MIND YOUR OWN AFFAIRS HIS ADVICE

Aged Speaker Says That is the Most Important Thing in Life

"Mind your own business. Let the other fellow look after his own affairs. You have got plenty to do if you keep your mind where it belongs."

That was the terse advice of a 90-year-old speaker before the Northville Rotary club Tuesday noon. David Gage, who a short time ago celebrated the passing of his 90th year of life, told the Rotarians that it is not the number of years you live, but it is what you put into your life each year that counts most.

For nearly a century Mr. Gage has lived in this locality, and when he appeared before the Rotarians Monday, he was much more active than many men 40 or 50 years younger. He declares that the greatest success in life comes from keeping your nose out of other people's business and from obeying rules.

"Sometimes I think obedience is the first and most important rule of all. If a child learns obedience, it is a help all through life. Obedience reverence they seem to go together and they do more than any one other thing in building good citizenship," said the aged speaker.

Rotarians were highly pleased with the interesting talk made by Mr. Gage. He was a guest at the meeting President Edward Mills brought before the club a few days ago. They invited him to visit to the charter presentation of the Athenian club and the other an interval meeting with the London Ontario club. Several of the local Rotarians expect to visit both meetings.

TELLS BENEFITS OF HONEST WORK

"Work is a wonderful blessing and a developer of outstanding virtues," said Rev. William Richards, Sunday morning, when he gave his Labor Day address to his audience.

Using the story of Adam's disobedience from the Garden of Eden, he centered his thought upon the sentence of the Almighty, "Cursed is the ground for your sake."

Rev. Richards pointed out that Adam had to work before the unfortunate event of eating the fruit of the tree in the midst of the garden.

"Work," said he, "is a stimulant and the overcomer of difficulties, hardens the spiritual muscles as well as the physical. Mastery is a goal that man strives and has secured many notable victories. If the struggle for existence becomes dreary the thing to do is to come back to the source of all energy for the rest and refreshment that the human spirit must have."

"There are two classes, that do not have a yearning for better things. They are the idle poor and the idle rich. Neither will work at any worthwhile task. They exist and that is about all."

He urged all to look for the lost possibilities and become overcomers.

LAWN SOCIAL AT PRISON FARM WAS ENJOYABLE EVENT

A large number from Northville and Plymouth are guests.

A large number of invited guests from Northville, Plymouth, Detroit, and surrounding places enjoyed the hospitality of Capt. Denniston and the officers' club of the Detroit House of Correction at a lawn social given at the Detroit House of Correction farm, last Friday evening.

Besides a dance on the paving, music provided by members of the Department of Recreation Boys' Band of Detroit, and a number of special numbers added much to the enjoyment of the occasion.

Hot coffee, sandwiches and cake were the refreshments served.

The boys' band from Detroit, comprised of some 60 pieces and directed by E. W. Katz, was a most proficient one and its music thoroughly enjoyed.

All of the expenses of the affair were met by Capt. Denniston, the Officers' club and the DeMolay base ball team. For next year, Capt. Denniston plans an event much elaborate than anything that before been attempted at a farm. However, it is he can make it say more than the past af-

Great Editor Writes for This Paper

ARTHUR BRISBANE

We are offering our readers a weekly editorial contribution by Arthur Brisbane, the most widely read and highest paid editor in the world.

Mr. Brisbane knows people... He knows their interests... He knows news values for their current and human appeal and has the understanding of the highest or the humblest... His wide mastery and intimate knowledge of the widest range of subjects are evidenced constantly in his graphic, terse and interpretative column covering the salient news of the world in punch and illuminative paragraphs that is appearing regularly in these columns.

Every reader will enjoy and appreciate this feature.

The second annual reunion of the Joslin and Stark families was held Labor Day at Cass-Benton Park.

A beautiful pot-luck dinner was served to the 37 guests present.

The time was happily spent in visiting and playing games. Guests were present from Flint, South Lyon, Detroit, Wyandotte and Plymouth. Mr. and Mrs. Mark Robinson of Northville were also guests.

It was decided to hold the next reunion at the same place next year.

Members of the cast of the "Connecticut Yankee," which has been running in Detroit all summer, very kindly came out to the William Maybury Sanatorium last Thursday and participated in the patients' reunion in that institution.

FATHER SCHULER ATTENDS PARENTS' GOLDEN WEDDING

WOULD GIVE PRIZE MONEY TO CHARITY

Capt. Denniston is Asking Ball Teams to Aid Unfortunate

Captain Edward Denniston, warden of the Detroit House of Correction and manager of the DeMolay baseball team, has made a proposal to the baseball teams that will play in the baseball tournament to be held during the fair here, that if accepted, will mean much to the King's Daughters of Northville.

"I have been thinking the matter over for sometime. I know of the splendid work these women do for the unfortunate people of this section. Their good work goes far outside of Northville, and it is for that reason that I would like to see the baseball teams that play in the tournament during the fair, pay over to the Northville King's Daughters the prize money they win."

Speaking for the DeMolay team, I will be very glad to see that our portion of the winnings goes to the King's Daughters," stated Capt. Denniston a few days ago.

"His plan would include all the teams playing in the tournament.

He believes that the ball players would be willing and glad to do their bit. In fact, it is the first time they have ever been called

Mass at Holy Angels Catholic church for ten o'clock this morning and today they are reaping a part of their reward in the hundreds of friends who are paying them honor.

Invitations were issued to friends of the family, very appropriately printed in gold, for a solemn high Mass at Holy Angels Catholic church for ten o'clock this morning and for an at home this afternoon and evening.

All of the communities where their patronage, Capt. Denniston

contents that as long as the games are played chiefly for the amusement they provide, that the managers and players should be delighted of a chance to aid in such a worthy cause as is represented by the Northville King's Daughters.

It is expected that the other teams will be heard from within the next few days and if they agree to the suggestion of Capt. Denniston, the members of the King's Daughters will not have to work so hard this winter as in past years to provide the funds they need so badly.

FRANK PERRIN TO LEAD CORPS

Frank Perrin, president of the National Pipe and Drum Corps of the Grand Army of the Republic, will leave Sunday with 30 members of this organization in a special Pullman car provided for them for Portland, Maine, where the national encampment of the Civil war veterans will be held next week.

He expects to be gone for over a week. Mr. Perrin is one of the most active members of this famous Civil war musical organization.

From the time they last met Sunday, where they will all meet again, their expenses for the entire trip will be paid.

