Northville, Michigan, Friday, September 14, 1928

\$1.50 per Year, in Advance

PLYMOUTH DAY TO BRING BIG CROWD TO FAIR GROUNDS

Nearby Community Will
Close for Half Day—Will
Bring Band

So that every announcement made at the fair grounds next week can be heard distinctly about the grounds, fair association officials have signed a contract with the Kalamazoo Electric company for a loud speaker arrangement. The company not only provides the loud speakers, but it will send an announce along to operate the machines. It will be the first time such an arrangement has ever been tried out here, but it is sure to prove a very satisfactory one.

At a meeting of the Exchange club, Wednesday, President Nelson Schrader was advised that he had received word from the Plymouth Chamber of Commerce that all of the stores in that place would be closed Thursday afternoon on Plymouth day, and that a big delegation was coming over, accompanied by the Plymouth band.

Plymouth has always been a very loyal supporter of the fair, and the announcement was in keeping with the splendid co-operation that has always existed between the two communities.

President Scott Lovewell of the club offered to the fair association, the services of the club during fair week. He stated that if there was anything the club could do to help out, he was sure that the members would be glad to assist.

PLAN GAS SERVICE FOR GARDEN CITY IN NEAR FUTURE

Voters to Act Soon Upon
Franchise—Big Growth
Here

Northville residents will be greatly interested in the announcement that an application has been made by the Michigan Federated Utilities for a franchise in Garden City, the rapidly developing community located just north of Wayne.

It is the plan of the company to provide for Garden City, the same kind of service that is given Northville, Plymouth and Wayne the three communities where the company now operates.

Following consideration by the commission of Garden City the matter will be submitted to a vote of the electorate sometime this fall. It is understood that if the matter is acted favorably upon that the Gas company will give the community service before snow flies.

The Federated Utilities have kept pace with the development of western Wayne county and the fact that it now is offering service to the youngest of the municipalities in this part of Michigan is proof of the willingness of the company to serve as well as an indication of the tremendous growth in this part of Wayne county.

During the past summer the gas company has found it necessary to considerably extend its service in Northville. A line has been run out to the William H. Maybury Sanatorium. Residents of Clement avenue and the western end of Hillcrest Manor have been given service. New and larger lines have been placed on many of the older streets.

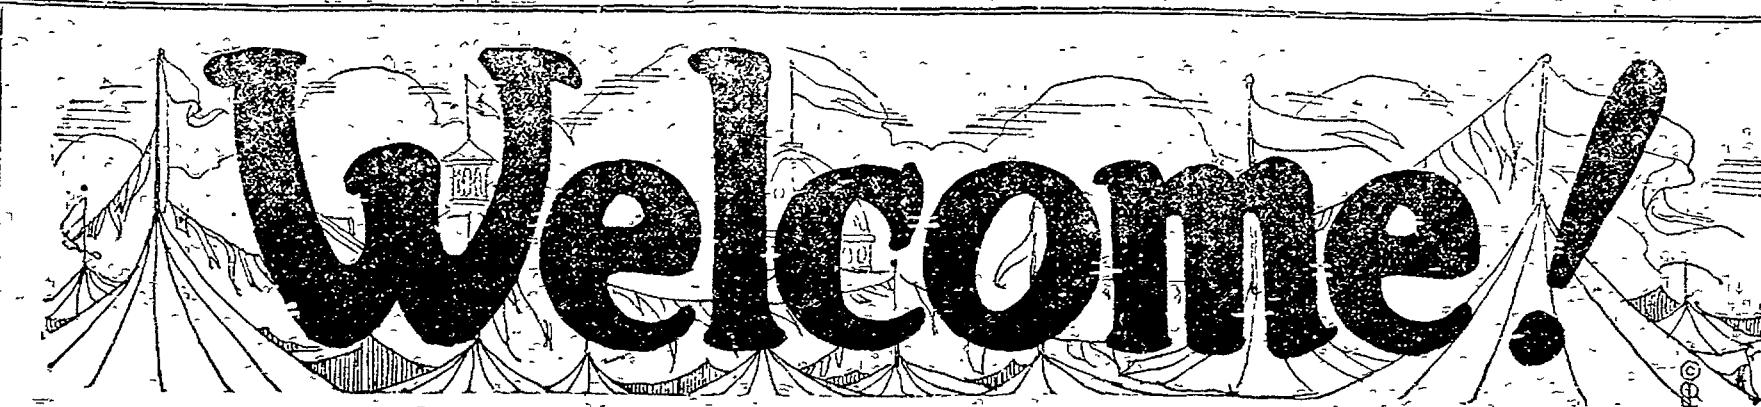

A year or so ago the plant of the company was more than doubled in size to take care of its increased business and Assistant Manager Perley Deal states that it is the intention of the company to keep a pace ahead of the growth of suburban Detroit at all times.

CONCERT SERIES BY SCHOOL BAND OVER

Fred Simmons played host to the Northville high school band last Saturday when they serenaded him at his home. The band gave Mr. Simmons a fine concert as they have to others here in town this summer. Before the band left, Mr. Simmons gave the band a splendid talk and complimented them on their playing.

After giving ten concerts through the summer months, Edward Langfield, business manager of the band, announced that after the fair was over the band would not give concerts again until next season.

Mr. and Mrs. Edward Teshka and family expect to move on their farm west of town about October 1st. He has sold his milk route to Lloyd Morse. Mr. Morse has rented the Teshka residence and tannery on North Center street.

To Northville Wayne County Free Fair

WORK STARTED ON NEW CHURCH HOUSE BY THE METHODISTS

Contractor Hopes to Have
It Ready for Use by
November 1st

After several years of planning, the Methodist church board has started the construction of the new church house, and it is hoped to have it completed within the next two months. The old church sheds that in years past served members of the church when they came to attend services in horse and buggy, have been entirely removed. The church-house will stand on most of the ground that was formerly occupied by the sheds. As it will be considerably larger, some of the unoccupied grounds surrounding the church will be utilized.

The structure will be 40x70 including the kitchen. It will seat nearly 400 people in case of necessity. However, the plans provide for a capacity of about 250 seated comfortably at tables.

Contractor Alex Johnson who is putting up the building, states that it will be modern in every way, and that the lighting, heating and plumbing will be of the latest designs.

Rev. William Richards, who has devoted much of his time and energy to the building, has been successful in raising with the co-operation of the women of the church nearly three-fourths of the amount necessary to pay for its costs.

He believes that by the end of another year the church will be able to pay for the entire structure. Before going north to attend the annual conference of his church, he stated that the structure would fill one of the greatest needs of Northville.

Not only has the church, but the community has long needed a place of this kind. We have many meetings and banquets where it has been almost impossible to make arrangements to take care of those who desired to attend.

I feel that with the church house, all of these needs will be met, and the church will have a place where many of its activities can take place," he said.

POSTAL RECEIPTS JUMP TO NEW HIGH AUGUST RECORD

The postal receipts at the Northville postoffice for the month of August just passed were \$1,127.80.

Postmaster Neal states that this is the largest receipts for August in the history of the office.

The same month in 1927, the total was \$94.83, and considering that the month of August is usually a dull month, even the 1927 figures were rather in excess of the usual business for that month. The postmaster says that if nothing happens the postal receipts for this year as a total may be expected to exceed that of last year by more than two thousand dollars.

It may be interesting to know that in the August sales of stamps, was included the sale of 37,646 two-cent stamps, 3,100 one-cent, 200 air mail and 180 special delivery stamps. There was received at the Northville office nearly 400 special delivery letters and parcels during the same month.

There will be no services at the Methodist church Sunday, owing to the fact that Rev. William Richards is in attendance at the Methodist conference being held at Sault Ste. Marie. He expects to return to Northville during the early part of the coming week, and services will be resumed as usual at the church.

Mrs. E. A. Kohler and son, Leo, took in the Wayne County Association. O. E. picnic at Roblo one day last week.

ONE VOTE BEATS LINDEN REQUEST FOR PAVED STREETS

City is Asked to Keep
Promise Made Year Ago
for Paving

Residents of North Linden street, Monday night, made an urgent appeal to the city commission for the paving of Linden street from Dubhar to Randolph street, a distance of 160 blocks. The street is now being paved from Main street, a fair north as Dubhar out because of traffic conditions and the deplorable condition of the north end of Linden street they are urging the paving of the entire thoroughfare.

No action was taken on the request, although members of the commission recalled the fact that a year ago when a similar petition was presented from taxpayers along the street that it could be placed on this year's paving program.

