COMMUNITY COMMITTEE IS FORMED

United Groups Make Plans to Secure Aid for Worthy

Faced by a winter which will find many worthy families without sufficient funds to "carry on," Northville is making plans for organizing a community committee to collect funds for the needy.

First steps toward this "united front" to prevent overlapping of efforts and also to see that none is overlooked were taken at a meeting at the public school Monday morning, November 29. There were present representatives from the different charitable organizations and also from the Exchange and Rotary clubs.

A central committee will be organized and officers elected. An executive committee will consist of the officers and one representative from each organization not represented by the officers.

This community committee will not handle the distribution of aid to individuals. It will secure money and offerings of clothing, vegetables, fruit and other articles that will aid homes in combating the winter.

The expert capabilities of the charitable organizations of the community will be used in the distribution of the aid.

Some very encouraging offers of "cash and means" to raise funds for the help of the worthy came before the meeting. The management of the Pomman-Alter theatre agreed the use of this, along with films for one evening. This would be a very tangible help. The King's Daughters already have plans under way for a Huntet's dance the evening of January 13. The American Legion also will provide a dance to aid the funds. One Northville young lady offered to donate her time to do the clerical work and Mayor Harry S. German kindly proffered the use of a heated room in the Recreation building for the use of the committee.

Although business conditions in general are better, the local situation is still "tight" and there will be many cases that hitherto have not needed help that will have to be aided—unless women and children are to suffer Northville township is extending aid to 26 families but this does not begin to touch the needs that will develop through the winter. Families that have been without work for months and months must be given the kindly help that the community is ready to give—where it knows such need exists.

The community committee is meeting with a fine spirit of co-operation and offers of help, once its object is fully known.

NORTHVILLE HUNTER WRITES "RAMBLINGS"

While up in the "land of the free" roaming the wild woods one of the Northville hunters felt inspired to write the following communication to the Record which will be of interest to the many hunters around here:

The Hunts of The North
You know business is business and when carpenter work is slow in Northville, Chief Hicks has to take a trip to the Upper Peninsula to see about lumber for next summer's boom. Of course he packs his gun and shells for fear he might see a bear. While the "Duke" had to go along in order to find some wood to sell, saying, "I guess I'd better take my little 351 along as the porcupines are very thick up there."

Bob heard about a good June across Rocky River and took a swimming lesson in order to get across the river and start on his adventure. "Radio business is sure good in Covington," said Cliff, "we even got Amos and Andy."

We have one hunter in Northville who will not shoot a poor little deer. He chases the deer all out of the county. He answers to the name of "Jiggs."

Chas. Johnson and Mike Taylor drove deer from Sidlaw to Covington to give Herb and Walt shooting. You know everyone from Northville works together. Sometimes they go from one camp to another in the middle of the night to deliver messages.

Dr. Snow will probably recommend that the boys all go back next November for their health.

McCARDLE TO LEAD H. S. GRID TEAM

Harold McCaule, halfback on Northville high school's football team, was elected Tuesday to the post of captain of the 1932 team. Capt. McCaule will take the place of Martin Tibble who played a sterling game at right end for the 1931 squad and who has completed his last year of football for Northville. McCaule, in his third year of football, has the necessary experience and coolness under fire to make a reliable leader.

Although this year's team, said Coach Harold Ruggles, did not pile up an enviable record of wins they did make a record as one of the most spirited teams Northville has ever had. Several games, he said, were lost only in the final minutes of the last quarter and the Farmington game was only won after a fierce, uphill battle in which the Northville boys distinguished themselves as real fighters.

COMMANDERY HAS ANNUAL INSPECTION

The annual inspection of Northville Commandery was made Tuesday evening by Brigadier General H. Locke, Grand Standard Bearer of Michigan, who came from Grand Rapids to attend this annual function.

Forty men sat down to a dinner at 6:30 o'clock after which the ritual work was performed by the officers of the Commandery to be approved or corrected where the inspecting officer saw it was needed.

The current depression has its effects upon fraternal orders, as well as other matters and Emmett S. Locke will take this into consideration in estimating the standing of Commandery W. C. Way and his line of workers.

The evening was voted a very profitable one.

MISS FISHER SPEAKS AT PRESBYTERIAN CHURCH ON SUNDAY

The topic of the sermon by Rev. H. G. Whitfield at the Presbyterian church Sunday morning, November 29, was "Thanksgiving and Depression." The two seem rather incongruous to be linked together but the pastor held that out of the latter might come cause for the former.

Making comprehensive reference to the present social, political, economic and religious life of the United States, he pointed out what could be considered structural weaknesses in our national life, as instance, indifference to the seriousness of life, disrespect for the laws of the land and flouting of them, the undue effort upon the part of all classes to acquire possession of material things, and indifference toward religion and other instances.

As making for a favorable solution of the above he intimated that out of the depression was developing a truer perspective and conception of what life demands and a disposition to accept such as the true standard of living, if out of the present depression will come a true sense of our obligations to each other, both at home and abroad, a saner, safer and simpler way of living, and a re-awakening of the moral and spiritual, and indications are pointing that way, then there certainly is occasion for expression of thanksgiving to our Creator.

Contributing to the service was the rendering of the anthem, "Sanctus," by the church choir.

The evening service was in charge of the Woman's Union and was the "Annual Praise and Thanksgiving Service." Mrs. E. S. Beard, president, presided. Mrs. P. A. Hauser conducted the devotional exercises. Mrs. Harry Elake featured the musical service with a fine violin number.

