VOL. LVIII, NO. 28.

NORTHVILLE, MICH., FRIDAY, JANUARY 20, 1928

\$1.50 PER YEAR, IN ADVANCE

## BANQUET TONIGHT TO BE ONE OF BEST EVER HELD HERE

Hundreds Will Greet Governor  
and Other Honored  
Guests of Town

All plans have been completed for Northville's biggest community banquet to be held this Friday evening in the high school gymnasium, when Governor Fred W. Green will be a special guest of honor with our own William H. Maybury and many other prominent citizens of Michigan present.

Many Elmer Smith has been advised that all of the invited speakers will be present. Committees have perfected all details, and when 6:30 arrives tonight there will be present one of the largest crowds ever at a banquet in Northville.

The program as arranged follows:

Invocation—Rev. Wm. Richards

Violin Selection—Miss Emily Mutter of Howell

Address of Toastmaster—

Remarks by Toastmaster M. J. Murphy

"Our Highways"—LeRoy W. Smith

How to Keep Them—

Capt. Edward Denniston

Northville's Future—

William H. Maybury

Vocal Selection, Miss Ida Rose Cavel

"Our State"—

Governor Fred W. Green

Music—School Community Blend

Ladies of the Methodist church have prepared an excellent menu, consisting of chicken, pie and all that goes with it. Serving will begin promptly at 6:30 o'clock. There will be a reception in the high school auditorium preceding the banquet, where everyone will have a chance to meet the guests of the evening.

Present at the banquet will be members of the Wayne County Road commission, members of the Oakland County Road commission, Edward Stinson, famous aviator, Representative L. Johnson of Plymouth, various county officers of Wayne county, members of the Northville township board, members of the Northville commission, Dr. Robert H. Hale, president of the Wayne County Training school, School Commissioner Voss and many other well known residents.

The ticket will be exceptionally good, and the few that remain unsold will doubtless be taken by the time the banquet starts.

**OLD RECORD STORY**

APPLIES TO PRESENT  
DAY POSTAL DEMANDS

Twenty-Six Year Old Record Story Shows Box Demand in 1902.

The following article appeared in this paper 26 years ago. The substance of the article was a declaration by the village postmaster that all people living on rural routes must obtain mail boxes under "Order No. 739," issued by the postmaster general. A quarter of a century later an order comes from the postoffice saying that all residents of Northville must purchase mail boxes in order to be ready for the free mail delivery that will be established here the early part of February. Although the restrictions as to the type and style of boxes is not so rigid the demand is as necessary. Location of boxes is an important item now as then they should be located on the front of the house, so that they are easily reached by the mail carriers.

The following story was printed in the Record, October 31, 1902:

"Rural mail delivery service from Northville commences tomorrow, November 1st, and among the necessary things for towns to know in connection therewith is the fact that they are obliged to secure and put up a mail box of a kind officially approved by the postoffice department, according to 'Order No. 739,' issued July 9th over the signature of the Postmaster General."

"Some of the principal features required are that the boxes must be made of galvanized sheet metal of prescribed weight and construction, must not be less than 6x18 inches in size, opening at side or top, with cover so constructed that when closed it will thoroughly protect the mail from rain, snow or dust under all circumstances," and must be marked by the manufacturer in a conspicuous place, "approved by the Postmaster General." The order further states that "each box must be erected by the roadside so that the carrier can easily obtain access to it without dismounting from his vehicle. The same box must not be used for more than one family or, except in the case of near relatives or those residing in the same house."

The postmaster has positive orders to direct the carriers to serve only those who meet the requirements of the postoffice department. The penalty for in any way disturbing or meddling with the mail boxes is punishment by a fine of not more than one thousand dollars or by imprisonment for not more than three years.

## WALLACE ROSS IS CRITICALLY ILL IN FORD HOSPITAL

WALLACE ROSS

Northville residents will be grieved to learn that Wallace Ross, for years one of the best known residents of this community, is seriously ill in Ford hospital in Detroit. A report received from attending physicians yesterday stated that his condition was critical and that they are unable to state what the outcome might be.

While his ailment has not been definitely diagnosed, it is stated that he is suffering from a nervous breakdown brought on by overwork.

Mr. Ross has been in the traffic department of the Pere Marquette for a number of years. Just a few weeks ago his term of office as High Priest of Union Chapter, R. A. M., expired. He has also directed the affairs of the Presbyterian Sunday school, and outside of his Masonic lodge work, he has given much time to other community matters. Everyone is hoping that later reports from the hospital will bring more favorable news.

Physicians announced Thursday that typhoid fever was his ailment.

## COMMANDERY TO VISIT DETROIT; SPECIAL GUESTS

### Paul Voorhees, Commander of No. 1, Issues Invita- tion to Home Lodge

Friday evening, January 27th, members of Northville Commandery will go to Detroit to be special guests of Detroit Commandery No. 1. The invitation has been extended by Eminent Commander Paul Voorhees of the Detroit Commandery. He was knighted by the local commander, and over a period of many years remained a member of Northville Commandery.

Even after he removed to Detroit, where he took up law practice, he retained his membership here.

Commander Voorhees has over a period of many years been exceedingly active in Masonic affairs, and after he removed from Northville to Detroit, he gradually began working his way to the highest position offered in the Commandery.

He has been especially anxious to have the local lodge as guests of the Detroit Commandery during his term of office as commander, and the recent invitation was gladly accepted by the local members.

There will be a banquet preceding work in the temple degree. Elmer Peirce, commander of the Northville lodge, says he expects a very large number of local members to go to Detroit to take part in the affair.

Commander Voorhees served Wayne county as prosecuting attorney for two terms, and has one of the largest law practices in Detroit.

