THREE STINSONS TO BE ENTERED IN NATION AIR TOUR

Ford, Lindbergh and Others
Will Compete Against
Local Product

Three Stinson planes have been entered in the 1928 National Air Tour, which starts June 30th from the Ford Airport. The record is now held by Edward Stinson, and in an effort to retain it, Mr. Stinson will again fly his own ship in the contest. There is little doubt but what he will keep the honor, unless there should be some unforeseen mishap.

The National Air Tour this year will be staged as a part of the Detroit Air Olympics, to be held at Dearborn on June 30th. The other events on the large programs are the Gordon Bennett International Balloon race, the Boys' National Model Airplane contest, an exhibition of glider flying and the annual aeronautical session of the American Society of Mechanical Engineers. The program has been sponsored by the Detroit Board of Commerce, with the co-operation of Frank W. Blair and Edward E. Evans, active workers of the Aircraft Events committee.

The first stop out of Detroit on the Air Tour will be Indianapolis, a city which entertained the air tourists two years ago and which is anxious to secure a return visit. This will be a noon stop, after which the party will push on to St. Louis for a two-day stop until the morning of July 2nd. Springfield, Missouri, and Wichita, Kansas are scheduled for visits on July 2nd and July 3rd, with the next two days slated for Tulsa, Oklahoma, where an appropriate July Fourth celebration has been arranged. Fort Worth, Texas, will entertain the aerial caravan from July 5th to July 7th, with Waco receiving a visit on July 8th.

Other cities on this year's route with the dates that the party will spend at each place are as follows:

San Antonio, Texas—July 7th to 9th
Marfa—July 9th
El Paso—July 9th to 10th
Tucson, Arizona—July 10th to 11th
San Diego, California—July 11th to 12th
Los Angeles—July 12th to 14th
Fresno—July 14th

San Francisco—July 14th to 16th
Corning—July 16th

Medford, Oregon—July 16th
Portland—July 16th to 18th
Tacoma, Washington—July 18th to 19th
Spokane—July 19th to 21st

Missoula, Montana—July 21st
Great Falls—July 21st to 22nd

Billings, Montana, and Minot and Fargo, North Dakota, are scheduled for visits in July 22nd and 23rd. The other cities which will be visited, on date not yet ascertained are: St. Paul; Wausau and Milwaukee, Wisconsin; Chicago; Battle Creek, Michigan; and thence back to the Ford airport. The tour will end on July 28th, thus affording four weeks of flying, which should prove the most grueling reliability test of commercial aircraft ever undertaken.

An unofficial entry list thus far compiled indicates that more than 20 pilots will enter ships in the tour. Tentative entries include three Ford tri-motor transports, three Stinson-Detroiters, one ship each for a dozen more companies. The Fords are to be entered by the company and by the Texas and Standard Oil companies. The Stinsons will be entered by the company and probably piloted by Eddie Stinson, George Haldeman and Randolph G. Page.

A Bellanca monoplane, similar to that used by Clarence D. Chamberlin on his flight to Germany, has been entered by Edward F. Schlee and Win. S. Brock, pilots of the "Pride of Detroit" on the attempted around-the-world flight last year. Colonel Chas. A. Lindbergh also has entered his new Ryan brougham, to be piloted by his friend and former flying partner, Philip Love.

Other tentative entries include a "Challenger" of the Kreider-Reisner Co., Hagerstown, Maryland; an International Aircraft Corp ship from Cincinnati; one and possibly two entries from the Paramount Aircraft Corp., Saginaw, Mich.; a Travel Air from Wichita and a Stearman from the same city; and two Lockheed, one Swallow and a Sparan. This list should insure at least 20 and possibly 25 ships in the round reliability contest.

Sixteen pilots from eight countries have entered the international balloon race, including three United States bags. The latter are the Army entry to be piloted by Capt. W. E. Kepner and Lieut. William O. Farcetson; the American Business Club of Akron, also to be flown by Clarence A. Palmer.

WEDNESDAY SHOW BOOKING WILL BE THURSDAY NIGHT

Dolores del Rio, appearing in "Ramona," which had been scheduled for the Penmarian Allen theatre for next Wednesday evening, will be shown at the theatre on Thursday evening. Manager Harry Lush having kindly offered the use of the theatre to the school board for the commencement exercises on Wednesday evening.

Not only school officials, but students as well appreciate the action of the theatre management in giving the theatre over to school use.

A much larger crowd can be seated at the school auditorium, and the seats will also be more comfortable.

As seats will be by tickets, it is requested that every person desirous of attending be sure and get their tickets Monday, at either one of the drug stores, where they will be given out the one day only. It may be possible to secure a few tickets on graduation night.

YOUTH NOT HELL BOUND SPEAKER TELLS EXCHANGE

Club Members Hear Detroit Juvenile Judge in Address

There is no promiscuous use of dope among school children. Girls are no more wayward than they used to be. Boys are no more delinquent. In fact childhood is better than it used to be," declared Judge E. W. Reed of the Wayne county juvenile court in a most interesting talk before members of the Exchange club Wednesday noon.

Judge Reed has for years been associated in the juvenile court work of Wayne county. He is probably the best posted official in the county on juvenile matters and because of this fact his assertions made at the club meeting are all the more interesting.

His statements that so-called delinquency among children is not on the increase, that prohibition has been of benefit to children and that prevention of delinquency is a preventive of crime refutes wild assertions that have been made by some not in position to know conditions.

The Vocational School for Boys at Lansing and the Wayne County Training School here at Northville are doing wonderful work for children. Over 80 percent of the boys that leave the vocational school at Lansing make good. The place is not what some regard it to be. A splendid work is being done there at present. It is an institution we can be proud of.

"One of our great problems in Detroit is among the colored people that have come there from the south in recent years. Our colored population has jumped from 10,000 to over 100,000. Not only are they creating new problem for us, but the so-called poor white trash of the south that has come provide us with similar problems to work out," stated Judge Reed.

At the meeting Wednesday two delegates were selected to the national Exchange club convention, to be held in Toledo next month. Conrad Langfield and Sterling Eaton being selected and J. W. Mell, and a Detroit entry to be piloted by William C. Naylor and Russell Wherritt.

Germany, France and Belgium also entered three balloons each, while England, Switzerland, Denmark and the Argentine Republic will be represented by one bag each. This will mark the first time that the latter two countries have participated in any Bennett race.

The model airplane contest will draw some 500 boys to this city from all parts of the country. Both indoor and outdoor tournaments will be held, with the winners in both sections going from here to London to take part in the international tournament there.

The German Glider team consists of Capt. Paul Roehre, Peter Hesselbach and Dr. Paul Laubenthal. Hesselbach is holder of the world's record flight with a passenger, having remained aloft with a companion for five hours and fifty minutes in a European test. They will fly about the Ford Airport during the entire Olympics program. From \$50 to 1,000 engineers are expected to attend the A. S. M. E. meeting here, including many outstanding figures in the aviation world. Among them will be Capt. George Hubert Wilkins, F. Handley Page, Harold Camirez, William B. Stout, Carl B. Fritsch and others. The Detroit engineers' meeting, like the rest of the Olympics, is expected to make aeronautical history.

Sixteen pilots from eight countries have entered the international balloon race, including three United States bags. The latter are the Army entry to be piloted by Capt. W. E. Kepner and Lieut. William O. Farcetson; the American Business Club of Akron, also to be flown by Clarence A. Palmer.

ALUMNI BANQUET FRIDAY, JUNE 29 AT HIGH SCHOOL

Record Attendance is Expected by Those Planning the Event

Graduates, graduates and graduates hundreds of them will be here, Friday evening, June 29th, when the annual Northville High School Alumni Association banquet will be held in the Penmarian Allen theatre. Preceded by the second annual field meet of all the grades, which will be held during the day at the fair grounds, the series of commencement activities having been confined entirely to the one evening.

The program will begin at 8 o'clock. Free reserved seat tickets will be given out at the two local drug stores all day Monday. Those who wish tickets should call for them personally. The Horton drug store will have the tickets for the west side of the theatre, and the Northville Drug company will have the tickets for the east side of the theatre.

