TRAINING SCHOOL CHIEF TALKS TO LOCAL ROTARIANS

Dr. Robert Haskell Tells of Work Being Done at School

Dr. Robert Haskell, medical superintendent of the Wayne County Training school, was the speaker Monday before members of the Northville Rotary club. His talk, a most interesting one, dealt entirely with the institution over which he presides. Its growth from the time it was established, something like two years ago, been remarkable. During that time more admissions have been made than in two similar institutions in one of the thickly populated eastern states, he said.

"We do not take foolish children into the institution. We admit only those that we think through the kind of training we give can be properly fitted into some place in the social life of the country. We are training them during the 24 hours of the day. Everything we do at the institution is towards the requirements of the children. Education is one of the large features of our place," he said.

"We have many special classes for training along various lines. Sometimes we find that a child can't be taught to be more useful with his hands and so we try to find something it can do that way."

The recreational aspects of our place are plentiful. All play is supervised. Our school runs eleven months of the year. At present some of the children who have suitable homes are permitted to return home for a few weeks. Others who are not sent to their homes are taken on picnics here and there. Today a number of the children are at Island lake.

"We try to have the children do everything possible, so that they may know just how things should be done. Our gardens and our farms are practically all carried on through the efforts of the children. To give you an example, up to the present time this year we have produced 200 bushels of string beans which have been used at the school from our own gardens."

Or Haskell invited members of the club to visit the school at anytime so the members might get first hand information as to what it is doing.

**BELIEVES THERE IS

RUMORS OF GRAFT**

Local Member of Board of
Committee Thinks Its
All Talk

I don't think there is anything to it. I have never heard or seen anything which would make me think there was anything wrong with the selection of the airport site," stated William Ely supervisor of Northville township and a member of the ways and means committee on the board of supervisors, when asked yesterday pertaining to the charges that have been made by certain Detroit real estate men, that a "jack-pot" of \$50,000 was necessary in order to have the site definitely selected.

According to information given out in Detroit during the past few days there is an investigation being conducted by the prosecuting attorney's office and charges of attempted bribery into the selection of an airport site for the city of Detroit.

Northville residents are also greatly interested in the assertion of William H. Maybury, head of the Maybury Seminary and another member of the board of supervisors, that the facts so far developed warrant the fullest investigation into the rumors.

**LANGFIELDS OUT
OF CHEMICAL CO.**

All interests of Edward C. Langfield and those of his son Conrad, in the Northville Chemical company, has been disposed of to the owners of the Dot Chemical company, and both have now retired from the business. Under the terms of the sale made last winter, Mr. Langfield, Sr., was to remain with the company for six months, and the six months period has now expired.

The company will remain in its present location, Conrad Langfield, has for sometime past been devoting his entire time to the Solvite business and Mr. Langfield, Sr., will continue his many other activities, many of them of a public nature.

The Northville Chemical company was built up by the Langfields to a point where it is one of the largest concerns in the country of its kind.

The new owners hope to continue the development of the business.

TWO WOMEN HURT IN AUTO ACCIDENT SUNDAY AFTERNOON

Collision of Cars at Novi
and South Lyon
Roads

Mrs. John Armstrong and Mrs. Charles Briscoe, both of Wyandotte, were seriously injured Sunday when the automobile they were riding in was in a collision at the intersection of the South Lyon and Novi roads. Their husbands, who were in the car with them, escaped with only slight injuries. The car was badly wrecked.

The driver of the machine that collided with them, escaped injury.

The accident, one of a series of one of the many unprotected corners in Oakland county, took place Sunday afternoon about 4 o'clock.

The injured were brought to Atchison hospital where their injuries were cared for. Later they were removed to their homes in Wyandotte.

NORTHVILLE LAD WINS HIGH PLACE IN MUSICAL WORLD

Howard Colf Named as
Concert Master for KSTP
Orchestra

Three years ago when Henry Verbrugghen, director of the Minneapolis Symphony Orchestra, was in Chicago looking over new material for his orchestra he came upon a brilliant 18-year-old musician from Northville, and selected him to come to Minneapolis for his young section.

Last week Henry C. Worpnick, first

list of the Minneapolis Symphony

Orchestra and director of the National

Battery Symphony Orchestra of KSTP

in calling the country for talent to

augment his musical group, chose

Howard Colf, this same individual as

his concert master for the KSTP or-

chestra.

Mr. Colf started to play when he was ten years old. His father had hopes of Howard studying for a professional career but the urging of his mother and young Colf took up a fiddle for the first time.

Mr. Colf is only 21 years old and holds the highest position in the National Battery Symphony Orchestra, next to Director Verbrugghen himself.

While in Chicago he won numerous awards in many national contests with his violin and also won the praise of many symphony orchestra leaders before Mr. Verbrugghen brought him to the Twin Cities.

He left his home in Northville when he was 10 years old to study in Chicago under the direction of Leon Samentini, head of the John department of the Chicago Musical College. He continued his study until he was selected to join the Minneapolis symphony while playing with the Chicago Civic Orchestra.

He has just returned from a seven-week outing in the north woods near Vermilion where he spent considerable time "playing to the pines" and enjoying outdoor life. During his vacation in the north woods, he developed a mustache which he hoped would hide his youth and make his older look in the eyes of his fellow musicians, but his playing according to Director Worpnick, is sufficient to give him the highest ranking playing position in the KSTP orchestra.

The next regular meeting of Forget-

Me-Not live will be held on Monday evening, August 26th, at 7:30. The final arrangements will be made for the annual picnic to be held on Thursday, August 23rd.

Dr. Handorf removed Keith Avey's tonsils at the Sessions hospital last Sunday.

