NORTHVILLE, MICHIGAN, FRIDAY JUNE 7, 1929

WASTING SPACE

The Durand Express devotes six or seven inches to its valued space to a sort of apology for printing a news item pertaining to the possibility of a factory locating in that city. It seems that while the editor was away that his assistant copied "something out of some other paper about the proposed location of the factory in Durand." When the editor returned home, it is quite apparent that officials of the chamber of commerce protested the publication of the article.

The last sentence in the editorial says "Everything has been gobbled up (referring to space) and the prices asked cannot be easily reconciled."

Which means that the real estate men of Durand and possibly others having property for sale want to make a nice little profit off the public sound of the community. Probably these same fellows are the ones who have been trading against the Express because of its publication of ignominious news.

The Durand editor who doubtless gives more to his community in one way or another than any 300 or 400 of his public-spirited citizens combined, possibly feels that the publication of the item about the factory resulted in potential "frontiers" grabbing up all the land that could be used for a factory site and holding it for a ransom price and he is sorry because of this fact.

The publications of no news item did any harm of the sort. It was the gossip about the factory location in Durand that did the trick. This is stated as a positive fact because we know how those outside the city and the inside like to talk about what they are doing and what they think is going to happen. You can wager your last dime that every opinion in land around Durand was secured long before there was anything printed about the location of the factory in Durand in the Express.

The editor of the Express has shown his willingness to sacrifice his right to publish news for the benefit of his town—now let's see if the land dealers and owners of Durand have the same public spirit, and put the price of their factory sites back to what is generally regarded as a reasonable figure. Suppose for instance they offer to sell it for the valuation they have been paying taxes on. That would be public spirit in keeping with the kind displayed by the Express writer.

## CARGOADS OF MONEY COMING

The United States Government is planning to replace all of the paper money now in circulation with new and smaller currency and to this end the government printing presses are running day and night. The government will print about \$2,600,000,000 in new paper currency, equal to \$25 for every man woman and child in the United States.

The plan is to put the new money into circulation all over the nation at the same time and it is expected that two carloads of the new currency will arrive in Chicago during the first week in July to replace the paper money now held in the banks of that city. A total of \$80,000,000 will be required for this purpose.

Large sums will be shipped to the Federal Reserve Bank in Chicago and Illinois, to which will distribute the money to the banks throughout the central western states, clearing their old currency as cash.

The new bill will be also introduced by the use of the present bill and the present bill will be voted on by the House of Representatives in the next session.

Both the old and new bills will be passed in the Senate and then will be voted on by the House of Representatives.

**COME FROM LOS ANGELES TO HOME HERE ON BUS LINE**

Clyde Putnam and His Nephew Have Fine Trip Out to Golden State.

From Los Angeles to Detroit by bus—that was the trip completed Friday by Clyde Putnam, of this place, and his nephew, L. J. Putnam of Novi. As far as known they are the first two residents of this section to travel from the Pacific coast to Michigan by bus, and Mr. Putnam declares that it will probably be his last trip that way.

"Once you get on the bus you have got to stay on it until the trip is ended. If you take advantage of the stop-overs for a night's sleep, you may have to wait some two or three days for another bus that will have room for you."

"They start the buses out of Los Angeles with every seat full and they keep them full until the end of the trip. Several on the bus told of getting off for a good night's sleep at some place along the way and of having had to wait for days before they were able to get on another bus because there wasn't room for them," said Clyde Putnam.

Mr. Putnam went out to California to see his brother, who lives near Los Angeles. He found him greatly improved in health and he says, "Mrs. Putnam is better. They are highly delighted with their new home out on the coast and enjoy the warm, mild climate of that part of the country."

In going out to California we went out on the Santa Fe. After reaching Los Angeles on a Monday morning we took a great many automobile trips, visiting some of the fine orange groves around there. They certainly know how to take care of the groves. The trees were loaded with fruit. There are not many grapefruit trees in bearing,

Remarkable Case of New Medicine Power Reported By Detroit Man

MR. HARRY A. PRISKE

Konjola, the new and different medicine seems at its very best when pitted against the obstinate cases that have defied all else tried. Take, for instance, the case of Mr. Harry A. Priske, 3103, East Palmer avenue, Detroit.