It will be possible to get a few tickets on graduation night at the theatre, but the request is made that an effort be made for everyone to get their tickets on Monday.

Members of the Senior class will have tickets for their families.

The commencement program follows:

E. A. BENEDICT, FORMER AGED RESIDENT, DEAD

The funeral services of E. A. Benedict, late florist in Northville, were held in Milford where the body was taken from the Redford residence, where he died Sunday June 3rd, after a long and painful illness. Rev. Wm. Richards, pastor of the Northville Methodist church, officiated at the Richardson funeral home in Milford on Thursday, June 7th. Mr. Benedict lived to a ripe age of 85 years. He leaves his aged widow with three sons and one daughter.

Mrs. Blanche McKinney and son returned Sunday night from Lewisburg, Pennsylvania, where Mrs. McKinney attended the commencement exercises at Bucknell University, her son, Newman, being one of the graduates. Their trip home was made by way of Toronto and Buffalo.

Fertilize the strawberry patch and work well into the soil.

PROGRAM AND ENTRIES FOR SCHOOL FIELD DAY

Next Wednesday will witness the largest school field day ever attempted in Northville. It will take place at the Fair grounds. Following is the complete schedule of events and the entries, which include the name of practically every child in school:

Time	Div.	Event	Entries
8:30	C	High Jump	11,172-27,33,35,189
8:34	C	Quots semi-finals)	12,75,30,23

**NEW DANCE HALL
TO OPEN TO PUBLIC
SATURDAY EVE**

Meadowbrook Inn One of Finest Places of Its Kind in Country

One of the most attractive dance halls in Wayne county will be formally opened Saturday evening, when the Meadowbrook Inn, located on South Lyon road, about a mile east of the Novi road, is formally opened. Manager D. J. Sykes announces that he will maintain a very high class place, catering only to the best of dancing parties and customers.

The new dance hall has been built in connection with the hotel, a very attractive covered and heated connecting room having been put up between the two buildings. Every convenience has been provided for those seeking an evening of amusement and pleasure. Mr. and Mrs. Sykes, who are running the hotel and dance hall, have had long experience in this work, and in the few weeks they have had the hotel, they have already worked up an excellent business.

**COMING ATTRACTIONS
at the
PENNIMAN ALLEN**

THRILLS AND DRAMATIC INCIDENTS MAKE FILM HIT

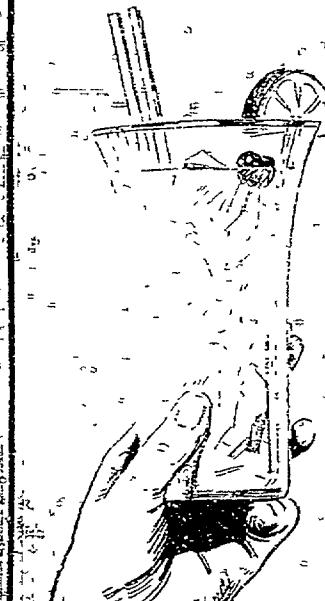

"You cheated at cards!" Those words accompanied by the crashing of the card table, then shot from one of the dramatic incidents in Paramount's latest Zane Grey production, "Under the Tonto Rim," which is due at the Penniman-Lilien Theatre on Sunday, June 17th.

Dad Denmeade, prospector who has just discovered gold in the Tonto Basin in Arizona, Sam Sprall, cheater and gambler, and Bud Watson, government agent, join in a game of cards. The latter loses, and Sprall hurls the accusation that Dad tricked them. There is a fight, and a Denmeade is slain, Sprall convincing Watson that he did the deed.

Through that charge, Sprall manages to get possession of all the rich gold claims, and proceeds with his gang to carry out his thievery. Then Edd Denmeade, Dad's son, steps in and learns that Sprall killed his father. The result is that Edd and the Vigilantes run the gamblers out of town and put an end to the lawlessness, with Edd winning the hand of Watson's beautiful sister, Lucy.

UP IN AIR TO FILM
CAREW'S "RAMONA"
When Edwin Carew, directing Dolores del Rio in "Ramona," which will be shown at the Penniman-Allen Theatre, Thursday, June 21st, made the final episodes of the film, a movie camera caught the Indian massacre and the burning of the village from an

Refreshing

On warm days our fountain offers cold drinks and splendid ice cream—Try it.

Northville
Drug Company

airplane overhead. Robert Kurrie, Carew's first cameraman, did the shooting from above. Kurrie was seated in his own plane. The cameraman purchased the plane some months ago. It is the exact duplicate of the one used by Colonel Lindbergh in his Atlantic flight.

Howard Butt, chief electrical technician on the "Ramona" picture was in the pilot's seat during the time Kurrie cranked the scene below. Various shots were made from different heights.

**STAGE CAFE FIGHTS
TO GULL THE PUBLIC**

A cafe where apparently desperate encounters and gang fights occur, but which are staged for the benefit of tourists, is one of the novelties in "The Hawk's Nest," a new and intensely interesting First National picture, which will be shown at the Penniman Allen theatre, Saturday, June 23rd.

Milton Sills is the star of the picture, appearing as the mysterious Hawk, an underworld character who is feared and respected even by his enemies.

The scenes in the cafe are interesting as well as amusing, and sometimes highly dramatic.

Doris Kenyon is leading woman of the film, which Benjamin Christensen directed.

Make an herb garden. It is not too late to set the plants nor sow the seed. Every home planting ought to possess at least a dozen of the culinary and medicinal herbs.

Plant dahlias, gladioli, canna and other summer blooming bulbs and roots spread the work over three or four weeks to give a succession.

**THEATRE SWEET
SHOP TO OPEN ON
SATURDAY, JUNE 23**

**Will Conduct Restaurant in
Connection with Soda
Fountain**

Next Saturday, June 24th, Mr. Phelps of the Theatre Sweet Shop, announces that he will open in his new location at 123 East Main street, with one of the most up-to-date soda fountains and lunch rooms in this section.

He has spent a large amount in purchasing new equipment and fixtures and will be able to take care of an especially big trade.

"During the time I have been in Northville I have realized that the fast growing town needed something like what I am opening. We plan to serve all meals, starting with breakfast early in the morning. I am sure that those finding it necessary or convenient to get their meals down town will enjoy our place. We also plan to continue our soda fountain and candy business.

In fact, we have added considerably to our equipment so that we may be able to take care of increased patronage," states Mr. Phelps.

He has a general ad in the paper this week, but his ad next week will cover more of the details for his general opening. Mr. Phelps since coming to Northville has worked up a very good business.

Precautions to keep vegetable plants healthy and robust, especially by frequent cultivation, sowing and watering, will repay both time and expense.

Use liquid manure around tree peonies.

When the tulips have finished flowering, it has been advised to cut off all the old flower heads to assist the bulbs in gathering strength to produce better flowers next year.

Do not prune trees or shrubs without a reason. Trees with branches lifted too high appear unnatural. Seek the advice of a competent landscape man in this regard rather than rely on anyone's suggestion.

Lilacs, also will be benefited by cutting off the dried flower heads.

Auction!

NORTHVILLE

Local News

Mrs. Scott Lovewell entertained her bridge club at luncheon, Tuesday.

Mrs. Alice Baker spent the week-end with relatives and friends in Orion.

Mrs. Maude Bennett is spending a few days with Mrs. Edward Webber at Pontiac.

Mr. and Mrs. Gutow and daughter of Detroit, visited Mr. and Mrs. John C. Beaman, over Sunday.

Mrs. Leo Lawrence returned home Wednesday night from a month's visit in Memphis, Tennessee.

Mr. and Mrs. William Marx entertained a number of friends at bridge Saturday evening at their home on Fairbrook.

Mrs. Harry Blake and Mrs. Blanche McKinney will attend a bridge luncheon at Pine Lake Inn, near Birmingham, Saturday.