DANGEROUS GRASS FIRE IS STOPPED

Northville Firemen Put Out Blaze Back of Cass-Benton Park

Fire that for a brief while threatened to sweep over Cass Benton park and the fields to the buildings on the Cass Benton farm just north of the park was put out after nearly half an hour's desperate battle with the flames.

The fire originated on property owned by Phil Greenman to the west of the park. How it started no one knows but it is believed that someone had gone to the woods to the west of the park and left a camp fire which broke out and swept over many acres of ground before it was put out.

The employees at the park when they saw smoke arising in the west, realizing the danger, immediately called the Northville fire department and then hurried out to battle the flames.

In a few minutes some 15 or 20 men were fighting the fire that swept over the field so rapidly that it made it difficult to fight.

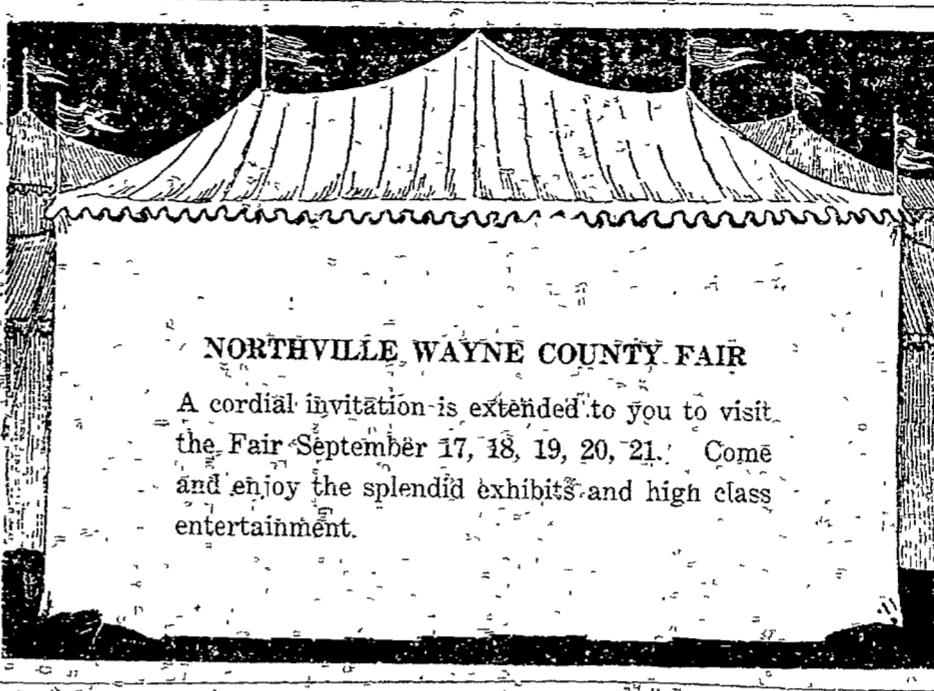

An effort was made to keep it away from the fences along the park, but in some places it crept up to the fence before the fire fighters could get to it and put the flames out.

Brooms, shovels and chemicals were used in fighting the fire. A hose line from the sprinkler system of the park provided a small water supply that was used effectively.

Fortunately the flames were extinguished before any considerable damage was done, and the fire was kept out of the park entirely except in patches along the back fence.

It is especially urged that no open fires of any kind anywhere.

Fortunately so far there has been practically no loss from grass fires but with conditions prevailing that lead to great danger, everyone should heed the fire warning.

NORTHVILLE WAYNE COUNTY FAIR

A cordial invitation is extended to you to visit the Fair September 17, 18, 19, 20, 21. Come and enjoy the splendid exhibits and high class entertainment.

MAYOR ISSUES FIRE WARNING

HURT FIRST SCHOOL DAY

HE GIVES CUP FOR BEST TIME

James Pringle, five year old son of Mr. and Mrs. Pringle of Randolph street suffered painful bruises on his first day in the kindergarten when hit by an automobile directly in front of the kindergarten building on West Main street.

The young lad saw his older brother on the other side of the street and without stopping to look to see if there was an automobile coming, dashed out on the paving.

Fortunately the car being driven west on Main street by William Mcintosh was going slowly and the driver was able to stop his machine almost immediately before running over the youngster. As a result he suffered only bruises on his legs and a severe bump on his head where it hit the paving.

He was carried into the office of Dr. Snow where he was given immediate attention.

Fortunately the car being driven west on Main street by William Mcintosh was going slowly and the driver was able to stop his machine almost immediately before running over the youngster. As a result he suffered only bruises on his legs and a severe bump on his head where it hit the paving.

MAINTAIN SUPERINTENDENT OF SPEED OF THE NORTHVILLE-WAYNE COUNTY FAIR HAS ANNOUNCED ANOTHER CUP FOR THE RACES THAT WILL TAKE PLACE DURING THE FAIR.

Following a drought or considerably over two months duration everything is as dry as tinder and such grass fires have spread with such great rapidity that they have been put out only with the greatest difficulty.

It is especially urged that no open fires of any kind anywhere.

Fortunately so far there has been practically no loss from grass fires but with conditions prevailing that lead to great danger, everyone should heed the fire warning.

ENROLLMENT AT SCHOOL IS THE LARGEST

All Past Records Are Broken for First Week Admissions

A tabulation of school enrollment for the opening of the school this year shows an enrollment of 545, the largest first day enrollment the Northville schools have ever had.

Supt. Gordon and his staff of teachers have been busy caring for the increased number of students.

The enrollment for the first week in September of last year was 500, over 50 more being entered the first week of this year than last.

During the winter term last year the enrollment went up to over 700, and Supt. Gordon expects that the enrollment this year in view of the record breaking first week attendance will crowd the 800 mark.

Never before in the history of the Northville schools has there been such a big enrollment for the first week. The increase over last year which was also a record year is a surprise to all school officials.

Many of the new students are from outside districts.

POPULAR YOUNG COUPLE WED MAKE HOME HERE

Miss Thelma Salow Becomes Bride of Joseph Collins, Tuesday.

Miss Thelma Salow, daughter of Mr. and Mrs. Louis F. Salow of South Center Street, and Joseph Charles Collins were united in marriage Tuesday evening at the home of the bride's parents, by Rev. William Richards, pastor of the First Methodist Episcopal church of Northville in the presence of 26 guests.

