War, Madame Padoopoulos was decorated by many governments for charitable service she rendered. At that time she was interested in hospitals and is now touring America to secure ideas for one she hopes to build in her own country. It is understood that her hospital will rival the best, and upon its completion she will dedicate it to the soldiers of Greece.

While here she visited several of the town's businessmen, wishing them success and happiness in their undertakings in their new country.

### JUST A BIT OF GOOD ADVICE ABOUT THE CAR AND ITS CARE

Fall is Good Time to Have the Garage Man Look it Over Carefully

Sixty people do not work properly. Neither can "sick" automobile. The only difference being a sense of illness—either a doctor, while the automobile carries on until cold weather comes and forces us to stop—then a doctor is needed. This is the observation of R. A. Armstrong, director of service of the Oakland Motor Car Company, who urges owners to have their car given a pre-winter inspection and adjustment's necessary to insure cold weather performance.

The pre-winter automobile check-up is starting in its purposes to the growing practice of visiting a physician at least just for inspection," said Mr. Armstrong. "The physician checks over the visitor's physical condition, alters his diet, possibly giving him a performance of anti-cold serum, cautions him to change to heavier clothing and in general "services" him for the winter. It is wise precautionary measure that undoubtedly prevents much winter illness.

The few essential actions which are necessary before any automobile can maintain its best performance throughout the winter conditions are very little more than those the physician employs in preventing the human physique for the rigors of winter. But three days or two will put little extra trouble later in unanticipated difficulties. Many of the Oakland-Pontiac service stations have grouped their cold weather products under one roof, where caravans, tamely with the rest which a competent physician charges for physical examination.

"Gasoline tank, gasoline lines and carburetor should be cleaned. The carburetor should be adjusted to give a slightly richer mixture, which is nothing more than placing the car on a cold weather diet. Spark plugs should be cleaned or if they have been in service for more than 10,000 miles, they should be replaced. Distributor points should be cleaned and adjusted. Radiator hose connection should be tightened. If compression has been reduced by long service, it should be brought back to normal. Hard starting in winter often may be traced to low compression."

While many motorists now understand cars so thoroughly that they are able to do practically all of these operations in their home garages, we advise car owners to place the car in an Oakland-Pontiac garage, where trained service specialists are available.

The flat rate plan is spreading steadily through the Oakland service organization. It is meeting with universal approval from motorists. They like the idea of buying their service over the counter at a known price, just as they would buy any other commodity.

The secretary bird of South Africa, noted for its snake-killing ability, gets its name from the crest of long, dark plumes rising from the back of its head resembling a bunch of quills of the feather pens once used by clerks

The stores intended to be used in the making of weapons were kept in the damp soil by the Indians not to refine them as is sometimes supposed, but to keep them evenly tempered.

CHARLES E. PARPERS,  
CHARLES J. SESSIONS,

### WILLIAM MAYBURY EXPRESSES IDEAS ABOUT MAYORALTY

Directing Head of Big Local Sanatorium Endorses John Lodge

Northville friends of William H. Maybury, and they are numbered by the population of the community, are greatly interested in the statement he issued relative to the mayoralty campaign in Detroit. In view of the general sentiment expressed about here, Mr. Maybury's statement will be read with more than ordinary interest. It follows:

"I had no intention to make public my inclination on this mayoralty contest. However, I have no hesitancy in saying I favor John C. Lodge. I have no quarrel with the present mayor, whom I supported in his other contests, and who has always been courteous to me."

"Mr. Lodge has been my most intimate and loyal friend for many years. We are linked by a close family contact, both attending the Michigan Military Academy. We were associates in amateur base ball clubs in days gone by. We confide and confess on public and private affairs. It was through Mr. Lodge that I became a member of the Board of Health. It was he who prompted the naming of the Tuberculosis Sanatorium in my honor."

In two former campaigns I urged him to become a candidate for mayor, to which he demurred. Now that he has been drafted by 50,000 of his fellow citizens, I could indeed be lacking in friendship did I not agree with him."

