Northville, Michigan, Friday, July 27, 1928

\$1.50 per Year, in Advance

DISCUSS PLANS TO BUILD MORE HOUSES IN TOWN

Rapid Growth of Community Makes Necessary New Homes

Northville is preparing to take care of one of its greatest needs as quickly as possible—a place for the many new families coming here to live. It is known that one business man is contemplating the construction of an apartment house on North Center street; and that several others have in mind the erection of suitable houses for rental purposes. Some property owners having two lots have, it is said, discussed the possibility of erecting an extra house so that it can be rented.

The Stinson Aircraft Corporation, the William H. Maybury Sanatorium, the Wayne County Training school, and the natural growth of the community are the agencies bringing these new families to Northville.

Houses, not of the expensive type, but houses that have plumbing, water electric lights, a bathroom and such other conveniences as the average house of the present possesses are needed.

Not one but from a dozen to forty or fifty inquiries are made each week at the local real estate offices and other places by people seeking a place to rent in Northville.

As one real estate man pointed out, most of the inquiries are coming from people who desire to rent for the present, but it is quite often the case that if the place is suitable the renter will buy the house in which he lives.

A very large percent of these inquiries are coming from new employees of the Stinson factory. There are some others from people not employed by the Stinson company.

With the tremendous growth of the Stinson Aircraft Corporation there is not the slightest doubt but what Northville will grow in proportion. Many of the Stinson employees have already purchased homes here and others, who have been fortunate enough to receive an offer to my contractors have announced their intentions to buy a place in Northville.

The William H. Maybury Sanatorium is being rapidly built in the medical staff is being increased in proportion. Most of the employees of the institution reside in Northville at present. More will come here to use of suitable places can be found.

The Wayne County Training school is being rapidly completed in the new medical staff is being increased in proportion. Most of the employees of the institution reside in Northville at present. More will come here to use of suitable places can be found.

The name is up in the Wayne County Training school. This place has not yet reached a full size and instead of taking care of 500 or 600 children as at present it will be caring for a thousand or more within the next few years. The greater number of children the greater will be the number of employees. There are many of the employees of this school living in Northville. More of them would like to be here if suitable houses could be found.

However, the present and greatest need is for places to rent.

I know of one lady who sometime ago built two small houses. They are of the bungalow type, attractive on the outside and are modern throughout. These two houses have been rented from the minute they were ready to occupy, and she has found that the investment has been a very good one for her. The rent is considerably under \$50 per month. Out of this she has been able to keep the houses up as they should be, pay her insurance and taxes, and she has had a neat sum left at the end of each year from her investment," stated one dealer familiar with real estate matters.

"There are many people who often have a few thousand dollars to invest."

"How much better and how much safer it would be if these dollars were invested in building up Northville, instead of sending them out of town with chances of 99 against against you that you will never get your money back. Those who are in a position to know say that hundreds of thousands of dollars are taken out of Northville for investment in questionable securities."

Once in a great while one of these will prove good. But it is not often. How much better it would be for everyone if this money was invested right at home in Northville real estate. Someone said a while back that no one had ever lost a cent by investing in Northville real estate. As far as I know that is not only true, but hundreds have made money by investing in Northville property."

Mr. and Mrs. L. L. Ball and son expect to leave Sunday for their annual summer vacation of two or three weeks. During their absence their studio will be closed.

DR. JOHNSTON TAKES PRACTICE OF DR. KETCHAM

DR. WILBUR JOHNSTON

An announcement in professional circle, of more than ordinary interest, is made this week by Dr. Lavinia Ketcham, who has practiced osteopathy in Northville for several years past.

Dr. Ketcham states that she is planning on retiring from the practice in Northville and will August first turn over to Dr. Wilbur H. Johnston, her office, equipment and practice. She expects to go to California to locate. Dr. Ketcham has many friends who will regret to see her leave Northville, but these same friends will welcome Dr. Johnston to her practice.

Dr. Johnston came to Northville a number of years ago, starting up his practice at once. During the time he has been here he has worked up an excellent business.

A graduate of Knox College at Galesburg Illinois, being a native of the state he entered the army air service soon after the war opened and remained in the service until the end of the war. While in the army Dr. Johnston met Eddie Stinson, founder of Northville's auto manufacturer who was in the service with him. The two became fast friends after both had graduated from college.

Dr. Johnston entered the Northville College of Osteopathy and the University of Michigan and graduated in 1926.

He is active in the affairs of the Michigan Society of Physiologists and Surgeons of Osteopathic Medicine and is a member of the local executive committee of the organization.

He is the physician of the Northville Service Center, a division and has also been acting in the work of the Northville Masonic Lodge.

His many friends are glad to know that his practice is growing so rapidly. He will take over the offices that have been used by Dr. Ketcham, in the Penniman-Alien theatre building.

MANY NEW STORES IN PROSPECT FOR NOV. THIS YEAR

Hustling Community Taking on Great Growth at Present.

The much talked of and long looked for time seems to be approaching when Nov. will endeavor to keep pace with her sister towns in points of growth and development.

A new barber shop has been built on the Verdun property, and is occupied by our resident barber. From whom seems to be authoritative sources comes the information that a new bank building, and five new stores already leased to be built on the southeast corner of the town center. The buildings are to be of limestone and red brick.

The Ira Lee Vacuum Cleaner company are to begin the building of a factory on the Novi Manor subdivision.

The new school is nearing completion, and will be ready for the fall opening.