Miss Ernestine Fisher of Pontiac, a missionary in the foreign field for the Methodist Episcopal church, was the speaker, appearing in native costume. Miss Fisher for five years has been at the Allahabad, India station. From her intimate knowledge of this important missionary field in a country which today is so much in the limelight, and her experiences there, she gave many a vivid picture of conditions and of the work being carried on to enthroned the Christ in the hearts of India's people. The evident hearty enthusiasm of the speaker in her work and her radiant personality and voice emphasized the message of the evening. Two children were present garbed in Hindoo and Mohammedan dress respectively.

JOINT LUNCHEON MEET

Rotary club will have as their guests next Monday, December 7, members of the Exchange club. There will be no meeting of Exchange on Wednesday, December 9.

EXCHANGITES TO SPONSOR YULE TREE

Committee Named to Provide Usual Christmas Observance

At their last two meetings, members of the Exchange club made plans for sponsoring the annual community Christmas tree and for aiding in the welfare work for the winter.

Vice President, Orlow G. Owen was in charge on November 25 and the club on Wednesday of this week welcomed home their president, Clifford B. Turnbull, after his hunting trip North. One of the biggest grows of months was on hand for this week's meeting.

The committee, that will have charge of the community Christmas tree consists of Harold Bignon, N. C. Schrader, M. J. Murphy, Chas. Murphy and Sam Wilkinson. It was the sentiment of the club that there should be no "let-down" in the usual display of Christmas goods, cheer, especially for the kiddies. The committee is now busy working out details for the observance.

SACRED DRAMA GIVEN AT METHODIST CHURCH

A good-sized audience witnessed a very impressive sacred drama given by a group of young folks at the Methodist church last Sunday evening. The drama was ably directed by Mrs. Frank N. Miner and each took his part well.

The entire evening program was in charge of the young people. Robert Cousins, president of the Epworth League, presided calling upon Paul Baldwin to read the scripture lesson which was followed by prayer by Rev. Frank N. Miner, the pastor. Warner Neal and Alex Johnson sang "Tory Palaces," accompanied on the piano by Miss Katherine Stalter.

In the drama, Miss Elizabeth Miner represented the cross she should bear. Crosses of various kinds were offered and each in turn was refused by those who preferred to choose their own crosses. Those taking part in the drama were Miss Elizabeth Miner, Miss Madeline Haystead, Miss Mary Louise Boyden, Miss Ruth Mary Baldwin, Miss Dorothy Richardson and Miss Florence Johnson who represented the one who finally received her cross and sang effectively as she did so. Alex Johnson also sang a solo during the drama. Miss Eunice Cousins accompanied. Miss Bernice Clark sang and was accompanied by Miss Stalter. Violin solos were rendered by Miss Frances Cousins during the drama accompanied by her sister, Miss Eunice.

The young people and the director, Mrs. Miner, are to be congratulated upon the fine manner in which this first effort of the group was executed.

ROTARIANS ENJOY FORNEY'S VENISON AT MONDAY MEET

Every member of the Northville Rotary club was on hand for the weekly meeting Monday and had the honor of eating venison provided by Wm. E. Forney, just back from the North and also of hearing his vivid description of how he "got his deer" and of his experiences in nearly getting lost in a large swamp.

Accompanied by Fred Hicks, Herman Tashka and Arthur Stillwell, Mr. Forney returned Saturday from a two weeks' stay at Covington. They had to be carried in by wagon five miles to their cabin. There were only seven hunters in that particular area.

The rest of the Rotary program was taken up with discussion of welfare work for the winter.

NORTHVILLE CLUB BREAKS PRECEDENT

Northville has a rather unusual club which behaves, not only in having good times, but in doing things worth while.

These congenial young married folks delight in getting together socially Sunday evenings and having supper together informally at each others' homes, taking turns about. Then, as a pleasing variation from the cut-and-dried methods of amusement, these husbands and wives attend the evening service at one of the churches of the village, taking turn about in this also.

It goes without saying that their presence greatly adds to an otherwise rather "slim" audience and acts as a spur to the preacher's lagging courage, not to mention something tangible gained by these young people.

Time For Action Is Here

By the Editor.

On June 30, one of Northville's two banks closed. On September 15, the other suspended business. For nearly three months this community has been without a bank.

In the past five months, not only have thousands of dollars in interest been lost but the whole community has suffered in a multitude of ways. Business has been hit a staggering blow; home owners have suffered; a million and three hundred thousand dollars have been tied up, as helpless as an Egyptian mummy.

It would be futile and impossible to try to fix any blame for this community disaster that has come upon us. (Along with many other cities and towns, Northville has been caught in a world-wide disaster.) But there is one thing we can do—we can unite to bring back a bank so that our town may resume normal business and community suffering may be minimized.

It is the sincere conviction of The Northville Record that the time is now here to start an intensive campaign for a new bank, one that will take over as far as possible the assets of the former two banks. We feel that any longer delay will impose greater suffering on a community that is already bearing a heavy load. We believe that the "air has cleared" enough so that now we can unite our community loyalty and faith and go ahead for a new financial institution that will again give us a place in the sun. We believe that the community is ready for some decisive action and eager to do its part to get results.

We understand that on Monday evening, December 7, the directors of both the Lapham and Northville State Savings banks will meet to consider what steps should be taken to unlock the community's frozen assets of nearly a million and a half dollars.

These directors have a deep obligation to the community and to those who have entrusted to their banks this large sum of money. This newspaper has faith in the men who are the stockholders of these banks and believes that they earnestly seek the best way out of a hard situation.

Two ways are open to get a new bank. The first is to use the assets of the former banks so that this million and three hundred thousand dollars can "go to work." The second way is to leave the two banks in the hands of receivers, to be liquidated over a period of years (five years is said to be often required to close up the affairs) and then to form a new bank, with entirely new capital and with no deposits.

