

TRAIN HITS AUTO, WIFE IS KILLED, HUSBAND INJURED

Driver Failed to See Engine Until Second Before Collision

I am doing my buying for Sunday a little early today. We are going into Detroit and I can't tell when we will be back home.

That is what Mrs. Monroe Burt, 36, said to George Rattenbury, North Center street meat market owner, Saturday noon, just an hour or so before she met injuries which resulted in her death later in the day.

Mrs. Burt and her husband left in the auto for Detroit, going through Plymouth. As they crossed the Pere Marquette tracks on Mill street, that place their car was hit squarely by a passenger train and Mrs. Burt was dragged under the engine. Burt was hurled to one side of the tracks. The car was so completely demolished that there is not a part that can be salvaged.

When the train was brought to a stop Mrs. Burt was dragged from under the coaches. Although terribly crushed and bruised, she was still living. Placed in the Schrader Bros. ambulance, she was hurried to Sessions hospital in Northville, where physicians made an examination to see if there was a chance of saving her life.

She lived about two hours. Her husband, badly bruised, was later brought to the hospital, reaching it just a short time before the death of his wife. He is rapidly recovering from his injuries, and will probably be out in a few days.

Burt states that he did not see or hear the train and that it was right upon them when he discovered their danger.

Mrs. Burt was employed as forelady at the Northville Chemical company, and her husband is an employe of the Daisey Manufacturing Company of Plymouth. They lived in Northville on Grace avenue. Mrs. Burt's remains were taken to Toledo, where the funeral was held Tuesday afternoon. She had a wide circle of friends here who are grieved to learn of her untimely death.

MASONIC LODGE TO HOLD ELECTION MONDAY EVENING

Annual Meeting Takes Place - to be Preceded by a Supper

Northville Masons Monday evening will hold their annual meeting. Preceding the annual work of the lodge, which always falls due at the end of the year, there will be an excellent dinner served to the members at 8:30 o'clock.

It is especially urged that there be a good turnout, and that every member who possibly can do so be present.

Abraham Barber is the present master of the lodge. If usual Masonic custom is followed, Wendell S. Miller, at present the senior warden of the lodge, will be the next master if he desires to accept the post.

Claude Ely is junior warden; B. A. Wheeler, treasurer; Fredk Hedge, secretary; Charles Johnson, senior deacon; Clifford Sridwin, junior deacon; and Dean F. Griswold, tyler.

It is expected that the reports of the secretary and treasurer will show the organization to be in a very healthy condition. Officers are planning for one of the biggest turnouts in months.

MERCURY DROPS OVER 50 DEGREES DURING THE NIGHT

This Section Gets its First Touch of Zero Weather This Winter

One of the most remarkable weather changes ever experienced in this section of Michigan took place between 10 o'clock Wednesday night and 1 o'clock Thursday morning.

Those five hours the thermometer dropped from 52 above to 1 below. In one place where a thermometer protected from the wind, it showed above zero. Several reported the mercury standing at zero.

The sudden change was preceded by a regular cloudburst. About 11 o'clock nearly a inch of rain fell in an hour.

TOUGH TIME FOR SPOONERS

Here's a tip, spooners! Better move your car off the streets of Northville, if you're going to spoon.

Chief of Police William Safford, won't allow it, and that is all there is to it.

So move along. The climax came a few nights ago when two young couples parked their car over on Danlap street near the Methodist church.

Unfortunately, on the night preceding, a car had been stolen from about the same spot where the spooners stopped.

Someone knew about the theft and someone saw the car with the four young people drive up.

They called the police chief and two young farmer lads all dressed up in their Sunday best and two young ladies had to move.

If they want to spoon they can go to the homes of the young ladies. But they can't do it in automobiles parked along the paved boulevards of Northville.

explained Chief Safford. So there you are.

LOCAL ATTORNEY HELPED SELL FORD CAR NUMBER FOUR

Fred W. Cochran Recalls the Early Days of Mr. Ford's Industries

Announcement of the new Ford car during the past few days has resulted in the revival of some of the incidents in the early history of the Ford industries.

Today Fred W. Cochran, city attorney of Northville, and one time a former resident of Detroit, recalled the fact that she was instrumental in bringing about the sale of car number 4 made by Mr. Ford.

Mr. Cochran in the early days of the auto industry drove a one-cylinder car made by the Olds company in Lansing.

"One of my neighbors in Detroit was Dr. Wellington Yates. We often discussed automobiles, and one day he said something about buying one. I asked him why he didn't buy one that Henry Ford was making. So we got in my car and drove out to the first factory that Henry Ford had.

"The trip out there in my old over-lunge resulted in the sale of Ford car number four," stated Mr. Cochran.

"When we decided to take a trip, we drove out from Detroit to Walled Lake, and that little two-cylinder machine that Dr. Yates had would run right away from mine. Every once in a while something would stop. We would just get out and tinker for a while and away both cars would go again. We went up around by Walled Lake back home through Pontiac. That trip to me was the most wonderful I ever took in an automobile.

"I used to know Henry Ford, rather very well. In fact I drew up a will for him one time. He was up in my office about the time Henry quit his job with the Edison company. His father was quite displeased to think his son had quit a job where he was getting \$2200 a year, but he said Henry told him that there were plenty of jobs he could get if he wanted a job.

"His father couldn't understand why Henry wanted to make a machine that would run around the country selling horses." He seemed to feel badly about his son quitting such a good job to make such a fool thing as an automobile.

Spying on Santa

By Ada C. Goodrich

I'll tell you the queerest thing that happened to me Christmas Eve. When a girl finds a note in her stocking, she usually thinks it is from Santa Claus.

When all the stockings were still on the mantel, I was sitting on the sofa and I saw a shadow on the wall. I looked up and saw a shadow on the wall. I looked up and saw a shadow on the wall.

I looked up and saw a shadow on the wall. I looked up and saw a shadow on the wall. I looked up and saw a shadow on the wall.

I looked up and saw a shadow on the wall. I looked up and saw a shadow on the wall. I looked up and saw a shadow on the wall.

I looked up and saw a shadow on the wall. I looked up and saw a shadow on the wall. I looked up and saw a shadow on the wall.

I looked up and saw a shadow on the wall. I looked up and saw a shadow on the wall. I looked up and saw a shadow on the wall.

I looked up and saw a shadow on the wall. I looked up and saw a shadow on the wall. I looked up and saw a shadow on the wall.

I looked up and saw a shadow on the wall. I looked up and saw a shadow on the wall. I looked up and saw a shadow on the wall.

I looked up and saw a shadow on the wall. I looked up and saw a shadow on the wall. I looked up and saw a shadow on the wall.

MAY PAY FOR FIRE PROTECTION OUTSIDE CITY LIMITS

City Officials Adopt Plan that will Benefit all Concerned

Members of the city commission have hit upon a way whereby fire protection can be offered to farmers living within a few miles of Northville.

The plan will not only provide the farmers and non-residents with fire protection, but will also assure the village of payment for this special fire protection.

At a meeting of the commission Monday night it was voted to make it possible for non-residents of the village to enjoy the same fire protection as this community, provided a deposit of \$50 is made in either one of the Northville banks, the cost of running the fire department out on a call to come out of this sum in case of a fire.

The plan is simply this—the money to be deposited in the name of the person making the deposit. It goes to his credit and gets the interest on it. If he should leave the district and not need fire protection, the money would revert back to him. To secure fire protection he will be requested to sign an agreement that he will pay out of this \$50 the cost of running the department out to his place, and for the time of the firemen. A list of each person entering into this agreement with the village will be filed at the fire station, and in case of need for assistance, calls will be answered as promptly as in town.

The city officials feel that it is hardly right to ask the taxpayers of Northville to foot the entire bill when the department is called out and goes to the country.

During the past year there have been 25 calls made outside the city limits. In only three of these cases has the city been reimbursed for the work of the department. As the firemen only get pay for actual time spent at the fire, it is readily seen that in the 18 cases the village of Northville has been called upon to foot the bill for fire calls answered outside the village limits, explain city officials.