EVERYBODY INVITED FOR NORTHVILLE PICNIC AT EDGEWATER THURSDAY

Next Thursday is Northville day at the Edgewater amusement park on the Seven-Mile road, just east of Grand River.

In this issue of the Record is a page advertisement devoted to the affair. Read it. It will tell you where you can get the tickets for the free rides. They will be ready for you.

The whole town is going on a big picnic. Not only the whole town, but all its neighbors in and around Northville have been invited.

MICHIGAN IS AIR MAIL CENTER OF ENTIRE COUNTRY

Congressman Hudson Tells
of Great Industrial
Growth Here

As an indication of the tremendous growth of Michigan as the coming industrial center of the country recent information, given out by the Post Office department shows that Michigan has twice as many cities served by air mail as any other state in the union and we should not overlook the fact that the deep waterways project means more to this locality than anything that has ever happened in the past," stated Congressman Grant Hudson in a talk Monday to members of the Northville Rotary club.

Congressman Hudson was a guest of Edward H. Laplaine, as was also Postmaster F. S. Neal.

The representative from this district was given a warm welcome by the Rotarians when introduced by President H. H. Burkhardt.

"I am glad to be present at a meeting of the Northville Rotary Club. I have long been a Rotarian and I know the good organization accomplishes. Recently at a meeting of the club in Washington there were present 62 representatives from various countries of the world.

"There is not the slightest doubt but through the good will and services of the club more is being accomplished towards world peace than through all the treaties ever prepared."

"It is, like all other luncheon clubs, doing a public good."

WORK ON PLANS TO PROVIDE PLACES TO PARK MACHINES

Expect Big Increase in
Number of Cars Dur-
ing Fair Week

Officials of the Northville Wayne
County Fair Association of the village of Northville have started a study of the parking problem that will be necessary as a result of the inaugurations of a free fair in Northville.

If the same great crowds come here

as go to other fairs every year and every vacant lot or blocks around the fair grounds will be needed for parking purposes and it is for this reason that the officials have already

started to work out a plan to take care of the thousands of cars that must be

cared for during the fair week.

Bernie of the increased size of the

grandstand, the utilization of more

ground for exhibition purposes and the general expansion due to arrangements for the free fair, it will be

impossible to park cars within the fair grounds. In the past officials have

permitted cars to be driven within the race track but this will be impossible from now on because of the changes made by the free fair plan.

Fortunately for Northville is the fact that within the vicinity of the fair grounds are a large number of vacant lots and streets that can be used for parking purposes. It is the intention of the proper officials to see to it that fair visitors have a place to park their machines and it is for that reason that they have already started working out the details.

Dr. and Mrs. A. S. Marhoff and son, Edward of Michigan City, Indiana, and Miss Ruth Clark of North Manchester, Indiana, are visiting at the home of Mrs. Marhoff's parents, Mr. and Mrs. George Stump of Cadiz street.

Mr. and Mrs. F. S. Neal spent Tuesday visiting Mr. and Mrs. Roy Crowe at Bass Lake over near Dexter where Mr. and Mrs. Crowe are spending their vacation.

Over to Edgewater, say the Exchangites—and you will have a wonderful time.

Over 10,000 free rides are going to be given away to the children of Northville—and the grown-ups too, by members of the Northville Exchange club.

The whole town is going on a big picnic. Not only the whole town, but all its neighbors in and around Northville have been invited.

Besides the free rides, there are a

lot of free attractions and Manager McCallister says the whole park belongs to Northville for that day. In

EXCHANGITES TO BUILD NEW BARN FOR JOHN SCIPO

For over half a century John Scipo, the only colored resident of the community, has acted as the errand boy to the town. If John Jones wanted a pile of ashes removed, it was John who did it. If Sam Jones wanted some excellent fencing for the club to erect a new barn for Scipo before the snow begins blowing again, Amen," said every member of the club present. So the Exchangites are going to get busy at once, secure the material and some cool day they are going down there, year the old barn down and put him up another winter, but a heavy snow.

HE DIDN'T WRITE HOME—STRANGERS ATTEND FUNERAL

Parents Learn of His Death
After Final Rites Have
Been Held

Five years ago Albert Maras, a young farmer lad of 20 years, left the home of his parents up in Minnesota to go to a factory city to work. He drifted to Flint where he was employed in the automobile factories of that place.

Weeks turned into months and months to years—and during all the time he never sent a letter home.

Then he was stricken with tuberculosis. Health officials of Flint sent him to Eastman sanatorium.

His condition grew worse. A short time ago Dr. Wickham advised the young man that there was little hope for his recovery and asked him if he didn't have a relative somewhere in the world that he wanted to let know of his condition.

It was then that word was sent to his parents way up in Minnesota. The message that their son was soon to die was their first word they had heard of him in the five years he had been away.

It was but a few hours later that the young man died.

His body was removed to the Schrader undertaking parlor.

Hospital officials and Nelson Schrader waited for some word from his parents. Finally it became necessary to bury the body.

When the young man died his earthly possessions consisted of his old clothing that he wore when he came to the hospital.

But did Nelson Schrader place him in a cheap pine box and dump him into a grave over in the Potter's field?

Not the undertaker who has been ministered to the grief-stricken of the community! That is something he has never done.

With no one offering to pay a cent for anything the body of the young man was placed in an attractive casket.

I guess we'd better have a funeral for the young man. There might be some one who cares somewhere," said Mr. Schrader to Rev. William Rickards over the phone. Yes, you are right," declared the minister.

So services were held in the Schrader funeral home. A number of friends were called by Mr. Schrader who acted as pall bearers. Albert Maras, a fairman boy with no one but strangers at his bed, was given a respectable burial in Rural Hill cemetery—and his body does not lie in Potter's field.

