Thomas Holmes Slugged By Thugs, Who Steal His Car

Thomas M. Holmes, an employee of the Detroit Edison company, connected with the Northville office, was a victim last Friday night of one of the series of many robberies and hold-ups that are taking place in the southern end of Oakland county.

Holmes was on his way to Northville from Walled Lake. He was slowed down at the intersection of the Twelve Mile road by traffic. As his car came to almost a stop, two fellows jumped on the running board of the car and one slugged him over the right eye.

He was knocked unconscious and thrown out of the car into the ditch beside the road, where he was found.

Notice has just been received of a change in date of the opening to Saturday, July 14th.

Unless some unforeseen emergency develops which will prevent him from attending, Eddie Stinson will be one of the honored guests honor on the formal dedication of the Lansing Airport.

The event scheduled for 1:30 o'clock Saturday afternoon, is going to bring hundreds of visitors to Lansing, among them some of the notable in aircrat development, our own Eddie Stinson being the outstanding of them all.

If business prevents him from going there will be representatives of the Stinson company present.

William Otto, former secretary of the Flint Chamber of Commerce, but more recently connected with the Lansing Chamber of Commerce, has issued a special invitation to Mr. Stinson to be present personally.

There will probably be a good-sized delegation going over from Northville, as the Capital City has arranged a program of aerial events for the afternoon that will exceed anything ever before attempted within the state.

The date for the dedication has been fixed for the week previous, but because so many desired to attend the Kansas city convention and because of other conflicting events, the time was changed until Saturday afternoon.

YOUNG COUPLE GO TO OHIO TO WED

FREE BABY CLINIC

WEDNESDAY, JUNE 27

Announcements are out of the marriage of Miss Isabelle Capp of Monroe, who has been employed at the Maybury Sanatorium in Northville, to Lyle M. Kestell, son of Dr. and Mrs. Kestell of Northville. The wedding took place at Wauseon, Ohio, June 5th.

The young people intend to make their home in Northville for the present, where they have many friends.

Lyle has been a resident of Northville for nearly 15 years, residing here with his parents, when not employed in Detroit. The bride came here some time ago, and has won many friends since coming to Northville.

ORA HARNDEN DIES

Orla Harnden, prominent resident of Novi, died Tuesday night at his home in that place. He had been president of the Novi Improvement Association. The obituary will be published next week.

Mr. and Mrs. William Ainge and family of Pontiac, attended the graduation exercises, Wednesday. Mr. Ainge is cousin of George Dixon of this place.

Hazel Hacking, one of the members of the graduating class, completed four years of high school work in three years, an accomplishment of more than ordinary note.

Little Bennie Duguid was awarded the citizenship class honor and also received a book for having the best attendance in his room during the school year.

Make this a banner month for your children. Have them weighed measured and examined for known and unknown defects. Give them a fair start toward a happy and useful life.

Successful School Year Terminates

COMMENCEMENT PROGRAM BRINGS OUT BIG CROWD

Seniors Made a Splendid Appearance on Final Day

With dignity and impressiveness, with honor to themselves and the Northville schools, members of the 1928 graduating class, Wednesday night presented their commencement program in the Penniman Allen theatre, before one of the largest crowds that has ever attended a similar event.

Holmes is now back on the job, although there is a frightful bruise on his head, where he was

slugged by the thugs.

In caps and gowns another innovation, the twenty-four young people made a very pleasing appearance. The stage was blanketed with a mass of spring blossoms.

The program was opened with two typical numbers by the Community School band, the invocation by Rev. William Enbarts, a prayer for the success and prosperity of the young people, who are about to take their first steps out into the world.

Then came the part of the program presented by members of the Senior class.

The President's Address by Donald Ware, the "Salutatory" by Russell Atchison, the "Class History" by Major School, the Class Trophy by James Els, the Class Will by Marvin Safford, the Oath by Clausen Mardon and the Valedictory by Geraldine Hiltz were all exceptionally well presented. Not only were they well presented, but each showed careful preparation.

Supt. W. H. Gordon expressed appreciation by the schools for the interest that had been manifested in the graduation exercises, and declared that it indeed was a credit to his community when so many showed their interest in school affairs.

Principal R. H. Angman in presenting the class, briefly told of the benefits of education and declared that education is never completed. Education helps one to find more pleasure and usefulness in the world," he said.

Edward C. Langfield secretary of the school board in presenting the diplomas to the graduates, gave them the final words of encouragement from a representative of the school, when he said:

"The diploma that you will receive today points you to still greater things, yet to be accomplished, and I trust that you will make the honor conferred on you today the beginning of a larger and still more useful life."

"I am sure I am voicing the sentiments of your worthy superintendent, principal and your faithful teachers, and all the other members of the board, if I convey to you, my dear boys and girls our best wishes for a successful life. May you never grow weary, but bravely struggle onward and upward. He who wishes to win must fight, and only he who fights bravely shall be crowned."

"The greatest wish I could have for you today, dear pupils of this graduating class, is not that you have fame and glory and reach those heights of aspiration to which ambition leads, and sit on mystic thrones with honored brow and look far down upon the struggling mass of men—not that it is higher yet. It is not that rank and wealth be yours and all things else which they can purchase—not that they do not satisfy, they do not last, but fade like the summer skies before a gathering storm. Higher and higher yet it is, above all rank and wealth and fame and glory. My wish is thus, that you may rise through education to a life of love, that you may find the purpose of all living and the destiny of man, and when at last the realities of this world begin to dissolve into the realities of the next, when the shadows of this world's twilight begin to darken into the night which precedes the dawn, may you feel and know indeed that tomorrow is the greatest commencement time, the beginning of the beautiful and true, and enter in all sincerity and truth upon the full and perfect realization of that life you have lived to make."