The resolution becomes effective at once, and anyone who desires to avail themselves of fire protection outside the city can immediately secure it by entering into this agreement with the city.

FIREMEN CHECK BAD BLAZE EARLY THURSDAY MORNING

Steve Armstrong Says Loss Will be Less Than \$500

Timely discovery shortly before 4:00 o'clock Thursday morning, by Night watchman John Raymond, of flames breaking out in the Steve Armstrong garage on West Main street, prevented what without question would have been another disastrous blaze in that building.

By the time of the fire, because during the night the wind had blown the fire, seven feet of water, which froze instantly, preventing the blowing of the alarm.

Chief Hicks and several of the firemen were called by phone, and they responded immediately. Through their hurried action the fire was confined entirely to the battery charging room. Steve Armstrong stated that his loss would probably be under \$500.

It is apparent that the blaze was caused by a short in the motor that drives the air compressor. It was late last winter when this same building was practically destroyed by flames.

LEAVENWORTH IS ELECTED CAPTAIN OF TEAM FOR 1928

Popular Student and Star Player is Selected for Place

John Leavenworth, one of the star players of the victorious high school football team during the past season, has been elected captain for 1928, the election taking place just before the banquet given in honor of the players Tuesday evening by the Exchange and Rotary club members.

The new football chief, a son of Mr. and Mrs. Bert Leavenworth of Novand, has been one of the most popular students in the school during the present year.

Followers of the team predict that under his direction the Northville high will have another successful season, although the new captain is faced with the necessity of placing a squad on the field with seven new men in the formation. However, it is stated that there is considerable good material for next year's team available.

NEW FORD CARS TO BE HERE ANY DAY STATES DEALER

Dayton Bunn Expects to have New Models by End of this Week

"I am expecting to have some of the new Ford cars in any day now. I am sure to have one or two models before the end of the present week," stated Dayton Bunn, local Ford representative, yesterday.

Mr. Bunn had just returned from Detroit, where he has been spending considerably time lately at the sales conferences of the Ford Motor Company.

Like all other Ford representatives he is highly enthusiastic over the new car and believes that it will be one of the greatest sellers in the history of the automobile business.

"We are booking orders every day. The Ford company is planning to put the cars on rapid production just as fast as possible, and it will be only a short time before those who are anxious to drive the new car can have the privilege of doing so," he said.

There were many thousands present at the first showing in Detroit. Many of the ground here were there, and it seems to think Mr. Ford has produced about the best there is in the line of motor cars. And there is no question but what he has.

VISITING EDUCATOR GIVES HIS OPINION OF CHICAGO MAYOR

If one were to judge from reports coming out of Chicago, you would gain the idea that the mayor of that town is a muck and that he is giving the details of a lot of ball-swills.

The casual comment of Superintendent Frank Cody of the Detroit public schools, when he spoke in Northville, last Thursday evening.

This was his only reference to the action of the Chicago mayor, William Thompson, in ordering "The school books of that city burned wherever any favorable reference was found relative to England or its institutions."

It is quite apparent that Superintendent Cody reflected the attitude of most educators of the country who look upon the actions of the Chicago mayor as the grandstand play of a politician.

MAIL SERVICE TO BE DELAYED UNTIL FEBRUARY FIRST

Civil Service Commission Not to Hold Tests Until January 7th

In view of the fact that the federal civil service commission did not fix the examination time for applicants for appointment as postal mail carriers for Northville until January 7th, the postoffice department has found it necessary to delay the starting of mail delivery service in Northville until February first.

It had been originally planned to try and have the service started by January first, but because of the delay in the examination date it will not be possible to start free delivery until the first of the following month.

It is probable that the postal officials had in mind the Christmas rush at the time action was taken in delaying the examination date. For the next three weeks the postoffice will be one of the busiest places in Northville, and it is pointed out that it would be almost an impossibility to organize a mail delivery service by January first.

This will give local residents plenty of time to prepare for free final delivery and it will enable Postmaster Neal to clear away his entire Christmas rush.

And local residents should keep in mind that a number of Northville merchants have mail boxes for sale. In order to have mail delivered to your home, you must provide a mail box that meets with approval of postal officials.

Postmaster Neal states that he has over 25 applicants for appointments, an unusual rush for application blanks taking place within the past week or so. Only residents of Northville will be permitted to take the examination.

LANDING FIELD HAS BEEN LISTED BY FEDERAL GOVT.

Northville to Appear on all Maps Showing Airport Locations

Officials of the Stinson Aircraft Corporation have been advised that the Stinson-Northville airport has been listed as one of the Michigan airports by the department of Commerce in Washington, D. C.

The Stinson-Northville airport, the product of enterprise on the part of local business men, is now a four-way landing field, and visiting aviators have declared it to be one of the best in the country.

It is fully equipped with gas station and other equipment such as night airports need. It has not been provided with lights for night flying, but it is planned to have these installed sometime during the next summer.

The action on the part of the federal government at Washington in recognizing the Northville airport as one suitable for general landing places, will bring to this community unlimited advertising. The name of the town will appear on all government printed matter pertaining to land fields and their location.

HIGH SCHOOL FOOTBALL ARE HONORED BY DINNER CLUBS

Banquet Given to Football Team - Three U. of M. Players Present

Banquet in high school gymnasium. Toastmaster Don Yerkas, Sr., president Rotary Club.

Committee in Charge Charles Poston, Dr. H. H. Burkart, John Kaibitsch, Edward Mills and Stephen Eaton.

Speakers Three players from University of Michigan team—Frank Grinnell, strongly mentioned a year ago as possibility for All American tackle; LeRoy Heston, right end for this year's team; and George Squires, regular tackle with two more years to play, and "Bingo" Brown from State Normal School staff at Ypsilanti.

Members of Exchange and Rotary clubs. Guests of Honor.

Northville's victorious high school football team, first local winners of Suburban League championship. Players—John Leavenworth, Howard Goodale, Russell Atchison, Charles LeFevre, Harley Wolfrom, Donald Ware, Clawson Murdock, Terry Thompson, Ted Watts, Robert McCordle, Louis Tiffin, James Arthur, Ted Caven, Glen Rankin, Arthur Lowery, Arthur Lyke, Frank Hinckman, Kenneth Wilcox, James Boyd, Horace Kirk, Donald Monroe, Frederick Kirk, James Ely and Alex Johnson.

Northville citizens paid tribute to members of the victorious high school football team Tuesday evening at the high school gymnasium, when over 100 members of the Exchange and Rotary clubs and their guests united in giving the players a banquet. The team earned every bit of the attention given it last night for the first time since the introduction of football into the schools of Northville. A Suburban League championship was won by Northville, and in winning the victory this fall, the Jacks played and defeated Kelle Valley state team.

The banquet and the present were fortunate in being able to honor three of the University of Michigan's outstanding football players. LeRoy Heston, three times letter man and one of the great Willie Heston, gave interesting talk on a child he classed "Inside Dog." He told of the absolute secrecy that member team were held in before the and the feeling a player had in first play of the contest. A play ended, all excitement was on the player's part and the game of the week began.

The second speaker, George Squires, a regular tackle, last year and this season, gave a brief summary of the trip taken to Baltimore of the Michigan team was defeat the Navy 10-0. In explaining defeat he gave the Navy several before the game. He said two teams were introduced other at a banquet they were, Michigan men took over, some tall thin, names like Friedman, Pommerell, Pucklewair, standing while the Navy team same building about the best and bunch of boys that the Yosts had ever seen.

Last on the list from the University of Michigan was Frank Grinnell, year letterman in the tackle, and given honorable mention Grantland Rice's All American for 1926.

In congratulating the victorious Northville high school, I wish them that next year seven going to college. My advice is, come to Michigan, or at your own good attend a big school, this you are given a big if you survive you are a big big task, but no American, but one opportunity, and he come out on top.

"Athletics in Michigan is tuition in itself. To appear should belong to the institute, know its scope.