"For weeks at time," said Mr. Priske, "rheumatism had me in bed. I thought I was lucky when I could get around on crutches. My limbs and feet were swollen and the pain was terrible. I tried no end of medicines and treatments but nothing helped me. A friend suggested that I try Konjola and the results exceeded my fondest hopes. In five weeks I was completely well and back to work. If anyone doubts my statement I will welcome a complete investigation. My friends are amazed as I am over what Konjola did for me in just five weeks."

Konjola is sold in Northville at the Northville Drug store and by all the best druggists in all towns throughout this entire section—Adv.

out lots of oranges and lemons where we were," says Mr. Putnam. "My brother proposed that we spend a day at deep sea fishing so we went to the ocean, which is but 15 or 20 miles from where we were, and took a small boat from the dock to a big boat. When the little boat came up to the dock it was tossed about by the waves. But we adored it and I am not sorry that I did. I never had so much fun in my life fishing as I did out there in the ocean. Someone was pulling in a fish most of the time. Some were halibut, some codfish, but most of the catches were mackerel."

"The next day we went to San Pedro and took a boat out to the Mississippi, where a friend of mine, Charles Banks, was on duty. He showed us through the big ship and explained everything. It was a wonderful sight."

"When we decided to come home we thought we would come a different way than we went out. We left Los Angeles a week ago last Sunday morning by bus for Detroit. The buses have a motor with four speeds forward. When they get shifted into the fourth speed you bet that we are going right down the road. It seemed as though in going around those sharp curves they had five speeds ahead."

"I like that country out there very much. The sun shone every day. Once in a while it would be cloudy in the morning. It was that they called a 'high' for. But the sun would usually come out about the middle of the afternoon and shine bright. It is the kind of ball that the Dehoco boys are going to give you from day on. Sutherland Paper Company of Kalamazoo Last Prison Victim

Those of you who missed the game at Dehoco park, Sunday, will never want to miss another. It was the best game that has been played in this territory for some time. four of them, Spencer and Smith each getting one. The catching of Fay is not to be passed up as this bird is a nice receiver, and it was his triple that drove in the winning run.

The Dehoco boys leave on a road trip next Saturday, and they will not be at home for the next few Sundays. On the 8th and 9th of June they will play the Sunoco Keystone at Lansing. On the following week they will play at Battle Creek. The Kellogg team to be the opponents. The week of June 23rd, they journey to Pleasant Lake for a game.

The decoration day game at Dehoco park was won by the boys from the prison city by the score of 10 to 8. It was some game and the winner was not decided until the last man was out in the ninth. The Sunoco boys had a little the best of it and although the Dehoco boys played gallantly the masterful pitching of Springer had them guessing all the time.

Harrington started the game for Dehoco and he was touched for nine hits in the seven innings that he was on the mound. Rowland finished the game and he was found for three hits, and they coupled with an error paved the way for the last two runs.

Jaska with two triples was the star. Blodgett of the day, Sweeney and Bauman starred with the bat for the Sunoco team.

**See These Tests Before You Buy Any Tire**

IF YOU ARE CONFUSED by the claims advanced for different tires, ask for proof instead of "talk" before you buy.

Today the relative merits of tires may be very easily compared. There are two main parts to a tire; (1) the outside Tread; (2) the inside Carcass.

In both of these main parts, the superiority of Goodyear Tires will be clearly and quickly demonstrated to you by us.

That these superiorities are real and vital is proved by the fact that millions more people now ride on Goodyear Tires than on any other kind.

The last sales figures show a gain for Goodyear Tires three times as great as the percentage of gain in production recorded for the industry as a whole.

This Goodyear leadership, which grows greater each year in the great tire industry, points conclusively to a very superior product.

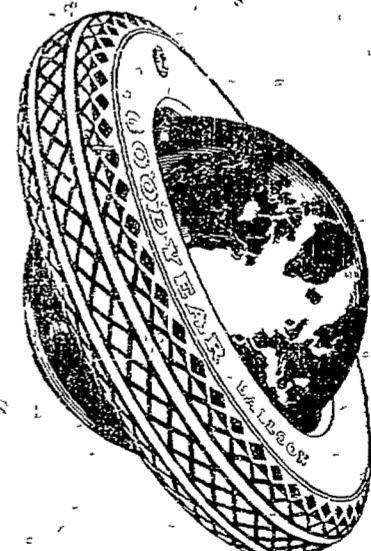

And yet, as a matter of final proof before buying, you are invited to see the two tests described below.