"We have come to see Albert Maras, who is seriously ill here," said an elderly couple a few days after the funeral had been held, as they entered the office at Eastman.

It was the father and mother. They had not been able to leave when word was received by them of the critical condition of their son—and then it was necessary for them to drive here in a Ford car of other days.

"He was always a good boy but he wanted to go to the big cities to work and that I guess accounts for it all," said the mother. They were taken over to the cemetery and shown the final resting place of their boy.

"We are indeed grateful to all you who have been so kind to us. Possibly some day we will be able to repay a little part of the expense. We are glad to know that our boy was given a good funeral" and the mother turned from the grave of her son and with her aged husband, started back to the home in Minnesota. Her grief was lightened by the fact that the son who had forgotten his parents had not been forgotten by strangers.

WHAT THE FUTURE HOLDS FOR THIS PART OF COUNTY

Charles D.olph Believes
Northville Will Be Big
"Home City"

Charles Dolph, for many years one of Northville's best known citizens, active in industrial matters and several times president of the village, believes that Northville is destined to become one of the finest residential sections around Detroit. While he predicts a certain industrial growth, he believes that because of many exceptional advantages of this section that Northville will be one of the finest places within the so-called metropolitan district of Detroit in which to live.

He says:

"The nature of our growth as a community being confined to certain limits, our leaders have their problem in the question of how best to keep and serve a larger number of people.

Folks generally like to live where their interests are well cared for and where the expenses of maintaining a home do not eat up all their possible income.

The mounting taxes in villages, spates and floods is a menace in many respects and rigid economy is the watch word of the hour. An exceedingly low tax rate could indicate lack of improvement while high taxes send folks elsewhere.

The trend of growth can be carefully studied so as to know in what direction public work should be done, what class of people are coming and kind of homes that are desired.

"The question of paved streets is more than two thirds solved and the remainder will receive attention as funds are available. The approaches to town are not such as will provoke favorable comment. There is a great chance on the six entrances to the village to make them speak volumes.

"Surface drainage is a factor that looks large. As the town is built upon gradually ascending slopes there are a number of difficult features to overcome to carry away heavy downpours of rain.

One or two good parks are much needed. Open spaces are worth a lot to any community. The city hall property is only a beginning and some favorable spots should be acquired with little delay.

With the best water in Wayne County additional supplies should be secured so that as the population increases, the needs can be met at once. We have fine system and it is very kept.

The sewage system is of untold worth from health standpoint and is built for a larger population than we have. It can be enlarged when the time comes.

A proper building code is one great need so that the building and improvement operations can be standardized. It would also be of immense value in establishing grades and sidewalks.

A comprehensive plan should be made so that our future growth may be orderly and civic needs cared for promptly. With a plan made implementing efforts should follow to secure the fullest co-operation of all

WAYNE IS PLEASED WITH PLAYING OF NORTHVILLE BAND**Organization Asked to Play For Second Day of Big Celebration**

So satisfactory was the playing of the Northville Community School band at Wayne last Friday that the officials or the home coming celebration extended an invitation for the band to return on the following day to give a concert series for the entertainment of the great crowds that had come to attend the celebration.

The band on Friday made its appearance in the parade, and according to Edward C. Langfield and others who witnessed the event the youthful players marched like a veteran musical organization.

For their services in Wayne the young players were well paid by the Wayne committee. They were not only given pay for their playing, but their meals were provided, and they were treated to all the good things that Wayne had to offer. Every one in the band spoke highly of the splendid treatment accorded them in Wayne.

The concert tomorrow evening in Northville will be on North Center street, near the Ely Coal Office. A big crowd heard the band last Saturday evening when it played on West Main street. The business in that end of town greatly appreciate the music, and expressed their approval in many ways.

The band through its regular practice and the fact that it has been asked to play so much, is becoming exceedingly proficient, and by the end of another year there will not be a better school musical organization in Michigan than the Northville band.

DEHOOCO DEFEATS MUNICIPAL CLUB

Sunday August 12th DeHoCo defeated Detroit Municipal club at DeHoCo Park, 8 to 6.

This was the third game with the Munies this season in the Inter-County League, the first and second being split even.

In Sunday's fracas DeHoCo, mindful of a previous defeat, started out with a savage attack and gathered 4 in the first and 4 in the second. The rest of the route was scoreless but eight was a margin of safety sufficient to win.

DeHoCo's play was ragged, eight

errors and only seven hits making a winner, while the munies with eleven hits and four errors, only half as bad as DeHoCo, took the loser's end. You never can tell in a ball game.

Following are the results of games

played by DeHoCo during the week ending August 12th.

August 8th, at Old Mill, DeHoCo 11,

Rudson 4. August 9th, at Milford, De-

HoCo 5. General Motors 6. August

10th, at Old Mill, DeHoCo 5 Plymouth

August 11th, at Old Mill, DeHoCo 0.

West Point 9.

This last game was forfeited to West

Point when the DeHoCo Manager called

the team off the field in protest of

what appeared to be a flagrant error

of judgement on the part of Umpire

O'Mara.

Next Sunday, August 19th, DeHoCo

will journey to Holly to engage in an

Inter-County League game. DeHoCo

and Holly are now tied for first place

in the league standing and thus should

develop into a hard fought contest to

determine who will occupy the top

PRIMARY ELECTION NOTICE.

Notice is hereby given that a General Primary Election will be held in the Township of Northville, county of Wayne, state of Michigan, at the Village hall, at Old Mill, DeHoCo 5 Plymouth

TUESDAY, SEPTEMBER 4, 1928.