The early fall wedding was one of the happy social events of the year. The home was beautifully decorated with seasonal flowers, flags and bunting. Following the singing of "I Love You Truly" by Wayne Vinal, Miss Viola Walker played the wedding march. The bride, most attractively dressed in white, with a veil suspended from a sprig of orange blossoms and carrying white roses, was accompanied to the intricately arranged altar by Miss Helen Collins of Knoxville, Iowa, a sister of the groom. She was attractively dressed in yellow taffeta and carried yellow roses.

Albert Salow, brother of the bride was best man. The ring ceremony was used by Rev. Richards. The wedding took place in front of an altar of flowers and palms, with a bell suspended above.

Following the wedding, a dinner was served to the guests, similar to that served at the dining room decorations.

The groom whose home is in Knoxville, Iowa, is an employee of the Ambler Furnace & Manufacturing company of Northville. The young couple will go to Iowa on their wedding trip and upon their return will make their home on First street in Northville.

Preceding the wedding, the bride who has been a popular resident of both Northville and Farmington for many years, was honored by numerous showers given by her friends.

Monday evening a blue crystal shower was given by Miss Helen Phelps at her home in Pontiac.

Here the bride was required to follow a network of ribbons to find the gifts hidden about the room.

Miss Margaret Brian was hostess at a miscellaneous shower given on Friday evening. Bridge featured the evening's entertainment, five tables being provided.

A kitchen shower was another happy event arranged by Miss Viola Walker at Union lake on Saturday afternoon.

Numerous games were played during the afternoon.

Miss Marie Walling of Oakwood avenue in Farmington, entertained a number of friends of the bride at a luncheon shower last Wednesday evening.

Lunch was served at small tables covered with crystal bowls of pastries, followed by an evening spent in playing bunco.

A surprise bath towel shower was given by Miss Mildred Adams of Farmington at the home of the bride on Thursday evening of last week and was attended by many of the bride's friends.

The color scheme was pink and white. Cards provided the diversion of the evening.

The wedding gifts were numerous and beautiful.

Zeppelin Beats Record.
Britain Must Protect
John Bull—"Shylock"
Farming as "Big Business"

"A ROUND the world in eighty days" was Jules Verne's dream of what might be. The exact flying time of the Graf Zeppelin's cruise around the world was twelve days and eight minutes. To mention those figures in scientific achievement is like mentioning ten billion dollars in Wall Street. No need to enlarge on the figures.

The Zeppelin frequently made less than 90 miles an hour.

At the Schneider Cup race airplanes were prepared to exceed 300 miles an hour.

They could fly from Tokyo to San Francisco in one day. Who doubts that their speed will be transferred to big bombing planes? We need air expansion, not trenching.

Jews in America and other countries worried about co-religionists in Palestine, may find comfort in the fact, as regards future events, that the British empire cannot allow Arabs to defy British authority.

Let Jerusalem plots get beyond control and the Moslem world become convinced of its ability to defy the British, or convinced that the British have had all the fighting they want, and there will be trouble serious and widespread.

The Jerusalem riots involved not merely the safety of Jews in Palestine but the safety of the British empire wherever Mohammedans are numerous.

To suppress, with a strong hand, the rioting and murdering in Jerusalem and other parts of Palestine, is not merely a matter of fulfilling obligations solemnly assumed, but of protecting the integrity of the British empire.

The Vatican was reported to be much concerned as to the safety of church shrines in Jerusalem. If Arabs were allowed to get the upper hand, undoubtedly, one of the first steps prompted by Mohammedan enthusiasm would be the destruction of Christian shrines and churches.

Sir Philip Snowden, who ran over Great Britain in his time, won his fight for a fairer distribution of the terrorist spoils. And suddenly British Justice blazed forth in praise of the great Snowden.

It is refusing to sit still, I suppose, when a shoe is on the other foot. In Italy, France, Belgium, Sweden was represented as a friend, neutrality, a private and, of course a Shylock, when he asked for only part of the money due him. That just reminds us of some things that were said about Uncle Shylock—"Uncle Shylock" is one name.

An airplane pilot, assisted by a farmer, took off near Bellingham, Wash., and before returning needed 18 acres in one hour and 40 minutes. The farmer scattered seeds from a sack through a door in the cockpit, using about 800 pounds of alfalfa, timothy, clover and orchard grass seeds.

When gigantic machinery plows, harrows and pulverizes the soil in one operation, when another machine harvests, steals, bales and weighs the crop in one operation, and airplanes do the towing, agriculture will join the business.

Henry Ford's interesting statement that he would stop manufacturing automobiles if booze came back again, causes unnecessary discussion.

Mr. Ford, a sincere teetotaler, probably said that hastily. He is as good now as ever. He established his reputation and that of his car long before prohibition came.

What Henry Ford could do, without the aid of prohibition at fifty, he could do now at sixty-five. He wants to help prohibition, that's all.

When efficient gangsters don't want witnesses to testify, they don't testify.

Somebody killed three men in New York's "Hoity Toity" speakeasy. Two waiters and another man saw the gunman who did the killing. Commissioner Whalen said the three would see nothing more. They were killed to "shut their mouths."

If you think prosperity will continue—as it will unless foolishness interferes—buy your little boy a seat on some stock exchange.

He'll make money as a broker, and his seat, while he "sits" in it, may make him rich apart from his own work.

You can't say that of many seats.

Chicago's exchange seats are to be doubled in number from 225 to 470; rich gift for the 235. Others are doubling and trebling in value.

A stockbroker has such a "clean" business, buying and selling as ordered, a profit on every transaction. Wise brokers don't gamble. They let the customers do that.

The important part of civilized man's education is learning to resist germs.

Measles will wipe out a tribe of Alaskans or Eskimos in two or three weeks. White men call it a child's disease.

NORTHLVILLE, MICHIGAN, FRIDAY, SEPTEMBER 6, 1929

THE NORTHLVILLE FAIR

Beginning on September 17th, a week from next Tuesday, the annual Northville Wayne County fair will start. For five full days the fair will be in full blast and it will be held amid the cleanest and neatest surroundings in the entire state. For weeks and weeks, the association has been working on improvements at the fair grounds.

Through the generous aid and assistance of two or three outside friends, there has been more accomplished this summer along the line of needed improvements than in any other one year since the fair started, with possibly a year ago when the new grandstand was built.

The result of it all is that Northville is going to present to the public a fair this fall that will have few equals in the state. Not only will the attractions be better, but the various exhibits will be so arranged that every one will be delighted with the displays, especially so in the poultry building, which has almost been doubled in size.