Miss Stella Field left for her home at Clermont, Florida, on Thursday, following a visit of several weeks at the F. P. Simmonds home.

Mrs. Harold White is going to Mt. Pleasant, Saturday, where she will attend the alumni banquet of the normal school located in that place.

Nelson Schrader, Floyd Lanning, Dr. Holcomb and Rev. Richards were in Detroit, Tuesday afternoon, to see the Tigers and Philadelphia play.

Mr. and Mrs. F. S. Neal and Mrs. Lena Daggett were Orion visitors Sunday. Mr. Neal's nephew publishes the Orion Review, an excellent newspaper.

Mr. and Mrs. J. W. Richardson of Tryon, North Carolina, were guests during the week of Rev. and Mrs. F. P. Knowles. Mr. Richardson is a brother of Mrs. Knowles.

Rev. and Mrs. F. P. Knowles were in Alma, Monday, attending the annual commencement exercises of Alma College. Their son, Bruce, graduated from the school with the A. B. degree.

Mrs. Laura Pugh and son, Raymond, of Newport, Indiana; Robert Pugh of Chicago, Illinois, and Lawrence Wright of Clinton, Indiana, are guests at the John K. Nelson home on Fairbrook avenue.

Mr. and Mrs. William Cowell were over near Highland the other day to make purchases of supplies for their hotel. They had the opportunity of seeing an 18 pound pike that had been taken from a lake nearby. It had died trying to swallow a bass that weighed four and a half pounds.

Mrs. Susan Eaton who has been spending the winter in New England, has returned here, and at present is staying with her son, Levi Eaton, and family, on Eaton Drive. She has purchased the little brown bungalow which was built by her son, and plans to occupy it later.

Mrs. Ralph Simonds of Armada, Mrs. James Sessions of Plymouth, Mrs. Lou Balch, Miss Loretta Roy, Miss Mildred Baldwin and Mrs. Bruce Osgood of Detroit, and Mrs. Floyd Sallow of this place, were entertained at a prettily appointed luncheon at the home of Mrs. John Litschberger, last Saturday.

Mr. and Mrs. Perley Deal are the parents of seven and a half pound daughter, born at their home in Plymouth, Sunday. Both Mrs. Deal and the baby are getting along nicely. Mr. Deal denies the statement that because of the increase in the size of his family that the gas rates are going up.

Mrs. Helen Bell, who has been spending the winter in California, returned home a few days ago. Mrs. Bell is a great lover of the wonderful climate of the far western state. She hopes to be able to return to California this fall. She spent most of the time in Hollywood, although she was in Rendondo for a time.

Dr. and Mrs. Wilbur H. Johnson, Mr. and Mrs. Harold White, Mr. and Mrs. Irving Ulrich and son, Mrs. Augusta Ulrich, Mr. and Mrs. Charles Murphy, Mr. and Mrs. Alton Peters and Norton Green visited Otter Lake billet, Sunday. This is a children's institution that is supported by members of the American Legion in Michigan.

Mrs. Lida Murphy, Mrs. Hazel Boyd, Mrs. Marv Cassie, Mrs. Cecil Elting, Mrs. Catherine Johnson, Mrs. Mary Jones, Mrs. Ruth Denne, Mrs. Mary Keeney and Mrs. Celeste Kohler attended a school of instruction given by the Grand Worthy Matron, Mary Watson, of the Grand Chapter of Michigan, Q. E. S., at the Masonic temple in Plymouth, Monday evening.

Robert MacRae and Starr Northrop of this place, are among those who will receive degrees from the University at Ann Arbor at the annual commencement exercises next Monday. Both have done excellent work at the University. Starr Northrop is a son of Mr. and Mrs. Floyd Northrop, and Robert MacRae is a son of Rev. and Mrs. A. K. MacRae of Walled Lake, former residents of Northville.

Russell Montgomery was in Clarion, Pa., on business the first of the week.

Mrs. Edward Stinson and Mrs. Wm. Mara called on friends in Detroit, last Friday.

Mrs. Sam McLean and Mrs. Don McLean and son of Detroit, visited friends in town Tuesday afternoon.

Mr. and Mrs. Will Stark spent the week-end with their daughter, Mrs. James Congo and family in Detroit.

Postmaster Neal has the following advertised letters posted at the post office: Mr. K. Gopalan, F. Howe, Mrs. L. B. Keane; Mrs. M. Sheehan.

The high school orchestra played at Monday's meeting of the Rotary club. The young students are perfecting a very satisfactory musical organization.

Mr. and Mrs. Henry Perry and daughter, Geraldine, and Mrs. Perry's brother, George Mattson, all of Detroit, spent Sunday at the P. L. Perkins home.

Miss Hattie Page, who has been spending two weeks vacation in Chicago, will return next Monday to her duties at the Père Marquette, R. R. office in Detroit.

Forate Boyd, who is in a hospital in Grand Rapids for treatment, was home over Sunday. He is getting along nicely, but it will be six weeks before he will be able to return home to stay.

Robert Brown, Detroit Edison company manager at Mt. Clemens, was in Northville calling on friends, Monday. He also attended the meeting of the Rotary club. Mr. Brown is back in perfect health.

Mrs. W. H. Stark of this place, and sister, Mrs. Husk, of Fenton, and Mr. and Mrs. George Checkett of Farmington, left Thursday of this week for a three weeks' motor trip through the east as far as Massachusetts.

Norton Green, Charles Duber and R. A. Brooks, veteran stamp collectors of Northville, headed the big crowd that besieged the stamp windows of Postmaster Neal's office, last Saturday, to purchase the new Valley Forge two-cent issue. The stamp bears an etching of Washington on the famous camp grounds. Postmaster Neal states that the sale of these special stamps has been especially large, a number of residents of Plymouth and other nearby places coming to Northville to make purchases.

Harry German has requested the Record to say that he did not vote either way on the paving question when it was up for consideration before the council the other night. He states that Commissioner Schoutz also failed to vote on the question. Mr. German wanted it made clear that he was not opposed to the paving program, but that he had additional streets in mind that he wanted to think over before definitely casting his vote on the paving program for the present year.

The letter received. She writes that the canary they are taking along with them, sings constantly and seems to be enjoying the trip as well as the family.

Remove the forming seed pods on the lilac bush.

Church Notices

Lutheran

Sunday school and Bible class at 10:00 a.m.

English services at 11:00 o'clock.

Willing Workers meet next Wednesday evening at 8:00 o'clock.

You are always welcome at St Paul's, "The Church with the Pure Gospel Message."

Baptist

Sunday morning service, 10:30. Sermon by the pastor.

Sunday school, 11:45. C. B. Turnbull, superintendent.

B. Y. P. U. meeting, 6:30. Topic, "Are you going to the Assembly?"

Union service in the Presbyterian church, 7:30—the baccalaureate service. Rev. F. P. Knowles will preach.

The Northern Baptist convention will meet in the Masonic Temple, Detroit Saturday, June 16th, and will close Thursday night, June 21.

Presbyterian

Sunday morning worship, 10:30. The pastor will speak upon the subject,

"Christ's Present Love and its Great Results."

Sunday school at noon. Lesson, "The R. M. Terrell's, Wednesday, June 20th.

Crucifixion.

Union Baccalaureate service at 7:30 p.m. Sermon theme, "The Laws of Achievement."

The annual picnic of the Auxiliary will be held at Benton's park, Tuesday at 6:00 p.m. Please bring your own dishes.

Mid-week service Wednesday, 7:30 p.m. Lesson study, "The Day of Atonement to Wilderness Wanderings."

Catholic

We would advise everyone, both Catholic and Protestant, not to subscribe for or advertise in any Catholic paper or magazine, unless the representatives have a written letter of recommendation of the local priest. Courtesy and protection require such approbation.

Our Reference Book, which shall appear in a short time, had such approval. This is the first time the local priest gave his consent to approaching of anyone who is not Catholic.

The annual home collection and census will be taken up June 18, 19, 20, 21.

The above takes the place of our annual chicken dinner and picnic.