**DEATH TAKES WIDOW OF  
CIVIL WAR VETERAN—MRS.  
RANSOM DIES AT AGE OF 84**

Mrs. Eliza A. Ransom, 84 years old, widow of the late Ezra Ransom, Civil War veteran, died Monday at 119 North Rogers street, Northville, of a complication of diseases; following an illness of four months. She was born in Davison, September 3, 1843, the daughter of Mr. and Mrs. Goodenough Townsend. She had lived in Northville eight months, coming here from Flint, where she had spent practically all her life. In 1863, she was married to Ezra Ransom at Davison. She was member of the Court Street M. E. church. Mr. Ransom died January 3, 1926. She leaves one daughter, Mrs. W. C. Dayton of Northville; three sons, Rubin of Seattle, Washington; Arthur of Detroit, and George F. Ransom of McCamney, Texas; one sister, Miss Fannie E. Townsend of Flint; two brothers, George W. Townsend of Redford, and R. F. Townsend of Pontiac; seven grandchildren and two great grandchildren.

**WILL OPEN GALLERIES  
OF GYMNASIUM SO LADIES  
MAY HEAR GOVERNOR**

The committee in charge of the Community banquet, Friday night, has decided to open the gallery of the high school gymnasium for ladies, who wish to hear the speakers. In view of the fact that the banquet itself is for men only, members of the committee thought that local women might be interested in hearing Governor Fred Green talk. There will be no charge for this privilege.

## WHAT SHOULD BE DONE DURING 1928 TO AID NORTHLIVE

### Rotarians Hear Many Good Suggestions from the Members

At more than unusual interest to Northville, as a community was Monday's meeting of the Rotary Club. The committee in charge prepared a program which required a talk from each member present as to what he thought was the most important thing that should be accomplished in Northville during the year 1928.

Many excellent suggestions were made by those present and it is probable that out of the suggestions will be included in a general program of activity for the new year.

Ernest Miller, president of the school board, was the first speaker. He declared that in his estimation the greatest need of the community was a playground for the school children.

Under present conditions we are disobeying the state laws. We have a plan nearly worked out for the addition of more ground, but it is something we would like the whole community assist us in. Then there is the need of many new sidewalks, especially in view of the fact that are soon to have free mail delivery. I think too that possibly a committee should see Mr. Ford and offer to him our cooperation in doing what we can to beautify the big Ford pond that he contemplates putting in."

Harry Clark—"Northville has accom-  
plished much during the past year and there is more to be done. I think the various street entrances to the city can be made more presentable.

We have one of the most beautiful communities in the state and lot of prominent people live in this section and the entrances to our town should be in keeping with the general appearance of the whole section."

Edward Mills—"This district of the Detroit Edison company last year was one of the busiest in the state. The development about here reflects the growth of this section. I know that the Edison company has rather extensive plans in store for the coming year. Speaking personally I would like to see some of the streets in Northville better lighted and I know that if the city will provide the alleys we will be glad to remove our poles from the streets into the alleys, but we must have the money first."

Ray Richardson—"How much better it would look and how much better it would be if a street sign would signs and other signs in the town were of the same color. One of the reasons why Florida is so attractive looking is because they try to keep everything looking as near uniform as possible. Trees are properly trimmed and everything is kept in good order. We can do much in the same respect."

Carl Schoutz—"Northville has many beautiful homes and lawns. I think that if an effort was made to have every home in town keep an attractive lawn with shrubbery well trimmed, it would help greatly."

Edd Keeney—"In my mind one of the big things that should be accomplished during 1928 is the organization of a chamber of commerce. There are many things that the luncheon clubs cannot do, but a chamber of commerce can. If one should be organized, both clubs, van and will cooperate with it."

He has been especially anxious to have the local lodge as guests of the Detroit Commandery during his term of office as commander, and the recent invitation was gladly accepted by the local members.

## Special Honors Will Go To Harry German, Sr. Tonight

HARRY GERMAN, SR.

Honors of an unusual nature will be paid to Harry German, Sr. tonight, when in behalf of his host, Ch. Local friends, in Northville and vicinity, Governor Fred W. Green will present to him a badge specially prepared for the occasion. The token will symbolize the community's appreciation for what he has accomplished for Northville in athletics and especially in the baseball world, and, too, it will reward him for his successful efforts in the great American game. Mr. German holds two world records no other baseball player has been able to excel. One is for pitching the fastest baseball game ever played and the other is for pitching three successive games in one day. These in themselves are accomplishments of a most remarkable nature.

Governor Green advised Mayor Elmer Smith that he would be glad of the chance to show Mr. German this little honor at the great Community banquet which takes place tonight in the high school gymnasium.

Under present conditions we are disobeying the state laws. We have a plan nearly worked out for the addition of more ground, but it is something we would like the whole community assist us in. ## HENRY FORD SAID TO BACK PLANS FOR NEW GREAT CITY

Would Combine Both Ford-  
son and Dearborn into  
One Place

Future plans of Henry Ford towards uniting the cities of Dearborn and Dearborn into one great city as recently announced by officials of Dearborn township, who are backing the move, it is persistently reported, at the request of Mr. Ford, cannot help but have a direct bearing upon Northville's future as well, local residents believe.

It will bring another big city very close to Northville, which will tend to cause Detroit's tremendous growing population to move westward instead of to the north towards Mt. Clemens and more towards Farmington.

Mr. Ford has definite plans for developing the hundred acres between Fordson and Dearborn, and they will be carried through when Dearborn, Fordson and the Ford property are merged into one municipality, as is being planned, it has been revealed by C. L. Parker, supervisor of Dearborn township. The Ford property, hitherto, has never been placed on the market nor put to any use other than farming.

Mr. Parker, who is working in conjunction with the Ford organization in planning the new city, said that the petitions, which are now being circulated, will be ready for submission to the board of supervisors this spring. The petitioners will ask the supervisors to call special elections in the four units, affected by the proposed merger in June, Mr. Parker declared.

The people of Fordson, Dearborn and the few residents living on the property owned by Mr. Ford between the two must approve the merger if it is to be carried through. Also, the section of Dearborn township west of Dearborn village, which will not be included in the merger, must consent to the withdrawal of Dearborn from the township.

equipment is too expensive a proposition to have it all disappear mysteriously at the end of the season. This was their only reason for refusing to buy new equipment that seems to rest in the power of the school to correct.

It seems to be such a general custom in N. H. S. as to be almost a tradition that a member of an athletic team should appropriate at least a part of the equipment he uses. Now, if it can be termed such, this is a particularly lamentable tradition, and could and ought to be done away with. The situation could easily be curbed or even abolished if the student body would become interested in it.