"I believe I am able to voice this position as a man and public official. The greatest ambition of John Lodge has been to lend his full energy in promoting the welfare of the city of his native state. He is honest in all things. He is law abiding. He is faithful to any trust reposed in him. He is tolerant, regardless of race, creed, political or fraternal affiliations. Always considerate to rich and poor alike, royal to country, state, and city, a true friend, a polished gentleman, and who would make a dignified, able and ideal chief executive. His years of magnificent public service are a powerful guarantee for future accomplishments which would redound to municipal progress advantageous to the entire citizenship."

The custom of wearing orange blossoms by the bridal veil is believed to have originated at a time a French nobleman in the Spanish court hired the royal gardener's daughter in love with his too poor to marry, to serve for him a small plant of lemon trees, which he had free for his own garden. Rejoicing over the fact that the bride enjoyed her to marry, the bride entwined orange blossoms in her hair.

In making a success of himself a man contributes to the success of everyone else.

## NOTICE

Special Election Tuesday, Nov. 8, 1927

Notice is hereby given that a special election will be held on the above date in every voting precinct in Wayne County, for the purpose of submitting to the electors the following propositions:

### Bonding Proposition—Municipal Airports

To authorize the Board of Supervisors of Wayne County to borrow two million dollars for the acquisition of land in Wayne County by purchase or condemnation for airport purposes and to issue negotiable bonds of the county of Wayne therefor and to raise annually by tax the amount necessary to pay the interest thereon and to pay the principal thereof when due.

### Sinking Fund—to Purchase Sites for and the Construction and Repair of Public Buildings

To authorize the Board of Supervisors of Wayne County to levy an annual tax to exceed three-quarters of one mill upon the total assessed valuation of Wayne County each year for a period of ten years, for the purpose of creating and establishing a sinking fund to finance the purchase of sites for and the construction and repair of public buildings in accordance with the provisions of Act 14 of the Public Acts, special session of 1926, as amended by Acts 143 and 181 of the Public Acts of 1927.

### County Conventions—Referendum on Act 110, Public Acts of 1927.

Shall Wayne County come under the provisions of Chapter 13 of Act 351 of the Public Acts of 1925, as amended by Act 110 of the Public Acts of 1927, which provides for the holding of county conventions, organizations of the same, filling of vacancies, appointment of delegates, qualifications of delegates, manner of election of delegates, preparation of ballots and canvassing of the same.

## INSTALLATION OF DEMOLAY LODGE OFFICERS HELD

Large Number Present—  
Lodge Has Bright Future

There was excellent attendance last Tuesday evening at the public installation of their newly elected officers of Fellowship Chapter of Demolay. Rev. William Richards acting as installing officer. The work under the new ritual was put on in a most impressive way.

The boys elected to conduct the affairs of the lodge for the next year are:

M. C.—Kenneth Edwards  
S. C.—C. Murdock  
J. C.—D. Ware  
Treasurer—H. Westfall  
Secretary—E. Henry  
S. D.—H. Sedan  
J. D.—A. Stage  
Chaplain—B. Godkin  
Marshal—M. Kurze  
Almoner—G. Gardner  
S. B.—L. Partridge  
Sentinel—T. Watts  
S. S.—R. Hinkle  
J. S.—G. Anderson

Excellent gifts were made to the boys and those present by Rev. Frank P. Knowles of the Presbyterian church, and Rev. Palmer of Farmington. The Demolay Advisory committee is composed of:

W. G. Edwards, chairman, dad to the boys, Northville;  
J. A. Griff, Northville;  
C. Turnbull, Northville;  
A. V. Barber, Northville;  
R. Fager, Plymouth;  
W. D. McCullough, P. E. R. Plymouth;  
D. Way, Farmington;  
A. Otis, Farmington;  
Floyd E. Taylor, Redford;  
Cliff Caswell, Milford;  
A. M. Bentley, Master of South Lyon Lodge, Redford.

### WAYNE COUNTY TO SPEND \$8,000,000 ON ROADS IN 1928

### Northville to Share in Part of Expenditures of Commission

Wayne County in 1928 will spend upward of \$8,000,000 in road construction, widening, and mainline bridge building and grade separations.

In perhaps the most comprehensive program the Wayne County Road Commission has ever undertaken in any one year according to the budget estimates as announced by Edward N. Hines, member of the commission and for many years chairman of the board.