**Test No. 1**

Press down your palm on the tread of a Goodyear Tire. Feel how it pinches and grips your hand. That is the way it grips and holds the road. We will further demonstrate its superior stopping and starting, curve and rut traction—and explain its easy steering, smooth and quiet running qualities and its longer, slower tread wear.

**Test No. 2**

After you see Goodyear's patented "shock-absorbing" SUPERTWIST cord stretched time and time again beside the best competitive cord, you will be finally convinced as to the superiority of Goodyear Tires. SUPERTWIST, as you will see, has infinitely more lasting power and "come-back"—it stretches up to 60% farther before breaking. Used only in Goodyear Tires, it gives them their matchless resistance to bruise breaks and blowouts.

It Costs No More to Buy—and Less to Ride on Goodyear Tires. All Types—All Sizes—All Prices.

Our year 'round, on the ground service helps you to get all the extra miles that the World's largest rubber company builds into its tires.

to Go To Milford For  
Session

Dairy Farmers of Oakland county and imminents vicinity, are invited to attend a dairy rally to be held at the American Legion hall in Milford, on Saturday night, June 8th, at 8 o'clock.

Marvin F. Miller, of Detroit, who owns a large dairy farm near Northville, will speak on cost of production and distribution.

Where such meetings have been held in Washtenaw, Monroe, Livingston, St. Clair, Macomb, Wayne and Lapeer counties' farmers have voted in favor of pooling their milk and cows, asking the government for a loan, building of their own plants and distributing their own milk.

A committee will be appointed to work with other counties to promote better conditions.

Farmers sponsoring this meeting are Smith Bros. & King of Walled Lake; Bert Kruis of Farmington; Walter Huff & W. J. Leonard of Highland; William Borchard of Farmington; Donald P. Sayers of South Lyon; Frank Oliver of New Hudson; E. E. Rocker of Wixom; G. F. Paris of Clyde, and Melburn Hewett of Milford.

A youthful doctor, a young star boy artist put these together and stir through a college setting and you have "Hot Stuff." There is no gainsaying that youth has its own way in pictures.

Mervyn LeRoy is probably the youngest director in Hollywood— at least he looks younger than any other megaphone wielder in the memory of the oldest studio watchman—but he is really old in experience and he is clearly full grown in ability.

"Hot Stuff" proved to be "Dark Soup" for the combination above when the first National Vitaphone picture was started. LeRoy set himself a schedule which no authority could understand. LeRoy took

The most remarkable thing about "Hot Stuff," which opens Saturday June 8th, at the Penniman Allen theatre is its tempo. Some of the directing he carries and the supporting roles of this picture have been transferred to the screen and makes it a feature packed unusually full of high spots and hot stuff.

And Louise Fazenda, who looks old in the picture but really isn't, helped this racing tempo along in her own way too.

**SEX APPEAL IN**

**MENTAL ATTITUDE**

Sex appeal isn't so much natural curves and clever, revealing costumes as it is mental attitude, and physical expression of that attitude according to Dorothy Mackall.

The all blonde English beauty popular in First National film offerings is co-featured with Lee Miller in "Children of the Ritz," which opens Saturday June 8th, at the Penniman Allen theatre. Miss Miller in this picture offers signs of the demonstration of art that she can be quite well educated and well con-

ceived by fashionable, fluffy gowns when she is doing her best to attract the attention of her chauffeur handsome young Mulligan.

In the statistics of costumes at certain times in this picture, my screen presence or real presence conveys only the general significance of the scene. Miss Mackall points off. On the other hand, in costumes which less revealing in scenes in which I wish to steal, the woman's best weapon and choicest possession is emanating ways of whatever broadcast.

"Children of the Ritz," which brings together the upper, and lower classes of New York City society with only love between the crusade for filling is a rollicking, highly entertaining and human picture. James Ford, Kathryn McGuire, Boris Dayan, Edward Burns, and Lee Moran head the supporting cast. John Francis Dillon directed.

extended filming of the feature, and then put him in charge of planning, constructing and equipping his studio at Nice, France, admitted the finest studio in Europe.

It was because of this wide knowledge of the advantages and best angles of European production that Robert Kane, who presents "Mad Hour" for First National, immediately engaged Boyle as a member of his unit, then producing in New York upon the ex-patriot's return from Europe.

Boyle directed "Broadway Nights," one of Kane's most successful pictures for First National, and also "The Whirl Woman," which Alan Dwan produced for the same company, and on the strength of these successes was assigned to "Mad Hour," adapted from Elmer Glyn's "The Man and the Moment," a vivid story of modern American life, featuring Sam O'Neill, Donald Reed, Alice White and Leroy Kent.