"Yost as a coach is a great as a builder of men he is a Michigan's games, alertness by men, not bunch of boys. This is that an athlete receives comes a member of the situation of Michigan, teams win championships made."

James Brown, from normal college at Ypsilanti, speaker of the evening, only the boys, but advice worth while, severance, health, were pointed out, chief requirement, ner.

FORMER WRITER ON RECORD LIKES VARIOUS CHANGES

Mrs. Della Harmon Advises that she has Bought a New Home

In a letter to the Record, Mrs. Della F. Harmon for a great many years a resident of Northville, states that they have sold their home on Maybury in Detroit and have purchased a new home at 12711 Sussex.

"I feel that I just could not get along without the Record. You are certainly giving Northville a newspaper to be proud of and I hope the people appreciate it—and I am sure they do from the complimentary lines I have heard of. It would do credit to a much larger city."

While in Pontiac recently I had a visit with some old time friends who have taken the Record for many years and they could not say enough about the improvement in the paper. With best regards to the "bunch," I remain, Gratefully yours, was the rest of the news in her letter.

HORSE RACING IN DECEMBER RIGHT IN NORTHVILLE

No use Going South to Witness Races Step out for New Records

Horse racing in Northville, December 9th.

What's the use of going to The Jockey Club or Havana when racing takes place right here in town?

Lou Coe has a young pacer that he thinks is some stepper. Clou Billie, a wholesale meat dealer over in Detroit has another pacer of about the same age that he thinks can step.

Both ventures have been in training down at the Northville-Wayne county fair grounds.

In order to settle the dispute it was decided to have a race under their conditions were good so the race took place in Northville Tuesday afternoon, on a track that was as fast as at any time during the summer.

Lou Coe's little pacer came under the wire with far bacon. The first heat for a quarter was 38 and a half and the second was 43 seconds. Marvin Sloan and H. Hamilton were time-keepers.

EVERY CALLER AT SALE WAS A BUYER

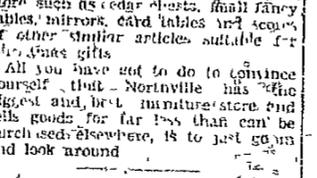

As an evidence of the remarkable values offered at the special sale of living room suites put on during the early part of the present week by the Schrider furniture store, it is stated that practically every person who came in to look over the offerings made purchases.

Without question the bargains were of the best ever offered residents in this part of the state, on living room furniture, and those who came took advantage of it.

Another big supply of smaller furniture for the home were received early in the present week for the bargain sale, such as cedar chests, small fancy tables, mirrors, card tables and scores of other similar articles suitable for Christmas gifts.

All you have got to do to convince yourself that Northville has the biggest and best furniture store and sells goods for far less than can be purchased elsewhere, is to just go in and look around.

Of Gay Enamel Cloth

A cushion of colorful enamel cloth with his relief of realistic-looking gay flowers is warranted to bring a real thrill on Christmas morn'g to the friend who enthuses on the subject of interior decoration, and who waxes eloquent over "a note of color" in the scheme of things. Do not confuse enamel cloth with glazed china or cretonne or anything of that sort. It looks rather like colored patent leather and it is produced in every lovely shade, both pastel tints and exotic colorings, also black.

The Federal Reserve Bank of New York handles on the average of thirty-five tons of coins a day. By the machines used to count and weigh these it is found that a thousand dollars worth of dimes weighs fifty-three pounds, that fifty bags of nickels total ten thousand dollars and that a ton of pennies fill sixty bags and are worth three thousand dollars.

The gift presented by Croesus to Delphi 600 years before Christ would be valued at about \$300,000,000 in modern currency. Included was a pyramid of precious metal surmounted by a lion, two solid gold bowls of 3,400 gallon capacity, besides a present of \$13 to every man in the city.

Robert Raikes a publisher of Gloucester, England, is credited with establishing the first Sunday school in 1810. Grieved at seeing so many children cursing, fighting, and profaning the Sabbath, he hired people to teach the children on Sunday after organizing a reading Sunday school.

Extract from a letter written by a Chopin, Florida resident on July 15, 1828. In Santa's Menagerie

What a din of "bow-wow's" and "quack-quacks" there would be if all the animals and birds and chickens and such in Santa's pack should start to talk at once. The calico dog in this picture, with eyes painted so big and ears so long, is not half as ferocious as he looks. In fact, he makes friends not only with children, but the flap-jointed, who "dodge" on the sensational call them "snuggle dogs," carrying them under their arm, with true "beauty and the beast" effect. As to the other dog and duck, you can get them at almost any fancy word department stamped on pique ready to embroider. They launder perfectly.

Historic Ivorex Plaques

It would seem as if ivorex plaques, which are made in bas-relief, are about to carry the honors when it comes to most popular Christmas gift selections. They bespeak refinement and good taste in that the subjects they portray are focalities of famous scenes, characters and paintings, such as Dickens' home, Old Christmas, Shop, Whistler's "Mother," head of Shakespeare and so on. They look like fine ivory with opalescent tones.

Under our present calendar, no century can commence on Wednesday, Friday or Saturday. October begins always in the same days of the week as January; February, March and November commence on the same day of the week while May, June and August commence on different days. The year always finishes on the same day of the week as it began. These rules do not apply to leap years.

Biscuits can be cooked at the table on a small electric stove. Use two pans to keep the family supplied. Put the biscuits in a pan, cover it, and place it on top of the stove. The biscuits will rise and brown on the bottom. Then slip the pan underneath the red-hot wires of the stove. The biscuits will be a delicate brown. By keeping two pans going you can cook a number of biscuits and serve piping hot biscuits.

Goloconda is a ruined city in India, seven miles northwest of Hyderabad. The diamonds cut and polished in Goloconda were once world-renowned. From 1512 it was the seat of a powerful government until it was taken by Aurung-Zeb in 1687 and made a Mogul province.

A REAL PLEASURE

A few evenings ago Northville had the pleasure of entertaining Superintendent Frank Cody of the Detroit public school system.

his completed product would meet with approval. All realized that if the public liked his new car it would mean a long run of prosperity for Northville.

AND HE IS RIGHT The other day most talk before the Education club at Plymouth and again in an address at Saginaw, President of the University of Michigan.

HE KNOWS HOW

Edward Nowack is editor and publisher of the Michigan State Digest.

While he didn't use just the word "unfit" that is exactly what he meant. Anyone at all acquainted with legislative matters in Michigan, have long known the truth of this assertion.

Sometime ago he was going over the pages of the Northville Record. He came to one of the "ads" written by Charles Dolph and published in the interest of the Dolph Bible class.

And how under the sun a candidate of the calibre of Senator Quinlan of Grand Rapids could induce the intelligent folks of that city to vote for him for any office high or low is something difficult to understand.

And that is just the point. Mr. Dolph certainly knows how religious advertising should be prepared in order to have it read. It is a pretty safe bet that in the Record that is no advertising read than that of the Dolph Bible class.

Wanted, For Sale, For Rent, Lost, Found, etc. Rates, 25c per insertion. Cash in advance.

Last week when Mr. Ford was announcing his new car, Mr. Dolph's ad was headed, "Behold the New Model Car" and the entire ad while dealing in a very great extent with religious ad, was indeed timely.

WANTED - Work of any kind by day or hour. W. Lithgow, 118 Candy street east Phone 170 221p

A Man Who Thinks About His Country's Needs - What a lot of people who think only of number one - their comfort - their pleasure - their profit - their success. They have no thought of how their acts relate themselves to the group. Such folks are narrow - selfish - destructive - for they do not add to the sum total of society's well being. Isaiah - the statesman - prophet - saw selfishness and greed of his fellowmen actually stealing away the vitality of the nation. He cried out against and succeeded in getting King Hezekiah into line. Our state and nation has some huge problems to solve all because there is so much greed - so much selfishness - so much disregard for the laws that have the sanction of the majority - so much unwillingness to be governed by the good of all instead of the good of one.