Mrs. L. W. Simmons who has been visiting at the home of Mrs. Ardella Brooks and other friends here, returned to Detroit yesterday.

THE GRADUATES

William F. enlan, Howard Goodale, Hazel Hacking, Ruth Sessions, Roy VanAtta, Helen Schultz, Margaret Safford, Ellen Sutton, Donald Ware, Marie Schoof, Esther Lockman, Violet Ludwig, James Ely, Howard Dixon, Harry Sedan, Edward Wood, Grace Biery, Geraldine Huff, Russell Atchison, Clausen Mardon, Earl Roberts, Terrence Thompson, Samuel Stalter and Donald Munro.

BE LOYAL, HAVE PURPOSE IN LIFE SENIORS ADVISED

Rev. Knowles Delivers Sermon to Students Sunday Evening

"Be loyal to your family. Be loyal to the highest ideals of your community, and be loyal to your country, to yourself—and the pleasant things of life will be yours," was the advice given members of the Senior class, Sunday night, by Rev. Frank P. Knowles, who delivered the baccalaureate sermon at the First Presbyterian church.

In education, in ambition, in the ideals you set for yourself, lies the secret of success, he told the students.

His sermon—an appeal to the graduates of the Northville high school, to thoroughly prepare themselves for the careers the all face was an inspiring one filled with thoughtful words of advice.

Do not let this graduation be the termination of your education. You have but started. This is the break of real commencement—make it the commencement of your college or university career," he said.

If this should be your condition, which puts you from going to school, it is necessary that your education should be stopped. Give as much of your time to the study of biography, poetry as you do to pleasure and you will win the education you need.

To be without ambition is a defect, it has been said. Every person should have some definite object in life. Happy are the young men and the young ladies who know what they are going to do. But when you have determined the calling you desire to follow be careful of your practical training.

Life is more than living. What we are is far more important than what we have.

One of the valuable things about college life is the fact it very often helps you discover yourself. It enables you frequently to know what you want to do.

If you desire that which is best in life you must strive and be willing to work for it.

God did not design the world for us to live upon it on the dead level. If you have ever traveled through a certain portion of the Upper Peninsula, there is a town just across the boundary line in Wisconsin, where apparently no effort was made to have every house look alike. They were all built alike and painted alike.

But they are not all alike. The yards around some of them looked better than the yards around the others. Some were better kept than others, so even though they were all designed alike they were not alike.

"Life demands our best if we get the best out of it. The world brings no man anything except by chance."

"And what shall be our ideal of service? Just to get by seems the conception of some."

"Real achievement comes from doing our best. And achievement is measured by our motives and ambitions."

"Seek and realize the highest. Think great thoughts. Have high ideals and lofty aspirations."

DEATH CLAIMS TWO

James Hollis aged 65, a resident of Beal avenue, died at his home Wednesday. The funeral will be held Friday morning at 10:00 o'clock from the home. Rev. Richards officiating.

The death of Mrs. Lydia Hempel, 44 years old, of Detroit, took place at the home of her sister, Mrs. Fields, on East Main street, Tuesday. These obituaries will be published next week.

GRANDFATHER AND FATHER WILL AID

There will be three candidates for first degree initiation Monday night by the Masonic Lodge. Possibly one of the most interesting features in connection with the work will be the conferring of this degree upon Starr Northrop, his grandfather and father both planning on taking part in the work. Both served as masters of the Northville Lodge. The other candidates will be Gordon Grouch and Sterling E. on.

Mrs. Fred Turnbull and mother, Mrs. Anna Gantz of Fordson, were guests of Mr. and Mrs. George Dixon, Wednesday evening.

LIKES CLIMATE AND BOOSTERS OUT IN GOLDEN STATE

Chris Neilsen Tells of His Trip to the Western Coast

Mr. and Mrs. Chris Neilsen, who left about a month ago to spend the summer in California, have already seen much of the state and are wondering whether the Pacific coast holds more happiness for them than the good old state of Michigan according to a letter received from Mr. Neilsen.

The letter, mailed at Los Angeles, reached the Northville Record office within just 48 hours from the time it was dropped in the postoffice out in the Golden State. It came by air mail, and according to Postmaster Neal, it established a new record for speed between Los Angeles and Northville. In fact the time was a trifle under 48 hours.

Mr. Neilsen in his interesting letter says: "As we have been here for sometime we feel that we ought to send some word to our many friends in Northville. We surely are enjoying our trip out here. Had a good time in the train coming out. Met a lot of good company and that helped considerably.

"We have rented a three-room furnished apartment with light and gas for cooking, all for \$30 a month. That includes all. We are taking in the entire state on short trips, as well as looking over this town."

"It looks to us as though the whole of Los Angeles is for rent, as we have seen for rent signs all over the town. The depression in business seems to have hit them hard out here, but the small business man tells us that if a man wants to he can find something to do."

"The farming we have been seeing outside of fruit raising does not look so good to us. Dairying the same way. We are told that most of the labor is done by Mexicans or Japanese. It sure looked old fashioned. Their methods and way of working land is not modern by any means."