## THOUSANDS SPENT TO IMPROVE PARK

Edgewater Park, located on the Seven Mile Road near Grand River, which has just opened for the season, has been entirely rebuilt since last season and is now one of the most up-to-date playgrounds in America. Many new features have been added this year, including some of the most thrilling riding devices ever invented.

For instance, there is the thriller, a nine-long stretch of track which soars above the teary-tangle of the park and then drops to within a few feet of the ground, only to rise again to dizzy heights. Also those who wish to experience the thrill's of a scint ride in an airplane without any of the danger will find the Lindy plane gives them this novel experience.

Another popular feature this year is the ball room operated by Jean Goldkette. The Casa Loma orchestra, which has won fame throughout the country for its dance music, will remain at the park during the entire season.

On the opening night more than 10,000 persons packed the park and the ball room was filled throughout the evening. During the summer it is expected thousands of families will take advantage of this beautiful natural site to picnic beside the lagoon. The management has made special arrangements to care for those who pack their picnic baskets and come to spend a day among the beautiful trees and along the stretch of water around which the park centers.

To get an even stand of alfalfa, it is best to sow half the seed one way across the field and the other half at right angles to the first sowing.

An "unusual" accident occurred last Saturday afternoon, when a Ford runabout coming from Walked Lake road crashed into the electric light pole by the Gaffney lunch room. The pole was broken completely off near the ground, and the car badly damaged, but the two young men occupying the car were unharmed. It is supposed that quick application of brakes when the red light was noticed caused the crash. Not having the proper official identification, the young men were taken to Pontiac.

The old-fashioned social held in

the Baptist church last Friday evening was a decided success as far as enjoyment was concerned. The old-fashioned clothing proved interesting as well as creating a good deal of merriment. Two wedding

## Timely Tips For Northville Gardeners

The soil should be worked in the perennial beds and shrubbery borders after heavy rain.

Spray rose bushes with nicotine sulphate and soap suds as soon as aphids appear on the new growths.

Nicotine sulphate should be sprayed on the new growths of columbine to kill leaf矿虫 larvae.

Evergreens may still be transplanted providing the work is carefully done.

Begonia plants should be protected from late frosts.

Nurture of soda lightly sprinkled around the pansies will promote large flowers.

Parsley seed should be soaked a few hours in warm water before planting. This will promote a high

er per cent germination.

Paper collars may be used around cabbage and tomato plants to protect them from cutworms. The collar should not extend more than an inch below the ground surface.

Sprinkle all plants and the lawn thoroughly as needed and cultivate often. Do not disturb the earth at too great a depth or the roots will suffer. Regular cultivation eliminates weeds.

## PYTHIANS HEAR SERMON BY THE LODGE PRELATE

Organization Attends Church in Full Regalia Sunday Morn

In 1873 a colorful assembly gathered in the Methodist church, Sunday morning. The Knights of Pythias regally apparelled, the preacher and choir in black gowns and the children's choir in white robes made a scene worthwhile.

Rev. William Richards gave a

memorial address specially in honor of

those members of the order who dropped out of the ranks during the year.

Taking his text from Exodus where a certain day was designated as a memorial he pictured the significance of memorials and how it cleared us to the past and the future.

Rev. Richards affirmed that there was no security from death hence our aim should be to keep in readiness for the open door into the next stage of existence.

We cannot explain the mystery of death but it should never intimidate or burden us.

About 20 members of the Knights of Columbus Chapter No. 104 gave out a most welcome surprise Saturday evening at the local Knights of Columbus Hall. The boys presented a set ceremonial dagger and belt of the chapter. Mr. Butler brought it along and when it was presented to set the seal Mr. and Mrs. Butler and their son had a most delightful evening.

As he does, there is no reason why Mr. Butler should not stand out a century—at least.

Some of his friends hope that he may live to see his 100th birthday.

## WHY ED. HINKLEY IS NO LONGER IN TRADING BUSINESS

### He Wouldn't Take Gold Dollars For Lawn Grass Cuttings

Ed Hinkley has gone out of the trading business. In fact you couldn't trade Ed gold dollars for posies these days.

It was such a simple transaction—and happened so unexpectedly—the little deal that has forced Ed to quit the trading business.