The First communion Sunday, July 1st.

The girls will wear white veils. The boys should have white blouses.

The Altar society will meet at Mrs.

Tuesday, June 20th.

Pot-luck lunch at 12:00.

Meeting at 1:30. It has been decided to pick from a hat the names of the ladies of the church who shall have the next month's meeting. The name of every lady in the parish will be in the hat.

Methodist

We trust that the people will assemble themselves for worship next Sabbath morning at 10:30. At the close of the morning session the pastor will present to the congregation the progress of the church house, which we hope to commence next month.

An appeal will be made for subscriptions for which no one need to be confused. Those unable to give are not expected to give. But everybody will give little or much. Those

who are able to give, generally make the most excuses. We will leave those in the hands of Him who according to the scripture, when they were asked to sustain the church of the living Christ, kept back part of the price.

Methodism never levies an assessment on her people, but accepts their voluntary pledges, and is always kind if unfortunate to meet those pledges.

We believe as in the chapter just quoted in the Acts, as well as the Master's words, "with what measure we mete it shall be measured to you again". So come prepared next Sunday morning what you are willing to give. Don't evade. The young men of the church had their meeting on Tuesday of this week and all the

Methodist constituency have been assigned to each, and all will be waited on by the first of July. If there are any friends in the community who would be glad to make a subscription outside our own communion, the pastor will be glad to receive it.

The church house will serve the community. The main auditorium will seat 300 for dining, which will mean much more for gatherings. No organization in the community will be refused this building who are willing to meet the expenses of its use.

A modern kitchen with full equipment, with a large room will be adjacent. Come and prayfully help to make this a success.

The evening service will be the Baccalaureate, preached by Brother Knowles in the Presbyterian church at

7:30.

Grape juice makes a delicious hot weather ice or sherbet. Flavor with sugar and lemon to taste and freeze; if a sherbet is wanted add a beaten egg white when partly frozen and continue turning the dasher until stiff. Remove dasher, cover the can tightly, pack with ice and salt, and set away to ripen for an hour or more.

Constant cultivation of the vegetable garden, flower garden, shrub beds, etc., will aid surprisingly in producing desirable results.

It is not difficult to grow enough vegetables for the average family.

BRAKES

Studebaker brakes stop speeding cars in half the standard distance specified by American Automobile Association

A.A.A. STANDARD - 253 FEET
STUDEBAKER 90.6 FEET
BRAKES APPLIED AT 45 MILES PER HOUR

STUDEBAKER now holds all official endurance and speed records for fully-equipped stock cars—a world's champion in each of 4 price classes! Here is proof of amazing stopping ability as well.

Studebaker and Erskine cars, thanks to their amplified-action 4-wheel brakes, stop in LESS than half the distance specified by The American Automobile Association's official safety code!

Studebaker engineering genius has gone still further—for Studebaker's brake system, even if you were to smash it at vital points, would still continue to serve you.

As a result of quality materials, precision workmanship, rigid inspections and engineering genius, you can drive any Studebaker or Erskine car 40 miles an hour even when NEW. The oil in Studebaker-built cars need be changed but once in 2500 miles.

In four price fields Studebaker offers you champion cars—each backed by Studebaker's 26 years of manufacturing integrity! The Erskine Six, \$795 to \$965; The Dictator, \$1195 to \$1395; The World Champion Commander, \$1435 to \$1625; The President Straight Eight, \$1985 to \$2485. All prices f. o. b. factory

GRADUATING GIFTS

This day of a lifetime should be honored by a lifetime gift
And what sounder choice than Jewelry?

For generations Jewelry has been the traditional remembrance on Commencement Day. And it has all the qualities you wish to bequeath in that remembrance for your precious Son or Daughter.

Modern beauty and new-day models, colors and modes fresh from the factories—a seemingly endless variety to choose from—and prices that fit any purse. Let us show them to you.

NORTHVILLE, MICH.

LOCAL

As long as they can manage to eat, some people refuse to face realities. Mr. and Mrs. Claude Ely entertained six couples at bridge, Wednesday evening, in honor of Miss Margaret Murdoch, who leaves soon for a trip to Europe.

Mr. and Mrs. P. E. Corbett moved during the week from their home in Farmington to 289 Rollins Avenue, Des Moines, Iowa, where they will make their future home. Previous to going to Farmington to reside about a year ago, they made their home at 515 Dunlap street in this place. Mrs. Corbett was for many years a Northville resident.

The King's Daughters will hold their annual picnic on Tuesday, June 19th, at Cass Benton Park. If the weather should be unfavorable arrangements have been made to have the picnic at the home of Mrs. Wm. Yerkes on Cady street. Each one is requested to bring their own dishes and sandwiches. Those who are not solicited are asked to bring fifty cents. Members are requested to meet at the Presbyterian church, where automobiles will be waiting for those who have no way of getting out to the park. Picnic dinner will be served at five o'clock.

Good Furniture Is An Investment

Not
An Expense

Too many people look upon the purchase of furniture as simply an expense. On the contrary, the purchase of furniture is an investment, the cost of which should be divided over a period of 25 or 30 years, or as long as you expect to live with the furniture you purchase. Suppose you spend \$1,000 for furniture; divide this over a period of 20 years, and it only costs you \$50 per year, or less than \$1.00 per week, to attractively furnish your home for all the years to come. Figured on this basis, furniture is one of the most satisfying investments you could possibly make and every home should set aside a considerable portion of their income for beautifying and bettering the furnishings of the home.

**CELEBRATE THEIR
TANDEM BICYCLE
HONEYMOON TRIP**

Former Northville Couple
Take Auto Tour on
Anniversary

Thirty years ago last Friday, when the world was singing "just as the Sun Went Down," and was talking about the "Rough Riders," before there were automobiles, 60-story skyscrapers, jazz or flappers, a young couple started out from Northville on a fashionable honeymoon trip to Buffalo, N. Y.

The young folks were Clara Steers Hines and Edward N. Hines, neither 20 years old. They rode away from the Steers' homestead in the smartest of cycling clothes. They pumped away on a handsome tandem bicycle, painted blue. And everybody in the whole village envied them their fashionable wedding and marvelous honeymoon trip.

Over the bumpy roads from Northville to Detroit, they rode in kickers, she in a correct divided cycling skirt modestly cut about her ankles. The "Bicycle Built for Two" was shipped on the Buffalo boat. For four weeks they cycled about Niagara Falls and Canada, exploring beautiful country, pumping all day over bumpy dirt roads. As they journeyed, the boy told his bride how some fine day roads would spread all over the whole country, making possible a trip from coast to coast on a bicycle.

"Wayne county will be solid roads all fine and wide and smooth," he declared, and the young girl listened with awe and admiration to such predictions.

Thus Edward N. Hines visioned the future of progress and became a pioneer in the "Good Roads" movement of the world before there were automobiles or traffic problems. As an officer in the League of American Wheelmen he early recognized the problems of the new kind of traffic. When the automobiles came along regardless of his flourishing printing establishment, he spent hours driving about the country, studying literature, maps and materials. It was Mr. Hines who first saw the possibility of the concrete road. He watched the durability of crosswalks, and in 1906 brought about the paving of the first mile of concrete pavement for experimental purposes on Woodward avenue between the Six and the Seven Mile roads.

Engineering contractors and civic authorities came from every part of the country to watch the experiment.

Before this Wayne county had established its Wayne county road commission, and Edward Hines was the first man appointed to it, a post which he held to this day, 22 years. Good roads have been his hobby, his avocation. For nearly 20 years he has been chairman of the board.

I always believed in my husband's dreams," Mrs. Hines said, in the drawing room of their fine old home at 653 Blaine avenue, which they built two years after their marriage.

"It seemed impossible to a lot of people that roads would stretch all over the country, and we could ride 50 miles an hour over them, but I always believed. When we first moved into this house, in Detroit, we were almost at the end of the car line and the woods came to our back door. Now we are almost in the heart of the city."

Mr. and Mrs. Hines celebrated their thirtieth wedding anniversary last week by motoring over some of the fine roads her husband has helped to build.