"This week we took a trip to Sacramento, up over the mountains and valleys. If sure was a trip worthwhile. We took it by rail and we must admire the skill of the engineers in planning and laying out the railroads over these mountains. At times it seemed as though the engine was going to run right into the back end of the train. It must have cost a lot of sweat and cursing to build the railroads out here. One thing I like. The people out here know how to boast their state, and estimate. Going up and down California and talking with everyone, you hear nothing but good words for the state. They tell you what a delightful climate it is. Wherever we have gone people have been nice to us and willing to help in any way possible."

"I had the opportunity to talk shop with a supreme judge, who adjourned court so we could discuss cattle rais-

ing." (Mr. Neilsen has the reputation throughout the country of being one of the best posted men on Jersey cattle in the business, so it is not surprising that the supreme judge would be willing to adjourn court to talk shop to Chris.) He told me much about the conditions in northern California. He has been farming and raising Jersey cattle for years. He also spent sometime in Oakland and San Francisco, but we like the southern part of the state best.

In San Francisco we went to all the interesting places. It is amazing to think that the great city has been entirely rebuilt since the earthquake and fire. Have met lots of people from Michigan, and everywhere. "We have not yet decided on what we will do. Here, as everywhere else, there are drawbacks. But one thing they have here is a mighty nice climate and a lot of good boosters. And naturally anyone likes that. In closing, we wish the good Record to remember us to all our friends."

Before leaving for California, Mr. Neilsen was for a number of years manager of the big dairy farm of Brennan, Fitzgerald & Slink out of the Seven Mile road. The many friends of the family hope they will return here to make their home permanently, although before going to California Mr. Neilsen stated to some of his friends that he might stay there if he should find something to do in his line.

WRECKING RECORDS BECOMES HABITS WITH CHEVROLET

Company's Output Grows by Leaps and Bounds Each Month

All previous production records in the sixteen year existence of the Chevrolet Motor company were shattered here in May, when the company turned out 140,700 units.

The output for a single day also reached a new level on May 28th, when 7,750 finished cars and trucks rolled off the assembly lines.

These figures, released here today by W. S. Knudsen, president and general manager, lent substance to a growing feeling in automotive circles that Chevrolet would not only equal its 1927 volume of a million cars, well before the close of 1928, but that it would also duplicate its 1927 performance of building and selling more cars than any other manufacturer in the world.

Production of Bigger and Better 1928 models to June 1st was 651,500 units.

Mr. Knudsen stated. He pointed out that this figure includes production since the first of the year as well as 32,000 new cars built in December, so that dealers in all parts of the country would have cars for immediate delivery, when the new model was publicly announced on January 1st.

Up to June 1st last year, the company had built 513,000 new models, in 1926 326,000 units, and in 1925 less than one-third the volume achieved during the corresponding period this year, according to Mr. Knudsen.

The output for the month just ended was 25,000 units in excess of the 115,000 cars and trucks built in May 1927, which until this year had been the largest production month in the history of the company. In May, 1926, the turnout was 74,000 units, and in May of the previous year 52,000 units.

The record set up last May was bettered by 3,000 units during the past February-March, in turn was 17,000 units ahead of February, and April

with a volume of 135,800 cars and trucks exceeded the March performance by 2,000 units.

In view of the high May volume, and the schedule for June, Mr. Knudsen stated that by the middle of the year the number of new cars built would be well beyond the three-quarter million mark.

All production operations of the company have been running at capacity since early in the year. Mr. Knudsen said. He explained that the high May volume was made possible because several of the domestic plants have been expanded, and because a new assembly plant recently opened at Atlanta, Ga., to relieve the other fourteen domestic manufacturing operations got in full month's production during May.

Another new plant of similar size to the one at Atlanta, recently announced for Kansas City to supply the territory immediately north and west of that city with a capacity of 350 cars a day, will make possible even greater volume achievements in the future, Mr. Knudsen asserted.

Month by month our sales organization is making increasingly heavy demands upon the production facilities of the company to provide cars for immediate delivery in the domestic market," Mr. Knudsen said. "More than 80 per cent of the May output was absorbed in the United States alone, de-

spite the fact that the number of units going into the export field was greater than ever before.

We interpret this expansion in volume and sales to a growing public confidence in us and our product. This is our greatest asset, and the public is due whatever credit may accrue from the new records now being established.

Mr. Knudsen stated that extraordinary achievements of his company may also be taken as a trade index of the country.

The automobile is a sensitive barometer of business conditions in every territory where it is marketed in quantity," he said. "The fact that our sales have been consistently good in every area of the United States indicates the healthful purchasing power of the great mass of people.

That means, of course, general distribution of present wealth and a satisfactory future outlook."

By using pectin you can make strawberries into a delicious whole fruit jelly, or you can make a clear strawberry jelly, although the juice of these berries by itself does not "jell." The United States Department of Agriculture will tell you how to make the necessary pectin and what proportions to use in the jelled strawberries or the strawberry jelly.

GIANT BALLOON PASSES OVER THIS PLACE SATURDAY

BAG PUTS LIGHTS OF HOWELL OUT WHEN BROUGHT TO EARTH

Sweeping low over Northville, hundreds of residents last Saturday watched with keen interest the passing of a giant balloon carrying four people from the Ford airport. The monster bag remained in clear sight for over an hour.

The story of the ballooning picnic believed to be the first of its kind ever held from Detroit was told by Harvey J. Klemmer of the Detroit Board of Commerce, one of the participants. Other members of the picnic party were Don Edward Bradley, South America, here as his country's entrant in the International Gordon Bennett balloon race; Klemmer's wife, Josephine, and Miss Gwen Dew, 93 Seward Avenue, an employe of the Florist Telegraph Delivery company.