For the purpose of placing in nomination for all political parties participating therein, candidates for the following offices, viz:

United States Senator, full term; one candidate for United States Senator to fill

vacancy in November election; in case of

any vacancy in any delegation from any election, precinct, township, or

ward, to the county convention, such

vacancy shall be filled by the delegates

present from the ward or township in

which the vacancy occurs.

The state central committee of each

political party shall, at least thirty

days before the September primary

hereinafter provided for, cause to be forwarded by mail to the chairman of the county committee of such party, a copy

of the call for the full state convention

showing the number of delegates

to which such county shall be entititled in the state convention of such party, and the said state central committee shall apportion such delegates

to the several counties in proportion

and according to the number of votes

cast for the candidate of such party

by the secretary of state in each of said

counties, respectively, at the last

preceding November election.

Delegates to the Hall county conven-

tion shall be elected by election pre-

cincts and the county clerk shall notify

by mail each person elected as such

delegates to the Hall county conven-

tion.

The required number of electors to

receive the highest number of votes for

delegates to the Hall county conven-

tion of any political party shall be declared

by the board of primary inspectors to

be elected.

The board of primary election in-

spectors shall certify to the county

clerk the names of the electors so

elected, as delegates naming the politi-

cal party upon whose ballot such

electors were elected. The county clerk

shall notify each delegate so elected of

his election as such delegate and shall

certify to the chairman of the county

committees of each political party of

the county the delegates elected by

such political party as delegates to the

fall county convention.

Suggestions Relative to Voting.

Separate ballots for each political

party will be provided. The election

must name the political party of his

choice when voting for a ballot and in

registering his ballot must make a cross

in the square to the left of the name

of each candidate for whom he desires

to vote, and can vote for only one can-

didate, except where two or more can-

didates are to be nominated in which

case he should vote for two or

the number to be nominated.

The polls of said election will be

open 6:00 o'clock a.m. and will re-

main open until 5:00 o'clock p.m. on

the day of election, unless the board

of election inspectors say, in their

discretion, adjourn the polls at 12:00

o'clock, noon, for one hour.

WHISTLE TAKES PLACE OF BELL ON LAKE STEAMERS

Story of Interesting Change of Signalling Told by Master

The steamboat whistle was unknown on the Great Lakes as late as the year 1843, and up to that time lake sailors used alarm-bells placed high above the walking beam of the engine for signalling purposes," said Capt. Lee C. DeNile, master of the steamer "Greater Buffalo," of the Detroit & Cleveland Navigation company. "The earliest steamboats on the lakes were equipped with a canon, which was fired when nearing port, and was also discharged half an hour before leaving time."

"The story of the development of the steam whistle as handed down by the old-timers on the lakes has it that Chief Engineer William McGee, of the steamboat Rochester, devised the first whistle operated by steam from a sketch he saw in an English magazine," said DeNile. "The whistle constructed by McGee is said to have given forth a most ear-piercing screech that startled the natives on the shore, and was employed on the Rochester more for amusement than for practical use."

"On the first trip when the Rochester was steaming northward on Lake Huron, it is related, she overhauled the propeller. General Porter, with Capt. Gager in command, McGee, it is said, had a grudge against Capt. Gager, so to annoy his enemy he opened up the whistle and continued the terrible din until the Porter was out of hearing."

REFRIGERATION
by
ICE OR ELECTRICALLY
is a
HEALTH NECESSITY

When food is kept from day to day, some means of refrigeration is absolutely necessary. Above a temperature of 50° food decays rapidly and health is endangered. Refrigeration means economy, too, because less food is wasted through spoilage.

The Detroit Edison Company serves twenty-five manufacturers of ice in Detroit and southeastern Michigan. These ice supply companies render prompt and courteous service. Ice is an especially low priced means of refrigeration—an inexpensive health protection. You will use less ice and keep your refrigerator cooler if you keep the ice com-

partment well-filled at all times.

The unquestioned convenience of Electric Refrigeration makes it ideal for the modern comfortable home. Once the Electric Refrigerator is connected it rarely requires attention. An Electric Refrigerator is more than a means for preserving food—it is an Electric Appliance for preparing tasty frozen recipes of all kinds the year 'round.

Electric Refrigerators may be purchased by small monthly payments at any office of

PRIMARY ELECTION NOTICE.

Notice is hereby given that a General Primary Election will be held in the Township of Northville, county of Oakland, state of Michigan, at Novi Town Hall, within said township, on

TUESDAY, SEPTEMBER 4, 1928.

For the purpose of placing in nomination by all political parties participating therein, candidates for the following offices, viz:

National—One candidate for United States Senator, full term; one candidate for United States Senator to fill vacancy.

State—One candidate for Governor; one candidate for Lieutenant Governor; one candidate for Congress.

Local—One candidate for Representative in Congress for the Congressional district of which said township forms a part.

Legislative—One candidate for Sen-

ator in the State Legislature for the Senatorial district of which said township forms a part.

One candidate for Representative in the state legislative district of which said township forms a part.

County—Also candidates for the following county offices, viz.: Judge of Probate, Prosecuting Attorney, Sheriff, Clerk, County Treasurer, Register of Deeds, County Auditor in counties electing an auditor, Circuit Court Commissioner, Drain Commissioner, Coroners, Surveyor, Road Commissioner.

Delegates to County Conventions.

There shall also be elected at said primary, by direct vote of the registered and qualified voters of each political party in each county, as many delegates in each township, ward or precinct, as the case may be, as such political party in such township, ward or precinct shall be entitled to by such delegation by the county committee of such political party for the county convention thereafter to be held by such political party within said county, in that year, for the purpose of electing delegates to the state convention called for the purpose of nominating candidates for state offices to be elected at the November election. In case of any vacancy in any delegate from any election, present township or ward, to the county convention, such vacancy shall be filled by the delegates to the county convention.