Write to your friends, invite them to come to Northville for fair week. Let them enjoy with you one of the best fairs in the county. There are thousands of people about the state who would be glad of an opportunity to visit Northville and its fair—and these people are your relatives and friends. Draw them a card today and invite them to come to Northville week after next and enjoy with you a fair we are all proud of!

FIVE DOLLARS A WEEK

During a talk a few days ago before members of the Northville Exchange club, Nelson Schrader who conducts one of the largest retail furniture houses in Wayne county outside the city of Detroit and a store that ranks with many of the well-known establishments of that city, said that when he started out to learn his business something like 25 or 26 years ago, that he was paid \$5 per week. For over two years that was the entire amount of his wage. From this sum he had to pay \$3.50 per week for board and room, leaving him a balance of \$1.50 to purchase clothing and, spending more! He stuck by his job and from what has been said, no man ever worked harder for \$5 per week than he did.

The result today of his early sacrifice is one of the finest business establishments in the state.

Five dollars a week some 20 or 25 years ago probably represents something like \$10 or \$12 a week now. The thought comes to our mind since hearing Mr. Schrader's most interesting talk of the changed idea of things since that time.

We wonder if there is a young man in Michigan 18 or 19 years of age who would be willing to spend the next two or three years at a wage of \$10 or \$15 a week learning his business. There might be, but it seems that every young fellow these days wants to immediately begin at the top. The sacrifice that the ambitious young man of a quarter of a century ago seemed willing to endure, in order to get a start in the world, is something that the youth of today knows little about. High wages for ordinary labor has its appeal. There is no question about that.

Possibly it is just as well, surely it is much more pleasant not to have to endure the hardships and privations that the young men of the previous generation had to go through in order to get a start in life. We wonder what the answer to these changed conditions will be 25 years from now.

DRUNK DRIVERS

Over in Oakland county the officers have decided that drunken automobile drivers shall go to jail, no matter what their excuse might be for their offense. They believe that that is the only way they can stop the rapidly growing offense. It is just what the officers should do. It should be done in every county of the state. When a drunken driver goes wobbling down the highway, he is endangering the lives of everyone on the road. Noisy days in the county jail is not too severe for this brand of law violation.

LABOR DAY

A portion of Northville rested Labor Day, while others worked. It is difficult to say whether the workers or those who were seeking rest and pleasure enjoyed the day the most. It was the hottest and driest September 2nd known here in years. Those who worked found some little comfort in what they were doing. Those who tried to rest found it most difficult to find a cool place in which to rest. It seemed rather unfortunate that the last day of rest before the winter holidays should be one of such uncomfortable weather conditions. Anyway there was some satisfaction in having had a chance to try and get a little additional recreation.

The Knockers

By James Lewis Hayes

"The younger generation is going to tarnish."

It's a frightful sit-education.

Bill Blue, my neighbor said.

"They sham their dad and mother," he moaned this mournful brother.

So, with something or other,

I bashed his empty head.

Came Sister Sue, much bluer,

And sighing said, "I'm sure."

Earth cannot long endure.

With flaming youth so hot!

Tough? Why you have no notion!

They even drink hair lotion!

I led her to the ocean

And threw her in—why not?

I love to swat these people!

Why spy from porch and steeple

On youth. They want to keep all

The boys and girls in chains.

They come with agitation

And cuss this generation

And so—in indignation—

I slay them for their pains!

Lovely to swat these people!

Why spy from porch and steeple

On youth. They want to keep all

The boys and girls in chains.

They come with agitation

And cuss this generation

And so—in indignation—

I slay them for their pains!

Lovely to swat these people!

Why spy from porch and steeple

On youth. They want to keep all

The boys and girls in chains.

They come with agitation

And cuss this generation

And so—in indignation—

I slay them for their pains!

Lovely to swat these people!

Why spy from porch and steeple

On youth. They want to keep all

The boys and girls in chains.

They come with agitation

And cuss this generation

And so—in indignation—

I slay them for their pains!

Lovely to swat these people!

Why spy from porch and steeple

On youth. They want to keep all

The boys and girls in chains.

They come with agitation

And cuss this generation

And so—in indignation—

**SPECIAL REPORT
TELLS OF DROUGHT
DAMAGE TO CROPS**
**Michigan Farmers Stand
to Lose Millions This
Year**

Of more than ordinary interest to the hundreds of farm readers of the Northville Record is the special crop report for Michigan just issued by Verne Church, statistician of the government land and state agricultural departments, with headquarters in the department of agriculture in Lansing.

It is not an optimistic report by any means, and just such a one as might be expected following almost two months of constant drought. It follows in part:

Wheat and hay are the only major crops above the ten-year average this year. A cold and wet planting season followed by heat and drought during the latter portion of July is a condition unfavorable for cultivated crops in most years, and this year seems to be no exception.

The critical state in the growth of most crops occurs in Michigan during the last ten days of July and the first ten days of August. With unfavorable weather during that period, it is doubtful if any of the State's important crops yet to be harvested can recover sufficiently to return an average yield.

CORN—A condition of 76 per cent was reported which is the same as recorded on July 1. The crop made rapid growth and material improvement during the first 20 days of July, but this was offset by the hot and dry weather on the last ten days. While the crop maintained a good color, the leaves curled badly on hot days and firing is noticeable in some fields. The production forecast is 46,308,000 bushels, or about ten millions less than the ten-year average and five millions less than the 1928 crop.

WHEAT—The harvest of the winter wheat crop was completed under favorable weather conditions and threshing has been under way since the middle of July. Reports from correspondents show a yield of 18.5 bushels per acre, or 1.2 bushels above the average for the last ten years.

The crop estimated at 16,889,000 bushels is about two and three-quarters millions larger than last year's. The quality is unusually good, averaging 90 per cent, although some reports of shrunken grain were received from a few localities. The spring wheat crop from a reported condition of 80 per cent, is estimated at 55,200 bushels against 90,000 in 1928.

OATS—Early sown fields are returning somewhat better yields than expected earlier, but the late-sown ones have been seriously affected by the dry and hot weather. The condition of 73 per cent is equivalent to a production of 46,600,000 bushels or 31 bushels per acre. This is 1.2 bushels less than the ten-year average and 4.4 bushels less than the yield last year.

PARSES—This crop has reacted to weather conditions in a similar manner as oats. The condition was reported as best while Jonathan, Delicious and Greenings were reported as a light crop. Winter varieties were also reported as better in quality this summer and fall.