The Novi Stycab factory has been shipping one cabinet a day. The complete equipment will soon be installed and the work will progress much more rapidly.

Ten years ago the average profit above cost of feed for a dairy cow in the cow-testing associations in the state of Missouri was \$68.21 in a year.

In 1927, the average profit had increased to \$137.33 per cow. Over 95 per cent of the members of cow-testing associations in this state are using purebred bulls.

ROAD COMMISSION PLANS TO BEAUTIFY PLYMOUTH AVENUE

Another Important Project Has Been Decided by County

Further details of the development that the Wayne County Road Commission has planned for Northville and vicinity has been revealed to Mayor Charles Filkins of this place by officials of the Wayne County Road Commission.

In addition to the Griswold-Bass Line road improvement the county road commission is right now planning a superhighway development of the Seven Mile road directly into the village of Northville.

The widening of the Seven Mile road will be completed from Redford to the Farmington road this fall.

Within the next few weeks the commission hopes to begin plans for the construction of a boulevard from the end of the present Seven Mile road directly to Main street in Northville. This improvement will necessitate the construction of a new bridge over River Rouge. The plan of the commission to build this bridge was announced some time ago. It will be located east of the present bridge, which will be permitted to remain where it is.

The commission has not yet decided whether there will be two paved strips of roadway from the Seven Mile road to Main street or whether the present paving will be doubled in width. Trail conditions on this stretch of road have for several years past been regarded as extremely bad because of the narrowness of the paving. Whenever plans are adopted by the commission will improve conditions a thousand percent.

Major Fillans has already taken up with Henry Ford and the Bell Telephone company the question of securing for the county a small piece of land adjacent to the road that is needed to make the paving double.

Already the local leaders in this town are making preparations for the trip to Detroit to meet the commissioners to discuss the difficulties in getting the company to give up a piece of land.

It has been indicated by Major Fillans that the road running on the north side of the road will be widened by a mile.

A plane each day and it is predicted that it will be broken soon, so that it will be necessary to install a new one.

At the present time the commissioners are in the process of arranging for the event, there will be three great days of fun.

There is going to be a circus every day, dances, horseshoe pitching contests, baseball championship contests,

speaking by all the mayors of Wayne county, a possible visit by Henry Ford and on the last day some of the most noted aviators in the country will be present to take part in the big aviation show.

Friday is Wayne County day and it is believed there will be hundreds from all over Wayne county there to greet their friends and have a good time.

OLD DUTCH MILL GOING TO PUT ON BIG HOME COMING

Select Auguts 8th to 11th as Time for Doings on Five Mile

The much talked of and long looked for time seems to be approaching when Nov. will endeavor to keep pace with her sister towns in points of growth and development.

A new barber shop has been built on the Verdun property, and is occupied by our resident barber. From whom seems to be authoritative sources comes the information that a new bank building, and five new stores already leased to be built on the southeast corner of the town center. The buildings are to be of limestone and red brick.

The Ira Lee Vacuum Cleaner company are to begin the building of a factory on the Novi Manor subdivision.

The new school is nearing completion, and will be ready for the fall opening.

The Novi Stycab factory has been shipping one cabinet a day. The complete equipment will soon be installed and the work will progress much more rapidly.

Ten years ago the average profit above cost of feed for a dairy cow in the cow-testing associations in the state of Missouri was \$68.21 in a year.

In 1927, the average profit had increased to \$137.33 per cow. Over 95 per cent of the members of cow-testing associations in this state are using purebred bulls.

According to the chief, Northville residents have cooperated to the fullest extent in the work, and he believes that much good will come from it.

Additional tests have been made since the campaign closed. It was quite surprising to see the large number who wanted to be sure that their brakes were working.

STINSON PLANES FLYING TO NEW VICTORIES IN AIR

When Ford Reliability Race Ends Tomorrow, the Stinson Junior, Newest Product of Factory, is Expected to be in First Place

From over the western horizon where the sun sinks every night to light a new continent, three Stinson planes will fly tomorrow to new victories and new business for Northville. The annual Ford reliability race will be completed Saturday.

So closely crowding the big-finned Ford plane that it will take experts to figure out the difference will be the newest Stinson product, the Stinson Junior, piloted by one of Eddie Stinson's aces, "Randy" Page. Close onto the Stinson Junior will be Eddie Stinson, the dean of all pilots, flying one of the big stock monoplanes that came off the factory line the morning the endurance race started. With no time to rest it out to make changes or alterations that night and Eddie hopped into the machine and landed over at the Ford airport without even tuning the craft up.

Of all the 24 aircraft in the contest representing different companies and different makes the remarkable showing of the three Stinson planes has been the sensation of the tour.

From Michigan to Texas, Texas to California, and from beautiful Los Angeles to the Pacific northwest the Northvilles made aerials and the veteran pilot Eddie Stinson, have been acclaimed by hundreds of thousands.

Major Fillans has already taken up with Henry Ford and the Bell Telephone company the question of securing for the county a small piece of land adjacent to the road that is needed to make the paving double.

Already the local leaders in this town are making preparations for the event, there will be three great days of fun.

The little Stinson Junior, the small plane in the contest and carrying the test load of all, has amazed the

company with its remarkable performance.

LABORERS WITH BIG MUSCLES ARE NEEDED AT ONCE

Plenty of Work for Every-one Down at the Fair Grounds

Wanted—A lot of good, strong men to assist in building the grandstand at the Northville fair grounds. Steady work, long hours, good drinking water. Board yourself and charge your efforts up to the benefit of Northville.