Several other communities in Michigan that have lost banks are forming new banks, but in so doing are utilizing the assets of the old. We are profoundly convinced that at least this plan should be tried in Northville before we give up the accumulation and the work of many years. To wait for three or four or five years to liquidate these banks does not seem fair if we can avoid this by using the plan that other towns—notably Ypsilanti, Caro and Nashville—were using.

There has been a good deal of talk about trying out this plan of a new bank, with the use of the old assets but so far nothing definite has been done. It seems to many of our community that the time is now here for action. Let's take off our coats and go to work! It won't be an easy road—but the road of waiting for weary months to go by without a bank is a much harder road.

Northville is ready to take some action for a new bank. At least many people say they will do their part. All realize what these unfortunate closings have done to us. After our directors meet next week we should all get ready to do whatever is called upon for us to do. Even at best a few weeks will be necessary to work out all the details. Any longer delay will be costly.

One of the best friends Northville has—a man who is not a bank director or stockholder—said this to the Record this week and his words will bear thoughtful reading:

"The assets of our banks are better than a million and a quarter dollars and a very large percentage of these are first class, but so far as this community is concerned they are out of business at present."

"If it is possible to build a new institution from these assets, assisted by the present stock liability and by the introduction of new capital, as is being done in other Michigan towns, all must agree that it should be done."

"Some say it cannot be done. But that is only to admit that Northville is less able to accomplish results than others. It is rather hard to see why the effort should not be made, and only by such effort can the answer to the possibility ever be known."

Those who have controlled the banking of Northville realize the responsibility of the situation and that they must try to lead the way out and not without due effort, leave all the good assets of our banks to be liquidated by a long expensive process, while depositors go unpaid and discouragement increases. The probabilities are too serious to be spoken of lightly.

"Who would not prefer seventy-five per cent of their present deposit in the old banks placed to their credit on the books of a new institution at three per cent rather than risk a long drawn out liquidation and receive in the end what history has shown to be available to pay depositors."

To build a new institution of the sort being worked out in other places will require a great amount of hard work, much more very likely, than to establish a small new bank, but it is worth the difference.

"Should not all those who have controlled the banks here unite in an effort to save as much as possible to their depositors, and at the same time furnish banking service?"

"Only a united effort can bring about the proper result."

MRS. ANNA JACKSON DIES IN ROYAL OAK NOV. 22

Friends of Mrs. L. L. Vradenburg, Eaton drive, will sympathize with her in her recent bereavement in the loss of her mother, Mrs. Anna Jackson, who died in Royal Oak on November 22. Mrs. Jackson was 84 years of age and had been in failing health for the past two years. She had visited frequently in the home of her daughter here and will be remembered.

MRS. MELOW ENTERTAINS SALEM NUTRITION CLUB

About 20 ladies, members of the Salem Nutrition club, met with Mrs. John Melow Thursday, November 19 for their regular lesson. A delightful luncheon was served at noon. Later the study of the lesson was given by the two capable leaders. Corrective Diet was the subject discussed and these meetings are proving both interesting and instructive.

Mr. and Mrs. Orlow G. Owen spent Thanksgiving at the "Porter" at Lansing and with Mrs. Owen's parents.

NOVEL BALL TO BE HELD JANUARY 13

King's Daughters Plan Big Hunters Fete to Aid Welfare Work

The huntmen of Northville have returned from the north, almost every man bringing his deer. In celebration of this and just for a variety in the way of entertainment which will prove profitable to the King's Daughters will give a Hunters Ball on the evening of January 13 at the high school gymnasium.

In desperate need of funds to use as urgent demands will arise this winter—among the needy of the community some of the members of this organization hit upon this novel scheme to earn money. Every member of the King's Daughters is working hard this winter, some serving hash suppers, some engineering barrels (for which all are saving) and now comes this new means of revenue suggested by some who see possible dollars from those who do not eat hash or wear aprons but who do love to dance. It's a case of "all hands up on deck" this winter and women are surely resourceful in their methods.

Mrs. Scott Lovell is the chairman of this novel affair and is making elaborate plans for its success. Tickets will be sold for \$1 and of course there will be no refusing your dollar in any case. Further details will be given later.

TRAINING SCHOOL PREPARES FOR LIFE SAYS DR. HASKELL

Between 350 and 400 boys and girls have gone out from the Wayne County Training school to take their places in useful life in society. Dr. Robert H. Haskell, superintendent of the institution, told a company of friends gathered at the annual Reunion banquet at the Methodist church Tuesday evening, November 22.

The men, listened very intently as Dr. Haskell told in an elaborate way of the work of the Training school and as he traced the lives of several who had transformed into useful members of society. The school, said the speaker, takes only those boys and girls who have such possibilities that they can be trained to go out later into business and industrial life. The school, with its various departments for training in the trades, is a remarkable example of what can be done for developing young life that has handicaps. Since its organization in 1926, the school has made great progress and at the present time over 800 pupils are being trained to meet active life and to become good citizens.

Following his very interesting address, Dr. Haskell presented moving pictures that emphasized in a very vivid way the life and work at the school. Boys and girls at work in the various shops were shown. From baking bread to doing painting the school is equipping boys and girls to become a worth while part of the world when they go out to meet its problems.

Dr. Haskell's talk and pictures were exceptionally pleasing and illuminating to the men present. Rev. Frank N. Miner acted as chairman.

BOY SCOUTS ATTEND METHODIST CHURCH

Observing church-going Sunday over fifty Boy Scouts assembled at their scout hall on the school grounds and accompanied by Scoutmaster Owen, marched to the Methodist church last Sunday morning joining with the Northville troop who numbered 22 that morning, were troops from Farmington and Clarenceville. They were a very attentive bunch of boys who listened to a sermon delivered especially for these Scouts by Rev. Frank N. Miner, who having been a Scout leader, knew how to appeal to the best in a boy. Using David as his example of a typical Boy Scout Mr. Miner emphasized the fact that the real ideal of a good Scout is to find God in the great out-of-doors.