The peach crop is estimated at 813,000 bushels, which is 30 per cent lower than the final production as reported on August 1st, showed a slight gain over a month ago, but the ten-year average. The condition is very spotless.

The August estimate for pears is 292,000 bushels smaller than the 1928 production figure. The reports from the commercial areas indicate only 20 to 30 per cent of a full crop.

The present indications on grapes point to a final production seven per cent below last year's. The set

points in condition during the month with a resultant decrease in the forecasted production. For the total crop of 49,000 bushels, dropping to the general except in the West Central and Southwest districts, which

WEST POINT PARK

Mr. and Mrs. Bennett are about to move to Northville, so they will be near high school. We are sorry to see them leave this neighborhood.

The dry weather has dealt havoc all over the state of Michigan. Beans and potatoes are ruined and dried up, and corn is very short.

A surprise party was given Mr. Bahner, Wednesday, it being his birthday. A large number attended by young people attended a party and a pleasant evening was spent given by the Southfield people. A pleasant time was had.

Mrs. Brahmmer was a pleasant hostess and an elaborate supper was served. Cards was the entertainment of the evening and everyone went home wishing Mr. Brahmmer many more birthdays.

Plymouth and West Point Park baseball teams met on the Farmington school diamond, Labor Day.

On account of our pitcher belonging to the American Legion, he could not be on the team. Plymouth won the game the score being 12 to 9.

Harry Wolfe and family returned home after a week's outing at Houghton Heights. They report good fishing, having caught some extra large ones.

Mr. and Mrs. Ernest Ash and son, Junior, took a trip in the northern part of Michigan, among a part of the least cultivated parts of this great state, and found everything drying up for want of rain.

A moving picture show will be held in Community hall Wednesday, September 11th. Come and enjoy the best picture show of the year.

On Friday of last week at 6 o'clock a dinner was given by Mr. and Mrs. Frank Bradley, in honor

of their daughter, Mrs. Thomas J. Alderman and daughter, Francis, who have returned to their home in St. Paul, Florida. The guests were Mr. and Mrs. Mahlon Bradley of Redford; Mrs. J. N. Boughner of Royal Oak; Mr. and Mrs. Coughlin of Youngstown, Ohio; Mr. and Mrs. Charles Petrbone, and Mr. and Mrs. Walter Coon of Farmington.

Mr. and Mrs. Herman Johnson and Mr. and Mrs. Bert Krumm spent a week at Houghton. The dry weather has dealt havoc all over the state of Michigan. Beans and potatoes are ruined and dried up, and corn is very short.

Harry Wolfe is nursing one of Job's comforters this week.

Saturday evening a number of the young people attended a party given by the Southfield people. A pleasant time was had.

Mrs. William Cowan of Milton, Ontario, while visiting Mrs. Edgar Booth of Redford, called on their aunt, Mrs. C. Wolfe, and cousins

Clyde Carey, who has been laid by an accident, is able to sit up and visit with friends.

The game between Utica and West Point Park, both of the Ingham County League, which was played at Utica September 2nd, turned out disastrously for the home team, the score being 10 to 7 in favor of Utica. That team had engaged a professional pitcher by the name of Watson, but signed his name as Taylor. Some of our players reported to the manager and the game was suspended. Carl Peters and Tom Hensel made up the remaining West Point Park team.

Two wedding in our town, one being our garage man, Clyde Carey, who quietly brought his wife to his home here. We wish them a world of happiness in their married life.

Mr. Reading, who recently bought the home of Earl Bovee has brought his bride to this district to reside.

The members of Community church will have their annual dinner in the church dining room next Sunday.

Intestinal flu is going the rounds again. Mrs. Margaret Davis is recovering from it, but is not able to stand as yet.

The Community Club met in the hall for their business meeting, and enjoyed a pot-luck dinner together. Officers were elected for the following year.

The McCullough family moved to Farmington last week, so the children could attend high school. Seven students from West Point Park will attend Northville schools this year.

Scenting Tea

This is scented artificially by impregnating the dried leaves with the essences of such flowers as the sweet violets, orange blossom, rose and Jasmine.

AUTO LICENSES AT CLERK'S OFFICE

Arrangements have been made whereby people seeking automobile plates, duplicates of lost plates, drivers' licenses or other legal forms required by the state can make application for them through the city Clerk's Office without additional charge for such service.

Chief of Police, William Safford has been forwarded all necessary blanks from the state and the only charge made is 25 cents for notary fee. This is not collected by the police officer and is only charged by those who are called upon to do notary services.

This plan will prove of great assistance to local residents who in the past have found it necessary to go to Plymouth or Detroit.

Color Not Important

Any conspicuous object waved in front of a bull, no matter what the color, would have the same effect of attracting his attention.

Horse Show To Be One Of The Big Features Of Fair This Year

Harry B. Clark, chairman of the horse show committee and superintendent of the two-day event scheduled for September 20th and 21st at the Northlville Wayne County Fair, has completed details for what promises to be one of the best horse shows ever staged in Northlville.

In a beautiful new, show-ring that has been built through the generosity of Phil Grennan and amid entirely different surroundings than in past years, the horse show is bound to be one of the big features of the fair.

Mr. Clark and members of his committee have worked tirelessly in effort to make the show an outstanding success. Present indications are that their efforts are going to bring results.

One of the interesting parts of the program is the junior horse and pony show for Thursday afternoon, September 19th. This has always been a popular event at the fair and, because of the large number of entries this year, it will create more interest than ever before.

Complete information pertaining to the horse show follows:

HORSE SHOW COMMITTEE

C. H. Newkirk	H. B. Clark, Superintendent
P. H. Grennan	S. W. Cole
H. W. Nicholds	Mrs. W. R. Brown
B. Walker	C. F. Murphy
	Eustace Blake, Ringmaster

Dr. E. B. Cavell, Veterinarian

Entries close September 8, 1929

Entries to be made on regular printed forms and sent with remittance to Floyd McTrop.

Reservations for stabling your horses, show-ring boxes around show field should be made with your entries.

New Barn-Barn Stalls, Seven Dollars (\$7.00); Single Stalls, Three Dollars (\$3.00); For the week of the Fair, Bedding and hay for all horses furnished free by the Northlville Wayne County Fair Association.

Show starts at 1:00 p.m., Friday, September 20th.

RULES

National Horse Show scoring will govern.