Jesus Palmer, one of the chief

spokesmen for the Linden street delegations, declared that the taxpayers of Linden street felt sure the city government would carry out its part of the bargain and pave the street this year.

Even though the paving was not a part of the present program, he urged in behalf of the taxpayers that it be added and that the work be done last.

We feel that we are entitled to it. We have a serious water situation every fall and spring. Where the present pavement stops there is a difference in the grade of a foot or over.

Profile from Randolph street turns onto Linden and most of the school children living in that part of the city are forced to wade through mud.

Linden street is their direct route to school. Even though the paving would cost us a few cents more per foot we would like to have it done, stated Mr. Palmer.

Another spokesman was P. S. Palmer.

He stated that the petition he presented to the city was signed by every taxpayer on the street with two exceptions. One of these was Dr. Atchison, who would have signed it but is at present out of the city on his vacation, and Mr. Palmer stated he was unable to find who owned another piece of property abutting on the street.

Commissioner Ray VanValkenburgh

stated that he recalled the semi-promise that had been made to put the paving of Linden street in this year's program.

Mayor Charles Phillips advised the visitors at the meeting that he was in favor of paving, but that the line must be drawn somewhere.

"We do not want to get the village in too deep," he told the delegation.

The matter was then dropped for a while and other business taken up later in the evening. Commissioner VanValkenburgh moved that Linden street be added to the paving program during the present year. It was supported by Commissioner Langford.

It was then that Commissioner Harry German stated his opposition to the additional paving of Linden street. He said he had compromised on the previous paving program, but that he would not on North Linden.

A vote was taken and all the commissioners were for it except the one. As it requires the unanimous vote of the commission for all expenditures over \$300, the paving of Linden street was lost. Later a vote was taken for the paving of West street, and that was lost by two votes.

The auditor pointed out that the new system might necessitate the hiring of a deputy village clerk. In fact, he said it might be necessary to get a full time employee for the job to keep up the work as the books required.

Commissioner VanValkenburgh told the visitor that the commission would be glad to pay his bill when his work was done. The matter will be taken up again Friday evening at the special meeting which has been called to consider two or three matters.

ELECTRIC STORM DOES DAMAGE IN NUMEROUS PLACES

Freak Storm Passes Over
This Section on
Tuesday

Northville and vicinity Tuesday evening about 8:00 o'clock was visited by one of the unusual electric storms that sometimes sweep this part of the country. The storm came out of the southwest and swept so low to the ground that the numerous flashes of lightning seemed to be hit a few hundred feet above the ground. In fact, some of the flashes seemed almost on top of the ground.

It struck in two places down on

First avenue, hitting one electric light pole and putting lights in most of the houses on First avenue out of business. The pole that was hit stands in front of the residence of Vern Newton. Lightning also burned out the lights in the Avery home on First avenue, as well as burning two holes through the ceiling.

As far as can be found out no serious damage was reported anywhere in this vicinity, although lightning struck in numerous places.

Just back of the Jackson residence on East Base Line road a big tree was split by a flash and Fairbrook avenue some damage was done at the Horns residence by lightning striking into the house on electric wires.

In many places, about town, lights were kept out all day Wednesday, reflecting damage that was done by the storm.

BRAE BURN GOLF CLUB WILL GIVE DINNER TUESDAY

Newly Organized Club to
Hold Get-Together at
Mayflower

The members of the Brae Burn Golf Club will give a dinner at the Mayflower Hotel Plymouth, at 7:00 o'clock Tuesday evening, September 18th.

The officers of the club are J. W. McLaughlin, general manager of the Fenestra Construction company, Detroit, president; Hoy F. Frasher, office manager Detroit Steel Products company, vice president; H. B. Hall of Detroit, representative Peters Cartridge company, secretary, and Harold Bloom of the Northville State Savings bank treasurer, Lawrence Johnson of Plymouth, state representative and F. E. Hills of Northville, directors.

Brae Burn Golf club is located just west of Fenkell and north of Plymouth on the Five Mile road and is in Washington county, facing the Wayne boundary line.

It is patterned after the newer type of country clubs near large centers of population that serve the needs of the smaller suburban cities.

The membership is composed of residents of Detroit, Northville, Plymouth, Ann Arbor, Ypsilanti and neighboring cities.

ANOTHER GRENNAN COW MAKES RECORD

Financial Silver Sunbeam 585465, a purebred Jersey cow owned by P. H. Greennan of Northville, has completed an official production test. Sunbeam was started on this test when she was just four years of age and in the following 305 days she produced 513.92 pounds of butterfat and 862.8 pounds of milk. Her milk averaged 6.04% butterfat for the test, and she earned call for 177 days of the ten months.

In her best month she produced above 44 pounds of butterfat. With the above record Sunbeam qualified for the Register of Merit of the American Jersey Cattle Club. Her sire is Brampton Silver Flyer and her dam is R. D. Ley's Finance.

MRS. NEAL IS ONLY REGULAR NAMED TO CONVENTION

Local Delegate to County
Convention Stays With

Haggerty

Mrs. Bertha Neal a delegate to the county convention in Detroit, Wednesday, is the only Haggerty woman to have been elected to the state convention as a delegate from Wayne county.

The convention, under complete con-

tract of the forces, will be held on Tuesday, September 18th, for its

annual fair, with gates open

from Tuesday until Saturday night,

with the exception of

Mrs. Neal's

Michigan will have an opportunity

of staying without cost, what officials

of the association say will be the cost

of all fairs ever staged in Northville.

That they have decided to open free

to the public all the exhibits was a

decision reached only after careful

consideration and investigation.

The fair will go to a very great extent

be conducted along the lines of the

great Ionia county fair held in the

state. There is only one place where

a charge will be made and that will be for grandstand seats.

According to entries made and in-

formation received there will be the

greatest number of entries in the

various departments that has ever

been made. The poultry show will

be far superior to that of the state

fair.

The new cattle barn will provide

room for a greater number of entries

than has been possible in past years.

In fact so great has been the demand

for room on the fair grounds that the

officials have found it necessary to

provide for the parking of machines

outside the grounds. Numerous park-

ing spaces have been provided and

special police have been engaged to

assist in watching the cars.

Each night there will be fireworks at

the park in addition to numerous spe-

cial attractions. For the first time

there will be five days of racing in-

stead of three. Figures for the lot-

ting and placing events will be the

best that the association has ever had,

declares Mairin Sloan.

To the ladies, the biggest of all

events the ugly show, will take place

on Wednesday afternoon at 3:00

o'clock. Mrs. Flora Lekins who has

been in charge states that never

Salem Events

Mr. and Mrs. W. H. Tousley spent several days last week with their son, Clarence and family in Detroit, and took in the state fair too.

Mr. and Mrs. Cutler and Miss Margaret Shoebridge and daughter of Ann Arbor, were Sunday callers at the B. F. Shoebridge home.

Mr. and Mrs. A. Hamer and children and Mr. and Mrs. J. Vici and son of Detroit were callers at the Congregational parsonage, Sunday afternoon.

Mr. and Mrs. Frank Buer and sons were Sunday dinner guests in the F. L. Huff home in Ypsilanti.

Mrs. William Davidson and friends of Detroit visited Mrs. Frank Buer, Wednesday afternoon, and her mother, Mrs. A. S. Knowles, returned to the city with them.

Mr. and Mrs. Arvil Cook of Howell spent the latter part of last week at the home of his brother, O. H. Cook.

Mr. and Mrs. Albert Groth and son, Valbert, of Plymouth, were Sunday afternoon callers at the home of Miss Della Stofer.

Mrs. Joe Groth and Mrs. F. C. Hackenberg, of South Lyon, called here, Tuesday, the former at the A. Groth home and the latter at the Congregational parsonage.

Rev. Samuel Hanson, accompanied by Mrs. A. Parker and Mrs. Louise Wittich, heard Bill Sunday preach in the Masonic temple in Detroit Sunday afternoon.

The Lewis family reunion took place at Portage Lake Sunday, and a most enjoyable time reported by those present. A cousin from New York joined the gathering.

Erni Springer and family visited relatives in Detroit, Sunday.

Mrs. Frank Gup of Whitmore Lake was a guest of her daughter, Mrs. Ralph Wilson and family, Thursday, returning home, Sunday.

Harry Clark is driving a new Whippet car.

Mr. and Mrs. Benjamin, accompanied by Mrs. G. Foreman and daughters, Mrs. James Dickin and Mrs. Merrell Renwick of South Lyon, en-

joyed a motor trip to northern Michigan recently, residing at the Heart Lake Country Club. All report a pleasant trip.