Delegates to the Fall county convention shall be elected by election precincts and the county clerk shall notify by mail each person elected as such delegate.

The required number of electors to elect the highest number of votes for delegates to the Fall county convention of any political party, shall be declared by the board of primary inspectors to be elected.

The board of primary election inspectors shall certify to the county clerk the names of the electors so elected, as delegates, naming the political party upon whose ballot such electors were elected. The county clerk shall notify each delegate so elected of his selection as such delegate, and shall certify to the chairman of the county committee of each political party of the county, the delegates elected to the county convention.

Suggestions Relative to Voting.

Separate ballots for each political party will be provided. The elector must name the political party of his choice when asking for a ballot and in marking his ballot must make a cross in the square to the left of the name of each candidate for whom he desires to vote and can vote for only one candidate except where two or more candidates are to be nominated in which case he should vote for two or the number to be nominated.

The polls of said election will be open at 7:00 o'clock A.M. and will remain open until 5:00 o'clock P.M. of said day of election unless the board of election inspectors shall in their discretion adjourn the polls at 12:00 o'clock noon for one hour.

MORTGAGE SALE

Default having been made in the conditions of a certain mortgage made by Fred E. VanAtta and Gertrude M. VanAtta, his wife, of Northville, Michigan, to Carmi G. Benton of the same place, dated the 8th day of November A.D. 1927 and recorded in the office of the register of deeds for the county of Wayne and State of Michigan on the 11th day of November A.D. 1927 in book 2043 of mortgages on page 610, said mortgage providing that the whole of said principal sum shall become due and payable after default for more than thirty (30) days in the payment of any instalment of principal or interest upon said indebtedness or on tax assessments or maintenance payments due to the owner, though notwithstanding

any provision to the contrary in the mortgage.

WHEREAS by reason of the above default the owner, principal, in the above mentioned mortgage of interest herein, is in arrears and is due in full, it is claimed to be due and is due and unpaid at the time of his notice of a particular, yet unpaid and unexecuted, amount of \$1,000. The said L. B. and Earl Banks, husband and wife, do hereby declare that they have been fully paid up in full for the amount of \$1,000.00 and that the title to the property is hereby given by them to the holder of the above named mortgage, and that they have no further claim or right to the property.

On the 1st day of October, 1928,

the date of recordation of the above

mortgage, the holder of the same

will sell the same to the highest bidder at public auction to be held at the

date and place of recordation of the

above named mortgage, or if no bid

is made, then to the highest bidder at

the date and place of recordation of the

above named mortgage.

Sunday school and Bible class at 10 a.m.

On the first Sunday of each month services are held in the German language. All other Sundays in the American language. Strangers and people in and about Northville without a church home are cordially invited to attend the services. The pastor will gladly make the acquaintance of all strangers. His residence is 106 Dubar street, and his telephone number is 181.

Methodist Episcopal Church

Next Sunday morning the pastor will speak on "Reviving the Tribe." We have often heard of "Redeeming the Time," but no instance probably where time was turned back. We are glad while not in large numbers the parents

are interested in letting their children attend the Junior church.

We welcome old and young at 10:30. Let us continue our interest in our church school with brother Salow superintending. Everybody stay after service at 12 noon.

No evening services during August. Brother Priest holds his own services in the Baptist church at 7:30 to which all are welcome.

Wouldn't you prefer a car built in the World's Most Modern Automobile Plant?

Today you demand infinitely more in your automobile than you did five years ago. In order to satisfy you, Oakland now builds the All-American Six and the Pontiac Six with greater care than ever before.

Oakland and Pontiac Sixes are built in factories constructed almost entirely within the past two years.

Oakland is constantly discarding and replacing equipment, content to use only the very newest, most accurate designs. Oakland inspection standards are second to none.

Wouldn't you prefer a car built in the world's most modern automobile plant with standards of precision such as Oakland employs? Drive an All-American Six or a Pontiac Six, and you'll find the answer in superior performance, stamina and reliability.

Oakland All-American Six, \$1045 to \$1265. Pontiac Six, \$745 to \$875. All prices at factory. Check Oakland-Pontiac delivered prices—they include freight and handling charges. General Motors Time Plan Plan available on reasonable rates.

To All Owners of DODGE BROTHERS MOTOR CARS

PAST, PRESENT AND FUTURE

by
WALTER P. CHRYSLER

You, more than anyone else, are entitled to know the purpose behind our recent acquisition of the assets and facilities of Dodge Brothers, Inc.

For upon that purpose depends the security of our investment in Dodge Brothers products.

In acquiring Dodge Brothers, Inc. for the Chrysler Corporation, we have secured one of the largest and most modern automobile factories in the world and in it an organization of exceptional ability.

We intend that these facilities shall be utilized to increase the value and quality in Dodge Brothers cars and Graham Brothers Trucks and Motor Coaches. We have secured, in addition, a dealer organization that has always been recognized as one of the finest in the industry.

It is our intention to deserve the continued loyalty of this group of substantial, progressive merchants by making it possible for them to enjoy increasing prosperity through the sale of Dodge Brothers products.

We have secured, moreover, that which transcends in importance either Dodge Brothers superb plant equipment or Dodge Brothers splendid dealer organization. For we have become the lawful heirs of Dodge Brothers Good Name, with all the solemn obligation which that inheritance implies.

We have become the trustees of Dodge Brothers good faith to their customers, and it is our purpose to execute that trust with fidelity.

The priceless identity of all Dodge Brothers products will be preserved—as well as the sound policies that have made the words Dodge Brothers synonymous with Honest Value and Dependability.