The Committee reserves the right of declining to receive any entry, to remove any horse from the show and to change the condition of jumps in any class before or during the show.

In all classes, the horse must be serviceably sound.

Any exhibitor making a protest must lodge his protest in writing with the Chairman within 24 hours after the award is made. No protest will be entertained by the Committee unless accompanied by a deposit of \$25.00, which sum will be forfeited to the Committee if the protest is not sustained.

To fill class, four or more entries, the property of different exhibitors are required.

Any horse not sufficiently under control will not be allowed to compete.

The Northlville Wayne County Fair Association will not be responsible for any accident that may occur to any animal, person or property, and the exhibitor shall hold the Association and the Committee blameless and indemnify them against any legal proceedings arising from such accident.

No Entry Fee Required in Junior Horse Show—Classes 1 to 10 inclusive, but it is imperative that entry blanks be properly filled out and in Mr. McTrop's hands by September 8, 1929.

JUNIOR HORSE AND PONY SHOW

THURSDAY, SEPTEMBER 19, 1929, at 1:00 P.M.

Class No. 1—Children's Saddle Class

Local ponies, 13 2 and over, owned within a ten-mile radius of Northlville.

To be ridden by children ten to fifteen years of age. Quality and manner to count 40%, horsemanship, 60%. The pieces required to be shown will be a walk, trot and canter.

Local News

Al Beale and a brother from Detroit spent Labor Day with relatives in Ann Arbor.

James B. Dickinson has sold out his chicken business on the Seven Mile road, and accepted a position as general superintendent on the Moore amusement estate at Bloomfield Hills. He is moving his family there this week.

Mr. and Mrs. Fred Lyke and children have returned from a delightful trip to eastern states and Canada. While away they visited the Toronto fair. Mr. Lyke states that the exposition there each year is a most interesting one and they enjoyed their visit to it greatly.

Mr. and Mrs. Edward Langfield have completed a tour of the Upper Peninsula and Wisconsin. They spent considerable time at Munising.

From the Upper Peninsula they drove over into northern Wisconsin where they visited many interesting places in that state.

Mr. and Mrs. Scott Lovewell are back from a vacation trip to northern Michigan. While away Mr. Lovewell did considerable fishing and from his finds he brought back with him his stories of some big catches in Holland lake are generally believed about town. There are some fish stories that have been brought back from the north that are not taken with the same degree of faith as are the ones that the new Nov. 1 judge tells.

The article in the Northville Record a few days ago pertaining to the birthday celebration of David Gage brought to him a letter from an old friend who now resides in Vashon, Washington. L. Cass Woodward. Mr. Woodward was a resident of Northville some 50 years ago.

In his letter to Mr. Gage, he says, "Permit this belated felicitation of your ninetieth birthday anniversary. The Record notice reached me today, but my con-

gratulations are none the less hearty and responsive. I hope these added years to your life span finds you enjoying them with your dear ones. I, too, am living off 'borrowed time'—the last one of my family, and retired from my former business, am playing cards on a country place within an hour's ride from Seattle. My wife and I hope to celebrate our golden wedding in a few more years. The good old times in the days of the W. N. D. C. are still green in my memory. The fact that you are still plodding on ahead of me reminds me that we are not older than we feel. Old friend of my school days, God bless you."

Pineapple Canning

The canning of pineapples began in this country about the early '80s. The supply of fruit being brought chiefly from the West Indies and delivered in Baltimore, where, for the most part, the canning was done. The canning of pineapple in the Hawaiian Islands began about ten years later.

BOOTHSTOCK DAIRY CO., Inc.

WIDER HIGHWAYS IS AIM OF WAYNE ROAD BUILDERS

Edward Hines Says Wider
Right of Ways Will
be Acquired

The greatest service we can render to the people of Wayne County is vigorously and continuously promoting the acquisition of wider widths of right-of-way in accordance with the superhighway and master plan, stated County Road Commissioner Edward N. Hines yesterday.

"Wide widths of right-of-way are fundamental and can never be acquired cheaper than at the present time."

A 20-foot concrete road may adequately serve traffic for many years to come on a 204 or 212-foot width of right-of-way, but when the time comes to care for increasing traffic the right-of-way is there to provide for the expansion of the pavement width, whether it remains a county road or whether it has become a village or city street.

In pursuance of this fundamental aim, we are constantly on the alert and are endeavoring continuously to acquire wider widths of right-of-way by dedication, through the operation of the Platting laws, by condemnation or by purchase.

During the past week 6897 linear feet of frontage for wider widths of right-of-way has been variously obtained.

This frontage has been secured on Fort and Base Line 204-foot superhighways, on Outer Drive, with its 150-foot width of right-of-way; on Van Born, Coolidge and Allen roads with their section line width of right-of-way; 120 feet and on West Chicago boulevard, which is a half-section line road on which the new standard width is 86 feet.

The initial widening of nineteen miles of the Telegraph road has been completed, stated Mr. Hines.

Telegraph road is a Federal Aid road built jointly at the expense of the state of Michigan and the Federal government.

It was initially built of concrete 20 feet wide on a 66-foot width of right-of-way.

Several miles of Telegraph road south from West road to the Monroe county line was widened to 40 feet of concrete last year.

A 10-foot traffic lane of concrete has been built on one side this year from West road to Grand River road, a distance of approximately 18 miles, next year another 16-foot concrete traffic lane will be built, which will eventually become one of the 40-foot concrete roadways on a 204-foot superhighway width of right-of-way.

The Wayne County Road Commission has done the work at the expense of the state highway department of Michigan.

There is a mile section of Telegraph road lying between Seven Mile and Base Line roads in Wayne county, which has not been opened.

It is planned, however, to open up this section next year to connect with the work in progress in Oakland county. When completely opened and improved Telegraph road will provide an important bypass road around Birmingham

TRY A 25c LINER IN THE RECORD?

Novi News

Miss Marian Shunn attended church services in Farmington Sunday morning.

Mr. and Mrs. C. C. Rix attended the Rix reunion in Lansing Saturday, returning home Sunday.

Mr. and Mrs. Ernest Padley of Brighton were callers at the home of his cousin, Mrs. R. O. Thompson, Friday evening.

Clyde Dett spent Sunday and Monday in Cuyahoga Falls, Ohio, at the home of his parents. His mother and brother, Herschel, returned with him after visiting him

Pontiac and Detroit for north and south traffic.

Telegraph road is a link in the United States system of trunk line roads, being U. S. No. 24, with its southern terminus in Kansas City, Mo.