School reopened Tuesday, September 4th, with D. Phillips of South Lyon, and Miss Frances Anderson of Marquette, as teachers. They wish to thank the school board for the many improvements that have been made recently, which make the rooms much more comfortable. They have new slate boards, pencil sharpener, new floor, clean walls, etc.; railing in stairway and fixed the victrola. There are 17 pupils in each room.

The Misses Ruth and Dorothy Foreman enjoyed a week's vacation with their parents and sisters in South Lyon, last week.

Mrs. Nelda Smith, of Alpena, who was a houseguest of her friends, Mrs. Ivan Spears, last week, has gone to Detroit to visit friends.

Mrs. Emma Heider and son, Bruce, of Grand Rapids, spent the weekend at the W. A. Kehler home.

Mrs. R. E. Peacock entertained friends from Detroit at her home, Sunday.

Rev. and Mrs. Samuel Hanson and son of Shanghai, China, were Sunday guests at the Congregational parsonage.

Mr. and Mrs. Fred Davis of Detroit visited at the Forest Roberts home, Sunday.

Mr. and Mrs. C. Crockett of Howell, and Miss Ruth McDonald were guests of Mr. and Mrs. Henry Whittaker.

Salem Congregational Church Rev. Lucia M. Stroh, Minister. The Ladies Auxiliary Society will hold their monthly meeting Thursday afternoon at Cass Benton park, about 2:30 o'clock. There will be a welcome roast and splendid supper served at 6:30 o'clock. Come and bring the family and spend a pleasant evening.

All are cordially invited.

Sunday morning service, at 10:00 a.m.; Sunday school at 11:30.

A great interest was manifested in the meetings last Sunday, both services being well attended. Rev. and Mrs. Hanson of Shanghai, China brought

most vivid and interesting messages and topics. People from Ann Arbor, Warden, Salem, Plymouth, South Lyon, Northville and Detroit attended, and

expressed great appreciation for the wonderful services.

Salem Federated Church Minister, Rev. A. J. Parker. Services Sunday September 16th. Morning worship at 10:30. Sunday school at 11:45. Evening service in the town hall at 8:00 o'clock, when Bruce Barton's well-known book, "The Man Nobody Knows" will be presented on the screen. Special collection.

Mid-week service, Wednesday evening at 8:00 o'clock.

Harvest Thanksgiving services, Sunday, September 23rd.

Harvest surprise supper and sale of gifts on Monday evening, September 24th. The church will be open all day on Saturday, September 22nd, to receive gifts for the harvest services, and offers of help in decorating the church.

Remember fall is the only really good time to plant peonies. Spring planting may be done in an emergency, but it is very hard on the plants. Peonies want good garden soil, well drained, and plenty of sun. Mulch them well, late in the fall. Manure may be used, but it is best

not to put manure immediately over the buds of the roots. Peonies need not be planted deep. About two inches of soil over the buds is sufficient.

Do not select seed potatoes from plants, even when apparently healthy, if they have been grown in the same field with, or in fields adjacent to, plants affected with mosaic, spindle-tuber, or related diseases, says the U. S. Department of Agriculture. Infected tubers cannot be distinguished from healthy ones. Apparently healthy tubers may produce plants with

a large percentage of disease the following year.

Northville, Michigan

DIDN'T HAVE THE
MONEY SO JUDGE
TAKES HIS AUTO

Now Village of Northville
Has a Gas Wagon
on Hand

Here's a problem!
Northville owns an automobile—but
Northville doesn't know what to do
with it.
It all happened this way.

A few days ago Chief of Police
William Safford arrested an offender
against the peace and dignity of the
village of Northville.

Judge Ely found him guilty of the
charge. From what can be found
out the judge has a habit of finding
folks guilty. He then extracts money
from the offender for the humiliation
they have forced upon this fair city
and turns it into the village coffers.

But this one offender didn't happen
to have any coin of the realm.

"What am I going to do, Judge? I
can't pay and I don't want to go to
jail?"

"But you have got an automobile,"
replied his highness—the court.

"I can't turn that into money right
here."

"Oh, yes, you can. We can arrange
that very nicely. All you have got to
do is turn the car over to us and we
will hold it until you can get the
money. If you can't get the money
then the car is ours."

"That's O.K. with me, Judge. Any-
thing so, I don't have to stay in jail
another night."

The bargain was made. Mr Offender
was turned free. The car was
driven up to the village lock up, where
it still remains the property of the
village.

Judge Ely strenuously denied the
rumor that he even takes the sides of
offenders of the village if they haven't
got the cash.

Sugar-cane varieties imported from
Java have proved resistant to the
mosaic disease when grown in Louisiana,
and the sugar-cane industry will
be greatly improved by the introduc-
tion of these and other new varieties,
the U.S. Department of Agriculture
believes.

A dairy cow breathes more than 200
pounds of air and exhales about 15
pounds of moisture and a somewhat
smaller amount of carbon dioxide each
day. Dairy barns should be well venti-
lated.

WHO AM I? WHAT I AM

I am the foundation of all business
I am the root of all prosperity
I am the parent, most times, of
genius.

I am the salt that gives life its flavor
I am the sole support of the poor.
The rich who try to do without me
deteriorate, languish and fill premature
graves.

I am the primeval curse, yet a blessing
without which no healthy man or
woman can be happy.

A few days ago Chief of Police
William Safford arrested an offender
against the peace and dignity of the
village of Northville.

Judge Ely found him guilty of the
charge. From what can be found
out the judge has a habit of finding
folks guilty. He then extracts money
from the offender for the humiliation
they have forced upon this fair city
and turns it into the village coffers.

I have made the United States what
it is today. I have built her match-
less industries; opened up her rich
minerals, laid incomparable railways;
reared her cities, built her skyscrapers.

I have laid the foundation of every
fortune, from Rockefeller's down.

I alone have raised men from the
ranks and maintained them in pos-
itions of eminence.

I am the friend and guide of every
worthy youth. If he values me, no
prize or place is beyond his reach. If
he slighted me, he can have no enviable
end.

I am the sole ladder that leads to
the Land of Success.

Sometimes men curse me, seeing in
me an arch enemy, but without me life
turns bitter and meaningless and goal-
less.

I must be loved before I can bestow

my greatest blessings and achieve my
greatest ends. Loved, I make life
sweet and purposeful and fruitful.

Fools hate me; wise men love me.

The giants who fill the presidential
chairs of our railroad systems, our
great industrial organizations, our
colossal mercantile establishments and
our institutions of learning, almost
without exception, owe their places to
me.

I can do more to advance a youth
than can the richest of parents.
I am the support of the millions; in-
directly, the support of all.

I am the creator of all capital.
Wealth is but me stored up.

I am represented in every loaf of
bread that comes from the oven; in
every train that crosses the continent; in
every ship that steams the ocean; in
every newspaper that leaps from the
press.

I am, sometimes overdone; volun-
tarily by the ambitious, involuntarily
by the oppressed and by thousands of
the very young.

But in moderation I am the very
oxygen of the able-bodied. Some-
times of my constancy, look upon me as
loathsome, but a little taste of my
absence quickly brings them to their
senses.

My followers among the masses are
becoming more and more powerful
every year. They are beginning to
dominate governments, to overthrow
anachronistic dynasties.

I am the mother of democracy.

All progress springs from me.

The man who is not friends with me
can never get very far—and stay there.

The man who is friends with me,
who is not afraid of me, can go—who
can tell how far?

Who am I?
What am I?
I AM WORK.

All progress springs from me.
The man who is not friends with me
can never get very far—and stay there.

The man who is friends with me,
who is not afraid of me, can go—who
can tell how far?

Who am I?
What am I?
I AM WORK.

ROTARIANS HAVE
HIGH OFFICIAL AS
GUEST MONDAY

District Governor Attends
Various Meetings of
the Club

Rotary International District Gov-
ernor Richard Dick of Detroit, was
Monday's guest of the Northville Ro-
tary club.

Not only did he attend the regular
Monday noon luncheon of the club,
but he presided at a session of the
board of directors and met the
chairmen of the various committees.

His three hours in Northville were
indeed a busy three hours. He dis-
cussed numerous Rotarian problems
and Rotary objects, the duties of a
club and its members, and told the
local Rotarians what International
Rotary hoped the Northville Rotarians
would accomplish during the present
year.

Not only did he point out the neces-
sity of regular attendance at Rotary
meetings, but he suggested that it
would be well for any Rotary club to
endeavor to extend its membership
into unfilled classifications as rapidly
as consistent with the best interests
of the club.