C. A. DOLPH BIBLE CLASS - METHODIST SUNDAY SCHOOL

First Presbyterian Church - NORTHVILLE, MICHIGAN.

There was a time when the reading of the Bible was forbidden. People who were found reading it were imprisoned. No such law exists anywhere today. No one is forbidden to search for the way of life as revealed by God through His Son Jesus in the Scriptures. The Bible makes the way so plain that He who reads may read.

Local News

Miss Reva Schrader was home from the University over the week-end.

Mrs. Gary Spencer is recovering nicely at Sessions hospital from a recent operation.

Mr. and Mrs. Robert Thompson have returned from Detroit, where they have been spending some time.

Mr. and Mrs. J. D. Thompson of Detroit have been spending the week at the home of Mrs. George Kahrl.

William Mara, secretary of the Stinson Aircraft corporation, has returned home from a business trip to Wisconsin and Minnesota.

Mr. and Mrs. Joseph Reritzer are the happy parents of a girl, born last Friday evening, December 2nd. Both mother and baby are getting along nicely.

Harry's German made a business trip to Carleton, Monday, where he helped in auditing the accounts of the State Savings bank in its semi-annual examination.

John Crommer of Milford was in Northville on business Saturday. Mr. Crommer used to live here, and he had the pleasure of meeting many of his old friends.

John Enright of the William H. Maybury sanatorium was a speaker at the Legion of Honor banquet at the Book-Cadillac Hotel in Detroit a few evenings ago.

Mrs. Katie Martin is seriously ill at her home on Grace avenue. Mrs. Martin has been a resident of Northville for a great many years, and her many friends hope for her early recovery.

Forrest Boyd, who recently underwent another operation at Sessions hospital, is getting along fairly well. He will be several days before he will be able to be out. The operation was for abscess on the spine, trouble similar to that suffered by him a year ago.

The M. E. Ladies Aid society will meet with Mrs. Reka Sallow on Dunlap street, Tuesday, December 13th, at 2:30 o'clock. A good attendance is desired, as it is the annual meeting, and there will be an election of officers. Reports of the past year will also be presented.

The many friends of Mr. and Mrs. Sam Erader will be interested in knowing that they are now nicely located in Clearwater, Florida, where they expect to spend the remainder of the winter. Mr. Erader writes they are thoroughly enjoying the winter weather of the south.

German & Sons, well known Northville auto dealers, as well as other dealers in town, state that business during the past year has not been up to standards in quantity, but they report collections better than in the preceding year. They also state that at the end of business a year ago and two years ago they had on hand 10 used cars, while this year they have only five.

Mr. and Mrs. C. Nielsen left Sunday for Union Grove, Wisconsin, to attend the funeral of Mr. Nielsen's father which was held Monday. Death took place Saturday. He was 78 years of age. The Nielsen family had lived in that part of Wisconsin for over 25 years. The aged man was highly respected by the entire community. Mr. Nielsen expects to be home by the end of the present week.

Frank Boyle, well known former resident of Salem, who is now in Ypsilanti, was in Northville a few days ago talking on old friends. He expects to leave in the next few days for St. Petersburg, Florida, where he will spend the winter. His health is greatly improved over what it was a year ago, but it is his plan not to assume any unnecessary chances by remaining in this country.

Harry Richardson is confined to his home with the mumps this week.

Members of the Pastime club had a very pleasant time at their last dance.

Mrs. Elmer Smith is in Battle Creek, where she will remain for a few days.

Mrs. William Mara was in Detroit, Tuesday, to attend a bridge luncheon.

Mrs. Katherine Hurford spent the week-end as a guest of Mrs. William Fleming in Windsor.

William Elhoff is confined to his home by illness. He expects to be back in the store in a few days.

Lillian Seltford, who has been seriously ill for the past ten days, is greatly improved and is now able to be out.

Mrs. Richard Saley entertained her bridge club at the Mayflower hotel in Plymouth very pleasantly a few days ago.

Miss Margaret Saurid has returned from Detroit, where she spent the week-end with Mr. and Mrs. Werner Weiss.

Frank Hills has been spending considerable time in Detroit recently in connection with various real estate projects.

Mr. and Mrs. Fred Lyke were among those who attended the first display of Ford cars in the Exposition building at Detroit, Friday.

Frank Bradshaw was a recent visitor at the home of his mother and brother in Kalamazoo. Mr. Bradshaw was a resident of that city a number of years ago.

Mr. and Mrs. Charles Barnhart of Farmington Junction were visitors in town, Tuesday. They have just returned from a pleasure trip through Florida and Texas.

Mrs. John K. Nelson and little son, Jerry, returned the first of the week from the Henry Ford hospital, Detroit, where the little fellow underwent a tonsil and adenoid operation.

Local police did motorists a good turn last week by sprinkling ashes and sand on the icy paving. Some portions of Main street have been exceedingly slippery since last Friday's storm.

Mrs. Eva Johnson and Mrs. S. W. Knapp entertained the Fleur-de-lis club last Monday evening. At six o'clock a delicious chicken dinner was served, and the evening was spent in playing five hundred.

Northville friends of Miss Kathleen A. Bovee will be interested in knowing that she has entered St. Vincent's hospital at Jacksonville, Florida, where she will take a course in nursing. The family resides at Fruitland Park, Florida.

The many friends of Mrs. Blanche Franklin, former correspondent of the Record at Novi, will be glad to know that she is well located in Detroit and that she has an excellent position there. The children are in school in that city.

Twenty-five friends of Mrs. Lewis G. Stewart gave her a very delightful surprise Monday afternoon at her attractive home on Orchard Drive. The occasion was her birthday. Bridge and an afternoon luncheon were greatly enjoyed.

Harold White especially urges veterans of the World war, who have not made application to have their adjusted compensation reinstated, to do so before January 1st. He will be glad to give any veteran such information as will be needed.

A regular meeting of the Allen M. Farran Relief Corps will be held December 14th at 7:30 o'clock. Election of officers will take place at that time. It is urged that every member be present. A card party and luncheon will be held on Wednesday evening, December 28th.

One of the social functions of last week was the meeting of the Old Time Dancing Club at the library, Friday evening, December 2nd. Everyone having such a good time, it was decided to repeat, and have another one this Friday evening, December 9th, at the same place.

Letters being received from Northville folks who have reached Florida to spend the winter, months tell of most delightful weather prevailing in that part of the country. All of them make the same comment, that the weather is ideal, and business seems to be a lull on the upgrade down there.

Because Northville has an airport, it brings business to the town. Fred VanAlta, manager of the Superior Churn company, is the latest one to attest this fact. The other day one of his big customers in Cleveland was in a hurry for some of the products turned out at the local factory. Instead of writing, he came over in an airplane, transacted his business and was back in Cleveland before the lunch hour arrived.

Honoring the seventh birthday of her daughter, Mary Jane, Mrs. Hall of 217 North Center street, entertained eleven little guests from 2:00 to 4:00 o'clock Saturday, December 3rd. The time was very pleasantly spent in listening to music and playing games. The decorations were in keeping with the holiday season. The centerpiece was a beautiful as well as delicious white birthday cake trimmed in seven red candles. The cake was baked and given to Mary Jane by Mrs. E. S. Neal. The honor guest received many beautiful gifts and cards. Jean Hall, little cousin from Detroit, was an out of town guest.

Chief of Police, William Safford, attended a meeting of Wayne county police chiefs held at River Rouge a few days ago. The session was presided over by Chief Seymour of Highland Park. Prosecuting Attorney Tommiege's thanks to the officers and several reports of the chiefs were given. Mr. Safford was in charge of the session.

Salem Events

Lawrence Miller and family of Plymouth and C. W. Lewis and wife spent Sunday in the Charles Payne home.

Mr. and Mrs. Alfred Maman of Shurgis were guests of their son, Charles, and family Saturday and Sunday.

Miss Witten received Monday evening through the mail from a florist in Monroe, a box of beautiful yellow and white chrysanthemums, a gift from her friend Mrs. E. Burdenau, of Ottawa Lake.