Other schools, many times larger than Northville, and with a great deal more equipment to look after have established systems so effective as to make impossible the spilling away of its athletic property without detection, why can't such a system, or a similar one, be established in Northville high school now? It isn't impossible and if will prove highly profitable, so let the Student Council or someone in authority take hold of the proposition and establish it at once.

**HIGH SCHOOL INTRODUCES****AN ASSEMBLY SINGING**

Assembly singing periods of 20 minutes are held every Tuesday and Thursday mornings at the beginning of the first hour. Those who do not wish to let music fill the breeze are privileged to spend the twenty minutes in study period. Most students, however, prefer singing. Miss Back music teacher, has charge of the music period.

**SCIENCE AND TRAVEL CLUB****MEETING LAST FRIDAY**

The Science and Travel club held a meeting Friday, January 13th, to have committees appointed.

The following committees were appointed: Transportation, Marjorie Schoultz, Charles LeFevre and Foster VanAtta; field trip, Russell Atchison and Robert McGardie; program, Sam Stalter, Anna Hoar and Lois Brookman; publicity, Grace Carter, Jeanette Vradenburg and Grace Angel.

**PLYMOUTH DEFEATS NORTHVILLE'S DEBATING TEAM 3-0**  
Northville's debate team met their second defeat of the year at the hands of Plymouth, Friday night, January 13th, in the local auditorium.

The question was, "Resolved that the Direct Primary system for nominating candidates to public office in the United States should be abolished."

Northville held the favorite side of the question, and Plymouth the affirmative.

The debaters for Plymouth were Ruth Root, Harold Huert and Franklin Atchison. For Northville, Sam Stalter, Margaret Safford and Russell Atchison.

The judges were Carl Mordy, debate coach of Central high school, Detroit; Superintendent Downs of Ferndale, and Miss Wagner of Monroe, also a debate coach.

**WALLOP ROCHESTER HIGH**  
(By Madeline Cole)

Northville girls' basket ball team played and won its first game on the local floor last Friday night. Rochester played a fast game, and at the end of the first quarter held a two-point lead. But during the second, Rochester gained little, and at the end of the half had turned the scale definitely against its opponents.

This year's team is, except for two of last year's veterans, composed of new material. When Marian Richards was put in as forward she was an unknown quantity. She proved her worth, however, and thus is her first year's experience we wish to congratulate her on her fine work.

**IN MAGAZINE CONTEST**  
On January 13th, a magazine contest was started in the Northville high school. Three teams were organized of the entire student body, the Reds, Greens and Blues. The contest was to last one week, and last Friday at 1:45 ended the race.

The Blues and Greens each sold sixty-three subscriptions, and the Reds twenty-nine, a total of one hundred and fifty-five. To settle the dispute between the two teams, a coin was flipped before the assembly that afternoon, by Mr. Thompson, the coin falling in favor of the Greens. Seventy-two dollars was cleared on the campaign. The money will be used in outfitting the basket ball teams.

**LOST REWARD**

(By Players Chorus 5th Grade)  
Mrs. Lang in Lumberton, Plymouth, owns a beautiful black cat with bright yellow eyes. His name is Buster, but it doesn't suit him at all—it should be called King for he is a monarch of the whole cat neighborhood. More than one duel has been fought and it is always the other cat that is the victim.

One day Buster's troubles were too much for him. As he was taking his usual scamper about the lawn, a little fat, clumsy puppy spied him and came sobbing and barking across the street.

Buster bushed up his tail and bowed his back and scared the puppy so that he darted under the porch. Just then down the street pell-mell, bow-wow, came three Irish terriers, and this time Buster had to scramble under the porch for hours. His mistress called him, but he did not come to her. He did not come home for days. His mistress said whoever found him would get a reward of ten dollars.

A little orphan (named Josephine Anderson) was walking down the street and saw a paper on the sidewalk. She picked it up and looked at it. She happened to glance at the advertisement list. While she was reading, if there came along a cat.

It was the cat that was told about in the paper. She read very excitingly the address, 200 Seventh street. So Josephine took the cat to the address.

She asked Mrs. Lang if it were her cat. The kind lady said it was. Mrs. Lang asked Josephine to come and have some coco and cookies. Josephine said she would and went in.

Mrs. Lang gave her a cup of coco and some delicious little cookies. Mrs. Lang asked Josephine where she lived and the little girl told her. Mrs. Lang asked her if it was far from there and the little girl told her no.

Mrs. Lang asked Josephine where

she wanted the cat to go.

Josephine said she wanted to keep it.

**MUSICAL COMEDY  
WILL BE PUT ON  
BY STUDENTS SOON**

February 3 and 4 Selected  
As Dates For Local  
Entertainment

Announcement has been made that the students of the Northville schools will put on the play, "The Flapper Grandmother," Friday and Saturday evenings, February 3rd and 4th, at the high school. Superintendent W. H. Gordon says the cast will be selected in the next few days, and that rehearsals will start just as soon as they have been named.

The funds raised above the actual cost of staging the play will go to the school library fund. During the past year many books have been given to the school, but it is the desire of everyone connected with the school to make the fund as large as possible.

"The Flapper Grandmother" is a three-act musical comedy, and is filled with laughable situations that are bound to please.

There is available considerable good talent at the local school, and instructors believe that it will be one of the most successful endeavors of the clergyman, Rev. J. M. Shank, and wife.

kind ever put on by the school. Additional plans will be announced within the next week or so, according to Superintendent Gordon.

**NORTHVILLE  
Twenty-Five Years Ago**

Items taken from The Record files of 1902, for the week corresponding to this week.

Clarence Cornwell left last week for Denver, Colorado, Mr. and Mrs. D. G. Barbour left Tuesday afternoon for their future home at Waucoma, Iowa.

Mr. and Mrs. Henry Fry are the parents of a nine-pound daughter, born Saturday morning, January 17th.

Miss Sarah Pinkerton, whose illness was noted in last week's Record, died Monday afternoon, January 19th, at five o'clock. Had she lived until her ninth birthday.