"On our wedding anniversaries we always drive away somewhere for dinner," Mrs. Hines said, "and I never know where we are going. It is al-

Songs of Plain Folks

By James Lewis Hays

I will

Oh, waving field of yellow wheat,
Beneath the dancing summer heat,
Your golden promises sustain
Our hearts, uncarried, and again
We hope to cut sun-ripened grain.

But if the hail tempests we reap,
Well, we have farmer's hearts that keep
No bitterness from sun to sun;
We've lost before, and then begun
Afresh; we know how that is done.

We've seen wheat shatter, burn, and mould,
Sprout in the shock, and we have sold
For half an honest price, and still
We plow and harrow, disk, and drill.
The key to farming is "I will!"

© Western Newspaper Union, 1927

was a different motor trip each year.

Mrs. Hines has a lot of anniversary pictures, but the roses is Sarah Jane Thomas' first granddaughter. She was just 24 years old last Friday. Mr. and Mrs. Hines have one grandson, Edward Wheeler Thomas, 5 years old, the son of Mr. and Mrs. Ralph Thomas. They have one son, Denning Lloyd.

Mr. Hines was the second president of the Detroit Automobile club, which he helped to organize. He has also been active in research on traffic problems. He is a golfer, and at the head of the Speckler, Ihnes Printing Co.

But his chief interest in life remains "good roads."

It is often a mistake to cut small trees, says the Forest Service. Much of the wood goes into the slab and railroad piles, and what is taken makes up a small scale of lumber, which is of low grade and low value. Young trees grow rapidly and usually make the highest net money return to the landowner.

Transatlantic telephone service from America to the entire German Republic was established June 6th. On the American side this service will include all parts of the United States, Cuba and the principal cities of Canada. The rates to all points in Germany will be the same as the present rates from this country to Berlin. Thus a Michigan call to any German city will cost \$5.25 for the first three minutes and \$1.75 for each minute thereafter. The hours of service for transatlantic calls to all foreign nations were extended one hour on June 6th making connections possible from 5:30 a.m. until 9:00 p.m. Eastern Standard time. These hours correspond to 12:30 p.m.

DEHO CO DEFEATS BOICE-PONTIAC IN SPEEDY GAME
Will Play Rochester Sunday at the Correction Farm Grounds

Inter-County League Standings

Team	Won	Lost	Pct
Holly	5	0	.1000
DeHoCo	15	1	.883
West Point	3	3	.500
Boice-Pontiac	3	3	.500
Municipal	3	3	.500
Rochester	2	4	.333
Selridge	1	3	.250
Orion	1	4	.200

Until last Sunday some fans were doubtful whether DeHoCo could win a game on the road but all doubts were dispelled when Boice-Pontiac took a trouncing at the hands of the local boys at Keeso Harbor.

Stone Pontiac moundman, was not very liberal with hits, but DeHoCo made the most of what he did offer and turned nine hits into six runs, while the best Pontiac could do with their seven hits off Henrion was to make a lone run in the eighth.

Denniston DeHoCo's first baseman, had a big day, copping three hits out of three times up, while Smith starred with two out of four.

Ladd and Moree were the outstanding figures for Pontiac in hitting, while Webster veteran first baseman played a stellar game.

Marion, with a three base hit and Jaska's home run did their part to end the game.

Henrion edges out eighteen and Stan has but one to his credit out of the first seven. Marion is a good lead man, and the rest of the team has played their parts well.

Stan, Marion, Webster, Ladd, Moree, and DeHoCo are through the second division with a record of 15-10. It is rumored that bad luck may have been playing a part in this record.

A real fast game is expected a return to the fans who come to this game.

USEFUL THOUGHTS

Salt water will get off shades of paint.

Skinned milk will stiffen fine or gardens and hairy bacon.

A little horseradish under the skin will keep away troublesome moths.

A handful of sphagnum over the hoe before laying potatoes will make it wear longer.

A splendid healing solution for cuts and burns is made by dissolving one teaspoonful borax acid in one pint of water.

It is not necessary to drain the juice from canned vegetables or fruits. If the root in the can is good to eat the juice is. In the case of vegetables especially the juice contains some of the valuable food constituents, which have been dissolved in it during the canning process. These can be saved by serving the juice in the form of a sauce with the vegetable, or using it in soups and gravies. Juices from canned fruits can always be added to fruit drinks to sweeten and flavor them, or used in pudding sauce or fruit gelatins.

Stimulating plant food, such as liquid manure applied just before plants like peonies and larkspur blossom, will do wonders in producing fine flowers. Just after the plants such as iris have flowered, they seem to need more water than ever.

Check over the garden sprinkling system. It should be ready for use at the first drought.

The Sandman Story

Martha Martin

SNAKES GO TO SLEEP

"THE keeper says we're very quick," said Bobby Blacksnake. "The keeper says we're very quick, too," said Roland Rattlesnake.

"The keeper says that all snakes are quick," said Clement Copperhead. "He says that, hiss, hiss, he says that."

"Well, if we were free and not in the zoo, I suppose we would be thinking about going to sleep soon," said Bobby.

"Yes," said Roland, "I've heard the visitors here at the zoo telling of the sharp cold weather that is coming on apace."

"What do you mean when you say that the sharp, cold weather is coming on space?" asked Bobby.

"You know, don't you?" asked Roland.

"Yes, hiss, hiss," said Bobby, "of course I know what it is."

We Don't Sing and We Don't Dance," said Roland.

"Then it is 185 word space that bothers you. Is it? asks Roland.

"That is the bothersome word," said Bobby.

"When I said that the sharp, cold weather was coming on space, or rather, when I said that the people who have been coming to the zoophony have said so, I meant that they meant or they meant and I meant. Which ever way you want to put it, that it was coming on quickly."

"When the sharp, cold weather comes on space it comes on with a great rush and big cold strides and enormous cold steps."

"Ah, I see, hiss, hiss," said Bobby.

"They never find snakes wandering away from their dens when it is autumn time." When the spring has come and we're just awaking, we're thinking about leaving—but we're still about the dens," said Roland.

"True, true," said Clement, "every word you hiss is quite, quite true."

"I am as quick as a snake could be," said Roland.

"Well, not quite as quick as a snake could be," said Bobby, "for, after all, you were caught and brought to the zoo."

"So were you," said Roland.

"So were all of us, for that matter," said Clement.

"It is really funny, it is really a joke, hiss, hiss," laughed Roland as he squirmed about, "how we have all talked about our quickness."

"Why?" asked Bobby.

"Well, it is quite true that none of us were so quick that we weren't caught and brought here to the zoo, Roland hissed, and wriggled with amusement.

"Of course," said Bobby, "that is true but then we are naturally very quick. Only the keeper and his friend, who caught us for the zoo were even quicker. We led them a good song and dance, though."

"We are singing and we don't dance," said Roland.

"Pss, we hiss and we shake, that's all we do," said Bobby.

"Yes, we often do, the keeper of the zoo likes to hear us sing and dance, I guess. Some of our relatives are very fond of us."

"I am, just wandering off in the past, when did the sharp, cold weather come on space?" asked Roland.

"People are going to fond of us," said Roland.

"But every spring the keeper makes a new crew for members of our family."

"Yes, and I am, we're here, we've been very happy, no, if we had been free, we might have half killed.

The keepers catch us and keep us with care and kindness and feed us well and gives us warmth.

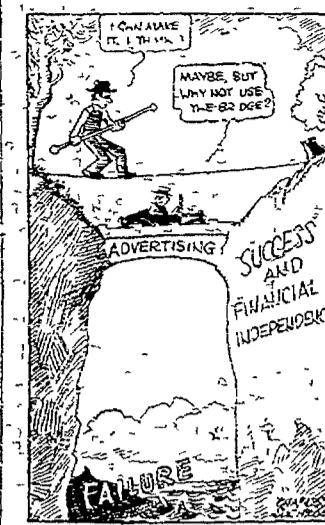

"Oh, snakes are not very popular.