Ray Richardson, one of the fair board directors and Chairman of the special committee that has charge of the erection of the grandstand, has asked that the above want ad be printed in the Northville Record. He says

he will charge it up to whoever might be willing to pay for it—and that all he wants is results.

It seems that the steel work has been completed and the Committee finds that there is a lot of work to be done to get the frame work finished

for the fair. As long as the fair is strictly a non-profit project and as long as it is an all-Northville affair, a strong appeal is being made to local citizens to donate a little bit of work.

We need a lot of help. And you can bet that it will be appreciated.

Anybody can come down at any time. Someone working for the good of Northville will be here to tell them what to do," said Mr. Richardson.

Monday he made a request of members of the Rotary Club to give what assistance they could. Members of this organization plan to give a portion of some day next week, some going down Monday, others Tuesday and Wednesday. A major project is going to be made to the Exchange club and the invitation general—anyone can help this out.

Postmaster Neal thought that entrances to the community could be greatly improved. He suggested that when one is driving into a town they get their fair share of the people.

We have had a hard time on the way to town to reach a fair place to go to one party. I am doing it now, but it is down. We have a hard time on the business part of our city," he said.

Mr. Peacock declared that Northville had to be a place of beauty and character and the home of many beautiful places.

He pointed out that the town

had great drainage and good

water supply, and the Edison

company had expressed a

desire to have a

water system installed in the city.

Opposition to the project

was strong, but the

people of Northville

were glad to see the

water system installed.

Songs of Plain Folks

"Fishing" By James Lewis Hays

Rag-weeds drooping, corn leaves curled,
Cattle panting in the shade—
Seem the day was surely made
Just for fishing. Good old World!

When the green "snake doctors" swing
In the lazy August air—
Tell me what else can compare
With just fishing? Not a thing.

Fishing poles and bait and lunch—
Then to try the pasture lake.
If those finny boys don't take
Hook and all, I miss a bunch!

Sun's too hot to work the teams—
Let's go down where bubbles float
By the old flat-bottomed boat.
Fish, and dream forgotten dreams.

Novi News

(Phone items to Mrs. R. O. Thompson, 7134 F2)

Little Dorothy Jean Munro is ill with chicken-pox.

Mrs. Mary Tuick of Milford, is visiting her daughter, Mrs. Wines.

Mrs. Effie Root, who has been suffering with erysipelas, is slowly improving.

Mrs. Harmon and son, John, of Birmingham, were callers in town Sunday.

Burton Graven, the village barber, recently moved into the home of Henry Gours.

The members of the Munro family attended the Munro reunion at Howell, last Thursday.

Miss Huntington of Williamson, was a weekend guest of her cousin, C. C. Rix and family.

Mr. Robinson is building a new residence on his property, which is to be occupied by the new school principal, Mr. Cuivo.

Mrs. John Sims, who has been visiting at the home of her brother, C. C. Sims, has gone to Lapeller to make an extended visit.

Last Thursday afternoon the barn on the Grant Putnam farm was destroyed by lightning. The barn was quite well filled with hay.

Mrs. Earl Tyler and Mrs. Earl Bowman are entertaining their aunt, Mrs. John Miller and daughter, Gertrude, from Boston, Ontario.

Mr. and Mrs. Eugene Verduin and Dr. and Mrs. Lionel Grant were dinner guests Sunday evening at the home of Dr. Grant's parents in Milford.

Mrs. C. C. Rix who was stricken with paralysis, Monday morning, and was in quite serious condition, is a very little better at this writing.

Mr. and Mrs. John B. Kelly and children of Youngstown, Ohio, and Miss Nina McWilliams of Detroit, were Saturday and Sunday guests of their sister, Mrs. R. O. Thompson.

Mrs. E. E. Stinson and children of Cassopolis, and Miss Gunever Thompson of Gables, are visiting at the home of their father and grand-

father, Rev. R. O. Thompson.

Little Doris Shiml was taken to the Detroit Osteopathic hospital, last week

and placed in a new cast, which the physician's hope will be the last one necessary to effect a cure for the dislocated hip.

The home demonstration department of the Michigan State College are to

give a demonstration on "Quick suppers for unexpected guests" at the town hall at 2:00 p.m. Thursday,

August 2nd. Miss Elizabeth Thompson will have charge of the work. All interested are welcome.

An old-fashioned remedy for a stain made by tar, axle grease, road oil, creosote oil, asphalt or asphalt paint, is to rub lard thoroughly into the stain, and then wash it with hot water and soap. The treatment may have to be repeated. Otherwise one of the solvents, such as carbon tetrachloride, chloroform, turpentine or benzol, may be used.

A MAN WHO'S HORRIDLY WEAK
ALWAYS THE BEST SHOE BUYER

The Cheapest Shoes a Man Can Buy are the Ones that Cost Him the Most Money.

And what Revitzer Says is So

The man whose footwear attracts your attention by its well-fitting elegance oftentimes foots a shoe bill less than that of his shabbily shod neighbor. Several pair of durable shoes take a man happily through a season. Pay the right price for style and durability.

