

# THE NORTHVILLE RECORD

Vol. LVIII, No. 51

Northville, Michigan, Friday, June 29, 1928

\$1.50 per Year, in Advance

## NORTHVILLE MAN TO GUIDE BALLOON IN NOTED CONTEST

William Naylor to Fly U. S. Entry in World Air Race

When the big balloons rise from the Ford airport at Dearborn, Saturday afternoon in the international balloon race for the Gordon Bennett cup, William Naylor, chief engineer of the Stinson Aircraft corporation of Northville, will guide the entry that represents the United States. With him will be Russell Wherritt of Detroit, as aide.

Naylor, long an expert in every branch of aeronautics, won his right to fly in this balloon classic by taking first honors in the recent national elimination contest held in Pittsburgh. The balloon, which Naylor and Wherritt will fly in the international event starting from the Ford airport, Saturday, June 30th, as one of the major features of Detroit's Air-Olympics, is owned and sponsored by the Peoples Outfitters Co. It is the same bag that was used by Edward J. Hall and Arthur Schlosser in winning the Gordon Bennett race last year.

To lighten the balloon last year the net was discarded by Hall and the basket was suspended by ropes attached to "patches" around the equator of the bag. Due to the age of the balloon, the fabric stretched and the capacity of the bag was increased. Naylor was advised by the contest committee of the National Aeronautical association to cut down the size of the balloons before entering the race this week. This has been done and the capacity of the balloon is now the maximum 80,000 cubic feet. Naylor and Wherritt will carry with them the usual safety equipment, including a pneumatic life raft, rubber pontoon on the basket, signal flares and rockets, and firearms.

"In case of a landing in far off Canadian wilds, we will be prepared to hunt game or fish to supplement the food supply we will carry with us on the flight," Naylor said today. "We will have plenty of fishing tackle to help us out on our journey back to civilization if our balloon lands miles away from human settlements."

## L. R. STEVENS DIES AT HOME IN WIXOM

L. R. Stevens, 70 years of age, father of S. B. Stevens and Mrs. J. L. Calkins of Northville, died last Friday night at his home in Wixom, after an illness of but a week. Mr. Stevens, a pioneer resident of this part of the state, was active and in fairly good health up to a short time ago. He has lived around Northville and Wixom for over 50 years. Mrs. Stevens and six children survive.

Announcement was made Wednesday that the Maple Ridge Country club has decided to open their golf links to public use at any time. This will give the local golfers in Northville and vicinity an opportunity to play the game on one of the finest links in this section of the state.

## EDDIE STINSON LEAVES TO FLY AGAIN FOR NEW HONORS

Off to another victory! Eddie Stinson left the Northville-Stinson Airport this morning for the Ford airport at Dearborn in the Stinson craft that he will fly to another victory in the world endurance contest that starts Saturday morning.

The monoplane he flew came off the production line only this morning, and is one of the regular type produced by the company. Its first test came today, when Eddie sat at the controls and flew it over to the starting point of the race. In every contest he has won, and there have been many of them, the planes used have always been stock planes.

Two years ago a close contender for first place, last year victor in the contest, there is no question but what he will win again this year, providing some unforeseen mishap does not take place.

He will win because he is the greatest of all air pilots and because he has a machine that has proven superior in every test to anything else that is being manufactured in its line. The race is the longest that has ever been provided for a Ford cup, and before it is ended it will take the fliers to the Pacific coast.

## WE CELEBRATE— NOBODY WORKS

### Kind Words

"I sure enjoy getting your paper. It is just like getting a long letter from a friend," writes Mrs. Charles Cadwell of Pasadena, California.

"With the closing of the school on June 22nd and the realization of just how much time and effort and generous co-operation you have given the board of education, faculty and student body, I wish to thank you personally in behalf of the others, whose interests have been so splendidly served through your newspaper experience and progressive management of the Northville Record," state Supt. W. H. Gordon in a letter to the Record just before leaving to attend the summer school at Columbia University.

Royal Neighbors of America meeting and initiation Monday night. Potluck supper at 6.00 o'clock.

Henry VanSickle has been confined to his bed for the past four weeks.

## GROWTH FORCES ARMSTRONG INTO LARGER QUARTERS

Automobile Repair Shop to Open Monday in New Location

So rapid has been the growth of his business that Steve Armstrong, one of the best automobile mechanics in the state, has outgrown his present quarters on West Main street, and in order to take care of his increased work, he has leased the big garage building on Hutton street, back of the old Exchange hotel, and will open for business there Monday morning.

It was something a little over a year ago when Steve, as he is best known to his hundreds of friends in Northville and surrounding country, decided to go into business for himself. From the very first he has enjoyed an excellent business. In recent months it has grown by leaps and bounds, necessitating the removal to larger quarters.

In addition to his regular automobile work he is opening up a machine shop. He has found a general demand for a place like this in Northville, and he has also found that it would be convenient for him to have a machine shop in connection with his large automobile repair work.

With the addition of his machine shop he will have one of the most complete repair shops in western Wayne county. He states that he will have a much larger room for his battery service station, and he expects to enlarge his tire business as well.

"There is room for the storage of 47 cars and we can have six cars in the work shop at one time," says Mr. Armstrong. "I am also contemplating the making of arrangements whereby we can take on the sales line of some well known automobile, but this is a detail I have not yet worked out," he adds.

He will yet open for business in his new place Monday morning. The new location is an excellent one for the purpose. He has secured it for, as there is plenty of parking room in front of the building without congesting the street, and Hutton street where the garage is located is one of the widest streets in town.

Steve's many friends wish him the best of luck in his new location.

## ROK-KAY GARDENS IN FULL BLOOM

Do you want to see a beautiful sight? Then just drive out West Main street and turn south on Clement avenue.

The Rok-Kay Gardens are now in full bloom—and such gorgeous peony blossoms as you will find there are worth going miles to see.

A week or so ago the iris garden at the home of Mrs. Chase was in blossom, but these are nearly all gone. However, the peony gardens are doing their full duty and it is certainly a beautiful sight.

Mrs. Fred Foreman and son, William, and Ralph Foreman and family have taken a trip to Freeport, Illinois, where they will attend a reunion of the Mitchell family, who are relatives of Mrs. Foreman.

## New and Retiring Exchange Chiefs

M. J. MURPHY  
Retiring President of the Exchange Club

SCOTT A. LOVEWELL  
New President of the Exchange Club

## BRIEF ILLNESS OF RAY R. LOCKWOOD ENDED BY DEATH

Northville Boy Had High Standing on the Detroit Police Force

Detective Sergeant Ray R. Lockwood, son of Edmund W. Lockwood of this place, died Wednesday, June 28th, in receiving hospital, following a two weeks' illness.

Lockwood, who was 47 years old, joined the Detroit police force October 7, 1904. He was appointed a detective July 1, 1919 and in July 1925 was promoted to rank of sergeant. During his service he had a long record of merit marks and twice was given citations. Despite the fact that for the past six months he had been in poor health he continued in the performance of his duties.

Ray R. Lockwood was born at Five Lakes, Michigan, April 26, 1881. He moved to Northville when a lad of 15 years, and was a student at the Northville high school.

July 12, 1905, he was united in marriage to Miss Bertha Skinner who with one daughter, Marian, his aged father, two sisters and two brothers, besides many other relatives and friends, mourn their loss.

Funeral services were held at his late home 12305 Indiana avenue, Detroit, June 23rd, with Rev. Johnson and Rev. Kessler of the Temple Baptist church officiating. Interment under Masonic rites was at Highland, Michigan.

## WILLIAM H. YERKES HURT IN AUTO ACCIDENT

Word was received here late Thursday afternoon that William H. Yerkes was hurt in an auto accident in Detroit, Thursday noon. No information has been received from the Ford hospital where Mr. Yerkes was taken, except that an early examination showed he had suffered slight injuries.

## FAIR WILL BE THE BEST EVER HELD SAY OFFICIALS

It's a Community Project and It's Going to be Free Fair

According to Floyd Northrop, secretary of the Northville Wayne County Fair association, plans are rapidly being worked out for the first free fair ever given under the direction of the local association. Always in previous years there has been a gate admission charged, but this year the association decided to make a trial of the free fair plan.

In view of the fact that the fair is really a community project and everyone in Northville is interested in making it a success, there is not much question, believe officers of the organization, but what the event will be a far greater success than it ever has been before, if such a thing is possible.

We are receiving more inquiries than we have in previous years especially so early in the season. That indicates a general and wider interest than is usually found at this time of the season," stated one official.

Because of the fact that the fair is a free one, much greater crowds are expected, and naturally when more people come to town, there is of course greater benefit derived by the entire community.

## Early Cop

Everybody is going to the Fourth!

Maybe you haven't crackers to do it with, but celebrate nevertheless.

We're going to celebrate that means that we want to have your ad copy EARLY.

News copy, too. A day earlier will help out like everything. This is for correspondents—and ministers, too. Can't we have most of it by MONDAY?

The Record force wants to help make the Fourth a great one.

## BUSINESS GROWS STINSON PLANT AGAIN EXPANDS

Company Takes Over Entire Second Floor of Big Building

So rapid has been the growth of the business of the Stinson Aircraft corporation that the company has found it necessary not only to put up a big paint shop out at the Northville-Stinson airport, but to take over the entire second floor of the garage building located across the street from its present factory, as well as the room in the Northville-Laundry building that has not been used by the laundry.

Even the roof of the factory has been pressed into service at various times. It was not so long ago when officials of the corporation announced that the production of the company would be over twice as great as that of last year.

This stage has already been passed, and if the insistent demand keeps on at its present high rate, the company will soon be forced to add another structure to its field plant.

The Stinson plane is one of the most popular produced. Its sales department is finding ready purchasers in all parts of the world. In fact, it has almost reached a point where it is hardly necessary to keep salesmen in the field—the machine is selling itself.

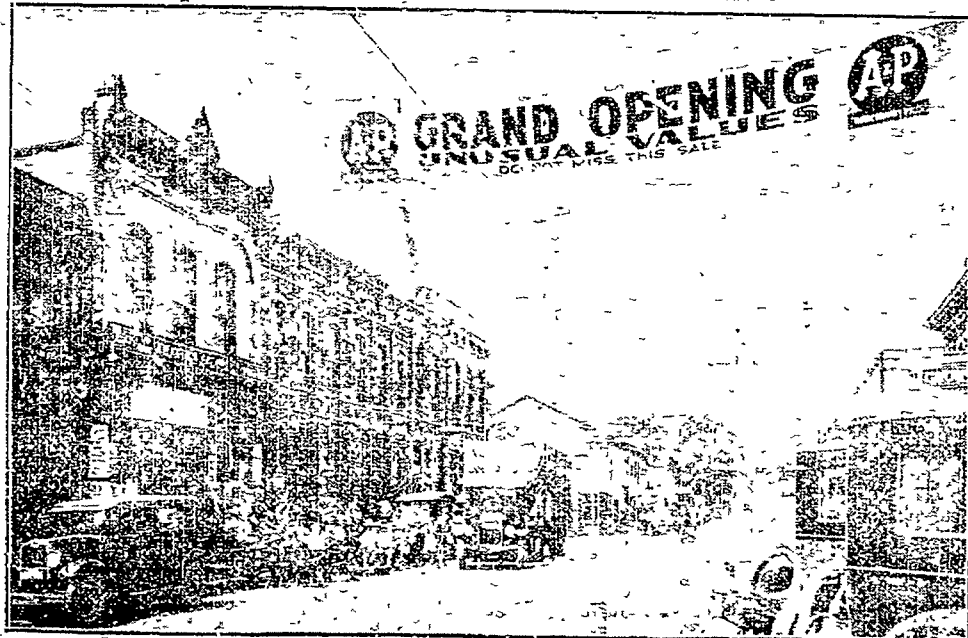

By the end of another year it is freely predicted that the company will be employing at least 500 people. The payroll has jumped from a little under 100 to over 200 in less than a year.