Mr. Frank H. Fry and Miss Jennie M. Barley were married Wednesday at 5:30 o'clock, at the home of the bride's parents, Mr. and Mrs. Peter B. Barley, on North Center street. The only guests present besides the officiating clergyman, Rev. J. M. Shank, and wife,

being the parents of the groom and Mr. and Mrs. C. A. Dolph.

George H. Baker of Elsie, brother-in-law of Mr. Neal, has purchased the Don Yerkes farm, just opposite the Yerkes cemetery on the Bass Line east of the village, and will move down this way in the spring. Mr. Baker intends to go extensively into the live stock business, in which he has been engaged for some years past.

**CHICKEN THIEVES SECURE  
FLOCKS FROM FARMERS OVER  
NEAR SOUTH LYON VILLAGE**

Chicken thieves drew away from the Charles B. Buzze farm south of town, last Thursday night, with 50 fowls belonging to James Kelley. The thief was not discovered until Mr. Kelley went to take care of his stock the following morning. Tracks in the snow at the side of the road, showed where a car had been parked. Two dogs were chained so they could guard the door of the hen coop, and apparently, judging from tracks left in the snow, one or more of the marauders had kept the dogs busy while the chickens were being taken.

While the thieves were not caught in the act, Mr. Kelley says he has suspicions as to who the guilty parties are—South Lyon Herald.

**Chevrolet Electrifies America  
with a Great New Motor Car**

A new automobile so sensational as to electrify the nation!

With marvelous new Fisher bodies offering all the distinction, beauty and luxury for which Fisher craftsmen are famous! With performance that is a revelation to owners of even higher priced cars! With 107-inch wheelbase—four inches longer than before! With four-wheel brakes—and many additional mechanical achievements!

And... prices that demonstrate again Chevrolet's ability to provide the utmost in modern motoring luxury at the lowest possible cost!

The engine of this great new car is of the improved valve-in-head design. With alloy "invar strut" pistons... specially designed hydro-laminated camshaft gears... mushroom type valve tappets... and a complete new steel motor enclosure—it provides a type of motor operation so thrilling that it must be experienced to be appreciated!

Coupled with this thrilling acceleration and speed is a

type of riding and driving comfort almost unbelievable in a low-priced car. Four inches longer than the previous Chevrolet chassis... swung low to the road... and with four semi-elliptic shock absorber springs—the Bigger and Better Chevrolet holds the road with a surety that is simply amazing, and rides in perfect comfort at high speeds over the roughest stretches of highway.

And never before was a low-priced car so easy to drive—for the worm and gear steering mechanism is fitted with ball bearings throughout... even at the front axle knuckles.

All these spectacular new mechanical advancements are, of course, in addition to the host of notable features that Chevrolet has previously pioneered in the low-price field.

Come in and see this latest and greatest General Motors achievement! Learn why it is everywhere the subject of enthusiastic comment—why everywhere it is hailed as the world's most luxurious low-priced automobile.

**Ralph Lyke Wins Appointment to Legion Position in Arizona.**

Many friends in Northville of Ralph Lyke, who went to Arizona to reside a few years ago, will be interested in the following article taken from the newspaper published at Prescott, Arizona:

Ralph A. Lyke, of Prescott, the whiteman's American Legionnaire, has been appointed commander of the state membership committee of the American Legion according to a letter received yesterday from Paul W. Geary, Holbrook department commander.

In his letter Geary stated that he had been advised from various sources over the state of Lyke's interest in the work of the organization which bears out the reputation he has locally for his untiring efforts in all phases of Legion work regardless of his own physical condition. His popularity among Prescott and Whipple Legionnaires, however, extends to other posts scattered throughout the state, who no doubt will be glad to hear of his appointment.

Lyke's first connection with the Legion was in his home town, Northville, where he became a member in 1919, shortly after his discharge from the United States army. There he served as a member of the executive committee and as the welfare officer for the post. Later, he moved to California, there to transfer his membership to the Palo Alto post, and to serve for several months as chairman of the welfare committee.

In 1923, he was transferred to Whipple, and at once became affiliated with the Ernest A. Love post. He was asked to become candidate for commander of the local post in 1926, but declined because of his voice. He served as vice commander of the Ernest A. Love post in 1926 also.

He was a delegate to the state convention in Yuma, in 1925, from Prescott, and there was elected as an alternate to the national convention that was held last year in Omaha. Last January, as district commander, he attended a meeting of other district commanders and post officers in Phoenix, where the foundation was laid for each post in Arizona to contribute regularly certain amounts to

the welfare and relief fund here. As soon as possible, Lyke expects to work out a program for a state membership drive. Feeling that he will receive splendid co-operation from the local as well as other posts in the state, he says, "I'm sure we will meet with wonderful success this year, because the extensive work of the Legion is becoming more generally known, despite the fact that the Legion is caring for numerous families and children in each city without publicity and without any sentimentalism."

**SLEEP STORM IS CAUSE OF TRAFFIC TIE-UPS MONDAY**

**The Slippery Sidewalks Are Sights of Disaster to Local Shoppers**

Northville folks who dared venture from their houses or places of business Monday afternoon found it much more convenient and safe to slide about the streets than attempt to walk. A slow drizzling rain that fell, froze the minute it hit the ground, with the result that many were doing their shopping with sleds.

Traffic was held up in the early part of the afternoon, and the bus service was completely discontinued for a few hours. A Detroit bus running to Northville met with disaster in Redford, when it slid into a truck which was trying to avoid a skidding automobile. None of the passengers or drivers were injured.

Local motorists who attempted to drive about the streets without chains soon gave up and parked their car near some big tree and left it until the ice was worn off. No serious accidents or damage was reported the only result was the disadvantage in walking or driving. It was Northville's first real street storm this winter. The slippery condition continued throughout Tuesday morning.