Dodge Brothers Works will continue to produce Dodge Brothers Motor Cars and Graham Brothers commercial vehicles. Dodge Brothers dealers will continue to sell and service them.

The men to whose capable support the success of the Chrysler Corporation is due, unite with me in pledging perpetuation of Dodge Brothers ideals, to the end that a Good Name may be made still better.

W. P. Chrysler

NORTHVILLE, MICHIGAN, FRIDAY, AUGUST 17, 1928

HIS FIRST JOB
No one in Wayne county is especially interested in who is going to be chief of police or police commissioner or police whatnot in Kalamazoo. The metropolis of southwestern Michigan has just had one of its tri-weekly shakeups in the police department and has elevated as the 9348th head of the department, a school athletics director from somewhere over near Pidunk or Cloverdale. He must be wonderfully equipped by experience and training for his new place, and therefore we suggest to such a high-grade police official as he is sure to make that one of his first duties to "remake" the corner of Main and Burdick streets one of those "braying" policemen and put a fellow on the job who can sell a little louder. Mayor over around Cloverdale they have a hog caller who can do a little better, we think that if the department had not only one but possibly three or four of these nationally-advertised "hog callers" it might help out some. Happened to be standing on the corner in question a while ago and noticed several auto drivers from out of the state being hawed out by the chief bawler on the corner. It's a great way to advertise a good town and that is why we are suggesting the addition of a few real vocal artists to the Kalamazoo police department pay-off.

WHY THE CRAZE?

A country editor up at Cadillac painted Buck's hat, apparently gone crazy over the subject of "free publicity." He says it is "the very vital" part of the newspaper business. Let's hope you'll be treated well. Buck and I do our share in this, we're one of the big public relations men in the state, and we're not the only ones. We've got a lot of people that will stand for us, but we're not them. It is due to me if the two of us stand up to the editor. You can't blame me one bit, I'm not at all afraid they can. That's the truth. And in the days there were a lot of编辑者, like the there are saps-heads in every one of them, and in them have not come enough to know what and how to use the material that come to them. That's no sign the world is coming to an end. There surely must be a lot of things up in Cailliac that need attention. Wouldn't it be better if our Cadillac editor devoted the time and energy to his community than he is giving in an effort to reform a lot of stubborn newspaper publishers who do not desire to quit chewing or cursing?

Mrs Marguerite Molach of Alameda, California, was a week-end visitor at the home of her sister, Mrs John K. Nelson.

A son was born Tuesday forenoon to Mrs Virginia Palmer at Sessions' hospital. Both mother and babe are getting along nicely.

Harold Proctor of Detroit will be able to leave Sessions' hospital in a few days for his home in Detroit, following practical recovery from serious injuries received Sunday in an auto accident. He was crowded off the Plymouth road and a new car he was driving was wrecked.

Roy Davis of Lansing and his sister were Sunday visitors at the home of Mr. and Mrs. F. S. Neal.

Mr. and Mrs. Charles Calkins leave Friday night for a boat trip to Buffalo and Niagara Falls. They will be gone for nearly a week.

Mr. and Mrs. Mark Seeley have gone to Caseville, up in the Thumb district where they will spend a few days visiting Mr. Seeley's mother, who is 94 years of age.

Mrs. Fred Hacks is able to be around again after undergoing a very serious operation at Grace Hospital several weeks ago.

The many friends of Miss Margaret Draper who was one of the instructors in the Northville public schools for sometime, will be interested in knowing that invitations are out for her marriage to Millard Irwin Hall of Detroit. The wedding will take place at the home of Miss Draper's parents on Saturday, August 25th. They will make their home in that city. During her stay in Northville Miss Draper made a large circle of friends for herself who wish her happiness.

Mrs. R. M. Terrill, Mrs. Turner, Mrs. Permelia Kohler, Mrs. R. M. Spencer, and Miss Lena Kohler spent Monday

on a boat trip to Port Huron and return.

Mrs. John Raymond and daughter, Evelyn returned recently from an extended visit with friends in Pennsylvania and New York.

Mr. and Mrs. I. W. Barnhart who have been spending the summer at the John Tishman home left Wednesday for Grand Rapids.

Don't Swat the Fly!

Spray Elkay's Fly-Kil

There is nothing so attractive and pleasing as a home free from germ-laden flies and other insects. No longer is the bothersome and dangerous fly a summertime necessity.

Even if the children are constantly running in and out of the house, you can effectively and easily kill all the flies and mosquitoes.

Just close the rooms and spray Elkay's Fly-Kil freely in all directions up into the air so that the insects will come in contact with the vapor. Leave the rooms closed for about ten minutes and all the flies and mosquitoes will be dead.

Science has proven that these treacherous insects breed and carry the germs of countless diseases. You owe it to your children and to yourself to take these simple precautions for protecting the health and comfort of your family.

Not only will Elkay's Fly-Kil rid your home of flies and mosquitoes but it is equally as effective on moths, fleas, roaches, spiders, bedbugs and ants. Complete directions come with every package, and if instructions are carefully followed, your home will be one of happiness, health and sunshine.

As Elkay's Fly-Kil evaporates, it may be sprayed carefully and lightly without damage or stain to wall paper, rugs or clothing.

WEST POINT PARK

Mrs. C. Wolfe Correspondent

Miss Bernice and Helen Dorothy Hudson of Milford and Olve Hudson of New Hudson are guests of their uncle, aunt and cousins, Mr. and Mrs. Earl Wolfe, Ernestine and Lucile Wolfe.

A number of the visitors attending the independent church Sunday lived near Rev. George Gallen's home when he was a small boy. They speak with the highest respect of the Gallen family and our pastor's wife's family. We welcome all visitors to our church.

Mr. and Mrs. Neal of Northville were visitors at West Point Sunday.