There is an insistent demand for houses to rent in Northville. Practically every available house is now occupied. The need is for small attractive bungalows that can be rented for a reasonable sum, stated one who has been making some inquiry into conditions.

There is no doubt about the future growth of the Stinson corporation, it is pointed out, and anyone desiring to invest in rental property will find plenty of demand for their places, stated one real estate dealer yesterday.

The American Legion and Auxiliary will hold a pot-luck picnic at Cass memorial park on Friday, July 6th, at six o'clock.

## When The "A & P" Opened In Its New Location

Crowds and crowds—for two long days hundreds of people from Northville and vicinity crowded the attractive big new store of the Atlantic & Pacific when it opened in its new location on East Main street. Scarcely ever before, had such a crowd turned out to welcome a business place. The Community School band provided music during most of one day, entertaining the crowds as they came to buy and see. The band and bargains made a wonderfully attractive combination.

## **Something to be Printed?**

Do not overlook the fact that the Northville Record Job Printing Department is fully equipped to handle printed matter of every description.

We are capable of giving service that cannot be surpassed and when the work is completed it is guaranteed to be satisfactory.

Production enables us to serve our customers efficiently at prices that are low enough to make it profitable for them to have us do their printing.

Convenience of having a high-class fully equipped print shop in Northville saves you time and effort.

Estimates on printed matter furnished without charge.

## ALL RECORDS ARE BROKEN BY A. & P. STORE OPENING

### Hundreds Fill Place During the Two-Day Formal Opening

Does it pay to advertise?  
There is no question about that.  
Last week The Great Atlantic & Pacific stores advertised the formal opening in its new location in Northville.  
The opening sale continued for two days.  
Record advertising was used exclusively.  
What was the result?  
There is no question but what the business of the two days far exceeded anything like it ever before attempted in Northville.  
From early morning until late at night, hundreds filled the big store. Something like 20 clerks were employed to take care of the business and they had plenty to do.  
The new location, formerly White's dry goods store, provides the A. & P. with considerably over twice the floor space it formerly had. A big meat market fills one side of the store space.

## NORTHVILLE Twenty-five Years Ago

The people of Northville and vicinity were shocked by the news of the instantaneous death of Mrs. D. B. Northrop. She was killed while crossing the Pere Marquette railroad, just south of town. A strong wind was blowing a wrap in her face and prevented her from seeing the approaching train. Mrs. Northrop was one of the most highly esteemed ladies of this place her genial personality making her a favorite with all who knew her.

A very pretty wedding occurred at the home of the bride's parents, Mr. and Mrs. Charles Hannon of South Lyon, on Wednesday of this week, the occasion being the marriage of their daughter, Gertrude, to Mr. Fred B. Carruthers, Northville's well known dentist.

Miss Susie Holmes was a Wixom visitor over Sunday.

George and Merritt Stanley and Charley Green were at Jackson today attending a shooting tournament.

Claud McClelland was at home for a short visit this week, on his way back from Mt. Clemens to East Tawas.

Cashier Babbitt of the State Savings Bank, took in the bankers' excursion to Saginaw Plant and Barques et al, this week, and is having a whale of a time.

Mrs. Trufant, who has been visiting her parents, Mr. and Mrs. L. E. McRoberts, here for a week or two, leaves

for her home in Ingleside today.

Mrs. Sara Lapham returned Tuesday from a two months' visit in Wyandotte.

James Davis has lost his account book containing a list of cemetery work and would be glad to have it returned to him by the finder.

J. C. Dunham and family are about to move to Ypsilanti, where they will enter their daughter, Blanche, in the Normal college.

Chadwick & Rattenbury have bought the Plymouth Cigar co.'s plant in that village, and have added it to their Northville plant.

A year old child of Mr. and Mrs. Schwap died Wednesday, and the following day their ten year old daughter died. Both children died of diphtheria.

Northville has a Ball club that was organized in Detroit last week. Ross Ball and Miss Louise Joslin went to

Detroit and were married, then made a home run. They will make a short stop with the groom's parents, and then strike out for themselves.

A pretty wedding took place at the Presbyterian church in Detroit, Monday night, when Miss Rachel Grace Daker, daughter of the late Mr. and Mrs. Elijah Daker of Detroit, became the bride of Mr. Roswell Porter, of Northville. A special train was run from Northville to Detroit to accommodate forty guests of the couple.

Miss Camilla Wheeler is home from her duties as teacher in the Detroit schools, and will take a year's rest before resuming more work of the kind.

W. H. Safford of the U. S. Fish Commission is taking his annual vacation.

I. N. Starkweather is moving into his new home on Wing street. Miss Edith Mead of this place is

among the graduates of the State Normal college.

Mr. Reed and family have moved into one of the Slater houses on Wing street.

Startling News—The sun shone all day yesterday with nary a drop of rain.

Not having received any church notes this week from either Brudner, Shank or Jerome—we have half a notion they have gone fishin'.

## COMMUNITY BUILDING

There are many ways a growing community can be aided. There are many ways it can be damaged. In many ways the problems of Detroit and its surrounding territory are similar to those of Los Angeles, a Pacific coast city that has shown almost as great a growth as Detroit. Both are developing at a tremendous pace. This great growth is reflected in the outlying sections of both cities. And some sections grow faster than others.

Why? Here is just one of the little reasons—using an example from the far western city. Out West, Pico is a community similar to many others around that place. However, West Pico is different in this respect. Its growth has been more rapid and more substantial than that of any other place around Los Angeles, with possibly two or three exceptions.

There is a newspaper published there, called the West Pico Review. It is not a large newspaper, but its purpose is to reflect the news of the community in which it exists.

The little paper is filled to running over with news and items pertaining to West Pico and its growth. If there is anything it can find which might help that section of the city, it is printed. It is as devoid of crime and scandal news as is the Michigan Christian Advocate.

Under its heading it carries a line which says, "Exponent of West Pico Development." And there is no question but what it is. If you glance through its columns you will see news item after news item which has been published for no other purpose than helping the community, some business institution or some person.

The paper, like every other publication devoted to community service, is worth hundreds of thousands of dollars to the section in which it is published.

## GOOD NEWS

Ira Wilson is going to be a candidate for the Republican nomination for sheriff. He assumed the office a few weeks ago, following the death of Sheriff Stein. The official announcement is pleasing to his hundreds of friends in this locality. Northville can almost call him its own. He belongs to the Northville Commandery, and in years gone by spent considerable time in and around here. His conduct of the office of sheriff has been exceedingly satisfactory because he has put a semblance of respectability about it. Of course why Ira wants the office is difficult to understand, but as long as he wants it and will keep on doing the splendid things he has started out to do, as we know he will, we are just naturally for him that's all.

## BY-THE-BEST

Three clean-cut, successful young business men from Detroit and New York called at the Northville Record office, Monday. They represented one of the largest mercantile houses in America, a concern that spends millions in newspaper advertising.

They asked to look over a copy of the Northville Record. Each page was scanned carefully. Time and again the leaves were turned back and forth by the visitors.

Finally one of them said, "It's by far the best weekly newspaper in our territory," and that meant all of southern Michigan. The other two agreed with him.

## POLITICAL FAKES

Much was said in the newspapers about a big delegation of farmers invading Kansas City to protest against the nomination of Herbert Hoover. They paraded and they stormed, so so said the reports.

Behold!

It has been discovered that they were not farmers at all. The paraders, dressed up like farmers, were imported by political opponents of Herbert Hoover, in an effort to make it appear that the farming element was against his nomination. For a little while many thought there was something to it; that the so-called farm element was hostile.

But it was all humbug.

The whole thing was a fake, says the Kansas City Star, that made a thorough investigation of it.

The thing has already re-acted to the benefit of Herbert Hoover. Stunts

of that kind always have a "kick-back" and the "kick-back" this time was decidedly a boom to the Republican nominee.

## GOVERNOR SLEEPER

Not long ago the Lowell Ledger published an uncalled-for attack upon former Governor Sleeper. Why Editor Johnson did it no one knows outside himself. It was uncalled for and without reason.

We are glad to see that Charles R. Foote of the Thumb district took the time to write a letter to Mr. Johnson in which he said many things generally known. Governor Sleeper, like every other person who ever served in public office, was not the ideal and you will never have the ideal public official as long as the earth is turning on its present orbit.

But no one can say that Governor Sleeper did not try to serve the state well, and that he really did do many good things for the state. A part of Mr. Foote's letter follows:

"I wish to call your attention to some of the accomplishments during Governor Sleeper's few years in the state house.

"The enactment of the law making a Budget Commission of inquiry. I was the author and introducer of that bill and knew it would never have become a law had Gov. Sleeper not insisted that the house and senate pass the same. He used his greatest influence in the senate, and in the next session the budget system became a law in Michigan. There also the uniform accounting of the state and county activities, the state purchasing agent which saves the state many thousands of dollars each year, and the state parks.

"The Public Utilities Commission is another accomplishment of the Sleeper administration.

"The erection of the office building for all state offices that were scattered all over Lansing.

"The refusal to sanction the sale of land belonging to the Pontiac State hospital for \$60,000 and compelling the board of control of that institution to sell the land at auction, and it sold for \$107,000.

"The enlargement of our state highway system and trunk lines is another of the Sleeper accomplishments.

"I do not write you this letter for publication, but simply to refresh your memory and set you right on some things.

Yours very truly,

CHARLES R. FOOTE.

Apron and Handkerchief Sale. Ladies Aid society of the Baptist church will conduct an apron and handkerchief sale at Rattenburg's Market on Main street, Saturday, June 30th.

HAVING TIME IS NEAR—Let me sharpen your moving knives and repair them. Also lawn mowers sharpened and repaired and saw filing. First class work that is dependable. We call for and deliver your work. Prices reasonable. Jos. N. Ashley, Fishery road.

## Paul Enters the Greatest of Reliability Tests

When the national air tour starts tomorrow, it will be a gruelling test of the capacity and stamina of twenty or more ships that will be called on to fly a course of 6000 miles.

Saul was a vigorous young man who was scouting for the Jewish church at Jerusalem in an effort to stamp out the Christian faith. He started on a trip to Damascus.

Suddenly, he was overtaken by the fact that he was on the wrong track. Obedient to the heavenly vision, Saul re-assembled his scattered powers and chose a route that makes him a hero for eternity.

The earthly part of his tour called for all the genius and daring and grit that any man ever possessed. Shipwrecks, beatings, prison, lack of food and shelter and loss of friends never made him falter.

It takes resourcefulness and courage to fly a national air tour, but believe me, no man with yellow in his system can stand the daily grind of God's reliability tour called Christian living.

## Local News

Mr. and Mrs. Tom Woodbury were in  
Detroit, Tuesday.

Miss Ella Lockwood spent several  
days in Detroit last week.

Northville Campfire girls held a pic-  
nic Tuesday at Tashmoor park.

Miss Jennie Gillis of Morenci, is a  
guest at the home of Mrs. Lucy Gillis.

Mrs. Eleanor Hyde has returned to  
Brighton after several days visit with  
Northville relatives.

Mr. and Mrs. Frank Burt and son,  
Junior, were visitors at the home of  
Ed Lockwood, Sunday.

Mr. and Mrs. Joseph McLaughlin and  
family have been visiting at their old  
home in Sturgis for a few days.

Mr. and Mrs. Harry Marburger spent  
the week-end in Youngstown and  
Warren, Ohio, visiting relatives.