**Rex Dye Making Progress With Northville Hills Associations**

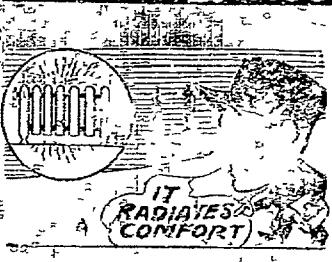

F. D. Nicol and Ralph Willis are two new members of the Northville Hills Association that is being organized by Rex Dye for the purpose of conducting a promotion campaign in behalf of the city. He needs but a few more members to complete the list that he says will be required to fill out the program he has in mind.

Mr. Nicol is a prominent business man of Detroit and this locality and he has the future development of Northville very much at heart. His membership in the promotion organization is not a surprise to those who know of his interest in Northville.

Mr. Dye stated yesterday that he hoped to have the association perfected within another week or so and that just as soon as it had been finished the advertising campaign would be started.

## IT'S A DUD

Some folks over in Grand Rapids who like to see their names printed in a favorable way in papers of that city have formed some sort of a committee to help along the proposed candidacy of Stradding Arthur for United States senator? They want the rest of Michigan to believe that everyone in Grand Rapids is for him, when as a matter of fact they are not. If little George Welsh should happen to run and the prospects are that he will, it's a safe wager that he would get twice as many votes in Grand Rapids as Stradding Arthur.

If these Grand Rapids folks have any idea that Arthur's candidacy has made any kind of a hit around the state, they are badly mistaken. His candidacy has been an awful "dud."

Was up in the Upper Peninsula. It's just as much a "sizzler" as it is down this way. Pat O'Brien writing in the Iron Mountain Reporter says the candidacy of the "gentleman" from Grand Rapids is not creating the enthusiasm it was expected to.

Pat is right in one way and wrong in another. No one outside Arthur and his publicity-loving committee members had an idea his candidate would be enthusiastically received.

To use the words best understood these days, his candidacy has proven one of the "big flops" of the year. The Stradding-Arthur committee would do well to save its stamps.

In due time the announcement of the candidacy of Mr. Charles Mott will be made. Mr. Mott will be the next senator from Michigan.

## NORTHVILLE

One of the few communities that has reached the centennial period of its history, Northville has always been known as one of Michigan's most hospitable communities. Here the stranger, be he clean and neighborly, is given a welcome that reaches the heart. Located in that part of southeastern Michigan known as "The Switzerland of Wayne County," Northville is one of the state's most ideal residential places. Its close proximity to Detroit and paved highways enable Northville residents to enjoy all the advantages of a great city.

If you have a small quantity of home grown wool which cannot be sold to advantage it can be made into wool combs. Select the finest of the fleece, break it into small pieces and remove any true felting locks. Prepare a tub of hot water made with good neutral soap and soft water. If the fleece is very fibrous, then add to one third cup of salt and may be added to the tub of water. An excess of soap or salt-leads to the use of hot water will tend to felt the wool and make it difficult to straighten out. Handle the wool as little as possible in the water. Do not use a washing machine. Put it through a or tubes of soap if necessary and rinse in several waters. Use lever soap after every time and when the quantity of soap and salt is off after the first bath. Dip it out of the last time, allowing as much water as possible to drain off, and spread it thinly on clean cloths or paper to dry, preferably in the sun. Straighten it out with wool or cotton cards which will remove the smaller bits of trash. Burns will have to be picked out by hand. Arrange the fluffy wool after carding in an even layer between two pieces of cheesecloth, whip the edges together and tack or quilt through both cheesecloth and wool to hold the latter in place. Make a second cover of pretty washable goods such as cotton chaff or sateen. The outer cover may be taken off and washed when necessary and the wool filling will last for years.

## WATERFORD

(By Mrs. W. H. McKeraghan)

The Waterford Community club was pleasantly entertained at a dance, last Thursday evening, at the K of P hall. The hostesses were Mrs. Clarence Eversole, Mrs. Charles Steinhebel, Miss Edith Peck, Mrs. E. Perkins, Mrs. Glen King, Mrs. Claude Waterman and G. Hunt. Pot-luck supper was served.

Mrs. Ada Watson attended Zone B meetings at Wayne and Perkinsville, last Saturday.

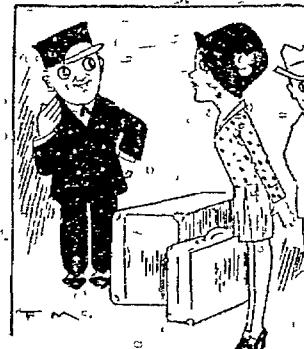

Mr. and Mrs. Robert Bechtel of Detroit, were week-end guests of Mr. and Mrs. Arthur Gotts.

The Parent Teacher Association was held at the Waterford school, Wednesday evening, January 11th. A very pleasing address was given by Rev. William Richards. We hope to hear from him again soon. There was a good attendance.

Mrs. Milo Walker of Northville, spent last Wednesday with Mrs. Jacob Warren. Mr. Walker came for supper and spent the evening.

Mrs. Dorothy Long and son, Harold were Sunday guests of Mrs. Edmond Watson.

**HAS HAD SAME POST OFFICE BOX NUMBER FOR OVER 75 YEARS**

Mrs. Jane Sessions Alys  
Able To Beat Most Local Records.

It hardly pays to say anything about old time matters unless you take into consideration Charles Sessions and his mother, Mrs. Jane Sessions.

Last week an item was published relative to the length of time, Mrs. Lanning had retained one box at the post office.

Now comes Mrs. Jane Sessions mother of Charles, with the declaration that she has held the same number, 164, at the local post office for over 75 years.

"My father made the first box we had in the post office," says Charles Sessions. "The postmaster at that time gave him the number that has adorned our box ever since. We have used the present box since they were installed," says Mr. Session.

Postmaster, Nez, does not know exactly how many years the present boxes have been in use, but he says it will exceed 33 or 40 years.

Mrs. Jane Sessions and her son are the only ones with long time post office box records.

C. E. Dubuque has had box number 124 since 1871, or over a period of 56 years.

Horace Green has held post office box 5 for over 45 years, and the family of Marvin Sloan has held box 100 for over 51 years.