It is nice to be here where the keepers are think very nice."

"Yes," said Roland, "it is wonderful to hear the story of the Rattlers, presented by our special owner and keeper. Ah, there is a man who appreciates. It is snake beauty and those gorgous colors we wear."

TOWN PROGRESS TALKS

Advertising is the bridge to success. It is the short cut, the easiest way and the only sure way. Men have achieved business success without it just as they have without the use of eyes, legs or hearing. But many others have failed simply for want of it. Advertising has always been the boon companion of success. They are little pals together. Where you see one, there is the other. They are the Siamese Twins of business. Success without advertising is like ham without eggs, pork without beans and Porpois mungs Juliet. And the only form of advertising that gets on with the terms with the ultimate consumer is advertising in the home.

**WANTED FLOWING
WELL, BUT HE GETS
MINERAL WATER**

Harold Elting Makes Interesting Discovery—What Tests Show

Harold Elting lives on Clement Avenue, just off the Fishery road.

He had long had a desire to have a flowing well at his place.

Sometime ago he engaged M. W. Rowland to drive the well for him.

He got the well, but it's mineral water that comes bubbling up in the big pipe driven something like 100 feet into the ground.

There is plenty of good water all around where he lives. The pipe had been driven down less than a hundred feet when it passed through a six-foot vein of water but this did not spurt and ran over the top of the pipe. It was as good water as ever flowed out of any of the remarkable springs around here. They kept on going.

Down through clay, rock, sand and gravel the big pipe was driven. Somewhere around 360 feet water began rising in the pipe. Elting thought sure he had found the flowing well he wanted so badly.

The water came within 24 feet of the top of the earth and there it stopped.

Some of the water was pumped out, and Rowland and Elting began drinking some of it.

Their faces looked as though they had eaten wild carrots after their first sips of the crystal-looking water.

"Maybe I can start a health resort here," declared Elting.

So he sent some of the water to one of the laboratories down in Detroit for examination.

The mineralogical report he received said the water contained .26 per cent calcium oxide, .74 per cent magnesium oxide, 2.215 per cent sodium chloride, a slight trace of sulphur and of bromine. Bromine is not present sufficient to make it commercial.

He is thinking now of plugging the pipe up to where the first big vein of good water was found and pumping that instead of trying longer to get a flowing well.

Dairy utensils can be sterilized efficiently and at little cost in a galvanized-iron box sterilizer, where a steam boiler is not available. This sterilizer consists simply of a box with a tightly fitting lid, which can be made at reasonable cost by any tinsmith. The box is set upon gas stove or oil stove, or on a concrete, brick or stone foundation, to serve as a fire box. A little water is placed in the box and the utensils put on a slatted rack high enough to hold them out of the water. If enough heat is applied under the box to boil the water steam will be generated and the temperature within the box will be raised high enough to kill practically all the bacteria.

When making summer dresses of voile, cut off all selvages, even in straight skirts. Otherwise the material will draw when washed. Voile sometimes shrinks when washed, and it is well to make allowances for this in cutting.

How to Build Up Muscles
By J. J. Toedt, Wilson Ave., Y., Chicago

Article 8

HIGH BACK

Position—Lying on chest, arms bent, hands resting near upper chest, palms down.

XVII. Exercise—Legs straight, push body off the floor. Try and touch knees with head. Do this about eight times.

Position—Same as XV. Exercise—Push up, straightening arms, keeping your knees stiff, raising high on your toes. Try and touch your knees with your head.

If you do this exercise right, you will feel a pulling up of the muscles in the back of your legs as well as those in your upper back and shoulders.

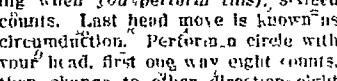

HEAD WORK

Position—Kneeling, hands down (on all fours).

XVIII. Exercise—Sixteen counts, on each: (a) Head lowered and raised high and backward. (b) Bend left and right (look at floor). (c) Rotate (looking left and right). (d) Circumduction (circle).

Position—Kneeling with hands resting on floor (on all fours). Exercise—These are all head movements and every move should be fully completed; in other words, do not hurry the exercise, but complete the bend to the fullest extent. First (a), lower head, then raise it and bend back as far as possible sixteen counts. Then looking downward, bend your head sideways left, sixteen counts.

Next rotate the head, looking to the left and right (look toward the ceiling when you perform this), sixteen counts. Last head move is known as circumduction. Perform a circle with your head, first one way eight counts, then change to other direction eight counts. If this makes you dizzy the first time, take fewer counts. But go through these every day. Don't forget we call this "head work."

KICK BACK

Position—Same as XVI.

XIX. Exercise—Same as XVII but raising toes off the floor.

X. This exercise the same as No.

XVI. The High Back. You are now in a kneeling position on all fours. The exercise is to straighten up the legs, as in "The High Back," and add raising the toes off the floor. My

groups get a lot of fun out of this stunt when they try to raise their feet about two feet off the floor.

Asphodels usually congregate on the underside of the leaves. Direct your spray accordingly, using a nicotine solution.

**Buy the only car
whose sales equal the combined
sales of any other three cars in
its field**

Demand for Buick has increased at such a remarkable rate that Buick sales equal the combined sales of any other three cars in its field.

What better testimonial to Buick value than this? What more convincing evidence that Buick, of all cars at or near its price, best measures up to the world's conception of what an automobile should be?

Buick's vibrationless six-cylinder Valve-in-Head Engine—most powerful engine of its

size in the world—the Buick Sealed Chassis, and a score of other exclusive features explain Buick's popularity.

The world-wide preference for Buick is your guarantee of satisfaction. Choose the car which outsells any other three cars in its field.

Frozen Desserts

Ice Cubes

All three makes have compartments for freezing enough ice cubes for an entire family. Colored ice cubes of green, yellow, pink, delicately colored, tempt the appetite when served in cold beverages or as garnish to decorate salads and desserts. A tasty touch may be added by freezing cherries and other fruits inside the cubes. Canned fruit may be easily frozen in ice cubes provided it is first washed. Freeze ginger ale in the refrigerator trays. A few cubes add zest to almost any cold beverage.

Dependable

After years of development, electric refrigeration possesses the same 24 hour dependability as your electric light. With electric refrigeration in the home there are fewer trips to market and fewer worries about the purity of food. Milk and cream keep sweet longer and health is safeguarded. Sooner or later electric refrigeration will be as popular in the home as electric light. It is just as clean, as convenient, as dependable and as inexpensive.

Especially during warm summer months, when appetites are hard to please, frozen desserts, frozen salads and chilled beverages tempt the lazy palate. Electric refrigeration multiplies the menu to suit a variety of tastes. Frozen dishes make an attractive addition to the table when entertaining. **ANOTHER HURT AT
NARROW BRIDGE
OVER RIVER ROUGE**
Auto Driver Dims Lights
and Goes up One of Big
Steel Sides

Another of a series of accidents constantly happens at the bridge over River Rouge between the plants of the Globe Furniture Company and the Stinson Aircraft Corporation took place last Thursday evening, resulting in the wrecking of a Dodge sedan and the serious injury of James Aleard, 431 Puntan Avenue, Highland Park.

Miss Margaret McPhillips, who was with him at the time, escaped injury. She also lives in Highland Park. The two had driven out to Northville and were on their way home when the accident happened.

One of the big A. & P. delivery trucks had just turned the corner to cross the bridge. As it turned in sight, Aleard dimmed his lights and did not see the big pressed steel girder that forms a side of the bridge. His car climbed up the girder and turned over on its side on the bridge.

Fortunately the truck had passed. His right arm was broken and he suffered other injuries. He was hurried to Sessions Hospital where his injuries were cared for and later removed to his home.

This is the bridge that the county road commission plans to re-locate during the present year. It was recently stated by Engineer Manager Lefoy Smith that the commission hoped to start work on the project early in the summer. The new location has been surveyed and will provide a long easy turn from the north and south highway to Main street, going away with the hazardous crossing that has been the scene of so many accidents.

