HERE'S A TIP FOR THE FAIR LADIES OF NORTHVILLE

Go Over to Wayne Wednesday and Learn How to Dress

The art of appropriate dress will be discussed by Wayne county women enrolled in the clothing project. The Well Dressed Woman, offered through the home economics department of the Michigan State College in the coming year.

The home demonstration agent, Miss Lois Corbett announces that the organization meeting will be held in the Episcopal church at Wayne, October 12th at 2:00 o'clock. She expects two local leaders from each of the organized communities. Officers for the two training centers will be elected at this time.

Becoming clothes need not be expensive but do cost time and good taste to select, according to Miss Irene Taylor, clothing specialist, who will conduct the project in the county.

To make a pleasing appearance is the wish of almost every individual. Clothes speak so loudly for or against one, in fact, sometimes is the only message one gives to the world. What confidence and poise belong to the person who is dressed rightly for the occasion. The business woman has long ago learned how much appearance counts in getting and holding her job.

Since color plays the most important part of a becoming costume it is worth knowing some of the rules by which one selects colors. A county-wide meeting on Color in Costume given by the specialist does graphically show how understanding effects and arranging color may bring out one's best characteristics.

In the second discussion each woman will have an opportunity to find out her most becoming color and make plans for her wardrobe that will suit her build and personality. Choosing becoming colors affords much pleasure but combining several colors successfully takes skill. So knowing principles for interesting color combinations gives endless opportunity for a woman to be individual in her dressing.

A small pan that fits into the top of the teakettle has many uses. It serves as a double boiler for small quantities of food to be cooked or reheated and will be found handy for melting butter.

The use of rubber shoes and rubber foot pads, instead of plain iron shoes for horses that are worked on hard surfaced roads is often an aid in preventing corns and other foot ailments and usually lengthens the period of the horse's usefulness. This kind of shoeing is also valuable in preventing slipping on hard surfaces and reduces to a minimum the danger from falling.

Do not rub materials too vigorously when cleaning with gasoline.

LOCAL CLUBS WILL VISIT BIG SCHOOL

Members of the Northville Exchange and Rotary clubs have accepted an invitation that has been extended to them by Dr. Robert Haskell of the Wayne County Training school, to visit the school on Wednesday, October 10th, for the purpose of gaining a better idea of the kind of work that is being done out at the institution.

The meeting will take the place of the next regular session of the Exchange club. The members will take luncheon with Dr. Haskell and later visit the many buildings of the institution.

The training school is fast becoming one of the biggest institutions in Michigan, and it is already regarded as one of the outstanding of its kind.

COUNTY CANNOT BE SPLIT IN TWO

Supervisor Willard Ely declares the proposal made by some Detroit real estate men that Detroit should be a county by itself was about as an absurd a proposition as he had heard in many a man. The statement followed some discussion of the proposal to erect a combination city and county building, one of the greatest needs of this county.

"It would take a vote of the people outside Detroit to agree to any such thing. It would be necessary for the people of the city to agree to it. How many people living in the county outside the city would vote for any such a thing do you think? Not many," stated Mr. Ely.

Starch does not taste good unless it is well cooked, hence it is advisable to cook cereals until the starchy flavor disappears, but it is no longer considered necessary to cook them for several hours before they are given to children. Many of the package cereals now on the market have already been precooked so that some of them need only a very brief cooking in the double boiler.

NORTHVILLE MEETS DEFEAT AT HANDS OF CHELSEA

(By Alfred Smith)

Being a little over confident after their first sweeping victory over Milford, Northville high was defeated last Friday by Chelsea, a larger and faster team, 20-6.

Chelsea, in the first two minutes of play, scored the first touchdown, and in the next following few plays scored for the second time, in trying extra point were successful both times. At this point of the game, Northville was unable to stop the rush of the heavier team and their brilliant passing attack. This completed the scoring for the first half 14-0.

Starting the second half the Northville team formed a better defense, which they continued to do throughout the game.

Watts of Northville, seemed to be the main threat of the team, always being in the thickest part of the play. Late in the third quarter, Watts, who received a punt from Chelsea in the middle of the field, and with much sidestepping and pivoting, ran through the whole Chelsea team for Northville's lone touchdown. In the try for an extra point it failed.