Genuine tribute to the directness of the message was paid in a remark overheard by the Scoutmaster, when one of the boys said, "That was a swell sermon."

It is the plan to repeat this practice of going to church together frequently throughout the year.

WATTS NAMED ON 2nd M. I. A. A. TEAM

Ted Watts of Albion college, son of Mr. and Mrs. J. B. Watts of Northville, has the honor of being picked on the second M. I. A. A. football team announced a few days ago by Jas. B. Hasselman, of Michigan State college, judge, advocate of the association. Ted was one of the outstanding players of the Albion team this fall and lacked only a few points of being on the first team.

Selections of the two teams were made by coaches of the six colleges of the association, Alma, Albion, Hillsdale, Hope, Kalamazoo and Olivet.

The champion Hillsdale eleven received five places on the first team; Alma, the runner-up, three, and Albion, Kalamazoo and Hope one each.

PARENTS TO WATCH ATHLETIC FEATS

The meeting of the Parent-Teachers Association to be held on Thursday evening, December 10, at 8 p. m. will be of special interest to all fathers and mothers in the demonstration of the physical education department directed by Coach Harold L. Ruggles and Mrs. C. E. Wright. The actual work of the classes will be carried out. The fathers who watch this will swell with pride at the athletic feats of their boys and girls, while the mothers will be proud to have raised such fine physical specimens. It will be well worth seeing. And this is the program which Coach Ruggles will put on for the benefit of the parents.

Group 1—A lesson in mat work or preliminary tumbling. This group is made up of the 9th and 10th grades.
Group 2—Fencing, orders, commands and calisthenics 7th and 8th grades.
Group 3—Combative exercises and relays, 9th and 10th grades.

If the recently organized tumbling team proves to be sufficiently advanced a demonstration of their skill may also be given.

The girls' part of the gymnasium demonstration to be given during the December meeting of Parent-Teachers meeting will consist of marching, exercises, drill work and a special dance.

The girls taking part in the dance are: Winnie McCaule, Mary Louise Boyden, Donna Ferguson, Catherine Richardson, Leita Haystead, Catherine Duguid, Violet Johnson and Eleanor Eaton.

The entire 7th and 8th grade girls will do the drill work and take part in the marching.

This part of the program will be under the direction of Mrs. Wright, the girls' gymnasium teacher. This meeting will be held in the high school gym and it is hoped that there will be a good attendance of parents.

KING'S DAUGHTERS HOLD CHRISTMAS BAZAAR TOMORROW

Rising to the needs of the community as winter comes on, the King's Daughters will hold a Christmas bazaar Saturday. These women are working hard sewing, baking and planning to make this a great success financially in order to build up their depleted funds.

Northville sorely needs reminding that this organizations is one of our community's buffers between our needy and suffering. None could do this work better than the King's Daughters with their womanly tact and sympathy but they need money to supply the demands. Every dollar earned by these women increases their ability to help relieve want—and there will be plenty in the coming winter. The patronage of the public will be greatly appreciated at this time.

There will be on sale a great variety of aprons which will be appropriate for Christmas gifts also other articles of practical nature. A good supply of plan towels has been handmailed and will be on sale. The King's Daughters wish it to be known that any woman not belonging to this organization may contribute articles of their handwork for this is everyone's cause.

In addition to these goods there will be for sale a supply of the baking of these good cooks also home made candy.

Efficiently managing this as general chairman is Mrs. John Walker who says the bazaar has always been an success. The committee supervising the apron sale is Mrs. LeRoy Stewart, Mrs. Leo Lawrence, Mrs. Chas. Murphy and Mrs. Harry Blake. Those in charge of the baked goods are Mrs. Clifford B. Turnbull, Mrs. Geo. Hicks and Mrs. Robert Pickell.

All Christmas cards at half price. Open evenings until Christmas. Lucius Blake, Jeweler.

CHRISTMAS SHOPPING IS WELL BEGUN

Thrifty Shoppers Attracted by Unusual Values Offered

Christmas shoppers this year have begun early to purchase their gifts. Business men say, because of the deeply cut prices on necessities and other commodities offered by merchants.

Sales have immeasurably attracted a large number of thrifty shoppers who are quick to take advantage of the bargains and who have already completed a portion of their Christmas shopping. Merchants are "dressing up" their windows and the colorful, red and green, significant of Christmas cheer, is making an early appearance.

Prices have been reduced in every line of Northville merchandise and it is expected that this will enable many families to hold their regular Christmas celebration. This year, it is said, will run to a more practical nature. Furniture, clothing and similar articles of a more useful nature will receive the greatest call.

Post office business has already increased in volume and, when it is remembered that the local station did a larger business than ever before during the 1930 Christmas rush, it can easily be seen that Northville is one of Santa Claus' main stops on his trip of spreading Christmas spirit.

While the bulk of the post office business has not yet arrived, said Postmaster T. R. Carrington, the occasional foreign packages that come through through the mails are significant of the coming storm of mail. Last year's postal workers.

With the quickening of business all over the country during the past month, the increase in available employment, the coming of cold weather, merchants are much more cheerful over prospects for a good Christmas season.

Eighteen more shopping days are left in which to purchase presents for friends and relatives and because merchants at anxious just to "turn over" their merchandise and the "fore have greatly reduced prices, there is every reason to believe that this year's Christmas season will be as large and enthusiastic as ever before.

The need for early shopping, careful wrapping and mailing early by those whose gifts have a long way to go is again emphasized and next week's Record will contain an estimate of how long it will take parcels to reach different parts of the country from Northville.