It is also a link of U. S. Route No. 25, with its southern terminus in Augusta, Georgia, which is a continuous good road throughout its entire length.

Another important widening, which has also been completed during the past week, Mr. Hines stated, is that section of Base road lying between Allen and Telegraph roads, a distance of three miles.

This section has been widened from 20 feet of concrete to our ultimate minimum width of 40 feet of concrete on a 120-foot width of right-of-way in conformity to the master plan as applied to section line roads.

Eventually this 40-foot width of concrete will be carried to the Wexford County boundary line.

Widening the grade of Verner road has also been started, states Mr. Hines.

Verner road is the connecting link between Base Line 204-foot superhighway and Jefferson road. It is an old 24-foot concrete road, and additional 10-foot strip of concrete will be added to the south side this year.

Later on a similar strip of concrete will be added to the north side, making a 54-foot roadway.

Here the past week and children motored to Saginaw with Mr. and Mrs. Phil Taylor and Sunday and spent the day with Chamberlain, Mrs. Edna Hall, and her mother, Mrs. Ford, attended the second death connected with the Masons.

On Monday the above party attended the Moscho reunion in Highland, last of Mrs. Bowman and Mrs. Tyler's tions of last year. Miss Elsie

M. D. MacGregor and Rev. R. O. ed the State Fair in Detroit.

Thompson attended the funeral of Mr. and Mrs. Phil Taylor and

leaving Novi this year to attend Lium, last Thursday. This was the high school elsewhere.

Mr. and Mrs. Young, the parents of Miss Beulah Lattimer in their posi-

tion, he being the oldest member of the oldest generation and a great-great-grandson of the young-

est generation, who was buried ex-

actly three years before.

Miss Margaret Rachor of Albion,

was a guest at the A. C. Atchison

home over the weekend.

The W. C. T. U. met with Mrs.

Lizzie E. Coates Wednesday af-

ternoon. This was the first meeting

following the summer picnics.

Mrs. William Mairs has been ill

for a few days, but is better at this

writing.

East Bowman was overcome with

heat Tuesday, and brought home

from his work in Detroit.

Mrs. J. A. Doty and Hershel of

Ohio, Mrs. R. O. Thompson and

daughters, Joy and Catherine, and

Mrs. Stella Miller visited the new

zoo last Thursday.

Jaines Ervin and children have

moved into the Shook house on East

Grand River.

Mr. and Mrs. Rex Anderson, Joe

Gentry, Mr. and Mrs. Earl Bow-

man and Mr. and Mrs. Earl Tyler

and wife, G. R. Culver, Miss Mabel

Sunday and spent the day with Chamberlain, Mrs. Edna Hall, and

her mother, Mrs. Ford, attended the second death connected with the Masons.

On Monday the above party attended the new Latin and English teacher.

Novi Methodist Church

Rev. Richards will preach at the

church school will meet at

the close of the service.

Comparatively New Letter

The letter J is a comparatively

late variant of the Latin I.

Form J was developed from I during

the Middle Ages, but it was long

used in certain positions in the

world without regard to the sound

as consonant or vowel. It gradu-

ally became differentiated from I

in function as well as form, but

the separation of J as a consonant

and as a vowel was not fully es-

tablished until the Seventeenth cen-

Battery Work
Tire Repairing
Gas and Oil
SERVICE

GOODYEAR TIRES are the principal product of the largest rubber company in the world. They are sold and serviced by the largest and most successful body of retail merchants in the world.

They are beneficiaries of the steadily advancing science of the largest tire engineering and development department in the world. Their excellence is subject to continual check and trial 24 hours a day on the largest tire test fleet in the world.

Their quality is kept uniform by the most closely controlled manufacturing processes and inspection exercised by any rubber company in the world.

They embody standards of material and workmanship equaled in no other like product in the world.

They are so unmistakably better in performance and value that their percentage of gain in sales last year was three times the percentage of gain in production recorded for the industry as a whole!

When you come to buy a tire, insist on the tire that consistently surpasses any and all rivals in the confidence and favor of the public, and has done so for fourteen triumphant years.

COMING ATTRACTIONS
at the
PENNIMAN ALLEN

STRONG BOY, FAST TRAVELING PARCEL

Victor McLaglen, now firmly entrenched as a star of the first magnitude, believes that a comedy should be funny, fast and boisterous up to a story. In his newest Fox Film, "Strong Boy," John Ford sees to it that all these qualities are skillfully injected and the result is most gratifying. It will be shown at the Penniman Allen Theatre, Saturday, September 7th.

"Aborted by a talented cast, "Strong Boy" starts out in a railroad station and ends where it began, so it isn't necessary to look elsewhere for humorous situations and grotesque tangles. McLaglen, cast as a burly baggage-snatcher, is in love with Leatrice Joy, the newsgirl. The one obstacle to the match is Victor, smug content with his job.

From this initial song, things trip merrily along. A heroic act enables him to secure a promotion, but he's satisfied to wear a white collar and take charge of the Lost and Found department and the parcels.

Troubles begin when a baby monkey and a pearl necklace get mixed up in his domain. A hilarious chase ensues with the entire station staff involved. Another promotion and he is a tycoon on the train of a young Queen. Then there's a train robbery with a dash of heroes for a skillfully contrived climax.

Clyde Cook and Slim Summerville, as the Strong Boy's two buddies, come in for several good pieces of work.

TRENT'S LAST CASE HAS NOVEL SCREENING

How a good director can puzzle theatre-goers was shown in Hollywood recently, when a test was made of the "puzzling power" of "Trent's Last Case" at a preview of the picture.

The film, in the same form as it will be shown at the Penniman Allen Theatre, Sunday, September 8th, was exhibited in one of the smaller picture houses on Hollywood boulevard to a cosmopolitan group of spectators, and in the middle of the last reel, just before the mystery was revealed, the picture was stopped by order of Howard Hawks, who directed the production.

As the lights went up, slips of paper were passed out to each member of the group, with a request that they write down the name of the killer and their reasons for believing that their guess was correct. Out of the 542 spectators, only seven picked the real murderer, out of the six possible suspects, giving a percentage of one and three-tenths.

In addition to the mystifying qualities of the picture, an unusually fine cast is another of its features. Donald Crisp, Raymond Hatton, Raymond Griffith, Muriel Davies, Lawrence Gray, Nicholas Boussard, and Anita Garvin take the principal roles, and each gives a distinctive performance. The production was based on the noted mystery novel by C. E. Bentley.