Mrs. Payne gave a birthday surprise party Monday of last week on her husband and as his and C. W. Lewis' birthday are only a few days apart, it was a joint affair. After pleasant social hours, candy refreshments, sandwiches, pickles and coffee a large birthday cake with pink candles and other delicious cakes were served by the hostess. Those present were Mr. and Mrs. Lawrence Miller and son of Plymouth; C. Mankin and family; Mr. and Mrs. Frank Buers and son; George and Mrs. E. W. Kehli; Mrs. M. Strol; Mrs. L. W. Wicher; Mrs. Fred Riger; Mr. and Mrs. Gibson Burdham; Mr. and Mrs. Lewis and Miss Witten.

The annual bazaar in connection with Salem Federated church was held in the church basement on Friday, December 2nd, over one hundred tables down to dinner and the bazaar tables were well patronized throughout the day. The following ladies were in charge of stalls: Candy table, H. C. G. Wilson; miscellaneous, Mrs. H. C. G. Wilson; food, Mrs. G. Wilson; Mrs. Wilson; apron and fancy stall, Mrs. Burdham; Mrs. G. Bender and Mrs. Atkinson. The proceeds of the bazaar realized \$64.47 and an additional sum of \$89.82 was received from the ladies' aid. The minister voices the sincere thanks of the church to Mrs. M. Savory and Mrs. J. Taylor—leaders of the north and south circles—and to all members of the Ladies' Aid and to all friends who had helped in any way to make the bazaar such a marked success. In recognition of the splendid service rendered to the church by the Ladies' Aid, it is anticipated that the men of the church will give all the ladies a banquet in the church basement, on a date to be arranged in the future.

If one could hear what is said behind his back, he could easily select the truthful from the malicious.

One difference between civilization and barbarism is that in civilization one can have 100 varieties of food.

Ancient cities, built without zoning, are picturesque; but modern cities built without it are anything but that.

Although advice goes begging when money is wanted for it is sometimes equally hard to sell eggs or potatoes.

Tight kind of civilities in the throat and head are necessary in order to sing well; but even the civilities have to be trained.

WORKS OF SCIENCE

Small one through has been made in Germany by fusing diamond with cheaply available plastic.

A French museum is planning to buy one for people to pioneer job as work of material—diamond in the world.

Accurate tests in Germany, it is said, will disclose whether the human body is affected by the most potent substances present in attention to them.

An instrument has been designed by United States government scientists to determine what orders are certain animal insects most afraid of.

By applying ultraviolet rays of 257 mμ of wavelength to ultraviolet rays by a chemist's method, it can produce living creatures.

According to tests in England the efficiency of workers in the tasks is increased by wearing properly fitted goggles, even though their eyes do not require them.

INVENTIONS

Instruments have been invented to test the vision of horses.

For washing large windows, a spray nozzle and squeegee have been combined.

A boat in Finland upon reaching port, raises the water and propels itself over rails to the end of its route.

Mitre boxes are not needed when a new guide is clamped to a saw to enable it to be used to cut at desired angles.

With a new set of signals operated by a switch from the steering post, warning that an automobile is about to stop or turn is given both at the front and back with colored lights.

WHAT IS GENIUS?

A living spark from the great fire of truth.

One step above cleverness and below madness.

That which can express what others can only feel.

The one form of a diseased mind tolerated by society.

The divine fire whose vivid flame reveals the hidden mysteries of truth and beauty.

An intuitive perception of what is beautiful and true, combined with an unusual power of expression.

RAINY DAY IDEAS

Always put off until tomorrow what you shouldn't do today.

Men who are always on the level are usually in the hole.

Ministers and schoolgirls are both caught at slipping the rope.

Each life some rain must fall, but some (the strain) never.

MCCULLY PLEASED WITH SHOE SALE

John McCully, well known Northville shoe merchant, is conducting his regular annual winter sale and he reports an especially good business.

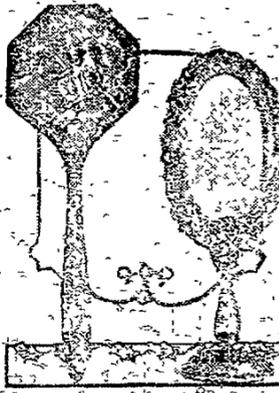

"What has pleased me the most is the fact that many of the buyers seem to be from neighboring communities. We have had a large number come in the store each day from out of town. Several of them have patronized some of our previous sales. I think this is a good time to put on a special sale as it helps every one and brings new trade to town," stated Mr. McCully.

His sale will continue for some little time yet and each week he is offering some new bargains.

Take a hint from Mother Nature in planning color effects in your clothing. Bright colors in small areas are used with dull colors such as are most worn by the average person, to give interest and accent. Greys, greens, browns, tans and soft blues are used for backgrounds, frequently, while a touch of red, orange, vivid blue or purple may be sufficient to brighten up the whole effect. To tell whether a color is becoming to you, select material of different colors and drape them over your shoulders so you can study the effect.

About one out of every 4,200 persons in the United States is listed in Who's Who, published every two years.

Old Buick Does Odd Job

This locomotive, which Robert Ballinger operates in a Portland, Ore., park, is powered with the engine from a four-cylinder Buick which had covered 72,000 miles before its engine was adapted to this use. Since that time, four years ago, it has averaged 5,800 miles a season, bringing the engine's total mileage well above 100,000, its young operator reports.

DOOR PEDDLING BECOMING REAL PROBLEM IN TOWN

Local Merchants Pay Taxes while Agent Takes Away Profits

Here's some interesting news. Fred Lyke, James Huff, Walter Ware and the Wedgworth store, ordered a lot of mail boxes for Northville residents. These mail boxes are of the approved type and sell from 25 cents to \$1.50. In fact, anyone could get as good a mail box as you would want for not over \$1.00.

Along comes an agent. He goes up and down the streets selling mail boxes at a higher price than asked by local merchants—and the mail box happens to be of no better quality than that carried by local business houses.

This is no fault of the agent. He read the news and got busy and picked off some good business.

But folks who are trying to save a few pennies these days would have been able to save quite a few on this one transaction if they had shopped around a bit and made inquiries of local merchants.

The peddling question has long been a nuisance to this and many other small towns around Detroit.

Naturally, local business places pay a high rate of taxation for the purpose of providing such necessities as the residents of the community need. They carry in stock thousands of dollars' worth of articles that are often not sold over a period of years, and on these goods they are paying village and state taxes year after year for no other purpose than providing you with just what you want when you want it.

Along comes someone—just like a fellow did Thursday, with a pack of brooms on his back. His price was no lower and on many of the brooms and brushes he was peddling, his price was higher than that asked by local dealers for a better product than he displayed. He paid no taxes in Northville on the goods he was selling you and on every transaction he made, it was a case of clear cold profit to him. You made no saving on the purchase and no one except the peddler profited by it. It's a pretty safe practice to follow by going to your store and looking around before you buy anything from anyone who might be selling articles from door to door.

MARRIAGE MAXIMS

Certainly your wife is not as terrible as you fear of her.

Of all love, conjugal love is the rarest and the most jealous.

Allow yourself always just a little more liberty than you really have any use for.

Do not discuss your wife with your friends, still less your friends with your wife.

Marriage is discredited so much that there must be a great deal of good in it.

We do not like to have people say loud things about our wives—not too far, good.

It is a normal condition to fear one's wife, and conjugal heroism lies in controlling this fear.

A home is in perfect accord when both husband and wife simultaneously feel like quarreling.

Marital recriminations are frequently false; when they are fair we find it best to hold our tongues.

Allow yourself to give in when you are not sure if you know how to be stubborn when you are in the wrong.

Leave it to her to remind you of the duties of friendship toward friends whom you do not particularly like.

But, after all, marriage permits us to know ourselves—and that is not its least profit, nor its least displeasure.

Offer spontaneously what your mate would not venture to ask of you; and refuse what she (or he) thinks you would not dare refuse.