"Road building work is never finished," said Mr. Hines. "No sooner does one year close and reports issued than we begin all over again our continuous program! Twenty years ago we thought in terms of a few hundred thousand dollars. And now we are thinking in terms of millions, and the experience of twenty years has taught us too, to think in terms of the future."

The traffic of 325,000 automobiles owned by 1,600,000 people in Wayne County and the thousands and thousands of motorists that come to Wayne County every year from all parts of the world, have necessarily set the pace for the road builders and it has been found that pavements eighteen and twenty-four feet wide, perfectly adequate ten years ago, are too narrow now, so a minimum width of 20 feet of concrete has been adopted and will be maintained.

In addition to the Govett roads to be built, there will be more than 35 miles of existing concrete roads widened this year, according to the estimate, and 14,421 miles of new concrete will be constructed, which will require 1,034,463 yards of concrete. These roads and the widening will cost \$6,000,000. Another \$100,000 more will be spent in bridges and grade separations.

Revenue from the mill tax, the weight tax, from state, cities and villages assure the funding of these great projects that will bring Wayne County nearer to the desired goal when every road shall be an improved road, when every bridge will be safe and wide, when all railroad crossings will be separated, the entire system lighted all ditches closed, all wires underground, all advertising signs removed and every roadside highway made beautiful with trees and shrubs. It is this ambitious program that Wayne County is working for and it has every confidence in its road commissioners, for they are the men who are responsible for making Wayne County roads a standard and example for the world.

### MISS GLADYS LOCK BECOMES BRIDE OF DALLAS BAILEY—WEDDING HELD IN DETROIT

On Wednesday, October 19th, at 2 p.m. Miss Gladys Lock, daughter of Mrs. Lorraine Johnson of Trinity Avenue, became the bride of Dallas Bailey, son of Mr. and Mrs. D. Bailey of Belleville. The marriage took place in Detroit.

After the ceremony a wedding supper to 22 guests was held at the home of the bride's grandparents, Mr. and Mrs. C. Wedensterer of Farmington. Several showers were given in honor of Miss Lock prior to her marriage. Miss Ethel Wiles of Farmington entertained for her and Mrs. Wadsworth Lock of Redford was hostess at a miscellaneous shower held at the Wadsworth home in Farmington at which 73 guests were present.

On October 23rd, a reception and shower was held in honor of the young couple at the home of the groom's parents in Belleville. This was in the nature of a cotton and linen shower.

Mr. and Mrs. Bailey will be at home in Belleville after November 1st.

Record.

Indian eskimos, reports Knudtzen, believe that all men are born against the sun and pass on continually through forms of life.

## Church Notices

One campaign we will produce solid dividends, while others, although very attractive, in appearance will practice only a phantom oil, which will fail to last and fade.

Japanese diplomats who alone know the reason for this, realize the secret carefully inscribed as its discovery would lead to Japan's losing her present monopoly on camphor.

Four presidents of the United States have visited Yellowstone National Park. They were Presidents Taft, Roosevelt, Harding and Coolidge.

## Two signs it's wise to heed.

Look out for  
the engine

—look to your  
own engine

**HAZOLINE**  
THE POWER OIL

The engineer will take care of the locomotive. But it's up to you to take care of the good, staunch engine that's under the hood of your car. Your motor sends the rear wheels every ounce of power it can. See that full power is kept up!

How? By filling up with correct oil. Poor oil drags down power. The right oil builds it up. Hazoline is known far and wide as "the power oil." It has an earned reputation. You can try it for yourself in your own car. Put in a crank caseful of Hazoline—and feel the snappier pick-up and added power on the grades.

and Lester, spent Sunday with their

uncles, A. W. Kehrl and family in Pot-

erdown.

Mr. and Mrs. Judd Green and son

of Northville were callers at the home

of Will Stanley and family, Sunday

evening.

Miss Gorralline Howard and the

Misses Ruth and Dorothy Foreman

were weekend guests of Mr. and Mrs.

G. Foreman.

Mr. and Mrs. C. Payher accompanied

by Mrs. Lucia M. Stroh, visited the

Erethan Lincoln family near Saline,

Wednesday evening.

Mr. and Mrs. H. Gale and family

and Mrs. Jenny Smith spent from

Friday until Tuesday with relatives at

Lansing and Grand Rapids.