Charlie Taylor and Rodger Whipple went fishing. They were out until eleven at night and brought home thirty eight good sized fish. They did not tell us where they caught them. One of their wives said the fish were not good and refused to cook them. Charlie good-naturedly took them to the restaurant and ate them himself. He did not invite his neighbors to help him eat one fish.

Harry and Violet Wolfe are improving slowly, but neither of them can leave their room, as yet.

Mr. and Mrs. Fred Gerge of Washington state started Thursday for their return trip to Seattle. We have enjoyed their visit among us. Annie and Fred were married in the old home twenty-five years ago. Mrs. Charlotte Wolfe, Mrs. Bond's mother, resides in Spokane on the price of patronum.

the same house. Mr. Bond is a promising lawyer in Washington state. He purchased a new car in Detroit as many of his friends have done. They came with the Knights Templars. They both returned very well pleased with the reception given them by all.

West Point Park base ball team motored to Keego Harbor on the 12th, where they met the Pontiac team of the Inter-County league. It was a hard fought battle of eleven innings, with Pontiac victorious. The score was 3 to 4 in favor of Pontiac. Carl Goers and John Jaworski was the battery. Carl pitched a good game. This was the third game in three days. The Municipal Club of Detroit will be West Point Park diamond on the 19th and will face the home team. A large crowd of interested fans will be present.

Mr. and Mrs. Fred Gerge were dinner guests of the former's sister, Mrs. Martha Shoemaker of Oakwood, Mich.

Merle Shovenfield of Oakwood will spend two weeks at the home of Mr. and Mrs. Fred Gerge.

Mrs. Edmund Dwyer was a Tuesday visitor at the home of her daughter, Mrs. George Gun on Zaida avenue. Congressman Grant M. Hudson gave an address in West Point Park Community church last Sunday. He gave a manly and vigorous presentation of the great moral issues now before the country. Charles Talbot, president of Standard Tires company, president Attorney William Wise of Lansing also spoke on the price of patronum.

William Kenethorne of Detroit, sang by the Empire. The team then refused to play and forfeited the game. The latter team led from start to finish.

Ernestine Pierce of Farmington, the ladies of the church served a free lunch in the dining room. Each one left the hall more clearly enlightened and determined to each do his and her share in placing the moral issue before the people in our district.

Mr. and Mrs. Andy Haun of Plymouth returned to Ernestine and Luella Wolfe to their home after entertaining them royally at their home for a few days.

Mrs. Clyde Carey was a recent visitor at the home of Mr. and Mrs. Bill Thomas.

Edward Stromski is recovering after having his tonsils removed.

Mrs. John Ault is having her holidays with her son, Lester Ault, at Waukegan, Ill., Penn.

The winners of the two games played on the diamond Friday at the Old Red Barn, Five Mile road, was booked for Saturday's game.

Mr. and Mrs. Rainer moved onto the Plymouth road where they have a southern barbecue.

Mr. and Mrs. Rainer moved onto the Plymouth road where they have a southern barbecue.

Five Mile road, at the Old Red Mill, at the Grange at Plymouth.

Jesse Ziegler was in New York and witnessed the try between Gene Tunney and Tom Heeney.

Mrs. Bershen made a business trip to Detroit Thursday.

Mr. and Mrs. Rodenhouse called on

Mr. and Mrs. Ernest Ash Wednesday evening.

Luella Ash of Zaida avenue was a

visitor of her uncle and aunt, Mr. and

Mrs. William Ash, recently.

Jesse Ziegler is the possessor of a new

Humber and is enjoying it with his

family.

Mrs. Edward Lorien returned home

from Detroit, where she was taking care of her sister, Mrs. Josephine Minch, during her recent illness.

Mrs. G. Strasberger and Mrs. Warren Whipple attended the Grange at Plymouth Thursday.

Mrs. Green of Windsor, Ont., was a welcome guest of her cousin, Mrs. Warren Whipple at the home of the latter's son and wife, Mr. and Mrs. Roger Whipple.

The Peacock and Plymouth Hall teams met at the Livonia Bone coming last Friday. The former team proved the best winning the game 5 to 6.

Mr. and Mrs. Robert Fredericks were Sunday dinner guests of Mr. and Mrs. George Loirth, at Highland Park.

FAMILY REUNION
Most Pleasant Time Enjoyed by Whitehead Family

The 32nd annual reunion of the Whitehead family was held Tuesday, August 9th, at the home of Mr. and Mrs. A. E. Whitehead and Mr. and Mrs. A. M. Whitehead, over thirty being present to enjoy the pleasures that only an event of this nature can give.

It was an interesting fact that the oldest person present was past 83 years of age and the youngest were two babies but seven months old. Arrangements were made with the Ladies Aid society to serve the dinner in the church dining room. The dinner was a most pleasing one and members of the family have expressed in a most emphatic way their appreciation of it.

Those present were: Mrs. Jane Hathaway, Miss Leon Hathaway, Miss Carol Hathaway, and Donald Hathaway all of Ypsilanti; Willard Hathaway of Chicago; Mr. and Mrs. Albert Whitehead of Detroit; Clarence Whitehead of Detroit; Mr. and Mrs. Linn Stroop and three children of Detroit; Orlando Whitehead of Flint; Mr. and Mrs. Chester Whitehead of Hartland; Percy Whitehead of Midland; Mrs. Emma Bailey of Brighton; Mr. and Mrs. George Bailey and son Elmer of Pontiac; Mr. and Mrs. Donald Bailey and two babies of Roniac; Mr. and Mrs. A. M. Whitehead; Miss Edith Whitehead of Chicago; Miss Marion Dufford Columbia Missouri; and Mr. and Mrs. Alfred Whitehead.