Tiffin showed much ability in picking out holes in the enemy's line, and broke through quite a number of times for big gains. LeFevre, veteran center for Northville, broke through the opposing line after time and dropped the winners in their tracks.

Many substitutes were used in the game, and regular players were called out of the game.

Captain Leavenworth and Watts were knocked out at different periods of the game, but each resumed his position when time was called. McCordle, a regular half, was unable to get started, and was pulled out of play early in the third quarter. Rankin, Preston, Hinchman, Wolf from Huff and Kerr played with much courage against their big odds, but the whole team lacked the proper fighting spirit.

WHAT PRICE GRASSHOPPERS?

Every year, as long as Mr. Cohn has been the science teacher, the biology class have had the not-too-sweet session of dissecting grasshoppers. We all admit that it must be extremely interesting, but causes several students to feel nauseated. But you must not mind a little thing like that, because Mr. Cohn says that it is for your own good that you find out just what makes a grasshopper run. All of Mr. Cohn's lectures are based upon his own personal knowledge and scientific experience.

If you happen to step on any stray grasshoppers in the assembly room, just remove the remains with a clean sheet of paper and place it in the waste basket. This remedy is guaranteed to keep the assembly room clean and to prevent any broken legs by slipping on them. I know for certain that Mary Hinchman lost at least two, and would gladly have them returned if they happen to be found.

I believe that if anyone would care to make a collection it would be accepted with open arms. Seeing that the class is having such a good time Mr. Cohn declares that the fun must stop so he said that each student should barbecue but one.

PRIZES OFFERED FOR

THE BEST ANSWER

The journalism class is greatly disturbed by the weighty money problem. You've probably all been disturbed by the same subject, but in a different way, than we are. The trouble is that we have some money. I say some because the amount amounts to the amount of \$2.40. Now as to what we are going to blow this money on is a very serious question to be considered with a great deal of serious thought.

Each member of the class suggested methods of spending this sum, but were mostly foolish, and impossible. Miss Parks' suggestion was the most practical. She thought we could buy a pair of stockings, but what would a class of eight do with one pair of stockings?

We would appreciate any helpful answers made by the student body. We know that some of you have had great experience during the fair—getting rid of money and wonder if you would give us some advice.

Why the bored and indifferent look? Oh, the reward! Why certainly you didn't think that we expected all the brain work for nothing. Of course, we cannot afford very costly prizes, but let me see—the first prize will be a pair—a pair, mind you—of sterling silver heel plates, guaranteed to out-click any pair in N. H. S., at present time, and also they can be used in times of dire necessity to skate in the halls. The second prize will be a beautiful American button—a safety pin in disguise—and the third and last prize a newly invented paper wad, guaranteed to outlast any now in existence and it also has a rare quality

Leave your answers on Miss Parks' desk and the judges, John But-in-sky, did I spell it correctly, and Chester Thomas, I give it up, but you know who I mean, will choose the best answers and give out the prizes. ANCIENT HISTORY CLASS HAS

NEW CHART FOR REFERENCE

In Miss Bambridge's third hour ancient history class, the students are going to make a chart that begins with the Stone Age and carries them through to the reign of Louis XIV. This is to show the rise of civilization in the world.

The chart is an original idea to bring out the main points in the advance of the early ways of civilization. This will also help the students taking modern history, as well as those of the ancient history class.

FIRST SUBURBAN LEAGUE

GAME TO BE PLAYED FRIDAY

Friday, October 5th! On this date Northville high plays Wayne high in a game of football, but should it be said that Northville high (which includes the community) plays, or should it be said the team plays the game?

If the team plays the game, things certainly look black for Northville high. You all know what happened to the team, last week, do you not? Well, they were beaten and what a

crowd of people from Northville turned out for the game! The faithful few were there, with about five or six extras, that is, people who were not to the Milford game. But all those present had their spurs keyed up and were yelling without the help of a cheer leader, but even with a cheer leader there were not enough people to support him. But the game is over, and another and much harder game is at hand—the first Suburban League game of the season and with Wayne, who won the championship from Northville in 1926, and who in 1927 was right there, pushing the leaders at the top.

This game is to be played in Northville at the fair grounds, and there will be no chance for excuses about not having any way to get there, because you can walk there in five minutes.