Mr. and Mrs. Will Shipley and Mr.

and Mrs. Glenn Shupley were Sunday

dinner guests at the home of Mr. and

Mrs. C. B. Kincaid in Plymouth.

Mr. W. A. Knobler accompanied his

nephew, Earl Feighner, early Sunday

morning to Nashville visiting his sis-

ter, Mrs. Frank Feighner, and family.

Mr. and Mrs. Roy Smith and family

and Mrs. C. L. Ball of Plymouth, were

Sunday callers at the James Boyce

home.

Mrs. Fred Foreman represented the

Federated church school in the state

Sunday school convention which was

held at Battle Creek on November 1st,

2nd and 3rd.

Ladies of the Federated church have

organized a service for the Shut-

Ins.

The first service was conducted in

the home of Mr. and Mrs. O. Con-

don Friday afternoon.

Mrs. F. Sweet of Worden, and

daughter Mrs. N. Smith of South Lyon,

called on Mrs. E. Whitach, Friday

afternoon, and Mrs. Daley of Worden

on Saturday afternoon.

The Camping Club and the Galt

Club held a social last Friday evening

at the home of Mr. and Mrs. H.

Plester. Refreshments were served

and all were delightedly entertained.

Visitors at the school Halloween

party Friday afternoon were: Mrs.

Glenn Burnham and daughter, Shirley,

Mrs. Sarah Sabo and Gladys Ham-

mond, S. Bryant and Laurel Gor-

don.

Mrs. Fred Rider returned Saturday

evening from a few days' visit with

her mother Mrs. Mary Long at Bend

Station. Mrs. Rider was a dinner

guest of her sister, Mrs. McKee, and

spent Saturday night with them.

Mr. and Mrs. W. Rutherford and Geo

Palmer of Detroit were supper guests

at the Albert Groth home, Sunday.

Mr. and Mrs. Hugo Sebert were recent

weekend guests there, also Mr.

and Mrs. Mrs. Mrs. Berney.

The Halloween social given by the

P. T. A. of Thayer School, Wednesday

evening, was enjoyed by a goodly crowd

especially by the youngsters.

Refreshments of wieners and buns, fried

potatoes and sweet cider were served at

the close of the evening.

Dandy invitations had been sent out

to let classmates and members of her

Sunday school class by her mother.

Mrs. C. M. Pernell, to a Halloween

party in honor of little Ruth's eighth

birthday anniversary, on Saturday

afternoon. Favored by glorious

weather, the children all enjoyed

themselves hugely, for there were

### ARMISTICE DAY TO BE CELEBRATED WITH BIG DANCE

American Legion Plans to Make Affair Biggest of the Year

Northville is going to celebrate Armistice Day. Under the direction of the American Legion, a big dance is going to be staged in the high school gymnasium on the evening of November 11th. That date falls on Friday evening, and the members of the organization are planning on making it one of the biggest events of the year.

The dance will start at 9:00 o'clock and continue until midnight. Excellent music has been secured for the affair and refreshments will be served.

It is the only observance that has been planned for the day in Northville, and we want to make it a great success. We can only do so by the cooperation of everyone in the community. To cover the expense tickets will be sold, but it is not a money-making affair, and it is, for that reason, that we urgently request everyone to come and assist the Legion boys in celebrating Armistice day," stated one of the members of the committee yesterday.

### CHEVROLET NOW WORLD'S LARGEST STATES ALLISON

Dealer Points to Remarkable Success of the Car He Handles

Nearing the close of the most successful year in its history, and with its position outstanding as the world's largest builder of gear shift cars and trucks, the Chevrolet Motor Company this week rounded out its sixteenth year of existence according to Ernest J. Allison of Plymouth, Chevrolet dealer for this section.

Named for Louis Chevrolet, well known race driver of an earlier decade, and active figure during the infancy of the automotive industry, the Chevrolet Motor Company of Michigan was organized on November 3, 1911.

That year five cars were built. This year one million cars will be built—more than the combined output of the first eleven years of the company's existence.

That first year, a handful of men worked in an obscure factory at West Grand Boulevard and the MacArthur, Detroit, to turn out mostly by hand methods those first five cars. Today more than 100,000 people are directly employed in producing, selling and servicing Chevrolet cars.