POWER OF PRESS VS. RACKETEERS BASIS IN DRAMA "PROTECTION"

"Protection," Fox Films' striking newspaper drama which comes to the Penniman Allen theatre, Wednesday, September 11th, has two chief parallel lines of interest. One is the exposition of the private life of the king of racketeers; the other an authentic peep into the workings of a newspaper plant.

There is drama in the loves and

DETROIT PLAYERS
TENT SHOW HERE
SEPTEMBER 9

To Present New York Hit
"The Bad Man"—Lease
Oakwood Grounds

The Detroit Players, offspring of the Detroit Civic Theatre will arrive in Northville with twenty-four trucks and twenty-two trailers to fill a one-night engagement on Monday, September 9th. This tent show company appeared in Northville the early part of June this year at which time they gave a complimentary performance of "The Bad Man" for the patients at the sanatorium. They aroused much interest at the hospital and in the town and their return on September 9th will be welcomed by everyone.

This group, which numbers forty people in all, is under the personal supervision of the owner, Adams T. Rice, for many years the director at the Detroit Civic Theatre with Jessie Bonstelle. The company is di-

vided into a comedy and a drama

group.

Named for Paper

"Niles, Mich. boasts the distinction of being named after a newspaper. When the town was platted in 1820 the name was adopted at the suggestion of Obadiah Lacey, a tradesman in honor of a daily paper published in Baltimore, an editor of that surname.—Detroit News."

Rats Public Menace

The Public Health service says that while bubonic plague is under control in this country there will be scattered infection until rats are exterminated. Rats are an unnecessary and intolerable burden costing the people of this country millions of dollars a year in food

and supplies.

Of Latin Derivation

The name "Montmorency" is derived from the Latin "Mons Matris," mountain of Mars. In Roman Paris this hill was glorified in the temple of Mars and Mercury, hence the name.

The Rule

"It seems very strange to me that you editors refuse articles when written on both sides of the pipe," remarked Bacon. "Now, there's Kipling; he wrote on both sides of the Atlantic and yet editors did not reject his stuff."

Salem Events

(By Miss E. Wittich)
Mrs. Lucia M. Stroh, Mrs. L. Wittich and Miss Elizabeth Wittich are expected home this week, after a vacation spent in Ohio and Michigan.

Mr. and Mrs. Dean Perkins and son, Rex, of Lake Odessa, spent Sunday afternoon at the former's mother, Mrs. Anna Perkins' home.

Mr. and Mrs. Arthur Henderson and son, Robert, and Mr. and Mrs. W. H. Lincoln returned Monday from a trip to Niagara Falls.

Ray L. Penfield's mother and sister, Mrs. Catherine and Miss Bessie Penfield, have returned to their home in Berlin Springs.

Mr. and Mrs. Roy Kehrl and Miss Irma Kehrl returned home Sunday from a trip to northern Michigan and South Bend, Indiana. Miss Irma attended the State Fair Monday.

Mr. and Mrs. Frederick Wittich and Elizabeth Ann of Detroit, were callers Monday at the R. W. Kehrl home.

Mr. and Mrs. Chittenden and sons, Ralph and Robert, and Mrs. J. W. White of Detroit, were visitors Monday in the B. F. Shoe store.

Many from here attended the Washtenaw County Fair at Ann Arbor last week.

Mrs. Henry Litchow and daughters of Plymouth and Mr. and Mrs. Harold S. Tousey of Ann Arbor, were visitors Monday of Mr. and Mrs. W. H. Tousey.

Salem Congregational Church, Rev. Lucia M. Stroh, Pastor.

Rev. Coar M. Penfield, Asst. Pastor Morning worship at 10:30 a.m. Bible school 11:45 a.m.

Our pastor, Rev. Lucia M. Stroh, is expected home this week. May the members and friends endeavor to be present at the Sunday morning services to welcome her and all the personage family on their return from a much needed vacation.

Six Cylinder Sentences

By DR. JOHN W. HOLLAND

Heaven is not reached by a single "bounder." The ability to create an alibi will curse the man.

If you have common sense you have sufficient capital to go on.

Take account of your shortcomings, and you will not come short in your accounts!

This is a wonderful world only so long as we keep alive our sense of wonder. An American with a dead mind goes to see Yellowstone canyon," he said.

"Some often see nothing, he spot on the ground and draw it away."

Church Notices

Age Not Determined by
Number of Years Lived

The following bit of philosophy, written by a contributor who signs it "Author Unknown," has been received by the Detroit Free Press: "Youth is not a time of life; it is a state of mind. It is a temper of the will, a quality of the imagination, a vigor of the emotions. It is a freshness of the deep springs of life. Youth means a predominance of courage over timidity, of the appetite of adventure over love of ease. This often exists in a boy of twenty. Youth grows old by merely living a number of years. People grow old by deserting their ideals."

"Whether seventy or sixteen, there is in every being's heart the love of wonder, the amazement at the stars and the starlike things and thoughts, the untaughted chivalry of events, the unfailing childlike appetite for what next, and the joy and the game of life. You are as young as your faith, as old as your doubt; as young as your self-confidence, as old as your fear; as young as your hope, as old as your despair. In the central place of your heart there is a wireless station. As long as it receives messages of beauty, hope, cheer, grandeur, courage and power from the earth, from me, and from the infinite, so long are you young."

Education's Value

It has been estimated that the daily value of education in an elementary school is \$9; in a high school, \$30, and in a college, \$100.

This study was based upon a survey of less than a thousand people and for that reason it is subject to inaccuracy.

Vitamins

Vitamines are food substances which are to the human body what vitamins are to the automobile. They are found in the natural foods. Fats, highest in vitamins, are milk, butter, eggs, calves' liver, vegetables, whole grain cereal and fruits.

Shorts and Sweats

Bustless (to stain, wireless, an hour) — Every one here knows your voice so well over the ether. I'm sure they'd just love to hear you speaking in the flesh. Just say something short, such as "Good night, everybody, good night." — The Humorist.

Early Railroad Signals

There were no signals in the early days of railroads. When drivers of trains met on a single line they had to argue it out. Later, a post was erected midway between stations so that "he who had passed the pillar" must go on, and the coming man go back."

Underwaying the King

A sketch in a theatrical weekly calls this subject an "expert tamer." We don't suppose there is anything in which mediocrities shows up quicker than in lion tamers — *—Lester Lee*.