Bradley, an Argentinian recently purchased a new 80,000 cubic foot balloon which he intends using in the international race. He conceived the flight as a trial trip preparatory to the big event. Klemmer, to use his own words, conceived the aerial picnic as "a novel and interesting way of punctuating more or less pacific existence."

Mrs. Klemmer and Miss Dew were persuaded to go along. So Saturday afternoon, after the Detroit City Gas company had especially increased their gas pressure that the big bag might be inflated in record time, the picnickers played a traditional few sandwiches into the balloon's basket, clambered into it themselves, and took off from Ford airport at 2:45 p.m.

The huge balloon rose rapidly to a height of about 4,000 feet, found a 20 miles an hour breeze and drifted northwestward. Meanwhile the girls, unmindful of the thrills that were to follow, munched blissfully at sandwiches. The three inmates enjoying the

experience

"We traveled northwest practically paralleling Grand River avenue," Klemmer said. "Airplanes from Ford airport and from the Stinson airport at Northville circled around us and waved. Just beyond Northville, Bradley decided to bring the bag down and 'helge-hop' for a while. Then the real fun began."

"Our basket crashed its way through several trees and our dragging rope, two inches thick and 600 feet long, snaked its way crazily over the terrain, following the uncharted route of the balloon across field, farm yard, fence and furrow. A dozen or more automobileists followed us along, waving to us whenever they were near enough to do so."

Farmers and their families rushed out of their homes as we passed over. At times we valved our gas a bit to descend low enough to ask them what they had for supper. Then, as if they

replied not to our taste, we dropped some ballast and soared skyward.

"On one occasion our drag-rope skinned through a 1000 layer striking a high tension wire causing tongues of flame five or six feet long to spit from the rope's wet portion. It grew dark as we neared Howell about two miles beyond this city. Bradley decided to call the flight off. In attempting to land, we broke a high tension wire, putting Howell in darkness.

"When our basket landed the ground the first time, a farmer, armed with shotgun, ran out from some trees giving us a totally unlooked-for scare. It developed that dogs had killed 25 of his sheep the evening before, and he was laying for them."

After landing in the farmer's field,

we deflated our bag, left it at the farmhouse, and started back for Detroit."

Bradley, whose forebears went to South America from the United States 50 years ago, holds the distance, altitude, duration and speed balloon records of South America. He has been ballooning for 19 years, and was the first man to pilot a balloon over the Andes. He says he likes the United States and expects to return to Detroit after the Gordon Bennett race, when he and Klemmer plan to make a long balloon flight beginning from Detroit.

MANY MOURN THE DEATH OF SOUTH LYON RESIDENTS

TWO CLAIMED BY DEATH IN THE PAST FEW DAYS IN SOUTH LYON

Mrs. Peter Shaw died in Ford Hospital, Detroit, Saturday night, June 9th. Funeral services were held at the home of her daughter, Mrs. Cecil Clark, in Northville Wednesday afternoon, and interment was in South Lyon cemetery.

Mrs. Shaw, Elizabeth Butcher, whose home was in Detroit, had been here for about three weeks helping in the care of her mother, Mrs. Louis Butcher, who continues very sick at the home of Mr. and Mrs. Bond. She became ill last week, Tuesday, and on Friday was taken in the ambulance to Ford Hospital, Detroit, where she underwent an operation from which she did not rally.

News of Mrs. Shaw's death has been kindly withheld from her mother who is in a critical condition.

The deceased was nearly 56 years of age, and was born in England. She leaves to mourn their loss besides the

husband and mother, four daughters—one being Miss Alice Shaw, well known here—and one son, also three sisters and four brothers. Mrs. George Cork, Mrs. Horace Bond of this place, and Mrs. Harriet Finnie of Cleveland; Abraham, Joseph and William Butcher of South Lyon, and Jack Butcher of Amsterdam, Ohio. The family lived in South Lyon several years ago.

Mrs. Mary Bowers of Rushton, aged 73 years, died in Melius Hospital, Brighton, last Saturday, following an operation to which she had submitted a few days before.

She had been ill a week. Mrs. Bowers made her home with her daughter, Mrs. Irving Clark.

She was well known and had a wide circle of friends in the community.

Funeral services were held at the Clark residence in Rushton, Tuesday afternoon, Rev. H. H. Savage of the First Baptist Church of Pontiac officiating.

Burial took place in New Hudson South Lyon Herald.

THE NORTHVILLE RECORD

ESTABLISHED 1869

NORTHVILLE, MICHIGAN, FRIDAY, JUNE 22, 1928.

HERBERT HOOVER

Herbert Hoover, born of Quaker parents in Iowa, and left an orphan at ten to make his own way in the world, is the Republican nominee for president. Of all the men who have been in public life over a long period of years, probably not one has the record for more conscientious and courageous service than Herbert Hoover.

Indeed America may feel fortunate over his nomination. There is little question but what he will be the next president of the United States. When we go to the polls to vote next fall, it will be with a feeling of high admiration because we know that our ballot is going to be cast for a typical self-made American, one from the ranks and one who probably knows more about our national problems before assuming office than any other man we have ever had in the president's chair.

Herbert Hoover will serve with honor to his country. Already he has won for himself world-wide distinction and it is fitting that his long honorable career to humanity should terminate in our most exalted position.