M. A. Porter has held box 482 for over 45 years.

W. S. Dickerson moved to Northville with his family in the year 1895, and rented box 279, which the family is using today. Mrs. W. S. Dickerson arrived here October 19, 1895.

Box 90 has been held by Mrs. John Buckley for over 35 years. While the post office has changed locations several times, their box number has always been the same.

A. B. McCullough has held box No.

212 since 1889. He is not sure whether Mr. Woodman or Mr. Norton was postmaster at the time he took the box. The post office was then located just east of Wheeler's grocery.

Now if you can beat or come near any of these records for using the same post office box, tell the postmaster or the Record, and it will be gladly published.

**LYON FARMERS CLUB MAY HOLD INSTITUTE SOMETIME DURING NEXT SIX WEEKS**

The Lyon Farmers club met at the home of Mr. and Mrs. J. H. Sayre.

last Thursday, with a large attendance, considering the state of the roads.

After a bountiful dinner, the meeting was called to order by the president, and the club joined in singing "America," followed by prayer by Rev. Hackenberg.

Secretary's report followed in turn and miscellaneous business was attended to.

At this time, the first Thursday of the month, was decided upon as regular club date.

Roll call was responded to by suggestions for the coming year. These were interesting and quite thoroughly discussed.

Mrs. William McCroby gave a reading in negro dialect, and Foster Smith gave two pleasing vocal solos.

"A Winter in the Upper Peninsula," was the subject of an interesting talk by Rev. Wolfe.

The question box, in charge of Dor. Sayre brought out quite a number of questions, which were freely discussed and well answered.

The matter of holding an institute in place of the regular February meeting was left to the president to investigate and act upon, otherwise the next meeting will be with Mr. and Mrs. Robert McCroby. The club adjourned after singing "God be With You till We Meet Again." —South Lyon Herald

**ONE KILLED AND  
MANY HURT WHEN  
AUTOMOBILE SKIDS**

Numerous Accidents Over  
Near Farmington in  
Past Few Days

According to the Farmington Enterprise one person was killed and several hurt in a few days ago in that locality by skidding automobiles. The paper says:

"Donald Banfield, 24, of Farmington, was fatally injured, and six other residents of Farmington were less seriously hurt, in three motor car accidents during the past week. Slippery roads caused two of the three accidents."

The fatal crash occurred early Sunday morning on Grand River road between Swartz and Tuck roads, the victim dying Tuesday evening in Harper's hospital, Detroit, of cerebral hemorrhage. Funeral services are to be held Friday afternoon at the Methodist church.

Banfield and Freddie Maas, 22, of Farmington Township, were riding in Maas' roadster when, according to Maas' statement to Assistant Prose-cutor Charles Wilson, Maas is believed to have fallen asleep. He awoke as the car left the road, but was unable to avoid going onto the ditch. The car struck a pole.

Banfield suffered a blow on the head, but his condition was not be-

lieved serious. On Monday, however, his physician advised removal to a hospital. He was conscious before death came, but physicians were able to do little to improve his condition.

Mrs. Marian Banfield and two small sons, Donald, 17 months, and Gerald, six months old, his parents, Mr. and Mrs. Bernard Banfield, two brothers,

Ralph and Elmer Banfield; and two sisters, Catherine Banfield, and Mrs. Asa Kehrl of Redford. He was born on a farm near Milford, and was a graduate of Farmington high school in the class of 1922.

The Farmington Masonic Lodge will have charge of the funeral services which will be at two o'clock, with Rev. Edward Durilay and Rev. Elmer Palmer officiating. Burial will be at Walled Lake.

Mrs. Bernard Banfield, mother of the accident victim, was unable to visit him after the accident, being quarantined due to scarlet fever.

Commissioner Clarence Bicking and two other Farmington men narrowly escaped death last Friday night, when Commissioner Bicking's machine skidded at the foot of Smith hill, west of Farmington, and went down a 15-foot embankment, overturning when it left the road. Commissioner Bicking suffered a severe cut on the right side of the head, and his companions, Ralph Auten and A. L. Comstock, were cut and bruised. They were brought to Farmington and treated by Dr. Z. R. Aschenbrenner. The car was badly damaged.

Three children of C. H. Dunham, who recently moved to Farmington to open the Oakland-Pontiac sales, were cut and bruised when the car in which they were riding struck a wagon owned by the Farmington Lumber & Coal Company. James Dunham, brother of the children, was driving, and ordered the car to stop on the ice, gave way, and the car skidded sideways into the wagon. Jane, Eileen and Calvin Dunham, Jr., were cut by flying glass and were treated for their injuries. One side of the car was badly damaged.

**WHAT IT WILL COST EACH  
RESIDENT OF SOUTH LYON  
FOR NEW SEWER SYSTEM**

We have the authority of the South Lyon Commission to publish the following for the benefit of voters?

Ever since the water works system was put into operation there have been a number of citizens wanting a sewage system.

In order to find out if the majority of the citizens of South Lyon want a sewage system, the Commission has had maps and plans drawn for same, and gave had estimates made as to the cost of same. The following are the facts as near as the Commission can get them.

The cost of the disposal plant which it is necessary to have is \$18,000, no more. This is to be raised as a general assessment over a period of 18 years.

The estimated cost of the system aside from the sewage disposal plant is \$60,414.70, which must be raised by special assessment according to benefits derived. This would make it cost the owner of an ordinary lot of 66 feet \$80 to \$85, to be paid in a period of 10 years.

The special election called for January 17, 1928, is to vote on a bond issue for the sewage disposal plant (\$18,000) which is necessary to be voted on and also get the money for the people.

The \$60,414.70 is not necessary to be voted on by the people as it is a special assessment and a hearing on complaints was held on January 9, 1928, and if the bond issue carries by a majority, it will be imposed by the Commission that the people want same, and will then feel it their duty to go ahead and install same.

The system proposed covers all but four houses inside the corporation. The plan can be seen at the clerk's office at any time. Any member of the commission or the clerk will be glad to give further information if anyone has anything more in mind they wish to have explained.