FURNITURE SALE TO SACRIFICE STOCK OF \$20,000 SAYS SCHRADER

One half off on all bed room, living room and dining room suites is the outstanding bargain or the sale which will continue until everything has been sold. Coming just previous to Christmas, announced Mr. Schrader, this holiday selling event offers a wonderful opportunity to give practical gifts which will increase the beauty of every home.

J. R. HERBENER DIES AT NORFOLK, VA. NOV. 24

Word has been received by Mrs. T. B. Henry of the death of J. H. Herbener at Norfolk, Va., Tuesday, November 24. Mr. Herbener will be remembered as having served the Northville Presbyterian church as its pastor for two or three years about 35 years ago. In later years he went into business and patented a device for preventing flags from travelling which was quite widely used. Mr. Herbener's late home was at 16 Main Street, Willoughby Beach, Norfolk, Va. The funeral was held on Thanksgiving day.

COURTESY OCCASIONALLY

Tell us this: Why do some folks who are full of fine ideals and professions once in a while get so discourteous and thoughtless over little things?

In other words, wouldn't it be fine if we should all keep the Golden Rule all the time, not in spots.

SORTING THEM OUT

These trying times—they are getting better, thank you—are doing one thing that we notice every day in business. They are "sorting out" the people into two groups, the one that is "taking its licking lying down" and those who have "heads up" and are smiling through it all. Just watch the folks for 24 hours and you will see what we mean. When this rough spell is over happy will be the man or woman who will be able to say: "I have kept the faith. Things were pretty tough, but I didn't quit."

BANK OFFICERS

Over in a Michigan town where their bank closed and they are now re-organizing a new one, one man said he wouldn't do a thing to help a new bank if certain men were connected with it.

When the depositor met to talk over the new bank, there was a big crowd and this man got up and said: "Is Mr. — going to have anything to do with this new bank and be one of the officers?"

The chairman, a level-headed chap, said practically this:

"No one knows who is going to be the president or even one of the directors of this bank. We first will have to have stockholders and then they will get together and elect the officers. No one can say who they will elect. It might be anyone."

The man who thought he "wouldn't play ball" unless he could dominate, sat down. There was nothing to say. And the cheering time was that 66 out of 69 stockholders went ahead and voted to get going on the new bank. That's cooperation.

ABOLISHING TOWNSHIPS

"I read your editorial about abolishing townships," said a good friend of The Record "but I ask you what are you going to do with the supervisors?" Then this man went on to tell of the great value to the community of Supervisor W. A. Ely. "Where will you find anyone who knows the whole community better than he does, and where will you get a man who knows the local problems better?" he continued. This tribute is deserved.

There is little argument that can be advanced against the fact that Michigan has too many units of government for this automobile age. Students of the problems, such as Prof. Thos. H. Reed, agree that the total number of townships and counties is far too large and that the amount of business that is now transacted could be handled with a great deal less expense. But as we pointed out last week, the minute you start to cut down 1,000 officers to half that number, that minute you find opposition. As shown in the case of the man who knows what Mr. Ely has done for Northville township, it will be hard to do away with townships. The same goes for court houses. What county seat will give up its court house without a fight? None.

Reforms come slowly, no matter how worthy. We won't abolish townships for a while and we won't consolidate counties—there will be too much opposition and too many playing politics. But some day we shall combine some of these units and do away with a lot of expense. In the meantime, get ready for next year's primaries.

HOMES ARE COMING BACK

It seems to us that right now is a wonderful time to buy a home—right here in or around Northville. Everything we hear, see and read, points to the fact that this is the buyer's market, right now. All signs also indicate that in the very near future, homes for home owners are going to be in demand.

Home owning makes a better man of anyone and makes a more satisfied wife and more contented children. When you can plank down your foot on the soil and say: "This is mine," there comes a new thrill into your soul. The home owner who can plant his own shrubs and flowers, who can mull around in his own garden very rarely goes out to rob a bank but on the other hand becomes one of the stable builders of the community.

Real estate is still the foundation of our country. Listen to what Vice President Chas. Curtis said the other day in a speech at Chicago:

"I have great faith in real estate, both in the city and country, and earnestly believe the larger number of home owners we can have, the better it is for our country."

"I have seen great slumps in real estate values of all kinds, but it has always come back and when confidence is fully restored, as it is sure to be, I look for the greatest come-back in the history of real estate."

Join the home owners brigade before prices start up—as they certainly will.

"THE WORLD DO MOVE"

So much has happened in the way of invention in the past 25 years that one does not dare say that anything might not happen.

The other day at Ann Arbor we heard experts from the General Electric Co., tell of television and of other advances in electricity and its ramifications. The entire subject was so deep that only a few of the attending editors "got" what it was all about. It is entirely too many years since we taught physics that we confess we don't know much about "electrons" and their doings. One thing we did understand and that was the possibility of the future in the way of lighting by electricity. There is being developed a kind of tube which will of itself, when it gets dark, turn on the lights and, vice versa, turn them off when it gets light enough. Think of that! Science is going so fast that we won't have left the fun of turning on the switch when we want light. What next?

Another marvelous invention is just being put into general use by the Bell Telephone Co. This is the sending of what are really typewritten telegraphic communications over telephone wires. A machine that resembles a typewriter sends the message from one point and another machine that actually typewrites the message receives it, a few or many miles away. This is really a miracle, yet this "printer-telegraph" has been in use in newspaper offices for a number of years. In fact, the writer, while editor of a daily paper at Albion, Mich., handled this kind of United Press news for several years. We would step into a little room and see a machine rapidly typing out news from all over the world, without a human hand touching it—tear off lengths of this news, put "heads" on it and send it out to another miracle, the linotype, to be set for printing in the newspaper. Yet, all of that news was being sent over the telephone wires from Detroit, nearly 100 miles away. We never got over marveling at the miracle of it all, even though we have literally handled thousands of feet of that newspaper copy that came out of the air and was typewritten, ghost like, a hundred miles from where it was sent out.