E. Lockwood and daughter were in  
Detroit, Saturday, attending the  
funeral of Sergeant Ray Lockwood.

Forrest Boyd, who has been taking  
hospital treatments in Grand Rapids,  
has returned home feeling much better.

Announcement was made the first  
of the week that E. C. Hinkley had  
taken over the management of Kil-  
gour's store.

Mrs. Edw. Flaherty has been in  
Highland Park hospital for the past  
two weeks, where she underwent a  
serious operation.

Fred Ingham of Jacksonville, Fla.,  
is visiting at the home of Mr. and Mrs.  
William Mara. Mrs. Mara is a daugh-  
ter of Mr. Ingham.

Ruth Biery Stage is one of the grad-  
uates from the Michigan State Normal  
school at Ypsilanti. There were 470  
members of her class.

Mr. and Mrs. M. E. Meeker and babe  
of Syracuse, New York, are visiting at  
the home of Mrs. Meeker's parents, Mr.  
and Mrs. A. E. Fuller.

Mrs. Josephine Carr of Williamston,  
is spending the summer at the homes  
of her daughters, Mrs. W. A. Parmenter  
and Mrs. A. E. Fuller.

Fred Lockwood and wife of Phoenix,  
New York, spent part of last week at  
the home of his father and sister, E.  
W. and Ella Lockwood.

Mr. and Mrs. Clinton Wilbur expect  
to move into their Orchard Lake cot-  
tage next week, where they will spend  
the remainder of the summer.

Mr. and Mrs. Wesley J. Cowell and  
children of Lansing, were guests over  
the week-end at the home of their par-  
ents, Mr. and Mrs. W. J. Cowell.

Mr. and Mrs. John C. Bauman left  
for Leamington, Ontario, Saturday,  
June 16th for a two months' visit  
with Mrs. Bauman's brothers and  
sisters.

Mrs. W. R. Seyfang has returned  
from New York state, where she spent  
several days visiting relatives at  
Batavia. An aunt from Royal Oak  
accompanied her on the motor trip to  
the east.

The grounds surrounding the Atch-  
ison hospital on Dunlap street have  
been very attractively graded in the  
past few weeks. The improvement  
adds much to the general appearance  
of the corner.

A card from A. P. Mitchell, 312 Ran-  
dolph street, who is "up north" fishing,  
states that he is having good luck, get-  
ting plenty of trout, perch and pike,  
and a four or five pound bass now and  
then. He is around Cedarville.

Donald Kerr has just completed a  
year's course in preliminary dental  
study at the Michigan State College,  
and will enter the University of Mich-  
igan next fall to complete his course  
in that school. He has arrived home  
for the summer.

Attorney Fred Cochran has gone  
north for a few days to try and catch  
some fish. He says he isn't coming  
home until he catches the largest one  
taken out of Lake Superior this year.  
Someone said he wouldn't ever come  
back, and Milo Johnson says he'll be  
back in a couple of days.

Mr. and Mrs. Frank Harmon have  
returned from an automobile trip  
through Northern Michigan. They  
were up at Petoskey for a few days,  
then went over to Cheboygan, stopping  
on the way back at Greenville. Mrs.  
B. W. Hewitt of that place, returned to  
Northville with Mr. and Mrs. Harmon.

Joe Blake of Blake's Jewelry store,  
spent the latter part of last week in  
Grand Rapids, where he attended the  
burial of his grandfather, Milo Hol-  
comb, 89 years of age. Mr. Holcomb  
was buried in the Pearson cemetery in  
Montcalm county. He leaves besides  
his many friends to mourn their loss,  
a son, Martin Holcomb of Florida, and  
two daughters, Mrs. Molly Post of  
Arizona, and Mrs. Luella Blake of  
Detroit. Also four grandsons, two of  
whom are of Northville, Lucius and Joe  
Blake; Lyle and Herbert Holcomb of  
Florida.

George Mahony of Dearborn, for-  
merly of Northville, is seriously ill of  
heart trouble and a nervous break-  
down at University hospital in Ann  
Arbor.

Mr. and Mrs. John Latsenberger en-  
tertained at supper last Wednesday  
evening, honoring Miss Mildred Bal-  
dwin and Russell Millard of Detroit, who  
will be married early next month.  
Other guests were Mr. and Mrs. Bruce  
Osgood and Mr. and Mrs. Lou Balch  
of Detroit, and Mr. and Mrs. Floyd  
Salvo and Mr. and Mrs. Allan Potter  
of Northville.

Mrs. Grace Balden Davis died at her  
home in Lansing, Tuesday night, after  
an illness of several months. Mrs.  
Davis was a singer and instructor of  
ability and was well known in Ingham,  
Livingston and Oakland counties. Mr.  
Davis is in charge of the department  
at the Reo factory in the capital city,  
and they both frequently visited in  
Northville, where they had a number  
of friends. The funeral was held from  
the home on Thursday, and the inter-  
ment was in the family lot at Pontiac.

that the goods to be sold were to be  
of a high quality with prices lower  
than ever before.

# THANKS THEATER MANAGEMENT FOR USE OF THE PLACE

School Officials Grateful For Kindly Act of Mr. Lush

In a letter of appreciation to the management of the Penniman Allen theater, Supt. W. H. Gordon in behalf of the school authorities let it be known that everyone was grateful for permitting the theater to be used for the annual commencement exercises. Mr. Gordon in his letter to Mr. Lush, said:

June 21, 1928  
My Dear Mr. Lush:  
In behalf of the members of the board of education, the patrons and parents of the Northville schools, the members of the senior class and members of the faculty I wish to thank you for the kind and generous spirit of co-operation which you have shown our school and our community by your act of giving us the use of the theater for our graduation exercises the night of June 20th. By so doing you have given us a fine opportunity for the purpose of serving the Northville people. This is indeed service before self. Again thanking you and the local management I am believe me most cordially yours,  
W. H. Gordon

# FAMILY PITTED AGAINST FAMILY IN CLUB BATTLE

Decide to Call Board of Arbitration to Pick Winner

# COMING ATTRACTIONS at the PENNIMAN ALLEN

LOUISE LORRAINE

"WALKS OVER MEN"

"Are you still walking over men?" Johnny Hines' remark to Louise Lorraine, following her perilous feat in the comedian's latest First National picture, "Chinatown Charlie," which will be shown at the Penniman Allen theatre, Sunday, July 1st, threatens to be a wise crack that Miss Lorraine's friends won't let her forget.

The comedian's leading lady takes an important part in a thrill sequence in the picture, as she is called upon to make an escape across a human bridge composed of five acrobats, swung across a street from one window to another and two stories from the ground.

In fact, Louise Lorraine was chosen for the role by C. C. Burr, the comedian's producer, because of her smallness and adaptability to stunts. Miss Lorraine weighs only 104 pounds, is five feet one inch tall, and can be said to be the reincarnation of Cinderella, as she probably has the smallest foot in Hollywood, wearing a size one shoe. She is also the possessor of a small-sized manager as she owns five dogs, a cat, a bird and two cats.

Why Louise holds down the leading lady role there are many other important names in the large cast of players including Anna May Wong, Sojin, Perry, Gibson, Fred Kohler, Scooter Lovell, George Karna, Jack Burdette, Jack Carls, Lyle Tayo, Ben Bran, Fara Mar and a score of others. "Chinatown Charlie" is the comedian's brother directed.

FRED THOMSON

"CLORY TO PERFORMANCE"

No longer is there any doubt that Fred Thomson is Paramount's ranking Western star. With "The Pioneer Scout" which will be shown at the Penniman Allen theatre on Wednesday, July 4th, he has been firmly stamped in the reviewer's mind as the leader of them all.

The theme of pictures in which Fred Thomson has been starred lately tends to show that Paramount is determined to let their newest star find his own niche in the Hall of Fame and let it be noted here that Fred has made a pretty good sized chip for himself. There are very few stars in motion pictures today that would attempt the feat this young man does. "Doubts" are in unknown quantity to him.

In "The Pioneer Scout" there is a thrilling scene of covered wagon racing in a dried up bed of a long forgotten lake. The occasion is a Fourth of July celebration of pioneers gathered at Last Chance, enroute to their future homes in California about 1850. With four horses attached to each wagon, they were pell mell around the

course. Thomson is driver of one team.

There are close up shots of the four horse teams going at breakneck speed; shots showing actual close-ups of wheels locking; the breaking of a wagon to pieces, with Thomson struggling out of the wreckage. He does a spectacular leap from the big white horse to the axle with the runaway horses going at top speed. Two other wagons fly to smithereens with the drivers flying through mid-air.

Those in brief are some of the thrills packed in "The Pioneer Scout." Thomson has an excellent supporting cast with Nora Lane as Mary Baxter, daughter of a settler; Tom Wilson as "Handy Anderson," the villain, and Old Bill portrayed by William Courtwright. And, of course, Silver King, Thomson's beautiful white horse, proves more than adequate for his part. Such intelligence.

If patrons fail to enjoy themselves at the Penniman Allen theatre next Wednesday, it will be no fault of the management.

# HAUNTED HOUSE IS CREATED FOR THIS STORY

One of the most unusual stage settings ever constructed in the Paramount studios in Hollywood was built for Esther Ralston's latest starring vehicle, "Something Always Happens," which is to be on the screen at the Penniman Allen theatre, Saturday, July 7th.

The set comprises a five-room house, a house that is haunted with moving chairs, ghostly figures, mysterious shadows and everything else that goes to make up a thriller.

The story concerns a girl who seeks excitement, so plenty of it is arranged for her. She is thrown into a den of hideous ghosts, and is forced into a number of thrilling, chilling and hair-raising situations, all of them amusing to the utmost.

In order to correctly do the picture, the Paramount technical director assigned his complete staff to work on the production.

The result was the construction of the house, a stucco affair containing a score of secret passages, doors with springs to close them automatically; great beams from which dangled a myriad of cobwebs—the whole thing being done in an aerie manner. When spotlights were thrown about on the set, to illuminate certain portions of it, the effect was particularly impressive. Lights play a large part in making the picture unusually effective.

Frank Tuttle, the director, wrote the original story from which "Something Always Happens" was adapted.

Miss Ralston has an excellent supporting cast, headed by Neil Hamilton, her leading man in "Ten Commandments," and "The Spotlight," Sojin, celebrated Oriental actor of "Thief of Bagdad" fame; Johnny Morris, who plays Alf in Edna Jannings' "Street of Sin," and Lawrence Grant, the old cello player in "Serenade," Adolphe Menjou's recent vehicle.

# DEATH REMOVES A FATHER OF NINE

When death claimed James Hollis June 20th, after an illness of four years, it removed from life's activities a most devoted husband and father, nine children and Mrs. Hollis survive to mourn their loss. Six of the children are boys, Elmer, Leo, Herbert, Roy, Ray and Roland. The three daughters are Eva, Rose and Clara. One boy died a number of years ago. There are also six grandchildren surviving.

Mr. Hollis had lived in Northville for more than 20 years, and at one time was employed by the Superior

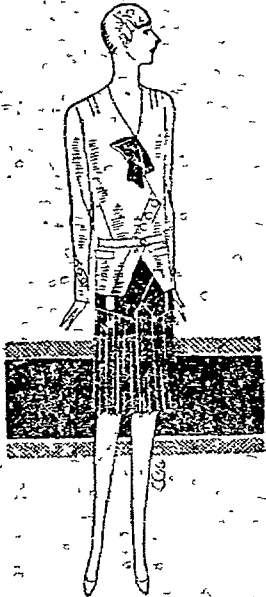

Scale company. It was 33 years ago when he was married to Anna C. Neebling. He was born in Ogdensburg, New York, January 11, 1865, and came to Michigan when a comparatively young man.

The funeral was held from the home, Rev. William Richards officiating.

Burial took place in Rural Hill cemetery.