Governor Dick has for many years
been one of the most active members
of the Detroit organization, and his
election as district governor a few
weeks ago was not a surprise to his
many friends in Rotary who know of
his activities.

BILLY SUNDAY IS NOT BACKWARD IN HIS TALK ABOUT AL
Expresses His Opinion of Democratic Candidate for President

A number from Northville were down to Detroit Sunday to hear Billy Sunday speak. According to the Free Press the following is what he had to say about the Democratic candidate for president.

"Billy Sunday called Al Smith most of the hard words in the dictionary at last night's meeting in the Masonic temple; he accused the Democratic candidate for president of treachery to the United States constitution, of working to dissolve the union between the states, of being as wet as a bathtub, and the leader of an organized conspiracy of law-breakers."

"The issue between Hoover and Smith is as finely drawn as between vice and virtue," he said. "As an issue the question of prohibition transcends party lines; it means more to the human welfare than any question before the public today."

"Shall Uncle Sam turn saloon-keeper?" he cried, referring to the plan for government sale of liquor. "Shall Uncle Sam take off his star-spangled coat and put on the dirty salooneekeper's apron? And lead bar? And sell hot-gut booze? No."

"The saloon is dead, dead as an Egyptian mummy—so dead, so dead."

And if the American women walk up to the polls and vote November 6th, we'll bury Al Smith under an avalanche."

TELEGRAPH ROAD TO BE EXTENDED TO SEVEN MILE RD.

Road Commission Plans to Builds 10-Foot Road at Once

Extension of Telegraph road north of Grand River avenue to Seven Mile road is included in the program of the Wayne county road commission for this year.

Construction of the road is to follow the completion of the Seven Mile widening soon. A 20-foot width has been obtained from the Grand River Seven Mile to 10 feet wide and will be built a 10 foot road and 10 feet wide throughout.

The road is to be completed in October or November. The building of the new road will follow the completion of the Seven Mile road being placed in condition for winter months.

The south half of the Seven Mile road west of Grand River has been opened to traffic and widening of the north half is being finished forward. Excavating and preparation of the road bed for the Six Mile extension has been made where work is to begin on September 15th.

BREAD PRICES SLASHED

BY A. & P.—NOW 5¢ LOAF

The Great Atlantic & Pacific Tea Company have reduced the retail of bread, the new price going into effect, Wednesday, September 5th.

According to information from the executive offices in Detroit this step was not taken with the thought of price cutting in mind, but it is a condition brought about by the flour market within the past few weeks which enables them to manufacture their loaf at further savings to the consumer. This company is the first to make this announcement.

Pit or underground trench silage are considered the most economical means of storing silage on ranges in the southwest. The feed is put in a trench and covered with earth to a depth of about two feet. Silage stored in this way will keep for several years with deterioration.

WEST POINT PARK

Mrs C. Wolfe, Correspondent

Mr and Mrs. W. R. Banks have returned from a six weeks' trip through Wisconsin, Minnesota, Iowa and Illinois. While on their tour they visited Mrs. Banks' mother, Mrs. Mrs. Miller, an Iowa.

A meeting of different teams of the Inter-County League will be held at the office of Capt. Demarest in Detroit. A number will be present from West Point Park.

The West Point Park Community club met Wednesday at 12:30 in the Community hall, where dinner was enjoyed by about twenty-five ladies. The business meeting followed, and the following officers were elected for the year:

President, Mrs. John Mercer; Vice-president, Mrs. Madeline Cochran; Secretary, Mrs. Thelma Haun; Treasurer, Mrs. Charlotte Wolfe. The club

will meet in one month at the home of Mrs. Charlotte Wolfe, Seven Mile road.

Mr. and Mrs. Philip J. Fay of Baltimore, Maryland, are making an extended visit with Dr. and Mrs. McLain

on Seven Mile road. Mr. Fay is a sister of Mrs. McLain.

A. N. McLain of Windsor, Ontario, is spending a few days with his son, Dr. McLain and family.

Mr. and Mrs. F. J. Fay spent Saturday and Labor Day at the Sunset Hotel in Goderich, Ontario. They family enjoyed a day at the state fair both enjoyed the trip and scenery very last week.

The Parent-Teachers association held their first meeting after the summer vacation last Friday evening. A re-meeting of the West Point Park Community church last Sunday afternoon engaged for this year. They are Mrs. Robbie Harrison principal of the school program.

Mrs. Jones of Hazel Park, wife of Mr. Community choir attended the annual vacation last Friday evening. A reception was given the five teachers engaged for this year. They are Mrs. Robbie Harrison principal of the school

for the second year; Miss Re a Way

Harry, Edgar and Viola Wolfe children, high school teacher; Miss Sarah

McKee of Cleveland, Ohio. Archie

worked for the family thirty years ago. Mrs. Earl Wolfe president, called the meeting to order for a business session, after which games were indulged in by young and old. Everyone present

was served in Community hall to about seventy-five guests.

After dinner, the meeting was adjourned to the auditorium of the Christian Endeavor meeting

the pastor Sunday evening at 6:00 o'clock to organize for the com

mission.

Practically all the early spring flowering perennials such as bleeding heart phlox, columbine and others do better if planted in the fall. This is the time to plan for making changes and additions to the personal garden.

Masses of perennials of a single color make a dignified color note when planted in front of shrubs.

year. Mrs. Robbie Harrison was unanimously chosen for president. The balance of the officers will be reported later. There were forty-five present. This was the first meeting since the holidays. The pictures shown in the evening service was "Evangeline." Everyone present enjoyed the evening's program.

Edward H. Smith recently entertained his sisters, Mrs. George Petridge, of Pennsylvania; Miss Isabel Smith of Detroit; Mrs. Alfred Berchem of West Point Park, at the Oakland Hills Country Club.

The church services were well attended Sunday. Rev. George Gullen gave a splendid talk to the young people, and after a sermon worth hearing, a dinner was prepared for all in the dining room, where they held the yearly business meeting. The former officers were re-elected for another year.

Holly and West Point Park teams met on the home diamond last Sunday, resulting in a victory for Holly.

Score 3 to 7. West Point will play Oxford in the former's diamond September 16th.

Mr. and Mrs. Ernest Ash had a pleasant day Thursday at the state fair.

Mrs. George McFetridge from Tarentum, Pennsylvania, and Miss Isabel Smith of Detroit, were guests last week of Mr. and Mrs. Alfred Berchem of

Zaida avenue.

SUPPORT YOUR TEAM

The first football game of the season will take place at the Northville fair grounds, Friday afternoon September 21st. The team expects and deserves all the support that Northville can give them.

All students enjoy football games, but few ever stop and think of those who play in them or how they feel when the student body neglect to turn out to support them in the games. Any one of our football boys will tell you how much easier it is to play a good game when he is sure that the home team is being cheered on by their fellow students, or that the Community band is playing for them to go on to victory.

What use is there in fighting hard to win a game when there aren't any students there to witness it? And, believe me, you wouldn't feel like playing either if you were the ones who had to take the risks and hard knocks, they do, so let's make it well worth their while. Turn out for their games, for after all they are your games also. Show them that you are interested in them and results will be even better than they were last year.

Just remember, that our boys are the Suburban League champions of last year but they cannot do it another year without hard play, and our whole-hearted support at all games. If you will furnish the support, the team will be more than glad to do their part.

CLASS PICNIC HELD

AT CASS BENTON PARK

A picnic to welcome the seventh and eighth graders into the junior high school was held at Cass Benton park, Wednesday, September 5th, from 4:30 to 6:30.

The boys met in Miss Van Vleet's room and the girls in Miss Wessberg's. Then they started for the park—some in cars, some by bicycle and the majority walking.

When the children got there they played on the swings as if they were not grown-up junior high students, and when the teachers arrived they played also.

After a few minutes the eats were served, consisting of waffles, bacon and pickles. While the boys were playing football the girls held a foot race, but neither side could be convinced that the other won no prize was given.

The teachers present were Miss Wessberg, Miss Noble, Miss Parkes, Mr. Thompson, Mrs. Stalker, Miss Van Vleet and Miss Matthews.

HIGH SCHOOL TEACHERS

DAVI SHORT MELTING

Mr. Amerman conducted a brief meeting for teachers in the high school in Mrs. Kinsey's room, Monday after school.

New absence and tardy blanks were explained.

NEW TEACHERS ARE

ENTERTAINED AT PARK

The old teachers entertained the "new" ones at a picnic supper at Cass Benton park, Friday afternoon, September 7th.