JAMES HUFF AND BARNEY SCHULTZ DO SOME FISHING

Detailed Story of Newest Event in History of Northville

This is not a fish story—as fish stories usually go. It is a recital of facts in connection with fish. For the ordinary laymen it is going to be hard to believe it all, but nevertheless local fishing lore will record it down through all history, as an actual happening in the course of Northville events.

In the year of our Lord, 1928, Walled Lake was the scene of the historic event.

The two participants outside the lake were James A. Huff, Northville dealer in fish bait and sporting goods, as well as hardware that is hard, and Barney Schultz, an employee of the

William H. Maybury Sanatorium.

Both have lived to tell the tale—that is the fact in connection with it all.

As proof of the claims they make

evidence has been in display in the Huff hardware store.

It was a pike—a regular fish—over 42 inches long. Before it was cleaned it tipped the scales over 42 pounds.

And when it was cleaned it was found

that the fish had been starving hungry,

so its normal weight would doubtless

have been two or three pounds more

if it hadn't been on a diet for a week or so.

Friday night "Jim" as he is best known about town, found it rather hard to sleep. So just as the sun was breaking over the hilltops of the Brennan farm, he rolled out of bed and called Barney.

"Barney, I can't sleep, so must be the fish are biting today." So out to Walled Lake they rumbled.

"Jim, was at the car." Barney was doing the casting. Suddenly the boat stopped, and Barney's reel spinned like a Stinson airplane motor.

"Stop er Jim, we've got a whale," yelled Barney.

"But she's already stopped," called back Jim. "I can't move her."

Then the battle of Walled Lake started. For twenty minutes it ranged over the placid waters.

But here comes the part of the story that no proof has been offered to support it.

Jim, fearing the battle was to be lost, jumped into the lake, dove down where the giant was struggling with the line, put a strangle hold about the neck of the fish, and swam to the top with it.

At any rate they got the fish—it was just as big as they claimed it to be and both returned to Northville feeling just like any victorious fighters should with it.

Walled Lake was the scene of the historic event.

The two participants outside the lake were James A. Huff, Northville dealer in fish bait and sporting goods, as well as hardware that is hard, and Barney Schultz, an employee of the

WELL KNOWN YOUNG COUPLE ARE WED

Edessa Rae, daughter of Mrs. Lena Daggett of this place, and Burleigh Grisom, also of this place, were quietly married in Detroit, Friday, June 15th. The bride is a graduate of the Northville high school, class of '28, and has since been employed at the Maybury Sanatorium, and the groom is an employee of the Ford Motor company. They left immediately after

the ceremony for a short wedding trip to the home of his grandparents in Portland, Indiana. They will be at home after July 1st, at 437 Carpenter avenue. The happy couple have the best wishes of many friends.

The L. C. T. M. will hold a pot-luck supper next Monday evening, June 26th, at 6:00 o'clock. The regular meeting will be followed by initiation. Officers are requested to report in the afternoon for practice.

Local News

David Gage has been confined to his home for several days by illness.

Lightning struck a tree on South Center street in front of the residence of Harry German, Monday.

Miss Bernice Sterling of Mt. Pleasant, is visiting at the home of her sister, Mrs. Harold White.

Mrs. Bruce H. Douglas has been in Iowa attending commencement exercises of the school she formerly attended.

Mrs. Frank Fry of Rochester, New York, has been the guest of Mrs. C. A. Dolph and other Northville friends for a few days.

Mr. and Mrs. Fred Rieger are the happy parents of a baby girl, Lorline May, born Monday. Both mother and babe are doing nicely.

The formal opening of the Bob-O-Link Golf and Country club took place Thursday. This is a new country club located on Grand River west of Novi.

Mrs. Elizabeth McElwain of West Point Park, has been visiting friends in town for the past week. She expects soon to leave for North Dakota for a visit.

After August 1st there will be a material reduction in postal air mail rates. The new price will be five cents per ounce, just one-half of what it is at present.

Fred L. Newton of Boliver, New York, was an "over" Sunday visitor among friends here. Mr. Newton is now proprietor of an electrical store at that place.

W. E. Forney of the Forney Coal & Ice Supplies, will Monday open an uptown office at 216 East Main street. This is the place formerly occupied by the Maytag store.

The Misses Mary Elizabeth Leverington and Virginia Leonard of Hannibal, Missouri, are visiting the former grandmother, Mrs. Jennie Bradenburg and other relatives.

Charles E. Matheson of Albion, was a caller in Northville Sunday to see his brother, William E. Matheson. From here he went to Detroit, where he visited with friends.

The lawn and grounds surrounding the Atchison hospital on Dunlap street have been graded and new sidewalks put in, making a great improvement in the appearance of that street.

Mr. and Mrs. Cornelius Potter and family are moving to Redford, where the family will make their future home. Since coming to Northville Mr. Potter and family have made many friends, who will regret to see them move away.

Dr. U. E. Zambarano, who for some time was associated with the medical staff of the William H. Maybury Sanatorium, has opened offices in Providence, Rhode Island, his old home, for a general medical practice, according to announcements received here.

Sup. and Mrs. W. H. Gordon are leaving today for New York City, where Mr. Gordon will enter Columbia University for the summer term. The children will also attend school while in the east. Mr. Gordon will be back in Northville about the last of August.