There may have been reasons for lack of attendance before because the games were away, but this is a home game.

Come out and support your team!

CAMPFIRE INITIATION

HELD IN GYMNASIUM

Twelve new members were initiated into the Mohismaha group, Monday evening in the gym. With fear and trembling they passed through the necessary tests and were branded on the forehead with the Campfire symbol, the cross logs, and flames, of which evidence was seen around the school building the next day.

After passing through the valley of terrors they were presented with an all-day sucker and locked in a dark room until the initiation was over.

The Scotch members, felt "giped" by receiving an all-day sucker at nine o'clock in the evening.

NEW COURSE IN

HYGIENE IS OFFERED

A new course in hygiene is offered this year to the girls in the eleventh and twelfth grades who are taking physical training. This subject is to come on Friday of each week, and is just a one semester subject. It is to teach all about diseases, first aid to the injured, and bandaging. Mrs. Stalker is the instructor.

FIRST FIRE DRILL

The first fire drill of this term was held Monday, the eighth period, in

CAMPFIRE MEETING HELD

FOR ELECTION OF OFFICERS

A Campfire meeting was held Wednesday, September 25th, for the purpose of electing new officers for the coming year. The officers were as follows: Jane Lawrence, re-elected President; Dorothy Flaherty, re-elected Vice president; Dorothy Shoenbridge, treasurer; Thelma Ninder, Secretary; Flora Johnson, Scribe.

A hike was planned for Wednesday, October 3rd, after school.

STUDENT COUNCIL

MEETING IS HELD

A Student Council meeting was held Tuesday noon, September 25th, in the science room, for the purpose of selecting passes for the students of N. H. S. to all the games during the year. The high school letter was chosen.

The letter is to be worn on the arm of the owner. It is three inches high.

It was also decided that Mrs. Shawley's public speaking class was to sell refreshments at the football games to earn money to pay the judges.

We have two new members in the Student Council. They are Alfred Smith, athletic manager, and Chester Tomaszewski, chief of police.

The Sophomore class held a class meeting on Thursday, September 27, at 3:45, for the purpose of electing a class adviser. Several teachers were suggested and out of the suggested ones Miss Briggs was elected.

MISS BACH'S CLASSES

MEET IN NEW BUILDING

Owing to the fact that the number of pupils attending school has increased, it has been necessary to use the house west of the high school building for classes.

The downstairs is occupied by the kindergarten, taught by Miss Cavell. This class was formerly held in the grade school.

Miss Bach's classes will meet in the upstairs. One room will be for music and in the other Miss Bach will teach art. These classes were in Room 3, now the mathematics room in the high school.

Concrete floors will reduce our costly fire bill

Popular sentiment has demanded that our modern hotels, apartment houses, schools, theatres and office buildings be fire safe throughout. To be thoroughly fire safe a building should have concrete floors beneath the hard wood, linoleum, carpeting or other surfacing. If we demand fire safe construction in larger buildings we should also demand it in our homes.

A large proportion of residence fires start in the basement. Concrete first floors will prevent them from spreading to the upper rooms. In addition, concrete floors prevent structural sagging and plaster cracking.

The rising curtain revealed an animated mass of recruits, drill squads, ruddy officers in gold braid, final farewells and away to Dixie. Later scenes depicted camp life, the bivouac at night alarm, the hero appears, the spy dispatches, and later the capture of the prison and escape. The climax, the final act, shows the curtain rising on the gray dawn of a battlefield strewn with dead and dying. Field nurses and burying squads mingled in the background. A rebel colonel, wounded unto death, lay well to the front, whom we recognized as our good friend, General Lee. He was faintly moaning.

WEST POINT PARK

Mrs. C. Wolfe, Correspondent

Miss Margaret Schrandt, one of the school teachers was a week-end visitor with her mother at Flat Rock, Saturday and Sunday.

A local gardener had one potato vine spring up in her flower garden. It had the same care as the flowers had, and when the frost came she dug up twenty-nine eatable potatoes.

The ladies of the community met at Community hall, Wednesday and Friday, and cleaned both church and hall.

An appetizing dinner was served in the dining room to each one who assisted in the work.