Miss Alene McCully and her uncle, J. E. Cook, spent the week-end at the home of the latter's brother, W. A. Cook at Hemlock, Mich. W. A. Cook was formerly a resident of Northville.

## SELFRIDGE FIELD FLIERS TRIMMED IN NINTH INNING

### DeHoCo Put up Spectacular Battle and Win at the Close

The fans who attended the game at DeHoCo park, Sunday, saw one of those games which are often pictured in fiction, but seldom presented in real life, when DeHoCo finally triumphed over the Selfridge Field Fliers by the score of 9 to 8.

While the game was ragged in spots, due to the numerous errors, yet these same errors caused more excitement than is usually found in one game. It was a fight from start to finish, and not until two were out in the ninth was DeHoCo able to put across the necessary two runs to win the game.

Going into the last half of the ninth Selfridge was leading 8 to 7. Martin went out on a foul to McCarron. Jaska walked but was forced out at second when German grounded to Baker. With two down and the tying run on first Pankratz went in to hit for Denniston. Strike one—strike two—and then crash went the old apple to deep right for two bases and German who had circled the bases like a cyclone, by a beautiful slide beat the play at the plate. Smith then came through with a single to center, scoring Pankratz and the game was over.

Jaska, who had a perfect day at bat, furnished one of the amusing incidents of the game, when he pulled his famous hidden ball trick at a critical moment and retired a Flier at third.

Gagner of the Fliers proved a thorn in DeHoCo's side, with his three hits in four times up.

Next Sunday the Municipal Club will come to DeHoCo park, and another thriller is promised the fans.

For July 4th, which is an open date in the schedule, the management has been successful in getting the strong Barton Plumber's team to come to DeHoCo park. This team will surely test the strength of DeHoCo, and what looks like the baseball treat of the year will be offered for the local fans' inspection.

Following is the League's standings after Sunday's results:

| Team       | Won | Lost | Pct  |
|------------|-----|------|------|
| DeHoCo     | 7   | 1    | .875 |
| Holly      | 5   | 2    | .714 |
| West Point | 5   | 3    | .625 |
| Pontiac    | 5   | 3    | .625 |
| Municipal  | 4   | 4    | .500 |
| Selfridge  | 2   | 4    | .333 |
| Rochester  | 2   | 6    | .250 |
| Orion      | 1   | 6    | .143 |

## HARRY GERMAN IS BACK IN OLD FORM; PLAYS GREAT GAME

(Too late for last week)

The account of last Sunday's Inter-County League game between Rochester and DeHoCo would not be complete if German and Hunter, battery for DeHoCo, were not credited for a major part in the engagement. The veteran German held Rochester to three hits and blanked them for eight innings, just missing a shut-out by one in the ninth. Hunter, DeHoCo catcher, who has been on the sidelines recently due to an injury, came back strong in support of German.

By walloping Rochester, DeHoCo leads the League, as Holly was put to rout by West Point, the same day at West Point.

Smith, Denniston and H. German each copped two hits out of four times up, increasing their batting average considerably.

Rochester's six errors, back of more house, responsible for four of DeHoCo's runs against them.

Next Sunday, June 24th, Selfridge Fliers of Mt. Clemens play DeHoCo at DeHoCo Park. This game promises to give the local fans a real thrill, as the Fliers have a reputation, since their entry in the league, as an aggressive bunch of ball players. Last week the Fliers defeated the Mummies, 6 to 4, and the Mummies are by no means an easy team to beat.

Clayton Cook is putting in 15 acres of cabbage and 15 acres of potatoes on the Sessions farm.

Miss Edith Peck spent the week-end with Miss Marion Johnston of Northville at her cottage at the lake.

Mr. and Mrs. L. Brown and Mr. and Mrs. Tom Phelps of Detroit, called Sunday on Elmer Perkins and family.

Kathryn and Donald Waterman had their tonsils removed by Dr. Sparling, Monday. They are getting along nicely.

Charles Waterman and family took Sunday dinner and spent the afternoon with Mr. and Mrs. Frank McGraw of Plymouth.

Mr. and Mrs. Percy Gray and Miss Maxine Rundle of Detroit, spent Monday evening with Mr. and Mrs. W. H. McKerrigan.

Mr. and Mrs. W. H. McKerrigan took dinner and spent the afternoon with Mrs. Mary Loud and Mrs. G. W. King, Wednesday.

Miss Juanita Lang, Mrs. Gertrude Hutchins, and Mrs. G. W. King attended the alumni banquet at Plymouth High school, Friday evening.

There will be a special meeting Sunday, July 1st, at the Friends church of Waterford, in the home of "Don Miller. The subject will be "Healing".

Preacher, Brother Mason of Walled Lake. Remember ye, "For he hath all power in heaven and in earth."

The popular belief that running water in the mountains purifies itself every few hundred feet and is always safe is not accepted by the sanitation authorities, says the Forest Service.

United States Department of Agriculture. In streams used as a camp water supply, bathing or wading is a dangerous source of contamination.

The throwing or dumping of refuse into the streams is frowned upon by the Forest Service, which asks the cooperation of its visitors in the National Forests during the vacation season in keeping the camp grounds clean and preventing stream pollution.

## THEATRE SWEET SHOP REAL CREDIT TO THE COMMUNITY

### Opening in New Location is Pleasing to Owners

"A credit to Northville" seemed to be the general comment of everyone visiting the Theatre Sweet Shop in its new location at 123 East Main street, at the opening of the place Saturday.

In fact, the place is a credit to the community, something that the place has long needed.

With elegant fixtures, a cleanliness that makes an immediate appeal to you, courteous service from everyone in the place, and excellent food, there is little more that can be asked.

Mr. and Mrs. Phelps are entitled to much credit for what they have done. From the minute the doors opened in the new place they have been busy from early morning until late at night.

Not only will meals be served at all hours, including breakfast, but they plan to push their home-made candies and soda fountain business.

Opportunities for goose raising at a profit are best sections where there is a demand for geese for fattening for use in large cities. Where there is good green pasture, most geese can be raised from the time they are two or three weeks old to fattening time without any additional feed.

Some farmers who fatten their own geese feed them three times daily; one feed of a moist but not sloppy mash made of one-third shorts and two-thirds corn meal, and two feeds of corn with some oats or barley. Some roughages or vegetables should be given. Ten-week-old geese of the largest breeds of purebred geese weigh as much as 30 or 32 pounds when forced for rapid growth and are sometimes marketed at that age as green geese. Higher prices for such geese are usually obtained in summer. The demand for geese feathers and the practice of plucking geese seem to be decreasing, and more attention is being paid to their production for market.

The Altar Society had a most enjoyable time at Mrs. R. M. Ternil's Tuesday afternoon, June 19th. The novel buffet lunch afforded much pleasure. The "open air frolic" was a delight.

The meetings for the Holy Name Society have been postponed for the summer.

Mrs. Louis Campbell must be commended for keeping the interior of the church neat and attractive.

We could use more altar boys. Let them supply a substitute in case of absence on Sunday.

## ANNUAL BANQUET OF ALUMNI ASSN. TO BE HELD TONIGHT

Interesting Program has  
Been Prepared for  
Occasion

Members of the Northville High School Alumni association will this (Friday) evening meet at the high school auditorium for the annual banquet of that organization. The business meeting will take place at 4:30 in the afternoon, and it is expected that many who have not been present for several years will be back in Northville for this year's meeting. The program for the banquet is sure

to prove a most interesting one. The invocation will be delivered by Rev. J. W. Priest, and Mrs. Emma Dubuar Johnson of the class of 1873, will give the welcoming address.

Russell Atchison, a graduate of the present year, will represent the newer members of the organization. His subject is "The Die Has Been Cast." Wayne VanDyne and Miss Ida Rose Cavell will provide the musical numbers.

Arthur S. Nichols of the class of 1885, has an interesting subject, "Why?" Mrs. Frederick Ray will present the subject of "An Adult's Interest in High School."

The toastmistress will be Mrs. Nellie Gardner Hewitt of the class of 1883. Officers of the association are

## LATHRUP OPENS GAS STATION ON GRAND RIVER ROAD

District West of Farmington to Get Modern Station

In the next two or three days, probably Monday and Tuesday, before the Fourth of July, J. W. Lathrup, who is spending thousands of dollars in developing property in Farmington and Novi townships, will open up a gas service station on Grand River just west of Farmington that will provide for the motoring public one of the most convenient places of its kind along that important highway.

The station will be built along the proposed line of the widened highway, having at least a 200 foot parking space between the paving and gas station. This will provide the auto driver plenty of room, without endangering himself in getting in and out of his car as is now the case.

Not only will there be a big auto service station, but Mr. Lathrup is having erected a barbecue stand just at the side of the place, so that one may get a lunch while having his automobile taken care of. There will be living quarters built at the station so that the operator can live right where his business is located. A station of this kind has long been a need in that section, and there is no question but what he will work up a most profitable business.

## ANNUAL REUNION OF LYKE FAMILY IS HELD SUNDAY

Harry Lyke Made President of Group for Next Year

The seventeenth annual Lyke reunion was held Sunday, June 24th, at Cass Park. There were forty-four present from Canton, Ohio, Xenia, Ohio, Northville, Salem, and South Lyon.

After the pot-luck dinner an enjoyable afternoon was spent in visiting and playing ball.

Later in the afternoon ice cream and cake were served. At this time the business meeting was called to order by the president, Alex Lyke, and the following officers were elected for the coming year:

President—Harry Lyke  
Vice President—Harley Cole  
Secretary and Treasurer—Lillian Lyke  
Entertainment—Harley Cole, Russell and Dewey Lyke.

Mr. and Mrs. E. Lyke extended an invitation to meet at their home in Xenia in 1929 which was heartily accepted.

## POSTAGE RATES CHANGE STATES POSTMASTER NEAL

### Reduction Made on Several Classes of Mail Says Official

Commencing July 1st there will be some changes in the U. S. postage rates.

All re-insured newspapers will now carry the rate of 1 cent for two ounces, which will be something like 100% reduction.

Registered letters may be sent to the value of even \$1,000.00. Heretofore the limit of the value was \$100.00. The regular rates, 15 cents, however, prevail on values to \$50.00. Over that amount there is an increase in rates. For instance \$100.00 value costs 20 cents, and then there is an increase of 10 cents on each \$100.00 above that amount.

If a letter is sent through the mail, with no postage paid or a parcel either for that matter, then the receiving postmaster will charge double rates before making the delivery. If more than 2 cents is due on a letter received through the mails an additional charge of 1 cent for each ounce short paid, in addition to the regular fee.

Post cards, picture cards, advertising cards of the regular size may be sent for one cent, instead of two cents as heretofore.

The zone rate on newspaper publications has been reduced one-half cent per pound in the first and second zones and one cent per pound in all other zones.

There is also a 50% reduction in the charge for special handling service. This takes parcels with the first class mail. The former rate was 25 cents per parcel. The new rate is 10c up to 2 lbs., 15c to 10 lbs., and 20c for any weight beyond that. Of course regular parcel postage must be paid in addition. The postmaster or any of the clerks will explain relative to this matter that may not be understood.

## TOWN PROGRESS TALKS

The giant that stands in the path of the small city merchant is the big city store. Buyers from small cities are often dazzled by the big establishments, whereas the big city dweller like a not buys from small neighborhood shops near her home. Distance lends enchantment in luring the shopper to the large city store, but wise shoppers find they can do quite as well by trading at home. They are also keeping their money at home, which makes for a more prosperous community. The home merchants are our friends, they help pay our taxes, support our schools and churches, and they always dig deep when the hat is passed. Let's stick by them.

Until woods burning is stopped, the south cannot have productive forest and range lands, says the Forest Service, United States Department of Agriculture. Woods burning is a check on the south's prosperity.