Let no plant ripen seeds, unless they are wanted for some purpose, useful or ornamental, and remove all parts which are in a state of decay.

RADIODIC

Try These

It's a wise housewife who makes the most of the fresh vegetable in summer. Plenty of vegetables and less meat is a practical, economical and healthful way whether standing menu-leaving the delicious roasts, steaks and stews for the crisp winter days.

Here are some suggestions for the use of vegetables:

Creamed New Onions

Three bunches new onions, 1 cup thin cream sauce, 1 slice toast.

Wash onions, remove root ends and coarse tops. Tie together in 6 small bundles and cook gently in boiling water until tender. Will take about 25 minutes. Drain thoroughly, cut and arrange on toast, with cream sauce poured over them.

Buttered Parsnips

Wash, scrape and slice parsnips. Put into boiling water; boil with cover off until tender, about 20 minutes. Serve with melted butter, salt, pepper and chopped parsley.

Macedoine of Vegetables

Two cups diced carrots, 1 cup diced white turnips, 1/2 cup minced onion, 1 cup cooked or canned peas, 2 tablespoons butter or margarine, 1 tablespoon flour, 1 cup stock or milk, 1 tablespoon minced parsley.

Cut carrots and turnips into dice of the same size. Put in pan with just enough water to cover them. Add onion and 1 teaspoon salt and boil five minutes. Turn into casserole, cover and cook in oven for one hour. When vegetables are done add peas and reheat. Melt butter, add flour and stock and pour into vegetables. Season to taste. Finish cooking to thicken.

Man So Nervous Gets Sore When Spoken To

"Look at these ties you were going to throw away! They are just as good as new now. I cleaned them with Solvite dry cleaning soap and saved the cost of a dozen new ties."

Women find it easy to save five to ten dollars by dry cleaning things around the home which would be ruined by ordinary soap and water. Solvite is an amazing new dry cleaning soap. Dissolved in gasoline, it cleans hats, choppers, dresses, neckties, suits, coats, and many other laundry articles. It removes oil stains, paint, dyes, stains or wrinkles. Get Solvite at any drug store now—invest a few cents and save many dollars.

sauce, stirring occasionally.

Cucumber Piquant

Two large cucumbers, pepper, cold water, 1 cupful thick tomato sauce, 1 tablespoonful lemon juice, salt, egg, 1/2 tablespoonful prepared mustard, 1 teaspoonful grated onion.

Peel large, but not overripe cucumbers and slice in half-inch thick pieces. Sprinkle with salt and pepper and dip in beaten egg, which has been diluted with two tablespoonsfuls of cold water to each egg. Then roll in fine cracker crumbs and fry in deep fat at 370 degrees F. until tender and rich brown.

Baked Tomatoes

Six tomatoes, 1/4 cup chopped green pepper, 1/2 cup cooked corn, 1 teaspoon salt, 1/2 teaspoon pepper, 6 tablespoons buttered crumbs.

Cut tops from tomatoes and remove pulp, leaving a shell 1/4 inch thick.

Cover green pepper with boiling water and let stand for five minutes. Mix tomato pulp, green pepper, corn and seasonings and fill tomato shells. Cover each with buttered crumbs and bake 25 minutes in a moderate oven (350 degrees F.).

Complete every garden operation successively.

WEST POINT PARK

Mr. and Mrs. Soper are the proud possessors of a baby boy.

Mrs. Rapier has been quite sick with the flu, and is able to sit up but a little time.

Earl Wolfe, Zaida Wolfe, Mr. and Mrs. Roger Whipple were Detroit visitors Thursday.

Joy Thompson of Novi was a visitor over the week-end of Mr. and Mrs. Alfred Bennett.

Mr. and Mrs. Koyl of Detroit were callers on their friends, Mr. and Mrs. Charles Taylor, Thursday.

Mr. and Mrs. Lanningham of Lansing were recent guests of Mr. and Mrs. Charles Taylor on Westmoor avenue.

Mr. and Mrs. Stromskay are having a vacation and will visit relatives and friends in Pittsburgh, Pennsylvania.

Mrs. Laura Davis and friend, Mr. Lovett of Detroit, were guests of Mr. and Mrs. William Zwahlen, Tuesday evening.

Emerson Ault attended a banquet at Dye's Inn, Saturday evening, which was given by the executive officials of Evans Auto Loading company.

Through the efforts of Mrs. C. Myers, starting July 16th, the mail boxes can be placed in front of the houses on Farmington road for the delivery of their mail.

On account of Mrs. Gunn's children having the measles, the Ladies' Community club met at the president's residence, Wednesday. Quite a large number were present.

Mr. and Mrs. Charles Decker and son, Joseph; Mr. and Mrs. Arthur Stanley and son, Robert, of Detroit, were the Sunday guests of Mr. and Mrs. William Zwahlen.

Mr. and Mrs. William Sheets and family from Columbia, Indiana, returned home Monday, after a week's visit with the former's sisters, Mrs. Homer Coolman and Mrs. Russell Ault.

The ball game between West Point Park and the Detroit Municipal team, was interesting from start to finish. Both sides played the game well, the score being 6 to 6 in favor of Detroit Municipal team.

Charles Jacob, who makes his home with his grandson, Lucien Gilbert, celebrated his eightieth birthday Thursday. Relatives and friends came out from Detroit to wish him many happy returns of the day.

Mrs. Frank Smith, who has been ill for some time, was taken to the Ann Arbor hospital Thursday, and underwent an operation. We all hope she

will make a speedy recovery and everyone will welcome her homecoming.

An army aviator made a parachute jump from a height of about 2,500 feet Sunday afternoon, at the corner of Seven Mile and Middlebelt roads. The crowd was so large and a regular jam of automobiles, the traffic being held up, on both roads.

Mr. and Mrs. Earl Wolfe took a hurried trip to Nashville, Michigan, to visit her parents, Mr. and Mrs. Edward Kies, and to meet her graduating class. A banquet was given in their honor as well as a splendid program, each member taking part.

There was a box social Friday evening, June 8th, in the Community hall, given by the Pierson base ball team, and a jolly good time was had. Boxes sold lively, and they contained lots of good eats. The proceeds will go toward buying new uniforms for the Pierson district high school ball team.

The commencement exercises and graduation exercises of Pierson School were held in the Community church, West Point Park, last evening, June 14th. Miss Robbie Tinsley, principal of the school, is to be congratulated on the success of the pupils that have passed the eighth grade and will receive diplomas.

Pierson base ball team and Farmington team met in a return game on the Farmington school diamond. Score 4 to 5 in favor of Pierson school, West Point Park. Nelson Stuckey and Robert Hunter did some good batting. Harry Wolfe was coach for Pierson team. Walter Neilsen and Mr. Rosenblom were umpires.

Children's day was observed in the Community church, Sunday. The church was tastily decorated with flowers. "Children's Day" was written with flowers in the front of the church.

The children of the Sabbath school gave the entertainment, which was appropriate for the occasion. The seniors led in some of the songs. The little ones gave recitations and sang several selections beautifully. Mrs. Earl Wolfe and Miss Robbie Tinsley had charge of the program. Mrs. Robert Fredericks supervised the decorating.

If your hedges need pruning, prepare to do it now. The best time is in June, just after the new growth has been made. Cut the new growth back one-half or two-thirds and then the new leaves remaining will set many additional buds, all of which will branch out next year and lend to thicker up the foliage surface.

OBITUARY

Edison Ford Taylor, devoted son of Mr. and Mrs. Perry Taylor of Northville, passed away at University hospital in Ann Arbor, Monday, May 14th, at the age of 10 years. He had been ill but a few days with measles and appeared to be doing nicely, but on Sunday was taken with convulsions and at 5:00 p.m. was rushed to the hospital, where every effort was made to save the precious life, but to no avail.

The body was taken to the Everett's funeral parlor, and thence to the home of the grandparents, Mr. and Mrs. John Rogers of 1203 Church street, where the funeral was held on Thursday at 2:30 p.m., and was largely attended.