The lunch baskets were auctioned off and the highest bidders were requested to punch a card and get a slip of paper, on which was printed a set of directions. After the supper, each teacher carried out his directions in turn and many a comical stunt was thus provided. Even the school board became children again with the teachers.

The remainder of the evening was spent at Walled Lake, swimming and dancing being the amusements.

SEVERAL NEW TEACHERS

COME TO N. H. S. THIS YEAR

Northville high school has several new instructors this year. They all have received their instructions at the leading state colleges.

The position of history teacher left vacant by Miss Draper, has been taken by Miss Bainbridge who graduated from the Michigan State College.

For the first time we have a special instructor for mathematics Mr. Jacobson. He secured his education at the University of Michigan.

The language classes, taught last year by Miss Hawes are conducted by Miss Noble. Miss Noble obtained her degree at the University of Michigan.

Miss Matthews a Michigan State College graduate, is in charge of the home economics department. Miss Lathers, last year's teacher, is now at Wayne.

Another graduate of the University Michigan is Mrs. Shawley, who teaches Junior High English and business English.

Mr. Jones takes the place of Mr. Doeksen as boys' athletic instructor.

Miss Wessberg has taken Miss Hoag's place as principal of the Junior high school.

SCHOOL OPENS WITH

NEW IMPROVEMENTS

We are all once more gathered at

September 10th. Mr. Amerman went on telling the new and reminding the old students of the school rules and regulations.

First everyone in the high school cannot have back seats, because there are only seven to be had. And as there are 159 students in the four upper grades, everyone cannot be satisfied.

Everyone must report in school at 8:30 or he will be counted tardy.

There are three bells, a warning bell, one to start for your next class, and a tardy bell if you get to class after that you must have a permit from the room from which you came.

The assembly room is a place for anyone to spend his vacant periods, unless necessary work takes him elsewhere.

If that is the case one must get a permit from the person in charge of the assembly, stating his destination and the time he left the room.

When a person is absent from school he must bring a permit from his guardian or parents, telling why he was absent. Only in case of sickness or necessary home work will one be granted an excuse.

Mr. Amerman—Why don't you answer me?"

Ned Junod. "I did Mr. Amerman, I shock my head."

Mr. Amerman. "But you don't expect me to hear it rattle away up here, do you?"

TYPEWRITING CLASSES

OFFERED TO TENTH GRADE

For the first time typewriting is being offered to tenth grade students.

Miss Briggs has thirty-three beginners, several more than last year. Only ten students are of the adapted typewriting class.

It has been necessary to add two Woodstock typewriters. This makes the number of typewriters now in use in the commercial department eleven.

In a short talk Miss Briggs stated that the work of the tenth graders must be as perfect as that of the eleven.

FOOTBALL PRACTICE

NOW IN VOGUE

Suits were handed out Wednesday evening, September 5th, and a brief instruction was given, with the notice that everyone was to report in uniform Thursday evening at the field. Eighteen men reported for practice the first night and this total was increased to twenty-three on Friday night.

Fifteen veterans reported both nights, and the Freshman class contributed the largest number of recruits although the best looking prospects came from the Junior and Sophomore classes because they have passed through the Freshman year and are more hardened.

The veterans are Capt. John Leavenworth, Ted Wad, Charles Lovvare, Louis Tish and Bob McEndile.

Coach Jones believes that the team should put up their energy and vim into their practice begining most of

last year's championship line was lost on account of graduation, but the coach expects to have another championship team again this year even though he must work with new material.

Monday evening's practice brought out one more veteran, namely Harley Wilfstrom, and two more recruits bringing our team total to twenty-six players.

Coach Jones had a little wider smile than on the two previous nights, because he knows all the new material adds strength for a new and championship team.

JOURNALISM CLASS RECEIVES

LETTER FROM KANSAS

The journalism class received a letter this week from last year's editor of the "Orange and Black," Rudolph Weiyant.

Rudolph is attending school this year at his home in Abilene, Kansas. He is thinking of Northville, and hopes that this year's staff may soon put out a real high school paper.

GRENNAN BARN BEING ENLARGED; PLANS POLO FIELD

Extensive Improvements are Under Way at His Country Home

PHIL GRENNAN HAS LET A CONTRACT FOR THE ENLARGEMENT OF THE POLO BARN AT HIS COUNTRY HOME ON THE SIX MILE ROAD TO CONTRACTOR ALEX JOHNSON, WHO HAS ALREADY STARTED WORK ON THE IMPROVEMENTS.

NOT ONLY IS THE POLO BARN TO BE MADE LARGER, BUT NEW FENCES ARE TO BE BUILT AROUND THE PLACE. HE ALSO IS

CONTEMPLATING THE CONSTRUCTION OF SOME POLO GROUNDS, BUT IT HAS NOT YET BEEN DECIDED WHETHER THIS IMPROVEMENT WILL BE MADE DURING THE PRESENT YEAR.

MR. GRENNAN HAS ONE OF THE BEST JERSEY DAIRY HERDS IN THE COUNTRY. MANY OF HIS COWS HAVE IN THE PAST FEW YEARS BEEN PRODUCTION WINNERS FOR THE ENTIRE COUNTRY. IN FACT, HIS HERD IS MADE UP ENTIRELY OF PRIZE WINNERS AND PRODUCERS.

NORTHVILLE, MICHIGAN, FRIDAY, SEPTEMBER 14, 1928

THE FINAL SWING

The primary election is over. The candidates of the various parties have been selected and we have now swung into the mainstream of the final election to select for ourselves the officials who will guide our nation, state and county during the next few years.

In our state the voters have in a most emphatic way registered their approval of the present state administration. William Comstock might as well fold up his tent and devote his entire time to his inherited lumber millions. He will never be governor of Michigan and his vote this fall will be much smaller than it was two years ago.

The same is true in the congressional situation. Congressman Hudson has earned every bit of the popular strength he has in the district. His decision last spring not to get into the senatorial contest was indeed a wise one.

There is not the slightest doubt but what he could defeat Vandenberg by an overwhelming vote, but a good congressman like Gran Hudson is of much great value to the state and nation in the house of representatives than in the senate chamber. It is where his greatest strength lies and where he can accomplish the greatest good.

We will all agree that men like Champ Clark and Joe Cannon did more for the public in the house than they could ever hope to accomplish in the senate.

The Democratic congressional candidate should save his nickels and dimes.

For until indeed are to electors of Wayne county on the national ticket made by the Republicans. They will be elected by big ones.

Farthing's bid for the Senate is indeed for him ever paid off. He has done a fine job in the public office he has held for the past four years. He should have every right to be re-elected and he will win. That was settled.

A word of note to the leaders of both sides to see who they do. Wayne could in the prosecutor's office James Clark will render to the nation of more residents of Wayne county an administration that will hold no man into public office. He should desire to continue in public service. A other assistant to the prosecutor he has already demonstrated his ability to properly fill the important office for which he has been nominated.

So it is with the rest of the ticket. Judge Reiden, Judge Sharp and others too—all worthy candidates for the places they have been nominated.

Republicans of Wayne county have reason to be proud of their ticket this fall. They should see to it that it is a landslide, instead of the usual Republican vote.

OUR FAIR

Next week is fair week in Northville. It is the biggest and most important event of the year in our community. Everyone is interested in one way or another in the fair. If they haven't exhibits, they have some friend or relative who has. Because of the fact that it is a community project, the interest is naturally much greater than it would be if the fair was promoted as a private enterprise, and it is for that reason that everyone seems willing and glad to lend a hand towards making it a success.

Therein lies the reason why the Northville fair has come to be regarded as one of the best in the state. Everyone works and everyone boosts for it. Services are without pay, except for the men who are hired for certain manual labors during the fair period. The officers and members of the association, the superintendents, the exhibit directors, in fact every individual who has anything to do with making the fair a success, does so for the pleasure that comes with the accomplishment of something.

This year the fair association has decided upon an entirely new policy. Its admission gates will be swung wide open and there will be no charge of any kind in getting into the fair. As a result there has been much greater interest, and it is anticipated that if the weather is good that all attendance records will be broken.

Following the same plan as all fine fairs, the only place where an admis-

SOUTH BEND WILL HAVE AIR CIRCUS

South Bend's second air circus and municipal airport dedication, Saturday and Sunday, Sept. 15 and 16, is expected to draw a crowd of 40,000 persons from northern Indiana and southern Michigan daily.

About 100 planes will compete in the various races with leading manufacturers and recognized airmen from all parts of the country represented. Efforts are being extended to make the event the largest of its kind ever staged in Indiana.