Art, frequently lies in a disconcerting attitude. Resist when you are expected to give in, and give in when you are expected to resist. From "Notes et Maxims" by Jean Rosland. (Translated for the Kansas City Star.)

For Baby's Comfort

If baby could write, it is fair to suppose that Santa Claus would be deluged with letters saying, "Please, dear old Nick, bring me a nice little hot-water bottle to make me comfy." A miniature hot-water bottle in a beflowered satin case is a cunning gift. It doubles the message of comfort if a bit of talcum powder be included. These nursery requisites are obtainable in matched sets, beautified with flower craft which creates such wonderfully lovely poses out of satin ribbon.

For the Bachelor's Den

For many this Christmas is going to make a reality of that oft-dreamed wistful dream, "When my ship comes in." It is all due to the conspicuous part that ships are now playing as a decorative feature in modern home interiors. There are ships and ships to be had, some of brass, some of glass for table appointments. The bachelor who glories in a well-furnished den would feel honored to receive this candlestick which embodies a ship in its design.

Are You "Bank Conscious"

"Bank Conscious" was a new term to us—coined we believe, by a client of ours who suddenly woke up to the fact that this institution extended far wider service to its customers than simply keeping their money safely for them.

He mentioned a proposition. Our helpful co-operation pointed the best way to handle the matter—and our grasp on the details and his needs brought him a new conception of service.

ACUTE INDIGESTION IS CAUSE OF DEATH OF BERT HANNAN, HIGHWAY EMPLOYEE

Bert Hannan, who died suddenly on Wednesday evening at ten o'clock as result of an attack of acute indigestion, at the age of 64, was laid to rest at the Sheldon cemetery on Saturday afternoon. Born in Canton, Mass., and living in the vicinity of Wayne all his life, Mr. Hannan had many friends. He had been in the employ of the Wayne County Good Roads as road superintendent since 1910 and leaves an enviable record.

At one o'clock Saturday a short service was held at the home, west of Wayne, after which Reverend Copeland of the Episcopal church, conducted services at the Methodist church in Sheldon. A large gathering of friends attended the last rites, the local Masole lodge conducting a ritualistic interment at the Sheldon cemetery.

Surviving are Mrs. Bert Hannan, a son, Leslie, a daughter, Helen, a brother, A. Hannan, and a sister, Mrs. Let Davis of Wayne besides a host of other relatives.—Wayne Weekly.

A Christmas Carol

By Robert Herrick

What sweeter music can we bring
Than a carol for to sing
The birth of this our Babe who King
Shake the world! Shake the strong
Heart, ear and eye, and everything,
Shake! the white ice crackle ring,
Kiss divisions with the sugar,
Dark and dull night, the house afar,
And give the honor to this day,
That sees December turned to May,
If we may ask the reason say
The why and wherefore all things here
Seem like the spring time of the year?
We see Him come and know Him ours,
Who, with His sunbeams and His showers,
Turns all the patient ground to flowers.

FORDSON INDEPENDENT TO BECOME SEMI-WEEKLY PAPER IN NEXT FEW DAYS

The Fordson Independent, Fordson's oldest newspaper, has announced a new policy in publication to take effect about December 15th. They will publish a bi-weekly instead of a weekly.

The announcement which appeared in their issue of November 25th goes on to say that the new building which they will occupy is at 13452 West Michigan avenue and has 2400 square feet of floor space. The article says that they have purchased a new Duplex press which has a printing and folding capacity of 6000 an hour—Dearborn Press.

The organization and operation of co-operative associations on a crop-crop basis is a shortsighted policy which handicaps the organization and nullifies many of the services which they might otherwise render.—B. B. Derrick, U. S. Department of Agriculture.

A New \$10 Hat for a Dime! My dear, this little hat that you admire so much costs me just ten cents. But it's not as new as it looks. I had had it a while because it was so soiled. Then it occurred to me to dry clean it with Solvite. Presto—a new \$10 hat for a dime! Any woman can easily give five to ten dollars by dry cleaning everything in the home that would be ruined by soap and water. Solvite, dissolved in gasoline, makes everything dry, cleaned, cozy and soft and spins and brightens. No damage to delicate fabrics or wrinkles. Get Solvite today at all drug stores.

ADVANCEMENT OF EDUCATION TOLD BY SUPT. F. W. CODY. Prominent Educator Speaks to Men at the First of Banquet Series.

The first of a series of men's brotherhood banquets to be held at the Methodist church under the direction of Rev. William Richards, last Thursday evening, was one of unusual interest. There were about eighty in attendance, and appreciated the fine program and speech given by Superintendent Frank Cody of Detroit.

Postmaster Frank Neal acted in the capacity of toastmaster and proved a worthy one. Those in attendance were exceptionally pleased with the vocal offerings given by Harold Clark, who was accompanied by Mrs. Clark. Superintendent Gordon of the Northville Public Schools gave a brief talk commending Rev. Richards on the spot and success he had found in the first brotherhood gathering this year.

Years ago teachers were elected to positions on the school staff. This system has been done away with, and now those most capable are appointed; after showing the proper credentials from some higher institutions of learning. The doing away with this old system of election only shows to us one of the many ways our school system is growing.

The old question of which is the better, the city boy or the boy brought up in the country is fast disappearing. School consolidation has done away with the different standards and has tended to put every child on an equal basis.

As an example of our system of segregation in Detroit, last year we had 350 cripples who were sent to a school where they were given special attention. The following year 25 of them were returned to the public schools as normal children. We have 15 centers for blind children and have over 400 in attendance.

There would be no advantage in educating a child mentally and have him uneducated, physically. Much time has been given to the discussion of athletics in schools, this, I think, is a fine thing and should be an accepted part of any child's education.

A new system of education is slowly bringing itself to the front and that is the education of the foreigners through the efforts of our night schools. Detroit has 7,000 adults over 21 years of age attending night school. They have an unusual advantage in the city as there education does not stop at high school, we offer them a complete college course.

The Detroit school system is an immense problem. One does not appreciate the size of it until knowing that we have 200,000 students, 6,500 instructors and 260 buildings. On top of that we served every noon 40,000 lunches. These few statistics show to you that the Detroit system is a going concern.

In the good old days a graceful lace scarf was the official Chinese calling card. Then came the age for red visiting cards, often as large as eighteen inches square with the name in gilt letters. Today printed white cards are the fashion, but they are still typically Chinese, carrying the name of the county province, present occupation and address on one side, and the name of the other on the reverse.

"We Serve Michigan"

Present-Day Industrial Needs Demand the Movement of Freight at Express Service Speed of Former Years.

WITH the war-time expansion in America, the greater post-war costs of materials and supplies and the higher wage levels, etc., the industrialist, the distributor and the consuming public, now require a more expedited service for freight than at any time anywhere.

THIS means that the speed expected of the railroads in handling of all freight now is almost the former standard of express service provided in before-the-war days. The exigencies of the conflict showed the Nation, first, the urgency of speed and, secondly, the benefits that accrue. The accelerated movement of the war days was continued in the readjustment period and business men soon realized their economic advantage.

THE railroad traffic unit—the ton of freight—is traveling more miles each day than ever.

THE additional mileage made by each ton of freight per diem means that the manufacturer can utilize his plant to greater advantage by clearing his shipping room regularly and carrying a smaller inventory in his stock room.

ALL of these conditions mean benefits to every stratum of society. THE railroad worker is paid higher wages for his services, since the railroads are doing more work, and their unit of cost makes this possible.

THE consumer of commodities finds that prices are kept down to a lower level than would otherwise obtain.

THE business man, who ventures into modern business, can carry on with a smaller capital.

ALL, therefore, share in the benefits of the accelerated freight service. NOWHERE else under heaven's blue canopy is this so apparent. NOWHERE in America are these conditions more applicable than in the territory served by the Michigan Railroad Association, which is making the greatest forward stride in the country.