Mrs. E. H. Lapham entertained members of the program committee of the Woman's Club for luncheon at Meadowbrook Country Club, Tuesday. Those present were Mrs. Horace Boyden, Mrs. A. B. VanAken, Mrs. Ross Dusenbury, Mrs. Floyd Northrop and Mrs. John Christensen.

Mrs. R. C. Cameron, 15515 Wildermere, Detroit, has sent a letter to the Record commanding Mayor Fulkens for the splendid work he has done in improving the old village cemetery. It has been neglected so long that "surely the efforts put forth by the village president, Mr. Fulkens, are worthy of note," she writes.

Harold Sonnenberg, city mail carrier, reported for duty Monday morning, after four days of illness, nursing an almost broken back. Fred Wendt, sub-carrier took over the route during his absence. Fred has also been duty again this week, relieving Harry German, Jr., who has been on leave for absences for a few days.

The regular meeting of the W. C. T. U. will be held Thursday afternoon at 2:00 o'clock, at the home of Mr. and Mrs. Crosby on Cadiz street. This will be flower day and members are strongly urged to bring flowers so they can be sent to "shut-ins" about the village. In view of the fact that there are a large number of people in the community who are unable to get out, members are asked to be liberal with their flower gifts.

**BAND UNIFORMS
TO BE PROVIDED BY
FAIR ASSOCIATION**

**Saturday Night Concerts
May Soon Start—Players Make Big Hit**

In keeping with its public-spirited policy, the board of directors of the Northville Wayne County Fair association, have announced its plans to purchase for the members of the Community School band its new uniforms.

The band, organized but a year or so ago under the insistent demand of Edward C Langfield, had made wonderful progress, but the members have been without uniforms.

In recent weeks, the band has made numerous public appearances, and the fact that the players appeared in their ordinary every day dress, the need of uniforms for the band became apparent, and at a recent meeting of the association decided that it would be entirely right for the organization to provide the young players with uniforms.

The band played at the fair last fall, and arrangements have already been made for it to appear at the fair this fall. Nothing has ever been charged against the fair association for the playing, and it is for this reason that the fair directors took the action they did.

The youthful players appeared Saturday in an all-day concert at the opening of the A & P store. For this school was paid liberally. Hundreds heard the band for the first time, and all were amazed at the spirit and progress that had been made.

A few evenings previous Mr. Langfield took the band to Elkhorn. There they played during the evening for the business men, and when the concert was over the residents of that place declared that the youthful players had given a concert equal to, and if not superior to any that had ever been by professional bands. The school

was also paid for this trip.

Arrangements are at present being made with the village commission of Northville or a series of Saturday night concerts. It is probable that the concerts will be started within the next two or three weeks. Northville in the past has paid out many thousands of dollars for Saturday night concerts, but its support of the Community School band has brought a reward much quicker than had been anticipated.

Children's day services were held at Salem Federated church, last Sunday, and proved to be a distinct success.

Through the devoted efforts of Mrs. Oscar Hammond, Mrs. Oliver Dix and Miss Marion Carlson a very pleasing

program of songs, recitations, dialogues and choruses was presented by scholars of the school, assisted by the choir.

The platform was very prettily decorated for the occasion and formed an attractive background for the young

friends who came and went upon it,

and whose varied items won the spontaneous praise of the congregation.

A number of prizes were presented to scholars of the primary class for regular

school attendance up to the third

quarter of the school year, and special

reference was made to Miss Marian Gale, a member of the school, who has

been lying seriously ill for a long time.

Flowers and the good wishes of the

school and congregation were conveyed to her in Dr. Jackson's hospital at

Northville. Children's day this year

ASKS POLICE TO LOCATE FOUR MEN FROM NORTHVILLE

Officer of Northern Michigan Anxious to Find Whereabouts

Iland, Mich., June 18, 1928.
Chief of Police,
Northville, Michigan.

Sir:
I am looking for four fellows who came up here Sunday from Northville. That is they said, they came from Northville. They reached here early Sunday evening in two automobiles.

Possibly you can find them by the following descriptions:

No. 1—Weight about 350 pounds, large chest, large feet, swarthy complexion, wise looking, but not so wise as he looks, waist line about seven feet, two inches; no wind except when talking about fish; smokes cigar in corner of mouth when talking to you; says he is a meat packer, but looks more like a lumber stand operator; talks big stuff, but when cornered can't produce.

No. 2—Always smiling, a little skinny, but not so skinny as he looks; sings like a lark can't squint his eyes when looking at you; doesn't talk much but when he does you know it; wears gallouses, congress shoes and has a peculiar walk, smooth face and a hard looker when mad.

No. 3—All dressed up with stubby mustache, glasses, that might and might not help his looks; talks constantly about some cleaning stuff he says he invented; from his actions you might think he had sometime visited some of the big cities appears to be one of these regular city slickers as he has lots of city ways. Better watch him close, if you get him.

No. 4—He'll be with them.

Now I want these birds bad. Will pay good reward for information leading to their whereabouts.

They whizzed into our town with two big automobiles. We had special guards out guarding the town all night, the night watch spotted them early so nothing happened during the night.

Their crime constitutes the confiscation of the catch of an honest old fisherman. The way they got the fish need not be told—the details are too horrible.

Now, chief, I wouldn't shoot these fellows when you get them cornered. It might be well to gas them, because we want 'em up here alive, and well. We'll do the chootin'!