## These New Draperies Cost Me Only 35¢

"I was about to discard them when mother told me of a wonderful dry cleaning soap called Solvite which," she said, "would make them just like new and save me the cost of another pair. They look new to everyone who sees them, but they really cost me only thirty-five cents."

There is no easier way of saving five or ten dollars than by dry cleaning these things around the home which would be ruined by ordinary soap and water. Service the wonder-working dry cleaning soap, dissolved in gasoline, cleans and brightens things cleaned with it and makes them look like new. Save many dollars by investing a few cents in Solvite at any drug store.

## Try These

### Wash Day Menus

On wash days or cleaning days, do you find it annoying to drop whatever you happen to be doing to prepare a meal? I remember that, my grandmother, used to almost always give us an old-fashioned New England boiled dinner on the days that she was busy with the family wash. We undoubtedly would not have had this so often, had she known of other one-dish meals, and nowadays when folks are constantly contriving new ways to save time and labor there are many such meals from which to choose, so that the family need not grumble about "always having the same thing" on the days that mother is too busy to fuss much.

1. American chop suey—bran muffins, cottage cheese and pineapple salad, sponge cake.

American Chop Suey—1 tablespoon fat, 2 onions sliced, 1 green pepper shredded, ½ cup rice, 1 teaspoonful salt, 3 cups stock. Try out the pork fat which has been cut in pieces. Add more fat if necessary to make 2 tablespoonfuls. In this brown the onions slightly, add the shredded pepper, pork, sliced mushrooms and sliced celery. Put in the rice, salt and stock and cook slowly from thirty to forty minutes.

2. Baked Ham with potatoes. Cabbage salad. Biscuits with honey or jelly. Baked Ham with Potatoes—Place slices of ham in frying pan. Fill almost full with thinly sliced potatoes of as many as needed. Sprinkle a little flour and a dash of pepper through potatoes. Pour milk over this until just covered. Bake in oil oven slowly for about 45 minutes or until potatoes are done. Keep cover on until last 10 minutes. Remove cover and let brown.

3. Casserole of meat and spaghetti, angel bread, apple sauce.

Casserole of Meat and Spaghetti—1 cup spaghetti, 2 cups cooked meat, 1 cup tomatoes, 1 cup meat stock, speck of pepper, 3 tablespoonfuls drippings, 1 cup bread crumbs, 1 tablespoonful butter, 1 teaspoonful salt. Boil the spaghetti broken into one inch pieces in water until tender. Combine with cooked meat, tomatoes, meat stock drippings, salt and pepper. Place in a buttered baking dish, cover with but-

tered crumbs, bake until brown.

4. Chili Con Carne, Waldorf salad (diced apple and celery), cup cakes and canned pears.

Chili Con Carne—1 lb. cooked kidney beans; 1 lb. hamburger, 2 large onions, 1 tablespoonful butter; 1 quart can tomatoes, Chili powder to suit taste. Salt. Brown the onions in a large frying pan with the butter; then add the hamburger. After this has browned, add the tomatoes and the kidney beans. Season with salt and as much Chili powder as may suit the taste. Let simmer slowly for one hour.

5. Corn beef pie, spinach salad, prune whip.

Corn Beef Pie—Alternate layers of raw potato slices, finger lengths of carrots, sprinkling with flour and add dots of butter, salt and pepper. Repeat these layers until the dish is full. Lay very thin slices of fat salt pork over the top of the dish. Finish with buttered crumbs. Add half milk and half meat stock. Bake until potatoes are tender. Serve hot with mustard pickles or any other preferred relish.

Remove all dead flowers from pansies and sweet peas each day. They should receive plenty of water during their entire blooming period.

Do not let the surface soil in flower boxes get hard. Water should be applied each day.

## PHONE COMPANY SPENDS MILLIONS TO BETTER SERVICE

Long Distance Phone Cable  
Across State is  
Fast Growing

One hundred miles of long distance telephone cable, comprising the Ann Arbor-Kalamazoo unit of the trans-Michigan toll cable, will be placed in service fully this week by the Michigan Bell Telephone company, company officials announcing. This brings to a completion approximately 350 miles of the proposed 825-mile long distance cable system of the company, building of which was begun in 1926. It is planned for completion in 1930 at a total cost of more than \$10,000,000. The cost of the unit just placed in service was about \$950,000.

Upon its completion, in 1930, the trans-Michigan cable and principal branches will connect more than 50 of the principal telephone exchanges of the state, extending from Detroit and Port Huron on the east to Benton Harbor, St. Joseph and South Haven on the west, with Grand Rapids, Grand Haven, Bay City and Saginaw, the northern points, and Toledo, Ohio, Niles and South Bend, Indiana, the southern points. At the two out-of-the-state points, the cable will be joined with the big New York-Chicago-St. Louis cables and trans-continental and other circuits reaching into every state in the Union. It also will connect with the trans-Atlantic American and Cuban circuits in Michigan smaller cables and open wire lines from all parts of the state will be in line with the new cable also. Kalamazoo, Jackson, Ann Arbor, Dearborn, Ypsilanti, Battle Creek, Flint, Pontiac, Royal Oak, Birmingham, Mt. Clemens and intermediate points are on the route of the new cable. Long distance service is being furnished by a branch cable. In diameter the lead-headed cable is slightly larger than a man's wrist. It weighs an average of 387 lbs. per mile. Each of the four cables in the open wire circuits, would require 17 pole lines of the cross-arm per pole with 10 wires to each cross-arm.

Building of the cable and the recent introduction of a new speed type of long distance service by means of which a majority of long distance calls can be completed while the calling party holds the line, are making a big contribution to the convenience and economy of long distance service.

### How to Build Up Muscles

By J. J. Todd, Wilson Ave. "Y," Chicago

#### Article 9

Position—Sitting like the sprinter at the start of a race, but with one leg extended.

Nineteenth Exercise—Flexed leg. As you flex extended leg.

Position—Place yourself in a position as a runner does at the start of a race, with one exception. Keep the one leg extended well back. You place your one foot between the hands, the other leg extended backward as far as possible. Now here is the exercise; it is a dandy. We call it the "Rest Exercise" in our gym classes because it is a little more playful than some exercises. As you extend the flexed leg backward, you quickly flex the extended leg, placing foot between hands. We call this continuous, alternation, extension and flexion of legs. All right, are you ready? Let's go. One—two—etc. Remember, this is "The Sprinter."

The next five exercises are a special group adapted for the reduction of weight and will also build up healthy tissue.

#### "DOUBLE LEG RAISE"

Position—Lie on back, hands under thighs.

Twentieth Exercise—Raise both legs, toes pointed.

Position—Lie on your back. Place hands under thighs, palms downward, straight. Be sure that your arms are straight. Placing your hands in this position will make the exercise easier. After a while you can change the hands to alongside of body.

Exercise—Raise both legs, pointing toes toward the ceiling. Do not raise your back. This exercise will strengthen the abdominal muscles and reduce fatty tissue. You can vary this by gradually lessening the raise of the legs until they are raised only within a few inches from the floor.

This latter method will reach all the deeper muscles of the abdomen. Also reaches many other muscles in legs and chest and arms. Do this about six times the first day unless you have had plenty of abdominal work, and then increase it from day to day until you reach thirty-two counts.

It is stated. The opening of this cable provides many additional long distance circuits, and also shortens the time required to connect users of the service. Michigan telephone users now are averaging 2,100,000 long distance calls per month.

## Salem Events

Herman Schroeder and family motored to Detroit, Saturday evening.

Mrs. R. W. Kehrl, daughter, Irma, and Mrs. Rowley were in Detroit, Tuesday.

R. W. Kehrl and family were supper guests of Mrs. O. Dudley in Redford, Sunday.

Mrs. R. McKenna of Fowlerville, spent the week-end with her sister, Mrs. L. Tennant.

Mr. and Mrs. Frank Buers motored Sunday afternoon to Detroit where they visited relatives.

Leo H. Hollis and family of Northville, are at present staying with the B. F. Shoenberger family.

Master Charles Groth of South Lyon, is at present with his grandparents, Mr. and Mrs. Albert Groth.

Mrs. W. A. Kahler and sister, Mrs. Elvick of Nashville, and Mrs. Ivan Speers spent Friday in Detroit.

Mrs. George Carey and daughter, Mrs. Peen, visited Clyde Carey at West Point Park, Wednesday afternoon.

Mrs. Ralph Wilson and sons visited her parents, Mr. and Mrs. Frank Gajun at Whitmore Lake, Thursday.

Frank Carey and family of Ann Arbor, were Sunday dinner guests of his parents, Mr. and Mrs. George

Carey.

Mr. and Mrs. O. Buigel and little son and other relatives of Wayne, visited Mr. and Mrs. Fred Ruder, Sunday afternoon.

George Roberts, after a brief stay with his mother, Mrs. Fred Cole, returned Thursday to the military school in New Mexico.

Mr. and Mrs. Orville Elcock of Nashville, after a pleasant stay with their relatives, the W. A. Kahler family, left for their home Sunday.

Arthur Adler, his cousin, Mrs. L. J. Vici and son of Detroit, accompanied Mrs. Louise Wittich home and were dinner guests at the Congregational parsonage.

Rev. Lucia M. Stroh, Mrs. R. W. Kehrl and Misses Irma Kehrl and E. Wittich enjoyed the "Worden Ladies" Aid meeting and fine supper, which was held in the Carlton Lewis home in Plymouth on Friday.

The Advance Guards Bible class of the Congregational Sunday school held a very pleasant meeting in the hospitable W. H. Tousey home on Friday evening. After the business meeting, refreshments were served by the hostess.

C. D. Crockett was one of a class of honor students, who received their degrees at the commencement exercises of the U. of M. held Monday morning at the Yost field house at Ferry Field, Ann Arbor. Dr. Crockett has opened a dental office in Howell this week, and both Mr. and Mrs. Crockett have the best wishes of their friends here for success in his chosen life work.

Salem and Worden.

Congregational Churches.  
Rev. Lucia M. Stroh, Pastor.  
The mid-week prayer meeting will be

held Thursday evening in the home of Mr. and Mrs. R. W. Kehrl. Paul Zimmerman will have charge of the meeting. All are cordially invited.

The annual Sunday school picnic will take place at Island Lake Park, Friday, June 29th. All cars will meet in Salem at the church at 10:00 a. m. and drive to the park. Coffee and lemonade free. Everybody bring a well-filled basket. Prizes and games for young and old.

Next Sunday at 10:00 a. m. in the quarter communion service will be held in Salem. The sacrament of the Lord's Supper will be administered. Any person wishing to be baptized or united with the church can do so at this time.

The Excelsior class will have their regular monthly meeting and party next Friday evening, July 6th. Miss Edith Clark is hostess at her home on Base Line road.

The adult choir practices this week. The junior choir has purchased new song books and will in the near future delight the congregation with new songs.

Do not neglect the children. Bring them to Sunday school at 11:30 a. m.

The Moody Bible Institute of Chicago, is holding a splendid conference at Lake Orion, beginning next Sunday, July 1st, and continuing to July 8th, inclusive. Splendid music and fine speeches.

Salem Federated Church.

Minister: Rev. A. J. Parker.

Sermons Sunday, July 1st.

Morning worship at 10:30. Music by the choir.

Sunday school will meet at 11:45.

Picture service Sunday evening from 8:00 to 9:00 o'clock. Still and motion pictures—maize story and song. An entertaining and helpful hour, and a welcome for everybody. Come. Collection.

Mid-week service in the church Wednesday at 8:00 p. m.

Thank offerings for the gifts free will be gladly received in each of the services on Sunday. Mr. and Mrs. P. Paulot very kindly presented gifts amounting to \$140 in the service on Sunday evening last.