A squadron of regular army planes will be in the grandstand. The races and some of the events that take place in front of the grandstand will be about the only thing which requires a few nickles and dimes to witness.

Some are wondering if the free fair will be a success. It will be. Northville fair association officials have made a success of "everything" they have attempted. They have been able to do so through splendid community co-operation. This same spirit will carry the free fair over to a far greater success than anyone has anticipated.

LOCAL

Mr. and Mrs. William Rawle Brown have gone to French Lick, Indiana, for a few days. Mr. Brown is not in the best of health, and it was thought a little vacation would do him good.

The ladies of Forget-Me-Not will meet in Forester Hall next Monday, September 17th, at 6:30 o'clock for a pot-luck supper. Regular meeting at 7:30 and birthday party after the meeting.

Members of the American Legion are especially urged to meet at the hall at 9:00 a.m. Sunday, and to go from there to the fair grounds and assist in raising the tent that will be used during the week. The committee in charge are anxious for a good turn out.

It takes fewer eggs from October to January to get for a given quantity of grain than at any other season of the year.

The Democratic congressional candidate should save his nickels and dimes.

For until indeed are to electors of Wayne county on the national ticket made by the Republicans. They will be elected by big ones.

Farthing's bid for the Senate is indeed for him ever paid off. He has done a fine job in the public office he has held for the past four years. He should have every right to be re-elected and he will win. That was settled.

A word of note to the leaders of both sides to see who they do. METHODIST SUNDAY SCHOOL

We recently visited the home of Abraham Lincoln at Springfield, and as we viewed the things that were intimate in his life, there came rushing to our minds the words of this great man, "Many times I have been driven to my knees in prayer because I had no place else to go."

Abraham Lincoln knew that when all else failed him God would not forsake him.

Vacation is over and let us remember that we have a work to do and must be doing it.

WAYNE GIVES ALL HOUSES NUMBER; BUILD SIDEWALKS

Village Also Plans to Get Rid of Weeds in Vacant Lots

The task of renumbering all of the Wayne houses has been nearly completed, states Charles Goudy, to whom has been assigned the actual work of this important step for the betterment of Wayne. A map, which was drawn by Mr. Harrison's village engineer, indicates a number to each twenty feet and thus has been adhered to strictly.

According to the new numbering, Washington avenue is the east and west running line and Main the north and south line of division. Each block is indicated by the starting of a new one hundred series. Each number will cost ten cents or three for a quarter.

Every street corner in the village will be decorated with a brand new sign, stated Mr. Goudy, the order for the same having been sent by the village clerk. A change in the name of one street is to be made when the new signs are erected—Dewey avenue, which received its name from Admiral Dewey, when he conquered the Spanish fleet in Manila Bay in 1898. The story connected with the naming of the street is that people living on the street cheered Dewey when his victory was learned and decided to name the street after him. However, previous to this outburst of enthusiasm, the thoroughfare was always known by Glenwood road, because of the cemetery that borders on it by the same name. Residents of this road have petitioned the village commission to change the name back to Glenwood road, which is to be done as soon as the new signs have been erected.

The continuous sidewalks as asked by the postal authorities are all in, stated Mr. Goudy and together with the fact that the new numbers and street signs are practically all up, there is little doubt that house-to-house mail delivery will soon be a reality, stated Postmaster Ziegler. However, he added that as yet he had received no answer to his recent communication telling the officials that all the

requirements for the delivery had been met.

Mr. Goudy, in his report, asked that some co-operation be given him on the matter of ridding the vacant lots of excess weeds. He stated that this was a very good time to rid the town of the greater part of these obnoxious plants and has asked that immediate action be given this situation which detracts from the beauty of premises.

Superintendent Goudy in his recent trip to the northern part of the state said that he only came upon two towns that really would be classed above Wayne for beauty and neatness. Petoskey with its streets and neatly kept homes is the ideal of beauty of Mr. Goudy, who stated that some day he wanted to see Wayne so beautiful that the northern town will not be comparison.

The comment has been made by several men that Mr. Goudy is to be complimented on the fact that he practices what he preaches. He was the winner of the "best improved yard" prize in this district—Wayne Dispatch.

Contrary to the general belief that sweet clover is not palatable to live stock, the crop is used on some of the most successful farms of the Corn Belt as the principal pasture crop. There is no trouble in getting livestock to eat sweet clover pasture readily unless the growth is too big and tough before the animals are turned in on it for the first time. For hay, the fall crop of the first year is generally preferred, as the growth then is finer and the hay of better quality than at any other time. The hay cut from this crop is practically equal to first-class alfalfa hay, and a ton of sweet clover hay has about the same protein content as this crop.

PLYMOUTH VOTERS APPROVE OF PARK OFFER OF COUNTY TO Turn Tourist Camp Over as Part of Park System

That the people of the village of Plymouth almost unanimously approve of the proposal to transfer the so-called Plymouth tourist camp property to the Wayne County Board of Park Trustees for improvement and development was indicated by the advisory vote taken in connection with the primary election last Tuesday. There were 661 ballots cast upon the proposition, of which 615 favored the proposal and 38 opposed it. There were eight spoiled ballots. Of those favoring the proposal 253 expressed preference for transfer by long term lease, 182 for transfer by deed, and 166 indicated no preference. This means that over 83 per cent of those voting upon the question consider the proposal to transfer jurisdiction over the park site to the county, upon terms to be named by the village, as of undoubted advantage to the village, and that the opportunity to have a first-class county park in Plymouth should be taken advantage of.

At a meeting of the village commission Wednesday evening it was decided to accept the result of the advisory vote and to incorporate the same into the official record. Also it was voted, in recognition of the overwhelming sentiment in favor of transferring the property to the Wayne County Board of Park Trustees for improvement, to notify them of the

intention of the commission to make the transfer by 99-year lease as soon as such a lease, incorporating the reservations to be made by the village, can be drawn up and approved by the commission and the county board.

Present indications, therefore, point to early activity on the part of the Wayne county board in the development and improvement of the local park property, and to the village of Plymouth having in its midst a county park which will rank with the best to be found anywhere, and which will prove a tremendous asset to the people of our community, at no considerable expense to us.—Plymouth Mail.

The market value of cowpeas may

be improved by reseeding after threshing or hulling, according to the U. S. Department of Agriculture. This is especially true of cowpeas hulled out by hand. If a small huller is used, the cowpeas should be run through it a second time to remove more of the foreign matter.

The desirability and value of landscape planting for the home has become so instilled in the minds of people that in the modern real estate subdivision no homes are put upon the market until after the landscape work is done. This is not a matter of sentiment on the part of the subdividers. It is a matter of dollars and cents. They know a home well landscaped has a greater appeal, sells quicker and easier, and brings larger returns.

Long Distance Rates Are Surprisingly Low

For instance:

for \$2.20

or less, between 4:30 a. m. and 7:00 p. m.

You can call the following points and talk for THREE MINUTES for the rates shown. Rates to other points are proportionately low.

From Northville To

	Station-to-Station Rate
Baltimore, Md.	\$2.00
Cedar Rapids, Ia.	\$2.00
Knoxville, Tenn.	\$2.25
Philadelphia, Pa.	\$2.25
St. Louis, Mo.	\$2.25
Washington, D. C.	\$2.00
Wilmette, Ill.	\$2.25
Reading, Pa.	\$2.25
Ashtabula, Ohio	\$2.25
LaCrosse, Wis.	\$2.25

The rates quoted are Station-to-Station Day rates, effective 4:30 a. m. and 7:00 p. m.

Evening Station-to-Station rates are effective 7:00 p. m. to 12:30 a. m. and Night Station-to-Station rates, 12:30 a. m. to 4:30 a. m.

A Station-to-Station call is one made to a certain distance rather than to many points in a city.

If you do not know the address of the person you want to talk with, just give the name and telephone number and the operator will connect the call for you.

A Person-to-Person call, because more work is involved, costs more than a Station-to-Station call. Therefore a Person-to-

Person call is twice as expensive.

Additional rate information can be secured by calling the Long Distance operator.

**GIPPING GYPSIES
FORCED TO RETURN
AGED MAN'S CASH**
Fortune Tellers Get \$2800
from a Resident of
Clarkston

His life savings of \$2899 taken by two gypsy fortune tellers under the pretense that it was necessary that they have it temporarily for use in certain mystic ceremonies, Israel Ogden, aged 55 years, of Clarkston, made an appeal to the sheriff's officers, which resulted in the arrest of two women and two men at Park Island, Friday night, according to the Orion Review.