P.S.—You better look out about the singer that wears gallouses. He ain't so big, but he might be bad. Be sure

Search Your Attic For Fortunes in Old Envelopes

Among the old letters of many families are hundreds of very rare stamps and envelopes. Many have been found and sold for fortunes. Single-envelopes have been sold for as high as \$6,000, and many have brought upwards of \$100 each. It's so easy to fishy—but it's true. They are valuable, because they are rare. And they are rare, not because there are only a few, but simply because most of them have remained stored away and forgotten.

Make a thorough search through your attic or storeroom for such old letters—anything mailed from 1845 to 1865. Fortunes in rare stamps have been found in old trunks which no one ever dreamed contained anything of value. Keep the letters if you wish, but send the envelopes to Mr. Harold C. Brooks, Box 328, Marshall, Michigan; and he will immediately write you stating their value. In sending them to him, you are not obliged to sell unless his offer meets with your approval. Anything not purchased he will return in good order. Mr. Brooks, who is mayor of his city, is a private collector and has paid thousands of dollars for old envelopes and bearing stamps. Although the rare issues are especially desired, he also buys many of the commoner kinds. Many people in this way are getting extra money with very little trouble and no expense.

The First National Bank of Marshall, Mich., writes: "Mr. Brooks has been in business here for twenty years. You will make no mistake when you recommend him to your readers as worthy of the fullest confidence, both financially and personally."

Mr. Brooks states that there are so many different stamps which are similar in appearance he cannot quote values from written descriptions, but must see the envelopes. Furthermore, he is not interested in buying loose stamps or stamp collections, but only the old envelopes bearing postage so do not cut the stamps from the envelopes. It is not necessary to write dates on envelopes as Mr. Brooks is fully acquainted with all issues even though the postmark shows no year date. Those especially wanted are United States issues, but he also buys Confederate, Canadian, Hawaiian, and certain foreign stamps provided they are on the original envelopes and mailed not later than 1865.

If envelopes are sent in a bunch they should be carefully packed in a cardboard box to protect them from damage while in the mails. If you have reason to believe your envelopes are of special value send them by registered or insured mail. If you have no old letters written during or before the Civil war, show this notice to your friends—especially those whose families have lived in the same home for several generations. Many old families, old banks and law firms still have stored away hundreds of letters, waiting to be burned or sold for large sums. Before destroying such envelopes or folded letters, investigate their value. Mr. Brooks' address is as follows:

HAROLD C. BROOKS,
Box 328, Marshall, Mich.

and confiscate the fish they have hidden in their automobiles. Wire me when you get them and the posse will be right down.

P.S.—Is there a sporting goods man in your town by the name of James Huff? The young upstart had a lot of fishing tackle that was labeled "James Huff." Ask Huff if he has been robbed.

P.S.—If you have got any more tellers down there like them for the sake of Northern Michigan keep them down where they belong.

John Pettijohn, Special Constable

News Item—C. A. Balden, Nelson Schrader, Conrad Langfeld and the Record advertising man have been spending a few days on a fishing trip up north of Traverse City.

DEATH FOLLOWS ILLNESS OF MONTHS

Mrs. Heffie A. Simmons, aged 65 years, for over 45 years a resident of Northville, died Tuesday forenoon at her home, 221 Church street, after an illness of many months. Mrs. Simmons was taken ill last fall and has steadily declined in spite of all that could be done for her.

Her daughter, Mrs. C. W. Meyers, lived with her. A son, W. L. Simmons, resides in Pontiac. A grandson also survives.

The father before his death was for a great many years employed by the Globe Furniture company.

Mrs. Simmons had a wide circle of friends who are grieved to learn of her death.

The funeral was held Thursday at 2:00 p. m. at the home. Rev. Frank P. Knowles officiating. Burial took place in Rufus Hill cemetery.

It is time to think about getting cucumbers and summer squashes going.

Refrigerator**

THIS new-day refrigerator never needs oiling. It is unusually quiet. It is portable. It uses very little current. It has an all-in-one unit that is hermetically sealed to keep efficiency—and trouble out.

Over a period of fifteen years, General electric engineers worked toward this great electrical achievement. They have developed a simplified refrigerator that has no belts, pipes, drains or fans to get out of order.

Models for every home are now on display. Come in and see them. In the meanwhile, mail the coupon below for an interesting descriptive booklet.

Prayer meeting at the parsonage Thursday evening, 7:45. All are cordially invited.

Friday, the Worden Ladies' Aid society convene for their regular monthly meeting at the home of Mrs. Carl Lewis in Plymouth, in the afternoon.

An important business meeting will take place. Every member kindly be present. Supper will be served.

Friday evening, the Advanced Guards class will have a meeting at the home of Mr. and Mrs. William Tousey.

Plans for meeting the new project that the Sunday school has undertaken will be discussed.

The Bethany and Advanced Guards Bible classes are planning on beautifying the interior of the church before the Jackson Association conference, which convenes in the Salem church this fall. Other new projects are before the Ladies' Auxiliary society and all departments of the church, and Sunday school are loyal and staunch in their support and assistance. We urge all members and friends to keep on with the good work.

Next Sunday morning, Rev. and Mrs. T. C. Hackenberg of South Lyon, who are always heartily welcome and gladly heard in Salem, will fill the pulpit in both the Salem and Worden churches.

Rev. Mrs. Hackenberg will bring the message.

Special music by the adult choir.