Young People's class picnic at Island Lake on Friday evening June 29th. All meet at the church at 7:15.

To find out whether or not a piece of goods is fast color, take a sample home and test it both by washing and by exposing it to sunlight for several days.

When cutting roses secure as long stems as possible.

## MICHIGAN BELL TELEPHONE CO.

Long Distance Rates Are Surprisingly Low

For Instance:

for \$2.20

or less, between 4:30 a. m. and 7:00 p. m.,

You can call the following points and talk for THREE MINUTES for the rates shown. Rates to other points are proportionately low.

| From Northville To: | Day Station-to-Station Rate |
|---------------------|-----------------------------|
| Baltimore, Md.      | \$2.00                      |
| Cedar Rapids, Ia.   | 2.05                        |
| Champaign, Ill.     | 1.60                        |
| Knoxville, Tenn.    | 2.20                        |
| Madison, Wis.       | 1.65                        |
| Marquette, Mich.    | 1.80                        |
| Newark, N. J.       | 1.70                        |
| Philadelphia, Pa.   | 2.20                        |
| St. Louis, Mo.      | 2.20                        |
| Washington, D. C.   | 2.05                        |

The rates quoted above are Station-to-Station Day rates effective from 4:30 a. m. to 7:00 p. m.

Evening Station-to-Station rates are effective from 7:00 p. m. to 8:30 p. m., and Night Station-to-Station rates, 8:30 p. m. to 4:30 a. m.

A Station-to-Station call is one that is made to a certain telephone rather than to some person in particular.

If you do not know the number of the distant telephone, give the operator the name and address and specify that you will talk with "any one" who answers at the called telephone.

A Person-to-Person call, because more work is involved, costs more than a Station-to-Station call. The rate on a Person-to-Person call is the same at all hours.

Additional rate information can be secured by calling the Long Distance operator

## ROTARY MEMBERS AND WIVES HEAR OF CONVENTION

### President Don Yerkes Tells of Event—Meet at Meadbrook

Members of the Northville Rotary club and their wives Monday evening enjoyed a "ladies' night" program given at the Meadbrook Country club, the last of the series under the direction of Edd Keeney, chairman of the entertainment committee. Following the serving of a delicious dinner, President Don Yerkes, Sr., just back from the International Rotary convention at Minneapolis, told those present many interesting facts about that world famous session.

Not only did President Yerkes give a most interesting talk, but Mrs. Yerkes, who accompanied her husband on the trip, told of the many things about the session which appealed especially to the women.

As it was the last meeting under the administration of President Yerkes, the club presented him with a past president's button. This duty was delegated to former President, Edward C. Langfield. Speaking in behalf of the organization, Mr. Langfield expressed to the retiring president the club's appreciation of his efforts in his behalf and of his unselfish service to the organization.

The committee provided another bit of surprise to those who took part on the program by calling upon Edward Lapham, Richard Saley, Dr. Howard Burkhardt and Wellington Roberts to speak for five minutes on the interesting side of their vocations.

### ONE ROTARIAN WHO BELIEVES IN DOING

Not so many weeks ago the main part of the work of improving Fairbrook Springs was completed by members of the Rotary club in co-operation with city officials, rather one city official, Ray Van Valkenburgh. Much grading was done, rubbish cleaned away, low spots filled in and shrubbery planted.

Then the Rotary club was divided into four groups to work a half hour or so each week on the park.

Last week was the time for the group headed by Don Yerkes, Sr., president of the club, to do its bit at the springs.

There are five or six members in each group.

Thursday night was the time fixed for this division to do its work.

And when Thursday night arrived, there was just one worker down at the springs—the worker was Don Yerkes, Sr. He spent nearly two hours in the evening working on the new planting.

Toads often begin their mealtime before sunset and continue through the greater part of the night, thus taking the place in the warfare against insects of the ground-feeding insectivorous birds that stop eating after daytime is over. Since toads eat large numbers of insects that are injurious to crops, it can be said that they are of some economic value, particularly in destroying millipedes, sowbugs, weevils, caterpillars, crickets and leaf chafers. Toads also render useful service on the farm by reducing the number of adult click beetles, as there is hardly a cultivated plant that is not attacked by these insect pests. Toads are not fussy about their menu and will eat indiscriminately any ground-frequenting insect.

## Novi News

Phone items to Mrs. R. O. Thompson 7134-F2

Mrs. McCowan goes to her son's home, Sunday, to spend the summer.

M. D. McGregor and son, Malcolm, spent Sunday with relatives at Oxford. Miss Shirley Webb of Detroit, was week-end guest of Mr. and Mrs. John Carden.

Mr. and Mrs. Frank Clark visited the latter's aunt at Memphis, Tenn., the first of the week.

E. W. Leavenworth and family of Carleton, visited his brother, Bert Leavenworth this week.

Mr. Johnson and family, who resided southeast of Novi, have moved into Frank Rice's house on Clark street. Mr. and Mrs. Earl Tyler were called to Detroit last week Thursday by the death of the former's sister, Mrs. L. Noethlich.

W. D. Flint, Rev. Thompson and wife and Mrs. Lizzie Coates left Friday to attend the Baptist World Alliance in Toronto, Ontario.

Mr. and Mrs. Roy Sheppard of Detroit, visited at John Morey's and Nettie Leavenworth's home, and also attended the Leavenworth reunion.

Mr. Howe and family of Detroit, have moved into Frank Clark's house on Grand River. Mr. Howe is one of the head managers at the Novi Stove-cab factory.

Joy Thompson is visiting Eudora Griffith in Medina for a week, and Catherine Thompson is visiting in Detroit during the absence of their parents in Toronto.

Warner J. Clark of Wheeler, Mich., and Jay C. Leavenworth and family of Royal Oak, attended the Leavenworth reunion at Island Lake, Saturday as did also Mr. and Mrs. Merlan Clark of Plymouth, after which they

visited Mrs. Vera Hanson and family. Our Home Economics group and anyone interested in visiting New Hudson school at 2.30 p. m., June 29th, can have the pleasure of seeing Michigan Home Convenience truck, with Miss Edna V. Smith and N. A. Kessler in charge, showing model kitchen, bathroom, etc.

Burton Munro was in an auto accident Friday near Northville, as he was coming home from the Ford shop. Marian Slum, who was riding with him was cut about her face with glass from the windshield. Mr. Slum was also injured on the leg. Burton escaped with bruises and a bad fright.

Miss Chamberlain and her pupils and their parents were entertained for their school picnic at George Kelling's, who recently moved from Novi to Bear Howell on a farm. A general good time was enjoyed, with a fine dinner and swimming, and wading in the river, also a ball game. A fine but happy group of boys and girls reached home about supper time.

## MORE VALLEY FORGE STAMPS RECEIVED

The Northville postmaster has succeeded in getting another allotment of 10,000 Valley Forge 2c stamps, so that all comers will be supplied as long as they last. The new stamp shows a picture of General Washington at Valley Forge during the campaign of 1778, just 150 years ago. The demand for this stamp has probably exceeded that of any other previous issue, commemorating a similar event.

Thousand Island dressing, is a mayonnaise dressing to which chopped highly flavored materials are added. There is no rule about what these ingredients should be. Some suggestions are hard cheese, hard-cooked eggs, pickle, olives, radishes, celery, green peppers, pimientos, capers and onion.

## LEAVENWORTHS IN ANNUAL REUNION AT ISLAND LAKE

### Prominent Novi Family Name Delos Leavenworth President

The annual Leavenworth family reunion was held Saturday, June 23rd, at Island Lake state park, about 60 members of the family being present. They came from Novi, Plymouth, Carleton, Royal Oak, Howell, Detroit, Vernon and Flint.

After a beautiful dinner the assembly was called to order by Jay C. Leavenworth of Royal Oak, and officers were elected as follows for the coming year: President, Delos Leavenworth, Novi; vice president, Vera Hanson, Novi; treasurer, Jay Leavenworth, Howell; secretary, Via Munro Hoffman, Novi; historian, Carl Leavenworth, Novi.

Mrs. Nellie Marie Leavenworth from the Grand Rapids branch of the family, was present and gave a talk of interest about that branch of the Leavenworths.

It is the desire of the family group to make the next reunion an affair for all the Leavenworths in Michigan, who can show by their genealogy the right of being a member of the first Thomas Leavenworth, who settled in Woodbury, Connecticut, in the beginning of the nineteenth century. Nearly every branch of the family has among its relatives the Elihu Warner Leavenworth L. L. D. of Syracuse, New York, of 1873 genealogy.

Games and swimming, as well as a most happy time visiting featured the reunion of this year. It was a late hour when the visitors departed for their various homes about the state.

Tissue gingham in attractive check patterns and dainty colors should not be overlooked among the sheer cotton fabrics, suggests the Bureau of Home Economics. The distinguishing characteristic of any gingham is that the yards are dyed before the fabric is woven. Tissue ginghams have slightly heavier threads at intervals, but are otherwise almost transparent. They wash and wear well, and are suitable for either morning or afternoon frocks, often being combined with organdy insertions or bandings.

## LOCAL PLANE USED IN FLIGHT FROM CANADA TO MEXICO

### Longer Hop Made by Two Fliers Than That of Lindbergh

From Windsor, Ontario, to Mexico City, by the long route through the Mississippi river valley, and then along the shores of the Mexican gulf was the successful flight made in a Stinson plane by Joaquín Pacheco and Fritz Bieler of Mexico City, a few days ago. The fliers left Northville with their plane, Friday evening.

They were accompanied to Windsor by Eddie Stinson and William Mars of the Stinson Aircraft corporation, where they remained over night. Early last Sunday morning they hopped off on a long flight.

Bad weather and fogs, as well as the long route they followed resulted in a fuel shortage and they stopped at Tampico, Mexico, for re-fueling, but this was the only stop they experienced on the whole trip.

The flight from Windsor to Tampico is several hundred miles longer than the flight made by Col. Lindbergh from Washington to Mexico on his good will trip. They were escorted the first 100 miles by Eddie Stinson and Ranny Page, one of the pilots of the Stinson company.

The fliers, after their arrival in Mexico City, said they encountered bad weather across the United States, which prevented them from making the speed they had calculated. They were overdue and had been anxiously awaited.

The airmen apparently passed over the greater part of continental United States without being sighted.

They were not able to say definitely how many miles they covered in this, the first flight from Canada to Mexican territory. They estimated it as more than 2,000 miles, but were vague because they encountered so much fog and rain that they had to fly a goodly portion of the way by compass.

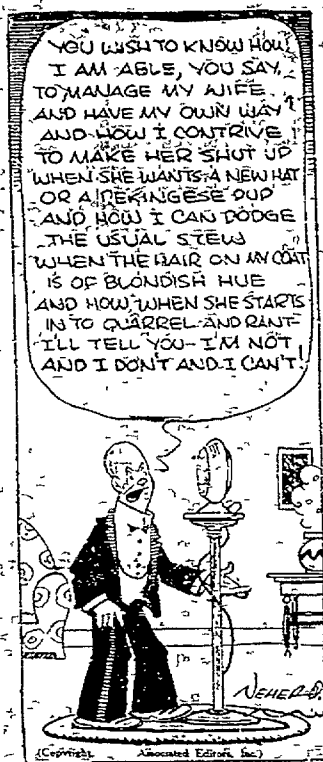

The airmen were met at Valbuena flying field by several thousand persons, among whom were representatives of President Calles and General Obregón. Allan Winslow, first secretary of the American embassy and himself a noted aviator, voiced the official welcome.

The first six hours of their flight was through rain. They crossed over Toledo Ohio, Cairo, Ill., Memphis, Tenn. and some unidentified town in Arkansas. They flew across Louisiana and Texas, over Grafton, Corpus Christi and Brownsville, following the coast to Tampico, where they were forced down by lack of fuel.