Edison was a sweet, happy and lovable child, and was loved by all with whom he came in contact. To his devoted mother he was very devoted and considerate, showing a thoughtfulness and spirit of affection far beyond his years.

The parents, grandparents and his many friends are grief-stricken over his early passing from among them. His winsome and sunny disposition and smiling face won for him many friends who will miss him greatly.

Mr. and Mrs. Taylor and Edison had lived in Northville for some time, where Edison was in school.

The funeral services were conducted by the Rev. F. H. Lewis, who in a very

touching manner gave much comfort to the bereaved family, words from the heart, which will help make their deep sorrow lighter to bear. One comfort ing thought to them was that although Edison was so much needed by the dear afflicted mother, God wanted him still more, and that "He plucked the tender plant here on this earth to

transplant in His garden above," and evidence of the love and esteem held the dear ones feel that he is indeed for the departed one and the bereaved "Asleep in the Arms of Jesus," and family.

"Asleep in the Arms of Jesus," and family.

Do not be discouraged by the person who will be among those jewels who insist on presence of weeds in the lawn are like the words of the sweet song, Steps should be taken to remove them.

"He loved and His own."

The many beautiful floral pieces gave known.

Northville Fair Poultry Show Premium List Best Offered in Country

A. E. Fuller, superintendent of the Northville Wayne County Free Fair poultry show, has announced the premium list for the exhibition, which will be held in connection with the Fair, September 18th to 22nd.

It is by far superior to any premium list ever offered in the United States or Canada, and even, exceeds that of the Canadian Royal and Chicago Coliseums shows.

"That is saying a whole lot," said Mr. Fuller, "but nevertheless it is true."

State fair board members, when shown the list last week, were amazed at it. They did not believe it was possible for a place the size of Northville to produce anything like it.

"I want to take this opportunity to thank every person who has helped make our poultry show such a success in the past," said Mr. Fuller, "and I want them to know that I appreciate their efforts in helping to make the coming poultry show the biggest and best that will be held anywhere in the United States during the present year."

Data pertaining to the show follows:

OFFICERS

A. E. FULLER, Member in Charge
Glen Richardson, Superintendent

JUDGES

Glen Ellis—Poultry
J. R. Vivier—Pigeons
C. R. Colvin—Rabbits
F. W. Fisher—Song Birds

Rules and Regulations

The latest revised Standard of Perfection will be the rule and guide of Judges in all classes.

The Fair Management will reserve the right to refuse entries from exhibitors whose conduct in their opinion makes it desirable for the welfare of the show that their entries be debarred from competition.

All entries will be single and the entry fee as follows:

Poultry	25c
Pigeons	25c
Water Fowl	25c
Rabbits	25c
Cavies	25c
Song Birds	25c

	1st	2nd	3rd
Poultry	\$1.00	.75c	.50c
Pigeons	\$1.00	.75c	.50c
Water Fowl	\$1.00	.75c	.50c
Rabbits	\$1.00	.75c	.50c
Cavies	\$1.00	.75c	.50c

All entries will be properly cared for and cooped free and must be in place for judging the first day of the Fair.

SPECIAL CUP PRIZES

To win these cups the exhibitors must enter not less than ten birds of any one breed recognized by the Standard of Perfection. Exhibitors showing more than one variety of any one breed cannot compete together, nor may combs compete with single combs.

The Detroit Edison Co Cup—for the best and most artistic display in the show.

The Northville Exchange Club Cup—for the best display of Poultry in the show.

The President's Cup (N. C. Schrader)—For the second best display of Poultry in the show.

Novi News

(Phone items to Mrs. R. O. Thompson 7134-P2)

Ernestine Grace is ill with the mumps. Miss Helen is slowly recovering from the mumps.

Mrs. Brown visited her daughter, Mrs. A. L. Hill, Sunday.

Wm. Martin is visiting his mother, Mrs. L. L. Granzow.

I. L. Tyler visited Sunday at the home of his son, Earl.

Mrs. F. C. Rice has been suffering with the flu the past week.

The work of installing telephones in the new factory is under way.

Wm. Mairs and son, George, attended a machine demonstration in Lapeer last Saturday.

Jay Leavenworth and family of Royal Oak were guests of B. H. Leavenworth and family Saturday.

Mrs. Ada Button was a guest of Miss Joy Thompson Tuesday and spent the day visiting the Northville school.

Mrs. Phil Taylor, who went to Ann Arbor last week to receive medical treatment, returned to her home Saturday.

Lester Woodruff, who has been having quite serious trouble with his eyes, at times seems to be slowly regaining his sight.

Alfred Gow is reported to be the first Nov. man to be employed by the Novi Stoveack corporation. He began work last week.

Work is progressing on the new school grounds. Painting and grading are being done, and the roof, eaves, and soffit are being pitched.

Mrs. Clarence Smith entertained the West Point Fair Board Tuesday evening. After the lecture refreshments were served and a good time enjoyed.

The Rebekah and I. O. O. F. lodges will hold their annual memorial service Sunday evening, June 17th at the M. E. church. Rev. George Gullen will be the speaker.

Dr. and Mrs. A. T. Holcomb entertained as Sunday guests Mrs. S. D. Holcomb of Redford. Dr. and Mrs. A. A. Holcomb and son, Jack and Mrs. Mae Babbitt and children, Louie and Mary Ellen of Northville.

The seventh and eighth grades celebrated their school-day owing by a trip to Put-in-Bay last Saturday. Parents and younger member of the group families were included in the group and fine time was reported.

In spite of the fact that it rained and rained some more, the good Baptist children emerged from the week's practicing into an ideal Children's Day, Sunday morning, and did themselves credit with what some said was an unusually good program. The entire service was given for the children, and the pastor hinted that we might be listening to future statesmen and people of prominence in our country.

In recognition of the fact that one of our young people, Carl Leavenworth, graduated from the Walled Lake school this week, the Sunday evening services were taken up and all went to the baccalaureate service in Walled Lake.

The W. C. T. U. held their annual Flower Mission day last Wednesday afternoon at the home of the president, Mrs. Effie Root. The report of the superintendent of the department the home of Mrs. Mabel Munro. Well loaded baskets of flowers, fruit, jellies, etc., were taken to the Methodist Children's Home in Farmington, later in the afternoon.

Twenty-three people met at the home of B. H. Leavenworth Sunday to help him celebrate his birthday. A bountiful dinner was served, and all unite in wishing him many happy returns of the day. Among those present were, Mr. and Mrs. Robt. Thompson, Mr. and Mrs. Clarence Whipple and daughter, Hazel, and Mr. and Mrs. George Kahrl of Northville; and Mr.

Where lies a large planting of IRIS?

and Mrs. Charles Tibble of Plymouth.

The annual school meeting was held Monday evening at the school building. It was voted by quite a majority to establish a graded school. The question of adding the tenth grade this year was discussed at some length, but the law requires that the decision be made by the board. The new board of education is as follows: A. C. Atkinson, William Mairs, Ford Brooks, Charles Holmes and B. H. Leavenworth.

Mr. and Mrs. Paul Cudaback of Flint, visited at the latter's sister, Mrs.

Phil Taylor. The visit was made more interesting because the visitors had just returned from an auto trip to Washington, D. C. where they visited the White House, Capitol and many other interesting places, including Gettysburg, Mt. Vernon, seeing Washington's residence, the church where he worshipped and the Masonic temple where he presided.

The Greater Novi Improvement association held its monthly meeting last Thursday evening. The program was given by the younger people of the association, in charge of Mrs. Clarence Smith. Miss Marquita Huffman opened the program with a piano solo. Miss Patricia Gammon sang two selections; little Jean Gullen of Farmington, very dramatically spoke "Seeing Things at Night." Beulah Gullen and Virginia Hornbom played piano duet. Miss Vigie Lamb of Farmington pleased the audience with two humorous readings, and Charles Banks won applause with his inimitable jew's harp and accordion.

The best of all northern turf grasses for shade is Poa trivialis. It very closely resembles bluegrass.