**DOG KILLED HERE  
FOUND SUFFERING  
WITH THE RABIES**

Several Dogs Known to  
Have Been Bitten by it  
Before it Was Shot

That the dog notice issued by Health Officer Randall Schuyler last week was justified, has been borne out by facts during the past five or three days. One of the dogs, killed by Chief of Police Safford, was sent to Ann Arbor for examination. A report back from the University said that it had a well developed case of rabies.

This dog, an aircar, is known to have bitten a number of dogs about town before it was killed. It made an effort to bite the police officer before he killed it, but his teeth putes saved him from injury.

How many dogs it bit is not known, but there were several owned in the west end of town that were attacked.

by it.

The order of the health officer is being generally observed. Chief Safford has been required to kill a number of dogs, but residents are requested to carefully watch the actions of their dogs for the next few weeks.

There has been a very general and rapid spread of rabies among dogs in this part of the state during recent weeks. Two deaths in the Detroit area have already taken place as the result of bites by dogs suffering from rabies. In one case the person's hand was simply scratched by a dog's tooth while the owner was playing with it. The owner was playing with it while the dog was biting him.

G. P. Gaffney and N. W. Wixom, in company with Mr. McComb of Flint, are taking a ten-day vacation trip to Texas and Mexico. They left Detroit last Saturday. Mrs. McComb is a guest of Mrs. Gaffney during their husbands' absence.

Mrs. Clarence Smith and daughters, Leah and Doris, visited her sister, Mrs. Adam Geisel in Birmingham, last Monday. Mrs. Smith also attended the Owl Club at the home of Mr. and Mrs. Roy Hutchins of Redford, on Tuesday evening of last week.

The final work of refinishing the walls of the church parlors was completed last week. The wall is now a hard white with a cement base. New curtains, a gift from the King's Messengers class, were also hung, serving as a partition for classrooms.

Mr. and Mrs. Charles E. Holmes entertained for dinner, Sunday. Mr. and Mrs. Ward Curtis and son, Robert, of Royal Oak, August and Holcomb Tiernan of Detroit; and the Misses Helen Schultz of Northville, Helen Harris of Walled Lake, and Harriet Penrell of Commerce.

Miss Ethel O'Connor made her monthly visit to the school, last Wednesday. This visit her special work was language test. These visits of the "helping teacher" as she is called, with special work on a given subject each month are a real benefit to the pupils, and greatly aid the overtaxed teachers.

Mrs. L. B. Flint entertained the Mission-Band, last Thursday. The men were invited and an unusually large crowd was present. Pot-luck dinner was served at noon. The afternoon meeting was presided over by the hostess. Mr. Flint sang solo, and after the usual order of business, the program committee, Mrs. J. D. Hazen, took charge. A number of sketches of lives of our own Michigan people who are serving on the foreign field, were given; also a sketch of the life and work of the First Baptist mission.

### PYTHIAN SHRINE VISITED BY LARGE NUMBERS IN YEAR

Northville Lodge Officials Tell of History of Organization

Chancellor Commander T. G. Masters and Keeper of Records and Seal Glenn Cha... are expending much time in an effort to work up new interest in the local Pythian Lodge. These local lodge officials say that for many years the "Rathbone Schoolhouse" at Eagle Harbor, where Justus H. Rathbone wrote the first ritual of the Knights Pythias, and where the order was really born in his heart and brain, has been a mecca for Pythians who knew of the early history of the order.

This schoolhouse is now the property of the Grand Lodge of Michigan,

and is being preserved as a Pythian shrine and memorial to the founders of the order. Thousands of Pythians from this and other states, have visited Eagle Harbor after school hours, penned the ritual. Thousands of others have wished they might make this visit, so full of meaning to every Michigan Knight.

While all cannot have this wish fulfilled, the Grand Lodge has started a movement which will bring the Shrine into every Lodge so that all members can pay tribute to it and to the founder of the order. The Grand Keeper of Records and Seal has had built a small replica of the original schoolhouse, which is an exact copy of the building as it now looks, after being placed in repair by the Grand Lodge. This little schoolhouse was constructed by Arthur Reff, No. 44, and it was a labor of love with him, he donating his services. As he is an expert cabinet maker, the little building is a beauty, with a door that opens, windows that can be raised and lowered, a blackboard where the original one was located, siding and shingles, and everything "real" so that when you look at it, you gaze on the Rathbone schoolhouse in miniature.

The schoolhouse made its first appearance in a Lodge on Tuesday evening, January 18th, when a large crowd was out to welcome it. A book has been prepared that will accompany the schoolhouse, with a record of each Lodge where it appears, giving names of officers and the total number of members present. On the front pages of the book is a history of the schoolhouse and also a brief biography of Justus H. Rathbone. Pictures showing the schoolhouse before it was taken over by the Grand Lodge, as it now looks, and of scenes in and about Eagle Harbor are also included in this book. The plan is to have the Shrine carried from Lodge to Lodge until it has been received in every Lodge in the state. No Lodge will first promise to carry it on to the next Lodge on a schedule that will be prepared in advance.

Spain, having suffered more from forest destruction than any other country of Europe, has recently appropriated \$19,300.00 for a reforestation program to be carried out before the end of 1936.

There is, perhaps, not yet a full realization by farm women that failure to play means that work becomes drudgery, and that failure to rest means that work becomes forced and of poor quality. No one needs a vacation away from home more than does a housekeeper.

DR. JAMES THOMAS COMING TO SPEAK AT MEN'S BANQUET

Methodist Church Class to Hold Event Next Thursday Eve

Next Thursday evening at 6:30 o'clock, the Men of the Methodist church will hold another one of the series of community banquets the church has made so popular in recent years.

Rev. William Richards has secured as speaker for the evening, Dr. James Thomas of St. Mark's church, Detroit, one of the best pulpit orators of the state.

The number of tickets is limited to 80, and the pastor urges that those desiring to attend get their tickets as soon as possible.

Charles A. Dolph, will act as toastmaster of the evening. There is always a very good dinner served, and a good attendance is assured. Superintendent Frank Cody of Detroit public schools was the speaker at the last banquet.