NOVI SCHOOL GIRL PREPARES REPORT OF A MOCK TRIAL

Write-up by Marian Shinn
is Excellent One—But
13 Years Old

The following exceptionally interesting report of the mock trial recently held in Nov., sent in by Mrs. Thompson, the Record's regular correspondent, was written by little 13-year old Marian Shinn. Mrs. Thompson writes: "The article is of exceptional merit, and will do credit to a much older writer." Miss Shinn was a high contender last spring in the Detroit News' spelling contest. Her article follows:

The 'Lazy' Jossified Court of the township of No Account of Nobody-Knows-Where, State of Intoxication, held an important session Thursday night.

In this trial the complainant, F. O. Thompson, charged Bert Leavenworth with milking one of his cows without his knowledge and giving the milk to a widow. The defendant's witnesses endeavored to prove him not guilty, although they differed somewhat as to Bert's whereabouts on that particular day. There were some who declared that he was in Chicago. Others held that he was sick in bed all that day. Some said that he milked his own cow, and last, some said he milked Mr. Thompson's cow at the owner's request.

The trial was a roar of laughter from beginning to end, but the climax came when the jury turned in a verdict of guilty.

The sentence as pronounced by the judge was to refrain from going out nights, for the next six months, to obey his wife in all things, to attend all meetings of the Novi association, to wear gloves the next time he stole anything, to apologize to the cow for milking her with dirty hands, to refrain even after from smoking cigarettes, and to share with the judge his ill-gotten gains.

Note: Before the trial, the crowd was fined ten cents apiece for contempt of court. Fourteen dollars were raised this way.

NORTHVILLE Twenty-Five Years Ago

of Dec. 11, 1902, for the week corresponding to this week.

An addition is being built to the Erie factory.

Will Lewis received a bad cut on his face by an accident at the Duquar factory, last week.

Fred W. Yerkes, formerly of Northville, was married December 4th, to Miss Numa Cobb of Brighton.

A party at the Lumber Hotel, Chicago, where the Northville people had a party, a narrow escape from hanging to death, the public here, this case.

John Barnhart of the U. S. Fish Commission at Duluth, visited his parents here over Sunday. John came to Detroit after white fish eggs for the Duluth station.

O. N. Barnhart arrived home Sunday from Arizona where he had been for several months. Mr. Barnhart brought home some very fine specimens of gold and silver ores, and some fine views from the western country.

The Globe Furniture Co.'s property has been sold and the prospects for more business for Northville look very bright. The factory building on the south side of the creek, was bid off by R. C. Yerkes for the new stock company, for \$7,000, and the manufacture of sanitary work will be carried on more extensively than ever. The new company will be organized next week, the capital stock of \$16,000 being already subscribed.

Christmas Poem

(From "In Memoriam")

By TENNYSON

THE time draws near the birth of Christ:
The moon is hid, the night is still,
The Christmas bells from hill to hill
Answer each other in the mist.

Four voices of four hamlets round,
From far and near, on mead and moor,
Swell out and fall, as if a door
Were shut between me and the sound.

Each voice four changes on the wind,
That now dilate, and now decrease,
Peace and good-will, good-will and peace
Peace and good-will, to all mankind.

"A century ago," says Dr. John R. Mohler of the U. S. Department of Agriculture, "the British Isles were prominent in agriculture, particularly in livestock growing. For many years this has been subordinated to industrial development. The United States is undergoing a similar change. In the last 25 years the population has increased 35,000,000; but there are 11,000,000 fewer beef cattle, 9,000,000 fewer sheep and 2,000,000 fewer swine. Dairy cattle have increased about 8,000,000, so there is a net decrease of about 14,000,000 food animals.

The first step in better breeding is the elimination of the scrub and grade bull; the next step is the elimination of all inferior purebred bulls, and the third and final step is the general use in all dairy herds of good purebred bull that have proved their ability to transmit very high production to their offspring.

The half-cent stamp is the lowest denomination of all adhesive postage stamps issued by the United States and the five-dollar stamp the largest.

Stem smut of rye may be prevented by the copper carbonate dusting treatment, which is widely used in control of smut in corn and wheat.

AUTO CLUB CHIEF ADVISES CAUTION IN WINTER DRIVING

President Schrader Points Out that Hurry is Not Advisable

Safe winter driving begins with a re-adjustment of one's schedule to allow more time for travel between the home and office, store, shop or plant, says President Schrader, of the Northville Auto Club. The allowance of an extra five, ten or fifteen minutes, depending upon the distance one has to travel, may mean a difference much more significant than that denoted merely by the time he points out.

It is impossible to tell how many accidents may be traced to the individual's failure to adjust his driving schedule to winter, when so many things conspire against ordinarily speedy motor travel. It is not to be doubted that the number would be impressively large were it possible to compute.

Too fast for conditions is an accident cause that is most outstanding in winter, even though on the whole, cold weather driving is slower. It is well to remember that conditions are radically different. Streets are slippery and the weather is cold making for more difficult handling of the car and the temptation is to rush ahead regardless of traffic. These and many other factors seem to conspire against safety.

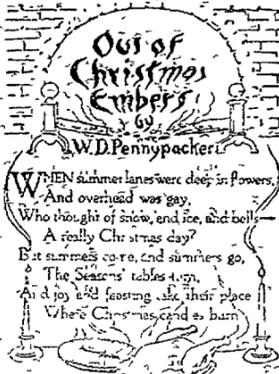

The remedy for these conditions, mainly, is to take more time. If the motorist usually allows ten minutes for his morning commute to the office, why not make it fifteen for winter? No matter what to spend five minutes can be devised. If this allowance is made there will be no driving that is so fast that a sudden stop may mean a fatal accident. It will mean time to let the reckless driver pass. It will be adequate for more caution in congestion, permitting one to drive farther behind the next car, when will make stopping possible in case an emergency arises.

Such a readjustment of one's early morning routine is not difficult, and it will bear fruit in the form of greater traffic safety.

All going south should see the secretary. Books with routes and details of detour are at the office.

GUARD AT THE CORRECTION FARM IS DEAD FOLLOWING INJURIES IN AUTO ACCIDENT

William Herr, one of the officers at the House of Correction farm, was seriously injured in an automobile accident in Detroit, last week Thursday evening. He was taken to Heculog hospital, suffering from a fractured skull. Mr. Herr died Monday evening. He was 25 years of age, and had been employed at the House of Correction farm for about two years, and was an efficient officer and highly esteemed by all who knew him. The remains were taken to his home at Portage, Pa., where the funeral services and interment took place—Plymouth Mail.

Out of Christmas Embers
By W.D. Pennypacker

When summer lanes were deep in flowers,
And overhead was gay,
Who thought of snow, and ice, and bell,
A really Christmas day?
But summer care and summer go,
The seasons' tables turn,
And joy and feasting take their place,
When Christmas cards are burn.

Days—the days, were the best
Lapsing and rearing the care,
A round in the underbrush
A rhythm of Yule refrain,
The day of old goodwill has come,
A feast for us of the year,
The day among the thousand days
Our Christmas Day is here!

Katherine Ott of Oberlinstadt, Germany, claims ownership of the oldest grapevine in the world. The stem of the vine has a circumference of 47 inches, its roots reach 250 feet into the ground, and it bears luscious grapes every year. Experts believe the vine was planted in 1500.

GEORGE ULRICH, SEVENTH GRADE PUPIL, IS ILL.
George Ulrich, pupil in the seventh grade has been absent from school for three weeks on account of illness.
Miss Parks, seventh grade geography class wrote letters to George when they had time of studying geography Tuesday morning.
Some of the boys and girls who have written something to say could not think of anything to write. Pictures were drawn of George in bed and sent to him in the letter.
All the class hoped that George would soon be able to return to school.

TWO NEW SPINNES.
The public club now number twenty-two. Last Thursday they elected their officers. The officers are: president, Mrs. L. J. Smith; vice president, Mrs. L. J. Smith; secretary, Mrs. L. J. Smith; treasurer, Mrs. L. J. Smith. At the beginning of the year sixteen was elected as the number of members and at the end of the year the number has been increased to twenty-two.