The newspaper machines just mentioned have been in use since 1915. Now the Bell people are extending this "tele-typewriter" service so that there will be central switching exchanges for sending these messages to other cities which in turn will have their exchanges. For example, the Detroit office of a big corporation can connect with a machine in Boston or Los Angeles and write out as many pages of copy as it wishes. A "big business" all takes up with this new machinery, one can see that the telegraph companies may lose a lot of business. Whether they will go the way of the mechanicals no one dares predict.

We have just finished typewriting this. If we are long enough, the time can come when we shall talk of typing into a machine and see them jump right into type without bothering about the linotype. That now "sets" our typewritten copy.

The world do move.

THIS WEEK'S QUESTION

Who is the most fair-minded person in Northville?

WHAT OTHER EDITORS ARE THINKING ABOUT

FARMERS SITTING PRETTY

(Fred D. Keister in Ionia Co. News)

A new enterprise is being carried out to the farmers, according to the Charlotte Republican Tribune, which says that grinding outfits are making regular farm calls these days, doing the necessary feed grinding while the farmer waits. These outfits are built on and powered by motor car equipment and are sold to customers on a percentage basis. With electricity, telephone, rural mail, grocery and meat wagons, and now feed grinding,

about all that is left to make life on the farm while is a traveling bakery so the farm wife can have a couple of loaves and a few pies baked while she is taking her setting up exercise off the radio. Yet who is more deserving than our farm folks? They have been having pretty tough sledding for a long while and it's about time they began to get a few of the breaks.

A CATHOLIC PRESIDENT

(Charlotte Republican Tribune)

Judge Higbee points out that a Catholic president would lean backward in refuting the carelessly made claim that as such the Catholic officer would favor people of his own faith. Higbee says this is a natural law and that no Catholic, big enough to be president, would think of religious advantage in the administration of his office. The same reasoning applies with equal emphasis to any man who overplayed his religious preference. Judge Higbee said that on one occasion "Al" Smith challenged the voting power of an American cardinal, with reference to some proposed question of church policy, showing that the popular New Yorker is an underdog champion in religion as well as politics. Judge Higbee says that Smith is much more able than he is classified in the popular mind.

NEWSPAPER ADVERTISING

(Munising News)

"Newspaper advertising has again proved that it is the most powerful and effective medium," says Charles B. Dulcan, vice-president and general merchandise manager of the Hecht Company of Washington. "The results are direct and instantaneous."

"For the past week," he declares, "thousands of stores have conducted drives for increased business, because they seemed in some mysterious way to have reached the conclusion that prices were at low ebb, whereas savings accounts indicated that there was money to spend for goods that had dropped way below normal."

"Our own concern took this view, increased its advertising, and, as a result, we have sold more goods every single day this past week than

in our best previous year. Specifically, we have increased our business 30 per cent in dollars and cents; we have sold 44 per cent more items and have given employment to 10 per cent more people; we placed more orders and shipments arriving at the store were increased 20 per cent. We have stopped going down."

EVERYDAY MORALS

(St. Johns Republican News)

Malcolm W. Bingay of the Detroit Free Press was visiting with a group of newspapermen late one evening last week where their business and its various phases was the topic. Mr. Bingay said the future and stability of newspapers were contained in their moral code. Thus also applied to people generally. Culture and wealth for which the people have been clamoring are empty accomplishments without a sound moral code. In fact there is no culture without morality. Paul Hutchinson, managing editor of the Christian Century, contributed a statement which may be encouraging to the

readers of this newspaper as it was gratifying to the writer; he said the small city newspapers were the only ones which were accurately reflecting the life of their communities. Mr. Hutchinson insisted that most of the larger daily newspapers were not representative of a majority of the people who lived within the limits of their circulation. His particular criticism was the absolute failure to interpret foreign news and make it understandable.

A FRIENDLY STUNT

(Frank Bryce in Grand Lodge Independent)

Len Marshall who is president of the board of commerce cut out all the advertisements as they appeared in last week's Independent and displayed them on two bulletin boards in front of his place of business. These, of course, included competitive as well as all the other Dollar Day advertisements. It showed a good spirit and everything which is of a good cooperative nature is commendatory.

The Woman's Club very cordially
welcomed its new members at a very
pleasant social afternoon at the li-

made their visit impossible. Rising
to the occasion, the members of the

planned a series of contests, super-
vised by Mrs. Edward Mullis which
brought about an informal meeting
of the company. Sides were chosen
by Mrs. Dayton Bunn and Mrs. Hal-

STOLEN PROPERTY

It is unfortunately true that there are some students in our midst who cannot distinguish between their own property and that belonging to others. The school is bending every effort to locate and punish such offenders.

On the other hand, much of the stolen property is carelessly mislaid. Every day books, pencils, pens, fasteners, gloves, etc., are found and turned in at the office. Many times students report them as stolen.

Every day or so articles of clothing are found on the playground or around the buildings, left there by careless individuals. When found they are stored in the high school furnace room and then advertised in the various rooms.

At present the following articles are unclaimed:

1 hat, 1 leather helmet, 6 caps, 3 raincoats, 6 suit coats and overcoats, 3 jackets, 3 sweaters, 1 shirt, 1 pair trousers, 1 pair leather shoes, 1 pair basketball shoes, 1 girl's scarf, 1 girl's belt, 1 umbrella, 1 haversack or carrying case.