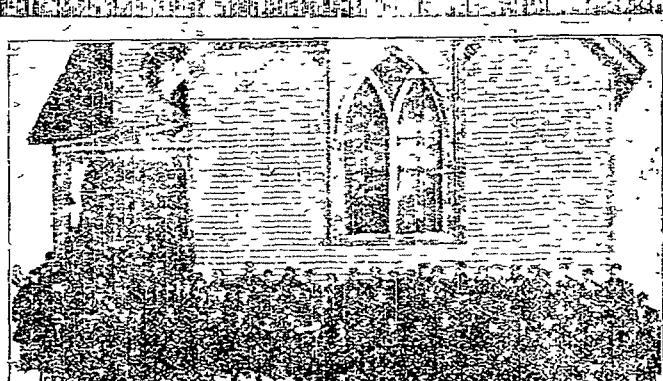

Charberry sauce and jelly may be used with a meat dish, and cranberries are available the greater part of the winter.

### For The Best

Eat At The TROSSACHS

The economy of eating here is one argument for doing so, but the big reason is the superior quality of the food, all with a home cooked flavor. Try a meal here soon and see how satisfying it is.

### Methodist Episcopal Church MEN'S COMMUNITY BANQUET

Another great treat for the men of the community.

A great supper, and a great speaker.

Dr. Thomas of St. Marks, Detroit.

G. A. Dolph, Toastmaster.

Next Thursday, January the 26th, at 6:30.

Room for 80 men. Get your tickets or call Rev. William Richards. Reserved at 50 cents. Any man is welcome whether he dumps coal in the cellar or drives a Packard.

## COMING ATTRACTIONS

Another series of high grade shows has been booked for the Penniman Allen Theatre next week by Manager Harry Lush. Beginning Sunday night with Noah Beery and Mary Astor in "The Rough Riders," there are three additional good shows for the rest of the week. Here is something about "The Rough Riders."

No visitors were allowed that day. A scene of tremendous importance was being made for "The Rough Riders" at the fair grounds on the outskirts of San Antonio, Texas. Victor Fleming, Paramount director, gave orders that there were to be no interruptions.

It was the scene where Theodore Roosevelt and Leonard Wood receive a telegram from the war department to entrain their troops on the first leg of the journey to the battlefields of Cuba.

Someone handed Fleming a note. It was from a young mother in behalf of her children, begging permission to see the filming. Because it read, I hand, turned motion picture and was

want my boys and girls to have an education in the fine, true side of American history and its great men." "Open the gate," said Fleming, "and let every child in. We'll make a special place for them near the cameras." Youngsters by the score flocked into the grounds, thrilled to the depths of their little hearts. Not only did they see history in the making, but they saw such favorites of the screen in big roles as Mary Astor, Charles Farrell, Charles Enright, Mack, Noah Beery, George Bancroft and Fred Kohler. And they saw Frank Hopfer, the image of Roosevelt and Col. Fred Lindsay as Leonard Wood. All of them appear in the production which reaches the Penniman Allen Theatre, Sunday evening.

Coming Tuesday evening is Harry Langdon in "There's a Crowd"—a big laughing hit.

"Tip-Toes," the Broadway stage success, to be seen next Thursday at the Penniman Allen Theatre, went to England, turned motion picture and was

brought back to America by Paramount. Dorothy Gish, Will Rogers and Nelson Keys play "The Three Kays." The story now goes that Al and Hen, the third rate vaudevillians, are dead or broke in London. They plot to marry Tip-Toes, their pretty dancing partner, to the wealth and title of one Lord William Montgomery, innocent lording, who falls in love with her. But vaudeville manners and backstage slang soon arouse the objections of his lordship's aristocratic family. International social relations crack, jail threatens. The Three Kays' plan last flings then their getaway.

Larry Kent's stock has made a new high record with his selection by John McCormick, producer of "Coleen More," starring picture, for the leading male role in his support in "Her Wild Oat," the new picture at the Penniman Allen Theatre, Saturday night, January 28th.

This is the most important part entrusted to the young leading man in his short but successful career in Hollywood. McCormick has unlimited confidence in Kent and predicts a brilliant future for him.

Kent came to Hollywood two years ago after leaving the medical college of the University of California. The day he reached Hollywood he landed a job in two-reel pictures. Then came juvenile leads in "McFadden's Flats," "The Sea Tiger," "Balbed Wire" and other productions. He has light brown hair, blue eyes and is a first rate athlete. He served in the United States Navy during the war, which was natural enough as he was born at sea.

## WHAT SHOULD BE DONE

(Continued from first page) enabling us, at the same time, to merit and secure a due share of public confidence. This is the standard which is governed and upheld by the ideals of Rotary, and which is expressed in its laconic, but meaning full motto, "Not Self but Service." Let us all endeavor to serve and do our level best in this community, individually and collectively.

Edward H. Lapham—We can profit by the mistakes we have made. We can do more by stopping criticism than in any other way. It is easy enough to criticize what someone may do or does not do, but that doesn't help. Let's all work together for a common good."

Wellington Roberts—"A playground for our children is badly needed. But I think the biggest thing that can be done for Northville is a consolidation of all the schools in Northville township into one big consolidated school. It would provide better education for the children, and would prove a vast saving to the taxpayers of all the school districts involved."

Don P. Yerkes Sr.—Northville is a community blessed with many unusual natural advantages. It possesses a wonderful location and has a beauty few communities can equal. Personally, I think the two things that Northville can accomplish the greatest good during 1928 by backing the work and efforts of all the churches of the community. Whatever they do is for the good of the town, and as a result everyone would benefit by anything that is done to aid the churches."

Ray Van Valkenburg—"In my mind the greatest goal that could be done for Northville during the next twelve months would be to bring about an regularization of the taxes in this town. Some folks are paying what they should, and a whole lot are not assessed for anywhere near what their next door neighbor might be paying on property of no greater value. The same condition prevails in the business section. The condition is nothing less than startling and something should be done in the present year."

Because of the lack of time several could not express their ideas, but at next Monday's meeting an opportunity will be given them.

Believing that the prevailing drought was a visitation of the Deity offended by the presence of so many criminals, distrusted peasants in Bulgaria raided a prison and offered as sacrifice four of the worst offenders.