Then too, Smith will alienate a lot of voters who can't believe a true Democrat could know so many minnows.

98 official records for speed and stamina prove the merit of these new STUDEBAKERS

Drive the New Studebakers—then you will realize why Studebaker holds more official stock car records than all others combined, including the greatest record for sustained speed in the history of transportation—25,000 miles in less than 23,000 consecutive minutes.

Drive Before You Buy!

This remarkable performance is yours to command. You will thrill not only to excess power, easy steering and brakes which have double the efficiency accepted as standard—but also to the unusual riding comfort resulting from Studebaker's exclusive ball bearing spring shackles—the greatest advance in rest-

ful riding since balloon tires. Lubricant for upwards of 20,000 miles is sealed in each shackle—a vast advance over any other system of chassis lubrication.

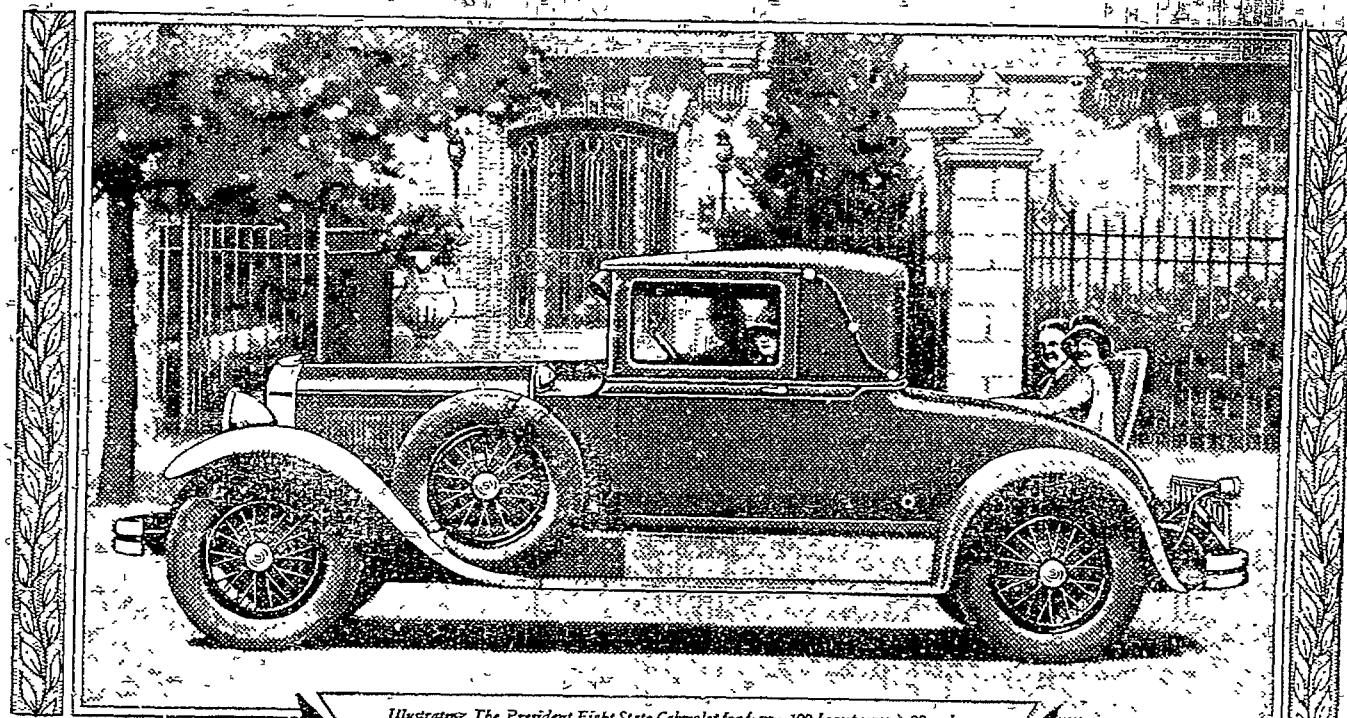

You will know after your ride why Studebaker sales have increased every month—for eleven consecutive months—even when sales for the industry as a whole were less.

PLYMOUTH TRIES
TO IMPROVE ITS
WATER SYSTEMRecent Changes Believed To
Be of Benefit To
Service

The village commission recently authorized installation of equipment at the pumping station on North Mill street which automatically controls operation of the pump so as to keep water pressure in the village mains up to a satisfactory level at all times. Operation of the pump is controlled by the pressure in the water mains. When the pressure drops to a pre-determined point, due to the use of water, the pump is automatically started to be shut off in similar fashion when satisfactory pressure has been restored. Adjustments are made so that the pump continues to operate until the elevated tank is nearly filled, when it is automatically shut off, to start again when the water level in the tank is low.

Since installation of the equipment a week ago, records at the village hall have indicated an almost uniform pressure of about 40 pounds per square inch throughout the twenty-four hours of each day instead of the widely varying pressure heretofore experienced when village employees had to hasten over to the pumping station several times daily to start or stop pumps as recording instruments at the village hall indicated lowering or rising pressures. In the past, calls to reports low water pressure during times of high demand were occasionally made to occur since installation of the system of automatic control it is reported that not a single call has been made to the village hall reporting low water pressure.

The advantages of the new arrangement are readily apparent. Not only are water consumers supplied with almost constant water pressures during unusual conditions but the village is incidentally given better fire protection as a result of the improved pressure. Then too, the time of busy village employees is saved through elimination of the frequent trips to the pumping station heretofore necessary to start and stop pumps. On the whole the commission has rendered the citizens of the community a distinct service in providing facilities for insuring the water pressure in the village—Plymouth Mail.