Today eleven great factories, exclusive of export operations, are running to capacity to meet the demand of Chevrolet's infinitely popular line, lasting at one-fourth the cost of the first cars.

The Royal Mail and Baby Grand models brought Chevrolet wide popularity in the early days, but the \$440-\$5 model, so named because it listed at \$440, placed the company definitely in the field as a volume producer of motor cars. That was in 1915. That year 70,701 cars were built.

Shortly afterward the first assembly plant began production at Oakland, California, to supply the west coast. Seven more such plants have since been erected, and one is now in process of construction at Atlanta, Georgia. These are located at strategic points throughout the country to render the greatest possible service to the car purchaser.

General Motors took over Chevrolet in 1916, with wide expansion following. In 1925 for the first time volume exceeded the half million mark. The 1926 production was 792,147 cars and trucks. That record was equaled this year on August 12th, and company officials look forward confidently to one million units in 1927.

On Chevrolet's birthday, W. N. Knudsen, president and general manager, commented upon the extraordinary production and sales records the company has enjoyed in its comparatively short life. These records, he said, reveal the confidence placed in Chevrolet and its cars by the public.

This attitude, Mr. Knudsen pointed out, is a deep source of gratification to Chevrolet, and in turn places the company under obligations to adhere rigidly to the exacting standards which the public has learned to expect of all Chevrolet products. The same policy that marked Chevrolet's sixteen years of past achievement—that policy of turning back into the car the manufacturing economies resulting from volume production—will be continued, Mr. Knudsen stated.

WILLIAM PICKARD AND MISS CORALIE M. KELLER WEDDED AT METHODIST PARSONAGE

William Pickard, son of Mr. and Mrs. Samuel Pickard, of West Base Line road, and Miss Coraile M. Keller were married Saturday afternoon at the Methodist parsonage, by the Rev. William Richards, the wedding taking place at 3:00 o'clock, in the presence of only the immediate relatives of the young couple.

The ring ceremony was used. Mrs. Arline Baussneur, sister of the bride, acting as bridesmaid. Both were attractively dressed and carried American Beauty roses. Paul Baussneur acted as best man.

The happy young couple left amid a shower of rice and good wishes for a wedding trip, their destination being known only to themselves. Both young people have a wide circle of friends who extend them congratulations.

Contrary to the general belief that Indians are without sentiment and lack the kinder feelings of humanity, David L. Bushnell, of the Smithsonian Institution, asserts that they often exhibit strong and even tender affection for their young ones, such as the death of a beloved mate with infinite grief and quietude.

### LUTHERAN DEAF MUTE SOCIETY TO LOCATE HOME ON BECK ROAD NEAR PLYMOUTH

The Evangelical Lutheran Deaf Mute Society has purchased 26 acres of land which formerly a part of the Hicks farm, owned by Messrs. J. L. Johnson and Dr. J. L. Oliver. The property is situated on Corden and Beck roads.

This society has conducted a school for deaf mutes on Nevada Avenue, in Detroit, for the last forty-four years, and is an established institution, supported by the Evangelical Lutheran churches of Wayne County. The society has sold the property upon which the school is now located, and in the near future will erect buildings on the site purchased here at a cost of \$200,000.

The new site is ideally situated for school purposes, a large part of it being covered with large trees, which will make an abundance of shade.

The property will be formally dedicated Sunday afternoon, October 30th, at 3:30 o'clock, with appropriate services for the occasion. The citizens of Plymouth and vicinity are given a cordial invitation to attend these services. There will be both German and English speaking.

The coming of this new school will be a most welcome addition to Plymouth, and is another fine indication that the trend of progress from the city is reaching toward Plymouth.

The man welcomed the new school to Plymouth—Plymouth, Mich.

There is a bank in Shanghai, China, in which all the employees are women.

## TRY THIS

By EDNA PURDY WALSH

### Exposing a Funnel Secret

The simple funnel usually lies hidden in the utensil drawer, and is used so seldom that it is dusty when the occasion arises for it to be taken out to assist in pouring into a small-necked bottle or jar. There are daily uses for the funnel, however, and one of them is its practicability as an egg separator. The white of the egg quickly drops into the dish below, leaving the yolk intact at the funnel's end.