Loss of grass in lawns in summer from "brown patch," a disease affecting turf, may be largely prevented by care in the application of water and of fertilizer. Although fertilizer is very desirable, too much of it makes the turf more susceptible to both "large" and "small brown patch," as do also too large quantities of water. Evening watering, poor air circulation, shade and other things which favor the long covering of grass with moisture, should be avoided. Large brown patch requires a temperature of about 85 degrees F. to develop, and the greatest losses from this will occur in July and August, but small brown patch will develop at much lower temperatures. The finer grasses, especially bent and fescues, are apt to be affected with this disease, which at times may be so widespread as to destroy large areas and necessitate replanting. Mercury compounds have given good results in controlling brown patch. The most commonly used are Semesan and Uspalon, which should be applied at the rate of one pound to each 1000 square feet; and mercury bichloride

(corrosive sublimate) and calomel, which should be applied at the rate of three ounces to 1000 square feet. Calomel does not give such good control of the disease, but the effect lasts longer in the soil, and a combined application of one ounce of mercury bichloride and two ounces of calomel seems to give very good control. Amounts of mercury compounds in excess of these will injure the turf. The best way to apply the mercury is as a fine spray, watering the lawn afterwards.

Variety in texture makes the meals more appetizing. Have one food with a crisp crust, like corn fritters or scalloped tomatoes; another with a sauce; and a third simply cooked in water and seasoned with melted butter. A raw vegetable, like celery or radishes lends still further variety.

Sow summer radishes and some for fall use, so that radishes may be had throughout the season. Late radishes are just as good as the early.

**BUSINESS OF THE
SOLVITE COMPANY
GROWS BY LEAPS**

National Advertising is
Bringing Loads of
Orders

Advertising—does it help business? Ask Conrad Langfield of the Solvite Company. With ads running in newspapers that have a combined circulation of over 3,500,000 readers, his business in the past few weeks has more than doubled what it was a year ago.

From Maine to California, "Solvite Northville, Michigan" is appearing daily in the biggest papers of the country.

Every mail brings him order after order. And the beauty of it is that repeat order, after repeat orders are now being received.

My customers and that Solvite does all that is claimed for it. They declare that it is the best cleaner they have ever used. Kindly rush this order through, as I have many waiting for it," is almost the identical assertion made in nine-tenths of the letters Mr. Langfield receives.

Appearing in this week's issue of the Record are some of the new ads being sent out by Solvite. In the ads appearing away from Northville, the address of the company appears on each ad that is published.

**DEHO CO TEAM IN
WINNING STREAK**

In a game that started out to be a real fight, but developed into a rout, DeHoCo defeated Boyce Bros. of Pontiac to the tune of 11 to 3 at DeHoCo Park Sunday, July 22nd.

DeHoCo started the ball rolling with two in the first and one in the third, while Pontiac tallied one in the second and two in the fourth to tie the score. DeHoCo put one more in the second and two in the fourth to tie the fifth and then got to O'Brien, Pontiac hurler, in the sixth for seven runs and put the game on ice.

Home runs by Martin and Pankratz, three baggers by Destefano and Hammond, and a two base hit by Jaska, together with singles by German and Henrion spelled doom for O'Brien and he retired in favor of Stone, who held DeHoCo scoreless the rest of the game.

Fehnke with two triples, and Fehnke with double, provided the heavy hitting for Pontiac.

Human D. H. Co. team had in mind to play on Monday but did not make up their minds until Saturday night.

Next game will be against the McLean team, probably on the 29th, at the same time and place.

On the 29th, the team will be back again to compete in a double header in Northville, with DeHoCo playing the first game.

Stay all day, get home early each as balm to the heart, that's the motto.

TOWN PROGRESS TALKS

Westmoor avenue, born to Mr. and Mrs. Edwin Beach, a nine-pound girl. Mother and daughter are doing well. The family resides on Seven Mile road at West Point Park.

Mr. and Mrs. Roger Whipple and Mr. and Mrs. Raymond Milburn gave their friends a theatre party in Detroit recently.

Mrs. Earl, mother of Mrs. Edwin Beach, died Saturday in the hospital in Detroit and was buried Tuesday in G and Lawn cemetery.

Mr. and Mrs. Edwin Lorenz gave a radio party Monday evening to a few friends and neighbors.

Mr. and Mrs. Harry Wolfe and family Mr. and Mrs. Earl Wolfe, Mrs. Charlotte Wolfe, Mr. and Mrs. Roger Whipple, June and Barbara and Mrs. Whipple, Sr., went on a trip to Tahquamenon Park. They all report seeing a great deal of scenic beauty.

Fred L. Bond, a former West Point Park boy, but now residing in South Bend, Washington, is eminent in the Commandery of Bethlehem Commandery of Seattle, Washington. One hundred and twenty-six were on their train, thirty-nine ladies and thirty-six band Knights Templar. They stopped at a number of large places, and made a three and one-half hours stop at Butte, Montana, where their friends gave them a banquet. They stopped at Minneapolis and Milwaukee, where the entire company attended church. The commandery had reservations to make up the money they have pledged.

A number of West Point Park women went to Detroit Tuesday to witness the Knights Templar parade.

Among those seated in the grand stand were Mrs. Charlotte Wolfe, Mrs. Orville Taggart, Mrs. H. Pagel, Mrs. Ada Bond, Mrs. Earl Wolfe, Mrs. Comstock, Mrs. Harry Wolfe. They all enjoyed a shady place for about six hours, but was well repaid by seeing the greatest march ever witnessed in Detroit. Everyone enjoyed the different bands, and the sacred music was appreciated.

Ernest and Lucile Wolfe are home

from their visit with their grandparents, Mr. and Mrs. John Phelps. They report a good time for three weeks.

West Point Park Knights Templar were in the greatest parade ever given by that organization, during the national conclave, held in Detroit last week. They belong to Northville Commandery, No. 33, of whom there were over fifty in line of march.