If not claimed within a couple of weeks these articles will be distributed among Northville's needy.

IRVING W. BARNHART

WRITES FROM FLORIDA

While Northville people are shivering with December cold it may be of interest to hear what one of our citizens writes of the sunny southland. We pass on the letter of Irving W. Barnhart to our readers.

De Land, Florida

Nov. 28, 1931

Editor of the Record, Northville, Michigan. Dear Mr. Baldwin:

We were fortunate in renting our home in Grand Rapids furnished, which made it possible for us to leave the then "summer lake" Michigan weather and come to this ever sunny southland, now only a little more summer like, 65 to 75 degrees but up to 80 degrees some days.

The "Florida" brought us quickly and safely through the valleys and over the mountains without hesitation or halt and not a penny of expense other than for gas and oil, a total outlay for these of less than \$21.00 for transporting three people about 1400 miles. Of course there was wear on tires and wear in general, with depreciation in value, always to be added, we find the situation here about the same as in Northville.

De Land's two banks were closed two and one-half years ago, but long thereafter the Barnett National Bank of Jacksonville bought the First National bank building and as soon as possible established a branch bank here. Would that something similar might come to Northville.

The First National has paid 20 per cent in dividends, but the other has just recently declared a five per cent dividend, a very slow adjustment or recovery, thus making it hard for all concerned.

We were invited to a community Thanksgiving picnic with turkey and all the trimmings, said bird being paid for pro rata and consumed by the 28 members present, with the many other good things that go with an old fashioned Thanksgiving dinner, baked sweet potatoes, corn meal pudding full of raisins like our

and sophomore years and boys' athletic managers in first junior and senior years. He was also alderman of the sophomore class, vice-president of the sophomore class and president of the junior class.

Herbert intends to retire after all his hard work is completed and attend Michigan State college.

I enclose a few pages of De Land's brochure and will send a booklet soon.

Here's hoping that Michigan and the East may continue to half that western blizzard with confidence and best wishes to all, I am

Sincerely,

Irving W. Barnhart

Mr. and Mrs. A. Travis had a pleasant surprise Thursday when their daughter, Mrs. D. Nelson, and granddaughter from Detroit walked in to spend the day.

The Base Line Club met on Thursday at the home of Mrs. C. White. Mrs. C. Barber and Mrs. A. Travis. The next meeting will be at the home of Mrs. R. Jones on Friday, November 27.

Mrs. C. Wolfe enjoyed Thanksgiving day with her daughter, Mrs. Isaac Bond and family, also Mr. and Mrs. Charles Wilson and three sons. After a hearty dinner Charles Wilson drove the ladies and children to the zoo through Rochester, Royal Oak and other towns.

Mr. and Mrs. Edwin Stoneburner, Miss Marie Berchem of Northville, Miss Virginia Berchem of Detroit

mothers and grandmothers used to make; but some of the dishes were of more modern concoction, and orange juice instead of cider. The picnic was held at the beautiful historic Ponce de Leon springs just north of De Land and said to be the "Fountain of Youth," pouring forth over a million gallons of water every hour at a uniform temperature of 72 degrees the year round.

I enclose a few pages of De Land's brochure and will send a booklet soon.

Here's hoping that Michigan and the East may continue to half that western blizzard with confidence and best wishes to all, I am

Sincerely,

Irving W. Barnhart

"FANNY FOLEY HERSELF"

Whew!

Women who believe that moderns of their sex have a corner on flamboyant costumes, shouldn't miss seeing Edna May Oliver in RKO Radio Pictures' comedy-drama, "Fanny Foley Herself."

After delving deeply into the style books of decades ago, studio designers bedecked Miss Oliver in the following:

Henna striped shirt, very, very wide.

High-waisted tan coat with leg-o-mutton sleeves.

Tiny green hat with brown flow-ers which sets atop her head like Hogan's tan can.

The skirt has a ruffle around the bottom.

Black high-topped shoes with red laces.

Around her neck she wears a tan, brown and henna boa.

Oh, yes, and a two bushel bustle, not around her neck.

Believe it or not, costumes once were like that. As the production is Technicolor, the sheer brilliancy of the creation is shown in all its glory.

"Fanny Foley Herself" will be shown Sunday, December 6 at the Penniman Allen theatre.

"THE GREAT LOVER"

Technique in making love is taught in good measure by "The Great Lover," Metro-Goldwyn-May-er's new picture which will be shown Wednesday, December 9 at the Penniman Allen theatre.

The story, adapted from one of the most successful stage comedies ever written, presents the suave Adolphe Menjou as a famous French operatic baritone whom women cannot resist. Among the love affairs which engage his attention are those with Irene Dunne of "Camarion" and the volcanic Russian, Bacalanova.

Allan Garcia's job during the making of "The Cisco Kid" pictures

Box romance, to be shown at the Penniman Allen theatre Saturday, December 12.

In the picture, which deals with the further adventures of Warner Baxter and Edmund Lowe in the characterizations they made famous in "In Old Arizona," several of the players, including Conchita Montenegro, Charlie Stevens and Chris Martin, all had to have a certain Latin flavor to their speech.

Miss Montenegro, who has only been in this country a little over a year, already had a nearly perfect accent for the requirements of the film, but Stevens and Martin, though both of Mexican and Indian descent, normally speak much too good English to be convincing in their roles of border bandits. As a consequence, Garcia spent considerable time in coaching his various pupils to be realistic, yet not so much as to be hard to understand.

"The Cisco Kid," which Irving Cummings directed, is woven around O Henry's famous bad-man character, yet that was

The value of the bible in the life of the world and the work of the American Bible society will have a

place in the service of next Sunday stress on this sentiment—that having each other was, after all, the greatest cause for gratitude. Is it any wonder that throughout all the intervening years in the midst of hilarity and feasting on Thanksgiving day, we slip back in memory to the long line of similar occasions in our childhood?