Mr. Ogden told the officers that he met the fortune tellers at an amusement park at Lake Orion about two weeks ago. On his first visit they obtained \$15 from him, and when they learned that his wife was dead they persuaded him that he was threatened by enemies. Mr. Ogden was so impressed by their "powers" that he returned with \$500, which the fortune tellers told him was necessary in their work in shielding him from his enemies. After he had surrendered the \$500, he was induced to return again with the remainder of his funds, which he was told to bring in cash. He obeyed and was assured that his money was safe and that it would be placed in the bank. He was also warned that the secret of the fortune tellers' work must be kept a secret or he would die in twenty-four hours. After surrendering all of his savings he began to worry about its return but fear of the threatened death kept him silent until Thursday noon of last week when he went with his story to Deputy Sheriff of Clarkston.

Sheriff Frank Greenan was notified and with Deputy Sheriffs Fred Hager and W. C. Schaff went to Park Island and found one of the women accused by Mr. Ogden in the act of telling the fortune of another male customer.

Two women and two men were arrested, Rosie and Anna Costello, 24 and 25 years of age, respectively, also Joseph Mark, 48, and Thomas Mark, 28 years old, all said to be gypsies although the men insisted they were not involved in the theft. The quartet was taken to the county jail and held until Sunday, when they were released after all but a few hundred dollars of the amount entrusted to them were recovered, which was decided to be the best way out of the deal as it would have been difficult to obtain a conviction owing to the fact that Ogden had willingly given them his money and that they had not agreed to return it until Tuesday or this week.

A simple way to destroy ants in a small area is to spray with boracic emulsion or with a strong soap water prepared by dissolving one common laundry soap in water at the rate of one-half to one pound of soap to a gallon of water. If the ants nests can be found, boiling water or a quantity of benzene will sometimes kill the insects in the nests. These fluids cannot, however, be applied with safety to the grass or lawns. In this case the soap water should prove preferable.

Cabbage stored for future use should be trimmed to three to six right wrapper leaves. Loose leaves interfere with thorough ventilation, which is essential to successful storage of this vegetable.

**Spend 35¢
Save
\$10.00**

In just one month you can save that much or more by dry cleaning at home with SOLVITE, the economical home dry cleaning soap. Dainty frocks, suits, hats, or any article that will not stand soap and water can easily and quickly be cleaned with SOLVITE, the new marvelous dry cleaning soap dissolved in gasoline or naphtha. Nothing ever fades, shrinks or wrinkles. Save those many dry cleaning bills; do your own dry cleaning right at home.

NORTHVILLE Twenty-five Years Ago

Mrs. Charlie Gardner is visiting an aunt at Gaylord.

Miss May White is very ill with smallpox at Orion.

Mr. and Mrs. M. N. Johnson spent Sunday at Redford.

Hazel Ball spent Sunday at Buffalo and Niagara Falls.

Frank Harmon has been at Saginaw a day or two this week.

Azel Blair of Clawson, was a Sunday visitor in Northville.

Mrs. H. F. Jackson visited in Detroit and Newberg last week.

Mrs. Ella Ball has gone to Charlevoix to visit her parents.

T. J. Knapp and Miss Mae Coddren left this week for Kearney, N. J.

Mrs. Maria B. Lapham has returned to Alpena to remain until next spring.

Postmaster Johnson and Supervisor Benton were at Union Lake, last week.

Mrs. Cloud McClelland and daughter Leila, returned Sunday from a week's visit with relatives at Bloomfield.

Mrs. W. H. Yerkes has gone to Ohio to visit her husband, and look over the town preparatory to moving there.

The annual picnic of the Northville Woman's club was held Tuesday afternoon at the home of Mrs. A. S. Parsons.

Miss Frances Simpson of Saginaw, who has been the guest of Mrs. C. M. Joslin for the past week, returned home Sunday.

The Robert Thomas dog killing case was thrown out of court Saturday on account of non-appearance of the com-

plaining witness.

NEW HUDSON SCHOOL IS OPENED WITH SMALLER ENROLLMENT THIS YEAR

New Hudson school began Tuesday with a slightly smaller enrollment than usual but several are expected to enroll a bit later. The school buses have been overhauled and painted and the building and grounds put in first class shape.

Several new names appear in the faculty role and all are especially well trained for their part of the work.

Work in football, tennis, swimming and glee clubs will start at once with very good prospects in all departments.

The different departments of the school will furnish a well rounded program of activities, beginning with the agricultural program at the fairs this month and annual school fair early in October.

Teachers are: M. D. Hatch super-

intendent and agriculture, W. E. Chadderdon, principal, manual arts,

mathematics and science, Miss Louise Painsley, English and Latin, Miss Doris Martin, domestic science, Miss Marion Watson, music and art.

Grades: H. W. Medler, 5th, 6th and 7th grades; Miss Louise Kimball, 3rd and 4th grades; Miss Pauline Brown, primary 1st and 2nd grades; Mrs. H. W. Medler, primary assistant—South Lyon High.

A good mineral mixture for swine to supplement grain feeds can be made of the following according to the U. S. Department of Agriculture: 45 pounds steamed bone meal, 25 pounds ground limestone or air-slaked lime, 25 pounds 16 per cent superphosphate (acid phosphate), and 5 pounds salt. This mixture is palatable to pigs and can be fed to them on pasture or in dry lot.

NORTHVILLE DID NOT FEEL EARTHQUAKE ON SUNDAY

Southeastern Michigan and Northern Ohio are shaken.

Southeastern Michigan and northern

Ohio were rocked Sunday by an earth-

quake, but from numerous inquiries no

one in Northville or vicinity felt the

tremors. Newspapers stated that the

tremors started shortly after half

past three Sunday afternoon and con-

tinued from eight to ten seconds.

On Gross Islet the shock was dis-

tinctly felt, and a ball game was in-

terrupted for a brief time. In north-

ern Ohio numerous places reported

feeling the shock, especially along the

south shore of Lake Erie. According to

newspapers the tremor was

centered somewhere around Lake Erie.

Elmer Perrin, who was home Sunday

afternoon, stated that he felt no shock

down on South Center street.

Charles Sessions, who knows more

Northville history than any other liv-

ing person, thought the Record scribe

was trying to "kid" him when he was

asked if he had noticed an earth-

quake Sunday afternoon. It seems hogs are an aid in keeping down worm

To Patrons of the
Northville Wayne County Free Fair

We are making numerous changes in the operation of the fair this year, due to the fact that it is to be a free fair. We need all the ground space we have, and as a result we ask your co-operation in parking your machines outside the grounds. There will be plenty of available space, and while we are only experimenting this year on the new plan, we hope that you will assist us as much as possible.

Northville Wayne County Fair Association

tremors.

Carl Ely declared that if there was an earthquake it was only a part of his coal pile tumbling down, and that the fall had caused the tremors.

John Walker thought he was being kidded also. "Nothing like an earthquake happened at my place," he said.

It was something like five years ago

when Michigan experienced its last

earthquake. At that time the shock

was felt in many parts of the state.

Not only in Detroit, but in Lansing,

Saginaw and elsewhere the tremor was

distinctly felt by many.

Mineral feeds which supply calcium

and phosphorus should be included in

rationals for chickens. Although nearly

all the common chicken feeds contain

minerals, there is usually a deficiency

of calcium and phosphorus. Meat

to dispatches the quake seemed to

scrap and ground steamed bone meal

as well as fish meal will supply phos-

phorus. Calcium, the continued lack

of which will cause a noticeable de-

crease in egg production, can be fur-

nished by keeping a supply of oyster

shells or limestone grit before the hens

all of the time.

CHEVROLET AGAIN BREAKS RECORD IN PRODUCTION

Will Make Over Million Cars During Present Year

Making, for the second time within eight months, the passing of a million-milestone, the Chevrolet Motor Company announced today that the five millionth Chevrolet was produced at the Flint plant, September 8th. The four millionth car was built January 11th, following quickly on the corded the present "Bigger and Better" spectacular nation-wide reception ac-

The early arrival of the 5,000,000th car, was in response to a continued demand that has kept Chevrolet plants on a day and night basis since the first of the year, and has resulted in the setting of a new monthly production record every month this year.

Production for the year promises to go well beyond the million mark and will show more than 1,000 per cent increase over 1921 when 77,565 cars were built.

The epochal five millionth car was a standard coach and came off the line amid the cheers of a vast army of assembled mechanics who gathered momentarily to see the record model glide on the line under its own power. Executing schedule requirements, did not permit of any ceremonies, and a few seconds later the five millionth car became history, when number 5,000,001 was driven away.