Mary Bennett, arrived at her home Friday, after an extended visit in Hersey, Michigan.

The Community church was no so largely attended last Sunday, or account of so many being away on vacation trips. The pastor, George Gulhaugen, was just as impressive as he was talking to a full house.

Sunday school after church services Fred L. Bond, a former West Point Park boy, but now residing in South Bend, Washington, is eminent in the Commandery of Bethlehem Commandery of Seattle, Washington. Local News

Harry Clark and F. S. Neal were Detroit visitors Monday.

Rev. Frank P. Knowles was a speaker Wednesday before the Exchange club of Farmington.

Mr. and Mrs. Claude Ely and little daughter are spending a few days at Barberton with friends.

Mr. and Mrs. A. P. Schrader of Wilkes-Barre, Pennsylvania, were guests over the weekend of Dr. and Mrs. Milo Johnson.

Mr. A. W. Arms of Pasadena, California, and his Sanford Arms of Milford, had dinner with Mrs. W. A. Arms of Northville Thursday.

The condition of Thomas Moss, who recently underwent an operation in Harper Hospital, is rapidly improving, and he expects to be home shortly.

The many friends of M. J. Robbins of Salem were glad to see him about town Monday. Mr. Robbins for a great many years was a resident of Northville.

Chief William Safford recovered an automobile that had been stolen out of Detroit Tuesday night. He turned it over to the Detroit police department Wednesday.

Mr. and Mrs. Charles Smith of Santa Monica, California, were guests over Saturday and Sunday of Mr. and Mrs. Leo Lawrence. They are spending the summer in the eastern states.

Mr. and Mrs. Ralph Horton are driving to Boston, Massachusetts, where Mr. Horton will attend a convention of Rexall drugists. Following the meeting they plan to take a short trip through the New England states.

The Temple club baseball team of Rockwood last Saturday defeated the Northville Merchants team by a score of 11 to 8. The local club put up a good game, but a left-handed hurler proved too much for the local hitters.

Mr. and Mrs. Thomas Murdock have received a letter from Miss Margaret Murdock telling of her arrival at Ostend, Belgium. She compares the place to Atlantic City and says it is really one of the height spots of the old world.

Mr. and Mrs. W. A. Parmentier have gone up north near Stamford where they will spend the next week or so along the banks of the Thawne. Mr. Parmentier has been ill lately, also in the streak where he was severely cut that he received when he came to New York.

The many friends of William Elliott will be glad to know that he is now home from the hospital after being released from his first three weeks because of injuries. His health is rapidly returning, from the severe cut that he received when he came to New York.

All former pupils and teachers of any who wish to see old friends are cordially invited to attend the fifth reunion of East Novi school to be held at the home of Mr. and Mrs. Steve Hicks on Saturday, August 4th, at noon. Pot-luck. Bring cups and silver. By order of secretary

Members of the Northville School Community band that played last Saturday night in front of the Elliott store, will play this Saturday evening on East Main street in front of the Northville Drug store. At the concert a week ago last Saturday, Charles Ponsford treated all the players to an ice cream soda and William Elliott did the same last Saturday night.

Three young fellows from Detroit Sunday, in driving their automobile towards Northville on the Novi road, hit the railroad tracks at such high speed that it threw them out of the roadway and into a creek between the road bridge and railroad bridge. The car was partly submerged in water. Not one in the party was injured, although the machine was badly wrecked.

F. S. Neal has in his possession probably the only automobile license plate issued by the state in 1909 that has been saved. The plate is unusual in many ways. Two heavy leather pieces are sewed over a metallic frame and on the leather are fastened the figures, large nickel plated pieces of metal. The license plate weight several pounds. The number is 10056 and was issued for one of those old time Cadillacs that F. S. used to drive around town.

While down to Detroit the other day taking part in the Commandery parade, Thomas Murray, young connection with Northville Masonic affairs, happened to meet Clay Pepper, appearing in the parade with the Ypsilanti Commandery, of which Mr. Pepper is now commander. Mr. Pepper is a former past master of the Northville Masonic Lodge. He also happened to meet Frank Carruthers, another past master of Northville Lodge who was with the Hastings Commandery of which he is a past commander. He is also a Northville past commander.

Mr. and Mrs. W. C. Nichols of Detroit, have been guests of Spencer Clark and family.

F. C. Evans and family started for their home in Waterbury, Connecticut, Tuesday morning.

Master Ronald Morris is in Redford visiting his aunt and uncle, Mr. and Mrs. George Hunt, for a few days.

Mr. and Mrs. P. V. Mundy, have moved to Lapeer, where Mr. Mundy is now engaged in the butcher business.

Milo Johnson has just completed the construction of a large porch on the side of his residence on West Main street.

S. Rosenthal of Chicago, came over to erect the seating which is being made at a local factory for Temple Zion of Northville.

Mr. and Mrs. J. L. Myers of Houston, Texas, were in town Monday, while Mr. Myers considered the question of selling Globe church furniture in his state.

E. S. Beard, Ray VanValkenburgh and Rev. F. P. Knowles attended the Presbyterian Laymen's club meeting in Detroit, a few days ago, when Dr. Mark Matthews of Seattle, made an address.

Mr. and Mrs. Frank Aldrich of Alpena have been guests of Mr. and Mrs. Milo Johnson for a few days. Mr. Aldrich served in the state legislature at the same time Mr. Johnson was in Lansing from Wayne county.