Many housekeepers find the funnel an excellent mold for salads. A do-mestic web page teacher originated

new cake by placing a funnel in the deep cake dish, upside down. When the cake is baked it gradually hollows out in the center to be filled with whipped cream or gelatin.

The funnel also serves as a pastry decorator. In the emergency, and in the event occasioned by the breaking of the glass riceroller top, a funnel placed upright over the center spot will prevent the coffee from flying into the air. The sides of the funnel will stop it back again into the pot.

(© 1927, Western Newspaper Union.)

The fellow who said, "love and logic do not come in the same parcel" never heard of our

### Lucky Wedding Rings

\$6.50 to \$9.00

If a young man waits til he knows all about women he'll never get married. We say if you've got a good girl grab her and lead her to the altar—and don't expect to marry an angel—angels make you fly around too much. Of course every young man should keep his eyes open before he marries—and half shut for ever after.

The public is cordially invited to attend all of these meetings

## Do You Suffer from Painful Feet?

Foot Comfort Expert from Chicago will be here

Tuesday, November 8th  
To Give Free Demonstration

On the above date we will have at our store, through the courtesy of Dr. Wm. M. Scholl, famous foot authority, a Foot Comfort Expert from his own staff, sent here for the benefit of our patrons. We urge every foot sufferer to make the most of this unusual opportunity. After your stocking feet, this Expert will make Pedo-graph prints which will show the exact nature of your foot ailment. He will then demonstrate how the scientific method and improved appliances perfected by Dr. Scholl instantly relieve your painful feet, and restore them to health and comfort. Absolutely no charge for this service. Be sure and remember the above date to miss this opportunity.

PHYSICIANS—You are invited to refer or bring your foot-tubed patients to our store during this demonstration. The latest improved and scientific method of Dr. Scholl, M.D., for relieving and correcting painful feet will be fully explained.

Willoughby Bros.  
Walk Over Boot Shop

### WOMAN'S CLUB NOTES

Friday, October 28th, was Federation Day at the club. Mrs. Freydl brought to the club a very interesting report of the State Federation convention held at Saginaw.

On Tuesday, November 1st, the members of the local club were very pleasantly entertained by the Woman's Literary Club of Wayne, at the Wayne theatre.

The program for Friday, November 4th, will be in charge of the political committee, which offers the following program:

The Equal Rights Amendment—Miss Grace Brown of Detroit.  
Educational Politics—W. H. Gordon, Superintendant of Northville Schools.

Higher Ideas in Politics—Mrs. John Cleaver.

### CHICKEN PIE SUPPER

Tuesday evening beginning at 5:30 o'clock at the Methodist Church Annual Chicken Pie Supper. The menu: Chicken Pie, Mashed Potatoes, Squash, Cabbage Salad, Rolls, Cranberry Sauce, Coffee, Pumpkin Pie, Apple Pie, Cheese. Price, 75 cents. Seating begins at 5:30 o'clock.

### DRINK MORE WATER

BECAUSE

Water drinking will prevent brain fag.  
Water drinking will keep down your weight.  
Water drinking will give you a clear complexion.  
Water drinking will prevent constipation.  
Water drinking will prevent colds.  
Water drinking will make you more healthy in every way.  
If you don't believe it—ask your doctor.

### HAVE MICHIGAN PEOPLE GOOD FEET? INTERESTING DEMONSTRATION TUESDAY

How many people in Northville have good feet? How many people within a radius of fifty miles have good feet? These questions may seem odd, but according to authorities on the foot, only three out of ten persons have really normal feet. All the rest are either plagued with corns, annoyed by callouses, suffer with tired, aching feet, weak ankles, sharp shooting pains in the legs or they endure often fits of boils around their bunions. Yet all of this suffering is unnecessary, declares M. C. Knerim, a foot expert of Chicago, who is coming to Plymouth on Tuesday, November 10th. While here, Mr. Knerim, who is a representative of Dr. Wm. M. Scholl, the famous foot authority, will give a free demonstration of Dr. Scholl's Method of Foot Correction at the store of Willoughby Bros. Walk Over Boot Shop.

The store has issued an invitation to all foot sufferers to come and let