It was pointed out that whereas it had required a little more than 10 years of Chevrolet to build its millionth car, the last four million were produced in a little more than five years, an indication of the spectacular march that the Chevrolet Motor Company had made in recent years to attain its present position as the world's largest automobile manufacturer. It was shown too, that since January 13, 1927, when the 3,000,000th car was produced, a little less than 20 months had been required to produce another two million.

This record-breaking production program was in response to the greatest

demand in the company's history. During the first six months of this year, 50 per cent of all automobiles sold in Chevrolet's price class were Chevrolet. This was an increase over 1927, when Chevrolet outdistanced all competitors, selling 40 per cent of all cars purchased in its class.

In light of the fact that Chevrolet

is called in town, Tuesday. During the first six months of this year, 50 per cent of all automobiles sold in Chevrolet's price class were Chevrolet. This was an increase over 1927, when Chevrolet outdistanced all competitors, selling 40 per cent of all cars purchased in its class.

Patrick Reilly of Oakland Hills club has been secured as green keeper for the Bob-O-Link golf links. He moved his family into the cottage at

reunions, last Thursday. Mr. and Mrs. Charlton Partridge, Mr. and Mrs. Walter McLaughlin, Mr. and Mrs. James Keen, Mrs. Raymond Mann and Miss Richardson of Detroit were called at Mr. and Mrs. L. B. Flints, Sunday.

The Home Economics Club are supervising the serving of hot lunches at school. Miss Chamberlain is in charge of the home economics class. They are anticipating a visit from Miss McDonald, the County agent, to perfect the arrangements.

The Misses Patricia and Jean Gaffey are visiting their sister, Mrs. Madeline Haggerty, in South Bend, Ind. A pleasing feature of the Sunday evening service at the Baptist church was the B Y P U service led by two junior boys, Clyde Euston and James Munro, who are members of the society and church. Those who attended report a very good meeting and found the boys capable young leaders.

Mrs. Gertrude Smith and children, Mrs. Frances Dandison, Mrs. Louis Hammon, Mrs. J. Hicks and Mrs. William Mairs attended the Walled Lake homecoming Saturday. Mrs. Mairs was re-elected president for the coming year.

Rev. and Mrs. Roy Preston and daughters, Kathryn and Irene, and Stanley Brown of Vernon, were callers at the Baptist parsonage Sunday. Mrs. Thompson went with them to Detroit in the evening to hear Harry Slaty give his famous prohibition sermon in the Masonic temple, in commemoration of the 20th anniversary of the founding of the Detroit City Rescue Mission.

A. D. Curtis of Ferndale, and a party of people narrowly escaped serious injury if not death, when the party of people narrowly escaped serious injury if not death, when the

front end of his car was struck by a freight engine on the crossing south of the village, Sunday afternoon. The failure of his brakes to work properly caused him to get on the track in the way of the coming engine. The car was ditched, but no one seriously hurt, and the car not badly damaged.

The monthly meeting of the Nov Improvement association was held last Thursday evening. After the regular order of business reports of various committees were given. The following officers were elected for the ensuing year: President, A. C. Atkinson; vice president, E. J. Verdun; secretary, Frank Clark; treasurer, Mrs. Milo Chapman. The president com

mented the committee who did such a good piece of work in cleaning up the grounds around the M. E. church, where the meetings are held.

Mr. Parr of Dearborn entertained the audience with songs learned in his boyhood days, furnishing the accompaniment with his guitar in a skillful manner. His ready wit and humor displayed in his homely and comic stories, together with a poem, "At William McGinnis' Raffle," radiated a bit of sunshine, which says he is desirous of giving along the pathway of life. The audience appreciated his efforts in coming for the evening.

So-called "dry lightning," or the dry thunderstorm, is due to the same causes and occurs in the same manner as any other thunderstorm, states the Weather Bureau, U. S. Department of Agriculture. In regions where the lower air is extremely dry, the water vapor condenses, or the rain forms so high up that all or nearly all of it evaporates in mid-air as it falls, and the thunderstorm is a dry one.

PROPER lubrication is the cheapest insurance against service expense. We advise every Jordan owner to use the best oil he can buy—and to continue using it. That's fundamental.

**ONE MORE VICTORY
FOR DEHO CO MEANS
A CHAMPIONSHIP**

Holds First Place as Result
of Defeat of Rochester
Team

Sunday, September 9th, Rochester went down to a crushing defeat at the hands of DeHoCo, at DeHoCo park by the score of 17 to 2. Rochester, who had defeated DeHoCo in their last meeting by the number, was pitching a masterful score of 4 to 2, were confident they game. He allowed but one base on which he could again take the measure of the balls, four hits for two runs, and Farmers. However it didn't take struck-out ten men long for them to realize the error of this idea. DeHoCo started out with those who are in second place in the Inter-savage attack on Cage, Rochester's County League, just a game and a half opening batter, and found him for six behind DeHoCo, will make their first hits and three runs in three and a half appearance at DeHoCo park. These thirds innings, Cox then replaced teams have clashed twice previously him with two out in the fourth, but on Holly's home grounds and honors the Farmers took an even greater hit were even. The first game ended 5 to

YOU WILL BE SATISFIED

When you put up a building, it is a most important thing to the average person. You want to be sure that it is going to satisfy you when it is completed. I make it my business to satisfy those I am building for. Bids furnished on homes, garages, business blocks, etc.

ing to his offerings and scored four more runs off a base on balls, three singles and a home run before the third man could be retired. This ended the efforts of Cox, as a pitcher, and Keyes came over from third to relieve him, and finish the game. Keyes didn't fare much better, allowing 9 hits and 10 runs in the last four

innings, but he was the best that went down to a crushing defeat at the Rochester had left to offer while the DeHoCoites were fatted on their batting averages at Rochester, who had defeated DeHoCo's DeHoCo in their last meeting by the number, was pitching a masterful score of 4 to 2, were confident they game. He allowed but one base on which he could again take the measure of the balls, four hits for two runs, and Farmers. However it didn't take struck-out ten men long for them to realize the error of this idea. DeHoCo started out with those who are in second place in the Inter-savage attack on Cage, Rochester's County League, just a game and a half opening batter, and found him for six behind DeHoCo, will make their first hits and three runs in three and a half appearance at DeHoCo park. These thirds innings, Cox then replaced teams have clashed twice previously him with two out in the fourth, but on Holly's home grounds and honors the Farmers took an even greater hit were even. The first game ended 5 to

An interesting bit of information came to hand when it was learned that International League Scouts were in the stands when DeHoCo played at the Livingston County fair at Howell last week, and that they were so impressed with the work of "Smiling Whitey" Martin, DeHoCo's star second-sacker, they offered him a contract to report to the Toronto Maple Leafs in the spring. It is understood that Martin will accept the offer.

**WHO MADE PHONE
CALL TO AUDITOR,
QUESTION ASKED**

Village Talks About Plan
to Change Bookkeeping
System

Where did the mysterious telephone call come from that brought before the village commission Monday evening two auditors who have been trying to sell the commission a new bookkeeping system and who know the name of the concern in Detroit? These were questions asked Monday night at the meeting of the commission when one of the representatives of the concern appeared in answer to this telephone call.

It was a very unusual thing something that has never happened before, but we got a mysterious telephone call from Northville to have someone out at the commission meeting tonight. Our audit of the books was completed some time ago and our report was filed with your commission. We have been ready and are now ready to start the new bookkeeping system, he said.

No one about the hall seemed to know anything about the telephone call or why it was made. The commission has been holding up the bill of the auditing concern because of the fact that its work has not been completed.

St Paul's Ev. Lutheran

On this Sunday our annual Mission Festival will be celebrated. Two services will be held for which special speakers have been secured.

The first service beginning at 10:00 o'clock in the morning will be in the German language. Rev. Dr. Manske of Adrian Mich. will be the speaker. He will speak on "Synods' Mission Obligations".

The second service beginning at 3:00 o'clock in the afternoon will be in the English language. At this service, Rev. W. E. Kutch of Detroit will occupy the pulpit. His subject will be, "Lord what wot Thou have me to do?"

Acts 9:6.

A cordial invitation is extended to everyone to be present at these services. The pastor will be glad to make the acquaintance of strangers.

Due to the Mission Festival there will be no Sunday school or Bible class this Sunday.

Confirmation instructions every Saturday morning at 9:00 o'clock in the school house.

Mrs Robert Coolman was hostess to twenty young ladies at a delightful party, last Monday evening.