Mr. and Mrs. A. E. Cole, who have been visiting at the home of Mrs. Cole's parents Rev. and Mrs. F. B. Knowles, will start to drive to their home in Sandy Creek, New York, Friday. They have been here for about two weeks.

Rev. F. P. Knowles is very proud of his hollyhock garden he has back of his residence. There are twelve or fourteen different varieties, all being planted by himself. Right now they are in full bloom, and present a very attractive sight.

Mrs. Belle Shultz of Chicago is spending two weeks with her sister, Mrs. Adelia Brooks. Mrs. Shultz was accompanied here by her daughter and husband Mr. and Mrs. Oliver Eder and daughter who returned to Chicago Wednesday.

Rev. O. G. L. Ries has closed his practice in Northville and come to Detroit where he will be the chaplain to the German Lutheran church on Woodward and Linton. He is a graduate of the University of Michigan and has been a member of the church there.

Members of the city band provided some entertainment at the annual head dress ball of the Commandery House, the William H. Jackson Masterfraternity. It was their third annual. Tuesday evening all day long. The children were taken to the park early in the morning and brought home in the afternoon. Rotarians providing the transportation.

CHILDREN often lose their pep and vitality at this time of year.

Indigestion, sour stomach and constipation are frequent causes of this condition.

You can bring back the sparkle in the kiddies' eyes by the frequent use of the mild, effective, pleasant laxative.

**CHEVROLET MAKES
NEW AUTO HISTORY**

One of the most remarkable achievements ever recorded in the automobile industry comes to light today in the announcement, of R. H. Grant, vice-president of the Chevrolet Motor Company in charge of sales, that 750,000 "Bigger and Better" Chevrolets have been placed in the hands of owners since the introduction of the new car January first.

With deliveries to customers averaging 20,000 cars a week, Chevrolet is the first manufacturer of the year to establish a record of public acceptance or a new car unrivaled in the history of modern motor cars. Each week each month each quarter set a new mark for the corresponding period of any previous year.

Much of the credit for making possible this remarkable showing is given the efficient manufacturing organization and the tremendous production facilities employed by Chevrolet. Fourteen great factors in various sections of the country shared in the effort that enabled the sales division to make prompt deliveries immediately on the announcement of the car on January 1st.

From Oakland, Calif., to the great N. Y. factory wheels have been coming at a record rate since the first of the year, building the vehicles needed as fast as the exacting requirements of precision assembly could permit. The unusual speed shown by Chevrolet in the first seven months through the demand for 750,000 cars indicates general favor. Chevrolet will build and sell more than one million units in 1928, breaking at a wide margin all existing records for the manufacture and sale of a new model and number of passengers. Chevrolet, however, is the series largest automobile producer.

Perennials may be sown in the cold frame or the border the last of this month. Be sure there is good drainage where the seeds are to be planted and provide a fine bed worked or sifted soil composed of leaf mold, garden loam sand or well-rotted manure. Water the ground thoroughly before planting the seed. Cover the bed lightly and then place a thin mulch of straw or straw to keep moisture and heat. Water carefully and often.

Sow small or moderate-sized portions in warm weather and avoid waste. On warm days the appetite of the plant is active, as in the cold months. Choose cooling foods early in the hot part of the meal and give considerable attention to the preparation of the food and the table-cutlery materials on the part of the cook. It will be hard to find a better opportunity to do this.

Church Notices**Baptist**

Sunday morning service, 10:30. Sermon, "The Unknown God."

Sunday school, 11:45 C. E. Turnbull superintendent.

B. Y. P. U. meeting, 6:30. Topic, Do "Mission Lands Need Baptist Churches?"

Union service in Presbyterian church

Sunday evening, Rev. William Richards will preach.

Church prayer meeting Thursday night 7:30.

Presbyterian

Sunday morning worship at 10:30. Dr. G. E. Allen, a speaker of great ability, will speak in the interests of the Lord's Day Alliance.

Sunday school at noon. Lesson, "The First Foreign Missionaries."

Union evening service at 7:30 in our church. Rev. William Richards will preach. As this is our last union service for the summer let there be a full house.

Methodist

The pastor will have a message next Sabbath morning at 10:30 as he will be in Toledo this week until Friday attending the National Exchange convention. The topic will be announced for this year.

Make your plans for the Sabbath as in the meetings services for the summer. There is no reason why all the churches should not be filled these summer days.

The church school will meet at 12 noon, with Floyd Salow, superintendent.

In the evening the pastor will preach in the Presbyterian church, where all the churches will unite.

This is the final summer evening union service. There should be no empty pews out of a possible 600 people linked up with the Evangelical churches.

Sow small or moderate-sized portions in warm weather and avoid waste. On warm days the appetite of the plant is active, as in the cold months. Choose cooling foods early in the hot part of the meal and give considerable attention to the preparation of the food and the table-cutlery materials on the part of the cook. It will be hard to find a better opportunity to do this.

**OLD WILD CAT BANK
STILL STANDS OVER
ON GRAND RIVER**

Place Was Named Kensington but No Town Ever Existed There

In the westbound traveler on M-16 the old, dilapidated brick building just north of the concrete at the west approach to Livingston county, with its caved-in roof, paneless windows, old blinds and decayed brick roof, has little attraction or beauty. Yet here cluster tales of early Michigan finance. This building was once the Bank of Kensington, believed to be the sole survivor of the Wild Cat Banks that flourished under the early banking laws of Michigan.