That "lean" Thanksgiving when a piece of pork was the "turkey" laughably we children called for a "wing" or a "drumstick." The rest of the dinner is a blur but of all the feasts we can recall, merriment never ran higher. "We are all here."

In striking contrast we recall the time when we went in state with a high neighbor, S. S. Harrington, (his memory is still green) to a hotel and watched with wide-eyed wonder each course in succession appear. How disgusted we children were as the feast progressed that we had wasted space on the first course, soup.

Our first Thanksgiving "back home" from college. (How good home looked!) This was not only Thanksgiving but the wedding day of our big sister, our ideal and fore-runner in the path of life.

There came a day—a bleak Thanksgiving when there was the "all over now—that day long awaited"—out grandfather and grandmother still smile over the rollicking fun as they sip soup made from the rebus of turkey bones. Blest be the day which brings families together!

Foremost in all our memories of Thanksgiving lives that moment when gathered all together around that big table, we heard our father give thanks for all our bounties (an extra long blessing on that day, and then with carving knife and fork in hand, he turned across the golden brown turkey and bunch of celery stuck up like a bouquet in a familiar glass dish and repeated these lines:

"We are all here, father, mother, sister, brother, All who hold each other dear. It is not often thus around Our old familiar hearth we're found."

Please be the meeting and the spot—For once, be every care forgot—We are all here."

How glad we are that he laid that vacant chair at our table. Our father did not repeat "We are all here, but the ties of family love were and the tighter for this bleak in the thread."

With the passing of years came the first Thanksgiving in the new little home when we tried to make two seem a family gathering but spoiled it by changing to sing, "Do they think of me at home?" as we rolled out the crust.

Fortunate the girl who marries into a family with like ideals where a new father and mother welcome her to the ever enlarging circle. High chairs and Webster's dictionaries were used to make places for each new little addition as the table lengthened. One of our dearest memories of Thanksgiving is "in the bosom of a new family" watching father's eyes look down the long line of young folks to meet mother's merry wrinkle at the "smart" remarks of their offspring.

Summed up, it's the get-togetherness that gives Thanksgiving its charm and we wonder with a start if we are handing down to the next generation the genuine appreciation of family ties.

VANDENBERG'S BANK PLAN

(Charlotte Republican-Tribune)

Senator A. H. Vandenberg says it is his plan to liberate the Federal Reserve act got through it should become a law in two weeks. If the proposal fails the Grand Rapids senator declares that localized banking as it has grown up in this country, will slowly but surely give way to the chain banking system, as is now followed in Canada. Michigan, in our opinion, has a commanding place of senators in Vandenberg and Couzens. As opposite as the poles in many ways they combine a type of leadership that is giving Michigan a new national upper-house importance.

Sidney D. Moase and two sons, Edna, and Allen and Edward Daddams joined with a family gathering with Detroit relatives Thanksgiving.

St. Paul's Lutheran

GOD'S WORD IS REGENT!

The Lord's Word, His gospel-promises, can never be crooked or dubious, it is the Word of Jehovah, the Holy One. He is not a man that He should lie, neither the son of man that He should repent. Through Christ, His Son, He is our Father into whom we have access. Being justified by faith, we have peace with Him through our Lord Jesus Christ and rejoice in the hope of the glory of God. Of His fullness we have already received upon grace. And the future looks bright. "My sheep hear my voice, and I know them, and they follow me, and I give unto them eternal life, and they shall never perish, neither shall any man pluck them out of my hand." Dare we doubt? Our faithful God will not suffer us to be tempted beyond our ability. By His power, we are kept through faith unto salvation. To us who are God, all things work together for good. He has said, "I will never leave thee nor forsake thee." Jesus Christ taught us to pray, "Give us this day our daily bread. If we first seek the kingdom of God, and His righteousness, all other things shall be added unto us. In nothing shall we be anxious, but in everything let our requests be made known unto God by prayer and supplication. Cast all your care upon Him, because He cares for you. Thus the Lord promises in His Word. And His Word is right, honest, sincere, reliable. He renews every promise. All His work is done in truth, in faithfulness. His aim is your celestial bliss. Hallelujah! Rejoice in the Lord, O ye righteous!

STOP-NIGHT COUGHING

Night coughing is almost always caused by an irritated, inflamed throat; so is almost all coughing. Ordinary cough syrups do not reach these conditions, but Thoxine, a prescription exclusively for throat troubles, does. It relieves the irritation and the cough stops within 15 minutes. And Thoxine goes further too. It eliminates the internal cause which many times develops into serious illness.

A swallow of Thoxine before retiring absolutely prevents night coughing and insures a good night's sleep. It gives the same speedy relief for sore throat too. It contains no chloroform or other harmful drugs and children like it. Relief is guaranteed within 15 minutes or money back 35c, 60c and \$1.00 bottles. Sold by Northville Drug Co. and all other good drug stores.

Only TRUTHFUL TIRE ADVERTISING WINS!

WHEN we advertised the fact that Firestone was furnishing us complete lines of Firestone Gum-Dipped Tires that not only met the price but beat the quality and construction of every grade of special brand tires sold by mail order houses and others, the mail order houses made vigorous protests to Better Business Bureaus and made demands upon newspapers not to accept Firestone or our advertising.

We cannot blame them for they did not want car owners to know that they could get, at no more cost, a better tire made by a leading manufacturer, bearing his name and guarantee plus our guarantee and our service.

When car owners awakened to this fact, they came to us, compared the sections we had cut from Firestone Tires and special brand mail order tires, and were astounded at the Extra Values we were giving.