UNION TRUST COMPANY ENTERTAINS FACULTY STUDENTS.
The public from Northville high school Mr. Gordon, Mr. American, Mrs. L. J. Smith, Mrs. Russell Atchison and Donald Ware, were entertained at a scholarship banquet at Hotel Stabler, by the Union Trust company on Monday evening.
The purpose of the banquet was to introduce the scholarship plan to the high schools, both public and parochial of Wayne, Oakland and Macomb counties. The hall-room dining room was filled with students and teachers.
The address of the evening was given by Arthur H. VanderLug, editor and also editor of the Grand Rapids Herald. Mr. VanderLug spoke on "The Essential Loyalties of Life," and brought out that one should not try just to make a living but to make a life.
The Union Trust Scholarship prizes of \$1,000 each, will be given to the seniors who write the best essays on "Instalment Living." The rules of the contest were announced in last week's Orange and Black, and a notice has also been placed on the high school bulletin board.

EVERYONE OUT, NORTHVILLE PLAYS BIRMINGHAM TONIGHT.
Northville plays Birmingham tonight, at the opening game of the season. The game is expected to be one of the hardest of the season and will be worth while to watch.
Coach Doeksen says "The boys are in fine condition and I think they will show up well in the first game." It is expected that the team will be better on offense than defense. There are about fourteen boys that the team will be picked from and they all look alike to the coach.
Possibly Watts, last year's captain and forward, will be shifted to guard position, and Thompson who was ineligible last year will be forward. There are two sets of forwards, two sets of centers and three sets of guards. LeFevre and J. Ely will fight it out for the position as forward; those out for guard are Goudale, Ware, Tim, Wolfrom, Lyke and Watts. Art Miller and Alex Johnson look like good prospects as forwards.

COACH DOEKSEN WILL ATTEND DIRECTORS' MEETING SATURDAY.
Saturday afternoon, December 10th, Coach Doeksen will attend a meeting of all physical directors at the Michigan Union building at Ann Arbor.

John Matthews, Presbyterian minister of Glendale, California, who over preached, while delivering a recent sermon, the first church employee to apply for state industrial accident compensation in California. Gescheide is a former pastor of the Union Trust church in Northville, Michigan.

Bible Thoughts for the Week

Sunday.
Thus saith the Lord, a II unto Me, and I will answer thee, and show thee great and mighty things which thou knowest not.
Psalms, I will bring it health and cure and I will cure thee, and all shall reveal unto thee the abundance of peace and tranquility.

Monday.
The spirit of the Lord God is upon me; because the Lord hath anointed me to preach good tidings unto the meek. He hath sent me to bind up the broken hearted, to proclaim liberty to the captives, and the opening of the prison to them that are bound.

Tuesday.
Owe no man anything, but to love one another; for, he that loveth another hath fulfilled the law. Love worketh no ill to his neighbor; therefore love is the fulfilling of the law.

Wednesday.
Pure religion, and undefiled before God and the Father is this: To visit the fatherless and widows in their affliction, and to keep himself unstained from the world.

Thursday.
He that will love life, and see good days, let him refrain his tongue from evil, and his lips that they speak no guile.

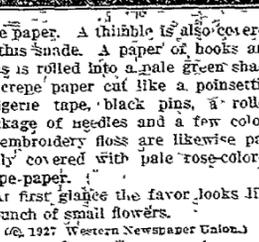

Friday.
A man that hath friends must show himself friendly; and there is a friend that sticketh close that a brother.

Saturday.
He that keepeth his mouth keepeth his life, but he that openeth wide his lips shall have destruction.

An Inexpensive Favor
COMBINE the practical with the beautiful and helpful. The hostess may satisfy her guests' needs with the help of much of the small articles which women need.
The small paper napkins used for breakfast service are made the base of the bouquet. The rest of the bouquet is placed in the local variety stores. Special napkins to the paper are an artificial favor with their wire loops hanging through the center of the paper to form the bouquet, no need of a deep rose raffie or crepe paper is best suited to the leaves. A spot of thread is wound in a lighter shade of

rose paper. A thimble is also covered in this shade. A paper of hooks and eyes is rolled into a pale green shade of crepe paper cut like a poinsettia. Lingerie tape, black pins, a rolled package of needles and a few colors of embroidery floss are likewise partially covered with pale rose-colored crepe paper.
At first glance the favor looks like a bunch of small flowers.

For feeding dairy calves, skim milk is considerably more valuable than skimmed whey. Skim milk from the average separator will analyze about 3.4 per cent protein and 0.1 per cent butyric acid. Skimmed whey usually contains about 0.8 per cent protein and 0.1 per cent butyric acid. The sugar content is about the same in whey as in skim milk, being nearly 5 per cent. Whey should be fed to calves only when strictly fresh and when scrupulous care and cleanliness are followed. Far greater success will be obtained from skim milk.

Wood-boring insects cause an annual loss estimated at \$45,000,000 to wood products in process of manufacture and use. Much of this could be prevented by proper precautions in handling and utilization.

American women spent four times as much for Christmas gifts as they did for permanent waves in the United States. The government will subsidize the hair industry.

Good Old Christmas Time

by Edith Miniter

SOME day I'll make a Christmas song,
And fill it full of words that sing
Of Santa and his bells a-ringing,
Which educators say is wrong!

All stockings hang, nor be afraid,
To name the sweets and gramin' cakes,
Yet never hint at stomach aches,
For bright-eyed lad or tiny maid.

All rooms with garlands I will trim,
All rooms with holly wreaths be gay,
Nor will I on the morrow-day
Over muss and fuss be sour and grim.

The biggest Christmas tree I'll choose,
A bearing gifts for everyone,
And jolly geese are full of fun,
But not a single thing of use.

For ancient customs I'll be strong,
And not forget the mistletoe,
Where each girl can kiss her beau,
And ne'er a match shall come out wrong.

The carollers shall all be there,
To walk and sing, however old,
Nor shall a single one catch cold,
Though snowdrops sparkle in the air.

And who will love my little song?
I rather think that all of you
Who read, will say, "We think so, too!"
Though educators call it wrong!

Scissor Painted Basket

A scissor painted waste basket makes an acceptable gift for man, woman or child. One cuts pictures out of illustrated crepe paper, which costs but a trifle for a whole roll. After the background of the paper-mache basket form has been smoothed and sealed with paint, the pictures are pasted on. The pictures are smoothed down with a brush and the basket is ready for use.

Does the government charge the stockmen for grazing their cattle and sheep on the national forests? Ex- plaining the government policy of grazing permits, Will O. Barnes, assistant forester in charge of range management, United States Department of Agriculture, says that each settler or resident is entitled to graze ten head of his domestic stock, such as work or saddle horses, milk cows, and even dogs, free of charge and without permit on national forest ranges. All other animals must be paid for at a rate which at present averages between ten and eleven cents per head per month for cattle and three cents per head per month for sheep. On January 1, 1928, these rates will be slightly increased. The stockmen are now paying into the United States annually about two and one-quarter million dollars in grazing fees.

How parasites that affect animals may multiply themselves is shown by studies made in the United States Department of Agriculture, which indicate that a mature female ascarid commonly known as a roundworm may produce as many as 25 million eggs in the intestines of the hog she feeds. To make matters worse the roundworm comes to maturity in a comparatively short time and the second generation reproduce and deposit great numbers of eggs. In spite of this, the experts of the department have devised a system of sanitation that effectively checks the spread of roundworms to healthy pigs.

Many hostesses of London hire the antique decorations of their homes, such as art work, tapestries, beautiful old furniture and ornaments, from antique dealers for their social affairs. These loans are often made free of charge, with the hope that some wealthy guest will make a purchase.

From fifteen to twenty tons of waste paper are gathered weekly from some of the large office buildings in our cities, two to three tons daily from the hotels of the large type, ten to twenty tons daily from metropolitan newspapers and 17 tons weekly by the street cleaning department of New York alone.