A town never existed in Kensington, and according to the usual haunts of the Wild Cat in 1837, that may be the reason this bank was located at this point. It is reported that this breed of banks frequented forest depths and inaccessible places, far from civilization, for in concealment lay their prosperity.

During 1835-37 money was plentiful, speculation was everywhere, and with this early speculation, as ever since, wrongdoers were busy plundering the people, through pet schemes of banking and finance. The Bank of Kensington, one of the many that sprung up during this flush period, was established under the Act of November 15, 1837, and amended December 30, of the same year. Henry Fiske was president and F. Hutchinson cashier. When death came to the Wild Cat Banks by legislative act of 1838, the Bank of Kensington was listed as one of the outlaws, and Kinsley S. Birmingham of Green Oak township appointed receiver. The receivers report showed \$110,000.00 in engraved notes, of which \$55,750.00 worth were in circulation. The capital of the bank was \$50,000.00, of which only \$1,000 was paid in cash. The liabilities were many times the value of the assets.

Other banks in Michigan of the Wild Cat variety now recalled were the Bank of Shawassee, located near the present site of Owosso, another was located somewhere in Allegan county, and still another on the banks of Swan Creek, near the present site of the city of Monroe. Michigan Wild Cats were the same breed of banks as were known in New York state as Red Dogs.

Inquiring stories are told in annals where the old bank is mentioned.

spec these banking institutions. They here about us are multitudes of opportunities, and all we need is some beat them to it and transport the one to take up our cause and tell the seafaring species through trackless world our story of natural beauty histories from bank just inspected to story and romance. Our hills, streams, another awaiting the arrival or the lakes and forests should class these examiners. One examiner marked a chest of gold and the contents and found the same species offered for him to count as security three different species in as many obscure and inaccessible places. Another examiner cleverly returned two days after he had inspected a certain Wild Cat and the chest filled with security, species was not to be found. Later he found it at another bank some distance away when he called to make his inspection.

Such is the story of the Bank of Kensington. The old building now falls in ruin, unheeded and unsung.

It passes into oblivion for want of a champion to tell the passing multitude of travelers its romance of early Michigan Wild Cats.

We venture to say that if the promoters and boomers of the Irish Hills

and the U. S. 112 route across southern Michigan had this old bank on

their U. S. 112, it would be heralded

in the metropolitan dailies as "a historic spot second only in fame to the

famous inns where tamed Daniel

Webster" and other early travelers of fame. Where is the Irish Hills and

U. S. 112 boomer for U. S. 112? Livingston and Oakland counties have

many places of beauty and early ro-

mance. Nature has been good, and to

the credit of the Bank of Kensington,

many times the value of the assets

of the bank.

Other banks in Michigan of the

Wild Cat variety now recalled were

the Bank of Shawassee, located near

the present site of Owosso, another

was located somewhere in Allegan

county, and still another on the banks

of Swan Creek, near the present site

of the city of Monroe. Michigan Wild

Cats were the same breed of banks as

as were known in New York state as

Red Dogs.

Inquiring stories are told in annals where the old bank is mentioned.

school.

Miss Wheeler, deputy postmaster at Northville, has the measles. She broke out last week and took a vacation — Adrian Press.

Philips & Harmon are now engaged in manufacturing tinsmiths' and plumbers' soldering furnaces and torches and are doing a lively business in that line.

As at the present time there is no preacher in town, it is evidently no use for anybody to die or get married here, so it is best not to do either just now.

Births, however, are allowable. Some people go away from Northville for an outing and some people come to Northville, etc., and owing those who come express gratifying appreciation of the beauty and healthfulness of our village.

A Northville lady got lost in the huckleberry marsh this week, and but for the fortunate meeting of a guide, who turned her right about, she would have had to stay in the marsh over night. As it was, it was nearly dark before she reached the road.

Scherer & Cartermole have started

laying brick for their new block on

Center street.

Very thorough digging should be practiced throughout the summer on varieties of everbearing strawberries, as an adequate and constant supply of moisture is necessary to insure a large crop of fruit in the late summer and fall. Unless a mulch is used, digging

should be continued until late autumn.

Prof. J. J. Hornberger came to

and in periods of drought the culti-

vator should be used as often as once

every week, and to take charge of the Northville a week

YOU WILL BE SATISFIED

When you put up a building, it is a most important thing to the average person. You want to be sure that it is going to satisfy you when it is completed. I make it my business to satisfy those I am building for. Bids furnished on houses, garages, business blocks, etc.

FULLER ANNOUNCES**PRIZES OFFERED AT****THE STATE FAIR****Pets as Well as Birds**
Will be Strongly
Featured

A. E. Fuller, member of the state fair board and in charge of the poultry department of the state fair, has announced that Michigan poultry and pet stock raisers are offered \$9,767 in premiums at the state fair, September 2 to 8; thus year, with a wide range of classifications which the board of managers expects will attract the support of the leading exhibitors of the state. As the state fair is the culmination of the season's activities, this will bring together the pick of the exhibits from the county fairs throughout the state. It is believed that the show will nearly equal that of the Northville Wayne County Fair.

In the production birds class \$540 in prizes is offered, and in the exhibition class \$1,092 is hung up. In addition to this laying contest, open to Michigan breeders only, is scheduled with \$10 in prizes. A miscellaneous class, covering Polish, Hamburg, Houdan, Crevecoeur, La Flesches, Faverolles, Campine and Buttercups is provided with total prizes of \$1,040, while \$624 is offered for games and game bantams with \$669 for ornamental bantams.