FORMER RESIDENT DIES OUT ON THE PACIFIC COAST

Death Follows That of Her Husband Within Ten Weeks

Older residents of Northville will remember Agnes L. Hilborn, who was married to W. H. Carpenter, for many years a resident of this place. A few weeks ago news was received here of the death of Mr. Carpenter out in the state of Washington. Now a newspaper article has been received telling of the death of Mrs. Carpenter. The clipping was sent to the Record by Mrs. Melverne I. Graham, 638 Concord street, Bremerton, Washington. Mrs. Graham will be remembered as the daughter, Nellie.

The article follows:

"Funeral services were held from the Newell chapel in Centralia, Sunday afternoon for Mrs. W. H. Carpenter, who passed away last Thursday at the home of her daughter, Mrs. Melverne Graham in Bremerton. Mrs. Carpenter came to Toledo in 1891, settling with her husband upon a homestead on Salmon Creek, east of Toledo. Here the family resided until 1901, when the family moved to Toledo where until last November she had made her home. Ill health caused her to go to Bremerton, where she might be near her daughter while she went to a hospital for a surgical operation.

"Shortly after Thanksgiving last year, she was operated upon, and the surgeons and attendants knew then there was no hope for her recovery. This knowledge was kept from Mrs. Carpenter, who for a short time appeared to get better, but later another operation was resorted to in hope that her life might be prolonged; but it was of no avail. Shortly before her death Mrs. Carpenter realized that she could not live, but was resigned to her fate. Her husband, W. H. Carpenter, preceded her to the other world in March.

Mrs. Carpenter was born in Northville, Mich., March 6, 1870. In 1891 she was united in marriage to W. H. Carpenter. She is survived by three daughters, Mrs. Frances Jackson of Montesano, Mrs. Nellie Graham of Bremerton, and Mrs. Nettie Hoard of Seattle; and one son, Alie H. Carpenter of Centralia and a number of grandchildren.

Mrs. Carpenter was one of the best known women of Toledo and numbered her friends by the score, and was respected by all who knew her.

Following the services at the chapel, which were conducted by Rev. Charles E. Borts of the Toledo Community Presbyterian church, the mortal remains were laid to rest beside her husband in Mountain View cemetery, the Order of the Eastern Star of which she was a member having charge of the graveside ceremonies. The funeral was under the direction of the Newell Undertaking company of Centralia."

Co-operative marketing of grain has been carried on more successfully in Canada than in the United States. In Canada operations are conducted on a large scale with centralized selling agencies, whereas in the United States the local elevator is the unit. Co-operative marketing of grain is considered in this country from the viewpoint of the local community, but in Canada the viewpoint is that of the grain industry as a whole.

HARLEY WOLFROM IS NEW MAYOR OF STUDENT COUNCIL

Student Election One of the Most Exciting of the School Year

Harley Wolfrom was the victorious candidate for mayor of the Student Council for next year at an election held Wednesday, June 13th. Catherine Litsenberger was elected Clerk, and Ethel Sternier was re-elected as treasurer. Rudolph Weyant will represent the next senior class in the council, and Alfred Sibley will be the next junior class representative.

Wolfrom is a letter man in football and basketball. This year he was assistant business manager of the Palladium. He is also a member of several clubs and has served on various committees during the year. Miss Sternier served on the council this year as treasurer, and proved herself so efficient she was re-elected by a large majority. There is every reason to believe Catherine Litsenberger will make a good clerk. She has proven herself very capable in everything she has undertaken in school affairs.

Rudolph Weyant, president of the junior class, was elected to represent his class in the new council. He has been editor of the school news section for the last semester. He belongs to several clubs and has taken an active part in dramatics. Alfred Sibley, the junior alderman, is a member of the band. He has also been on the journalistic staff this year and belongs to a number of clubs. The freshman and sophomore representatives are yet to be elected. Mr. Auerman is faculty advisor to the council.

The council also has several other offices to fill. The appointment list are: Chief of police boys and girls athletic manager, and the palladium editor. The council has charge of all citizens affairs.

Waterford News

(By Mrs W H McKercheran)

Mr and Mrs James Wilson and son spent Sunday in Detroit.

Mrs Milo Walker of Northville, spent Thursday at the home of Mrs Jacob Warren.

Mr and Mrs Jacob Warren took Sunday dinner at the home of James Stein at Wayne.

Mr and Mrs Edmund Watson and Miss Eddie Peck spent the weekend with their parents near Orionville.

Mr and Mrs Frank McGraw of Plymouth were Sunday dinner guests of Mr and Mrs Charles Waterman and Mrs Ida Hughes.

Mr and Mrs Clarence Ebersole and family were Sunday dinner guests of the latter's parents, Mr and Mrs Archie Herrick of Plymouth.

Friday being the first day off school, a picnic was held in Benton Park. Much has been done this year, among which was the passing of six eighth graders, the winning of \$5.00 by Raymond Denton and Elizabeth Moe for handwriting. The organization of the P. T. A., the organization of handcraft and sewing clubs, and the winning of a trip to Lansing for a week by Louise Steinhebel. Everyone went home happy feeling that this had been a very worthwhile year.

The Waterford Community Club and Mrs Cass Benton, Mrs Hathe Green, Mrs Florence Sackett, Mrs Eva Johnson, Mrs Morton, Mrs Ida Hughes and also Mrs Viola Farr, granddaughter from Grass Lake, surprised Mrs Mary Loud on her ninety-second birthday, June 14th. A pot-luck supper was served after which Mrs Claude Westerman read a very interesting paper which was written thirty years ago, giving a history of Waterford at that time. William Elliott presented her with a beautiful birthday cake. They all had a good time, and left wishing her many happy returns of the day.