Last Saturday morning Butch Balder was hurrying to work with a big package under his arm—a package all wrapped up in newspapers—one of those suspicious looking packages.

"Butch had reached the front of Ed's store on East Main street Ed stood out in front watching the train go by.

"What you got there, Butch?" queried Ed.

"That's a secret," said Butch.

"What will you take for it?" asked Ed.

"Well, I can't tell you."

"What will you give me for it?"

Ed looked the package all over carefully. He felt it and then he said he didn't know as he could offer enough but that he would give Butch the best tie in his store for the package.

"That's a deal," It's yours immediately declared Butch.

The well-known meat dealer picked out his tie case busily unstrapping the "meat" package.

As Butch was walking out of the store the muted strings permitted a week's supply of garbage to fall out on the floor.

It seemed to be the garbage car

**CAPS AND GOWNS**

Of course all the dignified Seniors were much excited at the appearance of six huge cardboard boxes piled in the hall. The curious ones gathered around and pinched and pinched and kicked, but no one could imagine what was in them. Finally one enterprising upper classman gained the admiration of all his friends when he boldly faced Mr. Cohn and asked him what the boxes contained. A few minutes later he dashed downstairs again and faced his audience.

"They're caps and gowns," he shouted.

Each Senior will spear at least two hours a day in balancing a cardboard box on his head so that when the great day arrives he will be able to hold his head as straight as any of the rest. In case there are any Seniors who haven't yet learned to "balance the board," the class has decided to wear their caps and gowns on Wednesday so that everyone will know just how to act.

**FOURTH AT GOLF MEET**  
Among the fine schools that participated in the Regional Golf meet at Barton Hill, near Ann Arbor, Saturday, June 1, Northville placed fourth.

The two schools to qualify for the state tournament at Washington June 8th were Mr. Clemens, who won first place, and Ann Arbor, second. Their team score was 349 and Ann Arbor for second place with 359. Wayne placed third with 371 and Northville fourth with 382.

James Malloy of Ann Arbor, with an 82 for low score, received the individual trophy.

The players who represented Northville were Allen Beard, low scorer with a 90; Alfred Smith, 92; Robert McCord, 94; and Harley Wolfson, 105.

**NORTHVILLE ENTERS TEAM FOR LEAGUE TRACK TITLE**

Northville has entered eleven men in the Superian League track and field meet, which will be held at Ypsilanti Normal College, Saturday, June 8th.

Dearborn, the title holder for the past two years will find a great deal of competition this year, because all teams in the league have entered men for the meet.

Plymouth has a very strong team this year, having defeated Dearborn in a mid meet.

Of course Northville will put in a very strict bid for the championship this year. Although Northville had no dual meets, they placed third in the regional meet at 254-1/2 units two weeks ago.

The school in the league this year are Farmington Roosevelt, Plymouth, Wayne, Plymouth Dearborn and Northville.

## JUDGES ON VISIT TO ALL GARDENS IN CLUB CONTEST

Highly Pleased with Interest Being Taken by Entrants

Firs inspections of the yards and gardens entered in the Northville Rotary Club yard and garden contest have been made by the judges, according to Mrs. Agnes Shaefer, chairman of the committee on judges. Accompanied by John Kalfenbach and Mrs. Dayton Burn one entire day of last week was spent in touring the village and making first notes on the general appearances of the entries.

There are other inspection tours that will be made during the season so those who have entered the contest must keep their places in top shape because the point of each inspection will count.

The committee was again pleased that a number of children had entered contests. The new few cases were entered and entered

the contest but the parents were not able to carry out the hopes of the youngsters and as a result something like a half dozen entries were dropped.

However, there remains in the contest something like 80 acute contestants. This assures a busy summer for the judges.

Some very elaborate gardens were visited—and some small gardens that found favor with the judges.

Just when the next trip will be made the judges have not stated.

In fact it is not going to be their practice to give out information as to the time of their visit.

Over 300 Yards and Garden Contests are being conducted in the United States this year, a great increase over 1928 when there were but 40 of these very beautiful campaigns, according to a survey made by the Yard and Garden Contest Association.

Everywhere the Yard and Garden Contests are being sponsored by the most dubious spurious organizations—the first newspapers in their respective cities like the Chambers of Commerce and civic committees exterminating Garden Clubs, the leading civic clubs.

In many communities it is a matter of course that the various organizations combine their forces and are putting forth their united energies to bring the contest to the attention of the public and to make it the outstanding campaign of the year.