Canaries are provided for with \$50 in prizes, while \$6 is offered for ornamental fowls including peacocks and guineas. A class is set for turkeys with \$240 in prizes, while for ducks there is \$30, and \$28 for geese.

A large pigeon entry list is expected to be attracted by the \$1,793 in prize money hung up.

Rabbit and cavies are provided for with \$812.75 offered for the former and \$81 for the latter.

Husband and hog calling contests are set for Thursday afternoon, September 6th at 3:00 p.m., with \$30 in prizes. The hog calling is open to any farmer

in the wide world, while the husband calling is open to any member of the gentler sex between eight and eighty who has now, ever done, have or ever expects to have a husband."

"The calling should smack of originality," according to Fair officials, "to the end that each husband may distinguish the voice of his own wife from that of his neighbors." And while the appearance and facial expression of the caller in action will be taken into consideration in the hog calling contest, this will not be reckoned within the husband calling in order that the judges may be relieved of embarrassment.

The entertainment program will include 21 acts of vaudeville and will be given twice daily, afternoons and evenings, in front of the grandstand, from Monday to Saturday inclusive.

The afternoon program will include harness racing, featuring some of the best known horses and riders in the country, while in the evening the vaudeville will be augmented by the spectacular fireworks display and Oriental pageant—"A Night in Bagdad." Al Sweet's band will accompany the vaudeville.

Headliners on the program will include: The Curlass Animal Circus, Christensen's Horses, Eight Santatos, Wilson-Aubrey Duo, Chie Currah, Ten Kigutas, Duncan's Collees, Auto Polo and Billy Lorette, famous circus clown.

On Saturday afternoon there will be a spectacular auto race under the official sanction of the A.A.A. with some of the best known racing drivers in the country participating.

Late Commissioner John Philip Souza and his band will open the fair Sunday afternoon with a sacred concert in the Coliseum and a patriotic concert in the evening. He will give two concerts daily during the fair.

RADIOATIC**PARCEL POST ADDS SPECIAL DELIVERY TO USUAL SERVICE**

New Plan Valuable to Those Who Handle Perishable Goods

New rulings of the postoffice department announced here this week by Postmaster Frank Neal are of interest to those who may have occasion to use parcel post, especially for shipment of chicks or other shipments, which may require special handling and immediate delivery.

"Under a new law enacted by the last congress and made effective on July 1, 1928, a new service was created with reference particularly to the expedited handling and delivery of parcel post. While this new service is special delivery, it has the effect of making all classes of mail, except the first, namely, the second-class mail, the third-class mail, and the fourth-class mail, all have the same expeditious treatment as first class mail in transit, plus special delivery at the office of the addressee by marking the same 'Special Delivery' and placing on such mail the following postage in addition to the regular postage, namely, 15¢ on matter weighing not more than two pounds; 25¢ on matter weighing more than two pounds, but not more than ten pounds; 35¢ on matter weighing more than ten pounds.

It is necessary to put on the additional postage as above stated and mark it 'special delivery.' It is a combination of the former 'special handling' service and the 'special delivery' service. It will be seen that the combined service is cheaper than the sum of the cost of the two former services.

Mailers desiring 'special-handling' service in transit without 'special delivery' at the office of the addressee may, if they desire, secure this service at the following rates, namely, 10¢ on parcels weighing more than 2 pounds but not more than 10 pounds; 20¢ on parcels weighing more than 10 pounds. There is no 'special delivery' now which does not carry with it also special handling in transit, so that if the mailer purchases 'special-delivery' service now as above specified he thereby secures also special-handling service.

Calls Attention to

Northeastern MICHIGAN

In the Lower Peninsula)

Water-washed air, cleansed by Lake Huron's crystal waters, sweeps across the altitudes of Northeastern Michigan, giving that section an invigorating summer climate.

The well-shaded, broad beaches of scores of beautiful inland lakes are joined by excellent highways, making this vacation land quickly accessible to the entire population of the Middle West. Important industrial, banking and trading centers dot the district. Rivers, too, contribute to the attractiveness of the section. The far-famed Au Sable courses its way 250 miles through forests, between high bluffs and past green meadows. To this region, the visitor always will feel the urge to return.

The vacationist is only as far from home as the nearest telephone. And, Long Distance Rates Are Surprisingly Low. Note the following Day Station-to-Station rates for a three-minute conversation, between 4:30 a.m. and 7:00 p.m., to representative points in Northeastern Michigan.

**BUICK MOTOR CAR
CELEBRATES ITS
25TH BIRTHDAY**

Silver Anniversary Being
Observed—Record of
Achievement

By E. A. Waters, Chief Engineer,
Buick Motor Company

"Silver Anniversary Buick" is more than a phrase coined to designate the new line of motor cars which Buick is launching today. It is the owner's assurance of authoritative design, sound engineering, and expert workmanship—all the qualities which have won Buick undisputed leadership in its building has taught us to embody in field.

Buick offers its new line. "Buick" is synonymous everywhere with reliability, sound engineering and finest motor cars and the most outstanding values obtainable anywhere.

Today, Buick has climbed laboriously to its high position and confidently expects to re-

main there by dint of the same sort of hard work.

Silber Anniversary Buick is a phrase packed with sentiment to many of us old-timers here at Flint, and to the public it is even more chosen to designate this new car.

It is the fulfillment of the old pledge. When Better Automobiles are Built, Buick Will Build Them.

Here's a good menu for a company lunch at this season. Chicken leaf-salad; hot Sally Lunn; ice cream with fresh strawberry sauce; angel food cake.