They encountered fog most of the distance over Louisiana and Texas, and they believed that they passed over Corpus Christi before daylight. They said they could not fix the exact route or distance until they have opportunity to check their notes and study their maps.

Fine steel wool is good for scouring your aluminum saucepans

## RADIOTIC

### AMBULANCE AND WRECKER IN ONE

A combination wrecker and ambulance is a new sort of contrivance that J. Randall Kent of the 24-Hour Service Garage of Novi, has put into operation.

He states that he has purchased the outfit because of the fact that on nearly two-thirds of the calls answered by him he has always brought someone back that has been injured.

"It will go ninety miles an hour. A very large part of the automobile business along Grand River is accident business and I am running a 24-hour garage service to take care of it," says Kent.

Evergreens planted close to the house often do not receive sufficient water from rains. Even a short drought will sometimes cause them to turn brown.

Apply liquid manure to roses only after they have started to grow vigorously.

FRED J. COCHRAN, Attorney  
No. 110415

### COMMISSIONERS' NOTICE

In the matter of the Estate of WILLIAM F. LOCKWOOD Deceased. We the undersigned, having been appointed by the Probate Court for the County of Wayne, State of Michigan, Commissioners to receive, examine and adjust all claims and demands of all persons against said deceased, do hereby give notice that we will meet at the Latham State Savings Bank, Northville, Michigan, on the 28th day of August, A. D. 1928, and on Saturday the 20th day of October, A. D. 1928, at 11 o'clock A. M., of each of said days for the purpose of examining and allowing said claims, and that four months from the 28th day of June, A. D. 1928, were allowed by said Court for creditors to present their claims to us for examination and allowance.

Dated June 21 1928

JOHN LITSENBARGER  
Commissioners

## ROWLAND FINDS PLENTY OF WATER ON BIG HILL TOP

### Driller Has No Trouble in Getting Good Supply West of Town

From the highest hilltop in Hillcrest Manor, the restricted subdivision opened just west of the city last year by Charles Bloom, it required but 110 feet of drilling by M. M. Rowland to reach a water flow. At 141 feet the widely known Waterford well driver struck one of the finest wells of water in Wayne county.

It was something over a month ago when Rowland and his big well drilling machine started work.

Because of the fact that the well was being driven on top of a hill, many Doubting Thomases were fearful of the results.

"I'll get water, if they let me keep after it," declared Rowland.

He kept after it, when the rains would let him. The big drill had gone slightly beyond a hundred feet when water was first struck. It was in a bed of gravel. He kept on going. The drill was in water and gravel all the way down. Finally, at 141 feet, he decided to make a test pump. He started pumping water. He pumped and he pumped. The more he pumped the stronger was the stream of water. For two days he continued the test and when it was finally completed, Rowland had one of the finest streams of water flowing from the pump that can be found in this part of the state. The water was as clear and

cold as that that flows out of Silver Springs.

"You can never go wrong in this part. You will get water somewhere, but you may have to go deeper in places than you did here. Over around Plymouth, where it is right on the level, you sometimes have to go 300 or 400 feet," he stated.

Mulch the sweet peas. Peat moss is suitable for this purpose.

You can't see it all from the road, so why not get out and get over behind our lilac hedge.

## LOOK FOR RECORD ATTENDANCE AT THE STATE FAIR

### Board Putting Forth Special Effort to Have a Real Exhibit

The largest attendance in the history of the Michigan State Fair is expected September 2-8, with prospects pointing to nearly 400,000 people viewing the 79th annual exhibition. With this anticipated increase over last year, when 256,000 paid admission, to the grounds, despite the handicap of two rainy days, facilities for entering and leaving the grandstand have been enlarged two and one-half times, providing easier and more rapid access to the stands. The enlarged entertainment program this year is expected to aid in breaking last year's record.

Of great interest to out-of-town visitors will be the competition in both draft and standard bred horses, where total premiums offered will reach \$15,250. Entries in this department will close promptly Saturday, August 18th, and exhibitors will be released on Saturday, September 8th. An entry fee of \$2.00 will be charged exhibitor in all classes except the horse show.

In the draft horse division, Class 1, Belgian, the total premiums will be \$2,630. In Class 2, Percherons, the amount will be \$2,510. While appropriate prizes will be offered in Class 3, Pure bred draft mares; Class 3, commercial horses; Class 5, draft horse pulling contest; and Class 6, standard bred.

G. A. Prescott, Jr., Tawas City, is member in charge. Howard C. Allen, Washington Court House, O., superintendent, and Dr. J. P. Hutton is assistant superintendent. All matters pertaining to health of animals will be referred to Dr. B. J. Killham, state veterinarian. Hutton will act as official veterinarian of the horse show. The following have accepted invitations to act as judges in the horse department: Charles Burgess, Winona, Ill., draft horses; Sam Haynes Columbus, O., A. S. Thompson, Paducah, Ky., hunters, light horses, ponies and horse show.

During the evenings in conjunction with 21 acts of "audible" the pagoda and fireworks spectacle "A Night in Bagdad" will hold the interest of the audience. This is the most impressive and complete presentation of oriental fantasy that has been shown to date in any state fair in the country. A procession of hundreds of Bagdad citizens in colorful dress will precede the illumination of the city, which is shown on a stage 500 feet long. Jeweled palaces, sparkling minarets and domes of the city will stand out in relief against mountains in the background. A special cast of actors and ballet dancers will participate in the ceremonies accompanying the pagoda, which ends in a glorious burst of fireworks and enormous set pieces punctuated by detonations from electrical bombs.

Charcoal and kerosene or a little Paris green placed in a hilly pond will prevent the growth of green scum. Fish will also prevent mosquitoes.

## Songs of Plain Folks

By James Lewis Hays

### Grandma's Thanksgiving

It takes Thanksgiving Day to bring  
The children and their babies, too.  
So you'll not wonder that I sing,  
Though I have lots of things to do.  
Grandma can't see them much and when  
She does, it seems almighty good.  
To think they're coming home again!  
But then, my old heart knew they would!

It's days ahead, but Father brings  
All round the place without his cane,  
Whittling out playthings for those scamps,  
John's boys, and looking down the lane.  
As if he thought they'd come today,  
Mercy! He'll always be a boy!  
How he does love a chance to play!  
Thanksgiving surely brings him joy.

I'll make their ruffs of pumpkin pies  
And my big turkey's going to be  
A sight for hungry children's eyes;  
I think those girls of mine will see  
Their mother's not forgotten how  
To fix things for Thanksgiving Day.  
Goodness! I must be stirring now,  
Next Thursday isn't far away!

### TENT SHOW COMING TO TOWN TONIGHT

Coming to Northville, Friday night, June 29th, and presented on the stage in a mammoth waterproof, electrically lighted tented theatre, folks are again to see and enjoy that time honored classic, "Ten Nights in a Bar-Room."

The younger folks of the present generation and the older folks who well remember its vivid, vital story will be again permitted to see and enjoy the grandest revival of all time.

Presented in all its glory where the

powerful influence of good dominates and conquer, it unfolds a stage drama whose "punch" is a thousand heart throbs—those beauty smiles through years. Molded into a stage masterpiece, presented by the most capable artist actors ever assembled under the title, surrounded by scenic and electrical effects that are extremely beautiful—paint this picture in your mind if you will please, and you will have a faint conception of the wonderful production you are soon to enjoy. Its realism will linger in your memory forever.

All the characters step upon the

stage from the magic pages of the book: Joe Morgan, Little Mary, Mable, Sample Switchel and all the remainder of the familiar names bring to life unforgettable scenes of marvelous beauty and variety. It is indeed a grand scenic revival flashing across the heaven of entertainment like a shooting star.

Presented in five acts and twenty scenes, requiring a train of fifteen motor trucks for the transportation of its equipment and scenic embellishment, gives out a faint idea of the completeness of this grand and glorious untried American drama.

A feature of this season's tour are the pre-war admission prices which have been lowered with reach of all admission, Twenty-five and Thirty-Cents—no higher.

Hemlock, spruce, yews and arbovitae may be trimmed this month. It is a good plan to pinch all buds off pines except the terminal bud. A better bloom development is obtained in this manner.

Do not allow the lawn to grow too high. Mow often and keep well watered.

**Save \$4.00 PER 100 CHICKS IN 8 WEEKS WITH LESS WORK WITH FEWER LOSSES**

**WHAT THIS MAN DID YOU CAN DO**

One Enthusiastic User of Globe All-Mash Starting Ration Writes:

"The most rapid development I have ever had on any feed. I have 1 1/2-pound chicks that are 7 weeks old. I have saved over \$4.00 per 100 chicks in the feed cost to date. I have used every kind of feed on experiments in the past but Globe All-Mash beats them all."

**The GLOBE All-Mash Method Serves a 3-Fold Purpose:**

1. Chicks are healthier—they don't have to scratch in dirty litter for feed.
2. Labor is saved because feedings are fewer.
3. Less feed is wasted because none of it is fed on the floor.

Save Your Money! Save Your Chicks! Save Your Feed! Save Your Time! Try Globe All-Mash

## SIDEWALKS TO BE BUILT BY COUNTY FOR SCHOOL TOTS

### Believe Lives Can Be Saved By Providing Walks Along Highways

The Wayne County Road Commission is undertaking one of the most important projects in the safety of highways for the safety of students attending rural schools located on county roads. It has planned a sidewalk construction program that will approximate for this year, about \$90,000.00. This is the beginning of a program that will continue each year until all of the rural schools in the county are provided with sidewalk facilities for children attending those schools. This year about 15 schools located on the high speed and most important roads, will be taken care of. In these 15 schools, 1419 students are in attendance. The schools to be equipped with sidewalks this year were determined upon after a survey of schools and roads had been made by the safety department of the Wayne County Road Commission in co-operation with the office of the county school commissioner and roads were considered from the standpoint of their importance through highways and a census as follows: Telegraph, Seven Mile, Ecorse, Ecorse and Allan, Eureka and Port roads and Michigan avenue, affecting Maple Grove school in Brownstown township, Sheldon school in Canton township, Walker school and ship, Daily school in Dearborn township, Daily school in Dearborn township, Eureka and Lawton schools in Ecorse township, Pierson school in Livonia township, Corey and Hall schools in Romulus township, Sibley school in Mongaugon township, and the Taylor Center, Sand Hill and Eureka schools in Taylor township. The Denton school is also included in this project. The survey showed that 39,422 square yards of concrete were necessary and it would cost \$67,221.00. In addition to this, the estimate for sidewalks to serve the schools on Michigan avenue, an item of \$28,758, was submitted to the state highway department, and it is probable that the department will include the building of sidewalks in its widening projects already under way on Michigan avenue west of Wayne. In that event, the state will pay half of the cost of the sidewalks constructed on that road. This project is an important step forward in road building in Wayne county. As in many other things, Wayne county is taking the lead in this important matter for the safety of its rural school children, and is receiving much favorable praise from state safety officials and many communities of the Detroit area.