Miss Demetra Mills of Redford, Luella and Dorothy Ash and Ruth Taylor, called at the home of Mr. and Mrs. Harry Wolfe to see Viola and Harry, Jr., who are able to sit up a little while each day.

Mr. and Mrs. Earl Wolfe, Mrs. Harrison, Mrs. Edwards and Miss Schrandt attended a party at the home of Mrs. Fred Campbell of Stark.

West Point Park ball season is over and we are satisfied, although they did not win the championship at Northville fair. They won a majority of Inter-County League games, winning two out of three games played with each club in the league, except De-HoCo, which was defeated once. West Point Park finished in the first division with a place placing fourth, only one game behind Holly and Pontiac. De-HoCo won the league championship. NEAL ADDRESSES WOMEN VOTERS IN FIRST SESSION

Attends Campaign Meeting Held in Detroit Last Week

Postmaster F. S. Neal and Mrs. Neal attended the first meeting of the Republican women workers of Wayne county at the Hotel Statler, Friday afternoon. Mr. Neal, as well as Judge Alfred J. Murphy and Governor Fred W. Green were called upon for brief addresses.

Mr. Neal told those present the definition that former Chief Justice Charles E. Hughes once gave as to the difference between an alien and a citizen. One voted; the other didn't. That is all. So part was the idea that the women have decided to use it in their campaign material.

Mrs. Paul W. Tarr, vice chairman for Wayne county of the Republican State Central Committee, was chairman. The hostesses included Mrs. Jane Evans, president of the Wayne County Women's Republican club; Mrs. Helen Gericke, president of the Detroit Women's Republican club; and Mrs. Isobel J. Hurst, president of the Michigan Women's Republican club.

Gov. Green attended the meeting for only a few minutes. Official duties, he said, permitted him to say little except "hello and good luck."

Judge Murphy, who delivered the principal address, challenged a statement attributed to Gov. Alfred E. Smith in his St. Paul address that the Republican party needed leadership. "When in my age has a party had such leaders as Herbert Hoover, Calvin Coolidge, Andrew W. Mason, Wm. E. Borah, Charles Evans Hughes and William Howard Taft?" Judge Murphy asked.

Mr. Nelson assured the women workers that his committee stood ready to aid them in every manner possible.

In fattening turkeys for market an excellent plan is to begin about the first of October to feed night and morning, feeding just enough at a time so that the birds go away a little hungry, and gradually increase the quantity until they are given all they will clean up three times a day the week before marketing.

NORTHVILLE Twenty-five Years Ago

Someone tried to hold up Swift Mulne on North Center street last week, but he made a quick dash and got away from the fellow. It is very dark at this point and the street needs lighting.

Following are the new officers of the Eastern Star: W. M. Mildred, W. P. Nelson, Bogart, A. M. Lizzie Kay; secretary, Emma Stark; treasurer, Catherine Carruthers; conductress, Berthelyn Becker; A. C. Dora Kay.

Lyn Northrop has commenced a course at the Agricultural college at Lansing.

I. N. Starkweather has been subpoenaed as a witness in the lawsuit between Fred Bennett and the Hough estate of Plymouth.

Manager Wilkinson, manager of our light works, is canvassing the light takers with a view of ascertaining whether it will pay to give all night service.

For the first time in its history Northville is to have a bowling alley. The south store in the new Scherer & Cattermole building is now being finished into a first-class alley.

A coffee supper will be served for 15 cents out at Henry Johnson's at Litchia Center, Saturday night.

Choose designs for the children's clothes with ironing in mind, whether you make the clothes yourself or buy them ready-made. Fussy ruffles and queer-shaped parts take up the time of the housewife, and they look as well after washing and ironing as from smooth garments that are well cut and made of interesting materials.

The most profitable age at which to slaughter hogs is usually between 8 and 12 months.

WILL HINDSIGHT Cost You Dearly This Year?
Winter is just around the corner now. Your heating system is your greatest convenience when winter winds blow. Heavy fuel bills and decreased comfort are going to be the penalty charged up to those who fail to give their plants an even chance to perform well this winter.

We will be glad to make a thorough inspection of your heating plant now, point out to you little savings that you can make in firing, and suggest light improvements that will mean big savings during cold weather. Such an inspection costs nothing. Write us today.