## SHAFER TELLS OF NEWEST ADVENT IN RADIO RECEIVING

### Local Dealer Says The New Circuit is Big Improvement

Details of the revolutionary new Equasone radio circuit, the first public announcement of which was made on June 9th, were explained locally for the first time today by Floyd Shafer, who attended the convention of radio men at Jackson, Michigan, where the new circuit was presented. According to Mr. Shafer, the new Equasone circuit is a radical advance in radio science—a radical change as that which marked the introduction of AC sets two years ago. The discoveries which made this circuit possible represent a triumph for the research activities of the independent radio industry. It was developed by the Sparks-Withington company, the largest independent radio manufacturers in the United States, in co-operation with Lester Jones, well known radio expert of New York. All the selecting is done direct from the antenna. The impulse, passes through a single dial detector unit, which allows a band of 10 kilocycles to pass. No tubes are employed in this new "band pass filter" selector. As radio listeners are aware, existing types of sets suffer much variation in selectivity tuning more broadly at short wave lengths than in the long wave lengths of the upper portion of the dial. As a result, in such sets, it becomes almost impossible to receive distant stations, below 250 meters without much interference and background of noise. The amplifier unit is as revolutionary in its operation as the selector units. With 6 tubes, one of them operating as a detector tube, it amplifies the impulse received 15,000 times—instead of the usual 5,000 times. Even the most sensitive of present day sets rarely go above 8,000. This amplifier is unique in that it automatically tunes itself to the incoming frequency no matter what the wave length. The Equasone circuit exhibits absolutely no tendency to oscillate. The necessity for balancing or neutralizing condensers is therefore eliminated. An important achievement of the new set lies in the smoothness of its volume control. Roses may be mulched with lawn clippings.

## MRS. THOMPSON IN LETTER TELLS OF WORLD CONFERENCE

### Novi Resident is Attending Sessions in Toronto

Mrs. R. O. Thompson of Novi, who is attending the Baptist World Conference at Toronto, Ontario, has written a most interesting letter to the Record of her trip. She writes:

"Our party had a wonderful trip from Windsor through London, Brantford and Hamilton to Toronto. The day was ideal and the scenery beautiful. We stopped on the bank of the Thames river to view the Tecumseh monument, where the battle of the Thames was fought and where Tecumseh fell.

"Toronto is a beautiful city of universities, parks, playgrounds, churches and magnificent homes. We were indeed fortunate in securing accommodations in a home where the daughter proved to be a delightful guide and spent all of Saturday forenoon before the opening of the Alliance in a tour of the city. The great university buildings grouped together, although of many denominations, were very interesting. Our drive took us to the Parliament buildings, the lieutenant governor's residence, the Casa Loma castle, once a residence but now used as a hotel, through Sunnyside—at night a most magnificently lighted amusement park on the shore of Lake Ontario. The time remaining was much too short to satisfy our love for sightseeing in the Canadian National Museum, although we did hurriedly inspect many Oriental antiquities, idols of the great Chinese Buddha, pottery of 200 B.C., warriors of ancient warriors, gowns of queens and princesses and a beautiful Indian ivory case lined with ivory. But the feeling of awe and almost reverence came upon us when we entered a room furnished with the furniture of the Queen Elizabethan age, and a thrill went over me as I touched the bed in which the queen is said to have slept.

"Every continent is represented here, forty-six different countries and provinces answering to roll call. The last representative was from New Zealand who said he came 21,000 miles to this world conference. He also said his was the first country to introduce woman suffrage, and had the lowest death rate in the world. In conversation with a delegate from Wales, she said over 600 delegates came together on a chartered ship and were met by a special train at Quebec.

"The meetings are held on the Canadian National Exhibition grounds, where it is reported over 7,000 delegates have registered. When the great throng unite in singing, 'When I Survey the Wondrous Cross,' it makes the halls echo, and one feels the reality of 'In Christ there is no east or west.'"

"I don't mean to say that I didn't catch any fish either. But we had the luck of the average fisherman. I hooked a big one, and I thought sure that I was going to get him in the boat," says Walt, in his honest statement of facts. "But just as I was about to land him, away he went, and I guess he must be going yet. I never saw a fish go so fast. Frankly, he got away, and I never got another bite and I never saw another fish, except the ones my wife caught. Of course, an honest fisherman like myself can't claim that I caught the fish that my wife caught. That's the story and that's all there is to it. It's not much of a fish story, I admit, but you remember the story about the cherry tree. Well, it is something like my fish story."

## HERE IS STORY OF ONE FISHERMAN OF CHERRY TREE TRUTH

### Walter Ware Has No Bear Stories To Tell of His Trip

There is one unusual fisherman in Northville.

That is not saying that there are not more than one unusual fishermen in town—but one, there is no question about.

Who is he? None other than modest Walter Ware.

Walt went fishing the other day, like nearly everyone else in Northville. Many come back with fish stories—and others with fish.

But Walt didn't. You see it was like this. I went fishing alright. That I do not deny.

A weak solution of formalin makes a very good fly poison and is less dangerous than an arsenical preparation. Three tablespoonfuls of the commercial formalin are used with a pint of milk or water sweetened with a little brown sugar. This poison may be used conveniently by partly filling a drinking glass with the solution and inverting a saucer or plate, lined with blotting paper cut the same size, over the glass. The glass is then turned upside down quickly and a small stick or match placed under the edge of the glass. When the solution evaporates from the blotting paper, more will leak out from the glass, thus renewing the supply automatically.

## Something New---

Spring is here and the wife wishes to be treated not only with flowers but with a little relief from the hot stove.

# Announcing a New Store!

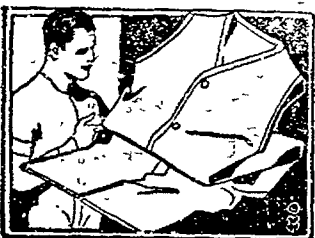

## VINOCUR BROTHERS

Buyers of Bankrupt Stocks--Fighters for Low Prices---the Workman's Friend

Have found it necessary to move to larger space in the building formerly occupied by Rattenbury's Meat Market on North Center Street in order to fully accommodate all demands of our customers. The new store will give us more room and we will be able to carry on hand a full line of goods of every description, for lower prices. If any one has ever been dissatisfied with Vinocur goods they are now assured of High Class Goods which we guarantee to satisfy everyone. Vinocur Brother's New Store in Utica offered so many surprising prices and values that people were forced to stand in lines at the door for the opening. That means Vinocur Brothers are known in different towns by their bargains.

Prices Slashed In Half

Prices Slashed In Half

Come Early Saturday Morning, June 30. Sale Continues Until July 15

On every \$10 purchase we are giving Free, a beautiful Looking Glass with gold and silver frame, with a picture at the top, valued at \$2 each.

## VINOCUR BROTHERS

## HERE COMES TWO DEEDS OLDER BY FAR THAN OTHERS

One Goes Back as Far as July 3, 1826—Deed to Local Property

The old deeds continue to grow older and older. Up until a day or so ago Earl Banks of Novi, held the record. Now comes along two others with deeds still older.

Marion A. Porter has in his possession a deed to an eighty-acre farm that lies just east of Waterford that was taken up from the government by Amos Sands in 1827. The ancestral branch of his family that walked from New York to Michigan, settling in this 80, held a government deed issued by President John Quincy Adams.

But that is not the oldest deed revealed in the last few days. To L. A. Babbitt, president of the Northville State Savings bank, belongs the oldest so far unearthed. It exceeds that of Mr. Porter's by a year, having been issued by President John Quincy Adams on July 3, 1826. That's even before the Fourth of July.

Mr. Babbitt's deed and the property has always remained in the Babbitt family. The deed was issued to Daniel L. Cadz, a great grandfather of Mr. Babbitt. The 80 acres he took up from the government lies just south of Cadz street, but the residence of the well known bank president stands on the old homestead, and many of the old beautiful shade trees that now surround the place must have been planted young saplings when Mr. Cadz was on about the ground for his first crops.

Here too a deed much exceeds in age the one held by Mr. Babbitt—July 3, 1823.

Among the old deed holders is Rev. Daniel, who has in his possession United States government certificate number 1972. It was issued for land in section seven, Northville township

April 1, 1826, by President John Quincy Adams. It was in the fall of 1826 when the land came into the possession of the Terrill family, and it has been held by the family ever since. The property was taken up from the government by John Dickerson, who held it but a short time.

## WEST POINT PARK

Mrs. C. Wolfe, Correspondent

Mrs. Carl Harrison from Detroit, called on Mr. and Mrs. Earl Wolfe, Saturday.

The Jolly Eight Pedro Club was entertained at the home of Mrs. Balyard, Tuesday afternoon.

Mr. and Mrs. Canton Ault and son, Wayne, have returned from their vacation at West Branch.

Mr. and Mrs. John McIntosh are looking for a house to rent in West Point Park. We hope they succeed in finding one.

Miss Betty Beulah Jean and Bobbie Gullen were Sunday guests at the home of Mrs. Ethel Middlewood on Farm-

ington road.

Mrs. Frank Smith returned Wednesday from Ann Arbor hospital, where she underwent an operation. She is recovering nicely.

Mrs. C. Wolfe has returned to her home in West Point Park after a week's visit with her daughter, Mrs. Isaac Bond and family, of North Farmington.

Mr. and Mrs. A. W. Martin, Mr. and Mrs. Marvin Addis and Mr. and Mrs. Emerson Ault attended the tenth wedding anniversary of Mr. and Mrs. Oliver Ford of Detroit, Friday evening. Mrs. John Hill was in Detroit, last week caring for her daughter, Mrs. Silas Gallinor, who has pneumonia. She returned home Sunday and brought Baby Clarence Gallinor with her.

West Point Park is to have a great growth this year and next. We predict that the quiet times for our village are passed. By September next our schools, our church, our business, our population will all be greatly increased.

West Point Park ball team motored to Lake Orion, Sunday, to meet the

Lake Orion team on its own diamond. West Point Park led the score from the start to finish. Both teams were on their mettle. Score was five to seven in favor of West Point Park, which was supported well by a large crowd from here.

Miss Robbie Tinsley, principal of Pierson school, and Carl Harrison of Detroit, were quietly married Saturday. The happy couple will take two weeks for a honeymoon trip to her father's home in Farmington, Kentucky, after which Mrs. Harrison will attend the summer school at Ann Arbor before commencing her school work in September.

A number of residents of West Point Park were among those who witnessed the death by parachute jump of Richard Baron at Seven Mile and Middle Belt road. Several jumps were made in the afternoon from the same field and were seen by the crowd at the baseball game. Mrs. Lena Strassberger was one who witnessed the tragedy.

Ethel Mae Bond graduated from the Pontiac high school June 21st. The teachers could always depend on her to do her part no matter what the task. She was third of the ten pupils ranking highest in scholarship. Ethel was a member of the National Honor society, editor-in-chief of the Tomahawk news editor of Student Council, 26, 27, history class, 26, 27, 28, Home Economics club, chorus, glee club, etc. Ethel Mae Bond is a niece of Earl and Harry Wolfe, and a granddaughter of Mrs. Charlotte Wolfe.

Make French toast, sometimes for lunch. Beat an egg, add about three-fourths of a cup of milk and a little salt. Dip slices of bread in this until well soaked and fry a delicate brown in a small amount of butter or other fat. Serve plain or with preserves, honey, maple or other syrup or with powdered sugar and lemon juice, or sugar and cinnamon.

## GENERAL ELECTRIC Refrigerator

THIS new-day refrigerator never needs oiling. It is unusually quiet. It is portable. It uses very little current. It has an all-in-one unit that is hermetically sealed to keep efficient, and trouble out.

Over a period of fifteen years, General Electric engineers worked toward this great electrical achievement. They have developed a simplified refrigerator that has no belts, pipes, drains or fans to get out of order.

Models for every home are now on display. Come in and see them. In the meanwhile, mail the coupon below for an interesting descriptive booklet.

Please send me your descriptive book on the simplified General Electric Refrigerator.

## When You Leave the City Pay Every Bill

In spite of the numerous demands upon your time when preparing your vacation, it is most important to see that every bill is paid before leaving the city.

The Retail Merchant expects every bill to be paid in full. Because you are starting on a vacation is no excuse for postponing your credit obligations until you return.

Don't wait to send a check from some summer resort. Mail it beforehand from your city home.

**Your Credit Record Follows Wherever You Go**
